NO. 19

## EVERYTHING IS IN READINESS FOR THE BIG GOOD WILL CELEBRATION TO BE HELD IN LITTLEFIELD FRIDAY AND SATURDAY

—REEVES

Everything is all "cut and dried" for the big good will celebration to be held in Littlefield Friday and Saturday of this week according to members of the committee on arrangements. "We want this to be one of the most enjoyable affairs ever held in this section," said Alex Reeves, chairman of the celebration. "Why are hundreds of people in this country who can't know each other?" continued. "Some of them are new settlers, others have been here for a few months, but haven't yet got acquainted with each other. Folks in the country ought to know each other the same as folks in town, and folks in town ought to get better acquainted with one another."

There will be no conventionalities nor formalities connected with the celebration other than the various events which will be pulled off on schedule time. Everyone attending will be free to come and go and do as they please. There will be carnival attractions, a big rodeo feature, and numerous races of different kinds an aggregate of \$1,200 being offered in premiums for these various events. The "big doin's" will last for two days, and everybody for miles around is invited to attend and enjoy themselves. Elsewhere in this newspaper will be found published a program of the events for which premiums are offered.

## FARM BUREAU SPEAKERS HERE LAST FRIDAY REPORT VALUE OF HARMONIC ACTION FOUND ON RECENT INSPECTION

Nearly 400 farmers, members of the Farm Bureau, their wives and children, also several Littlefield citizens, attended the speaking held at the Palace theatre last Friday afternoon.

It was the occasion of the report by Mrs. F. F. Revier, Lamb County representative on the women's special tour of investigation in Utah, Colorado and California to the more of co-operation among farmers and fruit-growers of the three states.

The meeting was in charge of J. W. Smock, county representative of the Farm Bureau, who outlined the report and urged close allegiance to the farmers of this section for their good.

A. Overstreet, of Lubbock, a director of the Farm Bureau, explained the co-operative cotton gin proposition, but stated it would be impossible to organize one here at the present moment of the excessively high interest rate on cotton gins prevailing in this section.

D. Cogdlin, district representative of the Farm Bureau, from Ennis, gave an inspirational talk that was received by the auditors. A quartet which sang two numbers at the first each member sang his own. One representing the cotton gin, another the banker, a third the manufacturer, and a fourth the merchant—a regular badlam of individuality. In the second number they sang together representing the results accruing from co-operation. It was a good illustration even in the room catching the idea.

Mrs. Revier, in her address, declared that Texas, as a state, was far ahead of California in numerous ways, but her farmers are not getting the benefit of these assets simply because they are not cooperating in their efforts as they should. "When the price for walnuts dropped owing to the high cost of living walnut growers were worried. They had to make the world want walnuts. But instead of cursing the government for the business slump they hired some "high powered" business men to help them think. Soon we began reading ads about walnuts being better and cheaper than meat and cheese and people were asked to use them in an effort to reduce the cost of living. The walnut sold and at a profit. Of course a walnut is not better or cheaper than meat, or cheese, but the advertising did its work. CO-OPERATION did the job. One farmer would have failed.

"Californians get a good price for eggs 12 months in the year, while Texas poultry growers are compelled to take what some produce man offers them. Co-operation, that is all. Of course the California egg is better than the Texas egg, as a rule, but there is no reason why it should be. As a matter of fact the Texas egg, because of climatic conditions, should be superior to the California product if Texas farmers were half as careful to raise quality products. "Californians co-operate—that is why they succeed. There is no good reason why a South Plains farmer should have to sell eggs for less than 25 cents a dozen, and he would not if he would follow the example of the Californian. We have no one to blame but ourselves. Eventually Texas farmers are going to wake up, but until they do they are going to work for nothing. Californians have seen the light, and Texans are looking for it. At the close of the speaking two reels of moving pictures were gratuitously shown by the management of the theatre, much to the delight of those attending.

### Wake Up!

By Albert T. Reid

## THE CROCKETT AIR LIFT PUMP PROVES A GOOD INVENTION

Two very successful demonstrations of the Crockett valveless pump have been made in Littlefield during the past week. One of these demonstrations was made on a well belonging to the Yellow House Land Co., located about three miles east of town, and the other on one of the city wells. In the first demonstration the new pump threw an average of 400 gallons per minute, from a two inch pipe. Turning the steam through the nozzle of a fire hose, it threw it to a height of about 75 feet.

The pump demonstrated here is the first of its kind made, and is an innovation in pumping apparatus, being without valves of any kind, and no moving parts of any character whatever, save a single vibrating piece of hard rubber that changes the working chambers.

The pump is operated by an electric motor and air compressor, air being forced into the two chambers of the pump located in the well and just above the water line. The stream is continuous, while one chamber is filling another is discharging.

On account of the inefficiency of the present centrifugal pumps on the Littlefield municipal water plant, the purchase of one of these new type inventions is being seriously considered by the commission.

This pump is the invention of Edgar Crockett, formerly of Kansas, and a brother to L. R. Crockett, mayor of Littlefield. It is claimed by the inventor to be something entirely different in principle and efficiency from anything heretofore placed on the market, and is claimed it will entirely revolutionize the matter of water lifting.

A company, composed largely of Littlefield citizens has been organized for the purpose of manufacturing and selling these pumps. They are to be made in different sizes, according to the duty assigned them. There will be pumps small enough for household use, while others of larger design will be for various commercial purposes. There will also be the big type to be used for farm irrigation projects and municipal water-works plants.

Since the patent on this new pump is still pending, details of its construction have not yet been made public, but it is claimed by engineers who have watched its performance that the inventor in its construction has made a discovery that will be of untold value to the world in general.

### LAMESA GINNED FIRST BALE

Lamesa ginned its first bale of cotton for this year, last Saturday. W. M. Peterson was the fortunate grower selling the staple to the Dykes gin company, who paid him \$21.25 for it. They also bought the seed.

The weight of the bale was 506 pounds. Peterson also received a premium from the business men of Lamesa for the first bale.

Mr. and Mrs. Arthur P. Duggan and son, Arthur Jr., spent Sunday with relatives in Lubbock.

### World Student Record

Neil A. Blue, of Vernon, Fla. has set a high school and college record by finishing the two full courses of seven years in 29 1/2 months. He will receive his A.B. degree at Florida University at the end of the summer term.

## LEVELLAND IN BIG CELEBRATION FOR NEW COURT BLD'G

Another milestone of progress and achievement was marked in Levelland and Hockley county last Saturday, amid celebration on the part of its citizens, in the breaking ground for the new courthouse.

Miss Hockley county, in the person of Miss Lolan Bowers, spaded but the first dirt for the corner stone of a new \$150,000 structure, while hundreds of people of Levelland and Hockley county looked on with satisfaction. The very spot where the dirt was moved was surrounded by open acres of pasture land six years ago, with only 137 people in the county. Today the spot is surrounded by a progressive and modern city of 1,100 people, 27 brick buildings, two of which are modern school structures, a hotel, four gins, five churches, an adequate electric power plant and system and a county that produced 29,000 bales of cotton last year on 750 farms with room 'yat for over 4,000 farmers.

### NEW CAFE OPENS HERE

The Owl cafe, J. L. Wynn and A. A. Anderson proprietors, located in the Ha less building, just west of the Yellow House land office, opened for business last Monday.

On the opening day the congenial proprietors displayed their hospitality to the public by gratuitously dispensing about 25 gallons of coffee and 400 ham sandwiches to the callers. The new concern will serve both regular meals and short orders. The place has been refurnished in white, neat and sanitary, and new fixtures have been installed.

Mr. and Mrs. J. I. Wingate and family spent Sunday with friends in Levelland. He reports big preparations being made for the new court house there.

reason why a South Plains farmer should have to sell eggs for less than 25 cents a dozen, and he would not if he would follow the example of the Californian. We have no one to blame but ourselves.

