M. O. (Mo) Dunagin was re-named fire chief and other new officers were elected Monday night as the Littlefield Volunteer Fire Department re-organized for the year.

Dunagin was named to his fourth year in the chief's spot. Charlie Brown was elected assistant chief, succeeding Junior Graham.

Elected as new president of the firemen was Tunney Moore. He succeeds Bill Weige.

The elections took place after a dinner at Thronon's Cafeteria Monday night.

Other new officers elected were Kenneth Jackson, vice president, succeeding Roland Bell; Mac Humphries, secretary succeeding Roy Wade; and Roland Bell, treasurer, succeeding Mac Humphries.

Team captains named were J. H. Parkman and Pete Hill.

## Boy Suffers Accidental Rifle Wound

Gaylon Stephens, 15-year-old native of Earth, was reported in fair condition at the Methodist Hospital at Lubbock Wednesday morning after suffering an accidental gunshot wound in his chest Sunday morning about 8:45.

The youth, an employee of Hasell Cattle Co. on the Mallett ranch, west of Sandown, was apparently trying to shove a crow's nest out of a tree with a .22 rifle when the gun went off and the bullet struck him in the chest.

He is the son of Mr. and Mrs. Johnny Murrell of Earth.

Taken first to Levelland Clinic and Hospital, he was transferred to Methodist Hospital where he underwent surgery.

Hockley County Sheriff Weir Clem said the youth was brought to his office by a fellow worker, Clifton Allen, 20. He said Stephens told him that he was attempting to dislodge a bird's nest when the gun discharged. He was using the butt of the rifle to push on the nest, and apparently had the end of the barrel cupped in his hand.

The bullet nicked the side of Stephens' hand and went into the right side of his chest.

Clem said he was told Stephens and Allen had gone out to drive up some cattle when they discovered the crow's nest. Stephens went back to the house and got the single shot .22 and started trying to push down the nest with the barrel. However, Allen told him that he would clog the gun by doing that, and so Stephens turned the gun around.

**Just Any Way To Beat The Heat**

**CRAIG RATLIFF, 4-year-old son of Mr. and Mrs. Gene Ratliff of Littlefield, couldn't take the heat any longer. A cold freezer of ice cream with no grown-ups watching was too much of a temptation and too nice a way to cool off for Craig to pass up. While eating ice cream by the handful isn't the cleanest way, according to Craig, it's certainly the coolest.**

## Area Sweats In Heat; Faucets Dribble Here

### Temps Go To 105 Two Days

The hottest weather since June of last year kept the Littlefield area in a sweat early this week with the mercury jumping to 105 on two days — Saturday and Monday.

Faucets throughout the city — especially those in areas with small distribution lines — slowed to practically a dribble in places here Tuesday as residents used all the water they could to keep life in lawns.

The 105-degree temperatures were the highest here since June 11, 1959, when the same high was recorded.

Hottest day recorded in the past six years — and probably an all time record — was July 11, 1958, when the mercury rose to a scorching 111 degrees.

City residents used 2.5 million gallons of water last Saturday, 2.1 million Sunday, 2.4 million Monday and 2.3 million Tuesday.

The record for one day is 3,027,000 gallons, set July 14, 1958 — three days after the 111 degree temperature was recorded.

A front, described by some as "mild," moved into the area Tuesday and the high dropped to 97, somewhat of a breather.

"Our wells are pumping at top capacity," City Manager J. W. Harrison said Tuesday. The city has seven wells in its field. Harrison said the pumping is on a day-night schedule.

In addition to small distribution lines, the city is planning to install larger pipes to its faucets.

### Entire Backfield Returning

## Football Season Nears

In a little over two and a half months, Coach Don Williams will unveil his 1960 edition of the Littlefield Wildcats — the big evening coming on Sept. 9 when he trots his team onto the turf of Muleshoe Stadium for a game with the Mules.

As far as prospects go, the outlook is both bright and cloudy, depending on the angle the team is viewed from.

Looking from the back side, the picture couldn't be much brighter to Williams with Tony 1959 starting backfield returning — De Pierce, Jerry Koller, Ronnie Rice and Max Bail.

