

# WILDCATS WILL TANGLE WITH LUBBOCK TEAM FRIDAY NIGHT

## Outcome of Game Uncertain; Several Local Players Ill

Lubbock Team Is Made Up of Next Year's Westerners  
The Littlefield Wildcats return to their own den this week after several scraps away from home. They tangle with the Lubbock Westerner substitutes this week in Seely Stadium at 7:30 p. m. Friday. This Lubbock team is not to be confused with the "Cowhand" teams of that school. Mr. Lowry, athletic director of Lubbock schools says, "the team we are sending is next year's Westerner eleven."  
It is not known how the Wildcats will stack up against the Lubbock boys since several starters have been on the ailing list this week. Buster Owens regular end, has been in bed with "flu" for a week and is definitely out of the line-up this week. Walter Sewell, starting fullback was in bed Monday with a cold.

## Mr. and Mrs. Wilson In Auto Accident

Mr. and Mrs. J. E. Wilson, former owners of the Littlefield Tourist Cottages and store, have purchased the Parr Cottage Courts at Hot Springs, N. M., and moved to that city Tuesday.  
Mr. and Mrs. Wilson for the past two weeks have been in New Mexico, and came to Littlefield Tuesday to move their personal effects.  
Mrs. Wilson reported Tuesday that they were in a car accident seven miles west of Carrizosa, N. M. Friday last, when their automobile was in collision with another car occupied by Mrs. J. H. Phelps and son, Wayne, of Plainview. Mrs. Phelps was seriously injured and was taken to a hospital at Albuquerque, N. M. and Mr. and Mrs. Wilson both suffered shock and bruises. Mr. Wilson received a cut and knot on his head.  
Both automobiles were badly wrecked.

## Sgt. Payton Harrell Arrives Recently

Sgt. Payton (Pete) Harrell, son of Mr. and Mrs. G. P. Harrell, arrived home recently from over two years overseas in the European area. He had been in the service since Aug. 4, 1941 and received his discharge Oct. 31, 1945.  
His brother, Lt. Hershel Harrell, served as pilot with the Eighth Air Force overseas and arrived home in June last. He has since that time been attending Tech College, Lubbock.  
A family reunion was held at the Harrell home Sunday, when 34 were present.  
**HAS DISCHARGE**  
Allan Wright, AMM 2/C, son of Mrs. Alta Mae Wright, arrived home Tuesday from San Pedro, Calif., where he has recently been stationed. He has been overseas 16 months. He has received his discharge.

## Large Number Attend Armistice Breakfast

Last Saturday morning, members of Richard New Post No. 301 held their annual 4:00 o'clock breakfast, with something like seventy-five members and guests present:  
The menu consisted of scrambled eggs, pork sausage, pork chops and all the trimmings. Everyone had plenty to eat and food to spare. Following the breakfast, card games dominoes and what ever entertainment available was enjoyed by all.  
This traditional breakfast has been carried out for a number of years, and has always been one of the best attended meetings each year. On many occasions it usually culminated a membership drive as well. However this year the membership quota was passed sometime before this date. At the present time the posts paid up membership for 1946 exceeds 100 paid up members. The total last year was 120. It is expected to reach the 200 mark for 1946.  
The post is following the plan of having a definite program for each and every meeting. A program com-

C. O. Stone, Lamb County Chairman of the Victory Loan Drive, announced Wednesday the total overall sales of bonds cleared through the Federal Reserve Bank, Dallas, for this county as of November 8 last, at \$79,436.50, of which approximately \$36,000 represent "E" Bonds sold. The overall quota for Lamb County is \$470,000, and for Littlefield \$169,000.

## Rev. York Goes to Gainesville; Rev. Turner Comes Here

Rev. C. Frank York, pastor of the First Methodist Church, Littlefield, for the past three years, has been appointed to the pastorate of the First Methodist Church, Gainesville, and he and his family will leave here Friday for his new location.  
Rev. Orbin M. Turner, who has been pastoring the above Gainesville Church, will come to Littlefield, and is scheduled to arrive here Friday, accompanied by Mrs. Turner and two children.  
At the Methodist annual conference held at Abilene, which convened from Wednesday until Sunday last, Mr. York was returned to Littlefield, but the appointment was changed by Bishop C. C. Sealeman of Dallas Monday night.  
Attending the conference from Littlefield were Rev. York and Mrs. W. J. Kirk.  
Rev. and Mrs. York expressed their regret at leaving Littlefield and their many friends here.

## To Re-organize Lions Club Here

A committee from the Lubbock Lions Club, composed of Dr. Marshall Harvey, deputy district governor, H. G. Denman, secretary-treasurer of the Lubbock club, and K. L. Riggs, accompanied by Earl F. Wilson of Plainview, a former Littlefield resident, were in Littlefield Wednesday afternoon in the interest of reactivating the Littlefield Lions Club. The local club was put on an inactive status in 1944 after a greater majority of the members went into the armed services.  
A large number of the former members of the Littlefield Lions club were contacted by the committee from Lubbock and a great deal of interest was manifested in getting the club reorganized. Billy Hall, a charter member of the Littlefield club and its first president, will take the lead in reactivating the local club and while he plans to contact all old members as fast as possible, he asks that all former members see him and help in bringing the club back to life, as well as other business men of the city who are not now a member of a service club. At the time the club became inactive the treasury was in a healthy condition and sufficient funds are yet on hand which will be to a great advantage.

## F. F. A. Elect Officers Recently

The F. F. A. elected their second and third vice-presidents and their officers are: The second vice-president is Eugene Carter, who has had three years of agriculture and a senior in high school, and on the football team. The third vice-president is Jimmy Emmons; this is his second year in agriculture and he is a sophomore in high school.  
The F. F. A. met in the F. F. A. building Tuesday night, attended to business matters and afterwards were served ice cream.  
The F. F. A. has elected their sweetheart for 1945-1946, who is Nodine Fields, who is senior in high school. The election was run for two weeks and there were elected two out of each grade in high school, and Nadine won. Her picture will appear in the Lone Star Forum Journal.

## Tommy McFarland Guest Speaker at Dinner Thursday

The members of the Faithful Workers class of the First Baptist Sunday school will be hostesses at a dinner in the basement of the church Thursday evening, honoring their husbands.  
Tommy McFarland, recently returned from a Jap prison camp, will be honor guest and speaker of the occasion.  
Mrs. Pat Boone is teacher of the Faithful Workers Class.  
The program will also include music under the direction of Mrs. Dewey Hulise.

