## Occupation Of Peiping Is Delayed

Chinese Troops To Withdraw While Japan Ceases Invasion

PEIPING (AP)-A tempeace agreement belaminese armies was reached Tuesday, it was authoritative-ly reported.

TOKYO (AP)-The Rengo (Japanese) news agency, sent a dispatch from Tientsin Tuesday saying that a Sino-Japanese truce agreement signed at Peiping provides that Chinese troops shall evacuate Peiping and remain to the south of a line drawn between Yenking, Changping, and Patilutai.

Japanese leaders stated, according to the Rengo report, that the Japanese would not occupy Peiping.

NEWS BEHIND THE NEWS:

## Whirligig

Written by a group of the best informed newspapermen of Washington and New York. Opinions expressed are those of the writers and should not be interpreted as reflecting the editorial policy of this newspa-ner.

WASHINGTON, By Paul Mallon

A trustworthy official of the R. F. C. has disclosed confidentially that the Morgans have something of a pipeline into that government corporation. He blames it on the Republicans.

He claims to have discovered that government engineers for the New York district were selected by a Morgan directed bank. It seems the corporation asked the bank to pick personnel when it first started up. As a result a number of so-called Morgan men are supposed to have been named.

That is very important because

the engineers make recommendations to the corporation as to whether government loans should be They have the power to favor

# UP the beanstalk

WHEN Jack climbed the beanstalk, he got a new conception of his needs. No longer would just a hen do, but a golden-egg hen. No longer just a harp, but one that stood by itself and played. He didn't know what he wanted till he saw something better than what he had ... though he labored hand over hand to get hold of that point of view.

Advertisements give you a high point of view without any climbing at all. They spread world products before you-servants to serve you, conveniences to please - prices low because so many thousands are using the same. They give you a new conception of what you'd like to own. No longer will a watch or food chopper do-but the most highly improved watch or food chopper. No longer just a radio-but one of purest transmission. They make you change your mind about what you started to choose, and choose something more pleasing at no higher price. They help you see the whole field of satisfying wares. They lift you to fresh joys.

MAKES SPEEDY SHORTCAKES, THRIFTY BISCUITS, TOO

May 22, 1933

I suppose that I may claim to be the first Ford Dealer. I not only made cars, but sold them and frequently delivered them myself.

The "drive away" is not new; often I have driven cars from Detroit to towns in Ohio or Indiana or Michigan to make delivery. There were no good roads in those days, and the people where I

drove had never seen a motor car before. My first really enthusiastic customers were Country Doctors. They

were the first to realize the value of dependable transportation to a widely scattered practice. Even today I occasionally hear from some of those first Ford users.

We had to teach local mechanics how to care for the cars. That is how Ford Service began, which is now found everywhere in the world. We believed from the beginning that a sale does not complete our

transaction with our customer - it creates upon us an obligation to see that our customer's car gives him service. Ford Dealers know their duty to the public in this respect.

I can say of Ford Dealers generally that they have been and are men of character and standing in their communities. Most of them have been with us many years, which indicates that we agree on basic business principles. The Company provides that the methods used to sell the Ford car are consistent with the self-respect of the Dealers

The present Ford V-8 is the peak of our 30 years experience. We have never made a better car. Its eight-cylinder engine is powerful and smooth running. The car is admittedly very good looking and has comfortable riding qualities. It is economical in operation because of advanced engine design and low car weight. It is the fastest, roomiest and most powerful car we have ever built.

Kenny Ford

relations more than you know.

the bank guarantee provisions. unhorsed. Outwardly they accept the situation gracefully and go thru

calling them Republicans instead of Democrats. He was particularly abusive to Moley. He said you could tell Moley was uncouth "because he comes to a nice dinner like this smoking a stinking pipe."

