

## TAX RATE UNCHANGED

# School Board Hikes Budget to \$992,425

option of a \$992,425.50 expenditure budget, based on continuation of the present \$1.80 rate, was voted by the Littlefield school district board of trustees Monday night.

Approval of the new budget allowed several hours of discussion and scissor-trimming

on a proposed \$1,002,976 budget that would have called for a 19-cent boost to the tax levy. As finally adopted, the 1964-65 budget is \$84,745.08 higher than the one originally adopted for the current fiscal year.

Total estimated receipts for the coming fiscal year reach

only \$963,069. School District Supt. Glenn Reeves said the additional amount needed to match the budgeted expenditures, about \$29,000, will come from existing balances.

Expenses for instruction account for the biggest hunk in the new budget, totaling \$646,838.

That's an increase of nearly \$62,000 over the amount set for instruction in the past year. Salaries to teachers account for more than \$550,000 of the instruction total.

Other anticipated expenditures for the budget's various categories are as follows: ad-

ministration, \$41,859; attendance, \$900; health services, \$5,731; pupil transportation, \$34,000; operation of plant, \$65,860; maintenance of plant, \$18,800; fixed charges, \$9,620; student body activities, \$8,775; community, \$150; capital outlay, \$13,750; and debt service, \$146,142.50.

The tax levy is based on \$1.80 per \$100 value of the school district's \$22,600,000 valuation. This is estimated to bring in \$394,595. Another \$6,000 is anticipated from delinquent taxes, while other local revenue will include \$3,000 from

tuition; \$1,100 from uniform rentals and \$2,000 from miscellaneous sources, for an overall total of \$406,595 in local revenue. Other budgeted receipts list \$516,474 from state sources and \$40,000 from a short-term loan.

The \$1.80 tax levy became effective last year when the school board added 20 cents to the levy. From the levy to support the new budget, \$1.38 of the levy will be earmarked for local maintenance tax and 42 cents for debt service tax.

**MISS JUNIOR BUYER**—Pretty Miss Jenny Turner, sophomore cheerleader, was selected Miss Junior Buyer for Norma's after a style show Monday night and an informal showing Tuesday. Judges were Mr. and Mrs. Robert Gelman, sportswear representatives from Dallas. Miss Turner receives an all-expense paid trip to the Dallas market August 24 and a \$75 wardrobe. At the Dallas market she will select fall fashions for Norma's. Jenny is the daughter of Mr. and Mrs. James A. Turner. Runners-up were Miss Manner of Littlefield, Pam Beasley of Earth, Lucretia of Shallowater, and Judy Tapley of Amherst.

## Growers Should heed Cut-Off Dates

Back to the recommended water cut-off date for your area come out dollars ahead in long run. This is what research at the South Plains Research and Extension Center

means decreased net returns, plus added costs of the late irrigation. Late watering also encourages rank cotton growth—which delays maturity and decreases the efficiency of once-over stripper harvesting.

County Agent W. R. Kimbrough says results of many years research at the Center shows cotton grown in the Lubbock, Plainview, and Brownfield areas have different responses to late irrigation.

In the Plainview area, tests show August 20 as the most optimum cut-off date. For the Lubbock area, August 25 has been shown the best water cut-off date. In the Brownfield area, no adverse effects have been shown when the water cut-off date is as late as August 28.

Kimbrough points out late irrigation in combination with excessive nitrogen tends to aggravate the excessive growth problem. This is all the more reason for strict attention to a cut-off date for your farming area. Irrigating late in the season will also contribute to increased boll set. These bolls, in normal years, haven't matured by frost (or harvest) and thus cause a lowering in cotton quality.

With the pricing program for cotton partially based on micronaire, plus the critical need for increasing the areas overall staple length, this means producers should be more conscious of water cut-off dates than ever before.

## Attorney General Will Be Invited to Dedication

Attorney General Waggoner is being invited to be the guest speaker at dedication ceremonies for the new Littlefield High School.

The decision to extend an invitation to Carr was reached at the school board Monday night. Although a new educational facility will be ready for occupancy in time for the September school year opener, no definite date has been established for the dedication. The invitation to the state attorney general will be "sometime in late October" if the probable time.

## Hiring of Nine New Teachers Fills Staff

Employment of nine new teachers has offset the resignation of two teachers and completed the Littlefield school district faculty for the start of the new school year next month, according to School Supt. Glenn Reeves.

Mrs. Bobbye Pylant, fifth grade teacher Mrs. John Hughes and Mrs. Anna Sledge; and high school teachers and assistant football coaches John Hughes and Hal Stanislaw.

Resignations were accepted at the Monday meeting from high school teacher-coach Jim Taylor and junior high girls physical ed instructor Mrs. Sandra Steffey.

"We now have all faculty assignments filled for the 1964-65 school year," Reeves reported.

VOLUME 32 LITTLEFIELD, LAMB COUNTY TEXAS, THURSDAY, AUGUST 13, 1964 NUMBER 14

## County Judge Lodges 5 Local Youths in County Jail

In an effort to show what could be the outcome of their lives, County Judge J. B. Davis lodged five Littlefield youths in the Lamb County Jail Tuesday afternoon.

Judge Davis said the time in jail will give him time to decide what other steps will be taken in helping set the boys straight. He does not expect to hand down a final ruling for a few days and until he does the boys will remain in custody.

In announcing his decision, Judge Davis said that it had been his duty, in the past, to send other offenders to the State School for Boys in Gatesville

for lesser offenses, and told the boys, and their parents, that if he should so decide, he could have them in Gatesville in the morning without any trouble.