Eventually Texas farmers are going to wake up, but until they do they are going to work for nothing. Californians have seen the light, and Texans are looking for it.

At the close of the speaking two reels of moving pictures were gratuitously shown by the management of the theatre, much to the delight of those attending.

### FARMER LOOSES EYE

Joe Barberick, a farmer living 10 miles northeast of Littlefield, happened to a serious accident Thursday of last week, while out hunting.

According to report, the gun he was using backfired, and in some manner the lick put out his eye.

He was taken immediately to Lubbock for treatment.

## TECH COLLEGE HAS EIGHT FOOTBALL GAMES SCHEDULED

LUBBOCK, August 22.—Eight games, all of them offering hot football competition for the local collegiates, have been announced for the 1927 schedule of the Texas Tech Matadors by Coach Ewing Y. Freeland. Beginning September 6, the 75 or more enthusiastic for the eleven will be put through a strenuous training period, the first two weeks to be spent in preliminary and fundamental football practice.

Coach Freeland will be assisted by Assistant Coaches Grady Higginbotham and Victor Payne. These three men plan to present one of the most formidable elevens ever to appear on a Texas gridiron. With the array of Freshmen players who have signified their intentions of attending school and with the return of practically every one of the 20 lettermen, the coaches are assured of plenty of material for the team.

The Tech youngsters will face some of the strongest teams of the state, two of them being leading contenders for the Southwestern conference title. T. C. U. will meet them at Ft. Worth on October 8, and Texas A. & M., will journey out to Lubbock for a game on October 28. Sprinkled in between will be games with the leading teams of the T. I. A. A., and Texas Conference.

Below is the schedule for the season:

- Sept. 23, Panhandle Jr., A. & M., Goodwell Okla., at Lubbock, (not certain.)
- Oct. 1, St. Edwards, Austin, at Lubbock.
- Oct. 8, T. C. U., at Ft. Worth.
- Oct. 15, Simmons, Abilene, at Lubbock.
- Oct. 22, Sul Ross, Alpine, at Amarillo.
- Oct. 28, Texas A. & M., at Lubbock.
- Nov. 5, Daniel Baker, Brownwood, at Lubbock.
- Nov. 11, A. C. C., at Abilene.
- Thanksgiving, West Texas State Teachers, Canyon, at Lubbock.

help keep Littlefield clean.

## Oh Boy—

We are surely planning on some big time during the celebration here Friday and Saturday! There will be lots of folks and lots of fun for us all.

But while you are enjoying yourself, also, do yourself the favor of getting some REAL pleasure by saving some good hard earned money on your grocery purchases.

"M" System Stores have the reputation of selling Groceries cheaper than individually owned concerns, and we live up to that reputation. Our goods are bought in large quantities and at lowest possible prices. The "middle man" is eliminated, our customers getting his profit through our lower retail prices.

Our stores are chock full of high grade, fresh, staple and fancy groceries. We can always please you!

Make our stores your headquarters during the Celebration, Friday and Saturday!

JONES BROS.

## WEST TEXAS

By West Texas Chamber of Commerce.

Loraine.—The people of Loraine have organized into a Citizen's League, the purpose of which is to promote the upbuilding of Loraine and the surrounding country. C. E. Green is president, and Alonzo Philips secretary. Meetings are to be held a month.

Trent.—Despite decrease in business at the oil field and unusual inactivity of this season, Trent is continuing to grow, and is preparing to take care of a big business this fall. Several business buildings and residences are undergoing improvements or are under construction.

Slaton.—The sixth monthly luncheon of the Slaton Chamber of Commerce was staged this week, and it proved to be one of the most enthusiastic held this year. The program was in charge of the industry committee of the organization and brought to light many phases of industrial development in this section.

DeLeon.—A record purchase of 14 carloads of fine Hereford and other pedigreed stock of cattle has been made in the DeLeon territory within the last 30 days. The purchase indicates a part of the movement here toward greater diversification.

Ballinger.—Twentyfive blocks of new paving have been ordered by the City Commission here. Work on this project will start within 30 days. A cost of \$75,000 is represented in this movement.

Sweetwater.—Sweetwater's handsome \$200,000 municipal auditorium has been formally opened. The Sweetwater Gold Medal band, official music makers for the West Texas Chamber of Commerce this year, played at the opening program, and has been given an official headquarters in the building, where it will hold practice hours Wednesday night of each week.

White Deer.—Contract has been let for three blocks of brick paving. A white way system is to be installed as soon as the paving program will warrant the same.

## West Side of County

Mr. and Mrs. Henry J. Pierce and daughter, Margart, and Welford Thornton, of Amabillo, were visitors of H. J. Pierce and family last week end.

Martin Chisholm left last week for Dimmit, where he will work on the Whaley ranch.

J. B. Moore, of Austin, is here this week looking after crops on his place, and attending to other business.

H. J. Pierce returned last Friday from Austin, where he went on business.

Miss Juanita Bigham, Frank Bigham and Cecil Cox are visiting friends in Quannah and Wichita Falls.

Crops in this vicinity are looking fine.

A large crowd enjoyed the ice cream supper at the home of Miss Algerita Hood, last Friday night.

Misses Atomia and Mildred Reed are visiting their sister in Plainview this week.

### MRS. F. L. TOLBERT HOSTESS

Mrs. Frances Lee Tolbert entertained last Wednesday afternoon with a bridge and forty-two party, honoring Mrs. W. G. Street, Littlefield, and Mrs. G. M. Shaw, Lubbock.

The colors, green and white, were carried out in the decorations and refreshments. The bridge tables had dainty green card holders, and the favors for forty-two tables were green vases, filled with pink roses.

After the games, refreshments of green and white brick ice cream, angel food cake with green icing, and green punch were served to the following ladies:

Mesdames L. T. Allbrant, K. F. Allright, J. H. Arnett, W. D. Arnett, E. A. Bills, Pat Boone, M. M. Brittain, J. P. Butler, A. C. Chesher, J. E. Chisholm, C. C. Clements, B. L. Cogdill, E. G. Courtney, R. A. Davis, A. P. Duggan, J. T. Elms, M. W. Eiter, S. J. Farquhar, W. H. Gardner, T. T. Garrett, W. W. Gillette, C. L. Harless, J. H. Harless, B. M. Harrison, A. G. Hemphill, J. C. Hilburn, Lena Howard, H. R. Hudson, T. Y. Cassey, E. A. Logan, Ben Lyman, Joe E. Perkins, J. W. Porcher, W. H. Rutledge, G. M. Shaw, Robert Steen, W. O. Stockton, W. G. Street, R. S. Thomas, P. W. Walker, J. E. Whicker, E. H. Williams, Harry Wiseman.

### METHODISTS TO HAVE SOCIAL. REV. D. B. DOAK IS TO PREACH

The Women's missionary auxiliary of the Methodist church met at the home of Mrs. M. R. Reed, Monday afternoon.

Mrs. E. G. Courtney led a very interesting lesson from the Missionary Voice. Mrs. Joe L. Perkins spoke on "Mexico," which was quite informative. Mrs. Frances Tolbert gave an interesting reading. This was followed by a business meeting, making plans for the supper to be given on the church lawn, Monday night, August 29, after which Rev. D. B. Doak, presiding elder, will preach, and the quarterly conference will be held. Every Methodist is urged to attend this occasion.

### BAPTIST MISSIONARY

Mrs. W. O. Grey entertained the Baptist missionary society Tuesday afternoon.

A very interesting program on "Latin America" was conducted by Mrs. L. W. Jordan.

