Amherst School Head Cites Danger of Skipping Classes

Littlefield Group Attends CC Meet

BY W. D. KAY

Amherst School Superintendent

One of the primary factors to efficient school citizenship and class work is being present in school every day. Absences are not only costly in dollars and cents, but unnecessary ones tend to breed indifference toward every day class work, toward teachers, toward home, and toward self. These indifferences, in turn, affect the individual's outlook to such an extent that the will to do the best for one's self is not present. Thus, a vicious circle of growing dissatisfaction and antagonism results.

Here are enumerated several reasons why the student should be in school every day:

1. People rarely ever go to public school after they become adults—hence the necessity of attending school early in life.
2. There is a real loss in dollars and cents. Public schools cost the people whether or not students willfully stay out of school.
3. Opportunity of much association with other young people is thwarted.
4. Much of the development of community and school citizenship is lost when a student willfully misses school.
5. There is a positive loss of contact with the school work in progress when one is not in school each day.
6. Statistics show that in a large per cent of the cases dollars and cents income is greatly enlarged by at least the completion of high school work and the requirement.

Certificates Given At LHS Festival

Four outstanding students of Littlefield high school were signally honored Thursday night at the Annual Festival in the school auditorium sponsored by the staff of The Wildcat, high school yearbook. Two chosen by the faculty as the two outstanding students of the school and announced for the first time Thursday night were Gene Renfro, backfield star of both the 1950 football team and the 1949 state championship aggregation, and Mary Jane Coen.

GENE RENFRO

Both the faculty selections are seniors. Chosen by vote of their fellow students as the "All-Wildcat Boy" and "All-Wildcat Girl" of 1951 were two other senior class members, Lehman Pace, daughter of Mrs. Sid Pace of Star Route 2, Littlefield, and Marvin Kloiber. Marvin is the son of Mr. and Mrs. Joe Kloiber of Littlefield Route 2.

Miss Coen, editor of the school yearbook, is the daughter of Mrs. J. R. Coen, of 702 East Eight street. Renfro is the son of Mr. and Mrs. J. J. Renfro of Littlefield, Route 1.

Announcement of the selections were made by Principal Troy Armes in the absence of Joe Hutchinson, superintendent of schools, who left Littlefield Thursday morning for Atlantic City to attend the annual convention of the National Educators Association. He was accompanied by J. Ernest Jones, county school superintendent.

CLASS FAVORITES—These girls and three boys, together with Dickie Hopping, who does not appear in the picture, are the favorites of the Littlefield High School. They were chosen at the school Annual at the high school auditorium Thursday night. The girls left to right, are Jeanne, seniors' choice; Mary Zoe Renfro, sophomore favorite; Eddie Mae Davis, freshman, and Jo Pickerell, the juniors' selection. Miss Hill is also Football Queen and Miss Pickrell is Band Sweetheart. The boys shown are M. C. Northam, sophomore football flash; Fred Martinez, popular freshman, and Joe Walden, junior. Hopping is a senior.

ANNUAL XIT REUNION SET FOR MAY 1st

Stockholders of the XIT Rodeo and Reunion Association—which stages the reunion—have completed organization for the 1951 show. Archie Bailey was reelected a director; Cary H. Kuper is a new director, succeeding F. L. Jolley. Holdovers with another year to serve are president Frank Farwell, Vice-president J. C. Parker and Secretary-Treasurer A. C. Hallmark.

Baptist Revival On in Springlake

A revival meeting will open at the First Baptist Church, Springlake, Friday night, February 23, running through Sunday, February 25, according to the Pastor, Rev. C. T. Jordan.

Dr. Bill Marshall, President of Wayland College, will preach the

service, and Sam Allen, Physical Educational Director of Wayland, will lead the singing.

The meeting will be held at 7:30 Friday evening.

Rev. Jordan is extending a hearty invitation to the residents of this area to attend the services.

Engineers Offer Essay Contest

Students of Texas Junior and Senior High Schools now have the opportunity to enter an essay contest on the subject of "Engineering as a Profession".

