COUNTY SEAT ELECTION WILL BE HELD SATURDAY, MARCH 19

LITTLEFIELD AND AMHERST BOTH BE ON TICKET; LIVELY CONTEST IS EXPECTED

Simon D. Hay Monday ordered an election for Saturday, to determine whether or not the county seat of Lamb county shall move to either Littlefield or Amherst. In the event of the election, a lively contest got underway with both Littlefield and Amherst vying for the county seat and both Littlefield and Amherst vying for the seat of government of this county.

Lease Local City Hall

At the same time petitions were presented to Judge Hay, Monday, by Littlefield and Amherst, asking that a county seat election be called, there was presented to the commissioners' court a lease contract executed by the mayor and commissioners of Littlefield, tendering to the County of Lamb the use of the Littlefield City Hall for courthouse purposes for a period of 10 years at a total rental for that period of \$10.

The lease was accepted by the court, provided the county seat is moved to Littlefield. The acceptance was signed by County Judge Simon D. Hay, and Commissioners C. A. Daniels, C. E. Strawn and E. J. Foust. Commissioner Horace Walker did not affix his signature.

The lease also provides that the County of Lamb is to have the use of the Littlefield city jail, which is a part of the City Hall.

Under the order for the election, issued by Judge Hay, both Littlefield and Amherst will be placed on the ticket.

Local Petition Heavily Signed

Littlefield presented petitions signed by 681 voters, asking that the county seat election be held to determine whether or not the voters wish the county seat moved to this city.

Center, Earth and Sudan also presented petitions, asking that the election be held to determine whether or not it is the wish of the voters of this county that Littlefield shall be the county seat. The Center and Earth petitions were well signed, and the Sudan petition carried the names of 95 voters.

Littlefield was represented before the commissioners court by Arthur P. Duggan, Mayor T. S. Sales, T. Wade Potter, E. A. Bills and E. S. Rowe. Amherst was represented by J. H. Woods, E. F. Huntsucker, Ike Batson, and others.

1932 FORD COACH TO BE GRAND PRIZE; TRIP TO CALIFORNIA WILL BE SECOND PRIZE; OTHER PRIZES

Cash Commissions Will Be Paid All Non-Prize Winners; Lamb County Leader Offers Wonderful Opportunity to Earn Big Money; Get Into the Game

We want to add 1500 subscribers to the LAMB COUNTY LEADER'S subscription list.

To do this we are today announcing the greatest prize offering contest ever held in this part of the state.

Here are the prizes:
A new 1932 Ford coach; airplane trip to California, with all expenses paid; three other prizes of great importance—one merchandise prize equivalent to \$100; another equivalent to \$50, and another equivalent to 25. And a cash commission paid to all active non-prize winners, payable every Saturday night.

Here is employment for ten weeks if you want to work. The Ford was purchased from John H. Arnett and will be displayed in his show room. You can start working right now. Call your friends and tell them you are in the contest and that you will call on them for their subscription at once. A good start means a good finish. This contest closes April 16.

Although the LAMB COUNTY LEADER has a very substantial circulation, we want more subscribers and we are willing to pay in a great way to get this circulation.

We have reason to believe that business is on the upgrade. We believe that conditions are returning to a normal standard and we are as far as in our power, going to aid in employing as many people in Littlefield and its trade territory as possible. In fact, we are offering a pay check every Saturday night to every man and woman, boy or girl, providing they want to work. That is why we say this campaign will be sensational. Never before in campaign history has such a campaign we are announcing today been presented to the people of this section of the country. When we say salary checks every Saturday night we mean just what we say, and everybody who enters this campaign can earn as much of a salary as they want. It is our opinion for those who want to work, we are going to knock old depression into a cocked hat.

Prizes in Campaign
First grand prize in this campaign will be a new 1932 Ford Coach which has been purchased from and which will be on display at the John H. Arnett Motor Co., of this city.
Trip to California
Second grand prize is a trip to Los Angeles, California, especially arranged by the LAMB COUNTY LEADER, paying all your necessary expenses there and return. The trip will cover a visit to Hollywood, a visit to the Catalina Islands, and other such great mysteries that can be offered by America's most interesting city, Los Angeles. A more detailed story of this beautiful trip will be outlined in the LEADER from week to week.

