LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, OCTOBER 4, 1962

Building Reaches \$1 Million

Permits Head For City Record

Building in the City of Littlefield continued to boom during the month of September as the total for the year ran well over the \$1 million mark with prospects of setting a new record for building in any one year in the city.

Total for September was \$135,900 bringing the total for 1962 to \$1,096,517. The 1962 total is just a few dollars short of exceeding the 1961 total by \$800,000 and is almost \$83,000 more than the total to date in the record year of 1960.

Vagrancy Count Ends In Dope Charge

Joe Rivera of Littlefield learned the hard way that loitering around the sheriff's office doesn't pay.

The young Latin was arrested on a vagrancy charge after he "hung around" the Lamb County sheriff's office for several days. Almost immediately after his arrest here a warrant for his arrest was received from the Dawson County sheriff at Lamesa.

Tuesday, Rivera was transferred to Lamesa by a Dawson County officer on a charge of possession of marijuana.

County officers arrested two other persons over the weekend, one for no driver's license and one for drunk.

Area Farmers Reminded Of Trailer Law

County farmers were reminded this week by the Department of Public Safety that the cotton trailer tag law is the same as last year. Licenses are required on all trailers using public roads to and from fields to gins.

A check at the tax assessor-collector's office Tuesday revealed that the tag sales are far behind last year with only about 500 tags issued to date. Last year over 9,000 tags were issued. The trailer licenses are \$5 and are to be mounted on the rear of the trailers.

The Highway Patrol spokesman also reminded farmers that brake lights must also be installed on the trailers according to the law.

For September in 1961, the total was \$19,600 and the year's total to date was \$297,690. For the record year 1960, the total for September was \$155,400 and for the year to date, \$1,013,949.

Prospects for the remainder of the year remain good according to building men and realtors. Aiding to this outlook, a new addition to Crescent Park is presently under preparation as water and sewer lines are being installed.

Permits issued during September include:

W. A. Goldston, construction of a frame and stucco garage at 621 E. 16th in the amount of \$250.

Paymaster Cottonoil, construction of an all-steel warehouse at 1020 Houston in the amount of \$25,000.

Bills Wells, construction of a frame carport at 1217 W. 2nd in the amount of \$100.

Carl Lee Shipley, a house moved in on W. 6th in the amount of \$1,500.

State Farmers Union Leader To Speak Here

Jay Naman, state president of the Farmers Union, will be the principal speaker at the meeting of Lamb County members Tuesday, Oct. 9. Announcement of the event was made by Bruce Higgins of Earth, county president.

Higgins said the meeting would begin at 7:30 p.m. in the District Courtroom in Littlefield and invited all area farmers to attend.

He listed two important items for the meeting including a discussion of the new farm program and election of county officers for the coming year.

Higgins said any and all farmers are invited whether they are members of the organization or not.

Earth Youth Injured In Horse Accident

Outlook for William J. Rylant, 17, of Earth, was reported as "good" by a Lubbock physician at noon Wednesday. Rylant's back was seriously injured Tuesday when a horse fell on him five miles east of Earth.

It was reported that Rylant was not paralyzed, one vertebrae was fractured and that no operation would be necessary unless a blood clot formed on the spine. Rylant was undergoing much pain.

Details of the accident were not available, but it was thought that young Rylant was attempting to break the horse that fell on him. He is the son of Mr. and Mrs. Jack Rylant. His parents have been with him since the accident.

That Time Again Tax Statements Sent By County, City, School

At that time again, tax statement time, that is, county, city and school tax offices began mailing the 1962 statements to property owners throughout the area late

WITH ALMOST 200 Littlefield merchants and employees attendance at the public relations course this week, it is like Littlefield will soon know for its good public relations.

It is believed that the shopper has a decided difference in interest and courtesy of salesmen in the future, in Littlefield.

Although we all thought we were doing a good job of displaying good merchandise and service, it only stands to reason that we will all gain new ideas to the things we should be doing and make some corrections on the way we have met the public from time to time.

Public relations course daily plays up the value of public relations with a customer. We've known many years that women control the money in the U. S. Buy over 80% of the purchases for themselves, their families and their homes. . . plus indirectly influence the purchase of another 13%. So . . . they may or may not be queen bee, but she's certainly a merchant.

County tax assessor-collector Herbert Dunn said his office mailed out 10,291 tax statements to county property owners for county and state taxes. Valuation of properties in the county was listed by Dunn at \$27,135,955, a slight increase from last year.

County taxpayers can receive a three per cent discount for

Minor Accident Reported By City

One minor accident was reported by City Police over the weekend.

Cars driven by Craig Dwight Brestrup of Fieldton and Charlie Longfellow Lee of Littlefield were both going east on Highway 84. The Brestrup auto was in the outside lane and the Lee vehicle on the inside.

The Lee auto attempted to make a right turn onto Eastside and hit the Brestrup vehicle in the right front fender with the right rear fender.

Damage was estimated at \$175 to Brestrup's compact car and \$35 to Lee's.

Burglars Caught Red Handed Here

City officers surprised two teenage Latin Americans early Monday morning as they were burglarizing a local service station. The pair, Gatarino Hernandez and Rafael Lavato, are being held on burglary charges.

