Farm Laborer Killed Instantly Near Olton Monday

The body of Tiodoro Jaramillo Palanes, 34-year-old Latin-American killed in an auto accident which occurred Monday near Olton, was taken overland Tuesday to Pecos for funeral services and burial. The body was under the arrangements of Hammons Funeral Home.

A passenger in the car, Jesse L. Jones 32, of Olton, was injured. He was reported in good condition at Olton Memorial Hospital, Wednesday, and will probably be released today. He suffered cuts and bruises when he was thrown from the overturning car.

Officers investigating the accident said Palanes evidently lost control of the car. He was killed after being thrown from the vehicle, when it passed over his body. He is survived by his parents and two brothers all of Pecos.

Man Killed In Crane Accident At Plant X

The body of John Miller, 29 year old iron worker for Missouri Valley Constructors, who was killed instantly about 1 p. m. Monday when crushed by a falling crane boom at Plant X, near Earth, was taken to Atchison, Kansas Tuesday for funeral services and burial. M. L. Payne Funeral Home in Amherst was in charge of arrangements there.

Two fellow workers were struck by the boom. Woodrow Johnson, 37, Amarillo, was admitted to South Plains Hospital-Clinic suffering from broken ribs, and Lavelle Elkins, Littlefield received emergency treatment and was dismissed.

Harry Henderson, construction superintendent from Amherst, said the accident occurred as the huge boom, attached to a two yard crawler-type crane, was being lifted to the top of the new plant. Officials could give no immediate reason for the accident.

The Missouri Valley Constructors are in charge of an expansion project at Plant X. The Plains Sheet Metal firm contracted the roofing work.

Miller was employed for several years by the construction company, and had worked briefly in Amarillo. He had lived in Amherst about a year and a half.

He was a native of Atchison, Kansas. He is survived by his wife, Janice, and three children, Susan, 9, Joe Paul 2½, and Gregory Leo, 8 months.

Mr. and Mrs. J. F. Minary accompanied her father, D. M. Fitzgerald to his home at Clarendon last week-end. He had spent the past week here visiting in the Minary home.

COMMUNITY CHAIRMAN ARE APPOINTED

Expect To Top \$8144 Receipts Of Last Year

The Lamb County March of Dimes Drive is progressing in a satisfactory manner, according to chairman George White, and he is optimistic that the 1953 campaign will be the most successful in the county's history.

He announced this week that an intensive drive and canvass of the downtown business district of Littlefield will start next Wednesday, with two business men from each block making the survey and canvass. They hope to complete this drive in a two-day campaign.

Pledge cards are being issued this week to all schools and students of Lamb County, along with a personal letter which the student (Continued on Page 5)

Texas Friendship Sets Sail Today For Korea Loaded With Gifts

This morning the Texas Friendship to Korea is scheduled to set sail from Houston, loaded with gifts for some of the world's less fortunate, gifts which have come from Texans, some of which live in Lamb County. According to the information on hand up to the early part of this week Lamb had gathered from individuals and firms, thirteen bales of cotton plus \$100 remaining dollars. Of the thirteen bales, eight went out from Littlefield's Union Compress (who generously took care of all shipping details) this past Saturday morning, with the other five bales having been shipped to other county centers, depending upon various factors. All in all, thought, all thirteen bales were shipped out. To date \$318 were given in cash. With \$218 of this money, two bales of cotton were purchased. Another \$100 remains on hand which will probably be turned over to Texas State CROP office in Fort Worth. (Continued on Page 5)

Parkview Baptist Revival Begins Here Sunday

The Parkview Baptist Church in Littlefield will begin a revival meeting next Sunday Jan. 18 to run through the following Sunday.

Rev. Elmer Dunham, of Dallas, will do the preaching and Parkview's own song leader, Joe Dunn will lead the music.

Services will begin each evening at 7:30, to be preceded by prayer services in the adult department. The W. M. U. will lead the woman's service and the church deacons will lead the men's group.

The song leader, Joe Dunn, assisted by pianist Miss Phyllis Clayton, will work with the Booster Band of Juniors from 7 to 7:30 each night. At the same time, the pastor, Rev. John C. Taylor, will lead the young people in a discussion group, called, "Our Problem".

Rev. Dunham is State Supt. of City Missions for the Texas Baptist General Convention. He was formerly an evangelist and Associational Missionary for the Tarrant County Baptist Association of Texas Baptists.

Funeral For J. W. Cole, War Veteran, Held Saturday

Joseph W. Cole, 45 of Sudan, Texas, died Thursday afternoon at 1:30 o'clock at Veteran's Administration Hospital at Amarillo, where he had been a patient since last Monday. He suffered a severe heart attack during the past month.

The body was brought to Littlefield to Hammons Funeral Home in a Blackburn-Shaw Ambulance, late Friday afternoon.

Funeral services were held from the Missionary Baptist Church here, Saturday afternoon at 2:30 o'clock with Rev. J. Henry Cox, of Olton, and Rev. Wayne Perry, Sudan, Rev. Dr. Weldon B. Meers officiating. Burial was in Littlefield cemetery, with the local chapter of Veteran's of Foreign War in charge of the graveside service.

Survivors include his wife, Lottie, and two children, a daughter Lottie Jo age 3, and a son Detlef 9, of Sudan. Also his mother, Mrs. Winnie Cole, West 3rd (continued on page 5)

DIMMITT COACH HONORED

J. W. Blaine Named Coach Of Year In Texas High Schools

J. W. Blaine, who produced undefeated girls and boys basketball teams and also had top football and track teams, is the coach of the year in Texas high schools.

Selection of Blaine, who was coach of everything at Dimmitt, highlighted the annual awards of the Texas Sports Writers Association.

Walter Davis, the great track star of Texas A&M who won the high jump and set a record in the Olympic Games, was picked for a dual honor of Southwesterner of the Year and Athlete of the Year. Ed Price of the University of Texas was selected as Senior College Coach of the Year and Johnny Frankie of Wharton County was honored as Junior College Coach of the Year.

But the selection of Blaine was the most unusual of all. Ordinarily a football coach gets his honors and this time is the first time the coach of basketball has been picked. It was for his feat of having unbeaten champions in both girls and boys basketball that he was the choice of the sports writers.

Blaine now is a coach at Sunday High School. He resigned at Dimmitt because he had too big a coaching load and he explained to the school board that the "kids won't let me quit coaching any of the sports." So he decided he would have to leave in order to lighten the load. He is not dependent on coaching for a living anyway, being a wealthy man.

