## Lamb Goes For Stevenson, But Ike Sweeps Nation In Landslide

DWIGHT D. EISENHOWER

### All Amendments Passed By Voters

President Eisenhower rolled to an overwhelming victory over Democrat Adlai Stevenson as the nation's voters voiced their confidence in his administration Tuesday.

But, in farming-predominant Lamb County, Stevenson swept to an easy victory as he piled up a 1500-vote advantage in the 5,176 votes polled in the county.

In an 11 a. m. bulletin from Associated press Wednesday, Eisenhower was leading or had won 41 states to Stevenson's seven, giving the Republican president a 457-74 lead in electoral votes.

Texas remained in the GOP column in the presidential race, as this traditionally Democratic state favored Ike for the second time.

Stevenson conceded at approximately 12:30 a.m. (CST), about a half-hour earlier than his same action in 1952.

MEMBERSHIP COMMITTEE MEMBERS kick off the final push in a campaign to send the local Industrial Foundation's stock past a \$50,000 goal. Rip Elms, manager of Western Cottonoil, seated at center, signs for 10 shares for his company as committee members look on. Left to right in the picture are W. G. Street Jr., Glenn Batson, Elms, C. O. Griffin (standing) and Bob Manley (seated).

### Armistice Observance Set Locally

Littlefield veterans and the city as a whole will observe Veterans Day Nov. 11 with an American Legion Breakfast Sunday and the sale of poppies by the American Legion Auxiliary Saturday.

The breakfast, the 23rd annual observance of the event, is scheduled for 8 a.m. Sunday in the American Legion Hall.

All ex-servicemen are invited to attend. Homer Howard, commander of the local post, said this week. The breakfast is free of charge.

On Saturday, the Legion Auxiliary will hold its annual poppy sale. The sale begins at 8 a.m., according to representative of the auxiliary. Tables will be set up along Phelps ave., for the sale.

Congressional control appeared to be headed in the Democrats' favor. Fifteen Democratic senate spots were almost assured, in addition to the 31 Demo holdovers. The Republicans were also leading in 15 places and had 30 holdovers. The Democrats had leads in the other five spots of the total 96. In the house, it appeared that the Democrats had retained control.

On the Texas scene, all of the eight constitutional amendments apparently had been favored. Price Daniel won the gubernatorial race in a landslide, as expected.

In Lamb County, Stevenson took an early lead in the counting, and never relinquished it. At one time, his margin here had risen to more than 2-1.

In the end, Stevenson polled 3325 votes in the county and Eisenhower received 1840. Only one precinct, plus the absentee box, favored the President. Pleasant Valley voters gave Ike a lead, 37-28, and the absentee box favored him, 79-72.

In the other boxes, Stevenson's margin ranged as high as 6-1.

On constitutional amendments, Lamb County voters favored all eight of them.

The most publicized of the amendments, Teachers Retirement, received the greatest margin. Some 3717 voters were for it, 500 against.

These were the county totals on the other seven amendments:

1. Aid to Mis-amenities: Approval 3371, Against 466
2. Tax Reallocation: Approval 2238, Against 1291
3. College Fund: Approval 2595, Against 870
4. Veterans Land Fund: Approval 2212, Against 1315
5. Oath of Office: Approval 2503, Against 569
6. Jury Trial Waiver: Approval 2509, Against 911
7. Denial of Ball: Approval 2313, Against 1116

### 52 More Shares Are Sold For Industrial Foundation

Members of the local Industrial Foundation's membership committee sold 52 more shares in the corporation early this week as they continued their drive toward 1000 shares.

Underway Wednesday afternoon was an intensified campaign designed to get the organization underway in a final push toward the \$50,000 goal.

The 52 shares sold early this week brought the total to 884—\$44,200—and brought the goal within reach in the near future.

The campaign to incorporate the Foundation began October 15, when 519 shares were pledged to the first seven days. Since that time, 241 shares were sold in the second week, and 72 were sold in the third week, bringing the total to 832.

### UNUSUAL BURGLAR HITS REAST OIL COMPANY

Who ever heard of a burglar who didn't have a flashlight? Well, Reas: Oil Co., has. Person or persons unknown entered the firm Saturday night after breaking out a window and took three flashlights. No other losses were reported.

### Olton Selected Audition Site By National Guild

Olton has been chosen as the site for one of the Audition Centers sponsored by the National Guild of Piano Teachers on April 22-23, 1957.

Harold Dean Carson, local chairman for the Center, stated that students may enter in any of the following divisions: District, State, National, or International. Students do not compete against each other, but compete against a standard.

### Blast Wounds Youth, 14, On Hunting Trip

Jerry Watts, 14-year-old Littlefield High School Freshman sustained gun-shot wounds in both legs late Sunday afternoon in a hunting accident. Jerry with three teenage friends, G. H. Smith, Richard Thompson and Dugan Crawford had stopped at Bull Lake to hunt.

G. H. reached for the 22-rifle in the back seat when the gun accidentally discharged, ripping into Jerry's legs under the knee on one leg and lodging underneath a knee bone on the other. "I didn't know I was hit at first. I just thought the bullet hit my pants legs," stated Jerry.

Ironically, the stray shot was from the last shot the boys had. The youths took Jerry to Medical Arts Hospital by car where he was admitted and treated.

According to the injured lad's mother, it will require surgery to remove the bullet. However the date for surgery was not known at press time Wednesday.

Jerry's brother, Pvt. Earnest Eugene Watts arrived home from Ft. Bliss, El Paso, Tuesday. Their parents are Mr. and Mrs. Jess Watts, who reside near Fieldton.

### Mrs. Lightsey Resigns City Sec'y Post

Charlotte Lightsey this week resigned as acting city secretary effective Nov. 15.

City officials, in accepting the resignation, said Tuesday that no successor has been named for the post.

Mrs. Lightsey, a clerk in the secretary's office until September, assumed duties as acting city secretary when W. G. Street, Sr., retired due to ill health. In all, she served 17 months as a city employee.

Her husband, George, is owner and operator of Littlefield Battery and Electric. He has resided in Littlefield since 1927. The family has one child, Judy, 11.

### Powell, Ogerly Deadlock In Leader's Grid Contest

Sixteen area football fans tied for the top spot in the Leader's grid contest this week in the closest race of the season.

Six winners were named instead of the usual three when two fans tied for the first two spots and four others tied for third place.

The winners were Charles Powell, Star Rt. 1, Littlefield, and Robert H. Ogerly, Route 1, Sudan, both of whom picked 17 games right and predicted TCU would beat Baylor 13-7 on the tie-breaking game. TCU won the game, 7-6, putting both winners only seven points away from the actual score.

Tied for third were Dr. Ralph Maurer, 501 E. 13th, Littlefield; Lloyd Pollard, Rt. 1, Sudan; Jimmy Don Whitson, 600 E. 14th St., Littlefield; and Joe N. Coster, 214 E. 16th, Littlefield. All of them picked 17 right and predicted a score of TCU 14—Baylor 7 on the tie-breaker, putting them eight points away from the correct result.

Four others named 17 winners and were only 14 points away from the actual score. They were R. E. Bradley, 500 W. 2nd, Littlefield; Bill Lyman, 213 E. 14th St., Littlefield; Carl Pillion, 815 W. 7th, Littlefield; and James Pitkey, 506 W. 4th, Littlefield.

Others to name 17 winners were Aubrey Neinst, Star Rt. 2, Littlefield; Jan Fisher, Rt. 1, Sudan; Mrs. Jimmie Starnes, Rt. 2, Littlefield; Mrs. James Pirkey, 506 W. 4th St., Littlefield; Dwight Starnes, Rt. 2, Littlefield; and F. E. Yohner, Jr., Box 286 Littlefield.

The first two placers will receive checks for \$5.00 each, while the four persons tied for third will get checks for \$2.00 each.

The Leader's ninth grid contest of the year gets underway today and more experts will win cash prizes. Entries should be turned in to merchants participating in the contest. For further information see the contest page.

### With Gets Nasty With Patroiman, Ends Up In Jail

Police officers this week jailed a 14-year-old local youth on charging profane gestures and language.

Officers said the youth leveled back at a highway patrolman who passed him as the patrolman walked along the street. Questioning the youth, officers found that the juvenile's remarks that he "just didn't like him."

How is in the county jail. He has been set at \$20.50.

On the weekend, officers jailing the youth, five on driving while intoxicated charges, three on law violations, and six on drunkenness.

SALLY TALAMANTEZ Best Halloween Girl

### AT LONG LAST --- HERE'S SALLY

Little Sally Talamantez, whose picture failed to come out when the News and Leader took photos of the winners in the Halloween Small Fry Parade, showed up bright and early Monday morning.

