

School's '61 Budget Increased \$30,000

Salary Boost Is Chief Reason

Littlefield schools will cost \$30,560 more to operate during the coming school year than last year, the school board has announced following approval of the 1960-61 budget at their meeting Monday night.

Budget for 1960-61 term totals \$580,017 as compared with \$549,457.71 for the 1959-60 school year.

Here are the reasons for the increased budget:

1. Teachers have been granted a flat \$117 annual raise.
2. An additional "floater" teacher has been added to the staff. ("Floaters" are teachers added above the state-aid quota for a school. Littlefield will have four such teachers this year.)
3. A repair man has been added to the maintenance staff.
4. A school bus note for \$10,000 is to be retired out of pupil transportation funds.

On the other hand the new budget calls for slight decreases in funds for fixed charges, for capital outlay and for debt service.

The board approved the budget after a lengthy step-by-step study which had seen a furniture and equipment item whittled from \$2,500 to \$1,937 and physical education cut from \$5,000 to \$2,000.

Biggest single increase, as had been expected, was in instructional costs which jumped from \$386,902.93 for the 1959-60 school year to \$414,256 for the coming year.

School figures are based on the period from Sept. 1 to Aug. 31.

Administration costs approved are down slightly for the new

Chamber Seeks Rental Units For Newcomers

With three construction firms moving into this area, Chamber of Commerce here sounded an urgent appeal Wednesday for rental property.

The Chamber's list of rental units is "practically exhausted," the Chamber said Wednesday.

Anyone having rental property was urged to call the Chamber headquarters as soon as possible.

Development Board Seeks To Ban 'Blind' Corners

The Littlefield Board of City Development reviewed park work safety measures and new business at their regular monthly meeting at a downtown breakfast Wednesday morning.

The group addressed a special letter to the mayor and city council regarding the parking of trucks in residential areas and the intersections in town that have shrubbery and weed obstructions. They felt that both could stand reviewing by the city in the interest of safety.

The group approved "new in-

dustry" sign for a new business now being constructed on the Clovis highway, the Littlefield Seed and Delinting Company.

In other action, the board discussed their work on a new park on east 6th near the water tower, and went on record in support of any program that might be organized to clean up the cemetery.

Attending the meeting were: Joe Wilson, B. D. Garland, Jr., Kenneth Reast, Elmo Jones, Nelson Naylor, Howard Horne and Harold Clements.

In their letter to Mayor Foust, the president, Elmo Jones, said "we discussed the parking of commercial trucks on our residential streets. As you realize any large vehicle parked in a residential area is a hazard to traffic. Some of these trucks parked on our residential streets are loaded with explosive materials."

"... Maybe it's going to be only a minor accident at a blind corner; it can possibly be avoided by clearing our intersections. The life of a child taken because the driver could not see it step from behind the large parked truck. How far can we press our luck? So far as I remember, we have never had a loaded truck explosion in our city."

The letter concluded: "The Board of City Development is proud of Littlefield and we seek your permission to assist you in correcting these two matters."

FURNITURE BLAZE—Fire which started in a work bench at the rear of the store did an estimated \$35,000 damage to Rodgers Furniture store Tuesday night. Two firemen, Mack Humphreys and Bill Weige, are shown above as they fought the blaze at the rear of the store.

Store Is Swept By \$35,000 Fire

Fire that originated in a work-bench at the rear of the store, left an estimated \$35,000 damage to Rodgers Furniture store Tuesday night.

Mr. and Mrs. Rodgers were in Denver on vacation. They drove all night to reach Littlefield early Wednesday, but had not completed surveying the damage. They were awaiting report by insurance adjusters. Mrs. Rodgers said she "hopes the loss will be covered by insurance."

During their absence their son, Gary, and S. A. Davis were running the store. A shortened plug on a work-bench in a storeroom at the rear was given as the cause of the blaze. A new truckload of furniture which had just been unloaded the rear of the building was described as damaged.

Damage to the building, which is owned by Less Hewitt, will be "around \$8,000."

Cotton Outlook Good Despite Dry Weather

Continued dry weather which is causing dryland cotton to shed part of its fruit, was given Wednesday as the reason for a more conservative look at the Lamb County cotton prospect, although optimistic forecasters still see a possible 175,000 - bale output in this county.

County Agent J. W. Kimbrough had forecast 155,000 bales, and L. D. Aten, ASC official, said 175,000 bales were in prospect for 1960.

Earlier in the month, Plains Cotton Growers, Inc., had seen a 175,000 - bale prospect for Lamb County and 1,896,000 bales for the entire 23 county area served by the organization.

Rip Elms of Western Cottonoil Company, said Wednesday he had estimated a 165,000 - bale crop based on conditions August 1. "However," he added, "dryland cotton is beginning to need moisture pretty badly, and if this dry weather continues, shedding of fruit will continue." He thought the 165,000 - bale forecast was "about right" as based on early August conditions.

Loans Available To Recent County Flood Victims

Howard R. Gholson, Director of the Federal Housing Administration, Lubbock, announced today that special terms will be offered to victims in the disaster area, comprising the counties of Lubbock, Lamb, Hale and Hockley, so declared by President Eisenhower recently. No down payment is required, according to Gholson, of disaster victims seeking loans up to \$12,000 to replace homes lost or seriously damaged by the recent floods.

Under a special provision of the present National Housing Act, FHA mortgage insurance is available, up to the \$12,000 ceiling with no down payment but subject, however, to the borrower's credit reputation. Such loans, made by banks or other lenders approved by FHA, may be paid in equal monthly installments with repayment periods extending for as long as thirty years.

Meeting To Set Chamber's Fate

"Do we need a Chamber of Commerce or do we not need a Chamber of Commerce?" was the topic of discussion at a meeting of interested townspeople with the board of directors of the Chamber of Commerce at their regular monthly meeting Tuesday night.

President of the Chamber, Arnold Neumann, presided at the meeting where various opinions were expressed about the future of the Chamber in Littlefield. Summarizing the various remarks it was evident that some of the group felt that the salary offered for a manager was inadequate; some felt that a high salary manager without any operating money would be no better than a low salary manager.

One of the group expressed the opinion that more merchants would be interested in the Chamber of Commerce if they knew more about its work program. Another stated that the budget should be raised either by getting more members or raising the percentage charge on the present members.

School Board Names Six New Teachers Here

Littlefield school board named six new teachers, a grounds man and a general repairman at its meeting Monday night, but Superintendent Glenn Reeves said he is still seeking two teachers, both for the sixth grade. School opens Sept. 5.

At the same time, the board officially released four teachers who had resigned. Two had been hired earlier in the summer but had never started work here.

Tom Williams was hired for campus maintenance, and Ernest Williams for general repair. Penn, who has been a piano salesman in this area for a Lubbock firm, has had 13 years' teaching experience. He holds a bachelor's degree from Culver - Stockton College in Missouri, and a master of music degree from the field for special education.

'Employment Security Week' Set Here To Mark 25th Anniversary

Workers in the Littlefield, Hereford and Muleshoe area received about \$15,000 in unemployment checks during the 12 months ending June 30, according to T. R. Jewell, local employment office manager.

The announcement was made as Littlefield made ready for observance of "Employment Security Week" August 15 to 22, proclaimed by Mayor Ellis J. Foust Wednesday.

This is to be a busy month for the employment service here, Jewell said. He predicted the local office "will take about 350 new job applications, place workers on some 3,000 farm jobs, place 275 non-agricultural workers, take 50 initial claims for unemployment insurance, and counsel an additional 40 workers."

ANNIVERSARY—Littlefield employment office is marking its 25th birthday, and Mayor E. J. Foust is shown above handing a proclamation to Manager T. R. Jewell, who is proclaiming the anniversary. The office here led the district last month with 6,876 farm replacements.