Delicious refreshments were served by the hostess, assisted by Mrs. J. C. Barnes and Mrs. Homer Hall. Mrs. E. Mueller extended an invitation to the ladies to spend the day at her attractive country home the fifth Tuesday in August. The ladies will meet at the church on that day, at 10 o'clock, with something to add to the lunch and ways to get out there will be provided all who wish to go. Plans were also made for the food sale and lunch to be served at the Sedler building, Saturday, August 27.

### ATTENTION, YE PUPILS!

All sophomores, juniors and seniors are asked to come to the high school building, Monday, August 29th, for registration.

All freshmen are asked to report Tuesday the 30th.

B. M. HARRISON, Sup't.

### AMHERST ORGANIZES BAND

A band of 20 pieces was organized last week at Amherst. C. H. Lam, formerly with the Simmons Cowboy band, at Abilene, is director.

Several of the members are purchasing new instruments.

Adrian Tolbert, of Pampa, who visited last week with Mrs. Frances Tolbert, left Friday for Miami, and was accompanied by W. V. Tolbert.

There is probably nothing in the world that gives a man that tired feeling quicker than to have another man say, "Why don't you do as I do?" You'd never dream from giving clothesline the once over that costs about five times as much as dress a woman as it used to.

# Specifications of the New Model FORD

Every day we have dozens of inquiries regarding the NEW MODEL FORD CAR.

Everyone is anxious to know when it will be on the market when they can see it, ride in it—and buy it. And yet the specifications have not been announced by the Ford Motor Company but in Mr. Ford's wire to us he says that the new model will be superior in design and performance to any now in the low price car field. The new model Ford will be noted for its—

## SPEED STYLE FLEXIBILITY EASY CONTROL

"It will be more costly to manufacture but more economical to operate"

Speaking of speed—very few people know that in 1902 the Ford was the race track champion of the United States. At the time the whole interest of the public was in racing cars. Ford set to work to build the fastest car in the world, and on December 1st, 1902, he lowered the national automobile record for a mile to one minute and one second and thereby won the track championship of the United States.

Now about the new model Ford Car—we hope to have it on display in our show room soon. No doubt, complete specifications and prices will be announced before that time, however we have orders on file covered by deposits and delivery of the new car will be made in the order in which deposits are received. A \$25 deposit places you in line to receive your new car at the earliest possible date.

Mr. Ford has been working on this model for several years. He has set his mind, his wealth and all the forces at his command to the task. We have reason to believe that there will be "nothing quite like the new car in quality, price and design."

In the meantime the sales record of the present car, Mr. T. has set a record that will never be equaled by any other manufacturer—over 15 million Ford cars in 20 years—a record that will long be remembered and commented on. We have a few of TODAY'S model on hand—the best car at the low price ever made by the Ford Motor Company.

Roadster \$360—Touring \$380—Coupe \$485

FORDOR \$545—TUDOR \$595—TRUCK \$325

f. o. b. Detroit

### And Also—

We have the used car you want—at a price you will be glad to pay. Every car is in good condition, priced reasonably and will sell on terms to responsible parties.

GIVE YOUR FORD CARE FORD CARE! Nowhere you find a Ford shop so completely equipped with machinery expert mechanics—ready at all times to extend you a cordial and satisfactory service.

# Cooking Chats with 6 Famous Cooks

Editorial Note: This is one of a series of cooking articles by 6 famous cooks.

## Carolina and California Meat Recipes which Satisfy

Almost everyone enjoys meat," says Miss Rosa Michaelis, the New Orleans cooking authority. "It's highly nutritious, because of its high protein content. It contains valuable fats, mineral salts, and important vitamins."

MISS ROSA MICHAELIS

### Carolina Broiled Steak

Steak is especially good when broiled. Be sure to select a tender steak, preferably 1 1/2 inches thick. Have the skillet piping hot, and broil the steak on the outside, searing it quickly. Turn often. Use two skillets and try not to puncture the steak. Keep all the juices in. Steak should be cooked rare in 10 minutes. Well done in 15. If done as you prefer it, place on hot platter. Season with pepper and butter, and serve piping hot.

For frying steak you need a vegetable. If you use an oil stove with a chimney burner, you will get satisfactory results by turning the same until yellow to the inside, but 1/2 inches high above the area.

### California Peppers

Mrs. Belle DeGraf, San Francisco home economics counselor, a veteran of California studies, prepared West Coast pot roast.

For the former, select short, lump peppers; cut off tops and remove seeds. Put in a saucepan and cover with boiling water to which has been added a bit of soda the size of a pea. Let peppers stand in water about 10 minutes. Drain and use each pepper in a grease-limped pan. Then fill with the following mixture:

Mix 1 1/2 cups boiled rice with 1 cup of minced ham and 1 cup of very sauce. Add 2 tablespoons of melted butter to 1/2 cup of dry fine bread crumbs and place on top of rice. Serve with sauce.

### West Coast Pot Roast

Select not less than 4 pounds of meat from the round. With a sharp-pointed knife make deep incisions 1/2 inch in stuffed olives. Make not 1/2 inch incisions. Sprinkle meat with salt and pepper then dredge in flour.

Heat 2 or 3 tablespoons of beef tallow and brown meat on all sides. Then add 3 cups of boiling water, 1/2 teaspoon salt and one onion for each person. Stick 2 whole cloves in each onion and add to meat.

Cover closely and cook over a low fire under boiling point until meat is tender, about 1 hour for each pound of meat. Keep about the same amount of water in the kettle, adding more as it cooks away. When cooked, remove meat and thicken gravy.

The best oil stoves are designed for woman's convenience and comfort. Their cooking surface is 22 inches from the floor, just like a kitchen table. This makes bending or stooping totally unnecessary.

### Veal Birds

Try veal birds once, and you'll want to cook them often in the way suggested by Mrs. Kate Brew Vaughn, director home economics department, Los Angeles Evening Express.

Slice veal off loin cut thin (1 1/2 lb.). Season with salt and pepper to taste. Sprinkle with bread crumbs and very dressing. Sprinkle with 1/2 tablespoonful lemon juice.

Season with 1/2 cup cream. Brown well on one side. Dredge with flour, salt and pepper and put in the center of each a tablespoonful of bread crumbs seasoned with savory dressing and a few drops of onion juice and onion (1/2).

Bring the birds together as nearly as possible in a shape of a bird as possible and tie with a strong string. Fry slowly until a golden brown in two tablespoons butter in a pudding pan.

Then cover with 1/2 cup cream. Place in hot oven for 20 minutes (page 2). Remove the cover from the casserole and allow to brown for ten minutes. The drippings in the pan may be used for gravy, if desired.

### Ham and Raisin Sauce

Ham with raisin sauce is delicious. It can be cooked in 30 minutes according to Mrs. Vaughn's recipe.

1 slice ham (1 lb. 10 oz.)  
1 cup brown sugar  
1 tablespoon cornstarch  
1/2 cup water  
1/2 cup vinegar  
1/2 cup raisins

Place slice of ham in oven 400 degrees F. in a small baking pan. Add sugar, cornstarch in squares and add water and vinegar slowly, stirring until thick. Add raisins. Cook for 45 minutes pour the raisin sauce over ham and continue to cook for 10 minutes longer.

Soiled linens may be restored by washing and soaking the spots. Then cover with finely powdered milk and rub it in well.

## Vocational Agriculture Department

By N. A. DONGES  
Teacher, Vocational Agriculture in Littlefield Public Schools  
PULL FOR COMMUNITY FAIR AT LITTLEFIELD THIS FALL

Now is the time to start organizing for the Community Fair that Littlefield is going to have this fall. If we plan early for this fair, when the time comes to put it on we will be ready and the fair will be successful.

