Two Year Old Hart Child Drowns In Tank

Kathy Lee Timmins, eighteen months old daughter of Mr. and Mrs. Charles E. Timmins, was drowned Tuesday afternoon in a shallow tank near her home, four miles southeast of Hart. She was the youngest of seven children.

The Timmins family farmed near Littlefield a short time and moved recently to their farm near Hart. Kathy was missing a short time from her mother's side in the kitchen of the home before her limp body was lifted from the muddy water of the tank.

Mrs. Timmins, her heart heavy with grief, said that Kathy Lee came into the kitchen to ask for a cracker. With it, the toddler started for the chicken yard.

"She always liked to play with the chickens," the mother said, "and I just supposed she was there. When I looked out and didn't see her, then—"

Mrs. Timmins spotted the body. The water in the tank is only two feet deep at the deepest point.

The parents rushed the child to Olton Hospital, but Kathy Lee was beyond medical assistance.

Survivors include her parents, three sisters, Mrs. Adolph Euketnik of Whitharral, and Mary and Jerolyn Sue Timmins at home; and three brothers, Sgt. Carl Timmins of the Air Force, stationed in Cheyenne, Wyoming; and Charles and Delmar Timmins at home.

Funeral services will be held in the Hart Baptist Church today at 3 p.m. with Rev. E. J. Keith, pastor, officiating, assisted by Rev. Chas. Vanlandingham, pastor of Hart Camp Baptist Church.

Mr. and Mrs. Brannen Injured In Car Accident Friday

A Column Of THINGS
You Hadn't Thought and Maybe Hadn't Ought To Have Thought About
By A. Nonymous

Looking ahead to these next three days and we also might add—nights—of rodeo, to be served this year in grand style and with all of the trimmings, it also should not be remiss, and at least, no sin, to look back a few years, when, so far as we recall, Littlefield staged its first regulation rodeo show, and imported a full complement of rodeo performers and equipment. Must have been about 12-14 years ago, anyway it was in conjunction with the Lamb county fair, which that year was staged at the Compress warehouse for the simple reason that there was no place else to stage.

The Chamber of Commerce in a moment of weakness, I guess, booked the rodeo, and signed a guarantee of around a thousand bucks with the show owners. It may have been a mighty good rodeo, or again, it may not, but few people ever found out, because it rained, and rained, and it rained some more, and it rained harder at night than at any other time. It took the Chamber of Commerce a half year to wipe out the deficit—but it didn't take them that long to pass a (Continued on Back Page)

Mr. and Mrs. J. E. Brannen, former Littlefield residents, but recently of Brownsville, Texas, were injured in a car accident about ten a.m. Friday, three miles east of Ft. Defiance, Arizona. Information as to how the accident happened is not available. Mrs. Brannen was admitted to St. Mary's Hospital, Gallup, N.M., where she remains, suffering from a broken right arm in two places, fractured wrist, broken nose, fractured cheek bones, and face badly swollen and bruised. Mr. Brannen sustained a fractured wrist and broken hand, and shock. However, he is up and about again.

This information was contained in a letter to Mrs. John Blair from Mrs. James Snyder, of Abilene, daughter of Mr. and Mrs. Brannen, and the former Marguerite Bran-

nen. Mrs. Snyder, on learning that her parents had been injured went to Gallup by plane Friday, and is remaining there.

Mr. and Mrs. Brannen had been visiting their son and daughter-in-law, Mr. and Mrs. Huron Brannen at Ft. Defiance, and had attended the graduation exercises at Albuquerque, N.M., when their daughter, Blanche, was graduated recently as a pharmacist. Jack Brannen also attends the school of pharmacy there.

Mr. and Mrs. Brannen passed through Littlefield on their way to New Mexico sometime ago, and it is believed by friends here that they had been visiting their children in various New Mexico cities, and were enroute home at the time of the accident, and probably planned to spend the weekend in Littlefield.