Koller led the team in scoring last season with 74 points followed by Bail with 31 and Rice with 26.

Rice, a junior this year, led the team in rushing with 350 yards in 73 carries for a 4.8 average. Koller was second with 894 yards in 205 tries for a 4.36 average.

Quarterback Pierce was tops in passing with 613 yards in 45 completions for five touchdowns. Koller was second, completing 76 passes for 96 yards.

Substitutions should prove no hindrance to Williams with Tony

**DON WILLIAMS studies plans for '60 season**

Estrada, Charles Coffey, Pete Estrada and Boots Barker as front-line reserves.

Viewed from the front, Williams seems to be in a little trouble. Graduation played havoc with the Wildcat forward wall ripping a hole which includes both tackle positions, both guards and one end.

The only returning starters in the line are center Jerry Brantley and end Weidon Pace.

Vying with Pace for the end positions will be returnees Dale Purdy, Danny Martinez, John Foley and Johnny Basden.

Mickey Montgomery and Tommy Wicker are the two returning tackle candidates while Buddy Price is the lone guard returnee.

Where will Williams get the manpower to fill these gaps?

There are only two sources open to the Cat coach. He will either fill in the open spaces with players from last year's freshman team or he will have to shift some of his returning players to new positions.

Coach Williams plans to begin practice Aug. 15 with two-a-day practice.

## County Bankers Report Seasonal Deposit Drop

A mid-year bank call, issued five days later than in 1959, caught Lamb County banks with their deposits down this week.

Statements of condition showed Wednesday a total of \$21,000,000 in the six county banks as of June 15.

Deposits in the six banks on June 10, 1959, totaled \$22,500,000. Bankers called the drop a seasonal decline, but some also pointed out that the timing of the call could make a difference.

Sudan Banker Guy Walden with his total deposits down about \$150,000 pointed out that the Sudan Bank's deposits on June 10, 1960, were about \$7,000 ahead of the same date in 1959.

Bankers throughout the county also pointed out that production of the year's cotton crop is more expensive than it has been in recent years. Many farmers have planted over and have more money invested in their crops.

A bank official at Amberst said that use of fertilizer seems heavier this year than in other recent years.

Five banks in the county reported declines from a year ago, with the Citizens State at Earth the only one to hold its own.

The First National Bank of Littlefield reported deposits of \$4,576,709.21 this year, compared with \$6,081,901.61 at this time last year.

Security State of Littlefield showed \$5,325,746.12, compared to \$5,570,886.30 last year.

Other deposits by banks in the county (with 1959 figures in parenthesis) included: First National Bank of Earth (\$1,000,000.00, \$1,000,000.00); Citizens State at Earth (\$1,000,000.00, \$1,000,000.00); First National Bank of Littlefield (\$4,576,709.21, \$6,081,901.61); Security State of Littlefield (\$5,325,746.12, \$5,570,886.30); Citizens State at Earth (\$1,000,000.00, \$1,000,000.00); and Citizens State at Earth (\$1,000,000.00, \$1,000,000.00).

## Grain Sorghum Price Set For Lamb County

The 1960 county price support rate established for grain sorghums grading No. 2 or better is \$1.48 per hundredweight on non-recourse loans, L. D. Aten, county office manager of the Lamb County Agricultural Stabilization and Conservation announced.

For grain sorghum stored in an approved commercial warehouse, the loan rate is \$1.48 less the service fee charge of one cent per hundredweight and the warehouse charges will be deducted according to the table of deductions.

If grain sorghums are stored on the farm, the support price is \$1.48 cents less the service fee charge of 2 cents per hundredweight, net to the producer, \$1.46.

Support will be carried out through loan and purchase agreements, which will be available from harvest time through January 31, 1961.

Loans will mature on March 31, 1961.

## County Awards Seal-Coating Job

County commissioners Monday awarded a \$17,491.20 contract for seal-coating of the courthouse drive and parking area and 12 miles of county roads.

Low bidder was Pioneer Pavers of Lubbock, the same firm which is in town at present handling City of Littlefield paving construction.

The project calls for 360 tons of asphaltic hot mix material.