Blaine won with fifteen votes.

Several Days Before Results Of Tuesday's Water Election Known

Results of the election Tuesday of the High Plains Underground Water Conservation District, naming three new members of the five man board of directors will not be known for several days, according to Tom McFarland, Lubbock, district manager.

A light number of votes, most of them from rural communities were cast in the election.

Returns are being mailed to the district's offices in the Lubbock National Bank Building, McFarland said, and a meeting of the board has been set tentatively for tomorrow (Friday) to canvass the ballots. A quorum of the five man board is necessary to take this action, he said.

Although returns were not available, two new members were virtually assured of places on the board. They were W. O. Fortenberry, Lubbock, in Precinct 1, and Willis A. Hawkins, Hart, in Precinct 3. Both men were unopposed.

In accounting for the comparatively heavy rural vote, McFarland commented, "Farm people are quite concerned with this state control thing, and are definitely working to keep it (regulation of irrigation well digging) at local levels."

One feature of the High Plains Underground Water District is that the spacing of wells would be handled by a five man county committee, thus giving farmers some measure of "home rule".

Besides the three directors elected Tuesday, three members of (Continued on Page 5)

BAPTIST TRAINING UNION MEETING TO BE HELD AT SPADE

The East Zone of the West Plains Associational Training Union Organization will meet for their January meeting Sunday afternoon at 3 o'clock in the Spade Baptist Church.

Telephone Company Presents Testimony For Rate Increase

City Attorney Arthur P. Duggan stated following the hearing that the city would make a thorough study and review of the testimony given by the telephone company, in an effort to substantiate and justify the asked for rate increase, and that in his opinion, from the testimony given, he believed that the telephone company is justified in asking for some rate increase here, but did not say the testimony justified an increase in the amount now being sought by the company.

After a study of the transcript of the testimony given here Monday, he will meet with City Commission, prior to Feb. 1st, to recommend enactment of a new rate ordinance, by the city, which probably would reflect some increase in local rates.

Telephone officials attending and either testifying or participating in the hearing included, vice-president Redd of Dallas; telephone accountant Johnson of Dallas, and B. R. Sullivan, Dallas, and District Manager G. D. Shelley, and one or two others. Attorney (Continued on Page 5)

Chief Of Farm Placement Here Monday

Henry LeBlanc of Austin, chief of Farm Placement of Texas Employment Commission was in Littlefield Monday, and visited the local TEC offices to observe the Farm Placement operation here, when approximately 20 farm laborers were placed.

Approximately 120 applicants were present, with about 30 area farmers in the office, seeking help. Employers from Littlefield area, Hereford, Olton, Levelland as well as other West Texas towns were here.

Each Monday is designated as Farm Placement Day at the local TEC office until further notice, announced manager J. D. Jordan.

Arrests Made In Walters Drug Burglary By Sheriff's Department

The burglary of the Walters Drug Store in Littlefield last week, apparently neared a solution this week, when Jake Hill, colored, was arrested in Lubbock last Wednesday night, according to Sheriff Dick Dyer, and has been charged with the burglary, in which approximately \$1,000 in loot was reported stolen, including a quantity of narcotics.

Bond has been set at \$1,000 for the accused man, which has not as yet been furnished, and Hill is held in Lamb County jail.

The sheriff reported that Hill took the officers to the east part of Lubbock, where some of the loot, the narcotics, had been buried in the ground, and was recovered. Also recovered were a watch, pencil and pen set, electric razor and a Brownie Kodak. He stated that Hill had admitted selling a part of the loot to another colored man for \$40.00, and this part of the loot listed above was recovered.

The sheriff stated that George Gorree, colored, is also being held in Lubbock jail and may be charged in connection with the burglary. A third suspect said to have been implicated is also being sought by the sheriff's department.

News of Lum's Chapel

Members Sunday Clear Lums Chapel Baptist Church Of Debt; Dedication Soon

The membership of the Lum's Chapel Baptist Church paid off all indebtedness on their church and parsonage last Sunday.

A special campaign to raise funds to discharge all indebtedness was started the last Sunday in November. Additional contributions were asked Sunday, and when the money was counted it was found that there was \$100 more than required.

The congregation plans to carry out some projects in the improvement of the property, and it is planned to have the dedication service sometime in the spring.

Rev. W. Hughes is the pastor. He came to the Lum's Chapel Church in October, 1951, from Whiteface.

The parsonage was erected in 1948 and the brick church in 1950. Both structures replaced old buildings.

Last Rites Held Sunday For Lums Chapel Resident

Burl A. Lawson, 45, passed away at the Littlefield Hospital Saturday about 9:45 o'clock, as a result of pneumonia. He had only been in the hospital since the morning of the same day.

Mr. Lawson was a single man and lived with his mother, Mrs. M. E. Lawson, of five miles southwest of Littlefield on the former Glenn Young farm.

Funeral services were conducted Sunday afternoon from the Lum's Chapel Baptist Church, with Rev. W. H. Hughes, pastor, officiating. Burial took place in the Levelland Cemetery beside the grave of his father, S. A. Lawson.

Mr. Lawson was a member of Lum's Chapel Baptist Church, and had lived in Lamb County and Hockley County since 1930.

Deceased was survived by his mother, Mrs. M. E. Lawson, two brothers and a sister. The brothers are; Gale Lawson of Pep, N. M., and Dwytt Lawson of Kermit; and the sister is Mrs. Joe Simmacher of Muleshoe.

He is also survived by five nieces and five nephews.

party attending the show. This is an annual event for the local chapter.

Friday the boys will attend the show and on Saturday they see the big rodeo. The party will return to Littlefield Sunday.

Thursday, February 5, eight boys, accompanied by Mr. Hall, will leave for the Stock Show to enter judging contests in poultry and grass judging.

Members of the poultry and judging team will be Darrell Kenemer, Bob Hoover, Scott Kester and Bill Womack.

The grass judging team will be composed of Ronald Rogers, Max Barnett, Walter Hill and Albert Emmons.

Kenemer and Womack have considerable experience in judging. They were members of the state championship dairy products team which represented the state of Texas at the national contest in Waterloo, Iowa. The Texas representatives made the silver division, and brought much favorable publicity to the state.

