### GIRLS' CLUB IS CONFIDENT OF VICTORY TODAY

#### Predicting 5-Run Lead Over Locals; Interest Runs High in Game

The S. K. S. L. Girls Baseball club, appearing in Littlefield for a tilt with the local team this afternoon at the ball park, are predicting a five run victory over the locals. Their predictions, however, are not the product of the "dope bucket," as the two clubs have never played the same teams, but on their past performances, in which they have taken some of the best amateur and semi-pro teams in the United States in tow.

This fast girls' aggregation boasts several girl stars, among whom is Corene Jaax, famous lady athlete, Myrtle Brockert, another versatile athlete, Ellen Champlain, a hitter of no mean ability, and Texas' own "Lefty" Langford, of Dallas, who will probably see service on the mound for the girls' team.

These outstanding girls form only a part of one of the biggest gate attractions which has ever taken a tour in the United States, and if the locals don't stay on their toes for the full time of the game, their prediction of a five-run lead may become a reality.

### Algebra, Geometry, And What Have You Sink Into Oblivion When Vacation Time Calls W. D. Storey Back to the Land

Instructing young minds in algebra, geometry, and what have you, isn't all that claims the interest of W. D. Storey; he's a farmer, too.

When vacation time silences the school bell, you'll find W. D. out on his 177 acres, two and one-half miles north of Littlefield. He's out there now.

W. D. is a great advocate of diversified farming; he's got pigs, cows, and everything out at his place.

But if you want to get that said school teacher expounding at length, just ask him about his new flock of Rhode Island Reds.

He recently purchased 35 pedigreed Rhode Island Reds from an Oklahoma breeder with a reputation for furnishing baby aristocrats of chick-

endom.

But coming to the point all in a rush, W. D. is developing an accredited flock of Rhode Island Reds, and about January 1, A. D. 1933 (After the Depression), will be telling folks all about the high quality hatching eggs that can be purchased at the Storey farm.

"What this country needs is standardization in poultry flocks, then we could sell poultry at a premium," the teacher-farmer said.

Mr. Storey recently brought in 500 Rhode Island baby chicks from Oklahoma to augment his flock. They're good chicks, but the exponent of diversified farming doesn't make any speeches about them in particular; they're just good chicks.

### Cole Returns As District Manager For Cotton Co-Op

A. B. Cole, who was manager of the Littlefield district office of the Texas Cotton Co-Operative Association during the 1929-30 season, has returned to this city and taken over his former position. Mr. and Mrs. Cole have rented the Payne Wood home. They resided in Lubbock during the past cotton season.

The Littlefield district extends from Roundup into New Mexico and for some distance north and south.

Mr. and Mrs. Cole returned to Littlefield Tuesday, and are being welcomed back here by a large circle of friends.

### ROBBERY IS THWARTED

A stout door, across the inside of which is a wooden bar, frustrated an attempt this week to enter Commissioner Homer Hall's store. After cutting a screen, the would-be robbers realized that they could not successfully force the door.

### EVERY SECTION REPRESENTED IN BABY PARADE

#### Event Is Sponsored by Little Theatre, with Mrs. C. E. Cooper Director

Several thousand people gathered in Littlefield Tuesday to attend the county-wide "June Frolics", which was the greatest festival ever to be held in this county.

This delightful baby parade was sponsored by the Little Theatre organization, of which Mrs. C. E. Cooper is director. Every section of the county was represented, and never before has this section been so royally entertained by the beautiful little children.

This county-wide baby parade was a wonderful success from every angle. Beautiful floats of every description, from one representing the farm, and carrying the inscription, "Back to the Farm to End the Depression," drawn by a billy goat, which conveyed little Bradford Cobb, son of Dr. and Mrs. M. V. Cobb, to the very aristocratic throne of the Queen of the Frolics—little Linda Beth Stokes, daughter of Mr. and Mrs. J. M. Stokes, and the beautiful Egyptian float carrying little Doro-

### NEW DIRECTORS ARE CHOSEN AT ANNUAL MEET

#### Henry Ansley of Amarillo, Talks On "Why I Like the Depression."

Dr. Ira E. Woods, optometrist and jeweler, is the new president of the Littlefield Chamber of Commerce, succeeding Arthur P. Duggan.

Dr. Woods was unanimously elected to the office at the annual meeting and banquet, which was held Tuesday night at the Presbyterian church.

Rev. Joe F. Grizzle, pastor of the First Baptist church, was unanimously elected vice-president, but Wednesday resigned the office because of his duties as a pastor. A successor to Rev. Mr. Grizzle has not been named.

J. C. Hilburn, president of the First National Bank, was unanimously re-elected treasurer.

Henry Ansley of the Amarillo New-Globe, who has gained wide recognition because of an article which he wrote, "Why I Like the Depression," was the chief speaker.

The annual gathering of the booster organization, which was presided over by Mr. Duggan, was well attended. A number were present from various parts of the county.

Directors Elected. Election of directors, to fill the places of those on the board whose terms had expired, was carried out

### CHAS. H. DEAN OF DIMMIT ANNOUNCES FOR DISTRICT ATT'Y

#### GIVES QUALIFICATIONS IN STATEMENT TO THE VOTERS THIS WEEK

In this issue of The Leader appears the announcement of Chas. H. Dean of Dimmit, who authorizes the Leader to place his name in our announcement column for district attorney. Mr. Dean made the following statement:

"To the Voters of Lamb County: I hereby announce my candidacy for the office of District Attorney of the 64th Judicial District, composed of Lamb, Bailey, Hale, Swisher and Castro counties.