With the wonderful crops being raised and cotton hitting at 20 cents, there is no reason why you, Littlefield Farmer, should not be in the proper spirit to crank up old Lizzie and bring that fine cotton, corn, kafir, sudan, etc., to the fair, and prove to everybody (your neighbor especially) that you are the best farmer on the plains.

Lets have a real fair in Littlefield this fall. We ought to put on a fair that will show the other towns of the South Plains what community spirit and co-operation will lead to. Lets put on such a fair that other towns will be wanting to show their products at our fair next year.

With all the fine stuff growing around Littlefield this year there is no reason why we should not send an exhibit to the Dallas fair and bring back from there some prizes and blue ribbons.

We've got the stuff, come on lets show 'em!

### HOG CHOLERA

There are a few cases of hog cholera on farms in the Ellwood section it was learned from the veterinary man from Lubbock.

How to detect Hog Cholera  
It is fairly easy to detect hog cholera. The hog will have a "droopy" appearance; head hanging down, ears loose and over the eyes, tail down and the hog looks sick all over and becomes very weak. Frequently large red and bluish blotches will be found on the stomach and the large intestines. The kidneys will be found to be speckled like a turkey egg. Frequently the lymphatic glands in the mouth will be found to be swollen. Not all of these symptoms will be found on the same animal.

Method of Prevention  
The only way to prevent infection is to immunize the hogs with the cholera serum.

However, if the hogs are kept in good healthy condition by feeding a balanced ration and keeping a good mineral mixture before them at all times to keep the mfree of worms. The hog pens and lots should be disinfected with some good disinfectant such as Kreso Dip. This should be used to clean the watering trough with, also, and give a very little in your drinking water.

And it is very important to keep anyone who has been around cholera away from your farm. DON'T let them come near your hog pens.

### PRESBYTERIAN AUXILIARY

The ladies of the Presbyterian auxiliary met Tuesday afternoon at the home of Mrs. M. M. Brittain, with Mrs. W. G. Street, president, in the chair.

Following the business session and roll call, Mrs. A. P. Duggan led the devotional, assisted by Mrs. C. A. Dugger, Mrs. A. C. Chesher, Mrs. H. Wiseman and Mrs. E. A. Bills.

Mrs. W. B. Ritcheson had charge of the lesson subject; "Orientals in America." She was assisted by Mrs. Jess Mitchell, Mrs. W. G. Street, Mrs. E. A. Bills and Mrs. J. S. Hilliard, the lesson proving exceptionally interesting.

At the close of the program, a social hour followed, and the hostess, assisted by Mrs. E. A. Logan and Mrs. T. T. Garrett, served an ice course to 22 members, Mrs. R. A. Davis being a guest.

The ladies will meet next week with Mrs. K. F. Allbright, and the roll call will be a Scripture verse beginning with the letter "R."

The society met last week with Mrs. Garrett, 26 members being present.

The reason some people haven't much use for religion is because, according to it, their money doesn't make them any better than their neighbors.

## LFD SCHOOLS HAVE GOOD FACULTY OF TEACHERS FOR 1928

The Littlefield public schools will open September 12. All the teachers will attend the institute to be held in Lubbock, September 5-9.

Fifteen counties will participate in this institute, and an attendance of more than 1,000 teachers is expected. The chief feature of the institute will be the addresses of Dr. J. F. Husic, professor of education in Columbia University. He will speak twice each day.

The members of the Littlefield school board believe they have employed a strong faculty, and the outcome for the year is the best in the history of the schools. Six new teachers have been employed in the high school, but only two new teachers have been employed for the elementary grades. The high school is now fully affiliated and teachers and pupils can do better work, realizing that the different courses are organized and taught according to the standards required by the State Department of Education.

Littlefield now has twenty-four and one-half credits of affiliation, which is more than any other school in Lamb county, and also above the average of high schools throughout the State of Texas. The faculty for the coming year is as follows:

High School  
B. M. Harrison, Supt.; F. O. Boles, Prin.; Miss Lennie Mangum, English; Miss Lillian Busher, English; Miss Mary Porter, Science and Math; John R. Tucker, Math, and Coach; Norman Donges, Vocational Agriculture; Miss Dorothy Nettleton, History and Latin;

Miss Helen Moore, Spanish; Mrs. Elena Kent Allen, Public Speaking and Physical training; Mrs. Jimmie Brittain, Home Economics; Galon Irvin, Manual Training.

Grammar School  
J. E. Chisholm, Principal; Miss Dahlia Hemphill, Miss Lucille Killough, Miss Thelma Killough, Miss Evelyn McDonald, Miss Nellie Duggar, Mrs.

Frances Tolbert, Mrs. Stanley Lambert, Mrs. E. S. Rowe.  
Primary School  
Miss Vivian Courtney, Mrs. Annie Wiseman, Mrs. Joe Perkins, Miss Margaret Teel, Mrs. Bessie Baze, Mrs. Ray Jones, Miss Vada Walden, Miss Audie Terrell, Mrs. B. M. Harrison.

Keep in good repair fences around

the pasture where the calf grazes. Do not teach the calf to jump or be a rogue by allowing it to run at large or go through or over poor fences. Better have a gate for it to walk through than bars to jump over.

And the fact that she happens to think as she does won't keep a man's wife from contradicting him.

## THE WORLD'S FINEST OIL STOVE

### THE PERFECTION with Superflex Burners

With the fast-as-gas Perfection with Superflex Burners in your kitchen you will not envy housewives who cook with gas. The Superflex Burners are extra fast types of the famous long chimney burners—no smoke, soot or odor. Come in and see the newest models—finished in two-tone gray with porcelain enameled cooking top.

# Steak sears instantly

**The PERFECTION Oil Cook Stoves and Ovens**

We have different models of the world's leading oil stoves. Let us put one in your kitchen. You'll be pleased!

**LITTLEFIELD FURNITURE COMPANY**

**The PERFECTION Oil Cook Stoves and Ovens**

**Ready in 10 minutes**

Steaks cook "right to your taste" on the latest Perfection Stove!

Touch a match to the wick. Intense, gas-like heat pours up the long chimney. Heat covers the entire cooking surface of skillet or broiler. It's not focused on one tiny spot. That's why steak is always so well cooked on the newest Perfections. Only 10 minutes to fry a steak 1 inch thick! For best results use a flame with yellow tips 1 1/2 inches high above the blue area.

Perfection Stoves give best results for all kinds of cooking—frying, broiling, toasting, boiling, baking. They burn kerosene, the safe fuel. Ask any dealer to demonstrate.

New color combinations, many with porcelain enamel tops: Perfections are priced from \$7.25 for a one-burner stove to \$130 for a five-burner range.

**PERFECTION STOVE COMPANY**  
Dallas Branch—825 Trunk Ave.

**Color in Newest Perfections!**  
Gray porcelain enamel tops. Gray legs. Satin-black body finish. White enamel warming cabinets. Large white front ovens. On newest Perfections, and all those with Superflex burners.

Miss Rosa Michaelis says—  
"Steak cooks thoroughly, brown and juicy, on the Perfection Stove."

Texas Press Association

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses.

Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

## A THOUGHT FOR THE WEEK

So teach us to number our days that we may apply our hearts unto wisdom.—Psalms 40:12.

Full often we see cold wisdom waiting on superfluous folly.—Shakespeare.

## RATS ON THE RUN

So much big news comes out of Washington City that the average Littlefield citizen is apt to lose sight of some of the things which really deserve his attention, and which have a direct bearing on his daily life. We are too interested in war talk to catch every bit of gossip that has to do with our peace and comfort.

That is why we believe very few in this vicinity have heard the glorious news from the Department of Agriculture to the effect that there has been a vast decrease in the number of rats in this country in the past few years.

