## LAMB COUNTY REPRESENTATIVE MAKES REPORT OF FARM WOMENS SPECIAL ON INVESTIGATION TRIP TO CALIFORNIA

By Mrs. F. F. Revier

A representative of your county Texas Farm Woman's Special is making the following report. I make it as brief as possible and give notes and data on the entire trip. I shall be glad at any time to visit your county, which will give you with further information.

Do you have any difficulty getting members to ship through the association? "No," was the emphatic reply, "we have more trouble keeping non-members from running their unstandardized products through our association."

Another outstanding impression gained was that overproduction ceases to be overproduction if proper importance be attached to creating a larger consumption. We invariably found the producers and workmen of the associations studying the problems of wider distribution. They were using their brains, time and money to create adequate consumption for their production.

Are we placing enough emphasis on this phase of agriculture in Texas? Can we adequately emphasize on this phase when we act as individuals? All of those successful producers mentioned above unanimously answer "No!"

Mr. Thorp, of the Walnut Growers association told us that through organization only could creative consumption be successfully realized. The cotton farmer of the south is wide awake to production, but asleep to distribution and consumption. He is sitting idly playing with the reins of agricultural prosperity in his hands. Let's wake up, seize them and drive our own business to success.

We were impressed with the type of person interested in co-operative marketing. We found men and women of brains and education whose minds and hearts were devoted to the subjects of co-operative marketing and who are being sought by other industries at much larger salaries than they are now receiving. When any thinking people concentrate their efforts on any line of industry success is found to be the result.

At Los Angeles the Texas delegation sat in a meeting of the board of directors of the California Fruit Growers exchange. There we learned from reports turned in that those people do not consider their problems solved. They meet each week to study their problems and bring about improved conditions to growers.

An improved standard of living was evidenced where successful co-op marketing organizations have existed for any length of time.

The Presbyterian Auxiliary ladies met with Mrs. W. G. Street Tuesday afternoon.

Mrs. C. A. Dugger led the devotional, also had charge of the lesson. She was assisted by Mrs. Street. The subject "China," was very interestingly given.

During the business session the committees for the bazaar drew the names of the helpers.

At the close of the meeting the social hour followed. A birthday cake was presented to those having a birthday during the month of July. It was decorated with mint leaves and candles arranged to make letter "L's". The honorees being Louise Steen, Lyle Miller and Mrs. Cook, each cutting the cake. Orange punch and nut cookies were also served with the cake to the following ladies: Mmes. Bills, Dugger, Hilliard, Mitchell, Street, Whorton, Wright, Wiseman, Smith, Steen, Albright, Miller, Barber, Clements, Cook, Baird, Tolbert and Farquhar and Miss Lulu Hubbard. Mrs. Otha Key of Amarillo was a guest.

The next meeting will be held at the home of Mrs. T. T. Garrett. The Scripture Verse beginning with letter "P" will be the answer for roll call.

Mr. and Mrs. Luther Kirk; Mr. and Mrs. Oran Kirk and George Kirk left last week for Abilene where Mrs. Luther Kirk will see her parents and all will enjoy a family reunion the 10th.

Mr. Doran, Michigan school teacher, who flew from Detroit to Littlefield and is now making a fight to Honolulu for prize.

pect agriculture as so many of us. Economic distribution were told many times had demonstrated to us through the beautiful houses and schools, churches and rural community club houses, can come about only by efficient organization and cooperation. I asked of the representative of the Sun Maid Raisin Growers association.

Do you have any difficulty getting members to ship through the association? "No," was the emphatic reply, "we have more trouble keeping non-members from running their unstandardized products through our association."

Another outstanding impression gained was that overproduction ceases to be overproduction if proper importance be attached to creating a larger consumption. The next meeting will be held at the home of Mrs. T. T. Garrett. The Scripture Verse beginning with letter "P" will be the answer for roll call.

Mr. and Mrs. Luther Kirk; Mr. and Mrs. Oran Kirk and George Kirk left last week for Abilene where Mrs. Luther Kirk will see her parents and all will enjoy a family reunion the 10th.

Mr. Doran, Michigan school teacher, who flew from Detroit to Littlefield and is now making a fight to Honolulu for prize.

## Just Dying of Curiosity

By Albert T. Revier

## IRVIN GETS FORGER AND TWO CHARGED WITH PURSE THEFT

Sheriff Len Irvin reports the arrest, Wednesday morning, of Richard Banes and Roy Dodson, at Olton, on a charge of stealing a purse containing \$280 in checks and \$30 in cash.

The boys claimed they found the purse in a church at Olton. Later on \$20 of the money was found hidden in a blacksmith shop and \$10 behind a garage in Olton.

Both young men were held in bonds of \$500 each pending action of the grand jury.

### Charged With Forgery

Last week Sheriff Irvin and Deputy Walraven arrested Herschel Thigpen, at Whiteface, on a charge of forgery.

It is alleged that Thigpen forged seven checks on W. H. Berry, residing a short distance north of Amherst. The checks were made out to John Daniel, and ran in amounts of from \$4.50 to \$7.50 each, being cashed at different places of business in Amherst during the recent celebration, and payment refused by the Amherst bank because of unauthorized signature, according to Irvin.

Irvin states that he called the young man out from the place where he was working and had him to write Berry's name, then showed him one of the checks with the corresponding signature, after which the young man confessed to the forgery. He is being held under \$500 bond pending action of the grand jury.