As a method of raising funds to take the local FFA boys to the Stock Show and judging competitions, the local chapter will sponsor a western musical stage show in the high school auditorium Monday night, January 19, at 8 o'clock. There will be a full two hour program presented by Bobby Durham and the Sons of the Golden West, one of the outstanding entertainment groups of the Southwest. Admission will be 60 cents adults senior high school students and 30 cents for all students in lower grades. One of the special features will be the artistry of a hilarious comedian, who is rapidly becoming known over a wide area of the state.

Mrs. T. E. Hamilton Succumbs After Lingering Illness

Mrs. Travis E. Hamilton, 57, Littlefield resident for the past 12 years, passed away at Littlefield Hospital at 11:00 p. m. Friday night, January 9, following a lingering illness of approximately two years.

Last rites were conducted from First Baptist Church, Sunday afternoon at 2:00 o'clock, with the pastor, Rev. Lee Hemphill officiating. Burial was in Littlefield Cemetery, with Hammons Funeral Home in charge of arrangements.

Stacy Thompson was born April 27, 1895 in Vernon, Texas. She was united in marriage to Travis E. Hamilton, May 1, 1913 at Lockney, Texas. Three daughters were born to the union. They are Mrs. W. M. Wicker, Mrs. Elzy Hobbs and Mrs. Walter Sewell all of Littlefield. She is also survived by her husband and her father, S. A. Thompson of Plainview, and three grandchildren and two sisters and seven brothers.

The sisters are Mrs. Roy Turner of Amarillo, Mrs. Jack Fore, Littlefield; brothers are Richard Thompson, Cortez, Colorado; R. S. Thompson, Kim, Colorado; Gus Thompson, Amarillo; Earl Thompson, Long Beach, California; D. W. Thompson, Slaton; Roy Thompson, Plainview; and M. G. Thompson of Amarillo.

All of the immediate survivors were present for the last rites with the exception of the brother who resides in Long Beach, California.

Pall bearers were W. O. Hampton, Jack Walter, Dick Dyer, Leon Todd, Ed. McCanlies and Glover Whisenant.

The Hamilton family moved here from Lockney about 12 years ago. They are active in church work at the First Baptist. Mrs. Hamilton taught a Sunday School class for a great many years, or until she became ill. She was employed at Penny's Drygoods store for a number of years, and worked in the alteration department.

Rebekah Lodge Officers Installed In Pretty Ceremony Monday Night

In a beautiful candlelight ceremony performed Monday night in I. O. O. F. hall here, a newly elected corp of Littlefield Rebekah Lodge officers were installed with the district deputy president, Mrs. Daisey Stewart acting as the installing officer. Mrs. Alma Yohner deputy marshal filled her station at the installation service. Other installing officers included Mrs. Tula Taylor, deputy chaplain, Mrs. Luvel Lackey, deputy secretary, and Mrs. Loraine Wellborn, deputy treasurer.

The hall was beautifully decorated featuring arrangements of white gladioli. White tapers in tiered candelabra formed a background for the Noble Grands stations.

The candles were lighted in a pretty ceremony, by Mrs. Inez Minyard's two small sons, John and Kenny Minyard, while Mrs. Winston accompanied Mrs. Tula Taylor, at the piano when she sang the Installation Ode.

Elective and appointive officers installed were Mrs. Minyard, Noble Grand; Mrs. Elva Morgan, vice grand; Mrs. Savannah Perkins, treasurer; Mrs. Florence Rice Chaplin; Mrs. Stella Edwards, secretary; Mrs. Willie Faye Alford, conductor, and Mrs. Lorene Banks, Warden.

Right support to Noble Grand, Mrs. Alma Yohner; right support to vice grand, Mrs. Tula Taylor; left support to vice grand, Mrs. Loraine Perkins; left support to noble grand Mrs. Catherine Jones; outside guardian Mrs. Louise Beisel; inside guardian, Mrs. Estelle Boykin.

The ruling elective officers are Mrs. Eva Winston, Noble Grand; Mrs. Willie Faye Alford, secretary; Mrs. Estelle Boykin, treasurer.

Following the installation of officers refreshments were served in the dining room, from a table laid with a white lace cloth over green, centered by an arrangement of yellow mums, flanked by white tapers in crystal candelabra. Refreshments consisted of assorted homemade cakes, sandwiches and punch. The newly installed Noble Grand, Mrs. Minyard, served the

Double Ring Ceremony Unites LaVerne Will and Chas. Carpenter

In a double-ring ceremony performed in the auditorium of Emmanuel Lutheran Church at 5 o'clock, last Wednesday afternoon, January 7, Miss LaVerne Will, daughter of Mr. and Mrs. Virgil Burns of Pep became the bride of Charles Carpenter, son of Mr. and Mrs. Green Carpenter of Amherst.

The pastor, Rev. Harold Heckman officiated as the wedding party stood in front of an arch of greenery of lemon leaves and red rosebuds, flanked by tall baskets of white gladioli with tiered candelabra forming a background.

Organ music was rendered by Miss Martha Neuschwander, who played wedding marches and accompanied Mrs. Rhea Bradley who sang "Today, Oh Lord", and "Gracious Redeemer".

John Vrabel, brother-in-law of the bride and Bobby Joe Short, cousin of the groom lit the candles and also acted as ushers.

The bride given in marriage by her father wore a pretty street length dress of white faille, designed with a full skirt decorated

with silver sequins. She wore navy accessories and carried a white Bible topped with an arrangement of white carnations and white satin streamers. For something old she carried a peach lace heirloom handkerchief, for something borrowed was a pair of mits belonging to Mrs. Charles Owens, and she wore the traditional blue garter and a penny in her shoe.

Mrs. John Vrabel served her sister as maid of honor, and she wore a brown wool gabardine suit, with white accessories and a white carnation corsage.

Bridesmaids were Miss Jo Nell Foley, who wore a navy blue gabardine suit with white accessories and Mrs. Joe Hebel, who wore a blue-gray gabardine suit, with white accessories. Both wore white carnations corsages.

Wayne Bryant of Amherst served as bestman.

RECEPTION

Immediately after the wedding the bride's parents gave a wedding reception in the home of Mr. and Mrs. Charles Owens, 504 W.

3rd Street. The table was laid with a hand-crocheted cloth, made by the bride's grandmother, the late Mrs. Fred Lichte, Sr. The only decorations on the table besides the three tiered wedding cake was the bride's Bible and floral arrangement, which was placed on one corner of the table.

After the bride and groom had cut the first slice of cake, Mrs. Rhea Bradley served the guests. The bride's cousin, Verna Carter presided at the punch service, while Mrs. Owens presided at the guest register. Approximately 40 guests called during the evening.

