PEOPLE FROM MANY STATES WILL ATTEND CAMP MEETING TO BE HELD ON CAMPUS OF LITTLEFIELD COLLEGE

CORNER STONE WILL BE LAID TUESDAY

Next Tuesday afternoon at two o'clock the corner stone of the Littlefield College administration building will be laid with appropriate ceremonies the program to be participated in by college officials, city officials and members of the county at large. Business houses here will be closed for one hour during the ceremony, and all persons are invited to attend.

Preparations have been about completed for the big camp meeting to be held on the college grounds commencing tomorrow, Friday, August 17.

A large tabernacle has been covered, light lines run about over the grounds, arrangements made for campers to be located in regular rows, and all details completed for accommodation and comfort of campers.

Campers are to be furnished a grassy place for their camp, water and fuel, and will be given access to the dormitories, which have been completed, in case of rains. O. Conner, business manager of the college, who is probably more responsible for the possibility of such a large gathering than any other one man, concludes seeing people here from

many states during this meeting and says it is not only to be an enjoyable occasion for those who are interested in hearing the feast of good things in store for them from a social and spiritual standpoint, but that it will be a means of putting Littlefield with its educational and other advantages on the map in a way that it will be known from coast to coast and from Canada to Mexico.

There are to be a large number of preachers here who are among the best—men who are not only good speakers, but men who have a message of love, good will and glad tidings for the people. Good singers will also be here, and gospel singing will be one of the main features of the meeting. There will be two, and possibly three services each day. Everybody invited to come, and camp and attend each service.

ADAMS APPOINTED FARM AGENT FOR COUNTY OF LAMB

A. Adams, of Post, former assistant farm agent of Garza county, today elected farm agent for Lamb county, at the regular meeting of the County Commissioners held in the city last Monday.

Mr. Adams attended the meeting in company with Sterling C. Evans, district farm agent for the South Plains, at which time the financial details of the appointment were discussed and contract signed. Adams will begin work in this county tomorrow.

Commenting upon his new assignment, Mr. Adams stated to a Leader representative that he considered himself fortunate in being assigned to Lamb county, as he had been watching the growth and development of the county for some time past, and confident there were wonderful opportunities here. One of the first things he will be interested in will be seeing exhibits for the fall fairs coming on, and he wishes every farmer and truck grower to begin to select and give special attention to the various commodities they can furnish for these exhibits.

In account of recent excessive rains, Mr. Adams states should the farmers of this section begin to experience any difficulties with worms on their cotton, to write him at Post, Texas, and he will be immediately to direct such campaign against them as may be necessary.

Mr. Adams is a graduate of A. & M. college, class of 1925, and since that time has been actively engaged in this kind of work.

EVANGELIST DUNN DRAWS BIG CROWDS IN REVIVAL MEET'G

In spite of the inclement weather, large crowds have been greeting G. A. Dunn, Jr., of Dallas, Texas, and there have been five to respond to the invitations extended. Visitors have been present from Winters, Anton, Amherst, Levelland and O'Donnell. Mr. Dunn is speaking each day at 10:00 a. m. and 8:30 p. m. in the tabernacle on Main street, in a series of meetings being conducted under the auspices of the Church of Christ.

The speaker is barely 24 years of age, but has preached from Texas to New York and from New Mexico to Florida. Only recently he traveled in Europe, Africa, and Asia, with a special study of the Holy Land. By request Mr. Dunn will speak Sunday at 3:00 p. m. about some of his "Foreign Travels." The public is urged to be present at each service.

HEMPHILL IS TO COACH AND TEACH IN SPUR SCHOOLS

Kenneth Hemphill, of this city, stellar basketball man and graduate this year from Texas Tech., college, Lubbock, has accepted the position of Coach and teacher of science at the Spur high school.

Other graduates from Tech., this year to have similar positions are: quarterback for the Matadors, who is Marlin R. Hayhurst, three years to be coach at Brownfield; Winfield Nicholas, fullback and captain of the first Tech squad, who will go to Tahoka, and J. R. Dennison, Matador linesman, who will teach at O'Donnell.

PRESBYTERIAN AUXILIARY

Mrs. A. C. Chesher was hostess Tuesday afternoon to the ladies of the Presbyterian auxiliary.

Mrs. W. G. Street led the devotional and Miss Lula Hubbard had charge of the lesson on "China." Miss Hubbard was assisted by Mrs. W. H. Rutledge and Mrs. Kluck.

Refreshments of punch and cakes were served to Mrs. Bob Smith, Mrs. W. H. Rutledge, Mrs. Doc Miller, Mrs. M. M. Brittain, Mrs. Kluck, Mrs. E. A. Bills, Mrs. J. S. Hilliard, Miss Lula Hubbard, Mrs. Crawford, a visitor and the hostess.

The ladies will go next Tuesday to Mrs. Tom Arnett's ranch home in an all day meeting.

A street sweeper found a package of gems worth \$1,500 in a New York street, where it had lain unnoticed for four days, and restored it to its owner.

Valid Excuses For Not Getting Ahead Today Are Indeed Rare Says an Expert

By S. W. STRAUS, President, American Society for Thrift

Great changes have taken place within the last few years as the result of which a higher standard of living is being maintained by people everywhere. The automobile and the motion picture have revolutionized conditions within the last quarter of a century while the radio of more recent development has been equally as powerful in changing the lives of the people.

Aviation has not yet reached the stage where it greatly affects the personal lives of the public generally but as time goes on and distance more and more is annihilated, the aeroplane will exert a tremendous influence on the personal lives of all of us.

While those are the more spectacular forms of progress there are countless other innovations that have united to change completely standards of living as compared with those that prevailed at the beginning of the present century.

Today persons in the most humble circumstances have comforts and conveniences which a few decades ago would have been considered luxuries. Life in every way, so far as it is influenced by the inventive genius of man, is more pleasant than ever before. We are indeed living in a golden age.

Similar progress has been made in the science of personal economics. The service extended to the average family today by savings banks and investment houses makes it easier for them to save scientifically than ever before. Budget systems have been worked out and children are not only being taught to save through the school savings banks but they are being taught in the classroom the deeper meanings of thrift. There are opportunities for investment today which did not exist twenty-five or fifty years ago and those who are doubtful as to proposed investments have every facility for investigation.

In the days of our forefathers when every comfort was dearly bought and when life held few luxuries, saving called for a vast amount of pluck and stamina. Today, life's conveniences and comforts are so easily obtained and there are so many helpful facilities for those who want to save that valid excuses for anyone not getting ahead are indeed rare.

A BIRTHDAY PARTY

Mrs. C. G. Clark entertained a number of young folks with a birthday party last Monday afternoon, honoring her daughter, Ora Katherine's, eleventh birthday.

The children gathered at the Clark home at four o'clock, each bringing useful and dainty little gifts to the honoree. Various games and exercises were enjoyed by all and at 5:30 they were called into the house where a beautiful birthday cake, which was covered in white icing and decorated with eleven green candles in pink holders was placed on the table. After the children had blown out the candles, the cake was cut into eighteen slices and served with a dish of vanilla ice-cream to those present.

The following guests were invited: Bernard Lambert, David Keithley, E. J. Foust, Bobbie Pierce, Linton Smith, Ernest Connell, Joe Billy Ellis, Oline Robbins, baby Clyde Willis, Wilda Courtney, Alice Lynn Street, Opal Yeary, Eula Mae Cox, Joyce Griffin, C. G. Clark, Jr., Reed and C. W. Clark, and the honoree.