## Many Improvements Underway Here

Every day the Leader hears of new improvements and projects underway in and around this city.  
A. M. Dunnagin is doing a "land office" business these days moving houses from some country or city location into Littlefield.  
It is a common thing to see a large house moving up Phelps Avenue to some new location, where it will be remodelled and completed as a home.  
Mr. Dunnagin had moved in two such houses this week. E. C. Johnson had a house moved from his farm north of town to a lot next to the home of Mr. and Mrs. F. S. Fowler on East Ninth Street. It is understood that this house will be remodelled and occupied by the Johnson family.  
Mrs. Wolfe Shaw purchased a two story residence building from A. M. Dunnagin, which was located 2 1/2 miles north of town. This house has been moved into Littlefield and located on LFD Drive. It is the plan of Mrs. Shaw to remodel this building.  
Considerable improvements are planned at the Cottage Courts just east of town on Highway 51.  
When this property was first purchased by Bill Briggs and Sam Pruitt four years ago, it consisted only of the front cafe building, and three rooms. Since that time they have continually added to the original project, until now they have 13 cottages. They plan to continue building until they have 30 completed.  
The plan also includes the installation of electrical refrigeration and air conditioning.  
Soon after the first of the year they plan to make a circular driveway and landscape the grounds by planting grass, shrubs, etc.  
A well and irrigation system are also planned.  
**REMODELS HOTEL BLDG.**  
L. V. Woods, who sometime ago purchased the Littlefield Hotel building, remodelling the ground floor and leasing it to the Hall Motor Company as a temporary location, is carrying out considerable improvements on the second floor, which was originally hotel rooms.  
Mr. Woods is having the entire second floor also remodeled and redecorated throughout. When completed, there will be two three room apartments, a five room apartment which they will occupy, and a number of sleeping rooms. The rooms are being equipped with new furniture and furnishings, with new floor covering on the stairs and hall floor.  
Rev. W. M. Draper, pastor of Antton Baptist Church, was attending to business in Littlefield Thursday.

### NEW 1946 PONTIAC ON DISPLAY AT HENRY'S PONTIAC SERVICE

Motorists of this area are among the first in the nation to see the 1946 Pontiac model automobile. A new Pontiac 8 Two Door Sedan Coupe arrived here Tuesday, and is now on display at the showroom of Henry's Pontiac Sales & Service here.

frontal appearance commands attention with its massive, flowing beauty, enhanced by a newly designed grille, relocated parking lamps and heavier bumpers extended in a sweeping curve to protect the forward fender skirts.

Advanced styling emphasizes the Pontiac's road-hugging appearance and plane-like contours. Dominated by the famed Silver Streak, the

Polished chrome hardware replaces plastic and fiddleback walnut finish has been chosen for the metal panels including the embossed instrument control panel. A newly design-

ed radio speaker grille centers this panel, flanked on the left by the chrome-trimmed instrument group and on the right by a matching clock mounting plate. Embossed metal trim panels in fiddleback walnut, extend from the windshield to rear seat in an unbroken sweep.

Door panels are trimmed in rich, solid neutral tone fabric with a wide shadow panel below and parallel to the door trim panels.

Both six and eight cylinder models have a 122-inch wheelbase and overall length of 210 1-4 inches. The six develops maximum brake horsepower of 90 and the eight 103.

Colors presently available are black, maroon, blue, gray, smoke pearl, two-toned gray and two-toned blue.

A pioneer in engineering progress, Pontiac Motor division, holder of 90 major automotive engineering "firsts," lists the following among the impor-

change to high-alloy, chrome-nickel, stainless steel. Intake Manifold on the eight cylinder model . . . seal improved at cylinder block port openings. Exhaust Manifold Heat Valve on eight cylinder model . . . relocated to provide even quicker warm-up.

Muffler . . . longer lasting and quieter through thicker shells and rearrangement of silencing chambers. Tailpipe . . . coated with aluminum inside and out, looks better and, by test, lasts longer. New water pump slinger . . . brass, protects shaft from stray water drops; brass water distributing tube permanently resists rust.

Exhaust valve guides . . . with deeper counterbores to further decrease possibility of sticking exhaust valves. New accelerator pedal . . . provides still greater stability through steel hinge replacing ball-and-socket type pivot. New five-inch rim . . . better

spring brackets . . . thickness doubled to guard against wear and looseness of spring bolts. Headlight dimmer switch . . . sometimes affected by extremely dusty conditions, now dust-proof. Heavier and more rigid battery retainer gives still better support and increased battery life. Corrosion resistance is increased by lead coating and enamel.

The new 1946 Pontiac features advanced styling dominated by the famed Silver Streak. Massive, flowing beauty is enhanced by a newly designed grille, relocated parking lamps and heavier bumpers extended in a sweeping curve to protect the fender skirts and add a final touch to the car's sleek appearance. Henry's Pontiac Service are dealers for the Pontiac automobiles.

tant engineering advances on its 1946 model:

1. Vacuum Metering Carburetor . . . added on Pontiac six cylinder engines gives, in effect, the same results as higher octane fuel. Dual carburetion, continued on eight cylinder engines, provides quick pick-up and greater power.

2. Body . . . much attention has been directed toward making bodies corrosion resistant. Sills, doors and the underside of floors are sprayed with a material which protects against rust and corrosion. Additional clip retainers secure door-bottom weather strips. Standard pre-war zinc die castings are specified. Chrome plated moldings now have a stainless steel or brass base. Door sill plates are aluminum; and chrome plating, wherever used on bodies, has been substantially thickened and durability doubled by test.

3. Improving Cooling . . . in redesigning the outward appearance of the front end, Pontiac engineers obtained an extra mechanical dividend. Enlarged grille-openings further improved cooling as much as 10 degrees lower than the 1942 model by test.

4. Shot Peened Piston Pins . . . Peening the bearing surface of piston pins just prior to final grinding and lapping gives the bearing surface thousands of tiny oil pockets. Tests indicate bearing thus treated serves Other mechanical improvements listed include:

Ball Bearing Clutch Release utilizing improvements in ball bearing design and self-lubricating throughout its life . . . Larger Clutch on the cylinder model . . . Improved Intake Manifold on the six cylinder model . . . Manifold Heat Valve Bushing assures still smoother operation by

mounting or tires, spreads tire beads additional half-inch to resist "rolling." Higher air volume permitted cushions against bruises. Synthetic rubber small parts, proved superior to crude rubber in contact with oil gas and water, are used.

Rustproofing . . . all attaching parts such as bolts, screws and nuts are zinc plated, an important service-labor saving item. Gear-shift control shaft bushing . . . graphite bronze, self-lubricating, assures car-life quietness. Better horn wire insulation . . . eliminates possibility of horn-wire grounding. Heavier rear

**DELIGHTS FROM WASHINGTON**  
By CONG. GEO. MAHON

According to the Weather Bureau, the temperature in Washington on November 15th at 6:51 a. m. and set at 64 p. m., Eastern Standard Time.

It is never the misfit in Washington that it was in West Texas. The reason being that West Texas is the very western edge of the time zone. Except for the time zone of having all Texas in one zone, much of West Texas is better served if it were in the western zone. In fact, West Texas was in the western zone prior to March 4, 1921, an act of Congress placed all in the same zone. The central time zone extends cross-country from Knoxville, Tennessee, to Paso, Texas, a distance of 1,000 miles.

Interstate Commerce Commission Washington has authority to change the time zone boundaries in Texas except three—Texas, Oklahoma and Idaho. In these three states specific acts of Congress fix the time zone boundary lines.