After the reception the newly married couple left on a wedding trip to Abilene and Temple. They returned home Sunday evening.

Mrs. Carpenter is employed at Security State Bank. The groom is with the U. S. Navy, and is home on leave. He has orders to report to San Francisco January 18.

The bride is a graduate of Littlefield High School with the class of '50, and the bridegroom graduated from Amherst High School.

Sundown Boys, Meadow Girls Win Tourney

Hale Center boys and girls teams won the Hale Center Junior High School Invitational basketball tournament at Hale Center, the boys beating Cotton Center 32-25 and the girls also beating a Cotton Center team, 20-19.

Frenship teams won third place, the boys beating Hale Center B 38-22 and the girls beating Kress 17-11.

Spade and Petersburg teams split in the consolation championships, the Spade girls winning 10 to 6 and the Petersburg boys taking a 23-19 victory.

Tom Craddick paced Hale Center to its tournament victory with 12 points, followed by Shepperd with eight. Lee had nine points for the losing Cotton Center team. Trimble scored 15 of Hale Center's 20 points in leading the girls to victory, while Patton and Pierce each had eight points for the losers. It was tight all the way, with Cotton Center holding a 5-4 lead at the end of the first quarter and Hale Center holding a 15-11 halftime edge and a 17-15 third quarter spread.

Stapleton and Teal each had 11 points in Frenship's victory, while Sumerall and Young each had six for the losing Hale Center B.

Garcia's eight points and Simpson's five paced the Frenship girls to victory. Clark had six points for Kress.

Petersburg downed Spade behind Marshall's and Grace's five points and Mote had 11 for Spade. Mote's 11 points all came on free throws.

Cockrell led Petersburg in its toss, scoring five points, but Pat Painter was high for the winning Spade girls with four.

AP Newsfeatures

NEW YORK—Baseball will be hard-pressed to make it three straight \$10,000 diamond belts when the final voting takes place early in January to decide the "professional athlete of the year."

Phil Rizzuto, Yankee shortstop, won the award in 1950 and last year it went to his teammate, Pitcher Allie Reynolds. The belt for the 1952 winner will be awarded in mid-January in Rochester, N.Y., by its donor, Ray Hickok.

Bobby Shantz, the little southpaw with the Philadelphia Athletics, compiled a big score in being voted the American League's most valuable player, but in the diamondbelt voting he will have strong competition. Shantz, the smallest player in the major leagues, won the August poll.

New world's heavyweight champion Rock Marciano, U. S. Open golf champion Julius Boros and Jockey Tony DeSpirito all figure

to give Shantz a battle for the big prize. Marciano won the sports writers' poll in September by knocking out Champion Joe Walcott. Boros won in June when he won the Open in Texas and DeSpirito appears on his way to 400 winning mounts.

Road Maintenance

Sources of money to finance construction and maintenance by the Texas Highway Department are the motor fuel tax, motor vehicle registration fees, the state's general fund and Federal aid.

Details of the revenue derived from the gasoline tax were presented in the preceding article of this series. That tax netted the state \$87,438,212 in fiscal year 1951. That sum was divided approximately 2.6 cents to highways, 1 cent to school and four-tenths cent to retire county road bonds. The net total to highways was \$45,187,511.

Motor vehicle registration fees produce more highway money than any other device, except the gasoline tax.

Each county keeps the first \$50,000 received from motor ve-

hicle registration fees. After that, the county divides the balance with the state on a 50-50 basis, until the county received \$175,000. All fees in excess of \$175,000 a year ago into the state highway fund.

Funds for the building of Farm-to-Market roads come from two sources. They are (1) a monthly allotment of \$1,250,000 or \$15 million per year from the state general fund and (2) money not needed to pay off county or district roads bonds from the Bond Assumption fund, less \$7,300,000 diverted directly from that fund to counties for lateral road construction.

Diversion of \$1,250,000 monthly from the general fund for Farm roads is authorized by the Briscoe-Colson bill enacted by the last Legislature.

As explained in an earlier article, the bond assumption fund was created from one cent of the 4-cent per gallon gasoline tax. Since maturities of road bonds now amount to what is collected from four-tenths of a cent of this tax, approximately six-tenths cent is available for Farm roads and for other types built by the State.

According to the statement of the Texas Highway Department, for the year ended August 31, 1951, receipts to it for building Farm roads amounted to \$20,949,528.50.

The state contemplates eventually the construction of 35,000 miles of Farm-to-Market roads. As of August, 1951, there were 20,691 miles of Farm roads built and maintained by the State. This does not include hard-surfaced roads built by counties.

Hand Signals Are the Signs of Life

A message of life and death to automobile drivers.

If you are one of those who continues to defy courtesy while at the wheel, you are destined—by the law of averages—to be killed or maimed in a car wreck.

Of course, you could come out whole in the smash, but the dead or crippled body of an innocent victim of your discourtesy might lie beside you.

These words of warning came from W. Carliss Morris, Jr., of Houston, president of the Texas Safety Association, Inc., which is sponsoring Governor Allan Shivers hand campaign in behalf of traffic safety education.

Governor Shivers on December 31 issued an official memorandum designating January as Hand Sig-

nal Month in Texas, urging all drivers to heed the theme: "Right turn—hand up. Left turn—hand out. Slow or stop—hand down."

"Hand signals are the signs of life," said Morris. "They reflect the courteous and thoughtful driver on the alert to prevent accidents and death on our highways. The driver who gives hand signals is automatically reminded of other aspects of traffic safety—the consideration of pedestrian, the danger of weaving traffic, the death-dealing results of speed, the folly of hogging the road, the importance of yielding the right-of-way."

"Traffic safety education is a splendid element but we must have the cooperation of all motor-

ists if needless slaughter is to be averted. More drivers must practice the preaching of traffic safety education. Hand signals lend opportunity. Statistics show that many accidents could have been averted if hand signals had been applied by the offending driver."

The governor's campaign which is being promoted by press and radio facilities throughout Texas is directed by J. O. Musick, general manager of the Texas Safety Association, and Weldon Hart of the Governor's executive staff, both of Austin, and Bruce Cunningham of Dallas representing the Dallas Civitan Club and the Citizens Traffic Commission of Dallas.