W. D. Chapman, WOW District Manager, has again been awarded a trip to the National Convention of the Woodmen of the World, he having been high in business written for the association. Mr. Chapman was advised this past week of his good fortune. He will attend the Convention at Atlantic City, New Jersey, with all expenses paid. The meeting convenes July 21.

Last Rites For D. D. Thompson Wednesday

D. D. Thompson, 53, of one mile south of Littlefield, passed away Tuesday morning about 2:30 o'clock at the Littlefield Hospital, where he had been a patient a short time.

The remains were taken overland from the Hammons Funeral Home here to Ryan, Okla., by the Grant-ham Funeral Home of that City, where funeral services were conducted Wednesday afternoon at 2:30 o'clock at the Funeral Home

Chapel, with the pastor of the Christian Church of Duncan, Okla., officiating. Interment took place in the Ryan, Okla. cemetery.

An organizational meeting for planning vacation Bible School of the First Methodist Church, Littlefield, will be held Thursday, June 12, at 8 p.m. in the Auditorium. All interested mothers and workers are urged to attend. Mrs. Leonard McNeese is the director.

Farm Meeting Is Postponed

The meeting of the West Littlefield Cotton Growers association planned for tonight (Thursday) at the Spade School building has been postponed until Monday night, June 16, at 8:30 o'clock.

The purpose of the meeting is to inform the farmers of this organization in the securing of labor for hopping and pulling cotton.

A misunderstanding has occurred with some individuals, according to officers of the association, concerning securing labor through the West Littlefield Cotton Growers association. Officers of the association state that this organization has no connection with any gin. It is truly a non-profit association organized by farmers for farmers. Any farmer in Lamb County is eligible to join since it covers the entire County.

The main object at the present time is obtaining good labor at a saving to its members.

Attends C. of C. Managers Meeting

Bob Crowell, manager of the Littlefield Chamber of Commerce, returned Wednesday from Dallas, where he attended the 46th annual convention of the Texas Chamber of Commerce Managers association. He reported a very good meeting.

Warns Politicians

DR. LOUIS H. BAUER of Hempstead, New York, new President of the American Medical Association, who this week urged both major political parties to write platforms which "disavow all threats to our Constitutional independence and liberty."

CHICAGO—Warning both the Republican and Democratic Parties that the eyes of the world will be upon them during their July conventions in Chicago, the new President of the American Medical Association Tuesday night challenged them to nominate fearless men of integrity who will be guided by the highest concepts of national welfare and world freedom.

Dr. Louis H. Bauer of Hempstead, New York, in his inaugural address delivered here at the 101st Annual Session of the AMA, declared that "a candidate who emerges from a smoke-filled room will be the candidate of defeat."

The People Watch

The two major political parties and their leaders have the task of giving the American people a Government that serves rather than a Government that dominates, Dr. Bauer said. Then, addressing his remarks to the July convention delegates, he added:

"You will not be alone in the convention hall. In these days of nationwide radio and television you will have millions of Americans watching you, testing your sincerity, weighing your judgment, analyzing your motives."

Quida Cavett and Irving Frost Exchange Wedding Vows Sunday

In a double ring ceremony read at 3:30 Sunday, June 8 in Olton Church of Christ, Miss Quida Lavette Cavett became the bride of Irving (Frosty) Frost.

S. A. Freeman, minister of the church, performed the ceremony before an Arch of greenery flanked by tapers in candelabra and baskets of white gladioli.

The bride is the daughter of Mr. and Mrs. M. R. Cavett of Olton. The bridegroom is the son of Mrs. Luceal Banke of 2610 First Pl. in Lubbock.

Horace Coffman accompanied by the Lubbock Broadway Church of Christ Chorus, sang "Because of You" and traditional wedding music.

Chose Lace Over Satin
Given in marriage by her father, the bride wore a ballerina length dress of imported lace over satin fashioned with fitted bodice, high neckline with pointed collar, and cap sleeves.

Tiny covered buttons followed the front opening with satin belt at the waist line. Her veil of silk illusion was caught in a white satin cap belonging to Mrs. Arias Cavett sister-in-law of the bride. She wore a small key which belonged to her grandmother and carried a white Bible topped by an orchid bouquet.