"In so doing I make the following statement as to my qualifications: I am thirty-four years of age, am a native Texan; have practiced law in all courts of Texas for eight years, having received my license to practice law upon my graduation from the law school of the University of Texas; and am finishing my second term as county attorney of Castro county.

I am thoroughly conscious of the duties and obligations of the office I seek, and feel that my law practice, both in the private practice and as county attorney, has given me an experience whereby I can fill the office with credit, both to myself and constituents. I pledge myself, if elected, to enforce the criminal laws fearlessly and impartially without regard to class or influence of the law violators or their friends.

Since the primary is less than six weeks away, it will be utterly impossible for me, despite the fact that I am making a vigorous campaign, to see personally each of the more than twelve thousand voters in the district; I therefore, ask of each voter a consideration of my qualifications to fill this office and kindly request my friends to assist by speaking of me to their friends.

"Respectfully,  
"Chas. H. Dean."

of Lubbock, will assist the Littlefield band in the carrying out of the program.

## BIG CROWDS EXPECTED HERE FOR CELEBRATION SPONSORED BY BAND

### RAINBOW GIRLS WILL PRESENT "COWBOY MINSTRELS" AT THE PALACE THEATRE FRIDAY NIGHT, JUNE 17

The Rainbow Girls will present "The Cowboy Minstrels" at the Palace Theatre Friday night, June 17.

This promises to be the best minstrel show ever put on in Littlefield—originated and presented by the city's most popular and beautiful young ladies.

There will be pleasing cowboy songs which everyone enjoys so much; there will be wise cracks about the home folks that will be well worth hearing; also acrobatic and tap dancing; cowboy readings, etc.

Lamb county's first cowgirl will be featured—along with the one man band.

The program includes in detail the following:

Theme song, "When It's Roundup Time in Texas," by the entire cast.  
Reading, "Down in Texas"—Lucille Hall.  
Acrobatic dance—Blanche Crockatt.  
Quartet, "The Red River Valley"

—Misses Fleeta Eagan, Olga Henson, Virginia Stagers, and Prudence Courtney.

Tap dancing—Miss Doris Gore.

Reading, "In Texas, Down by the Rio Grande"—Miss Helen Rumbach.

Special feature—Miss Fern Hoover, accompanied by the one man band.

Chorus, "Bury Me Not on the Lone Prairie"—Misses Ellorene Vause, Dorothy Newgent, Linnie B. Thornton. Jocelyn Lambert ends the program with a clever dance act.

Interspersed with the above will be wise cracks, special music, etc.

If you enjoy a minstrel, don't fail to see this one. Only the regular admission will be charged.

A special picture, "Devil's Lottery" starring Elissa Landi and Victor McLaglen, will be featured Friday night at the Palace theatre, and is a real thriller. This film was specially ordered for the occasion by W. J. Chesher, manager, at heavy expense,

and is alone worth much more than the admission to be charged, according to the management.

### New Addition to Postoffice Ready for Occupancy Soon

The new addition to the Littlefield postoffice is completed and ready for occupancy, with the exception of the lighting fixtures, installation of additional mail boxes, and a few minor changes which it is expected will be carried out in a few days.

According to Mr. J. E. Brannen, local postmaster, the mail boxes will be moved back about 12 feet, giving some additional space in the lobby. 110 more mail boxes and a parcel post window will be added.

Mr. Brannen added, "This additional space gives us twice as much room in the whole building and four times as much working space as we had before. We will have as nice an office as any city of this size, and any second class office. We are awfully proud of our office; it is what we have been trying for a long time."

Thousands of people are expected in Littlefield for a two-day program, July 4 and 5, which will be sponsored by the Littlefield band.

The program will include a rodeo, with all the events which make up an affair of the kind; horse races, band concerts, terrapin derby, old fiddlers' contest, a candidate rally, dancing and other events.

One of the features of the two-day program will be a parade. Prizes will be given for the best dressed cowboy, the best dressed cowgirl, the best decorated automobile, and for other features in connection with the parade.

There will be dancing Monday and Tuesday nights at an open air pavilion, which will accommodate 200 couples. Music will be furnished by a six-piece red hot orchestra.

The Anton band, which won first place at the West Texas Chamber of Commerce convention, will be invited to participate in the celebration.

A free barbecue is planned for Tuesday, July 5.

The Littlefield band will make a two-day trip throughout this section in advertising the celebration.

H. A. (Hackberry Slim) Johnson

## OLTON

Miss Lela Daugherty of Olton and Al D. Standiver of Roswell, N. M., were married Tuesday, May 29. The bride has lived in and near Olton all of her life, and graduated from the high school June 6, of this year, with honor of valedictorian. The young couple will live in New Mexico.

Funeral services were conducted on the Methodist church at 2:00 o'clock Wednesday afternoon, June 15, for Mrs. Eula B. Shaw, aged 45, wife of R. A. Shaw, who died at Texas Hospital, Lubbock, at 9 p. m. Saturday, June 4, following a long illness.

Dr. D. D. Dennison officiated, and burial took place in the Olton cemetery under the direction of the bereaved family.

A form of paralysis is believed to have been the cause of her death. She is survived by her husband and three children; Melba, Catherine, and Ronald, Norman and Roderick. Claude Chase of Olton has recently opened a filling station at Hart.

Miss Vanda Young visited Miss Pearl Davis in Amherst last week.

Mr. and Mrs. Joe Terrell from Amherst spent Saturday night with Joe's parents, Mr. and Mrs. C. R. Terrell. Mr. and Mrs. Terrell accompanied them home Sunday evening.

