LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, AUGUST 15, 1929

No. 18

APPROPRIATION OF \$17.50 IN SCHOOL BILL IS SIGNED

Amarillo, Texas, Aug. 10.—Gov. Dan Moody last Friday approved House Bill 11, which directs the Automatic Board to levy a school tax rate to produce an income large enough to guarantee an annual scholastic appropriation of \$17.50 per capita of child enumerated but within the tax limit, which is 35c per \$100 assessed valuation. This supersedes obsolete and disregarded statutes which placed a limitation of \$4 per capita as the apportionment.

The bill means little except possibly some confusion, as the 35c apportionment has been levied for the last two years. The law does not remove the obstacle to the \$17.50 apportionment. It was \$16 this year and State Superintendent of Schools S. M. N. will ask that it be \$17 for each of the ensuing two years. It is the hope for this year that may clear up the confusion.

There will be more than enough to apportion \$17 per child this year. The figure could easily be placed at \$17.50, the amount demanded by the act approved Friday, but Mr. Moody says that unless a substantial amount is carried over to 1930-31 apportionment it would be impossible to have \$17 at that time. He would be poor policy to have apportionment decrease. For that reason he will ask the Board of Education to make it \$17 this year and carry over the surplus to be carried over next year to assure \$17 for the coming year.

The 1930-31 scholastic session will carry the usual increase in students, but will have 100,000 new added to it, due to new law making the minimum scholastic age 7 years to 6. That law becomes effective Sept. 1, 1930, and it will require a full-sized school fund income of \$17, even with a surplus.

Under the mandate of the new law the question arises, does the Board of Education have power to apportion less than the amount where there will be ample to meet it and then provide a balance? That is where the question may come. The new law may be construed to force the \$17.50 if the money will be available. The event the 1930-31 apportionment would fall below \$17.

The income would not be sufficient to meet the latter figure, particularly the addition of 100,000 new scholars in addition to the normal increase. Governor Moody approved House Bill 11, which provides that the State Superintendent of the Dickson Colored Orphan Asylum, but vetoed from it the appropriation for the support of the 135 orphans the remainder of the year. The bill carries \$30,000 for the next two years for their support and gives the board of control authority at its discretion, to retain the \$30,000 or move them to the State School for Colored Blind and Deaf in Austin. The board may move the \$30,000 to Gilmer or move them to the State appropriation is to be decided by the board of control.

STORK SPECIAL

Mr. and Mrs. John Porter are the parents of a boy born August 10.

Joins Farm Board

Former Governor Samuel R. McKelvie of Nebraska has accepted membership on the Federal Farm Board, completing the personnel of the body. He was endorsed by literally scores of farm organizations and the "wheat and grain" man the board has been looking for.

LAMB COUNTY EXHIBIT SHOWN AT MANY FAIRS

The Lamb County exhibit is going to be shown at the Tri-State fair at Amarillo, and the South Plains fair at Lubbock this fall. Some of the things necessary are now being put up, with the assistance of the county agent. Many more farm products will be needed in order to fill the score card, such as, maize, kaffir, hegaria, sudan grass, sweet clover, alfalfa, garden crops, fruit, and any number of such things that can be used in this exhibit.

Those farmers in the county that have any of these that will be mature by September 15, please notify the county agent at his office, or F. G. Sadler, at the Sadler drug in Littlefield. Those wanting to bring in some stuff can leave it at the Sadler drug.

GOVERNMENT CROP ESTIMATE SHOWS INCREASED COTTON

Cotton suffered a decline of \$3.00 per bale last week when the Government cotton crop estimate was turned loose from Washington, D. C. However, there has been somewhat of a recovery since. The slump was due to the fact of the figure being larger than was anticipated by the buying trade on that date.

The report, as per August 1 compilation, indicates a production of 15,543,000 bales, or a 69.6 per cent normal crop. Last year's crop was 14,478,000 bales of 500 pound gross weight, while the August 1 condition was 67.9 per cent and the August 1 ten-year average condition is 67.3. The indicated crop is estimated on the basis of the acreage in cultivation July 1, which was 46,695,000 acres, less the 10-year average abandonment.

The condition of the crop on August 1, and the indicated production, in 500-pound gross weight bales, follows:

State	Cond.	Aug. 1	Indicated Crop
Virginia	77		46,000
North Carolina	68		787,000
South Carolina	68		909,000
Georgia	69		1,182,000
Florida	70		25,000
Misouri	81		174,000
Tennessee	81		468,000
Alabama	71		1,817,000
Mississippi	76		1,921,000
Louisiana	69		715,000
Texas	64		4,798,000
Oklahoma	72		1,275,000
Arkansas	73		1,449,000
New Mexico	86		91,000
Arizona	86		153,000
California	86		223,000
All other States	81		10,000
Lower California	85		80,000

REAL ESTATE TRANSFERS IN LAMB COUNTY TO DATE

The following real estate transfers in Lamb county have been filed to date in the County Clerk's office:

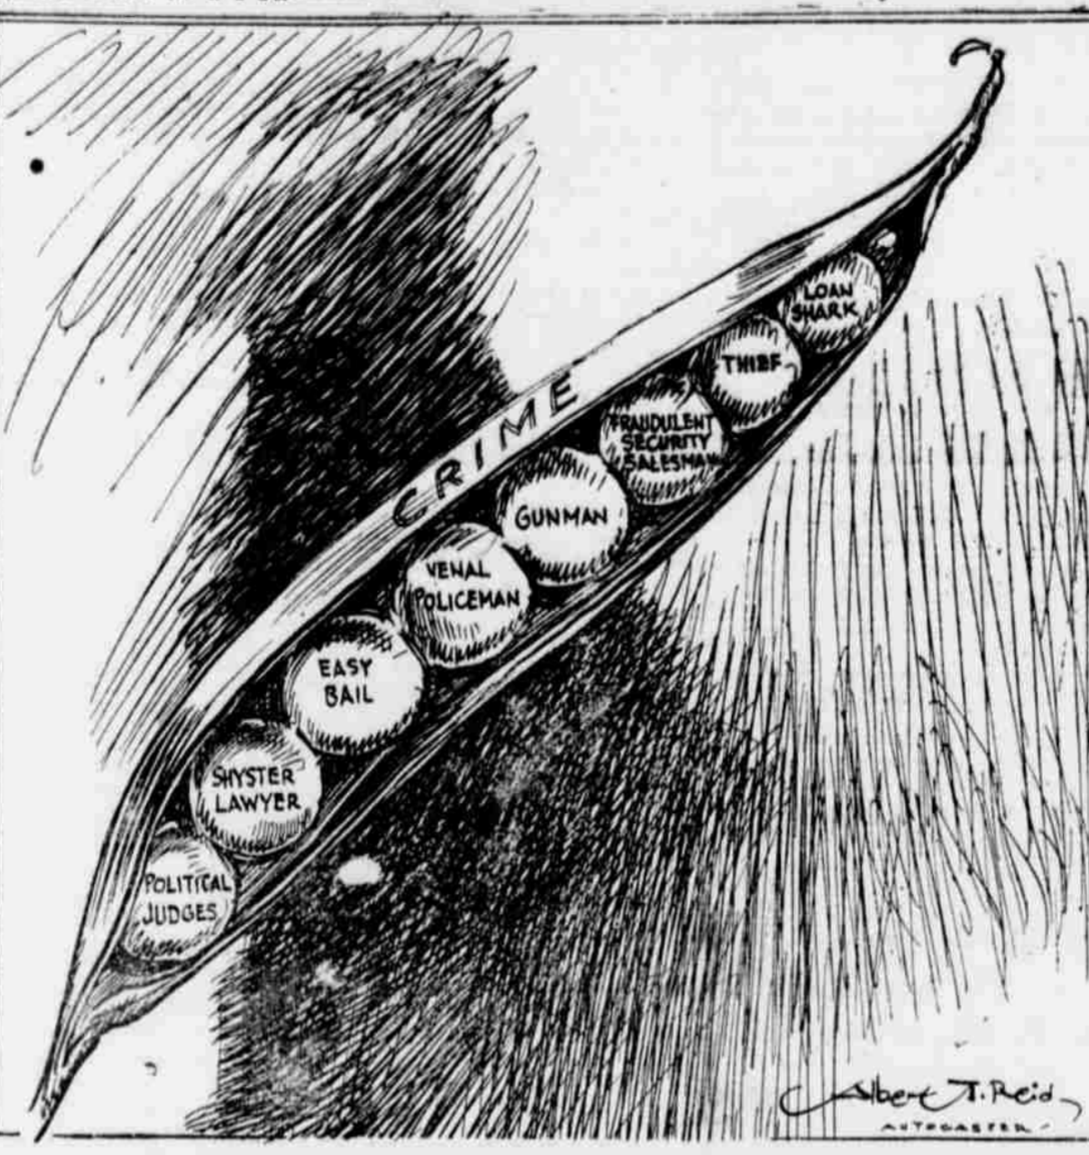

- Aug. 1. W. L. Nuttall and wife to J. B. Janes, labor 3, league 227, Sterling county school land, 177.13 acres.
- J. W. Kelly and wife to W. M. Glascock, 4.27 a. tract 12, Earth.
- Aug. 2. L. M. Howard and wife to J. E. Smith, 202.93 a., labor 5, league 65, Taylor grant.
- Aug. 3. P. P. Shepard and wife to Clem Hamilton, S. W. 1/4 sec. 26, blk 2, W. E. Halsell subdivision.
- Mrs. Ibie Slaughter to F. O. Maston labor 9, league 232, King county school land, 117.1 a.