Both youths were recently returned from Gatesville, where they served sentences for burglary.

The officers were making their regular rounds when they noticed suspicious movement at the Grissom Gulf station on the Clovis Highway. Upon investigation, the Lavato youth was found and surrendered to officers. He was placed in the police car and held by officer Joe Condren.

Officers Charles Tue and Bill Wilkinson entered the service

paying in October, two percent for November payment and one percent for payment in December. January payment is net with penalties beginning February 1.

Poll tax payments can also be made at the county office as of October 1 or may be included when payment of county taxes is made. (See Tax on Page 9)

Man Hurt In Gin Accident

Rudy Gutierrez, 23-year-old ginners' helper, received serious injury to an arm Wednesday morning when it was caught in a gin stand at the Paymaster Gin at Bainer Switch.

The accident occurred about 11 a.m. and doctors were in surgery repairing the arm at press time. Extent of the injury was not known, but a spokesman at the gin said it appeared Gutierrez would lose the arm at the elbow.

He also suffered some injury to his face in the accident. Gutierrez is from Zapata, Tex., and had worked for the gin for the past two seasons.

station where Hernandez attacked Tue with a screwdriver. Wilkinson knocked the weapon out of Hernandez's hand and the youth was subdued.

The pair admitted two other burglaries committed late Sunday night. Soft drink machines were broken into at Byers Grain and Feed and at the Littlefield Steam Laundry. In both cases, entry was gained through a broken window. A quantity of tools was taken from the Byers burglary, part of which were used to get into the service station.

The youths are also being questioned in connection with several other burglaries here during the past two or three months.

CONSTRUCTION CONTINUES ON BOOM -- Shown above is just one of the new homes and other building begun during September. City building permits for this year topped the million dollar mark for the year and are out in front of the record year. (Staff Photo)

Farmers Receive Over \$2 Million

Final Grain Payments Begin At ASCS Office

Final payments for the 1962 Feed Grain program began Monday at the county ASCS office, according to L. D. Aten, office manager.

Aten said that approximately \$2 million will be paid to county farmers taking part in the program. He expected all payments to be made by Octo-

ber 12. Monday and Tuesday, first two days of the payments, saw \$207,450 paid to the program participants.

Earlier in the year about \$1.5 million was made in advance payments on the Feed Grain program. Aten said that only about 75 per cent of the county producers participated in the

program. In addition to the grain payments, the ASCS is making grain loans at the rate of about \$65,000 per day. The loan price is \$1.90 which is a net price of about \$1.77 after storage costs are subtracted. Loans will continue to be made through January 1.

Correction Given In Vote Results

Correction please! Bula voters defeated the school consolidation move Saturday by the margin of 107 to 22 while Littlefield residents downed the issue 47 to 34.

In Sunday's County Wide News the totals for Bula had the number favoring the move as 42.

Plane Crash Near Sudan Injures Pilot

Pete Holman of Sudan was transferred to the Amarillo Veterans Hospital Tuesday from the South Plains Hospital in Amherst.

Holman, pilot of a crop dusting plane which crashed and burned Monday afternoon, was reported improving by a spokesman at the Amherst hospital when he was moved. Holman, who recently moved to Sudan from North Carolina,

spent over an hour in surgery at the Amherst hospital. He received first and second degree burns over his face, hands and a leg.

A pilot for the Sudan Flying Service, Holman was dusting on the Wallace Gosdin farm about four miles southeast of Sudan near Highway 84 when his plane caught a highline wire, crashed and burned. The plane was completely destroyed.

Bob Masten, owner of the spraying service, said Holman pulled himself out of the plane and rolled in the cotton in an effort to put out the fire on his clothing.

MOISTURE - .00 for the month; 15.59 for the year; 18.01 for this time last year.

Two Sessions Required For C-C Classes

The public relations short-course sponsored by the Littlefield Chamber of Commerce was divided into two groups because of the large number attending according to Troy Armes, course director.

Tuesday night, a second instructor was used to teach about half of those attending. One group met in the High School auditorium and the remainder in the library.

Nuel Childs of the University of Texas extension department joined the other instructor, Mrs. Frances Bowden, in teaching the classes according to Armes.

Over 180 persons have attended the sessions to date with the final meeting planned for tonight. Fifty-two Littlefield businesses were represented at the course.

"We are greatly pleased with the results of the course so far," Armes stated, "and feel this is a great step forward for Littlefield businesses."

"The instructors have told us this is the largest number of persons ever to attend the short course anywhere they have been," he concluded.

Wildcats Play Denver City

Gridders Clash Friday

Head coach John Howle told the Wildcat Quarterback Club Tuesday night, "It's going to be tough." And no one disagreed as Littlefield takes on mighty Denver City, powerhouse of the South Plains Friday night.

"Denver City has some real

Light Agenda Faces Council

A light agenda faces the Littlefield City Council tonight according to a report received from J. W. Harrison, city manager.

Listed on the agenda is consideration of an addition to the city hall to house the new fire truck, extension of water to Block 3 of the Wilson Subdivision, construction on dips in Houston Street to allow better water drainage and consideration of the recommendation of the City Planning Commission to appoint a separate Building Code Committee to study and prepare a building code for the city.

