# City Council Votes To Change Traffic Flow

The City Council voted to change the direction of the city's two one-way streets at a special meeting Tuesday evening.

Following a meeting with the city engineer, members of the downtown improvement group, BCD and leading merchants, the council voted that the traffic flow on XIT and LFD Drives will be changed in conjunction with the downtown "Park and Shop" improvement plan.

Prior to the actual voting, everyone present at the meeting voiced their preference to the changing of traffic on the streets. A straw vote taken of the gathering showed a large preference in favor of the change.

The big advantage in reversing the traffic will be that all turns onto Phelps from the two streets will be right hand, a big safety factor in reducing accidents.

Another advantage will be the elimination of the bad intersection at 6th and XIT, which according to Police Chief F. A. Fitzgerald, has accounted for more accidents than any other intersection in Littlefield. Under the new flow of traffic people going east on 6th will no longer have to pull far out into the intersection to see the traffic going south on XIT.

Changing drivers habits will be the biggest disadvantage under the new system. In addition to educating drivers on which direction the streets run, drivers will have to get into the left lane when parking as all angle parking will be on the left side of the street.

In addition to the changing of traffic flow, both XIT and LFD will be widened six feet to give additional parking spaces and loading zones.

The project will get underway at the same time as the construction of the downtown improvement plan.

**BAD SITUATION TO BE CORRECTED** — Perhaps one of the best reasons for changing the flow of traffic on XIT and LFD is the intersection at 6th and XIT. There have been more auto accidents at the above intersection than any other in Littlefield.

The re-routing of XIT will give the driver a much better view of traffic. The direction of the downtown improvement project.

**IS IT WONDERFUL?** — The first snow in Littlefield area this year fell Monday morning everything to winter and providing much needed moisture 24 hundredths

of an inch of moisture was recorded by the weather bureau. More rain and snow is forecast for the area tomorrow. Let's hope they're right.

## Coach's Contract Not To Be Renewed

Regular monthly meeting night, the Littlefield Independent School Board declined to renew the contract of head football coach and athletic director.

John Howle, Howle's current contract will expire at the end of the 1966 school term.

The action, which came as a surprise to school superintendent Glenn Reeves, who had recommended the contract be extended, was not taken because of the poor season experienced by the Wildcats, members of the board said, but was prompted by the failure of Howle to meet other requirements of the board, and to fit in with the overall administration policies.

In the discussion of the athletic situation, one board member suggested a division of the head coaching job and the athletic directorship. Such a division would give the responsibility of the athletic department to another member of the school system, not in the athletic department. An arrangement of this nature, the board felt would serve to strengthen the overall competitive sports program. Several board members feel that under the present set up, the director as head football coach favors the football program. A decision on the division of the two jobs was not reached at the meeting, but board President J. D. Smith said it would be given careful study and would be discussed at a later meeting.

At the February meeting, which is the one in which contracts and employment for the coming year is discussed, the

**JAMES PIRKEY** Resigns

board accepted the resignation of high school principal James Pirkey, effective at the end of the current school year. Pirkey is resigning to finish his graduate work at Texas Tech, where he is working on his doctor's degree.

The contracts of school Tax Assessor, Sid Hopping, and school superintendent, Glenn Reeves, were extended for three years.

The board also adopted the calendar for next year which calls for classes to begin August 30 and run until May 30, with a 16 day Christmas holiday period.

This year school did not begin until the second week in September and had only a brief Christmas holiday. The 1965-66 school year will contain 180 days of instruction.

*Handwritten note:* Copy's Desk

It finally happened. Littlefield finally got some snow. The first of 1965 if memory serves us. While the amount was small, the record was great. The snow was wet and snow which began Sunday night, and rain Monday night put water in the soil to help down the dust that had begun to prevail. It's not that just a little snow can do to the attitude of the community. It seemed to change with the drop that fell. Farmers, who welcomed the moisture as they will continue to come anything that will water in the ground up planting time. Since most business people feel we are entirely dependent on the soil for our income, we did not have one harsh word about inconvenience caused by streets and matted up snow. If the weather man has his signs right, we will get of the same type moisture today, and maybe even more. We only say we'll take what we can get, and still wish for more.

Congratulate the members of the city council who voted, after a long afternoon, to change the direction of the city's two one-way streets, LFD and XIT. The change will come into effect when the downtown improvement project is completed. The hearing both sides of the street from the townspeople meeting Monday, the council voted to make the change that had been recommended by traffic engineers, members of the planning commission. We hope our readers will not get the impression this change is now in effect. The project to make a two-way street out of both arteries, the change will not go into effect until late fall when the project is complete. We feel the change of the streets will clear a number of unsafe intersections, and will in time be appreciated by all concerned.

For Bill Armistead is still going about the San Angelo. Everything is now solved, and out it was not the map as using, but his compass out, while he was trying to solve the dilemma of Littlefield's one-way streets. So we apologize for our news in Sunday's News, should have known you were going on city business.

noticed last week, the talk of the downtown project had led to one more property, as remodeling of another street business was away. This face lifting is second to be begun since of the overall program was. We hope the enthusiasm to grow and additional streets will undergo a remodeling program of their own. It all blend in with the big effort to make Littlefield a better community.

## Lamb Junior Livestock Shows Scheduled Feb. 26-27

The 1965 edition of the Lamb County annual Junior Livestock show will be bigger and better than ever if early entries are any indication.

The Littlefield FFA members have already entered eight calves, 32 lambs, and 46 hogs, their all time high, in the two day event scheduled for February 26 and 27.

The show, whose entry list is open to all Lamb County 4-H, F.F.A., and F.H.A. members residing or attending school in Lamb County as of January 1, will be held at the Lamb County Fairgrounds, with Lamb judging scheduled to start at 5 p.m. on the 26th.

Steer judging will also be held on Friday, beginning at seven while the hogs and steers will be judged on Saturday with the hogs at 8 a.m. and the steers at one in the afternoon.

Donald Carr will be this year's swine superintendent while Doug Walden and Finis Branham are again superintendents for the steer and sheep entries. Archie May, Olton will be the superintendent for the shetland ponies.

The beef and swine judging will be handled by two Seminole men this year, as Calvin

Holcomb will judge the cattle and Paul Swine will rate the swine competition.

Melvin Gregg of Plainview will judge the sheep and lamb entries and the shetland ponies will again be under the eye of Coleman Cowan of Lubbock.

## Littlefield Youth Wins At Ft. Worth

Wendell Ogerly, Littlefield High School Sophomore and FFA member won first place in the Junior Division of the heavyweight Hampshire class at the Fat Stock Fort Worth show last week.

The pig was part of the stock raised by Wendell and his brother Ralph on their parent's farm about six miles west of Littlefield. Wendell's pig which weighed in at 234 pounds proved valuable as it sold for thirty three cents a pound plus the prize money won.

Five Littlefield high school students showed stock at the Fort Worth show and in addition to Wendell's victory, Ronald Hill placed with a Dorsett Cross lamb and Kenny Carr placed a Hampshire lamb.

Ralph Ogerly showed Hampshire hogs and Danny Seaurt also showed Hampshire lambs in the show. A bus load of Littlefield students also made the trip to Fort Worth leaving here on Friday for the finals of the stock show.

## Lions Club Sets Hootenanny Nite

The Littlefield Lions Club will sponsor a Hootenanny February 19 in the Junior High School auditorium.

