Keep Eggs Indefinitely Without Storing

A new machine which processes eggs and makes it possible to keep them fresh indefinitely without storing was displayed at the National Poultry, Butter and Egg convention at Chicago last week. The process seals the eggs to retain the carbon dioxide which is the life preservative of eggs.

IS ASSISTANT TO MINISTER OF DALLAS CHURCH

Rev. Kenneth Hemphill Is Given Important Position

Rev. Kenneth Hemphill, son of Mr. and Mrs. A. G. Hemphill, has been admitted to the North Texas Conference of the Methodist church, and appointed assistant pastor of Grace Methodist church, Dallas.

The appointment of Rev. Mr. Hemphill as assistant pastor of the Dallas church is a very high honor for a young minister and expresses the high standing Mr. Hemphill enjoys in Dallas and in the Methodist church. His large number of friends in Littlefield and this section will be very much pleased to learn of the outstanding success which Rev. Mr. Hemphill is achieving in his chosen work.

Rev. Mr. Hemphill is a student at Southwestern Methodist University, Dallas, and is working to a B. D. degree.

A six room cement block house, including garage, driveway and walks, is under construction east of Fieldton for Charlie Pickerell.

It is expected that the house will be ready for occupancy in about three weeks.

Whit Matthews Makes Record as Cotton Weigher

According to Whit Matthews, Public Weigher, he has weighed, up to yesterday, 6500 bales of the 1933 cotton crop. He attributes the volume of the large amount of cotton being brought here from New Mexico and other nearby points.

Notice

It seems to be the impression of some of the business establishments of Littlefield that the Leader has some connection with, or has the contract for the printing of a city directory, which is said to be in the course of compiling. The Leader has no connection with any city directory, and has no contract for the printing of such a book. COUNTY LEADER, B. Drake, Editor, Littlefield.

Meeting Is Held By City Federation of Church Societies

The City Federation of Church Societies met Monday, October 30, at 8 o'clock with the Methodist ladies. Mrs. Dr. Wood, president, presided. After the general routine of business was transacted, the program on "World Peace and Good Citizenship" was taken up with Mrs. W. H. Gardner as leader.

Rev. Oscar Dunn, pastor of the Church of Christ, was the principal speaker of the afternoon. He gave a very splendid talk on peace in all its various phases. On the program was a violin solo by Aynsworth Gates, a duet by Mrs. Josh Cogdill, and Miss Eagan. Mrs. P. H. Gates gave a reading, all these numbers being greatly enjoyed. The next meeting of the Federation will be the last Monday in January. It will be held with the ladies of the Presbyterian Church.

More Contributions To P. T. A. Drive

According to the Committee in charge of the drive sponsored by the P. T. A. organization for the raising of funds with which to purchase first aid kits, playground equipment, etc., for use at the Littlefield schools, a total of \$60.25 has been contributed by the business establishments of Littlefield, and \$11.00 pledged by the farmers having children in the Littlefield schools.

A list of contributors was published in last week's issue of the Leader, to which the following names should be added:

Poppy Sale to Be Sponsored by Legion Auxiliary

Plans are being formulated by the local unit of the American Legion Auxiliary for their annual poppy sale to be held Saturday, November 11.

The sale of veteran-made poppies will mark the celebration of the 15th Anniversary of the signing of the Armistice.

The poppy sale profits are to be used for welfare work only by the Auxiliary.

Arrest Man Here On Forgery Charge

A young man giving his name as Jack Camp and his address as Merkle, Texas, was arrested Saturday by Deputy Sheriff J. L. Walraven and City Marshal Ab Anderson, and charged with attempted forgery. He is being held for the action of the grand jury.

Officers state that Camp, going under the name of L. V. Davis, attempted to cash a forged check in a Littlefield store Saturday.

F. G. (Shorty) Williams was arrested Saturday by Deputy Sheriff Walraven for the alleged possession of a gun and "knucks". He made bond of \$250 on each of two charges to appear in county court.

Negro Is Killed, Farmer Arrested

Pete Demuke, negro, who had been working on the Irvin farm near Olton, died about 6 p. m. Sunday as a result of a blow on the head by a baseball bat, and John Moses, tenant on the farm, was arrested by Sheriff Len Irvin.

According to authorities, the negro was arrested in March last by Sheriff Irvin and served some time in jail, but rather than retain him in jail the sheriff put him to work.

A murder charge has been filed against Moses by Sheriff Irvin, and defendant has made a \$500 bond to appear before the Grand Jury in December.

