# WILDCATS JOURNEY TO KERMIT FRIDAY FOR BI-DISTRICT GAME

The Littlefield Wildcats will leave Littlefield early Friday morning on a long and tiresome trip that will take them to Kermit for the Bi-District Championship football game between them and the Yellowjackets of Coach Neil Dillman.

Game time is set for 2:00 p. m. and a very small crowd from Littlefield is expected to attend due to the day the game falls on and the long distance between the town. This will be the farthest the Wild-

cats have traveled this year and also the farthest they have ever had to travel for a Bi-District game. Littlefield won the right to represent District 7-AA last week when they upset the undefeated Brownfield Cubs to throw the district into a three way tie along with Levelland. They drew lots at Levelland Saturday and the Wildcats won the draw.

Kermit upset favored Seminole last week to throw their district into a two-way tie and since Kermit won over Seminole, earned the right to represent District 8-AA, said to be one of the roughest in the state.

Kermit went to the State finals last year and won 14 straight games before dropping the championship to Wharton by a close score of 12 to 9 on Christmas day at Sweetwater. They lost several of their backs including Rick Spinks and Wayne Culvahouse but have practically the same line which is touted to be the best in the state. Don Handlin, 150 lb halfback and Bill Carr, 185 lb. fullback are the ones most depended upon by the Yellowjackets for their scoring punch. The heavy line they possess gives ample protection for Quarterback B. Almond, 175 lbs., when they need to pass. But the main things the team from Winkler county depends upon is their line, in which they intend to hold the other teams backs in and never let them get loose for scoring runs.

## Farr Enrolls At Texas Under State Scholarship

Littlefield's 1951 validictorian, Jackie Marcene Farr, has enrolled at Texas Tech for the fall semester under a state scholarship.

## To Address Meeting Of Rotarians

Jackie, an arts and science student, was one of 50 validictorians to enter Tech with a \$50 State of Texas scholarship, awarded for being the highest ranking graduate in her class.

MISS JACKIE FARR

# Kick-off Breakfast Monday Opens C. of C. Membership Drive

## Girl Scout Cookie Sales To Start Next Monday

Annual Girl Scout cookie sales will start next Monday morning, November 26th, with all Scouts and Brownies participating.

The delicious chocolate type cookies sell for 50 cents per box. Any donations over the price of the box of cookies will be gladly accepted and appreciated, leaders said, Tuesday.

Money derived from the sales will be used for troop activities.

## Receiver Will Take Over Elevator At Sudan This Week

A receiver is being appointed this week to take over holdings of O. L. Shannon, prominent Sudan grain elevator operator, who last Friday in Federal Court at Amarillo failed to contest the government's application for a receivership and an injunction restraining him from disposing of any of his elevator holdings.

Federal Judge Joe Dooley granted the application after Shannon, in an answer to the complaint filed by his attorney James W. Witherpoon of Hereford, admitted the truth of all material allegations set forth by the United States of America, with the exception of denying the value of the grain involved.

The defendant also declared he considers himself entitled to certain credits.

Judge Dooley in announcing his action, said he expects to name a receiver early next week.

"The matter already has had active attention, but due to circumstances it called for a few days detour."

(Continued on Back Page)

## Ninth Annual Band Clinic To Be Held In Lubbock

Littlefield Wildcat 80 piece band will go to Lubbock Thursday and Friday, December 7-8, when 1,500 high school bandmen, each with a horn, meet for the ninth Texas Tech band clinic.

Several local band students will audition for the all state band, during the clinic. Don Hays, local band director will accompany the group.

Musicians from 40 to 50 bands in Regions I, II, and VIII, Texas Interscholastic League, are expected to participate in the two-day band clinic. The 1952 TIL contest music will be studied.

## Christmas Lighting And Decorations To Be In Full Swing By November 30

Christmas street decorations will equal at least, and probably exceed those displayed here last year, has been announced from headquarters of the Christmas Decorations committee of the Chamber of Commerce and the decorations put in place and lights strung next week.

Nov. 30th has been officially designated as "lights on" date. All business houses are reported as co-

operating in splendid fashion and store window decorations will probably be even more extensive than in 1950.

Appropriate Christmas music will be broadcast over downtown loud speakers intermittently through the holidays.

The big day of the pre-Christmas season is set for Dec. 12th, when Santa Claus and his reindeer, make their appearance on the streets of Littlefield at 3 p.m.

## Dog Owners Warned Pets Being Poisoned

Dog owners are warned of a "low down" and "poisoning" dogs in the South Phelps Avenue.

Travis Jones of 1223 South Phelps Avenue also reports that his dog, a lovely Pointer, about one and a half years old, was found by him Monday about 5 p.m. in the back yard, ill, and died in a few minutes. He administered melted Crisco, but the dog was too far gone to do him any good. This beautiful

Pointer was the pet of their little son, who is about a year old.

Neither one of these dogs would harm a person, and just why someone should poison them is beyond the thinking of any sane person.

However, it behooves everyone with a pet dog to watch over them, and it is to be hoped someone somehow finds out who the culprit is . . . and if and when they do there may be a hot time in the old town.

"real" blizzard.

March will wind up the rather miserable winter by being "unsettled" over the first ten days and then move on into a cloudy, dull period. It will be rainy and snowy (probably slushy) about income tax time before cold air moves in to clear things up in time for a mild end of the month.

Mrs. Joe Turner of Lubbock spent last Friday visiting in the home of her cousin, Mrs. Jack Wingo and family.

## Farmer's Almanac Predicts Rough Winter

Winter is predicted otherwise in the 160th Old Farmer's Almanac.

This prediction bodes ill for those who have to shovel snow. Mr. Weatherwise is the leader in the long-range forecast field. He even tops the United States weather bureau by three points on the average.

Mr. Weatherwise will have support from his fellow weather expert, the groundhog. Both predict winter will be only half over February when the woodchuck will see his shadow and go back to sleep for another six weeks.

February will be stormy until the 10th, according to the almanac's forecast, and then will have a week of "real cold" which will end with a

### THE WAY OUT OF THE DARK

Pictures To Be Made Of Lamb Cotton Harvest

Dave Eaton, Lamb County Agent, will act as guide for a group of three professional agriculture workers, who will visit Lamb County Friday afternoon to make pictures of the cotton harvest.

The group will include Fred Elliott, cotton specialist of the Texas A&M college Extension service; J. W. Potts, assistant extension service editor; and J. E. Hite, with the Bureau of Plant Industry at Jackson, Miss.

Other counties visited by the group are Lubbock, Floyd and Hale.

Lt. Clyde Edmonds will arrive Thursday from Fort Knox, Kentucky for a visit with his parents, Mr. and Mrs. H. C. Edmonds. Mr. Edmonds, accompanied by Miss Genevieve Cook, will meet Lt. Edmonds in Borger. He will be here for 15 days.

LYMAN'S  
RECIPE OF THE WEEK  
By Mary Lee Taylor  
**Fruit Coffee Cake**  
2 cups milk  
1/2 cup boiling water  
1/2 cup seedless raisins  
1/2 cup sugar  
3 tablespoons finely  
cut nuts  
3 tablespoons sugar  
1/2 teaspoon cinnamon  
milk and water in bowl. Cool to  
warm. Stir in yeast and 2 teasp.  
When yeast is dissolved, stir in  
mix gradually. Turn out on  
board. Knead 40 times. Roll  
10 in. square. Spread with butter,  
raisins, nuts, 3 tablesp. sugar and  
cinnamon. Sprinkle dough with mix-  
ture. Roll up like jelly roll. Put into  
greased, shallow baking pan about  
12 in. long. Cut gashes 1 in. deep  
on both sides and about 1-in. apart.  
Cover with cloth wrung out of hot  
water. Let rise until doubled in size.  
Bake in moderate oven (375) 25 min.  
until brown. While warm, spread  
with mixture of 1/2 cup powdered  
sugar, 4 teasp. Pet Milk and 1/4 teasp.  
cinnamon. Makes 10-in. cake.  
You Will Need:  
Pet Milk, Biscuit Mix,  
Butter, Raisins,  
Cinnamon.

## Rehearsals For Candle-Light Christmas Service Gets Underway Saturday Next

Rehearsals for a beautiful candle-light Christmas service get underway this Saturday afternoon, November 24, beginning at 3:30 p.m. in the annex of Emmanuel Lutheran church, 417 W. 3rd. The Christmas program, usually presented only by the members of the Sunday School department, this year will

draw upon other members of the congregation. Sunday School members are urged to be present this Saturday afternoon, not only for the rehearsal but also for the Saturday School Bible Lesson Hour which begins at 2 p.m. every Saturday.

## Mr. and Mrs. Joe Collins Purchase Oklahoma Flat Grocery From Ray Lewis

The deal was consummated this past week whereby Mr. and Mrs. Joe Collins purchased the Oklahoma Flat Grocery from Ray Lewis Service Station taking possession last Thursday.

This store is located eight miles south and four miles west of Littlefield.

They are carrying a full line of staple groceries, meats, fresh and cured, vegetables, fruits, bread and pastry, icecream, cold drinks, Christmas candies and fruit cake ingredients.

In their service station they handle Gulf products and oils of all kinds.

Mr. and Mrs. Joe Collins are being assisted in the operation of the store by their daughter, Nellee Jo Collins and son J. D. Collins.

## Library Realizes \$175 Tag Day

Tag Day was successful in raising \$175 in cash for the City Library, last Saturday, and the committee reported that this week, donations were still coming in.

The committee also announced that the Tag Day, also resulted in many persons donating new books to be placed on the library shelves.

The library book committee this week placed an order for 38 new children's books which will be placed in circulation at the library. The Tag Day was sponsored by the Woman's Club.