POLICY, NOT LAW, DETERMINES REFUND OR EXCHANGE ON RETURNED GOODS

The season for returning Christmas gifts to stores for exchange is now upon us. Most business establishments are as co-operative as possible about this annual American pastime, but before getting into any arguments with a reluctant clerk or manager, better take a look at the legal situation involved. You may find that persuasion is more in order than demands for adjustment.

Department stores are under no legal obligation to take back a purchase and refund money or deliver other goods in exchange just because you changed your mind. Most stores do make refunds and exchanges, but that is because it is their policy to do so—not because they are required to, according to the State Bar of Texas.

However, a promise to refund or exchange merchandise made by the store or the salesman should be honored. Similarly, if a store misrepresents the quality of certain goods or if the goods are defective, you are justified in expecting a satisfactory adjustment. But you have no more legal right to expect a store to refund or exchange because you change your mind about a purchase than the store has to ask you to give back the goods that were sold to you because it didn't want to sell them after all.

Suppose you buy a coat in one store and find that another company has it on sale for five dollars less. Must the store where you bought it take back the coat and give you a refund, or refund the difference, any more than he could make you pay the difference if he discovered that a competitor

offered the same coat at a higher price than he had charged for it. Usually the seller is permitted to set his own price, but ceiling prices and other regulations restrict this right in some lines.

Much the same rules apply to the refund of deposits. Unless it is the policy of a store to refund deposits on articles, or at least apply the amount on the purchase of some other item, the buyer is obligated to go through with the terms of the contract, even though he has changed his mind about the purchase.

When one selects, orders, and deposits money on the purchase of an article, the store is under obligation to deliver the article in accordance with the terms of the sale. If the buyer refuses to accept the article or pay the remainder of the purchase price, the seller can take legal action against him, according to the terms of the contract.

The same principal applies to a trade-in allowance on used merchandise towards the purchase of a new article. Such trade-in allowance is considered the same as a deposit.

Stone Hat Keeps Snow Off Statue

AP Newsfeatures
A life-size statue in a cemetery at Moscow, Ind., wears a separate stone hat. The statue is that of John Owen who died at 31 in 1891. Legend has it that his parents were wealthy farmers living near the cemetery. After the statue was erected, John's mother, seeing snow swirl around the bare marble head decided a hat was needed. She sent one of John's hats to Italy and had a stone image made and placed on the statue.

NEWS OF AMHERST ----- "The Pick Of The Plains"

Annual Meeting Of South Plains Co-Op Hospital Association To Be Held January 31

The eleventh annual membership meeting of the South Plains Cooperative Hospital Association, will be held in the High School auditorium at Amherst, Saturday afternoon, January 31.

Registration will begin at 1:30 o'clock. The meeting will be called to order by Aaron Teoms, president of the Board of Directors.

There will be an out-of-town speaker, to be announced later, as well as the complete program.

A business session will follow the program, when committees will be appointed, and three new members to serve on the board of directors will be elected, replacing those whose term will expire, including Harvey L. Messamore, route 2, Sudan; W. C. Stout, Earth and Allan White, Amherst.

Members of the Board are Aaron Teoms, route one, Amherst, president; W. C. Stout, vice president, Earth; Harvey Messamore, secretary, Rogers Willett, treasurer, J. L. Henderson, Springlake; C. V. Harmon, route one, Amherst, W. P. Holland, route one, Amherst, Fred Wilson, and Allan White, Amherst.

Joseph F. McWilliams is administrator.

The South Plains Cooperative Hospital was organized in the summer of 1941. For several weeks after organization, Dr. B. O. McDaniel was very active in the organizational program and who came here direct from the cooperative hospital at Elk City, Oklahoma, after which the Amherst Cooperative was in measure patterned—served for a period of several weeks as the only member of the medical and surgical staff, which as of today numbers 5 medical doctors, and 2 dentists. Dr. McDaniel continues to serve and head the professional staff.

In small modest quarters and with only a comparative 300 members, the hospital was opened as an 8 bed institution. Today the hospital facilities include 80 beds, as part of the vast South Plains health institution.

The staff which includes nurses, nurses aids, cooks, office personnel, janitors, manager and professional staff now totals 87, which undoubtedly is a contributing factor to the steady growth which finds the little city with not a single vacant dwelling within its corporate limits.

A spacious new nurses home was built and placed in operation in 1948, where the majority of the nursing staff of 42 members make their home.

Amherst P-T-A To Hold Regular Meeting

A regular meeting of Amherst Parent-Teacher Association will be held tonight, (Thursday), with A. T. Hedgpeath as host chairman, assisted by J. B. Davis, W. F. Birdson, Mal Wynne, Claude Emmons, Horace Holt, Neil Duffy, W. D. Kay, T. M. Slemmons, John Rankin, V. P. Osborne and W. C. Adams.

V. M. Peterman will have charge of the evening program.

Dimmitt Teams Win In Amherst Tourney: R. L. Rhoten Named Outstanding Player

In the second day of the Amherst Invitation Basketball tournament held last Thursday, Friday and Saturday, the Dimmitt Bobcats and the Amherst Bulldogs moved into the finals of the boys division of the Amherst basketball tourney, Friday night. The Dimmitt Bobbies met the Tullia girls in the girls championship finals.

Results of the Friday night games: Sudan girls, 33, Levelland 32; Littlefield 47, Spade girls 45; Tullia girls 41, Amherst 36; Dimmitt Bobbies 44, Bula 28. Boys games: Sudan 56, Levelland "B" 41; Dimmitt 60, Littlefield 52, Amherst 46, Spade 36.

The Dimmitt-Littlefield game was the best of the night with the Bobcats pulling the game out of the fire in the final minutes. Bill Jones sparked the Wildcats with 19 points while Jones, with 16, and Bill Gregory with 11, paved the way for the winners.

A. L. Nutall sparked the host Bulldogs to their win as he pushed 15 points through the nets. Neal Trull had 14 for Spade.

In the girls games, All-Stater Nelson, with 14 points, led the Bobbies to their win over Bula. The game's leading scorer was Bayless of the losers with 18 points.

Sue Cowan paced Amherst with 14 points. Tootie Smith scored 28 points to lead the Littlefield sextet to its narrow win. Tinsley had 17 for Spade.

Joan Alexander sank 14 points for Levelland, but it was enough to tie Diane Wood of Sudan for scoring honors.

FINALS

In the finals Dimmitt teams annexed both divisions of the Amherst Invitational Basketball tournament Saturday night. The Bobcats edged Amherst 36-34 and the Bobbies trounced Tullia 68-34.

