

New Courthouse Is Sought In Petitions

Court Is Asked To Set Dates For Referendum

\$600,000 Bond Issue Would Be Required For Structure Here

Petitions, asking an election for a new courthouse, were placed in the hands of the Howard County Commissioners Court Monday morning.

Signed by 675 persons, the petitions asked that the court set dates for a referendum on whether to issue bonds in an amount not to exceed \$600,000 for the erection of a county courthouse and jail building.

Petitions also requested that the call specify that the interest rate could not exceed four per cent, and that the issue also include authority for making necessary levies for principal and interest payment over a period not to exceed 35 years.

Judge J. E. Brown and members of the court said that no action was due to be taken before April 11, the regular meeting date of the court. Names on the petitions may be checked for qualifications of voters and property ownership in the county, although no petition actually was required had the court been inclined to call such an election on its own volition.

Meanwhile, a group of representatives from bond houses and architectural firms was told that the court would hear them Friday morning. There was no indication that a decision by the court would be announced regarding services of bond representatives on a contingent basis. In some elections such arrangements are made whereby the political subdivision is relieved of legal work and printing.

Presentation of the petitions was made by Charles Sullivan, J. W. Purser and R. W. Whippley.

Circulation had been underway for several weeks but was held in abeyance during the time the Big Spring school district reached a decision on an issue for new classrooms. Although there has been talk of a new courthouse for more than a decade, the action Monday was the first time it had actually come to a request for an election. Once the county had tentatively applied for PWA funds for a courthouse project, but it never materialized.

Should the court call an election at its next Monday session, the date would likely be somewhere between the latter part of April and May 10.

BULLETIN TEHRAN, Iran, April 4. (AP)—A reliable military informant said today a Russian regiment attacked an Iranian army post in northeastern Azerbaijan a few days ago and an "important battle" was fought.

Watch Chrysler As Ford Cuts Prices

DETROIT, April 4. (AP)—The nation's automobile industry focused its attention today on Chrysler Corp. to see if the third member of the "big three" would follow the example set by General Motors and Ford and trim its prices. Meanwhile, the Ford Motor Co. put into effect new reductions of \$12 to \$120 on its Ford, Mercury and Lincoln models.

That move, announced yesterday carried out a company policy to "keep prices just as low as costs will allow," a statement said. It also brought Ford into line with GM, Kaiser-Frazer and Willys-Overland, all of which have put lower price tags on their cars during the last six weeks.

Under the new price schedule Ford cars will cost from \$12 to \$30 less than before. Mercury will be down \$30 to \$120, and Lincoln and Lincoln Cosmopolitan models are reduced by \$100. In addition, the company cut the prices of certain truck models from \$10 to \$40. Ford's reduction figures were:

Endurance Fliers May Stay In Miami

MIAMI, Fla., April 4. (AP)—California Endurance Fliers Dick Riede and Bill Barris may remain in Miami for their attempt at a new record.

Unfavorable flying weather over Texas will keep them here another two days and with time running out they are reluctant to risk the long flight home, ground crewmen reported today.

The two Fullerton, Calif., pilots have passed their 468th consecutive hour aloft in their effort to break the record of 728 hours set in 1938.

STASSEN AND CHURCHILL SHAKE — Harold E. Stassen, featured speaker at a session of the Mid-Century Convocation of the Massachusetts Institute of Technology in Boston, shakes hands with Winston Churchill as they respond to applause from a packed Garden just before Stassen began his address. ECA FOES BIDE TIME

Plans Shifted By Economy Advocates

WASHINGTON, April 4. (AP)—Economy advocates shifted plans today for an effort to cut the \$5,500,000,000 European Recovery Program to a later date — when money bills come before both Houses of Congress.

With the Senate entering its ninth day of debate on the authorization measure, Senator Wherry of Nebraska, the GOP floor leader, promised to turn a "searchlight" on forthcoming appropriations measures.

These money bills will come up in due course; the bill now before the Senate would merely authorize a ceiling for the work of the Economic Co-operation Administration, subject to later appropriations.

Administration leaders appeared confident they have turned back all attempts to lower the present bill's ceiling on the next 15 months of operations of the Marshall Plan. They were vastly cheered when they beat an amendment back last week to reduce the over-all amount by 10 per cent.

But Sen. George (D-Ga.) said in an interview he feels that the debate laid the groundwork for a 10 per cent cut in actual appropriations. He noted that Sen. Vandenberg (R-Mich.) had invited a searching inquiry into the actual cash outlays.

However, Sen. Byrd (D-Va.) said he doesn't think anything much will be saved. He predicted that within 1 or 2 per cent of the authorized total finally will be made available by Congress.

IS ALL TROUBLE WORTH THE PAY

NANKING, April 4. (AP)—George Yeh today laid claim to being the world's lowest paid deputy foreign minister. His salary last month amounted to \$2.

SIX CANDIDATES IN FIELD

Big Spring Voters Will Elect Two City Commissioners Tuesday

Two city commissioners who will serve terms of two years each will be selected by Big Spring voters Tuesday in balloting at the City hall fire station.

Polls are scheduled to open at 8 a. m. and close at 7 p. m.

The top two candidates from a field of six will begin terms on the commission at the next regular meeting, which is set for April 12.

Seeking posts on the city's governing body are four newcomers to municipal politics and both incumbents.

G. W. Dabney, who is currently serving as mayor, is a candidate for a third term on the commission, while Willard B. Sullivan is seeking a second term. Other candidates are Lloyd Wooten, Ray Griffin, William A. Bonner and C. C. Balch.

Winners in the election will join H. W. Wright, Dr. C. W. Deats and

George Fearful Over Results Of West Pact

Says U. S. Troops May Have To Guard European Frontiers

WASHINGTON, April 4. (AP)—Sen. George (D-Ga.) said today he fears American troops may be asked to garrison western Europe's frontiers as an outgrowth of the North Atlantic Security Treaty being signed today.

While George said he favors the principle of the mutual assistance pact, he does not think the United States should be asked to furnish any except surplus military supplies in the first year of the treaty's operation.

"Our financial burdens are going to be tremendous," he told a reporter. "We are going to have to increase our military aid to Greece and Turkey. Congress is going to have to provide some kind of program to help non-Communist China. We may increase our own military expenditures over budget estimates."

George, who heads the Senate Finance Committee and is a member of the foreign relations group, said he feels that it might be better for all concerned to let the treaty operate 15 months without much stress on efforts to re-arm Europe.

He said such a course would help dispel the Russian charge that there is any aggressive intent to the security pact. There are signs that when the treaty reaches the Senate a reservation will be offered which would bar any advance commitment to re-arm Europe.

As discussed by some senators, the proposed reservation would say that in ratifying the treaty the Senate is not promising automatically to back it up with military supplies.