Starting at 7:30 p.m. it will include a variety show, featuring local talent. Tickets can be purchased from any member of the Lions Club or at the door the night of the performance.

Addition for the talent show will be held Monday evening February 15 at 7 p.m. in the Junior High School auditorium. Anyone desiring to enter must audition.

## Newman Speaker At Conference

Irrigation practices and production management will highlight the first afternoon session of the Western Cotton Production Conference in Lubbock, March 2-3.

The two-day conference will gather experts from throughout the industry to discuss problems and latest solutions for the Western producer.

First speaker of the afternoon will be Dr. Boyce C. Williams of the Department of Agronomy at New Mexico State University, University Park, discussing balanced nutrition and water as related to yield and quality of cotton production.

Efficient use of irrigation systems and its potential in obtaining increased quality and yields will be outlined by Shelby Newman of the South Plains Research and Extension Center in Lubbock.

Arizona research pathologist, Dr. Lester M. Blank, from the Cotton Research Center in Tempe, will outline measures for control of major cotton diseases. He is expected to give special attention to Verticillium wilt.

Other speakers will include

## Election Filings At Slow Pace

Buster Owens became the first candidate to file for a place on the ballot in the two elections to be held in Littlefield in April.

Owens, completing his first three year term on the Littlefield Independent school board has filed for re-election in the school voting schedule for April 6th.

John D. Smith, president of the school board, and also up for re-election this year is undecided about running. When asked the question he stated that he had not made up his mind at this time as there are several reasons both pro and con regarding his running for re-election.

In the city elections, also set for early April no one has filed for the mayor's race or the two councilman seats that expire this year.

## Jim Dandy Store Robbed Again

For the fifth time in the past nine months thieves broke into the Evans Jim Dandy Food store at 322 West Delano Ave. and made off with cash and valuables.

Over thirty-six dollars in cash, five pocket watches valued at \$18, a ladies Bulova watch, and a transistor radio belonging to a store employee were taken in the latest robbery which occurred early Sunday morning.

As in three of the four previous cases, entry into the store was made by kicking out the front door glass. Two dollar bills, \$29.07 in silver and eleven rolls of pennies was taken in addition to the merchandise.

The largest of the five robberies occurred last November when the loss was over \$1500 including \$200 in cash.

## HOME FINALE SET FRIDAY Wildcats Win Another On Road

The Wildcats won their second District 3-AAA contest Tuesday night downing Lamesa 54-52 on the latter home court.

Led by Roy Dale Pierce's 15 points the Wildcats forged ahead to stay at the start of the third quarter they held off a belated rally in the final few minutes.

Each team started off fast as Lamar Pollard, Pierce and Steve Lewis hit for the winners while Steve Robertson, Valton Franklin and Pat Wiggins all got baskets for the Golden Tornadoes in the first two minutes of play.

The scoring pace cooled down and the losers held a 15-13 lead at the end of the first quarter. Pollard and Lewis led the Wildcats as they each scored four points during the first eight minutes.

The losers held their lead during the rest of the first half as Bill Calloway, the Tornadoes leading scorer accounted for eight points in the first half with Robertson adding seven.

Pierce got six points in the period and Terry Hyatt hit a layup just as the half ended to cut the Wildcats deficit to 28-26.

Opening the third quarter Pierce hit from the corner to tie up the game as when Pace got a layup on the end of a fastbreak, the Wildcats were never headed. The winners outscored their rivals 16-11 during the third stanza to hold a 42-39 lead.

The losers started fouling in an attempt to get the ball and Ronald Sifton hit five out of six from the free throw line during the fourth quarter to keep the losers at bay. Lamesa never got closer than four points until the final two seconds when Gene Everheart was allowed to

score an unmolested basket to cut the final score to two points. Sifton and Pollard each got ten points to aid Pierce while Calloway tied Pierce for high scoring honors with 15. Robertson added 12 for the losers.

Each team hit from the field with the Wildcats getting 22 of 18 from the foul line and Lamesa 10 out of 15. Hyatt led all rebounders as he pulled down 15 for the winners followed by Pollard with 10.

Five seniors will be playing their last home game for the Wildcats Friday night when they meet Lakeview here at 8 p.m. The five are Lamar Pollard, Roy Dale Pierce, Ronald Sifton, Larry Coffman and Terry Hyatt.

The Littlefield "B" team suffered a resounding defeat at the hands of Lamesa's "B" aggregation as they went down to a 66-28 defeat. Fred Kooz led the losers with eight points.

The Littlefield Freshman 8th and 7th grade basketball teams compiled their schedules Monday night with all three enjoying winning seasons.

Playing both freshman teams and high school "B" teams the freshman team compiled a record of eight wins against seven defeats. Only two of the losses were to freshmen squads and those losses were averaged at home.

The team received trophies for their efforts in both the Morton Freshman tournament and the Muleshoe tourney.

They compiled a record of three wins and four losses against "B" team competition with shallower's "B" team being the only one to defeat the Littlefield cagers on their home court.

Kevin Hutson was the team scoring leader with 238 points, while Ralph "Catfish" Dangerfield added 151 and Mike Richardson 128 points to lead the Freshman cagers.

Other members of the squad, all of whom scored points during the season, were Lionel Thompson, Melvin Crayton, Kenneth Horn, Mike Grissom, Billy Bennett, Ray Cook, Jimmy Francis, Dale Graves, T.J. Herring, Don Hill, Robert Hodges, Dave Kooz, Paul McKinney, Louis Taylor and Jimmy Williams.

The eighth graders finished with seven wins against six losses with the season highlight being their second place finish in the Amherst tournament. The seventh grade finished with the best average as they won six encounters while dropping four.

Members of the two teams were: Seventh Grade: Troy Albert, Mike Kimble, Charlie Holt, Steve Owens, Randy Mitchell, Travis Danford, Charles Carter, Max Hutchins, Bill Tullis, Steve Dinges, Gary Nace, Carl Davis, Keith Woodie, Randy Parkman, Bobby Saunders, Marcus Harris, Tommy Shields, Butch Hensley, Monte Trotter, Bill Elliott, Danny Harrel and Roger Harvey.

The eighth grade roster included Gary Pirkey, Monte Ward, Albert Smith, Vernon Jackson, Roy Burk, Rodney Richardson, Norman Kiser, Steve Webb, Joe Lynn Ross, Bobby Wood, Harold Lowery, Wally Sanders, Howard Wright, Sam Fain, Johnny Williams, David Pirkens, Randy Walker, Roy Bolton, Gaylon Mills, Quinton McKinnon and Johnny Reese.

## Commissioners Court Sends Resolution To Governor

Eight orders were passed by the Lamb County Commissioners Court at their meeting Monday.

In addition to the regular orders such as authorizing paying of bills and Extension Service reports the Court passed several bills of vital interest to Lamb County residents.

Perhaps the most important bill was a resolution to be sent to Governor Connally requesting legislation be passed governing the cost of natural gas used to pump irrigation wells.

The resolution asked that there is a dire necessity to have the sale of the gas by a public utility be subject to regulations of the Railroad Commissioners so that farmers may purchase gas at a rate fixed by the railroad commission.

Appointment of election judges for 1965 were also made as well as designating the 17 polling places within the county and the absentee votes board. The names of the election judges and polling places appears on Page 15 of today's issue.

Another bill passed by the court is the formation of a county

depository as required by state article 2544. Each of the banks in the county are offered a chance to bid with the bids scheduled to be opened February 25.