- L. B. Porter and wife to T. H. Harberger, lot 7, 1/2 of lot 8, blk. 14, Littlefield.
- W. T. Lafferty and wife to N. G. Barnett, 80 a. in S 1/4 SW 1/4 Sec. 77, blk. 1, W. E. Halsell sub-division.
- Aug. 7. R. L. Ford to S. P. Bates, lot 9, blk. 29, Littlefield.
- Aug. 9. Lee Bruce and wife to Mid Seale, 30 a. in labor 15, league 665, Taylor grant.
- G. M. Propps to Mid Seale, lot 8, blk. 28, Littlefield.

REVIVAL AT BULA

Announcement is made that a two weeks revival meeting will be held by the Methodists at Bula, beginning Sunday, August 18, Rev. Clarence Bounds doing the preaching. All people are cordially invited to attend.

Like Peas in a Pod

By Albert T. Reid

Tabernacle Baptist Minister Emphasizes Whole Gospel and Evangelistic Preaching; Religious Cussers and Boozers Not Wanted

By REV. ROY A. KEMP, Pastor

Last Sunday was a day of all days. Souls were saved. Old time shouting was heard—the piney woods orthodox type. Victory filled the air. Expectancy reigned. The breath of God subdued the waiting throng. Fellowship was sweet—some 25 joined the happy church during the day.

Our new song books arrived Sunday. The pastor announced a \$75.00 check given by a friend on the lot, paying it out. With the rapidity of lightning the militant, thankful audience burst out in perfect unison: "Bless the Lord, O my soul, and all that within me is, bless His holy name."

We will soon be in the midst of an old time prayer-bought, spirit-filled revival led by Dr. Burton, one of the most lovable and devoted servants in the South.

The spiritual tide runs high. In nine years of ministry I have never seen anything like it. People who are considered non-church goers are coming to hear the sweet old story of Jesus and His love.

On every hand the question is asked "When will work on a modern tabernacle begin? I want to give a week free work,"—and on and on. Well, dear soul, when work will begin, to a large degree, depends on you. O, what joy, what surging of soul to anticipate our new home, right in the heart of our fast growing little city! A Tabernacle, saw dust floors, mourners bench, and red boned Jerusalem sinners on their faces before God and crying out, "What must I do to be saved?"

There will be no "prominent" members. All will be "servants of God." If Herb Hoover should visit our services he would just be, "Bro. Hoover," nothing more, nothing less.

The pastor will preach on what he pleases, when he pleases, and how he pleases. God called him, and God will give him the message. Advice will always be welcome, but a dictator will be shown the back door instantly. Discipline of the new Testament type, will be rigidly enforced. If you want to continue gambling, drinking, cussing, slandering, you will please not present yourself for membership in Tabernacle Baptist church. It will be hard to get in and easy to get out. We are determined by the love of God to stand firm as the Rock of Ages while the flood tides of liberalism and worldliness reign supreme. Formalism will be thrown to the winds. Anytime during the sermon that anyone wants to ask a question, shout or sing just help yourself. Let the "Amens" be taken off cold storage and once

LFD. CATS TURNED SUDAN BACK AGAIN SUNDAY, 9 TO 7

Last Sunday Walter Grissom's Sudan baseball jugglers, invaded Eoff park on a "winner take all" proposition with the Local Cats, and at the end of the game found themselves nursing a 9-7 defeat.

With the assistance of five outside players, including Newby Moore, (brother of Wilcey), now with the New York Yankees, the visitors made a desperate attempt to administer a drubbing to the Cats, but alas, they trailed along far behind until the ninth when an injured finger forced Alex McCall to retire and Sam Pruitt was called upon to finish the game.

In the first inning the visitors went out one, two, three. Stegall flew out, Dyer grounded out and Blackshear fanned. For the locals: Mick Ratliff grounded out, Art Mueller singled over third base, went to second on a pass ball, and scored when Hanks hit a long triple to right center fence. Stone worked Moore for a free ticket to first base and McCall struck out.

Second inning—Kaufman got two bases on a fly ball to right field, Moore grounded out, short to first, Wingo scratched a hit to center, scoring Kaufman. Wall fled out to Thornton in left field. Woods opened the half by grounding out, Thornton was safe on Blackshear's error. Mick Ratliff took a toe hold on Mr. Moore's cure ball and hit for the circuit to deep left center field. This seemed to worry Moore, so he cut loose his bean ball on Art Mueller, disabling him temporarily. Thornton, running for Mueller, stole second, third and home in order. McWilliams followed with a pass to first, but Stone missed his third strike.

A walk, an error, two putouts and a triple netted Sudan two markers in their half of the third inning, while the Cats came back to hammer Moore for four scores in their half of the fourth. At this point the Cats were leading eight to three. Not content with this lead, another was added in the fifth when DeLong singled sharply to left, stole second and went in third on a pass ball scoring later on an infield out.

McCall held the visitors to scattered hits, while the locals pounded out eight hits from Moore's selections. Among these were a home run, two triples and a double, all coming at opportune times to score tallies. McCall was given splendid support at all times, and was never in danger, while Moore was shaky at times, walking seven Littlefield batsmen. Fly Thornton featured in the field, and his base running was one of the outstanding lights of the game. C. Mall, batting for Wingo, ball.

AMARILLO FAIR CATALOGS NOW ARE GIVEN OUT

Amarillo, Aug. 12.—With 5,000 catalogs sent out all over the Panhandle and Tri-State territory, several prospective exhibitors at the Tri-State Fair, September 23 to 29, have already signified their intentions to enter one or more exhibits at the Fair, Wilbur C. Hawk, president, announced here today.

According to Mr. Hawk, present indications point to the greatest Fair in the history of the exposition. It is believed that there will be nearly one-fourth again as many exhibitors displaying at the Fair as showed products last year.

Considerable interest has been shown from all sections of the territory, Mr. Hawk said, and the free gate, mammoth Hagenbeck-Wallace circus and other attractions are expected to help in breaking all attendance records.

Farmers, stockmen and others who intend to show at the Fair this year and have not already received catalogs are urged to write at once to Wilbur C. Hawk, President, Tri-State Fair Association, Amarillo. Any information about the exposition will be furnished free immediately upon request.

clearing the right field fence by 30 feet. This was the second ball ever hit out of the Littlefield park.

THE BEST FARM LOAN

When you place your farm loan with me you are better satisfied, because you know you have the best plan on earth for a farmer. Nothing to worry you—low rate of interest.

A. G. HEMPHILL
THE LOAN AND INSURANCE MAN

FIRST NATIONAL BANK BUILDING
LITTLEFIELD, TEXAS

The Fedelco WASHING MACHINE is faster and better. We have them!

Speed is the outstanding characteristic of the Fedelco—speed with safety. It will do your washing in less time. Your daintiest things can be trusted to it.

The porcelain tub is easy to keep clean. 8-position swinging wringer with large, semi-soft rolls. Legs are adjustable to the most convenient height. It takes up little space.

The price is exceptionally low. Try the Fedelco in your own home. In no other way can you fully appreciate this marvelous speed-washer.

The FEDELCO TABLE IRONER is a worthy auxiliary that can be attached to the Washer in place of the Wringer, yet carrying its own motor may be used in any room of the home. It is a wonderful labor saver.

Ask us for prices and a demonstration. They are sold on a down payment and reasonable terms, paying the remainder along with your current light bill.

Electricity is Your Lowest Priced Servant

Whitharral News

The farmers are feeling better over the nice rains they had. While not general, some only getting light showers, yet we are hoping we will get more soon.

The Methodist meeting closed last Sunday night.

The Baptist meeting starts tonight. Bro. Watkins from Plainview will do the preaching. Everybody is invited to attend.

Roy Thurman and family visited relatives in New Mexico last weekend. C. B. Brown, who has been visiting his daughter, Mrs. C. E. Kenney, the last two months, returned to California, last Sunday.

Carl Tramel was stricken with the appendicitis Thursday and was taken to a Lubbock sanitarium Friday night was very sick.

Grandpa Crews is very low and not expected to live.

Mrs. Dora Maner visited Mrs. Elton Hawk Tuesday evening.

Miss Lucille Alverson visited Miss Juanita Hawk, Sunday.

Trades Day at Littlefield Monday.

Mr. and Mrs. Chas. Hawk attended Mrs. Horace Earle visited Mrs. Clarence Davis, Friday evening.

Mrs. Fred Newsome was in Littlefield, Monday.

Mrs. Chas. Hawk visited Mrs. Davis Friday evening.