Five State awards are to be made of \$50, \$35, \$15 and \$5. It has been the endeavor of the local South Plains Chapter to advise all school principals of this contest in their area. Further information may be obtained from: Mr. John R. Ragland, 1310 Avenue Q, Lubbock.

Participating students are instructed to present their papers to Mr. Ragland by March 15.

Youth Activities Told Rotarians

The accent was on Youth at the regular meeting Thursday of the Littlefield Rotary Club.

Speakers were A. C. Hamilton, director of youth activities for the city of Lubbock, and Gordon Russell, director of the Lamb County Youth Center.

Officers of the center Youth Council also were present and spoke.

Jay Fikes presided in the absence of both President C. O. Stone, who is in Houston, and Art Chesher, vice-president.

Jack Christian was in charge of the program.

Funeral Services Held For Infant

Harrie Sue Clayton, infant twin daughter of Mr. and Mrs. Raymond Clayton of Springlake, born at 9 a.m. Wednesday, died at 9 p.m. the same day.

Funeral services were conducted at 3 p.m. Thursday at the grave in the Littlefield Cemetery with Rev. C. T. Jordan, pastor of the First Baptist Church of Springlake officiating.

The other twin infant, a son of Mr. and Mrs. Clayton, is getting along fine. He has been named Herbert Raymond.

Mr. and Mrs. Clayton have another son, Charles, aged 6 years.

The Clayton family have been residents of Springlake for the past six months, moving there from Oklahoma.

Legion To Meet Monday Night

The Richard New post of the American Legion will hold its regular meeting Monday night at the Legion Hut, Sixth street and Westside avenue.

Littlefield Fishermen Witness Lake Tragedy

Three Littlefield fishermen—Bob Cox, Jack Alexander and Lonnie Wyatt—were the shocked witnesses of a tragedy at Conchos Dam near Tecumcari last Sunday that cost the lives of a Texoma man and his three year old daughter.

The Littlefield trio had gone to the dam early Sunday morning to fish. They were on the bank near the dam when a small overloaded boat from which the Texoma man, a friend, his wife and two small daughters were fishing was tilted by a gust of wind and capsized.

The Littlefield men did not have a boat but two Tecumcari men in a boat went to the rescue of the party, about a mile distant. They brought the five to the shore over one of the little girls and

Physicians Hear Atomic Defense Talk

Shotwell and H. E. Payne-Shotwell of Littlefield attended the meeting of West Texas and physicians at the Hill-Lubbock this week.

The meeting, a one-day post graduate medical course, was sponsored by the University medical school at Galveston; the State Medical Defense director, Dr. George W. Cox; the State Medical association; and the American College of Surgeons.

Treatment of cases in the event of atomic warfare and procedure to be followed in giving medical aid were discussed at the meet. Seven from the faculty of the University of Texas School of Medicine at Galveston, and one representative of the State Medical Defense director, were speakers.

You and Your Congress

"A PRETTY Rugged JOB" is ahead for Congress as it faces up to the necessity of raising taxes all along the line.

Those four words were used by Secretary of the Treasury John Snyder to sum up the situation as he laid the Administration's tax recommendations before Congress this week.

ASSERTING that there is a national demand for financing the current defense program on a pay-as-you-go basis, Mr. Snyder proposed raising about \$16 billion. Such an amount would be needed to bring into balance prospective expenditures of \$71 billion and estimated revenues of \$55 billion for the fiscal year which begins next July 1.

However, he asked Congress to do something immediately about only part of that \$16 billion gap. He proposed that individuals be taxed another \$3.16 billion, that corporations pay \$3 billion more, and that excise be jumped so that still another \$3 billion could be obtained. (The burden of excises falls on individuals, too.)

If that \$10 billion should be approved, he said it would "help to cover our immediate needs" and would make it possible for Congress "to give full consideration to further tax measures" a little later on.

SUCH VIEWS were not accepted immediately by the House Ways and Means Committee as it began what certainly will be long hearings on new revenue legislation.

Committee members, instead, found these questions going through their minds:

Must we have as much as 10 billion in new revenue now?

How much more taxes can the economy stand? Why don't we cut federal expenditures and reduce the size of our job?