## Assault Case To Open Today

District Court will reconvene to hear the evidence in assault to murder trial of Jovito Mendoza, 26 year old Littlefield resident.

A jury is scheduled to be picked early this morning and the testimony will begin immediately after the jurors are selected.

Authorities said the charges resulted from a shooting incident at the Joe Frusto residence with Mendoza reportedly firing four shots through a window.

He was indicted for the crime by the November Grand Jury and will be tried before Judge Pat Boone Jr. He has been free on a \$2,000 bond.

**WORK PROGRESSES** — Work on the new Marshall Highway south of Littlefield is ahead of schedule due to the spring like weather in the past few weeks. The 6.6 mile four lane highway is scheduled to be completed by late fall.

**GRANDMOTHER** --- Mrs. Veda Brant Anton is shown with some of the greeting cards she received on her 88th birthday, which she recently celebrated. Mrs. Brant makes her home with her daughter and son-in-law Mr. and Mrs. Boyd Rea, she has eight children, 13 grandchildren and 21 great-grandchildren.

ANTON NEWS by Mrs. CD Nelson

# Anton Organizations To Hold Fund Drive

Two Anton organizations opened the campaign for funds to fight heart disease last week.

February is heart month by an act of Congress, and February 21 is Heart Sunday, reported Mrs. Buck Gossett, president of the Anton Jr. Home Demonstration Club. She has announced that the club's project for the month will be the heart fund drive.

On Sunday, February 21, Jr. Home Demonstration volunteers will conduct a door-to-door solicitation.

Members of the Anton Boy Scout Troop 629 have placed coin collection containers for the heart fund in the following Anton businesses: Anton 66, Hodges Grocery, Glen Jones Mobil, Jones Food Store, post office, Anton Coffee Shop, Gilbert Drug, City Cleaners, Anton City Hall, Coffman Food Market, McGrew Cleaners, Citizens State Bank, Anton Insurance Agency, Ralph Hagemeir, Scoutmaster for the troop, supervised the placing of

the containers. Mrs. Yenleta Isler, Hobbs, N.M., spent the weekend here with her mother, Mrs. Era Hagan.

Mr. Tom Ham, who is in the hospital at Muleshoe, is reported to be in satisfactory condition.

Guests of Mrs. J.R. Tucker last weekend were her daughter and family, Mr. and Mrs. Jack Trussel, Doyle and Lynn, Carlbad, N.M., and Mr. and Mrs. Howard Whitfield, Las Cruces, N.M. Other guests of Mrs. Tucker Sunday were Mr. and Mrs. George Tucker and children Abernathy and Mr. and Mrs. Bob Taylor and children of Spade, Her niece, Mrs. Rosie Helms and daughter, Floydada, visited her Friday.

Mr. and Mrs. Floyd Morton left for Little Rock, Arkansas Friday morning after receiving word that Mr. Morton's mother was critically ill in a hospital there. She was to have brain surgery Monday.

Sgt. Hobert Mitchell Parker, son of Mr. and Mrs. Hobe Parker, left last week for Fort Benning, Ga. to attend a six week paratrooper training school. His wife, Patsy and children Kelli and Chucky, will visit his parents and her parents, Mr. and Mrs. James Oldham, Lubbock, while he is gone.

Johnny Smith returned home Friday after an 11 day stay in the Littlefield Hospital following surgery. Their son, Rev. J.S. Smith, Roswell, N.M., visited his parents last weekend.

The Past Worthy Matrons and Past Worthy Patrons were honored Thursday night, Feb. 4th, when the OES Chapter 936 met for their regular meeting, with Eva Dee Wright, Worthy Matron and John Waters, Worthy Patron Pro-Tem presiding.

The Past Worth Matrons and Past Worthy Patrons were in-

troduced and a hearty welcome was given them by the chapter. The Worthy Matron gave them a special welcome and told them just how important they were to the chapter. After the business session the chapter was draped in honor of Robert Newell an officer at the time of his death.

After the chapter closed, the group retired to the dining hall for refreshments served by the officers.

Aubrey Webb was elected Scoutmaster for Cub Scout Pack 629 at their recent regular meeting.

Other officers elected were: Bill Goen, assistant Scoutmaster; L.F. Flannery, Kenneth Grace, Gene Vickers, and Floyd Morton, committeemen; and Jack Grace as Institutional Representative. Mmes. Kenneth Spradley, Olan Johnson, A.E. Greer, W.C. Wathall, and Aubrey Webb will be den mothers.

Two new members, Willie Thompson and Mark Miles joined. A charter review and inspection

of uniforms were held with Brent Webb winning the inspection. Mark Grace and Brent Webb got the award for selling the most candy. Virgil Morton and Sammy Stephenson received two year pins.

Mr. and Mrs. Reginald Stephens honored their small daughter with a party at their home Thursday night, February 4th in observance of her fourth birthday.

Six of her nine grand and great grandparents were present to help her celebrate. They were Mr. and Mrs. Richard Grace, Mr. and Mrs. J.C. Grace, Anton; and Mr. and Mrs. Marvin Stephens of Abernathy.

A birthday cake decorated with the "Three Bears" along with coffee and soft drinks were served to Mr. and Mrs. Wendell

Stacy, Debby and LaRonda; Mr. and Mrs. Bruce Taylor, Selina and Dub; Mr. and Mrs. Darrell Stephens, Becki and Ronda; David Grace and Judy Grace and the honoree's parents, brother and sister, Melody and Zaul.

Mr. and Mrs. B.J. Stephens and Jerry, Friona, spent Sunday with her parents, Mr. and Mrs. Bert Harper.

Mr. and Mrs. W.O. Stacy visited their daughter and family, Rev. and Mrs. James Price, Susan and Keith in Plainview Sunday.

Paul Reed returned home Sunday after spending the past two weeks in Methodist Hospital where he had surgery January 24th.

Mrs. Oscar Barnes and Leon were luncheon guests of her cousin in Springlake Sunday.

LA GRANGE, Ill. — Nation's first Diesel-powered, mainline freight locomotive, General Motors No. 103, is shown on tour after leaving the Electro-Motive Division plant here on the morning of November 25, 1939, to begin an 11-month, 83,000-mile test run over twenty Class I railroads. Number 103 demonstrated conclusively the superiority of Diesel over steam in hauling heavy ton-nages over the toughest grades under all sorts of operating conditions and became known as the "Diesel that did it" in the subsequent replacement of steam power by U.S. and overseas railroads. ## His '65 Ford rides quieter....than his Rolls-Royce

Tests proved it.\* Does this mean Ford now rivals one of the world's most wanted luxury cars? Hardly! But these tests do mean plenty—to you—if you're shopping for a popular-priced car. They prove Ford has outstanding strength, design, quality. Compare Ford, in every way, with everything in its class . . .

**Feel Ford's solid quality**

- 100% new body—strongest ever on a Ford.
- New frame "tunes out" vibration.
- New suspension puts a big ultrasoft coil spring at each wheel.

**Inspect Ford's luxurious new LTD models**

- Decorator interiors, thick nylon carpeting.
- Walnutlike vinyl inserts on doors and instrument panel.
- Rear-seat center arm rests, five ash trays (4-door hardtops), padded instrument panel, and more.

**Relax in Ford's spacious interiors**

- Swept-back instrument panel, lower transmission hump.

