## COMMENCEMENT EXERCISES OF THE LITTLEFIELD SCHOOLS WITNESSED BY LARGE CROWDS MAY 20, 21, 22

The first three days of this week will be remembered as a milestone of importance in the lives of the Littlefield schools. On Monday morning, Rev. Roy Kemp, of the Littlefield Baptist church, delivered an inspiring baccalaureate sermon before 17 members of the graduating class of the Littlefield High School, on the subject of "The Road." All churches of the community dismissed their morning services on this occasion and the combined congregation packed the big auditorium of the high school building to capacity. Seats were reserved in advance for the platform for the graduates. The Juniors acted as ushers, and the 16 seniors followed dressed in caps and gowns, and passed under the arch of pink and green, as held by the Juniors.

The Salutation was given by Miss Johnnie Pace, and Miss Lydia Crockett rendered a solo in her sweet and charming voice. Troy Foster as Valedictorian gave a very creditable address.

### High School Exercises

Tuesday evening the auditorium was filled to overflowing when a large crowd assembled to witness the graduating exercises of the 1928 class of the Littlefield High school.

The Junior class led the processional and the 16 seniors followed dressed in caps and gowns, and passed under the arch of pink and green, as held by the Juniors.

Rev. E. E. White, pastor of the Methodist church, of Lubbock, gave the address to the class. He spoke on the main principles of life that lead to success and stressed the fact that honesty and sincerity of purpose and a constant striving toward one goal and never giving up, no matter how great the difficulties and disappointments that may confront one in the path of life, always achieves success in the end.

His address given in a clear and impressive manner was inspirational not only to the class, but to the vast audience as well.

Prof. Harrison, after an inspiring and instructive talk on the "Purpose of All Things," presented the diplomas to the members of the graduating class. Following this, scholarships from leading universities and college throughout the state were awarded the two honor graduates.

Medals were then awarded Max Stansell and Doyle Beryman for their expert woodwork in the manual training class.

Canyon, May 22. — With commencement only two weeks off, the West Texas State Teachers College is busy making preparations for the largest summer school in its history.

The summer session will last for twelve weeks divided into two six weeks terms. There is much demand for advanced courses by students who have finished the first two years of their college work. The faculty will include seventy-five members most of them of the regular faculty with a few additional from the outside. Work will be offered in twenty different departments.

A larger number of desirable living quarters are available this year than ever before and expenses are unusually low in Canyon.

Recreational tours which have been arranged for the week ends into the mountains of New Mexico are attracting many students from many parts of Texas and other states.

The summer session opens June 5th with President J. A. Hill in charge and with Dr. E. P. Jarrett as Dean.

### AN APOLOGY

In last week's issue of the Leader was published a sermon entitled "Salt." In some unexplainable manner the name of the sermonizer was omitted.

It was the first sermon preached in Littlefield by Rev. William F. Fulton, minister of the Presbyterian church here.

The Leader apologizes to Mr. Fulton and its other readers for the oversight. Evidently someone around this shop is too fresh—or perhaps, a little stale. At any rate, needing a little chloride of sodium.

Have your printing done at home.

If He Can Only Stop It!

By Albert T. Reid

## EX-GOVERNOR PAT NEFF WILL DELIVER COMMENCEMENT SPEECH AT TECH. COLLEGE ON MAY 28

Lubbock, Texas, May 22.—Plans are all complete for commencement exercises at Texas Technological College. President and Mrs. P. W. Horn are to entertain the members of the senior class, 71 in number, at their home Monday night, May 21.

Dr. W. F. Jacobs, pastor of the First Presbyterian church of Houston, will deliver the graduating sermon Sunday morning, May 27, at 11 o'clock in the College gymnasium.

Hon. Pat M. Neff will deliver the address to the graduating class Monday, May 28, at 10:30 a. m. in the college gymnasium. A meeting of the board of regents will be held during the afternoon.

Final examinations for the spring term will be given during the week of May 26 to June 1. The summer session will open Monday, June 4.

The present list of students who expect to graduate this year at Texas Technological College numbers 71. Of this number 47 will get their diplomas in June and 24 in August. The list follows:

### June Graduates

Xen Brown, Lubbock; H. Bailey, Carroll, Lubbock; Robert Guy Carter, Grady, N. M.; Mart Chamberlain, Burnett; Irwin W. Coleman, Vernon; Guacaita Cude, Lubbock; Claire Teague Doak, Lubbock; Melvin N. Dow, Lubbock; Baylor Durham, Hico; Houston Eggen, Norse; Giles Levi Farrar, Lubbock; Marion Fielding Green, Lubbock; Hugh Hancock, Lubbock; Pearl Lee Harper, Robstown; Kenneth B. Hemphill, Littlefield; Percy Campbell Holder, Raymondville; Glenys Honey, Lubbock; Ruth Horn, Lubbock; Norma Hulme, Lubbock; Lelia Marie Jackson, Lubbock; Bess Johnston, Snyder; Wynona Jones, Roscoe; Marguerite Lucille Lucas, Spur; Glen Alexander Milam, Ringfield; Almeda Murray, Lubbock; Winfield Nicklaus, Amarillo; Miss Joe Noah Lubbock; Cornelia Evelyn Ratliff, Lubbock; Zella Wisdom Ray, Lubbock; Wilma Robbins, Lubbock; Virginia Massey Rogers, Lubbock; Raymond Hoff Rogstad, Norse; Mattie Jo Russell, Crowell; Lowell Mae Rozzell, Lubbock; Matthew Shepherd, Lubbock; Zella Francis Smelser, Lubbock; Guy Starr, Jr., Seminole; Ruth Elizabeth Starnes, Lubbock; Owen Mitchell Stewart, Lubbock; J. M. Teague, Jr., Lubbock; William McRee Tucker, Ovalo; Mrs. Frances Thomas Van Pelt, Shallowater; Alva Dayle Wallace, Mt. Calm; Mrs. Elizabeth Thompson, Wedgeworth, Snyder; Carl Hammel Willingham, Sudan; Verne

Mae Wilson, Lubbock; William James Wyly, Montrent, North Carolina.

### August Graduates

Mary Lottie Arwine, Bridgeport; Lyman Olwein Ashby, McLean; Claborn Jefferson Bell, Jr., Roaring Springs; Glenda Crawford, Lubbock; Melba Crawford, Lubbock; Mamie Crump, Shallowater; Florence Guenzel Dodson, Lubbock; Ruth Gwen Forbes, Lubbock; Grace Olivia Gappert, Teague; Gertrude Juanita Haney, Lubbock; Marlin R. Hayhurst, Winneka, Okla.; Mary Frank Nichols, Georgetown; Ruth Noah, Lubbock; Cymbol Patterson, Lubbock; Altha Bill Page, Lubbock; Marvin Fynes, Avery; Charles Brian Reed, Dallas; Evelyn Catherine Scarborough, Midland; Eula Ray Simmons, Slaton; Mary Edna Steele, Lubbock; Laura Mae Terrell, Plainview; Lorelle Wallace, Mt. Calm; Louise Warren, Lubbock; Mamie Wolfarth, Lubbock.

