

Don't Fail Our Men In Uniform-Buy Bonds!

going to take a lot more work to get our quota, but we can do it and go to the top if we continue to work hard, and everyone cooperate, and everyone cooperate, said Pat Boone, county chairman, Wednesday when he announced that to date about \$300,000 in war bonds in the county have been subscribed. The quota for Lamb County is \$428,000. The deadline for securing the \$13 billion dollar Second War Loan has been extended until Saturday night. Boone has been giving his time to the campaign, attending rallies and meetings over the county, and assisting in every way possible to secure the quota.

Communities Go Over Top
He said Wednesday that the three communities, Sunnydale, with P. S. Hanks and Mrs. Lyle Brandon in charge; and Bainer and Lum's Chapel, with J. W. James and Roy Hudson in charge, had gone over the top. Littlefield with these communities had a total of \$151,984.25 to their credit. This city's quota is \$146,000; and Mr. Boone stated it had nearly reached its quota.

Earth Rally Tuesday
Mr. Boone reported that he attended a bond rally at Earth Tuesday night at which Attorney Jack Woodward of Plainview addressed the gathering. He spoke in highly complimentary terms regarding Mr. Woodward's talk, stating: "He is the best speaker I have heard on the War Bond program. He volunteered sometime ago to assist in the Second War Loan Drive, and has talked in nearly every county in the District—there are 46 counties in all—he is a splendid speaker, and well worth hearing."

At the Earth rally about \$17,000 in bonds were subscribed, which put that community over the top on their quota of \$20,000.
Picnic-Rally At Spade
Spade is staging an all-day rally and picnic Friday, Mr. Boone announced, which is being sponsored by Spade School. Mr. Boone expects to attend, reporting that other speakers also would be on hand; and that a splendid program of entertainment, picnic, etc., were being arranged.
Mr. Boone makes the appeal to the people of this county that the time is short—that we must

act now—that more people must buy bonds if this county is to get its quota; and in this connection said:
"Our country wants to borrow every idle dollar we have—every dollar except what we need for the barest necessities of life. Sons, brothers and husbands are dying out there . . . fighting our fight. Surely it is no sacrifice to lend our dollars while they are giving their lives. They need our help. They need the weapons our money will buy. Uncle Sam's goal for Lamb county is \$428,000. When you attack with War Bonds

you don't suffer pain or anguish—you don't risk your limbs for your life as millions of our boys are doing every day. All you do is make an investment—the safest in the world. You help to secure Victory now—and your own financial security. Do not wait to be called on—go to your nearest bank or postoffice, lend up to the limit—buy a share in victory.

Child Injured By Car Sunday

Donna Petty, 3 year old daughter of Mrs. Florine Petty, was seriously injured Sunday night about 8 o'clock, when the automobile driven and owned by T. G. Shaw, Jr., in being backed out of the driveway at the Shaw home, on East Seventh Street, passed over the child.

Donna and her sister, Gayle, aged 5, who with their mother, live in an apartment over the Delano Cafe, had been spending Easter Sunday afternoon with their grand-parents, Mr. and Mrs. Petty, whose home is next door to the Shaw residence.

As soon as Mr. Shaw discovered the accident he rushed the child to the Payne-Shotwell Hospital, where on X-rays being taken Monday she was found to be suffering from concussion of the brain, fracture of the neck and a chest injury, including two left ribs broken. She was put under an oxygen tent Sunday night, where she remained until Monday night, when her condition was reported slightly improved.

In relating the accident to a Leader reporter, Mr. Shaw said: "I don't know where the child came from. I had ordered some children, who were playing in the driveway, up onto the lawn, when I started to get into my car. I looked when I started to back, and there was nothing there. I know she wasn't there when I started to back. As soon as I knew the car hit something I stopped, investigated, and without even knowing whose child it was, rushed her to the Payne-Shotwell Hospital. I think she must have been coming from her grandparents' home, and when she got half-way across the driveway saw the car moving, and tried to turn back, and fell on the loose gravel. That is the only way I can figure out where she came from."

The child's father, who is in the U. S. Navy, and overseas for the past eight months, was sent a telegram advising of Donna's injury.

Late Wednesday, though still in a serious condition, she was reported slightly better.

Amherst. Her average was 91.30, and she has been active in the Homemaking Club work, and is an accomplished musician. She started in Amherst schools in the third grade. Prior to that time she and her parents lived at Paducah.

Cotton Next In Importance To Steel In War Effort

Cotton is helping to win the war, and the part that it is playing in this world-wide conflict will provide a new theme for National Cotton Week of 1943.