All five of the youths involved have admitted to a series of thefts and break-ins in Littlefield and Lamb County over the past 12 months, in which anything from softdrink bottles taken from grocery stores to the forced entry of a department store in Amherst and the numerous theft of automobile tires and wheels.

At the hearing Tuesday morning, the boys got some idea of what was involved as the property owners involved in the break-ins and thefts came forward

to list their losses and give the court a breakdown on the expense involved. Cost of the stolen and damaged property ran in excess of \$1,000, and this was only part of the loot taken.

If it were possible to contact all the parties hit by the quintet the amount would, in all likelihood, double. Just as if each offense were to be listed separately, it too would double.

Judge Davis said that while not all the boys were involved in all the offenses, he was assessing them similar sentences since he felt that all were equally guilty. Judge Davis has tented to point out to the boys that the time spent in jail would only be part of their punishment and that among other things they will have to make restitution of the amounts taken in the series of crimes.

The parents of the boys, present at the hearing, were in accord as they voiced their support of the court's action and assured the Judge of their cooperation in the matter.

City Police Chief F. A. Fitzgerald, expressed his appreciation to the parents for the spirit they have shown since the thefts came to light last week. He pointed out that in his estimation the boys involved were not "bad boys", but the acts they committed were acts that broke the law and punishment of some nature was in order. Fitzgerald told the parents that he realized that boys in the same age range as their sons reach the time in life when they feel they know more about what is going on than the parents do, and that only they know what constitutes a "good time". Fitzgerald said that this is apparently what had happened in their sons' cases and stressed the need for stronger discipline and control of the youngsters.

## County OK's Plan To Buy Two Graders

Business was mostly routine as the Lamb County commissioners court held its regular meeting last Monday morning.

The major action item was approval of a motion by Commissioner A. J. Spain and second by Commissioner J. L. Yeager to authorize the purchase of two diesel-powered motor graders, one new and one used, for Commissioners Precinct One, the Olton-Springlake area.

The commissioners voted to increase seven time deposit funds at the First National Bank. Total amount of the increase will be \$13,250. The decision to increase or decrease time deposit funds is an item considered by the county each February and August.

In other items, the commissioners approved reports from the county extension service offices for the month of July and authorized payment of all county and precinct bills.

Members of the court present for the Monday session were County Judge J. B. Davis, Commissioners Spain, Yeager, H. W. Lewis and Hubert Dykes, along with County Clerk Charles D. Jones.

Next regular meeting of the commissioners court will be August 31.

## School Lunch Cost Change Is Approved

A new schedule of prices for meals in Littlefield school cafeterias has been approved by the school board, effective with the start of the 1964-65 school year.

Lunch prices for the elementary-junior high cafeteria at 105 Lake Avenue will be 25 cents for students in grades 1-2; 30 cents for grades 3-4; 35 cents for grades 5-9; 35 cents for school-connected adults and 75 cents for non-school connected adults.

Prices at the new high school cafeteria at 1100 West 10th Street will be 50 cents for grades 10-12 and school-connected adults and 75 cents for non-school connected adults.

School trustees approved the change at the board meeting Monday night after being informed that the price schedule used last year would not support this year's cafeteria program. The old schedule charged 25 cents for grades 1-2, 30 cents for grades 4-6 and 35 cents for grades 7-12 along with school-connected adults and 50 cents for non-school connected adults.

In other planning for this year's cafeteria program, the school board awarded Mrs. Baird's contract for supplying bread and Foremost the contract for supplying milk products.

In other action by the school board Monday night, Texaco was awarded the contract for supplying gasoline to the school district during the coming fiscal year.

A request to review the board policy on released time for private music lessons was considered but the trustees decided against changing the policy. The present policy does not permit a student to be released from any class for the purpose of taking private music lessons.

## 2 Newcomers Join Wildcat Coaching Staff

Two new assistant coaches, both of whom played their collegiate ball in the Southwest Conference, have joined the Wildcat staff for the 1964 gridiron season.

Head Coach John Howie announced the appointment of Harold Stanislaw and John Hughes to the Wildcat staff. Stanislaw, a native of Rockdale and graduate of Texas Christian, coached the past season at Duncanville. He will replace Jim Taylor who resigned from the local staff to become line coach at San Benito in District 14-AAAA.

Hughes, a native of Beeville, graduated from Southern Methodist this year and will begin his coaching career as a member of the Littlefield staff. Mr. Hughes has been employed as a fifth grade teacher in the local school system.

Howie said the addition of Stanislaw and Hughes completes the Wildcat staff. Holdover assistant football coaches were Ernie Davis, Bob Martin and Bill Gerber, with Bob Pullig as the junior high mentor.

## No Injuries in Minor Accident

No injuries were reported in one minor traffic accident in Littlefield last Saturday.

The accident, on West Fourth, occurred at 5:38 p.m. when a 1963 truck driven by Gumenclio Cristian of Littlefield was backing away from a parked position. A metal portion extending from the truck bed struck the fender of a 1962 automobile driven by Jackie Manner, also of Littlefield. Damage was estimated at \$75 to the Manner automobile, none to the truck.

ON THE LINE—Water facilities to Littlefield's "flats" area are being improved with the installation of new lines on several streets and the lowering of old lines on others. The

project is being carried on in advance of a street paving program scheduled for the area. (Leader Staff Photo)

## 'Flats' Area To Receive Improved Water Facilities

Installation of improved water facilities for the "flats" area of Littlefield is underway, in advance of a vast street paving project for the area.

The current water improvement project includes installation of new water mains for most of the section, tying them all together in a "loop" in order

to provide more water pressure, and also lowering the lines for protection against freezes.