GET TWO AT AMHERST

The hand of the law in the person of Sheriff Len Irvin and Deputy Walraven clamped down upon Henry and Bill Tull, of Amherst, last Sunday, when they found several bottles of beer in their residence, also several bottles that had been recently broken, according to Irvin.

Both men were taken to jail in lieu of bonds, after charges had been filed against them.

COLLEGE NEWS

Roy E. Hazelton, who will have charge of High school sciences in the college this year, was here a day or two this week. He was accompanied by his wife.

The finishing touches are now being put in the girls dormitory, and visitors will soon be able to see what a splendid building this is to be. The boys' dormitory is to be finished practically the same.

Most of the excavation for the basement and foundation of the administration building has been completed. The basement will be about three feet in the ground and about seven feet on top. There will be two stories above that.

A large auditorium has been constructed to be used during the camp meeting which is to commence Friday, August 17th and continue 10 days or longer, after which it will be floored and sheet-rocked and converted into temporary class rooms to be used until the administration building is completed.

Miss B. Angie Boyle is now classifying the library in one of the rooms in the east dormitory, getting it ready for the opening of school. Miss Boyle will be at the head of the English department of the college, and there is probably not a better instructor in English to be found. She was with Gunter College for many years.

Work has commenced on the construction of the president's home, north and a little west of the girl's dormitory. This is to be a seven-room residence of Spanish design finished in stucco. Three other teacher's homes are to be constructed on the campus.

TEMPORARY INJUNCTION FILED RESTRAINING HOTEL BUILDING

On application of the Littlefield City Commissioners, through its attorney, E. A. Bills, a temporary injunction was granted against E. H. Flynn, this city, by District Judge Charles Clements, of Plainview, restraining building addition to his hotel on Main street.

The petition for injunction stated that Mr. Flynn was appropriating public property for private usage and was violating a city ordinance relative to fire-proof construction.

Final hearing on the injunction will be heard in the November term of district court.

Rankin.—The Commission form of government has been adopted at Rankin, and R. C. Harlan elected first mayor.

C. OF C. SECRETARIES TO MEET AT LUBBOCK, TUESDAY

Every chamber of commerce secretary on the South Plains is expected to gather at Lubbock, Tuesday morning, August 21, for the semi-annual meeting of the South Plains Commercial Executives Association.

Several successful chamber of commerce secretaries from various sections of Texas will appear on the program. Besides the secretaries, the presidents and a number of directors from each chamber of commerce on the Plains are expected to attend the meeting.

The meeting will start at 9:45 Tuesday morning. At noon, the Lubbock Chamber of Commerce will be host to the visitors at a luncheon. The meeting will adjourn at 4:00 o'clock in the afternoon.

The program includes talks of general interest to the chamber of commerce secretaries on the South Plains.

ENGINEERING BLDG. FOR TECH. GETS FINAL TOUCHES

Lubbock, Texas, Aug. 14.—Workmen are putting the finishing touches on the new engineering building of Texas Technological College which will cost with equipment approximately \$300,000. The new structure will accommodate laboratory and class room instruction in architectural, civil, electrical, and mechanical engineering, and engineering drawing. The textile building which has been housing all the engineering school will now be devoted exclusively to the textile department.

The new building will be used beginning with the opening of the fall term September 24, making it possible for the engineering school of Texas Technological College to offer courses of instruction in its various departments in as satisfactory a manner as may be done by any other institution in the country.

LITTLEFIELD vs. SUDAN

A snappy game, resulting in a score of 24-10 in favor of the home team, was played here Sunday afternoon between Littlefield and Sudan baseball teams.

Black, Mueller and Deaver comprised the Littlefield battery. The feature of the game was heavy hitting on the part of Littlefield players, Huebert and Alvin Mueller leading in the swatting. In the fifth inning Huebert Mueller got a home run.

Littlefield and Amherst will play here next Sunday afternoon and both teams have been considerably strengthened for the coming game.

Amherst defeated Shallowater Sunday in a score of 9-4.

BRIDGE CLUB MEET

Mrs. W. G. Street was hostess to the bridge club last Thursday at her home in Littlefield.

The house was artistically decorated in cut flowers and five tables of bridge were at play.

Ice cream and cake were served to those present.

DOZIER CONS. CO. MAKE ADDITIONAL PAVING CONTRACT

W. E. Dozier, Austin, of the Dozier Construction Co., who are now paving Main street in Littlefield, was here the first of the week and entered into a contract with the City Commission to do the additional paving on X I T drive and West Third street. He stated the work of putting these streets to grade would be started this week and followed immediately by the curb and gutter crew.

This work is to be done at the same price of the first contract.

Mr. Dozier stated that no paving would be laid on any of the streets until after all the curbs and gutters had been installed. The specifications and blue prints for these streets are now being prepared by Engineer Upchurch, employed by the city.

Mr. Dozier stated that it would probably be sometime before the contract for the paving of the State highway Department would sit in on the letting, and the necessary red tape incident to final action would probably delay it several months.

W. G. STREET TO TAKE CITY JOB OF CUNDIFF RESIGNED

E. C. Cundiff has resigned the office of city secretary and W. G. Street has been appointed his successor, the change effective yesterday. The auditing of the accounts were made by Messrs. Cundiff and Street, Commissioner C. O. Stone, representing the City, and found to be correct.

With the exception of about two months, Mr. Cundiff has been city secretary during the entire life of this municipal corporation up to the present time. A skilled accountant, and congenial gentleman, he has added zeal and industry to the task, carrying on his work in a business like manner that has been highly acceptable to the citizenry generally.

Mr. Street is one of the older citizens of Littlefield, having come here about 15 years ago when the infant town was still wrapped in its swaddling clothes. During that time he has been one of the leading business men of the city, at one time serving as a Commissioner. His capability and familiarity with the work of the office and the needs of the city bespeak for him a fitting successor to Mr. Cundiff and a qualification for service which, in all probabilities, could not be duplicated in the city.

AMHERST TO CELEBRATE

Great preparations are being made for the fifth annual celebration to be held in Amherst Friday and Saturday of this week, when it is confidently expected more than 5,000 people from over this section will attend.

On the program of entertainment there will be a rodeo, horse racing, dancing, carnival, baseball games and airplane stunts.

Many people from Littlefield and surrounding community are planning to attend.

SORRY, Jane, but I simply can't go into town today. This is my Kitchen Club day, and I never miss a meeting if I can help it.

"Kitchen Club, Nancy?" came the voice at the town end of the telephone. "What kind of a club is that? I can't imagine an artist's being interested in kitchens!"

"Well, for one thing, idiot, it's shown me that it takes a greater artist to keep house than it does to paint pictures. You catch the next train, and come out here, and I'll take you to a meeting."

The Kitchen Club to which Nancy Gordon and her neighbors belonged was quite an unusual development for a suburban group of modern young women, most of whom were artists or writers in addition to being the wives of "rising" young business men.

It had grown out of a visit they made to the rectory, to fix up the kitchen there before the new rector and his wife came. Nancy had suggested a new color scheme; someone else had rearranged the furniture; others had stocked the shelves with good things to eat. And before they were through, all the women were envying the rector's wife her new kitchen.