### METHODIST SERVICES

On account of the absence of the pastor, Rev. Ed Tharp, who is holding a revival meeting near Shallowater, the pulpit of the Methodist church next Sunday morning will be occupied by Editor Jess Mitchell, who will speak upon the subject: "What Is Heaven?" A cordial invitation is extended the public generally to attend this service.

Since some of the members have expressed a desire to attend the Hogx revival meeting now going on in Lubbock, and that all may have this opportunity, there will be no evening service at the Methodist church next Sunday.

R. F. Stone of Parktown, is visiting his son, C. O. Stone.

W. A. Tolbert left Wednesday for Amarillo for treatment of an injured back received while on a fishing trip last week in the mountains near Teos, New Mexico.

### H. S. GOERTZ DIED MONDAY

The people of Littlefield and surrounding country were taken by surprise when, early Monday morning, word reached town that H. S. Goertz, farmer, had passed away at his home four miles west of Littlefield.

For several days Mr. Goertz had been suffering from a carbuncle on his neck, but failing to give it much attention, the place became so infected that blood poison set up, and death came early Monday morning.

He moved his family from Hillsboro, Kansas three years ago, and has since resided in and near Littlefield. He is survived by his wife and six children.

It is not known whether the body will be buried here or sent to Kansas.

## FIRE LADDIES DO FINE WORK SAVING LOCAL RESIDENCE

Wednesday evening of last week the two-story house, on corner of Fifth and Twitchell Avenue, was burned. It was owned by E. P. Bickley, of Commerce and was occupied by Con. Connell.

The fire was started from an oil stove that had been left burning in the kitchen. Mr. Connell came home just in time to see the flames from the stove rising to the ceiling. He attempted to throw the oil can from the window, but dropped it and spread the blaze over the room. The furnishings were soon a mass of flames.

In spite of delay in the alarm the fire boys did fine work. The flames seemed beyond control, but when three powerful streams of water began to play over the blazing structure, the flames soon disappeared and the frame was still standing with only the inside walls charred and smoking.

Spectators say they never saw any faster or more skilled firemen than the volunteer fire-boys proved to be.

### PRESBYTERIAN SERVICES

Sunday evening, August 14, Rev. C. A. Dugger, at the Presbyterian church, will preach on "The Empty Tomb."

Mrs. Frances Lee Tolbert will give the reading, "Golgotha," and Miss Nellie Dugger will sing, "Resurrection."

Carl Williams and W. G. Street went to Post Wednesday morning and will be in the Scout Camp there for 10 days. They were accompanied by the following Scouts; Bill Street, Hunter Tolbert, Horace Gore, Leon Johnson and Aubrey Wolf.

## W. T. C. OF C. WILL TRY TO STABILIZE COTTON GRADES

That special effort will be made toward stabilizing the cotton grown on the South Plains is the effort soon to be put forth by West Texas Chamber of Commerce, according to a letter received by the Leader this week from Manager Homer D. Wade. The letter is as follows:

H. M. Landan, agricultural agronomist, accompanied by J. D. Dowd, cotton classing expert of the U. S. Department of Agriculture, will make this month a survey in that section of West Texas, beginning with the east line of Wichita and Archer counties, and extending north to the New Mexico line, including all of the plains region and seven counties in Oklahoma.

The purpose of this survey is to adopt a proper grade for cotton produced in that section of the state. Due to the slatted cotton, the grade on cotton, particularly in the plains, has been very low and in the opinion of many people is entitled to a better grade than was assigned it last year.

The U. S. Department of Agriculture plans to select representative gins throughout that section of West Texas and have samples of each bale ginned, graded, thus establishing an official grade for northwest Texas cotton. It will be a great thing for the grade of cotton produced in West Texas to be raised. It will be to the advantage of all West Texas towns to co-operate with these gentlemen and put them in touch with the proper gin people when they visit you.

If this work is a success, there is a possibility that a congressional appropriation can be secured to establish a "grade on all cotton produced and have ginning reports show not only the number of bales but the grade of the cotton ginned. This will take much of the burden of low cotton from the market situation.

## FARM BUREAU MEET TO BE HELD HERE FRIDAY, AUG., 19th

An important Farm Bureau meeting will be held in Littlefield Friday, August 19, which all members are urged to attend, according to J. W. Hammock, Lamb county representative.

At this time Mrs. F. F. Reives, who represented Lamb county in the recent womens special of California, will make a report of the trip, telling of some of the valuable information obtained on the trip.

The meeting will be held in the Palace theatre, beginning promptly at 2:30 o'clock in the afternoon.

At this time there will also be a discussion regarding the organizing of a company for operating a co-operative gin in Lamb county. Lyman Stockes, of Ballinger, representative of the Farm Bureau Gin Corporation, will be here at that time to explain the plan and merits of such an organization.

All the ladies of the community are invited to attend this meeting also the business men of Littlefield and other towns of the county.

### Gov. Fuller

Chief Executive of Massachusetts upon whose shoulders fell the task of rendering the final decision as to whether Sacco and Vanzetti were to die in the famed murder case which has been in the courts more than 8 years.

### Flying School Marm

Mr. Doran, Michigan school teacher, who flew from Detroit to Littlefield and is now making a fight to Honolulu for prize.

# LAMB COUNTY LEADER

JESS. MITCHELL, Editor and Publisher

National Editorial Association, MEMBER Texas Press Association

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

## A THOUGHT FOR THE WEEK

Take my yoke upon you and learn of me: for I am meek and lowly in heart: and ye shall find rest unto your souls.—Matt. 11:29.

It is not in understanding a set of doctrines, not in outward comprehension of the "scheme of salvation" that rest and peace are found, but in taking up, in all lowliness and meekness, the yoke of the Lord Jesus Christ.

