SPECIAL MEETING

School Principal Submits Resignation

BRIGHT LIGHTS -- The lights are shining bright these nights on Phelps Ave. following the installation of the new 54,000 lumens lights by Southwestern Public Service as part of the Downtown Improvement project. The total amount of light put out more than doubles the lighting on the main street. In fact as far as the teenagers are concerned, too much.

William Anderson, who had been named new principal of Littlefield High School effective July 1 of this year has submitted his request to be released from his contract.

Buster Owens, president of the Littlefield School Board stated that "Anderson has personally contacted him and also written requesting his release so that he can accept the position of high school principal at Eagle - Mountain - Saginaw school in Saginaw, Texas, which is the same school where Glenn Reeves, Littlefield School Superintendent will become superintendent effective July 1."

The School Board will meet in special meeting tonight at 7:30 p.m. in the school tax collector's office to make a decision regarding Anderson's application of resignation.

"Anderson has contacted the Saginaw school regarding the principal's position there prior to accepting the principal's post here" declared Owens, "and after both the superintendent's and also the principal's positions became open at Saginaw, Anderson was contacted by the Saginaw officials."

The School Board will also discuss the hiring of a new superintendent to replace Reeves. "We have contacted several individuals and have had a number of persons contact us concerning the opening." "While we do intend to make a decision on the superintendent tonight, with the possibility that we will also need to hire a new principal in addition to the superintendent, it is imperative that work be done regarding the position," concluded Owens.

Four FFA Members To Attend Meeting

Four members of the Littlefield Future Farmers of America Chapter will attend the State F.F.A. Convention in Houston, July 14-16, 1965 according to Mack Steffey, President of the chapter. The three day meeting of representatives of over 900 F.F.A. chapters throughout the state will include the awarding of advanced degrees, scholarships and awards to outstanding members of the organization.

Members of the Littlefield chapter attending the convention are: Rex Minyard, son of Mr. and Mrs. J.F. Minyard; Doyle Dean, Jr., son of Mr. and Mrs. Doyle Dean; Mack Steffey, son of Mr. and Mrs. Willie Steffey; Fred Koontz, son of Mr. and Mrs. Garland Koontz.

Koontz has been selected by chapter members as delegate of the Littlefield chapter to the state convention. Kenny Carr will serve as alternate delegate.

Among the important business to be transacted at the convention will be the election of a state president from the ten state officer nominees, who have been elected by members in the ten areas of the state. Voting delegates to the National F.F.A. Convention in Kansas City in October will be elected. In addition, delegates will elect a sweetheart from the ten candidates elected by the areas. The delegates will also select the top talent team in the state.

The highest award of the Texas Association of Future Farmers of America, the Lone Star Farmer Degree, will be presented to 785 members of the 41,156 member organization, Steffey, Minyard, Dean, and Dale Thompson will receive this award. The membership will confer Honorary Degrees on adults who have contributed in an outstanding way to the accomplishments of the organization.

A Vesper Service will be conducted on Tuesday evening, preceding the convention sessions. The service will be held in the Crystal Ballroom of the Rice Hotel.

Principal speakers for the three day meeting will include the Honorable Preston Smith, Lt. Governor of Texas and Kenneth Kennedy of Cadiz, Kentucky, President of the National Organization of the F.F.A. Four thousand rural youth are expected for the Houston meeting, July 14-16.

W.W. Hall, Vocational Agriculture Teacher will accompany F.F.A. members to the Houston Convention.

HIT A TRAILER -- The condition of Chevrolet pictured above was caused by hitting the rear end of a trailer full of Scout equipment. The accident happened Sunday morning on the Lubbock Highway about one mile west of Anton. The driver, J.R. Herrel had passed another car and started back into the right lane when it hit the trailer causing the car to travel 410 feet and then turn over on its side in the ditch. Fortunately none of the three persons riding in the car were injured.

Two Highway Accidents Sunday Causes Extensive Damages

Two highway accidents early Sunday morning resulted in over \$3,500 damage to the four cars involved, but miraculously no one was injured in the two mishaps.

The first occurred at 1:45 a.m. Sunday on Highway 385 just south of the intersection of Farm Road 2197. A 1958 Chevrolet driven by Ciripiano Padilla, Route 1, Amherst was headed south on 385 when it struck the vehicle, also a 58 Chevrolet, driven by Charles Johnson, Lubbock as Johnson who was traveling north on 385 attempted to make a left turn onto a dirt road.

The right front fender of the Padilla car hit the Johnson car in the right side, spinning it around as the Padilla car careened to the other side of the highway before coming to a stop. Damage was estimated at between \$750 and \$850 dollars to each vehicle.

No one was injured in the crash though Mrs. Padilla who was pregnant was taken to Medical Arts Hospital then later transferred to a Lubbock hospital. Four other children in the car were uninjured.

The second accident Sunday happened one mile northwest of Anton on Highway 84 at 5:40 a.m.

A 1960 Chevrolet pick-up with a trailer loaded with Boy Scout equipment was hit from the rear by a car driven by J.R. Herrel, Littlefield.

The pick-up, driven by Loyd Shultz, Lubbock was part of a caravan going to a Boy Scout encampment in New Mexico.