Mr. and Mrs. Lester Gryder and children and Mrs. J. C. Gryder from Breckenridge and Dallas, visited their sister and daughter, Mrs. Charlie Crawford, last week. Mrs. Crawford and Charlie Rhea accompanied them to Clovis, N. M., where they spent the week-end with her sister, Mrs. M. B. Demetry. They all returned to Mrs. Crawford's Saturday. The visitors left for home Saturday evening.

The hail did quite a lot of damage in places. Some farmers' entire crop is being planted over. Roofs and damaged some to the extent they have to be reshingled. Mr. and Mrs. C. M. Crawford's house was repaired this week, and is being repapered, all caused from the 5-inch rain that accompanied the hail. Most of the small grain crop is being planted over, as the dirt washed in on it. Quite a number of chickens and turkeys were lost, some sheds blown down and unroofed. A number of car tops were ruined. The lakes have more water in them than has ever been seen in them before.

Mr. J. H. Cook and boys and Mr. and Mrs. C. M. Crawford and Charlie Rhea were in Littlefield last Tuesday. Mr. Cook brought 450 baby chicks home with him.

Mr. and Mrs. E. Wright motored to Lubbock Monday and Mrs. Julia Ballard came home with them to spend a few days.

## Blue Bonnet Club.

Eighteen members were present for a meeting in the home of Mrs. E. L. Scovapa last Wednesday evening. Mrs. Ben McGee led the lesson, which featured "Equipment Needed for the Kitchen." Mrs. McGee gave an interesting talk on utensils that save time and fuel. Mrs. Alice Jones had a nice display of knives for kitchen uses and some good hints on cooking. Mrs. Wolford brought several cleaning devices for the kitchen. A round table discussion followed. Our next meeting will be with Mrs. A. L. Williams on the 15th.

# Vital Links

in a Human Chain

COMPANY daily purchases many tons of poultry, dairy products from farmers. It does not end by shipping these to a few big city warehouses to await the development seldom stands on the rooftop and yells for Supply to the house. Why, every morning thousands of Swift & Company house and Car Route salesmen start out to sell poultry, eggs and meat. These salesmen do not create demand, but they hunt for the tooth combs; they stir it; they dig it up. When they demand, they turn it over to farm producers who sell to the Company. The salesmen's interest to discover new outlets, to expand sales, to let the organization know which markets are best. Success, their advancement, depend on how well they sell. They are vital links in a human chain that reaches back to the plant manager and his helpers. Every man strives to himself by selling more and by cutting the cost of handling. Swift & Company national market was made by digging up wherever it exists in the United States, by advertising brands of quality, Swift's Meats, Swift's Premium Milk Fed Chicken, Golden Bowl, Swift's Brookfield Butter, Eggs, Cheese and many other things. Local gluts and shortages are known, and Swift's products are distributed to the best advantage. By having the same railroad shipped to transport produce or meat; by having the same salesmen produce and meat on the same order, important economies have been achieved. Costs are spread more thinly for livestock men and men alike. An interesting fact that begins with a purchase from a farmer continues until his produce is in a retail store—and in demand for the consumer—that is Swift & Company service. The charges for the profits over a period of years, have averaged less than one cent a pound of all products sold.

# THE PEOPLE OF TEXAS MUST DECIDE THE FATE OF TEXAS RAILROADS

● THE WELFARE of Texas and Texans has gone and will always go hand in hand with the welfare of Texas railroads. Their dependency upon each other is absolute.

In 1929 Texas railroads gave employment to 82,956 employees, to whom they paid annually \$126,674,543 in salaries and wages. In 1930 this number decreased to 70,739 while the payroll declined to \$109,892,226. In 1931 the number of employees fell to 57,098 and the payroll to \$89,505,918.

This represents a decrease of more than \$37,000,000 in purchasing power in Texas communities. There has been a corresponding decrease in purchase of materials and supplies by Texas railroads. The ability to have maintained railroad payrolls and purchases would have been a very important factor in overcoming the present trying economic condition.

The decline in railroad payrolls and purchases is due only in part to economic conditions. The revenues of the railroads have been affected not only by business conditions but to a very large extent by loss of traffic to trucks and buses using the public highways in competition with the railroads.

● The time has come when the people of Texas must decide whether the traffic of this state can best be carried by the railroads, using facilities which they built and maintain at their own expense, or by trucks and buses using the highways built and maintained at the taxpayers' expense.

## FIRST BAPTIST CHURCH Sunday, June 19.

Sunday school promptly at 9:45. Let's be on time if possible. All class records are passed in to the general secretary just as quickly as possible after the opening exercise, usually about ten fifteen, and those coming after this does not get into the count.

Morning worship hour from 11 to 12 o'clock.

B. T. S. meets from 7:30 to 8:30. Last Sunday evening Parker Sikes told in general assembly why he did not like the B. T. S., and Miss Edna Byers told why she did like the B. T. S. If you missed these talks, you are the loser. Many good points were brought out in both speeches. Evening worship hour from 8:30 to 9:30. We will study Four Reasons Why We are Not Prepared for the Return of Prosperity.

We invite you to worship with us. If the day is warm leave your coat at home and come to church and Sunday school.

Joe F. Grizzle, Pastor.

## METHODIST CHURCH Sunday, June 19.

Sunday school meets at 9:45 a. m. Epworth Leagues meet at 7:45 a. m.

Preaching services at 11:00 a. m. and 8:30 p. m.