City Manager J. W. Harrison said inadequate two-inch lines now serving the "flats" are being replaced with four-and-six-inch mains. Existing two-inch mains that remain usable are being tied into larger mains.

Harrison said all available personnel of the city's water force, along with a contractor, Vaughan Construction Co., are working on the project in an effort to have it completed within the next two to three weeks. The street paving phase, which will cover approximately 40 to 45 300-foot blocks in the "flats" area, will immediately follow the water project.

The paving work will be done by Pioneer Paving Company of Lubbock through an assessment program co-ordinated by a municipal investment company.

## Planners View Light Project for Hwy 54

Littlefield's planning commission waded through a re-study of the city's street lighting program at its regular monthly meeting Tuesday night.

Chief point of discussion was the possibility of installing 20,000 lumen lights along the entire stretch of Highway 54 from Highway 385 to Monticello.

In conjunction with the Highway 54 street lighting proposal, the planning commission discussed the possibility with a representative of the city's comprehensive planner, the Joe B. Ward

Company of Wichita Falls. The planning commission indicated it favored the Highway 54 project, providing the cost situation is favorable and that some street lights included in the comprehensive plan can be deleted, at least for the time being.

No final decision was reached by the planning commission, which holds regular meetings on the second Tuesday of each month.

## 67 Farm Workers Needed in Area

Some 67 farm workers are needed in the Littlefield area, according to this week's farm labor bulletin issued by the Texas Employment Commission.

The list of workers needed for this area includes 59 irrigators at a wage rate of 70 cents per hour and eight general farm hands at a wage rate of \$40 to \$50 per week.

## Two C of C Units To Meet

Two committee meetings of the Littlefield Chamber of Commerce are scheduled for Thursday. Chamber Manager Jim Shannon has announced.

The membership committee has summoned a 7 a.m. breakfast session at the Crescent House Restaurant, followed by a 10 a.m. meeting of the Chamber's executive committee in the council room at city hall.

## Olton School Contract Bid

A bid for \$183,053 for new construction and extensive remodeling of Olton school buildings was approved last week by school trustees.

The new contract, let to a Midland builder, brought the cost of plant improvements for the Olton schools to \$300,207. The school district voted \$300,000 in bonds recently for the improvement program.

## SET FOR AUGUST 28

## Lfd Businessmen To Visit Farms

field Chamber of Commerce agricultural committee in cooperation with the local Agricultural Stabilization and Conservation Service.

farms that will be visited. Transportation for all businessmen and other interested persons will be furnished by the agricultural committee.

As presently outlined, the tour will begin from Littlefield at about 8 a.m. on August 28. Talks and demonstrations will be made at some of the area

farmers and a view of modern day farm practices conducted by area farmers.

Additional details on the tour, including the starting time, departure site and a listing of the farms to be visited, will be announced by the agricultural committee within the next few days.

## County Column

The film, "Harry the Plumber", will be featured at the Thursday luncheon of the Littlefield Optimist Club. This week's meeting place for the Optimists will be at the Crescent House Restaurant.

The Optimist Club begins their sale of first aid kits today. Purchase of the kits may be made from any Optimist.

## Police Issue 19 Weekend Tickets

Littlefield police and city jail had a busy weekend with Police Chief F. A. Fitzgerald reporting that his department issued 19 tickets. Thirteen of the violators remain in jail, in lieu of paying their fines.

Traffic violations accounted for the bulk of the tickets, Chief Fitzgerald said. Nine of the tickets were for no driver's license, while others included an assortment of violations, including speeding and running stop signs.

MR. AND MRS. LYNN HAROLD RUSSELL

## Helen Fouch Weds Lynn Harold Russell

Miss Helen Faye Fouch, daughter of Mr. and Mrs. Joe Ben Fouch of Smithville, Tenn., and Lynn Harold Russell, son of Mr. and Mrs. Claude Russell of Littlefield were wed on August 2, at Mt. View Primitive Baptist Church in Smithville.

Elder Avery Land performed the ceremony before a guest company of friends and relatives.

A central arrangement of white gladioli decorated the nuptial setting. Emerald greenery and seven-branched candelabra bearing burning tapers completed the decorations.

Mrs. Lee Medley, vocalist, presented musical selections. The bride was given in marriage by her father, Mr. Fouch. Her gown of lace marquisette was posed over satin and featured pearls and sequins at the neckline and three-quarter length sleeves of the lace. Her veil of illusion was attached to a headpiece of the lace, also adorned with pearls and iridescence. She carried a white

prayer book marked with a white orchid, surrounded with lilies of the valley.

Mrs. Thomas Taylor of Goodlettsville served as her sister's matron of honor. Attired in a pink dress, she wore matching headband of pink with brief veil. Her arm bouquet was of pink carnations.

Bridesmaids were Miss Royce Womack of Smithville, Mrs. Waylon Fouch of Gallatin, Mrs. Johnny Fouch of Dunlap, Mrs. Roger Foster of McMinnville, Pamela Eaton was junior bridesmaid. They wore mint green dresses of whipped cream with matching headbands and brow veils. Their flowers were green carnations arranged in bouquets.

Lanette Fouch was her aunt's flower girl. Jim Fouch, brother of the bride of Smithville, served as best man.

Ushers were Waylon Fouch, Gallatin; Thomas Taylor of Goodlettsville; Marlon Judkins of Smithville; and William Travis of Nashville. Ricky Fouch served as junior usher. Ringbearer was Joey Taylor, nephew of the bride.