One of them said: "I wish you girls would come over and help me dress up my kitchen." And that began it. They went, made suggestions for improving the kitchen and received in return some most delicious refreshments with the recipes written out for everybody to take home.

After that it became a regular institution, every meeting bringing out new ideas for kitchen improvement, and new recipes. There were no officers, except that each member acted as secretary, writing up in a "Kitchen Club Notebook" the new ideas she received from the other members.

LEAVES FROM NANCY'S KITCHEN CLUB NOTEBOOK

If Jane will come out here often, she will get ashamed of giving her husband delicatessen stuff, and will cook him some real food. Mrs. Gray served us the most delicious refreshments this afternoon. Here are the recipes:

New Recipe for Chicken Salad

Dice the meat from one chicken boiled tender, and salted before it is removed from the fire. Add three chopped hard-boiled eggs, one cup diced celery, one-half cup chopped sweet pickle and three-fourths of a cup of freshly toasted, salted nuts. Season with salt, celery salt and pepper. Mix with enough olive oil mayonnaise to moisten.

Cheese Tea Biscuits

- 1 quart flour
- 1 teaspoon salt
- 1 teaspoon baking powder
- 1 scant teaspoon soda
- 1 lump of lard the size of an egg
- 4 tablespoons grated cheese
- Buttermilk to make soft dough

Bake at once in a quick oven. She uses a live heat oven which can be set over one burner of an oil or gas stove, leaving the rest of the stove free for other cooking.

Rearranging an Old-Fashioned Kitchen

Mrs. Gray's kitchen was so large that she wore herself out trying to get around in it. We suggested two things: to group all her furniture in one end, using the other end for a breakfast room; or to put up a wall-board partition, making a separate room to be used for a breakfast room. She decided on the latter. Sketch shows how it will look.

Mrs. Gray has a new kind of covered broiler that cooks meats on both sides at once. It's used on top of the stove. The cover keeps odors from spreading. She says the broiler is fine for baking biscuits as well as for broiling.

LFD. BAND BEING ORGANIZED BY C. R. LAM, ABILENE

The Littlefield Band is again a reality. It will be only a matter of a few weeks until the citizens of Littlefield and the surrounding territory can drive into town Sunday afternoon and enjoy an open air concert. Or the crowds which are in the business section on Saturday afternoon may be surprised by the sudden appearance of a brass band on the various street corners, according to Conrad R. Lam, who is effecting the organization.

After several weeks of deliberation those who are interested in the proposition have made definite plans, and one meeting has already been held. The band will have the next meeting Thursday evening, at 8:15, in the basement of the Presbyterian church. The first few rehearsals will be at this place, and will be held regularly on Monday and Thursday nights.

At present, Mr. Conrad R. Lam is serving as director. It will be remembered that Mr. Lam is the director of the Sudan and Amherst bands, which played in this city on two recent occasions. The director's band experience includes four years with the famous Cowboy band of Simmons University, which was recognized this year as the best band at the West Texas Chamber of Commerce Convention. During the latter part of this period, he played first-chair solo cornet with that musical organization, accompanying it on its extensive tours over the South. In the recent school year, Mr. Lam was in the graduate school of Yale University, and played with the large band asso-

ciated with that institution. Special attention is called to the fact that a class of beginners is being formed. It should be remembered that it is very seldom that such an opportunity is offered for those who have never had musical training to receive instruction on the various band instruments.

Following is the tentative personnel of the band. It is to be understood that this is by no means final. Certain changes will be made, and it is expected that other additions will swell the number to 35 or 40 within the next few days.

DIRECTOR—Conrad R. Lam.
CORNETS—J. W. Keithley, Jimmy Timian, Travis Jones, S. J. Farquhar.

ALTOS—Ralph Gillette, Curtis Heard, David Keithley, Tilden Wright.
BARITONE—Jess Mitchell.

CLARINETS—Gus Davis, Vesta Henson, Josephine Glenn, Kenneth Houk, Pauline Bruce.

TROMBONES—Walter Timian, Emil Timian, Mr. Grow, Bernice Wales, Lois Farquhar, T. H. Buckingham.

SAXOPHONES—J. K. Baze, Ruth Mitchell, Maurine Irvin, Willie Rombach, L. W. Dobbs, Tom Singer.

BASS HORNS—D. A. Adams, Lee Harris, Clay Pumphrey.
BASS DRUM—Driscoll Irvin.

WHY I CAME TO LITTLEFIELD!

I drove throughout the nation
Prospecting far and near,
To find a good location,
At last I found it here.

In Littlefield, I want to dwell,
And watch it grow to fame,
I'm here to help you buy and sell
I know the selling game.

For years I've been an auctioneer,
I've sold most everything,
And now I'm going to sell it here
Inside the auction ring.

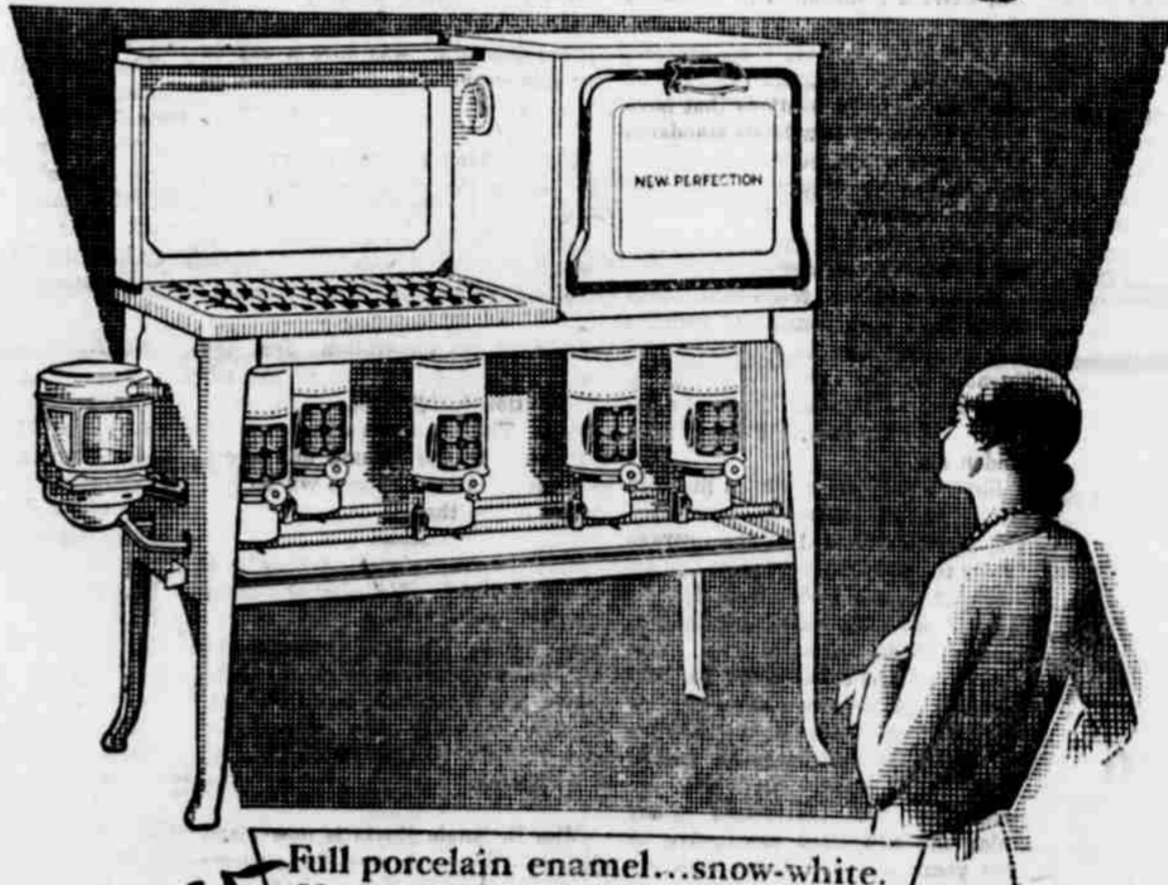

Our town is growing every day,
Our farms show splendid yield,
I tell you folks, I'm here to stay,
My home is Littlefield.