Center Board Meeting Called

The Council meets at 7 p.m. in the meeting room on the second floor of city hall and is open to the public.

fine ball players," Howle related, "and nine of the starting eleven could play on anyone's ball club regardless of what class."

"They'll beat you as bad as they can," the coach remarked. Howle is not unfamiliar with Denver City as his Anson team played the Mustangs in the state quarterfinals two years ago . . . and lost.

"We've had two weeks to get ready for the Mustangs," Howle stated, "and this may have been just a little too long." The Wildcats were idle last weekend while Denver City was tromping Levelland 36 - 6.

"We are going to play our game and not theirs," the coach said.

"They have a very fine backfield and several good linemen," he stated. "In the Littlefield Pat Hubbard and Don Kinder are the big threats."

Rhea Bradley Wins Press Grid Contest

Rhea Bradley of Littlefield engineered his way into the first prize money in the weekly Press football contest and took away \$7.50 cash award.

But it wasn't easy as the tie breaker game was the deciding factor between Bradley and L. F. Hatla of Littlefield. Both missed three games, including two tie games on the contest sheet.

Hatla carted off the second place prize money of \$5 for his entry and third place went to A. A. Smith of Olton, also as the result of the tie breaker game.

Howle said he would start about the same team as he did against Seminole. He continued that the cast had been taken off the leg of Tim Chambers, center who was injured in the Muleshoe game, but he won't be ready until the Plainview clash.

Every team in the area will see action Friday night, except Bula who is idle.

Whitharral will try to keep its record clean as they host Cooper. The Panthers downed Meadow last weekend and stand with three wins and a tie for the season. Whitharral and Cooper played to a 0 - 0 tie last year.

Anton's Bulldogs will play host to Hart and attempt to continue their winning. They downed Wilson last weekend and are 2-2 for the season. Anton will be trying to avenge last year's 42 - 20 defeat at

actual score of the tie breaker.

The tie breaker game was between Olton and Hale Center and the actual score was 31 - 8. Bradley guessed 24 - 12, Hatla 20 - 7; Smith 28 - 6, Wingo 20 - 8 and Brantley 35 - 0.

All entries missed the tie games between Muleshoe and Clovis and Rice and LSU.

In addition to these misses, Bradley missed the Washington - Illinois contest and Hatla missed the Sundown-Sudan clash.

Deadline for this week's contest is Friday at 1 p.m. All entries must either be mailed or brought to the offices of the Littlefield Press.

Garden Club Presents Flower Show In Amherst

The annual flower show of the Amherst Garden Club was held Saturday afternoon two to five o'clock in the Community Center.

"Through Our Garden Gates, The Town 'n' Country" was the title of the show. The rains of Tuesday and Friday night lowered the quality of some flowers but there was a fine showing in the arrangements and horticulture.

Mrs. Vic Reynolds was sweepstakes winner in arrangements and received the tri-color award and Mrs. Ernest Black was sweepstakes winner in the horticulture division. The national flower show judges were

Beall Ringer Celebration Begins Here

All 47 Beall's Department Stores are staging their 39th Annual October Beall Ringer event during the entire month of October according to Milburn Fuller, manager of the Littlefield Beall's Department Store.

Although Beall's offer outstanding buys every day, every month of the year, values offered during October Beall Ringer Month are super - special because they are the result of months of planning, searching, and buying on the part of everyone in the entire Beall 47-store chain.

To be by far the largest sales event ever put on by the company, plans for the month-long Beall Ringer promotion started in November of last year when Beall's staff of buyers started working with hundreds of the nation's and world's best manufacturers to bring to Beall's customers the very best money - saving values to be found anywhere, anytime, Fuller pointed out.

"Every item to be featured is an outstanding buy at special prices and will only be offered at these prices during the month of October and will revert back to original prices at the end of the promotion," Fuller said.

MRS. THELMA HUKILL

Bea Honors Mrs. Hukill for 30 Years Of Service

Congratulations were the order of the day at a tea given by the Operators Lounge of the General Telephone Company in honor of Mrs. Thelma Hukill, on Oct. 1, of this year, completed 30 years of service to the Company.

Mrs. Hukill was presented with a white carnation corsage, a gift of the chief operator and a gift to the employees. Later in the afternoon, Mrs. Hukill will be honored at a company dinner and a special award presentation.

Instead of the usual pin, Mrs. Hukill has chosen a gold bracelet adorned with a system emblem and displaying two diamonds designating 30 years of service.

Mrs. Hukill was born in Port Neches, N. M., and moved to Littlefield in 1929. She went to work for the General Telephone Company as an operator in 1932. At that time the switchboard was located in a small room in the First National Bank building. There were five operators employed for the 24 hour service and a three position switchboard.

In 1938 the operators moved into the location of the present Commercial Office. Mrs. Hukill became Chief Operator in 1939 and served in that capacity until 1952, when she became Central Office Clerk, the position she now holds.

Another, more recent change observed by her during her long years of service, was the installation of new and modern dial equipment in the new office at 600 E. 5th., occupied now by the Traffic and Plant Dept. From one room, her working world developed into a 140' x 100' building - the number of switchboard positions from 3, handling both local and long distance calls, to 21 handling only long distance - the number of operators from 5 to 49.