Isn't the Treasury always low in estimating what the revenue laws will yield?

Should we wait to see what Congress will do with the President's request for \$71 billion in new appropriations?

IT SEEMED CLEAR this week that several

month would pass before members of Congress would be able to tell their constituents how heavy the new tax load will be.

That will give Congress time to get advice from "back home" on projects and services the people are willing to defer in order to cut the total cost of government. It also will give time to receive advice on the kind of new taxes the people want.

There are two reasons for this time consuming operation: a major tax bill normally requires that length of time to enact; second, both the House and Senate may drag their feet until they see how much of an actual gap between expenditures and income is going to develop. These time-consuming factors could even mean that Congress really will enact only one tax bill, instead of two as Mr. Snyder suggested. In any event, it appears that Congress will not raise quite as much as \$10 billion in the next revenue bill.

THE GUESS in Congress about new taxes are running like this:

Individuals—2 or 3 percentage points increase in each income bracket, instead of 4 points as Mr. Snyder suggested.

Corporations—5 or 6 percentage points increase, rather than the recommended 8.

Excise—Considerable expansion of items taxed, and higher levies on existing taxed items, for a total of something more than \$2 billion. (Mr. Snyder's proposals for steeply increased excises on automobiles were the "surprise" parts of his program.)

ALTERNATIVES to a \$10 billion tax program are being sought eagerly.

The Ways and Means Committee spent most of an entire day discussing enforcement with officials of the Bureau of Internal Revenue. It developed that the Bureau believed it could pick up more than \$1 billion from tax evasions if it only had more investigators.

But a general sales tax was not in the picture as the week ended.

C. H. Messer Makes Lamb County Soil Conservation District Report

C. H. Messer, Chairman of Board of Supervisors of the Lamb County Soil Conservation District, has made the following report for public action:

The following is representative of the accomplishments of the District for the year 1950. The District Board of Supervisors held 12 regular meetings and 3 called meetings for the purpose of administering the business of the district and making assistance available to the farmer of the Lamb County Soil Conservation District.

We received 125 applications covering 24,828 acres for the year as compared to 118 applications covering 23,951 acres for 1949. The district has been in operation for three years. Plans have been completed on 61 farms. The district has received 499 applications covering 110,393 acres representing 15,198 acres, this year. The district has helped farmers build 24 miles of terraces this year as compared to 15 miles last year; also, 82 acres of leveling this year as compared to 1170 acres last year. The reason for less leveling this year than last was due to the unusually large amount of moisture received during the summer months of this year. There has been approximately twice as much soil improving crops planted this year as compared to last year—1268 acres planted this year as compared to 7967 acres last year; 816 acres seeded to pasture this year as compared to 219 acres last year. Many farmers are practicing deep breaking of sandy soils and other

improved methods of tillage such as chiseling and flat breaking of tighter soils. The district has also helped the farmers with other soil conservation work by making soil and water analyses, irrigation well locations, and etc.

Farmers and ranchers of the Lamb County Soil Conservation District have been very cooperative in helping us carry out the District Plan and Program. The business men and civic organizations have also been very cooperative in helping the District with educational programs, field days, and etc. The Highway department, PMA, County and Home Demonstration Agents, and Vocational Agricultural Teachers have been very cooperative in helping us carry out the District Plans and Program.

One of our greatest problems has been the shortage of engineering help for the Dist. We have been unable to furnish the necessary engineering help to cooperating farmers for maximum conservation. We have had equipment for most of the jobs to be done. We had a shortage of cover crop seed in the District this year.

The District has received a new grader which was purchased recently from bids secured in December of last year. The new grader will be ready for use as soon as minor adjustments are made. Hubert Dykes of Sudan has been employed by the district board to operate the grader. A half ton pick-up has been ordered by the board to be used in connection with the operation and servicing of district machinery.

Heart Fund Writer, Dr. F. H. Faust Tells of Physical Penalty For Worry

In an article this week on the American Heart Campaign, now in progress in Littlefield under the auspices of the American Legion, Dr. F. H. Faust calls attention to the tremendous cost of worrying.