Sunday, 11:00 o'clock "Heaven."
Last Sunday our lips repeated Jesus, "This was the Lord's day and is marvelous in our eyes." (Mat. 12:9).

Many said it was the greatest demonstration of power ever witnessed in a regular weekly service. A visit from Amarillo, a railroad man, happened in for the morning service and was gloriously saved to his God, his family and his church. The pastor immersed him, with four others who came Sunday, in the name of the triune God. The theme for the sermon was, "A Lost Sheep."

We are fervently praying that our baptism shall scarcely become a thing between baptisms. By this blessing means we continually keep before saint and sinner what Paul describes in 1st Cor., 15:1, as the "Gospel," namely: The death, burial and resurrection of our blessed Lord.

There is a feeling of soul passion, supplication, waiting, love, fellowship and unity between us like unto the ointment on Aron's beard that ran down even unto the hem of his garments. We are laying plans for a revival—rather the extending of the one that has been sweeping our hearts for months. Since old Father Time hung up the sign "1928" this worthy pastor has "buried with Christ in baptism" (Romans 6:4) 50 regenerated souls, and 60 have come by letter. God be praised! No sign, trap method, but a clean cut Godly sorrow-repentance salvation that will avail when this world is on fire.

Brothers, irrespective of denomination, this is to call you to prayer for an old time prayer bought, heaven sent, Holy Ghost revival in our progressive little City of Opportunity.

May this season find every church afield for the lost, putting on an aggressive front and storming the battlements of Satan.

—ROY A. KEMP, Pastor.

WHY does CONOCO AMALIE have such Expert Endorsement?

It must be an unusually good oil to
have the unqualified endorsement of
the designers and builders of engines
used in 207 automotive vehicles.

But no wonder these experts favor Conoco
Amalie! Made from Pennsylvania
Crude and made a better way, Conoco
Amalie does a 100% lubricating job.

It retains its viscosity under practically
all operating conditions—thus sealing
the pistons and greatly reducing crank-
case dilution—the cause of so much
costly wear and tear on the motor.

If you really want your motor correctly
lubricated, Conoco Amalie will do the
job.

VARIOUS PLANS TO STEAL TIME AND MONEY FROM THE UNWARY

Bankers Association Official Tells How Young People
Are Fleeced in "Hokum Pokum" Movie Schemes—
The Investor Loses Savings by Listening
to Messrs. Slick and Smooth.

By W. R. MOREHOUSE
Public Relations Commission, American Bankers Association

THE fabulous salaries paid stars of the first magnitude, and
the publicity of the "movies" naturally create longing in
the breasts of thousands of our young Americans to get into
motion pictures. Because so many are ready
to leave home, and risk everything on a
fling at motion pictures, unscrupulous per-
sons have devised ways of fleecing these
ambitious young people out of their sav-
ings. "Hokum-pokum" schemes of various
kinds are used with great success. Fake
courses in the art of acting before the
camera, fake courses on how to make-up,
fake registration gags and screen tests, are
among the schemes used to separate these
thousands of young people from their cash.

W. R. MOREHOUSE

The pilgrimage to the motion pictures
centers by thousands of novices usually ends
disastrously for the pilgrims. Naturally a
few are successful, but only a very, very
few, the ninety and nine meeting with dis-
appointment. The truth is, the number of
persons who seek to "break into" the movies
exceed the number of available positions by
one hundred to one, while in the realm of popular stars it is
thousands to one.

Don't be misled by the promises of promoters of hokum-
pokum schemes that there is room
for all, because this last year over
100,000 young people knocked at the
door for admission and were turned
away because there was no room on
the inside for them. Consult your
banker or address the National Better
Business Bureau, New York City, for
information or advice regarding any
enterprise that seeks to gain posses-
sion of your money. They will give
disinterested counsel before it is too
late.

Also let every investor approached
by either Mr. Slick or Mr. Smooth
with a proposition yielding big divid-
ends remember that such assurances
always spell financial danger ahead.
To every investor who is inexperi-
enced in making investments, in other
words perhaps just a little green and
perhaps a little too easy, any offer
coming from this source should be
like a red flag warning to come to
a complete stop.

Such investments as Mr. Slick or
Mr. Smooth offer are too good to be
true and therefore they are not true.
Slick, Smooth and Company are not
miracle workers although from their
sales talk you would infer that they
could make you rich as if by magic.
No, they are not miracle workers—
just slick and smooth.

The Estate Gag

Twenty-four "estates" representing
\$½ billions of dollars have been used
as bait to interest a lot of savers and
finally bleed them of their savings.
The scheme is built around a sup-
posed search for the heirs to certain
phantom estates. At all costs these
heirs must be found. Every person
who can by any hook or crook, figure
it out that he is in anyway related to
the deceased are urged by some shy-
ster lawyer or genealogist to send in
their names and their life history.

Soon they receive glad tidings tel-
ling them that their family tree can be
traced back to the deceased. In fact,
they are a direct descendant and an
heir at law.

Like fake raffles everybody who re-
sponds to the search is found to be a
winner—in other words a "heir." Here
is where the rainbow chaser gets
trimmed. Before his claim to the
mythical thousands can be pressed so
as to insure success a demand is made
on him to advance attorney's fees and
pay the expense of tracing through his
genealogy.

THE NEW FARMING ACCOUNT SCHOOL

The good business farmer today
watches his farm accounts carefully.
In respect to his labor, his farm stock
and his soil, he knows what they can
do and how they can be most profit-
ably handled. He knows the mathe-
matics of growing feed from the soil,
pigs and poultry from the feed and
cash profits from pigs and poultry.
He knows whether he is milking the
cow for paying returns or the cow is
milking him out of his invested capi-
tal. Wherever his accounts show a
deficit or insufficient profit on one or
more items, he immediately studies
to overcome the handicap and cor-
rect any mistakes that have been
made.

The Agricultural Commission of the
American Bankers Association is con-
ducting a nationwide educational cam-
paign for better methods of farm ac-
counting. The commission has been
stressing the wisdom of country bank-
ers through cooperation of county
agents, calling farmers together, and
holding account schools where instruc-
tion is given on the use of the farm
account books.

Each person is led through the vari-
ous steps in keeping accounts and
each enters his own inventory which
he has previously been instructed to
take and bring to school. This gives
a good start and when properly fol-

lowed up by letters and an occasional
visit by the specialist in charge, great-
ly aids the man who is really in
earnest to come through his first year
of keeping accounts successfully.
Many times country banks offer the
rooms for holding the account schools.
In some instances, an employee of the
bank is designated to assist farmer
patrons during the year in keeping
their accounts.