Mrs. R. W. Badger and Mrs. W. G. Street worked downtown Saturday morning, and a group of other committee members worked during the afternoon hours.

## Peerless Pump Co. Open Branch Office In Littlefield

Peerless Pump Company, who have hundreds of irrigation installations in Lamb and surrounding counties, announced this week that the Division offices at Lubbock, have authorized and opened a branch office in Littlefield this week, located on Highway 51, five blocks north of Phelps avenue.

Simultaneously came the announcement that they now sell and completely install underground irrigation plants, and a preliminary advertising campaign, starts in this issue of the Lamb County Leader. C. F. Wise, an experienced pump and irrigation man is in charge of service here, and can be contacted at their newly established offices.

## ABOUT PEOPLE YOU KNOW---

M. Sgt. Gerald C. Cutshall and wife returned home last Wednesday night, from a two weeks vacation, spent visiting relatives in San Antonio and El Paso.

Mr. and Mrs. J. D. Dodgen returned home Sunday night, after spending from last Thursday with his sister and brother-in-law, Mr. and Mrs. J. J. Stewart on the Stewart ranch near Johnson City. Several other brothers and sisters of Mr. Dodgen were also present at the same time, and the group enjoyed a family reunion. The men in the group spent considerable time hunting.

Mr. and Mrs. A. W. Ray left Tuesday of last week on a week's deer and duck hunting, near Possum Kingdom Dam. They own a cabin at Possum Kingdom Lake, where they will make headquarters

Miss Mary Rue Fox, who is majoring in music at Hardin-Simmons University, was expected to arrive Wednesday night to spend until Sunday with her parents, Mr. and Mrs. O. C. Fox. She was also expected to be accompanied here by Miss Doretta Wilson, also a student of Hardin-Simmons, who will be a guest in the Fox home, and also visit other friends here.

Miss Catherine Wright of Dallas is expected home for Thanksgiving Holiday.

Mr. and Mrs. Viggo Peterson had as their weekend guests, Mr. and Mrs. G. S. Anderson of Omaha, Nebraska. They were enroute to Los Angeles, California where they are planning to spend the winter. Mr. Anderson and Mr. Peterson were boyhood friends. On Monday, Mr. and Mrs. Bruce Loostrum arrived from Denver, Colorado for a few days visit, in the Peterson's home. They were married at their home in Gothenburg, Nebraska last Wednesday, and were honeymooning in Denver, before coming here. Mrs. Peterson's mother, Mrs. L. A. Birkley who spent several days here, returned to her home at Longmont, Colorado last Friday. Mrs. Peterson accompanied her as far as Amarillo.

Guests in the home of Mr. and Mrs. Dick Carl, include his mother, Mrs. J. M. Carl of Gentry, Arkansas, and his niece, Mrs. Leo Moore and infant daughter of Hamlin. Mr. Carl's mother, arrived last Wednesday. She accompanied Mr. Carl and Mrs. Ben Corley, her sister and brother-in-law, who were enroute to their home in California. They left the first of the week. The other guests will return to their homes after the Thanksgiving Holidays.

Buy GIRL SCOUT cookies

## Four Students From Abilene To Be Home For Thanksgiving

ABILENE—Four McMurry College students from Littlefield will arrive home for the Thanksgiving holidays, Nov. 21.

They will return to McMurry, Nov. 25, as classes will be resumed Monday, Nov. 26 at 8 a.m. In store for the students upon their return will be a month of pre-Christmas activities, including all-school parties, individual club banquets and dormitory socials. Christmas holidays are scheduled Dec. 20, Jan. 2.

The Littlefield students are: Sabbin Hendrickson, son of Mr. and Mrs. B. G. Hendrickson, Billy Wayne Sisson, son of Mr. and Mrs. H. C. Sisson, Mrs. Sisson, daughter of Mr. and Mrs. Hugo Kinkler and Steven Brock, son of Mr. and Mrs. E. L. Brock.

## Olton Schools Observe Holidays

Thanksgiving Holidays will be observed by the Olton Public Schools on November 22 and 23. The schools were scheduled to dismiss at the regular time on Wednesday afternoon and will not reassemble until Monday morning, Nov. 26, at 8:50 a.m.

Many of the students and teachers are planning trips for the holidays. Supt. J. T. Jones is a delegate from District IV of Texas State Teacher's association and will be in attendance at the State Teachers Convention in Houston on Thursday, Friday and Saturday of this week.

Christmas holidays will begin on December 21 and continue until January 2, 1952. All Christmas programs will be given after noon on December 21.

J. T. Jones announced, "because of a regulation of our Gilmer Alken law, we must operate school 175 days each year. For this reason, we are forced to operate on school days whether rain or shine." The Superintendent continued, "if roads are extra muddy buses can run only on the pavement but all buses are supposed to run."

### NEW CARETAKER

Brown Tubb has been hired to replace W. S. Mitchell, resigned, as janitor for the Olton Independent School. Mr. Tubb has lived at Olton a number of years and is well-known in this area.

Mr. Mitchell resigned the position due to bad health.

**Celery Stuffing**  
The Food Editors  
of *Culinary Magazine*

1/2 cup butter  
1/2 cup milk  
1/2 cup celery  
1/2 cup onion  
1/2 cup bread crumbs  
1/2 cup salt  
1/2 cup pepper  
1/2 cup sage  
1/2 cup nutmeg  
1/2 cup pepper

Mash garlic with salt in a bowl (a good mashing job), add with the bread crumbs in a skillet and cook the mixture about 5 minutes. Stir frequently. Remove from heat, add sliced olives and chopped celery, and mix all the vegetables with the bread crumbs. Add herbs, salt and pepper and mix thoroughly. This makes enough for a 15-pound bird.

"THAT LITTLE GAME" — Too Polite to Live

### David Storey Memorial Scholarship Fund Is Awarded Abilene Youth

In memory of their son David C. Storey, who lost his life in Germany February 26, 1945, while serving in the Armed Forces during World War II, Postmaster and Mrs. W. D. T. Storey, set up a David C. Storey Memorial Scholarship fund at Texas Technological College, the following year after his death.

The one hundred dollar scholarship is given each year to some deserving student, who is outstanding in tennis, and who belongs to the Texas Tech tennis squad.

David Storey lettered on the tennis squad and was awarded many trophies in matches over the state, during his career at Tech. He received by Mr. and Mrs. Storey the graduated from Littlefield High School in 1939.

The following letter was received by Mr. and Mrs. Storey the past week.

Mr. and Mrs. W. D. T. Storey Littlefield, Texas:

Dear Mr. and Mrs. Storey:

The David C. Storey memorial Scholarship for 1951-52 is being awarded to William Satterwhite, of

Abilene, Texas. He transferred to Texas Tech from Schreiner Institute where he played tennis two years in the number 1 position. He lettered on the Texas Tech tennis squad last year, where he played part of the time as number three on the team, and part as number four.

He is a member of Saddle Tramp men's pep squad, which David was active in. He also is a member of Sigma Iota Epsilon, honorary Management Fraternity, in which he is now serving as public relations officer. He has just been elected to pledgedship in Delta Sigma Pi, professional business administration fraternity. At his junior college he was a member of Phi Theta Kappa, honorary scholarship fraternity of the upper 100 of the students scholastically.

Mr. Satterwhite is a young man of considerable dignity and bearing. He is a young man of good character and worth. I think he in a very satisfactory way continues to represent those values which endeared David to all his many friends and admirers at Texas Tech.

If you should care to write William, you may address him at Men's Dormitory No. 3 Texas Technological College.

James G. Allen,  
Dean of Student Life

D. A. Dale, manager of Perry Bros., was admitted to the Payne-Shotwell Foundation Thursday, suffering from a back ailment. He was reported Tuesday as somewhat improved.

### Graduates From Naval Machinist's School Nov. 16

Scheduled to graduate from the Naval Machinist's Mate School, Service School Command, U. S. Naval Training Center, Great Lakes, Ill., Nov. 16, is Glenn D. Landrum, USN, son of Mr. and Mrs. H. R. Landrum of Star Route 1, Littlefield, Texas.

Landrum, who entered the Naval service April 27, 1951, received his recruit training at the Naval Training Center, San Diego, Calif.

Students at the school are taught to install, operate, and make repairs to ships' engines and all mechanical equipment. This includes maintenance and repairs to ships' engines and all mechanical equipment. This includes maintenance and repair of outside machinery such as the ship's steering engines, cranes, refrigeration and air conditioning equipment.

Graduates are generally assigned to shipboard duties upon completion of their training.

# Health Talks

Prepared by the State Medical Association of Texas

As with every type of illness, mental illness is not always a cut and dried affair with only one kind of "bug" responsible and affecting only one part of the body. Measles, a very common childhood illness, can sometimes cause the most serious complications, depending not only upon the virulence of the "bug" that causes the disease itself but also depending upon each person's physical condition at the time the disease develops. Even previous illnesses, long forgotten may in some way create a more serious complication with measles than would otherwise arise.

It is always necessary, therefore, not only to try to find the original "bug" which may cause the first symptoms of mental illness but also to trace back to any other weaknesses which may be involved in the whole picture of mental health.

Everyone has depressions, moments of sadness. When death, disappointment or failure are the causes of the blues, the sad feeling is quite natural. In time, the normal person adjusts himself to other events and other people and overcomes his feeling of depression.

In the neurotic person, the cause of that depression may not always be obvious. He may just feel blue all of a sudden, even when things seem to be going pretty well. Or he may be feeling terribly blue about something that is really a rather minor affair. But the neurotic person (for medical purposes) is aware that his depression is not in proportion to what he should feel, that he is exaggerating his sadness, his sense of disappointment, his failure. And in time he will adjust or compromise and pull himself out of the doldrums.