- Trunk holds four 2-suiters standing upright, and more.
- Test Ford's new power
- Big, new 289-cu. in. V-8 standard in XL's and LTD's.
- New Big Six—biggest Six in any car. Test-drive a '65 Ford!

\*Leading acoustical consultants conducted tests with 1965 Fords (Galaxie 500 Sedan, XL and LTD Hardtop) with 289-cu. in. V-8 engines and automatic transmissions rode quieter than a new Rolls-Royce. These tests were certified by the U.S. Auto Club.

**ADULT ILLITERATE CLASSES**—Going from higher education to the most basic sort of education, Connally told the Legislature that 13 per cent of the citizens in Texas over age 25 are functionally illiterate.

He recommended that this situation be met with a program administered by the Texas Education Agency under the Poverty Act. It would offer basic

education courses in public schools to at least 10,000 functional illiterates each year.

Governor also asked that vocational and technical education programs in public schools and junior colleges be stepped up to meet coming employment requirements.

**TEACHERS' PAY**—Connally by-passed a bill by TSTA designed to raise minimum teachers' pay by \$45 a month. Instead, he endorsed a plan already in the form of a bill by Sen. Jack Strong of Longview. It provides for stair-step

project underway.  
He also asked the Legislature to pass bills enabling the Water Development Board to make loans for local development of underground water resources.

**OTHER RECOMMENDATIONS**—Governor Connally came out strong for driver education programs in all schools, to be directed by the Department of Public Safety.  
He urged passage of an Industry Safety Act; a one-cent cigarette tax increase in 1966; abandonment of the state property tax in seven years; support of the pooling bill to authorize the Railroad Commis-

sion to provide for pooling of separately-owned oil and gas interests in a common reservoir; pool tax repeal; and legal rights for women.  
Then he asked the Legislature to revise the 1963 Election Code and take out the provision denying the right to vote to those who move their legal residence from one county to another during the six months prior to an election.

Last, but not least, Connally recommended that election laws be changed to provide that the Governor and other state officials run for four-year

terms, instead of two-year terms.  
**HOUSE COMMITTEES**—Speaker Ben Barnes re-assigned Rep. Bill Heatly of Paducah as Chairman of the House Committee of Appropriations and Rep. Ben Atwell of Dallas to the House Committee on Revenue and Taxation.

One of the most-thankless jobs, chairmanship of the Congressional and Legislative Districts committee, went to Rep. Gus F. Matscher of Brenham.  
Rep. Dick Cory of Victoria will head the State Affairs Committee, Rep. Maurice Pipkin of

Brownsville was named chairman of the Committee on Commerce and Manufacturers. Representative Pipkin also is vice-chairman of the Appropriations Committee.  
Rep. Bill Dungan of McKinney was named Chairman of the House Agriculture Committee; Rep. Bill Clayton of Springlake, Chairman of the Aeronautics Committee; and Rep. Menton Murray of Harlingen, chairman of the Committee on Conservation and Reclamation.

### Veterans Eligible For Insurance

All veterans of World War II and the Korean Conflict who believe they are eligible to purchase the new GI insurance beginning May 1, 1965, can get full information at the Veterans Administration Regional Office in Waco, Glyndon Hague, Manager, said today.

Those who can were urged to visit or telephone the office nearest their home while those who live at too great a distance may write for a printed information sheet, outlining the provisions of the new law, he added.

To buy this insurance the veteran must:

a. Have been originally eligible for National Service Life Insurance between October 8, 1940 and January 1, 1957.

b. Have now either no GI insurance or less than \$10,000 in authorized coverage.

c. Be in one of the following three groups:

(1) Veterans with service-connected disabilities who meet standards of good health.

(2) Veterans whose service-connected disabilities alone do not permit them to meet

standards of good health.

(3) Veterans whose non-service-connected disabilities as of October 13, 1964, the date the bill was signed into law, prevented them from buying commercial insurance at the highest rates.

## MEMO TO WHEAT GROWERS

### TIDE BRINGS ANOTHER FIRST TO THE SOUTH PLAINS

#### TIDE BRINGS ANOTHER FIRST TO THE HIGH PLAINS...

A new economical source of dry nitrogen designed for alkaline soils is now available to the growers of this area. TIDE PRODUCTS, INC. who brought the most economical handling equipment to this area have now brought a new economical dry Nitrogen product to this area.

#### 30-0-0-(55)

Designed especially for alkaline soils...and designed to be broadcast on top of the soil economically. Weather resistance built in with the Sulphur coating. Sun and wind will not cause loss of Nitrogen as rapid as other materials. A natural for wheat on alkaline soils where it must be spread on top of the soil. And 100% water soluble.

#### TWO WAY NITROGEN WITH SULPHUR...

Produced from Ammonium Nitrate and Ammonium Sulphate plus the Sulphur coating on the outside... 100% water soluble...weather resistant...counteracts alkalinity...economical...bulk or bagged.

#### DESIGNED FOR ALL CROP USE....

TIDE can provide this revolutionary new material as straight goods for wheat top dressing or as a blend with Phosphate and Potash; prescription blended to meet the exact soil demands.

#### MOST ECONOMICAL AND EFFICIENT DRY NITROGEN ON THE MARKET

Naturally you would expect to pay a premium for this specialty material, but TIDE offers this to you

at this economic rate because they want you to have an opportunity to use their revolutionary new Tilt-Box handling method. See what fertilizer economy really is...have your product stored on your own turn row...use light equipment and eliminate compaction.

#### 30-0-0-(55) IS A SINGLE UNIFORM PELLET READY FOR YOUR USE....

A natural for your wheat top dressing or for a Nitrogen base for your Prescription blended balanced fertilizer.

Throat is nature's warning system that something in the body is out of order. In a sore throat accompanied by a common cold and the virus passes in a few days with no further effect. But, Today's Health, the magazine of the American Medical Association, says a sore throat also is the symptom of any of a range of diseases, from strep throat to leukemia, that require your doctor's skill, not just a home remedy. Sometimes the surgery to remove tonsils and adenoids is involved in causing a sore throat, and when these are removed, the cause of the trouble is gone. Tonsillectomies account for all operations performed on children. Today's Health says sometimes the surgery to prevent a sore throat, called a tonsillectomy, doesn't work. Irritants can cause sore throats. Cold, dry winter air dries the throat. So can extreme smoking or breathing. Anything that irritates the throat and causes secretions that normally clear away.

Infections of many kinds also are a cause of sore throats and everyone who has a sore throat should know that this parainfluenza virus disease often causes a sore throat to hurt. Strep throat is a serious infection that occasionally leads to rheumatic fever and heart damage. It can be checked out with penicillin. It is diagnosed in time. A crucial diagnostic test for strep throat is the swab which the germs causing the trouble can then be identified.

There is little or nothing you can do to cure a sore throat, says Today's Health. There are medications which give temporary easing of the discomfort but the cure must be checked by your physician. The best money you can spend to get a sore throat is the time it takes to call your doctor.

## Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

Maintaining good dental health for your children is an investment in their future.

This week - National Children's Dental Health Week (February 7-13) - is designed to call attention to the importance of good dental health, particularly in our children.

Tooth decay afflicts more people today than any other disease - about 95 percent of the population of the United States.

Dental problems can begin early in life. Fifty percent of all 2-year olds have one or more decayed primary teeth while permanent teeth are being formed beneath them in the jaw. By the time these children reach the youthful age of 15, they already have an average of nine decayed "permanent" teeth.