—F. W. Robertson.

## "DOG DAYS" AGAIN

The arrival of August each year leads thousands of editors and writers to issue warnings against the season long known as "Dog Days." It is the season when vegetation begins to wither and dry from the effects of scorching July and August suns, when the air is filled with dust and unseen particles of plant life, and when a green sickly-looking skum forms on the "old swimmin' hole."

"Dog Days" are possibly not as dangerous as the Littlefield mother declares they are when she is trying to get her boy to spend more of his time on the land than he spends in some of the numerous shallow lakes surrounding this little city. Yet it is a season when the utmost precaution should be taken to avoid disease.

It is this season when hay-fever victims suffer untold agonies and when typhoid germs are more plentiful and more virulent than at any other time. It is also the season when blood is running thinnest, and when the aged should seek the shade, always avoiding the scorching rays of the sun.

No matter how healthy you may be, or how well you may be feeling, it's a good idea to believe in "Dog Days" just enough to be careful. Don't over-eat, don't over-work, don't drink too much ice water—and don't do any more worrying than is absolutely necessary. Fretting and losing your temper is bad enough at any time—during "Dog Days" it is absolutely dangerous.

Our idea of a real modest girl is one who would be ashamed to undress in front of a mirror. We once heard of one who pulled the window shades down just for a blind while she draped the table legs because they were bare, but she didn't live in Littlefield.

## THEY'RE PASSING ON

They tell us the old-time cowboy, familiarly known as the "cow-puncher" is passing on, and we who have seen the wonderful change of this South Plains country can readily believe it. They say that the slump in prices for range stock is here to stay, and that the cattle industry, as it was followed in the old days, will never return. The eastern demand for young beef and the increasing tendency of middle western farmers to sell their grain on the hoof, has increased the cow man's problems. To own cattle now, in bad years, is to be poor in proportion to the number you own, and so the demand for the cow hands is rapidly decreasing. The only thing left for them to do is to become farm hands, or else move into the towns and cities and learn new trades and callings.

It is disheartening news, for most of us around Littlefield have long held a warm spot in our hearts for the cowboy and admired his picturesque life. He has always been a typical American and a he-man from the ground up. If it is true that he is fading out of the picture, then our only consolation is that we lived in the same generation he did.

One way to make a man run for office is for some of his enemies to say he can't get it.

## BEATING THEM TO IT

Our mails are going to commence to get heavier now, because the concerns that depend upon mail patronage for their profits are mailing out their fall catalogues and announcements.

They are the smartest advertisers in the world, these mail order folks, and they never let any grass grow under their feet.

If they are advertising for business now there is nothing to keep the man here at home, who has to compete with them, from doing the same thing. Where the home man loses out is in waiting until the mail order and catalogue men have jumped in ahead and skimmed the cream.

Time waits for no man, and neither does the fellow who wants to buy something and has the money to pay for it. The first one that gets to him is usually the one who sells him. The Littlefield man who has something to sell and who wants to beat the mail order man to it can do so by advertising NOW, while the catalogues are just commencing to flood the mails.

He will also be the one with the least to complain of when the fall and winter season has passed.

We've often thought that old Noah could have saved the world a lot of trouble if he had just put his foot on the bedbug when it was going into the ark.

## NEW OFFICIAL ORGAN

The Leader is this week in receipt of a copy of the "Plateau Singing Convention Journal," published at Clovis, New Mexico. The masthead carries the name of Loyd E. Roberson as editor and manager, and John F. Taylor, as associate editor.

The Journal is a four-column 16-page paper, filled with matter of interest to the many thousands of this section who are members of this great body of singers.

Editor Roberson was a former Littlefield citizen. He is a talented musician, and the first issue of the Journal shows his talent as an editor.

The Leader bespeaks for this new publication a wide-spread circulation with attending prosperity and much influence.

Nearly everything a small boy knows about August is that it's the month when fishing worms bore the deepest.

## LITTLE LEADERS

The only thing harder to keep down than a meal on a rough voyage is a Littlefield girl's knee-length skirt.

Our advice to the Littlefield motorist who seeks to be careful is to drive as though the other fellow was going to turn out to be a fool.

We've often wondered how the average woman in the Littlefield vicinity managed to kill time in the days before party-line telephones.

Our idea of a true friend, asserted a Littlefield man last week, is one you can get along with on a fishing or hunting trip.

When the average Littlefield man begins fitting up a home, the first thing he buys is a cuspidor, but the first thing a woman buys is a vase.

The average Littlefield woman can tell you that her husband's pay envelope was making non-stop flights long before Lindbergh started at it.

Most any Littlefield woman can love a husband in spite of an ugly

# Dr. Frank Crane Says

## MID-WEST NOT A BAD PLACE

The man from the mid-west is usually the goat of all the intellectuals.

The mid-west is supposed to be the habited, according to Mencken. Sin-home of banality. This region is inclair Lewis and others, almost predominately by morons. They are the people who form the favorite but of almost all kinds of ridicule.

They are the hayseeds of the world. The mid-west has Chautauqua circles, fitting descendants of former camp meetings. The inhabitants are low brows who come in for the contempt of all the emancipated and advanced Europeans and easterners.

Did they not put across prohibition? Did not their wives and daughters even go to prayer meetings? What could be commoner!

When the world war came, however, those boys from the mid-west, Kansas and thereabouts, did a pretty good job at Belleau Wood and in the Argonne. They fought well and the

face, club feet, bald head, hooked nose or any number of other violent conditions, but she can't love him if he is a tight-wad.