Red heart-shaped receptacles for the heart campaign contribu-

tions now is in evidence on counters of almost all business establishments in Littlefield.

"Worry, the Cause of High blood pressure now are in evidence on counters of almost all business establishments in Littlefield.

High blood pressure is the bogey

those over the mid forties. All symptoms are thought to be due to the high pressure. Too many people decide for themselves that high blood pressure is their disease. They are positive in this assumption; they actually scare themselves into a state in which, if they do not have a high blood pressure, will of itself produce it.

The blood pressure is the result of certain physiologically normal factors. It is therefore like the temperature, a finding reflecting the causes. As the heart beats it raises the pressure, this is known as the systolic (contracting) blood pressure. As the heart relaxes the valves at the top of the heart close and hold the blood in the elastic walls of the arteries which known as the diastolic (relaxing) blood pressure.

This pressure is maintained by the resistance created as the arteries divide into the capillaries. It is a known fact that the nervous system is connected to the circulatory system at this point. If the nervous system is over stimulated by increase in work, play and particularly mental exertion especially worry, the small capillaries will contract and increase the resistance thus causing a rise in the blood pressure particularly the diastolic (relaxing) blood pressure.

Thus it can readily be seen that a person worrying about his blood pressure, even though it be not high, may be forced up by plain worry. It would be better for this person to see his doctor, if there is any change from normal, proper methods of treatment maybe started and often the causes eliminated.

Headache, dizziness, backache, eye or ear ache are surer symptoms of many other diseases than that of circulatory disturbances. There are no sure known symptoms of many other diseases than that of circulatory disturbances. There are no sure known symptoms of high blood pressure.

The taking of the blood pressure as done by your doctor is the outcome of many years study by the American Heart Association. The Association has developed the proper and most simple method to determine the blood pressure at each visit. The most simple method to determine the blood pressure at each visit. The most important point is that your

Emmanuel Church To Conduct Second Lenten Service

"The Cup, Filled and Drunk," will be the focal point of the second Lenten service, at Emmanuel Lutheran Church, 417 West Third street, Sunday, February 18, beginning at 7:30 p.m. A closer study of "The Cup in Gethsemane" will also reveal the power of prayer and the blessings of a will in harmony with God's will.

The frightful cost paid for redeeming a people otherwise lost and condemned because of sin is central to the thought of Lent at Emmanuel Lutheran. Special music is being prepared to increase the blessings of this sacred season.

Nazarene Church Revival Opens

The Church of The Nazarene of Littlefield, Tex., located at 913 Phelps Ave., began a revival meeting Wed night Feb. 14th the evangelist Rev. L. H. Newcomb, of Vivian La. bringing the message each evening at 7:30 p.m. The meeting will be in progress through Sunday Feb. 25th and a cordial invitation and a hearty welcome is extended to each and every one to attend these services.

Rev. Newcomb is a preacher of the rugged truths of the word of God, and we are sure that you will be blessed and benefited by his Gospel messages as you hear

MORE and BETTER COTTON

As a cotton planter, you can expect four-way benefits from one simple operation you can perform on your own farm, or have done for you. It consists of planting seed that has been treated with an organic mercury dust. Its results include:

1. Control of most of the seed rot or decay that reduces your stands before the seeds can sprout.
2. Control of seedling blight caused by bacteria in your soil or seeds that attack the tender seedlings.
3. Control of anthracnose or pink boll disease, another germ-caused ailment that results in smaller crops of poor-grade, spotty cotton.
4. Control of bacterial blight or angular leaf spot that kills your cotton plants or stunts their growth.

Experiment Station figures show yield increases of 5% to 40% as a result of seed treatment. This means up to \$12 per acre added to your income. Cost of the chemical amounts to less than 10¢ per acre.

Those who recommend seed treatment stress the fact it should be correctly used—applied to the seed according to directions, and in the right amounts. The cotton planter has too much at stake, they say, to risk cutting corners on the use of less than recommended amounts, or skipping any steps of the fairly simple seed-treating process.

The treatment can be done by many ginners and delinters. Ask your County Agent about the value of seed treatment and where you can get this service in this vicinity.