Trans-Jordan Signs Treaty With Israel

RHODES, April 4. (AP)—Trans-Jordan has signed an armistice with Israel, virtually ending the Palestine war.

The agreement — valid for one year and renewable — was the third concluded by Israel with an Arab state. Egypt signed an armistice Feb. 24, Lebanon on March 23.

An Israeli foreign office spokesman expressed hope in Tel Aviv that the agreement would lead to a peace settlement.

An Israeli foreign office spokesman indicated that concessions on both sides resulted in completion of the agreement at an earlier date than was anticipated when the talks began more than a month ago.

It was disclosed after last night's signing that Trans-Jordan was empowered on March 20 to negotiate in behalf of Iraq and will take over Iraq-held armistice lines in northern Palestine.

This leaves only Syria as an active combatant with whom the Jewish state has yet to negotiate. In Damascus, Lt. Col. Fawzi Helo, chief of the Syrian delegation in the projected negotiations with Israel, said armistice talks with the Jewish state probably will begin Wednesday.

Son May Testify In Trial For Murder

WICHITA FALLS, April 4. (AP)—Ben Langford's murder trial opened here today. The trial preliminaries were backgrounded by the state's intention to put Ben Langford, Jr., 13, on the stand as a key prosecution witness.

The elder Langford is charged with shooting the boy's mother to death last January.

Western Powers To Sign Treaty Today

Pact Is Warning To Soviet Russia

Police Intensify Their Search For Would-Be Automobile Thief

Search for a would-be automobile thief was intensified here Sunday night after city police received a report that a man had attempted to take a set of car keys from Mrs. Lige Harrison, 202 State street.

Officers said they believed the Sunday night case probably could be linked with another attempted car theft that occurred less than 24 hours earlier when Virginia Sue Stark suffered cuts as she lunged from a vehicle a man was attempting to take.

Police said Mrs. Harrison reported at 7:35 p. m. Sunday that a man who came to her house and knocked on the door choked her in an attempt to gain possession of her automobile keys. Officers said the man was described as "large and wearing a jacket." Mrs. Harrison told police she opened the door in response to a knock, and the man asked, "whose Chevrolet is that?" indicating a car parked near the house. When she replied that the car belonged to her, the man demanded the keys to the car and started choking her, she told officers.

Mrs. Harrison broke away, ran to Third street and called the police department.

In the earlier attempt, Virginia Sue Stark, daughter of Mr. and Mrs. W. B. Stark, was treated at a hospital for cuts on an arm and the fingers of one hand which she sustained when a man tried to prevent her escape as he tried to steal her father's car. Miss Stark was released from the hospital after emergency treatment.

The man had appeared at the window of the car with a pistol in hand, demanding that Miss Stark and her sister, Frances, produce keys to the machine. They lunged out of the car as the man tried the keys. The man produced a knife and slashed out, injuring Virginia Sue's left arm and three fingers on her right hand.

Truman's Program Nears Crucial Test

WASHINGTON, April 4. (AP)—President Truman's legislative program nears its now-or-never test today as Congress begins its fourth month with showdowns approaching on a half dozen major issues.

The Senate is heading toward a mid-week vote on the administration's bill to authorize 15 months more of European Recovery aid at a top cost of \$5,580,000,000.

Aided by Sen. Vandenberg (R-Mich.) and other Republicans, the administration apparently killed efforts to cut the total when it scuttled a 10 per cent reduction move last week.

Before the Senate next will be an odds-and-ends appropriations bill carrying funds for the TVA steam plant which Mr. Truman made a talking point in last year's presidential campaign.

Behind that measure on the Senate calendar are stacked up committee-approved bills reviving the new deal's reciprocal trade agreements program, providing \$10,000,000 in housing units in a six-year drive and setting up a \$300 million aid to education fund.

The House is getting ready to grapple with the European recovery proposal. Meanwhile, it may get a decision from its rules committee on when and how it is to take up the administration substitute for the Taft-Hartley Labor Law.

The substitute has cleared labor committees in both houses without change.

Red Cross Within \$2,400 Of Goal

The Howard-Glasscock Red Cross chapter roll call was within \$2,400 of its goal Monday.

Two responses Monday morning added \$111 to the total. Coahoma sent in \$87.10 toward the fund campaign.

The A. B. Dement Civic Arts club, which conducted the roll call among the Negro population of Big Spring, reported \$54 to the chapter. Ruby Biggs and Georgia Leach headed the drive for the club.

Chapter officials urged others to bring or mail their roll call contributions to the chapter headquarters as rapidly as possible so that the fund appeal could be terminated successfully.

Nation Watches Michigan Vote

LANSING, Mich., April 4. (AP)—Michigan voters went to the polls today.

Nationally, the voting is the first on a large scale since the Democratic Party made sweeping gains last November. So Michigan, a traditionally-Republican state that named a Democratic governor five months ago, will be watched closely by both major parties.

The election also puts the young Williams to its first crucial test. A Michigan highway commissioner and state superintendent of public instruction will be chosen.

Both of those posts are filled by members of the powerful state administrative board, Michigan's elective "cabinet." With five Republicans and three Democrats currently on the eight-member board, William's party is making a strong bid to get it's two candidates into office and win control of the board.

A recent split between Williams and nine Democratic state senators may dim the administration's chances of carrying out its program, some political observers believe.

Clerk Held In Mail Theft Here

A 24-year-old man who has been employed as a clerk at the local post office since February, 1948, has been arrested by postal inspectors and was to be charged some time today with tampering with the mails.

Postmaster Nat Shick said the man was caught red-handed Saturday night in the act of taking money from an envelope. He never stole checks, Shick added.

The inspectors had been investigating the disappearance of money from envelopes passing through the post office for the past six months or so and the spotlight of suspicion fell on the clerk.

When taken into custody, the man orally admitted his guilt and lamented he was "not making enough money to make ends meet." He is married but has no children.

The accused was lodged in the city jail over the weekend but was to be taken to San Angelo some time today where he will be indicted.

Shick said all persons who lost money through the thefts would be repaid if their claims can be substantiated.

Eleven Violent Deaths In State

By The Associated Press Highway crashes accounted for most of the 11 violent deaths in Texas this week end.

The count, which began at 6 o'clock Friday evening started slowly, but as week-end travel increased it mounted rapidly. Two highway accidents took two lives each.

In Big Spring Traffic

Rev. J. R. Maceo Succumbs Here Sunday Morning

REV. JAMES R. MACEO

The Rev. James R. Maceo, 66, who climaxed a colorful career with two decades in the ministry, died in a hospital here at 3:15 a. m. Sunday following an illness of several months.

Rev. Maceo was rector of the St. Mary's Episcopal church, a post which he had held for the past year.