Some Littlefield fellows like to yelp about their wives not being able to cook like mother did, but they never picked out one of mother's age and experience when they started to get married.

If you want to make Littlefield look better to you than it ever did before, just take a vacation trip and see a lot of other towns. We just returned from a week's fishing trip, and the old town surely looks good to us.

## SOME SNAP SHOTS

The world is getting smarter. To be known as a genius now days a man has to have more than long hair and a dirty shirt.

The reason there are so many marriages is because no young man can imagine that "sweet and twenty" ever will become "sour and sixty."

Some men have so many expenses that adding another one doesn't worry them any more than a new rattle does the owner of a flivver.

The powers of the Justice of the Peace are limited. The longest sentence a justice can impose is marriage.

It is only natural that single girls giggle more than their married sisters. What has a married woman got to giggle about anyhow?

A long-legged sheep in the Himalaya mountains is able to run 40 miles an hour. That is the kind of lamb it would take to keep up with Mary nowadays.

We've observed that a woman can be narrow-minded and still have a hard time squeezing into a Morris chair when she wants to sit down.

## Vocational Agriculture Department

By N. A. DONGES  
Teacher, Vocational Agriculture in Littlefield Public Schools

Get Those Watermelon Lice Now  
Now is the time to spray for those watermelon lice that are beginning to make the leaves on your vines curl and that will take dollars and cents away from your patch when the melons are ripening.

Where To Find Them  
If you see the leaves beginning to curl around the edges and turning a light brown color, look on the under side of them and you will find a great number of soft-bodied insects that are of different colors, from light green to almost black in color. Some of these pests have wings and some do not.

How to Control  
If there are one or two vines that are badly affected in the patch it is best to take them out and burn them. A very good control measure is to spray the vines thoroughly with nicotine sulphate, commonly known as Black Leaf "40". When spraying it is absolutely necessary to make the spray reach the insect, otherwise no good will be done. It is best to turn the vines over when spraying so as to thoroughly saturate the under side of the leaf as that is the only place the lice will be found.

heroes of Ballaklava and Thermopylae had to move aside and make room for them in the Hall of Fame.

A Missouri boy named Pershing and a couple of Illinois men named Grant and Lincoln demonstrated that something worth while could come from Nazareth.

And now another mid-western, a "dom" Swede, has started the world.

He took his life in hand, shoved a tooth brush in his pocket and flew un-asked and alone across the perilous Atlantic.

Personally, I think it makes no difference what country a man comes from. A Japanese, a Mexican or a Nebraskan is quite as liable to horn in and monopolize the front page as a noble Roman or distinguished Britisher. Man is man and you can't tell what part of the human race is going to develop a remarkable shoot.

Mr. Babbitts country, with its chautauquas and rotarian clubs and prayer meetings is not such a bad place after all.

Remember, if the spray does not reach the insect it will do no good, as Black Leaf "40" is a contact poison and must come in contact with the body of the insect to kill.

## What do You Say, Farmers?

Let's have an agriculture fair in Littlefield this fall! You know that you are raising something that will beat the socks off of your neighbor. Well, bring it to town and prove it to everybody. Show him up.

Wake up Chamber of Commerce. Get behind the good farmers of Littlefield territory, and help them show the world what they can do.

Any farmers who are interested in preparing an exhibit to enter in competition at the Lubbock fair should start working on it now. Let's show those Lubbock fellows what WE can do. If I can be of any assistance in preparing an exhibit let me know at once.

## PERSONAL ITEMS

Mr. and Mrs. L. L. Manley of Gorse Mr. and Mrs. W. L. Shockey of Austin; Mr. and Mrs. T. J. Ledlow of Decatur, Miss., visited Sunday with F. R. Jones and family.

B. B. Blair and wife left Monday for Abilene; and, after a short visit there, they will go to Wichita, Kansas, where they expect to make their future home.

W. O. Yeary and family have moved to Levelland, where Mr Yeary will operate the Club cafe which was recently purchased from J. T. Wingfield.

Homer Sewell returned from Lubbock Sunday. A few days ago, Mr. Sewell under went a serious operation. It is reported he is getting along nicely.

Mr. and Mrs. T. S. Sales and F. M. Burselon left Sunday for Yellow Stone Park and various other points of interest. They expect to be gone about two weeks.

J. E. Whicker and son, Everett, went to Abilene, Monday.

Roaches live in colonies. If you see one you know there are many. Roaches are lousome vermin. Prolific breeders. There are medical authorities who declare seventeen different diseases including cancer are transmitted by roaches. Roaches must be killed. Spray Fly-Tox into cracks, crevices, around water pipes, faucets and other plumbing. Simple instructions on each bottle (blue label) for killing roaches and ALL household insects. Insist on Fly-Tox. It is the scientific insecticide developed at Mellon Institute of Industrial Research by Rex Fellowship. Fly Tox is safe, stainless, fragrant, sure. Easy to use.—Adv.

Kenneth Garrett visited in Lubbock Sunday.

Van Clark made a business trip to Lubbock, Monday.

George C. Hughes, of Pep, was a business visitor here, Tuesday.

Dick Ratliff visited friends in Lubbock, Saturday and Sunday.

Hollis Browning visited in Clovis, N. M., Sunday.

N. B. Gustine made a business trip to Slaton, Tuesday afternoon.

T. L. Bruce is reported seriously ill from pneumonia since last Friday.

Ed Alexander, of Galveston, was in Littlefield on business last week.