THE WEATHER

Forecast - Partly cloudy today and tonight with scattered thundershowers and not so hot. Temperatures - Sunday low 68, high 94; Monday low 68, high 92; Tuesday low 65, high 87; Wednesday low 64, high 70. Moisture - For the month, .02 for the year 18.54; this time last year 14.23.

Social Security Payments Total \$63,000 Monthly In Lamb County

Social Security is paying \$63,736 per month to Lamb county residents, the payments going to 1,242 persons, John G. Hutton, Lubbock, manager of the district office, said Wednesday.

The figure is based on payments at the end of 1959 as Social Security marked the start of its 25th birthday.

Hutton said payments now are up 16 percent over February, 1959, the last previous date for which Lamb county figures are available.

The law creating the Social Security act, was passed just 25 years ago, and since that time, the law has been amended and broadened several times. The first law was passed Aug. 14, 1935.

Nationally, about 13 1/2 million persons were receiving old-age, survivors, and disability insurance monthly benefits at the end of 1959 at an annual rate of more

than \$10 billion. At the close of 1940 - the first year in which monthly benefits were payable - beneficiaries throughout the Nation totaled 200,000. Almost half a million disabled - worker beneficiaries and their dependents receiving benefits at a yearly rate of over \$400 million are included in the figures for 1959.

Each merchant attending buys two tickets - one for himself and one for a farmer. The dinner will be an old-fashioned German sausage and sauerkraut meal.

Payments to a retired worker with no dependents receiving benefits averaged \$69 a month nationally at the end of last December; to a retired couple, both of whom were receiving benefits, the

average payment was \$121. The average for a widow with two young children was \$169.

CHAMPIONS?—Littlefield's Little Leaguers move to a step nearer the state championship Friday night if they can lick Fort Worth in semi-finals at Austin. Saturday's final game will be between the winner of the Fort Worth-Littlefield game and the winner of the Bay City-Victoria tilt.

WHITHARRAL NEWS by Mrs. Elva T. Crank

Mrs. May Evans, Abilene, was a recent guest of her daughter Mrs. C. A. Stephenson.

Born Thursday to Mr. and Mrs. Roger White, a daughter at the Phillips - Dupree Hospital in Levelland.

Following church conference, ice cream and cake were served to Rev. and Mrs. Durham and Marvalynne, Mr. and Mrs. B. E. Hyes, and children, Mr. and Mrs. John Waters, Mr. and Mrs. Roy Johnson and children, Mr. and Mrs. George Lyle, Mr. and Mrs. J. M. Mixon, Mr. and Mrs. Fred Newsom, B. W. Waters, Jim Horton, Mrs. B. B. Hisaw, Mrs. Elva Crank, and Mrs. Jimmy Hisaw.

Mrs. T. D. Northern was hostess to the Coffee - Break Club for its monthly meeting at her home here Wednesday afternoon. Bingo was played and gifts were exchanged. Refreshments of sandwiches, punch, cookies, nuts, and candy were served to Mrs. Ples Helms of Littlefield, Mrs. Brady Helms of Levelland, Mrs. A. B. Roberts, Mrs. J. W. Borders, Jr., Mrs. Henry Jones, Mrs. E. E. Pair, and Mrs. V. D. Hodges.

The Club will meet with Mrs. Elmer Ward and family were A. L. Polk on Wednesday, September 7.

Summer Squash Goes Well With Stronger Foods

Summer squash is a mild and modest vegetable. Some folks never appreciate its possibilities. Lady Clare Phillips, County Home Demonstration Agent, says it's easy to prepare, nutritious, tasty and low in calories.

It combines well with strong flavored foods such as onion, salty bacon and sharp cheese. It has delicate sweetness of its own that emerges when its merely steamed and lightly seasoned with salt, pepper and butter.

In young, tender squash that has not reached maturity both skin and seeds are so tender that the whole squash may be cooked without peeling or wastage. Delicate flavor is lost if too much water is used in boiling.

For all its lightness and delicacy, squash is a good source of minerals and vitamins. And it's wonderful "buy" in calories - only 17 to a half cup serving.

Try this summer squash with bacon for variety:
2 pounds summer squash
¾ cup boiling water
1 teaspoon of salt
4 strips of bacon

1 green pepper
2 medium onions
¾ teaspoon ground black pepper

Wash and cut tender unpeeled summer squash into slices 1 inch thick. Place in a saucepan with the boiling water and salt. Cover. Bring to boiling point. Cook until crisp - tender, about 15 minutes. Drain if necessary. In the mean time fry 4 strips of bacon until crisp. Remove from the pan. Pour off all fat except 2 tablespoons. Add green pepper and onions and saute until almost limp. Add drained squash and black pepper. Heat. Turn into serving dish. Crumble bacon and sprinkle over the top. Serve hot.

Littlefield Man Serves In Hawaii

Marine Lance Cpl. Jimmie W. Duke, son of Mr. and Mrs. J. R. Duke of Star Route, Littlefield, Tex., is serving as a member of the Guard with Security Company Marine Barracks at the Naval Base, Pearl Harbor, Hawaii.

Before enlisting in June 1957, he graduated from Littlefield High School.

Sandhills Philosopher

Philosopher Advises City Folks To Stay Off Farms

Editor's note: The Sandhills Philosopher on his Johnson grass farm disagrees with an advice columnist this week, his letter reveals.

Dear editor:
I was sitting under my favorite shade tree out here on my Johnson grass farm the other day, the one that's lined up with two other trees spaced so accurately that as the afternoon wears on and the sun moves along, I can stay under the first tree and still be in the shade all the time without changing positions, as one tree picks up the shade from the other — it's a great peace of mind for a man to know he can take a nap and not wake up to find his shade has gone and the sun's in his face, although this isn't to say he can't wake up even in the shade and find a hydrogen bomb hasn't gone off somewhere in the world — at any rate, to get on with this sentence, which is getting to be as long as a two-minute nominating speech that runs for an hour and a half, I did wake up from a nap and I was still in the shade so I pulled out a newspaper I'd been saving and fell to reading an article on advice to people thinking about changing jobs.

As it explained, a man and his wife were thinking about giving up their job and home in town and moving to a farm, and the advice columnist was tackling the problem, inside his air-conditioned office.

"My opinion," he said, "is that only a fool and his brother could expect to move from the city and operate a farm at a profit."

If my brother, who also lives on a farm, hears about this, I'll let him figure out which category he belongs in, but what bowled me over was that the columnist didn't stop there, he went on and said that despite this, "more city couples ought to try farming. This spirit is what has made the country great."

It is my opinion that this columnist has been reading too many farm-plank promises by too many political parties.

Advising a city man to move out into the country and operate a farm is about like advising a farmer to move into town and open up a super-market. It's a fine spirit, but it's not what has made this country great. It's not what

New Teachers

(Continued from Page One)

University of Michigan.

This will be White's first year. He is a native of Phillips, and holds a bachelor's degree from Eastern New Mexico University Portales.

Mrs. Campfield is a graduate of Phillips University, Enid, Okla. and of Northwestern University, Evanston, Ill. She taught at San Angelo last year.

Mrs. Vincent is a graduate of East Texas State College and taught last year at Hale Center.

Mrs. Joyce Tucker is a Texas Tech graduate, and this will be her first year to teach.

Mrs. Mann also is a Texas Tech graduate and taught last year at Sudan.

White is to take the place of Bill Waters, hired by the board earlier in the month but released at Monday night's meeting after he had resigned to accept a similar place at Artesia, N. M.

Willard Hodges, who was to have taught shop, was released to become principal of the high school at Meadow, and Mrs. Lillian Brown, who was to have had charge of special education, also was released at her request.

Also released was Miss Joyce Holden who was to have taught the fifth grade.