The psychotic person, however, when he is blue or depressed lets himself go completely in his melancholy and feels that everyone should respond to his situation with the same intense feeling he has. He detaches himself from all other phases of life and from associations with others who cannot respond to his sad situation with great despondency. His world is made up entirely of that one phase which he finds unsolvable and everyone who does not see it exactly as he does is out of step.

Every person with a mental illness cannot be clearly defined in one medical visit as a "neurotic" or as a "psychotic." And even in time, some person who is only slightly maladjusted or neurotic may later become psychotic. The whole point in treating those with mental disorders, then, is not putting a label on their disorder, but finding the cause and devising the best methods possible to adjust from the first point of deviation so that the individual may become normal again.

In most instances, the psychotic person has become so deeply enmeshed in his own world of fantasy that he must be removed from contacts with people and from life situations in order for treatment to be undertaken. This means institutional care in order to study the person and find the original cause of his disorder and then to re-train him, as you train a child, so that he can understand his difficulty and be guided in building himself toward maturity. It takes trained personnel who know the patient's needs to keep him on the "right track" in rebuilding his personality so that he can develop the

## TEXAS TECH GROUND GAINING BACK

Texas Tech's best yards-per carry back, Frank Graves of McKinney, winds up his career in the Red Raiders' games with University of New Mexico in Albuquerque Nov. 24 and Hardin-Simmons University in Lubbock Dec. 1. Graves has averaged 8.9 yards on his 13 carries, missing much of the season with a leg injury. He's ready now.

## Jones Motor & Tractor Company Are Appointed Distributors For U. S. Tires

The Jones Motor & Tractor Company have been appointed Distributors for U. S. Tires for the Littlefield area, and are carrying a complete stock of passenger, truck and tractor tires.

The Jones Motor & Tractor Company will sell wholesale to service stations and garages, and retail to the other trade.

## Springlake Carnival Proceeds \$1,627

Proceeds of the Springlake Halloween carnival sponsored by the Band Parents Club amounted to \$1,627, the majority of the funds coming from the queen race. Queen honors went to the senior candidate, Minnie Lee Bolinger of the 12th grade, and to Barbara Linn McCaskill of the eighth. Their kings are Richard Stockstill and Bobby Dean Green.

Candidates, escorts, amount of money, and the grade of the race contestants are as follows:

Lana Gay Axtell, Craig Spann, \$206.71, first grade; Norma Lin Hamilton, Shelby Bozeman, \$15.30, second; Linda Kay Elmore, Jerald Hodaway, \$35.45, third; Kay Jones, Robin Ott, \$16.30, fourth; Sharan Hay, Tracy Anglely, \$35.99, fifth; Sue Neal, Douglas Lander, \$39.67, sixth; Sherry Stine, Donald Williams, \$78.89, seventh; Queen Barbara and King Bobby, \$246.52, eighth; Nona Stevens, Charles Parish, \$18.24, ninth; Evelyn McNeil, Royce Bearden, \$5.00, tenth; Francis Killor, Ray Barnett, \$217.90, 11th; Queen Minnie Lee and King Richard, \$259.21, 12th; and Sue Bozeman, Rex Loftis, \$86.61, band group.

Total from the queens race was \$1,261.79.

A program was held following the coronation.

Proceeds will go for instruments and needs of the band, the club said. They extended their appreciation to all for the support of the carnival.

Little Michael and dan, children of Johnny Jordan were to Payne-Shotwell Saturday, for medical treatment. Mrs. H. C. Edmond at Payne-Shotwell hospitalized last Tuesday from bronchial pneumonia is improving.

Save \$104 to \$538 CASH

Right at the start, you'd have to spend up to \$1,500 more for other competitive full size two-door passenger cars in the low price field. And you wouldn't get the smartness or the performance of the Henry J. Initial savings up to \$538.

strength to take his place again in society.

Some people who are psychotic develop definite symptoms that make up a picture of illness which can be labeled specifically. All do not; many psychotic persons present a combination of many different symptoms which defy application of any one name of mental disorder. The most common types of psychoses are manic-depressive state, schizophrenia, and paranoia.

In manic-depressive psychosis the outstanding symptom is one of utter depression or extreme gaiety or a sudden variation from one mood to the other. Between these periods of despondency and exhilaration, the person is usually normal, and the usual manic-depressive person will experience these "flights" from normal about four times during a lifetime, each period normally lasting about six months.

Schizophrenia may be differentiated from manic-depressive psychosis as a building up of two worlds, whereas the latter seems to be more of a one-track flight. In schizophrenia, the affected person seems most often to build one world of which he is the center and to be aware of but uninterested in the other world of people and events. In everyday language, schizophrenia is called a "split personality" but the personality is not evenly divided. The world of "I" is the world of fantasy which becomes reality to the schizophrenic, while the outside world of people and events, the real world, becomes the fantasy, not much to be reckoned with.

Paranoia is the state of mental disorder in which the person is motivated to action by imaginary persecutions. The paranoid is usually normal except for his concept of imaginary foes who are closing in on him. He acts as a person would who is being pursued or persecuted; his actions are normal except that there is no real cause for the actions. He has made his fantasy into something real and reacts accordingly.

These are the general pictures of psychotic individuals. They all require medical attention, not only to save themselves and rebuild their characters but also as a safeguard to their fellow man. Their world of fantasy is as real to them as the real world is to normal individuals; their actions, which may become dangerous, are motivated by the fantasies which they make their real life.

### Two Year Child Victim Of Polio

Harley Winters, two year old son of Mr. and Mrs. Harley Winters of Earth, was taken to Plainview clinic and hospital recently with polio. Although his right leg is paralyzed, his general condition is said to be good. His father is a teacher at Springlake school.

Little Dortha Knight, granddaughter of Mr. and Mrs. J. E. Knight was admitted to Payne-Shotwell Foundation Sunday, for medical treatment.

## Both Daughters Of Mr. and Mrs. Joe Foltyn Santa Fe 4-H Winners

Miss Dorothy Foltyn youngest daughter of Mr. and Mrs. Joe Foltyn of near Sudan will leave here Thursday afternoon for Fort Worth, to join the twenty-seven Texas farm boys and girls who will represent the state at the nation's top 4-H Club event of the year, and leave Friday for the trip to Chicago and the National 4-H Congress.

The boys and girls from all parts of the state, all winners of state awards meriting a Congress trip, will go to Fort Worth to board the Santa Fe Texas Chief for the trip.

The Sears Foundation will honor members of the delegation with a luncheon at the Western Hills Hotel before they board the train at 2 p.m.

Miss Foltyn is one of the fourteen delegates who is a winner of the Santa Fe trip to the Congress and will receive her certificate of award at the luncheon.

Representing the Texas Extension Service will be Director G. G. Gibson, state director; Floyd

Lynch, state 4-H club leader, and Miss Mildred Harris, assistant state club leader. Also making the trip will be County Agent B. T. Haws of Gainesville and County Home Demonstration Agent Dudley Hambright of Fort Worth.

Two years ago Dorothy's sister, Katherine Foltyn, was awarded the Santa Fe trip to the National 4-H Congress. Not only is Mrs. Nle M. Collins, Lamb County Home Demonstration Agent, bursting with pride, but the Foltyn girls parents, are too.

Dorothy is a junior student in Littlefield High school. She was awarded the trip on her outstanding record in 4-H club work, in recreational leadership, sewing, cooking, and interior decorating.

Katherine Foltyn graduated from the local High school, with the class of '49. She is a sophomore at St. Mary's at Notre Dame. The sisters plan to spend considerable time together in Chicago while Dorothy is there next week for the 4-H Congress.

Master Sergeant Yekta Ucku (left) and Master Sergeant Mustafa Cetiner, both of Istanbul, Turkey, wondered about big turkeys since President Truman sent a 35-pound bird to President İnönü of Turkey two years ago. The two are shown on a

ranch near Wichita Falls, where every one of the thousand birds is considered a midget if it weighs less than 30 pounds. The two Turks are stationed at Sheppard Air Force Base as students in the Airplane and Engine Mechanics School. —U.S. Air Force Photo via AP Photo

## Premiums In Boys' Steer Show At Fort Worth Amount To 3,187

FORT WORTH — Perhaps the most widely-covered award of the boys' show of the Southwestern Exposition and Fat Stock Show is the boys' grand champion steer which then has an opportunity to become the grand champion steer of the exposition in competition with the breed winners in the open steer show, declare President-Breeders' Association, with the Manager W. R. Watt.

Frequently during the history of the Fort Worth show the grand champion steer of the entire exposition has been shown by a boy and, in addition to the premiums, he has reaped a rich harvest when his steer was sold in the auction of champions.

Premiums in the boys' steer show amount to \$3,187. Of this amount, \$620 is offered by the American Hereford Association; \$141 by the American Shorthorn Breeders' Association and \$250 by the American Aberdeen-Angus Stock Show matching these, W. A. (Bill) King, Assistant Manager of the exposition and livestock superintendent, points out.

In order to compete in the boys' show, the boy must be a member of a 4-H Club or the Future Farmers in Texas. Boys of other states are eligible to compete in the open show, which—as the name implies—is "open to the world."

A boy may enter two steers in the singles competition if he wishes

but few take advantage of this as the amount of work and attention to bring one steer to the proper condition to have a chance to win against the keen competition requires a great deal of time.

A boy must have owned the steer prior to Sept. 1, 1951, and must have taken care of the steer from Sept. 1 to opening day of the Stock Show, Jan. 25. The show runs through Feb. 3.

To be eligible, a boy must be 16 and under 21, prior to Dec. 31. The feeding of the animal and keeping of records of this must be done under the supervision of a county agent (or staff member of Extension Service) or vocational agriculture teacher, and to qualify for showing a steer, the boy must get certification from one of these officials.