EASTERN STAR OFFICERS HONOR WORTHY MATRON FRIDAY EVENING AT LUCAS HOME

On Friday evening, February 9, the officers of the local Chapter of the Order of the Eastern Star honored their worthy matron, Mrs. Marye Sales, with a lovely party in the home of Mr. and Mrs. E. B. Luce, 400 East 15th Street.

The Valentine motif was carried out, using the honoree's chosen colors of pink and silver.

Silver and Pink Decorations
On the mantel were two heart shaped vases of silver filled with pink carnations.

Mrs. Dewey Hulse played soft music as the guests assembled. Miss Lula Hubbard presided at the register and presented each guest with a beautiful program, which was made to form a valentine.

Program Entitled "Marye"
The program was simply entitled "Marye". The five Star points, Mrs. Olese Gibson, Mrs. Forrest Ieaves, Mrs. Cecil Phillips, Mrs. J. N. Frey and Mrs. Dan Berg each carried a large lace trimmed heart bearing a letter of the name "Marye". Each letter stood for a lower, and using the language of lovers, it's special quality was attributed to the honoree. As each star point gave the symbol of her initial she introduced a number in the program.

Love was portrayed by Mrs. Alph Nelson, singing "I Love you Truly". Friendship was portrayed by Mrs. Lily Brandon, who recited the poem "Friends": Remembrance by Mrs. Dodgen, who reviewed the year's activities, presenting Mrs. Sales with a beautiful and artistic scrap book; Happiness by Mrs. Newt Harkey, who read the beatitudes from Mat-

thew; and Sweetness by the Chapter Trio, Mrs. Eugene Johnson, Mrs. Wylie Roberts and Mrs. Nelson, who sang "You are a Sweetheart". When the full name "Marye" was spelled, Mrs. Weldon Findley sang "Marye's a Grand Old Name", after which Mrs. Luce presented the honoree with a gift of silver from the officers.

Mrs. Boone Presides
The guests were then invited to the dining room, where Mrs. Pat H. Boone, Sr. presided at the tea table. Laid with white organdy, it was centered with a silver tray on which was the ceramic figurine of a lovely lady reading. She was framed with a heart of pink satin and silver maline, entwined with tiny pink roses. Pink napkins were used.

Pink punch, heart shaped cakes, feed with pink, ribbon sandwiches and assorted nuts were served to the large number attending.

Those assisting Mrs. Luce were members of the Refreshment Committee, Mesdames H. C. Arnold, J. R. Coen, Coy Brooks, Olen Gibson, Newt Harkey, Brice, L. B. Stone, Cecil Phillips and Dan Berg.

On the Decorating Committee were: Mesdames Sid Hopping and Q. T. Bellomy.

Mrs. Eugene Johnson was Invitation Committee Chairman. On the Scrap Book Committee were Mesdames Roy McQuatters and W. G. Street, and Mrs. Ralph Nelson was Program Chairman, while Mesdames Albert Lockwood and N. N. Frey were on the Program Printing Committee.

When you buy a Cadillac, to know that you will make the decision as to how long you will keep it—and how far you wish to drive it. The car will give you service throughout your pleasure.

With reasonable care and reasonable usage, and no practical limit to a Cadillac's utility. Authentic records show various Cadillacs well into their hundred thousand miles of service.

Because the original owner seldom has any requirement for such exceptional mileage. Being progressive, he

wishes to change his cars sufficiently often to keep pace with Cadillac's advancement in design and appearance.

But he benefits, all the same, from this wonderful capacity for service. It means that, month after month and year after year, his Cadillac performs magnificently—with the minimum of care and attention.

The great Cadillacs for 1951, now gracing America's streets and highways, are built in the finest traditions of Cadillac quality. If you have not inspected them, you ought to do so. We'd be happy to see you—at any time.

We are sorry indeed that delay in delivery of new Cadillacs continues unavoidable. Not only is the demand beyond all precedents, but much of the company's materials must, of necessity, be allocated to defense production. Thousands of Cadillac's craftsmen are already engaged in this effort. If you are waiting for a Cadillac, please be patient—but hold to your purpose. There is no substitute for the "Standard of the World."