December 29th Texas will get national recognition on a 3c stamp. It will be a 3c stamp commemorating the one hundredth anniversary of our entry into the Union in 1845. The design will be officially selected and announced.

It is a fast moving world, and people do not take time to give attention to the designs, colors and patterns on postage stamps—the usual thought being that a stamp is a job, not a thing of beauty, an object of curiosity, or a thumb-nail exercise. I have become somewhat interested in stamps because occasionally a young stamp collector in our district writes me and asks me to send him any unusual stamps that show up on my incoming mail. Occasionally someone will address a letter to me, using a new stamp on the first day of its issue, and is cancelled across the face: "First Day Cover." When Jim Farwell, Postmaster General, he frequently writes a "First Day Cover" letter to members of Congress as a gesture of good will. One of his jobs was making and keeping stamps in Congress.

In January, 1940, there have been issued 84 varieties of stamps, of them in the 3c classification. Among the most interesting stamps issued in recent years from an educational standpoint was the series of stamps issued in 1940, memorializing outstanding Americans in the different arts and sciences. The 3c stamp was one of the most expressive of the war.

The new 3c Army stamp is not so colorful as the Iwo Jima stamp honoring the Marines. Very little in blue background is the Army Stamp which is just now coming into wide circulation. The Coast Guard stamp will put in its appearance this week. The stamp honoring the Merchant Marine, to

come later, will complete the Armed Forces Series.

For some unknown reason, the image of President Coolidge, the man who was so devoted to economy, is on the \$5.00 stamp, the stamp of highest denomination.

During 1941, while I was serving on the Appropriations Subcommittee that handled appropriations for the Post Office Department, we effected a saving of \$100,000 annually by changing the 6c airmail stamp from a two-color stamp of red and blue to a single color in red, thereby eliminating one operation in the printing of the stamp. The American people will use approximately twenty billion postage stamps in 1945.

**ALKA-SELTZER**  
**BRIGHTENS**  
MY DAY

OCCASIONALLY, I wake up in the morning with a headache. It sometimes wears off along the middle of the forenoon, but I don't want to wait that long, so I drink a glass of sparkling ALKA-SELTZER. In just a little while I am feeling a lot better.

Sometimes the week's ironing tires me and makes me sore and stiff. Then it's ALKA-SELTZER to the rescue—a tablet or two and a little rest makes me feel more like finishing the job.

And when I eat "not wisely but too well" ALKA-SELTZER relieves the Acid Indigestion that so often follows.

Yes, Alka-Seltzer brightens my day. It brings relief from so many of my discomforts, that I always keep it handy.

Why don't you get a package of ALKA-SELTZER at your drug store today?

Mrs. Andrew Peterson Is Visitor Here

Mrs. Andrew Peterson of Gothenburg, Nebr., arrived Monday night of last week for a two weeks' visit with her son and daughter-in-law, Mr. and Mrs. Viggo Peterson.

Mrs. Peters is a beautiful character, and has many friends in Littlefield. She has visited her son and daughter-in-law here on several occasions.

She came by plane from North Platte, Nebr., to Amarillo, where she was joined by Mr. and Mrs. Viggo

Peterson, who accompanied her to Littlefield. North Platte is about 30 miles from her home town of Gothenburg.

Veterans of Foreign Wars Meet Tuesday

George White, acting commander of the Veterans of Foreign Wars, announced Tuesday a meeting of this group would be held Tuesday night, November 20, at 7 o'clock. All members are urged to be present.

Gems of Thought

I will study more how to give account of my little, than how to make it more.

—BISHOP A. C. A. HALL.

Reflect upon your present blessings, of which every man has many not on your past misfortunes, of which all men have some.

—DICKENS.

Do not lay things too much to heart. No one is really beaten unless he is discouraged.

—LORD AVEBURY.

Where the motive to do right exists, and the majority of one's acts are right, we should avoid referring to past mistakes.

—MARY BAKER EDDY.

We often discover what will do by finding out what will not do; and probably he who never made a mistake made a discovery.

—SAMUEL SMILES.

Rest satisfied with doing well, and leave others to talk of you as they please.

—PYTHAGORAS.

WE THANK YOU

We want to thank Bill's friends and our friends for their many efforts and kindness during our distress. Words fail us in expressing our appreciation. Again we thank you.

PERSONALS

R. N. Carpenter was called to the Lubbock General Hospital recently, where his sister of Sweetwater is a patient and very ill.

Dr. M. G. Wood, who has been in the Navy, has received his discharge. He and his wife are now on a trip to New York, and will return to Littlefield November 15, when Dr. Wood will again resume his dental practice in Littlefield. The Ration Board office, which occupied Dr. Wood's building, moved last week to the yellowhouse Land Building.

Marshall Elder of Oxnard, Calif., formerly of Spade, arrived recently and is spending until this week here. He is employed in a sugar factory at Oxnard, where he has been for the past two years.

Mrs. A. W. Overman of Littlefield is a patient in the Amherst Hospital suffering from a bad cold and kidney ailment. She has been very ill, but was reported by her mother, Mrs. M. P. McCain, as much better. Her baby daughter, Ruby Maxine, is being cared for by her grand-mother, Mrs. McCain, in her mother's absence, Pfc. Overman has been overseas three months.

Mrs. B. A. Beauchamp of Sudan, Texas, is reported very ill and a patient in the Amherst Hospital suffering from strept throat and diphtheria. An effort is being made through the local Red Cross office to get an emergency furlough for Pvt. Russell C. Blind, who is stationed at Fort Ord, Calif., to come home to be with his mother-in-law.

Wayne Madden, who has recently been discharged from the Navy, and a son of Mrs. W. H. Madden, took over his new duties at the Madden-Wright Drug Wednesday.

Miss Minnie Cox, Lonnie B. Childs Wed at Portales

The marriage of Miss Minnie Cox and Lonnie B. Childs of Morton, was read Oct. 31 in Portales, N. M. The bride was employed in the ready to wear department at Hanna Pope's in Lubbock before opening Minnie's Shop in Morton. Mr. Childs was owner of the Child's Department store in Seagraves before entering the Navy three years ago. He recently received his discharge and is going into business here in the near future.

One of these days some of our little colleges are going to be mighty embarrassed, when more men report for football than are enrolled in school.

"HOW TO BEHAVE IN THE AIR"

NEW YORK — Airline travel is becoming so widespread and so many people, especially women, are being initiated as air passengers that tips on how to behave in the air are finding their way into the etiquette books. The Air Transport Association of America gives in a nutshell some of the customs followed by experienced air travelers:

Report at your airline's counter at the airport, preferably 20 minutes before departure time, regardless of whether you have previously picked up your ticket.

Check your luggage and forget about it until you are in the terminal building at your destination.

Remember to wear clothes which will be suitable for the weather likely to prevail at the distant place to which you will be so quickly flown.

Pick any seat in the plane and if you wish to leave it briefly at an intermediate stop, ask the hostess to mark it "occupied."

Fasten your seat belt when directed by the illuminated sign up forward, for there is nothing sissy about doing so.