Herrel has passed another car in the caravan and then hit the rear of the trailer as he returned to the right lane of traffic. The impact sheared the trailer from the pick-up and the trailer landed in the ditch while the pick-up came to rest on the esplanade between the highway.

The Herrel vehicle traveled approximately 410 feet before it overturned on its left side in the ditch. None of the three occupants in the car were injured while Mrs. Shultz and four children in the pick-up were also uninjured.

Damage was estimated near \$900 to the pick-up and trailer while the Chevrolet was considered a total loss.

Weldon Parsons, Texas Department of Safety who investigated both accidents stated that "It was almost unbelievable that there were neither fatalities or injuries received in either of the two accidents."

The city-wide Clean-Up campaign got off to a good start this week as residents in the Duggan addition and Crescent Park areas cooperated in cleaning up their alleys and in the majority of the area having the trash piled and waiting for the city to pick up.

Next week's campaign will be in the area north from Highway 54 to Delano Ave. and east from Lfd. Drive to Delano, and also the College Heights addition east of Highway 84.

In addition to the above previously announced areas for next week J.P. Ray, Superintendent of Public Works for the city stated the city truck would also cover the Southmoor and Westwood Additions starting Monday and urged residents in these areas to cooperate in the campaign.

With the cooperation of residents in the specified areas, the street department hopes to finish the entire city within five weeks as the first stage of the clean-up, fix-up, paint-up campaign.

Customers To Receive Benefit Of Tax Cuts

By now many Littlefield merchants selling items affected by the excise tax reduction have passed the savings on to their customers.

The new car dealers in the area have already put the tax cut into effect with the retroactive date to May 15 permitting refunds on cars purchased since that date. The refunds will be made from the manufacturer or distributorship level direct to the buyer.

In addition the tax cut will affect certain extra items on automobiles, such as air conditioners.

Other items affected with the tax cut include all jewelry and related items and all sporting goods with the exception of fishing equipment. Merchants noted that in some cases the merchandise had previously been marked "plus tax" or have listed the tax amount in a separate figure.

Other items affected by the tax cut include luggage and handbags, cosmetics, business machines, cameras, film projectors, electric, gas and oil appliances, freezers, lighters, matches, musical instruments, pens, mechanical pencils, television sets, radios and phonographs.

The tax differs on certain items as in some cases the tax cut was on the manufacturer's price of the item.

Other cuts will go into effect in the future with the further cut on automobiles and the seven percent reduction on telephone calls being the biggest items.

Blevins Family Second Week's Contest Winners

The Russell C. Blevins family, 123 Westside are the Grand Prize winners of the second week of the ten week "Weekend in the Mountains" sponsored by the County Wide News and Littlefield and Sudan merchants.

Mrs. Blevins who is employed at the Littlefield Community Center stated that she had only registered twice during the week with her name being drawn as a preliminary winner at the Pioneer Food Market.

Mr. Blevins, who has been a Littlefield resident since 1925 and is now employed as shop foreman for Arnes Chevrolet and his wife have five children and 5 grandchildren, but only Russell, age 11, and Donald, age 8 are now living at home.

The winner stated they are planning on taking a vacation to California about the middle of July and the "Weekend in the Mountains" will certainly fit in with their vacation plans.

The third week of the campaign is now underway at the participating merchants stores and the preliminary winners will be drawn tomorrow and published in the advertisements of each merchant in Sunday's County Wide News.

There is nothing to buy and no jingles to write in the contest which is open to everyone 21 years of age and over. Employees of the participating merchants are not eligible to enter their own store's contest.

Manpower School To Start Here July 26

The Littlefield School District and the Texas Employment Commission have received final approval for the Manpower Development and Training School for farm machinery operators and irrigators.

The first school is scheduled to start July 26 with a graduation date in December of this year.

Under the MDTA program thirty students will be trained in the operation of farm machinery and taught to do preventive

maintenance on the equipment and irrigating methods.

Students selected for the school must be over 18 and the heads of families. Under the program they will receive \$35 a week for board and room and an additional \$35 for salary.

The TEC has contracted with Littlefield firms for the housing and feeding of the students during the school.

The classroom work will be taught in the old Littlefield Tire building and the school district is in the process of leasing land for the field work portion of the program.

Half of the students will start the machinery part of the school while the other 15 will start learning the irrigation portion.

The TEC is taking applications for the school at the present time and if not enough qualified persons are found in this area the remainder of the students will be brought in from other areas in the state.

During the school, students will spend several days working with area farmers on a rotation basis. There will be no cost to the farmer for this work between the hours of 8 a.m. and 5 p.m. and the farmer may hire the students on his own up to an additional 20 hours per week.

Under the program, there is no set wage set up for the graduates of the school but is based on the average wage in the area.

Constitutional Amendments To Be Voted On In 1965

Lamb County voters will have an opportunity to vote on eleven amendments to the Texas State Constitution in two different elections this coming fall.

Twenty-five amendments to the constitution were recommended by the 59th Legislature with the others to be voted on in 1966.

The first election is set for September 7 on the proposal to increase the size of the State Senate from 31 to 39 members.