Nurse Tells How Hadacol Was So Helpful To Her

Supplied Vitamins B₁, B₂, Iron and Niacin Which Her System Lacked

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., a nurse, says she wishes she had found out about HADACOL sooner because since taking HADACOL she feels so good. Mrs. Adele was suffering a deficiency of Vitamins B₁, B₂, Niacin and Iron which HADACOL contains.

Here is Mrs. Adele's own statement: "I have been a nurse for over 14 years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I am full of energy."

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs and arms, certain nervous disturbances, and a general run-down weakened condition due to deficiencies of Vitamins B₁, B₂, Niacin and Iron in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B₁, B₂, Iron, and Niacin but also helpful amounts of important Calcium and Phosphorus

—elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come in Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B₁, B₂, Iron, and Niacin?

What HADACOL did for Mrs. Adele. It can do for you if you're troubled with aches and pains in the shoulders, legs, and arms, certain nervous disturbances, insomnia when due to an upset stomach, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin content of your blood (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close as hand as your nearest drugstore if you suffer a deficiency of Vitamins B₁, B₂, Niacin and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana. © 1956. The LeBlanc Corporation.

Frazer Corporation Introduces Travellers in 2 and 4-Door Styles

(Special to Leader)
LITTLEFIELD, Mich.—Four new models in the 1951 Kaiser line were added as Kaiser introduced special two and four-door Traveller models original-

strated their adaptability as special purpose vehicles for ambulance, farm and sales work, as well as in many service occupations in which bulky loads must be carried.
"A Traveler quality having particular appeal for outdoorsmen," he added, "is that it can serve as a 'camp on wheels'. Thousands of other owners who have maintained two cars to serve varied transportation requirements have found that a Traveler eliminates all need for a second vehicle."
DeMartini said the Traveler prices, previously announced, are lower than those of station wagons in the Kaiser popular priced field, and well under many standard sedans of comparable size.

Travelers have the appearance of the Kaiser sedan sedans, with no dual-purpose side, they are conventional passenger sedans until the front seat is flipped forward to cubic feet of cargo

receiving a certificate of graduation class nominated a boy and a girl in addition to the winning senior combination, the nominees were Jack Lou Hollingsworth, Fred Grant and Fredy Howard, juniors, and Wanda Webb and Dike Powell, freshmen.

Certificates were presented by Mr. Armon to the members of the high school Court of Honor, composed of the three students from each class with the highest grades; to the football, band, DE and FFA smoothies; to the class favorites and to members of the high school Who's Who.

A special certificate was presented Dickey Hopping in recognition of his selection following the Brownfield game last fall as football "Linebacker of the Week."

Auditorium Well Filled

The near-capacity audience in the auditorium enjoyed a concert comedy, "The Mystery of Melody Manor," which presented the circumspect presentations.

It was staged by the LHS Playhouse with the following in the cast: Don White, Don Wilson, Douglas Perkins, Wendell Lightsey, Edwin Schorvaja, Bill Jones, Lloyd Williams and Freddie Lewis. R. L. Blanton was stage manager, assisted by Gary Lane.

Margaret Nickelson, artist for "The Wildcat," was Mistress of ceremonies. Music was provided by the Wildcat stage band, directed by Don Hayes. Members of the Band and Wildcat staffs were introduced at the opening of the program.

Scholarship awards to be used for expenses in a college or business school were made by three LHS clubs, The "Rotary Day," Jackie McCaslin, a \$100 scholarship. The Jaycee-Elites will present a \$100 scholarship to Betty Jo Davis and the Woman's Club will award Amelia Flores a \$50 scholarship.

FIRE DEPARTMENT ANSWERS CALLS

Fire shortly after 5 o'clock Friday morning in the garage room at the Dennis Jones Service Station here burned a quantity of grease and damaged several grease guns and some other equipment.

No estimate of the amount of damage was available Friday night.

The fire was extinguished quickly after arrival of the fire truck.

Shortly after noon Thursday the truck was called to Highway 84 and First street where a motor car had caught fire but the blaze was extinguished with little damage before it arrived.