Clarence Pendergrass and family are visiting relatives in Dallas county.

Miss Grace Godwin returned home Thursday from a visit at Knox City. Charline Hawk visited Lorene Newsome last Sunday.

Clovis Wrenn left Wednesday to visit his parents in Runnels county.

Wain Lewis and sister, Nooa, are visiting in Oklahoma.

Miss Bertha Mae Blackwell is visiting Miss Vivian Bryant.

Eilm Harbin and mother left Wednesday for Dallas to see his sister, who was very low.

A FAMILY REUNION

Last week L. D. Reed and family enjoyed the following guests in their home: W. H. Reed and family, of Gustine, R. F. Reed and family, of Meadow, Dave Whitley of Raymond, R. Barnett and family, of Olton, A. F. Jones and family and M. C. Cox and family, of Littlefield, J. O. Reed and family, of Southland, Mrs. Dard Gill and family, of Hale Center, C. F. and R. C. Montgomery, of Fletcher, Oklahoma.

The arrival of the entire gathering on Wednesday was quite a coincidence as none knew the others were coming on that day.

"It was a joyful occasion," said L. D. Reed. "Of course we had plenty of good eats, and a fine time talking over old days and past events."

SOUTHWEST NEWS

Mr. and Mrs. George Harms and children returned Tuesday from Carlsbad cavern. While they were gone Mr. and Mrs. Joe Foltyn attended to their farm.

Mr. and Mrs. Mae Schinchat attended the picnic at the Fred Luecke. Fred Kraushaar and son, Alex, have home Wednesday.

returned from a three months trip in Canada.

Joe Reitman and family and Alphonse Peters spent Monday evening in the Joe Scheurer home.

Quite a few people in this community helped celebrate Trades Day at Littlefield.

Mr. and Mrs. Joe Foltyn and Mrs. O. L. Schlottman went to Lubbock Saturday.

Mr. and Mrs. J. M. Scott and family of Clovis, New Mexico, stopped by Saturday to see Joe Scheurer and family. They used to live here.

Mrs. Max Kopp visited Mrs. Owen Richardson, Thursday in Littlefield.

Ed Russell and brother came Fri-

day to spend a few days with Mrs. Mary Yohner. His wife has been here for sometime.

Mrs. O. L. Schlottman spent Friday night and Saturday with her daughter Mrs. Joe Foltyn.

Mrs. C. Roberts and children visited in Littlefield, Monday.

Mrs. Max Kopp visited Mrs. Mac Schinchat, Tuesday afternoon.

Mrs. L. N. Guy left a week ago to visit friends in Western Oklahoma.

They expect her to come home sometime this week.

Misses Lucille, Lena and Genevieve Scheurer visited Sunday with Mrs. Mary Yohner and family, of Pep.

AGRICULTURE NOTES

By D. A. ADAM
Lamb County Farm Agent

Caponizing Birds

A caponizing demonstration was held on the Harry Phelps farm last Tuesday, attended by five who learned the art of caponizing cockerals for early spring market. Mr. Phelps is caponizing about 40 cockerals.

Bulls Growing

During the past week the county agent made a tour of the circle bulls in this county. All are getting along nicely and growing out to be nice bulls. Several of these will be shown at the Plainview Dairy show next spring, as well as at local fairs.

Have Baby Beef Club

The county agent is now in the process of organizing a 4-H Baby Beef club. About 25 boys will be in this club, and will feed out two Hereford calves each during the winter to demonstrate the value of feeding home grown feeds, rather than selling their feed on the market. Calves are being furnished these club boys by the Halsell Cattle company, and are to be fed this winter under the direction of the county agent.

Feed Looks Good

Feeds are at present in the boot or just out, and the county agent has been inspecting, during the week, the pure seed feed crops of the 4-H club boys. It is found that these boys all have excellent stands, with a very uniform crop. The 4-H boys will feed their feed this winter to heaves, dairy cattle, hogs, and chickens instead of selling it on the open market. Roguing is practiced by all the club boys who are growing feed crops. Some eight or ten of the boys crops were visited by the county agent.

Raise Turkeys By Light

An interesting experiment was carried on by H. H. Weimhold of Sudan this spring in the artificial brooding of turkeys. Twenty-five young poult were transferred to a box with a hail screen bottom, an electric light furnishing the source of heat.

These poult were fed and brooded in this for about eight weeks, and at the end of this time, 23 were living, one having died of a burn on the electric light and the other from natural causes. As a result these 23 poult are now out on a farm in the Sudan community, very healthy, and are by far the largest young turkeys on the place.

It has often been said that turkeys could not be brooded artificially, but this and other experiments have shown they can, with great success.

The idea here is to keep young poult away from the ground, which is the source of all disease until they are large enough to combat these physically. Worms, blackhead and other turkey diseases are picked up from the filth on the ground around which turkeys are brooded in the first few months of their lives. This method of brooding keeps them away from all droppings and ground until they are large enough to be strong physically. Twenty three out of twenty what artificial brooding can do, living is a mighty good example of

MAX TOUCHON GETS PERMIT TO OPERATE FREIGHT TRUCK

Max E. Touchon, having complied with the requirements of the motor bus division of the State Railroad Commission, is this week in receipt of an "A" permit to operate a freight truck between Littlefield and Lubbock. His was one of 73 permits granted by the Commission last Friday, a total of 177 throughout the state having been issued to date.

Under the new law, all busses for freight or passenger service must be licensed, 60 days grace having been granted operators from the time of the new law becoming effective in which to secure the required permits.

Touchon has been operating a freight truck over this route for about a year giving service to a large number of patrons. He contemplates adding another truck when business so demands.

A Pertinent Remark

"I'm always springin' something," said the mouse as he walked into the trap after a piece of cheese.—Utah Hambug.

ASSOCIATION IS ORGANIZED HERE FOR POULTRYMEN

A meeting of the poultrymen of this territory was held last Friday at the Chamber of Commerce office at which time a temporary organization regarding a poultry show this fall and was gone into. Plans were discussed a meeting was called for the following Tuesday afternoon at the Palace theatre for the purpose of perfecting an organization and to further plan for a poultry show.

The meeting at the Palace theatre was well attended and A. C. Cundiff was elected president, Mrs. J. H. White of Amherst, vice-president and C. H. Grow, secretary. The association was named, "Great Plains Poultry Association." The show will be held the latter part of November or the first of December, and poultrymen from all over this section of the state will be invited to compete.

Another meeting will be held weeks from the date of this issue which will be the 27th. All raisers are urged to attend these meetings and to get their birds in condition for the coming show.

L. J. Sullivan and family were the first of this week looking business interests and greeting friends. They formerly lived in Littlefield, but now reside in where Mr. Sullivan and his family operate an "M" System store. They have many friends here who ways glad to greet them on their annual trek. L. J., remarked on the wonderful development of this community and what a classy little town was growing here. Sometime come back!

Advice has been received from the Chamber of Commerce that 50 lots of the Woolaroc flight are shipped, and upon arrival available for distribution. They may be obtained by call the Chamber of Commerce office.

Highest Price for Beef in Omaha

Howard Hill, seventeen-year-old 4-H club member of Earlham, Iowa, and 2300 baby beef. The calf is an Aberdeen Angus and sold at the Ak Stock show in Omaha, November 6, for \$2,025 a pound—the highest ever paid for beef in Omaha and one of the highest in the country. It was bought by H. A. Hanson for the dining car and hotel department of the Union Pacific system.

Proved Sire Is Dairy Hope

Necessary to Compare Yearly Records of at Least Five Daughters.

Reported by the United States Department of Agriculture.

A factor of great importance in the building up of a dairy herd is the use of a good proved sire, says O. E. Reed, chief of the bureau of dairy industry, United States Department of Agriculture.

To prove a bull, according to the standards set by the bureau, it is necessary to compare the yearly records of at least his first five daughters with the records of their dams. Such a comparison indicates the probable value of a bull to a herd.

Record of One Sire.

The record of one outstanding sire was proved in a Vermont dairy-improvement association was kept out by Mr. Reed. The first record received of this bull included records of 15 daughters and their dams. The dams were, without exception, much better than the average dairy cows of this country. The best producer had a record of 314 pounds of butterfat, and the average of the dams was 286 pounds. The daughters of this sire, however, averaged 345 pounds of butterfat. Here is an average gain of 150 pounds of butterfat, or more than 40 per cent. More remarkable, every one of the 15 daughters was a better producer than her dam. The sire is to be credited with most of the improvement.

Last year, according to Mr. Reed, 200 dairy bulls were proved in 690 dairy-improvement associations. It was found that of this number only one in six was still alive at the time it was proved. Some proved bulls would be slaughtered, because their records are bad, but the prepotent ones which have demonstrated their ability to sire daughters more productive than their dams should be kept as long as they are useful.

Exchange of Bulls.

When the exchange of bulls becomes a regular practice they can be kept until they are proved. This important phase of the work in the dairy industry is not receiving the attention that it should, and much greater effort than now being expended should be put forth to preserve the lives of meritorious bulls. The general practice of using only good proved bulls, Mr. Reed believes, will result in a material increase in the production of the dairy herds of the country.