The report says the rats are on the run, and that at the present rate of extinction they will soon be as scarce they will actually be a novelty. Metal grain bins are driving them from the farm, and the disappearance of stables and barns, now replaced by garages, sounds his death-knell in the city. Not only that, but he has been recognized as a carrier of disease, and patent rat killing nostrums sold all over the land are doing their part toward his elimination.

There are not as many flies as in former years, we know that. Maybe the auto has had a part in this, since our highways and streets are cleaner than ever before. But whatever the cause, we are thankful for the effect. Now if we are soon to be without both flies and rats this part of the world ought to commence to feel like paradise.

A breakfast room may have attractions, but most of the big jobs are held by men who ate breakfast in the kitchen.

## SELF SERVICE

Many good folks are lamenting the passing of the era when men and women consecrated their lives to unselfish service and prepared themselves to become ministers, missionaries, teachers and country doctors that they might administer to the spiritual needs of humanity without thought of large worldly gain. They are not in error when they charge that modern men and women are choosing vocations today in which they can do the greater service to themselves.

People today are coming to the belief that the best way they can help others is to produce much that their profit shall be large and that they shall never become dependent upon society. The old idea of service was direct. The new service is indirect. Twenty years ago it was still thought that only ministers, doctors and teachers served humanity. Today every workman who carries his whole day's wage home is known to have earned that wage in service to humanity and society at large.

Elbert Hubbard's version of the Golden Rule was, "Do unto others as though you were the others," but an even more up-to-date version is, "Do yourself much good and no bad to others." Getting something for yourself is reprehensible only when it is gotten at the expense of another.

Prohibition may not have done anything else for the country, but it has reduced the number of men who think they can sing.

## WHEN CARE IS NEEDED

In a recent house-to-house canvass in a Missouri town it was found that 12 per cent of the women residents use gasoline for dry cleaning, while kerosene is used in 11 per cent of the houses visited, chiefly for starting fires. We do not know if the percentages will run as high in Littlefield, but we do know that enough of our homes contain gasoline and kerosene to make a warning necessary.

There is only one safe way to use oil in kindling a fire; that is to put a few pieces of kindling wood or tightly rolled newspaper in a can of oil and then lay the oil-soaked wood or paper under the heavier kindling or coal. If there is any possibility of a live coal in the ashes, light the kindling before it is placed in the fire box of the stove.

And in using gasoline for cleaning articles of clothing don't forget that it is never safe to rub the garments when they are taken from a pan of the liquid. Even the friction of rubbing will cause an explosion.

There is a right and a wrong way to do everything, and this applies particularly to explosives.

The people who pay the highest taxes have only to go around and collect it from the others.

## DULL SEASONS

Once an ingenious merchant discovered that the logical time to advertise was when business was slow and in the periodic dull season of the year. Reducible as it may seem, before that discovery the average business man slowed down in his advertising when business slowed down. He generally ended up the dull seasons with a quarterly sale, but as far as his newspaper advertising was concerned there was no advertising when there was no business.

The modern business man holds a different conception of the purposes and uses of newspaper advertising. When business is not upto his satisfaction he brings it up through increased advertising, so that now, the merchant schooled in productive advertising, knows no dull seasons nor much diminished business.

The modern business man necessarily figures that it costs him more to get business during the dull periods, but it pays in the long run, even if there is not quite so much profit in it, for it meets running expenses and holds customers to his place of business so they will return when the real big buying season comes on.

The president's new leather pants ought to help him some through the mosquito season.

## WHY IS IT?

We usually find answer to our own question, but here is one that stumps us, and one we'll have to ask Littlefield auto drivers to answer for us.

Why is it that motorists forget all about courtesy and etiquette when they get behind a steering wheel?

Few men seldom think of swearing at one another at the dining table if they don't pass the salt as soon as it is asked for. And most everybody says "Please." But behind a steering wheel there's loud hanking or a curs word or two if the driver ahead doesn't start up soon enough, and we never hear the word "Please" coming from the driver's seat.

We spurt around corners regardless of others; we slam on the brakes, and instead of taking an accident

# Dr. Frank Crane Says

PLAY THE AVERAGES AND BE SAFE

A young man by the name of Orrell, who was a cashier for a brokerage firm, has recently been arrested on a charge of swindling his employers out of some \$244,000.

He took this money a little at a time and always hoped to pay it back by making favorable plays in the stock market. He pinned his hopes on the advance in prices of breakfast foods and steam locomotive stocks. They didn't lead him to the hill of prosperity as he imagined they would, but they dumped him in the ditch.

He now says to himself, according to the newspapers, that he is "just another sucker."

There have doubtless been many great fortunes made by lucky chances and many people have struck oil wells or gold veins or diamond pockets. Others have had rich uncles die and leave them a lot of money.

There is no discounting this and no attempt to prove that it is not so. Gambling does not always lead to misfortune. Some players at Monte Carlo come away with a smile and a pile.

But the point is, the chances are all against them. For every one man who succeeds and who you hear of

calmly and surely, we yell at one another.

Why is politeness left behind or forgotten by most drivers the minute they step into their car? We have plenty of room in these columns to print the answer.

Politics make strange bedfellows, they soon get used to the 'bunk.'

## LITTLE LEADERS

Current styles in Littlefield seem to run at the rate of a half yard of goods to the yard and a half of girl.

The Littlefield man who thinks the modern girl doesn't get much out of things ought to see her unloading a vanity case.

The greatest shock the average Littlefield father gets is to hear his son refer to him as the "old man" for the first time.

Some Littlefield men keep their nose to the grindstone so that their wives can turn theirs up at the neighbors.

We wonder how many fellows around Littlefield can recall the good old days when collecting cigarette pictures was a national hobby.

One by one Littlefield sheiks are coming to realize that America never had a hero who kept his hair slicked down like patent-leather.

We read where London society has taken up "flea collecting" as a new hobby. But it isn't new here, for Littlefield dogs have had their own private collection of fleas for years.

Why is it most Littlefield fathers think every young fellow who comes

about, there are thousands who fall and are never noted.

The shrewd man bases his acts of life upon averages. He recognizes that there is much luck in human affairs. But there are certain laws of averages and life is a balance of probabilities.

The difference between a clever man and a fool is that the former pins his hope upon the general laws and the chances are in his favor, while the latter fatuously believes in the exception and usually gets stung.

If life means anything to you, don't unnecessarily risk it.

If you want fame and fortune, don't pit them on the turn of the card.

Study to find out what the law of averages is and follow that law.

The wicked sometimes prosper and unjust and tyrannical people are successful, but the average is against them, and in the end they usually suffer.

The man who minds his business and never takes chances unless he has to is running along with the laws of the universe. He is trusting to the co-operation of events and they do not fail him in the end.

Being good is merely having confidence in the laws of average.

to the house is trying to marry his daughter, while every mother is afraid he is not?

The Littlefield postmaster suggests that rural mail carriers should always take along a pair of scales so they can weigh the new babies for the women folks along their routes.

## This Week's Poem

SONS OF THE WORLD  
When my little son is sobbing in the night

I wake so dazed and distressed;  
I feel there's something very wrong.  
Ah there! The sob again—repressed!

Right well I know the cause—  
An aching, weary little limb,  
I leave the warmth and comfort of my bed,  
And, Oh so gladly, minister to him.

And when he's sleeping once again  
And all the pain gone—quite,  
I lie and pray for all the loveless little boys  
That are sobbing in the night.

—FRANCES LEE TOLBERT

## NOTICE FOR BIDS

Notice is hereby given to all persons, firms and corporations desiring to act as depository of the funds of the Littlefield Independent School District for the scholastic years beginning September 1st, 1927, and ending August 1st, 1929, that sealed bids, stating the rate of interest offered on said funds will be received by the undersigned not later than the 30th day of August, 1927, and all such persons, firms and corporations desiring to submit bids are hereby notified to place sealed proposals in the hands of the undersigned before said date.