The board also officially approved the year's calendar, including holidays. Thanksgiving holidays will be Nov. 24 and 25. Christmas will be observed from Dec. 17 until Jan. 2. Easter holidays will be March 31 and April 3, and district teachers' meetings has been set for March 3.

School's

(Continued from Page One)

year — \$30,417 as compared with last year's \$30,592.

Health services increased slightly from \$3,986.57 to \$4,079, and pupil transportation rose from \$19,559 to \$31,400. This includes funds to pay off the note.

Plant operation is little changed from last year — \$33,860 for 1960-61 as compared with \$33,705.99 for the current year. Maintenance costs, with a repair man added to the staff, rose from \$900 to \$3,700.

Fixed charges were set at \$6,370 as compared with \$5,733.23, and capital outlay dropped to \$5,000 from \$6,506.09. Debt service cost also is lower as debt maturity draws a year nearer. Superintendent Glenn Reeves explained. This year's amount in this fund is \$50,935 as compared with \$61,580 last year.

On the other side of the ledger, both local receipts and funds from state sources are expected to increase, the former from \$209,423.06 for last year to \$240,386.51 for the new year. State funds will increase from \$331,389.04 to \$337,975.

This will bring total expected receipts for 1960-61 to \$578,361.51 as compared with \$540,812.10 last year. Beginning balances this year will be less — \$53,420.48 as compared with \$62,066.09 last year. This brings the grand total to \$631,781.99 for 1960-61 as compared with \$602,878.19 for last year.

While most salaries increased, some actually were lowered, due to seniority procedure. Superintendent Reeves, for example, will receive \$9,012 while last year's chief got \$9,645.

Business manager's salary was upped from \$7,500 to \$7,800. Senior High Principal, James Pirkey will receive \$7,200, and Junior High Principal, Forrest Martin is to get \$6,225. James I. Hine, principal of elementary school, is to receive \$6,813, and Paul I. Jones, head of the primary school, is to draw \$6,800. Tenure is a factor in teachers' salaries.

One of the changes made by the board at Monday night's session was the addition of another sixth-grade teacher. In fact, two sixth grade teachers are yet to be hired.

Custodian's salaries all were set at \$2,400, including a ground maintenance man, while student helpers' pay was budgeted at \$1,080. With "other expenses" of \$1,600, this brought the total for custodians' salaries for the new year to \$15,160 as compared with \$14,909.99 last year.

utility costs were set at \$13,805.35.

Along with setting the budget, the board established the tax rate for the 1960-61 school year.

The budget was based on 97 per cent collection of the current tax roll with \$1.19 for the maintenance fund and 30 cents for interest and sinking fund. This had been the recommendation of the superintendent and business manager.

Earlier in the session, the board accepted the bid of Cream O Plains Milk Company to supply milk for the cafeteria at 5.4 cents per half-pint carton.

One more good rain would be all that is needed to assure a good outcome on dryland farms, which irrigated cotton is making what agricultural leaders here termed "excellent" progress. One viewer said Wednesday that irrigated cotton now "is practically back on schedule" so far as growth is concerned.

Below are the August 1 estimates of production in the 20 county area by the Exchange's Committee on Information and Statistics. The estimate is for 500 pound bales (480 pound of lint and 20 pounds of tare).

Bailey county, 80,000 bales; Gordon county, 18,000; Briscoe, 3,000; Castro, 32,000; Cochran, 7,000; Crosby, 120,000; Dawson, 40,000; Deaf Smith, 9,000; Floyd, 5,000; Gaines, 70,000; Garza, 25,000; Hale, 190,000; Hockley, 15,000; Lamb, 175,000; Lubbock, 30,000; Lynn, 126,000; Farmer, 3,500; Swisher, 55,000; Terry, 14,000; and Yoakum, 25,000.

Sixth annual Range Camp, sponsored by the Texas section of the American Society, will be held at Texas A & M adjunct at Junction Aug. 14 - 20.

Meeting

(Continued from Page One)

effort to get every merchant in Littlefield to attend a general meeting at the Community Center at 10 a. m. next Wednesday morning and get their opinion about whether or not to continue the Chamber of Commerce in Littlefield.

In other business, the budget was reviewed, the acute rent property shortage was discussed and the disbandment of the United Fund drive for the county was considered.

Plans for a city-wide united fund drive will be formulated at next month's meeting.

In other action the group discussed the forthcoming sausage dinner at Pep, and the Pleasant Valley dinner scheduled for Sept. 8th.

Neumann urged everyone present to get out everyone to the meeting next Wednesday. He said, "Everyone interested in the future of Littlefield should attend this every important meeting."

Board members present were: Kenneth Reast, Wendell Tooley, Bob Manley, James Lee, Clint Griffin, Kenneth Ware, Clarence Davis, Tom Hilburn, Dr. Glenn Burk, and secretary Jeanne Brock.

Cotton

(Continued from Page One)

If that estimate is correct, this year's cotton production in the 23 counties would be the second highest crop in history ever harvested off the High Plains. Only top was a 2 million-bale harvest in 1958. Production this past year for the 23 counties was 1,969,353 bales.

Cotton allotments in the 23 counties for the 1960 season is 2,263,365 acres as of Aug. 1, into consideration cotton plowed up to date or cotton drowned out by rain lakes formed in July, the figure is 2,175,000 acres.

Insect infestation has decreased with the continuance of hot weather. Elms in Littlefield saw little insect damage Wednesday.

The Growers organization said that the hot, dry weather in late July permitted the crop to some "catching up", and most agricultural observers see the crop as perhaps somewhat late this year but still in good shape.

One more good rain would be all that is needed to assure a good outcome on dryland farms, which irrigated cotton is making what agricultural leaders here termed "excellent" progress. One viewer said Wednesday that irrigated cotton now "is practically back on schedule" so far as growth is concerned.

Below are the August 1 estimates of production in the 20 county area by the Exchange's Committee on Information and Statistics. The estimate is for 500 pound bales (480 pound of lint and 20 pounds of tare).

**Old-Time Spade
Resident Dies;
Rites Held Here**

Funeral services for Mrs. J. W. Griffin, Sr. 77, a long time resident of the Spade community were held in the Littlefield Drive Church of Christ Wednesday afternoon.

She passed away Tuesday morning after a short illness in Lubbock hospital. Her husband died in 1947, and she moved from Spade to Lubbock the following year.

She was a member of the 26th at College Church of Christ in Lubbock.

Mr. and Mrs. Griffin Sr. were married in 1900 in Greer County, Oklahoma; they moved to Lamb County in 1934. Six children were born to the couple.

A. A. Mitchell of the Anton Church of Christ conducted the funeral. Hammons Funeral Home was in charge of the arrangements.

burial was in the Littlefield Cemetery.

Pal Bearerers were: L. B. Davis, Larry Parker, H. N. Bennett, L. H. Black, Grady Duffer, and Ted Hutchins.

Mrs. Griffin is survived by three daughters; Mrs. Leroy Ross, Erick, Okla., Mrs. Claudia Rogers, Lubbock; and Mrs. Velma Berryman, Lubbock; by three sons: Nath, Littlefield; J. W. Jr., Spade; and Elmer of Erick; by two brothers: W. M. Manuel, Littlefield, and J. L. Manue, Anton; and by two sisters: Mrs. Lular Crain, Lubbock, and Mrs. Katie Haddock, Amarillo.

She is also survived by eight grandchildren.

Pvt. Paul Priddy is in Amherst on leave from the Army after completing basic training at Ft. Hood. He will go to Ft. Gordon, Ga., for military police training.

Priddy is the son of Mr. and Mrs. W. E. Priddy, Amherst.

**Staggs Buys
Out Partner
In Pharmacy**

Announcement was made yesterday that the Jim Baxter Pharmacy has been purchased by Dan Staggs.