Rites were said at 10:30 a. m. Monday at St. Mary's by the Rt. Rev. George Quarterman, Amarillo, bishop of the Northwest Texas diocese, following a 9 a. m. mass. Assisting was the Rev. Robert Snell, Midland, a former St. Mary's pastor.

The body was to be taken to Dallas for interment.

Rev. Maceo was born Jaime Roberto Maceo on the high seas off Cuba and was educated in England. He became an accountant and during World War I served in the British army. He came to Fort Worth in 1919. In 1925 he was ad-

# U. S. And Canada Exchanging Officers To Work On Defense

WASHINGTON, April 4. (AP)—The armed forces of Canada and the United States are exchanging officers to work on the mutual defense problems of the two nations, the national military establishment said today.

The signatures of the two nations on the North Atlantic Treaty, joining them with 10 other countries in a defensive alliance against aggression, actually will be a reaffirmation of a nine-year old defensive agreement between Canada and the United States. The two countries set up a joint defense board in 1940, and have carried on the co-operative agreement since.

The Canadian-United States agreement, like the new North Atlantic Pact, mentions no names of possible aggressor nations. But now it is directed against attack from the north, over the polar area or across the North Atlantic or Pacific, by Russia.

In answer to a question, the national military establishment said today that "selected individual officers of the Army, Navy and Air Force are presently in Canada for the purpose of increasing familiarity with defense establishment, and arrangement in that country pursuant to the joint United States-Canada mutual defense agreement."

The number of officers exchanged varies from time to time, the NME said, but the group is comparatively small. Most of the officers are Army or Air Force col-

onels or lieutenant colonels or Navy captains or commanders.

This group of officers, most of whom work at military headquarters in Ottawa or Washington, apparently are in addition to other more technical groups. These groups of both officers and enlisted men, are working in the field on such projects as testing of equipment, weather stations and radar installations high up along the rim of the North American Continent.

Canada's ground forces are small (probably about 25,000) but uniquely fitted to defend the vast frontier land.

The army consists of two components — the active or regular force and the reserve force. There is no National Guard such as exists in the United States.

The army is built around a hard-hitting, highly mobile striking force, able to move quickly into a threatened area, whatever the terrain or weather.

Instead of attempting to stretch out her force in a thin line along the far north, Canada seeks to man

strong points and patrol areas of less strategic importance.

To guard against surprise, she relies on intelligence from many sources — patrols of Canadian Mounted Police which visit hamlets and remote trading posts; air patrols and aerial photography; radar and radio; small groups of military personnel whose routine duties are weather observation but who can keep an eye on the skies and ground for unfriendly visitors.

Backing up that intelligence network in another dominion unit, the Canadian Rangers. They are trappers, woodmen, farmers, whose work take them into distant places. Upon this integrated system of observation, Canada hopes to be warned of any stealthy infiltration by an enemy seeking to gain bases in her hinterland.

The United States and Canada now are currently looking to development of a radar net across the north to warn of approach of enemy aircraft. Weather stations already in operation provide a start.

## AVOID USE OF TERM

# Word 'Alliance' Not Mentioned In Pact

WASHINGTON, April 4. (AP)—Nations signing the North Atlantic Pact today are joining what is, by international law, an alliance. It is one of the most formidable in history.

However, there's no mention of "alliance" in the 1,040 words of the treaty text and the State Department shies away from the term. American officials note that this one differs from such line-ups of the past because it is under the United Nations.

By accepted international law and usage, however, an alliance is any league between independent states, defined by treaty for the purpose of combined action, defensive or offensive or both.

Other famous in history include: 1689 — Grand Alliance of Austria, Holland, England, Spain and

Saxony, directed against the power of France's Louis XIV.

1814 — Quadruple or Grand Alliance, between Great Britain, Austria, Russia, and Prussia. It was aimed at the overthrow of Napoleon and curbing the expansion of France.

1882 — Triple Alliance of Germany, Austria and Italy, ostensibly formed to preserve European peace.

The so-called "Holy Alliance" of 1815 was largely a declaration of moral principle. It was signed by the rulers of Russia, Prussia and Austria and later by all the European powers but England.

There were peacetime leagues. War brought others, the most powerful being the United Nations of World War II which destroyed the Axis.

## SHOULDN'T HAPPEN

# Ex-Atomic Pig Fated To End Her Career In Zoo

WASHINGTON, April 4. (AP)—First they lock you in a washroom. Then they throw an atom bomb at you. Then the ship sinks. And now they're going to put you in the zoo. It shouldn't happen to a pig.

But it did. The Navy announced Saturday that "Pig No. 311" — survivor of atomic blast, radiation residual radio-activity at the Bikini A-bomb experiments — is being turned over to the National Zoological Park here. Dr. William M. Mann, zoo director, asked for Miss 311 when he learned she no longer was wanted by the Navy's Medical Department.

The Navy made only one request: when 311 dies they want her back for an autopsy.

No. 311 never will be able to tell her grandchildren about the time she survived an atomic attack and the sinking of a cruiser. She won't have any grandchildren. For this porker, the only permanent result of the A-bomb blast was sterility. According to slide-rule calculation, No. 311 never should have lived beyond the morning of July 1, 1946.

With other pigs, goats and other assorted livestock this 50-pound girl

was aboard the former Japanese Cruiser Sakawa. She was locked in a washroom on the main deck.

The A-bomb went off, the cruiser went down, and No. 311 went swimming in the lagoon. They never did find how she got out of the washroom.

Atomic no longer, she was to be transferred to the zoo Monday.

## Bitter Greek Battle

ATHENS, April 4. (AP)—Rebels and Greek troops were locked in bitter combat today in the Grammos Mountain area, scene of heavy fighting last fall.

## POPE HOLDS SPECIAL EXPIATION MASS FOR REDS IN ST. PETER'S BASILICA

VATICAN CITY, April 4. (AP)—Pope Pius XII yesterday celebrated a special mass at St. Peter's Basilica "to expiate the crime of the enemies of 'God' — the Communists."

About 300,000 persons heard the Mass, for which the Pontiff called on Feb. 12, shortly after Josef Cardinal Mindszenty of Hungary was sentenced to life imprisonment by a Hungarian court which convicted him of treason.

Informed prelates said the special Mass of expiation was the first of its kind celebrated in the ancient Basilica. A few minutes earlier, the Pope led a regular Passion Sunday Mass. In saying it he celebrated the 50th anniversary of his priesthood, which fell Saturday.

The Pontiff was carried through cheering throngs en route to the first Mass. He leaned from his slow-moving portable throne, borne on the shoulders of his guards, to give his blessings to all in the great church.

Hymns from the Sistine Choir added to the solemnity of the Passion Sunday Mass. About 500 seminary students alternated with the choir, chanting hymns in deep bass tones.