"'Cotton Fights on Every Front' is no idle boast," Luther Sharp, director of Farm Market Relations, Inc., and chairman of the Texas National Week Committee, said.

"According to the War Department, cotton is the most essential commodity in the war effort, next to steel. Our soldiers are clothed and sheltered with cotton. Cotton furnishes a principal element—linters—in our high explosives. Cotton clothes our war workers and the rest of our civilian population.

"Cotton also makes an indispensable contribution to our hard-pressed food supplies in two of its most essential elements—fats and oils. In maintaining our greatly expanded livestock industry cotton is absolutely necessary. Without proteins from cotton seed our great meat production program would be doomed to failure."

National Cotton Week will be observed this year from May 17 to 22. Participating in it will be farmers, manufacturers, merchants, schools, women's clubs, and civic organizations. Gov. Coke Stevenson has issued a proclamation asking all Texans to assist in the Cotton Week Program.

"Not only the American people but all of the United Nations recognize cotton as a critical war material," he said, pointing out that the Statewide Cotton Committee of Texas, sponsors

Waste Not, Want Not

The pioneer virtue of thrift is coming back with Victory Gardens. As Poor Richard so aptly pointed out, saving is as essential to prosperity as making, and for a century America grew and thrived mightily—not by making a great deal and spending it, but by saving some out of the little that the masses of Americans made.

Twenty million Victory Gardens in town and country constitute a splendid patriotic contribution to the Nation's war needs, but equally significant, they represent the spirit of self-help, of individual initiative and resourcefulness which is the very essence of democracy. "Despise not the day of small things," we are admonished, and in the total, Victory Gardeners will produce more vegetables in 1943 than the commercial growers.

All this cannot be eaten during the growing season, but all of it should be saved. Judging from the demand for pressure cookers, Victory Gardeners are determined to carry thrift to the ultimate by canning surplus vegetables and fruits. There will not be enough pressure cookers to meet this demand, but a "good neighbor policy" on the garden front can multiply the output from the cookers which are on hand. Paraphrasing another Victory motto, let's "keep 'em steaming."

ON MAIN STREET

The hour when the final die is cast, when decisive victory hangs in the balance. The hour which will decide the future of you and your children . . . a future of joyous freedom or a future of endless serfdom.

Yes, it is ten minutes to midnight. And when the first stroke of that fateful hour begins to sound, it will be too late to throw your weight into the fight.

The time to do that is NOW.

Now, when your dollars can keep the production lines humming. Now, when your dollars can buy the tanks and guns and planes and ships our soldiers need to fight a winning war . . . the only kind of a war we can afford to fight. Now, while there are still ten minutes before midnight.

Your country is asking you to lend your dollars in greater amount than ever before . . . billions of dollars are needed for the weapons of war to make sure that it is our side which dictates the peace.

If we do not win, the money you fail to lend now will be worse than useless to you. If we win, as we must, the money you lend now will be returned with interest . . . for you to spend on the good things of life . . . for you to enjoy in a free and safe world.

So dig down, Americans. Answer the challenge by buying War Bonds this month . . . and every month . . . with every dollar you can possibly spare.

Don't wait to be solicited to Buy Bonds. Beat the gun by making regular and frequent purchases of bonds at your bank, post office, or any place where bonds may be purchased, or from any member of local bond sales committees.

Have your money in your fist . . . the fist that can deliver the knockout blow to the Axis. But hurry . . .

For it is ten minutes to midnight . . .

The hour that can strike the knell of doom—or the blessed song of freedom.

Your dollars can call the tune.

They Give Their Lives—You Lend Your Money!

This Eastertime when so many of our boys are marching off to war we mothers know more and more how that other Mother long ago must have felt when she was called upon to give her beloved Son as the supreme sacrifice. Here is a poem I thought you might like.

MOTHER OF CHRIST

In an humble little cottage a loving mother knelt,
Knelt and prayed to her Creator
and as she prayed she wept,
Wept because she loved her Maker
and her heart to him would give,
"Take my life and mold it, make it,
Father, I would for Thee live."

"Ah her heart with love was burning
as her life to Him she gave,
"Father, lead me, I will follow, sacrifice my life to save.
Then to her there came this whisper,
"Mother, I desire thy Son,
"To Sacrifice upon an altar, to suffer and to die alone."

"Oh, my God! Not that," she uttered,
"Do not take my little boy,
"Please don't sacrifice my baby,
He's my own, my all, my joy.
"Father, He is mine, I bore him,
flesh of flesh and bone of bone,
"Drinking from my heart I fed Him
and he is my very own."