Baxter and Staggs had been partners in the pharmacy and Staggs Drug. The sale is effective Aug. 8.

Staggs will announce appointment of a pharmacist for the pharmacy later.

Baxter opened the pharmacy, which is located in the Littlefield Hospital, a little over two years ago. He was associated with Staggs in the drug prior to this.

Baxter told a Littlefield Press reporter Saturday morning that he would be looking for another pharmacy in some other town.

While in Littlefield Baxter has been very active in civic affairs. He is the present head of the Lamb County Cancer Society, is treasurer of the Lions Club and is on the Salvation Army Board.

He is a Shriner and has been one of the key members of the Quarterback Club.

His wife, Betty, is a member of the Forum, she is a PTA officer, and has been active in the girl scout work.

The Baxter family is a member of the Littlefield Drive Church of Christ.

Store

(Continued From Page One)

ed as "completely consumed by the fire." A number of television sets, radios, coolers and other electrical appliances also were destroyed, and all furniture in the building was damaged, Ray said.

"Much of the damage was caused by heat," Ray said. "Although the blaze proper was confined well to the rear of the store, all the stock was damaged." He said for a time heat threatened to break out the plate glass front windows.

Ray said that finished furniture, "even at the very front of the store" was blistered by the heat, and that rubber tips on chairs were melted.

Overstuffed furniture was badly damaged by smoke. "There is practically nothing in the store that didn't receive severe damage, either from heat or smoke," he said. "not to mention the storeroom stock which was virtually destroyed by the blaze."

Ray said that the fire was discovered by a customer in a restaurant next door who gave the alarm. Since the blaze was at the rear of the store, it could not be seen from the front. Thus the fire had made considerable headway before it was discovered.

Ray estimated the stock in the store to be worth "at least \$38,000."

Mrs. Rodgers said the store has been located in the same building for 17 years.

Robert W. Boatler, Abilene, is winner of the 8th annual industrial essay of the West Texas Chamber of Commerce.

Four amendments to the state constitution are to be voted on at the November general election in Texas.

**Bowling League
Plans Announced**

Manager of the Lamb Bowling Lanes Elmer Hall announced this week that it is time to register for the Fall League play.

The Fall League will begin on Monday, September 5.

Hall reports that it will be to the bowlers advantage to register early, thereby taking it possible to play on his preferred night of the week.

League secretaries are already meeting and organizational plans are in progress.

**Boone Family
Holds Reunion**

Pat Boone Sr. reports that the annual Boone family reunion is set for this coming Sunday on the ranch in New Mexico.

The annual Boone reunion has been taking place for the past fifty years. A big feature of the one day affair is real pit barbecue.

Around 50 are expected for this Sunday's reunion.

Cattle and calves brought Texas farmers \$69 million during 1959, and grain sorghum grossed \$207 million.

Just started—and the savings are just terrific!

Written In 1449

Old Prophecy Shows Insight

The following poem was brought into the Press office by a reader with the comment that she thought "some of the local people might enjoy it."

It was written by Mother Shipton who died in 1449, some 43 years before Columbus discovered America. The poem — somewhat of a prophetic glance at the future by Mrs. Shipton — has foretold many of the things that have happened since her death.

A WOMAN'S PROPHECY
A carriage without horses shall go.
Disaster fill the world with woe.
In London Primrose Hill shall be
Its centerhold a Bishop's see.
Around the world men's thoughts shall fly.
Quick's the twinkling of an eye.

And water shall great wonders do—
How strange, and yet it shall come true.
Then upside down the world shall be.
And gold found at the foot of tree.
Thro' towering hills proud men shall ride,
Nor horse nor ass move by his side.

Beneath the waters men shall walk;
Shall ride, shall sleep, and even talk;
And in the air men shall be seen
In white, in black, as well as green.
A great man then shall come and go,
For prophecy declares it so.

In water iron then shall float
As easy as a wooden boat,
Gold shall be found in stream of stone,
In land, that is yet unknown,
Water and fire shall wonders do.

The Jew that once was held in scorn,
Shall of a Christian then be born.
A house of glass shall come to pass,
A war will follow with the work
Which dwells the pagan and the Turk.

The States will lock in fierce strife
And seek to take each other's life;
When North shall thus divide the South

The Eagle builds in lion's mouth.
Then tax and blood and ruel war
Shall come to every humble door.

Three times shall sunny, lovely France
Be led to play a boody dance;
Before the people shall be free
Three tyrant rulers shall she see;
Three rulers, in succession, be
Each sprung from different dynasty.

Then when the fiercest fight is done,
England and France shall be as one.

The British olive next shall twine
In marriage with the German vine.
Men walk beneath and over the streams—
Fulfilled shall be our strangest dreams.

All England's sons shall plow the land,
Shall oft be seen with book in hand.
The poor shall now most wisdom know,
And water wind where corn did grow;
Great houses stand in far-flung vale,
All covered o'er with snow and hail.

And now a word in uncouth rhyme
Of what shall be in future time;
For in those wondrous, far off days
The women shall adopt a craze
To dress like men and trousers wear
And cut off their lovely locks of hair.
They'll ride astride with brazen bow,
As witches on a broomstick now.
Then love shall die and marriage cease.
The wives shall fondle cats and dogs.
And men live much the same as hogs.

In nineteen hundred twenty-six
Build houses light of straw and sticks.
For then shall mighty wars be planned,
And fire and sword shall sweep the land.
But those who live the century through,
In fear and trembling this will do.
Flee to the mountains and to the dens;
To bog and forest and wild ferns—
For storms shall rage and oceans roar
When Gabriel stands on the sea and shore;
And as he blows his wonderous horn,
Old worlds shall die and new be born.

State's Best Hog Raiser To Get Trip

The 4-H girl or boy who has the best swine project in the state this year will visit one of the major livestock marketing centers in the nation as a delegate to the 1960 National 4-H Club Congress.

The all-expense trip to Chicago is the top state award in the 4-H swine program given by the Moorman Mfg. Co., of Quincy Illinois. The state winner will be eligible to enter his 4-H record book in national competition for one of six \$400 college scholarships also provided by Moorman.

The swine program brings to 4-H members latest methods in breeding, raising and marketing hogs. Better ways to feed, house and care for the animals are explained by the local volunteer club leaders and the county Extension agents. The value of sanitation, selection of breed, and keeping cost records are emphasized in this specialized program. Information regarding current research in pork production is made available to the 4-H'er through the state land-grant college and the U. S. Department of Agriculture.

Nearly 178,000 club members had a swine project last year, an increase of 13,000 over 1958 according to the National 4-H Service Committee which arranged the program and awards in cooperation with the Extension Service.

To be eligible for a state or national award, the 4-H'er must be between 14 and 21 years of age, and have satisfactorily completed a minimum of three years in club work.

Farmers in this area will be offered an opportunity to learn first-hand about flame cultivation at High Plains Research Station Aug. 24.

AMHERST NEWS by Mrs. Lester LaGrange

Mrs. Rankin New President Of Amherst Baptist WMU

AMHERST — A joint meeting of the Annie Armstrong and Lotie Moon Circles of the Baptist WMU was held at the church Wednesday afternoon.

The program on Japan was "Careth Thou Not" with Mrs. Norman Lockett, leader assisted by Mesdames Keith Tomes, Raymond Duvall, Floyd Rowell, C. D. Stafford and James Holland.

The nominating committee presented the following list of officers:

President Mrs. John Rankin vice president Mrs. G. C. Berden secretary - treasurer Mrs. Victor Reynolds; song leader Mrs. Keith Tomes; mission study Other churchmen are stewardship Mrs. Benny Shiple; Publications Mrs. J. D. Bench, prayer, Mrs. Raymond Duvall; program, Mrs. Norman Lockett; publicity, Mrs. C. D. Stafford; social, Mrs. Bill Bradley; pianist, Mrs. Ed Schovajsa and Sunbeam director, Mrs. A. Tomes.