F. A. Butler and family, of Agilen, visited here last week.

Sheriff Len Irvin was in Olton this week attending court.

Jimmie Brittain, county treasurer, transacted business in Olton, Monday.

Mr. and Mrs. J. L. Jackson and family of Lubbock, were in Littlefield, Monday.

Bob Smith and E. A. Logan were in Portales, New Mexico, Monday on business.

Mr. and Mrs. J. M. Hill of Lexington, Okla., are visiting this week with C. W. Greavers and family.

Curtis Heard and Fred Faust returned Monday from a visit in Las Cruces, New Mexico.

Mr. and Mrs. Pat Boone and Mrs. Boone's grandmother, Mrs. Littlefield, were Lubbock visitors, Monday.

Dock Gardner, from Kentucky, has been visiting his brother, T. J. Gardner, the past week.

Mr. and Mrs. W. E. Jeffries attended the funeral of Jim Ellerd, in Plainview, Sunday.

J. W. Duke and family left last

Saturday on an extended visit to eastern parts of the state.

J. T. Street and H. C. Arnold came in Monday night from a business trip to Coleman.

Sheriff Len Irvin and son, Driskell, were in Amherst and Olton Monday on business.

Glen Allen returned Monday night from Denver, Colorado, where he was in training camp for several weeks.

Mrs. J. S. Dickey and Miss Elizabeth Wimberly, of Amherst, were Littlefield visitors, Tuesday.

Mr. and Mrs. Everett Arnn and daughter, Billie Jean, came home Tuesday from an extended trip to Arkansas.

J. M. Stokes and family, Miss Stella and Wilma Lloyd, left Tuesday on a fishing trip to the mountains in Colorado.

H. J. Michlink and family, and Miss Lena Timian left Tuesday for a visit with friends and relatives in Langdon, N. Dak.

Mr. and Mrs. Jim Blessing and Geraldine Robertson left last Thursday for Dallas. They will also visit points in Oklahoma and Kansas.

Relatives received a wire from Mrs. J. C. Houk, Saturday, that her father was to be buried Sunday in Jamestown, Ind.

Mr. and Mrs. Jesse Godfrey, Mr. and Mrs. Frank Godfrey left Friday for a trip through various parts of Oklahoma.

Lloyd Roberson came in Monday from Clovis, N. M. He expects to spend a few days here before returning to his home in Hereford.

Mrs. C. C. Clements, who has been in Hot Springs, N. M., the past two months for her health, came home Monday night much improved.

The Presbyterian people will have a communion service Sunday a. m., August 21, and every member is urged to attend.

Bob Rogers came in last Thursday from Roxana for a few days visit with friends. He left Tuesday for Midland.

August 13 will be a great day in Dimmitt. They will have an all day picnic, free barbecue and big dance, with an orchestra from Canyon.

Mr. and Mrs. Louis Halsell, of Amherst, are the proud parents of a baby girl. Mrs. Halsell will be remembered in Littlefield as Miss Rilla Webb.

Mrs. W. L. Wade and daughter, Meribeth, of Bledsoe, were shopping in Littlefield last Thursday. Meribeth stayed over to spend a few days with Annie Marie Harless.

Mrs. R. A. Kelm, sister of Mrs. Dave Beisel, who underwent an operation at a Lubbock hospital a few days ago, has returned home, and is reported to be improving nicely.

Mr. and Mrs. C. H. Howell of Las Vegas, New Mexico, came through here Sunday on their way to Plainview, where they attended the funeral of Mrs. Howell's brother, Jim Ellard.

Clarence Lee Kelly, son of Mr. and Mrs. C. V. Kelly, 10 miles south of town, was operated on for appendicitis. At last report he was not improving very rapidly.

Joe Robertson, of Olney, was a business visitor in Littlefield last week. E. S. Rowe and family left Wednesday morning on an extended trip to the mountains of Colorado.

Misses Alta and Alice Anderson, who left last week for Denver, Colo., write back home saying they like Denver very much, and have already entered training in one of the hospitals there. They also ordered the Leader to follow them.

Mr. and Mrs. A. P. Duggan and son Arthur Jr. left Saturday for Austin to attend the funeral of Mr. D. B. Gracy, father-in-law of Mr. and Mrs. Duggan's daughter.

Fred Groom of Yellow House Switch, created quite a bit of excitement last week when he reported the appearance of oil and gas in his water well at that place.

Lonnie Clements, of Levelland will fill Mr. Sales' place at Cuenod's while Mr. Sales is away on his vacation.

Mrs. Chess Busher and small daughter, of Winters, and Miss Lillian

Busher who has been visiting relatives and friends in Austin and Winters came home Thursday to visit their parents Mr. and R. L. Busher.

Mr. Busher's family after a visit to Mr. Busher's home in Littlefield.

## Specifications of New Model FORD

Every day we have dozens of inquiries regarding the NEW MODEL FORD CAR.

Everyone is anxious to know when it will be on the market. When they can see it, ride in it—and buy it. And you can see it now. The new model Ford is not being announced by the Ford Motor Company but in Mr. Ford's wire to us he says that the new model is superior in design and performance to any now in the car field. The new model Ford will be noted for its

### SPEED STYLE FLEXIBILITY EASY CONTROL

"It will be more costly to manufacture but more economical to operate"

Speaking of speed—very few people know that Ford was the race track champion of the United States. The whole interest of the public was in racing Ford set to work to build the fastest car in the world. On December 1st, 1902, he lowered the national automobile record for a mile to one minute and one second and then won the track championship of the United States.