As this little mother suffered there in her Gethsemane
Methinks the Imps of Hell were laughing, dancing in their fiendish glee,
As she lay so white and broken,
drops of sweat upon her brow,
"A weakly creature is a woman,
surely we will conquer now."

But they slithered back to darkness
as she arose to bended knees,
With her face turned toward the Heavens, "Lord, I give Him back to Thee.
"Unto Thee I give my baby, back to Thee I give Thine own,
"But with Him I give my heart's blood,
for the world I give my Son."

So let us this wondrous story ring
to Earth's remotest rim,
The story of the Christchild Jesus,
born on Earth to die for men.

School-City Officials Act To Reduce Dog Menace

With the advent of warm weather School and City Officials are cooperating in a program designed to curtail the dangers of children being bitten by dogs which may be suffering from rabies.

The campaign is especially directed at ownerless and stray dogs, but owners of dogs are warned to take the necessary steps to keep their animals away from the school grounds.

Supt. F. A. Hemphill has reported to city officials that as many as 15 dogs have been seen at one time on the school campus.

This situation exposes children to the hazards of dogs who may be suffering from rabies, and brings them into contact with animals that may be unhealthy in many ways for close association with children.

The school and city authorities will take the necessary steps to rid the school grounds of dogs, and owners of pets, who permit them to roam at large and on the school grounds are doing so at the possible loss of their animals.

This warning to dog owners is being published at the request of Littlefield school officials.

Amherst News

Last Rites Held For Mrs. Benefield

Mrs. George A. Benefield, 47, resident of Amherst since 1925, passed away at the hospital in that city Saturday at 7:10 p. m., after a long illness.

Funeral services were conducted at the Baptist Church Sunday afternoon at 2 o'clock, with Rev. B. P. Harrison, pastor, officiating.

The remains were taken overland to Lawton, Okla., where services were also held at 10 o'clock Tuesday morning; and burial took place in the Lawton cemetery.

Mrs. Benefield was survived by her husband and two sons; Lieut. Jack Benefield of the Air Corps, stationed at Bakersfield, Calif.; and Arthur Benefield, also in the Service, stationed at Camp Barkley, Abilene.

Amherst Residents Net \$597.38 From Poultry In 5 Months

Mr. and Mrs. O. E. Dickson, Poultry Demonstrators for the Extension Service in the Amherst Community, have made \$915.25 gross income in the last five months. After all expenses were paid out the net income amounted to \$597.38, or an average of \$119.47 per month from their flock of 470 Austra-White hens, according to S. L. Garrison, Assistant County Agent.

During the five months period from November 1 through March the flock has laid 31,605 eggs, or enough to furnish 87 fighting men with eggs for an entire year. This number is equivalent to the annual food budget of 5.6 men in Military Service.

Mr. and Mrs. Dickson live on a small farm just on the outskirts of Amherst and depend almost entirely on their poultry as a source of income. Mr. Dickson does his own culling and in the five months period has culled and sold 99 hens, keeping only those hens that are profitable and healthy. The Austra-White breed of chickens that they have is a relatively new breed. It is a hybrid chicken derived from a White Leghorn-Australorp cross.

During the five-month period they have fed 10,150 lbs of laying mash and 2990 pounds of grain. However up until the last month Mr. and Mrs. Dickson mixed their own mash using a high protein concentrate and mixing it with home grown grain.

There are a few fundamentals that should be kept in mind by the poultry raisers of Lamb County if we reach our goal of increased production of poultry and eggs for 1,43, according to V. F. Jones, County Agent.

These fundamentals are all a part of good management: feeding properly, practicing strict sanitation to help keep down insects and diseases, adequate housing and not overcrowding, marketing eggs often as fresh eggs, and culling out and selling poor layers, especially the old hens.

In most cases it is not profitable in the farm flock to keep a hen longer than the end of the second laying season. The marketing of these older hens will help out the meat supply and at the same time leave a more profitable flock of hens on the farm.

Strict sanitary measures is the best insurance against insect and disease troubles. It is easier to prevent diseases than it is to control them after an outbreak has occurred. Be careful of what you buy from the "fly-by-night" poultry

peddler that has something to sell to double egg production. Medicines and remedies have very little value if proper feeding and sanitation are practiced. Our country needs all the poultry and eggs we can produce this year and the farmers of Lamb County are getting off to a good start toward meeting the goal of increased production.

CHURCH OF CHRIST Amherst, Texas

The revival closed with only one addition. However, the church as a whole was benefitted greatly. The effects of sound gospel preaching created much zeal into the hearts and lives of all the members. The meeting was well attended by the public, of which we are very thankful.