Breed Up Grade Animal by Use of Pure Bred

At what time will a grade animal be "bred up" by the use of a pure bred sire and the resulting offspring of each cross? The offspring from the first cross of a pure bred sire on a grade female will be 50 per cent grade and 50 per cent pure bred. This offspring then bred to a pure bred sire will produce an offspring whose make-up is 25 per cent grade and 75 per cent pure bred. By continuously repeating this operation, the grade blood will theoretically be bred out, though for registration such an animal can never become eligible. In the seventh generation the animal will be 90.219 per cent pure bred.

Lamb Feeding Offers a Means of Marketing

Lamb feeding has been profitable during the past few years and offers a splendid means of marketing feed at a profit. Good western range lambs are generally safer to feed than farm raised native lambs are frequently troubled with stomach worms. Lambs infested with stomach worms will not make good gains in the feed lot and losses are likely to occur. The market prefers fat lambs that do not weigh over 90 pounds and will not pay as high a price per hundred-weight for fat lambs weighing over 90 pounds. Feeder lambs should not weigh over 70 pounds when put into the feed lot.

Tramping of Silage May Be Lost Motion

Farmers Find Untramped Material Is Best.

Silo filling crews are being reduced in number as farmers discover that the tramping of silage is not necessary and that untramped silage is often of higher quality than the torped packed by tramping.

"Untramped silage is of as good or better quality than tramped silage," declares E. J. Delwiche, superintendent of the Ashland and Sturgeon Bay branch (Wisconsin) experiment stations, when summarizing silo filling experiences at the experimental farms. "Since tramping is generally uneven and results in many pockets, there is less mold in the untramped silage."

"To seal the top of the silage, the last few feet should always be carefully leveled and tramped when tramping is not done."

"The ideal arrangement when the silo is filled without tramping would be to have the distributor fixed so that a man could control it without walking on the corn. Such a plan would completely eliminate air pockets resulting from tramping."

First attempted during the war when farm labor was difficult to secure, filling silos without tramping was found to be a surprising success, explains Delwiche, and has since become a common practice on many dairy farms. Instead of keeping the customary crew of two or three men inside the silo, some farmers use but one man or a boy to level off the corn while others remove all but the first two or three sections of the distributor pipe, leaving the corn distribute itself by gravity as it forms a cone shaped pile in the center of the silo.

Lime Compost Is Proper Substitute for Manure

Compost-making is almost a lost art but at one time it flourished vigorously. Some of the farmers of 50 years ago were great adepts in the art. In certain districts compost heaps are still made, and the practice might well become general. The type of compost that has persisted longest is the old "lime" compost, which is made with soft vegetable waste, mold and lime. The demand for stable manure is far in excess of the supply, because of the increased motor transport. The old economic law works, and prices have risen beyond the reach of many. By increasing the supply of manure farmers can in a large measure supply themselves, and do a public service in cheapening the commodity.

If the plant waste is used as decayed manure, there is returned to the ground what the crops have extracted, and what has been breathed in by the plants out of the air. All that woodland receives in the shape of soil feeding is its own fallen foliage and some nitrogen in the rain. Compost material is a complete food, holding nitrogen, potash, phosphate and lime.

Around the Farm

Ewes which are to be bred should be gaining in weight at the time of the breeding season.

There is absolutely no way of curing pigs from eating chickens when they get the chance.

Soy beans should not be used to replace corn in fattening hogs, because, fed alone, the beans are likely to make soft pork.

One of the best ways to feed soy beans with corn to hogs is to grow the two crops together and then hog them off—keeping a self-feeder full of minerals handy.

Paint will go a long way in making buildings last longer and give better service. Well painted buildings also add to the attractiveness of the farm as a home.

HARRELL-BERRYMAN

Mr. Carrol Berryman and Miss Jodie Lou Harrell, both of this city, were married last Friday night in Clovis, New Mexico. They were accompanied by Mr. and Mrs. W. T. Cain. They will make their home in Littlefield.

NOTICE FOR BIDS

Notice is hereby given to all persons, firms and corporations desiring to act as depository of the funds of the Littlefield Independent School District for the scholastic years beginning September 1st, 1929, and ending August 31st, 1931, that sealed bids, stating the rate of interest offered on said funds will be received by the undersigned not later than the 30th day of August, 1929, and all such persons, firms and corporations desiring to place sealed proposals in the hands of the undersigned before said date.

J. S. HILLIARD, Secretary, Littlefield Independent School District, Lamb County, Texas. 18-3tc

BASEBALL BOYS ARE THE GUESTS OF W. S. TITUS

Mr. and Mrs. W. S. Titus, living two miles west of town, were the royal hosts to the members of the Littlefield Cats baseball team Tuesday night.

A delightful dutch luncheon was served and topped off with ice cream. Music, sparkling reparte and plenty of baseball gab filled in the chinks of an exceptionally pleasant evening in recognition of the Cats victory last Sunday.

Mr. Titus is one of the ardent baseball fans of Littlefield, never missing a game of the locals if possible to attend.

Those present were Alex McCall, Art Mueller, Fly Thornton, Driskill Irvin, Alex DeLong, Ancil Stone, S. P. Hanks, Harry Hunter, Mick Ratliff and ye editor.

There are 3,136 cities, towns and villages in Texas, with 92,500 business concerns of all kinds.

Texas streams carry into the Gulf of Mexico approximately 26,913,000 acre-feet every year.

TECH. GRADUATION TIME

Lubbock, Texas, August 12.—Graduation exercises for the summer session of Texas Technological college will be held from 10 to 12 o'clock August 23, with Dr. T. D. Brooks, Dean of School of Education of Baylor University, delivering the address.

Sixty-five candidates will receive bachelor of arts degrees and ten candidates will receive master of arts degrees, making a total of 171 bachelor's degrees and eleven master's degrees conferred by the college this year.

The 1928 Texas wool clip is estimated at 40,000,000 pounds, valued at more than \$12,000,000.

? WHY NOT OWN HOME FREE ?

The rent you are paying on that frame house will pay the monthly payments on a brick veneer home. If you are contemplating erecting a business house or residence see me, I have the loan plan that will suit you. PLENTY OF MONEY.

Another Record!

a Million

SIX CYLINDER CHEVROLETS

on the road in less than eight months!

Less than eight months have elapsed since the first Chevrolet Six was delivered into the hands of an owner—and already there are more than a million six-cylinder Chevrolets on the road! And the reasons for this overwhelming success are easy to understand.

Into a price field that had hitherto been occupied exclusively by four-cylinder cars—Chevrolet has introduced a six-cylinder car of amazing quality and value. Not only does it offer the smooth, quiet, velvety performance of a great six-cylinder valve-in-head motor—but, from every standpoint, it is a finer automobile than was ever before thought possible at such low prices! Its

beautiful new bodies—which are available in a variety of colors—represent one of Fisher's greatest style triumphs. And its safety and handling ease are so outstanding that it's a sheer delight to sit at the wheel and drive. In fact, the new Chevrolet Six has completely changed every previous idea as to what the buyer

of a low-priced car now has a right to expect for his money.

You owe it to yourself, as a careful buyer, to see and drive this car. For it gives you every advantage of a fine six-cylinder automobile—in the price range of the four and with economy of better than 20 miles to the gallon! Come in today!

LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.
Subscription: \$1.50 per year; 75 cents for six months.
Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office 27 at Littlefield, Texas, under the Act of March 3, 1897.

JESS MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

Consider the lilies of the field how they grow; they toil not, neither do they spin.—Matt. 6:28.

Faith is the soul going out of itself for all its wants.—Boston.

CAMPAIGN ON JUNK

¶ Determined to ascertain just what is responsible for most of the auto accidents in the U. S., the National Safety Council has started a nationwide survey of defective, dilapidated cars. They believe fully 30 percent of all accidents are due to a lack of attention to the mechanical needs of a car.

It looks as though Uncle Sam is going to try to bar from the roads machines which, being dangerous to operate, are potential engines of death. What the experts will have to say may have some bearing on the yet unsolved used-car problem. Half of the American demand for autos today is for used cars. And it is significant to note that between 60 and 80 percent of all cars sold on the installment plan. Good roads have sprung up at such a pace that many states have increased the speed limit; some have abolished it. It is not hard, therefore, for any Littlefield motorist to realize how great is the danger of accident when one out of every four machines traveling those roads is unfit for service.

There is no question but that our highways are infested by too many machines that have outlived their usefulness, and that have reached the stage where they are unsafe anywhere. Too many cars that are on the road ought to be on the junk-heap. And it now looks as though Uncle Sam is strong enough in the same belief to tackle the job of putting them there.

Horsepower under the hood is a dangerous thing unless there is horse sense under the hat.

USING COW'S HAIR

¶ Maybe you've never stopped to think of it, but it's the simpler things in life that make a lot of people rich.

Only six years ago, up to 1923, the hair taken from beef cows was regarded as useless. In fact, some tanneries were paying all the way from \$6,000 to \$50,000 a year to get rid of it, usually destroying it with acids.