Don't smoke when the sign says, "no," and do not smoke cigars at all.

Feel perfectly free to strike up conversations with strangers, for among airline passengers no introductions are necessary.

It is perfectly proper to chew gum, in fact, desirable for its beneficial effect in relieving ear pressure during change of altitude.

Do not give tips. Complimentary meals and all the service are part of the ride.

IS DISCHARGED

Jesse Hudson Carl, 28, Chief Electrician's mate, Littlefield, was among the Texans who were honorably discharged from the United States Navy at Dallas recently.

THE RIGHT TRACTOR FOR THE PARTICULAR JOB

THE proverbial Jack-of-all-trades was master of none. The modern world of science and technology passed him by.

The same principle applies to farm tractors. The tractor that does a wide variety of jobs unsatisfactorily can't possibly produce the greatest results at the least cost in any job.

But that's what the farmer—particularly the small operator—has got to do to meet postwar competition: he's got to produce the most food possible with the least effort and, consequently, at the lowest cost.

The farmer with 10 acres in truck crops needs one kind of tractor. The farmer with 100 acres in wheat alone needs another kind—or, as is usually the case, two or more different tractors. The tractor which does a good job on the Great Plains may be useless in the

rice territory. And so it goes.

Conditions of climate, the lay of the land, and the character of soils in the different parts of this vast country, together with wide variations in the nature of crops and the size of operations, combine to produce wide differences in the requirements for tractors. Harvester's policy is to meet all these requirements.

That is why Harvester's postwar line includes a great variety of Farmalls and other specialized tractors and attachments rather than a single tractor with a single system of tools. Every tractor in the line was developed after scientific research and testing under actual operating conditions showed the specifications needed for efficiency and economy.

Every Harvester-built tractor is the right machine for its particular job.

## 500 Buicks Daily Scheduled to Run Off Assembly Line

Production of 1946 Buicks is rapidly being accelerated and during the month of November, 10,000 of the new models, or 500 a day, are scheduled to roll off the assembly line, H. H. Curtice, general manager of Buick Motor Division of General Motors Corporation, has announced.

Four-door sedans of the 50 Series, first in production, now are being shipped to dealers and within a few days every dealer in the huge Buick sales network will have at least one car for his showroom, Curtice stated.

"Our plans call for a schedule of

14,600 in December, 25,000 in January, 30,000 in February, and reaching our pre-war schedule of more than 1800 daily next March," Curtice said.

"This daily schedule will mean a production of approximately 39,000 cars per month for a total in excess of 300,000 cars for the 1946 model year."

Buick plant expansion, with 1,325,000 square feet of new floor space being added, will establish facilities for the production of 550,000 cars for the next model. Construction of the new buildings is being carried on simultaneously with the step-up of current production.

During October production reached a rate of 100 Buicks daily, although anticipated schedules were held up to some extent by a shortage of wiring

harnesses, rear axle housings and chain sheet metal stampings. Items in factories supplying the items delayed deliveries.

The number of hourly employees is steadily being increased and eventually will reach an estimated total of 22,000. At the end of October approximately 19,000 employees just discharged from military service are being rehired as they check in with the employment office.

## PERSONALS

A. B. Weaver was released from the Littlefield Hospital Thursday after being a patient a couple of weeks following a car accident. Mr. Weaver was hit by an automobile as he was crossing Phelps avenue. He is reported to have suffered a slight stroke Saturday morning, and he is reported to be very ill.

Mrs. Mike Brewer, Sr., of Kemp, Texas, who with her husband was here visiting relatives and friends, took very ill Saturday and has since been a patient at the Littlefield Hospital. She is, however, reported to be some better. She is suffering from a heart ailment.

Mr. and Mrs. Glen Bird and children of Littlefield spent last week end at Matador on business. They left here Friday and returned home Sunday.

J. W. Porcher, who has been ill since Saturday and confined to his bed, is reported some better. Mr. Porcher is suffering from high blood pressure.

M. B. Edwards, who has just recently received his discharge from the U. S. service, left Tuesday for Houston to enter Landig's College of Mortuary Science. He is the son of Mr. and Mrs. Dick Edwards.

Doss Maner and Mr. and Mrs. Doss Wayne Maner spent from Friday until Sunday night in Northern New Mexico deer hunting. They bagged a deer.

Mr. and Mrs. Jack James left Tuesday for Fort Worth, Texas, where they will visit Mr. James' grandmother. They will also visit at Mart, Texas.

Mrs. Ruth Buell and son, Walter, left Monday morning for Fort Worth to visit the sick bed of her brother-in-law, Claude Hanley, who has been in bad health several months, and is now seriously ill. They are expected to return today.

Misses Lucille Martin and Jean Longbotham accompanied Norma D. Ewell to Lubbock Tuesday of last week, where they attended "The Bohemian Girl," an opera in three acts presented by the Music Department of North Texas State College.

## New Planes Offer Higher Speed

WASHINGTON, D. C.—The air traveler in the immediate post-war days will enjoy greater speed, comfort, and service than he has ever experienced. And there will be seats for five times as many passengers as the airlines of the United States can now carry.

Wide variety of accommodation: features the 1005-plane fleet which the airlines will have in service as soon as peace permits, according to a poll of the carrier's plans, made by the Air Transport Association of America. With cruising speeds of over 300 miles an hour incorporated in many of the new models the time for crossing the continent will be cut to at least 9 hours as compared with the 12-14 hour schedules now being regularly flown.

The types of plane will vary, depending on the volume of traffic, length of route, and nature of the territory. There will be five main categories: Short feeder; short trunk line; long-range trunk line; cross-continent non-stop; and international or overseas.

The passenger on fairly short hops of 125 to 225 miles, which will become increasingly popular, may principally expect greater speed, more comfortable appointments, and trolley car schedules without advance reservations. The passenger on long flights within the United States and overseas will find himself riding in planes bigger and more luxurious than he has ever had the opportunity to use.

For the longest overnight trips there will be various combinations of staterooms, berths, and reclining seats with opportunity for the traveler to choose varying accommodations to suit his pocketbook. There will be plenty of elbow room with space for leg stretching in lounges and snack recesses. There will be separate rest rooms for men and women.

There will be pressurized cabins to maintain low altitude conditions at "over the weather" heights, together with air conditioning and thermostat controlled heating.

### How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll know you did.

## Standifer's Grocery to Observe Normal Opening Friday and Saturday

Standifer's Big Drive-In Food Store, located at the corner of East Ninth street and Highway 51, will observe its normal opening in its new building on Friday and Saturday with a number of special features, including the sale of Chase & Sanborn's coffee and Baldrige's Sally Ann cakes. There will be special attractions at the store throughout Saturday.

Mr. and Mrs. John Standifer, owners of the store, have been residents of Littlefield for many years, and connected with the food concerns. For the past several years they have been in the grocery business at the intersection of East Ninth street and the old Levelland street, and moved their stock of goods recently to the new location.

tractor on the building, which was erected in 15 days, with the exception of the white dash coat on the stucco.