For her daughter's wedding, Mrs. Fouch chose a pastel blue sheath model with eyelet embroidery, complimented by white accessories. She wore a white orchid.

Mrs. Russell, mother of the bridegroom, was attired in turquoise blue crepe, fashioned with fitted bodice and pleated skirt. She wore white accessories and white orchid.

Mr. and Mrs. Fouch entertained at a reception at Evans Mill Lodge immediately after the ceremony.

The reception table was laid with a linen curwork cloth and centered with the three-tiered wedding cake which was encircled with tuberose and fern. After a wedding trip to Garlinburg, and the Great Smoky Mountains, Mr. Russell and his bride will be at home in Odesa. For traveling the bride chose a two-piece navy suit, with the orchid from her bouquet worn at the shoulder.

As September and the first of school draw near, Becky gets more and more excited about beginning her first year of school. She says she has "all of her things ready and waiting" including a pretty new hair style. Lisa has a longer wait for school than Becky, being only 2 1/2 years old, but she doesn't care a bit; with all her energy she won't have any trouble keeping busy.

The Duns attend the Nazarene Church here.

## Richey Attends Church of Christ Meet

John Richey, Elder of the Crescent Park Church of Christ was among 26 other representatives of churches of Christ who were in Lubbock August 6, for contract signing ceremonies for the Lubbock Municipal Auditorium-Coliseum, site of the South Plains Coliseum Meeting evangelistic campaign, October 4-11.

More than 125 churches of Christ in a 120 mile radius of Lubbock are involved in the massive event in which Batsell Barrett Baxter, nationally known radio and television minister and chairman of the David Lipscomb College Bible department, Nashville, Tenn., will speak. A total of more than 60,000 persons are expected for the series.

Here's a trick to make the soup course the most popular one of the meal. Prepare your favorite dumpling recipe, stirring dried herbs such as parsley, oregano or basil in with the dry ingredients. Drop the dumpling batter by half teaspoonfuls into hot soup—highly seasoned chicken or beef broth is the best choice for a first course—and simmer until the dumplings are fluffy-tender—about 10 minutes.

Mr. and Mrs. W.E. Mitchell visited Mr. and Mrs. Muggs Glazener, Jan and Cindy Sunday.

Mr. and Mrs. Bobby Sewell of Farwell visited his parents, Mr. and Mrs. H.O. Sewell, Saturday. They came for their son, Junior, who had spent the

week with his grandparents. J.W. Johnson, Jr., is a patient in Methodist Hospital suffering from encephalitis.

Mr. and Mrs. Terrill Moorhead and Lynn visited Mrs. Moorhead's cousin and family, Mr. and Mrs. Gerald Mires and children of Lubbock Saturday night.

Mr. and Mrs. Alfred Sladek were dinner guests Sunday of Mr. and Mrs. Bob Wilson of Littlefield.

Brother O.L. Turner of Sudan held both services Sunday at the Spade Baptist Church. Funeral services were held Monday morning at Parkview Baptist Church, Littlefield, for Mrs. Irene Wilcox Curtis of Littlefield. She was the mother of Mrs. Odell Adams.

Guests last week of Mr. and Mrs. Ben Mouser were Mrs. Mouser's sister and her children, Mrs. Lona Springer and 3 children of Newburg, Ore. They left Saturday to visit relatives in Clinton, Okla.

Visiting in the home of Mrs. Delia Trull last week was her daughter, Neida Raye Margulis of Gardena, Calif. Other visitors Tuesday through Friday were Mrs. Trull's son and family, Mr. and Mrs. Thomas Trull and 2 children of Arlington. Mrs. Margulis is visiting other relatives in Morton this week and plans to return the end of the week for several more days' visit with her mother before returning to California.

Guests of Mr. and Mrs. P.C. Caldwell Sunday were Mr. and Mrs. Glenn Carter of Happy.

**Cadillac**

THE WORLD'S FINEST USED CARS ARE BUILT BY CADILLAC.

To prove our point, we offer as evidence the three Cadillacs shown above.

From top to bottom in our illustration are a 1960 Sedan de Ville, a 1962 Coupe de Ville and a 1963 Sixty Special. Each is unmistakably Cadillac. Each, regardless of vintage, will have special appeal to the man who desires the comfort, convenience and pride of ownership that only Cadillac can offer.

That's why thousands of wise car buyers favor a previously owned Cadillac over new cars of other makes. First of all, they realize that Cadillac engineering is so far advanced that "newness" becomes a relative term. In fact, there are features found on late model Cadillacs that are only now being offered on other cars. This is a major reason why a Cadillac retains its value through the years, from buyer to buyer.

Another thing to consider. Cadillac owners lavish the most meticulous care on the cars they are so proud to own. The "car of cars" almost always receives regular maintenance and servicing by highly skilled and carefully trained mechanics.

Your authorized Cadillac dealer's selection of one-owner models has never before been so appealing. And he can probably match one of these fine cars to your budget.

Who knows? Your used Cadillac could possibly be the "newest" car you've ever owned!

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. -- Texas' progress in the field of race relations was commended by visiting federal officials here to discuss aspects of the new Civil Rights Law.

Gov. John Connally met briefly with Secretary of Commerce Luther Hodges; former Florida Gov. LeRoy Collins, director of the new Community Relations Service; and former Gov. Buford Ellington of Tennessee.

Session was one of a series to be conducted with governors in all states at the request of President Johnson to discuss the Community Relations Service operation. Agency will provide conciliation service at the state and local level to resolve discrimination disputes.

Governor Connally predicted Texas will continue to move forward without outside help.