We have come to the time of the year that is easiest of all the year to stay away from church. Some go visiting and never go to church. Others have visitors and all stay at home and talk over the past, present and future. Some keep late hours Saturday night and sleep all Sunday morning; still others stay at home and read the newspaper, and some say, "I do not feel like going," yet they feel fine if it is any business transaction that calls or some pleasure in view.

Well, we could go on speaking about why people do not go to church in the summer time, but you who do not go to church, why do you not go? The pastor will speak on the following themes next Sunday: "Why Pray," and "A Good Man Who Went to Hell, and a Bad Man Who Went to Heaven." Special music at both services. A welcome is extended to all. Come and let us study God's word together.

Joe Boyd, Pastor.

## METHODIST LADIES OBSERVE GUEST DAY

The Methodist Missionary society observed guest day Monday afternoon with fifty women present for the meeting. A profusion of flowers made the church beautiful for the occasion. The following program was given in a most excellent way:

## New Beauty Shop Established Here

An addition to the business establishments of Littlefield will be the Littlefield Beauty shop, which will have their formal opening Saturday, June 18, at 422 Phelps Avenue, next door to the Friendly Grocery.

Included in the equipment of this new beauty concern are Marvel and King permanent waving machines.

Mrs. Ruby Harrold, who is a graduate of the Abilene Beauty school, Marinella Method, will manage the shop, and besides all kinds of beauty work, plans on teaching students in the art of beauty culture.

## House Approves Bonus Payment

Washington.—Immediate cash payment of the \$2,400,000,000 soldiers' bonus certificates was approved Wednesday by the house.

The measure now goes to the senate where leaders claimed enough votes for rejection. President Hoover has promised a veto if the legislation reaches the White House.

The Patman bill passed by the house would redeem bonus certificates at their face value in new treasury notes distributed to the veterans through the federal reserve banks.

# STATE CERTIFIED SORGHUM SEED GROWERS ASSOCIATION HAS RAPID GROWTH; HEADQUARTERS HERE

The Texas Certified Sorghum Seed Growers association, which opened headquarters in Littlefield shortly after the first of the year with W. H. Cunningham, secretary of the association, in charge, has enjoyed a remarkable growth in volume of business.

Grain sorghum growers in the Littlefield section and throughout the state, who have recognized the value of the seed produced by the association's members, are sending in repeat orders.

The city of Littlefield, located in the heart of the richest farm section of the South Plains, is being greatly benefited by the large amount of publicity received through the association.

The association is a young organization, and even though it has experienced rapid growth, it is assured that the production of certified seed will be much larger this season than ever before.

In 1931 the association produced approximately 1,250,000 pounds of certified seed on 1,270 acres. Five varieties are included in the total: kafir, milo, hegari, sumac or red top cane and some sudan grass. The seed is sold in sacks of 25, 50, and 100 pounds each and each sack carries the names of the association and grower and the red tag of certification.

Following is an article written by R. V. Miller, Chief division of field seed certification of the State department of agriculture, and was published in the Acco Press, a farm magazine published at Houston, which explains the value of State certified grain seed:

Pure line seed stocks, 99.8 per cent true to type, properly isolated, free of diseases, and devoid of Johnson Grass or other noxious weeds—there you have the picture of a field of State Certified sorghum or small grain as seen by the farmer who relies upon the trained eye of an unbiased State inspector. The day of picking up a handful of seed from a bag and judging its quality from a casual glance, and staking a season's work on such judgment, is passing. Seed purchasers are demanding more definite information; they appear anxious to know something of the varietal purity, where the seed was grown, by whom, under what field conditions, and above all, whether or not the fields were infested with weeds. These points cannot be determined by a mere examination of a small quantity of seed.

"The State certification of seed is based on actual field inspection of the growing crop, and in accordance with recognized standards. Its purpose is to give the purchaser a mental picture of the qualifications of each seed firm which voluntarily seeks license under the Certification Law.

"Five years after the inauguration of the cotton seed certification program the seed law was amended to provide for certification of other field seed. Authority was given to the State Seed and Plant Board to promulgate the necessary rules and regulations and the duties of enforcement were delegated to the Commissioner of Agriculture.

"The sorghums were the first crop certified under the extension of the law, and three individuals were licensed as "Certified Seed Growers" in 1929. They produced about 175,000 pounds of Hegari, Milo and Kafir. In 1930 seven qualified, and in 1931 20 firms and individuals are qualified with an indicated production of 1,500,000 pounds of six varieties of Sorghums—Milo, Hegari, Kafir, Sumac, Feterita and Sudan.

"Denton wheat and Nortex oats were first state certified in 1930 and again in 1931. Eighteen members of the Denton County Pedigreed Grain Association make up the production unit of these valuable strains of small grains. The producers of these two crops are finding a responsive market for their product. The uniformity

and extra yields are readily discernible; and the manner in which these certification programs have been accepted by the public is gratifying.

"All State Certified sorghums and small grains trace back in origin to those superior strains which have been developed, tested and bred by the Agricultural Experiment Stations. All "Certified Seed Growers" must obtain initial stocks of seed from this source, but due to the large demand only a few ounces of each variety is available to each applicant. Hence, the grower must plant nursery rows and bag the seed the first year in order to maintain the purity and to secure sufficient increase for an acreage for certification the following season. Such seed produced under bags meet the requirements of registration and are designated as Registered seed. In a similar manner pure line seed stocks of Denton wheat and Nortex oats may be secured from the Agricultural Experiment Station at Denton and increased openly as Registered seed for subsequent certification.