Leaving after the second Mass, the Pope was borne the length of the Basilica on his throne.

As the roar of cheers increased, he leaned from side to side again,

# Churchill Says He's No Foe Of Russian People

NEW YORK, April 4. (AP)—Winston Churchill said Saturday he is "no enemy of the Russian people."

"It is a very dear wish in England to be friends with the Russian people, but you can't get near them," the wartime leader declared at a news conference after boarding the Queen Mary to sail home.

The ship sailed at 10:40 a.m. (EST), Saturday.

"It is a great grief of the British and American people that the valiant Russian soldiers who fought so bravely in the war have been misled into the position their government has placed them," he said.

Churchill said he had found in America "a tremendous awakening to realities" of international affairs since his last visit three years ago.

"I think events are the teacher far more than the words of men," he commented.

He said he was sure Soviet attitudes would change if Russians were permitted to visit outside their country and if citizens of other lands were welcomed there.

"It's extraordinary that in this Communist paradise they are afraid to open the doors for fear that all the cherubs would fly out, at least those who have wings," he said.

# Yugoslavs Show Tito Loyalty

4. (AP)—Yugoslavs proclaimed their loyalty to Premier Marshal Tito yesterday with a full dress parade through the streets of Belgrade.

The demonstration followed publication Saturday of a speech by Tito in which he accused both the Cominform—the association of eastern Communist nations—and the western "capitalistic" countries of lies and slander against Yugoslavs.

Tito has been denounced by the Soviet-dominated Cominform for allegedly deviating from the Marxist-Leninist brand of Communism.

The premier declared he was "laughing" at the campaign against his government.

"The anti-Yugoslav propaganda will not bother us," he said, "nor will it make us digress from the road which we are following."

"You have probably heard," he said, "various lies on the terrible 'plots' which are being made in Britain (where Tito is vacationing) that I have had talks here with English and Americans. . . Naturally I will not have talks here with English and Americans. . . Naturally I will not even need to tell you that this is not true, since it is the most ordinary nonsense."

Yesterday's demonstration was preliminary to a meeting Saturday of the people's front congress, which approves the government's laws.

## Brannan To Speak

LUBBOCK, April 4. (AP)—Secretary of Agriculture Brannan will be the principal speaker at a West Texas Jackson-Jefferson Day barbecue here Saturday May 7, a local arrangements committee announced Saturday.

## JUNTA HEAD TRIUMPHANT

# Second Costa Rican Revolt Is Crushed

SAN JOSE, Costa Rica, April 4. (AP)—Costa Rica's second revolt in four months has been crushed by Jose Figueres, head of the military junta governing the tiny republic.

The rebellion broke out late Saturday and was all over yesterday morning.

Figueres' war minister, Edgar Cardona, seized two army barracks and demanded the cancellation of laws nationalizing banks and imposing a 10 per cent tax on capital. He also demanded the resignations of the ministers of finance and labor.

Cardona surrendered the artillery barracks when his revolt was only a few hours old. The other rebel stronghold, the Bellavista Barracks, were given up shortly after dawn Sunday when government mortars registered seven direct hits on the rebels.

Many killed and wounded were carried from Bellavista.

The Figueres group said the entire country was quiet and that the people had rallied to the support of Figueres and Otilio Ulate Blanco, the president-elect.

Figueres has been head of the military junta running Costa Rica since May 8, 1948, when he successfully overthrew the govern-

ment of President Teodoro Picado Michalski. The revolt was caused when a lame-duck congress voided the election of Ulate.

A revolt last December against Figueres also was unsuccessful.

The constituent assembly last Jan. 16 declared Ulate president-elect but said Figueres would act as chief executive until the country became settled politically.

## TRUMAN WILL DEFY JINX NO. 13

WASHINGTON, April 4. (AP)—President Truman will defy superstition by being the 13th speaker at the signing of the Atlantic Defense Alliance today.

The President was scheduled to speak last on the program, after the 11 foreign ministers and Secretary of State Acheson made their brief addresses.

State Department officials who arranged the ceremony said they disregarded the 13 "jinx" in arranging the signing ceremonies.

Jackass In Limelight As Mule Day Observed

COLUMBIA, Tenn., April 4. (AP)—The long-eared sons of the jackass get their moment of glory today. It's Mule Day in Columbia.

Mule Day is an annual spring festival in this Tennessee farming community which calls itself "the dimple of the universe."

To Mucedon, Columbia's Mule Day is what Atlantic City's beauty pageant is to the girls with the curves and contours.

Perhaps you've never seen anything beautiful in a mule.

But any one of the hundreds of exhibitors who came to town today will tell you a good mule is a thing of beauty and a joy to own.

Then they'll point to today's king, Brown's Sunshine. He's a three-year-old sorrel, flaxen-eyed "sugar" mule owned by Willis Brown of the sawdust community.

A "sugar" mule weighs from 1,200 pounds up, and as far as beauty goes, he's tops.

Brays from stockyard and stable signal the opening of Mule Day. Festivities continue long after the mules have hit the hay.

The mile-long motorless parade, marking the formal opening of the

Delegates to the Texas Junior chamber of commerce convention which ended Saturday in Galveston, returned here yesterday.

With them they brought recognition of 100 per cent membership increase during the year 1947-48, and Lloyd Wooten, who completed this term of regional vice-president and who was head of the local organization during the membership achievement, had a "key man key" presented to him for distinguished service in the state organization.

The state organization adopted soil conservation as its major project for 1949-50. A scroll in recognition of the Jaycee contribution to Texas prison system reform was presented at the party, largest on record for the state.

Wooten had been in Galveston all week as a member of the executive committee charged with deciding on contest winners. Headed by Ray Griffin, other delegates participating in the convention from Big Spring were Lambert Ward, W. L. Thompson, Floyd White and Nell Norred.

Sons Of Legion Squadron To Be Organized Here

Machinery is being set in motion for the formation of a Sons of the Legion squadron here. It has been announced by Neel Barnaby, commander of the local post.

All male descendants, adopted sons and stepsons of Legion members, along with sons of veterans who died in service or who passed away subsequent to their honorable discharge from such service, will be eligible for membership in the organization.

Interested boys can register at the Tate and Bristow Insurance Agency office on the ground floor of the Petroleum building any time this week. After registration has been completed, Barnaby will apply to the national organization for certification.

Youngsters who register this week and are properly certified when the squadron is formally organized will be recognized as charter members.

A well rounded youth program, including sponsorship of all types of athletics, is planned for the squadron. Obie Bristow will serve as director of the new organization and will be in charge of overall planning.

Two Fined On Charges Of Passing Checks

Two persons charged with passing hot checks entered pleas of guilty and were tried in justice court Saturday.