Ash Engineering Co. of Odessa was employed by the county to draw plans and specifications for the project.

## Minimum Support Price For 1960 Wheat Is \$1.79

The basic minimum price support rate for 1960 wheat in Lamb County is \$1.79 per bushel, L. D. Aten, office manager of the Lamb County Agricultural Stabilization and Conservation said.

Aten explained that the rate is determined on the basis of the national average minimum support of \$1.77 per bushel announced July 8, 1959. The final rate will be established after July 1, 1960.

For wheat stored in an approved commercial warehouse the loan rate is \$1.79 less the service fee charge of one-half cent per bushel and the warehouse storage charges will be deducted according to the table of deductions:

12 cents—Prior to June 4, 1960

11 cents—June 4-June 24, 1960

10 cents—June 25, July 18, 1960

9 cents—July 19-August 14, 1960

**ED BOTSFORD met Calamity Jane on the Nevada trail**

## Former Wrangler For Buffalo Bill Cowboy Recalls Old Days

**BUFFALO BILL'S** Wild West Show had been in existence about a year when he brought it to Chicago to entertain the city masses. While the show was playing there, Bill hired a young man. That young wrangler was Ed Botsford, who has long since retired from show business and now lives in Littlefield.

"I went to Chicago from my hometown, Champaign, Ill. in 1883 and joined up with Buffalo Bill," Botsford recalled. "I stayed with the show 13 years, working my way up until I was in charge of it."

"Then I went to work for the Miller Bros' 101 Ranch Wild West Show and stayed with them 23 years."

Botsford, now a spry 92, is retired and lives in the same house that he built for his family when they came to Littlefield in 1924.

"When I came here, Littlefield was a small place. Where I am now (west of town on Highway 84), there was nothing but an open field," Botsford said. "The man I bought this piece of land from raised saddle horses and he had a big corral close to me."

Botsford walked to the window in the rear of his small apartment and looked across

the expansion of houses and business.

"Out there was a big pasture and an old woman had a few head of milk cows that she ran on it."

He eased himself back into his worn rocker.

"Yea, there wasn't much here."

On the wall by his dresser were several old photographs, worn and faded by the passing years.

"This is Buffalo Bill," Botsford pointed to a bearded face in a tall white hat. "That fellow next to him is Pawnee Bill. Buffalo Bill was a funny man. I worked with him a long time and knew him pretty well. He sure was hard to get along with," he chuckled.

FURTHER down the wall, Botsford pointed to a yellowed circular picture of a buckskin-clad girl aiming a rifle.

"That's Annie Oakley. She was with the show while I was there and worked with me. A real fine little girl."

The slightly bent man's eyes searched the wall for another picture. They stopped on one in an old frame.

"Now there's one of the best guys I ever worked with."

The picture was of Will Rogers.

"He was a damn nice fellow. I really did enjoy knowing him. Just as homespun as all the publicity said he was."

"That other man in the picture with him is Wiley Post. I guess you know they were killed together up in Alaska."

The gray-haired ex-cowboy went back to his rocker and gazed out of the window for a moment. Two pictures of mounted horsemen on the wall that he had not mentioned bore a resemblance to him.

"Yea, those are of me," he said, turning to look at them.

The hair was dark and a heavy mustache hung above the upper lip, but you could see Ed Botsford on the pony, riding with Buffalo Bill or Will Rogers.

"Sitting Bull? Yea. I knew him. He was with the show for a year when I first started. But he went back to the prairie and they finally killed him."

Botsford picked up a cigarette and lit it.

"One time," he said settling back to tell a story. "A young fellow and me were on the way to Nevada when we came to the Green River. Well, now it was pretty deep and there was a ferry boat there to take people across. The only hitch in our case was that the man who ran

the boat wanted five dollars to take us across."

Botsford smiled.

"I didn't have five dollars."

"Now in those days when you traveled, you carried what we called a bed horse with you — all your bedding and gear was packed on him. So, my partner and I unpacked our beds on this side of the river and made camp."

"Well, sometime during the middle of the night, I heard some horses coming. When they came into camp, I saw by the way one of 'em was dressed — kinda fancy — that he was a gambler. The other was a young kid."

