Seminole Touted As More Than Match For Wildcat Eleven

The augurs who haunt the grid-irons and the sport pages, and who number learnedly over the technicalities of football, are anxiously keeping the odds even on tomorrow night's game at Seminole when the Wildcats tangle with the Indians.
If the rumors heard in locker rooms and among the gatherings of the fans are of any consequence, the cakewalk seen here last Friday won't be repeated.
The game is called for 8:15 at Seminole. The Pep Squad, band, and players will travel in school buses and for that reason there will be a change in class schedules; school will be dismissed at 2 o'clock.
Stellar Back Out
James Lee, first string tailback, will probably not play because of knee injuries sustained in practice scrimmages. Billy Arends will fill Lee's spot in the starting line.
Except for the substitution noted above, the Wildcat starting line will be the same as in the first game against Tahoka: Jack Davis; RT, R. L. Brewster; RG, Billy Sisson; C, Royce Jennings; LG, Kenneth Pharris; LT, Warren Rutledge; LE, Gene McCanlies; G, Travis Price; FB, Jack Shelby; TB, Billy Arends; WB, Joe Peel.

Finish Stand
The new grandstand at Seely Field is receiving finishing touches according to school authorities. The stand will be boxed in, painted, and will have a box for press and radio.
Some seats are still available in the new stand and may be secured by contacting officials at the high school.

Farm Improvements

Farm families in Lamb county will spend more than \$948,000 for new housing in the next three to five years, according to a forecast released by the Tile Council of America.

"As a result of high incomes during the last few years, farmers in every part of the nation are prepared to invest record amounts in new home construction and in general farm improvements," said F. B. Ortman, chairman of the Council's residential construction committee.

Pointing out that the comforts and conveniences of urban living are now available to farm families, Ortman said that new rural homes will incorporate such features as water pressure systems, tiled bathrooms and modern kitchen facilities.

Rapid electrification of rural areas of Texas is making possible the incorporation in new homes of many labor-saving and comfort-providing devices undreamed of generation ago, according to Ortman. Rural Electrification Administration estimates disclose that more than 55 per cent of all farms in

the state now receive central station electric service. Refrigerators, electric washing machines and deep freezing plants, as well as plumbing systems, will go into many new homes as a consequence.

BULL LAKE PHILOSOPHER TRIES OUT TWO METHODS OF REDUCING HIGH PRICES; SAYS BOTH FAIL

EDITOR'S NOTE. The Philosopher on his Johnson grass farm on Bull Lake is worrying over the economic situation again, but if he thinks we're going to solve his problem, he's mistaken, despite his amusing remark in this week's letter.

Dear Editor: It looks like nearly every copy of any newspaper I pick up out here on Bull Lake lately is full of articles about the high cost of living, without of course neglecting two or three good juicy murder stories a day, and I have been given considerable thought to the matter.

Last Tuesday I noticed Senator Taft come out with a statement that the way to head off high food prices was to eat less.

Then Wednesday Former Governor Stassen of Minnesota come out with a statement that no buyer resistance was the solution.

Now I got confidence in our na-

tional thinkers and don't let no party lines interfere with my attention to statesmanship and being bothered a little with high prices out here, that is, some high prices bother me, some don't, as I don't mind gettin 18 cents a pound for a Johnson grassed steer but hate like you know what to pay 79 cents a pound for the same animal when it turns up as sirloin or prime rib roast at the market, and I don't mind gettin 31 cents for cotton, it's worth it, but Jehosophat 39 cents for a dime can of sardines is goin a little far, but like I say, havin confidence in our thinkers, don't make no difference whether they're Republicans or Democrats. I figured maybe both Senator Taft and Gov. Stassen was right, we ought to eat less and resist buyin' at the same time, but I will appreciate you tellin em to see if they can't think of some other solution to high prices.

I tried it out and the two methods

won't work at the same time, as the less I eat, drat it, the less resistance I got. I can stick to the Taft line a day or so, but when I pass the grocery store the Stassen line disintegrates and I go ahead and buy something un-Stassen-like and eat it un-Taftlike and throw another monkey wrench in the nation's economy.

There ought to be some other solution to this problem. What are you bein paid for?

Yours faithfully J. A.

Report On 4-H Roundup

Mr. Doc. Leonard and Glynn Heard of Spade, Mrs. C. E. Jones of Littlefield, and Catherine Foltyn of Sudan left September 3 from Lubbock on two chartered buses with the rest of the 4-H'ers and sponsors from District Two. On the side of each bus were signs painted that read, "Dist. 2, Bound for 4-H Roundup, College Station, Texas."

