'World's Tallest Windmill' Planned Here For Tourists

Recreational Development **Under Study**

Members of the Littlefield Chamber's Recreation Im-Committee, provements session Monday night, delved into extensive plans for recreational development here.

However, a surprise development occurred when E. B. Luce. Recreation Committee chairman, offered to give a windmill and prairie dogs for use by the Tourist Committee, He made the offer if the windmill would be moved by the committee or other interested persons. Regarding the prairie dogs, he added, "If you can catch them."

A check with Jack Christian, chairman of the Tourist Com-mittee, revealed the committee has not met since the offer. He said the idea of prairie dogs was completely new and had not been previous part of the committee's planning.

Christian explained to The Leader-News that he did not believe such a windmill, which is of regular size, would ful-fill the original plans of the project.

He continued, "The original idea is based on the fact that the Yellow House Ranch at one time had the higest windmill in the world. The point is to construct a replica of the windmill stressing that Lamb County was the sight of the world's tallest windmill."

"Unless we capitalize on this point," he said nothing would be gained toward the real objective of the project.

Christian said the project was med for 1968 Hemis-Fair at San Antonio, the Olympics at Mexico City and the Rotary Convention at Mexico City would be drawing an influx of travelers along this route and through the city of Littlefield. Part of the plan includes a mural of the recent downtown beautification plus dir-

RITES STILL DELAYED

Hurricane Affects Littlefield Families

Hurricane Beulah, with the characteristic far-reaching effects of all disasters, has harassed at least three Littlefield families.

Ernest Mills, of Star Rt. 2, and Kenneth Heard, RFD1, were trapped at Falcon Lake and a planned one-week trip there was extended to about 10 days.

Mrs. Mills said the men arrived home Tuesday night after having been delayed at Falcon Heights near the dam by high waters in the hurricane's after-

She said Heard and Mills were fishing Sunday when the hurricane hit. They were forced to climb a tall depth marker for safety, almost losing their boat. The rope holding the boat to the marker, she said, tore loose but Mills managed to save the boat. She said Heard, whom she understood could not swim, "literally dug his fingernails into concrete" of the marker.

Still delayed by flood waters and the storm's devastation is the funeral service of Julian B. Masso, 92, father of Littlefield resident, John Masso. Rites were scheduled last Thursday at Matamoros, Mexico, where Mr. Masso had requested burial beside his brother in a

mausoleum.

Most members of the family drove as far as San Antonio, John Masso said, where they were informed roads were closed. At that time, roads in the vicinity were under more than four feet of water.

After two days, the situation began to worsen, and the family returned home after being told travel would not be possible for at least a week. Since that time, flood developments have kept that general area in impassable condition.

Meanwhile, John Masso had planned to leave Brownfield, where the body now lies instate, and travel by plane to Browns-ville. The body was to be flown to Brownsville for entry into Mexico and Matamoros. The trip was made impossible when information came that the airport at Brownsville was under water.

As the storm moved out of the Texas Valley and across the border, Mexico has been hard hit, including Matamoros. Currently, according to John Masso, plans are to take the body by plane from Collier area began to recede. Funeral Home at Brownfield to Meanwhile, Harling Darling Mouser Funeral Home at Browns ville Oct. 1. The body will remain at Brownsville for Catholic funeral rites scheduled

Mr. Masso was born in 1875 at jerusalem where he had business interests at the time of his death. He had returned five weeks

previously from a trip to Jerusalem, according to his custom of visiting there about every two years. He also had business interests in Mexico and averaged making trips to that country every four or five weeks. He moved to Littlefield two

and one-half years ago to be near his children, all of whom live within 100 miles of here. Heard and Mills, according to Mrs. Mills, reported many Mexican refugees were camped or housed near where the men were staying, which is only a few miles from Roma, Mexico. They said supplies were being flown into Mexico from that area. Mrs. Mills said the two men

thought they were going to drown when the hurricane caught them out on the lake. Its force uprooted trees and tore up the boat dock, she said. The Littlefield men were able

to return to their homes when the water in their immediate Meanwhile, Harlingen, about

Farm Dinner Other C-C Plans Listed

A release from the Little-For their wedding trip to field Chamber of Commerce office, regarding the forth-coming Pep Farm Dinner, asks the question, "What do your farmers mean to you?"

The release continues, "Attend the Pep Farm Dinner, 7:30 m., Oct. 3, at Parish Hall Pep. What better time do have to thank our farmers for the business they have given us throughout the year? We need the support of our farmer friends for Littlefield to thrive as a community."