Mrs. Eldon Morris of Pettit was matron of honor. Other attendants were Miss Nelda Jobe of New Home and Mrs. Cavett of Fort Worth.

Attendants wore identical ballerina dresses of embossed organza over tulle fashioned similar to the dress worn by the bride in blue, yellow and green. They carried Colonial bouquets of carnations in shades matching their dresses.

John C. Foster of Lubbock served as best man. Ushers were Gary Gilliland of Rotan, cousin of the bridegroom, and Dale Young of Lubbock.

A reception followed the ceremony in the home of the bride's parents. The table was covered with a crocheted cloth centered

with a double ring wedding cake. Bridesmaids' bouquets were used as decorations. Mrs. Lenel Johnson of Olton, Mrs. Bob Davidson of Lubbock and Miss Frances Stambaugh assisted with hospitalities.

For a wedding trip to Boston, Mass., the bride wore brown tweed silk dress with brown and white accessories and an orchid corsage. The couple will be at home at 2610 1st Pl. in Lubbock after June 23.

The bride graduated from Olton High School in 1947 and received her B.S. degree in accounting from Texas Tech in 1951. She has been employed by Condray, Pratas and Smith in Lubbock since her graduation. The bridegroom, who graduated from North Little Rock Senior High School in 1945, is a junior electrical engineering student at Texas Tech.

Bula High School Seniors Return From Wonderful Trip

The Seniors of Bula High School returned from their wonderful trip to Yellowstone National Park in the North-Western part of Wyoming Wednesday night.

The nine lucky seniors along with the sponsor and his wife, returned happy and full of wonderful things of what they had seen during their near two weeks trip.

While in Colorado Springs for the first three days the seniors saw such things as "Seven Falls," "Garden of Gods," "Pikes Peak," "Cripple Creek," where they visited a gold mine a thousand feet down into the ground, "Royal Gorge," the "State Prison" at Canon City, Colorado, "Will Rogers Shrine," drove the skyline drive and traveled through Ute Pass. They saw the famous "Boardmoor Hotel" and went ice skating at the Ice Palace, on the ground of the hotel. While at Royal Gorge, they went down to the bottom of the gorge on the cog train which goes down the entire distance 1,053 feet.

While upon Pikes Peak the seniors found it was snowing and right away engaged themselves in a snow fight.

After three days in Colorado Springs, the seniors went on to Denver. There they went through the zoo, State Capitol, and the art museum. They would have gone through the mint, but due to two months ahead of reservations they were unable to do so. Near Denver, at a little town by the name of Golden, the seniors visited Buffalo

Bill's grave and ventured through his museum. One night they went to the Amusement Park and rode the rollercoaster, went motor-boat riding, and just about everything that was in the park. After some horseback riding and soreness they headed for Yellowstone. On the way they spent the night in Rawlins, Wyoming.

The first day in the park they toured all famous places, such as the Jackson Lake, the Teton Mountains, Old faithful and many of the beautiful water falls. The second day they went fishing—but caught nothing. The boys took a tour on horses and were shown how to trap animals. And went over in Montana.

After three glorious nights at the Pahaska Pepee, a court where Buffalo Bill's old Hunting Lodge stood, the seniors started home.

On the way home they went through the Teton Nation Park and stopped at Jackson Hole, Wyoming and went up on the Skil Lift, and ate some very good chuck wagon food—served out-of-doors.

Again they spent the night in Rawlins, Wyoming. The next day they went through the Roelke Mountain National park where they again engaged in more snow ball fighting.

Their last night was spent in Manitou Springs, Colorado, where they played miniature golf and played a few games of archery.

Nice Footwork For Father

By DOROTHY ROE
Associated Press Fashion Editor

Summer foot comfort is about as welcome a gift as you could think up for most fathers. And this is the year when you can find a wide variety of casual shoes to help Dad relax on his day off.