In an interview with Mr. Standifer he stated that the large increase in business necessitated moving to the larger quarters, adding that the new building affords them several times the floor space of the former location, and with much larger stock of groceries, meats and vegetables, renders them able to serve their customers more efficiently, and also is a great convenience to those trading at the store.

Mr. and Mrs. Standifer especially invite all their friends and customers to visit them at their new location Friday and Saturday.

Then there is the girl who returned the engagement ring by mail and labeled the package "GLASS—Handle with Care."

### Duck Season Is Now Open

Duck and goose season opened officially at 7:07 a. m. Friday, Nov. 2, continuing from one-half hour before sunrise until sunset each day through Jan. 20, Floyd A. Thompson, U. S. game management agent stationed at Lubbock announced.

Thompson also called the attention of hunters to the fact that dove season closed in the north zone at sunset, 5:57 p. m., Oct. 30.

Bag limit on ducks is 10 in one day, of which one may be a wood duck. Possession limit on ducks is 2 at one time after the opening day, of which one may be a wood duck.

Bag limit on geese is four blue or snow geese, singly or in the aggregate, plus two of any other kind, including Brant. Possession limit on geese is eight blue or snow geese, plus four of any other kind including Brant. Only the daily bag limit will be allowed on ducks or geese for the opening day.

There is no open season on shore birds such as killdeer, plover, curlews, etc., Thompson said. All song and insectivorous birds are protected.

All persons 16 years of age or over must have a migratory bird hunting stamp validated by signing their name in ink across the face of the stamp, to hunt migratory waterfowl. All persons 17 or over must have a Texas hunting license to hunt

out of the county of their residence. No rifle of any kind can be used in the hunting of migratory birds. They may be taken only with a shotgun not larger than 1 gauge, fired from the shoulder. No automatic loading or hand operated repeating shotgun can be used which has not been plugged with a one-piece metal or wooden filler which cannot be removed from the loading end of the magazine so as to reduce the capacity of the gun to not more than three shells.

Migratory birds cannot be taken by use of bait, live duck or goose decoys, automobile, aeroplane, cattle, horses, mules or motorboat. An outboard motorboat may be used if the motor is detached and placed inside the boat.

Possession limit has been extended to 90 days after the closing date of the season.

It was also pointed out that hunt-

ers taking jaunts to seek pheasants should obtain a permit from the State Game department to bring them in, should luck provide birds to be brought home.

### Jimmie Chapman Writes Interesting Letter to Mother

Pvt. Jimmie W. Chapman, 18, son of Mr. and Mrs. W. D. Chapman, is now in Tienstin, China, assisting in the quelling of the Communists of north China.

Chapman enlisted in the Marines on January 25, 1944, and went to San Diego, March 6 for training. He sailed on September 11, 1944, for the South Pacific, landing on the Solomon Islands Oct. 9. He went into combat duty at the battle of Palau, on through several others up to and through the battle of Okinawa. He is with the First Division of the Marines under Gen. Del Valle.

In the latter part of September they went to Tienstin, China.

His mother recently received the following interesting letter from her son:

Sat. Oct. 6, 1945.

"Dear Mom: Well I'm finally getting time to write some letters. I guess I had better start off by telling you what I've done since we have been here (in China).

"I left the ship early in the morning of Sept. 30 and came up the river to Tangku, but we couldn't get our ship unloaded until next morning. I slept in the back of a truck on the boat that night. It was just a small barge because ships couldn't travel up the river. Next day we unloaded and had big parade through Tangku.

"All the schools were closed and the people all had flags to wave, also there was a Chinese band.

"We went through the town to the railroad station, and all the little children would run and try to shake our hands or hold on to our legs. When we got to the station the Chinese had a parade for us. There were firecrackers, drums, funny costumes and everything. It was just like a movie.

"Some of us came on to Tienstin by train and the others came in a

truck convoy. I came in the convoy and I'm glad I did as we got to see more sights. About 10 miles before we got here we passed a company of Jap soldiers on their way to Tienstin. They sure did look at our tanks and guns.

All the way up here the country people would meet at a place in the road and give us food but we were not allowed to eat it.

"When we got to Tienstin it was almost dark but everybody was on the streets waving flags and hollering their heads off. I never saw anybody as happy in all my life as these people were to see us.

"The general is living in the Italian consular house. I slept in the back room for the first 3 nights, but I couldn't sleep very much for the noise (Jimmie is one of the cooks on the Gen. staff). The gen. has Chinese working for him now and we cooks are the only ones still with him. We are back in headquarters now. I went to the theatre the other night and the show was really old, it was "The Story of Vernon and Irene Castle," with Fred Astaire and Ginger Rogers.

"This is really a nice city but it stinks in some places.

"I can get all the Kodak film I want here so if you can ever get me a camera I'll get some pictures made.

"Are you going to go solo to get me some dress shoes. I sure need them.

"As I told you before we are in the Italian barracks and the Japanese barracks are just 3 blocks away. They still have weapons but are getting everything packed to be shipped back to Japan when the surrender ceremony is held.

"Well I guess this is all. Write soon.

Lots of Love,  
JIMMIE.

"P. S. I forgot to tell you about that I met Wade Strother in town yesterday. He used to be in school with John Henry. His dad lives on Rt. 1. We got to ride around together in a jim rickshaw all afternoon."

### CARNIVAL IS BIG SUCCESS

Hallowe'en night Oct. 31, was a big night in the high school building when the parent-teacher's associations united and presented a carnival. It furnished entertainment for old and young, and the money derived will assist the P. T. Associations in carrying out a worth-while work. Approximately \$580.00 was realized from this entertainment, \$282.00 of that amount being obtained from the booths and door receipts.

One of the high-lights of the affair was the parade of children dressed in gypsy, clown, and other gay attire in keeping with the spirit. This parade was one of the largest, if not the largest parade, ever staged on the Littlefield streets. The following prizes were awarded in connection with the parade.

Paulene Boley, prettiest; Freddie Beth Miller, old fashioned; Dwain Eby, most appropriate; Richard Holmes, funniest.

The main carnival opened at 6:30 when the different booths of fortune telling, art gallery, house of horrors, grab bags, bingo, cake walk, and food booths were opened to the public. At 8:30 the booths all closed to witness the following program:

The program was as follows:

### It's All There In Black and White

In every prescription handed to us, we see the words Quality, Care, Accuracy just as plainly as though the doctor had written them in black and white. We see them because we know that quality, care and accuracy are active, essential, participating ingredients of the medicine, and we make certain that every prescription gets a full measure of them.