Then a rug-maker, a man named Louis Regensberg, of New York, had an idea. "Why not," he asked himself, "sterilize cow's hair, press it into strips and use it for floor covering under carpets. It would make them feel softer and wear longer."

So he tried it out—and it worked. Then he organized a company, and last year his company sold \$3,600,000 worth of this product, made from a waste that was once costly to get rid of. But Louis hasn't a monopoly on brains. Any Littlefield man who can use his head to study the simpler things has just as good a chance of hitting on something equally as profitable.

The average college boy doesn't care as much about making the grades as he does about having a car that will make them.

WHERE DO YOU STAND?

¶ On a billboard in the city of Louisville, Ky., are these words: "Just what you think of your home town is your home town's opinion of you."

There's so much truth in that we want to ask every Littlefield citizen to think it over. Take the men of your acquaintance; look them over. If

they are boosters, if they have faith in their home town and love it, what does their home town think of them? On the contrary, if they are knockers, if they have no faith in their town, if they are natural-born or self-made pessimists, what does their home town think of them? When a fellow loses faith in his county, when he gets so he can see nothing but the handicaps of his home town, when he does nothing but knock and kick, and nothing to promote the progress of his home town—how can he expect the love, or even the respect, of its citizens?

If you are not satisfied with your home town, or if you have the idea that it could be made better, then why not make your criticism constructive why not make public a remedy for the ills you point out? If you want to take the lead in anything in the way of improvement you can always find someone willing to help. But don't find fault without suggesting a remedy. That's unfair to both yourself and your town and will neither help the town to be better nor elevate you in the estimation of its citizens.

A bright, sunny face makes fine weather in the world any day in the week.

BETTER FAMILY LIFE

¶ Speaking in Cincinnati the other day a welfare worker told his hearers that the family life in America is growing better and more wholesome, despite the busy divorce courts throughout the land.

That is a heartening word to a nation that seems doomed to apartment house homes, golf courses and night club entertainment.

Four points that a family should recognize in their responsibility toward their children, he said, are sense of self-support, education, a sense of decency and morality, and a sense of discipline. Parents have a greater problem these days when their children have so many interests distracting them from the old family hearthstone. But the parents are in most instances solving this problem, the welfare worker says, and that means that we are going to successfully and satisfactorily answer the question we so often hear asked—"What's going to become of the younger generation?"

Every girl lands a Whale when she gets married, but it doesn't take long for it to turn into a Minnow.

LET'S CLEAN-UP

¶ While other towns are having "home beautiful" contests and clean-up weeks, Littlefield remains status quo.

There are plenty of weeds now and the recent rains will revive them and make others grow. During the summer months there has been an accumulation of debris and refuse that should be removed.

In the interest of sanitation, better health and more presentable civic appearances, those in authority of our city affairs should see that the situation is remedied mney pronto.

There are said to be more Mormons in London than in Salt Lake City. But maybe their wives' don't know it.

A POULTRY CLUB

¶ The proposed plan of organizing a Poultry club in Littlefield is one highly commendable. Poultry raisers should be organized as well as raisers of any other marketable commodity.

In this day it has about got to the point where organization is the only thing that protects a producer. Com-

petition becomes keener one year after another, still there are plenty of people ready and anxious to pay top prices for a given product, poultry and poultry products no exception.

Local poultry raisers will realize more from their efforts if they will organize for co-operative action.

Then let them have a poultry show here this fall—tell and show the world what they are doing here in this section of the Plains country. It is good advertising for future business, and advertising pays well.

LITTLE LEADERS

A good many of us around Littlefield can remember when a man was considered in league with the devil if

he spoke a good word for John D. Rockefeller.

The Littlefield woman who is married to a grouch ought to be wearing a hero medal instead of a wedding ring. No matter how warm it gets, you never see a Littlefield fly so forgetful that he sits down on a cake of ice.

Love is something that will make a Littlefield girl leave a good home just to be near an animal that chews tobacco and eats onions.

Another optimist is the Littlefield man who finds comfort in the fact that as long as it is raining he is in no danger of getting a sunstroke.

Some Littlefield men are so stub-

born and contrary that you can only convince them they are wrong by agreeing with them.

The Littlefield woman who wants to hide a family skeleton might try making her daughter wear her skirts a little longer.

What has become of the old-fashioned Littlefield girl who used to put her hair in newspaper curlers before going to bed.

SOME SNAP SHOTS

When a man is prominent in a number of lodges he has to attend so many functions that he doesn't look natural without a strip of ribbon pinned on his coat.

Maybe the brides of 1929 wouldn't hold their noses so high if they would take a second look at the brides of 1919.

Scientists have found germs increase their speed under a red light. Yes, and some of them are driving automobiles.

Tourists looking for parking space will be glad to learn that it can always be found around a rural church on Sunday.

When cotton stockings went out of style the world lost the best lamp chimney cleaner ever invented.

It is all right for a woman to want to hold on to her youth, but she ought not to insist on doing it while he is driving.

About the only thing a bootlegger gets in some courts, is a lot of new customers.

Wilbur Glenn Voliva of Zion City, reiterates his belief that the world is flat on top. And the world thinks he is, too.

Being with people who dislike you

isn't the most pleasant thing in the world, but a woman enjoys it if she knows the dislike is due to envy.

The honeymoon is still on if he laughs out loud when he turns a catsup bottle on the new tablecloth.

Maybe the reason little men marry large women is that they're afraid to.

Help keep Littlefield clean

Bill Der Sar

Some birds have many bills the of the month.

BUILD NOW

Tomorrow It May Cost You More Build now while you have leisure time. A little later on you may afford the time necessary to construct needed buildings.

You will always find that this organization is fully able to take care of your building material needs.

A SUCCESS STORY

"Twenty-five years from now I want to be worth at least \$50,000," said a young man one day.

So he opened a bank account, and saved about \$90.00 out of each month's income. Part of his money was kept in the bank and part of it was wisely invested otherwise under the direction of his banker.

He really saved from his pay check only a little more than \$20,000, yet at the end of the 25 years he had almost \$60,000. Such is the power of interest in behalf of money that is wisely kept at work.

This bank will be glad at any time to assist in your investment and other financial problems.

**A. R. SINGER, 74
FUNERAL WAS HELD
IN LFD. SATURDAY**

A. R. Singer, one of the early citizens of Littlefield, died last Saturday at the home of relatives in Lubbock, funeral services being held in Littlefield that afternoon, conducted by Rev. Roy A. Kemp, of the Tabernacle Baptist church, and interment made in the Littlefield cemetery.
Mr. Singer was born in Alabama, November 25, 1855, and was 74 years of age at death. Early in the month of February he was the victim of a light paralytic stroke, from which he never entirely recovered, complications induced by age causing death after several months of illness. He was for more than 40 years a member of the Baptist church.

There were 13 children in the family, seven of whom are now living and attended the funeral services of the aged parent. His wife preceded him in death in 1925, and last September his son, C. R. Singer, passed this life. The sons and daughters remaining are Mrs. A. C. Hendricks, Lubbock, F. O. Singer, Guymon, Okla., J. G. Singer, Tahoka, C. H. W. C., and A. C. Singer, Littlefield, and O. L. Singer, Artesia, New Mexico.
Full hearers at the final services were C. O. Stone, E. A. Bills, J. T. Street, J. C. Whicker, J. E. Barnes, and F. G. Sadler, the Hammons Bros. undertaking company being in charge of arrangements.

Known Chemical Elements
There are 92 chemical elements known to science, beginning with hydrogen and ending with uranium. Of these 89 have been discovered. The latest discovery was rhenium, which resembles manganese.

**DISTRICT COURT
HEARS CRIMINAL
CASES THIS WEEK**

Olton, county seat of Lamb county, was a busy place Monday of this week District court, County court and Commissioners court, all being in session at the same time. Only routine business was transacted by the Honorable Commissioners, while Judge Hay found little doing in the County court because of attorneys being busy in the District session.

District court last week was occupied principally in hearing two cases. One, Duncan & Pennington vs. A. H. Lee, involving a settlement of business conducted by the defendant for plaintiffs for two years in Littlefield. Decision was in favor of defendant.

The second case was that of the State vs. City of Amberst, its mayor and aldermen, claiming that when the town was incorporated January 9, 1925 that land was included which was not intended for town purposes. This included about 500 acres of land according to report. The suit resulted in setting aside the act of incorporation. It is stated that the city will immediately re-incorporate with new boundaries.

This week is to be for hearing of criminal cases, several of which are already docketed, but on account of the illness of District Attorney Meade Griffin, the docket will probably be held up, some cases being continued until next week.