In addition to the necessity for proper chewing, comfort, general well-being and pleasing appearance, teeth are important in helping shape the mouth and face. It is obvious that decay prevention cannot be started too early.

Diseased teeth or gums can interfere with proper growth and development. Furthermore, dental disease can complicate and aggravate disease elsewhere in the body.

Isn't it better to visit a dentist regularly for preventive check-ups instead of suffering all night or longer with an agonizing toothache or waiting until the tooth has to be pulled because damage has gone too far? Dentists recommend that youngsters have their first check-ups between the ages of two and a half and three.

Develop the good dental health habit early in your child's life. As you teach your child to dress himself and wash his face and hands, include tooth brushing as a part of the regular routine. Show your youngster how to rinse his mouth after meals with water - swish and swallow - if he can't brush his teeth. Nutrition, too, plays an important role in your child-

ren's dental health. Training comes through preparing and serving balanced meals with a minimum of sweets each day. Healthier teeth will mean a happier life for yourself and your children.

(A weekly feature from the Division of Public Health Education, Texas State Department of Health.)

## Questions And Answers

Q -- A veteran is requested to report to the Veterans Administration for a physical examination in connection with his claim for compensation. En route, he is killed in an automobile accident. Is service connection in order inasmuch as the veteran was reporting to the VA for a scheduled examination?

A -- No. There are no provisions for rating such injuries or death service-connected under these circumstances.

Q -- A veteran dies and his widow immediately files a claim for death pension. It requires several months for her claim to be adjudicated and she dies before the award is made. All of the children are adults at the time of the widow's death; therefore, have no entitlement. Are accrued benefits payable to the children in this type of case?

A -- Only as reimbursement to pay for expenses incurred as a result of last illness and burial of the veteran.

For a company buffet, garnish potato salad (made with an oil and vinegar dressing) with cooked frozen artichoke hearts and canned pimento.

Life may begin at 40, but you miss a lot of fun if you wait that long.

# ★ Dairy Mart to Formally Open In New Building Saturday ★

The formal opening of the new Dairy Mart, located just east of the new Littlefield High School building, is slated for Saturday from 9 a.m. until 5 p.m.

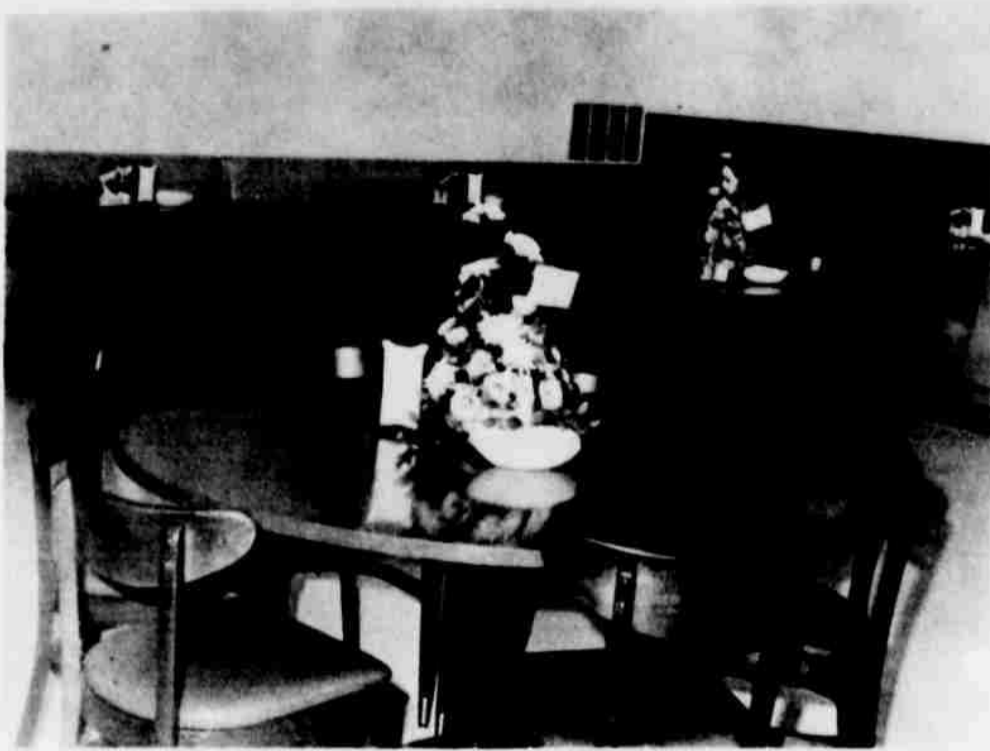

Owned and operated by Mr. and Mrs. L. V. Pierce, the business moved 2 weeks ago from its old location on Delano Avenue.

The modern new drive-in was constructed by John Edd Hutchins, local building contractor, and includes the latest in facilities for both inside and outside serving. A spacious dining area is provided with new tables and booths to accommodate over 70 people at one time without being crowded. The modern glass fronted building is conveniently located on the rear of a paved 162 by 140 foot corner lot, with drive-in areas from both the west and north. An added feature of the drive-in is four convenient talk-in stations, where a motorist may call in their order without having to leave the car, picking up the order as it is filled at the drive-in window. Each phone station has a convenient menu posted for easy selection of food and drinks. This new arrangement enables orders to be filled quickly with little or no delay. A matching 100 feet awning is located on the western section of the lot for the customer's convenience. An enlarged kitchen area fea-

turing the latest facilities, enables the Dairy Mart to offer faster service to its growing patronage. A big walk-in cold storage vault is conveniently located at the rear of the kitchen area along with a big storage area. Rest room facilities are also available to diners.

While thousands of dollars worth of new equipment has been purchased for the new Dairy Mart, many of the old features have been retained, such as the famous Dairy Mart Ice Cream machines and Ice machine. While several new features have been added to the menu, it's the famous Broasted chicken that is the highlight of the Dairy Mart Menu. Broasted chicken is available in the basket, or a whole broasted chicken may be taken home to eat. Shrimp in the basket, fish sticks, and steak fingers are other menu favorites. Thirty different sandwiches and burgers are featured on the menu, including the broiler burger in five delicious varieties.

Free doughnuts will be given with coffee Saturday from 9 a.m. until 5 p.m., along with free ice cream cones given to all the children in the area. A cordial welcome is extended by Mr. and Mrs. Pierce for everyone in the area to visit and inspect Littlefield's newest drive-in on opening day. Mr. and Mrs. Pierce began

operating the Dairy Mart on the Clovis Highway in November, 1958. Due to the constant increase in business since that time, the owners have been forced to expand their facilities for both inside and outside service.

### Tower Proposes New Social Security Bill

Senator John Tower introduced in the Senate Tuesday a measure increasing and liberalizing benefits for recipients of Social Security. The bill is essentially the same as the measure of the last (88th) Congress that became entangled in debate over Medicare. It grants \$7 per month across-the-board benefit increases for primary beneficiaries, and proportionate increases for other beneficiaries, with a family maximum range of \$70.50 and \$312 per month depending upon the amount of covered earnings. It increases the earning exemption by \$300 to \$1,500 maximum, and provides a \$1 reduction in benefits for each \$2 of earnings on the next \$1,500. This reduction now applies to the next \$500. The measure also revises Social Security financing to set a wage base of \$5,600 as compared to the present base of \$4,800. It revises rates over a five-year period to a maximum of 5.2 on employees and employers and 7.8 percent on self-employed persons. It increases matching aid for the needy aged, blind and disabled, and increases earning exemptions for old age assistance programs. Physicians are not covered. Tips are not included as wages. Firemen and policemen

with existing state and local retirement plans are not covered. Certain religious groups which make provisions for their own members are not covered.