Mrs. Hukill resides at 251 Northwestside Av. and has a daughter, Candice, who is 10 years old.

Mrs. Fred Newsom was honored at the Northside Home Demonstration Club Thursday afternoon at the home of her sister, Mrs. Fred Owens, 2600 Wood Drive, Levelland. Mrs. C. G. Landers presided with Mrs. Ralph Wade opening the program by reading a poem for washing clothes the "fashioned way." Roll call answered with "Have you your heart checked-up?"

Mrs. J. E. Wade talked on "Health and Safety Program" which she helped to present at the State THDA Convention held recently in Dallas. The next meeting will be at the home of Mrs. Ralph Wade for a day meeting when the election of officers will be held. Refreshment plate of cheese, nuts, spice cake, coffee and punch was served to Mrs. Landers, Mrs. R. Wade, Mrs. J. E. Wade, Mrs. Ed Johnson, Mrs. Maner, Mrs. E. G. Wade, Mrs. Newsom and Mrs. Owens. The Club sponsored a "42" party at the Community Center Thursday evening. Admission \$1.00 per couple. Coffee, punch and cokes were served by Messrs. and Mesdames Fred Newsom, J. M. Mixon, R. L. Newsom, Don Reding, Weldon Newsom, Tom Burrus, C. G. Landers, Ed Johnson, and Ralph Wade. Richard Crank, and Mesdames Doss Maner, D. C. Thetford, Ed Blackwell, J. E. Wade, and Elva Crank.

LIL Mrs. Mable Odell of Eldorado, Okla. is visiting here with her daughter and family, Mr. and Mrs. Overton Phillips.

LIL Mr. and Mrs. Melvin Dunagin and two children, Debbie and Sharon of Baton Rouge, La., are visiting here with his parents, Mr. and Mrs. A. M. Dunagin and with her parents, Mr. and Mrs. J. E. Johnson. They will be making their home in Littlefield soon.

Girl's Auxiliary Coronation Held

The Girl's Auxiliary of the First Baptist Church held a coronation service Sunday at 7 p.m. in the sanctuary of the church.

The church was decorated with lighted candles in white, green and gold, the G. A. colors symbolizing purity, growth and sincerity, entwined with ivy. The baptistry held a large G. A. emblem surrounded by candles and greenery. In front of the altar stood three large gold candleholders with candles in the chosen colors entwined with ivy.

Theme for the coronation was "The Light of the World is Jesus."

Mrs. Freddie Harrell, G. A. director, was in charge of the program and introduced each girl. Mrs. Aaron Williams, intermediate counselor, gave charges to the Maidens, Ladies-in - waiting, Princesses and Queens. The Rev. Robert Longshore presented scepters to the three Queens with Scepter and gave them challenges to go forth and shine for Jesus.

Counselors, Mrs. Ronnie Onstead, Mrs. D. W. Maner, Mrs. Amos Ward, Mrs. W. W. Hall and Mrs. Robert Longshore, assisted in the program and pinned awards on the girls.

Receiving the green octagon for passing their Maiden steps were Catherine Longshore, Nancy Henson, Jan Christian, Rosanne Funk, Pam Ward, Ruan Reast, Kim Bridwell, Edith Lynch and Stella Bussy.

Receiving the white star for passing the Lady - in waiting step were Nancy Hall, Jane Hyatt, Lavenia Wilson, Vickie McKinnon and Peggy Dean.

Receiving the gold G. A. emblem for passing the Princess step were Cheryl Reast, Brenda Broadbus and Francis Hampton.

Receiving the gold circlet and crown for passing the Queen step were Peggy Ward, Janis Wilson and Cindy Taylor.

Crown bearer for Peggy Ward was Maribeth Williams, for Janis Wilson was her niece, Cindy Wilson of Denver City and for Cindy Taylor was Faith Longshore.

Three girls received awards for achieving the second highest award in Girls Auxiliary the golden scepter for Queen with Scepter steps. They were Linda

Williams, Faye Ivie and Cleo Harrell.

Scepter bearer for Linda Williams was her sister, Mary Gail. Faye Ivie had as her scepter bearer, Paul Johnson of Lubbock, her niece, and Sheila Harrell was scepter bearer for her sister, Cleo Harrell.

Immediately following the coronation a reception was held in the church parlor. Mrs. Wait-

er Sewell was in charge of arrangements.

A large white cake trimmed in green centered with a gold G. A. emblem and green lemonade were served.

Mrs. Kenneth Reast and Mrs. W. C. Nowlin presided at the punch bowl.

Work of the three Queens with Scepter was on display in the parlor.

Stepping Stone 4-H Club Meets

The Community Building was the scene recently of the Stepping Stone 4-H Club when they met to plan the program for the year. Meeting with them were the County Agent, Mrs. Shirley Mullins and their sponsor, Mrs. Coy Grant.

The next meeting will be Friday, Oct. 5, at which time the club will prepare a First Aid Kit to be left for use in the Community Building. This is to be the club's gift to the community and a part of their work in safety.