Civil cases docketed for next week are as follows:

- Higinbotham-Bartlett Co. vs. the Bowman Construction Co.
 - J. J. Godfreys et al. vs. E. A. Bowman.
 - The Phillips-Bell land case, involving payment of a commission.
 - J. C. Webster vs. F. C. Carpenter.
 - W. A. Turner vs. Van B. Clark.
 - First National Bank, Littlefield, vs. J. W. Porcher.
 - Bingham vs. Kelly.
 - J. T. Blair vs. First National Bank, Sudan.
 - F. E. Matthis vs. Fanny Matthis, divorce and custody of children.
- The grand jury adjourned Monday evening for 10 days, following the finding of nine bills which were duly reported to District Judge Chas. Clements. Two arrests have been C. E. Smith, alleging forgery; and Jim Roberson, alleging sale of liquor, made, according to the court docket.

FREE BULLETIN SERVICE
The Chamber of Commerce has a list of all Government bulletins available in Texas, and anyone wanting any of these may obtain them by calling at the Chamber of Commerce and making a list of them. The secretary will then order them out and either mail them direct or hold until called for.

These bulletins give much information which will prove valuable. The poultry raising, dairying and general farm bulletins are especially valuable to this section.

Chinese girls should have no difficulty in learning stenography. There is no spelling in that language.

**PROF. HALE SAYS
LFD. IS SITTING
ON TOP OF WORLD**

"Littlefield is sitting on top of the world." This expression was made use of by Professor J. W. Hale, of Colorado City in a talk at the Chamber of Commerce luncheon last Tuesday. Professor Hale stated that he had been over a large part of Texas and that this section is in better condition than any he has seen. His talk was enjoyed by all of the members as he gave facts and figures to prove his statements that this section should be in good financial condition when this bumper crop is harvested.

He was followed by R. A. Box, who has been elected as vocational agricultural teacher at the Littlefield schools. Mr. Box gave an interesting outline of his work and of the good he hopes to accomplish in the furthering of agricultural interests in this territory.

County Agent D. A. Adam also made a good talk on the work he is now engaged in.

F. G. Sadler, chairman of the road committee made a report on the trip of the committee to Portales last week. Work is still progressing toward getting an oil mill for Littlefield. This committee is making all efforts to attract an oil mill to this place as there is ample amounts of cotton seed to supply one.

PRESBYTERIAN AUXILIARY

Mrs. M. V. Cobb entertained the ladies of the auxiliary at the church Tuesday afternoon.

After the business session Mrs. Ray Jones gave the devotional, having as her theme, "God's Ownership of All."

Mrs. E. A. Bills gave the lesson, which was a review of the study book, "From Jerusalem to Jerusalem."

The hostess served refreshments to three visitors, Mrs. Young, of Abilene, Mrs. Edwards and Mrs. Al Wright, who entered her name as a new member, and the following members: Mesdames E. A. Bills, C. C. Clements, J. S. Hilliard, Sjd Hopping, Ray Jones, Irvin Miller, F. G. Sadler, Bob Smith, W. O. Stockton, L. M. Touchon, Wm. F. Fulton, Miss Lula Hubbard.

The ladies will meet next Tuesday at the church with Mrs. Ray Jones, hostess.

CHURCH OF CHRIST MEETING

Starting Thursday night, Aug. 15th Gun Dunn, jr., of Dallas, assisted by Marion Davis, of Franklin, Tenn., will deliver a series of gospel sermons at the tabernacle on South Main street, near the city park.

As will be remembered by some, Mr. Dunn is a very capable young man, having done evangelistic work in the major portion of the United States.

Mr. Davis comes highly recommended as a singer, being a graduate of Vaughan School of Music. He is a capable man in his line of work.

You are invited to come and hear these two young men preach the gospel in song and sermon.

Evil Always Present
As there is much beast and some devil in man, so is there some angel and some God in him. The beast and the devil may be conquered, but in this life never destroyed.—Coleridge.

England's Food Bill
Great Britain spends approximately two and one-half billion dollars every year on imported supplies of food—grain, meat, fruit, etc.

METHODIST CHURCH

The first class meeting in the series of 10 lessons given by Zed Robinson at the church Monday was well attended by young and old, and the singing was good. These lessons are free to all and we ought to fill the church.

The third party of the summer for the church was given on the Carraway farm, and the crowd was much larger than before.

Only 10 days remain before our meeting begins. You are expected to be in your place on the Lord's day praying for a great awakening.

Bro. Spencer Ellis and Bro. and Sister Raymond Kuykendall will be received by letter, Sunday. We wish to receive all who have letters which have not been given to the pastor on Sunday morning and are praying for conversions then, also.
—GEO. E. TURRENTINE, Pastor.

THE MEDICINE FOR PELLAGRA
Dr. J. L. Leverett, prominent Paris, Texas, Specialist, is attracting National attention with his NEW method of treating Pellagra and certain forms of stomach trouble closely resembling Pellagra. Under a rigid test of more than 3000 patients the treatment proved to be all that was claimed. A 28 day trial treatment for \$5 and this money back if the patient is not benefited and the patient alone is the judge. The medicine doesn't make you sick to take it. For particulars, testimonials and blank for FREE diagnosis write J. L. LEVERETT, M. D. Paris, Texas.

YOUTH--AND THE NEW LEADERSHIP

By CRAIG B. HAZLEWOOD
President American Bankers Association

LEADERSHIP is a picturesque word. With it, one pictures Hannibal fighting his way through the passes of the Alps—Napoleon in his campaign—or Washington holding together its half-frozen army by the sheer magnetism of his character at Valley Forge. But I visualize something that holds a more astounding spectacle in many respects than any of these.

Craig B. Hazlewood

It is the onrush of our business life. Our economic progress plunges ahead at a rate unheard of in the history of the nations of the world and every industrial and financial leader is daily brought face to face with new and perplexing problems requiring the highest courage and intelligence for their solution.

Ninety billions a year, they tell us, this country is now producing in new wealth. The rate of increase is even more staggering than the amount. It is difficult to say where it may lead us in even ten or fifteen years.

We are moving exceptionally fast. Our economic and industrial structure is placing before us problems of greater and greater magnitude. Few men can see far ahead. Few are in complete control, for this is a changing world, as even the most inexperienced business man will readily testify. Our methods of adjusting ourselves rapidly to economic changes and of cooperating are far from perfect.

What an opportunity the leadership of five, ten or fifteen years from now presents! What an adventure it will be! What responsibilities it will lay upon the broadest shoulders that may be found! This is the challenge to leadership as I see it. In the hands of the young men must rest the responsibility for this leadership.

Boys Who Reached the Pinnacles
Business is full of the romance of youngsters whose chief characteristic was working hard and keeping at it. There was a green farmer boy who decided he would rather stand behind a counter than follow a plow. He seemed so obviously lacking in sales ability that for a time no merchant would hire him. He failed in his first position, and in his second his salary was reduced. He even agreed that he was a misfit—but he stuck. Out of his first five stores, I believe, three failed. But he persisted and worked hard. And that boy, Frank W. Woolworth, became the greatest retail merchant in the world with a store in every city of eight thousand or more population in this country.

There was another lad who clerked in a grocery store sixteen hours a day and studied mathematics in his odd moments. He became interested in the doings of the steel plant whose employees traded at this store. He began to study steel and sought a position in the plant. He carried a surveyor's chain and drove stakes. At night he studied mathematics and engineering. He did not despair. He could not be diverted. He kept the pressure on for seven years. And that boy, Charles Schwab, mastered the iron industry and became one of the country's great industrial leaders.

There was a lad who sold papers on a train. When he grew up, several million men and a score of billions of dollars of capital were given profitable employment through his inventions. Even in middle life, Thomas Edison continued to work twenty hours a day, if necessary to achieve his purpose.

Leadership is not play. Leadership offers countless positions of varying opportunity, of which the highest pinnacles will mean almost unbearable responsibility in the new era. There will be men with the fire and iron to qualify even for these places. Such men must have had the very finest preparation and the most grueling tests. Their reward will be the attainment of these highest pinnacles of achievement, and the rendering of an immeasurable service to their times.

MAIL BOX THEFTS AID CHECK FORGERS

American Bankers Association in Nationwide Warning Exposes Methods and Gives Rules to Combat Them.

NEW YORK.—Active operations in many cities of mail box thieves, who open bank communications to customers, containing details of their accounts and cancelled checks showing their banking signatures, and use this material in perpetrating check forgeries, have led the American Bankers Association to issue a nationwide warning to its members with instructions for combating this form of crime. The warning, as sent out by James E. Baum in charge of the association's Protective Department says: "Heavy losses are being sustained through cancelled vouchers and statements stolen from the mail boxes of

businessmen and of banks. By divulging the details of their methods and supplying models for forged checks. As a step to put customers on guard against these methods, banks are urged to instruct every depositor to whom they mail statements of deposit accounts on the last business day of each month to notify them promptly if such statements are not received by the close of the next day.

"Also banks should educate depositors to safeguard blank checks and cancelled vouchers as they would money. Such paper stolen by forgers soon puts real money in their hands. If all blank checks and cancelled vouchers were securely kept in safes instead of filing cabinets or desks, the check crooks would be denied their chief stock in trade, namely, genuine blank checks and signatures. Warnings to depositors against leaving blank or cancelled checks accessible to sneak thieves or burglars should be sent out at once.