We Do Our Part

ANIMAL STORIES

Man may be the ruler of the earth, but there are a lot of things we don't know yet about the other inhabitants that share this sphere with us, and they are constantly surprising us by taking charge of things themselves.

For instance, we read in the papers the other day that rabbits have again become a plague in Australia. Years ago some English settlers imported a few rabbits, which multiplied so fast that they became a serious menace to crops, and the Australian Government had to pay a big bounty to get rid of them. But enough of them remained to start it all over again.

Even more surprising is the story that comes from New England of a great migration of gray squirrels out of Connecticut into the adjoining states of Rhode Island and Massachusetts. Thousands of them, in huge droves, move in straight lines, letting neither mountains nor water divert them. Fifty drowned squirrels were found in one small pond; Connecticut River boatmen report hundreds climbing out of the water on to the boats. All are gaunt and half-starved. The answer seems to be the failure of some relied-on food supply, impelling the squirrels to seek new feeding grounds.

This episode is similar to the story of the lemmings, the curious little furred animals of Norway, who every few years march across the country in droves of millions, until they reach the seacoast. There they do not stop but plunge into the sea and drown, seeking nobody knows what ancient refuge, long since submerged, to which some tribal instinct drives them in time of want.

We hear of beavers coming back to Massachusetts after vanishing for a hundred years; of deer becoming so thick and fearless that they eat the growing green stuff in kitchen gardens; of police dogs shaking off the shackles of civilization and running wild in packs like their wolf ancestors, terrorizing whole country sides. We are always interested in the mysterious ways of animals, as most everybody is. But we never cease to wonder at their tenacity of life and their power of survival when everything seems set against them.

Humanity has something to learn from the beasts.

Duncan and a brother arrived here Saturday from Old Glory, and accompanied the remains to that place for burial.

Mr. and Mrs. C. J. Duggan are the proud parents of a seven and half pound girl born Sunday at Lubbock.

Rev. C. Schediderer and family will leave today for Owensville, Missouri, where the former has accepted the pastorate of the Lutheran Church there.

As this paper goes to press a total of 725 bales of cotton have been ginned in Littlefield.

In an automobile wreck which occurred Sunday afternoon at five o'clock a mile east of Littlefield on the Lubbock highway, Mrs. Pearl Scarborough was killed and Misses Gladys Scott, Laura Mae Clark, Messrs Earl Clark, and Hadley Hilburn were seriously injured.

Mrs. Scarborough is the daughter of Mr. and Mrs. Ed Clark, who live two miles east of Littlefield. She leaves an infant eight months old. The remains were accompanied by the grandmother of the deceased, Mrs. Donna Clark, and infant of the deceased mother, to Grapeland, Texas, where interment was made Wednesday.

Erma L. McCurry and Laura V. Bills - On Honor Roll

Among the 144 names that appear on the recently published honor roll for the 1933 summer session of the West Texas Teachers College, appears the name of Erma L. McCurry of Littlefield.

This means that Miss McCurry made a minimum of 17 grade points in her work, and that her grades placed her in the upper ten per cent of all the students enrolled in the college last summer.

Another Littlefield student who has been honored in the last few weeks, is Laura Virginia Bills, at present a student in the Canyon college, who has been elected treasurer of the Sesame Literary society, and who has also been accepted for membership in the Girls' Glee Club, try-outs for which were held recently. Miss Bills is in the alto section.

Enrollment at the Canyon college is

as large as it was this time last year, and it is expected that many new students will take advantage of the new split-semester plan, and enter school at the opening of the second half, November 20.

LARGE SUM TO BE EXPENDED TO AID ROOSEVELT PLAN

During the next two years more than a billion and quarter dollars will be spent to carry out President Roosevelt's program for the replacement of poor farm lands with good and for a reduction of all surplus crops.

Figures furnished by officials show that on the one hand the government is preparing to spend upward of \$900,000,000 to reduce crop surpluses and to buy up some of the existing excess to feed the needy, and on the other, \$300,000,000 represents the amount that will be spent for irrigation, reclamation, research, etc.

The plan includes the following: First, to turn to pasturage or some

other use the marginal or sub-marginal lands which cannot be farmed economically.
Second, to replace, on the average, three acres of that land with one acre of new soil that will produce less than three acres but on a more sound-

ly economic basis.
Third, to hold production of basic commodities on all lands to a point where they will cease to pile up surpluses.