### The HARVEST Can't Wait On RUPTURE

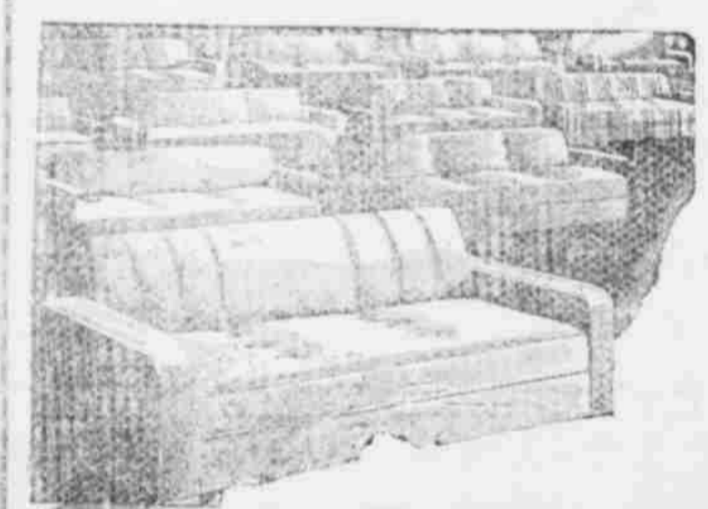

Harvesting is hard enough work without suffering the extra hardship of a poorly fitted truss that chafes and binds, and saps your energy and slows you down. But DON'T LEAVE OFF YOUR TRUSS and risk aggravating the injury. The sensible thing to do is to have our Mr. Fred Wright fit you perfectly with a modern lightweight truss that will lift and hold the hernia safely yet provide the maximum comfort and freedom of action.

## What's Back of My Gas Burners?

A thousand years ago, the Chinese used natural gas fuel for evaporating salt brine. They transported the gas in bamboo tubes. Thus, in those days, the gas business was simple. Now, however, it has become complicated and technical, utilizing many scientific devices and processes.

Since natural gas service so vitally affects your daily life, we believe you would enjoy knowing more about it. Therefore, we plan to publish a series of four advertisements which will attempt to explain how natural gas is brought from its deep-underground reservoir to the burners of your gas appliances. Due to space limitation, the story must be brief and over-simplified. The drawing at the left will help you follow the gas on its travels.

Most of our gas comes from Hutchinson, Moore, Carson and Potter Counties in the Panhandle Gas Field, one of the largest in the world. We purchase some gas in Ector County for use in the southern portion of our system. In the Panhandle Field gas wells are generally drilled by the "rotary" method, so named because of the rotating motion of the drill bit. A modern rotary drilling outfit costs from \$100,000 to \$200,000.

The hard steel drill bit is the cutting tool which drills down through successive strata of shale and rock. Screwed to the top of the bit is a string of hollow, round drill pipe which in turn is screwed into the bottom of a hollow, square pipe known as a "Kelly." The Kelly works through a square hole in the rotary turntable. Thus, when the engines spin the turntable, the Kelly, the drill pipe and the bit also spin, and the bit cuts its way downward. Heavy pumps force drilling mud down through the hollow Kelly and drill pipe, through perforations in the bit, then outside the pipe and back to the surface, carrying with it the cuttings from the bit.

As the bit moves downward, additional joints of drill pipe are added below the Kelly.

When the gas producing horizon is reached a string of steel pipe, known as casing, is inserted in the hole from the surface of the ground to the top of the producing horizon. After casing the casing, cement is run through the casing and forced out around the bottom in order to prevent the gas from escaping around the side of the pipe. Then the well is drilled into the gas-producing horizon.

A steel derrick, capable of supporting weights of 200 tons or more, is used to support the drill pipe during drilling and the casing when casing is being installed. When the well is completed, the derrick is removed. In its place is installed a "Christmas Tree," an odd-looking assembly of valves and fittings necessary in producing, testing and maintaining the well.

**EXPLANATION: 1—Drilling derrick. 2—Christmas tree. 3—Meter House. 4—Field gathering line. 5—Field compressor station. 6—Absorption tower at gasoline plant. 7—High-pressure main transmission line. 8—Town border station. 9—Intermediate pressure line. 10—District regulator station. 11—Low-pressure line. 12—Gas meter. 13—Your yard and house piping.**

### Allan White Amherst Study Club

The Amherst Study Club met on evening of Nov. 6 at the home of Allan White.

Claude Coffey was in charge of the program for the evening. The program was given, world news for educated motherhood, B. O. McDaniel, to school with child, Mrs. C. A. Duffy, new

things in textiles, Mrs. Lee Payne. The hostess served delicious fruit cake and spiced tea to the following members, Mesdames, Alva Chambers, Jennie Clark, Claude Coffey, C. A. Duffy, W. R. Johnson, Lee Payne, Lester La Grange, B. O. McDaniel, J. M. Slemmons, C. R. Stevens, James Turner, Lem Weaver, Rogers Willett, and Misses Jewel Armes, Delma Blanton, Zeta Lynn Blume, Charlene Phelps. The Study Club will meet next on Nov. 20 in the home of Mrs. Jennie Clark.

### Enjoy All Day Meeting at Barton Home November 1

The Lois Class, with Mrs. Emma Bates, Teacher, and Extension Department of the First Baptist Church, enjoyed an all-day meeting Thursday, Nov. 1, at the home of Mr. and Mrs. Acrey Barton.

A turkey dinner with all of the trimmings was served at noon by Mrs. Barton and her helpers in that department of Sunday school.

The afternoon was spent in conversation and a very interesting program was rendered, as follows:

Nursery songs by George Ann Walker and Carlyn Hulse.

Accordian music—Mrs. Homer Sewell; singing of hymns—by group; talk and prayer—Rev. Lee Hemphill.

At a late hour about twenty happy elderly women departed for their homes.

The following enjoyed the fellowship of this very happy and informal meeting:

Rev. and Mrs. Lee Hemphill; Mesdames E. Mueller, F. Busch, Mattie Sewell, W. B. Kelsey, R. W. Sifrett.

V. B. Pierce, Emma Bates, Martha Michal, W. P. Willis, P. Z. Harris, J. W. Garrett, Fletcher Mae Renfro, E. M. Davis, R. A. Hawkins, M. E. Lowe, B. M. Wilf, A. F. Jones, Vining, A. L. Heathman, V. Peterson, T. McLarty, W. E. Owens, H. W. Sewell, M. B. Welborn, D. S. Hulse, Acrey Barton, and Carlyn Hulse, and Hilton Hemphill, George Ann Walker, Carlyn Hulse and Paula Sue Jensen.

### Mrs. Sewell's Sunday School Class Is Entertained

Members of Mrs. Homer Sewell's Sunday school class of the First Baptist Church were entertained Tuesday night, Oct. 30, 1945, at her home.

The room was cleverly decorated with bats, pumpkins, black cats, witches, lighted with orange candles, and as the guests arrived a horrible looking witch, Mrs. L. L. Massengill, met them at the door, reached up to the ceiling and gave each a cobweb which held their fortunes, and a piece of gum at the end of it.

Jackie Davis, the social chairman was in charge of the games, which were: "Tied wrists, barnyard animals, my ship sails, black magic, rabbit and I see a ghost." After the games the lights were turned out and one by one the girls were led into the "torture chamber and as they came screaming out after feeling of brains, eyeballs, teeth, walking over bones and springs, and shaking hands with a bloody hand, they were given a sack of refreshments, doughnuts, Ritz crackers, peanuts, apple and hot chocolate.