—C. O. STONE, Secretary, Littlefield Independent School District, of Lamb County, Texas.

# MOVING NOTICE

This is to advise our friends and patrons that we have moved the Chevrolet Sales and Service business from our former location on Main street to the garage building just west of the First National Bank.

In our new location we will have more room and be better equipped to handle the business of our customers.

## Complete Battery Service

See us for your battery work. We have installed a complete charging and repairing outfit, and placed in charge of it a competent workman. Prices reasonable and satisfaction assured.

# BELL-GILLETTE CHEVROLET COMPANY

West of First National Bank, Littlefield

Mr. and Mrs. N. H. Walden and sons returned Saturday from a two months vacation in Corpus Christi, and the Dallas market, where Mrs. Walden purchased goods for her store here.

Rev. C. A. Dugger, of the Presbyterian church, delivered a special sermon last Sunday night on "The Empty Tomb." Miss Nellie Duggan read "Calvary," and Mrs. Frances Tolbert read "The Resurrection."

## A SATISFACTORY SERVICE STATION

—Handling only high grade Gasoline and Lubricating Oils on a close profit margin for the benefit of its customers and stock-holders.

Your patronage will be rewarded with quality goods, courteous service and full appreciation. Give us a trial!

## Texas Motor & Fuel Association

Located on State Highway at Extreme East Side of the City  
J. A. BLACKWELL, Manager. LITTLEFIELD

# Bargains In Land

## Farms for Sale or Trade

School land on 40 years time. Can take care of 76 families on this proposition. First come; first served.

Spade land, well located, in 40 acre tracts and up.

Will accept First Vendor's Lien notes on some good land.

80 acres improved land near Rails. Clear of debt to trade for land here.

100 acres raw land, excepting well of good water, clear of debt, near Pop, to trade for improved land.

52 acres improved land adjoining town-site of Lorenza to trade for improved labor or 160 acres.

160 acres improved land, clear of debt, located near Spur, to trade for income property.

300 acres clear of debt, located near Whiteface, to trade for income property.

Nice 3-room house and lot in Littlefield, clear of debt, to trade for crop. Would consider team and tools.

640 acres of land, clear of debt, near Encino, New Mexico, to trade for improved farm. Would assume debt.

166 acres near Roby to trade for land here. Have improved farms to trade for land off the Plains. Also, ranches, improved farms and city property for trade.

List anything you have for sale or trade with me!

## John W. Blalock

**PERSONAL ITEMS**

Mrs. Doc Miller is in Amarillo this  
 week taking a course in art.

Lloyd Roberson, of Clovis, N. Mex.,  
 is in Littlefield this week on business.

Mrs. W. L. Wade, of Bledsoe, was  
 in Littlefield, Tuesday.

Ricky Cundiff celebrated his 10th  
 birthday anniversary last Friday.

V. C. Walden, of Portales, New  
 Mexico, was in Littlefield, Sunday.

Rev. J. E. Anderson, of Amherst,  
 will occupy the pulpit of the Baptist  
 church next Sunday.

Mrs. Stanley Lambert came in last  
 Friday from Plainview to spend a few  
 days with friends in Littlefield.

Mrs. Jess York, of San Angelo, is  
 this week visiting her mother, Mrs.  
 Selma Yohner.

Miss Virginia Collum, who spent  
 her vacation in California, is back  
 again with the J. H. Motor Co.

Champ Porter, of Portales, New  
 Mexico, is visiting in Littlefield this  
 week.

Mr. and Mrs. T. S. Sales accompa-  
 nied by Paul C. Cuenod and family,  
 returned Monday from McGregor.

Miss Sarah Weaver, who has been  
 visiting her sister, Miss Fannie Weav-  
 er, left Tuesday for a visit in Fort  
 Worth.

Mrs. T. L. McMillan came in last  
 Thursday from a visit to Corona, New  
 Mexico. She will be here for a few  
 days with her daughter, Mrs. C. L.  
 Harless.

Dr. and Mrs. C. C. Clements have  
 moved into the Strange residence in  
 the south part of Littlefield. Mr.  
 and Mrs. G. S. Glenn will occupy the  
 former Clements' home.

Mr. and Mrs. A. L. Wright and fam-  
 ily spent Sunday in Amarillo with  
 Mr. and Mrs. L. Ogden. They were  
 accompanied home by Miss Sidney  
 Yantis.

Raymond Renfro returned Monday  
 from his vacation. He got so home-  
 sick for the South Plains he didn't  
 stay his limit. He says this country  
 looks like a paradise to some he saw  
 while away.

Mr. and Mrs. Pat Boone came home  
 Saturday night from a two week's  
 stay on their ranch in New Mexico.  
 Mr. Boone reports very good rains  
 in that section.

Mrs. Chas. Busher and daughter,  
 Dorothy Agnes, who have been visit-  
 ing Mr. Busher's parents, Mr. and  
 Mrs. R. L. Busher, left Friday for  
 their home in Winters.

Mr. and Mrs. J. R. Cook, after visit-  
 ing relatives in Jacksonville, return-  
 ed home Saturday. Mrs. Cook's sis-  
 ter, Miss Mabel Youngblood, accompa-  
 nied them here.

T. L. Bruce, who has been very  
 ill, is reported to be improving, and  
 is now able to be out. He and his  
 family left Tuesday for a visit in  
 Amarillo.

Mrs. H. L. Lucas, who recently un-  
 derwent an abdominal operation at a  
 Lubbock hospital, came home last  
 Thursday. She is reported rapidly  
 recovering.

Mr. and Mrs. B. B. Womack, who  
 have been visiting his brother, Ed  
 Womack, and sister, Mrs. J. W. Bla-  
 lock, returned Saturday to their home  
 in Brady, Okla.

Mrs. H. J. Gibbs, Mr. and Mrs. J.  
 W. Burselson, of Lubbock, and Miss  
 Louise Donaldson, of Mineral Wells,  
 left Sunday for a visit with relatives  
 in Portales, New Mexico.

Mr. and Mrs. G. S. Glenn and their  
 daughters, Misses Sibyl and Josephine  
 left Saturday for Crowell to spend a  
 few days. Misses Sibyl and Josephine  
 will go from there to Clarksville.

Dean Dugger left Monday for Su-  
 perior, Arizona, where he has accept-  
 ed a position as teacher in the public  
 schools. He was accompanied by his  
 sister, Margaret, who will enter the  
 University of Arizona.

Little Alice Lynn Street celebrated  
 her eighth birthday anniversary last  
 Saturday by inviting a number of her  
 friends to her home, where various  
 games were enjoyed during the af-  
 ternoon.

Mrs. Frances Tolbert entertained  
 her Sunday school class and Mrs.  
 Harrison's class with a marshmallow  
 toast at her home, Monday. Various  
 games were played, weinies were  
 roasted and all spent a delightful  
 evening.

Mr. and Mrs. M. L. Mayfield and  
 family, of Hamlin, have been visit-  
 ing in the home of Mr. and Mrs. J. M.  
 Bridges and Mrs. Mayfield's mother,  
 Mrs. Veazey. Mr. and Mrs. Mayfield  
 returned Saturday. Misses Rose,  
 Grace, Norma and Master Truett  
 will continue their visit until the 1st.

Billie Tolbert entertained a num-  
 ber of his friends last Saturday with  
 a theatre party. The joyous occasion  
 was Billie's 10th birthday anniver-  
 sary. After the show, the young-  
 sters were taken to a local drug store  
 (?) and from there to Mrs. Tolbert's,  
 where the remainder of the afternoon  
 was spent in playing various games.