They were W. E. Patterson, fined \$1 and costs, and J. E. Roberson, accused on two different counts. Roberson was fined a total of \$28, including costs.

Big Spring Roper Tied With Opponent In Pecos Event Sunday

In a rain-soaked, cold and windy arena at Pecos Sunday, the impossible happened.

Big Spring, and J. D. Holleyman, Ozona—came out all even after lassoing and tying 10 calves each. Total time for each was 155.5 seconds.

Holleyman led at the halfway mark with \$3.7 for his first five calves, barely ahead of Mansfield with \$4.4. Best time of the day was tacked up by Holleyman with a 11.5 catch and tie on his last calf—the figure he had to achieve in order to tie the match.

Purse was \$2,000 for the event sponsored by the Pecos Rodeo association, and the two men have been rematched for May 22.

Traffic Safety Film To Be Presented At Ritz Theatre Tuesday

Public presentation of a traffic safety film which was made in Big Spring a few weeks ago is scheduled for this week at the Ritz theatre. The picture will open Tuesday, be screened at the Ritz for the remainder of the week, then will be shown at other local theatres.

Made in the interest of public safety in cooperation with the local police department, the picture presents graphically the "dos" and "don'ts" of safe driving. It is highlighted in a scene showing the death of a victim of a drunken driver.

2,500 Big Springers Attend Sunday School

More than 2,500 Big Springers turned out for Sunday school yesterday.

A dozen churches reporting showed 2,457 in Sunday school. The First Baptist led with 505, followed by East Fourth Baptist with 434, and First Methodist with 406.

Other figures included Wesley Methodist 117, West Side Baptist 139, Airport Baptist 59, Trinity Baptist 157, First Presbyterian 181, First Christian 134, Church of Christ 229, St. Paul's Lutheran 47, and Salvation Army 29. Others could not be contacted in time for tabulation.

REV. MACEO

(Continued from Page One) mitted to the Texas state bar and served as an accountant and tax attorney. He began his studies for the ministry at St. Andrews church in Fort Worth and received the Holy Orders in 1929, serving as curate at that church and supplied at Decatur. As a layman, he was one of the founders of the St. John's church in Fort Worth.

For 10 years he was a member of the Texas Christian University faculty in its school of business administration, and transferred to Big Spring from the Dallas diocese on March 1, 1948, to become rector of the St. Mary's church, which was at the time without a minister when Rev. Macco had transferred to Midland. Rev. Macco had served as a National Guard and Army Chaplain.

For several months, he had been serious ill, and the recent convocation here of the Northwest Texas district was postponed for a month when he took a turn for the worse. Last week he had undergone emergency surgery and had shown some improvement.

Surviving are his wife, Mrs. Elsie Macco; one son, James Robert Macco, U. S. Navy, and who was here at the time of his death; one daughter, Mrs. James S. Dieckmann, Midland, Mich.

Pallbearers were E. B. McCormack, Carlson Hamilton, Dr. R. B. G. Cowper, Otto Peters, Jr., Jack Warfield, V. Van Gieson, William R. Dawes and D. M. McKinney. Arrangements were in charge of Therlay Funeral home.

Motorcycle Club Members To Be Safety Patrol

Members of the Big Spring Motorcycle club, who may be used as volunteer patrolmen to promote safety around school zones, appeared before the Howard county commissioners court Monday concerning applications for deputy commissions.

Elliott Yell, president of the club and spokesman, said that it was the intention of the club to do special patrol duty as a public service.

"We do not anticipate that members will be aggressive in issuing tickets," he said. "It is our intention to confine our efforts, so far as possible, to cautioning drivers and asking them to drive more safely so school children won't get hurt."

As deputies, however, they would have authority to halt traffic offenders into court and appear against them.

Court members received the names recommended for commissions and explained that if issued the sheriff and police chief would have jurisdiction.

Yell said that one of the chief areas of patrol would be along U. S. 89 near intersections where children attending the Airport school must cross the road. Two girls have been injured at these crossings, Yell said. Other school areas within the city also may be patrolled. Advance arrangements were made a week ago by Oscar Glickman, representing the Jaycees.

Appearing before the court with Yell were Bill Henley, Jack Stubbs, Olen Baldoek, P. E. Witt, Ted Jackson and Cecil Thixton. Other names recommended for commissions were R. H. Moon, Mulens, and Ike Davidson. Another club member, T. T. Dumlup, already has a commission.

During the morning the court approved depository bonds in the aggregate of \$200,000 for county funds, \$225,000 for common school district funds, and \$10,000 for trust funds as submitted by the State National and First National banks.

Motorcycle Club Members To Be Safety Patrol

Medical science near discovery of cure for hardening of arteries.

LOS ANGELES, April 4. (AP)—Medical researchers are on the verge of finding a cure for hardening of the arteries—the nation's No. 1 cause of death—so says a physician.

Dr. Lester Morrison, who heads a research staff at general hospital here, made the assertion before more than 200 physicians and other experts who closed a two-day conference yesterday.

Dr. Morrison reported that a new treatment for arteriosclerosis had been used successfully on 100 patients. Experiments were conducted for two years on rabbits.

Arteriosclerosis sufferers were treated with choline, a substance found in the B-complex vitamins.

"We showed that by using choline in the animal we could restore sclerotic arteries to normal," Dr. Morrison declared. "That means we could make old animals young again."

Big Spring Weathers New Freeze Threat

Big Spring weathered another freeze threat Sunday and Monday morning in cool thrusts which brought snow flurries with drizzle.

Minimum reading was 34, and the precipitation amounted to .25 of an inch. At R-Bar the amount was .20 of an inch, and at Knott it was .31 of an inch.

Some planting may result on the strength of the moisture, although some farmers thought the ground was still too cold for even germination.

Chief beneficiaries of the moisture were small grain fields and ranges. Several thousand acres of wheat, barley, rye and winter legumes were beginning to show the effects of a dry March and were revived by the slow rain. Greening pastures will be stimulated, although not long sustained, by the seasoning.

While Big Spring had snow flurries, Odessa was blanketed by snow that fell in such large flakes and so rapidly that it could not melt as fast as it descended.

HIROHITO TURNS HAND TO LABOR

TOKYO, April 4. (AP)—Emperor Hirohito, once divine to his subjects, turned his hand at a menial task today.

He shoveled dirt around three cypress trees he planted in Hakone National Forest at the foot of Fujiyama.

Then the emperor climbed into his maroon Mercedes Benz limousine and motored to the imperial villa at Numazu for a rest.

**Orts, you should know about this 2-way help**

What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in **CARDUI'S 2-way help**. You see, **CARDUI** may make things less easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. **CARDUI** is scientifically prepared and scientifically tested. If you suffer "at those certain times", get **CARDUI** today.