Games and refreshments were enjoyed by Donna Joy Cotham, Billie Evitt Velma Wilson, Dorothy Faye Lichte, Verna Lichte, LaVey Walker, Emma Lou and Buddy Bolton, Tommie Matthews, Jean Jones, Betty Cowan, Ellen, Massengill, Thetogene Ross, Billie Pat Robison, Wilma Dean Trotter, Jackie Davis, the hostess, Mrs. Homer Sewell and Mesdames Rufus Sewell and L. L. Massengill.

Eliza Feagley, MAM 3/, son of Mr. and Mrs. Feagley of 11 miles northwest of Amherst, received a 10 day extension. He is home on furlough. The family honored him with a musical one evening last week.

### Miss June Lentz and Floyd Armistead Wed

Miss June Lentz, daughter of Mr. and Mrs. G. E. Lentz, and Mr. Floyd Armistead, of Denison, Texas, were married Thursday, November 1, in the home of the bride's parents here, by Rev. Lee Hemphill, pastor of the First Baptist Church, Littlefield.

The bride was lovely in a sky blue suit, with black accessories, wearing a corsage of white carnations.

Mrs. Armistead is a graduate of the local high school with the 1942 class.

At the time of her marriage she was employed as book-keeper at the South Plains Creamery.

The groom has recently received a discharge from the U. S. Army, after spending almost three years in Corsica and Italy with the 12th Air Force.

Those present at the ceremony were: Mr. and Mrs. G. E. Lentz, and daughter, Jo; Mrs. G. U. Miller, Mrs. I. D. Moore and son, Pvt. Tunney

Moore, Mrs. L. C. Businger and sons, Donnie, and Mr. Barney Whisenant.

The happy couple left immediately following the ceremony for their honeymoon spent in Carlsbad, N. M.

They returned to Littlefield Thursday, and spent until Monday with the bride's parents, Mr. and Mrs. G. E. Lentz, following which they left for Denison, Texas, to visit his father. They expect to make their home in Wichita Falls, where he has been offered a position.

### UNDERGOES OPERATION

Mrs. Burton O. Ward underwent an operation for appendicitis at the Littlefield Hospital last week. Her husband had just landed at Alameda, Calif., and the local chapter of the Red Cross have wired endeavoring to get for him an emergency furlough.

Mr. and Mrs. N. W. Williams and Mrs. Joe Pat Hart, and daughter, Patsy Jo, and Mr. and Mrs. John Sullivan and daughter, attended the ball game at Plainview, Saturday.

### Apple Trees Bloom Out of Season at B. R. Myers Farm

Mrs. B. R. Myers of 2 1/2 miles east of town on the Spade highway report three apple trees on their farm to be in full bloom, which is exceedingly unusual for their season of the year. She also reports the lilac trees budding.

This is the first year Mr. and Mrs. Myers have lived on this place, having purchased this farm from Len Irvin, the ginner.

Mrs. Myers brought a small limb from one of her apple trees to the Leader office Thursday with a number of blossoms on it.

Mrs. Myers also reports that there are lilacs blooming at the Buck Ross farm near her home.

A neighbor offered Mrs. Myers the following suggestion:

"Trees blooming out of season 'Something bad will happen without a reason."

### WAYNE MADDEN GETS DISCHARGE

Ensign Wayne Madden, accompanied by his wife, arrived in Littlefield recently for a visit with his mother, Mrs. W. H. Madden.

Ensign Madden has been stationed near Pensacola, Fla. He has received his discharge.

Mrs. W. H. Madden recently purchased the former Sam Hutson home on E. 7th St., and has moved to this property.

### VISITS RELATIVES HERE

M/Sgt. L. H. Yeager, son of Mr. Mrs. L. H. Yeager, of Amarillo, and brother of T. A. Yeager of this city, who has just returned from service in the European area, visited his brother and sister-in-law here from Sunday until Tuesday of last week. Before coming home he was stationed in Germany.

### PERSONALS

The local football boys attended the TCU and Texas Tech football game Saturday at Lubbock. They were taken in the bus by L. M. Brandon.

Mr. and Mrs. R. R. Miller of Olton were here visiting their daughter, Mrs. Lloyd Dye Thursday. Mr. Miller is a brother of F. N. Miller, of this city.

Bud Langford, 83, who lives on West Fourth St., Littlefield is ill at his home.

Mr. and Mrs. Martin Maxwell of 11 miles south of Sudan returned Tuesday of last week after spending 10 days with her parents, Mr. and Mrs. F. C. Weaver, at Fort Sumner, N. M.

Miss Irma C. Thrash, who has been visiting her aunt and uncle, Mr. and Mrs. Jewell White at Omaha, Nebr., for the past two months and employed by the telephone company, is returning to Littlefield this month.

Miss Sibyl Moorehead received a message Thursday night to the effect that her uncle had passed away at Dallas, and she left Friday morning to attend the services, returning to Littlefield Sunday night.

Mr. and Mrs. L. R. Crockett of Corpus Christi left Wednesday of last week after spending the Saturday previous here visiting friends and relatives and attending to business.

Pryor Hammons, Jr., returned Tuesday of last week from a three day business trip to Fort Worth, Texas.

W. S. Savage returned Thursday from Fannin County, where he spent a week with Mrs. Savage's mother, Mrs. R. W. Moore.

Mr. and Mrs. Ray Smith and son, Robert Ray, Jr., moved last week to the Smith Ranch near Pep, Texas.

Arbie Joplin, who has been ill with a bad cold, and a patient at the Littlefield Hospital for about a week, has been able to return home. He was threatened with pneumonia.

Mrs. J. W. Smith of Lubbock spent Monday and Tuesday of last week in the home of Mr. and Mrs. W. J. Renfro on Highway 51, east of town.

Mr. and Mrs. Stacy Hart have returned from a trip to visit his mother, Mrs. R. F. Hart, and his sister and brother-in-law, Mr. and Mrs. J. C. Ballou.

Mrs. Ralph Lair and son, Gene, and Mr. H. C. Lair have all been ill with flu and cold. Mrs. Lair was a patient in the Littlefield a couple of days recently, but is better. Mr. H. C. Lair is also ill at home, and Gene Lair, little son of Mr. and Mrs. Ralph Lair, has also been sick with flu, but is better.

Mrs. Johnny Horton, who has been ill with Tonsillitis is much improved. Her husband, Sgt. Horton, is overseas in the South Pacific. He is a waist gunner on a B-29, and recently received a purple heart. He has been overseas since May last.

Mrs. V. L. Castleberry of Quemado, Texas, who has been visiting her daughter and son-in-law, Mr. and Mrs. L. T. Dowdy, for the past two weeks, will return to her home next week.

Troy Davis, who returned home recently from overseas service, is now employed at Garland Motor Company. Davis was connected with this concern previous to his entering the service.

Mr. and Mrs. J. S. Hilliard of Amarillo spent Saturday and part of Sunday here recently. They attended to business and visited friends, and left Sunday for Atlanta, Ga., where they planned to visit Mr. Hilliard's sister, Mrs. J. W. Cole, and daughters. They will probably spend two or three weeks at Atlanta.