"Estimates broadcast by surety companies indicate that individuals, merchants, hotels and others outside of banking are shouldering more than 99 per cent of the total amount of forgery losses. The bulk of forgery loss on checks is sustained by those who are willing to risk accepting them without reliable proof of identity or title of the presenter.

SCRUB BULL IS HAILED TO COURT

Placed on Trial for Hindering Development and Prosperity of Dairy Industry.

Indicted for robbery, larceny, and a few other such charges, Scrub Bull went on trial for his life at Laurel, Mississippi, recently. It seems that for some time people had suspicions that Mr. Bull was hindering the right and lawful development of the dairy industry, thereby "maliciously and wilfully lowering production and decreasing profits in the dairy business," says the Bulletin of the American Bankers Association Agricultural Commission in commenting on the case.

This, it says, was the first trial of its kind ever held in that section and was attended by several hundred people. The jury, representing every vocation within the boundaries of the Laurel trade territory, rendered a unanimous verdict of "guilty." The death sentence was pronounced, "but during the night, before the sentence could be carried out, friends of the convict secretly spirited him away and he has not been seen since."

The arraignment came during the Milk Products Show sponsored by the banks of Laurel. People attending the show had the opportunity of also attending the bull's "trial" and went away firmly convinced of the seriousness of lax and out-of-date methods in the pursuit of dairying. The purposes of both the Milk Products Show and the trial were threefold, namely: to develop public sentiment for more and better Jerseys; to foster a more cooperative spirit for dairying and livestock growing, and to promote tick eradication.

The banks of Laurel entered into a cooperative arrangement in their efforts for fostering agricultural development and successful farming in the community, offering \$2,165 as premiums to the outstanding farm workers throughout the territory during 1929. An instructive booklet has been issued, showing the agricultural activity of the banks, together with announcements of contests for farmers, exhibits in the bank lobbies and prizes offered.

BANKERS DEVELOP NOVEL INSTITUTE

The Georgia Bankers Association in cooperation with the State College of Agriculture has sponsored a series of farmers' institutes in various parts of the State of an entirely new character. The principle feature is a large and comprehensive exhibit transported in four large trucks and set up at each stop. When set up it fills a space 40 by 60 feet and consists of panels, charts, and models on practically every phase of agriculture, including agronomy, horticulture, agricultural engineering, poultry, animal husbandry, soils and fertilizers, home economics and marketing. A large electrified farm model, showing the use of electricity on the farm, model farm buildings and the ideal layout and landscaping of the farmstead, is one of the most elaborate and attractive exhibits.

Local bankers in each locality visited gave the money to cover expenses for the transportation and installation of the exhibit in their territory and assisted in the preliminary advertising and publicity. The College of Agriculture assembled the exhibit and conducted the tour through its various extension specialists.

LUMS CHAPEL

Everyone is rejoicing over the good rains we have been receiving. The Baptist meeting started last Friday night a week ago. Rev. J. W. Saffle is doing the preaching. The meeting will continue till Wednesday, if not further. Everyone is invited to attend. We have had several to unite with the church. The baptizing will be at Mr. Wright's tank between here and Whitharral, Wednesday at 3:30 p. m.

Mr. Nance, of Madison, Alabama, is visiting with his son and family, John Nance.

Mr. and Mrs. J. D. New are sporting a new Chevrolet coupe. We are sorry to report that Mrs. N. H. Humphries has been confined to her bed the last few days, but we hope her a speedy recovery.

Miss Fay Hodges, of Lubbock Tech. is visiting with her aunt, Mrs. J. H. Hodges and family.

Miss Valarie Humphries is visiting with relatives at White Flat.

Misses Fay Hodges, Leatha and Lettie Bryant and Lois Hodges took dinner with Miss Cloice Malone, Saturday. After dinner ice cream and cake were served and enjoyed by all.

Mrs. G. W. Miller was surprised with a birthday dinner given by their children Sunday.

Miss Jewell Capers' cousin, Miss Bonnie Wayne McCuley, of Gorman, is visiting with her this week.

Mrs. James was a guest in the McNutt home Sunday evening.

Rev. Saffle and wife, his sister and niece, Rev. Booth, his daughter and son, and Rev. Jackson were guests in the Carey home, Sunday.

Mrs. Jessie Crow and children are visiting with her mother, Mrs. Stone, of Winters.

Carl Alexander, of Tahoka is visiting with his parents, Mr. and Mrs. Alexander.

Our singing school closed Friday evening. We certainly enjoyed a fine singing school with good attendance. We greatly appreciate the concentrated efforts and unending patience of Professor Warren. We wish for him much success in his future efforts. We also look forward to the day in the near future when we will have a singing class in this community as good as anywhere.

Mr. and Mrs. J. H. Hodges took dinner with Mr. and Mrs. John Nance.

Mr. and Mrs. Earl Bryant and baby Mr. and Mrs. Willie Bryant and baby, Ralph Bryant, Floyd and John Dee Jackson and Jewell Bryant, Misses Fay Hodges, Lois Hodges, Leatha Bryant, Cloice Malone, Inez Crow, Inez and Myrtle Nance took dinner with Mr. and Mrs. Emzy Hobbs.

ZONE MEET AT SUDAN

The Methodist Missionary Society held the zone meeting in Sudan last week.

Muleshoe, Sudan and Littlefield are in this district. The meeting was presided over by Mrs. J. C. Hooten, of Sudan.

Those attending from Littlefield were Mesdames B. L. Cogdill, Geo. Turrentine, W. C. Thaxton, G. S. Glenn, A. G. Hemphill, W. W. Gillette, T. Wade Potter, E. G. Courtney and Miss Dahlia Hemphill.

METHODIST MISSIONARY

The Missionary Society met at the church Monday afternoon for the August "Voice" lesson, Mrs. Geo. E. Turrentine was leader.

Those present were Mrs. Glenn, Hobbs, Eagan, Smith, Riley, Fondra, Griffey, Turrentine, Thaxton, Keithley, Hemphill Grow and Reid, of Gainesville.

Crystal City, in the Winter Garden district, is the largest shipping point of 29 season spinach shipments out of the Winter Garden area totaled 4,300 of spinach in the world. In the 1928 cars.

NOTICE

TO ALL OWNING OR CLAIMING ANY PROPERTY ABUTTING UPON THE HEREINBELOW MENTIONED PORTIONS OF STREETS IN THE CITY OF LITTLEFIELD, TEXAS, AND TO ALL OWNING OR CLAIMING ANY INTEREST IN ANY SUCH PROPERTY:

The Governing Body of the City of Littlefield, Texas, has ordered that the hereinbelow mentioned portions of streets be improved by raising, grading and filling, and installing concrete curbs and gutters where adequate curbs and gutters are not installed on proper grade and line and paving with Reinforced Concrete Pavement, and contract has been made and entered into with Dozier Construction Company for the making and construction of such improvements. Estimate of the cost of such improvements for said streets has been prepared. The portions of said streets to be improved, together with the estimated cost of the improvements, and the amount or amount per front foot proposed to be assessed against the abutting property owners thereof on said portions of streets are as follows:

DISTRICT NO. 7
On LFD Drive from the Southwest property line of First Street to the Southwest property line of Sixth Street, the estimated cost of improvements is \$26,194.90; the estimate amount per front foot to be assessed for curb is \$0.45; the estimate amount per front foot to be assessed for improvements exclusive of curb is \$5.4631; the total estimated amount per front foot to be assessed is \$5.9131.

DISTRICT NO. 8
On XIT Drive from the Southwest property line of Fifth Street to the Southwest property line of Sixth Street, the estimated cost of improvements is \$6,616.40; the estimate amount per front foot to be assessed for curb is \$0.45; the estimate amount per front foot to be assessed for improvements exclusive of curb is \$5.4871; the total estimated amount per front foot to be assessed is \$5.9371.

DISTRICT NO. 9
On Sixth Street from the Northwest property line of XIT Drive to the Northwest property line of Phelps Avenue, the estimated cost of improvements is \$2,795.69; the estimate amount per front foot to be assessed for curb is \$0.45; the estimate amount per front foot to be assessed for improvements exclusive of curb is \$7.9835; the total estimated amount per front foot to be assessed is \$8.4335.

DISTRICT NO. 10
On Sixth Street from the Southwest property line of Phelps Avenue to the Southwest property line of LFD Drive, the estimated cost of improvements is \$2,795.69; the estimate amount per front foot to be assessed for curb is \$0.45; the estimate amount per front foot to be assessed for improvements exclusive of curb is \$7.9835; the total estimated amount per front foot to be assessed is \$8.4335.