Sunday's County Wide News had sent out a call for help, when Sally couldn't be located for a re-take of the picture.

Her mother, Mrs. C'eprano Talamantez, brought Sally in when she read in the paper that staff members had searched high and low for the little girl and couldn't find her.

The staff called preachers, principals and talked to people on the street in an effort to find who judges called the cutest little girl you've ever seen.

Well, here's her picture—and the judges were right. We can see why they named her the "Best Halloween Girl."

THE POLLS WERE CROWDED TUESDAY as some 5200 voters turned out in Lamb County to help decide on the next President. Above is a scene of the activity at Precinct 12, Littlefield, where 1450 voters cast ballots. Voting interest was high throughout the county, especially at Amherst and Sudan.

### Mexican Killed When Pickup Overturns

A 21-year-old Mexican farm laborer was crushed to death Saturday night when the pickup in which he was riding overturned a mile northwest of Olton about 7:30 p.m. Dead was Riveria Laguero of Namiquina, Mexico.

Mario Pedroza, 15, was driving the pickup when it hit a soft shoulder and overturned. Two others were injured, one seriously. Jose Varela Lincion, 34, received multiple broken bones and possible internal injuries. Treated and released at Olton Hospital was 20-year-old Hernandez Luero.

Laguero was dead on arrival at Olton Hospital. His body was shipped from Lemans Funeral Home, Plainview, Tuesday.

### KAT'S KORNER

By GAY DOUGLAS

I certainly got the scare of my life Friday night when hereford that second touchdown. I was worried about our boys being a little over-confident and when that happened I just knew it had happened and we had lost the game. But I should have known our Wildcats better than that. After that third TD of ours, though, I got that "old feeling", that we were going to come out on top again.

Last Wednesday the Annual Staff had their Kick-off assembly. Sam McCormick opened the program and introduced the salesmen for this year. The salesmen are: Carol Caldwell, Paula Carmickle, Sam McCormick, Billy Van Lightsey, Sue Jones, Patsy Tiley, Sandra Ross, Bonnie Tiley, Joy Windwehen, Peggy Cox, Pat Street, Barbara Hinkle, Juanita Kennedy, Larry Rogers, Jo Ann Robertson, Donna Sue Goertz, Dot Haynes, Gene Swart and Jay Boyd Bridwell.

Mr. Gilstrap had the student body rocking in their seats with his jazz piano playing and then, when Lawrence Macha and his band came on the stage the old auditorium really shook.

Barbara Massengale, coeditor of the Skat, had a hair-raising experience last Thursday night. She was on her way to put the paper to bed, when "Whamo." All of a sudden she was in the police station filling out miles of forms.

Barbara told Mrs. Ayers, Betty Ayers and me about it over supper at Graham's. She said she was driving past the police station when one of Littlefield's policemen, of all people, backed into her car. She was frightened to tears and we all went with her to talk to Mr. Chapman because her parents were in hereford at the "B" game with her little brother, Robert. Everything is all

straightened out for her now, though. The members of the Junior play cast have really been burning the midnight oil to get their play ready by November 12. The play, "Just Ducky", is a three-act comedy about Mr. and Mrs. Maxwell, played by Jean Allison and Leslie Belvel and their family of teenagers.

Jay Bridwell plays 13 year old Wilber Maxwell and Ronnie Vorheis plays "Hercules" Nelson, his best friend. Dot Haynes becomes 14 again as Bernadine Smith and Sandra Ross as Betty Lou Maxwell is her constant companion. Linda Latimer, at 17, is the neighborhood charmer. Craig Moore, played by Buddy Jones, is the object of her affections at the moment. Bill Schroeder is Craig's father and Teddy Jo Bitner is Mrs. Maxwell's elderly aunt—Mary Lee Elms is a newspaper reporter and Sandra Kimbrough is the local paper's love-lorn column editor, Miss Blain.

### Jordan Home Is Scene Of Masquerade

WHITHARRAL — Mr. and Mrs. L. J. Jordan were host at a Halloween masquerade party at their home east of Whitharral Wednesday evening.

By WILDA STONE

Visitors in the Jack Farr home this week were Mr. and Mrs. Dick Ratliff of Durango, Colorado.

Visiting in Littlefield Tuesday with their parents were Mr. and Mrs. A. L. Dunn, former residents now residing in Lovington, N. M. They were accompanied by their two children, Johnny and Belinda.

Mr. and Mrs. Bill Turner and daughter Kathy returned Monday from a visit with both Mr. and Mrs. Turner's parents in Bryan and Austin. Mrs. Turner and Kathy left Tuesday by train and Mr. Turner joined them for the weekend.

Mr. and Mrs. Van Coltharp were hosts Friday night, after the football game to two Hereford couples, Mr. and Mrs. Merlin Call and Mrs. and Mrs. Jack Winthrop.

Mr. and Mrs. O. S. Sullivan of Lubbock, accompanied by a daughter, Mrs. George Myatt and son Omar Keith were weekend visitors in Littlefield. They visited in the homes of three daughters and their families, Mr. and Mrs. Wiley Roberts, Mr. and Mrs. Waymon Barker and Mrs. Mattie Ellen Johnson.

Mr. and Mrs. M. E. Tomlinson of Dallas visited in the Bob Manley home during the weekend. Mrs. Manley is the Dallas couple's daughter.

Mr. and Mrs. Bob Faulk visited Faulk's father in Lamesa who is in Lamesa Sunday with Mrs. Ill. They were accompanied by their children Robin, 5, and Ricky, 11.

Mrs. Bill Moore, the former Jean Jones, arrived Monday to spend a few days with her parents, Mr. and Mrs. Arthur Jones. Mrs. Moore lives in Midland. A sister, Miss June Jones of Roswell, spent Saturday and Sunday with her parents. Miss Jones is starting her third year as an art teacher in the Roswell schools.

Rev. Harry Vanderpool, pastor of the First Methodist returned Sunday after conducting revival services at his father's church in Dallas during the past week.

Mr. and Mrs. C. W. Jones returned from a weekend trip to East Texas. They visited Mrs. Jones' mother, Mrs. A. G. Crawley, and brother W. T. Crawley and family at Atlanta, Texas; her sister, Mrs. Paul Manning and family at Marshall, Texas, and friends in Mt. Vernon, Texas. Mr.

## Shower For Recent Bride

OLTON — The home of Mrs. H. L. Dennis of Olton was the scene for a miscellaneous shower honoring Mrs. Lonnie Smith, the former Norma Lobaugh, on Thursday afternoon.

Assisting Mrs. Dennis with hostess duties were Mesdames: Lenril Johnson, W. M. Smith, Fred Hicks, Robert Dennis, Temp's Doggett, D. M. Canbery, M. R. Cavett, Earl Hysinger, Lee Poizat, Paul Burrus, J. H. Capehart, Euel C. Jones, Bob Chitwood, Cecil Keasler, Roscoe Thomas, and Don Huguley.

Mrs. Leo Smith poured the tea and Mrs. I. D. Smith, Jr., served the cake. Forty guests called during the afternoon.

## Miss Simpson Marries Airman From Clovis

Miss Phyllis Simpson and David McDowell were united in marriage Saturday night. The groom's father, Rev. McDowell, read the ceremony at his home in Borger.

The bride, daughter of Mr. and Mrs. Richard Horton of Whitharral, wore a blue suit with black accessories.

Mrs. McDowell, a graduate of Whitharral High School has recently been employed at a Sewing Machine Co., in Lubbock. McDowell is stationed at Reese Air Force Base, Lubbock, where the couple plan to make their home.

## Miss Cantrell Marries Lubbock Man

AMHERST — Miss Janice Rae Cantrell, daughter of Mr. and Mrs. Raymond Cantrell of Amherst and Mr. Cecil Caddell of Lubbock were married in the parsonage of the Clovis Church of Christ with the minister, Bro. Walker performing the ceremony, at 9:30 o'clock, Monday morning November 5th.

They were accompanied to Clovis by their friend Don Ed Donald.

The groom is employed as a designer at Ribble Floral Company, Lubbock and the bride is employed at the main telephone office in Lubbock.

A daughter, Ana Ma. Ia was born November 5th to Mr. and Mrs. Francisco S. Morales at 4:02 a.m. in Medical Arts Hospital. The little girl weighed six pounds 15 ounces.

Born at Littlefield Hospital November 3rd was Adellita Trevino to Mr. and Mrs. Antonio Trevino of Mathis, Texas. Adellita weighed 7 pounds 6 ounces. She arrived at 8:55 p.m.