Meanwhile, Texas School Boards Association warned that action on the part of segregated schools between now and Labor Day may determine their continued eligibility for federal funds.

According to Department of Health, Education and Welfare officials on the Civil Rights Law, all the answers won't be known until new regulations are drawn late this month.

But the law has been interpreted as banning federal aid to segregated facilities.

Texas schools now get about \$30,000,000 a year in federal money for such programs as the national defense education act, vocational education, school lunch and milk programs as the national defense programs and aid to districts where federal installations bring in a large number of pupils.

HEW personnel indicate "tentative procedures for enforcement of Title VI (of the Civil Rights Law) will require assurance from local school boards of compliance or intention to comply before federal funds will be awarded."

APPOINTMENTS ANNOUNCED -- Governor Connally selected Pat Taggart of Waco, president of Newspaper, Inc., as a member of Texas State Historical Survey Committee to succeed Sam Pruitt of Childress for an unexpired term extending until January 1.

New members of the State Board of Vocational Nurse Ex-

aminers are Miss Hedwig Pus-tejovsky of Houston, Mrs. Jimmie L. Morrison of Hico and Mrs. Naomi Younger of Level-land. Their terms will extend until September 7, 1969.

Dr. J.A. Barrington of Wichita Falls and Dr. Claude Willey of El Paso were named to six-year terms on the State Board of Veterinary Medical Examiners. They succeed Dr. John McCoy of Paris and Dr. Edward Dwell of Alice.

Kirby Hillin of Dallas and Virgil A. Walston of Houston succeed W.J. Burkhart of Dallas and Kenneth Nelson of Daboll to six-year terms on the State Board of Registration for Public Surveyors.

Allen Searight, community coordinator for Texas Industrial Commission, has accepted a job as executive director of Texas Historical Foundation. Larry Milner, San Angelo, will take over Searight's duties with the Industrial Commission on August 15.

LOBBYISTS -- Texas Legislative leaders, who have been the target of many lobbyists, have turned lobbyists themselves.

LI. Gov. Preston Smith, Speaker Byron Tunnell and Sen. George Moffett, chairman of the Legislative Council's redistricting committee, have been lobbying in Washington for passage of federal laws to clarify the congressional and legislative redistricting situation.

Moffett wants Congress to say that a state may have as much as 15 per cent variation from the average population in its Congressional districts. He and Smith also spoke in favor of the proposed amendment to the U.S. Constitution which would allow the states to set up one house of their Legislatures on a basis other than population.

**Husband-Wife Teams in Business**

This summer, as millions of American families motor across the country on vacation trips, they will patronize numerous roadside businesses operated by husband-wife owners. Some of the places will be spanking new -- others have been operating for years. Many of the vacationing wives, becoming aware of some of the unique businesses for the first time, will likely ask their husbands: "Why can't we do something like this?"

They can. What the vacationers will be observing more than likely, is the phenomenon of franchising. It has grown like a mushroom during the past decade, opening new opportunities for people who wanted to have a business of their own and at the same time be affiliated with a national or-

ganization.

A franchise offers the chance to own a business while benefiting from the guidance and promotion of a national "parent" firm. It affords the distinction and profitability of being exclusive, to the extent that only one of its same name is permitted within a specified trading area.

To own a franchised business, you don't have to restrict yourself to a sandwich drive-in or a beverage stand. Many openings exist for the operation of businesses never seen on a highway; they definitely are not run-of-mill operations.

Husband-wife teams, working together, can develop profitable businesses with relatively small investment under existing franchise programs. Our last compilation showed over 500 national firms offering franchises for the operation of everything from art galleries to wig shops. This wide variety of offers keeps franchising in the forefront as the source for the greatest range of small business opportunities in America.

# Cotton Growers Reminded On Cotton Law Deadline

Cotton producers have a choice to make between now and Monday, August 17. They might find it possible to qualify for an additional 3.5 cents per pound support payment based on assigned yield for their domestic allotment.

County Agent W.R. Kimbrough says the extra 3.5 cents per pound payment can be made if producers planted with "reasonable expectation of harvest" -- within their domestic allotment. (Domestic allotment is about 2/3 of the effective farm allotment for 1964.) Cotton producers electing this option have until August 17 to get in compliance with Domestic Allotment provisions.

Let's take an example of how this provision could work on an individual dryland farm. Assume 100 acres effective allotment, and an assigned yield of 400 pounds per allotted acre. This year potential yield is only 100 pounds an acre. Ex-

pected price is 27 cents per pound lint, based on past quality marketed and the present price structure. Normal expenses for producing and harvesting cotton are \$20 an acre.

With this set of conditions, the producer could gain over \$550 by plowing up his excess acres and complying with the Domestic Allotment provisions. Return above specified expenses on his 1964 cotton crop would be \$700 from the 100 acres, with the low 100 pound lint yield. But by complying with the Domestic Allotment provisions, return above expenses would be \$462 from the 66 acres (100 acres x 2/3). This would be further reduced by the added expenses of plowing under the "excessive" acreage, plus the investment in this part of the crop to plow-up date. The extra support price payment would bring in another \$924.

for a total of \$1386. This difference between \$700 (plus \$1 per acre for plow-up) and \$1,386 represents a net gain of well over \$550 from the 1964 crop.

Each farmer's situation is different says County Agent Kimbrough. If you want to consider this option, take into account:

1. Expenses in the 1964 crop (including plow-up if this is elected).
2. Expected yield and gross income from the 1964 crop.
3. Assigned yield as received from the county ASCS office for 1964.
4. Landlord agreement, which would determine gain or loss for both parties.

For additional information on this important subject, contact your local county agricultural agent.