EIGHT YEARS AGO IN LITTLEFIELD

(Excerpts from Lamb Co. Leader)

Stonewall Jackson Duncan, thirty-one years old, succumbed Friday afternoon to injuries received last Thursday morning, when the Ford car in which he was riding alone was struck by the ten o'clock east bound passenger train, at a grade crossing less than a mile west of town.

According to information the machine was demolished and Duncan was thrown several feet, and rendered unconscious by the impact.

He was immediately rushed to the Simpson Sanitarium, where medical aid was ministered and temporary relief was given, but the wounds proved too severe for his recovery.

STYLE SHOW SPONSORED BY VOGUE, PALACE THEATRE OUTSTANDING SUCCESS

The Style Show sponsored by the Vogue Store and the Palace Theatre, which was presented Friday evening at the local theatre, was an outstanding success, and a credit to a city much larger than Littlefield.

A large crowd attended, including numbers from other cities and communities in this district.

The young ladies who modelled for the show so gracefully were: Misses Fern Thornton, Olga Henson, Lydia Crockett and Mary Nell Keithley of Littlefield; Miss Lillian Hunt, and Miss Myrtle McLarty of Sudan; and Misses Martha Willett and Fae Collins of Amherst. Little Dorothy Clements also deserves special mention. She modelled children's fur coats and acted as page for the show.

The program included: Dance by Lewis Walker and Billie Jackson;

Song—"The Last Roundup" by James Norman;

Modelling of Riding Togs;

Dance and song by Miss Lucille Walker;

Modelling of fur coats;

Tap Dance by Miss Branch Crockett;

Modelling of sport suits;

Dancing by Lewis Walker and Billie Jackson;

Modelling of street dresses;

Comedy dance by Miss Lucille Walker;

Modelling of Evening Dresses;

Dance by Miss Allene Arnett and Lewis Walker;

Modelling of Lounging robes and pajamas;

Advertising tailor made suits—Julian Timian.

Miss Lucille Nance, local teacher of expression, had complete charge and direction of the Style Show and stage and specialties.

As an added attraction the Palace Theatre, The Vogue, and Joe Stanton of Lubbock presented a lady in the audience with a white coney dinner jacket. Mrs. John Porcher received the garment.

The Sorosis class will have a bake sale Saturday, November 4, at the Piggly Wiggly Store.

"The Torch Singer" at Palace Sunday and Monday Next

Claudette Colbert will be "the wickedest woman in town" as the star of Paramount's "Torch Singer", which will be shown at the Palace Theatre Sunday and Monday next. The cast features Ricardo Cortez, David Manners, Lyda Roberti and Baby LeRoy.

"Torch Singer," adapted from the Liberty Magazine story, "Mike," by Grace Perkins, is Paramount's answer to the popular demand that Miss Colbert be given "bad-girl" roles.

Cast in the role of Sally Trent, Miss Colbert portrays a New York show girl in love with a scion of one of the town's wealthiest families. Deserted just as she learns she is to bear his child, she becomes hard, bitter, vindictive. Forced to give up her child for adoption, she takes on the name "Mimi Benton", becomes a brazen torch singer, hostess to the night life of the town.

When "Mimi" becomes a success, she finds that she hasn't been able to stifle her longing for the child and institutes a nation-wide search. The child's father returns to town, learns of her difficulties and seeks a reconciliation. She spurns him.

Directors Alexander Hall and George Somnes inject realism and romance into her return to happiness and provide "Torch Singer" with a plot of surprises and suspense.

H. D. AGENTS HONORED AT AFTERNOON TEA SATURDAY AFTERNOON

Miss Ruby Mashburn, who has been home demonstration agent in Lamb County for the past four years and left the first of this week to assume her new duties as district agent, and Miss Bernice Westbrook, new H. D. Agent for Lamb County, were honored at an afternoon tea given at the Amherst Hotel, Amherst, Saturday afternoon, by Mr. and Mrs. D. A. Adams and Mrs. C. McFall, when over a hundred guests—friends from all over the county—called.

The tea table was presided over by Mrs. McAllister, Home Economics teacher, and Mrs. Bill Rowland, both of Amherst.

During the afternoon the guests enjoyed several piano numbers rendered by Miss McGee of Amherst.

Those attending from Littlefield were: Senator A. P. Duggan, Mrs. R. T. Badger, Joe Hale, Miss Bessie Bellomy, Miss Marjorie Sanders, Mrs. D. R. Parker, and Mrs. Clinton Lackey.