The voting on the other ten amendments will be held on Nov. 2 of this year. The amendments are as follows:

Extend to four-year terms, the term of the governor and other statewide elected officials now limited to two years.

Increase state representatives' terms to four years.

Permit full state participation in the federal medicare program.

Set up a \$85,000,000 student loan fund.

Authorize legislation to set up the salaries of the lieutenant governor.

Authorize \$200,000,000 more in veterans land bonds.

Require district appellate court judges to retire at the age of 75 and set up a system for removal for misconduct.

Expand the investment authority of the public retirement system.

Increase the state property tax from 42 to 47 cents and allocate the extra five cents to college buildings.

Exempt from the property tax locally a hospital which spends as much as \$1,500,000 a year on the care of indigents.

The other fourteen amendments will be on the 1966 general election ballot.

WAITING IN LINE -- Approximately 100 Boy Scouts of the three Littlefield troops are taking physicals this week in preparation for their annual summer camp starting July 4 and running through July 10 at Tres Ritos Camp in New Mexico. Dr. Joe Standefer, Medical Arts Hospital is shown examining the ear of Scout Randy Mitchell while rear (L-R) Alan Newton, F.L. Newton who also had to take his physical as he is going as a counselor and David Conway await their turn.

Keep
Neck

If you haven't noticed her is here, and with it the big drive to clean up city. It seems that each about this time everyone is concerned about the progress of the town and most put forth some effort to Littlefield a little cleaner. We are proud to live in a city that realizes the necessity of keeping up, but think it would be much nicer if we could keep our city clean all year, and then in summer we could sit back and enjoy just being outdoors and having to look at all the trash that needs to be done.

For the city-wide clean-up campaign has been progressing at a good pace, and plans call for cleaning up the drive, piling up the trash and cleaning up the yards. Maybe if we all do our part our neighbors see us and give a little attention to their yards.

In addition to the above previously announced areas for next week J.P. Ray, Superintendent of Public Works for the city stated the city truck would also cover the Southmoor and Westwood Additions starting Monday and urged residents in these areas to cooperate in the campaign.

With the cooperation of residents in the specified areas, the street department hopes to finish the entire city within five weeks as the first stage of the clean-up, fix-up, paint-up campaign.

"DOBIE" AND "FRANKIE" FORM NEW YOUTH-ORIENTED MOVIE COMEDY TEAM IN "SKI PARTY"

For the first time in over a decade, a new film comedy team has formed which seems worthy to follow in the footsteps of such illustrious comic pairs as Hope and Crosby, Martin and Lewis, Abbott and Costello, Laurel and Hardy and other memorable twosomes.

The new team brings together two familiar fictional fun characters, "Dobie" of television's "Dobie Gillis Show" and "Frankie" of the movies' "beach party gang." They are Dwayne Hickman and Frankie Avalon, who combine hilariously for the first time as the stars of American International's "Ski Party."

Starring with the young comedy actors in the color and Panavision musical comedy, opening Sunday at the Palace Theatre, are Deborah Walley and Yvonne Craig as their girlfriends.

Frankie and Dwayne, who have proven their very real comedy talents many times previously, pair off as if they had worked together many times before. The result is uproarious comedy that already has brought the two stars numerous requests for an encore appearance which AIP is getting set to grant.

While the Avalon-Hickman team follows in illustrious footsteps, including also that of the short-lived Jack Lemmon-Tony Curtis pairing in "Some Like It Hot," their combination also

bids fair to establish new precedents. For they are and will be the very first duo directed at mainly a youthful movie audience - those seventy percent of all film fans who are between the ages of 15 and 25.

Their "young-at-heart" comic capers seem to be just what our "young-at-heart" movie audiences have ordered and just what they want, as in the Avalon-Hickman team's "young-at-heart" first effort "Ski Party."

According to the head of the Standard Oil Company (New Jersey), nuclear energy now supplies one fifth of one percent of the free world energy market; in 1971 its share will probably be about 1 per cent. Hydroelectric now supplies about 7 per cent; its share should be about the same in 1971. Coal now supplies 29 per cent; by 1971 its share will probably fall below 25 per cent. Oil and gas supply 63 per cent today; by 1971 this is expected to rise to 67 per cent.

WOW Downs Lfd. Butane 8-2; Sudan Victory Tightens Race

Three team races have been played in both the Pony and Major leagues while Security State leads the way in the game the loop lead in the Pony League, WOW, with a game bulge in the loss column in the major league is first place team that seems would not throw them the undisputed lead.

MINOR LEAGUE Field Publishing held on game and a half lead Security State and G & C Supply with a come from behind 18-17 victory over Unicompress. Down at One-Union by a 9-0 score the league scored the winning run with the bases full. Security State and G & C both upped their seasons to 7 and 3 as Security State won Union Compress and G & C won twice, Citadel 13 to 8 as the scored nine runs in the frame, then coming from behind to beat VFW 15 to 13.

Butane came back Tuesday night to record a 9 to 2 victory over Rotary to remain in second place, two games back of the league leaders. The Optimists won the other game played in the major loop as they downed the Lions 13 to 4 behind the pitching of Louis Roddy.