We got to A. & M. College that night about 8 o'clock and attended an outdoor picture show. The next morning we viewed the campus. We saw some of their oldest buildings, one which dated back as far as 1887. After that we divided in groups and attended panel discussions. The discussions were on what the town or country boy or girl have in common and how they differ. Glynn Heard won one of the arguments and competed with adults. In the afternoon some of the boys went swimming, others on a rifle range while the girls attended a talk on "Gracious Living," given by Miss Kathryn Randall, Cherr Editor of the Farmer Stockman. That night, there was an amateur program in which Catherine Foltyn participated. The next morning we had talks by two girls and two boys on their trip to National Congress Camp, Washington, D. C. There was a dress revue in which Mrs. Opal Fox Sterling, model of 20th Century Fox Studios, Dallas, Texas, was in charge. The prizes ranged from two pair pinkering scissors, twenty-five electric irons given by Texas Light and Power Company, two electric machines given by Montgomery Ward and Co. and two electric machines given by Sears Roebuck and Co. to the grand prize, which was a trip to Chicago. The awards were then given to the boys who had the highest scores on the rifle range. The awards were miniature silver rifles.

That afternoon the girls went swimming or attended a talk by Mrs. Opal Fox Sterling on "Personal Charm." That night since it was our last night we had a party in which Miss Jane Farwell of Washington, D. C. led the singin and square dances. There were 1600 that participated. The next morning we got our buses and reached Lubbock at 7 P. M. We then took another bus to Littlefield, where our families met us.

Catherine Foltyn was Gold Star Girl of Lamb County in 1946 and Glynn Heard was the most outstanding boy which entitled them to the College Station.

Sharon Thornton, who underwent an appendicitis operation at the Payne-Shotwell Hospital over two weeks ago, has fully recovered, and returned to her school duties Monday of last week.

Oren Kirk Sustains Serious Leg Injury

Oren Kirk was admitted to the Amherst Hospital Thursday afternoon suffering from a serious injury to his left leg sustained in a combine accident when cutting feed at the old Huckel farm, ten miles northeast of Littlefield.

Reports indicate that Mr. Kirk was driving tractor while F. H. Glazener was on a combine. Something went

wrong about the combine and Mr. Kirk got off the tractor to fix it, and as he was getting back on the machine his trouser leg became caught in the lift which broke and mangled his leg in such a manner that Mr. Glazener had to cut the trousers to get him loose from the tractor. Mr. Glazener took him to the Amherst Hospital, where he is doing as well as can be expected. At first it was thought he might lose his leg, but doctors now believe they can save his limb.

Mr. and Mrs. W. J. Chesher went by plane to Dallas Tuesday, returning Wednesday night.

TURNING SOUR GAS

INTO A Mighty INDUSTRY

Carbon black produced in the area we serve dominates the industrial scene.

Only in this area—with its vast resources of natural gas—is the mass production of this vital material possible. "Sour" gas, once considered worthless (on account of its high sulphur content), has become the basis of a great industrial operation. The automotive, rubber, paint and ink industries are but a few of those dependent on carbon black.

We have so much confidence in the carbon black industry—and other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and better living—electrically—to everyone!

We All Need Fun!

Nobody in Our Town is exactly lazy (even though Pete Swanson's missus claims he sleeps till seven A.M.). But the hardest working man of all is Doc Hollister—on call, morning, noon and night.

Funny thing, Doc's favorite prescription to his patients is: You ought to have fun. The pace of modern living, even on the farm, demands some relaxation.

And as Doc says—fun is a personal thing. For the missus it may mean a movie or a good book; for Dad, a mellow and refreshing glass

of beer; and for the kids, parchees or the radio. Doesn't mean everybody has to like the same thing—so long as they relax, have fun, together, in the home.

Doc doesn't have much time himself. After a hard day, he'll relax before the fire with a glass of beer—and wait for the phone to ring again. And from where I sit, Doc deserves each well-earned minute of that relaxation.

The Patented EVERSMAN AUTOMATIC Land Levelers and Dirt Movers

Made in 4 Sizes—a Model for Every Farm Operation

Here's an ALL PURPOSE machine that you'll use year after year. The EVERSMAN will not only do your initial job of dirt moving and leveling, leaving your fields in perfect condition for irrigation and drainage, but it is a machine you need every year for maintaining contours and preparing seed beds.

The EVERSMAN is truly an AUTOMATIC leveler. It has the patented eccentric (crank) axle—when wheels go on high place the blade AUTOMATICALLY lowers to gather a load—when wheels go into a low place the blade raises to release enough dirt to fill. Front clod buster and rear smoother blade firms the surface as the machine moves along producing a finely pulverized seed bed while AUTOMATICALLY LEVELING. Also equipped with patented wheel lift for DIRT MOVING which raises and lowers the whole machine and gathers or releases a big load of dirt wherever you wish.

One inexperienced man driving your present tractor handles this ALL PURPOSE machine. Moves fast on rubber tired wheels. Inexpensive!

Lesson-Sermon which will be read in "Reality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 28.

The Golden Text is: "As for God, his way is perfect: the word of the Lord is tried; he is a buckler to all those that trust in him" (Psalms 18:30).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "All things were made by him; and without him was not anything made that was made" (John 1:3).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "All reality is in God and His creation, harmonious and eternal. That which He creates is good, and He makes all that is made" (page 472).