Wayland Baptist College To Honor Parents Monday

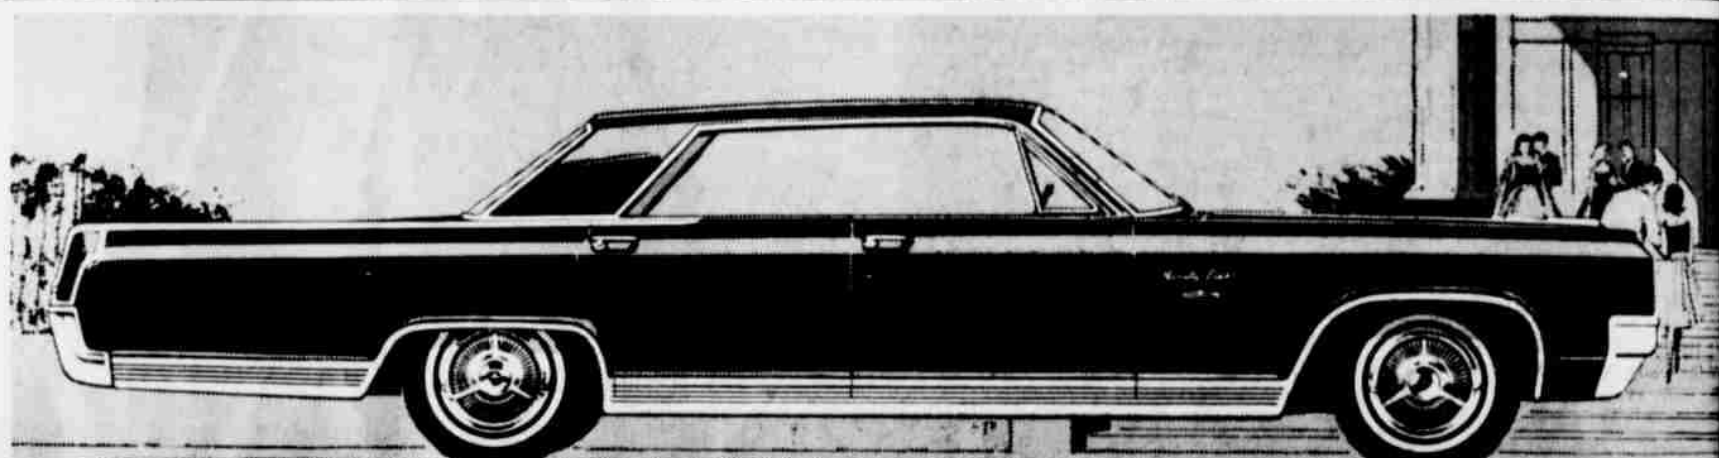

Plainview, Special: -- The event is a Stay - All - Day Party on Monday, Oct. 8; the guests are parents of students and the place is Wayland Baptist College, Plainview.

Among those serving as hosts and hostesses for the annual Parents' Day gathering will be Miss Carol Cooke, daughter of Mr. and Mrs. H. L. Cooke, Miss Eva Davis, daughter of Mr. and Mrs. R. H. Davis, David Harvey, son of Mr. and Mrs. Cal E. Harvey, Miss Priscilla Ivie, daughter of Mr. and Mrs. E. B. Ivie, all of Littlefield, and Frances Young, son of Mr. and Mrs. Raymon Young of Amherst.

Going to classes will no doubt be more like a party to parents than to students, but the Way-

landers are arranging for guests to visit classes as to attend the chapel program which they have planned. Participating in the program will be Gary Parker, president of Student Government Association, Albuquerque, N. M., who will bring the welcome with Pres. A. Hope Owen, Myrick, Lubbock, piano solo; Billy Fred Webb, Plainview, piano solo; and Duane Joplin, Mo. song leader. Singing the Scripture will be Jane Aylesworth, Plainview, and leading in prayer will be Ronnie Turner, Roscoe, president of the Baptist Student Union. Seven Man Russian Roulette To Be Feature Saturday

Main Event, "Seven Man Russian Roulette Battle Royal," No Referee.

The winners in last week's six man battle in the tag matches saw the team of Carlston, Carreon and Como win the third and deciding fall to take the main event. The opening event went to Carreon over Gypsy

Biviano. Como won over All All in an exciting match ever held in the local arena. The Viking beat Cowboy Carlston in his match.

This week wrestling fans will witness some of the wildest matches ever to be held at the local arena. Descendants of the notorious Dalton Brothers will ride again Sat. nite when Jack and Jim Dalton invade the local arena. They make their first appearance in Texas this week. This week's main event will see all of the action any wrestling fan will ever expect in a single match any where. A seven man Russian Roulette Battle Royal, every man for himself with no referee. The only way

a man can be eliminated is to be thrown over the top rope. Last man in the ring will be declared the winner. The winner too, will win \$400.00. Each wrestler pays \$57.00 to go to the winner. This match is the main event. There will be three other events as Jim Dalton meets Sir Nelson Royal in the opener. Jack Dalton will wrestle Cowboy Bob Ellis in the second event. The third event will see Rickey Romero take on Gypsy Biviano. In the wild main event, with a purse of \$400.00 at stake, will feature seven of the top wrestlers in this area today. With every man for himself, you will see Rickey Romero, Gypsy Biviano, Jack Dalton, Jim Dalton, Cowboy Bob Ellis, Sir Nelson Royal and Tito Carreon. We wish to announce to area fans our starting time this week will be moved up to 8:30 p.m.