## I. O. O. F. ORGANIZE PERMANENT LODGE IN LITTLEFIELD SAT.

Saturday evening, May 19, Littlefield I. O. O. F., No. 146 was duly organized by D. D. G. M. Aylesworth and suit, of Plainview, assisted by Past D. D. G. M., W. A. Munger, of Plainview.

In response to one telephone call, and three post cards mailed the week previous, 125 members of this order from Plainview, Lubbock, Levelland and Amherst attended. Among this number various states were represented, as far away as New York and Massachusetts.

The organization was one of the largest of its kind known to have been perfected in any town of the South Plains, the membership totaling 72, the night of organization there being 48 ancient Odd Fellows up for membership by various cards and transfers together with 36 applicants by initiation, of this number 19 were initiated, the work being conferred by the degree teams of Lubbock and Plainview, being put on in the form of a contest. Each team contained ever y inch of the ground. And according to members who attended the work was unusually good, especially did the old members of this organization enjoy the review of the principles of Friendship, Love and Truth, and they declared it did their hearts good to see so many boys of the three-link school, and again feel the hearty hand-grip

## C. E. CONVENTION AT AMARILLO ON JUNE 13th to 17th

The State Christian Endeavor Convention will be held in Amarillo June 13th-17th inclusive. The entertaining churches of the Convention are: Central Presbyterian Church, Rev. R. Thomsen, Minister, First Christian Church, Rev. F. W. O'Malley, Minister, and West Amarillo Christian Church, Rev. W. O. Dallas, Minister. The convention headquarters will be in the Central Presbyterian Church at 11th and Harrison Streets.

One of the features of this convention which will set it apart from others is that the whole convention will be under one roof. The new Central Presbyterian Church, pictured above will adequately care for all sessions, conferences, study classes, committee meetings and the Junior and Intermediate sessions. The beautiful auditorium with its great organ, each organ and chimes will be used for the main sessions.

The social program of the convention will be full of good things. The "Big Banquet" which is the main feature of the social program will be held in "Fellowship Hall." This banquet will be on Saturday night, June 16th, and it is one of the features of the convention which is looked forward to with a great deal of pleasure because it is here the young people from over the state enter into a great fellowship meeting, singing their songs and giving their yells. Troubles and cares are forgotten. New friendships are made and old ones renewed around this banquet board. A better place could not be found for this banquet than "Fellowship Hall." It will adequately take care of the needs for all the banquets and luncheons.

The education program will include bible study each morning. There will also be conferences and study classes on Christian Endeavor Methods, Leadership Training, Vocational Training, Music, Missions and many many other subjects interesting to the young people. The general theme of the Convention will be "Crusade with Christ."

## COMMISSIONERS TO OPEN A HIGHWAY SOUTH THRU HILLS

Lamb County Commissioners, in session last week, voted to open a new road through the sand hills, running due south from Center to Littlefield, and intersecting with the Amherst and Olton road about five miles east of Amherst.

The proper petitions had been prepared by farmers north of the sand hills, and those living south of them, which was presented to the court.

A jury review was appointed by the court with two of them north of the sandhills and three south. Charlie Harless, of Littlefield, was made chairman of the jury. They will work out the exact line of the road and its width.

The aggregate cost of the road will run about \$20,000.00. Warrants will be given in payment for same.

By opening this road through the sand hills it will give farmers an outlet to Littlefield, or Amherst, where heretofore they have had to go to Plainview or Muleshoe, the nearest railroad point. A distance of about 20 miles will be eliminated by the road in permitting them to reach a railroad.

The corn production of Texas ranges from 75,000,000 to 125,000,000 bushels annually.

### THE MARKET PLACE

Numerous citizens of Littlefield and surrounding vicinity have proven to their own satisfaction that the best market place for the average person who has something to buy or sell is the Classified Column of this newspaper.

In this column will be found small but potent advertisements of numerous articles, for sale, rent, lost, found, etc.

These little ads are very inexpensive; but get the results just the same. If you are wise, you will give them a trial.

## PARRISH TO SPEAK HERE SATY AT THE PALACE

Pink Parrish, candidate for Senator for this district, will speak at the Palace theatre, Littlefield Saturday afternoon, beginning at 7 o'clock. Manager Max McClure very kindly offered to discontinue the picture matinee at that hour to give the service of the theatre to the speaker.

Parrish was for several terms Judge of Crosby county. Later he moved to Lubbock, where he opened an abstract office, and was elected of that city. He is a man well known for the office to which he is a very fluent and interesting speaker, as will be attested by Littlefield citizens who have heard him on previous occasions.

He has been repeatedly endorsed as a candidate for this high office and every voter should do him the honor of hearing Mr. Parrish Saturday afternoon.

For printing.

### US THE NEWS

We are always anxious to hear from our subscribers. If you fail to tell us of your change of address, we will be unable to send you our paper. Reserve, some be-think about it, and wait for us to dig you out.

We have the best news in our paper. We will give you our news as fast as it comes. We will give you our news as fast as it comes. We will give you our news as fast as it comes.

**PRESBYTERIAN CHURCH**

Sunday School, 10:00 A. M.  
 Morning Worship, 11:00 A. M.  
 Junior Endeavor, 4:00 P. M.  
 Evening Worship, 8:15 P. M.  
 The theme for the morning service will be "The Christ of the Apostles." What was the attitude of the men who knew Christ intimately: who had lived and worked with Him during His Ministry here on Earth? We get intimate glimpses into the life of the Master from the description offered us by these men.  
 At the evening service we will have an expository sermon from the book of Job, upon the rather pertinent question of Sin and Suffering. This great poem of the Old Testament gives us a clear conception of the relation between the two.  
 The congregation and the minister extend to all who have no church home, a cordial invitation to attend all of the services.  
 —WILLIAM F. FULTON, Minister.

**METHODIST CHURCH**

Sunday school, 9:45. Preaching services, 11:00 a. m. and 8:15 P. M.  
 Subjects: "The Pillar and Ground of the Truth," and "The Value of Our Inheritance."  
 Senior and Hi-Low, 7:30 p. m. Missionary Society, Monday.  
 Study Class, Wednesday.  
 —GEO. E. TURRENTINS, Pastor.

**PICNIC AT BULL DAM**

Mrs. Stanley Lambert chaperoned a large number of her pupils of the grammar school on an all day picnic to Bull Dam last Thursday.  
 It was a great day and everyone had a good time until on the return trip, Porter Hendricks had his limbs seriously injured. He was riding in the back of one truck and the car behind collided with the truck mashing his legs between the cars. He was badly bruised but it was reported that no bones were broken.  
 Many persons work so hard at playing they have no energy left even to play at work.