## Question 'n Answers For Veterans

Q -- As a so-called peacetime veteran am I entitled to any disability compensation from the VA?

A -- Yes, such disability compensation is generally 80 percent of the wartime rates. However, if the disability occurred under extra hazardous conditions wartime rates apply.

Q -- Are veterans ever required to pay for care received in Veterans Administration hospitals?

A -- The circumstances under which a veteran might be charged for care received in a VA hospital arise rarely. It is possible that a veteran admitted to a VA hospital, is later determined not to have a legal entitlement. In such a case the veteran would be billed for his

care. Also a veteran may be admitted for injuries sustained in an automobile or industrial accident and "third party" liability determined later. If the veteran is awarded damages based wholly or in part on the cost of the medical services involved, the VA may seek payment.

Q -- When I am discharged from the service, will I be entitled to any pension from VA?

A -- Pension benefits are available to veterans who are permanently and totally disabled from causes not attributable to their military service provided they have had 90 or more days active service, any part of which was served in wartime, or if they were discharged for disability. The veteran must also meet certain income limits. Get in touch with the nearest VA regional office to get further details.

Apache Indians are believed to have drifted south from Canada about 1200-1400 A. D.

## THE WILD WEST

### Leather-Popping Season at Hand

THE WEST of the first things told when we hit town was that field is a "red hot foot-community."

It suits us just fine. We Texas schoolboy football is the finest in the world and past dozen years have been rabid followers of the.

It is a somewhat unusual that at the same time we to Littlefield from San Benito, Littlefield's assistant Jim Taylor moves to San Benito.

Never had the opportunity seeing Taylor but we do him well in San Benito, Greyhounds of that Valley are apt to have a rough time. After several years of a Triple-A power and able to hold toughie PSJA scores ties the past two years, the Greyhounds are one of those "down cy-and right at the moment have been elevated to Four-Hounds are in the South of 14-AAAA, along with Len, Brownsville, Harlingen, etc. The North Zone is led by the Corpus Christi schools, Victoria and Kings-

close their option for the same seats they held last year.

Five new foes, as compared to the 1963 slate, are on the Littlefield schedule. The five are Borger, Snyder, Lamesa, San Angelo Lakeview and Sweetwater. All except Borger are district enemies.

Snyder's loaded Tigers are top heavy pre-season "paper" favorites to grab the district jewels. Among other things, Snyder is counting 15 returning lettermen, including six starters. Four of the six starters were All-District performers last year.

Lamesa, with a new coach, and Sweetwater are spotted as the major threats to spoiling Snyder's little dream. After that the forecasters are looking toward either Littlefield or Levelland. The coaches poll, announced last week, tags Levelland fourth and Wildcats fifth. Texas Football Magazine makes the selection just the opposite.

In any case, the "paper" champs of July and August frequently falter when it comes time to prove their prestige on the play-for-keeps gridiron. The eventual champion will still be the team with the greatest hunger, desire and just plain guts.

\*\*\*\*\*

SHORT SHOTS . . . One new coach in 3-AAA is Lamesa's Don Jay. He led Kingsville to the 14-AAAA South Zone crown last year and his Kingsville team beat the Warren McVea-powered Brackenridge team in both 1962 and 1963 . . . John Howie, starting his third season at the Littlefield helm, is 10-10 in overall play for the past two campaigns and 6-4 in district competition . . . We understand there is interest for organizing a Peanut League to serve local small fry gridders.

## Bowlers' Open Tech's Season

Three bowl participants lead Texas Tech's home football line this fall.

at three foes in Jones Stadium for Coach J.T. King's Raiders are Mississippi the Liberty Bowl winner; University of Texas, the Cotton champion; and Southern Methodist, nipped by a touchdown in the Sun Bowl. Coming the six-game home card West Texas State, Washington State, and University of Texas.

ad contests are with Texas M. Texas Christian, Baylor and Rice.

Mississippi State opens the slate at 7:30 p.m. Sept. Wade Walker, former Texas Tech assistant coach, is athletic director, and Vic Mermer, who played end for Texas Tech, is an assistant coach

Texas, gunning for another national championship, will be met in night game a week later, Sept. 25.

Three successive road games are interspersed before Southern Methodist engages the Red Raiders in a contest climaxed Dad's Day the night of Oct. 24.

Following a regionally televised game with Rice, the Red Raiders return for a three-game home stand winding up the season. First comes the Raiders' oldest rival, West Texas State, at 7:30 p.m. Nov. 7. Washington State of the AAWU, whose Cougars first met the Raiders last fall, plays Texas Tech in the initial day game of the home schedule at 2 p.m. Nov. 14. Arkansas will furnish opposition for the homecoming game at 2 p.m. Nov. 21.

## Tennis Tourney Awards Trophies

Well, it looks like the tennis courts at Crescent Park will be available again since the close of the two-week Lamb County Tennis Tournament last Saturday night. The courts were full to overflowing most nights with over 80 matches being

played. Everyone, players and fans, enjoyed a fine tournament with winners and losers both resolving to practice even harder for the 4th annual tourney next summer.

Thirty beautiful trophies

were presented to the first, second, and consolation winners in all brackets except boys singles and doubles, women's doubles and junior boys singles in which there weren't enough entries to fill a consolation bracket.

TROPHY WINNERS . . . Long practice and two weeks of tournament matches paid off in trophies for these three and other trophy winners in the 3rd annual Lamb County Tennis Tourney which closed last Saturday night. Left to right, Jimmy Butler who won three; Patti Maner, winning two; and Charley Farley also with two. The tourney proved a big success this year with thirty trophies being awarded. Butler and Dalton and Lenda Wood of Sudan took three trophies home each to cop the most wins.