The bill proportionately increases those railroad retirement benefits which are tied to Social Security rates. It liberalizes the definition of "dependent child," and the disability insurance definition of blindness.

### Clifford and Kathrine Pierce Announce A New Location

Clifford and Kathrine Pierce, owners of the Humdinger Drive In, extend a welcome invitation to visit them at their new location at 502 W. Delano. Mr. and Mrs. C.O. Pierce, long time residents of Littlefield and Lamb County, were operating the Humdinger Drive In at 1005 E. 5th. Just recently they moved to 502 W. Delano, in the

building which was formerly occupied by the Dairy Mart. Here the Humdinger will serve the same quality food outside, inside and their drive in window. More parking space is available at this location and you will receive the same quick and polite service that they have always given. The Humdinger is noted for its fine hamburgers and sandwich-

es and other short orders. The all meat hamburger and taco burgers are really mouth watering treats. The Texas size hamburger is a whopper, nearly 6 inches across with one jumbo piece of fresh ground beef and lots of trimmings. The taco burger is a cold weather delight, tasty, tangy and really different. Many kinds of sandwiches are on the menu including

chili hot dogs, pig in the blanket, barbecue on the bun, etc. All sorts of fountain drinks are served including several flavors of the popular "SLUSHY SUN-DAES", your choice of flavors. The Humdinger is open to 11 p.m. Tuesday through Saturday and after church hours Sunday. They are closed on Mondays.

(Some of the things you don't get in a Corvair are among your best reasons for buying it.)

1965 Corvair Monza Sport Sedan

### Corvair by Chevrolet

The beauty of it, of course, goes deeper than the things you don't get. There's the other side of the coin--what you do get in their place.

Take the no window post, for example. What you do get is hardtop styling--with curved frameless side windows--in every Corvair closed model.

The transmission and driveline hump you don't get means more foot room. Thanks to Corvair's rear engine, the floor is practically flat.

No radiator--the engine's air-cooled--also means no water, no antifreeze and no hose leaks to worry about. All

of which add up to some more important pluses.

Power steering? Power brakes? Corvair needs them like a centipede needs crutches. With most of the engine weight on the rear wheels, the front ones are free to steer easily. And stops are quick and sure--with no nosediving.

Come on down to our showroom and discover the difference.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Gov. John Connally's alternate teacher pay proposal has drawn fire from the Texas State Teachers Association. And Connally has reciprocated!

Connally wants less of an immediate pay raise than the \$45 a month the teachers ask. He wants to set up a 10-year program for steady and regular increases which in time would amount to greater rewards for more experienced teachers.

House Speaker Ben Barnes and Rep. George Hinson of Mineola, who is sponsor of the TTXA-backed "\$45 in '65" program, both called for a cooling-off period. Compromise seemed unlikely due to strong feelings on both sides.

Sen. Jack Strong of Longview and Rep. W.S. Healy of Paducah, chairman of the House Appropriations Committee, introduced the Governor's 10-year pay plan -- with substantial support. Among sponsors of the two bills are 17 House members who endorsed both measures.

Teachers complain the Connally program offers too little, too late. They charge it would put 70 per cent of raises on local school districts.

Connally produced figures showing cost of the 10-year program at \$40,200,000 for the next biennium. He said the state would pick up \$32,100,000 of the tab and local districts \$8,000,000. His financing plan suggests that local school boards start paying a share of the cost of textbooks and teacher retirement, now paid wholly by the state.

Connally believes his program would maintain the 80-20 cost ratio between state and local districts.

Meanwhile, teachers launched a campaign for their \$85,000,000 salary adjustment program (geared to an additional \$68,000,000 state outlay

for biennium).

Pressure is intense on legislators, both from the Governor's office and from the teachers back home. Mail is piling high on lawmakers' desks.

Speaker Barnes said it will be three months before the Legislature can even consider a teacher's pay raise, since it has to pass the complicated appropriations bill first.

An all-out war now would injure all educational efforts under consideration, Barnes emphasized.

**REDISTRICTING RESOLUTION PASSED** -- Both houses of the Legislature overwhelmingly adopted a resolution calling for a federal constitutional convention to permit one legislative chamber to be apportioned of factors other than population.

Thirty-four states must adopt the identical proposal before Congress has to consider calling a convention on a specific amendment. Three-fourths of the states must ratify any amendment thus submitted.

At least half a dozen proposals for congressional redistricting have been filed so far, plus bills for Senate redistricting and House redistricting.

Rep. Gus Mutscher of Brenham told his House Committee on Congressional and Legislative Districts he will canvass all representatives for their views on reapportioning the state.

House members are trying to work out a cooperative House redistricting plan, taking into consideration those who do not plan to run next time and those who plan to run for other offices.

Other two -- congressional and senate -- redistricting jobs will not be settled so amiably. As one legislator put it, "It's going to be a mean session."

**BILLS TO GOVERNOR** -- The Legislature acted fast on two emergency budget requests by Governor Connally.

One called for \$702,785 in emergency appropriations to run some dollar-short agencies and programs. Included were \$250,000 for carrying on the state's share of the screwworm eradication program for three months after April 1 and \$290,000 for speeding up the Texas Water Commission's planning program.

Other bill set up procedures and a library plan by which cities can take advantage of a \$2,500,000 library building appropriation voted by Congress for Texas.

Both requests were granted in a matter of days.

**TAX BILL PUSHED** -- Rep. Ben Atwell of Dallas, Chairman of the House Revenue and Tax Committee, is pushing a bill to

raise \$15,300,000 under present tax laws.

Bill would repeal sales tax exemption of farm machinery and telephone and telegraph service; revise inheritance tax laws; repeal chain store tax (\$7,200,000 loss) and theater admissions tax (\$1,200,000 loss); and grant a tax exemption for natural gas used in exploration and production in the same field where it is produced.

Serious consideration of tax bills must await passage of the general appropriations bill, Atwell said.

**SALE OF STATE LEASES** -- Land Commissioner Jerry Sadler reports \$39,000,000 in high bids on 475 tracts were received by the State School Land Board. It was the biggest oil and gas lease sale in Texas history.

Highest single bid was Dow Chemical's \$1,077,000 for a submerged Gulf tract in Matagorda County. Second high was from Will Odom of Austin -- \$1,066,000 for another Gulf submerged tract in Kenedy County.

**GOVERNOR'S PROGRAM INTRODUCED** -- Most of the governor's program already has been introduced in some form in one or both houses.

- Bills or constitutional amendments filed would:
  - Set up an 18-man coordinating board over the state system of higher education;
  - Repeal state property and poll taxes;
  - Establish a State Department of Mental Health;
  - Tighten driver license laws;
  - Provide four-year terms for state officials;
  - Combine the Migrant Labor Council with Texas Good Neighbor Council;
  - Insure equal legal rights for women;
  - Establish a \$10,000,000 college building fund;
  - Create a Fine Arts Commission;
  - Revise the Texas election code; and
  - Free the Texas Water Commission for water rights administration and make Texas Water Development Board responsible for all water planning, financing and development activities.