PICTURED ABOVE are Mrs. George Lambert and daughters, Sandra, Sharon and Shirley, who recently returned from a six months stay on Inagua Island of the Bahama Islands. Shown with them are a number of items, including native woven blankets and shells that the family brought back with them from the island. Also pictured is their dog, Skootch, who made the stay on the islands with them. A seasoned traveler, via car or plane, Skootch made part of the return trip up front with the pilot and copilot. ## Lambert Family Returns From Bahama Islands

A jaunt to Florida with the possibility in mind of making their home there turned into a six-months excursion to the Bahama Islands for the George Lambert family of Sudan, formerly of Seattle, Washington.

Odd coincidences (or maybe the hand of fate) have played a role in a number of important events for George and Mary Jo Lambert. For instance, the meeting of the two (one from Texas, and the other a New Englander) in the state of Washington.

It was only by sheer chance that Mrs. Lambert, the former Miss Mary Jo Dryden, daughter of Mr. and Mrs. J. E. Dryden of Sudan, secured a position as buyer for a store in Seattle, Washington where she later met Mr. Lambert, who by another coincidence, was transferred from New York City to Seattle to serve as manager of the business where Mary Jo was employed. A trip to Seattle was a graduation gift for Mary Jo following her graduation from Texas Tech in 1947. Making the trip with friends, the group decided to get some experience in applying for jobs before returning home.

As a result of one application Mary Jo was offered such a good position as buyer for a store, she felt she couldn't turn it down. So what started out as a "lark" for Mary Jo turned into a good thing. Thus, the circumstances bringing about Mary Jo's being in Seattle where she later met her husband.

Following their marriage in 1948 the Lamberts resided in Seattle until 1950 when they moved to Texas to try their hand at farming. But the Lamberts felt the yen for new horizons again this year and decided to tour a number of states with the idea of finding a suitable place, possibly in Florida, to make their home.

While touring Florida George was offered a position with the office personnel of the Morton Salt mines in Inagua, and island of the Bahamas in the West Indies. Recognizing this as a golden opportunity George accepted just for the experience of living on the island.

"We loved it there," states Mary Jo. "Our decision to return to the states was because we felt we should be looking for more permanent employment as we did not wish to stay on the island after our children reached high

school age". (The island only offers grade school). Pastimes for the twenty American families who manage the salt mines on the island includes such pleasant activities as swimming, fishing and picnic outings.

Mary Jo states she was most impressed with the intelligence of the natives who work the salt mines. She states that many are the descendants of the slave families of the early 19th century.

She noted the people were very religious and really went all out for weddings, and christenings, but seemed to place the most emphasis on their funerals. She states the funeral processions were really striking, with the procession escorting the casket both to and from the church. For funerals the native women dressed in white and walked in a group followed by the men dressed in black. The caskets were usually carried on a company truck. Also in the procession would be the musicians and singers.

She thought their music was quite primitive sounding with the principal instruments still being the drums. She laughingly told of one of her experiences when they first arrived on the islands. While alone in the house one evening she heard the beating of the drums begin, and knowing nothing of the reason for the playing she had the weird feeling of being in darkest Africa.

She states she would have felt little surprise had an arrow come zooming through the window at any moment. Much to her chagrin, she found out later the drums were being played for a revival service at a church. Servants were available there at a very low cost and the houseboys served as "telephones" for the American housewives. If one wished to send a message across town she would send her houseboy who would deliver the message and bring the answer in return.

Mathewtown was the name of the only settlement on the island and the residences were of modern structure. Only a few grass huts could be found at one end of the island and these were not used for living purposes.

Mary Jo pointed out that the native women were exceptional seamstresses. They cut and fit their garments without patterns,

## Youth Revival Slated At Spade Baptist Church

SPADE — Sunday, Nov. 11, marks the beginning of the YOUTH REVIVAL to be held in the First Baptist Church.

The evangelistic preaching will be done by the pastor, Bill Hadley, and gospel singing will be led by Neal Trull, Wanda Bryant will be the pianist, and special music is to be provided by the young people of the church.

Services will be held beginning at 11:00 a.m., Sunday, Nov. 11, Sunday evening at 7:00, and each week day at 8:00 a.m. and 7:00 p.m., except Friday evening. There will not be services Friday evening. Following the services Saturday evening there will be a Youth Fellowship. Make your plans to attend each of these Revival Services.

all they needed was a picture of the design that was wanted.

The most beautiful sight of the island to Mary Jo was the blue color of the water and its unusual clearness. Colorful birds, including the flamingo and parrot, were sights to be enjoyed. Among island flowers were the oleanders and poinsettia trees.

George also supervised the company airstrip where planes landed each Tuesday with the mail and passengers. Other than mail by the plane, a small boat docked once a week and needless to say, the arrival of the mail was a much looked forward to occasion.

The activity most missed by the Lambert children since returning to Texas is the swimming, which was part of the school sports, with classes being dismissed for a period in the afternoons for students to go swimming.

Saandra, age 6, was enrolled in the first grade, while Shirley, age 3, attended Kindergarten. There were only 9 enrolled in the grade school which had two teachers. Since entering the first grade in Sudan, Saandra is finding it a little difficult to get her evaluations straight for American money was the medium of exchange on the island.

Present plans for the Lamberts include the settling down "for a spell" in Denver, Colorado. Their home there will serve as a base for George to act as auditor for West Coast stores of the same New York firm that he and Mary Jo were employed with when they first met.

## Earth Woman Injured In Highway Crash

Mrs. Walter Stout of Earth was injured Tuesday afternoon about 6 p.m. when the car she was driving collided head-on with a pick-up truck about seven miles west of Earth on Highway 70.

Three Latin Americans of the four riding in the pick-up were also hospitalized. The extent of their injuries was not known.

Mrs. Stout was confined to West Plains Hospital in Muleshoe where she was described as "resting well" after the accident. She is suffering from bruises and shock. The two vehicles collided when the pick-up attempted to pass a large truck and met head-on with the car driven by Mrs. Stout. The Earth woman was driving alone.

## T.V. Research May Result In Lower Prices

AUSTIN, Texas. — Lower prices for a variety of products, ranging from plastics to perfumes and dyes, may result from research being conducted by Dr. Philip S. Bailey, University of Texas associate chemistry professor.

The National Science Foundation has provided \$15,000 to support Dr. Bailey's research on the ozonolysis reaction. The chemical reaction is a means of preparing aldehydes, ketones and organic acids by a reaction of certain hydrocarbons and their derivatives with ozone. Those products, in turn, have countless industrial uses, including the manufacture of plastics.

The reaction, though known for 100 years, only recently has gained the interest of industry. New equipment has reduced the cost of ozone used in the reaction and research studies have increased the yields of the final products. Many industrial laboratories are engaged in applied research on the reaction, but much remains to be solved on the theoretical side, Dr. Bailey said. The University of Texas laboratory is the only academic group on the U. S. engaged in full-time research on the reaction.

"By a greater knowledge of the theory of the reaction, a higher yield of useful products can be obtained," Dr. Bailey said. "The reaction has not yet become important to industry, but I feel it will not be too many years before it is widely used."

## 22 Traffic Tickets Given

Police investigated two traffic accidents early this week and issued 22 tickets to traffic violators.

The first accident involved a '57 sedan driven by James O. Lungford of Littlefield and a '50 model auto driven by Lawrence Hutson, also of Littlefield. Lungford was parked at a red light at Phelps and 6th when Hutson bumped him from the rear. There was no damage, but Hutson received a ticket for failure to grant right-of-way.

The second accident, which occurred Friday night, caused \$400 damages to both cars. A parked car owned by Paul Pierce of Littlefield was hit by an auto driven by Edwin Brown of Anton, when the Anton man turned a corner at Park Ave., and 1st St. Brown was blinded by lights of an oncoming pick-up, and swerved into the Pierce car when he attempted to avoid the pick-up.

During the weekend and on Monday, 22 tickets were issued. Ten were for no driver's license, four were for failure to stop at a red light, two were for speeding.

These perky yeast-raised turkeys are in the bright spirit of Thanksgiving. Plan to fill your bread basket with them often during this season.