Now about the new model Ford Car—we hope you will see it on display in our show room soon. No doubt, comparisons and prices will be announced before that. We have orders on file covered by deposits and a new car will be made in the order in which deposits are received. A \$25 deposit places you in line to receive your car as early as possible.

Mr. Ford has been working on this model for a long time. He has set his mind, his wealth and all the forces at his command to the task. We have reason to believe that the new model Ford is quite like the new car in quality, price and performance.

In the meantime the sales record of the present model Ford, has set a record that will never be equaled by any other manufacturer—over 15 million Ford cars in 20 years that will long be remembered and commented on. A few of TODAY'S model Ford hand—the best car ever made by the Ford Motor Company.

Roadster \$360—Touring \$380—Coupe \$400—FORDOR \$545—TUDOR \$595—TRUCK \$650

## AN OPPORTUNITY WAY THROUGH COLLEGE

in pairs. While one student of each pair spends six weeks in school, the other is working on the farm, and at the end of each period they exchange places, following this plan for two years.

The course of study is carefully designed for boys who will not attend a senior agriculture college for a regular four year course in scientific agriculture.

The students for this course will be carefully selected. They will be "hand-picked" to represent a high order of intelligence and a high standard of young manhood. They should be at least 18 years of age and have either a ninth grade education or its equivalent altho the ability to read well is the essential consideration.

The farms upon which the students will work will be chosen with the utmost care by reason of the actual experience they will afford the student in sound practice.

This course should have a special appeal to those who expect to become actual farmers. It affords an opportunity for an agricultural education to ambitious boys of limited means, qualifying them both by training and experience for taking charge of general farms, dairies, poultry plants, herds of registered livestock, fruit farms, truck farms, etc.

(Note:) Any young man of the Littlefield community who is interested in this proposition should see me at once. I believe this is an excellent opportunity for some one. Let's talk it over.—N. A. DONGES, Vocational Agriculture teacher, Littlefield school.

Don't leave any cereals about when closing the house for summer vacations. Weevils will breed in them, and will migrate from one cereal food to another, and get in the crevices of cupboard shelves and various receptacles so that it is hard to get rid of them. Buy in small quantities just before going away and leave all cereal containers empty and get rid of all cartons in which cereals were bought.

To make some unusual cookies, roll out the dough very thin, cut out round cookies and then on half of them make three holes with a thimble, arranged like a clover leaf. When the cookies are baked, spread the plain ones with jelly and put the other on top so the jelly shows through.

## THE STATE OF TEXAS

To the Sheriff or any Constable of Lamb county, Greenburg:

WHEREAS, on the 14th day of June, 1926, L. P. Katz Manufacturing Company recovered a judgement in the Justice's Court of Precinct No. One, Lamar County, against J. B. Coursey for the sum of Ninety-two and 20/100 Dollars, with interest thereon from the 14th day of June, 1926, at 6 per cent per annum, and all costs of suit: And whereas, an execution thereon issued to Lamb County, on the 16th day of August, 1927, and was returned indorsed as follows: not executed.

THEREFORE, YOU ARE HEREBY COMMANDED, as you have been heretofore commanded, that of the goods and chattels, lands and tenements of the said J. B. Coursey you cause to be made the sum of Ninety-two and 20/100 Dollars, with interest thereon from the 14th day of June, 1926, at the rate of 6 per cent, per annum, together with the "sum" of Nine and 05/100 Dollars, cost of suit, and also the further costs of executing this writ.

Herein fail not, and have you said moneys, together with this writ, before me, at my office in Precinct No. One, Lamar County, within sixty days from the date hereof.

This is the second execution issued upon the above mentioned judgement. WITNESS my hand, this 1st day of August, 1927.

—CHARLES RANOTT,  
Justice of the Peace, Precinct No. One, Lamar County.  
Aug. 11, 18, 25, 1927.

Production of electricity by public utility plants in Texas is increasing rapidly. In April of this year the total was 140,893,000 kilowatt-hours, an increase of 28 per cent over April last year.

In 1926 there were 465,642 farmers in Texas who produced 315 items with profit and sold them for \$828,887,000.

## SHERIFFS NOTICE OF SALE

THE STATE OF TEXAS  
County of Lamb

Whereas, by virtue of a certain execution issued out of the Justice Court of Precinct No. 4, Lamb County, Texas, on a judgement rendered in said court on the 16th day of July, 1927, in favor of A. G. Hemphill and against the said J. S. Sanders and being No. 195 on the docket of said Court, I did, on the 10th day of August, 1927, at 4 o'clock p. m., levy upon the following described tracts and parcels of land situated, lying and being in the County of Lamb, State of Texas, and belonging to the said J. S. Sanders, to-wit:

Lots Nos. 1 and 2, in Block No. 5, in the town of Littlefield, Lamb County, Texas.

And on the 6th day of Sept., 1927, being the first Tuesday of said month between the hours of ten o'clock and four o'clock p. m., on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said J. S. Sanders in and to said property.

Dated at Littlefield, this the 11th day of August, 1927.

—J. O. CONNELL,

Constable, Precinct No. 4, Lamb County, Texas. Aug. 11-18-25/27

## PERSONAL ITEMS

Henry Fair of Binger, Oklahoma is visiting his parents, Mr. and Mrs. H. P. Thomason.

Misses Virgie and Esther Thomason, of Lookeba, Oklahoma, are visiting their sister this week.

Josh Cogdill and friend wife left Tuesday for a few days visit with relatives in the Post Tostie City under the Caprock.