**Demonstration Club Delegates To El Paso**

Approximately 25 Howard County Home Demonstration club members will leave early Tuesday morning by chartered bus for El Paso where they will attend the state home demonstration club convention to be held there Tuesday and Wednesday.  
Official delegates from the county are: Mrs. Sam Armstrong, Mrs. W. H. Ward and Mrs. Edward Simpson.

**Silver Tea Climaxes Rainbow Observance**

In observance of the twenty-seventh anniversary of the founding of the Order of Rainbow for Girls, members of the local chapter entertained with a silver tea held Sunday afternoon from 3 to 5 o'clock at 1603 Gregg. Each year at this time, chapters throughout the state entertain with silver teas and the contributions are sent to the organizational headquarters and used for some charity project, which is determined when the total amount of the offerings is known.  
Guests were greeted by a receiving line composed of Vevagene Apple, Joyce Howard, Kitty Roberts, Floyce Brown, Peggy Lamb and Mrs. Vivian Peek. They signed a register composed of rainbow colored pages. Joy Williams and Reba Roberts were at the register.  
Covered with a white organdy cloth, the table was decorated with the rainbow colors and centered with an umbrella made of sweet-peas and tied with rainbow-colored ribbon. One corner of the table was decorated with a large rainbow-colored bow. Napkins were of pastel shades inscribed with the words, "Rainbow Girls 1949." Miniature dolls which served as place favors bore the same inscription as the napkins. Spring flowers were used throughout the entertaining rooms.  
Music was provided by Jackie Marchant, Peggy King, Jan Masters, Marilyn Martin, Susan Houser and Wanda Petty, who played piano solos, a vocal sextette composed of Kitty Roberts, Ann Crocker, Barbara Green, Jan Masters, Wanda Petty and Susan Houser were featured in vocal solos.  
Earlier in the day, approximately 50 members attended the morning worship services of the First Baptist Church.

**David Fortson Honored At Party**

Mrs. Joe E. Fortson entertained with a party honoring her son, David, on his second birthday. Refreshments were served to the following: Rex and Van Appleton, Charlotte Mann, Michael Cate, Elaine Carpenter, Patricia Winters, Mrs. Elton Appleton, Mrs. Eddie Mann, Mrs. Alfred Cate, Mrs. Ed. J. Carpenter, Mrs. Willis Winters, Jr., Mrs. Ben Brown, Mrs. Willis Winters, Jr., Mrs. W. E. Mann, Mrs. Bob Wolf and Mrs. Joe Fortson.

**First Baptist TEL Class Social Held In Home**

First Baptist TEL Class members met in the home of Mrs. Buck Richardson for a program and social.

**Band Concert Set For Tuesday Night**

Big Spring High school band students will feature two contest numbers when they join the junior band in a concert to be held in the municipal auditorium Tuesday at 8 p. m. The two numbers which will be presented at the annual regional band contest to be held in San Angelo are: Von Suppe's "Das Pensive Overture," featuring baritone soloist, Jerry Williams, high school drum major, and "Farandole from L'Arlésienne Suite No. 2" by Bizet. Last year, the band received third place in concert playing and second place in marching and sight reading. The contest is scheduled for April 30. J. W. King, Jr., who is serving his second year as local director, will conduct the annual spring concert.  
The junior band will open the concert with "Military March," followed by "Dreadnaught Overture," "Ambition Overture" and "Honor Band March." Soloists in "Dreadnaught" will be Larry Isaacs, baritone, and Kenneth Briden, cornet. Members of the junior band are from the elementary schools, grades five through seven.  
The high school band will feature as its symphonic selection, the "Finale" from Dvorak's "The New World Symphony."  
Other selections to be played by the high school band include "Night and Day," and "Stormy Weather," popular favorites, and the well-known Sousa march, "Semper Fidelis." The national anthem will conclude the concert.  
Tickets are being sold by band members for the Tuesday evening performance and proceeds will be used to cover the expenses of the San Angelo trip.