Cash to Everyone
Then comes the ten per cent commission paid every Saturday night to every contestant with the understanding that the five Grand Prize winners shall release their commissions in acceptance of the Grand Prizes they win. Now, don't you believe this campaign is sensational? And we know you will agree that it is the most wonderful offer presented to the people of this territory in many a day. In fact, it almost means another boom for the enterprising, energetic people who want to dream and have their dreams come true by getting results in a circulating way for Littlefield's enterprising newspaper.

--- EARTH ---

Where Cotton and Wheat Meet—One of Lamb County's Progressive Young Cities

We have had the pleasure from time to time of visiting the cities and communities of Lamb county, and adjoining counties. We enjoy these trips, and are glad of the opportunity to tell the readers of the Lamb County Leader something about what we see and hear. This week our subject is "Earth."

BY MORLEY B. DRAKE
"Where Cotton and Wheat Meet." In Lamb county—that's Earth. Earth is a sure cure for the blues. Some day when you are feeling sort of down at the heel . . . certain that farm products will never be worth any more . . . that every other store in town must have more customers than you have . . . climb into the litt' ol' bus and head for Earth. If you don't come home feeling 10 years younger, we will cheerfully pay your gasoline.

Everybody in Earth boasts. The gasoline vender will tell you

that there's more traffic on Highway No. 70 than on Highway No. 7; R. G. Sudbury, the druggist, will tell you that people live longer in Earth, that you should see and visit our school, should see our football team perform, etc.; J. M. Barlow, president of the Earth Chamber of Commerce, will . . . well, he'll make you feel that you should go home by airplane, sell out your business, and fly by the fastest ship back to Earth, because life is short and that wise folks spent their lives where living is really living.

We could and should mention a whole lot of other folks up Earth way; but what's the use, they would all have about the same story to tell . . . that Earth is Earth, that Heaven could not be sweeter.

Earth has achieved much that few cities can boast.

That little city of 400 souls (200 two years ago), can boast of having broken into the New York Times with a story published under the caption, "Earth Will Move, But Not Heaven."

That story was published about the time the folks in Earth were figuring on putting the skids under the town, moving everything probably but a gin or two, one of the said gins being built of concrete, in order to be on the line of the proposed T. & P. railway.

They may yet move the town; it all depends on the route of the T. & P. N. But T. & P. N. or no T. & P. N., Earth will grow and prosper.

That same little city in the north and west portion of our county also made the Literary Digest. That achievement also is worth putting a whole flock of marks on the wall.

We noticed, when we visited Earth, that everybody seemed to be in good humor and spending money.

"Where did the boys get all the money?" we pondered.

Then somebody told us that we were in the town "Where Cotton and Wheat Meet," that there was much feed grown thereabouts, that dairying was one of the important industries.

We ceased to wonder. We knew that the folks in and a-

SERIES OF EDUCATIONAL PICTURES ARE BEING SHOWN AT PALACE THEATRE IN ADVERTISING LOCAL MEAT SHOW

round Earth were strong for diversified farming.

And diversified farming will make any section of the county prosperous. Earth is progressive. What Earth wants, Earth gets.

Earth wanted a telephone system. H. F. Taylor, former Santa Fe agent at Amherst, came over and established the Earth Telephone Co.

The last time we heard from Earth that city was about to have an electric light and power plant all its own.

If we don't hurry up and get back over there they'll have a white way built and we'll think that we are on the wrong road. No foolin'.

Earth is seven years old. Good old lucky seven. Anything is likely to happen thereabouts this year.

Now something about the Spring Lake Wolverines, a football team that will dazzle your eyes.

The Spring Lake school is the school attended by the boys and girls of Earth and thereabouts.

Read this about the Wolverines: Eleven men turned out to make the team.

Eleven men played the season. There were no substitutes.

Not a man was knocked out. The team won six games out of nine played.

Not a player on the team had ever seen a football game.

All the foregoing happened in 1928.

The Wolverines are still going strong.

Earth has 17 business houses and two gins.

And a group of business men that are proud of Earth.

And last, but certainly not the least: Earth has a great many very attractive residences.

What is a city without attractive homes?

Funeral Services Are Held Sunday for Dalmont Infant

Funeral services were held Sunday, February 7, at 10 a. m. at the family residence north of town for Colene Belle Dalmont, two weeks old infant daughter of Mr. and Mrs. Ulyess Dalmont, who died Friday last in a Waco hospital.