J. M. Thomason and family of Calo county, Oklahoma, are spending two weeks here with relatives and friends in Littlefield.

Mr. and Mrs. Ellis Kingman and children, of Nacogdoches, who have been visiting in the home of Mr. and Mrs. Jess Seale the past week, left Monday to see the cave at Carlsbad, New Mexico. They were accompanied by Mrs. Seale.

Texas stands high in value of its mineral production, being prominent in petroleum and sulphur.

# Amazing Quality in Chevrolet History!

The vast resources of General Motors and the tremendous manufacturing facilities of Chevrolet have made possible this amazing quality.

### GENERAL MOTORS

General Motors Corporation is a unit of the General Motors Corporation—the greatest automobile corporation in the world. Utilizing the vast engineering facilities of the organization, to the fullest extent, these engineering advantages—a fact that is largely responsible for Chevrolet's amazing value.

### PROVING GROUND

General Motors Proving Ground comprises a vast area. The entire tract is criss-crossed every type—from a concrete straightaway to deep rutted clay lanes. Grades that vary in steepness from a slight rise to 24%. Fleets of Chevrolet cars are constantly being driven under every conceivable condition of road.

### TWELVE PLANT FACTORIES

Chevrolet cars are manufactured in 12 great factory plants. Every factory is equipped with the latest modern machinery known to engineering—performing every manufacturing operation with scientific precision and maximum efficiency.

Today's Chevrolet embodies the most amazing quality in Chevrolet history—the result of 14 years of consistent development and improvement—building, at all times, a modern automobile for transportation needs.

In carrying out this policy of consistent betterment, the Chevrolet Motor Company has profited greatly from its close association with the General Motors Corporation—the world's greatest producer of automotive products.

The General Motors Research Laboratories, under the direction of the most famous scientific staff in the

automotive industry—

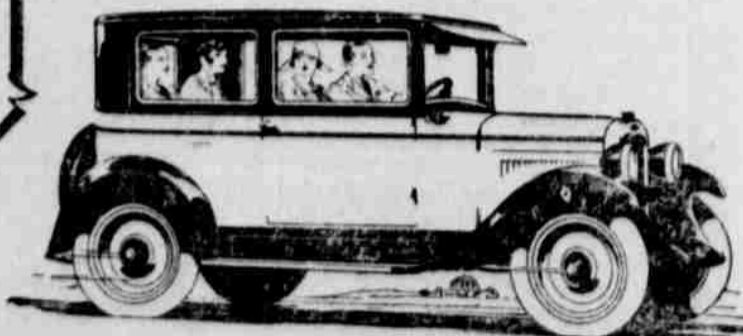

—the General Motors Proving Ground, the greatest outdoor testing laboratory in the world—

—the General Motors engineering staff—

—the vast General Motors resources—

—all have been constantly utilized in making Chevrolet the world's finest low-priced automobile!

Regardless of the car you are now driving, regardless of when you expect to purchase your next car—come to our showroom and see today's Chevrolet!

**Missionary Ladies in Amherst**

The Missionary Society of the Methodist church attended a zone meeting in Amherst last Monday. Societies from Amherst, Muleshoe, Sudan and Littlefield met together and spent a very helpful as well as a very pleasant afternoon.

Each town had its representative who gave a brief history of their society; Mrs. B. L. Cogdill reported Littlefield and gave a very delightful talk on this organization.

Punch was served to the following Littlefield ladies, Mrs. B. L. Cogdill, Mrs. Van Clark, Mrs. G. S. Glenn, Mrs. J. R. Wales, Mrs. Star Halle, Mrs. A. G. Hemphill, Mrs. E. H. Williams, Mrs. E. G. Courtney, Mrs. Joe S. Perkins and Mrs. H. C. Arnold.

**HIGH OFFICIALS HERE**

Wednesday morning Littlefield was visited by several prominent officials of the Texas Utilities company. Among those here were E. S. Billings, St. Louis general manager; J. B. Scott Plainview, divisional manager; J. G. Ausman, St. Louis, assistant to President T. R. Kelse; and H. L. At- key, manager of Lubbock division.

Under escort of R. E. McCaskill, local manager, they made an inspection of the company's properties here, the officers expressing themselves favorably and complimenting very highly the efficiency of the Littlefield manager.

**ANOTHER GOOD RAIN**

Littlefield and surrounding territory was gloriously drenched again last Monday night with a rain that measured from one-half to an inch and a half, according to direction. Here in town the rain reached its maximum.

Reports of good showers have come in from all surrounding sections, and crops, including gardens are said to have never been better than this year.

**WAYS TO BLOCK CROOKED PROMOTERS**

By W. R. MOREHOUSE  
 Public Relations Commission, American Bankers Association  
 (This is one of a series of articles exposing the wiles of sharpers who are after your money.)

**M**ANY reliable corporations, firms and individuals are engaged in developing mining properties, drilling for possible new oil wells and promoting new inventions and enterprises. On the other hand many unreliable persons are ostensibly engaged in the same pursuits, but in reality are only promoting frauds. Therefore, every investor should first divide the sheep from the goats before he hazards his savings. Because there are many dishonest manipulators using mining, oil, invention and promotion terms to deceive does not mean that all promoters in these fields are crooked. The truth is, there are many trustworthy men engaged in promoting enterprises that are honest investments. The problem is to know the difference between promoters of the reliable type and the high-pressure variety. The former are engaged in legitimate business. The other group is engaged in fleecing the public.

W. R. MOREHOUSE

The number of those who deliberately scheme to defraud is large and they are shrewd and deceitful. For this reason those who cannot afford to lose their savings should not trust entirely to their own judgment in making investments.