A hearing will be given and held by and before the Governing Body of the City of Littlefield, Texas, on the 23 day of August, 1929, at 2:00 o'clock, P. M., in the City Hall, in the City of Littlefield, Texas, on all owning or claiming any property abutting upon said portions of streets, and to all owning or claiming any interest in any such property. At said time and place all owning or claiming any such abutting property, or any interest therein, shall be and appear and will be fully heard concerning said improvements, the cost thereof, the amounts to be assessed therefor, the benefits to be assessed to the respective parcels of abutting property by means of the improvements on said streets, and concerning the regularity, validity, and sufficiency of the contract for, and all proceedings relating to, such improvements and proposed assessments therefor, and concerning any matter as to which they are entitled to hearing under the law in force in the City and under the proceedings of the City with reference to said matters. Following such hearing assessments will be levied against abutting property and owner thereof, and such assessments when levied shall be a personal liability of the owners of such property and a first and prior lien upon the property as provided by the law in force in the City and under which the assessments are taken, being the Act passed at the First Called Session of the 40th Legislature of the State of Texas, and known as Senate Bill 68.

Of all said matters and things, all owning or claiming any such property, or any interest therein, as well as all others in any wise interested or affected, will take notice.

Done by the order of the City Commission of the City of Littlefield, Texas, this 6 day of August, 1929. W. G. STREET, City Secretary, City of Littlefield, Texas.

Proving

what thousands already know . . . that here is America's finest medium-priced automobile

The information in the accompanying chart was compiled by comparing the Oakland All-American with twenty other medium-priced cars, thirteen of them higher than Oakland in price. It proves to everyone what thousands of Oakland owners already know—that today's Oakland All-American is America's finest medium-priced automobile.

Only a few comparisons are given here. There are scores more which we will be glad to show you. Come in to see them. And while you are here, drive today's Oakland All-American Six.

<p>What these features mean to you</p> <p>Large piston displacement is needed to develop high power at moderate engine speed. Moderate engine speed is an important factor in the life of a car.</p> <p>No name in automobile coach building means so much as Fisher. Fisher bodies are famous for style, luxury and roominess. In addition, they hold such advantages as sturdy composite hardwood and steel construction, VV windshield, side cow ventilation and adjustable drivers' seats.</p> <p>Reasonably long wheelbase gives greater riding ease and road balance. Also permits use of longer, smarter, roomier bodies. At the same time, a small turning circle is essential to handling ease.</p>	<p>How Oakland compares with the field</p> <p>Oakland's 228 cubic inch piston displacement is greater than 12 of the 20 cars in its price field. Of the 8 remaining cars, 7 are higher priced than Oakland.</p> <p>Only Oakland and two other cars in the field offer bodies by Fisher. And one of the two is nearly \$100 higher in price than Oakland. Of the 18 cars which have less-known bodies, 11 are priced above the All-American Six.</p> <p>Only one car as low-priced as Oakland has a wheelbase as long as Oakland's, which is 117 inches. That car requires a turning circle to the left of 42 feet as compared with Oakland's 36 feet. Six higher-priced cars have shorter wheelbases.</p>
<p>PISTON DISPLACEMENT</p>	<p>FISHER BODY</p>
<p>WHEELBASE</p>	<p>PRICE</p>

Prices, \$1145 to \$1375, f. o. b. Pontiac, Mich., plus delivery charges. Spring covers and Leather Shock Absorbers included in list prices. Bumpers and rear fender guards extra. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only reasonable charges for handling and for financing when the G. M. A. C. Time Payment Plan is used.

Miss Louise Bagwell, who is attending a business college at Lubbock spent the weekend here with her parents.

Mr. and Mrs. L. A. Page and nephew, Weldon Page, of Frederick, Oklahoma, visited relatives over the weekend. Weldon will remain to visit with his father, W. G. Page, a few days.

Art Chesher has purchased a new Buick fordor sedan, 1930 model.

Harve Landrum, advance man for Harley Sadler show was here Tuesday.

Rev. Riley Potter, Baptist minister of Killeen, accompanied by his family visited last week with Mr. and Mrs. Paul Vause.

John Porcher and son, Mrs. Ross and Mrs. Bettes returned from points in the Rio Grande Valley, Sunday, leaving Mrs. Porcher in the sanitarium in Big Springs, for a few days.

Dr. Duke and James Shriley, after a short visit in Amarillo, returned Sunday. Dr. Duke brought back a very fine sample of some grapes grown in his yard.

Mr. and Mrs. G. M. Shaw and family, of Lubbock, formerly of Littlefield, passed through here Sunday, enroute to points in New Mexico to spend a two week's vacation.

Among those who attended the carnival in Amherst, Friday night were: Mr. and Mrs. Chester Pate, Miss Pauline Bruce, Rex Matthews, Stanley Doss and Elvis Caldwell.

Mrs. P. S. Johnson, Mrs. Porter Johnson, daughter Miss Lavesta, and sons Ben and J. P., of Memphis, visited last week in the home of J. C. Johnson and family.

G. C. Bell and family, Guy Blevins and Miss Irma Baker, left last week for New Mexico. They will visit friends on the Gila river, also in old Mexico before returning.

Mr. and Mrs. Lester Lawhorn, of Temple, were here last week the guests of Mr. and Mrs. Paul Vause, returning home Monday. Mrs. Lawhorn is a sister to Mrs. Vause.

Rev. Joe F. Grizzle, pastor of the First Baptist church in Portales, New Mexico, held the services at the First Baptist church here Sunday evening. His wife and daughter accompanied him.

Mr. and Mrs. Del Houk and son, of Pampa, Mrs. Thelma Anderson and son, Gene, Mrs. Velma Grantham and two children, of Clovis, New Mexico, visited Mr. and Mrs. Jim Houk last weekend.

E. Porter and son, J. N., left Monday for Hillsboro. They will return the latter part of the week and bring Miss Gladys, who has been visiting there for the past two weeks, home with them.

Mr. and Mrs. O. L. Terry and Miss Rena Sprowl, of Ft. Cobb, Oklahoma, and Mr. and Mrs. Armond Logan, of Lubbock, spent the latter part of last week with Mr. and Mrs. M. P. Reed and family.

John H. Arnett Motor Co. reports the following new Ford car sales: Sam Rumback, sport coupe and delux panel F. B. Talbot, Sudan, business coupe; T. M. Duggan, Amherst, truck chassis J. W. Reed, Sudan, phaeton.

Mrs. Souie Beaver, after a two months visit with her parents, Mr. and Mrs. J. C. Johnson, has returned to her home at Lakeview. She was accompanied for a short visit by Miss Johnnie Johnson.

E. Kancher and E. A. Tusha, division freight and passenger agents for the Santa Fe system, with headquarters at Lubbock, were in Littlefield Tuesday in the interest of their system. This division office is a recent establishment in the Hub City.

Wm. J. Wade, Roy Wade and Aubrey Wilf returned Tuesday morning from a two weeks vacation trip to Oklahoma and Arkansas. While in Oklahoma Mr. Wade had the pleasure of visiting with a brother he had not seen for 23 years.

County Agent D. A. Adam finding his present method of locomotion inadequate for the numerous calls and long distances of travel incident to his work throughout Lamb county, last week invested in a new Marquette coach. Adam has consented to let friend wife ride with him on Sundays.

W. T. Cain, of the local Buick company, met with a severe accident Monday morning while working on a car. His hand slipped cutting the artery in his left wrist, resulting in the loss of about a quart of blood before the surgeon could pick up the ends and get them to gether again.

Albert A. Weber, of Fredericksburg, accompanied by his wife, daughter Mrs. Elsie Harris, his son and grandchild, visited last week with J. W. Montgomery, of Fieldton, paying the Leader office a visit while here. Mr. Weber stated this was his first visit to the South Plains country, and he was greatly impressed with it. He intimated he might glue onto a piece of this fine land out here, and perhaps return later to live in this section.

when he could dispose of some of his property near Fredericksburg.

A new INNER TUBE?

Let the extra miles in CONOCO gasoline buy it for you....

If you keep an accurate record of gasoline costs, you know that every extra mile you get from a gallon is so much velvet. In the aggregate these extra miles represent a handsome saving—enough to pay for those greatly desired accessories you've had in mind; perhaps a pair of new inner tubes or an extra set of spark plugs. That's why it will pay you well to fill only at the Conoco sign—the red triangle—the symbol of extra miles. Conoco gasoline is refined to produce maximum mileage without in any way sacrificing those other essentials of a good motor fuel—quick starting and rapid acceleration. It functions efficiently at every step in the driving operation with special emphasis on power and mileage.

Look for the new Conoco Red Triangle. Fill 'er up. Then speed away for extra miles.

LITTLEFIELD TAILOR SHOP
Phone 101, Littlefield, Texas

Paw!
Seems as though "Paw" is out in the garage all the time since he lined it with Sheetrock and made it cozy and comfortable. Working in his shop all the time—and the old car never ran as well as it does now.
SHEETROCK—the fireproof wall-board, is easy to apply—saws and nails like lumber—big broad sheets that cover the space quickly (standard building sizes). Stop and look at a sample.
BUILDING MATERIAL GALORE
Remember—We have all kinds of building material—suitable for all sizes and types of buildings—large or small—commercial or residence, and for any accessory shed or building desired for any purpose—all best quality and highly desirable. Priced at a satisfactory figure.
SHELF AND HEAVY HARDWARE
Here is a good stock of general Hardware for all general needs. We can supply nearly anything desired in this line.