Littlefield downed the Spade boys for third place, 62-47; Bula tripped Amherst for third place in the girls division, 41-36; Sudan boys won consolation with a 59-16 win over Bula and the Sudan girls skinned past Littlefield for the girls consolation title, 41-36.

In the boys finals, it was too much for Billy Gregory. The all-stater tossed in 17 points to spark the offense. Amherst was led by A. L. Nutall who canned 13 points. Dimmitt led all the way.

Another all-stater led the Bobbies to their win. Mary Nelson was the leader of the pack for the winners with 22 points. Christine Foster was high for Tullia with 14.

Bill Jones shot Littlefield past Spade for third place with 24 points. Neal Trull was the leading point maker for the losers with it. Amherst's LaWanda Terrell sank 19 points to keep the hosts in the game but it wasn't enough to down Bula in the girls third place battle. Susie Jones was high for the winners with 17.

Leon Hill and Bill Wiseman were the main sparks for Sudan in its Slaughter of Bula. Both tied for scoring honors with 13 points each.

School Superintendent And School Secretary Resign At Board Meeting

Supt. W. D. Kay who has served as superintendent of the Amherst Schools for the past three and one-half years, resigned his position at a meeting of the School Board held last Monday night. The resignation is effective upon the completion of the present school term ending June 30, 1953.

At the same time, Miss Chloe Harris school secretary for the past 20 years, resigned her position effective February 1. Miss Harris has accepted a secretarial position with "The Jackson Plumbing Company" in Jacksonville, Texas.

Mr. Kay has not announced his plans for the future, when his present contract expires. Kay was elected for a two year term, but declined the offer.

He served as superintendent of the Cotton Center Schools, 15 months before coming to Amherst, and was superintendent of the schools at Bula, before going to Cotton Center.

The Kay family consist of Mr. and Mrs. Kay and two children. They are active in the First Baptist Church in Amherst, and also take a part in all civic affairs. The town as well as the entire Amherst Community regret their leaving.

Sudan was led by Pat Hanna who scored 21 points to edge past Littlefield in the girls consolation tiff. Polly Alexander made 16 for the losers.

Tournament officials selected Christine Foster of Tullia and R. L. Rhoten of Littlefield as the outstanding players in the meet.

Amherst Minister Named March Of Dimes Chairman

Richard Daugherty has been named chairman of the March of Dimes for Amherst, by County Chairman, George L. White of Littlefield. Mr. Daugherty is minister of Amherst Church of Christ.

Replicas of iron lungs have been placed in the business houses throughout Amherst, in which local citizens are asked to place donations.

On the night of January 29, there will be a "Mothers March". Every home is to keep their porch lights burning on this date from 7 to 8 o'clock, when workers will call for a donation.

Pioneer Amherst Couple Moving To Dublin

Mr. and Mrs. R. L. May who have made their home near Amherst for a great many years, have recently moved to Dublin, where they will make their home. The move is due to ill health of the couple, and it is hoped that a change of climate will be beneficial.

Mr. and Mrs. May were honored with a farewell social, in the an-

CHRYSLER SHOWS NEWEST DEVELOPMENTS IN DESIGN

Two of the newest advances in motorear development, the Chrysler "Special" sports coupe and the "404 Racer" are having their first public showing in the United States in the Chrysler International Salon in New York City. The "Special," only 55 inches high, made its debut last month in Paris where it was labeled the "sensation of the show" by the French press. Designed by Chrysler engineers, and built in Italy by Ghia, the "Special"

keynotes the basic fundamentals of modern design. It has the characteristic low, sleek lines of European sport cars and embodies unusual design features. Also displayed was a Chrysler powered "404 Racer" which broke all Indianapolis speed and endurance records, attaining speeds of 170 m.p.h. on straightaways with its modified Chrysler engine.

Pains, distress of "those days" stopped or amazingly relieved

in 3 out of 4 cases in doctors' tests!

• Here's wonderful news for women and girls who — each month — suffer the tortures of "bad days" of functionally-caused menstrual cramps and pain — headaches, backaches, and those "no-good," dragged-out feelings.

It's news about a medicine famous for relieving such suffering!

Here is the exciting news. Lydia E. Pinkham's Vegetable Compound — gave complete or striking relief of such distress in an average of 3 out of 4 of the cases in doctors' tests!

Scientifically Modern Action
Yes! Lydia Pinkham's has been proved to be scientifically modern in action!

This news will not surprise the thousands of women and girls who take Lydia Pinkham's regularly and know the relief it can bring.

And it should encourage you (if you're not taking Lydia Pinkham's) to see if your experience doesn't match theirs... to see if you, too, don't avoid

DYING WHOOP

Wildlife Experts Learn Whooping Crane Secret

GASPING ITS LAST BREATH, awounded whooping crane.

AP Newsfeatures

MINOT, N. D.—A wounded whooping crane, making a stop-over on its flight by Wildlife Service airplane to the preserve at Aransas, Tex., has helped give conservation experts an idea of what is making the whoopers vanish. It

died during the trip.

This bird was captured after being wounded in Saskatchewan. Another wounded bird, found in Kansas this year, also died. Two disabled cranes at New Orleans were crippled by gunfire in times past.

The count on the whooper at its winter playground in Texas totaled only 25 last year, down five from the previous year. Not that many have shown up thus far this fall but others probably will arrive.

A spokesman for the National Audubon Society, at least, feels that trigger happy hunters are responsible in considerable part for the decrease in numbers of the cranes.

Tallest of American birds, they once were abundant on the great plains.

Spring may not be far away—but don't wait until you see the crocus before you send your Christmas thank-you notes.

You may not have liked the gift for which you must thank the giver. Aunt Hattie has a way of picking a dictionary or a knitted scarf for you when you've been hoping for a beautiful leather belt and handbag. But you must write your thank-you note whether the gift is a favorite or not.

Here are some rules to keep in mind when writing these notes:

1. Stationery should be in good taste. White, gray or pastels are preferred. The paper can be initialed, printed with your name, decorated with flowers or other motifs. But bright colors and inks are not acceptable, usually, for this type of social note, although there is no objection to using gay paper and brilliant ink for party invitations or just-for-fun correspondence.