MAJOR LEAGUE WOW extended their unbeaten streak to nine straight as they won 8 to 2 victory over Littlefield Butane their closest rivals. Mike Donnelly got the winners off to a two run lead in the first with a homer, then after Butane had tied the score in the second, WOW took a 3-2 lead in the third and then scored 5 times in the sixth to wrap up the win. Randy Trotter went all the way for the win as Dennis Hartley collected four straight hits for the victors. Bobby Short went all the way for the loss.

Ware-Richey moved closer to Amherst as they downed KZZN twice by scores of 8 to 3 and 16 to 5. The wins brought the victors record to 8 and 2 for the season. Tom Donnelly went all the way for the winners in the first game as George Culp hit his second homer of the season for the losers. On Tuesday night Ware-Richey pitcher Roy Burk was practically the whole show as he went all the way for the win and in addition drove in seven runs with three singles and a grand slam homer.

Amherst also won during the week as they downed Dairy Queen by a 13 to 2 margin Saturday night. **COLT LEAGUE** Roden Drug moved out to a game lead in the race with a 16 to 0 shutout victory over R.E.A. to bring their seasons record to five and two. Security State dropped their only game of the week by seven to two count to the fast improving Amherst nine who have now won two straight after dropping their first three games of the season.

Investment Clubs Show Big Growth

In a period of many years there has come to be a realization as the world's foregoers. The reputation deserved. We join youth, bridge clubs, civic clubs, and others by the hundreds thousands. The proliferation of organizations devoted to everything from archery to zoology is one very good thing, is probably a very good thing, is one of the good things that has happened in this century. These clubs serve both our wide variety of interests and our fondness for group activities. Under the circumstances, it's wonder that America's investment society has seen a remarkable growth in investment clubs. On the basis of estimates, there are some 40,000 such clubs with a total membership of half a million men and women throughout the nation.

help of a broker they learn the ABC's of stock ownership by actually investing small sums—usually \$5 or \$10 apiece on a group basis. According to the New York Stock Exchange, most clubs start with nothing more than the desire to put those small extra funds to work in an enjoyable and enterprising way. The members explore annual reports, financial statements and other market literature before reaching a decision. The clubs choose congenial members, generally not more than 45, including, if possible, people with legal and bookkeeping experience. Plainly, these fledgling tycoons don't expect any miracles. In time club investments may well increase in value. But the important thing is that members are acquiring market "savvy," perhaps a few dividend checks and a congenial evening together once a month. After all, what more do friendly American joiners want?

State Appropriates 4 Million For Hemis-Fair Pavilion

The State of Texas became an active and vital part of HemisFair 1968 -- and its first official exhibitor -- with the signature of Governor John Connally on a bill appropriating \$4.5 million for a Texas pavilion at the mammoth international exposition.

The \$4.5 million will be used to construct a building to house the Texas exhibit for the Fair that is scheduled for a 184-day run in mid-1968.

HemisFair will be dedicated to the confluence of civilizations in the Western Hemisphere. Constructed on 90 acres in downtown San Antonio, it will feature cultural exhibits by governments and major industrial organizations. It will also feature the tallest poured concrete structure in the world, a 16-acre area of gardens and amusements, and six months of the most representative entertainment that can be found in every nation on both continents.

A program is currently underway to obtain an appropriation for a Federal pavilion. Governments throughout Latin America will receive formal invitations to participate after the Fair has been accredited by the Bureau of International Expositions in Paris. More than \$54 million is already involved in the start of HemisFair 1968. The business community of San Antonio pledged \$7.7 million in an underwriting campaign for operating expenses. The City of San Antonio passed a \$30 million bond issue for a civic center and other improvements to prepare the city for the first major international exposition in the history of Texas. The United States government allocated \$12.5 million to the Urban Renewal Agency for acquisition of the site. And now the State of Texas has added an additional \$4.5 million.

San Antonio's Fair of the Americas, HemisFair 1968, will celebrate this partnership. Dedicated to the advancement of social, economic and cultural well-being of all peoples of the Americas, it will be a living example of our nation's policy of inter-American cooperation. I wish you every success in your plans for this truly American fair, which will not only be a symbol but a product of our unity.

Accident statistics show that 90,000 deaths yearly in Texas, and over 6,000 deaths yearly in the nation. An industrial hygienist commented recently that a worker's chances of accidental injury increased when he left his place of work. One study found seven off-the-job accidents causing absenteeism for every one happening on the job.

Every four minutes someone is permanently disabled, and every 16 minutes someone is killed by an accident in the home. Falls account for most fatal home accidents. Next in order of frequency are burns, scalds, explosions, mechanical suffocation, poisonings, gas and firearms. The only way to avoid accidents is to prevent them with forethought, planning ahead -- simply using your head.

Sudan Pioneer Dies In Amarillo

Mrs. Ada Melinda Findley, 80, mother of Weldon Findley, Littlefield, died Monday morning in Northwest Texas Hospital, Amarillo.

Mrs. Findley was a pioneer in the Sudan area, moving there in 1921. She resided in Littlefield for a number of years, moving to Amarillo 2 years ago.