Rev. Joe Boyd, pastor of the Methodist Church, officiated, and interment took place in the Littlefield Cemetery, Hammons Funeral Home having charge of the burial arrangements.

Mr. Dalmont accompanied the body to Littlefield. Mrs. Dalmont is still confined to the hospital in Waco.

10c a DAY

If someone came to you and said: "For ten cents a day I will postpone old age, give you better health and more leisure," what would you say?

"Yes," of course. We are prepared to promise just that.

Unnecessary manual work means fatigue. Continued over a period of time it means impairment of health, which, in turn, brings old age long before its time.

If the end of the day finds you too tired to entertain, to read, or to do the things you wish to do, ask yourself, "What have I done today that electrical appliances could have done for me, or could have helped me do?"

There are many efficient electrical helpers for the home which not only lessen the physical effort required for almost every task, but cut down the amount of time required to do the work "in the old way."

A JOB FOR EVERYBODY

CIRCULATING

CAMPAIGN OFFICIALLY OPENS

EXTRA!

THE PLAN IN BRIEF

The object of this distribution is two-fold—primarily to increase the already large circulation of our paper, also to collect subscription payments from the present or old subscribers, and at the same time afford our friends and readers an opportunity to profit in a big way, through their spare time during the next few weeks. So it is plain that it works both ways and to the ultimate good of all concerned.

The plan adopted is the fairest and most impartial conceivable.

The plan of competition is straightforward and simple, and is fully outlined in this announcement.

Let it be fully understood at the very outset that it is not a "beauty" nor a "popularity" contest, but a strictly legitimate competitive proposition for enterprising men and women, and one in which no element of chance enters. One feature of this competition is the fact that there will be no losers in this race.

How to Enter the Race

The first step in order to become a candidate and compete for a prize is to clip the nomination coupon appearing in this issue, fill in your name (or the name of someone you want to nominate) and address and mail or deliver to the Campaign Manager of this paper.

This entitles you or the person whom you nominate, to 25,000 FREE votes. These votes are given as a starter, and speed you on your way to WIN. Only one such nomination will be accepted for each candidate.

How Votes are Secured

The next step is to call or write the Campaign Department for a free working outfit (consisting of special receipt book, sample of the paper and other information relative to launching your campaign—and WINNING!

Thus equipped, you have but to go to your friends and neighbors and relatives and secure their subscriptions and support throughout the campaign. You must plan your own campaign the same as any successful man plans his work for a season, and above everything else, let no one discourage you, but stick to the finish. Anything worth having is worth striving for. A few short weeks and you may be riding your own automobile.

Early Start Means Early Finish

The advantages of an early start are manifest. Not only do you have the time in which to secure the winning votes, but now you receive the maximum schedule of votes on each subscription turned in to the Campaign Department, while those who put off entering until later will have to take what is left—lower votes.

To The Public and Our Readers—

The management of this newspaper is giving this mammoth prize election and this paper positively guarantees absolute fair and impartial treatment to all who participate. This is easily the most worthy and liberal prize offering ever made to the newspaper-reading public in this section by a newspaper of any size or kind and it now rests with the enterprising hustlers to get busy and get their share of the good things offered. This is your opportunity to secure, without one penny of cost, prizes that would ordinarily take months, or even years, of self-denial and savings to acquire—and here they are offered to you in exchange for just your spare time and effort during the next few weeks. It will behoove prospective participants to enter their names NOW and be among the first in the field. Remember, EVERYBODY WINS in this great distribution, and your prize will be as great as you wish to make it. It is truly the best spare-moment business proposition ever offered to our readers.

THE ADVISORY BOARD

It is the sincere aim of this newspaper to conduct this contest from start to finish in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interest of the participants and absolute honesty in all dealings is guaranteed.

However, not all wisdom lies with any man or institution and for that reason an advisory board has been decided upon, whose function shall be to decide any question of sufficient moment that might happen to arise during the competition and from which a committee shall be selected to act as judges and count all the votes the last night of the election.