The ubiquitous sneaker, which once was standard footwear for practically all kinds of sports, now has branched out in all kinds of new styles, designed for practical use.

There are beach or locker-room scuffs that are easy to step into, yet stay put when Pop is walking in the sand. There are handsome duck or denim oxfords with thick

cushiony rubber soles that are tops for all kinds of outdoor wear. There are styles with anti-skid soles for sailing enthusiasts and denim moccasin-type loafers still are tops in popularity because they're rugged, comfortable and easy to step into.

Golf shoes will be a surefire hit for dads who spend their leisure time on the links, and for those who like to roam in the woods, a leather walking boot that covers the ankle is certain to be welcome.

One word of caution—if you're not sure of Dad's shoe size, give him a gift certificate from his favorite shoe store, and let him do his own picking.

Red Cross Elects Officers Friday

Rev. J. Henry Cox of Olton was re-elected county chairman of the Lamb County American Chapter of the Red Cross at the annual meeting held Friday night at Dyers Cafeteria in Littlefield. J. E. Chisholm, Jr. of Littlefield, vice-chairman, was re-elected to that office; Joe Salem of Sudan, Mrs. Herman Haber of Earth, Truitt Side of Olton and Joseph McWilliams of Amherst were re-elected directors.

There was no change in the officers with the exception of Pat Boone, Jr., who was elected Treasurer to replace Pryor Hammons, who asked to be relieved. Hammons had served on the board for a good many years.

Rev. Cox appointed Mrs. Lester LaGrange of Amherst, James P. Arnold of Sudan and Ted Board of Earth to serve on the board another year as appointive members.

Mrs. LaGrange has served on the board for the last 15 years, and was reappointed for another year—Pat Boone, Jr. was awarded a certificate of award for an outstanding job in the recent fund campaign. In presenting the award to Mr. Boone, Rev. Cox said: "Whenever the Red Cross verified the need for a serviceman to come on an emergency furlough, Pat Boone is there, through his efforts in helping to raise the money to send the wires to get him home... whenever blood is being applied to a wounded man on the battlefields of Korea, Pat Jr. is there... wherever the Red Cross goes in its untiring efforts to render service in a humanitarian manner, Pat Boone, Jr. is there, as well as all others who have given their time and money in Lamb County. In grateful appreciation of his work, we present this honor."

It is scheduled to form on First street, near the schoolhouse, proceed to Delano avenue, thence to lower Phelps avenue for a march up the roped off main street of the city, to disband directly at the rear of the Court House.

This will mark the formal opening of the rodeo, and at 8:00 p.m. (with gates opening much earlier) the 7th annual Jaycee Rodeo will get underway with its first program offering at the rodeo arena—which is in full decoration and readiness.

And here is the real meat of the rodeo, and the sponsors have spared neither expense nor effort, in bringing to Littlefield the very best obtainable in rodeo show and skills talent—and the finest and wildest rodeo stock, that is going to give the cream of the ridin' and ropin' fraternity some mighty keen competition—and the thrill hungry crowds a lot of thrills and their money's worth of them.

There will be prize contests in bulldozing, in saddle bronc riding, and calf roping, as well as other events, and amusement features—a different program each of the three Rodeo nights.

And to wind up a big day and a big night, in fact three of them, there will be a big dance in the Coca Cola warehouse, transformed into a dance pavilion, with a crack name band furnishing the music.

Each member of the Jaycees has been appointed a committee of one, to see to it that everything works smoothly—that everyone has a good time—and they will.

Advance sale of tickets has been heavy, and record crowds are assured with good weather—which has been promised.

And don't miss the parade. Ray

resolution to underwrite no more rodeos. Glenn Burgess, then Secretary of Chamber of Commerce received a lot of verbal credit for the fiasco—and didn't deserve it at all—the weather man was the fellow who should have received the tar and the feathers—and also the censure. Littlefield really likes her rodeos, despite that failure. If you don't believe it try and count the thousands who will jam the gates these next three nights.