How to go broke farming

HOW TO GO BROKE FARMING

1. Grow only one crop.
2. Keep no livestock.
3. Regard chickens and a garden as nuisances.
4. Take everything from the soil and return nothing.
5. Don't stop gulches or grow cover crops—let the top soil wash away, then you will have "bottom" land.
6. Don't plan your farm operations. It's hard work thinking—trust to luck.
7. Regard your woodland as you would a coal mine, cut every tree, sell the timber and wear the cleared land out cultivating it in corn.
8. Hold fast to the idea that the methods of farming employed by your grandfather are good enough for you.
9. Be independent—don't join with your neighbors in any form of co-operation.
10. Mortgage your farm for every dollar it will stand to buy things you would have the cash to buy if you followed a good system of farming.—Division of Extension, University of Tennessee.

IMPORTANCE OF THE HOME STRESSED BY EXPERT

College Station, Texas, August 14.
An architect may design the house, a
gardner landscape the grounds, but
those who dwell within make the
home. Mrs. O. B. Martin, wife of
Director Martin of the Extension
Service, A. & M. College of Texas,
told the homemaking group at the
nineteenth annual Farmers Short
Course in session here. Mrs. Martin
was formerly a home demonstration
agent in Mississippi.

Much has been done in Texas in
home improvement through various
contests to stimulate the beautifica-
tion of house and grounds, the speak-
er said. Among such contests she
cited the state wide improved living
room contest, contests in better kit-
chens and improved bed room contest,
all of which, she pointed out, have
created widespread interest and far
reaching results. "Home demon-
stration work has opened up the way for
this ideal home where mother and
daughter of the rural sections and
elsewhere can improve the home with
their earnings from dairy cows, by
raising poultry, flowers, garden truck,
by orchards and the like, thereby
making for a more balanced and
wholesome diet in the home and at
the same time selling the surplus to
provide more money for the improve-
ment of the home they have talked
and dreamed about."

The home should be a place of
beauty, so attractive that every pass-
ing stranger inquires "Who lives in
that lovely home?" Mrs. Martin said.
An inviting looking home elevates
and inspires one, lifts his heart with
a glad, gay feeling that the world is
a good place in which to live, and so,
the speaker said, while we may not
realize it, we are raising the stand-
ard and adding to the gaiety of nations
as well as improving our own condi-
tions of life when we make of our
homes pleasant, attractive places.

"A home is the first thing a couple
should invest in and should be the
last thing to be given up," she said
in closing.

SEVEN CHANGES ARE MADE IN PONTIACS

There are seven improvements de-
signed to make the new series Pontiac
Six more powerful, faster and more
flexible of operation, according to Ot-
to Jones, of the Jones Motor Co., who
have just received some of the new
models.

"Major changes include a new car-
buretor, new intake manifold, new
air deflector, higher gear ratio larger
tires, smaller wheels, and smart new
Duco colors on the sport landau sed-
an.

"Outstanding among the new im-
provements is a one-inch carburetor
of the approved type used on the
Oakland All-American Six. Not only
is it simple of adjustment and more
accurate than the old type, but in-
creased speed, power, acceleration and
fuel economy are achieved by its use
in conjunction with the new manifold
and gear ration. Connected with the
carburetor is a new mushroom type
air deflector," said Mr. Jones.

"The intake manifold has been
changed to accommodate changes in the
carburetor, and the rear axle gear
ratio stepped up to 4.3 to 1. Marked
improvement in every phase of
performance is instantly noticeable,
behind the wheel, with a higher top
speed and all ample reserve power at
all driving ranges.

Greater beauty and a big car ap-
pearance, in line with the current
vogue, is achieved by the use of
larger 29 by 5 inch balloon tires and
smaller wheels and ten sturdy spokes
and a larger even-and-a-quarter inch
hub flange.

Roaches live in colonies. If you
see one you know there are many.
Roaches are loathsome vermin. Pro-
lific breeders. There are medical
authorities who declare seventeen
different diseases are transmitted by
roaches. Roaches must be killed.
Spray FLY-TOX into cracks, crevices,
around water pipes, faucets and other
plumbing. Simple instructions on each
bottle (blue label) for killing roaches
and ALL household insects. INSIST
on FLY-TOX. It is the scientific in-
secticide developed at Mellon Insti-
tute of Industrial Research by Rex
Fellowship. FLY-TOX is safe, stain-
less, fragrant, sure. Easy to use.—

DOCTOR
FRANK
CRANE
SAYS

WHAT IS WORTH WHILE?

The difference probably between
the man of good judgment and the
scatter-brain is that the former em-
phasizes the important things and lets
alone the unimportant, while the latter
is equally in earnest about them
all.

A man has reached a great point in
his career when he can see a lot of
things that make no difference to him.
He has a certain end in view and only
appreciates the things that bear on
that end. Other matters make no
difference.

The line that divides the successful
man from the unsuccessful is usually
the fact that the successful man never
loses sight of the goal he has in view.

while the unsuccessful man runs hither
and thither like an ant. He has
activity, but it is largely waste mo-
tion.

Every once in a while you hear on
the street the expression, "What's the
big idea?"

The big idea seems to stand for the
main and informing purpose for which
anything is done or said.

The big idea is like the perfect de-
sign of the building in the mind and
the trestle board of the architect. He
gives to every man his work and puts
every piece of material in its place.

I have read some novels that seem-
ed to be a mere frittering away of my
time, for there was no dominant
thought about which they were writ-
ten.

Religious belief in a way simply
means that a man has some big idea
about his life, and all of his words and
deeds must conform to this plan.

Music is only merely a pleasant suc-
cession of sounds. It must have uni-
ty and form and individuality. There
must be a big idea behind it.

The idea is bigger than the man
that has it. A man becomes great
only when he allows himself to be ab-
sorbed in the idea.

Many people suffer because their
energies are frittered away. They
have no cohesive plan, and everything
they do is hit or miss. They never
amount to anything, because there is
no big idea behind them.

Search yourself carefully to find
your dominating desire, and see that
it is such as can merit your giving up
all your life to it.

Then you will come to success on
board a big idea when you never
would have attained it otherwise.

Negro Languages

In the primitive land, the negroes
speak several languages, each tribe
such as the Basutos, the Zulus, etc.,
possessing its own dialect. Negroes,
as a rule, when they reach a civilized
country, very quickly acquire the
language of that country.

Mexico Oldest City

The oldest city in the New world
is Mexico City, which antedates St.
Augustine by more than two centuries.
Mexico City dates from about 1325
A. D. when the Aztecs, looking for a
favorable site, saw perched on a car-
sus an eagle devouring a snake. The
omen was interpreted to mean that
his was to be the site of their city.

MEETING OF FARM
BUREAU IN LFD.
IS WELL ATTENDED

M. S. Hudson and son, M. S. Jr.,
of Hale Center, spoke in Littlefield
Friday, Aug. 10th in the Palace
theatre to an audience of between
250 and 300 people, who were inter-
ested in the new Cotton Bureau mar-
keting agreement now being introduc-
ed.

There would probably have been
500 people at the meeting if the roads
had not been so muddy.