URGES VOTES FOR WEST TEXAS

Indications are that a political war will be staged between Lubbock and Amarillo over the candidacy of Col. Ernest O. Thompson and Senator Pink Parish, both announced for congressman-at-large. Three Lubbock newspapers expressed resentment against the entrance of Col. Thompson in the race presenting the argument that the South Plains was entitled to a congressman, by right of equitable redistricting which had failed, and that all West Texas should center upon a South Plains candidate. It is to be regretted if this feeling continues through the campaign, as it will certainly mean the defeat of both Senator Parish and Col. Thompson, should Amarillo retaliate and vote against Parrish, as Lubbock threatens to vote against Thompson. So far as the News is concerned, we now announce our support of Senator Parrish, Col. Thompson and Mrs. Phebe K. Warner. If West Texas will vote for these three, one or more of them will be elected, depending upon the individual strength of the candidate to win votes down state—Canyon News.

SLUMP RESTORES FAMILY LIFE

It is claimed that the slump has restored family life. Certainly unemployment has shown the interdependence of family units. Home making was never on a more companionable basis, since both of the contracting parties assume responsibility for its support in many cases. The home, after all, is the most stable unit for the consideration of commerce and finance. Without a home, there are restricted sales in the things which make houses homelike.

COST OF LIVING DECLINES

The cost of living, a U. S. department of labor bulletin advises, fell 9.3 per cent in 1931. Food declined 16.8 per cent in 1931, clothing 11.4 per cent, house furnishings, 11.2 per cent, and rent 2.5 per cent.

EIGHT YEARS AGO IN LITTLEFIELD

(Excerpts from Littlefield Leader)

Eighteen thousand acres of fine land belonging to the Yellow House Land Company was sold last week to the South Plains Land Company of Dallas, Texas. A telegram received Saturday by Arthur P. Duggan, general manager for the company, advised that the land is what is commonly known as the "Sheep Ranch" and is a body of land as large as four counties located in the West Texas region, ten miles south of Littlefield.

R. D. Borough this week purchased the John Moore building, which he has occupied with grocery business for the past year.

There was a total of 856 poll tax receipts issued in Lamb County this year. It is probable 200 more voters will be added to the list by the new settlers who bring their poll tax receipts with them.

In this issue of the Leader Judge R. C. Hopping make announcement for re-election as county judge of Lamb County.

J. R. "Bee" Patton of Olton this week makes formal announcement for the office of sheriff and tax collector.

"Pop City" is the newest constellation in the galaxy of West Texas towns, and is justified of its name by the rapidity of its growth. A few weeks ago it was only a cow pasture; today it is a hustling, building, growing community.

Pep is located 16 miles southwest of Littlefield, and close to the northwest corner of Hockley county. It is in the famous Littlefield ranch now being subdivided and sold by the Yellow House Land Company, and is be-

ing settled largely by farmers from the central part of Texas. Nearly every tract of land along one road for ten miles has been sold, the town being built in the center. A few weeks ago a school was started in the kitchen of John Stengel, one of the new settlers. Miss Cosgrove consented to do the teaching. She drove over to Levelland, the county seat of Hockley county, and requested text books of the county judge.

A 20,000-Man-Size Job

Men must eat. Trainloads of butter, eggs and poultry move every week into New York and Chicago. Carloads move every week into hundreds of smaller cities. Shut off the supplies for a brief time and millions would go hungry.

Men must sell. Trainloads of produce move every week out of the farming centers. Stop buying for a little while and eggs would grow old, butterfat lose its value, poultry pass its prime. Hundreds of thousands of producers would lose money.

Regularity of supply can be assured only by widespread buying. Transportation costs must be kept low by shipping in carload lots. To obtain good prices from the men with the dinner tables, there must be efficient salesmen and accurate, hour-to-hour reports on demand everywhere.

A man-size job? More than that. Swift & Company makes this a 20,000-man-size job. That many, and more, of its employees devote all or part of their time to buying, processing, selling and distributing poultry, dairy products and eggs.

Over a hundred Swift produce plants pay cash for what the farmer produces. Leased wires 7,500 miles long keep experts informed where demand is greatest and supplies are shipped to these points. Branch houses and car routes serve 10,400 cities and towns.

The same salesmen who sell meat take orders for butter and eggs. One delivery suffices where two would be needed if produce and meat were distributed separately. Handling them together makes workers more efficient. Therefore, cost of distribution, both of meat and of produce, are lowered.

Swift & Company is a national marketing institution. It is also several hundred local institutions. Packing houses, branch houses, produce plants—more than 650 in all—employ local men whose pay checks help to keep their communities prosperous. A rounded line of foodstuffs enables these men to give a better and a less costly service to all classes of producers.