Loan Office not Waiving Liens

In the case of all cotton commodity loans made in connection with the announced plan of the Government, the Crop Production Loan Office desires to make it plain that it is not waiving in advance of such loans any of the liens it holds on the cotton which may be offered as security for advances under such loans. They have indicated to all crop production loan borrowers who are cotton growers that they are required to list the Crop Production Loan Office as a lienholder in the loan agreement. In all cases where this is done there should be no difficulty in obtaining a waiver of this lien as required in the loan agreement.

The field representative of the Crop Production Loan Office serving this area is Mr. John S. Andrews, Littlefield, Texas. He will sign a waiver of lien in proper form upon payment to him, or his authorized agent, of the proceeds of the loan to any borrower in an amount equal to the indebtedness to the Crop Production Loan Office. He will accept as payment either cash or a check drawn upon a reputable bank payable at par by the drawee bank.

Other products of the concern include Panolene motor oils and greases, and a special tractor fuel.

When Pullets Start Laying

It is important to have pullets in their laying quarters at least two or three weeks before they start laying. A radical change in their environment after they start laying may lead to a moult which, possibly will postpone egg production for some considerable time.

Perhaps the most important consideration in the prevention of cannibalism in pullets is the amount of space allowed per bird. For general purpose heavy breeds, it is best to allow four square feet per bird. For Leghorns, three and a half square feet per bird if penned up during the winter and three square feet if the birds are out year round, is standard.

Before the pullets are placed in their laying quarters the house must be free from disease and parasites. A mixture of boiling water and household lye is commonly used, at the rate of one pound of lye to forty gallons of water. The hot lye solution, applied as near the boiling point as possible, helps to remove dried manure and dirt that may be on the floor, walls and equipment of the house.

In addition to the elimination of disease or apparently diseased birds at the time the pullets are housed, many poultrymen take precautions of disinfection against chicken pox and the treatment of the pullets for intestinal parasites while they are still in the range.

Pullets require careful supervision the time they are first put into their laying quarters. It is usually necessary to give them some assistance in becoming accustomed to the roosts. An epidemic of fall colds often results by allowing pullets to spend the night on the floor, huddled into a corner, on or in the nests, on the rafters of the house, or even in the windows at the front of the house.

NEWS BRIEFS

Emmett Roberts, 30 year old burglar suspect, who had been in custody twelve days, sawed out of his cell in the Terry County jail and escaped from the third floor of the jail house on a blanket rope early Sunday.

The escape was discovered at 7 a. m. but inmates of the jail said Roberts fled between 2 and 3 a. m.

DON'T GET UP NIGHTS

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder medicine, also containing Buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this treatment and you get your regular sleep.

Replin's Increases Display Space

Seven hundred and fifty additional square feet of floor space has been added to Replin's Dry Goods Store. This gives a large amount of additional space for the display of merchandise.

Somerville county farmers received from \$2 to \$4 more per acre for their plow-up cotton on terraced land than on unterraced.

Wheat Growers Face Further Acreage Cut

Farmers who have already signed agreements with the government to cut their wheat acreage next year

by fifteen percent may be asked to make a further small reduction in return for additional compensation in the form of a cash benefit payment.

The farm adjustment administration said that the acreage reduction promised by farmers who already have signed up provides for "somewhat less than the reduction we are pledged to make under the international wheat agreement."

To Fulfill Agreement

"We intend to fulfill the agreement to the letter," Secretary Wallace said. "Means to take the required additional wheat acreage out of production are now under consideration and plans to this end will be announced as soon as they have been perfected. In any case such further plans will be worked out through the county wheat production control associations with the farmers already signed up to control acreage."

The administration said that under the London agreement it was pledged to cut United States wheat plantings 15 per cent under the average harvested acreage for 1931, 1932 and 1933, or about 9,000,000 acres.

7,788,000 Acre Cut

Farmers who have signed so far have agreed to an aggregate cut of 7,788,000 acres, or 15 per cent below their average harvested acreage for the three year period up to July 1, 1932, and in some cases for five years up to that date.

To fulfill the London agreement, the 570,263 farmers who have signed agreements may be asked to make an additional decrease in plantings representing an average of from two to three acres per farmer. The benefit payments for these additional decreases may be at a slightly higher rate than those to be made for the reduction already agreed to.