"State Certified sorghums and small grains are produced and marketed largely by actual dirt farmers. Recently a Sorghum Co-Operative Marketing Association was formed with headquarters at Littlefield, Texas. This Association embraces a membership which represents about 80 per cent of the Certified sorghums produced. Other producers are marketing independently, but their problems of distribution are the same, and a close study of systematic marketing is being made by all concerned and definite results are expected whereby the purchasers of pure seed may be economically reached in all parts of the State.

"Additional sorghum growers have made applications for licenses in 1932 as "Certified Seed Growers," having served the "observational" period necessary to establish the merits of their project. Nineteen hundred and thirty-two should show additional growers with more varieties and in widely different areas over the State.

"The requirements for the growing of State Certified sorghums and small grains are based on sound principles. They require no more of the grower than may justly be expected of a pure seed producer and they provide the purchaser with definite information on the quality of the seed which he purchases.

"The red certification tag on a sack of Kafir, Milo, Hegari, Sumac (Red Top), Sudan, Feterita, Nortex oats or Denton wheat means: that the firm or individual who produced the seed has a reputation for honesty and fair dealing, is qualified from the standpoint of ability, has pure line seed stocks, maintains proper isolation in the field to prevent mixing, practices roguing of chance mixtures; that the acreage has been inspected by a qualified State Inspector and shows a purity of 99.8 per cent or more, absence of noxious weeds or grasses, freedom from disease transmissible through the agency of planting seed; that the grower is fully equipped to harvest, thresh, clean and warehouse all seed so as to prevent any mechanical mixture; that he is offering only seed high in germinative value; and finally that he is confining his seed selling activities entirely to inspected and approved acreages."

## Sam Walker Loses Good Horse Recently

Sam Walker, farmer of three miles south of Littlefield, had the misfortune recently to lose one of the best horses he owns. Leaving his four horses hitched to a planter for a few minutes, when he returned he found one of them in kicking off a fly had gotten out of the traces, and in some way a lister point hooked into his side, and he died almost immediately.

## Boy Scouts To Gather At Post for Summer Camp

Boy Scouts of the South Plains Area Council will gather again, after a year's absence, for their annual summer camp to be held at Post, Texas, on or about July 17. Last year's camp was held jointly with the New Mexico Scouts in the Sacramento mountains.

Plans are going forward rapidly and officials are looking to a successful camp.

This year's camping session will be shortened from ten to seven days. It is believed that this will enable many Scout leaders to attend the camp who could not do so under the ten day plan. The camp fee which will be lowered in proportion to the length of the camp will be approximately seven dollars.

Troop leadership will be stressed strongly at the camp this summer. Every troop attending the camp will be expected to have their own adult leaders. Officials feel that the relationship between the scout leader and his boys will be greatly strengthened by a week in camp.

Because so many new boys have entered scouting on the South Plains since the last camp was held at Post, Scout headquarters has expressed a desire to have every boy in camp who can possibly attend.

The present camp staff, which will be added to at a later date, consists of Scout Executive Jennings, who will be camp director; Tom Everheart, who is a senior Red Cross life saver and is connected with the city swimming pool at Lubbock, will have charge of water front activities; Dr. E. L. Reed, professor of zoology and botany at the Texas Technological college, who is an ardent lover of Scouting, will have charge of all nature work at the camp; Jack Mickle, will have charge of camp first aid activities. Ernie Self will be cooking for the camp again this year.

## LITTLEFIELD BOYS ROBBED IN DALLAS

Enroute to Longview, Texas, recently, Royce Beebe and Marcus Eter had the misfortune, when at the railway depot in Dallas, to be held up and robbed of their clothing and money by a negro.

According to C. C. Beebe, Royce's father, the boys were changing trains at Dallas, when the negro encountered them.

The boys, however, managed to get to their destination, and Royce is now working for the Texas Utilities there, while his companion is employed by the newspaper.

Tucker's home Tuesday afternoon, June 14, at 3:00 o'clock with 31 Spade members, 7 Hart's Camp members, and 2 visitors present, Mrs. H. G. Woody and Mrs. W. W. Gillette. Miss Ruby Mashburn also helped the members fill out their canning budget, and gave several canning recipes and suggestions for the Farm Food Supply demonstration.

The hostess served chocolate and vanilla ice cream with chocolate and plain angel food cake to 40 ladies and the Spade 4-H club girls.

Our next meeting will be with Mrs. R. C. Roberts Wednesday, June 22, at 2:30. Equipment needed will be discussed by 7 different club ladies. We urge every member to be present and visitors are always welcome.

## Lamb County Farmers Buy Three Carloads Of Certified Seed

During the past two months 4 carloads of State Certified cotton seed have been delivered to Lamb County farmers, all of one variety, John D. Rogers' Acala.

In an effort to bring about a better quality of cotton for farmers, and not forgetting that maturity and yield are two big factors in this country, County Agent D. A. Adam and seed committee held a series of meets during Spring, 1931, and 92 farmers agreed to grow seed blocks of Acala cotton. All farmers who grew this cotton were unanimous in their praise of that quality seed. As a result of this the seed salesman, R. N. Carpenter, Ben J. McGee and others this year placed the four carloads of Certified seed to 300 farmers within the county. All the farmers who had seed blocks last year, had some first year seed for sale, and as a result of the efforts put forth, there will be 600 farmers in Lamb county who will have Acala cotton on their farms in an effort to improve their quality, and still maintain yields and maturity.

It is believed that some communities during 1932 will standardize and have one cotton variety communities, states the county agent.

... setting on ... variety, the county agent, and ... composed of R. N. Carpenter, chairman; L. C. Green, E. T. Mason, E. A. Boone, and J. W. Hammond visited the Experiment station at Lubbock and studied the records and after going over these carefully decided to push the Acala variety as far as possible.