Tickets, at \$3 a plate, may be purchased from the agricultural division of the Chamber, with Slick Chandler as vice presideat; members of Businessman-Farmer Relations Committee headed by Kenneth Reast, or at the Chamber office. The \$3 provides for one businessman and one farmer.

Other events on the C-C arrenda include a luncheon meeting of the Highway 385 Committee, at Crescent House Restairant Sept. 28. Charlie Duval is chairman of the committee. An Executive Committee brea'dast meeting is scheduled Sept. 29 at 7 a. m., at Crescent House Restaurant, and the Chamber's Retail Council will most Oct. 6 at 10 a. m.

Game preserves were discussed, such as raising pheasants and other game birds then offering them for recreational purposes. Luce suggested Dick Carl be placed in charge of studying the project.

Also suggested was a golf driving range, but concensus of opinion held such a project probably would not be financially feasible unless the county club could place one along or within its boundaries.

Continued From Page I the club's accomplishments last year. There will be pictures of projects and stories about 4-H

in all the local newspapers. All these activities were planned to interest youth and adults in some of the activities of 4-H in their communities. This offers an opportunity for anyone who is interested in 4-H to find out what it is all about.

One of the strong points of 4-H is that it is a family activity. It encourages participation by parents of 4-H Club members and adults as well as youngsters. Parents of 4-H Club members serve as leaders in 4-H Clubs.

As a follow up to National 4-H Weeek, each club will have a "Bring a Guest Night" at the October club meetings. Anyone who wants to join 4-H should come to one of these meetings. The month of October

is achievement month in most of the clubs. At the meetings each club member will tell about his project last year and some of the accom, lishments.

Listed below is a schedule of the club meetings:

Amherst -- second Tuesday each, month, 7:30 p.m. Sudan --third Thursday each month, 7:30 p. m. Springlake-Earth -- third Monday each month, 7:30 p. m. Olton -- second Thursday each month, 7:30 p. m. Spade -second Monday each month, 7:30 p. m. Littlefield -- first Monday each month, 7:30 p.m. Pleasant Valley -- first Monday each

The roots of 4-H go deep in Texas. Boys and girls for more than 60 years have been proud members of the organization. As has been the case for many years, they will join with some two and a quarter million members and 23 million former members in the nation in the observance of National 4-H Club Week.

month, 5 p. m.

In Texas and across the nation, 4-H Club work is directed in the counties by the county Extension agents with assistance from both adult and junior 4-H leaders. In Texas. more than 13,000 volunteer adult leaders work with the members of more than 2,500 local 4-H Clubs "To Make the Best Better."

Statewide the 4-H program is guided by Texas A & M University, the state's landgrant university. Nationally, the U. S. Department of Agriculture administers the program as the youth phase of the Cooperative Extension Service.

Dale Hewitt remains in serious condition in a Texarkana hospital. He has been taken off the critical list after losing his left arm at the shoulder when a truck side-swiped his car last Sunday, Sept. 17. After the amputation, surgery was performed again to remove part of his collar bone because of the crushed condition.

His jaws were crushed also and were set later in the week. Dale's twin brother Doyle Hewitt took Mrs. Dale Hewitt and Mrs. Ella Hewitt to east Texas to be with their husband and son.

They report that he is doing as well as can be expected under the circumstances. They hope he can be moved to a hospital nearer home within the next two

in three outings. . . and has yet to be scored upon. The powerhouse has victories over O'Donnell, 41-0; class A Lorezzo, 16-0; and 26-0 over Ropesville.

Amherst has scored victories over Class A Springlake-Earth, 26-16, and Cooper, 26-18, suffering but a loss to Sudan, 32-6.

Whitharral will attem, t to get back on the winning side of the ledger when Union takes the the field at Whitharral tomorrow night. Whitharral suffered its first loss of three starts Friday night at the hands of Dawson, 28-8.

The Springlake-Earth Wolverines will be trying to win their first game of the season when they host the Longhorns of Hart Friday . . . but they might find the going rougher than in past seasons.

Hart is tough this year. The Longhorns carry a 2-1 record into the contest which includes a 34-0 shutout over Mulashoa "B" team and 26-14 over respectable Turkey. Only loss was a narrow 8-0 setback in the season opener to Class A Silverton,

Springlake-Earth losses have been to Amherst, Dimmitt and Hale Center. The latter pair are AA schools, however.

Olton and Friona, though not ranked among the top 10 AA teams in the state, are one and two respectively in the Avalanche Journal area polls. Both teams meet Friday at Olton putting their undefeated-united records on the line.

The Mustangs have to be ranked as the favorites in the contest because of the teams their wins have been over. Two were of AAA classification while two Chief opponents were Class A clubs.

more area football Both Olton and Friona have posted shutout wins overMorton. The Mustangs won 41-0 and the Chiefs 26-0. But Olton squeezed past highly touted Hereford 21-20 and Muleshoe 18-0.