An entry must be shown by the boy (except when he has more than one entry in one class or can not be present). The parents are not allowed to assist the boy in the show ring nor can the county agent or vocational agriculture teacher, though these officials are permitted to assist the boys in getting the steers lined up but must then leave the ring.

Steers must have been born between Sept. 1, 1950 and Sept. 1, 1951. They are divided in three classes based on weight; over 925 pounds; 825 to 925 pounds; and under 825 pounds. The animals can be purebred, grade or crossbred. In each breed the winners of the three weight groups compete for the championship and reserve championship.

Then the winners of Herefords, Shorthorns and Angus will be matched and the winner is the boys' grand champion steer.

The next step is to place the boys' Hereford champion beside the open show Hereford champion to select the best steer of this breed; similarly with the Shorthorns and Angus. Thus, three steers emerge as the best in their respective breeds and then, from these three, the grand champion steer of the Southwestern Exposition and Fat Stock Show is selected, with gold and glory as the reward for the exhibitor! And this

## Littlefield Well Represented At West Texas Chamber Of Commerce Meeting

Littlefield was represented at last week's Amarillo 34th annual convention of West Texas Chamber of Commerce, by three representatives, Arthur P. Duggan, Bob Crowell, and B. W. Armistead, a convention which enthusiastically elected Frank Kelley of Colorado City, to head the organization for the coming year.

The convention was enthusiastic and the attendance one of the greatest in the history of the organization.

Senator Tom Connally, and Representative George Mahon, were both in attendance, and the latter was a scheduled program speaker.

In the closing moments of the meeting Wichita Falls made a strenuous effort for designation as the 1952 convention city, but the convention left the matter in the hands of the directorate.

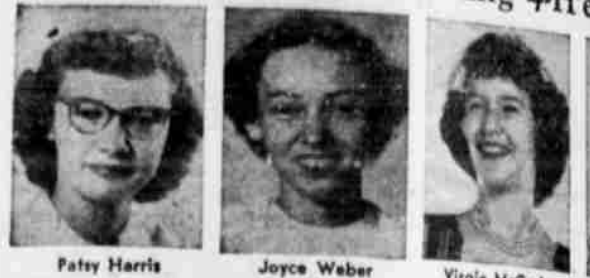

A full complement of officers and directors was elected. Dr. Armistead was re-elected as a director from Lamb county.

Aquilar, November 17.

### Divorces

Only one divorce case was filed the past week, and that was by Frances Phillips vs Guy E. Phillips, November 13.

## Texas Top Ranking 4-Hers

Patsy Harris, Joyce Weber, Virgie McCarty

TRIPS to the 30th National 4-H Club Congress in Chicago given four Lone Star State club members for their records in the 1951 National 4-H Canning, Field Crops, Girls' Record programs. The state winners and brief outlines:

Better methods of doing everyday homemaking skills proved to be a challenge to Patsy Harris, 16, of Plainview. Her selection as state winner in the 4-H Girls' Record program proves that this versatile young miss is a first-rate housekeeper and manager. Patsy has been in club work seven years and has completed 30 projects, among which are poultry, clothing, canning and home improvement. Her record shows 59 garments made, 2,588 jars of food canned, 630 chickens raised, as well as meal preparation and gardening. One of her favorite projects was the refinishing and upholstering of six pieces of furniture for her bedroom. She is active in all community activities, speaking before groups and on the local radio station and gives generously of her musical talents throughout the county. Montgomery Ward provided Patsy's trip award.

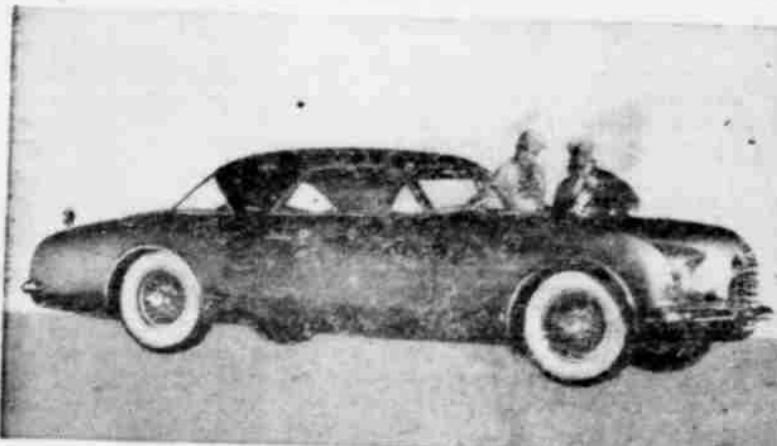

Utilizing improved methods has earned state record for Ray Riley, 16, of 4-H Field Crops program hours and much effort learning good farm practice, the increase production of food, feed crops has more than doubled. Seven years in 4-H has earned him much individual research of seed selection, has earned him the title of licensed certified seed planter for the State. He has completed projects, is an outstanding and has trained judges for the last three years of 230 acres in field crop, yielded him an average of 70 bushels per acre. International Harvester provided Ray's Chicago trip award.

All of these activities are conducted under the direction of Extension Service of the State Agricultural College and USDA

## Supt. J. T. Jones Named Delegate Teachers Meeting

Superintendent of J. T. Jones was elected for West Texas District state teachers meeting November 22-24 at the Lamb County Extension Association in Littlefield at evening of last week.

## CHRYSLER DREAM CAR

Something new in passenger car design is Chrysler Corporation's K-310 European type sports sedan developed as an experimental companion to a powerful new Chrysler K-310 engine which produces 310 horsepower on ordinary premium grade gasoline without supercharging. Styled and designed by Chrysler engineers in the United States, the K-310 experimental car was built by Carrozzeria Ghia in Turin, Italy, on a chassis shipped to Europe by Chrysler. Built on a 125 1/2-inch wheelbase, the car is only 59 inches high, with low sweeping lines and full head-room, with a low flat hood and large wire wheels. K. T. Keller, Chairman of the Board of Chrysler Corporation, said the K-310 sets "entirely new objectives to reach for" in passenger car development. Whether it will be produced for sale has not yet been decided.

## Sudan Elevator

(Continued from Page 1)  
lay," the judge commented.  
The Commodity Credit Corp. had filed claims totaling nearly a million dollars against Shannon on grounds he failed to deliver 30,797, 572 pounds of yellow milled No. 2 grade, stored in his elevators under the uniform grain storage agreement. The CCC alleged Shannon "disposed of and converted to his own use" the stored grain.

The petition alleged Shannon holds property valued at \$450,000. The property is encumbered by liens totaling \$167,200 according to the petition.

It further alleged that much of Shannon's property was acquired after the grain had been stored in his elevators—presumably from proceeds on the grain.

Attorney Witherspoon told newsmen his client contends the government price on the grain is too high and also that the estimate on the amount of grain stored is out of line.

"The government figure is based on the market price including the freight, which will come off eventually," the lawyer said.

The government claimed the grain was valued at \$978,364.18. Witherspoon said Shannon has agreed to an audit of his books, which will be started in the near future.

THURSDAY AND SUNDAY

VOLUME XXVIII

LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, NOVEMBER 22, 1951

No. 77

### KEEPING THE RECORDS . . . . . STRAIGHT

Some recent stories released have mixed the records of Coach Fikes since he came to Littlefield so much that some people who have moved here recently hardly know how many games, titles and ties he has won.

Following is a complete record, year by year since Fikes came to Littlefield in 1944. In 1943, while Coach Fikes was in his first year of coaching at Hamlin, the Littlefield team won only one ball game. The difference since Fikes has started is proved in the following records.

#### 1944

Littlefield won over Denver City for the bi-district championship, but lost to the Merkel Badgers in Seely Stadium the following week in the regional game by the score of 26 to 13. That year he won 11 games and lost one. Littlefield tied Sudan this year, but won on penetrations.

#### 1945

The Wildcats again defeated the Denver City Mustangs in the bi-district game and defeated the Monahans Lobos 20 to 7 for the regional title in a game that was played in Monahans. This was the second regional championship ever won by Littlefield. That year he won 11 and lost one. The loss was to Ballinger by the score of 19 to 14.

#### 1946

The Wildcats won 11 straight games before losing to the Monahan team 14 to 13 in the regional game here at Seely Stadium. The Cats played Seminole that year for the bi-district title and won over the Indians 55 to 20 in a game that was played in Seminole.

#### 1947

This was the first year that the Cats failed to get into the playoffs. Levelland won the district game that year, 19 to 7, in a game that was played at Seely Stadium. Sudan also handed the Cats the worst defeat they have ever suffered since Fikes has come here handing them a 34 to 6 defeat at Sudan on Thanksgiving Day. This year they won eight and lost two.

#### 1948

This was the most disastrous season ever suffered by the Fikes-tutored Cats. The north half ended in a three-way tie with Littlefield,

Levelland and Sundown. Sudan, Morton and Muleshoe, the three teams not in the tie voted to let Littlefield represent them in the district game with Post. Post defeated the Cats 14 to 0 for the district title. That year the Cats won five games, tied two and lost three. The ties were with Roscoe and Seminole. The losses to Brownfield, Sundown and Post.

#### 1949

The Cats lost their first game to Dairhart 14 to 0 but went on to win the next 14 games and the state championship by defeating the Mexia Black Cats in Abilene 14 to 0. Sudan tied the Cats again this year 7-7, but Littlefield easily won the game on penetrations. Their record this year was 14 wins and one loss.

#### 1950

Littlefield, hard hit by graduation, won eight straight games before dropping their last game to Levelland 26 to 14. A game with Roscoe was cancelled and cut the Cats one game short of their regular ten games, the number allowed by the Texas Interscholastic League.