**MISCELLANEOUS SHOWER**

Mesdames R. E. McCaskill and E. S. Rowe were hostesses at a very lovely affair in the home of the former on Saturday afternoon. The occasion was a miscellaneous shower for Mrs. Bessie Baze, who is soon to be married to Mr. J. C. Tuttle of Enid, Okla. The rooms were gay with red roses, peonies, and snap dragons.  
 In a clever little game the guests learned many things about the fiancée that caused much merriment. Also the story of her romance was told by a contest entitled a "musical wedding", with Miss Nellie Duggar at the piano.  
 Master Hall Rowe and Katherine Jones, brought in the gifts and Katharine Baze, we bring these gifts to you.  
 From your many friends who love you true,  
 And when you start your life anew,  
 We pray your husband will be true blue.  
 Refreshments of fruit punch and sandwiches were served to: Mesdame Pat Boone, W. G. Street, L. E. Howard, John Arnett, W. O. Stockton, S. J. Farquhar, J. S. Hilliard, E. A. White, J. E. Brannen, Jimmie Brittain, Ray Jones, H. W. Wiseman, Art Chasler, Nellie Duggar, Otto Jones, C. E. Cooper of De Land Florida the honoree and the hostess.

**OPENS BUICK AGENCY**

The Buick Buick Co. of Plainview, has purchased the Ashworth building on Main street, and are opening a Buick agency here this week, under the able management of Jake Burkett and W. T. Cain.

**LITTLEFIELD COLLEGE**

The first shipment of supplies for the Littlefield college have arrived, and more will follow as fast as can be loaded out, according to a letter received by Littlefield representatives this week. A meeting of matriculants was held in Dallas Monday, and actual construction on the buildings will be started within a few days.

**UNPLEASANT WARNINGS. CONSISTENCY. ELECTRIC HATCHERIES. FOREIGN COMPETITION.**

Unpleasant warnings, but necessary. The Federal Government sees danger of another outbreak of infantile paralysis this Summer. Dr. Harris, New York's Health officer, warns against danger of spinal meningitis.  
 These diseases, puzzling to science, are as mysterious as were yellow fever and malaria before men discovered that mosquitoes, and nothing else spread both.  
 While waiting for definite information, do these things:  
 Screen doors and windows, using copper screens, that it may last.  
 Keep flies away from babies and young children, and away from their food.  
 Pasteurize or boil children's milk. Give foods rich in vitamin content.  
 Teach children not to put fingers in their mouths or nose—wash their hands well before meals.  
 Teach children that kissing is dangerous, especially on the lips.  
 And let adults know that their kissing should be limited to their own children. Every adult mouth and throat carry disease germs, latent, that might work havoc in a young child with undeveloped leucocytes protection.

Dorothy Dix, wise young woman, first cousin to Hypatia and Fortia, says, "Consistency is the sure sign of old age. I pray my opinions may always be flexible."  
 Accused of being inconsistent, Dorothy Dix says, "I hope to goodness I am. I should hate like poison to be consistent."

Many mistake for consistency what is really old age dullness.  
 When Harvey announced his discovery of the blood's circulation, giving proof that a child might have understood, his proofs were rejected by every doctor of reputation past forty years of age.  
 Even Napoleon, old physically but not in years, did not use the improved rifle that a German had invented. And he had no time to see more than a minute to the "American". The American was Nelson, trying to show Napoleon how steamships would take him across the English Channel.

And whatever the "producers" lost by dumping, the Government would make up in hard cash taken from taxpayers. There is an equalization plan of doubtful value.  
 Another feature of the bill would be complicated bookkeeping and inspection, involving gigantic armies of additional public servants.  
 When a packer buys a pig he changes it into scores of products. He would report profits and losses to the Government, and the Government would have to investigate every detail. The prospect of Government price-fixing, with guarantees and inflation, worries some men that think.

Racing on the sand at Daytona Beach, in his Black Hawk Special speed car, going more than 200 miles an hour, Frank Lockhart blew out a rear tire. His car bounced 300 feet, "turned several somersaults" and landed upside down. Lockhart was killed.  
 This unfortunate death of a daring automobile racer is a warning to those that indulge in excessive speed. The air, not the ground, is the place for speeding.

President Coolidge will give medals to six fliers—three recently arrived, the Frenchmen, Costes and Lebris, and the able Italian the Marquis de Pinedo.  
 The winner add one medal for Miss Junkers, daughter of the man that made the westward flying airplane, responsible for the trip's success. Through all the excitement she has kept out of the limelight, and that deserves a medal.

A German scientist proposes one clock for the entire scientific world. The exact time would be broadcast throughout the world by radio. It would be correct within one-one-hundred-thousandth part of a second, which seems excessive accuracy to the layman.  
 One "master synchronizer" would do the work for the whole world.

C. E. COOPER HERE  
 C. E. Cooper, former Littlefield citizen and well known Florida booster, returned to his first love last Friday evening.  
 Charlie, says that not withstanding the ocean dolphins and huge sharks of the Southern clime, Littlefield looks mighty good to him.  
 Mr. Cooper noted considerable improvement here since he left about a year ago, and says he sees no reason why there should not be an era of big development here in the near future.

**NEWS FROM OTHER TOWNS NEAR HERE**

Lots have been bought by the East Texas Compress & Warehouse Co., for location of a cotton compress in Tahoka.

Spur will hold an election June 2nd for voting \$45,000 to build a new brick and stone school house there.

Tahoka is rejoicing over being awarded the next meeting of the South Plains district convention of West Texas Chamber of Commerce.

Dickens county records show 116 marriages and only 13 divorces.  
 Slaton started a semi-weekly newspaper this week.

Slaton has voted \$25,000 worth of bonds for building a modern fire station and water extensions.

**GAS TAX UNCONSTITUTIONAL**

Collection of a two-cent gasoline tax under an Illinois law has been declared unconstitutional by the Supreme Court of that state, because it levied a double tax on motorists, the other being for the state license; also that it discriminated between gasoline and kerosene; also that it was in violation of the Fourth Amendment to the United States Constitution guaranteeing equal protection to all.  
 Under "special taxation" schemes such as a gas tax, the tax boosters never know when to quit once they find an easy way of getting money by indirect methods.  
 A number of state gas taxes take about 20 per cent of the purchase price of gasoline in the form of taxes.  
 This is certainly discrimination for taxing purposes, and it would be considered confiscation of property in most lines of business to take such a percentage of the gross value of sales as a tax. Gasoline and good roads are necessary in all states, but confiscatory tendencies in legislation should be discouraged.

Setting back the clock  
 Farmers in all parts of the country are equipping their tractors with head lights, according to the research department of the National Association of Farm Equipment Manufactur-

ers enabling them to literally set back the clock and do two days work where they formerly did but one. By using the tractor at night, the owner is able to take advantage of every possible bit of good weather. In regions where spring plowing must be done in a few days after the soil has dried out sufficiently and before it becomes too dry the tractor equipped with head lights is proving very popular. Another advantage enjoyed by the owner of a tractor thus equipped is in providing a means for farm boys who attend school to plow or run the tractor with a tandem disk harrow or other tillage tools after they come home in the evening and during the first part of the night. In this way they help with the farm work without having to miss school during the busy spring season.

**BELL-GILLETTE CO. APPOINTED OFFICIAL AUTOMOBILE STATION**

The Bell-Gillette Chevrolet Co., have been appointed as Official Automobile Inspection Station, known as No. 3121, for the Save-A-Life campaign, from May 19 to June 9, inclusive.