Mr. Hudson, Jr., proved himself an
excellent reader by reading the new
marketing agreement to an attentive
audience, after which his father, the
director, answered a number of ques-
tions, making clear the changes in the
contract which includes a daily or op-
tional pool so the members will not
"have to wait so long for their money."

The members were asked to adopt
the new contract and a great majority
of them did, as 126 have been signed
and sent to the Dallas office after
three days soliciting.

Mr. Hudson wanted to know how
we got so many people out to hear
him every time he comes to Littlefield
which he said was the best interest
shown in any place in the six coun-
ties of which he is director.—Contrib-
uted.

laid away, rub them with mutton suet,
wrap well in paper, and they will not
rust. Be sure to use mutton suet, as
beef suet does not harden. When
taken out again and washed off, they
will be ready for immediate use.

NOTICE OF SALE

STATE OF TEXAS,
COUNTY OF LAMB

WHEREAS, by virtue of an Order of

JUST A CORRECTION

In the advertisement of A. G.
Hemphill, appearing in last week's is-
sue of this newspaper it stated: "Our
loan limit, so far is \$60.00 per acre
on farms and city property." The
statement should have applied to
farms only.—Ed.

AN EXHILARATING EFFECT

A bottle of Herbine on the shelf at

Today you demand infinitely more in your
automobile than you did five years ago. In
order to satisfy you, Oakland now builds the
All-American Six and the Pontiac Six with
greater care than ever before.

Oakland and Pontiac Sixes are built in fac-
tories constructed almost entirely within the
past two years.

Oakland is constantly discarding and replac-

JESS. MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, if matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

Charity shall cover the multitude of sins.—1 Peter 4:8.

You must have a genius for charity as well as for anything else.—Thoreau.

MONEY AND MUD

It's a costly proposition to be stuck in the mud. It's far better to pay a little more taxes and have good roads than to waste untold sums in lost time and repairs from encountering mud roads out of season. Getting stuck in the mud means extra gas and oil, used in trying to work out. When the trip is over the car has to be washed and clothes cleaned, and there are possibly bent or broken parts to be replaced. Valuable time too, has been lost.

When conditions are right a dirt road is a delight. But when dirt or gravel roads are not in good condition—that's a far different story, as any Littlefield motorist can tell you. It means that if you have a 50-mile trip over dirt, and gas is 25c a gallon, you will probably spend \$1.20 for gas. If the trip is on gravel, charge up 80c for gas. If it's on concrete, charge up 54c. So in the long run it is just as cheap to have hard-surfaced roads as dirt roads, for in addition to the saving in gas hard-surfaced roads can be traveled 12 months in the year, while dirt roads, as a general rule, cannot be traveled in rainy weather.

There is no country with better roads than it needs, or than it can have if it is willing to invest in them. Let us keep this in mind and not overlook the fact when it comes to actual dollars and cents the mud road is far more costly than the hard-surfaced road. Mud is worse than taxes anyway you figure it. So let's keep that in mind the next time we have occasion to pass upon a road proposition.

If Fashion has anything more freakish in styles than those now in vogue she had better trot them out now for she'll be a long time finding a generation as crazy as this one.

PLEASING THE PUBLIC

Pleasing the public as a whole is an impossible job for anyone, try as hard as they may. Fortunately, there are some folks we don't care whether we please or not. Just an illustration.

Last week the circulation collector approached a subscriber who owed two year's subscription for the Leader. He not only refused to pay his honest debt, but told the collector to "stop the d— paper." A woman who had been poaching on her brother's subscription, just expired last week, told the collector to stop it, as she never read the thing anyway and had no use for it only when she needed some paper to start a fire with or wrap up something.

On the other hand, there were 43 who gladly renewed their subscriptions and several new ones were also received. Incidentally, these two ex-subscribers will doubtless read this editorial which wasn't written to flatter them.

Some people dream of the day when ignorance shall be abolished, but it will be harder to get elected to office then.

THE ROAD-HOG

There have always been individuals who took no pleasure in living up to the definition of a gentleman. Every community has one or more of these

individuals who never pause to think of the comfort, ease or happiness of others, but who are wholly wrapped up in getting the best of everything for themselves. The road-hog is that type. He hogs the road as he hogs the best of everything he sees.

Just at this season they are more numerous, or at least we see their greediness more plainly, than at any other time. They are not confined to one community; they are everywhere, and the territory around Littlefield has its share of them.

No known cure for "road hogging" has been devised. Sometimes they cure themselves by biting off more than they can conveniently chew—an expensive wreck has cured many a road-hog. Like the chigger and the flea, they will probably always be with us.

But if anyone around here does find a method of putting theme out of business we will be glad to publish the method for the benefit of a long-suffering motoring public.

America is called the most prosperous country on earth, but you would never know it when passing the collection plate in church.

HOW IT STARTED

How many Littlefield people know how the word "farm" originated? We feel sure there are many in the neighborhood who do not, and since the farmer is much in the nation's conversation, especially during a presidential year, we're going to enlighten them.

We think of a farm as a place where vegetables are grown, cows are milked and hens lay eggs. Yet to "farm out" anything means to rent or lease something for a certain period at a fixed price. According to an article now going the rounds of the press, the present meaning of the word began to appear when a "farm" was a district of country or section of land leased or farmed out for the collection of government revenues. Then, logically following from this, a farm was a piece of land leased for purposes of cultivation. Today it is possible for a farmer to own his farm of course, and still call it a farm. It now means any piece of land used for agricultural purposes.

Back in the old days the southern farm was known as a plantation; the western farm was about the same as a range. But today the word covers all of these, in addition to specially production tracts which we call "chicken farms" and "fox farms" and so on. At any rate, we owe a great deal to the farm, no matter where it is located or by what name it is called. Learning a little something about them isn't going to hurt any of us and may be worth something to the politician, whose sole ambition, to hear him tell it, is to "do something for the farmer."

LITTLE LEADERS

It is said that shoes cost about the same in Littlefield that they do in Lubbock, but here one saves \$36.50 a year on shines.

Our idea of a miracle would be for a Littlefield woman to learn to love her husband's relatives as much as she loves her own.

Wonder what starch is used for now that there are so few petticoats and other things worn?

Every 64th person in the world now has an auto. That gives each motorist 63 pedestrians to shoot at.

One reason why we have so much trouble is because too many women would rather have a diamond necklace in this world than a golden crown in the next.

Most any Littlefield man can remember when supper never had to be delayed because Mother was at the barber shop getting her neck shaved.

Now it is claimed that the next war will be fought with insects. The last one was almost won by cooties.

Another Littlefield fellow to be pitied is the driver of a car who has to keep his eyes on the street when he longs to turn them on the loveliness passing along the sidewalk.

The average Littlefield woman is finicky about her appearance. But after she has been married a few years it doesn't take her so long to dress.

Another Littlefield man we feel sorry for is the one whose wife thinks he can hang paper or paint the kitchen as well as the fellow who gets paid for it.

Some Littlefield men are born kickers while others seem to kick on the theory that the wheel that does the most squeaking gets the most grease.

Times are growing better. We notice fewer Littlefield families keep photograph albums or buy crayon enlargements of Ma the year the folks moved to this state and before Pa lost his front hair.

JUDGE'S JOSH

"Quick, Bob, a wild cat's just run into the house with your wife!"
Bob: "Well, he'll jes' have to get out the best way he can."