#### 1951

The Cats were picked by the sport writers for the first time since Fikes has come here not to finish any better than third place. So far the Cats have won eight games while losing only two, both by extra points. They will represent the district against Kermit this week in the bi-district playoff. The two losses have been to Seminole 26 to 24, and Levelland, 14 to 13.

Total this up and counting the two ties with Sudan as victories because the Cats won them both on penetrations the Cats have won 76 games while losing only 12 and tying two. They have won one North half co-championship, two co-district championships, four district championships, 4 bi-district titles, 2 regional championships and one state championship. We don't know of any coach in the state that has a better record. All Littlefield is proud of the progress that Fikes has made and considering the fact that he had no assistant when he first came here, increases to reason for praise.

Southern Methodist University fullback Jerry Norton crashes into the line for a short gain in the game with Arkansas in Dallas. No. 51 is SMU center Dick Hightower. Arkansas players are back Dean Pryor (44) and guard Jim Sperring (79). SMU won the game 47 to 7. —AP Wirephoto

### M. C. NORTHAM MAKES TWO GOOD LONG RUNS

#### Wildcat Line Is Main Factor In Tie-Earning Game

The Littlefield Wildcats did the impossible again last Friday night as they knocked the only undefeated team in Class AA in West Texas off the list by beating them 20 to 13. Their never-say-die attitude was rewarded Saturday when they were chosen to represent District 7-AA in the state playoffs in a drawing held at Levelland.

Littlefield played a different brand of football than they had so far this year as the blockers paved the way for the backs. They didn't wait till the second half to start playing either as they took the opening kickoff on their own 30 yard line and began driving for a score. They moved the ball inside Cubs territory but finally had to punt and the punt got off by Quarterback R. L. Rhoten rolled dead on the Cubs eight yard line. The Wildcats forced Brownfield to punt without letting them make a single first down. The ball rolled dead on the 50-yard line and after Northam failed to gain his first try at the line, Joe Walden took the ball, headed to the left and cut down the sidelines and ran 50 yards to score standing up. Northam blasted over the extra point and Littlefield led 7 to 0.

The Cubs came roaring back and took the opening kickoff on their own 30 yard line and moved the ball to the Cats eight yard line in 12 plays. From there, Don Boyd passed to Jerry Anderson for a tally and Howard Swan ran over the extra point to tie the ball game at 7 to 7.

The Wildcats took the opening kickoff on their own 20 yard line and launched another successful drive to paydirt. It also took the Cats 12 plays to move the ball to the Cubs 13 yard line featuring a 40 yard smash by Northam. Walden ran the ball over from the 13 and again Northam rammed over the point. The rest of the second quarter was scoreless and Littlefield was in the lead of a 14 to 7 score at the half. Brownfield drove to the Cats one-yard line late in the second quarter but fumbled and Guard Keith Streety fell on the ball for the Wildcats.

Littlefield held the Cubs after they took the second half kickoff and forced them to punt. Northam fumbled the punt and Brownfield recovered the ball on the Cats 14 yard line. This didn't get the Wildcats rattled however and they took over four plays later on the 15. Keith Streety and Bill Brantley, defensive ends for the Cats, as well as the entire Cat team played heads-up defensive play in stopping the Cubs on their goal line.

Littlefield fought the Cubs to a standstill until just before the end of the third quarter when the Cubs again drove to the Cats one-yard line. They again fumbled and this time Jackie Beckner recovered the ball on the 14 yard stripe. It took the Cats only eight plays to move (Continued from Page 4)

## Morton Indians Lands In Cellar In Final Standings

Two conference games were played last week in the final games of the season in District 7-AA.

Thursday night the Muleshoe Mules moved the Morton Indians into the cellar when they handed them a 6 to 0 defeat in a game that gave the Mules the fourth place spot, just a notch ahead of Morton.

The Wildcats ended the Brownfield Cubs chance of a clear title when they knocked them out of the undefeated ranks to knock the District into a three way tie. Littlefield earned the right to represent the District in a drawing held at Levelland Saturday.

Invitations have been sent out to schools in this section of the country for the Amherst high school invitation basketball tournament which will be in the gym Jan. 17, 18 and 19.

Jean Patterson is a returning letterman for the girls basketball team. There is a possibility of a good team among the girls this year.

The following girls show promise of helping to make the team a success this year: Juanice Atkinson, Mary Jo Robinson, Joy Harmon, Lawanda Terrell, Lou Berry, Tish Slemmons and Norma Rae Hufstedt. (Continued on Page 5)

DISTRICT 7-AA Season Standings				
Teams	W	L	T	Pct.
Brownfield	8	1	1	.850
Littlefield	8	2	0	.800
Levelland	8	2	0	.800
Muleshoe	4	6	0	.400
Morton	1	9	0	.100

A national weather bureau was established in 1870 under the supervision of the Army Signal Corps.

## Whitharral Panthers Play Host To Happy Cowboys Thanksgiving Day At Levelland

### Basketball Tourney Scheduled To Be Held At Amherst

Whitharral and Happy will play their bi-district football game at Levelland, Thanksgiving afternoon at 2 p.m.

Representatives of the two schools met in Plainview Saturday and chose the site. Whitharral met Happy for the bi-district championship in 1947 at Tulla, with the Cowboys coming out on top, 7-6.

The Panthers from Whitharral, winners of District, copped the championship on the final day of the season. Happy raced through its schedule undefeated in District 3-B competition.

Representing Whitharral at the meeting were Supt. Chester Borders and Coach Harvey Tubb. Supt. Daniel Russ, Coach Otis Holladay, and Asst. Coach Howard Batson represented Happy.

Grated cucumber is delicious added to sour cream and served with cold boiled salmon for a hot-weather main course.

## Springlake Wolverines Take 34 to 0 Victory Over Whiteface In Last Game

Only one game was played in District 2-A last weekend in the last week of play. The Springlake Wolverines handed the Whiteface Steers a 34 to 0 licking before a small crowd of about 300 fans at Springlake. It was parent's night for the Wolverines and put a successful finish to a no so successful season.

Dimmitt has already won the District title with Otton running second. Amherst ended up in the third place spot while Springlake occupied the cold cellar.

Springlake started rolling on their second play once they held the ball as Richard Stockstill

and raced 60 yards for a touchdown. Later in the quarter Tackle Wayne Davis intercepted a Whiteface pass on their eight yard line and danced over. Davis then kicked his first of four extra points.

After a scoreless second period the Wolverines opened the last half with a bang as Tailback Fuzzy Watson ran the kickoff 80 yards for a touchdown. A few minutes later Dale Crawford scampered 55 yards, but was downed on the Whiteface two. Higgins then carried over. The final tally was made in the fourth canto when a 50-yard pass from Higgins to Watson

Princess ma'm."  
She remarked that she would like to visit Texas, to which Pickett replied, "Lady, you have a standing invitation."  
The Duke, standing nearby as Mr. and Mrs. Pickett exchanged greetings with the Princess, spoke up to ask the Congressman where his Texas star was. To this, in true Texas style, Pickett gallantly replied, "In the eyes of my wife."  
Rep. and Mrs. Walter Rogers of Pampa also made a point of inviting the royal couple to West Texas in general and the Panhandle in particular.  
When the Princess and her hus-

Wright Patman, Texarkana; Win-gate Lucas, Fort Worth and Frank Wilson, Dallas were there to greet the couple.

When the doorkeeper of the House, William Miller, escorted the Princess about the chamber he pointed to the presiding officer's chair and told her that the present Speaker is Sam Rayburn of Texas and that the Texan had held the position longer than any other man in the history of the nation.

On the way out of the chamber, and with a packed gallery of spectators looking on, the Princess stopped and shook hands with Pickett's two daughters, Helen Louise, 9, and Melinda, 6, who were standing near their father.

Texas leads all Southern states—though not all 48—in mileage of federal aid highways under construction, a report of the public roads bureau shows.

Texas is credited with 672 miles, as of Oct. 1, 1951.

In addition, the state had 101 miles of highways for which plans have been approved but not yet placed under construction.

Estimated cost of the Texas roads now being built is \$60,329,000. The roads for which plans Boys Ranch, Tex., soon will be an official postmark on letters going out from the youth rehabilitation center in the Panhandle.

Decision to make it a fourth-class postoffice was reached by the post office department after Rep. Walter Rogers of Pampa reported to it that the volume of mail originating there is far greater than at many regular post offices.

The average month will show 720 first-class letters being posted there, 869 arriving along with 19 daily newspapers, 129 magazines and packages, Rogers said.

Boys Ranch was founded in 1939 by Cal Farley, Amarillo businessman.

The State Department doesn't have a breakdown by states of the band visited the Capitol the next day they found about 50 or 60 members of Congress on hand to greet them in the House chamber. Besides Pickett and Rogers, Reps. origin of its diplomatic personnel stationed throughout Latin-America, but Texans seem to predominate.

A department official handling personnel matters, speaking unofficially, said:

"I don't think there's any question but that more of our people in embassies throughout Central American and North America are from Texas than from any other state.

"There's a reason. They have grown up as neighbors to the Mexicans. Many of them have been bilingual since childhood, and they understand the Latin-American temperament better than the average person from other states."

Two Texans, incidentally, are top men in the divisions of the State Department headquarters here which are concerned with relations of the American Republics.

Tom Mann of Laredo is deputy assistant Secretary of State for inter-American affairs. Richard R. Rubottom of Corsicana is deputy director of the office of Middle American affairs.