3 Buicks Show Today At Keeling Buick Company

Buick Motor Division will introduce its new line of cars for 1963 with all series distinctive styling in a completely new design and featuring numerous engineering refinements which reduce maintenance costs, increase safety and ease of operation.

All regular - size Buicks remain approximately the same dimensions as last year, the Special series models are four inches longer. The entire line will go on display today at Ray Keeling Buick Company.

The Wildcat, introduced last year, has been expanded into a complete series for 1963. Three models offered in two - door and four - door coup and a convertible. A 2 - speed, floor - mount transmission is available as an option on all Wildcat models. Front bucket seats, a center console housing the transmission control, are standard on the Wildcat convertible two - door hardtop, and optional on the four - door hard-

This is the first time Buick ever offered its complete line with distinctive styling for a series," Ray Keeling, Buick dealer said. "From the tail right up through the Riviera and Electra 225, each series has a completely different appearance."

The Electra 225 can be identified by its long, straight front fenders that extend beyond the body panel, by its unique, concave taillights and the four ventports on the front fender.

The Wildcat has its own grille design with brushed stainless steel moldings extending down the sides from the headlight to the middle of the front door. A similar molding across the back between the taillights, identifies the Wildcat from the rear. The new Special, top selling in its class, has been increased in length from 188.4 to 192.1 inches. The additional length is in the rear fenders which extend beyond the body and bumpers, both front and rear, have been made deepening the Special a more aggressive look.

Smart new interiors, luxuriously done in a wide choice of nylon, leather and vinyl fabrics, add to the overall decor both the Special and regular Buick. All - vinyl interiors are available in two - door and four - door models of LeSabre series the first time.

Engineering refinements include self - adjusting brakes, a new Delcotron alternator generator which charges the battery while the engine is idling, and an adjustable steering wheel that can be set in seven different positions to suit individual driver. This is standard as optional equipment on the regular line only.

Another new option on the regular line is a cruise - control for turnpike driving. The cruise - control can be set for a legal speed above 30 miles per hour and the car will maintain that speed. A touch of the accelerator pedal releases the cruise - control when a change of speed is desired.

Engine options on the Special remain the same with the 198 cubic inch V-6 as standard on regular models and optional on the deluxe. A more powerful 230 cubic inch aluminum V-8 with 9 - to - 1 compression ratio is standard on the deluxe models with the V-6 available as an option. The 215 cubic inch Skylark aluminum V-8 engine with 11 - to - 1 compression ratio and four - barrel carburetor is optional on both the standard and deluxe models of the Special.

In LeSabre models, a three - speed synchromesh transmission is standard. The Turbine Drive transmission, which has been improved for 1963, is standard on Turbine Drive is standard on all other models in the regular line.

Instrument panels in all models have been redesigned with control knobs recessed, wherever possible, for greater safety.

The self - adjusting brakes automatically compensate for

lining wear and eliminate the need for periodic brake adjustments.

The biggest single improvement in optional equipment is in Buick's new air - conditioning system in the regular line and in the Riviera. The evaporator and heater core are enclosed in the same housing,

permitting dehumidification of air without lowering the temperature. A single selector level will control heating, air - conditioning and ventilation.

The entire line comes in 26 models, nine in the Special, seven in LeSabre, one in the Invicta, three in the Wildcat, one in the Riviera and five in the Electra 225 series.

Here's what the other '63's wish they looked like.

Today - Wide-Track Pontiac '63

Obvious, isn't it, that Pontiac's come up with another beauty this year. Fresh over-and-under headlights, clean profile-but you can see that. There's a wider Wide-Track,

too, and a full line of Trophy V-8's. (That ought to be enough to make those other cars turn green.) And we haven't mentioned such happy touches as self-adjusting

brakes. So what, pray tell, could be keeping you from a new Pontiac of your own? A small suggestion. Don't stop down to see one. Gallop! **Wide-Track Pontiac**

Area Grain Elevators Not Lost License

"Contrary to a rumor that has spread over the area, the Smith Grain Co., The Balner Elevator, and the Hart Camp Grain Company have not lost their license to operate and the Commodity Credit Corporation has not suspended them from issuing warehouse receipts," reported Lamar Aten, Lamb County ASC head Wednesday morning.

Aten continued that the elevators are operating according to the laws of Commodity Credit Corporation. The elevators are owned by Leo V. Smith and L. D. Smith.

Aten did comment that the Farmers' Elevator at Anton, which is also owned by the Smiths has been temporarily suspended from operation because the west end of the elevator burst with grain and when this has been repaired, it may again issue warehouse receipts and license will be valid.

COTTON BOLLWORM

This insect enemy has several aliases. Whether damaging corn as the corn earworm, ruining tomatoes as the tomato fruitworm or destroying cotton as the cotton bollworm, it eats into farm profits at a tremendous rate.

First sign of a bollworm attack in cotton country may be the yellowish moths or the tiny green or white eggs in terminal growth on cotton plants. A female moth usually lays about 1,000 eggs which hatch in as little as 3 days. Populations can grow rapidly.