**DO THE TURKEY TWIST**

**TURKEY TWISTS**

1/2 cup milk	3 tablespoons sugar
1/2 cup sugar	3 packages or cakes yeast, active dry or compressed
1 1/4 teaspoons salt	3 eggs, beaten
6 tablespoons shortening	6 cups sifted enriched flour
1/2 cup warm, not hot, water (lukewarm for compressed yeast)	

Scald milk and stir in 1/2 cup sugar, salt and shortening. Set aside to cool to lukewarm. Measure water and 3 lbs. sugar into large mixing bowl (warm, not hot, water for active dry yeast; lukewarm water for compressed yeast). Sprinkle or crumble in yeast. Stir until dissolved. Add lukewarm milk mixture and eggs. Add and stir in half the flour. Beat until smooth. Stir in remaining flour, or enough to make a dough. Turn out on lightly floured board and knead 8 to 10 minutes, or until surface is smooth and satiny. Put dough into greased bowl and brush top with melted shortening. Cover with cloth; let rise in warm place, free from draft, until doubled in bulk, about 55 minutes. Punch down dough, pull sides into center, turn out on board. The turkey twist is a reverse S-shaped roll with curly ends. Start with a rope 14" long and 1/2" thick made by rolling a piece of dough with palms on board. To shape make a clockwise circle, letting pointed end of dough stick out at the top to form beak. Curve dough up then down to shape neck and continue down to begin body. Now make counter clockwise circle 4 times as big as first, winding dough in spiral toward center. Add a small wedge-shaped piece of dough along upper right of circle to form tail feathers. Brush tops with melted fat. Cover and let rise until double in bulk. Bake at 425° F. (hot oven) 12 to 15 minutes or until brown.

## 1956 Level Of Business Is Declining

AUSTIN, Texas — Declines in residential building and consumer spending for durable goods are the principal factors holding down the 1956 level of business, the University of Texas Bureau of Business Research reports.

Dr. John R. Stockton, Bureau director, gives the analysis in his monthly "Business Situation in Texas" survey in the current issue of Texas Business Review.

"Sales of nondurable goods stores have remained at the same average level in 1956 as in 1955, but durable-goods stores sales during the first nine months of 1956 have averaged 15 per cent lower than in 1955," Dr. Stockton writes.

"The greatest decline has been reported by automobile dealers, but furniture and appliance stores and building material stores also have registered a decline in volume of business," he continues.

"Much consumer income has been taken to repay the extremely large volume of installment credit extended during 1955, particularly for the purchase of automobiles. The decline in durable-goods sales during 1956 is without much doubt related to the over-expansion of sales of durable goods last year," Dr. Stockton says.

He sees no likelihood of change in the prospects for residential building for the remainder of 1956.

"In spite of the high level of consumer income, many consumers already have extensive commitments that prevent their buying the houses now being constructed except on extremely liberal credit terms," he says.

# Dynamite from Detroit

Coming! America's first production dream car— it will influence the shape of cars for years to come.

The old Detroit rule was to introduce new features gradually, to make little changes each year. Sometimes a new grille, an engine improvement, or new colors and trim.

We broke that rule. In fact, we broke all the rules. This is dynamite!

For you are not the only one who has dreamed of a totally modern car, a car that has everything you find at automobile shows, in illustrations, and in custom-built experimental cars.

Detroit has had that dream, too. And that's why the 1957 Mercury is the car that has honestly excited the most car-jaded, the most sophisticated of Detroit's automotive experts.

When you see the new 1957 Mercury, you'll see America's first full-production dream car—a car that

will influence the shape of cars for years to come.

You'll see a dream car you can own and drive—a car that has far more than startling years-ahead beauty.

THE BIG M for '57 boasts dream-car features never before found outside a designer's dreambook: a Keyboard Control that makes ordinary push-button driving old-fashioned; an exclusive Floating Ride with a revolutionary new cushioning action you have to feel to believe. There are Mercury "firsts" everywhere you look. A Power-Booster Engine Fan in the Montclair series that saves horsepower other cars waste. And many more Mercury exclusives.

You'll see THE BIG M—the new Mercury for 1957—soon. You'll see it. You'll drive it. The first dream car that can be yours. The dynamite is on its way from Detroit to your dealer's—now!

## Local Fans See A Little of Everything: Pass, Power, Speed

WILDCAT FANS saw a little of everything in the game as the Wildcats went to the air and chalked their yard on the ground last Friday night to win. The pattern on the ground has been the same all year as the Cats surprised opponent after opponent in gaining record this season. It has been Max (Mr. Inside) on short yardage was needed up the middle and Mike

(Mr. Outside) Greer on fast-stepping sweeps. Halfback Buddy Jones has been a steady combination man, picking up yards both inside and outside. James Pressley, a sharp ball-handler at quarterback, has used the pass just enough to keep the defense loose in games so far this season, but Littlefield fans can expect more passing after the improvement shown in the Hereford contest. The picture at left shows Andy Parker just

after he snagged a pass for 15 yards against Hereford. He was brought down right after this picture was taken. In the center picture, Max Morris in the middle of the pile as he scores on a smash through the middle against Hereford. The touchdown put the Cats ahead with only seconds to go in the first half. Hereford came back to score and led at the half, 13-12. In the third

quarter, Greer, in the picture at right, stepped off 41 yards on a sweep around left end to set up a Littlefield touchdown. The Cats got two scores in the third period and another in the fourth as they came from behind to crush the Whitefaces. Coach Gene Mayfield's club is idle this week, but has begun preparations for the 1-AAA contest with Dumas scheduled here Nov. 16.

## Red-hot District Battles Are Slated

which could decide district status is the spotlight in the area football scene. Littlefield and Levelland get together at Levelland in a game that will eliminate one of them from further contention in District 1-AAA. Phillips has a 13-13 tie with Littlefield on its record and Levelland dropped its only district

clash to Dumas, 7-0. Dumas is expected to drop Hereford out of any hopes for contention when the Demons invade Whiteface land Friday night. Littlefield is idle, the Wildcats taking a week off to lick wounds that cropped up in their last two ball games.

make it easier to figure Friday night by edging Farwell and copping the title outright. It's the last game of the regular season for the Hornets. Springlake, retaining an outside chance at a title tie, takes on Friona. The Wolverines will be favored over the oft-beaten Friona club.

out at Bula in a District 2-B six man game, with Bula heavily favored to notch its seventh district win. Bula beat Wellman last week, 67-30, while Spade was winning its second victory of the season. The Longhorns toppled Pettit, 60-7, in a real surprise.

In another headliner, Olton journeys to Canyon and the District 1-AA title is at stake. The Mustangs have a better season record, 6-1-1, but haven't been as impressive as the Eagles against district opposition. Canyon will be the favorite.

Anton and Idalou go together at Anton in a battle of the also-rans in District 4-A. Anton, winner of only one game this year, could make the 4-A cellar more cozy if they win. The two clubs would then be tied with 1-3 records.

## DOWN MEMORY LANE

From the files of the Lamb County Leader, Nov. 6, 1924.

Full page banner headline reads "CALVIN COLLIDGE WINS" and smaller headline stated, "FERGUSON IS NEXT TEXAS GOVERNOR." (Mariam that is). Charles G. Dawes, vice president elect was Collidge's running in 1924. In Texas John W. Davis received a vote of about four to one over Coolidge and La Follette together. Mrs. Ferguson polled 167,825 votes to 124,908 for Dr. Butte.

**PUBLIC WARNING!** Two months have passed since the Littlefield traffic ordinance came into effect, still there are constant and repeated violations. It is not the desire of the City officials to cause anyone any unnecessary expense nor inconvenience, and, in the interest of humanity the traffic laws must be observed, and the public is hereby given warning to that effect. Signed: B. F. Cogdill, Mayor

All the machinery for the Littlefield electric light plant has now arrived, and as this paper goes to press the majority of it has been installed. It is the desire of the management to be able to turn on the "juice" by Saturday night if possible.

The appeal is still the same even after 32 years: "CALL THE LEADER if you have a friend visiting you; if you are going away on a visit; if you know of any social events; if you know of any personal or local news of any kind that will make the Leader more interesting—Phone 27."

Editor's note: The Sandhills Philosopher on his Johnson grass farm has been reading the international news, his letter this week indicates.

Dear editor: Now that the election is over and my mail box is cleaned out of campaign literature from both sides plus all the demands that I vote as I please just so I vote, which is good advice but hardly necessary, as anybody who hasn't

got sense enough to vote like he pleases is pretty hard up, and another thing, while I'm on the subject, I noticed during the campaign the television entertainers were always reminding us that if we didn't go to the polls and vote and we got the wrong man in office, the responsibility would be squarely on us, but what I'd like to emphasize is that just because I did go to the polls and did vote, I'm not going to be responsible for everybody that got elected, you can't pin all of them on me, if they turn out wrong, but anyway, as I started out to say at the start of this letter, now that the election is over, I've been giving

## Highlights and Sidelights From Your State Capitol

By VERN SANFORD  
Texas Press Association

**AUSTIN, Tex.** — Good news from Gov. Allan Shivers. Texas' Governor reports that the State will begin the new biennium with a \$50,000,000 surplus. He also advised the Texas Research League, to whom he made the announcement, that under the same general budget now in use, a tax bill might be avoided by the Four future needs were listed by the retiring governor, for the Legislature's consideration.