LITTLEFIELD WILDCATS DEFEAT TAHOKA, 40-0, IN SEASON'S OPENER FRIDAY NIGHT

A smooth-working bunch of Littlefield Wildcats went on a scoring spree here last Friday night to romp all over the Tahoka Bulldogs in the season's opener. Jim Foust's Bulldog eleven sported some hard-driving players, notably Joe Don Minor, 155 pound Bulldog back, who repeatedly hit the Littlefield line with as much tenacity of purpose as his team's name sake.

Jack Shelby, fullback, scored twice for the home team, with Jack Davis, Eugene McCannies, Travis Price, James Lee, and Billy Arends each scoring six-pointers to pyramid the score to 40-0.

From a sluggish start, the Bulldogs picked up speed in the second quarter, but it was the Wildcat's game from the outset. Twice, Coach Elkes pulled out his varsity and let his second string buck the Bulldogs. The freshmen did all right, too. Although they didn't score they got within sniffing distance of Tahoka's goal and held the Bulldogs at bay very competently.

Worthy of mention are Frank Cage and Billy Cowan who bid fair to make front-rank grid material with more experience.

Brookshire, Shelby Star

Van Brookshire took the Wildcat kick deep in his own territory and made 12 yards. His line plunge on the next play netted 4 yards. Don Akin's end plunge inched the bulldogs forward slowly. A Bulldog pass went bad. Hinkle tried too hard and the fumble was covered by Billy Sisson.

Littlefield spurred 20 yards on an end plunge by Price and a pass to Jack Davis.

Tahoka warmed up and presented a solid wall to the local boys. This forced the Wildcats to take to the air. A long pass was hooked by Brookshire on his 35 yard line.

Again Brookshire set out to bring home some bacon for the Bulldogs this time with a 10 yard line plunge. Big Joe Minor took the ball on the next two downs, but the feeble gain forced the Bulldogs to punt on their last down.

Shelby took off and made a 6 yard gain. Then James Lee spurred around right end on a 35 yard run to make the evening's first touchdown. The try for the extra point was good and the score stood 7-0.

Minor Shines

In two desperate plunges, Joe Don

Minor gained 12 yards before being tossed for a loss of 5 yards on the fourth down.

Joe Peel uncorked a 40 yard end sweep that took the Wildcats into the Promised Land where Jack Shelby scored. The try for the point was good, putting the tally at 14-0 as the quarter ended.

Hit hard by the Wildcats, Van Brookshire was taken out at the start of the second quarter. Gilbert Hough was sent in to replace him. Minor's punt moved the battle to Littlefield's 23 yard line. A 15 yard Littlefield gain was offset by a penalty of 15 yards for offside.

Price's pass to Davis was good for the third touchdown for the Wildcats. This time they failed to make the point, setting the score at 20-0.

The second string went in and let the big boys rest. They didn't gain, but they didn't give.

The harried Bulldogs skirmish was marked by a 26 yard run, a 5 yard penalty for being offside, and a fumbled pass. The half ended with no further scoring by either team.

Tahoka kicked to open the third quarter. Davis took it on his 30 yard line as the Bulldogs closed in. Shelby's punt was nabbed by Hinkle.

Bob Boyd's long aerial to Kenneth Reed was good and netted the Bulldogs 25 yards. Tahoka seemed to like the ozone and tried another pass, but this time the wary wildcats were ready and the attempt was intercepted by Warren Rutledge.

Two end sweeps and a pass shot

the Wildcats ahead for a 30 yard gain. The Wildcats did better on the ground this time. End runs and line drives moved them down the field. Tahoka was penalized five yards for offside.

Price's pass was not completed. Changing tactics, Price ran it around right end for a 4 yard gain. Arends took the handoff on the next play and scored. The try for the extra point was no good. Score 26-0.

Defeat Complete

Van Brookshire hurtled through the Wildcat wall to a gain of 7 yards in the next play. Then the Bulldogs took to the air, but Minor's pass was incomplete. Tahoka covered and retained possession of the ball. Brookshire's line plunge ended in no gain and the Bulldog's tried another pass which was incomplete. The Bulldogs were forced to kick.

On the next play Arends ran it around right end for a five yard gain. Shelby's center plunge ended the quarter with no gain.

As the final stanza started it was Littlefield's ball. Price's long pass to Gene McCannies was good and the Wildcat end trundled it home. The try for the point was good. Score 33-0.

Brookshire took the kick and made five yards. Three times the Bulldogs tried plunges through the relentless Littlefield line, then were compelled

to shoo out the invading wildcats with a punt.

A long pass from Price to McCannies took the Wildcats within one yard of the goal line. The neat trick was marred by a 20 yard penalty for holding. Jack Shelby took off on a 30 yard right end run to make the last touchdown of the evening. Littlefield's try for the point was successful and made what was the final score: 40-0.

For the Wildcat Varsity, the game was over. Littlefield's second string went in to keep the Bulldogs busy.

The little Wildcats put up a good scrap against the Bulldogs in the last few minutes of the game. The winded, defeated Bulldogs had lost heart and the non-conference clash was over with a heavily one-sided score.