They were elected. Mrs. Lockett served tea and cookies in Japanese setting to 16 members attending.

Mr. and Mrs. Jack Durham Jack, Jr., and Wanda Carol returned Tuesday from a week's vacation in Colorado and New Mexico.

Raymond Gilder and daughter Amanda, arrived Wednesday for a visit with her grandmother, Mrs. Oby Blanchard. He has gone to visit his relatives in DeLeon and Amanda is remaining for a longer visit.

Guy Hufstetter underwent eye surgery in Lubbock Wednesday. Mrs. James Ashcraft, Joshua

is visiting her cousin Mrs. Charles Jones and family.

IT'S THE LAW in Texas

A story they tell on Lincoln is how he once proved his client's innocence by impeaching "an eye witness."

Lincoln's client had stolen a chicken, the witness vowed, at a certain time on a certain night.

Asked how he could see so well at night, the witness declared "by the light of the moon — just as clear as clear."

Lincoln "impeached" the testimony with ease by pulling an old almanac out of his pocket. It showed that no moon was up at that time, now was it full on that date.

Trials are hard on everybody — witnesses and parties alike. They often take place when other ways to settle a dispute have failed, and there are hard feelings. But granting good faith, people do make mistakes in what they recall. After they have told their story a few times, many are dead certain — like Lincoln's witness — that they did see and hear what they say they did.

And so, for the sake of justice, courts allow each side to test a witness' reliability. Sometimes a witness is so obviously prejudiced or so obviously twisting the facts that the cross-examiner easily discredits his story.

But often sincere witnesses tell different stories, and the jury has a right to know how much weight to give each. It is the jury's sworn duty, in fact, to weigh the credibility of witnesses. And a good way is to see how a witness' story hangs together under fire or checks with other known facts.

This new feature, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.

Haberer Named Dealer Here For Studebaker

Jerrold Haberer has received a Studebaker - Packard dealer franchise from S. A. Skillman, Studebaker - Packard Corp. vice president and general manager at the South Bend, Ind., headquarters of the automobile firm.

The new dealership is known as Haberer Motor Co., located at 225 W. Delano.

A display of the latest models of the popular Studebaker Lark, the most complete line offered in the convenience - size field, the sports style Silver Hawks, and the new Studebaker truck line will soon be on their lot.

Facilities to service all vehicles have been installed, along with a complete stock of authorized factory parts and accessories. The service staff has received intensive training from company representatives in the latest maintenance procedures and techniques.

Appointment of Haberer is the latest addition to S-P's dealership representation which has been rapidly expanding since introduction of the convenience - size, economical Studebaker Lark.

LIPSTICK LOGIC

Letters from loved ones are wired for happiness or heartaches. A warm, sincere letter is as breath-taking as a mountain valley on a clear morning. It still has the dew of the writer's personality glistening on the words. The trivial details of the day, the little pleasures that have come during the week, convey a three-dimensional picture of the loved one's life.

From an aunt to her nephew's family: "My heifer hasn't produced her calf yet, but both she and I are sure she will soon. I would love for the boys to see the baby calf at lunch."

A son to his parents: "The church is within walking distance. It is a fresh, clean Colonial style building in brick which gives one a real lift on a bright and sunny morning."

A daughter-in-law: "We were invited for cook-out and swim Saturday with two other couples. We took the boys — by invitation — and they were angels."

An 87-year-old mother to her daughter: "I'm still making the finest lightbread anybody ever ate and Herman's family loves it. Glad I can do something for somebody."

A headache letter just contains words. It carries no electrical charge. "We've been busy here." "Everything is fine with us." "Hope you are feeling better." The distant relative who receives such mail feels something is being held back. Either the person writing in this flat tone is troubled and does not want to say so; he is hurt with, or indifferent to, the person to whom he's writing; or he's performing a duty with his mind on other things.

Anyone who really yearns to write can learn a lot from books. He can learn more by vitalizing his own letters to loved ones.

the most desolate country I ever saw."

I JUST wanted to stop and ask them if they had been down 150 miles or so to the south, or if they had gone west under the bottom side of New Mexico. Or if they had looked the country over between Hobbs and Carlsbad. Or if they had ever traveled from Kermit to Mentone. Or if they had ever seen the sandy-southwest of Andrews.

won't be here for except for veget- early crops, but West Texas, the is already here. practice runs be- barber shop quar on "Shine On Har

Looked mighty pretty, too, shining down on cotton that was pushing well above knee high now, and reflected it in the watery rows where the gravity irrigation system systems were at work. But it was even prettier in those fields that were irrigated by the sprinkler system.

ere is no prettier Texas than the har- son. During that obviously swelling the crops that this world has turned out, chest, turns its oran- ches on its full ized before just how rt of the country is wise, until last Sun- had been down in ert country, and got to noticing that up there in the n of east.

OFF TO THE north, there were smatterings of black clouds, and lightning was racing through the skies in a make believe thunderstorm. I think that was purely a practice skirmish, too, because I didn't hear of any rain that night in this area.

But the two — the over sized moon and the lightning — complimented each other, giving a nice glow to the countryside.

Overheard two fellows on the street the other day talking about the "desolation" of this country. Said one: "Seems to me this is

WE WENT out with the W. B. T. Storys the other night to see their farm northwest of Littlefield. Irrigation wells were running, and the water was flowing down the rows to waist - high cotton stalks that were silently gobbling up the H-20 hungrily. You call that desolation, fellows? Then I wish I had a few hundred acres of that kind of "desolation." And on the way back to town the moon was holding its harvest rehearsal. All of it together added up to a beautifully - blended picture.

Or take the grasslands here. There's a lot more to them than sagebrush and tumbleweeds, such as some parts of Texas must call pastures. There was this pretty town where "contented" cows were doing a pretty fair job of eating their silly heads right off.

And the rousing ears that a neighbor brought us of a farm near Littlefield were as good eating as any Iowa corn into which I have ever sank my store-bought teeth. Is that desolation, fellows?

THERE WAS this time in the Ozarks that I recall. All the way down the highway there were signs which suggested that we stop and see the country from the top of a lookout tower (fe 25 cents, which was not mentioned in the billboards.)

So, we stopped and climbed to

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN Tex. — How much income does an older person need to live decently during the retirement years?

Governor's Statewide Advisory Committee on Aging sought to discover this and other information in a survey on the needs and problems of Texas' older citizens.

For a couple 43 per cent of Texas counties estimated the minimum need at \$1,500 to \$2,000 a year. Thirty - five per cent set the minimum at \$2,000 to \$2,500.

For a single elderly person, 58 per cent of the counties suggested \$1,000 to \$1,500 as a minimum annual income. Twenty - four per cent named a higher figure, \$1,000 to \$2,000.

Some 4,000 persons took part in the grass - roots, county-by-county survey. Recommendations growing out of their findings will be discussed at a conference in Austin on September 7 and 8. Out of this will come the Texas contribution to the White House Conference on Aging next January.

SURPRISE! — Amid all the upped budget requests they have received lately, state officials were happily stunned when University of Texas officials asked approval to spend a comparatively picaresque sum for a president's home.

UT asked to spend \$40,000 to build home for its president Harry H. Ransom.

Last year legislative temper blew over the \$100,000 - plus presidents' homes built by two smaller state colleges. Officials responsible for the expenditures were called on the carpet.

This time the scene was played in reverse. "Do you really think this will be enough?" worried the Legislative Budget Board. Plenty, said UT officials.

They said they'll use a site the University already owns, clear it with University and cut materials costs by using "historic" bricks from UT buildings that have been torn down.

DRIVER CURBS STUDIED — Ways to clip the wings of irresponsible drivers who carry no insurance are being studied by a committee of the Texas Legislative Council.