**BUILDING HIGHEST** -- Building shattered all records during 1964. Total permits issued in the state came to \$1,600,000,000 or seven per cent more over 1963, according to UT's Bureau of Business Research.

Bulk of the increase came from a 25 per cent gain in non-residential buildings, principally industrial structures which were up a sensational 92 per cent. Home building authorizations dropped three per cent, while permits for alterations and repairs were up two per cent.

Non-metropolitan areas led the construction surge with a 30

per cent gain over the previous year. Metropolitan areas gained only three per cent.

The city with the biggest gain was Longview. Other big gains were shown in San Angelo, Lubbock, Tyler, Fort Worth, Odessa and Irving.

**SHORT SNORTS** -- Bill authorizing the State Railroad Commission to order pooling of separately-owned oil and gas interests in standard proration units has cleared the Senate Oil and Gas Committee.

A four-system geographic grouping of colleges, rivaling a three-system set-up proposed by Governor Connally, is called for in a bill by Sens. Dorsey Hardeman of San Angelo and H.J. Blanchard of Lubbock.

Continuation of the Veterans' Land Program with another \$200,000,000 bond program is proposed in constitutional amendments introduced in both the House and Senate.

Sen. D. Roy Harrington of Port Arthur is author of a bill to establish a Texas mediation service for voluntary settlement of intrastate industrial labor disputes.

Updating of workmen's compensation law is proposed in a

bill by Rep. David G. Haines of Bryan.

Fewer Texans are driving over 70 m.p.h. these days than did in late 1963, according to a Texas Highway Department radar check.

Package store operators are making a second try to get an 8 p.m. closing time for liquor stores because 8 to 10 p.m. is when the majority of hold-ups occur, they claim.

Parks & Wildlife Department reports that 1964's record number of hunters had only 10 fatalities, a decrease of eight from 1963.

Continued storm activity in the Plains area and in the north-central part of the state contributed to a 4.0 per cent statewide average increase in fire and allied insurance last year, according to the Board of Insurance.

### AIRPLANE PRESENTED TO TEXAS RANGERS

A twin-engine aircraft has been presented to the Texas Department of Public Safety for the use of the Texas Rangers by Col. D. Harold Byrd of Dallas.

The Lockheed Lodestar, which seats ten passengers, was accepted on behalf of the Texas Department of Public Safety by Col. Homer Garrison, Jr., Director. "We are grateful for Colonel Byrd's generosity in presenting this airplane to the State of Texas to be used to enhance the State's law enforcement effort and emergency services," Col. Garrison said.

"This aircraft will be utilized to great advantage on occasions when speed is of the essence in transporting law enforcement and other personnel and equipment from one part of the State to another," Col. Garrison said.

This is the second aircraft that Col. Byrd has presented to the Texas Department of Public Safety. The other was a Twin Beech which he gave to the Department in 1958.

Col. Byrd, who has been active on behalf of aviation in Texas and the nation for many years, is an honorary captain in the Texas Rangers.

ESTATE OF R.L. CAMPBELL, DECEASED

No. 1261 in the County Court of Lamb County, Texas

The State of Texas. To all persons and parties interested in the estate of R.L. Campbell.

You and each of you are hereby cited, required and commanded to appear before the County Court of Lamb County, Texas, to be held in the County Court room in the courthouse of said county in the City of Littlefield in said county, such appearance to be at or before ten o'clock A.M. of the first Monday next after the expiration of ten days from the date of service, exclusive of the day of such service, which day and date of service shall be the date of publication that this newspaper bears, and which day of appearance will be the 22nd day of February, A.D. 1965, and contest, by filing written answer of contest, if they or any of them see proper so to do, a verified account, the nature of which is an account for final settlement of such estate, which has been filed by L.M. CAMPBELL and R.C. CAMPBELL, the Administrators of the Estate of R.L. Campbell, and is now pending there, in a probate proceeding on the probate docket of said court styled Estate of R.L. Campbell, the file number of which account and the docket number of which proceeding is No. 1261, which account will at such 10 o'clock, on such day, and at such place be considered by such court. If this citation is not served within 90 days after date of its issuance, it shall be returned unserved.

For instance, noise is less lawful if made with malice aforethought. One woman was held liable for playing her radio loud and long at an open window, purposely to inflict a maximum of annoyance on the family next door. Another factor is the ease of abatement. The owner of an incessantly barking dog was ordered to abate the nuisance, the court noting that it was simply a matter of not leaving the dog alone so much. But noise appropriate to the time and place is usually no nuisance. Thus, courts have declined to interfere with the cackling of hens in a rural district and with evening croquet games that vexed only a single sensitive neighbor. In another case, a court found no nuisance in the singing of popular songs on the front porch, even though the fastidious couple next door were scandalized. The court said: "Those who enjoy the modern jazz cannot be restrained from producing it because it offends the classical ear."

Noise may not be the chief product of civilization. But civilization has certainly made more of a din less of a sin. One court, denying a home owner's complaint against the Little League baseball games on a nearby lot, had this rueful comment: "Today we not only have modern conveniences but also modern inconveniences."

Final Winners At New Office

Mr. Jim Clements of Route 5, Box 47, Muleshoe, Texas won the R.C.A. Transistor Radio and Mrs. Edwin D. Wimberley of 501 W. 10th., Littlefield won the R.C.A. Portable Television set at the Southwestern Investment Company Littlefield office on Saturday.

This was the final drawing held in connection with the opening of this new business in Littlefield. Randy Freeman, S.I.C. Manager, said, "I have enjoyed meeting and getting acquainted with many fine people during my first weeks in Littlefield. We look forward to being part of this fine community."

Ohio State led Big Ten teams in attendance during the 1964 football season, drawing 583,740 to seven home games. The average was 83,391.

THE FAMILY LAWYER

Quiet, Please!

Satirist Ambrose Bierce once described noise as "the chief product of civilization." Bierce was prone to exaggerate. But there is no doubt that the noise level of our lives has risen alarmingly. At times, the law must decide how noisy a person may be in his own home. One basic test can be found in the law of nuisance. Is

Home Owner A committing a nuisance by making noise? Is Neighbor B entitled to have it stopped? Oddly enough, both A and B stand on the same foundation: the rights of private property. One of those rights, argues A, is to do as he pleases on his own premises. B retorts that he is entitled to enjoy his private property in peace and quiet.

How to reconcile the irreconcilable? The degree of loudness is one factor, but only one. Justice is too elusive to be achieved by merely counting decibels. A court must seek out all the special circumstances that give color to the dispute.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

COTTON SIGN - UP BEGINS

Cotton producers who wish to participate in the domestic allotment program for 1965 are given from February 8 through March 26 to make their intentions known to County Agricultural Stabilization and Conservation Services offices. Lorene Mangum, Acting Office Manager of the Lubbock County ASCS, says: "This sign-up is a new development for cotton farmers, and for that reason a special effort is being made to get the word around." She adds that the sign-up this year is being conducted in the hope that it will make farmers more aware of the benefits available under the program. A domestic allotment program was also in effect last year, but no sign up was required, giving farmers the opportunity to gauge yield prospects before deciding whether or not to participate.

Farmers have the choice of planting within their domestic allotment -- thereby qualifying for a payment of 4.35 cents per pound on the farm's established normal yield times the acreage planted for harvest in 1965 in addition to the price support of 29 cents per pound basis middling one-inch at average location -- or planting within their effective allotment. Effective allotment is total acreage allotted after any release and reportionment, and farmers electing to plant their total effective allotment qualify for the 29 cents price support only, without the necessity for signing up.