The new U.S. ambassador to Venezuela, confirmed by the Senate last Oct. 2, is Fletcher Warren. A native of Wolfe City and still a legal resident of that community, Warren graduated at the University of Texas in 1921. The 55-year-old diplomat entered the department's foreign service late that

year after serving briefly as student supervisor of the Texas School for the Deaf.

Although no lists are available showing by states the legal residences of those in Latin-American service, a check through the records showed a number of Texans holding important positions at various embassies.

Here are thumbnail biographical sketches of some of them:  
George B. Winstead, 50, former city editor of the Houston Post and in charge of publications at Texas A&M College from 1938 to 1947, went to Mexico with the foot-and-mouth disease commission in 1947. Now stationed in Managua, Nicaragua handling the "Campaign of Truth" program.

Kennedy M. Crockett, 31, a native of Kingsville but a legal resident of Laredo. Attending Arlington State College and the University of Texas. Served as a vice consul at Nuevo Laredo, Mexico. Served in Honduras in 1946, and is now in Mexico City handling visa applications of Mexicans and other persons wanting to visit this country.

Givon Parsons, 39, former Abilene retail shoe store owner who worked as a ship yard supervisor in Houston during World War Two. An attache of the embassy at Bogota, Colombia, he entered foreign service in 1944. Served at Matamoros, across the Rio Grande from Brownsville. He went to Costa Rica in 1948 just a week before a revolution broke out there, and had to make a trip behind combatant lines to escort 17 American citizens to safety.

Harry B. Pangburn, 28, was born in Acapulco, Mexico, while his father was serving there as vice consul. He moved to El Paso in 1931. A graduate of Stanford University, he served during the war in both the Army ground forces and the Air Corps. He was assigned to Bogota, Colombia.

V. Harwood Blocker, 48, native of Hondo, where he worked in a bank as a bookkeeper before entering foreign service. His wife is the

former Hazel Stillman of San Angelo. Now stationed in Mexico City, he has also served in Peru and Brazil. He is in charge of the Mexican farm labor program, under which nationals of that country are permitted to work temporarily on farms in the United States.

Dale Long, 43, a native of Mississippi but a legal resident of Dal-

LAMB COUNTY LEADER, THURSDAY, NOVEMBER 22, 1951

las. Served in the Navy from 1927 to 1947. Now serving as a radio specialist in Bogota, Colombia. For a while during the war he served as an instructor in navy program at Texas A&M College.

Mrs. Gertrude W. Leonrad, 42; a native of Amarillo but now a legal

resident of Corpus Christi, worked in a bank in the Gulf coast city before joining the foreign service in 1945. She is disbursing officer, handling financial affairs, at the embassy in San Jose, Costa Rica.

**Let us give thanks!**

Dear Lord, how can we thank Thee half enough  
For all Thy gifts to us this fruitful year!  
For spring's bright promise gloriously fulfilled  
This harvest-time; for these that are more dear  
Than bread assured: all the sweet joys of life—  
Home, work, love, friends—that gild the passing days;  
And children's laughter on the evening air—  
For all, dear Lord, we give Thee grateful praise.

But most of all, O God, we thank Thee for  
Our cherished heritage of freedom. Here  
Where men walk safely, surely; speak and pray  
As each one wills, and freely, without fear,  
Lord make us strong to hold and spread this boon!  
From our abundance help the weak to raise  
Their hearts and come to share our brotherhood,  
And join with us in songs of thanks and praise!

# Hereford's Hotel Jim Hill To Be Sold At Auction

Hereford's half-million-dollar hotel Jim Hill, will go under the auctioneer's hammer on Dec. 4th. Public notice has been made.

The hotel will be auctioned off as a result of the foreclosure of a mortgage by the Reconstruction Finance Corporation. The sale notice indicated the hotel has failed to meet payments of \$8,139.21 due between May and October, 1951. The RFC holds a \$210,000 note on the hotel.

The four story structure, dedicated on Feb. 24, 1950, was built after stock of \$233,000 was raised in a Hereford Chamber of Commerce-sponsored campaign. In addition to the stock and RFC loan, \$51,836 in debenture bonds were used in the financing project.

Last March the federal agency had threatened to foreclose when payments were behind but directors were able to raise \$12,000 to pay off debts to March. It has been operated by the Associated Federated Hotels on a profit sharing basis.

The 60 room hotel has spacious lobby and offices, coffee shop, two stores and a 400 person banquet hall. The entire interior is attractively decorated.

Name of the hotel honors Jim Hill, pioneer farmer, civic leader and business man who was chairman of the planning committee for the fund drive.

## Information For Veterans

### QUESTIONS AND ANSWERS

Q—My nephew is a veteran of the Korean war, and was discharged after a shell fragment paralyzed him from the waist down. Is he eligible for a VA grant for the purchase of a "wheelchair house," or is that benefit limited to World War II veterans?

A—Your nephew may be eligible for the VA "wheelchair housing" grant, provided he meets certain requirements. He should file an application with VA. The benefit is not limited to World War II veterans.

Q—May I use a GI loan to buy a two-family house with a non-veteran?

A—Yes, so long as your interest will be properly protected in case the non-veteran defaults on his payments.

Q—May I be treated by my own physician, on the outside, at VA's expense?

A—You may, if you have a service-connected disability that requires treatment, and you receive prior VA approval for such care.

Q—Is it possible to get a GI business loan to buy a car for pleasure, or furniture for my home?

A—No. The loan must be used for business purposes only.

## Thanksgiving Day Service Planned

A special Thanksgiving Day service, especially arranged for and open only to those—but to all of them—who are thankful, will be held at Emmanuel Lutheran church, 417 W. 3rd, this Thanksgiving Day, November 22, beginning at 10 a.m. The local pastor will deliver the special message of thanksgiving.

## Congressman Mahon Spoke Twice At Morton Monday

Cong. George Mahon was guest speaker at two occasions in Morton, Monday, when he spoke at the Lions Club luncheon at 2 p.m. and to the Morton High school auditorium. The general public was invited to attend the latter speaking.

## Soviet Makes Pikers Out Of Millionaires

BY TOM REEDY

BERLIN—The swankiest layout in East Germany is the new Russian embassy on Unter den Linden in the Soviet sector of Berlin.

The block-long pile of granite will house the Soviet staff "accredited" to the Communist government of East Germany.

The huge, grim-looking structure is four times the size of the pre-war ministry. Details of its construction, the cost and who is going to pay for it, are carefully guarded by the Red NKVD (secret police).

Thousands of Germans have been working on the embassy for almost four years but none of them ever laid so much as one stone upon another without being scrupulously observed by Soviet army engineers. Until a little less than a year ago, the entire area was hidden behind a board fence and the streets behind it were "off limits" to the public.

Despite all that, some information leaked out. The floors downstairs are marble with finely pictured design. Above, the floors are made of the finest German parquet wood, inlaid and carved with filigree work. Few pre-war millionaires, observers say, have ever possessed such floors.

The masterpiece of the ballroom, calculator to absorb several thousand guests. Crystal eye-drop chandeliers stretch the length of the ballroom. The kitchens, which will be called upon to serve the well-known suppers the Russians love, are already completely equipped.

In Louisiana the anniversary of the Battle of New Orleans, January 8, is a legal holiday.

Four hunters who got their limits in ducks were Dough Pratt, D. T. Titchner, Joe Terrell and

Bob Miller all of Dallas. They hunted at Mills Wharf, just east of Rockport. Shooting was good

over most of Texas

## U. N. Troops Fight In "Mud, Filth, Dirt and Ice"

United Nation troops fighting in the "mud filth dirt and ice" of Korea now can hold "anything and everything sent against them" according to Chaplain (Major) John W. Grapatin, Missouri Synod Lutheran Chaplain now home from the Korean front. The chaplain is a part of the national church to which Emmanuel Lutheran at 417 West 3rd in Littlefield belongs.

World War II veteran Chaplain Grapatin, in civilian clothes for the first time in 16 months said he was "glad to get back and I don't mean maybe" as he visited the Lutheran

Building, in St. Louis, headquarters for the Lutheran Church-Missouri Synod.

Called to Korea from his post in Japan with the occupational forces, Grapatin arrived in time to take part in the famous Inchon landing. He was also in the withdrawal from Hungnam with the Thirty-Second Regiment, Seventh Infantry Division.

"It was after the Hungnam withdrawal that the morale of the men actually improved," Major Grapatin commented. "They then knew this was not the weekend war they considered it to be."

Religious well-being is at a high for the troops whose church attendance ebbed during the Japanese occupation the chaplain added. "The day we took Seoul I held services on a hill overlooking the

city. Alto there was no notice, men walked into the service.

"There are Christians stated Grapatin. "I had greatest thrill at a G.I.s to which we invited Koreans. They couldn't what I reached, but began to sing "Rock of Koreans recognized the sung the same hymn in usage."

"Their eyes watered cause they had found Christians," the chaplain said that wasn't just sweat down my cheeks either. Grapatin has now been to Camp Chaffee, near Arkansas.

to gain anything for the Cubs and they tried to pass. Joe Walden batted the ball out of a Brownfield player's hand in the end zone and almost intercepted it but the Brownfield player pushed Walden down and the officials ruled the pass intercepted and brought the ball out to the 20 yard line from where the Cats took over.

They punted again later and this time the Cubs took over on the Littlefield 6 yard line. They gained 30 yards to the 16-yard line before the Cats line again held them and took the ball on downs. Rhoten ran three Quarterback sneaks to let time run out and not take a chance on letting the Cubs get the ball again. The Brownfield team got a

fifteen yard penalty on the last play of the game as they tried roughing Rhoten in order to get him to fumble.