Survivors include her daughters, Mrs. Joe Covington of Amarillo, Mrs. M.C. Robertson of Lubbock and Mrs. Lynn Kester of Hereford; other sons, W.H. of Kooskia, Idaho, Albert of Lubbock and James of Wolf-orth; brothers, J.R. Evans of Dallas, Nathan Evans of Amarillo, W.R. Evans of Calimesa, Calif., and Roy Evans of Yucaipa, Calif.; a sister, Mrs. Nell Proctor of Paramount, Calif.; 21 grandchildren, 41 great-grandchildren and eight great-grandchildren.

Services were conducted Wednesday afternoon at 2 p.m. at the Pierce Street Baptist Church in Amarillo. Burial was at Amarillo.

4-H Members Study Speech

Scores of 4-H Club boys and girls are helped everyday to overcome shyness, stagefright, inability to talk before groups and lack of selfconfidence. The help comes from diligent effort applied in the 4-H Public Speaking program conducted by the Cooperative Extension Service. Adults skilled in the art of public speaking often serve as project leaders, and other resource people in the community volunteer to work with the budding orators. Not only are they taught basic steps in researching, writing and delivering a speech, but they also are coached in the use of communication tools such as tape recorders, microphones, television, radio and print media.

One of the top two 4-H speakers in the nation last year, is continuing his public speaking education in college. He said that his 4-H training helped him to decide on a career in the legal profession.

Many teen-agers find that public speaking experience aids them in recreational activities both in and out of 4-H. Even holding an office or presiding at a meeting is a little less formidable, they say, after participating in a public speaking project or activity.

There are three main categories of competition in this program; county, state and national. Awards are provided for the 15th straight year, by The Pure Oil Company. They consist of attractive medals, an engraved wristwatch for the top boy state champion, and a beautiful chest of table silver for the top girl.

The state winners can try for a \$500 scholarship.

Questions & Answers

Q -- My refund check is made out to both me and my wife. Do we both have to endorse it?

A -- Yes.

Q -- If I have a gardener during the summer months do I have to pay Social Security taxes on his wages?

A -- If you pay the gardener \$50 or more during a calendar quarter then you are required to report wages and pay social security taxes on them. This will be the case for any person you hire to perform services for you about your home. Besides maids and gardeners, it includes chauffeurs, cooks, governesses and handymen.

Details on these reporting requirements are contained in Circular H. Copies of the Circular and Form 942, "Employer's Quarterly Return for Household Workers," may be obtained at any local Revenue Service office.

Q -- I just got a raise and think I have to file an estimated tax return. When I file this, should I take the standard deduction? I'm not sure whether I'll be able to itemize or not this year.

A -- If you are not sure about your deductions, figure your tax based on the standard deduction. Remember, estimated tax declarations are only required to keep taxpayers on a pay-as-you-go basis.

A declaration generally is required if withholding will not come within \$40 of meeting your actual tax liability. Increased withholding may make it unnecessary for you to file estimated tax declarations.

Vacation Bible School Group Takes Field Trip

Monday of Vacation Bible School at the Baptist Church was a "field trip" for the immediate class. The group left the church at 10:30 a.m. and journeyed to Plainview. They were conducted on a tour of the land Baptist College. They had lunch in the college ball and spent the afternoon playing miniature golf and making the trip were Mrs. Abbott, Brenda Davis, Johnson, Debbie Landers, Mac Shipley and Paul Holland. They were accompanied by Mrs. Larry Branscum and Mrs. James Holland.

and Mrs. Merle Trout, and Mrs. Don Quarles and children of Mobeetie. Connie Nixon returned home with them after her visit. Mr. and Mrs. Dale Pittman had a successful weekend of fishing at Oakcreek Lake, near Sweetwater. Mrs. D. L. Branscum and son, Donnie of Oscada, Mich. spent Tuesday through Friday with their son and brother, Larry Branscum and family. Mr. and Mrs. Verdell Burton and sons and her parents, Mr. and Mrs. Clyde Rhodes of Littlefield were joined by Clyde, Jr. and family of Ropesville for a weekend fishing trip to a lake near Colorado City.

Donna Zachary returned to Houston Friday after a visit with her grandparents, Mr. and Mrs. Cecil Zachary. Mr. and Mrs. Charles Nixon took his mother, Mrs. C. Nixon and son of Mobeetie to Hobbs Sunday for a visit with another son and family. The Lions Club members will meet for a covered dish supper at the community center at 7 p.m. today (Thursday). The meeting was postponed from two weeks ago when it was canceled due to the flooded condition of roads. As is the Lion's annual custom, committees of wives plan the menus for a meeting every other week during

June, July and August. The WSCS serves the club at Fellowship Hall of the Methodist Church, Sept. through May. Pat Harmon and a friend were here with her parents, Mr. and Mrs. David Harmon for the weekend. Pat teaches in Dallas and is attending summer school at North Texas State, Denton. They, with the Harvey Patterson family and Rev. and Mrs. Jarrell Thorp and family of Lubbock, had a picnic supper in MacKenzie Park Saturday. Father's Day guests in the James Holland home were her parents, Mr. and Mrs. Paul Vause of Littlefield, Jan Holland of Texas Tech, and Mr.