Mr. Hilliard has attended all the annual international conventions, with the exception of two, those having been held in foreign countries.

## PANHANDLE WHEAT PRODUCTION

The Panhandle Grain Dealers association has placed the wheat yield for the Panhandle at 47 per cent, as compared with the 1931 crop, or 28,200,000 bushels, if weather conditions are favorable. The figure was based on individual reports from towns in the Panhandle. According to figures submitted at the meeting of the association, Texas shipped 70,000,000 bushels of wheat last year, 60,000,000 bushels coming from the Plains territory. High winds and lack of sub-soil moisture were given as cause for the shortage.

## THE COST OF GOVERNMENT

We have always felt that taxpayers do not object to paying reasonable taxes, provided they get something for their money. Lately there has arisen a widespread outcry against the steady increase of taxes, Federal, State and local. We think that outcry has its roots in the general feeling that our governmental units are not giving us value received for the taxes we pay.

Almost all of our government units have been taxing, borrowing and spending beyond the means of the people to pay. Taxes are remaining unpaid. That causes forced sales of property and destroys values. Nothing but drastic retrenchment can possibly restore our governmental units to financial health. And one way to retrench—the best possible way as we see it—is to stop spending money on fads, on things which benefit only a few, and particularly upon the effort to regulate everything by law.

As a nation we are dedicated to the principles of individualism and a minimum of governmental interference in private affairs, and yet we have built up the biggest and most expensive governmental machinery ever created. We object to government in business, and yet we spend more money on governmental promotion and regulation of business than any country in the world except Russia. Likewise, we spend more than any other country in the attempt to enforce the laws, and at the same time we have more crime of all kinds than any other nation.

If the editor of this paper knew the perfect answer to all the problems of government and finance, he would not be running this paper, but might be running the government. We think that there is an answer, but we think also that the answer will be found when everybody who contributes a cent in taxes to local, county, state, or national administration devotes a lot more time to thinking about these things and expressing his thoughts than most people do now.

The star athlete who never exercises the muscles of his brain will have to learn that life is a game that takes something more than physical development.

There never was a better time than this for people to learn that it is much easier to live within an income than without one.

turned over to the State Highway department. The event was celebrated by a big gathering of all the county officials of Hockley county, together with many citizens of Leveland and Littlefield being present in a big Jubilee last Saturday.

The Lee Theatre, under the management of Messrs. A. C. Cheshier and Max L. McClure, opened Saturday night with a big double show and two crowds that packed the house to capacity.

Hindered for more than a week for the usual difficulties that attend the establishing of a new enterprise, and with an 80-mile trip Saturday to secure films, at 7:30 the lights were switched on, the big piano began to pour out the music, the projecting machines began clicking off the reel, to the enjoyment of the big crowd that had come early and packed the house for the first performance.

## RECORD ATTENDANCE IS CLAIMED BY LOCAL 4-H CLUB

What is believed to be a record attendance for one girl's club members, especially of a large club, is reported for the Littlefield 4-H club, composed of girls from the grammar grades of Littlefield.

"At a recent meeting we had 110 girls belonging to the club, at the same meeting," Miss Ruby Mashburn, county home demonstration agent, reported. "There are about 115 or 120 girls in the club. It is the largest club I have and I do not know of many clubs any larger."

The girls are led by Miss Mary Belle Montgomery, a teacher in the Littlefield schools.

Four 4-H Club boys in Lamb county are reporting their field crops up to a stand. These boys are growing 861 acres of feed crops in their demonstration. They are demonstrating spacing, pure seed, smut control, and cultivation. These boys also have 155 acres of cotton demonstrations, using Acala Cotton seed, ceresan treatment spacing, and cultivation methods. 4-H boys are planning on feeding out 150 calves this fall beginning in September and many are carrying dairy calf demonstrations, and poultry demonstrations. There is a total number of over 300 boys that belong to 4-H clubs in every school district in Lamb county. All of these boys will come together during the month of August in a 4-H club encampment at which time we shall have a good program and it is to be conducted by the boys, and a review of the year's work will be given.

Lamb county's 4-H judging team is making preparations to work out, getting ready for the annual Farm Short Course in July, at which time they will be entered into dairy and swine judging contests.

Broom corn growers of Lamb county met with Mr. Alquire from Washington, D. C., in a grading school held in Littlefield Monday, May 23. Grading standards were given these men, and discussed harvesting, care at harvesting time, and preparation for the market. Mr. J. G. Bryant, of Littlefield, stated that this meeting was very educational, and that he appreciated very much the opportunity to get this information.

Says State Can Cut Taxes 50 Per Cent

Jess C. Levens of Lubbock, candidate for state senator, was in Littlefield Saturday on behalf of his candidacy, and addressed a gathering of voters.

His subject was: "Can the Legislature of Texas, and should said body reduce the taxes of the farmers, stockmen, merchants, and the general masses of the people, 50 per cent?"

"I say that it can do that, and without impairing the efficiency of our public free school system, or other needed institutions.

"I further take the position that it is an insult to the intelligence of the people to say that this cannot be done."

Questions and Answers about

Conoco Germ Processed Oil

Q: WHAT DOES "GERM PROCESS" MEAN?

A: The words "Germ Process" describe the scientific method by which this oil is manufactured. Such processing adds immeasurably to the oil's lubricating properties. North American patent rights to this Process are owned by Continental—only CONOCO oils are Germ Processed!

Q: IS IT DIFFERENT FROM OTHER OILS?