2. No matter how many notes you must write, don't substitute thank-you cards for them. It is a cold way of acknowledging something that the sender might have selected with great care. The thank-you card is fine if for some reason you just don't have the time to write and it is a question of skipping the matter entirely. There is hardly ever a good ex-

New Cardinals Affirm Fealty

AP Newsfeatures

TWENTY-FOUR NEW CARDINALS of the Roman Catholic Church are being elevated in Rome on Jan. 12 in the first great consistory since February 1946. Ceremonies of ancient pomp and page-

antry, such as this scene of the affirmation of fealty, feature the week-long rites presided over by Pope Pius XII. The Most Rev. J. Francis McIntyre, archbishop of Los Angeles, is among the newly created cardinals appointed to re-

ceive the death-depleted College of Cardinals to its full strength of 70. He will be the fourth U. S. cardinal along with Edward Cardinal Mooney of Detroit, Samuel Cardinal Stritch of Chicago and Francis Cardinal Spellman of New York.

saying that if your gift from a boy friend comes through the mail that you will acknowledge it promptly and appreciatively.

5. Here is an example of a note thanking the giver for something you truly like:
"I just can't wait until I use my wonderful new skis (or ice skates). I sure am hoping for a snowy winter so that I can keep them busy every minute. Just as soon as I can get to it, I am planning to have them initialed. It was a surprise to receive them and grand of you to remember me."

6. If you received a present from a beau and your parents do not approve of it, and request that you return it, do so at once. A young boy acquaintance is likely to give a gift that is not in particularly good taste, considering it

is for a casual friend. Gifts of jewelry, lingerie and other personal items—except perfume—are marked taboo by most parents. In that case, do not send a wordy, lengthy explanation or pass in a sharp rebuke to him. Your letter could be something like this:

Dear Jim,
"It was very thoughtful of you to remember me at Christmas. My parents think that this gift is far too elaborate (or too personal) for me to accept, but thank you for your kindness."

"I hope your holidays were pleasant, and that I shall be hearing from you soon."

7. You might be tempted to write a sarcastic letter to some member of your family who has picked the all-wrong gift for you. Please don't. Or if you do, put it away for several days. Re-read it and the chances are that you will not send it.

Pointing to the vast cost entailed in this overall fight against polio, Mr. White warned that the National Foundation's work would be jeopardized unless every American joins enthusiastically in the March of Dimes, January 2 to 31.

"We are making real progress against infantile paralysis," Mr. White concluded. "Let's keep up the momentum. Let's get behind this drive and really put it over the top."

The value of pi can be remembered by using the sentence, "How I want a drink, alcoholic, of course," the figures in pi (3.1415-926) corresponding to the number of letters in successive words of the sentence.

Polio Dimes Underwrite Triple Job

When Lamb County citizens contribute to the March of Dimes, they have the satisfaction of knowing that their donations are financing a triple job of work, it was pointed out today by Geo. White, Lamb County March of Dimes campaign director.

"With the nation having just experienced its worst polio epidemic in history," Mr. White said, "it is natural for us to review how the March of Dimes has helped the stricken."

"The contributions of the American people to this great cause enabled the National Foundation for Infantile Paralysis to combat polio on three wide fronts.

\$18,000,000 for Research

Since the establishment of the National Foundation," Mr. White said, "some \$18,000,000 has been invested in scientific research programs aimed at the eventual conquest of the disease. In the field of education, more than \$16,000,000 has been allocated—making it possible for more and more skilled hands to be trained. At the same time, patient-care bills amounting to \$18,000,000 have been defrayed."

Pointing to the vast cost entailed in this overall fight against polio, Mr. White warned that the National Foundation's work would be jeopardized unless every American joins enthusiastically in the March of Dimes, January 2 to 31.

"We are making real progress against infantile paralysis," Mr. White concluded. "Let's keep up the momentum. Let's get behind this drive and really put it over the top."

CARDS WON CLOSE GAME
 ST. LOUIS, Mo. (AP)—The Cardinals finished in the third spot in the National League standings. But they were tops in the loop as far as close games are concerned. The Redbirds gained 33 of their 88 victories by one run. Only 19 contests were dropped by a single run margin. 8The Philadelphia Athletics headed the junior circuit in this department. The A's copped 32 by a single tally.

TV Revives U. S. Ideal Of Wholesome Home Girl

By VIVIAN BROWN
 AP Newsfeatures Writer

The All-American old-fashioned dream girl is making a come-back. Only this time she's a talkie-walkie doll.

In recent years one thought of an American beauty by cover-girl standards—a long stemmed, skinnny, sultry, silent and mysterious female. But that was before television. Come 1953 she'll possess, instead, all the virtues that made the gay nineties' strawberry blonde a cuddly memory. But she'll have in addition a lovely voice.

Television is bringing about this turnabout, and as a result probably will set the standard for a new era of beauty, formerly paced by Hollywood and fashion magazines.

At first glance the 1953 formula for beauty seems to be: pretty and attractive, 5 feet 6 inches tall, tremendous personality and a captivating voice.

Says Elizabeth Mears, casting director of DuMont Television: "Standards of beauty definitely are changing as a result of television. The 1953 television girl may not be beautiful, but she'll be pretty, with a pleasing voice with her most important asset. Housewives want to identify themselves with the girl on the television screen. They think of her as someone attractive but not gorgeous, who has been invited into their homes. So even if a girl is advertising cigarettes, she must get the idea over that nice people smoke cigarettes, too."

The big blowy blonde with the deep-plunging neckline is a thing of the past as far as television is concerned, believes model agency head Eileen Ford. Says she: "The showgirl types are out according to the calls we receive. The new video look is: 'wholesome and pretty.' Girls are shorter on the average than for fashion modeling, since if they must appear with men, the girl shouldn't be taller than he is."

Peter Elger, television film producer, sees the 1953 television beauty as a brunette. Says he: "Dark haired girls are more interesting on television. Big dark eyes photograph beautifully, although the color of the eyes doesn't matter too much. Blondes wash out on the screen."

"One thing is sure—girls will need to eat more if they want to be a success on television. Skinny girls might get by in the fashion ads but the television screen will reveal figure faults. Sometimes we interview a girl wearing a suit, and then when she must pose at a wash basin or washing machine in a slip or housecoat, she reveals a figurelike a boy's, with a bosom which needs building up. But in spite of the round feminine beauty that television requires, the plunging neckline is a thing of the past, says NBC Fashion Coordinator, Kitty de Lissio. Says she: "Girls may wear low, strapless gowns, cut straight across, but not down the middle, which is definitely taboo."

Ginny Barnes, TV casting director for commercials at Hartford model agency, defines the American beauty their clients seek as: "Sweet and pretty, but not beautiful type. She can't be too high-fashion, nor too ingenue. She has a certain something that looks like the girl next door—cut-clean and friendly. This bears out when a girl switches from one type to another. She loses the support of her viewers."