### Wayland Net Team Books 6 New Foes

PLAINVIEW—Wayland Baptist College Pioneers' 1964-65 basketball schedule of 25 games lists 10 games with six colleges which were not on last season's schedule, according to Coach Clifford C. Ozmun. These include: Panhandle A & M College, Ft. Lewis A & M College, Howard Payne College, LeTourneau Institute, Western New Mexico College, Westmont College.

The traditional Christmas holiday road trip will take the Pioneers to New Mexico and California with Marine Corps Recruiting Depot, San Diego, and Westmont, Santa Barbara. Opening game on Nov. 24 is in Goodwell, Okla., against Panhandle A & M and is followed on Nov. 28 with the first home game against St. Joseph's of Albuquerque. The first road trip takes the Pioneers on Dec. 4 to St. Michael's in Santa Fe; on Dec. 5 to Ft. Lewis A & M at Durango, Colo.; and on Dec. 7 to St. Joseph's in Albuquerque. Then home to play Howard Payne on Dec. 10 and to Longview on Dec. 12 to play LeTourneau and back to Plainview to meet Southern Colorado College of Pueblo.

A two-game series with Howard Payne will be played in Brownwood on Dec. 28-29. With the new year, the Pioneers are

at home for a four game streak; Jan. 4 against Western New Mexico; Jan. 9 against Oklahoma Christian College; Jan. 16 against McMurry and Jan. 23 against LeTourneau.

Jan. 25 at Oklahoma City against OCC precedes the first NAAIA game against Midwestern University at Plainview. For the last game away from home, the Pioneers go to Pueblo, Colo., on Feb. 1 to play Southern Colorado. Austin College comes to Plainview on Feb. 8 and on Feb. 13 the Pioneers go to Wichita Falls for the second NAAIA game against Midwestern. This is followed by the Feb. 18 game with McMurry in Abilene and Feb. 20 in Sherman against Austin. The final regular season play ends in Plainview on Feb. 23 against St. Michael's.

### Game Halted By Fractured Arm

The city baseball championship game between the Bluebirds and Cardinals came to an abrupt ending last Sunday when a Bluebird infielder suffered a broken arm.

The game was halted after 6 1/2 innings of play when the Bluebird's first baseman, Rudy Espinoza, received a broken arm. The Cardinals were leading by a 7-4 count when the game was stopped.

John Brown had 18 men with him on the Harper's Ferry raid.

## Country Club Golf Tourney Is Scheduled

The Annual Country Club Golf Tournament is scheduled for August 17-23, announced Kenneth Shields, club pro.

Entries for the tourney will be accepted through August 16. Anyone desiring to play in the championship flight must first play a qualifying round before the 16th.

The Ladies Club Tournament, held in conjunction with the other, is slated for the first three days of the tourney, August 17-19.

Ricky Romero returns to the Littlefield Sports Arena Saturday night in a special return match with Dan Miller. Fans are anxious to see these two wrestlers in another thrilling match. Other events on the card include Louie Tillet, the Brass Knuckle Champ, meeting Black Bart the 6 foot 4 inch 270 pound sleeper expert. The third match features Art Nelson and Jerry London. Wrestling begins at 8:45.

JUST A-DRIFTIN' ALONG  
The art of drifting for fish probably started the same day some ingenious Neanderthal man hit on the idea of lashing a couple of logs together to form a crude raft. (Any fisherman worth his line would have instantly recognized the potential of a floating platform as a fish-getting device.)

Whatever its origin, drifting is an accepted way of catching fish that goes back a long time. And, claim the fishing fans at Mercury outboards, it's just as good today as it was "way back when."

## Witnesses Hold Training Program

L. D. Bell, circuit supervisor for 16 congregations of Jehovah's Witnesses in Texas, New Mexico and Oklahoma, will visit Littlefield August 11 through 16.

Bell, accompanied by his wife, will be here to assist the Littlefield congregation in its door-to-door ministry and training program. Similar programs are being conducted internationally by members of the denomination.

A ministry school will launch activities at 7:30 p.m. Tuesday in the Kingdom Hall, 933 College Street.

Much time will be spent throughout the week in field missionary services, as Mr. and Mrs. Bell accompany members of the local group in calling on Littlefield residents. The Saturday program will begin at 8 p.m. with a session of Bible questions on things participants have learned during the week.

original Town of Olton, Lamb County, Texas, according to the map or plat of said Town recorded in the Deed Records of Lamb County, Texas.

Plaintiff alleges that on April 1, 1964, he was and still is, the owner in fee of the above described lands and premises, and was in peaceful possession of said land on said day, and that afterward, on the 2nd day of April, A. D. 1964 the Defendants unlawfully entered upon and dispossessed Plaintiff of such lands and premises, and withheld from Plaintiff the possession thereof; Plaintiff further alleges that Plaintiff has title to said lands and premises under and by virtue of the five (5) and/or ten (10) year Statutes of Limitations as is more fully shown in Plaintiff's original petition on file in this suit; and Plaintiff further prays for relief, general and special;

All of which more fully appears from Plaintiff's original petition on file in this office, and to which reference is here made for all intents and purposes;

If this citation is not served within 90 days after date of its issuance, it shall be returned unserved.

WITNESS, the undersigned, Clerk of the 154th District Court of Lamb County, Texas.