**THINKING**

Don't Hurt—And Interesting

Professor James Kennell, Dean of  
 New York University, says that scien-  
 tists take too much for granted that  
 strange substance, water, which we  
 understand "as little as we understood  
 oxygen 150 years ago." He tells you  
 "If the active constituent of air were  
 hydrogen instead of oxygen, fires  
 would be extinguished by sprinkling  
 gasoline on them instead of water and  
 fireproof buildings would be built of  
 solid paraffine." A drop of water is  
 a mysterious thing. Magnify its di-  
 ameter from an eighth of an inch to  
 100,000,000 miler in diameter, and  
 the molecules of water would become  
 visible, each made up of two atoms  
 of hydrogen and one atom of oxygen,  
 each atom a little solar system in it-  
 self, forever indestructible, and ex-  
 isting from all time, as far as we  
 know.

Because of vast distances inside  
 that drop, you would need a telescope  
 with it you could see inside that atom  
 electrons revolving around a nucleus  
 at the centre of each atom TRILL-  
 IONS OF TIMES IN A SECOND. Water  
 is mysterious, and so is every-  
 thing—matter, force and conscio-  
 ousness. Things we do not know are  
 more numerous than those we do  
 know. It is not certain that we ac-  
 tually know anything. We are here  
 and don't know how we got here—  
 must leave and don't know where we  
 are going.

We harness and use the electricity,  
 but don't know what electricity is,  
 while we create it artificially with  
 falling water or burning coal. We  
 use a mind or soul and don't know  
 what that is. We hope for immortali-  
 ty, but are not sure about it. We  
 talk of solid matter, and know that  
 it is made up of infinitesimal aggre-  
 gations of electric particles.  
 Nevertheless, we get along fairly  
 well. A little knowledge is enough.

**NOW WE ASK YOU!**

Too many noisy marriages, too many  
 quiet divorcees, says Rev. Dr. Stet-  
 son, rector of New York's Trinity  
 church that looks from Broadway  
 down Wall Street to a convenient  
 dock on the East River. Dr. Stetson  
 fears that we may imitate Soviet Rus-  
 sia, "where divorce is granted without  
 question," and that our government  
 will some day make polygamy legal.  
 He also deplors the power of sex ap-  
 peal.

Scientists, on the other hand, say  
 the one danger threatening the human  
 race is the possible dying out of that  
 same sex appeal, in which case there  
 would be no more children, and the  
 race would fade away. What power  
 was it, or what appeal, that, in Dr.  
 Stetson's opinion, brought about the  
 marriage of Adam and Eve long ago?

## ROTARY MINISTER DISCUSSES HERE AND HEREAFTER

The regular weekly meeting of the Rotarians held last week was in charge of Rev. Neal Dugger, conducted in true orthodox style and according to the hard-boiled ritualism of Scotch Presbyterianism, the well known ecclesiastic delivering a 15 minute address upon the subject of the "ministry," explaining the theories of consubstantiation, single and double Paracletism, laying down a selah-hameicothian rule of ethical behav-

ior for his fellow members, and suggesting mildly the eschatological future of some of the delinquents if they failed to line up to tought.

It is said that several of the members attending understood quite well the stories told by the Rev. Neal, but of his sesquipedalian nomenclature in delineating and elucidating the various fundamentals required of the genus homo to successfully embark from terra firma to the celestial regions of zenith enjoyment, the most of them sat silent and astounded.

The matter of the cemetery association was again discussed, and the committee authorized to handle the matter was urged to complete the or-

ganization and make favorable report. Mrs. G. M. Shaw and Mrs. Frances Tolbert were present as guests, favoring the membership with readings and music greatly appreciated.

While they are placing Bibles in hotel rooms, why don't they slip a couple to the man who makes the hotel rates.

In addition to its numerous other resources, Texas has large iron ore deposits. These lie chiefly in the low hills of Cherokee, Rusk, Harrison, Marion, Cass and other East Texas counties.

## Judge Elbert T. Gary

The Illinois farm boy whose slogan, "It can be done," brought him success and made him the greatest leader in American industries. As Chairman of the Board of Directors of the U. S. Steel Corporation he directed the world's largest industrial unit, a two and a half billion dollar corporation. He was buried this week at Wheaton, Ill., age 84.

## SHOW WINDOW OF SOUTH PLAINS TO BE BIGGEST YET

LUBBOCK, Aug. 23.—Merchants all over the South Plains are co-operating in advertising the Panhandle South Plains Fair which will be held this year September 27 to October 1. While these merchants are boosting the exposition which has been known as the "Show Window of the Plains" on account of the completeness of exhibits each year, officials of the fair are busily engaged working out details for the fair.

The free attractions, carnival, fire works, and other attractions of this nature have been booked. Officials of the fair are busy at this time closing contracts with a number of high school football teams of this section which will make one of the greatest football cards that has ever been offered. The Texas Tech vs. St. Edwards University, of Austin, will be the feature game of the fair, while all the fast high school elevens will be seen in action.

Contracts have been signed with county agents, chamber of commerce secretaries and others for exhibit space in the agricultural building which indicate that the best display of farm products that have ever been assembled will be ready for the gaze of prospective settlers who will come here to see what the South Plains produce.

The livestock show will have the largest variety of stock and the largest number of animals that has yet been gathered on the South Plains, and many of the leading exhibitors of the Southwest will be here competing for honors with their top show stuff.

Superintendents of all departments are busy getting their work complete, in order that all details of the fair will be looked after before the gates are thrown open to the South Plains people September 27. Attendance records are expected to be broken this year. During the past few years, the attendance has surpassed all other regional fairs in this section of Texas, and the South Plains exposition is expected to be far in the lead this year.

## PERSONAL ITEMS

Roy N. Miller made a business trip to Southland, Thursday.

Miss Christine Ogletree spent Sunday with Miss Clare West.

Lloyd Yearry, of Lubbock, spent the weekend here with friends.

C. O. Stone and family, Pryor Hammons and family were in Amherst, Sunday.

E. A. Bills and family left Wednesday for a trip to Eastland, Abilene and Dallas.

Mr. and Mrs. Denny French left Wednesday for Lorence. He has accepted a position there as agent for the Santa Fe railroad.

Some men are afraid of nothing but danger.

## SHOCKING THE SOIL

Donald Woodward, of Leroy, N. Y., is experimenting with a plow that enriches the earth by plowing into it a high electrical voltage. Hamilton L. Roe, of Pittsburgh, who invented the plow, says the 103,000 volts of electricity that it carries, destroys weeds and harmful bacteria, while renewing fertility of depleted farm land and producing crops in record time. The tractor that pulls the plow generates electricity sent through steel blades into the earth.

Many a farmer will be interested in the statement that the use of this plow in a buckwheat field freed the land of quack-grass and weeds, the buckwheat seed germinated in eighty hours and buckwheat plants grew twice as high as those in one half the field that was plowed without electricity, and fertilized with "200 pounds of fertilizer to

the acre." When time and money are applied to agriculture as they are applied to industry some of the farmer's troubles will vanish.

## HOW TO MAKE DRESSING

Thousand Island dressing is a orange dressing in which other flavored materials are added. There is no rule about what these ingredients should be. Some of these and there may be half a dozen hard cheese, hard-cooked eggs, le, olives, radishes, capers, and peppers, pimientos, capers, and herbs is easy to make use of small amounts of such materials as you have hand, rather than to purchase things to make this dressing.

There are still too many who think a grocery clerk is giving them a compliment when he asks if they want it charged.