Patient: "Doctor, I snore so loudly I wake myself up!"
Doctor Harris: "Why, that's easy to overcome. Sleep in the next room."

Hired Hand (mopping his brow): "Say Mr. it ain't much fun working with the thermometer 98 in the shade."
Jess Elms: "That's your worry. Anyone would be three kinds of a fool to hire a man to work in the shade in this country."

Ben Lyman had an heir born to him last week. It is said Ben has been wondering for the past nine months whether it would use a razor or a lipstick. Now he knows. It's name is William—after Grandpa Jeffries, whose rotund corporosity seems con-

siderably augmented with dignity since last Saturday.

MISSIONARY MEETING

The Ladies Missionary Society of the Methodist church met Monday afternoon with twelve members present.

The meeting was mainly a business session. They decided to put on a bake sale Saturday week, and they are planning on a play to be given soon, which will be "Widow Zander," a funny paper wedding.

Next Monday the ladies will meet at the usual time and visit the new members of the society.

SOME QUESTIONS

Lee Fraley: If a college professor receives \$3,000 a year and a prize fighter \$3,000 a minute, who's "goofy?"

E. H. Williams: If a muskrat is worth 75 cents on the hoof, what is a sealskin worth on a man's wife along about July 4th?

Landlord and Tenant

A tenant cannot claim redress from the owner of the house in which he lives or has his business because the erection of a building on an adjoining parcel has shut off light and air from his premises, unless provision is made for such emergency in the lease. The case is not altered even if the owner of the adjoining building is the tenant's landlord.

Bodies and Minds

Many things have been said, and very well undoubtedly, on the subject in which we should preserve our bodies to the government of our understanding; but enough has not been said upon the restraint which our bodily needs, (as ought to lay on the extravagant sublimities and eccentricities of our minds.—Edmund Burke

Timely Test

It is not enough for the people of a community to be of one mind," says the editor of the Tifton (Ga.) Gazette, "they also must be as one in action if the community is to go forward. Unity of thought, hope and expectation does not amount to much unless there also is unity of action."

LIVE STOCK NEWS
IMPROVE METHODS FOR RANGE SHEEP

Do you remember when the only in-
 vestment a sheep man had was in his
 camp outfit and in his sheep? Such a
 business could be managed to yield a
 profit by methods which would spell
 ruin if owned by the range sheep man
 today.

The sheep man of today must own
 or lease land to stay in the business.
 This land must be purchased or leased
 to maintain watering places, to con-
 trol and be assured of sufficient
 range, or produce feed for feeding. It
 is even necessary to own improved
 ranch property before a permit will be
 granted upon the national forests. In-
 vestments have also been made in dip-
 ping vats, warehouses, storehouses,
 lambing sheds and the like. All of
 these mean increased capitalization.
 A man with 800 to 1,000 breeding ewes
 can easily have an investment in his
 range business of \$12,000 to \$14,000.
 Such an investment requires man-
 agerial ability, and the adoption of
 modern and approved methods of
 range sheep management, which was
 not needed in the old days.

Aside from an increase in capital-
 ization, there has been an increase in
 the operating expenses. The sheep
 have been crowded out of the land
 which formerly afforded range, and
 now they must be fed hay during the
 winter. Labor charges have advanced,
 due to advances in the wage scale
 and also because the flocks have de-
 creased in size.

In order to realize a profit from the
 business it is necessary to increase
 the per cent of lambs dropped. A
 great loss of lambs is suffered from
 dropping to docking time. A range
 sheep man on the Colorado National
 forest had 20 per cent lamb loss dur-
 ing this time. He plans a lambing
 shed to reduce this loss. Many range
 sheep men have found that the saving
 in lambs soon pays for the cost of the
 lambing shed.—B. W. Fairbanks, Ex-
 tension Service, Colorado Agricultural
 College.

SHEEP PAY BEST OF FARM ANIMALS

When kept under proper conditions,
 no farm animal pays better than
 sheep, and there is new interest in
 the animals now as shown by the fact
 that nearly every breeder in North
 Carolina has sold out his supply of
 rams.

"The fact that sheep produce both
 a crop of lambs and a crop of wool
 adds greatly to their value and signifi-
 cance on the farm," says R. S.
 Curtis of the animal husbandry de-
 partment of the North Carolina State
 college. "The wool from a good sheep
 will pay for its keep, especially where
 the necessary feed is produced on the
 farm. In most cases from 20 to 40
 sheep is a sufficient number for the
 average farm. There is usually
 enough pasture going to waste to
 supply such a small flock of sheep
 during the pasture season, and it is
 easy to make provision for the win-
 ter feed."

Mr. Curtis states that sheep are not
 so different from other farm animals.
 "The two most serious problems be-
 fore the sheep grower are the roaming
 dog and the active stomach worm.
 The latter may be overcome by a
 change in pastures and the use of the
 bluestone treatment, while the dog may
 be frustrated by the use of corrals
 at night. Placing the sheep in the
 corrals is one of the necessary farm
 chores in good sheep practice.

"Other than these two things, the
 growing of sheep is a pleasant, sat-
 isfying and profitable job which most
 any member of the family may have
 in charge," says Mr. Curtis. "The
 flock may be built up by using a pure-
 bred ram on a flock of common grade
 ewes, and any farmer can follow this
 plan with little initial or subsequent
 cost. A net profit of \$320 per year
 can be secured from a flock of 30
 sheep, according to actual demon-
 strations."

Union's Two Capitals
 The Union of South Africa has two
 capitals—Cape Town, the seat of the
 legislature, and Pretoria, the seat of
 the government.

Mrs. Emma McMahon, 106 years
 old, of Kansas City, Mo., is a super-
 visor in a knitting mill, and helps to
 support her 70-year-old son, who she
 says "is too old and feeble to work."
 When Pierre Legniere, of Paris,
 boasted that he had wives in 30 towns

Mme. Legniere secured evidence that
 won her a divorce.
 The New York supreme court has
 ruled that when a man is sent to
 prison for life he is legally dead, and
 his wife can hold his property and
 marry again.

Miss Ethel Corley and James El-
 verton of Deal, Eng., eloped to marry
 swimming a river to reach a minister's

PROPOSED CONSTITUTIONAL AMENDMENT PROVIDING FOR A STATE BOARD OF EDUCATION AND RELATING TO TERMS OF SCHOOL OFFICERS.

H. J. R. No. 14.]

Proposing to amend Article 7 of the Constitution of the State of Texas by adding thereto Section 16, providing that the term of all officers of the public free school system, including State institutions of higher education, may be fixed not to exceed six years; proposing to amend Section 8 of Article 7 of said Constitution, authorizing the appointment or election of a State Board of Education to serve not to exceed six years; requiring said amendments to be submitted to the people for adoption and making appropriations therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Section 16 as follows:

"The Legislature shall fix by law the terms of all officers of the public school system and of the State institutions of higher education, inclusive, and the terms of members of the respective boards, not to exceed six years."

Sec. 2. That Section 8 of Article 7 of the Constitution be amended so as to hereafter read as follows:

"The Legislature shall provide by law for a State Board of Education, whose members shall be appointed or elected in such manner and by such authority and shall serve for such terms as the Legislature shall prescribe not to exceed six years. The said board shall perform such duties as may be prescribed by law."