Charges are reasonable. Profits of Swift & Company from all sources, over a period of years, have averaged less than one-half cent per pound of product handled.

Mrs. E. L. Bennett, a feme sole, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 64th Judicial District, to appear at the next regular term of the District Court of Lamb County, to be held at the Court House thereof, in Olton, Texas, on the 4th Monday in February, A. D., 1932, the same being the 22nd day of February, A. D., 1932, then and there to answer an amended petition filed in said Court on the 23rd day of December, A. D., 1931 in a suit, numbered on the docket of said Court No. 817, wherein Houghton Brownlee and M. H. Goldsmith are Plaintiffs, and D. D. Skelton, Mrs. Anna E. Bradley, S. E. Bradley, John H. Arnett, C. R. Kemp, Alice Dyer and Mrs. E. L. Bennett, a feme sole, are Defendants, and said petition alleging as follows, to-wit:

Plaintiffs allege that on the 26th day of January, A. D., 1928, defendant D. D. Skelton made, executed and delivered his series of eight promissory notes, dated January 1st, 1928, numbered Nos. 1 to 8 inclusive; Notes Nos. 1 to 7 inclusive, for the sum of \$300.00 each, and Note No. 8 for \$3100.00, payable to the order of plaintiffs at Littlefield, Texas, on or before January 1st, 1929 to 1936, respectively, bearing interest from date until maturity at six per cent per annum, and from maturity until paid at the rate of ten per cent per annum, interest payable annually on January 1st of each year as the same accrues; said notes providing for ten per cent attorney's fees if placed in the hands of an attorney for collection, and further provides that in the event of default in payment of principal or interest, or either, shall, at the option of the holder immediately mature all of the remaining balance due thereon; whereby said defendant became liable and bound to pay said notes according to the tenor, effect and reading thereof. That Notes Nos. 1 and 2 of said series have been paid, and all interest paid on all of said notes to January 1st, 1930.

That said notes were given for a part of the purchase money of Labor No. 18, in State Capitol League No. 661, Original Grantee Abner Taylor, containing 177.1 acres of land in Lamb County, Texas; which said land was on or about January 26th, 1928 conveyed by Arthur P. Duggan to defendant D. D. Skelton by his deed of writing of said date in which was retained a vendor's lien on said land to secure the payment of said notes. That thereafter the defendant D. D. Skelton sold and conveyed said land to defendant Mrs. Anna E. Bradley, and in which deed the said grantee assumed payment of said notes.

That on all dates mentioned herein a seven room frame house was situated on said land; that on or about Dec. 15th, 1931, defendants Mrs. Anna E. Bradley and husband, S. E. Bradley, moved or caused to be moved said house from said land above described, and moved or caused the same to be moved to and placed on that parcel of land lying and situated in Southmoor Addition to the town of Littlefield, in Lamb County, Texas, known as Lot No. 11 in Block No. 4, of said addition according to the map or plat thereof recorded in the Deed Records of Lamb County, Texas, reference to which is here made for a more particular description thereof; that said house was and is of the value of \$3,000.00. That defendants John H. Arnett, C. R. Kemp and Alice Dyer have and claim some right, title, interest and estate in said last named lot of land; that defendant Anna E. Bradley and husband S. E. Bradley are the real and true owners of said lot; that defendant Mrs. E. L. Bennett, a feme sole, is claiming and asserting some right, title, interest and lien against the above described tract of 177.1 acres of land; that any such interest held or claimed by her is inferior and subordinate to the lien and claim of plaintiffs, that the claims of defendants John H. Arnett, C. R. Kemp and Alice Dyer to said Lot. No. 11, in Block No. 4, of Southmoor Addition, and to the seven room house moved thereon and above described is inferior and subordinate to the claim and vendor's lien held against same by plaintiffs herein, and that plaintiffs have a prior and superior vendor's lien on the same, superior and prior to the claim or lien of defendants or any other person or persons.

Plaintiffs pray for a temporary writ of injunction restraining defendants and each of them from executing and delivering any deed or deeds to said last named lot of land and from selling or attempting to sell, and dispose of the same; and from moving or attempting to move, and from selling or mortgaging or attempting to sell or mortgage said house and said lot, pending the determination of this suit; for judgment for their debt, \$4600.00, interest and attorney's fees; for foreclosure of their vendor's lien on said land and on said house moved therefrom; for all costs of suit and for general and special relief.