The larva is the destructive stage. Worms feed on tender growth where they hatch, then travel downward through cotton plants. They eat out squares and tunnel into bolls.

Although early season pest control may have permitted a good boll set, late season bollworms can ruin the crop. A new set of bolls may not have time to form.

Bollworms are notorious for their ability to survive control efforts. However, today, a new insecticide has given farmers the upper hand over the hard-to-kill bollworms. Growers report that this carbamate material, called Sevin, stopped heavy bollworm infestations. It even killed large worms that had penetrated the bolls. Sevin insecticide can be applied either as a dust or spray, entomologists point out.

Because young worms are most easily killed, growers should check maturing cotton regularly. At first sign of bollworms, spray or dust with a broad-range insecticide that will kill bollworms and control other major cotton pests as well.

DODGE PRESENTS THE DEPENDABLES FOR 1963

Dodge Polara 2-door hardtop

1963 DODGE . . . BEAUTIFUL NEW ENTRY IN THE LOW-PRICE FIELD

Compact Dodge Dart GT 2-door hardtop

1963 DODGE DART . . . A FRESH NEW COMPACT IN THE LARGE ECONOMY SIZE

INTRODUCING THE 1963 DODGE

Now a complete new line of cars in the low-price field. The 1963 Dodge! People who see it just naturally get carried away. Reasons? 1. The looks: Great! 2. The price: Low! Wouldn't you rather own a Dodge than other low-priced cars? 3. The room: Big! Notice how the roofline sweeps straight back. That means ample headroom for the people in back, not just the ones in front. Seats? Your choice of models with sofa style, buckets or fold-down center arm rest. 4. The upkeep: Low! Dodge is rust-protected. The body unitized. The brakes self-adjusting. A major grease job lasts 32,000 miles, an oil change 4,000. 5. The feel behind the wheel: Like nothing else! Five strong engines to choose from. Smooth-going torsion-bar ride. Easy low-friction steering. Comfortable chair-high seats. Nylon, leather-grained vinyls. There are several hundred more reasons why you'll be carried away. Your Dodge Dealer has 'em all.

NEW 5-YEAR/50,000-MILE WARRANTY! Your authorized Dodge Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair for 5 years or 50,000 miles, whichever comes first: on the engine block, head and internal transmission case and internal parts, torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings—provided the vehicle has been serviced at reasonable intervals according to the Dodge Certified Car Care schedules. Factory approved remanufactured parts may be used for replacement.

INTRODUCING COMPACT '63 DART

At last. A compact that doesn't give anyone the sardine treatment. The 1963 Dart! Now everybody gets a fair shake on room. Note the roofline. It goes straight back. Result: Even rear-seat hat wearers are treated with deference. And so those who like some action for a change. Dart's standard Six leaves run-of-the-compacts waiting and wheezing. Its optional engine (just a few bucks more) does the same way, only more so. Economical? Like you'd expect a compact to be! That's the whole idea. Dart's too roomy to be a compact, too darned thrifty to be anything else.

Few compacts cost less than Dart. None offers the value. A unitized body, for example, that's rust-protected. 32,000 miles between major grease jobs. Smooth-torsion-bar ride. An alternator. A high-speed starter for fast starts.

Two series. Nine models, including two convertibles. See your Dodge Dealer.

Travel Agents Will
explain Benefits Here

Littlefield and Lamb County residents will have the opportunity to find out the advantages of using a travel agency in planning and taking trips. Mr. and Mrs. John Felsher of Lubbock will be in Littlefield Saturday and Sunday to explain the function of the travel agent. The Felschers will be at the recent Park Motel from 9 a.m. until 9 p.m. Saturday and from 9 a.m. until 5 p.m. Sunday. Felsher said there is absolutely no obligation and indeed anyone who might be interested in traveling anywhere at spring or summer to come for a visit. "Using a travel agency does not cost the traveller a penny more," Felsher pointed out, and usually saves them a great deal because accommodations are made well in advance.

"We are appointed agents for all airlines, steamship lines, railroads, hotels and tour operators throughout the world," he added. "The planning of a trip is fun, but working out schedules and rates are time consuming and should be left to us as a travel agency," he continued. "We will look after every detail, and when all is completed we deliver the entire package itinerary with schedules, tickets, tour orders, mailing instructions for your family and friends, where necessary, at one time and you are ready to be on your way." The Felschers operate a large travel agency in Lubbock and have literature describing many tours and cruises. The Felschers just returned from "their" vacation, a week-long visit to Bermuda.

Mrs Landers
Teaches WMS Meet

The WMS of Central Baptist church met Monday for "Bible and business." Mrs. Landers taught the last chapter in the book "Go Ye." Mrs. Kenneth Spradley, WMU president, presided over the business meeting. New officers for the coming year are Mrs. Kenneth Spradley, President, Mrs. Bert Harper, vice president, Mrs. Clarence Matthews, secretary-treasurer. After the meeting the group went to the Harold Wedel farm to gather tomatoes. Fifteen ladies met at the church Tuesday and canned 153 quarts of juice to be sent to the Baptist Orphan's homes. Mr. Wedell donated the tomatoes.