The purpose of this campaign is to reduce the accidents of automobiles to a minimum number, which statistics show are usually caused by defective mechanism, which could be easily remedied.

During these days, the official stations over the state of Texas will inspect mechanism and mirrors free of spect the brakes, horns, lights, steering gear.

**FIRE BOYS BASE BALL**

An interesting and hard fought baseball game was played between Littlefield Fire Department and Amherst Fire Department last afternoon at Amherst. From the game will be used to help the expenses of delegates to the Convention to be held at Littlefield June 12-15 inclusive.

Amherst won by a score of 10 to 7. Another game will be played between these two teams in Littlefield next Tuesday.

**AGED MAN DIES**

Henry Edmondson, died Monday night at his home three miles south east of Pep.

Mr. Edmondson was eighty one years old and died of paralysis. His remains were shipped by Burleson-Mason Undertakers to Mullin, Mills County, for burial Tuesday. His daughter Mrs. Ed Griffey, was unable to accompany the remains to Mullin.

Mrs. Frances Tolbert who has been recovering from a mastoid operation was brought home from Lubbock Monday. She is reported to be some improved.

**CITY GARAGE**

It is said the cheapest thing's advice,  
But things worth while will cost a price.

You can't own a car and run it too without some cost to you.

You'll want to keep the cost as low as can be kept and make it go.

(Copyright. To be continued.)  
Littlefield, Texas

**AN EDITORIAL**

It used to be frequently said in smaller towns, that it is the business of a good citizen to mind his own business keep out of debt and avoid breaking laws. It was commonly thought that if he did that, it was about all that could be expected of him, and he was conforming to the ideals of good citizenship.

But a community's development cannot be promoted in these times on any such limited basis. The fact that so many small town people still have this spirit and expect to get along without doing anything particular to boost community movements, is one of the principal reasons why some towns do not get ahead faster.

Some must take hold and carry on the work of churches and fraternal societies. Some of the men with a special head for business need to work in some organization for the commercial and other needed development of the community. Some need to work in clubs for educational purposes, and for more interesting social activities. There is something that each one should do and we must all take hold to do something in these public lines, if we expect that a town is going to keep up with the game.

People should not act as they were making a great sacrifice if they devote a little of their time to such purposes. We should love our home town so much, we should be so ambitious to see it go ahead, we should be so conscious of the gains that people who have initiative or ability or industry, should be willing to give some time each week to helping forward such causes. Ask yourself, "What is my part?"

**PAPER REFLECTS**

It is recognized that a town may be rather accurately judged so far as its progressiveness is concerned, by the way in which it supports its newspapers. In other words a creditable and prosperous looking newspaper may be taken as an indication of a live and enterprising community.

The reason is plain. A live town naturally demands a representative newspaper or newspapers, and there will always be found someone to meet the demands. Almost without exception it will be found that a city has just about as good a newspaper as it deserves; sometimes better than it deserves.

In this connection a quotation from a recent address by James J. O'Shaughnessy, executive secretary of the American Association of Advertising Agencies, is to the point. In the light of some of his experiences in dealing with newspapers he says:

"I have been widely quoted as saying that the village newspaper is the corner stone of American journalism. No one has disputed that assertion. Modern communities large and small, grow and prosper in the wake of their newspapers. If their newspapers are prosperous, retail business prospers and real estate appreciates in value."

The newspaper is the "show window" of the town the same as a merchant's front window is the show window of the store. Are you neglecting your show window and losing money by so doing.—White Deer Review.

**VISITS ANCIENT LODGE**

B. E. Cogdill is this week in receipt of a letter from his old time friend, Congressman Marvin Jones, stating he recently had the privilege of visiting the Masonic lodge at Fredricksburg, Virginia, which is one of the oldest lodges in America and where George Washington was made a Mason.

Mr. Jones stated in his letter that display on the altar of that lodge was the Bible on which Washington assumed his Masonic obligations and, by its side, the original minute book containing the record of his entrance, passing and raising. The minute book also contains the oldest record in existence by nine years of the conferring of the Royal Arch degree, which was on December 22, 1753. The Bible was published in 1668 by John Field, Printer to the University of Cambridge, England. The minute book starts in 1752.

**NAME W. T. C. C. SPONSOR**

Miss Maurine Irvin, daughter of Sheriff and Mrs. Len Irvin, has been named by the local Chamber of Commerce as Sponsor for Littlefield, to attend the annual meeting of West Texas Chamber of Commerce to be held in Fort Worth June 18-20.

It is understood that a large delegation of citizens is also contemplating attending the annual meet.

**SPRING IS HERE—**

and it is the time of year to begin to prepare to keep out the pesky flies. We have just what you need to safeguard yourself against them. Screen wire and screen doors that will surely keep them out.

We have just received a car of Barb wire and poultry wire and we feel that we can quote in line with any prices you may have, due to these car shipments.

If it is Screen Wire, Barb Wire, Posts, Wind-mills, Lumber, Paint, or Wall Paper, we have just that you need and just when you most need it.

**The "M" SYSTEM**  
PURVEYOR TO THE PUBLIC

We solicit your vote and influence on the basis of Better Groceries and Lower Prices, our opponents notwithstanding.

We pledge our customers our unqualified efforts in their behalf to furnish them, at all times the very best the market affords. We have numerous patrons whom we have been serving for the past two years to their complete satisfaction—but we want the privilege of serving still more.

We realize that the office of serving the public with fresh and wholesome food is a responsible one. Hundreds will attest to our past successes; why not you!

**MAKE THE ELECTION UNANIMOUS!**

Littlefield, Texas

**German-Irish Air Heroes Cross Atlantic**

A non-stop flight from Europe to North America, the first ever made, was accomplished by Captain Hermann Koehl, chief pilot, Col. James Fitzmaurice and Freiherr Ehrenfried Gunther von Huenefeld, who landed safely on Greenly Island in Belle Isle Straits, near Labrador, in the Junkers monoplane Bremen. Lack of fuel caused by strong headwinds and fog made the landing on Greenly Island necessary. Millions of people waited anxiously for news of them while their fate hung in the balance on Friday, April 13.

**Life Insurance**

**THE LITTLEFIELD MUTUAL AID AND LIFE INSURANCE ASSOCIATION**

Has just been organized with local business men as officers and directors, J. E. Barnes acting secretary, with office over the First National Bank.

This Association will pay (when circle is complete) \$1000.00 for natural death and \$2000.00 for accidental death of its members. Until the association reaches one thousand members it will pay one dollar for each member in good standing, should there be a death before the circle is complete.

In addition to the above benefits the association will pay \$1000.00 upon the total and permanent disability of one of its members. It will also pay \$500.00 for the loss of either eye or either hand above the wrist, or either foot above the ankle.

For membership see—

**EVERYTHING IN THE HARDWARE LINE FOR BUILDERS**

We carry a very extensive stock of Builders' Hardware and quite a wide selection to choose from.

We carry nothing but the best in Quality at the very lowest in price.