Spokesmen for the casualty insurance industry told the panel they were opposed to a compulsory insurance law. They suggested that pressure could be exerted by such measures as requiring uninsured drivers involved in accidents to put up a money deposit.

the top of this lookout tower. Guess what we could see? Another range of hills a couple of miles away. That was all. And in between the tower and that range there was not \$5 worth of crops growing. Smoke was coming from a half-dozen shacks, planted precariously on their wooden stilts along the side of the mountain.

I stood and looked at this pictorial scene for a few minutes and caught myself saying, "Yeah, but how do they make a living now that prohibition has been repealed?"

By comparison with this fertile country, those mountains were as lean as the razorback hogs that grunted their way through the blackjack.

The land here has "meat" on its back. I'll take this kind.

BOW Attend Annual Camp

The local Boys of Woodcraft attached to Camp 3871, Woodmen of the World, Littlefield, returned Thursday, from a four day outing and camping trip to Possum Kingdom Lake, Near Breakenridge.

The boys stayed in a new large cabin on the lake belonging to Ross Lumsden. The group went boat riding, swimming, fishing and just enjoyed the general fellowship of the other boys during such outings. They left by car on Monday noon and returned Thursday afternoon.

Boys making the trip were: Roy Dale Pierce, Joe Blessing, Elton Minyard, Kenneth Minyard, Mike Pope, Jimmy Butler, Paul McKinney, Raymond McKinney, M. Hodge, Monte Barker, Lloyd Allen, Roy Burk, Jimmy Burk, Stephen Webb, Steve Lowe, Billie Wright, Johnnie Horne, Joe Horne, Jimmy Johnson, Neal Pressley, Gary Hodges, Mike Lumsden, Gary Hodges, Fred Koozt, John Dean, Bobby Al -

ford, Gary Don Pigg, Lonnie Stafford, and Bill Yohner.

Adult supervisors were Ross Lumsden, Doyle Dean, Ry McKinney, Garland Koozt, John Alford, J. Sisson, Field Representative Ed McCanlies and Loy Dal-

ton, who prepared excellent meals for the boys while there.

The outing is an annual affair and is an award for those boys between the ages of 8 and 16 who are members in good standing of the WOW.

REUNION PLANNED
The annual Cottle - King County Reunion will be held August 14th, 1960, at the McKenzie State Park.

Lemonade will be furnished and all attending are asked to bring a basket lunch.

Stars Head For Austin; Play Fort Worth Friday

I caught a strange scent in the air early this week. In Lubbock, odors in the air are very common since plants, sewage plant, etc. are very liberal with their "But in Littlefield with its year-round fresh air, surprised to note the scent. It isn't unpleasant . . . and while we couldn't place it . . . there was a familiarity about it. Only it registered. It was in the air. Don Williams and the Wildcats begin their 1960 season, training for a grid schedule that has been as being all Littlefield. All the crystal balls that have been read thus far up with the forecast that the Cats will be the team I-AAA. During our first year covering the Cats, there is what we would like than to see them go through a dose like the proverbial dose of medicine. We came here back in June, local boosters of the team already looking forward to the grid season. They were high on the team and told us that "this was the best later, we were talking to Williams and said jokingly we had heard that Littlefield would win state this year. It has always been a prerequisite for any man who enters the coaching profession to have two essential factors—a sense of humor and pessimism. When Williams what we had heard, he wrinkled his brow and showed that he was endowed with both qualities. I don't know that our basketball team was going to be this year," he grinned.

Becomes Killer

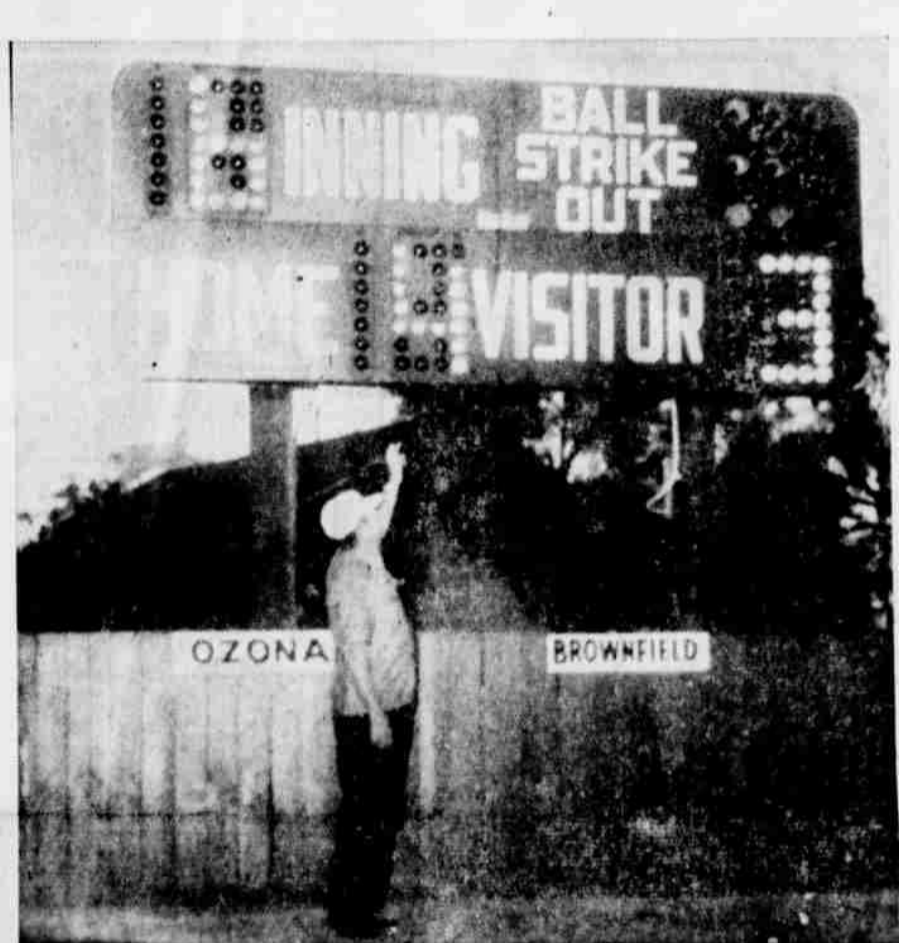

In Sunday's edition of the County Wide News, there was a picture of Jerry Koller, leading point getter on the 59 team. He will be back for another year of football this year. He is described as an LHS pamphlet as "an excellent punter, can throw well, a good kick off and extra point man, a fine pass receiver. The picture of Koller in Sunday's paper, the caption "Jerry Killer . . . returning fullback." The misprint was unintentional, we think that it is up to the feeling that opposing I-AAA players will be Jerry before the season is over.

Robison Offers Options

Robison, Texas Tech's popular basketball coach and athletic director is in Littlefield today publicizing the sale of seat options in expanded and modernized Jones Stadium.