## Mid-Summer Clearance

## Of Season's Merchandise

In order to clear our shelves of all Summer Merchandise, thus making room for the new goods that will soon begin to arrive, we are starting on Saturday, August 19th, a sale, that so far as price and quality goods are concerned, will startle all Littlefield trade territory. **SHERIFF'S NOTICE OF SALE**  
 State of Texas:  
 County of Lamb.  
 Whereas, by virtue of a certain execution issued out of the Justice Court of Precinct No. 1, Lamar County, Texas, on a judgement rendered in court on the 14th day of June, 1926, in favor of L. P. Katz Manufacturing Co., and against J. B. Cour-

sey, and being No. 1368 on the docket of said Court, I did, on the 10th day of August, 1927, at 10 o'clock a. m., levy upon the following described tracts and parcels of land situated lying and being in the County of Lamb, State of Texas, and belonging to the said J. B. Coursey, to-wit:  
 Lots Nos. 5 and 6, in Block No. 28, in the town of Amherst, Lamb County, Texas; also, the East One-

half (1/2) of Labor No. 1, League No. 637, in Lamb County, Texas.  
 And on the 6th day of Sept., 1927, being the first Tuesday of said month between the hours of ten o'clock and four o'clock p. m., at the court house door of said county, on said day, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said J. B. Coursey in and to said property.

Dated at Olton, this the 10th day of August, 1927.  
 —LEN IRVIN,  
 Sheriff of Lamb County, Texas  
 Aug. 18, 25, Sept. 1, 1927.

**THE STATE OF TEXAS**  
 To the Sheriff or any Constable of Lamb County, Greeting:  
 WHEREAS, on the 14th day of June, 1926, L. P. Katz Manufacturing Company recovered a judgement in the Justice's Court of Precinct No. One, Lamar County, against J. B. Coursey for the sum of Ninety-two and 20/100 Dollars, with interest thereon from the 14th day of June, 1926, at 6 per cent per annum, and all costs of suit: And whereas, an execution thereon issued to Lamb County, on the 16th day of August, 1927, and was returned indorsed as follows: not executed.

THEREFORE, YOU ARE HEREBY COMMANDED, as you have been heretofore commanded, that of the goods and chattels, lands and tenements of the said J. B. Coursey you cause to be made the sum of Ninety-two and 20/100 Dollars, with interest thereon from the 14th day of June, 1926, at the rate of 6 per cent, per annum, together with the sum of Nine and 05/100 Dollars, cost of suit, and also the further costs of executing this writ.

Herein fail not, and have you said moneys, together with this writ, before me, at my office in Precinct No. One, Lamar County, within sixty days from the date hereof.

This is the second execution issued upon the above mentioned judgement. WITNESS my hand, this 1st day

of August, 1927.  
 —CHARLES RANOTT,  
 Justice of the Peace, Precinct No. One, Lamar County.  
 Aug. 11, 18, 25, 1927.

**Gains Eight Pounds Since Taking Vinol**

"I felt sluggish, drowsy and weak. A friend suggested Vinol. Now I feel fine and have gained eight pounds."—R. H. Bailey. The very FIRST week you take Vinol, you begin to feel stronger, eat and sleep better. For over 25 years, this simple, strengthening iron and cod liver compound has been helping nervous, run-down women, tired men, and pale, sickly children.—Sadler's Drug Store.

More Title - Less Pay

Nelson T. Johnson, of Oklahoma, new assistant Sec'y. of State, was promoted from the Foreign Service where he drew \$9,000 per year to the more dignified position which by the way pays only \$7,500 per year.

**HUNTING SEASON OPENS**

Hunting season on prairie chickens, doves and plovers will open September 1, according to Roscoe Parks, deputy game and fish warden, of Lubbock, who was in Littlefield, Wednesday.

Hunters may kill five chickens per day, with a limit of 10 for the season which lasts only 10 days.

The limit of doves is 15 per day, or not more than 45 in any seven days.

The limit of plovers is 25 in any one week.

Further information regarding the hunting laws of Texas may be obtained of "Happy" Jordan, local game warden.

**World's Lowest Ton-Mile Cost**

Tens of thousands of users have learned by actual comparison that Chevrolet provides the lowest ton-mile cost\* in the history of the commercial car industry!

This matchless economy is due to advanced modern design . . . extremely low operation and maintenance costs . . . exceptionally slow depreciation . . . and the most amazing price ever placed on a modern, gear-shift truck—a combination of economy features found in no other commercial car in the world.

Whether you operate one or many trucks, \*Ton-mile cost is the cost of transporting a ton of material one mile—or its equivalent.

come to our salesroom and learn for yourself how Chevrolet is designed and built to save you money. Go over the chassis, unit by unit. Note the advanced, modern engineering—typified by a powerful valve-in-head motor, with three-speed transmission and sturdy single-plate disc-clutch. Mark the rugged, quality construction throughout; heavy channel steel frame—massive banjo-type rear axle—long, extra-leaved, heavy steel springs, set parallel to the frame.

Then, go for a trial load demonstration—and see how perfectly Chevrolet meets your own haulage requirements!

Mr. and Mrs. Alex Reeves, Mrs. Belle Simpson, Mr. and Mrs. J. P. Spinks attended the Hogge revival in Lubbock, Sunday night.

Gus Shaw, formerly of Lubbock, now an honorable citizen of Lubbock, left Sunday to spend a week in the Wichita, Kansas market. He was accompanied by several customers from South Plains towns.

Mr. and Mrs. Henry Ross and baby, Doris Laune, after spending a few days with Mrs. Ross' parents, Mr. and Mrs. R. L. Busher, left Friday for their home in Thorndale.

Mr. and Mrs. R. A. Chisholm and family, and Miss Sallie Snapp, of Carlsbad, New Mexico, are spending the weekend with J. E. Chisholm and family.

The many friends and patrons of J. T. Bellomy produce firm will be glad to know they did not consummate their sale last week, but will remain in Littlefield.

Carl Williams returned Saturday from a 10 days visit at the Boy Scout camp near Post. He was accompanied home by Aubry Wilf, H. Tolbert, Bill Street, Horace Goer and Leon Johnson.

Mr. and Mrs. F. G. Sailer came in Sunday night from a two week's vacation in Idaho, Montana and Yellowstone park. Mr. Sailer reports that he drove 3441 miles and had only two flat tires.

Enjoy golden hours of restful, refreshing sleep. Each summer night may be calm, peaceful, undisturbed. Everyone may have them. Just by using Fly-Tox. Spraying the sleeping rooms. Killing the mosquitoes. Everyone knows mosquitoes are disease carriers. They must be killed. Health authorities advocate Fly-Tox. It is the scientific insecticide developed at Mellon Institute of Industrial Research by Rex Fellowship. Simple instructions on each bottle (blue label) for killing ALL household insects. Insist on Fly-Tox. It is safe, stainless, fragrant, sure.—Adv

## THINK!

Your car may be the next one the thief picks up when you leave it in a strange community.

Or it may be the next one to catch fire and burn while you stand by powerless to extinguish the blaze.

THEN WHO'S GOING TO SAY "HERE'S THE PRICE OF A NEW ONE"

FIRE AND THEFT AND LIABILITY INSURANCE IS OUR SPECIALTY

## ICE

A LITTLEFIELD PRODUCT  
Made from Pure Distilled Water

Home loyalty and co-operation among citizens of any given town always makes for a better town in which we may all live.

Our ice is manufactured in Littlefield; on our ice plant we pay city, county, state and school taxes—our money goes to help make Littlefield a better town for us all.

On the basis of good business, home loyalty, high grade products and reasonable prices, we solicit your patronage.

### WE ARE STILL HERE!

Last week we contracted to sell our Poultry, Cream and Feed business in Littlefield. However, the deal failed to go through, so we are still doing business at the same old stand and in the same old satisfactory manner to our many friends and customers.

We will appreciate the continued patronage of all our old customers, and cordially invite the new settlers to give us a trial. For top prices, full weight and good measure keep your produce coming to the—