A: Yes. It is the only oil of its kind, and does what no other oil can do. The Germ Process gives it the ability to penetrate and combine with metal surfaces in your motor. The Germ Process also gives more "oiliness" than any other oil. Any oil would be better oil if Germ Processed.

Q: WHAT IS THE "HIDDEN QUART?"

A: The "Hidden Quart" is tangible evidence that CONOCO Germ Processed Oil penetrates metal surfaces and gives surer, safer lubrication. During the first 250 to 350 miles after your first fill

with Germ Processed Oil, a pint to a quart seemingly disappears. On later fills, it does not. That's the Hidden Quart—it stays up in your motor and never drains away! Other oils drain away when your car is idle, leaving vital parts unlubricated during the starting period, when almost half of all motor wear occurs. CONOCO's Hidden Quart lubricates before your motor starts—cutting down costly starting wear!

Q: WHY SHOULD I CHANGE TO CONOCO GERM PROCESSED MOTOR OIL?

A: Because, by cutting down starting wear, it gives your motor longer life, keeps it sweet-running and saves expensive repair bills. Because Germ Processed Oil's extra oiliness makes your car run better. It forms a stronger piston-ring seal, making starting easier and giving more power. It withstands crankcase dilution and high temperatures. CONOCO Germ Processed Motor Oil gives you the safest, surest lubrication you can buy. Change now to this better oil at any CONOCO Red Triangle station.

(Continued from Page One)

thy Clements, daughter of Dr. and Mrs. C. C. Clements who represented Cleopatra and was indeed a picture to behold. Every one of the 34 floats, in this county-wide parade were creations of art, and worthy of the greatest commendation. Mack McGavock, Jr., looked very stately as King, James Paul Parks represented a cowboy, Wanda Jean, Maxine and James Davenport represented their daddy's garage, their float being a mechanic's work car; Jackie Dodgen and Ray Lindy Bennett were the Black Dust Twins; Bobbie Coen rode in an aeroplane; Kyle Seale and Sam McCaskill were the clowns for the occasion; John T. Street, Jr., bathed and kept cool in his motor boat float; Little Jonelle Foster of Sudan, was the colonial lady in the stage coach; Joleen Applewhite of Olton looked darling on her tea party float. "Olympic Bound" is also worthy of mention. It carried Dudley Paul Repp. Irma Louise Teal of Sudan was housed in the "Old Woman's Shoe." Bobbie Ray Foust's float represented a musician. Jerry Blair rode an aeroplane, and William Glenn Brown an automobile. Ila Gene, Eunice and Buford Roy Latimer looked very unique in their covered wagon. The Cowboy float carrying Yantis Wright was also a work of art. Dick Johnson, Jr., with his float, represented a "Hobo on a Box Car," which was very clever. Langon Grissom was a farmer. Billy June Chesher looked darling in her baby float. Blair Goodwin rode a prairie schooner, and Malcolm Stokes as an Indian, carried out his part well.

Other children entered in the Frolics, each of whom had their individual float, which were just as artistic, unique and worthy of mention as the above, were Linda Fay Ferguson of Sudan, Doris Pauline Roberts, Cardine Evins, Jewell Dean Woods, Christine Launell Wainscott, Ramona Jean Eagan, Florence Drake, Joyce Wynn and Max D. Hulse. The floats were attended by the Boy Scouts and Camp Fire Girls.

The coronation of the King and Queen took place at 4 o'clock. Ramona Eagan, as lady in waiting to the Queen, bore the crown to the foot of the throne, where she was met by Mayor T. S. Sales, who crowned Linda Beth Stokes as Queen, and placed her on her throne. The first gentleman of the realm, little Bobbie Ray Foust, then bore the crown for the King to the foot of the throne, where it was received by Mayor Sales and placed on the head of the King, Mack McGavock, Jr.

The King and Queen were presented with loving cups, and the following prizes were awarded:

J. T. Street, Jr., in a motor boat, was awarded a prize of \$5.00 for the most artistic float. Yantis Wright, son of Mr. and Mrs. Alph Wright, received a prize of \$5.00 for the most unique float. John Cole of Sudan was pronounced by the judges the handsomest baby boy outside of Littlefield, and was awarded a silver mug. Carla June Doss, daughter of Mr. and Mrs. Carl Doss, was awarded the prize for the prettiest baby girl in Littlefield, and was presented with a silver mug. Dudley Paul Repp (Sunny), son of Mr. and Mrs. A. D. Repp, received the prize—a silver cup—for the handsomest baby boy in Littlefield. Jonelle Foster, daughter of Mr. and Mrs. J. B. Foster of Sudan, was presented with the prize for the prettiest girl baby outside of Littlefield.

The judges were: Dr. G. H. Ater, Lubbock; Charles H. Dean of Dimmitt; and J. T. Alley of Lubbock.

One of the outstanding features of the parade was a cotton float entered by the merchants of Littlefield, which was prepared by Bob Cobb, C. W. Smith and Joe Replin, and on which Miss Ann Marie Harless was the Queen of Cotton, while Misses Prudence Courtney and Olga Henson were Cotton models. The merchants also had cotton displays in their windows for the occasion.