HIS EYES gleaming in anticipation of a good ending to his tale, Botsford went on.

"Since they didn't have a bed horse or anything, I invited them to spend the night in our camp. The gambler was a good-sized fellow and I was well grown myself, so he got in bed with my young partner while the lad with him slept with me."

"Well, in the morning, I got out of bed and pulled the covers back — and got the surprise of my life. There wasn't a boy in my bedroll, it was a girl."

He pointed his finger to add

## McCraw-Young Wed In Ceremony At Anton

ANTON — Miss Estua Rita McCraw and Francis Young exchanged wedding vows in a candle light ceremony at 7:30 p. m. Friday in the First Baptist Church with the Rev. John Williams officiating.

Parents of the couple are Mr. and Mrs. Hoyt McCraw and Mr. and Mrs. Raymond Young of Amherst.

Given in marriage by her father, the bride wore a dress of nylon lace over filmy tulle. An appliqued peter pan collar of lace edged the tulle yoke. Long leaves complemented the slender bodice. An apron effect of lace cascaded over her skirt of tulle which floated to floor length. Her fingertip veil of silk illusion fell from a crown of pearls. Her bouquet was of gardenias and daisies.

Mrs. W. O. Bradshaw, twin sister of the bride, was matron of honor. Other attendants were Mrs. Jan McWilliams, sister of the bride; Miss Dolores Stephenson, cousin of the bride; and Miss Carol Young, sister of the bridegroom. They wore dresses of blue silk or tulle. Blue net headpieces echoed the tones of their dresses.

E. J. Chafin of Plainview served as best man. Ushers were Har-

## Bill Turners Are Honored At Backyard Supper

Mr. and Mrs. Bill Turner and family were surprised with a going-away party Tuesday night at 8:30 at the home of Mr. and Mrs. Wendell Tooley. The Turners will move to Olton next week where Turner has purchased interests of Troy Martin at the Olton Enterprise.

A backyard supper of charcoal hamburgers, baked beans, potato chips, iced tea, cookies and home made ice cream was served.

Approximately 40 attended the supper.

As an American I had to be for Floyd in the fight, hoping that he could regain the title, yet the publicity had done a good job on my thinking and I sorta hated to see the popular Swede go down.

I predict that Ingo will make a better showing in the rematch, he will go to work now, but I believe Patterson will take him again... and not as easily as Monday night's bout though.

"And that girl was Calamity Jane."

He rocked for a moment, savoring the taste of a story well told.

Do today's modern conveniences make living better than the old days? Does he like today better than the yesterdays?

"Well, I think that living was better in the old days. There weren't as many people then. There was plenty of room for a man to live."

"Today's TV westerns? You bet I like to watch 'em. Of course, some of them aren't like things really were, but for the most, they're good. I guess the most realistic one is that Wells Fargo program."

So are the comments of Ed Botsford former cowboy, show business entertainer, adventurer — a man who remembers when wearing a gun was as much a part of a man's dress as his boots or his pants — a man who has lived under 17 presidents, more than half of the 33 men who have filled the office — a man whose life span has ranged from the lumbering covered wagon to faster-than-sound guided missiles.

### Hampton-Sawyer Wed Here At First Baptist

Miss Twila Sue Hampton and Cloyce Darrell Sawyer exchanged wedding vows Friday, June 17, at 4 p. m. in the First Baptist Church with the Rev. Robert Longshore, pastor, officiating. Parents of the couple are Mr. and Mrs. Earl Hampton of Littlefield and Mr. and Mrs. Kenneth Sawyer of Earth.

Given in marriage by her father, the bride wore a gown of Chantilly lace and pleated tulle over taffeta. The molded bodice was embroidered with seed pearls and featured an upstanding Queen Anne's collar and long petal point sleeves. The floor length skirt of pleated tulle was trimmed with a plume of lace which came to a point at each side. Her veil was attached to a crown of pearls and she carried a white orchid atop a white Bible.