In order to divide the sheep from the goats—to distinguish between reliable and unreliable promoters, to tell the good investments from the worthless—the inexperienced investor should consult his banker or let the National Better Business Bureau, whose headquarters are in New York City, advise him. It costs nothing to get such advice from either source. It is safe to say that if those who have lost their savings through fraudulent schemes had followed this simple course they would still be in possession of their money.

**Get the Facts**

Invariably, get the facts and take no substitute. There is nothing better and nothing just as good as the facts when it comes to withdrawing your savings from the bank and investing them. The facts about an investment either strengthen its position or show it up to be risky—sometimes too risky for the person who cannot afford to lose.

others you know nothing about. Some time you may be approached to make a trade by a plausible person claiming to have better investments to offer than those you have. Recently a woman owning a block of gilt-edge public utility stock was approached by two smooth sharpers and urged to exchange it for stock in a fruit company which, she was told, was not only very valuable then but would increase rapidly in value and soon make her independently wealthy. Fortunately she told her neighbor about her offer. It happened that the neighbor had recently been defrauded in a similar way. She advised the second woman to report her offer to the local better business bureau. Having handled many similar situations the bureau instructed the woman to make an appointment for the traders to meet her in her home.

Good Advice that Prevented Disaster

New schemes to defraud are being hatched daily. The unscrupulous promoter never sleeps but is continuously plotting new methods of attack on the savers' hard-won accumulations. The liberties he takes with the law and the schemes he designs for belittling the sound advice of responsible persons makes it even more essential for investors to get the facts.

Remember that anything that is worth investing in is worth knowing about as to its safety, its income, and its marketability. Any investment which is enshrouded by a screen of glowing promises or is so complicated that neither you nor your banker can fathom it and get the hard facts isn't an investment you can afford to put your money into.

Make it an unbreakable rule to get all the facts, whether the investment be large or small, and you will save yourself the heartaches and bitter disappointment of losing your savings. Millions of dollars which have unfortunately been lost through poor investment might have been saved if the investors had taken time to investigate before investing. There is always need for capital in safe, honest business and so great is the legitimate demand for investors' funds that not one cent need be wasted by them on fraudulent schemes.

**Don't Trade Good for Bad**  
 Don't exchange your investments for (A future article will tell of more schemes by which people are defrauded of their savings.)

**BANKERS HELPING**

Three banks in South Carolina have inaugurated a plan to provide free of rent for two years a centrally located place to be used by the farmers of Greenville and neighboring counties for the purpose of establishing a creamery, a canning factory and a farm woman's club. The idea is to get the farmers to raise livestock, to raise their own food and feed and to have something extra to sell. The canning factory is intended to utilize the surplus garden and fruit products, and the club rooms for getting the support and co-operation of the farm women.

Georgia bankers have made great strides in furthering a diversified farming program the past year. They induced farmers to sow fifty-five carloads of vetch seed, furnished local prizes in sixty counties for the corn contest, the state prize of \$1,000 being

furnished by a bank in Atlanta. A banker-farmer alfalfa demonstration was held at the college and attended by 250 bankers and farmers. Alfalfa acreage has increased from 1,500 to 2,000, the demonstration being credited with 50 per cent of this increase. This year the state has produced 12,000,000 more bushels of corn than last year, has sold 50 cars of truck, \$2,000,000 worth of pecans, and has produced 150,000,000 pounds of meat and enough corn and hay for its own use.

**AS LABOR SEES BANKS**

Vast sums of money are lost each year by wage-earners through investments hastily entered into. With the confidence of the wage-earners, banks will be enabled to more accurately advise such investors and thus save money which might otherwise be lost by unwise speculation. — William Wilson, President American Federation of Labor.

**ICE CREAM SOCIAL**

The ice cream social given on the lawn of the home of A. G. Hemphill last Friday night was well attended and everyone seemed to spend a very enjoyable evening.

Mrs. Frances Tolbert and Miss Eva Gertrude Chisholm gave readings which were enjoyed very much.

The ice cream was furnished by the Methodist ladies and proceeds went to the Missionary Society. About \$15 was cleared after all expenses had been paid.

T. Y. Casey last week closed a deal whereby he became owner of the G. B. Ritcheson farm of 177 acres adjoining town on the southwest. Mr. Ritcheson will continue living on the place until the first of January.

The regular meeting of the Order of Eastern Star, will be held Friday night August 12, at 7:30, in the Masonic hall. 17-ltc

Mr. and Mrs. C. O. Griffin and children attended a family reunion at Silver Falls. Here Mrs. Griffin met her parents, brothers and sisters, and all camped over the week end.

## THINK!

Your car may be the next one the thief picks up when you leave it in a strange community.

Or it may be the next one to catch fire and burn while you stand by powerless to extinguish the blaze.

THEN WHO'S GOING TO SAY "HERE'S THE PRICE OF A NEW ONE"

FIRE AND THEFT AND LIABILITY INSURANCE IS OUR SPECIALTY

## STREET & STREET

Complete Insurance Service

## Guard your health

Guard your health these hot summer days by keeping your food fresh and cool. Use only—

### PURE DISTILLED WATER ICE

Ice made from undistilled water contains the natural germs and other impurities, and is dangerous to health. Beware of it as you would any other deadly germ carrier.

Our ice is all made from water that has been distilled, and is pure. Use it in Tea, Lemonade, Frozen Ices, etc., without fear of disease or contamination. Costs no more than ice made from undistilled water and is—