1. Full-time paid parole supervisors.
2. Authority to back up responsibilities placed on the governor.
3. Abolition of earmarked special funds.
4. A building for housing state archives.

Austin's biggest spotlight will, of course, be turned on the Capitol building come January. Arrival of a new Legislature will quicken the tempo of the city. Large turnovers in the summer primaries mean a horde of newcomers to both houses.

**CRUSADE FOR ARCHIVES** — Legislators likely will hear many pleas for a "permanent and proper home" for Texas archives.

Group after group has joined the crusade to protect the state's historical documents. Their theme: a remote Quonset hut is no fitting place to house the original Texas Declaration of Independence and William B. Travis' famous "victory or death" letter from the Alamo.

Besides being unhandy and unsuitable, say the crusaders, the hut is unsafe. It's the same building where Highway Department records burned two years ago. It's leaky, and some water already

considerable thought to the world situation.

I don't know about the rest of the world, but personally I wasn't bored with peace at all. Peace suits me fine, and I hope the rest of the world figures out its problems and irons out its troubles without igniting the whole thing.

I can understand how the world can buy television sets and refrigerators and homes and automobiles, etc., on the time-payment plan, well I don't know whether I can understand it or not but I notice it's being done, but you take the average man with about all the installment payments he can stand up under and add the cost of another war to his load, even if it's on the installment plan too, and I'm afraid his legs may buckle.

I know you can trade in a car on a new one before you get the old one paid for, and the same applies to refrigerators, houses, etc., but as I understand it, we not only haven't paid for the last war, we haven't paid for the one before that, and frankly I don't think we've got any business trading for a new one now.

Of course, I understand wars aren't handled like automobiles, sometimes you don't have any voice in whether you're going to have one or not, it's delivered to your doorstep without much warning, but I'm telling you, I can think of a lot of things the world needs worse than another war. I don't know about cars, but if the world would agree not to have a new war until the old ones were paid for, life would be a lot more ordered for a good many centuries to come.

Sandhills Philosopher favors paying for old wars before the world brings out any new ones. Yours faithfully,

tion program ready for the next Legislature.

Already approved by the committee is a proposed \$10,000,000 appropriation to buy storage space in federal reservoirs.

Three other proposals are being re-written and will be taken up at a December meeting. They are (1) an anti-pollution bill to deal with contamination of underground water supplies, (2) a constitutional amendment to set up a \$100,000,000 bond fund to finance local conservation projects and (3) an enabling bill to finance the bond revenue.

Also still being considered is a three-cent property tax with proceeds marked for water conservation. Some observers have suggested that several plans operating all at once will be needed to finance the kind of water program Texas needs. Texas League of Municipalities is backing a \$300,000 program.

**SAM HOUSTON SHRINE** — Another request of the Legislature, this one from Huntsville, will be laid before both houses in Austin, come January. Asked for will be \$82,000 to add three new wings to the Sam Houston Memorial Museum, plus a \$3,000 appropriation increase for maintenance.

**GAS PRICING FORMULA** — Atty. Gen. John Ben Shepperd has filed a "friend of the court" brief in the case of Panhandle Eastern Pipeline Co. vs. The City of Detroit. He wants the U. S. Supreme Court to review a decision by the court of appeals for the District of Columbia.

Shepperd's complaint is that the appeals court decision compels the FPC to use a gas pricing formula that penalizes small producers. "The Federal Government should not have the power to fix Texas natural gas prices," Shepperd contended, "but if they assert that over, then the FPC should determine local prices on a local basis."

**CHRISTMAS IS WHITE ONE** — Despite a steady four-month sales decline, Texas merchants still think Christmas will cure the year's average.

Opinion surveys by the University of Texas Bureau Research show that "typical merchants are confident that holiday business will surpass 1955 and that satisfac-

These two bright flowers mark the exits and the entrances to Winter. The brave little crocus, peeking at the world through the melting snow of spring, promises warmth and sunshine. The many-colored chrysanthemums, standing tall and confident, paint a brilliant backdrop for fall's final curtain.

**CUSTOM CATALINA SEDAN**—Longer, lower Star Flight styling of the 1957 custom Catalina sedan combines with the powerful new V-8 engine and the responsive Strato-Flight Hydra-Matic transmission to make the new car the most ever offered by Pontiac. Body finish of Lucite lacquer in "dream car" colors and upholstery of fine hand-buffed leather are featured on the Star Chief series. The Catalina four-door hard-top model is also offered in the Super Chief and Chieftain 1957.

## Pontiac Offers New Lower Styling; 16 Models For 1957

(MICH., Nov. 6) — Pontiac's 1957 models are a triumph of modern design and safety engineering. The body designs are new. The overall length has been increased 1.2 inches; however, the lower silhouette and the dramatic styling creates a much longer and sleeker appearance.

The wide, low front end of the 1957 Pontiac is high-lighted and protected by heavy wrap-around bumpers with integrated bonnet-type bumper guards. Large oval parking lamps are set into the lower part of the bumpers. A full width air scoop direct air flow to the car radiator.

Hooded head lamps surmounted by sleek front-fender ornaments are prominent in the front-end styling. Greater vision is achieved by lowering the hood 1.6 inches and increasing the windshield area 75.4 square inches in the Catalinas, convertibles and custom station wagons and by 69 square inches in sedans and other station wagons.

The flair of the rear fender fin houses an integrated tail and back-up lamp and a safety reflector. The rear projection of the oval tail lamp is protected by a projection in the rear bumper which also serves as an exhaust port on cars equipped with dual exhausts.

A missile outline trim of stainless steel sweeps the entire length of the car on each side. The Star Flight styling of the 1957 Pontiac is further accentuated by a wind-split molding in the rear fender.

On the Star Chief models this torpedo-shaped windshield is sheathed in stainless steel. The same material, brushed to a satin finish, is used on the vanced wheel discs. A full range of excitingly modern colors is available on the 16 body styles.

The eye-catching appeal of the 1957 Pontiac is not limited to styling for the new cars offer the most luxurious color-keyed interiors in Pontiac history. Star Chief series models are upholstered in the finest hand-buffed leather in "dream car" colors of Silver Beige, Kenya Ivory, Cordova Red, Limefire Green, Seacrest Green and Fontaine Blue. These top grain leathers can also be had in combination with "enore" patterned nylon fabrics.

Super Chief series models feature upholstery of colorful combination in "horizons" patterned nylon faced fabric and grained vinyl coated fabrics. Rich piled carpeting is standard equipment for the Star Chief and Super Chief series, except in convertibles and station wagons. The economy priced Chieftain series models offer a new height of luxury with interiors of "contemporary tweed" patterns of nylon faced cloth and vinyl. Sixty-six interior trim combinations are offered in the 1957 line.

Pontiac's completely new instrument panel for 1957 offers the ultimate in safety, conveniences, and modern styling. The lower section of the panel on Star Chief models features full-width chromed trim panels. The glove compartment door and dual ash trays are housed in the lower panel. The instrument cluster, with two circular dials and a luminescent "Safety Line" speedometer, are positioned at an easily readable level. New finger-tip heater and defroster controls, radio controls and clock are located near the center of the instrument panel. The radio speaker is positioned below the center of the instrument panel for better sound reproduction and distribution. Another influence of "dream car" styling in the 1957 Pontiac is the deep swallow-tail steering wheel, which adds the final touch of modern safety design to the passenger compartment.

American car buyers, who over the past few years have grown increasingly interested in "what's under the hood" of the new cars, will find that Pontiac engineers have developed the 1957 car to a new level of efficiency and smooth, durable performance.

The Strato-Streak V-8 engine, with displacement increased to 347.04 cubic inches, has higher horsepower, 10:1 compression ratio, larger manifold, completely machined and contoured combustion chambers, larger, more efficient valves and newly designed carburetors. The 1957 line will offer engines with horsepower of 252 and 270, and an additional extra horsepower engine especially designed for law enforcement cars.