Miss Carolyn Hampton was her sister's maid of honor, Miss Jan Hampton, cousin of the bride, was bridesmaid and Miss Shurla Sawyer, the groom's sister, was junior bridesmaid. They wore identical dresses of deep pink silk organza over taffeta designed with scooped necklines, short sleeves and full skirts. They also wore matching hats of flowers with scalloped veils.

Lee Roy Bolinger of Earth served as best man, Johnnie Richardson of Spade was groomsmen and Douglas Watts was junior groomsmen. Ushers were Jerry Watts and Dale Sawyer.

Organist was Mrs. Pat Boone Jr. and Joe Arthur was soloist. A reception was held immediately following the ceremony in the church parlor. Guests were registered by Miss Jean Sawyer, sister of the groom. Assisting with the hospitalities were the bride's aunts, Mrs. J. C. Long of Plainview and Mrs. Margin Davis of Hale Center; Miss Othana Smith; Miss Carolyn Hampton; and Miss Jan Hampton. Among the out-of-town guests were Mrs. J. H. Ellis of Plainview, grandmother of the bride; Miss Ora Ellis, Mrs. Long, Mrs. Davis and Trudy, all of Hale Center; Mr. and Mrs. Jack Dollar, Lockney; Mrs. M. S. Robertson, Londa and De Anne Robertson, Floydada; Mrs. Earl Poage and Glynn, Abernathy; and Mr. and Mrs. Ray Edwards, Muleshoe.

The bride is a 1958 graduate of Littlefield High School and attended Levelland Junior College. She is presently employed at the First National Bank in Littlefield. The groom is a graduate of Springlake High School and attended West Texas State College at Canyon. He is engaged in farming near Earth where the couple will make their home.

Wedding rites will be read at the First Baptist Church at Jacksboro at 8 p. m. August 27. The young people are seniors at Hardin - Simmons University, Abilene.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Galatians	5	13-14
Monday	Psalms	36	7-9
Tuesday	II Timothy	2	19
Wednesday	Psalms	107	28-31
Thursday	Ephesians	2	12-18
Friday	Luke	1	77-79
Saturday	Psalms	89	5-8

Everyone recognizes the great Lady standing in New York harbor holding her flaming torch. She welcomes the tired, the poor, the homeless, to this land of freedom. She symbolizes hope.

Back of the Lady, back of the welcome, stands the Church. The words on the statue do not mention the Church, and many of us do not realize the role it plays, but the Church inspired the principles on which our nation was built. It is the spirit of Christianity which extends the welcome to our shores and makes our nation a haven.

On the anniversary of our independence, we are proud of our freedom and opportunity and hope.

No statue with flaming torch stands at the door of the Church. But the Church is the real guardian of our heritage.

Strengthen your nation and yourself. Join the Church

### L. J. Swanson WANTED BY THE FBI Is Alternate Delegate

L. J. Swanson, long-time Littlefield and Lamb County resident, has been named an alternate to the Republican national convention at Chicago July 25.

Swanson was selected while attending the state GOP convention at San Antonio earlier this month.

Delegates to the national convention from District 19 are W. J. Klattenhoff, Stalon, and Mrs. Gordon Treadway, Lubbock. Alternates are Swanson and Gordon Treadway, Lubbock.

The state GOP convention endorsed Vice President Richard Nixon for president and Barry Goldwater, Arizona senator for vice president.

JOSEPH CORBETT, JR.

Corbett, one of the FBI's "Ten Most Wanted Fugitives," is wanted for escape from the California Institution for Men, Chino, Calif., where he was serving a 5 years' to life sentence for murdering an Air Force sergeant. A Federal warrant was issued at Los Angeles, Calif., on March 21, 1960, charging him with unlawful interstate flight to avoid confinement for murder.

A white American, born on October 25, 1928, at Seattle, Wash., Corbett is 5 feet 1 inch to 5 feet 2 inches tall and weighs 160 to 170 pounds. He has light brown hair, hazel eyes, a fair complexion, a medium build, and has worked as a clerk-typist, laborer, warehouseman, laboratory technician, and alkyl-resin cooker for a paint manufacturer. His two upper front teeth slant inward and he wears glasses, reportedly being extremely nearsighted and capable of seeing only close objects without them. He has a mole under his chin and a C-shaped scar on his right thumb.