Issued and given under my hand and the seal of said Court, at office in the City of Littlefield, Texas, this 15th day of July, A. D. 1964.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

HOUSE JOINT RESOLUTION NO. 8 proposing an amendment to Section 59 of Article XVI of the Constitution of the State of Texas establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 59 of Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Subsection which reads as follows:

"(d) No law creating a conservation and reclamation district shall be passed unless notice of the intention to introduce such a bill setting forth the general substance of the contemplated law shall have been published at least thirty (30) days and not more than ninety (90) days prior to the introduction thereof in a newspaper or newspapers having general circulation in the county or counties in which said district or any part thereof is or will be located and by delivering a copy of such notice and such bill to the Governor who shall submit such notice and bill to the Texas Water Commission, or its successor, which shall file its recommendation as to such bill with the Governor, Lieutenant Governor and Speaker

of the House of Representatives within thirty (30) days from date notice was received by the Texas Water Commission. Such notice and copy of bill shall also be given of introduction of any bill amending a law creating or governing a particular conservation and reclamation district, such bill (1) adds additional land to the district, (2) alters the taxing authority of the district, (3) alters the authority of the district with respect to the issuance of bonds or (4) alters the qualifications or terms of office of the members of the governing body of the district."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all voters shall have printed thereon the following:

"FOR THE CONSTITUTIONAL AMENDMENT ESTABLISHING CERTAIN REQUIREMENTS RELATIVE TO THE ENACTMENT OF LAWS AFFECTING PARTICULAR CONSERVATION AND RECLAMATION DISTRICTS."

"AGAINST THE CONSTITUTIONAL AMENDMENT ESTABLISHING CERTAIN REQUIREMENTS RELATIVE TO THE ENACTMENT OF LAWS AFFECTING PARTICULAR CONSERVATION AND RECLAMATION DISTRICTS."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner required by the Constitution of laws of this State.

## Grassed Waterways Can Reduce Erosion

One of the most complex problems in Lamb County is out-water going to playa lakes and draws causing a considerable amount of damage to land. This outside water can be saved by the installation of a grassed waterway which is a protective outlet outside water.

For this grassed waterway established to grass outside water may be diverted into it by means of a diversion, reducing the erosion to the cropland. This establishment usually takes about a year, the first year for the conditioning of the land leading to a permanent grass and the second year for grass to become established. Also grassed waterways offer a lending hand when it is to be terraced by

providing an outlet for one or more terraces if they must be partially graded to fit into a parallel terrace system.

As soon as the feed crops are harvested many farmers will be ready to start the establishment of the grassed waterways. Cost share assistance for waterway establishment may be secured through the Great Plains Conservation Program and the A.C.P. program.

## Early Findings On Verticillium Wilt Reported

Verticillium wilt is now up on many Plains farms. According to County Agent W. R. Kimbrough, this costly disease seems to be found earlier each year.

Kimbrough says some farmers are reporting heavy verticillium wilt problems following irrigation. Careful water management is one method by which producers can combat the disease. Avoid frequent irrigations. Irrigations should be spaced as far apart as possible by applying more water per irrigation. Water lowers the soil temperature and the disease becomes active at 85 degrees or lower. Avoid deep cultivation that damages roots, as the wilt fungi can enter the plant through damaged roots.

Kimbrough also points out that proper attention to nitrogen applications is another important factor in reducing losses. Sidedressing should be done as early in the season as possible. Application should be made away from the plant root area in order to avoid root injury.

It is easy to recognize the symptoms of verticillium wilt. It first appears as a yellow mottling of the lower leaves. These mottled leaves will die at the edges and eventually fall from the plant. As the disease moves through the plant, younger leaves at the top start showing signs of mottling. Plants developing wilt usually die within a few days. For additional information concerning this plant disease, ask at the county agents office for a copy of the Texas Agricultural Extension Service publication, "Guide for Reducing Cotton Disease Losses," number L-573.

## Rate Hike Pact Signed By Phone Company, Union

ANGELO -- The official signing of a three year contract will cost the company approximately \$1 million annually in increased wages and benefits. Signed August 7 by officials of the General Telephone Company of Southwest and Communications Workers of America, agreement on the new contract was reached June 11 and final signing was delayed until the exact wording of the

new contract which became effective June with wages retroactive to April can be reopened June 1. For negotiations on basic increases and may be reopened again in 1966 for negotiations of basic wage rates, pensions and force adjustment procedures.

Frank A. Lennberg, director of personnel and chief negotiator for the company, emphasized throughout year-long negotiations every effort was made to negotiate a contract which would be equitable to employees, the shareowners who own the company and the customers. Ultimately, the effects of increased operating costs cannot be absorbed by increased production and improved operating efficiency that can be taken out of the shareowner's equity or passed to customers in the form of increased rates of communications, Lennberg said.

Several precedent setting items are related to the new contract, according to E.H. Danner, president of General Telephone Company of the Southwest: (1) A dollar amount involved in its largest in the company's history. (2) It is for the longest contract agreement period. Negotiations on the new contract were the longest -- nine days shy of one year -- in the history of the company. Over \$600,000 of the annual cost of the new contract relate to increased employee benefits. Danner pointed out. Some \$8,000 of the increase involved improved or new pension plans; \$43,700 of the increase is toward the company's contribution toward primary health insurance and extraordinary medical expense plan, and \$17,000 relates to increased company costs related to improved pension benefits. Increased wages reflect only \$3,600 of the total annual cost of the new contract, Danner said.

Yogi Bear, Cindy and their little friend Boo sing "Wee Wee Whistle" in Yogi's first full-length cartoon feature, "Hey There, It's Yogi Bear!" The Hanna-Barbera production, Columbia Pictures release, is in color. Now showing at the Palace.