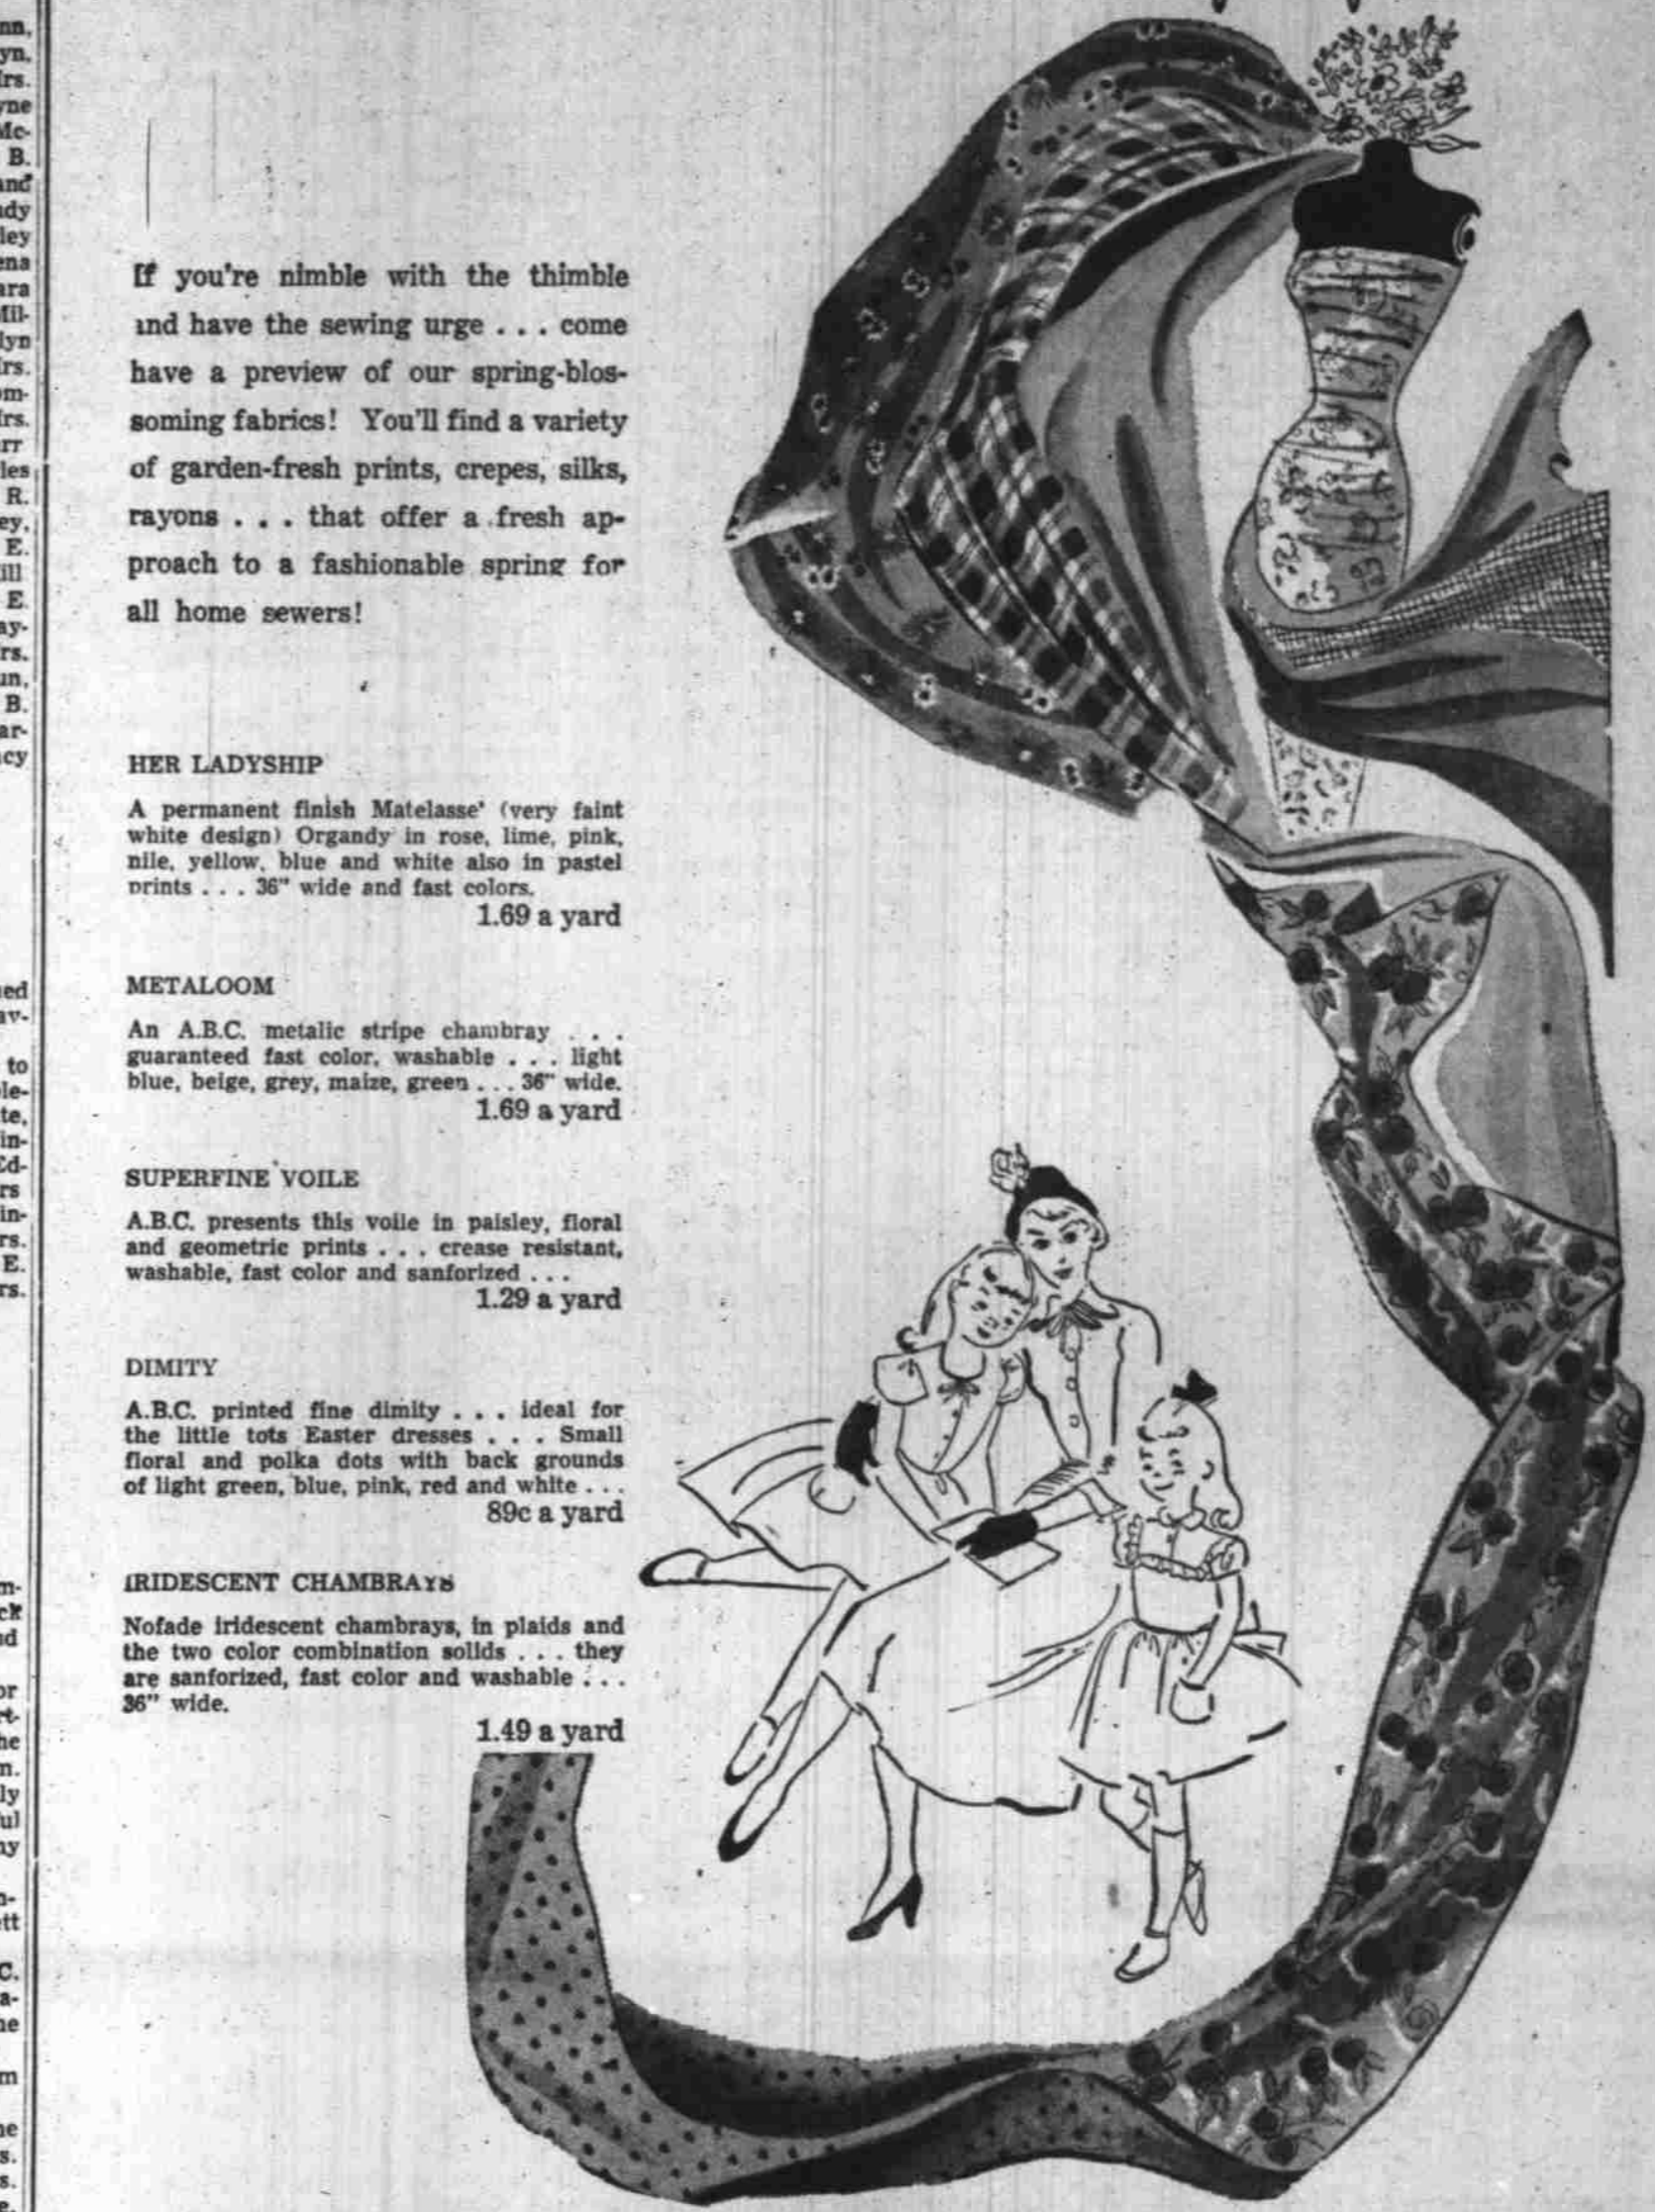

**RIBBON RAMBLINGS**  
By MILDRED YOUNG

There's a lot of beautiful and impressive symbols, mottos and other features connected with women's clubs. Since the first time our mother took us along to a club meeting as a method of keeping us out of mischief for the afternoon, we have been impressed by the great meaning of the club collected by club women everywhere. It's short, but very meaningful.  
Keep us, oh God, from pettiness; let us be large in thought, in word in deed. Let us be done with fault-finding and leave off self-seeking. May we put away all pretense and meet each other face to face—without self-pity and with prejudice. May we never be hasty in judgment and always be generous. Let us take time for all things; make us to grow calm, serene, gentle. Teach us to put into action our better impulses, straightforward and unafraid. Grant that we may realize it is the little things that create differences, that in the big things of life we are as one. And may we strive to touch and to know the great common woman's heart of us all and O Lord God, let us not forget to be kind!  
We think that almost anyone could take this collect as a sort of motto and gain real value in so doing. We especially like the idea, "grant that we may realize it is the little things that create differences, that in the big things of life we are as one." Within that realization is the answer to a lot of our problems. We find it rather easy to work together to accomplish a great task, it is the little things that make us disagree.  
Every now and then we hear someone say that it wouldn't matter if people forgot to do the big things if they would only remember the little things. Little kindnesses can change our whole lives. Club women are working together to accomplish some great tasks and it seems a fitting climax to their collect when they close by saying: "and O Lord God, let us not forget to be kind!"

**Town Hall Group To Have Guests For Final Number**

Big Springers will be given an opportunity to attend the final performance of the Town Hall Association for the current season when Sigmund Spaeth, outstanding music authority, is featured at the municipal auditorium Wednesday at 8 p. m. The public may purchase tickets for the final program which will include announcements concerning the opening of the 1949-50 membership drive. Mrs. H. W. Smith, president of the Big Spring Federation of Women's Clubs, has expressed the association's hope that all Big Springers who are interested in possible membership in the association, attend the lecture of Dr. Spaeth.  