Here you will also find a good array of general shelf hardware, including numerous items for the home, such as tin, granite and aluminum ware, cutlery, dishes, lamps, stoves, etc.

When it comes to Lumber, we carry the largest and best grade to be found in this vicinity, no doubt about that, while the volume of our sales bespeaks the satisfaction of our customers. Let us discuss with you any building you may be contemplating.

# LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.  
Subscription: \$1.50 per year; 75 cents for six months.  
Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office 27 at Littlefield, Texas, under the Act of March 3, 1897.

JESS. MITCHELL, Editor and Publisher

National Editorial Association, MEMBER Texas Press Association

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

## A THOUGHT FOR THE WEEK

Every man's work shall be manifest—1 Cor. 3:13.  
Unless a man works he cannot find out what he is able to do.—Hamerton.

## A GOOD ARGUMENT

¶ We recently heard a story that is worth passing on to our readers because it touches on good roads, a subject of vital interest to everyone in Littlefield. Men were seeking a right-of-way for a road in the Kentucky mountains. Some were giving it freely, others were charging for it. One old pioneer, when told the highway would run right through this garden said: "Go ahead. Take the garden. Move the house if you want to, and I'll even pay the expense of moving it. I've hauled truck in the mud for 40 years and now I'm through. That's my answer."

Every year finds good roads supporters more numerous in this section. More and more our people are coming to realize that our salvation so far as prosperity and living conditions are concerned depends on the kind of highways we have, and the number of them. That being true, it is a bad idea for anyone to stand in the way of progress by contesting a right-of-way. If it is impossible to donate the land, then cut the cost to the lowest possible figure. No man can afford these days to block a highway improvement, because when he stands in the way of road building he is standing in his own light.

The old Kentuckian set a good example for the people of every community as well as his own. Let us hope that the same spirit will prevail in this section at any time, and every time, there is a road-building proposition on foot.

They say the auto of the future will be cigar-shaped. We suppose the popular slogan will be "Watch My Smoke."

## RADIO AND STORMS

¶ Many Littlefield people who have felt that there was something wrong with the weather during the past few years, and who have differed in opinion as to the cause of it, will be interested to know that a new theory for it is now being advanced. Capt. Parker, master of one of the largest liners on the Atlantic ocean, is being quoted in daily papers as declaring that radio is back of it.

He has been making a study of weather conditions for many years, and says he has proof to back his assertions. In recent years, he contends, as radio has been developed and perfected, storms have increased in violence, both on land and sea. In his opinion the electrical waves from a network of conflicting forces moving every direction through the air and these not only precipitate wind but strengthen the velocity of the wind, and create other disturbances.

The general opinion in this section has been that seasons have been changing on account of the rapid cutting of forests. No one, however, has thought to blame it on radio, and yet it sounds reasonable. It may be after all, that man is working to his own disadvantage by setting up artificial forces that are interrupting nature's plan, and that in interfering with her method of sorting out the weather he is bringing storms upon his head. Who knows but there may be such a thing as being too smart?

It's so hard for the modern boy to hold a girl without an auto as it is for him to find money for gasoline if he has one.

## ANOTHER ONE GONE

¶ We always want to give credit where it is due, and right now a considerable share of it is due the automobile clubs of the country for having waged a fight and a successful one against the excise tax on automobiles. It will not affect Littlefield citizens who have already bought cars. But as soon as it goes into effect it will save many dollars for new purchasers.

The government has been collecting since the war, an excise tax on every car leaving the factories. The makers did not pay it, the dealers did not pay it. It came out of the pocket of the purchaser, and in addition to the cost of the price of the car, this excise tax, based on the selling price of the car, averaged about \$18 on a car. Since other war taxes were being reduced and abolished, the auto clubs of the country demanded that this tax also be dropped, and they have waged a hot fight in Congress.

It won't be long now until at least \$18 will stay in the pocket of every man buying a car. And any organization that saves a man \$18 these days is entitled to credit.

A candidate's private life will tell you almost everything except how he stands on prohibition.

## "A BEAUTIFUL WORLD"

¶ We read that one of the last things Chas. Birger said on the scaffold before being hung in Illinois recently was, "It's a beautiful world." And we are referring to it here in the belief that it is the most powerful sermon that could be preached to the Littlefield boy who has yet to face the world and make his way in it.

Birger was right in calling it a beautiful world—but he found it out too late. He defied the law for a good many years, but it got him in the end, as it has a way of doing.

He went down the wrong trail in life, and yet when he started on the journey he had his choice of routes, the same as every young man who starts out today.

Crime may pay in the beginning and the world may look beautiful. But it loses its beauty and crime ceases to pay when the day of reckoning comes.

Charles Birger left young America a powerful warning and one every boy should keep in mind. That is to guard against taking the path that leads away from the world's beauties instead of into them.

Once you have mastered the art of gossip, you don't need an auto to run down your neighbors.

## BIG CORN YEAR

¶ Nobody can tell what will happen between now and corn-harvesting time next fall. But if nothing does happen to reduce the harvest, it is going to be the biggest corn year since the war. That is the general opinion of crop experts who are in touch with the acreage already seeded to corn.

They declare that in some sections where wheat and other crops have had the most attention, many farmers are turning to corn on an extensive scale. What effect a record crop will have on prices is too well known for comment. But maybe it will serve to boost the price of wheat to a point that will more than make up for a slump in corn prices caused by overproduction.

At any rate, they say it is going to be the biggest corn year since the war, if nothing happens to it and no matter what comes, we'll find some way to take care of it.

## BUILDING CONFIDENCE

¶ The reaction that the ordinary Littlefield citizen gets when he sees something advertised attractively is that the thing must be what it is claimed to be or people would not spend money in pushing it.

They do not say much about the goods that they are not willing to back up. They may have to carry such goods to meet public demand, but they do not usually care to push them; they want people to understand just what they are. But when they do endorse something heartily, and praise it in their newspaper advertising, it is evidence that the value offered is all there. As a result, advertising brings a prompt response.

If the thing offered is a good bargain—and merchants will not usually advertise it unless it is—then there are plenty in the community who want it, and they will not let the grass grow under their feet until they get it.

You can depend on advertised goods. They are better goods or they would not be advertised.

Henry Ford, making a speech in England, uttered 31 words and sat down. That demonstrates the advantages of a small gas tank.

## HOME BOOK-KEEPING

¶ Wonder how many residents around Littlefield depending on the soil for a living actually have an accurate system of book-keeping and keep tab on production?

We are reminded of this by reading where a western farm agent declares that a recent investigation in his section showed that those who keep books, and a careful check on all

receipts and expenditures, get a better return on their money than those who just pay out as they have the money, and get the money as they can and without keeping account of it. He says some have doubled their labor income by maintaining a business-like check on all transactions.

Of course, it takes a little time, and considerable patience. But if it is economical, then it is time and patience well expended. We'd be glad to hear more on this subject, and especially from any in the neighborhood who have had experience in farm-book-keeping, and who know how to explain their system to their neighbors.

Man is rightfully called an animal. He growls like a bear when dinner isn't ready and purrs like a cat after he has had it.