Dear Judge—We read in this paper a couple of weeks ago, where you had been down to San Antonio, and got yourself and your home town and county a little prestige, by being named an alternate to the National Democratic convention in Chicago next month. It made us pleased and proud—and it should have done the same for and to you. As one who has attended a few of these convention things, and being as how you say you "never have before," we're going to give you a little tip-off—inside dope.

First, take along your sunsuits, and also an overcoat—in Chicago you can never tell which is in style. The wind always blows off the lake in Chicago, but the big wind really comes out of convention hall. An alternate's job isn't so bad. All he has to do is stick around on the outskirts about a half mile from the rostrum, and pray that at least once during the convention, his alternate-delegate will pass out, either from the heat, the oratory, fireworks or firewater. Then you get a chance to do your stuff—only by that time they may have established delegate unit rule, in which case someone else will cast your vote.

And be glad you're an uninstruced delegate, that's all to the good, because it means you can do just

whatever you durned please—before, after, and at the convention. And as an afterthought, we suggest that you take along lunch and a sleeping bag. Of course, you'll have a nice hotel room, and there's plenty of places to eat—but they may lock the doors after say the 20th ballot, and Otha, you'd just as well be comfortable, even though you're not happy. The best part of a trip to a political convention—is still the part—where you arrive back home.

The main topic of conversation these days, when two or more farmers get together, you can almost bet, is rain, and the accompanying query a n s thought "when is it going to?" And that goes for other folks besides farmers too—business men express the same wonderment—and folks patiently watering lawns and paying bigger water bills although their stake is infinitely less, nevertheless are hoping the weather man is going to do something about it—and soon, very soon. Actually, the crops of the country hereabouts, as a whole are not yet in peril. Some cotton has suffered—some is gone. But remember, there are said to be more than 300,000 acres planted to cotton in this county—hail damage thus far has been less than usual, and bugs and weeds are not up to average menace. Then, too, there's thousands of acres of cotton under irrigation, which doesn't solely rely on timely rainfall. With more than 300,000 acres in cotton, a county can lose quite a percentage of it, and still produce an enormous crop. And there's still plenty of time for a timely rain to come to the aid of a lot of that. Yes, rain, still the big topic of conversation in this month of June in

1952, but can you remember a year when it wasn't? We can't.

A neighboring big town newspaper came out the other day with quite a story—two or three columns of it, devoted to the tremendous strides that have been made in Lamb county, agriculturally speaking in the years since depression years, some twenty years ago. It was a splendid resume, but for some reason or other, the fellow who wrote that column, lavished all of the credit on governmental and governmental agencies—if not on government agents, or at least most of the credit—while paying scant attention to individual farmers and others, who at least, are entitled to a share of the credit, because they, after all, did all of the work, all of the sticking it out, and along with their wives, all of the worrying. True, the Triple A, farm price supports, some mighty fine County Agents, and government money did have a big part in bringing a new prosperity to Lamb county but a lion's share of the credit goes to men like Chas. Pickrell, now deceased out at Fieldton, and a few others who pioneered, and proved underground irrigation in this county, and it, in turn, is responsible for bale to the acre production and more, where quarter and third bale to acre and less was the rule and the average before. And then, just a little bit of credit should be given to those farmers who stuck it out and kept trying back in the 30's, who believed that 10-cent cotton couldn't last forever—and it didn't.

Goes to Tulla As Assistant Football Coach

Ed Billings, Wayland College's outstanding athlete for 1952, has accepted the position of head basketball coach and assistant football coach at Tulla High School, according to announcement from Coach Harley Redin.

Billings, who is the son of Mr. and Mrs. M. R. Billings, Anton, had a brilliant cage career at Wayland, being one of few men ever to letter four years.

Coach Redin states that Billings started 121 games of the 125 played by the Pioneers since 1948. He scored 1547 points in that time.

"Ed, who towers 6 feet 4 inches, has been outstanding as rebound man, with his specialty being rebounds under the defensive board," says Redin. "He has the perfect competitive temperament, making