Moley swallowed it hook, line and sinker. He made a speech in reply,

sinker. He made a speech in reply, defending his professorial habits. They did not tell him the guest The House of Morgan has spor sored the issue of nearly three billion dollars. Last year the figures dropped to \$11,500,000. The average Whenever Farley sees Moley he addresses the Professor as "The County." Others have tried it also. Morgan profit per issue is estimated at about 4 per cent. That would is the only one who has mean \$120,000,000 in eight yearsa nice piece of change.

Curiously 1928 and 1929 were not big years for the issue business. The house was too busy then fitting sufficient warning he would never have had a chance. Instead he played a secret clever game, the same kind of a game that had been cent in the cotton crop this year gheny and Standard Brands to bother about security flotations.

Railroad financing accounts for more than a billion of the total. The companies for which they raiged the most money were Erie with \$110,000,000, New York Central with \$97,000,000, Allegheny with \$85,-000,000, Chesapeake and Ohio with \$64,000,000 and Missouri Pacific with \$61,000,000.

Of all the railroad securities they floated only Cincinnati Union Terminal and Kansas City Terminal are now selling for more than the issue price. Some of the others show heavy losses. The Eric average about 56 points bel . their original price, New York Central 48, Missouri Pacific 65 and one Allegheny issue is 81 points down.

Morgan-sponsored foreign bonds ran to more than a billion dollars also. Argentina, Australia, Bel-gium, Italy and Japan (including Japanese municipal and indus trials) each raised a hundred mil-lion or more this way and Germany nearly a hundred.

Only the Italian and Belgian is sues are selling for more than the offering price. The Japanese, Ar-gentine and German bonds have dropped from 30 to 55 points.

Investigation—
Prof. Moley was a recent visitor to New York. He was given an earful of the terrible things that would happen if Pecora were given would happen it recors were given a free hand. Interested parties fig-ured that selling Moley was the last hope for a soft pedal. The Professor was polite but they still don't know how seriously he took

His last class of the semester at Columbia was held on May 18. No Columbia was tears, no cheers.

Jones Says Demands Are Less, Repayments Of Loans Greater

WASHINGTON, (UP)-Steady

washington, (UP)—Steady reopening of banks and diminished demands on the Reconstruction Finance Corporation for assistance were cited by Jesse H. Jones, R. F. C. chairman, as evidence of substantial progress toward national recovery.

During April, 125 banks were opened each week, Jones said, and this rate has been exceeded in May. It was estimated more than 3,000 banks still are closed. Jones piedged every possible assistance to communities lacking adequate financial facilities. He revealed the R. F. C. so far has invested \$52,000-000 to assist banking reorganizations through purchases of prefer-

ed the contest.

# Economical, Quality Refrigeration

Beautiful design · generous size ...and this new Frigidaire uses no more electric current than one ordinary lamp bulb

### **ECONOMY**

Here is a refrigerator that offers an entirely new standard of economical refrigeration. A genuine Frigidaire that operates on as little electric current as one ordinary lamp butb. .

### CONVENIENCE

And here are new conveniences -automatic defrosting-ice trays that slip out of the freezer at a touch of the finger-a wider door-spacious interior-extra room for tall containers-and a compartment for frozen storage.

\$99.50

1/4 MORE FOOD SPACE

The new Frigidaires are built with a highly efficient, space-saving insulation giving the cabinet smaller outside dimensions but much greater food storage capacity. Call at our showrooms today and see all the interesting features of the new Frigidaires.

## BEAUTY

a distinctive style in cabinet design, with pleasing lines, artistic proportions, a finish of sparkling white Dulux and handsome chromium hardware.

### QUALITY

With its porcelain interior, its inbuilt dependability and long life -every detail of this new Frigidaire reflects that quality which has made Frigidaire the choice of a million more buyers than any other electric refrigerator.

THE SUPER FRIGIDAIRE LINE INCLUDES SIX NEW DELUXE ALL PORCELAIN MODELS—WITH MANY EXCLUSIVE FEATURES—THE FINEST FRIGIDAIRES EVER BUILT