¶ It is certainly too bad to disappoint the lugubrious weather prophets of this section, but thanks to Jupiter Pluvius we now have plenty of rain and crop prospects could not be better.

¶ We have observed there are some folks who "kick" just from force of habit. Few persons at home are as polite to each other as they are when out in company. Few citizens praise our institutions and industries to each other as they would to a visitor.

¶ Recently Littlefield citizens have been discussing a band. The Leader is in favor of one. From past experiences we know what a good band means to a town. It is one of our essential organizations and it is hoped the Chamber of Commerce will see its way clear for that organization.

¶ "We have noticed," says the Snyder Signal, "that when a man finds fault with his local newspaper the chances are ten to one that he hasn't an advertisement in it; five to one that he never gave it any job work; three to one that he is delinquent in his subscription; even money that he never did anything to assist the publisher to make it a good paper; and forty to one that he is anxious to see it when it comes out."

## LITTLE LEADERS

A Littlefield wife's idea of the finest thing to get for a kitchen is a hired girl.

There are only two kinds of women in Littlefield who want pretty clothes—blondes and brunettes.

Miss Spring made a good start in Littlefield but we expect to see her pause occasionally to powder her nose.

Love is what makes some Littlefield boys think they're stealing a kiss when the fact is it is being forced on them.

The up-keep of some homes in Littlefield wouldn't be so bad, if it wasn't for the keep-up with the neighbors.

A writer compares the human body to a violin. That explains why some Littlefield men are always fiddling around.

Isn't it queer that some Littlefield wives can't realize the worth of their

## FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by Stokes & Alexander Drug Co.

husbands as quickly as they can their worthlessness?

It isn't the fear of death that makes some Littlefield motorists careful as much as it is a fear of getting the car scratched.

This is the time of year when Littlefield men begin thinking where they would like to go on their vacation and wondering where their wives are going to take them.

Another sad thought is that there is another generation now growing up around Littlefield that never saw and never will see a buggy whip decorated with a big bow of red ribbon.

The production of the cotton in 1949, the year after annexation Texas to the United States, was 58,073 bales.

## IT IS ONE THING—

To find fault; another thing to find a remedy.  
To talk about patriotism; another to obey the laws.  
To have a creed; another to have religion.  
To draw wages; another to see your salary.  
To make a bit; another to be again a little bigger.  
To satisfy the public; another to satisfy your own conscience.

## All These—and "Honest-to-Goodness" Biscuit, Too!

It's so easy to bake perfectly delicious cakes—cookies—pies—as well as breads of all kinds—provided, of course, you use the right flour! And the right flour is made right here in the Southwest from our own Southwestern wheat—as fine grain as can be found in the world. The flour your grocer recommends; because he knows it's always fresh and good—always uniform in texture!

"A few cents more in the price of the flour—makes dollars of difference in the baking results."

**WALTER BURLESON**

## WHERE WILL YOU BE AT SEVENTY?

Recent investigations have shown that a large number of persons are dependent on relatives or charity in their old age.

When the autumn of life approaches, and the leaves of youthful vim and enthusiasm fall, it is extremely difficult for any person, no matter how able, these investigations prove, to compete in the world of business and commerce.

What better insurance against dependence in old age than a good bank account?

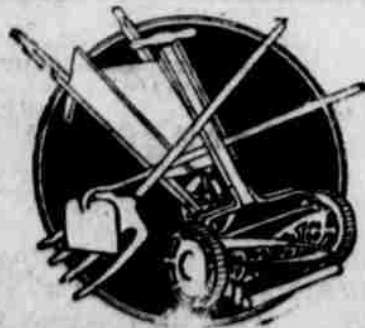

One dollar will start you on the road to economic security... Why not start now!

 liams, Nola Irvin and Ernest Ray of  
 Lubbock, Norman Renfro, Raymond  
 Renfro, accompanied by Mr. and Mrs.  
 J. H. Edison.  
 Miss Maurine Irvin has been as-  
 sisting her father in his office work  
 at Olton this week.

**THE PANHANDLE-PLAINS HISTORICAL SOCIETY WILL HAVE MUSEUM FOR ITS COLLECTION OF RELICS AND PICTURES**

Canyon, May 22. — The Panhandle Plains Historical Society expects to have a museum building in which to exhibit its priceless collection of relics, pictures, and manuscripts by this time in 1929.

H. E. Hoover of Canadian one of the directors of the Society, heads a committee to manage a campaign to raise funds for the museum building, and active work will begin upon the project the first of June.

According to the statement made by Mr. Hoover at the last meeting of the Society in March "This building will be erected as a memorial to the real pioneers of the Panhandle of Texas, and we are honoring ourselves in erecting such a building to the memory of those who paved the way for us."

As now planned the building will contain ample space for exhibition of the materials which belong to the society, will have work rooms for those who have charge, a reading room for persons who wish to study the materials in the archives of the organization, and other arrangements necessary to make the building a mecca for patriotic citizens of the region and for tourists from every part of the United States.

A feature of the building will be a gallery containing portraits of the pioneers of entire region; these portraits will be of men and women; the early ranchman, lawyers, preachers, doctors, and others whose struggles with primitive conditions made possible by the present development of the region. The Society already has a large number of portraits which are of great interest to the people who see them each year.

**DOCTOR FRANK CRANE SAYS**

**THE NAPOLEONIC COMPLEX**

We often hear of Napoleons of business, Napoleons of this that or the other.

We generally mean a man who is determined to accomplish his purpose and crushes everybody and everything ruthlessly to achieve success.

Napoleon was a tyrant that stopped at nothing to gain his own ambitions. He was ruthless and he never looked at the interests of anybody else, but at his own advantage.

He diametrically opposed to Jesus of Nazareth. The latter went about doing good. His object was the betterment of his fellows and he had no selfish ambitions of his own.

The purpose of Napoleon was to make Napoleon great and, if any man stood in his way, woe to that man! The jails and penitentiaries of the world are full of Napoleons. Almost every criminal is a monster of selfishness. If he had thought of the welfare of others he would not be a malefactor.

All crime, in its last analysis, is but super egotism. When a man's desires and ambitions center upon himself and do this to such an extent that he disregards the rights of others he may become a Napoleon, but society very properly claps such a Napoleon into a prison cell or hangs him.

To follow the teachings and example of the Nazarene remains the surest way to permanent success and lasting fame.

George Washington was never greater than when he refused the crown, and Lindburg was popular not because of his exploits but because of his modesty.

No man that takes Napoleon for his model is going to be of help to his fellow men or is he going to be praised by them. It is not the domination of some great man or leader that the world needs. It is for men to be of great service. Napoleon lasted to be a master of all. The Nazarene called himself the servant of all.

God is more than the Almighty King seeking the worship of his creatures. He is the Almighty servant that goes about sustaining life, bestowing his benefits on everything that he has made.

He still remains the most modest Being in His universe.

**HENDRICKS-PATE**

Miss Velma Hendricks and P. J. Pate, of Slaton, ages 17 and 18, were united in marriage at the Baptist parsonage, last Saturday morning, Rev. Roy A. Kemp, Baptist pastor, officiating.