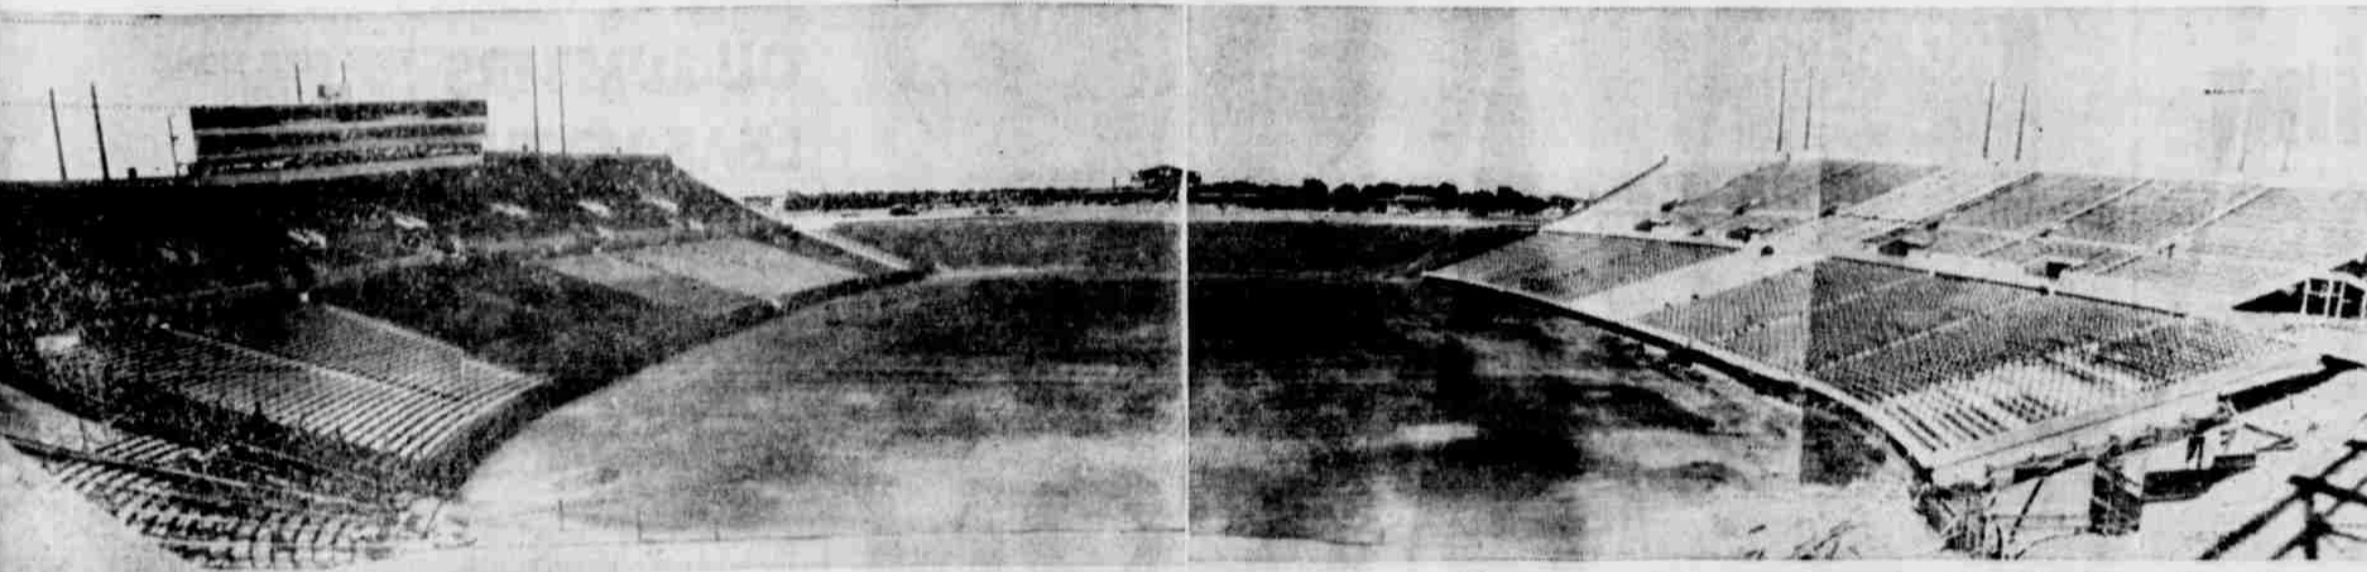

A TIMELY HIT—Littlefield All-Stars crowd around Billy Wayne as he crosses home plate after socking a tremendous home run during Littlefield's 7-5 victory over Sweetwater in the Sectional Tournament at Wichita Falls. Henderson's homer broke a 5-5 deadlock and gave Littlefield the win. Littlefield beat Ozona the following night 9-5 to win the Sectional championship.

FOR THE FINALS—Howard Horne, vice-president of the Little League, points at the Ozona-Brownfield score showing that Ozona will be Littlefield's opponent in the championship game of the Sectional Tournament. The scoreboard is one of the most modern in any Texas LL park. As one of the Littlefield fans that made the trip to Wichita Falls commented, "It will tell everything but the batter's shoe size."

Bay City, Victoria Play In Semi-Final Contest

Littlefield's LL All-Stars, rated as the top team in the northern section of the state and one of the four remaining unbeaten all-star teams in Texas, travel to Austin this afternoon to compete for the title of Texas LL Champion. The team gained the right to play in the state tournament by defeating Ozona 9-5 Saturday night in Wichita Falls. The victory crowned Littlefield as the champion of Section 1. Coaches Max Windwehen and Ace Bridwell will take the roster of 14 LL All-Stars (see photographs top and bottom of this page) to Austin this afternoon, stopping overnight halfway between here and there and arriving in the state capital sometime Friday morning. The locals will play their first game in the tourney Friday night when they tangle with the Northwest Ft. Worth Optimists LL All-Stars on Jefferson Field, 1201 Morrow St. Game time is 7 p.m. At the same time, the other two state finalists, Bay City and Victoria, will be battling on the Northwest LL Field. The two winners of Friday night's contests meet for the state title Saturday at 7 p.m. on Shippey Field, 3705 West Ave. The Texas Champion will then go to Gulf Port, Miss., to compete in the Southern Regional Tournament, the last stop before the LL World Series in Williamsport, Pa. In coming this far in the playoff bracket, Littlefield has won seven straight games and three titles—Area Champions, District Champions and Sectional Champions. For those who missed the two games at Wichita Falls, here are some of the high spots in Littlefield's play: —Wilmer Williams striking out 13 Sweetwater hitters. —Larry Schovajsa, working behind the plate, tagging out Randy Reed. Sweetwater second sacker as he attempted to steal home. Schovajsa was hurled through the air by the collision with the stout player but held the ball to make the put out. —The home run hitting of Billy Henderson in the Sweetwater game when he hit two circuit clouts that brought the fans to their feet. —The steady hitting of short stop Jerry Smith who managed five hits in seven times at bat during the series for a .714 average. —Littlefield exploding for eight runs in the third inning of the Ozona game to virtually put the Sectional title in its pocket. Williams is the probable starter for Littlefield in the Ft. Worth game with the starting lineup expected to be the same as in the Wichita Falls tourney.

EXPANDED TEXAS TECH STADIUM—This is Jones Stadium, so large a composite of four photographs taken with a wide angle lens is necessary to picture it from atop the Athletic building looking north. The massive concrete and steel bowl contains 41,500 seats, mostly in the east and west ends. Citizens in the Littlefield area will have their most convenient opportunity to purchase Texas Tech stadium seat-options. Robison, Tech's assistant athletic director, will be in Littlefield today publicizing the sale of seat options in expanded and modernized Jones Stadium.

Littlefield's Pioneer Natural Gas office from 9 a.m. to 5 p.m. with all the necessary details for selecting and purchasing a specific seat option. Seat options in newly expanded Jones Stadium will assure a good location in the stadium for all of Tech's home football games from this fall through the fall of 1974. By buying an option, a person will actually pay less for his seat than will a non-option holder in the same location. A non-option holder will pay a special premium on a seat in option areas with no assurance as to where his location will be.

Options may be purchased for \$100, \$200, or \$300 in the open stands, depending on the location. An option in an especially enclosed section of the press box may be bought for \$1,250. Jones Stadium will be enlarged to 41,500 seats this fall, when the Red Raiders begin competing for the Southwest Conference football championship. Funds from option sales are being used to finance the expansion. Option purchasers may arrange time payments without interest or carrying charges. Option payments are tax deductible, Tech officials reminded.