Joe Walden and M. C. Northam showed their best running form of the season in outscoring the Cubs from Terry County. Joe Walden ran with the ball 21 times and picked up a total of 132 yards for an average of almost 6 1/4 yards per try. M. C. Northam was the leading ground gainer of the night however as he ran with the ball 23 times and gained 189 yards. He caught one pass that was good for 15 yards to bring his total to 204 yards in 24 carries. This is an average of 8 1/2 yards each carry. R. L. Rhoten lugged the leather 9 times

and gained a total of 22 yards to make his average read 2 and a third per try. Bill Jones was the only other back to run with the ball. He ran twice and picked up four yards for his effort. Douglas Perkins made a sensational catch of a pass thrown by Joe Walden that was good for 30 yards to give him a better average than the others. Perkins catch set up the touchdown that was the deciding factor in the game.

All total Littlefield gained 347 yards on the ground and 45 passing. They attempted four passes and two were completed and had none intercepted.

Brownfield gained 187 yards rushing and 127 passing. They com-

pleted 12 out of 24 passes attempted and had one intercepted. All total Brownfield gained 304 yards for the night while Littlefield gained 392 yards. Littlefield got 15 penalties for a total of 115 yards while Brownfield got 8 for 70 yards.

### Tourney —

(Continued from Page 1)

Girls basketball coach V. P. Osborne also stated that there are several freshmen girls showing much talent for basketball.

For the boys basketball team there are two returning lettermen from last years team. They are A. L. Nuttall and Connie Baird. Both of these boys made the all district basketball team last year.

The team this year is showing great possibility of being a good one. The boys who will be aiding

in making the team a success are: Barry Bearden, Martin Hardwick, Tack Purdy, Porter Nuttall, Gerald Walser, Jimmie Blair, Gary Don Reedy and James Anderson. A. D. Shaver, boys basketball coach, stated that the basketball district has been re-arranged and is now the same as the football district. Those in this district are: Springlake, Olton, Sudan, Dimmitt and Amherst.

# Thanksgiving And The Red Cross

What can Thanksgiving 1951 mean to people who, last July, saw floods wreck their homes and wipe out the farm machinery, crops, and small businesses that provided the daily things for which they had been thankful?

What thankfulness can be found digging three feet of mud out of a house, or burning stinking piles of rubbish that once was furniture? Of course, those pulled from the hungry waters into Coast Guard and Red Cross volunteer rescue boats—they're thankful to be alive.

And what more sincere thanks can be offered than the "Oh, thank God!" of a mother finding her missing child, safe in a Red Cross shelter?

But now the waters are down, and the 52,275 families affected have faced the mud, ruin, and loss. For thousands, everything they had worked, saved, hoped for, is gone. How, just how, is a man going to house his family, when all the flood left is a basement—and \$62 in the bank? How is a plumber going to support his family of six, with his little shop and \$600 worth of tools washed to heaven knows where? How are you going to begin again—from scratch—when you're 62 years old, with an invalid wife, and all you've got is your \$120-a-month pay as a janitor? No bank would lend you the \$3,800 you need to build a house like the one jumbled against a tree a block down the street. You can't live in a Red Cross emergency shelter or with relatives forever. You want your family back in a home, living normally. That's what you've worked for, these past 23 years.

And yet, on this Thanksgiving 1951, thousands of these people will know, better than ever before, the meaning of the day. In Kansas, Missouri, Oklahoma, and Illinois, in 72 counties where the floods rolled, families will have thanks to offer. Thanks for their new or repaired houses, the tables around which reunited families will gather for Thanksgiving dinner, prepared on new stoves and served on new dishes—all provided by the Red Cross for those unable to provide these essentials themselves.

Not all of the 4,800 houses that Red Cross is helping repair or build are finished. It takes time. Workmen and materials are at a premium, but families not yet back in homes know they soon will be. The day their new, essential furniture—selected by them and paid for by Red Cross—is moved into their new or repaired homes will really be a second Thanksgiving Day. Their real Thanksgiving came the day Red Cross notified them that a committee of volunteer citizens from their community had approved the Red Cross plan of assistance, worked out individually for each family after verification of a family's needs and resources. A Red Cross award means the end of despair and hopelessness; the chance to begin again; the helping hand that was needed; an outright gift, with no strings attached and nothing to repay, not a mortgage, loan, or lien on property. Its help that millions of people are offering, through Red Cross.

Thanksgiving? Yes, thanks to generosity of the people who gave last March and the March before and during the special flood appeal last July, so Red Cross could put their generosity to the fairest, most effective use. Thanks, deepest thanks, to the people all over America, who made it possible for Red Cross to supply \$8,645,808.11 to assist in repairing and rebuilding houses, biggest part of the almost \$13,000,000 Red Cross is spending in meeting the needs of these flooded families.

An odd way of giving thanks, but heard day after day the surprised, tearfully grateful expression:

"Why, I didn't have any idea the Red Cross would do that for me."

These are the thanks of the veteran and his wife, waiting final adoption papers on two small children, low can adoption be approved if there's no home? The \$474 Red Cross award for repair of the house, plus \$159 for basic furniture, helps meet the need, and the couple again is eligible to adopt the much-anted children.

And for this man, 62, Thanksgiving means \$722 worth of parts implement repair tools bought by Red Cross, the \$281 doctor and hospital bill the Red Cross paid for flood-caused injury to his leg, and \$100 worth of food for him and his wife until he was able to work again.

A family of European displaced persons will give thanks for the \$2,360 Red Cross assistance in replacing the home they were buying. That's the amount they had scraped together and paid on the house destroyed. Now, with this Red Cross help, they're right back where they were before the flood, with the same stake in a house of the same value.

On Thanksgiving Day, a blind man will read from

his Braille Bible, while his wife, also blind, cooks dinner from recipes in her Braille cookbook. These treasured items were replaced as part of the \$1,828.50 Red Cross award for repair of their house, replacement of needed furniture, and winter clothing.

In several churches in Kansas City, as organ music swells with voices raised in thanks, the anthems will be played by fingers trained on an electric organ bought by Red Cross to replace one lost in the flood. The owner of the organ earns a living for his family by training organists.

An 18-year-old girl will give thanks that she is a freshman at Kansas State University. Her thanks will be no more fervent than those of her parents, who, unable to complete grammar school, had scrimped and saved so that she, with a scholarship and part-time work, could receive a college education. Because of \$1,155.13 worth of Red Cross help in repairing and furnishing the home for this family of eight, plus a new henhouse, 100 pullets and feed for a year, the plans and dreams were not wiped out by the disaster.

In a small, rural church in Kansas, a young minister, disabled in World War II, will preach a Thanksgiving sermon with sincerity. His sermon will have been written on a typewriter bought by the Red Cross as part of \$1,142 in assistance given to rebuild his house and replace religious reference books and essential furniture.

Thanksgiving night, as couples dance to a small orchestra led by a blind man, they will have no idea what thanks are in his heart. The bass viol he plays, and the amplifying system over which they hear the music, are his means of earning a living for his wife and himself. They were given by Red Cross to replace those ruined in the flood.

Clear title to the home left by her husband is the most important thing for which an elderly widow offers thanks. In the process of determining the widow's need for help, the Red Cross discovered that, although her husband had paid off the mortgage before his death, the title was not clear and the widow did not legally own the property. A clear title was obtained for the widow, after which \$1,662 worth of flood damage was repaired. In addition, \$400 worth of furniture was provided, and her poultry yard, which gave the 53-year-old woman enough income to get by on, was restocked.

The thanks offered in the four-state flood area this Thanksgiving will be varied. Thanks for the washing machine and dryer with which an elderly couple earns a living by taking in laundry, and for the dental instruments that make it possible for a veteran to go on through dental school. They'll be for \$50 worth of onion sets to re-establish the small business which helps an aged couple on a small pension make ends meet. A barber, his old shop ruined, will give thanks for the new barber chair which Red Cross gave so that he again can support his large family. Small grocers, their fixtures and stock replaced by Red Cross, will be thankful for the boost the Thanksgiving trade gave them on their climb back to pre-flood earning power.

Of course, there will be other thousands able to make a comeback without help from Red Cross. They will give thanks that they had the means to put themselves back on their feet—thanks for their good jobs, good health, and good fortune. Thanks that sickness, age, or misfortune hadn't combined with the flood for a knockout blow that hit so many of their neighbors.

Thanks will be offered by 14,185 persons cared for in Red Cross shelters when they were homeless; by the more than 17,000 persons fed daily during the emergency, and by the dozens placed in hospitals by Red Cross for care of injuries and illnesses caused by the flood. And there are those still in hospitals, for whom Red Cross will provide medical care for months, perhaps years, to come.

These blessings—almost \$13,000,000 worth—are Thanksgiving 1951 to families among the more than 25,000 persons who applied for Red Cross help to meet their flood-caused needs. These are the blessings that people coast to coast made possible, for all people are the Red Cross. It is to these people—who gave their time, their money, and their neighborly hand, through the Red Cross, that thousands, on Thanksgiving Day, will give thanks, as expressed in a child's Thanksgiving prayer—

For food and clothes and loving care,

For friends and blessings everywhere

We thank Thee, God.

## AUTHOR Of the Week

By W. G. ROGERS

Winston S. Churchill, continuing his account of "The Second World War" in the volume called "Closing the Ring," adds another title to an already long list: a life of his father, Lord Randolph Churchill; a four-volume life of his ancestor, Marlborough; a four-volume history of World War I; even a book about his hobby, painting. Born in 1874, he was a soldier in Cuba in 1895, he fought in India, in the Sudan against the Boers . . . a war to which he went as a correspondent and in which he was captured and

the first three calendar quarters of 1951. This depreciation rate is in accord with standard trade practice, Bowles pointed out. Ceiling prices for 1951 model cars are determined on the basis of current market prices.