Friona's other victories were over the other two schools in Parmer county. They beat Farwall 19-7 and Bovina 28-7.

In the New Home-Anton clash at Anton, it's just the opposite of the Olton-Friona situation. Neither club has won a game yet, giving added incentive for a victory.

The two teams have faced a common foe, New Deal. New Home lost that game in the seaopener, 28-12. Anton, starting its season a week later, also faced New Home as an opener and lost 12-7.

New Home's other losses have been to Nazareth, 20-0, and Whiteface, 16-12. Anton's other loss was to Class A

Sudan, 19-0. Lubbock Christian High school, a part of Lubbock Christian College, plays at winless Bula I riday night.

Bula three opponents have racked up 174 points, but the local 8-man club has been able to score only one touchdown, and that was in the season opener against Southland, 46-6. Patton Springs laid it on the Bulldogs last week, 82-0.

Four Games Set Today

Littlefield-Levelland games will be played this afternoon and evening. Two here and two away.

The two schools' 9th grade clubs will meet at Wildcat Stadium this afternoon, with kickoff slated for 5 sharp.

Immediately following that game, or about 6:30, the Junior Varsities will clash on the same field.

A double header by the 8th grade clubs will be held at Levelland. The B teams will kickoff at 5:30, followed at about 7 by the A teams.

3-AAA, though Littlefield has yet another non-conference game remaining to play.

Sweetwater and Dunbar have the honor of kicking off the district competition for 1967, meeting at Lubbock. It will be the first 3-AAA game of the season to be played, and the only one this week.

Everyone will begin knocking heads for all the marbles the following week.

In non-conference play, only Littlefield has anything close to a winning record, and that's a one-win, one-loss standing. Everyone else has either lost two and won one, or lost all their games.

Koontz Leads ACCScoring

Fred Koontz, Littlefield freshman, is the leading scorer thus far for the Abilene Christian College varsity.

Though he has scored only by the talent of his toe, he has kicked three extra points and three field goals to record 12 points. Five other backs have six-point touchdowns for I-1

THIRD WEEK

Walker Wins Again In Football Contest

Munday.

James Walker not only proved Wright of Enochs, Monty Rodhe was consistant as a win- gers of Whitharral, Douglas ner-picker, but he is also tops in figuring the points to be scored, as the Littlefield man won the weekly Leader-News football contest for the second time in three tries.

But as in the two contests past, it took the tie breakers to decide the placings, as more than three were tied on correct guesses of winners. Four tied this week, each missing two of the 16 games played last week-

Taking second place this week was Johnie Blair, who won, third-place money in the second week's contest. Third place winner was Jerry Trees. Both are from Littlefield.

But even though Walker has twice won, Trees, a Littlefield coach, has proven thus far to be the most consistant. He now stands alone as overall leader for the Cotton Bowl tic-48 possiblies. Walker is in a third-place tie with three others.

Though Trees is infirst place for the grand prize, this is his first time to place among the top three weekly winners. He guessed 13 correct on each of the first two contests and 14 this waek.

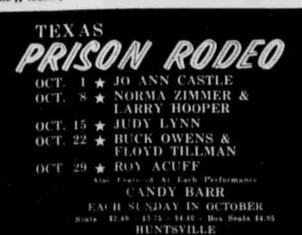

The week's winners were tied with Don Hevern, but he was fartherest away in his guesses on the tie breakers, and placed

Following Trees for the overall grand prize standings are four entrants with 39 correct guesses. They are Joe Bellar, Blair, Charles Didway and Hevern. Tied with Walker with 38 correct guesses are Steve Owens, leader last week who slipped with only 11 corrects this week, Paul Yarbrough and Jerry Williams.

Richard Wright stands alone with 37, but with 36 correct guesses are Mary Jane Bartlett, Lee Roy Nuttall, Lamar Pollard, Ricky Kloiber, Gene bartley, A. A. Smith and Arther Duggan. With 35 corrects are Mozelle Hutson, Lana Anderson, Floyce Pierce and T. P. Wingo Jr.

Out-of-town entries were again heavy this week, with 25. They include; from Amherst, Hevero, Harold Ray Bowman, Ray C. Ivey, Shirley Gilleland, Raymond Duvall, C. F. Carrico; from Sudan, Bellar, Kevin Wiseman, Lamar Pollard, Kenneth Noles, Wingo, Mrs. Byron Ford; from Olton, Darryl Dennis, A. A. Smith;

Also Sam Volpe of Midland, Charles Didway of Post, R. B.