ESTABLISHING REGIONAL BANK
 Governor Henry Morgenthau, Jr., and other officials of the Farm Credit Administration are in Houston this week for the purpose of establishing the regional bank for Cooperatives and the Production Credit Corporation as authorized under the Farm Credit Act of 1923.
 When this work is completed, the Tenth Federal Land Bank District, comprising the State of Texas, will be served by agencies comprising a complete agricultural credit system of the Farm Credit Administration. Long term, farm mortgage loans will be available from the Federal Land Bank. The Production Credit Corporation will help establish numerous Production Credit Associations from which farmers may borrow for crop and livestock production purposes, discounting the farmers' notes with the Federal Intermediate Credit Bank of Houston. There will be regional Bank for Cooperatives in Houston to lend to cooperative marketing and purchasing associations of this district.

Many Home Owners Asking for Loans
 According to James Shaw, state manager, Home Owners Loan association, Dallas, \$50,000,000 is sought by distressed home owners of the Texas division.
 Shaw said that up to Friday 20,000 applications averaging about \$2,500 had been filed, representing requests totalling \$50,000,000.
 Much of the delay in passing on loans, Shaw said, could be blamed on the homeowners themselves, because many of them were dilatory in bringing abstracts of title up to date, thus delaying the granting of loans.
 The state organization was completed Friday last with the appointment of R. A. Underwood, jr., as attorney for the Amarillo district office.

Turkey Market to Open about Nov. 10
 According to Littlefield produce buyers, the turkey market will open about November 10, and it is expected that turkeys will bring a much increased price over last year's birds.
 Littlefield will again have the facilities of a turkey dressing plant, as Mr. Ben A. Wilson, manager of the Littlefield Poultry & Egg has announced that their dressing plant will be in operation soon after the turkey market opens.

SILO GOOD DROUTH INSURANCE
 A trench silo is good drouth insurance, according to Bray Cook of Mitchell county who fed two-year-old ensilage to his cattle when his pasture played out last spring. Two years ago when he had plenty of feed and much of it sappy sorghum of doubtful keeping value he dug a trench silo of 40- to 50-ton capacity at a cost of \$50. This high cost, says the county agent, was due to the fact that part of the trench had to be blasted out of sand rock. After holding in reserve two years Mr. Cook found only 8 inches of spoilage on the sides and top of the trench. He thought the expense of digging and filling a little high at the time but now considers it well worth the cost.

Will Look Below Surface of the Antarctic Waters
 Bayonne, N. J.—Three of the members of the second Byrd expedition to the Antarctic, on board the "Bear of Oakland" when the ship called at the New Jersey port to take on a cargo of oil. In the photo are, left to right: John von der Wall of Ozone Park, N. Y., diver of the expedition; Joseph Callahan of Quincy, Mass., and Russell Robinson of New Zealand, looking over some of the diving equipment on the deck of the "Bear."

The United States government may be asked to lend West Texas farmers a few airplanes with which to conduct an aerial attack on sandhill cranes which are destroying hundreds of acres of crops in the region of Friona and Bovina, Texas. Farmers report the birds are eating everything in sight and have applied to the Texas game authorities for permission to kill them. Failing in this they said they would ask the government for airplanes to be used in campaign to rid the section of the birds.

Baptist Convention at Fort Worth to Open November 7th

The Baptist general convention of Texas which will hold its eighty-fifth annual session at Fort Worth beginning November 7th, will this year celebrate the one hundredth anniversary of the beginning of Baptist work in Texas. The convention program will give large space to "Our Century of Progress," and will present the story of the first Baptist organization in Texas. This church was organized in Illinois and moved to Texas as a unit, crossing the Sabine river in November 1833.

Dr. J. Howard Williams, general secretary of the convention, announces that Texas Baptists will celebrate their "Century of Progress" with a great mission offering amounting to \$134,000.00. Some \$50,000.00 of this fund has already been paid in, and Dr. Williams expressed himself as being very hopeful that Texas Baptists would raise the remaining \$85,000.00 within the next two weeks.

During this fall Texas Baptists have held 107 associational meetings all over Texas, with record attendance in almost every instance, demonstrating the progress of the past century. When the first organized group of Baptists came into Texas one hundred years ago, there were less than fifty Baptists in the state. At this time there are more than five hundred thousand white Baptists, and a total of more than a million of all races according to Dr. Williams.

Urban homes saved From Foreclosures

According to an announcement made by the Home Owners Loan Corporation, its activities prevented 2,589 foreclosures on urban properties to a value of \$9,903,920 during the week ending October 20.