Bowling Ace Comes To Olton

Billy Welu, T. V. Bowling Champion will be in Olton today at the Olton Bowling Center. Welu, who won the Coveted BPPA All-Star Individual Match Game Championship at Buffalo, N. Y., in 1959 is a member of the Bowling Promotion Staff of American Machine and Foundry Company. A native of Houston but now residing in St. Louis were led by only nine Peterson points entering the final game, and as national TV audience watched, rallied from two early splits to string five strikes and secure this first All-Star crown. He won 26 of his final 43 All-Star games by striking out in the final frames. Earlier in the 1958-59 campaign, Welu annexed the First Annual Invitational TV Singles Championship at the storied Faeta - Nielsen Bowl in Chicago. In a field of 60 hand-picked stars of top-notch caliber, Welu emerged the victor averaging 232 for the tourney. Welu also owns an outstanding ABC tournament record. Through the 1959 Tournament, Big Bill (he stands six four and one-half) was the leader in the four-year bracket with 213 (he also holds the all-star four-year mark of 231-35) and, for the past five years, leads with a 212-41 average. Full blood Indians make up about 15 per cent of the population of Mexico.

From Sudan Take Part in Methodist Men's Retreat

Plainview District representatives from the West Texas Conference of the Methodist Church met last week in a retreat at the home of Rev. and Mrs. Grady Adcock. Approximately 125 men were registered for the retreat. The retreat was held at the home of Rev. and Mrs. Grady Adcock, who had been visiting her sister and family, the Carl Andersons in Deroulette, returned home Friday night. Bringing her home and visiting overnight was Mrs. Anderson.

Mrs. Dwight Williams was honored with a baby gift shower Saturday afternoon in the home of Mrs. F. O. Warren.

The hostess gift was a gown and house coat. Pink punch and cookies were served those attending the retreat.

QUALITY YOU can MEASURE

A2-C and Mrs. Harley Fields and daughter were weekend visitors her with their parents, Mr. and Mrs. L. B. Price and Mr. and Mrs. Charles Rich. They were here from Waco to attend the 1956 class reunion held Sunday in Lubbock.

Dr. and Mrs. Robert Salem and daughters, Cynthia and Shelly arrived Monday for a visit with his parents, Mr. and Mrs. Joe Salem.

State Fair Plans Jubilee Specials

What's cooking at the State Fair this year? The 1960 Diamond Jubilee Exposition, celebrating the Fair's 75th anniversary year, will offer a number of "Jubilee specials" yet to be revealed, but in the meantime, here is a thumbnail listing of some of the major shows and other attractions for this year.

will be topped by the Rodgers and Hammerstein musical, "Flower Drum Song," and by the 20th birthday edition of the always-popular "Ice Capades." The Mobil Sky Revue will present free daredevil serial acts daily and the million-dollar Midway will feature a number of brand new thrill rides.

In addition, the State Fair "Shower of Stars" will present some of the nation's best known entertainers in big free shows. The stars who will appear will be announced at an early date.

A record total of \$120,770 in premiums will be offered in the various livestock, horse and poultry show events of the 1960 Fair. The Pan-American Livestock Exposition will be held Oct. 8-16 and the Junior Show will follow during the second week of the Fair. The state Fair Horse Show will be staged all during the Fair in the new Livestock Coliseum.

The third annual Texas International Trade Fair will have exhibits from all over the world. The Automobile Show will introduce many of the new 1961 models. The Agriculture Show will feature the importance of chemistry to modern farming and ranching. Other exhibits will include those in the Electric Show and Natural

Gas Show, Playtime USA, farm implements and machinery, antique autos, the Home and Family Show and special feature of all at the fairgrounds museums.

Free daily fashion shows will be a highlight in the Women's Building, along with the traditional exhibits of home-making skills.

College and professional football will be played in the Cotton Bowl, with the Fairtime schedule being topped by the Texas-Oklahoma classic, and including also SMU vs. Rice, Dallas Texans vs. Oakland Raiders and Dallas Cowboys vs. Cleveland Browns.

Dates of the 1960 State Fair are Oct. 8-23.

Claudie Todd Visits Littlefield

Claudie Todd, grandson of Mr. and Mrs. W. A. Wilson, Littlefield, is visiting with them on a leave from the Navy.

Todd is on his way to Norfolk Va. from Key West Fla. In Virginia, he will undergo a 30 day training period before shipping out on the Kitty Hawk, largest aircraft carrier in the Navy.

Also visiting the Wilsons are Todd's mother, Emmie Todd, and his sister, Judy Todd.

Best timesaver ever—the long distance call

—it's quicker, easier—and means so much more than writing

How many times have you told yourself that you really should sit down and write a letter to your family? And by the time you actually do, days have gone by!

A long distance phone call is easier than writing. It's quicker than writing. And it means so much more than writing.

Best of all, long distance calls cost a lot less than you think. Why not put in your call tonight.

Announcing The Sale Of The Jim Baxter Pharmacy

Effective today, August 11, 1960, I have sold my interest in the Jim Baxter Pharmacy and the Staggs Drug

My Sincere Thanks

.....to the many friends and customers who have shown their trust and support of me while in business in Littlefield for the past three years.

My family and I will be moving to another town to open a new pharmacy and we will always cherish the many

memories and acts of kindness shown us while in Littlefield.

A special note of thanks and appreciation also go to my associates at the Littlefield Hospital.

Jim Baxter

Best wishes to the Littlefield Little Leaguers and the Wildcats!

Littlefield Sailor Participates In War Games

Clifford L. Rogers, ship fitter second class, USN, son of Mr. and Mrs. Omer J. Rogers of Route 2, Littlefield, serving aboard the destroyer USS Parsons, took part in a joint Canadian American anti submarine warfare exercise from July 21 through August 3 off the West Coast of the U. S. and Canada.

Two American anti submarine warfare groups headed by two aircraft carriers joined with six Royal Canadian destroyer escorts and supporting supply ships to provide the seagoing forces. A1R units from Whidbey Island, Wash., Alameda and North Island, Calif., also joined in the operation.

The exercise was designed to train both nations' anti-submarine forces and to perfect techniques used in this type of warfare.

About Your Health

Attention parents: It's later than you think.

This comes from W. D. Carroll, state registrar, whose vital statistics staff at the Texas State Department of Health is responsible for handling the flood of requests for birth certificates for children entering school for the first time this September.

Carroll's problem is this: There is a tendency among parents to put off requesting copies of their youngster's birth records until the last moment. When too many parents delay in this manner, the results are obvious: a work-over load.

The condition does not result from any lack of effort on the part of Carroll's staff. "Our limited Vital Statistics Division Staff—despite long hours of night and week-end work—can process just so many requests before school begins," he explains.

More than 262,000 children are expected to enter elementary schools of Texas for the first time this fall. The estimate is based on calculations made by the Texas Education Agency.

A good many parents—some of whom may have waited too long in past years—have already requested and received birth records on this year's new scholars. But tens of thousands of additional records will have to be processed between now and the time that first school bell rings in September.

More than one youngster has been forced to postpone his first days at school simply because his parents couldn't produce proof of his age when it came time to register him.

Carroll's advice to parents: "Send in your request today to the local registrar, county clerk, or the State Department of Health."

All you have to do is give the child's name, date and place of birth, the mother's maiden name, and the name of the father. This information, with the fee of one dollar, should be addressed to your local registrar, the county clerk, or to the State Department of Health, Section on Records and Statistics, 410 East 5th Street, Austin, Texas.

Something else: Be prepared to show school officials a record of "shots your youngster has had. Depending on local school board regulations, proof of immunizations against smallpox, whooping cough, diphtheria, and other diseases may be required. A weekly feature of the Health Education Division, Texas State Department of Health.

The Hudson River reaches sea level 150 miles before it reaches its mouth at New York City.