The Little Theatre organization deserve the highest praise possible for bringing about the greatest affair ever held in Lamb county. Especially

are the following to be highly commended for their untiring work in making the Frolics an outstanding success: Mrs. C. E. Cooper, director; Registration committee, consisting of Mrs. John H. Arnett, Mrs. J. C. Hillbun, Mrs. T. Wade Potter, Mrs. C. L. Harless and Mrs. P. W. Walker; Mrs. C. E. Shaw, director of music; Finance committee, composed of Mrs. T. S. Sales and Mrs. F. G. Sadler; Mrs. A. P. Duggan, who assisted the Registration committee, and made and donated the cedar arches; the Littlefield Band for their splendid music and co-operation; the Boy Scouts and Camp Fire Girls, who attended the floats; Mayor Sales for his assistance and co-operation; the merchants for their co-operation and help; E. J. Newgent, who built the throne free of charge, and the fire boys who washed the streets.

This county-wide festival was held in appreciation of the many blessings enjoyed by the people of Lamb county, and according to Mrs. Cooper, director, it is the plan of the Little Theatre organization to hold this county-wide baby parade annually, making it bigger and better each year and an event that the people of this section will look forward to with great pleasure.

The Littlefield Theatre organization wish to express their appreciation for the splendid co-operation and assistance rendered them by the parents of the children entered, Mayor Sales and the city commission, the Littlefield Band, Boy Scouts and Camp Fire Girls, Mrs. Duggan, the merchants of Littlefield, E. J. Newgent for building the throne, Littlefield Fire department, and all others who so willingly rendered assistance.

at Tuesday night's gathering.

The new directors and their terms of service, are:

E. S. Rowe, one year; John H. Arnett, one year; J. H. Ware, three years; A. D. Repp, three years, and J. O. Garlington, three years.

The holdover directors are: J. E. Brannen, one year; F. G. Sadler, two years; Dr. C. C. Clements, two years, and Morley B. Drake, two years.

The complete board of directors at the present time are:

E. S. Rowe, one year; John H. Arnett, one year; J. E. Brannen, one year; F. G. Sadler, two years; Dr. C. C. Clements, two years; Morley B. Drake, two years; J. H. Ware, three years; A. D. Repp, three years; J. O. Garlington, three years.

The ladies of the Presbyterian church, who served the banquet, received many compliments on the excellence of the meal which they served.

Music was furnished by the Littlefield orchestra. A reading was given by little Miss Maurine Igou. Carson Glass, who was a contestant in "My Home Town" speech contest at the last annual convention of the West Texas Chamber of Commerce, gave the talk which he delivered on that occasion.

D. A. Adam, county agent for Lamb county, and Miss Ruby Mashburn, home demonstration agent, gave brief talks on their work.

Mr. Adam said that he was giving a considerable part of his time now to developing 4-H club work. He said that 300 Lamb county boys are enrolled in seven clubs, and that important projects were being developed.

Miss Mashburn said that in 1931 there were 206 girls enrolled in 4-H clubs, and 411 women in Home Demonstration clubs.

Miss Mashburn later informed the Leader that at the present time there were 415 girls enrolled in 4-H work and 503 women in Home Demonstration clubs.

President Duggan and Joe F. Hale, secretary of the chamber, both discussed briefly the accomplishments of the organization, in the past year.

Mr. Duggan said that probably the most important accomplishment of the past year was the obtaining of an adjustment of freight rates on cotton shipments out of this section of the

state. Mr. Hale gave the gathering a vast amount of information which showed the excellent growth and development of Littlefield and Lamb county in all lines of activity.

Following his election as president, Dr. Woods made a brief talk in which he expressed his appreciation for the honor which had been conferred upon him.

His election as president was a complete surprise to the doctor.

The chief speaker of the evening was introduced by E. A. Bills.

Talking in a humorous vein the greater part of the time, Mr. Ansley brought to his audience a picture of the many reasons why the present depression is of value to the individual and to the nation. He said that the depression had given every individual time to think on the serious side of life; had given the voters a very definite picture of the too high costs of government; had made us all realize that we are not the "big shots" or "hot shots" that we thought we were; had made us all get our feet on the ground; had improved family life and the friendships of individuals, and had made us all realize our duty to "ourselves, our God, and our fellowman."

Following the address by Mr. Ansley, brief talks were made by Rev. Mr. Grizzle, Mayor T. S. Sales, and Meade F. Griffin, district attorney.

**Littlefield Golf Team Will Play Post Here June 26**

The Littlefield golf team will play Post here Sunday, June 26, as part of the schedule of games arranged by the South Plains Golf League.

There will be no matches in the league on Sunday, June 12, because of the West Texas Golf association tournament at San Angelo.

Littlefield drew a bye for Sunday, June 19, on account of the withdrawal of Tahoka from the league.

**OWNER OF CITY MARKET REPORTS BIG IMPROVEMENT IN BUSINESS AS RESULT OF ADVERTISING IN LEADER**

**J. S. Mills Happens With Serious and Painful Accident**

J. S. Mills, proprietor of Mills Body Works, 203 Phelps avenue, happened with a very painful and serious injury Friday morning about 10:30, when in the act of cleaning out a radiator. Mr. Mills put a quantity of lye in the radiator and on top of this poured some sulphuric acid, which caused an explosion, the lye and acid shooting upward into his face and badly burning his eyes.

J. A. Davenport and F. E. Beard applied first aid treatment and carried him to Dr. Duke's office. Upon the doctor's advice he was immediately taken to the Lubbock Sanitarium by Mr. Davenport, accompanied by Mrs. Mills and Mrs. Davenport.

Reports are to the effect that Mr. Mills is much improved, and returned home Wednesday.

1. We can do it cheaper now than for many years past, and possibly cheaper than will ever be possible again.
2. The longer a defect goes uncorrected or improperly corrected the more difficult complete correction will be. Every few days we find it necessary to say to someone, "Sorry, but we can't help you now; you've waited too long."