Mr. and Mrs. America are "AT HOME" again—

Now, More Than Ever Before

We Feel Our Responsibility to the Home-makers of Lamb County

"Better Homes" is no idle phrase during this war. While many household, and other luxury commodities are being completely shut off, or rationed, you still can get most of your furniture needs for your home.

We still have stocks which are surprisingly complete in view of the curtailments of wartime, but we realize we do not have all the styles and kinds of furniture you would like for your selections. And, with every order we place, we are receiving cancellations of items we ordinarily can secure with ease.

But—in spite of it all—we must be good soldiers—so must you. Guns must come now; springs can wait!

We will try just a little harder to do our best for you who are the homemakers of Lamb county and the entire area, and who are staying home more than ever these days. There is no rationing of our services—we only hope to redouble our efforts to meet our responsibility to you in wartime!

EARL HOBBS, Secretary

JACK BENNY COMES TO PALACE THEATRE IN "THE MEANEST MAN IN THE WORLD"

Hilariously disguised as a starving lawyer bent on making good in the worst sort of way, Jack Benny is currently making 'em roll in the aisles in the picture to be featured at the Palace Theatre opening Saturday midnight, and continuing through Sunday and Monday, "The Meanest Man in the World."

The immediate cause of docile Jack's transformation is pretty Priscilla Lane, his home town sweetheart. The remote cause, but apparently not remote enough, is Mr. Benny's worldly-wise right hand, a young man by the name of Rochester.

At the outset, Jack is his old

genial self, starving but satisfied, until Priscilla's pop puts thumbs down on him because he's a failure. Priscilla, says Pop, will not marry Jack until he makes good in a big way. Which means, says Rochester, Benny's got to turn over a new leaf.

Continuing from there, the romantic minded Rochester convinces Benny that, in this world the kind-hearted perish and only the unselfish survive. Hmm, says Benny, seeing the light—hmm. And with this terse manifesto, he resolves at once to become "The Meanest Man in the World," if that be necessary to win fair Priscilla's hand.

European Movies To Be Presented May 4

The Women's Study Club, with Mrs. Oscar Wilemon and Mrs. Charles Signor as co-hostesses, will sponsor the showing of European movies by Mrs. J. D. Armistead. The pictures were filmed by Mrs. Armistead during a European tour in 1938. They will be of special interest to the general public because they portray in color places which have become well-known to us through today's news casts. She will also include a reel of Alaska movies.

This will be the first public presentation of these pictures in West Texas, although Mrs. Armistead has given more than 100 showings to civic clubs, churches, and private audiences in Central and South Texas and New Mexico.

The program is scheduled for 8:30 o'clock Tuesday evening, May 4, in the basement of the Methodist Church. Those interested in seeing the pictures are invited to attend.

On three different occasions Mrs. Miller had spent several days in a hospital but would apparently re-appear and feel alright for a short time and it was only about Saturday when she was admitted to Payne-Shotwell Hospital that her illness was considered serious.

Mrs. Miller had been in her home temporarily with her daughter and son-in-law, Mr. M. H. Skinner of near Littlefield for several

months. Services were conducted at 3 o'clock at a Baptist Church, with Rev. Baptist Pastor of Clovis, New Mexico, formerly of Bula, officiating.

Funeral services were conducted at 3 o'clock at the home, took place in the old cemetery.

years. She was survived by her daughter, Mrs. M. H. Miller of near Bula; two sons, Miller of Dodge City, Kans.; D. Miller, who was visiting at Mrs. L. W. Bemis, of Texas, at the time his

brother died. Surviving Mrs. Miller are her daughter, Mrs. L. E. Bostick of Littlefield; four sisters and three brothers: Forrest Bostick of N. M.; L. D. Bostick of Ariz.; and J. R. Bostick of Colorado, Okla.

Her condition became critical first of last week, her children and other close relatives were at her bedside.

Funeral services for Mrs. Miller's sickbed were held at her children and brothers

and sisters, with the exception of her sister, Mrs. Emmett Levy of Kilgore; her brother, J. R. Bostick of Eldorado, and her mother, Mrs. L. E. Bostick, who were unable to make the trip.

Mrs. E. M. Davis Receives Beautiful Gift From Son, Troy

Mrs. E. M. Davis was much pleased Saturday to receive a package from her son, Troy, who is connected with Naval Construction, stationed at Dutch Harbor, containing three beautiful table cloths, all emblematic of Alaska, and portraying life in that country, where they were purchased. One of these was a gift for Mrs. Davis, one for Mrs. B. D. Garland, and a third for Troy's sister, Mrs. Ernest Hogan of Brownwood.