and Mrs. W.P. Holland. Judy Bowman was the weekend guest of Janet Wilbanks in Panhandle. Mrs. Ora Smith of Elk City, Okla. was called here early this week due to the serious illness of her brother, Dave Black. Mrs. Audrey Long, Mrs. Lucille Robinson and Mrs. Pat McMahan were guests of the Muleshoe TOPS Club Thursday night. Mrs. McMahan president of the Littlefield Bel-Little TOPS Club was guest speaker and reported on the state convention they attended at the Baker Hotel in Dallas in May. Mr. and Mrs. Bill Workman were at Possum Kingdom Lake Thursday through Sunday and attended the 16th annual Workman family reunion. Thirty-eight were there for the occasion. Rev. R.B. Quick left Tuesday for Houston. His sister, Mrs. George Mossman of Hobbs, was scheduled for heart surgery.

The awards were given in recognition of the scouts' development in character and attainment of spiritual ideals. The Scouts receiving the award were: front row, Steve Owens and Alan Newton. Rear row (L-R) Bill Tullis, Garth Grizzle and David Roden.

Dow Attending ROTC Camp

U.S. Army ROTC Cadet Robert E. Dow is one of the Reserve Officer Training Corps cadets attending the 1965 six weeks U.S. Army General Military Science ROTC Camp at Fort Sill, Oklahoma.

The camp training began on 16 June 1965; it ends on 27 July 1965. The cadets are learning many of the requirements and problems faced by a soldier in the Army of the United States today. They are gaining knowledge and experience that will prepare them to serve with confidence when they receive their commissions and enter active duty.

Cadet Dow, son of Mr. and Mrs. Earl L. Dow, 129 E. 16th, Littlefield, is a student at Texas Technological College, Lubbock.

The International Peace Garden, at the geographical center of North America, honors the many years of peace between Canada and the United States. It lies on top of a large plateau in the Turtle Mountains, on the boundary line between North Dakota and Manitoba.

Corvair by Chevrolet

It's stylish, sporty and available with up to 180 frisky horsepower. See below what car experts say about its unique engineering and handling. Then see your dealer and see what a wonderful buy you can get right now!

Car Life
"We'd feed the Corvair into the turn with increasing force on the steering wheel, applying as much power as was available, and come scorching out the other end of the curve without so much as a tailgawp."

Motor Trend
"Not counting the Corvette, Corvair has the closest thing to performance handling characteristics you'll find on this side of the ocean, with no sacrifice in ride qualities."

Sports Illustrated
"... a new American sports car that will be eminently acceptable at rallies but that can, in the American manner, double at church picnics."

Car and Driver
"We have to go on record and say that the Corvair is—in our opinion—the most important new car of the entire crop... and the most beautiful car to appear in this country since before World War II."

Car and Driver
"... the superfluous has been stripped away from a classic form and the result is a clean, beautiful car. The new Corvair's styling is going to attract most people—it's an obvious selling point. Its hidden virtue, handling, will soon become apparent to—and much appreciated by—the enthusiast driver."

FRONTIER DEFENSE — Texas history is relived at old Fort Davis, key post in the defense system of West Texas from 1854 to 1891. Today the remains of Fort Davis are more extensive and impressive than those of any Southwestern fort. Visitors can inspect many officers' residences, troop barracks, warehouses, and the hospital. (Photo Texas Highway Department)

Fort Davis Site Of Indian Battles

(This is the first of a "Tour Texas" Series)
"Look-see" history and family fun can be combined in a visit to old Fort Davis and Davis Mountains State Park.

The Mays Massacre, conquest of the Apaches, fights with the Comanches, stagecoaches on the San Antonio-El Paso road — these are all part of the old Fort Davis story. Fort Davis National Historic Site was established as part of the National Park System in 1963. The Fort is located on the northern edge of the town of Fort Davis, Texas, and can be reached from U.S. Highway 290 on the north, 90 on the south, and then by paved Texas Roads 17 and 118.

At nearby Davis Mountains State Park, motorists will find it far enough south for comfort in the winter, yet high enough for pleasant summer touring. The Park's camping area is equipped with concrete tables, cooking grills, showers and restrooms. The camping fee is \$1.00 per day per car.

Indian Lodge at Davis Mountains State Park, affords sleeping accommodations for tourists and its own special brand of West Texas cooking.

A few miles from the Lodge, the highest paved highway in Texas climbs Mount Locke to an elevation of 6,791 feet. The McDonald Observatory and Harvard College Solar Radio Laboratory are located on Mount Locke.

Lfd. Members Attend Jehovah's Witnesses Meet

The Littlefield Congregation of Jehovah's Witnesses was represented by 9 persons at a kick-off meeting in Lubbock Saturday night in officially getting their massive search for rooms off to a good start.

The campaign, noted Loyd Lowery, local presiding minister, is designed to secure rooming accommodations in Lubbock for the "Word of Truth" District Assembly scheduled the week of July 22-25. Because of the limited time in which to obtain the rooms and the large number of private home accommodations needed, the Littlefield Congregation is assigned to share in the room hunt up until convention time.