Domestic allotment on most High Plains farms is 65 percent of the 1965 effective allotment, but on small farms for which 1965 allotments are not released, domestic allotment is the smaller of 15 acres or the 1965 effective allotment. Farms on which the domestic and effective allotment are the same are not required to sign up for participation in the domestic allotment program, but all others must sign up prior to March 26 in order to participate.

Those who elect to plant within their domestic allotments may grow other cash crops on the remaining part of the effective allotment, but if the effective allotment is over 15 acres they cannot plant feed grains in excess of their feed grain base and still qualify for supplemental payments.

In addition to formal addresses, discussion periods are scheduled frequently during sessions to give those in attendance an opportunity for questions. Following adjournment, set for 2:30 p.m., March 3, a tour of the Textile Research Laboratory at Texas Tech has been arranged.

The Western Cotton Production Conference is an annual event and future plans call for alternating the conference between western states.

PCG SUPPORTS COTTON TRAILER LOAD LIMIT INCREASE Representative Ralph Wayne of Plainview has introduced a bill to the Texas Legislature which would increase the gross weight limit on cotton trailers from 10,000 to 15,000 pounds without an increase in the current \$5,000 registration fee.

Plains Cotton Growers, Inc., along with other farmers and ginners organizations across the state, is supporting the measure, contained in House Bill Number 11, in PCG's testimony, figures were cited to demonstrate the need for maximum storage of seed cotton in these trailers on acreage yards. The statement pointed out that

available strippers on the High Plains can gather the crop approximately four times as fast

as area gins can gin it, creating a delay between harvesting and ginning and slowing down the rate of harvest.

TEXTILE MILL TOUR READY TO GO

Enough people have registered for the Plains Cotton Growers Textile Mill Tour February 16, 17 and 18 to assure the success of the trip, but there is still room for interested participants who wish to make the tour according to James Parker, PCG Textile Industry Relations Representative.

The tour, which will take participants through textile installations in the Spartanburg, South Carolina area, leaves the airport in Lubbock at 9:00 a.m. on Tuesday, February 16 and will return to Lubbock on February 18.

### Hospitals And You

There is no better insurance than a profession in the hospital field.

The graduate nurse, medical technologist or other professional in a hospital career has the satisfaction of knowing that their services are in demand from Kodiak to Key West.

Or if their interests lie beyond the borders of the United States, they have but to name the area of the world of choice and be reasonably certain of finding a position with a government or private agency.

The big difference between hospital careers and many others is that qualified individuals are not only used everywhere, they are in demand. This gives a great deal of mobility to the person whose interests or obligations might take them to various parts of the country or the world.

The insurance factor of a hospital career extends, however, beyond the mobility and also includes what might be referred to as returnability.

A dietitian, physical therapist or medical record librarian has the security of knowing that even after years of professional inactivity due to family obligations or other reasons, one may return to full activity in the profession after a short refresher course.

The widow who must supplement insurance income in order to maintain the desired standard of living for her family may do so easily if she has trained in a hospital profession.

The wife who is forced by reason of her husband's illness to assume financial support of her family is in a position to do so easily if she has a hospital career to fall back on.

To the mature woman who feels the need for a challenge in her day to day activities after her children have grown and left home, the hospital profession offers a degree of satisfaction seldom found elsewhere.

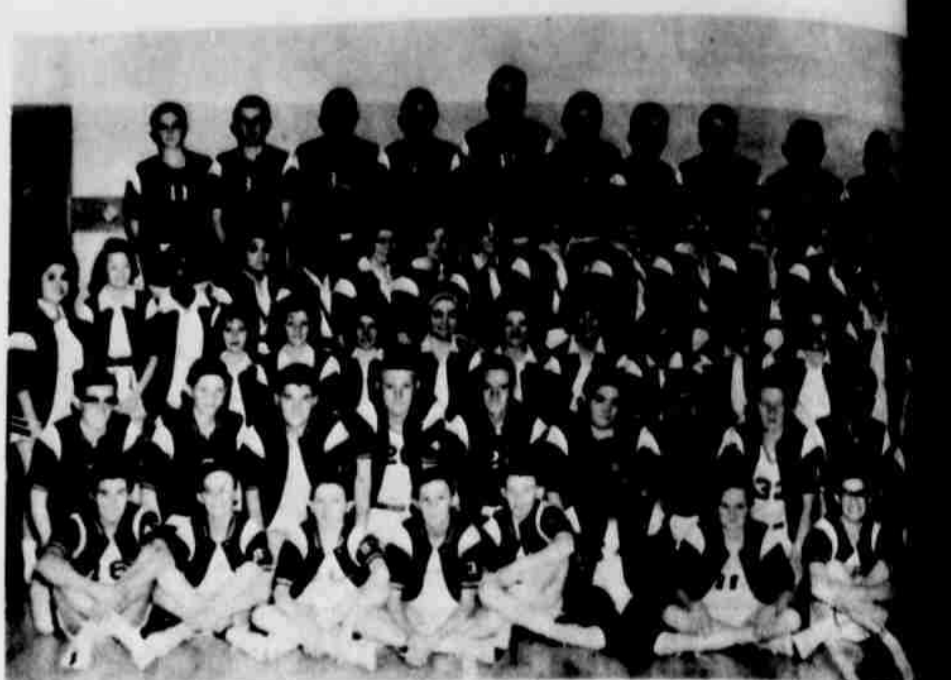

### Frank Ebeling Dies Monday

Services were held at 2 p.m. Wednesday for Frank August Ebeling, 69, in St. Martin's Lutheran Church with the Rev. Pimber of Levelland officiating. Mr. Ebeling died Monday evening in a local hospital, after a lengthy illness.

Arrangements were under the direction of Hammons Funeral Home. Burial was in Littlefield Cemetery.

Ebeling, who is survived by his wife, Ella, five sons and a daughter, moved to Littlefield from Earth in 1939.

Survivors other than his wife include: Norbert Ebeling, Tulsa, Okla.; Valgene, Atlanta, Georgia; Audie, Waco, Bill, Austin, and Frank Jr., Dallas; one daughter, Mrs. Troy Lance, Amherst; nine grandchildren, and two great-grandchildren. He was preceded in death by two sons, Dewey Ebeling, in 1926 and Ebb Ebeling in 1947.

### Air Force Broadens Enlistment Policy

Broader enlistment policies designed to give young men a greater opportunity to join the Air Force were announced Monday by TSgt Dan E. Scott, local Air Force Recruiter.

The new criteria, which allows acceptance of young men who are unable to complete high school, will give a greater number of people the opportunity to become a member of the Aerospace Team.

The Air Force, which is one of the nation's foremost exponents of stay in school efforts, realizes that a few young men, for various reasons, cannot complete high school. These men may now apply for an Air Force career. If accepted, they will be given the opportunity to complete their education, from high school to graduate school, while in uniform.

The enlistment criteria changes are necessary because of vacancies existing in many occupational and technical fields needed to perform the defense mission of the modern Air Force, Sgt. Scott noted.

Detailed information on the new enlistment opportunities may be obtained from Sgt. Scott at the Littlefield Post Office on Wednesdays or the Lubbock Air Force Recruiting office located at 1006 13th Street or by calling Porter 2-3359.