T. WADE POTTER,
 Attorney for Plaintiffs, Houghton Brownlee and M. H. Goldsmith.
 Herein fail not but have before said court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.
 Given under my hand and the seal of said Court, at office in Olton, Texas, on this 16th day of January, A. D., 1932.

LITTLEFIELD BAND IS ORGANIZED UNDER THE DIRECTION OF MONTE BOWRON

Monte Bowron of Lubbock, formerly director of the Littlefield band, is organizing a band here, and the first meeting was held Thursday night, when twelve members were secured.

Mr. Bowron is an experienced musician, who has directed bands at Lubbock, Tahoka, Lorenzo, Southland, Crosbyton, Muleshoe and other points on the South Plains.

Another meeting will be held Thursday night, and all interested are urged to attend and join the band, which is open to all.

Mr. Bowron plans to move here in the near future and devote much of his time to giving private musical instruction.

ing their past, present and future.

As we said before, we haven't been to Hollywood. Guess we'll have to run out there some day and see the folks.

CONGRATULATIONS

Plainview will have a Cured Meat show Feb. 26-27.

Winning exhibits at the Plainview show will be entered at the Panhandle-South Plains Fat Calf and Pig Show and Cured Meats show.

Numerous other counties, including Lamb, also will have cured meat exhibits at the Panhandle-South Plains show.

The more the greater competition.

And as far as Lamb county is concerned we like competition, not that we think we are "extra good;" we believe that active competition at such shows are in the interests of the cured meats industry of the South Plains. Come on, folks! Get into the game!

ORE FASHION NEWS—

The Littlefield Spat club, composed of our best dressed men about town, will soon adjourn for the summer.

HAT COUNTRY CLUB—

The suggestion that Littlefield could have a country club caught like a flock of flies to a dish of dge.

A great many folks are becoming ensely interested in bringing out additional recreational facilities for Littlefield.

The "author" of this "colyum" might even be induced to expound more in the interests of a swimming pool for Littlefield.

ING OUR NEIGHBORS—

writer of this "colyum" recently attended the Bula school and had the pleasure of becoming acquainted with the superintendent, Mr. Smith, the principal, Mr. Jones, and the Bula school from Littlefield county, and this is his first time at that school.

Bula school has seven classes and an auditorium, six teachers, and about 200 pupils.

Smith accorded us the honor of being the pupils. We enjoyed the "speech," but we don't know how well the students survived.

Leader Contest—

pounded by the leading business concerns of the country today. Potentially we are all star salesmen and sales ladies, lacking only the one big opportunity to turn that natural gift into big profits. Yes, you may have intent powers within you, which, when developed, may lead to heights of achievement and success never before dreamed of, without investing one cent—now or later—the LAMB COUNTY LEADER offers you an opportunity to test your ability and salesmanship "to earn while you learn, experience not necessary." All that is required is a little rightly planned and well directed effort. You may even surprise yourself for it is exceptionally easy to take subscriptions to the LAMB COUNTY LEADER.

Short and Snappy

This campaign will not be a long drawn out affair of several months' duration, but will extend over a period of only 10 weeks, closing April 16. Think of being able to secure in this 10 weeks time, awards that ordinarily would require long months, even years of saving and self-denial to acquire. Yet, here they are offered to you for your spare time during the next 10 weeks in helping us extend our subscription list. This campaign will be more interesting and far reaching than any other ever undertaken in this part of the state. The prizes are not only rich in material value but are in keeping with the broad and liberal lines along which the entire enterprise has been drawn. Ambition and energy are the only requirements for success. Write or call, or better still, come and see the campaign manager at the LEADER office for full details and information.

TABERNACLE BAPTIST CHURCH

Sunday was a high day. A large crowd heard the message on "War and Prophecy." The flurry in China has caused a wave of uncertainty and bewilderment equalled only by the world conflagration of 1914-18. But, says Jesus "when ye see these things begin to come to pass, lift up your heads and rejoice, for your redemption draweth nigh." Let Zion put on her beautiful garments for the marriage supper of the Lamb! May we serve as we wait. Lost sinner think on thy way. Where will you spend eternity? Come to Tabernacle Church next Lord's day and let's reason together. Unchurched Christians, with your light under a bushel—arise and shine!