Corbett, once a premedical student, is interested in scientific matters, avidly reads technical and travel books, and is intensely interested in firearms and target practice. He reportedly has a superior general intelligence and generally lives quietly and neatly but becomes erratic when drinking alcoholic beverages.

Convicted of second-degree murder, he is considered armed and dangerous. Anyone having information concerning him should immediately notify the nearest office of the FBI, the telephone number of which can be found on the first page of local telephone directories. 460 60100-1

## County Jails One For DWI. One For Forgery

County officers jailed one man on a charge of forgery and another for driving while intoxicated following their arrests over the weekend.

Billy J. Gunton, 25, Henrietta was jailed Saturday on the forgery charge. His bond was set at \$2,000.

John Grady Thomas, 31, Littlefield arrested by city officers, was jailed by the county Monday on a DWI, second offense, charge. He went free later on \$1,500 bond.

In other activity, county officers jailed five men for disturbance. City officers jailed seven drunk over the weekend.

**Vets Families  
May Be Eligible  
For Pensions**

Several thousand widows and children of deceased veterans of World War II and the Korean Conflict will become eligible to receive pension benefits on July 1. These dependents will be entitled to these benefits as the result of a new pension law enacted by Congress last year, according to Mrs. Lyle Brandon, Lamb County Service Officer and Red Cross worker.

Prior to passage of the new law, known as the Veterans Pension Act of 1959, dependents of deceased World War II and Korean Conflict veterans were entitled to pension only if the veteran had a disability which resulted from his active military service. The new law provides benefits to the dependents of deceased veterans of World War II and the Korean Conflict if the dependents meet certain limitations with regard to income and the size of their estate.

Mrs. Brandon said that a very small percentage of the widows and children in Texas who could benefit from this new law have applied to the Veterans Administration for the benefits to which they are entitled. She pointed out that the benefits to which they are entitled, she pointed out that

with them were Mrs. Melvin Copaus and son of Lubbock, Mrs. Allen Hudson has gone to Monahan to attend her granddaughter, Miss Barbara James, who is a patient at a hospital there.

Mrs. Edd Langford is home from a visit with her daughter, Mr. and Mrs. Stanley Masters at Cortez, Colo. Accompanying her were Miss Monette Lewis, who has attended the South Plains Junior College at Levelland, and Mr. and Mrs. Henry Lewis of Hollis, Okla.

Mrs. E. E. Pair left Tuesday for a week's visit with her sister, Mrs. Morgan Jones, and other relatives at Amarillo.

Mr. and Mrs. Buford Clark and children of Pampa were guests of the lady's sister, Mr. and Mrs. Mrs. Vera Rodgers and Mr. Mrs. A. P. Grant accompanied them as far as Amarillo to visit their daughter, Mrs. Howard Buck and family.

the children of deceased World War II and Korean veterans are eligible to receive pension, even though their mother may have remarried since the death of her husband, and even though the children may have been adopted by the mother's new husband, their father, J. J. Hawle, in Hico Sunday.

Hawle was a former resident of Bailey County and had recently been living in Stephenville. Also attending the services was Mrs. Curtis L. Wilson of Lubbock married and are attending an approved school, and may receive pension indefinitely if they become physically or mentally incapable of self-support before their eighteenth birthday.

Unremarried widows and the children of deceased veterans are eligible to receive further information and assistance in obtaining these benefits by contacting Mrs. Brandon at their office located at the Court House in Littlefield, or from the office of the Veterans Affairs Commission of Texas.

## Key Word In Support Program Is Efficiency

A well-administered crop loan support program with efficient handling could bring about government recovery of about 100 cents on each loan dollar, the 14-state Southern Commissioners of Agriculture decided in their 1960 meeting in San Antonio.

The decision was reached in considering a national farm program submitted in detail by Agriculture Commissioner L. Y. Ballentine of North Carolina, who had collaborated with many of the other commissioners in drafting his proposals.

"Despite the variable factors in farming," said Commissioner Ballentine, "properly drawn legislation, properly administered could keep supply and demand in balance by employing an aggressive program of disposal geared to world markets and world conditions, while supporting production controls and improving domestic distribution.