Sigmund Spaeth was for four years music critic of the New York Evening Mail, and served two more on the editorial staff of the New York Times, besides acting as correspondent for the Boston Transcript. He has at various times edited the music section of Life, McCall's Magazine, Esquire and the Literary Digest, and is a contributor on musical subjects to the Encyclopedia Britannica. He was a member of the Faculty at Princeton University (where he also took his Ph. D. degree), New York University and the University of Hawaii, as well as the Asheville School for Boys, in North Carolina. Many of his compositions, translations and lyrics are in the school and concert repertoire. All of his programs are amply illustrated at the piano.  
Dr. Spaeth was one of the principal speakers heard by some 2,000 music club delegates at their national convention held in Dallas last week.

**Receives Treatment**

Mrs. J. F. Wolcott, who has been receiving treatment at the Big Spring Hospital, remains in a serious condition, according to reports given Monday morning.

**Are Parents**

Mr. and Mrs. Bob Merrick of Ackerly, are the parents of a daughter, Jo Nell, seven pounds, ten ounces. Jo Nell was born at the Big Spring Hospital Sunday morning.

**To Be Hostess**

Mrs. W. W. Inkman, 610 Runnels, will be hostess to the New Idea Sewing Club, Thursday at 3 p. m.

**To Have Installation**

**Help relieve distress of MONTHLY FEMALE COMPLAINTS**

Are you troubled by distress of female functional periodic disturbances? Does this make you suffer from pain, feel so nervous, tired—at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's has a grand soothing effect on one of woman's most important organs! **LYDIA E. PINKHAM'S VEGETABLE COMPOUND**

**Let the Record Speak**

In choosing two members of the City Commission at the polls Tuesday, men with records of unselfish, energetic service will be sought.  
Let the record speak! Check back on practically every undertaking of a community nature—drive for welfare funds, staging of celebrations, safety campaigns, fairs, livestock shows, and many, many other activities.  
Invariably you will find the names of Loyd Wooten and Ray Griffin among those who were workers and leaders in projects for the building of a bigger and better Big Spring.  
This same energy, faith and vigor would be applied by these men in municipal affairs to the end that the city will not only stay abreast of progress, but will maintain a place of leadership for the rest of the community.  
Don't Guess! Choose your men on the basis of proven performance.  
**Votes For**  
**LOYD WOOTEN and RAY GRIFFIN**  
**Will Be Votes For A Bigger and Better Big Spring**  
(Pd. Pol. Adv. paid for by friends of Loyd Wooten and Ray Griffin)