Mike Elliot, TV film producer says: "Salesmanship is the most important quality for today's pretty girls with television ambitions. A girl with the happy combination of an attractive personality and a good voice—possessed by successful TV charmers such as Betty Furness and Jinx Falkenberg—besides being pretty, should make a fortune on television, in a nice way."

Sally Young, casting director for John Powers model agency, looks for television girls who are pretty much the same type as the ad model. Says she: "Smaller models—5 foot 6 in.—are more in demand due to television. The rounded figure is most desirable, too. The girl who has been a photographic model usually has these assets. Most fashion models are tall and thin, and not sought after for television, usually."

Milo Frank, Casting Director—talent scout of CBS, looks for "girls with spark, good posture, trimness and good voice, a certain sureness but not aggressive or bold."

He doesn't look for mere beauty, he says, believing that beautiful girls "concentrate too much on themselves, having nothing to give anyone else."

Many species of wildlife have become extinct, not because they were killed off deliberately by man, but because man changed the face of nature with lumbering, building and farms so that unadaptable types of life could not survive.

Texas Needs More Highways

Texas needs more than one-half billion dollars to construct highways it needs now, according to estimates given the West Texas Chamber of Commerce highway policy committee by the highway department.

This is the need, according to the department, in spite of the fact that maintained miles of highways in the state system has doubled since 1940. Most of the additional milages has been added since 1945.

Miles maintained have increased from 23,400 in 1940 to 46,000 this year. The farm-to-market road system of 20,691 miles has been developed almost entirely since World War II, accounting for almost all the additions to the state system since 1940.

Here are some facts affecting the highway problem contained in the Texas Highway department's planning survey of December 1951:

Texas embraces an area of 263,644 miles, or approximately one twelfth of the total land area of the United States. Population of the state increased 20 per cent from 1940 to 1950.

Motor vehicles registered rose from 1.8 million in 1940 to 3.4 million in 1951, or virtually 100 per cent. There is now one motor vehicle for every two Texas people.

Today, \$1 million miles are traveled daily on the state's highways.

Texas now leads all other states in number of registered trucks. It passed California last year. Only New York has more buses on its roads than does Texas.

The 16,000-mile primary or main highway system represents only 33 per cent of the entire system, but it carries 73 per cent of the load.

Eighty-three per cent of the system is inadequate for present-day traffic. The primary system has 1,800 miles of paving that is more than 20 years old. Approximately 56 per cent of the primary system and 51 per cent of the entire system, omitting farm-to-market roads, is older than 10 years.

Nearly half of the 12,000 bridges are inadequate for today's needs. Of the 6,365 bridges in the primary systems, more than half are now inadequate as to load capacity, width and or height.

There are only 600 miles of four-lane highways built or planned for construction, according to the December 1951 survey.

Principal reasons for unsatisfactory condition of the highway system today are the following:

More people, more cars, and more travel per car.

Inflation. Forty-six cents purchased as much highway maintenance and construction in 1940 as a dollar buys today.

Forced suspension of work on highways during the war resulted in rapid deterioration of main highways under heavy wartime traffic.

Long-continued under-financing

Business activity in Texas during November remained close to the peak established in October, according to Dr. John R. Stockton, Director of the University of Texas Bureau of Business Research, who prepared the chart above. From October to November the index fell less than one per cent.

SON BORN TO M/SGT. AND MRS. SHEPPARD

M/Sgt. and Mrs. Paul Sheppard are the parents of a son born December 11 at Carlswell Base Air Force Hospital. Mrs. Sheppard and son are doing fine, according to the baby's grandmother, Mrs. J. H. Wells. He has been named Stephen, and weighed at birth six pounds, ten ounces. The boy's father is in radar work at Fort Worth.

of all phases of highway development.

Gradual raising of load limits. The roads now maintained by the state include 15,894 miles in the federal aid primary system, 10,325 miles of state highways other than federal aid routes, and 20,691 miles of farm-to-market roads.

The high department estimates the following sums now are needed to modernize and maintain the system:

1. Federal aid primary system:	
4,172 bridges	\$ 269,000,000
1,953 miles of 4-lane roads	385,000,000
Modernization of present system	397,332,000
	\$1,051,332,000
2. State highways:	
2,242 bridges	34,698,000
Improvement of present system	115,198,000
5,000 miles of extension	100,000,000
	\$ 289,896,000
3. State farm-to-market roads:	
14,309 miles needed to complete a 35,000-mile system	\$ 178,862,000
Closing of gaps beyond the 35,000 miles total	50,000,000
	\$ 228,862,000
Grand Total	\$1,570,090,000

1953 A. C. P. Program

The adjustments by the Lamb County P. M. A. Committee have been made and the Prior Approvals for the 1953 A. C. P. Program are being written. The first bunch of these will be the mail by January 15th. There were 2,065 Intention Sheets signed and returned and this number there were 1,734 producers who were eligible for the conservation practice that was designated on the Intention Sheet. The amount of funds available in carrying out A. C. P. practices is \$132,642.11. The overall amount requested on the Intention Sheets was \$735,986.89. Since there was such a much greater amount of funds requested than was available the County P. M. A. Committee in making their adjustments set aside a minimum amount of assistance for each farm according to the practice that was listed as Most Needed. Even though a producer may have listed more than one practice on his Intention Sheet he will not be guaranteed any assistance for other than the practice that was listed as Most Needed.

TENTATIVE APPROVALS will be issued on all Permanent Type Practices for which the Soil Conservation Service has the technical responsibility. If the Soil Conservation Representative advises the P. M. A. that the practice is needed and practicable we will then send you an official "Notice of Approval" on Form ACP-202-7, which will indicate the number of Units and amount of assistance finally approved for the practice. Please keep in mind that the practice must be approved by the S. C. S. representative before it is started in order for it to be eligible for any payment. Producers who receive Form ACP-202-7, "Notice of Approved Practices" are urged to check this over carefully. It is a new form and could easily cause some confusion and misunderstanding. The amount shown in Column (F) is the figure to watch. This is the amount that the County Committee is guaranteeing you. It will still be necessary, as in the past, for you to call at the P. M. A. Office and secure your PURCHASE ORDER before the work is started for practices such as, deep plowing, laying of concrete tile and bench leveling.

According to his father he expects to be released in the year and a half.