The new total of foreclosures avoided was given at 22,832 with a dollar volume of \$65,271,957. Individual loan applications tentatively approved at the home office reached 86,220, totaling \$244,082,233.

The corporation said that up to October 20, loans completely paid out numbered 2,328 and amounted to \$6,724,911.

GOOD WILL TOUR NOV. 11

Through a multiplicity of diplomatic reasons, coupled with the impending visit of Maxim Litvinoff, Soviet Commissar for foreign affairs, a sudden rearrangement of Secretary Hull's plans for a South American good will tour was considered necessary.

The secretary of state was to have sailed a week from today for visits down the west coast of South America before crossing the continent to the Montevideo conference. He now plans to delay his departure until November 11.

Black-Draught Clears Up Sluggish Feeling

"I have used Theodor's Black-Draught for constipation for a long time," writes Mrs. Frank Champion, of Wynne, Ark.

"If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."

P.S.—If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Theodor's Black-Draught.

We have records of garden sub-irrigation water coming from surface tanks, windmills and from the weekly wash. Now a Hutchinson county woman is reported by the home demonstration agent to be catching the water that runs off the roofs of house and barn for diversion into a concrete tile sub-irrigation system.

Kansas Cow Goes To College

When Charles Hager, of Chase, Kansas went down to McPherson to attend college this fall he tied old Bossie to the rear of his flivver. Bossie spends her days on a grazing space near the college where Charles can milk her night and morning, selling the milk and thus defraying their expenses for the school year. Bossie's supply has so far failed to meet the demand.

Dodgen; and Miss Lula Hubbard of Littlefield; Mrs. A. H. McGavock and Louise, of Olton; and Mrs. G. A. Foote, Mrs. Dire, and Mrs. Jack Johnson, of Sudan.

The visitors, who numbered about 4000, were royally entertained by the hostess city, and every courtesy extended both by the hotels and the business establishments.

A reception was given Monday evening in the City Auditorium by Khiva Temple, A. A. O. N. M. S., Master of Ceremonies—Norris Ewing, Potentate, honoring Mrs. Reva C. Burnett, Worthy Grand Matron, and her seventeen Grand Officers.

The main feature of Wednesday's program was a chuck wagon breakfast at 7 a. m., served at the Tri-State Fair Grounds, arranged by the Grand Chapter entertainment committee, which was followed by a rodeo.

Wednesday evening a beautiful memorial service, "Crossing the Bar", was enjoyed. This was arranged by Mrs. Kate C. Heslin, Grand Chaplain, and was dedicated to the memory of Past Grand Patron, Bro. J. K. Bowman.

Following a program Thursday evening, Mrs. Burnett was presented with a Past Grand Matron Jewel, as retiring Grand Matron, and other gifts were also presented to other retiring Grand Officers.

The visitors from Littlefield returned home Friday night.

HEAVY REVENUE REPORTED

Publication of treasury figures bringing internal revenue collections to October 1 disclosed that for the first month of legalized beer, taxes on the 3.2 beverage enriched the national treasury by \$74,944,483.

In addition to the tax on beer, the government realized in the six month period \$105,121 from 3.2 wine and \$6,164,967 from special taxes on brewers and distributors.

The statistics also revealed total internal revenue collections of \$613,258,977 for the first quarter of the current fiscal year, an increase of \$255,150,912 over the corresponding period of a year ago.

For the month of September, internal revenue receipts aggregated \$318,985,678, a total \$102,504,391 greater than in September, 1932, and \$155,828,076 more than was realized in August, 1933.

Of the latter increase, \$120,251,

528 was accounted for by a jump in income tax collections, due to the regular quarterly payments in September.

Some Taxes Fall

If receipts from beer taxes continue at the present rate for the next six months, the first year of the legalized brew will show collections from this source of about \$150,000,000.

Admissions taxes increased from \$943,384 to \$1,283,383, a jump of \$339,999. These increases, however, were offset by declines in several categories.

Noticeably cigarettes, which dropped from \$33,569,728 to \$28,585,233; capital stock transfers, \$7,614,235 to \$2,173,221; gasoline \$22,420,634 to \$18,528,448; and tires and tubes \$4,007,866 to \$2,126,585.

Pork was successfully cured in the heat of late September by J. C. Walker of Victoria county in a local storage plant. Using the "A and Way" he changed three hogs for which he was offered \$25 on foot into 60 pounds of pork worth \$50 to his family, he states.