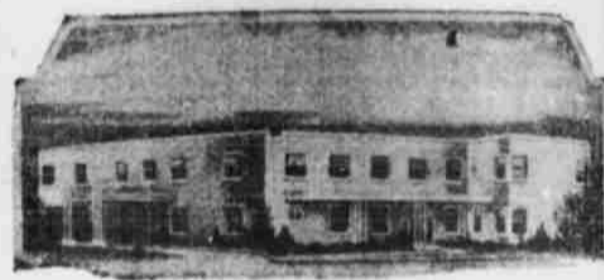

### How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
  - 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.
- Try Cardui. If it helps, you'll be glad you did.

### Are Outlined Veterans Paying Income Tax

ELLINGTON—What taxes do men and veterans have to pay on their income effective on or after January 1, 1945, and servicemen or veterans, the rank of warrant officer, exempt from any service pay during the year that includes rent or subsistence pay out pay.

He must file his return—if he has to pay a tax—5 1/2 months from the month in which he returned. Take an example: Private Jones owed tax on income he earned before entering the Army. He returns from overseas Dec. 2, 1945. He starts counting his five and a half months—for filing the return—from Jan. 1, 1946. Then 5 1/2 months after Jan. 1 he must file a return. But he doesn't have to start making his 12 quarterly payments until June 15, 1947.

This information came from the Internal Revenue Bureau. If a serviceman or veteran needs further information it is suggested he get in touch with his nearest internal revenue collector. If he finds difficulty in making his payments, he should consult the collector.

first of his 12 quarterly payments by May 15, 1946.

If he is discharged from the service—or remains in the service—after Dec. 1, 1945, he doesn't have to start making the first of his 12 quarterly payments until June 15, 1947.

It is assumed here that a serviceman, enlisted or commissioned, who was in this country at the time civilians made their income tax returns made his. He was supposed to.

Note that filing a return and making a payment are different things. A return shows how much a taxpayer owes.

Private Jones owed tax on income he earned before entering the Army. He returns from overseas Dec. 2, 1945.

He starts counting his five and a half months—for filing the return—from Jan. 1, 1946. Then 5 1/2 months after Jan. 1 he must file a return.

But he doesn't have to start making his 12 quarterly payments until June 15, 1947.

This information came from the Internal Revenue Bureau. If a serviceman or veteran needs further information it is suggested he get in touch with his nearest internal revenue collector.

If he finds difficulty in making his payments, he should consult the collector.

# TOUGH AS AN ELEPHANT'S HIDE!

## That's Phillips 66

When you pay for protection—it pays to get the best! That's why we'd like to call your attention to Phillips 66 Motor Oil—the oil that's as tough as an old bull-elephant's hide!

You know, toughness isn't something you can refine into an oil. It's got to be there in the first place. Well, Mother Nature made this oil tough—and it took her thousands of years to do it!

All we do is pump it out of the ground... give it some special Phillips refining... and bring it to you with all those wonderful God-given lubricating qualities unimpaired!

When there's only a few pennies difference between "the best" and "mediocre," why take a chance? Drive in where you see the big Orange-and-Black sign with the double-six and say—"Fill 'er full o' Phillips!"

You won't find a more honest, natural lubricating oil in America!

*"Fill 'er Full o' Phillips!"*

## WHERE WOULD WE BE WITHOUT OUR PUBLIC SERVANTS?

Your taxes and ours pay the salaries of these fine people. We couldn't get along without our public servants and they couldn't get along without us taxpayers. Their work is vitally necessary and their services are appreciated by all.

These are only four of many American privileges we enjoy and pay for under our democratic form of government. Your Public Service Company, as one large taxpayer, has always borne willingly its share of taxes to help build the communities we serve and the nation in which we live.

20 YEARS OF GOOD SERVICE AND PUBLIC SERVICE

**James A. Moore  
Awarded Air Medal  
And 3 Bronze Stars**

S/Sgt. James A. Moore, son of J. L. Moore, Route 1, Box 36, Littlefield, has been honorably discharged from the Army Air Forces at the separation center at Amarillo, Nov. 10, after 2 years and 5 months of service.

S/Sgt. Moore left Amarillo Army Air Field, Texas, an installation of the Training Command of the Army Air Force and his station of duty. He had served 5½ months overseas with the Eighth Air Force in the European Theater of Operations.

Entering the Army at Lubbock, Texas, he took his basic training at Keesler Field, Miss. He attended schools at Lowry Field, Colo., and Kingman, Ariz., and was classified as a Armor-Gunner and airplane mechanic. Prior to his discharge he had been assigned to duty as a student in A. M. School at Amarillo Field.

While serving overseas he flew 11 missions and was awarded the Air Medal. He also wears the European Theater Ribbon with 3 campaign stars.

A graduate of Littlefield High School, S/Sgt. Moore was engaged in farming with his father at Littlefield, Texas.

**LANDS IN NEW YORK**

Pfc. T. W. Fite of Rt. 1, Sudan, landed in New York Saturday morning, and wired his parents that he was leaving for Camp Sam Houston for discharge, and would be home soon.

Pfc. Fite has been overseas twice; the first time he was sent to the Aleutian Islands, where he spent 26 months; came back in October, 1944, and left December 1 of same year for Germany.

He was awarded bronze service stars for participation in major campaigns in both the Pacific and European theaters of war.

**Awarded 3 Bronze Stars Arrowhead And Purple Heart**

Pfc. Donald Hull, who spent 13 months overseas on Leyte and Okinawa with the 10th Army, 24th Corps Heavy Artillery, arrived in the States October 26, and at Hamilton Field, Calif.

He has been in service two years. Pfc. Hull is wearing the Philippine Liberation badge, three bronze stars, an arrowhead for making the Okinawa beach head, and the Purple Heart for wounds received June 20 on Okinawa, when he suffered wounds in his left knee.

He has been a patient at the hospital at El Paso, and is home on a convalescent 30 days furlough, and expects his discharge soon.

Pfc. Hull is the son of Mr. and Mrs. J. C. Hull of Spade.

**VIRGRE L. BARNETT IS GETTING DISCHARGE**

Virgre L. Barnett, TSC, daughter of Mr. and Mrs. C. G. Barnett, who has been a Wave since September 23, 1944, entering the service at Dallas, is being returned to civilian life through the Navy's personnel Separation center, Memphis, Tenn.

Miss Barnett was working in his father's grocery store when she enlisted in the Waves. She has been stationed at the Naval Air Technical Training Center, Memphis, 15, Tenn.

**TO BE HOME SOON**

Sgt. Virgil Zimmerman, who has been in the service three years, and overseas two years, all of which time he spent in India, sent his mother, Mrs. Stella Zimmerman from Fort Dix, N. J., a telegram Tuesday morning of last week to the effect that he had landed in the States and would be home as soon as he could get a discharge.

The wife maintains that backseat drivers are no worse than men who cook from the dining room table.