Galley Two Pontiac Pontiac offers a "first" in high-compression engines with its intake valve stems vented to atmospheric pressure to prevent oil being drawn into the combustion chamber under high vacuum operating conditions. The increased piston stroke of 3 and 9/16 inches, gives quicker acceleration and more instantaneous power on demand. New steel band, thermal controlled pistons are standard. Among other new features related to the new engine are a new distributor, more powerful starting motor, new ignition control switch and a new, larger, coil spring clutch for use with the Synchronesh transmission.

Pontiac's Strato-Flight Hydra-Matic transmission, improved to match the increased torque of the new engines, features a new internal driving mechanism for unmatched smoothness, quietness and responsiveness. The transmission oil cooler is located in the lower part of the radiator for maximum cooling efficiency.

Pontiac's roadability, spectacularly proven by endurance records it set at the Bonneville Salt Flats, has been notably improved. Contributing to safer ride and handling are the new 14-inch wheels, modified shock absorber valving, and new front and rear springs.

### QUIZ PROGRAM PRIZES ARE TAXABLE

Your chances of winning any kind of tax-free prize or award are pretty slim under the new tax laws recently passed by Congress. For example, you must pay a tax on such gains as:

Prizes or awards in cash or property from any kind of radio or TV contest, or any giveaway program. Any door prize. Any treasure trove you find. Awards such as for winning an essay contest. Incentive awards, prizes or bonuses from employers.

The impact of taxes is pointedly illustrated by the current television program, the \$64,000 Question. Suppose a single person with no other income wins the \$64,000 question. Uncle Sam is the real winner, since he will keep \$36,200, leaving only \$27,800 for the contestant.

The result is simple and unpleasant. Your entire winnings in anything that even remotely resembles a contest are taxable. As with other income, the more you win, the greater the share that goes for taxes. Before you spend your prize or award, you should set aside enough for the taxes.

You should remember that all such winnings must be reported as taxable. (The tax collector usually knows who the winners are!) Winnings or prizes are taxable even if all you did to win was as simple as answering the telephone and finding yourself given money.

Congress tightened up the law to specify that all such financial or property gains are taxable, except as they meet three rules:

achievements in the fields of religion, science, education, art, literature, charitable services, or civic affairs, and

(b) The winner was selected without any action on his part, and

(c) He will not have to perform any substantial future work in order to win the prize.

Awards such as the Nobel prize, where there is no contest, qualify, but any aspect of a contest nullifies the exemption. If the prize is in property, such as an automobile, instead of cash, your tax is based on the fair market value of the property at the time you won it.

(This column, based on Federal law and prepared by the State Bar of Texas, is written to inform

# Ray Keeling Will Show All - New Buick For 1957 In Littlefield Friday

A new, more advanced Buick for 1957 will be shown Friday at Ray Keeling Buick in Littlefield.

Proclaiming that an evolution has been accomplished, the Buick division of General Motors says the new Buicks launch a new way of motoring.

Buick's 1957 styling, the lowering of bodies, creating a new Low-Sweep silhouette, increasing the vision, and enhancing the eye appeal are part of the evolution.

Buick's new engineering — a more powerful V-8 engine, 'Braking, improved Variable Pitch Dynaflo, new ride features — all bring further contributions to the Buick evolution.

And, adding still more to the pace-setting action for 1957 are the many extras that will be available for Buick owners — the expert workmanship, precision manufacturing, the use of highest quality materials — all are a part of Buick's standards for 1957, which make it the newest and finest automobile ever produced.

Buick owners are familiar with the many Buick features, such as Torque Tube Drive, Riviera styling, and Panoramic windshields, that have set new standards for the automobile industry.

For 1957, the Buick owner will find many more new features that will become such standards for years to come. This will be remembered as the year that Buick was first with Low-Sweep styling, an exciting new fashion trend in automobiles.

It will also be remembered as the year of the new Caballero Estate Wagon, a dashing open-air Riviera type body that brings a completely new touch into automobile styling.

It is the year of many other things — a new Million-Dollar Ride, new interiors, and an exciting new instrument panel and steering wheel.

The new Roadmaster features

fresh styling, improved variable pitch Dynaflo, soft carpeting and levelized braking.

The Century is proclaimed as the most nimble of all performers, possessing a new record in power-to-weight ratio.

The Special offers the Buick ride in a budget automobile, and it offers many of the same 1957 advancements that have gone into all other cars in the line.

REV. OTIS B. TESTERMAN son of Mr. and Mrs. O. W. ## SCALE WATCHING IS AN EXCELLENT HABIT

Prescription Pharmacists

A scale in every home might be very beneficial to personal health, for weight is an excellent guide to future well-being — and should be watched carefully.

There is no short-cut to weight control. With each person, it is an individual problem, and subject to personal discipline.

Normal living and eating are likely the keys to health. If over-weight or under-weight, see your Doctor. He is the one qualified to determine the necessity and prescribe for such treatment.

Only with his guidance should you engage in any weight control project.

## Vocational Agriculture Goes Forward In Olton School Plan

**ORLEY B. DRAKE**  
Vocational agriculture... one of the most important steps forward... has taken an important step forward... expanded program... through the action of the Olton City Council... the citizenship of the Olton area... has purchased the tract adjoining the corner of the Olton from G. R. Goyno... will be developed as a vocational agriculture center... work of the Olton area also will benefit... and character of physical improvements

has not been definitely determined.  
**Activities Are Outlined**  
The plan is to use the five-acre tract for the following activities:  
A FFA project where boys can feed livestock cooperatively for local and other livestock shows;  
A livestock center for boys and girls who live in town, but are members of the FFA or 4-H, and wish to feed livestock for shows;  
A project whereby FFA boys can carry on small scale experiments pertaining to crops or livestock.

**Interest Farm Projects**, notably grain, cattle and hogs, but have not had suitable facilities in town. These are the boys and girls who will reap a special benefit from the development and use of the five-acre tract.  
"The need for a project such as this has been brought to the attention of the board on numerous occasions, especially in cases where boys were feeding livestock within the city limits," said Merrill Brigrance, president of the FFA board. "Such a practice is a direct violation of a city ordinance, but leniency in enforcing this ordinance has inevitably resulted because of no such place as this being available. We are looking to the future with this project,

because as our town grows, our vocational agriculture, FFA and 4-H club, will expand. The need has become imperative."  
Brigrance pointed out that after further growth of the city, using the one-half city block as a fair area, as is done at present, might conceivably become impractical. In this event, it would be feasible to establish a fair area on the new project site, thereby establishing another usage.  
The members of the FFA board, in addition to Brigrance, are: J. C. Hamby, Owen Norfleet, Owen Jones, Louis Hair, W. B. Dickenson, Jr., Doyle Pinson, Weldon Bodkin, Gerald Alcorn, Gordon Thomas, and H. B. Carson.  
**City Council Cooperates**  
Mayor G. H. Bley said that the entire Olton City Council were glad to extend complete cooperation to the FFA board, and to FFA and 4-H work.  
Mayor Bley said that if boys and girls were encouraged in worth while projects, and are kept busy, they give their parents or the authorities very little trouble. He said that he

## Rotary District Governor Makes Official Visit Here

The Rotary Club of Littlefield this week will be host to Rex Webster, Governor of the 183rd District of Rotary International, who is making his annual official visit to each of the 40 Rotary Clubs in West Texas. He will address the local Club on Nov. 8th, and confer with President B. D. Garland, Jr., Secretary Clarence Stone, and committee chairmen on Rotary administration and service activities.  
Mr. Webster is Vice-President and Public Relations Director of Great Plains Life Insurance Company in Lubbock, and is a member and Past President of the Rotary Club of Lubbock. He was born in Gatesville, graduated

from Texas Technological College in Lubbock, and has lived in Lubbock since 1934. He graduated from high school in Childress, and received his grammar and junior high school education in Denton and Fort Worth. In 1941, he was made a member of the Lubbock Rotary Club, and has been continuously active in that Club, except for a period during World War II when he served as an officer on a destroyer in the U. S. Navy. Since acting as President in 1947-48, he has served as Secretary of the Lubbock Rotary Club until assuming the District Governorship.  
In Lubbock, he is a Director of the Community Chest, and the County Tuberculosis Association. He is a Deacon and Choir Director of the First Baptist Church. He has served as president of the Southwestern Association of Advertising Agencies, and the Lubbock Advertising Club, and has served as Director of the Y.M.C.A. and as a Councilman of the Boy Scouts of America. In 1955, he was named Lubbock's Man of the Year. In 1941, Mr. Webster married Madge Malone of Lubbock. They have three children, one

Rex Webster

boy, Len, eleven, and two girls, Wendy, six, and Robin, two. He was elected as a District Governor of Rotary International for the 1956-57 fiscal year at Rotary's 47th Annual Convention in Philadelphia last June. He is one of 248 District Governors supervising the activities of more than 9,100 Rotary Clubs which have a membership of 431,300 business and professional executives in 99 countries throughout the free world.  
Where Rotary Clubs are located, President Garland asserted in discussing the Governor's visit, their activities are similar to those of the Rotary Club of Littlefield, because they are based on the same general objectives—developing better understanding and fellowship among business and professional men, promoting community-betterment undertakings, raising the standards of business and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.  
Each year, this world-wide service organization continues to grow in numbers, and in strength, President Garland added. During the past fiscal year, 351 new Rotary Clubs were organized in 48 countries of North, South and Central America, Europe, Asia, Africa and the Islands of the Pacific, and seven countries were added to Rotary's roster—Angola, Iran, Iraq, Jordan, Netherlands, New Guinea, Ruanda-Urundi and Swaziland.