"This could be done with little more than a reasonable revolving fund, provided there is administrative machinery to prevent harvest season gluts from destroying the markets for both controlled and non-controlled commodities. The government now recovers about 85 cents of each dollar extended to farmers through commodity loans, and that is a much higher than some people would have you believe.

"Under a well-administered support loan program the government could recover just about 100 cents on the dollar, and the cost to the taxpayer would be no more than the cost of administering the program."

"In drafting legislation," it was emphasized, "proper consideration should be given to adequate storage of storable commodities to meet anticipated emergencies, and this kind of carry-over should not be charged to the farm program."

Instead, the Commissioners urged, there should be a long-range plan "to keep in supply a reason-

able amount of storable foods and with other stockpiles of strategic materials as a part of the defense program. Neither of these measures should be changed to the farm program any more than flood control, airplanes or guns.

"Similarly, farm commodities bought by the government for donation to institutions, schools, welfare agencies and other public groups, should not be charged to the farm program as a farm subsidy.

"The national farm program also should include government incentives for the proper utilization of land to protect both present and future needs."

### LIPSTICK LOGIC

A lively argument about marriage was going on at the beauty shop the other day. The shopowner, an efficient and forthright young wife, was telling a teenager what makes a marriage succeed. The girl was all for "keeping one's own personality" and "an independent attitude."

"It's gotta be give-and-take," the woman declared. "You can have some independence, yes. But if you insist on spending your evenings with the girls you can just bet your man is going to do the same — and probably with the girls, too! You have to make partnership decisions or your marriage won't go."

Her advice was good, but it wasn't getting through. A young girl can't quickly apply general terms to her own idealized picture of married life.

Women from seven European countries recently gave their ideas of the "prime requirement" for a happy married life. These ranged from cleanliness, through economy, good food, a large family, no nagging, and keeping one's good looks, to a more spiritual attitude in the home.

In truth there is no exact formula. Although a reasonable amount of each of the ingredients mentioned by the European householders is necessary, any woman who carries one or more of them to excess is likely to sacrifice marital happiness by overlooking other values just as essential in her own case.

A sense of humor, keeping a man's ego built up, sharing (or not sharing) in his hobbies, developing an absorbing interest of one's own, having a career or not having one, cottoning to the boss's wife or leaving her alone — these are a few conditions that must be met. The proportion of materials that go into the final recipe depend on the man and the maid.

### Services Held For O. E. Faver

Rites for O. E. Faver, father of Mrs. Connie Powell of Littlefield, were held Monday morning at the First Baptist Church in Plainview.

Faver, 72, died Saturday morning after a lengthy illness. Burial was in the Plainview Cemetery under the direction of Lemons Funeral Home.

Survivors include the wife; four sons, Lester, Amarillo; Clifton and Noah, both of Hale Center; and Jack, Plainview; one daughter, Mrs. Powell; a sister, Mrs. Mattie Brazeal, Jacksboro; 16 grandchildren and great-grandchildren.

## Sandhills Philosopher

### Even The Russians Find Weather Effects Crops

Editor's note: The Sandhills Philosopher on his Johnson grass farm makes a discovery about Russian farming. His letter this week indicates, Russians put out, they must be human beings the same as the rest of us, their tractors must get flats and bust gaskets the same as ours, and this opinion has now been confirmed again.

Last night I read in a newspaper which I found alongside my paper which I found yesterday morning, I guess somebody had run out of propaganda, they let the outside world know only exactly what it wants to know about what's going on behind the Iron Curtain, nothing more and no less, everything I thought out years in advance, and everything runs like clockwork. Obviously, the Russian propaganda system is breaking down. Well, I have always felt that regardless of what information the

culture is subject to the whims of nature the same as my farm out here? According to this article, Spring in Russia this year was cold, dry and windy, and the autumn before was extremely dry, with the results that dust storms have been blowing, grain crops are light, and distress slaughtering of livestock has been necessary. I don't say this gloatingly, I don't like to see anybody, even a Russian, try to farm in a drought, but what I can't understand is how the Russian leaders with all their propaganda expertness slipped