The couple left immediately after the ceremony for "somewhere in New Mexico," to spend their honeymoon.

**POOREST BUSINESS MAN IS THE GOVERNMENT SAYS BORAH**

Denver, Colo., Sept.—The poorest business man this country has yet produced is the government said, Senator William E. Borah of Idaho in a speech before the International Advertising Association here.

"To find out how we shall preserve personal initiative and the fruits of personal ambition along with conservation of the public interests and the advancement of the public good is to give new assurance to democratic principles," said the senator.

"For mysef, I think the poorest business man which this country has yet produced is the government. The most extravagant and demoralizing form of government with which we are throughout history familiar is a bureaucracy. Some bureaucracy we must have, some we shall always have but in the name of humanity, how much! And yet the problem is here—what are the proper limits of the functions and agency of government? To what departments of human affairs shall government authority extend, and how far and in what way?"

"It is a sound rule that the government should not undertake to do what the citizen can do equally well or better for himself. But this sound rule the government must disregard when individuals disregard the welfare of a the nation or the public weal.

"If those in charge of our great natural wealth and our utilities do not want government interference or ownership, it is largely in their hands not to have it. It is very generally recognized as a rule that the interests of society are best served by leaving us and control of property to the initiative judgement and discretion of the owner.

"But this can remain true only so long as that use is not in conflict with the fundamental rights and interests of the people of the nation.

"Auto driver—"Got any of that gasoline that stops knocking?"

Serv. Sta. man—"Yes, bought it from Tom Matthews."

"Then give my wife in the back seat a glass of it."

She—"How kind you are to your wife, sending her away for a rest."  
 He—"Yes, God knows I need one."  
 "I would just as soon have a companionate husband as the one I do have, he plays golf all the time."

## A. & M. WILL CONDUCT COTTON SCHOOL FOR BENEFIT OF FARMERS AND BUSINESS MEN, GIVING FULL GRADING INFORMATION

College Station, Texas, May 20.—The twentieth session of the summer school of cotton at the A. & M. College of Texas, conducted with a view of preparing young men to enter the cotton business, to train cotton growers to market their cotton intelligently and profitably and to assist cotton buyers to become more familiar with low grade and off colored cotton and to judge staple will be held during the coming summer, June 11 to July 21. J. B. Bagley, head of the textile engineering department of the college, will be in charge.

The summer school of cotton at A. & M. annually draws a large number of young men interested in entering the cotton business, many of the Southwestern states being represented in the registration as a rule. Instruction will be given in the division of grading, stapling, exporting and cotton trade procedure. One section will be organized for students who are especially interested in exporting. James R. Taylor, of the firm of Taylor and Watson, Shawnee, Okla., cotton exporters, will instruct this section in grading and stapling together with the office and paper work relating to the export business. Among others who will instruct in the school, in addition to regular members of the college faculty are: Charles H. Welch, public cotton classifier, Marshall; R. A. Hardin, U. S. Department of Agriculture, Houston board of examiners, Houston; Jess M. Cook, Bryan, of Logan and Co., Dallas; H. E. Vaughn of H. L. Edwards and Co., Dallas; O. E. Clift, of J. Lee and C. L. Pena Cotton Co, Waxahatchie.

### IT DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by Stokes & Alexander Drug Co.

## WHAT IS DOING IN WEST TEXAS

Gustine.—Several structures are being erected here in the reconstruction program following fire in the business section.

Robert Lee.—Old walnut stumps buried in the ground here are being sold at a good price, ranging from \$15 up.

Clyde.—Grape growers of this section have perfected an organization to develop their industry.

Hale Center.—A poultry anti-theft association has been formed here.

Spearman.—Spring Park, Spearman's new recreation center, will be opened June 5 and 6.

Colorado.—After being featured on a WTCC district meet banquet menu capons in this section have been sold out at a record price.

Hamilton.—A new \$45,000 high school is to be built here at once.

Goree.—The local grain elevator will soon be housed in a new building of enlarged capacity.

Clifton.—Clifton's new and modern sewerage system is now in successful operation.

Fredericksburg.—After 60 years, Fredericksburg has become an incorporated city.

Albany.—Albany's water improvement program has been completed.

DeLeon.—The DeLeon plant is now operated by the Texas Water Utilities company.

Prince McBride of Manchester wins the fur lined bath tub for endurance piano playing, having pounded the keys for sixty-five consecutive hours. The real heroes are those that listened.

A remedy for insomnia has been sent to America by a Berlin scientist. It will never be needed in Philadelphia.

Since the invention of the Radio Rosie calls them static-stics.

### METHODIST MISSIONARY

The Ladies Missionary society met Monday afternoon at the Methodist Church with sixteen members present. The lesson was taken from the study book and was discussed by fifteen members of the society. The next meeting will be held Monday afternoon in a social hour at the home of Mrs. W. W. Gillette, with Mrs. Gillette and Mrs. G. S. Glenn, as joint hostesses and a voice lesson will be carried out in the program.

The Missionary ladies will conduct a food sale Saturday consisting of pies, cakes, dressed chickens and salads. To be held at Shaw-Arnett's.

Buy your Sunday dinner from us and help the Methodist church.

### PRESBYTERIAN AUXILIARY

The Ladies Auxiliary met with Mrs. W. G. Street, eight members answering roll call.

Business session was opened by a prayer by the chaplain.

Mrs. Barber, was in charge of the devotional.

An interesting lesson was given by Mrs. Chesher, from Women and Missions.

At the close of the lesson the hostesses served cookies and lemonade to the following members:

Messdames Hilliard, Porcher, Chesher, Bills, Cobb, Barber, Stockton, Steen, Wynn, Ross, and Miss Hubbard.

The meeting will be at Mrs. Hilliard's home next Tuesday. The Presbyterian Ladies from Plainview, will meet with us next Tuesday.

## Music—Music

## It's a Great Help in Entertaining

When your friends drop in play them the latest Victor and Brunswick Records on the Orthophonic Victrola and Brunswick Panatrols. They will enjoy their wonderful tone, and uncanny, lifelike volume.

Soft music played while you are at dinner will add rich atmosphere to the occasion. Afterwards, the world's great music to round out the feeling of contentment.

If you haven't one of these wonderful machines, you don't know what you're missing in rich musical entertainment. Come in and see our stock. We have models to suit every pocketbook. Visit us—soon!

We wish to call particular attention to the two records listed below, by Gene Austin:  
21334, "Ramona," and "Girl of My Dreams"  
21329, "So Tired," and "Tomorrow."

# 200,000 Buyers Can't Be Wrong

When the Pontiac Six was first introduced less than two and a half years ago, immediate buying enthusiasm was aroused. The public accepted the statement of General Motors and Oakland that here was a new car offering six-cylinder value never before enjoyed at such low price. 75,000 Pontiac Sixes sold in 1926 established a world's record for a new make of car. Sales for 1927 carried the total of satisfied Pontiac owners be-

yond the 200,000 mark. And now, even if its unrivaled value could not be proved by comparison with other cars in its field—even if its superiority could not be demonstrated by scores of advanced features combined in no other low-priced six—even if all its claims to leadership were based on generalities—you could still buy the Pontiac Six with complete confidence . . . for 200,000 buyers can't be wrong!