The tremendous task of a house-to-house campaign was outlined to the Littlefield and scores of other authorized workers by representatives in charge of the rooming.

Lowery said, "Our workers will be participating not only during the week but also on weekends up till assembly time. This will involve making trips to Lubbock but seeing the need and with delegates coming from 18 states so far, the Littlefield congregational workers are more than glad to help out."

Borders Asset To Whitharral Community

BY NILAH RODGERS

J.W. Borders, manager of the Whitharral Farmers Co-op Gin, is a good example of someone who has pulled himself up by his own bootstraps. He wasn't born with the traditional silver spoon in his mouth. His legacy is his own, and has been written with the sweat of the brow, sleepless nights and long days.

Borders went through the 10th grade at Maverick, transferring and driving nine miles daily to Bronte for his senior school year, along with a sister and two neighboring children.

He played baseball and basketball at Maverick and football his one year at Bronte, finishing with a class of 16 in 1932. Borders managed "kids jobs" around his father's gin prior to his selling it in 1925.

He worked at his dad's grocery store until his father sold out there in 1931.

Following graduation, Borders attended Howard Payne, sweeping out the dean's and president's offices for his tuition and he lived in a hospital where he served as nightwatchman for his room and board.

The hospital had been having dope addict raids and it was his job, as the only man, to provide protection.

Borders was able to stay through two semesters but finances and other depression complications forced his withdrawal from school after this.

He returned to Maverick to help his father farm some 550 acres of bottom land. He had helped to break some as a boy of only seven.

Borders laughingly recalls that his father praised him at that age as the "best tractor driver" he had ever had. Because he couldn't stop the tractor, even by standing up on the clutch, there was a minimum of wasted time. He had to let off the throttle and kill the engine in order to stop. In 1928, Borders' father also bought the first combine in Runnels County and put his son, at the ripe age of 13, running it.

He and his father usually planted a portion of the land in cotton, a third in small grains, a third in milo and left 75 acres in pasture. They would

buy thin stock and use the grain to feed out cattle.

SQUIRRELS PLENTIFUL

The creek, which formerly ran water all year round, furnished a plentiful supply of fish. Squirrels were also plentiful in the more than 500 pecan trees on the place.

Borders developed a taste for squirrel, which he says he personally likes more than chicken, and recalls that he once killed 23 squirrels in one tree during a morning of hunting.

In 1934, Borders and his father built a drilling rig and started drilling domestic ranch and

farm wells at the rate of about 50 a year.

Borders also worked in the falls from 1933 to 1941 at the gin which his father had formerly owned, doing everything from firing the boiler, running the suction, ginning and keeping books.

Borders' father became ill in 1937 and he took over the entire farming operation. He also was married the same year to the former Gladys Sparks.

He continued operation the farm until 1945, when he sold out both the drilling business and the farming operation. He

tried a one-year stint as a drug store owner at Lawn, south of Abilene, going back to drilling in Runnels County the next year.

He remained there until 1948, when he moved his business to Littlefield.

On February 20, 1950, following the death of Tubby Williams, Borders was named manager of the Whitharral Co-op Gin.

COMMUNITY ASSET

Borders is an asset to the community. He owns his own home and is very active in civic affairs, both local and area. He has been a member on the board of Plains Cooperative Compress since 1950 and is now vice president. He is on the Plains Cotton Cooperative As-

sociation board of directors. In February he was elected as president of the Texas Territorial Ginner's Association of Houston. His gin is active in the program of the National Council and Borders personally helped to promote council's program of education in Hockley County.

He is presently president of the Whitharral Municipal Association and under his leadership the new city water system is nearing completion. He is a charter member of Whitharral Lions Club and served in almost every city. He has been voted honorary chapter chairman and citizen of the

"The Public Market Place for Lamb County"

THIS MOMENT ON -- From the time that the operator has the long distance ticket until the toll charge appears on the customer's bill, all rate computations, sorting and other handling of the information is purely automatic. The number of long distance calls handled each day in General Telephone's Littlefield office has increased over 140 per cent in the past ten years.

General Telephone To Install Automatic Operation Of Calls

For more efficient method of handling information on long distance telephone calls, General Telephone of the Southwest's Littlefield center.

"mark sense" ticketing procedure is described by General's Littlefield manager Alan Waldrop. It has passed from the hands of operators to the improvements through the new method which is described as a much faster, more efficient means of handling information on long distance calls," Waldrop said.

"The average number of long distance calls handled in our Littlefield office has increased tremendously during the past few years," Mrs. Waldrop stated.

"Ten years ago we were handling around 1400 long distance calls per average business day, whereas today the average is running close to 3,420."

Waldrop pointed out that the influx of calls requires constant study to determine faster, more workable means of handling long distance messages. Operating improvements such as mark sense ticketing also necessitates additional training for supervisors and operators.

"Our operator force has been preparing for conversion to the mark sense method for several months," Waldrop explained.

In addition to its long distance operations, General's Littlefield office also provides local phone service for 12 south plains communities.

Questions & Answers

Q -- I pay a maid \$5 a week for some part-time work. Instead of deducting 3 5/8% of her wages for Social Security, can't I just pay the full 7 1/4% myself at the end of the quarter when the report is due?