Mrs. J. R. Tucker visited her son and family, the George Tuckers at Abernathy last week. Mrs. Edgar Cambell came

Scouts Receive Awards During Court-Of-Honor

Scout troops 641 and 637 joined in Court - of - honor ceremonies at the First Methodist church Tuesday night. Many achievement badges were awarded and parents pinned advancement pins on their sons.

One scout, Gary Conway, received a Star achievement pin. John Nail was in charge of the Court - of - honor. He introduced scout masters Clarence Bartley and B. T. Kisher and troop adult representatives present. Wendell Tooley assisted Nail in making the awards. Troop 637 received the following awards: One mile swim, David Conway, Kim Hamlin, Terry Ross, Tommy Henson,

Mike Grissom, Sam Fain and Mike Lumsden. Patches for troop officers: David Conway, librarian; Mike Grissom, scribe; and Sam Fain, quartermaster.

Tenderfoot: Sam Fain and David Sevier. Second Class: Tommy Henson, David Conway, David Roden, Allen Armistead and Mike Grissom.

First Class: Mike Lumsden. Gary Conway also received the following merit badges: swimming, citizenship in the home and pioneering.

Troop 641 received the following awards: Lewis Ivy, Tommy McKinnon, Joe Garrison,

Chuck Holman, James Ivy, Garth Grizzle, Elbert Ayres, Bruce Anderson, and Lin Powell received "Totin' Chips" cards.

Elbert Ayres and John Nail, Jr. received mile swim awards. Richard Salmon and Larry Bush received Tenderfoot pins. Elton Boyd, Milton Saunders, Lin Powell, Bruce Anderson, Danny Butler, Elbert Ayres, and Garth Grizzle received Second Class pins.

Two scouts received First Class pins: Mack Mangum and Norman Kisher; Mack also received Indian Lore, Swimming and Totin' Chip awards; Norman received swimming, mile swim and Totin' Chip awards.

TOWN

(Continued from Page One) long been a favorite of mine and since going to the Lions club luncheon Wednesday, I've discovered that we have a very outstanding quartet right here in Littlefield. They call themselves the "Littlefield Four." Curtis Strange, Dewey Westmoreland, O. B. Scott and John Clayton make a mighty fine quartet . . . and their pianist Jean Parkman can really make that piano talk.

Tenor Moreland has a natural voice for that part . . . guess that's the reason I have such a problem singing the tenor part at church . . . I just don't have that "natural" ability.

I'll bet Dewey could really do a good job in an Ink Spot number.

No use letting good talent like that go to waste . . . if you need a good program for some event call John Clayton and I'll bet you can talk him into it.

WHEN I MOVED TO Littlefield the city was in the process of moving the airplane hangars from what is now Crescent Park, and new streets and paving began to outline the size and design of the new addition. Wednesday morning I was back in Crescent Park watching big equipment begin sewer and water lines for another block and a half to be added to the park on the south.

New homes have rapidly filled the addition, we've reached an all time high in building this month and it looks like Littlefield proper is beginning to boom . . . building - wise.

The new addition to Crescent Park will bring the addition out to the strip that has been surveyed for the four-lane highway '64. When traffic is opened to the new highway, travelers will see the new side of Littlefield . . . and as the road curves back southwest of town, the new Cannon Terrace homes will come into view.

I visited with Larry Messer who will begin the digging work for Messer Bros. on the new addition. He had a rig going that was digging deep round holes . . . looked like one of

those cesspool diggers. I told him I was surprised to see that the new addition had cesspools instead of a modern sewage system. Larry said, "no, we're just digging the manholes for the water lines first."

WELL, don't know why, but football keeps coming to mind . . . and that little old school down in the sandier than Littlefield area, Denver City pops into focus. I still think we can give them a better scare than did Seminole or Levelland.

Well, come what may, I'll see you in Denver City Friday night.

I WALKED around town about 2 o'clock Wednesday afternoon and most everyone could tell me that the Giants were leading the Dodgers 2 to 0, but few could tell whether or not astronaut Schirra had safely made his six orbits . . . or had blown up . . . or what.

It's interesting to see how accustomed we become to the simplicity "everydayness" of astronauts orbiting the earth, until the old favorite baseball comes back as America's favorite pastime.

Mr. and Mrs. W. J. Meeks had as guests in their home this last week, Mrs. Meek's mother, Mrs. J. B. Simmons of Carlsbad, N. M. and Mrs. Meek's brother and his family, Mr. and Mrs. Odell Simmons and their son, Billy.

Farm Facts

World wheat production in 1961 amounted to an estimated 7,839 million bushels, according to the U.S. Department of Agriculture. Of this, the United States supplied almost 1,235 million, or more than 15% of the total.

Russia, with production estimated at 1,900 million bushels, accounted for about 24% of the total wheat output. Russia's wheat acreage, however, was an estimated 155 million as compared with 31.6 million for the United States.

Yield per acre for the Russians amounted to 12.3 bushels, compared with 23.9 bushels for the United States. In per acre yields, however, several countries far outstripped both the United States and Russia.

The 1961 average for Denmark was 61.8 bushels. Wheat yields averaged 58.2 bushels per acre in The Netherlands and more than 50 bushels in Belgium and the United Kingdom.

In total wheat production, the U.S. produces almost 1/6 of the world's wheat.