Used cars offered for retail sale must bear a tag or label stating the make, model, line or series, and the ceiling price, including any extra, special or optional equipment. Also the price at which the car is being offered for sale must be stated.

Efforts will be made to get copies of the used car regulation (CPR 94) to every dealer in the 69-county district as soon as they are available.

ident. A truck load of bundles of him at a high rate of speed evidently scared the horse jumped from the trailer and was stantly killed.

## A Message of Importance

★ ★ ★ To Every Automobile Driver ★ ★ ★  
In The State of Texas

### HERE'S WHAT YOU SHOULD KNOW ABOUT THE NEW TEXAS "SAFETY RESPONSIBILITY LAW"

- 1 Enforcement Begins January 1, 1952.** On this date, the new Safety Responsibility Law, as passed by the Legislature, goes into effect. This law was designed to protect you against financially irresponsible drivers and owners of motor vehicles involved in accidents. It affects all drivers and motor vehicle owners (except Federal, State, County and City-owned cars).
- 2 What Must You Do After An Accident?** Under existing laws, you must file a written report to the Department of Public Safety if your car is involved in an accident where there is a death, an injury or property damage in excess of \$25. Under the new law, a written report must be filed *within ten days* if your car is in an accident resulting in death, injury or property damage in excess of \$100.
- 3 You Don't Have to Carry Liability Insurance, But . . .** If you are not insured against bodily injury and property damage liability, you must be able to deposit with the Department of Public Safety security equal to the estimated damage, not exceeding \$15,000.00, to cover all claims growing out of an accident anywhere in Texas in which you or your motor vehicle were involved. If you cannot establish financial responsibility for the future, your driver's license and your motor vehicle license plates are automatically suspended.
- 4 It's Easy to Establish Financial Responsibility** with a motor vehicle liability insurance policy. If you do not now have such a policy, call your local insurance agent today. He is a qualified insurance counselor who will be happy to advise you concerning your needs.
- 5 What is the Minimum of Your Liability?** The law permits each driver to establish the following minimum limits of liability: up to \$5,000.00 for injuries sustained by one person; up to \$10,000.00 for all personal injuries resulting from one accident, and up to \$5,000.00 for property damage. You do not have to establish such liability but it is the easiest way.

## Issue New Ceiling Price Regulation Covering Sales Of Used Automobiles

The Office of Price Stabilization this week issued a new dollars-and-cents ceiling price regulation covering sales of used passenger automobiles, according to Hoyle Hoyle, chief of the Industrial Materials and Manufactured Goods

section of the Lubbock District Office of Price Stabilization.

The regulation sets dollars-and-cents ceilings for each body style, line or series, of each make of used passenger car, for the years 1940 through 1951, and are listed in the regulation. These ceilings are to be

reduced at the rate of 2 per cent every calendar quarter beginning on January 1, 1952.

The dollars-and-cents ceiling prices portion of the regulation goes into effect December 20. In the interim, current ceiling prices as established by the guide books adopted by dealers remain in force, Bowles said.

For models for 1940 through 1950, the new ceilings reflect a 6 per cent depreciation from the January 1951 price level, representing a 2 per cent depreciation for each of

INDEX OF TEXAS BUSINESS ACTIVITY ADJUSTED FOR SEASONAL VARIATION 1935=39=100

Director John R. Stockton said, "The barometers of Texas business for September added to the evidence accumulated the previous month show the minor decline in business activity, which has dominated business volume since early last spring, may have reached an end." —AP Photo Chart

Today's Birthdays

By AP Newsfeatures

Hiram Bingham, born Nov. 19, 1875, in Honolulu, he has made a mark in three careers as explorer, scholar, politician. As explorer and scholar he discovered Vitcos, the last capital of the Incas in Peru. Later he was elected governor of Connecticut in 1924 and subsequently served eight years as a U.S. Senator. He is now chairman of the Loyalty Review Board in the Civil Service Commission.

Walter P. Marshall, born Nov. 20, 1901, in Brooklyn. President of the Western Union Telegraph Co., Marshall entered the communications field by accident, when he applied for a job with All-America Cable and Radio Company, under the impression that it manufactured wire cables (instead of sending cables by wire). He got the job, moved on to the Postal Telegraph System and, in time, to Western Union.

Mrs. Cecil M. Harden, born Nov. 21, 1894, in Covington, Ind. First woman Republican representative from Indiana, she was elected to Congress in November 1948, and was a featured speaker at the dinner of the Republican National Committee in Omaha in January, 1949. Mrs. Harden began her political career in 1934 as precinct vice committee woman in her home town. She is a grandmother and active clubwoman.

Doris Duke, born Nov. 22, 1912, at Somerville, N. J., is one of the richest women in the world. She inherited the tobacco and power fortune of her father, James B. Duke, who left an estate appraised at more than 100 million dollars. During World War II she worked in the United Seamen's Service and thereafter held several jobs—one as Paris fashion editor for an American magazine.

Sigmund Janas, born Nov. 23, 1899, in Lake County, Calif. President of Colonial Airlines, Inc., New York, as a boy he thrilled to the exploits of aviation pioneers and (after experience as a newspaper man and banker) went to work with Western Air Express, Inc. He became president of Colonial in 1938, when he and a group of associates acquired the company. He claims to have originated the slogan, "Safety is No Accident."

Lt. Gen. George E. Stratemeyer, born Nov. 24, 1890, in Cincinnati, was U.S. and U.N. Air Commander in Chief in the Far East until recently when he had a heart attack. Stratemeyer has been in Uncle Sam's air service since the cornerstone of U.S. air power was laid. In June, 1942, he was made chief of staff of the A.A.F. with headquarters in Washington and subse-

Mountain Village Featured At Hart Thaxton Store; Children Are Thrilled

An outstanding and clever Christmas feature in Littlefield this year, which is creating considerable interest, not only to children, but to grownups also, is the display in the Hart-Thaxton Furniture & Hardware Store, which was set up by Stacy Hart and is representative of a mountain village.

The display which is 16 ft. long and 6½ ft. wide is set up on a frame about 30 inches off the floor, and allows children all ages to admire it. Artificial grass and miniature trees and shrubs and mountains provide a beautiful setting.

Four electric trains, 25 cars in all, four engines including three steam and one diesel engine, with box cars, oil cars, flat cars, cattle cars and what have you, may be seen travelling about around the mountains and under the subway. Featured and very realistic are the cattle ranch the mine, the little red school house with play grounds, the railroad depot, with railroad crossing, Machine Shop, Church, Postoffice, general store, hotel, lumber yard, cafe, service station, the old water wheel, and old wind mill, a natural looking lake, with a man fishing from a boat, and Johnny's Used Car Lot, automobiles also are featured, also are people walking about.

According to Mr. Hart, who has hobby for this sort of thing the framework for the display was made by him with screen wire, plaster and scrap paper, and one eight of an inch of the display would be representative of a foot in real buildings of the kind shown.

Mr. Hart explained that some of the buildings he bought in kits, and others he made. The trains on display are Lionel and Scale Model trains and are handled by the Hart-Thaxton Store, as well as considerable of other building material included in the "mountain village".

Paul Lair Escapes Injuries As Plane Crashes On Ship

Paul Lair son of Mr. and Mrs. Graham D. Lair of Amherst who is a boiler technician chief in the United States Navy stationed on the Antietan a carrier, was not hurt when a jet fighter crashed into parked planes on the Antietan, off Korea.

Four Navy men were killed and 10 were wounded in the accident. The fighter an F-9F Panther jet, failed to pick up the arresting gear and crashed through safety barriers into other planes on the flight deck. The pilot and three other airmen were the ones who lost their lives in the accident, which occurred Nov. 4.

Simon Patino, "tin king" of Bolivia and one of South America's wealthiest men, was fired from a store-clerk job and given a "worthless" tin claim in lieu of back pay.

CHRISTMAS TREES: Most of 10 Million Are Grown for Market

CHARLES LYONS, Texas bureau of business activity, Director John R. Stockton said, "The barometers of Texas business for September added to the evidence accumulated the previous month show the minor decline in business activity, which has dominated business volume since early last spring, may have reached an end."

In early days wild stock was used exclusively for Christmas trees. With the growing interest in conservation in the early years of the 20th Century, hand-planted trees appeared. Since then the trend has been toward the domestic rather than the wild tree.

Any land that is well drained and free from large woody vegetation will probably grow Christmas trees. The annual income per acre from a Christmas tree plot may well compare favorably with that from a more intensive crop.

A Christmas-tree farmer has to have a good deal of know-how. He has to be alert to possible hazards from livestock, fire, insects and disease, rodents, adverse weather, thieves and the competition of "volunteer" hardwoods growing up in the Christmas tree plantation.

Some farmers plant an equal area each year until the first harvest, say in 10 years. After harvesting, each area is replanted the following spring thus a rotation is established and the supply is constant.

Four groups of conifers are in common use as Christmas trees: pine, spruce, fir and hemlock.

Pines hold their needles well and are rapid growers, compared to spruce or fir. However, they usually present a too open, scraggly appearance. The spruces are popular because of their compact bushy growth and conical shape. One of the most beautiful trees produced in the U.S. is the black spruce from swamp bogs of Minnesota.

Sam Jones Dies At San Francisco

Sam Jones, 38, youngest son of S. H. Jones of Amherst died Oct. 15 in a San Francisco hospital.

He is a former Amherst resident having attended school there. He is survived by his father, one sister, Mrs. A. E. Taylor of Chickasha, Oklahoma; two brothers Erby of Amarillo and Charlie of Amherst.

Interment was in the Golden Gate Memorial cemetery in San Francisco.

The demands of the public determine cutting time for Christmas trees, whether it be for 3-foot table models or the more conventional 6 and 7-footers.

SOLVED!