Sec. 3. The foregoing constitutional amendments shall be submitted to a vote of the qualified electors of this State, at an election to be held on the first Tuesday after the first Monday in November, A. D. 1928, at which all ballots shall have printed thereon the following:

(1) "For the amendment to Article 7, adding Section 16, providing that school officers, including boards of institutions of higher education, shall serve for a term not exceeding six years."

"Against the amendment to Article 7, adding Section 16, providing that school officers, including boards of institutions of higher education, shall serve for a term not exceeding six years."

(2) "For the amendment to Section 8 of Article 7 of the Constitution, providing for the appointment of a State Board of Education."

"Against the amendment to Section 8 of Article 7 of the Constitution, providing for the appointment of a State Board of Education."

Each voter shall scratch out one of the above listed clauses on the ballot, leaving the one expressing his vote on the proposed amendment to which it relates.

Sec. 4. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election to determine whether or not the proposed constitutional amendments set forth herein shall be adopted, and to have the same published as required by the Constitution and laws of this State. And the sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election. Aug. 2, 9, 16, 23, 1928.

PROPOSED CONSTITUTIONAL AMENDMENT AUTHORIZING LEGISLATURE TO EXEMPT FROM TAXATION PARSONAGES, AND CERTAIN PROPERTY OF ASSOCIATIONS FOR RELIGIOUS, EDUCATIONAL AND PHYSICAL DEVELOPMENT.

H. J. R. No. 20.]

HOUSE JOINT RESOLUTION. Proposing an amendment to Section 2, Article 8 of the Constitution of the State, so as to authorize the Legislature to exempt from taxation any property owned by a church or by a strictly religious society for the ex-

clusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society, and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a State or National organization of like character; providing for an election upon such proposed Constitutional Amendment, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 2, Article 8 of the Constitution be so changed as to read hereafter as follows:

All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax; but the legislature may, by general laws, exempt from taxation public property used for public purposes; actual places of religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society; provided that such exemption shall not extend to more property than is reasonably necessary for a dwelling place and in no event more than one acre of land; places of corporate profit; all buildings used exclusively and owned by persons or associations of persons for school purposes and the necessary furniture of all schools and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a State or National organization of like character; also the endowment funds of such institutions of learning and religion not used with a view to profit; and when the same are invested in bonds or mortgages, or in land or other property which has been and shall hereafter be bought in by such institutions under foreclosure sales made to satisfy or protect such bonds or mortgages, that such exemption of such land and property shall continue only for two years after the purchase of the same at such sale by such institutions and no longer, and institutions of purely public charity; and all laws exempting property from taxation other than the property above mentioned shall be null and void.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1928, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words "For the Amendment to the Constitution of the State of Texas, exempting from taxes property owned by churches or strictly religious societies for the exclusive use as dwellings for the ministry;" and all those opposed shall write or have printed on their ballots the words "Against the Amendment to the Constitution of the State of Texas, exempting from taxes property owned by churches or strictly religious societies for the exclusive use as dwellings for the ministry."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution and existing laws of the State.

Sec. 4. The sum of Two Thousand Dollars (\$2000.00) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election. Aug. 2, 9, 16, 23, 1928.

PROPOSED CONSTITUTIONAL AMENDMENT AUTHORIZING LEGISLATURE TO GRANT CONFEDERATE PENSIONERS REGARDLESS OF DATE PENSIONER CAME TO TEXAS OR WHEN WIDOW

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51, of Article 3, of the Constitution of the State of Texas be amended so as to read as follows:

"The Legislature shall have no power to make any grant or authorize the making of any grant of public moneys to any individual, association of individuals, municipal or other corporations whatsoever; provided, however, the Legislature may grant aid to indigent and disabled Confederate soldiers and sailors under such regulations and limitations as may be deemed by the Legislature as expedient, and to their widows in indigent circumstances as may be deemed by the Legislature as expedient; to indigent and disabled soldiers, who, under special laws of the State of Texas, during the war between the States, served in organizations for the protection of the frontier against Indian raids or Mexican marauders, and to indigent and disabled soldiers of the militia who were in active service during the war between the States, and to the widows of such soldiers who are in indigent circumstances, and who are or may be eligible to receive aid under such regulations and limitations as may be deemed by the Legislature as expedient; and also grant for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy, under such regulations and limitations as may be provided for by law; provided the Legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas, a State ad valorem tax on property of seven (\$.07) cents on the one hundred (\$100) dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied, and provided further, that the provisions of this section shall not be construed so as to prevent the grant of aid in cases of public calamity."

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, A. D. 1928, at which all ballots shall have printed thereon "For the constitutional amendment authorizing aid to Confederate soldiers and sailors and their widows in indigent circumstances, and authorizing tax levy therefor," and "Against the constitutional amendment authorizing aid to Confederate soldiers and sailors and their widows in indigent circumstances, and authorizing tax levy therefor."

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The sum of \$5,000.00 or so much thereof as may be needed is hereby appropriated for the expense of publication of said Amendment. Aug. 2, 9, 16, 23, 1928.

GIVE CIRCUS PARTY

The Junior Endeavor society gave a circus party to its members and a few visitors last Wednesday afternoon. The invitations were cut out elephants with invitation written on his back.

As each guest entered they were given a paper bag and told to hunt animals. Louise Baird found the most. Then each child was blindfolded in turn and tried to pin Billy Whisker's tail in place. Winifred Crow was the lucky winner in this game. Then each was given a cut-up animal and had to put it together.

The dinner table was beautifully decorated with circus colors and bal-

loons, the center piece being a cage full of animals. Refreshments consisted of vanilla ice-cream cones turned up side down with small flag stuck in the top of the plate surrounded with crackers.

Twenty-seven members and visitors were present.

It is sometimes easier to step on another man's shoes than it is to be in them.

Amid all the fanfare of new car announcements, one fact stands out with shining clarity: *Owners of cars in every price field are turning to the Silver Anniversary Buick with an eagerness which proves that they regard it as the greatest value ever offered in the motor world!*

This radically new and different automobile is rolling up the biggest demand ever won by any new quality car. It is drawing more people to the showrooms, day after day, than any other automobile ever drew before. It is focusing the attention of America by quality-standards so new, so advanced and so epochal as to preclude any thought of comparison.

New Masterpiece Bodies by Fisher marking the highest degree of dashing, daring, debonair beauty—thrilling new abilities, as unmatched as they were unknown a few weeks ago—new appointments of luxury and convenience never before known to motor car practice!

America has seen plenty of automobiles. But America has never seen an automobile like this. "Just plain Wonderful" is the country's verdict on the Silver Anniversary Buick!

Folks, We're Glad We Are Here!

We have been coming up here for the past four years and have been wanting to locate here all this time. We have now taken over the CONTINENTAL OIL COMPANY agency.

This Company and its products need no introduction to you, for if you have used them you know they will give satisfaction. There is no better gasoline sold on the Plains than "CONOCO," and their oils will meet any competition they come against. Have you tried

Conoco AMALIE Oil?

If not you are missing a lubricating satisfaction that you are entitled to.

To the old customers of the CONTINENTAL OIL COMPANY we will say that it will be our aim to give your orders our prompt attention and to those who have not yet tried our products we will say that if you give us an order we believe we will be able to line you up as a regular customer. We know we have the quality products and we can show you that we will give you good service in delivering. **GIVE US A TRIAL.**