## Newest Buick Yet

**Y**ou know all that talk you've been hearing about the 1957 new car models being really new? Well, in the case of the 1957 Buicks it's true—gospel true.  
We mean these 1957 Buicks are new in the precise and literal sense. We mean new from the ground up, and from gleaming grille to sassy taillights.  
We mean new lowness, new styling, new bodies, new windshields, new controls, new safety-padded instrument panels, new safety steering wheels, new seating, new fabrics, new colors.  
We mean new front end, new rear end, new frame, new braking, new steering, new handling, new riding, new roadability—a whole new chassis of greater solidity and safety.  
We mean V8 engines new from the crankshaft up—engines that deliver an all-time high in horsepower and torque.

compression from their 364-cubic-inch displacement.  
And we mean, most of all, an advanced new Variable Pitch Dynaflo®—so instant in the starting range—so utterly smooth and so totally full-range in "Drive"—that your need for "Low" is practically eliminated.  
So come take in these low-silhouette, these boldly beautiful, these instantly obedient Buicks for 1957.  
Then you'll see why you can't blame us for being so fired up about it all—and how catching this excitement can be.  
\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick build today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## Heart Disease Named Number One Killer

AUSTIN, Nov. 8—Heart disease is still the number one killer over all other causes in the United States today, State Health Department statistics show. Despite awe-provoking advances in the cardiovascular field of medicine, the high tensions of modern living continue to reap its harvest of deaths from heart diseases.

Rheumatic heart conditions, though not high on the mortality list, nevertheless takes its toll. Rheumatic fever is responsible for 95 percent of the defective hearts in childhood.

It accounts for more than a third of the crippled hearts in adult life, and according to insurance statistics, chronic rheumatic heart disease accounts for five percent of deaths from diseases of the heart.

Rheumatic fever is no longer the threat it once was. Scientific advances of the past few years have made it possible to prevent most cases of this disease which disables so many each year.

The main target in the fight against rheumatic fever is a special kind of sore throat—called a strep throat, which is an infection caused by the streptococcal germ. Doctors know that a strep infection precedes most attacks of rheumatic fever.

Children between the ages of six and eight are the most common victims. The plan is to prevent the strep infection or to treat it adequately at the onset, thereby averting a possible attack of rheumatic fever.

This information is encouraging for all parents and especially to the child who has had rheumatic fever. The condition has a way of repeating itself and each attack increases the chances of heart damage.

To protect a child who has rheumatic fever, doctors are prescribing regular doses of such medicines as penicillin and the sulfa drugs. It may be necessary for the child to take a medicine for

a long time. These medicines are available free at your city or county health departments for those unable to pay.

If a child who has never had rheumatic fever gets a strep infection, immediate treatment is required because rheumatic fever usually doesn't follow when treatment is prompt and complete.

With the late fall season, strep throats are on the rise in Texas. Dr. Henry A. Holle, commissioner of health, asks that parents watch for these signs which may be an early warning of a strep throat condition in your child.

A sudden sore throat or pain in the throat when a child swallows; pain when you press under the angle of the jaw; swollen glands; fever, usually between 101 and 104 degrees.

Also, the child may have a headache or experience nausea; and be especially watchful if the child has been exposed to anyone who has had scarlet fever or a sore throat. Call your doctor if any of these symptoms are present.

## Bishop Martin To Visit The Philippines

DALLAS — Bishop William C. Martin, presiding officer of the Dallas-Fort Worth Area, The Methodist Church, which includes the North Texas, Northwest Texas and Central Texas Conferences, is scheduled to leave here Monday, Nov. 5, to represent the Council of Bishops, The Methodist Church, at the Central Conference of The Methodist Church in the Philippines. He was named for the trip at the December, 1955, meeting of the council. Three annual conferences and one provisional conference will be represented. According to latest reports there are 368 organized Methodist churches with 84,041 names on the roll.

So dramatically new, even the door locks are electric!

A detail, to be sure. But then, this 1957 Lincoln was designed to be detail-perfect, to be the finest of the fine cars! You'll see the proof everywhere you look: in the long, low, trend-setting lines, the new industry-pacing Quadra-Lite Grille, the sweeping flare of canted rear blades, the double-width parking lights. You'll find a new kind of perfection in Lincoln's elegant appointments, in the smooth new serenity of Hydro-Cushioned

Ride. And in the effortless driving that only Lincoln's complete array of power-servants gives you, from 6-way power seat to electric door locks. Best of all is the performance that puts you instantly ahead of all other fine cars; assured by the 300-hp Lincoln engine—with its quick-acting Turbo-Drive Transmission. Why not come in today—see America's fastest growing fine car. Unmistakably the finest in the fine car field.

Hamby, Lynn Fite, T. M. Campbell, and Ed Thompson.

The Olton FFA chapter has 115 members, in and out of school. Of that number 86 are taking agriculture at this time. Their projects consist chiefly of sheep, swine, cattle and crops.

An entire wing of the High School is devoted to vocational agriculture. There are two instructors, Harold Warren and J. C. Lane, both graduates of Oklahoma A&M.

**Stock Farm His Objection**  
The president of the Olton FFA is Bobby Johnson, 17, a senior, and a son of Mr. and Mrs. J. A. Johnson, who reside four miles east and three north of Olton. The chief projects of the farm are cotton, grain sorghums, Hereford cattle, and Duroc hogs.

Bobby started the registered Duroc hogs on the Johnson farm when he was in his sophomore year in high school. He won reserve grand champion barrow at the Olton Fat Stock Show.

The young man plans to attend Texas Tech and major in agriculture.

"I've got my eye on stock farming, handling only registered stock," he commented. Johnson, in addition to being president of the Olton FFA, is president of the Littlefield district of the FFA association. This district embraces several counties and has a total of about 15 chapters.

Clayton, Sunday night to Charlotte Gibson, Ronnie Miller, Janette James, Dale Miller, Gennav Brock, and Mrs. Lowell Waldon. The topic for discussion was "How Honest Am I?" by Henlee Barnette.

Harry Axtell of Durango and formerly of Springlake was visiting in the community last week.

### DISCUSSION TOPIC IS "HOW HONEST AM I?"

Mrs. J. A. Boone, of Springlake attended church services at the Primitive Baptist church in Hale Center where she is a member. She drove to Olton for lunch and on to Dimmitt in the afternoon where she attended the 50th wedding anniversary of Mr. and Mrs. George Burla.

Mr. and Mrs. Billy Wayne Clayton entertained a group of Billy Waynes college friends and their families Saturday night with a barbequed turkey dinner. The ex-aggies spent the evening watching the A&M and Arkansas football game on T. V.

Rev. John T. Williams left from Lubbock Thursday afternoon for Houston where he will visit with his daughters, Mr. and Mrs. Jimmy Burnett and family and Mr. and Mrs. Wayne Parton and family and Mrs. John T. Williams who has been visiting her daughters will join Rev. Williams and they will go to Corpus Christi Monday and attend the Baptist convention.

Mr. and Mrs. Charlie Harris of Houston visited last week with his sisters, Mrs. Leslie Watson and Mrs. Jim Stone and families and other relatives at Earth.

Mrs. Glenn Farr's who has been a patient at the Medical Arts Hospital in Littlefield returned home Saturday.

Mr. and Mrs. Ernest Baker spent Saturday night and Sunday at Tell, Texas, with her parents Mr. and Mrs. A. H. Jones.

foreman of an automobile repair shop; when he first went into business for himself, and when he and Ed Packwood, now of Phoenix, Arizona, were partners in an automobile agency, first at the location now occupied by Onstead Furniture, and later in the building now occupied by Armes Chevrolet Co.