A -- Yes, you may. Your responsibility as a household employer is to send in the social security taxes due each quarter with a tax return on Form 942 when the wages paid amount to \$50 or more in a calendar quarter. Whether or not you pay the maid's portion of the amount due is up to you.

Q -- My refund check arrived and I think a mistake was made. Whom should I contact, my district office or the office that sent me the check?

A -- Inquiries about refunds or on any matter relating to your return should be directed to your local Internal Revenue office. The office issuing your check is a central disbursing office and does not handle other aspects of tax administration.

Q -- I recently won a prize in an essay contest and I understand this is taxable. The prize was a washing machine. Do I report the retail or the wholesale cost as income for tax purposes?

A -- Report the fair market value of your prize at which the property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell.

Q -- My husband and I are thinking about becoming foster parents. If we take two of these children into our home, may we claim their exemptions?

A -- You are entitled to their exemptions if they live with you the entire tax year and you provide more than half the children's support. In other words, if they are with you the full tax year and the amount you contribute towards their support is greater than the amount you receive from the welfare department and from any other sources for placing the children in your home, you may claim the exemptions.

Q -- We're planning our vacation trip this summer to take in several of our National Parks. A good part of our travel will be by air. Is the tax on plane tickets deductible?

A -- No, it is not. This is a federal excise tax and such taxes are not deductible.

Q -- I just got a promotion and a sizable raise. How can I make sure that I will not be underwithheld next year?

A -- You can reduce your withholding exemptions to as low as zero, if necessary. If your withholding is still not enough, you can arrange with your employer to have additional amounts withheld from your paycheck. If you also file a declaration of estimated tax, you may file an amended declaration and increase your quarterly payments.

Q -- Our son has a physical disability. For this reason we are planning to send him to a special school this summer which will help him overcome or compensate for his handicap. Can we deduct the school costs as a medical expense?

A -- These costs are deductible if your son's condition is such that the resources of this special school for alleviating his type of handicap are a principal reason for his enrollment there. For example, the cost of sending a blind child to school to learn braille is a medical expense.

Q -- I've heard that you can fight a tax case all the way to the Supreme Court. Is that true?

A -- Yes, it is, although the likelihood is that the dispute would be settled at a lower level.

There are three levels set up within the Internal Revenue Service at which an agreement to the results of an examination may be reached. The first is the audit by an examining officer, the second is a conference with a member of the District Conference Staff, and the third level is the Service's Appellate Division. If you still do not agree to the proposed increase in your tax, you may then appeal to the Tax Court of the United States, from which decision appeals may be taken to the U.S. Circuit Court of Appeals and, ultimately, the Supreme Court of the United States. If a claim for refund was the subject of discussion at the district conference, and no agreement was reached at the Appellate level, your appeal would be then filed with the U.S. District Court or in the U.S. Court of Claims instead of the Tax Court.

All but a few of the tax disputes are settled in a district conference or at the appellate level.

Q -- I just bought a delicatessen. Do I have to obtain a Federal beer license to sell beer and what form should I use?

A -- Before you commence operation you should register and pay the occupational stamp tax (not a license) required for the balance of the fiscal year ending June 30th. You are required to buy a new stamp on or before July 1 each year thereafter. Use Special Tax Return Form II obtainable from your district director's office for this purpose.

RETIRING JULY 1 -- H.C. (Clay) Pumphrey, Sant a Fe Railway freight and passenger agent at Lubbock is retiring July 1 at age of 65 after serving for more than 48 years. He served as Agent at Littlefield for many years coming to Littlefield in the early part of 1918 where he married Chleo Yantis of Littlefield. Mrs. Gary Reed Is Named Bridal Shower Honoree

Mrs. Gary Reed, the former Lola Rankin, was honored Tuesday afternoon with a bridal shower held in the home of Mrs. Duane Gray. Approximately 25 guests were registered by Mrs. W.W. Thompson.

The bride's chosen colors of pink and white were used in the table decor. The table was laid with a lace cloth over pink. A floral arrangement in pink and white centered the table. White cake squares topped with pink rosebuds, pink and white mints, and pink lemonade were served. Appointments were crystal.

The hostess gift was a set of Teflon cookware. Assisting Mrs. Gray with hostess duties were Mrs. Carl Thompson, W.W. Thompson, Leroy Wallace, Homer Neely Jr., Ralph Matthews, Robert Ramage, Leon Leonard, Travis Hopper, Aubrey Neinst, Bobby Taylor, N.E. Hall, Ray Smith and Robert McCurry.

Dinner guests Wednesday of Mr. and Mrs. John Vruble and family were Mrs. Ellen Will, Littlefield, and Mrs. Charles Carpenter, Amherst.

Mr. and Mrs. Terrill Moorhead and son were dinner guests Sunday of her parents, Mr. and Mrs. Alfred Sladek.

A bridal shower honoring Miss Kathy Bailey will be held July 9 at 2:30 p.m. in the home of Mrs. R.L. Stubblefield. Miss Bailey is the bride-elect of Buzz Goertz of Littlefield. All friends of the couple are invited to attend.