One of the tablecloths was of natural colored linen, with a map of Alaska with the outline in blue, and the names of the towns in red, painted thereon, with a verse describing Alaska. The other two were of white linen, and were of different design, but all were of patriotic design and souvenir of that Country.

Davis has been in the service since August, 1942.

J. D. Jordan, Seaman 1-C of the U. S. Navy, stationed at San Diego, and Mrs. Jordan, who is employed by the Consolidated Aircraft, and her sister, Miss Catherine Hanks,

6, written from a hospital in which he was confined, but giving no details.

Lieut. Jack Garlington of the U. S. Army who is stationed in Reno, Nevada, arrived Monday night of last week for a ten days' visit with his parents, Mr. and Mrs. J. O. Garlington, and his sister and brother-in-law, Mr. and Mrs. Ivan Fowler. Mr. and Mrs. Garlington met their son in Amarillo and he accompanied them to Littlefield.

Durwood Yantis, Seaman First Class of the U. S. Navy, spent last week with his parents, Mr. and Mrs. O. K. Yantis, and other relatives here. He came from near Boston, Mass.

William L. Aldridge, stationed at Frederick, Okla., returned to Camp April 20 after spending the week end with his wife, and parents, Mr. and Mrs. W. J. Aldridge, here. Previous to going to Frederick, Okla., he was stationed at Lubbock, where he took a course in Aviation Mechanics.

Mr. and Mrs. Pryor Hammons had the pleasure of visiting about half an hour Sunday, April 18, with their son, Robert (Babe) Hammons of the Marines who was enroute from San Diego, Calif., to Jacksonville, Fla., where he is attending school, taking Aviation Radio.

When Mr. and Mrs. Hammons learned that "Babe" would pass through Littlefield, and believing that the train he was riding on would stop longer in Slaton than here; and they would have a longer visit with their son, they drove to Slaton that afternoon.

A large group of friends greeted Pvt. Hammons at the Littlefield depot.

The Leader is in receipt of a much appreciated letter post marked April 15, from Pvt. Billie Qualls, son of Mr. and Mrs. H. W. Qualls, who is stationed in New Guinea, as follows:

"I have received three copies of your newspaper in the last week. Thanks a lot for sending them. There are 2 or 3 more boys from Lamb County over here, and when I get through with the paper I let them have it. I am still in New Guinea, but as for liking it, well, I don't."

It is too hot and the mosquitoes are bad. Maybe we won't be over here so much longer. I have read in the paper where some of the boys are getting too much snow. Will you please tell them they can send me some of it. Standfield and I are still together. Guess we are pretty lucky. We have been in the same company ever since we joined up.

"There isn't so awfully much to write about, so will close and try to do a little work."

"PVT. BILLIE QUALLS." Lieut. Crawford Bates, who has been reported "somewhere down under," is now in Australia, and reports that he is back in the hospital suffering from a foot ailment, a complication of the Tropical Fever, from which he was ill and confined in a hospital sometime ago.

Mrs. Ray Smith was proudly exhibiting at the Leader Office Tuesday a lovely linen luncheon set, table cloth and eight napkins, just received from her husband as a first wedding anniversary gift.

Sgt. Ray Smith is a Mechanic in the Army Air Force, and is stationed in the Trinidad Islands.

The luncheon set is of natural linen, and flowers and leaves of an aqua blue linen are applied onto the natural linen, making it a very beautiful gift. The cloth and napkins were made by the natives.

Mrs. Smith also received handkerchiefs and perfume in the package.

Pfc. Gerald C. Jacques of Shepherd Field arrived Monday for a few days' visit with his parents, Mr. and Mrs. L. W. Jacques, at Earth. He came to Littlefield, and was taken to Earth by his sister, Mrs. L. M. Brandon.

J. D. Jordan, Seaman 1-C of the U. S. Navy, stationed at San Diego, and Mrs. Jordan, who is employed by the Consolidated Aircraft, and her sister, Miss Catherine Hanks,

arrived Friday from San Diego for a visit with their respective parents, Mr. and Mrs. A. B. Jordan, and Mr. and Mrs. P. S. Hanks, all of the Sunnydale Community. They left for San Diego Tuesday.

Auburn Stowers, Third Class Petty Officer, of the U. S. Navy, stationed at San Diego, and son of Mrs. L. M. Brandon, who has been in the Service a short time, writes home that he is confined in the hospital suffering from a knee injury sustained before being inducted into service.