Back in his automobile maintenance and repair days, Henry's skill in analyzing what was wrong with the innards of an automobile was nothing short of marvelous. We haven't put him to the test lately, but we imagine Henry still knows a lot about what it takes to make the pistons work in sweet rhythm.

We lived neighbors to the Banks, and we remember when their first son, John, was a babe in arms. John has just completed four years in the Air Force, is now working with his father, and will enter Texas Tech January 1st to study business administration.

Another son, Buddy, who has studied two years at Baylor, and is now working at Renfro Bros., will re-enter Baylor December 1 as a junior. He is studying to become a Baptist minister. The two remaining members of the Banks family are Frank a sophomore in Littlefield High, and Bob, a student in Junior High.

It's nice to have the Banks family back in Littlefield.

—M B D—  
A charming well-groomed woman spoke to us a few days ago . . . and we had to take a second look to completely establish identity.

The woman was Mrs. Winnie Zoth, who has been away from Littlefield for the past two years, visiting in the home of a daughter, Mrs. Robert Tibey of Fort Worth. Tibey is a major in the Air Force Reserves, and at one time lived in Littlefield.

Mrs. Zoth, who teaches piano

and expression, wasn't feeling very well so she went to spend some time with Helen . . . in case you don't know, Helen is Mrs. Tibey.

Helen was a registered nurse . . . and perhaps she is today, for all we know . . . and one of the best nurses. No wonder her mother looks

good . . . anybody would get better under Helen's care . . . we should know because she was our nurse on several occasions. As we remember, Helen had such a pleasing personality that anybody would take the bitterest medicine and swear that they had just swallowed a lovely chocolate

out of a fancy box.

There we go . . . raving about some nurse when we started out to write something about her mother.

Mrs. Zoth . . . Winnie to her host of good friends . . . has her studio in the Joe Foltyn home at

601 West First street.

And before we forget we must tell you that Major and Mrs. Tibey have a 12-year-old daughter, Karen Ann.

**Pastor's Family Feted by Shower**

FIELDTON — The new pastor of the Fieldton Baptist church and his family, Rev. and Mrs. I. J. Loyd and daughter Sue, were surprised with a shower Wednesday evening.

The gifts were presented following prayer meeting services.

Among those present were Mr. and Mrs. Paul Hukill, Mr. and Mrs. Calvin Hukill, Mrs. T. H. Hukill, Mrs. Noland Hukill, Mr. Gary, Mr. and Mrs. C. V. Hill, Mr. and Mrs. Eldon Hill, Mr. and Mrs. A. H. Scivally, Mrs. Baulah Robinson, Mr. and Mrs. Royce Goynne and sons, Mr. and Mrs. Forrest Durham, Mr. and Mrs. N. L. Singer and children, Mr. and Mrs. Claud McCain, Mr. and Mrs. Don Joyner, Donna and Chip, Mr. and Mrs. Leon Cassette, and sons, Mrs. George Harlan, Kimmie and Kathy Hill, Norma Buck, Kenneth Harlan, Gerald Ray Qualls, Carol Robertson, Helen Cassedy, Barbara Anderson. A number of others sent gifts.

**Fieldton Facts**

Benny Pickrell spent the week end here with his grandparents, Mr. and Mrs. H. C. Pickrell. Other visitors in the Pickrell home Sunday, were Mr. and Mrs. Mark McCurry, their daughters and family, Mrs. Louis Suttle, and children from Lubbock.

Mr. and Mrs. Charlie Daniels, and children, from Muleshoe, visited here Sunday, with her brother and family, Mr. and Mrs. Basil Jeffrey.

Mrs. H. Plate is a patient in the West Texas Hospital, following a heart attack. Her condition is fairly good. Mrs. Plate is a part time resident of Fieldton, making her home here with her son Cecil Plate and wife. Other times she is with her daughter, Mrs. W. J. Ryan and family, at Lubbock. She was with her daughter when she became ill.

Mrs. Don Brestraup went to visit her mother, Mrs. Will Barton and husband near Post Saturday. She carried them to New Castle, where they were met by their brother and son, who carried the Barton's on to his home in Houston, for a visit with him and his family.

**FIELDTON GINS HANDLE 5360 BALES**

The Fieldton gins have ginned 5360 bales of cotton this season. A few defoliated the cotton early, so are now pulling the cotton with boll pullers. Since all the frost and freeze most of the other cotton has been killed so it will all be ready for the boll machines soon. Quite a few still have cotton pickers in the fields.

The school for the migrant workers children, at Fieldton, is still in operation, and will probably last thru next week at least. It will depend on how soon the workers begin to leave.

Mrs. J. E. Elliott, Jr., has been here the past week with her husband's family, Mr. and Mrs. J. E. Elliott.

**TACKY PARTY STAGED MONDAY NIGHT**

The Sunday School classes and training union classes of the Fieldton Baptist church had a tacky party Monday night. Hostesses were Mr. and Mrs. Don Joyner, Mrs. George Harlan, Mrs. Royce Goynne, and Mrs. Norman Singer.

Those present were Kenneth Harlan, Dewey Hukill, Gerald Qualls, Artie Robertson, Norma Buck, Donna and Chip Joyner, Dorothy and Barbara Anderson, Craig Brestraup, Leon and Bobby Cassette, Sue Floy and Helen Cassidy. The classes played games and were served refreshments of cokes and cookies.

George Harlan underwent an operation on his eye last week at a Lubbock hospital.

Rev. and Mrs. I. J. Loyd attended the district workers conference of the Baptist church, at Springlake last Tuesday evening.

Mr. and Mrs. Carl Buck and baby son, visited here Saturday evening, with his parents, Mr. and Mrs. Ray Buck and Norma.

Rev. Otis Testerman, who is attending the Baptist Seminary, at Ft. Worth has been called as pastor of the Baptist Friendship Church, near Ft. Worth. He will continue his studies at the seminary and drive back and forth. He and his family will move to the parsonage at Friendship.

Guests in the home of Mr. and Mrs. Leon Cassette and sons, over the weekend were her father and wife, Mr. and Mrs. Rowen, from Blue Ridge, and Mr. and Mrs. Howard Rowen, of Farmersville. Sunday guests were his sister and family, Mr. and Mrs. C. V. Adams and family.

### Troop 41 Holds Court of Honor

A Boy Scout Court of Honor was held by Troop 41, Thursday evening in the Community Center Building.  
 Opening the ritual was the presentation of colors by a color guard consisting of Billy Bangston, Jerry Armstrong, Michael Steffey and Jack Brooke, Jr.  
 The ceremony was presided at by the Lions Club headed by Institutional representative, Kenneth Ware. Bill Street was master of ceremonies. Jesse Everett presented second class awards to Jimmy Don Whitson, Spike Jones and Gary Lightfoot. Jess Wright presented a first class award to Donnie Allison and Bob Manley presented Star Awards to Ulen Kennemer and Mickey Montgomery. Spike Jones also received two merit badges.  
 Movies made of the troop at Camp Sol Meyer were shown. Other scouts attending the meeting were Billy Webb, Bobby Manley, Terry Jones, Bobby Heffington, Jimmy Bangston, Jim Nelson, Scoutmaster Jack Brooke, Sr., Assistant Scoutmaster Nig Whitson, Jake Armstrong and several parents.

**GREETINGS:**  
 You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 10th day of December, A. D., 1956, at or before 10 o'clock A. M., before the Honorable District Court of Lamb County, at the Court House in Littlefield, Texas. Said plaintiff's petition was filed on the 24th day of October, 1956.  
 The file number of said suit being No. 4155.  
 The names of the parties in said suit are: Frank Cornelius as Plaintiff and the persons to whom this writ is addressed, together with Ruth Louise Erickson and Bonnie Jean Erickson, as Defendants.  
 The nature of said suit being substantially as follows, to wit: A suit to partition Lot 5, Blk. 18, and Lot 3 Blk. 38, Original Town of Olton, Lamb County, Texas, between the Plaintiff and the Defendants in the following interests: Frank Cornelius, a 61/72 interest; Theodore Harper, a 3/72 interest; and Bonnie Jean Erickson, a 2/72 interest; Said property is alleged to be of the estimated value of \$600.00 and Plaintiff says that it is not susceptible of partition in kind and prays for the appointment of a receiver to sell same and the proceeds to be partitioned. Plaintiff also prays for reimbursement of \$52.19 paid out for taxes in preserving said property and for general and special relief.  
 If this Citation is not served within 90 days after the date of its issuance it shall be returned unserved.  
 Issued this 24th day of October, A. D., 1956.  
 (SEAL)  
 Given under my hand seal of said Court, at office in Littlefield, Texas, this 24th day of October, A. D., 1956.