2-Door Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Door Sedan, \$825; Sport Landau Sedan, \$875; Oakland All-American Six, \$1045 to \$1265. All prices at factory. Check Oakland-Pontiac prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

The liquid Borozone is a powerful antiseptic that purifies the wound of all poisons and infectious germs, while the Borozone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (liquid) 30c, 60c and \$1.20. Powder 20c and 60c. Sold by

Stokes & Alexander Drug Co.

Mr. and Mrs. T. S. Sales are moving into their new home this week, which has just been completed.

**FIRE AT SUDAN**

About 10:30 o'clock, Tuesday night fire broke out in a ware house in Sudan, owned by Zeb Payne, in which feed belonging to the Elevator Co., was stored.

The Amberst and Littlefield fire departments were called out and quickly responded, and by their united efforts saved the Gulf Refining company, which was near by, from becoming ignited by the flames.

The ware house and two box cars were completely destroyed.

Beggars in Brussels have to keep books but here they have to keep moving.

**MAKING "SIXES" out of "FOURS"**  
THE extra power of Conoco Ethyl Gasoline makes a four-cylinder motor behave like a "six." It pours out its even flow of power on the hills, in traffic, or wherever you are running. It insures high compression performance from practically any engine. Conoco Ethyl costs a few cents more per week than ordinary gasoline, but it more than saves its extra cost by reducing repair bills. You'll soon discover it's a real economy. Get it at the Conoco Ethyl Sign.

## WE ARE BEAUTY SPECIALISTS!

And very much interested in Chickens—not so much the painted, powdered and fluffy-ruffled kind, but rather the feathered variety.

At this season there is scarcely anything more pleasing to the eye than a nice flock of biddies clucking about the barnyard—and they mean more money to their owner later on in the season.

We handle the well known Bewley Mills "Egg-Lay" Poultry Feeds, which have scientifically mixed, contain no filler, fully concentrated on a net energy basis, and the digestibility of the nutrients contained therein insure a maximum production of the highly desired chickie-berries.

This "blue ribbon" feed will put a bloom and blossom on your biddies insuring the maximum health and 100 per cent efficiency of the egg-producing organs. If you have not already tried some of this feed, you owe it to yourself to do so without delay. Call at our place of business and let us tell you more about it than we have room for in this ad.

### It may cost you money if you DON'T READ THIS

No man can afford to drive a car without Public Liability Insurance.

If your car is burned or stolen you know exactly what you have lost. If you injure a child or an old person it may cost you your entire savings, after litigation and the incident expense lasting years.

Public Liability is a Service Charge, more than mere Insurance. In event of an accident an attorney's fee, simply to appear in court and deny the charge, would cost you several times the amount of an annual premium for Public Liability Insurance, not to mention a possible judgment against you.

If there are four persons in the other car and you happen to be alone, right or wrong you have four chances to one to lose a suit.

We furnish the highest quality of legal service, and have Millions of Dollars back of us to defend the suit and pay the bill when it is rendered. What's the use of tampering fate for the few dollars that a Public Liability Policy will cost you?

See us and sleep easy tonight.

STREET AND STREET

Mr. and Mr. Ed Aryan and baby Eddie Gene, returned last week from Marshfield, Missouri, where she has been visiting relatives for the past two months.

Mrs. J. W. Tabor and daughter, Miss Beatrice and son Crawford, of Granger, were the guests of the former's brother R. L. Busher and family last week.

Travis Jones, Kenneth Houk, Vayne Harless and Howard Chesher, spent last week end in Clovis and Portales, N. Mexico.

The infant of Mr. and Mrs. Jack Alexander, has been very ill for the past few days of pneumonia. They reside six miles south of Littlefield.

Mr. and Mrs. George Long, left Sunday on a few days visit with her mother, Mrs. Newcomb, in Artesia, N. Mexico.

Ila Gene, baby daughter of Mr. and Mrs. Eugene Lattimer, is in the Lubbock Sanitarium suffering a severe attack of pneumonia. Mr. and Mrs. Lattimer, reside on a farm seven miles south west of Littlefield.

Arthur and Oscar Johnson, of Turkey were transacting business in Littlefield, Monday. They are contemplating on moving here.

H. I. Tomlinson, was taken to a Lubbock sanitarium the latter part of last week to receive treatments. He has been suffering from the flu, for the past two weeks.

A seventy-year old beggar, found to be worth \$25,000 refused a free bath. Evidently he felt he had done enough cleaning up!

Knitchebellakin and smile

**COURT CONVICTIONS**

In the County court last week Trigg Upchurch, charged with giving worthless checks, was convicted and given a fine of \$5.00 and 10 days in jail.

Bob (R. W.) McKaaskill, tried on a charge of carrying a pistol, resulted in a hung jury, and the case will be

again tried the next term of court.

Gordon Bennett was given years in state penitentiary, district court, on a charge of selling whisky.

Ray Franklin, in district court, drew one year in state penitentiary on charge of selling whisky.

Most of those who kick about living in vice are better than they did at home.

Lee Chandler and his men are busy repairing the inside of the Walters home this week. Any kid improving you like to have just call us up.

A hick town is a place where folks disgrace if they are in bed after 7 o'clock.

ALWAYS  
The common thing to do is to let your home town.

Littlefield, Texas

# DID YOU KNOW?

- THAT from the 1927 crop there has been shipped from Littlefield alone 985—nine hundred and eighty-five—cars of grain, and nine thousand bales of cotton—and adjoining towns around Yellow House lands have also shipped hundreds of cars of grain.
- THAT Littlefield shipped 25,000 bales of cotton from the 1926 crop, and 16,152 bales of this was ginned in Littlefield.
- THAT Littlefield has a large cotton compress, which was erected in 1927, and handled 25,000 bales the first season.
- THAT contract has been let for paving the streets of Littlefield.
- THAT purchasers of Yellow House lands will have the advantage of good schools and free transportation for their children.
- THAT in competition with twenty other West Texas towns, Littlefield was selected as the most desirable location for Gunter College, which means much to the town and surrounding country.
- THAT more than eighty miles of road has been graded on Yellow House lands in the past twelve months.
- THAT the Littlefield country is in the center of one of the best diversified farming sections of Texas and offers unusual opportunity to the man who wants a real home where he can make good and give his children the advantages every father and mother wants them to have.
- THAT the Littlefield section is fast filling up with the best of citizenship where the agricultural, dairying and poultry interests are growing more rapidly than in any other portion of Texas.

"Development and Progress" is the slogan of the people. The South Plains needs you and you need it!

Our 100 per cent agricultural lands in center of development—\$30.00 and \$35.00 per acre. Combination farm and dairy tracts from \$15.00 to \$25.00 per acre. Liberal terms—six per cent interest.

In your own interest, investigate! We are always ready to extend every courtesy, whether you buy or not.
