Send Flag and Pole Dedication

W. D. Chapman, WOW District manager, and Mrs. Chapman, accompanied by George Hine of Abilene, State Manager, attended a flag and flag pole dedication ceremony at the Preventorium, a children's hospital for the treatment of tuberculosis at Amarillo, Wednesday.

The flag pole was presented in behalf of the WOW Camp 502 of Amarillo.

Mr. Hine has been a guest in the Chapman home since Wednesday. He was scheduled to return to his home in Abilene Saturday.

W. O. W. Circles Sponsor In an interview with Mr. Chapman, he stated that the hospital is sponsored by WOW circles, and was established in Amarillo for the treatment of tubercular children in 1937. Rip Underwood has assisted the hospital financially, and there is a clinic in connection with the project named after Mr. Underwood.

During the ceremony the children of the Home put on a short program, presenting several songs, and gave the "Pledge of Allegiance" to the Flag. The program was concluded by a special "Thank You" song by the children.

Wholesale Concern Is Burglarized

Robbers broke into the continental Wholesale office Tuesday night, taking a small amount of change that had been left in the cash register.

The break-in was made when the burglars removed the air-conditioner from the east window, and crawled through the opening. Officers are working on the case.

Courts and Cottages For Earth

Company on the Amherst-Earth highway, four miles south of Earth.

Located on Highway 70, on the east side of the city, the construction program will provide modern accommodation for 25 cars and trailers, including a community house, baths and natural gas, and will have an initial unit of 12 to 15 cottages, all equipped for cooking.

First Robin Arrives...Groundhog Sees Its Shadow...Spring is Here

The first robin arrived weeks ago, and may even have completed hospital arrangements for the expected arrival of some little robins; the groundhog didn't see his shadow; the legislature did redistrict the state; the income tax collector has not only made his March 15 knock on the door, but has just about broken it down.

the weather man either went to sleep on his "firing" job, or didn't pay his gas bill—and save the discount.

Not only was it that spring definitely had not arrived. There was ample evidence on even a Woolworth thermometer, whether bought at the old-time 10-cent store price, or the modern 49 cent version, that winter was still with us a big way—and was in no hurry to depart.

nled the temperature parachute, may not have been blue, but it certainly wasn't a rosy summer pink.

Over at Lubbock they chalked up a hailstorm with some rain, that brought upwards of half an inch of moisture. Locally it misted, and farmers put on their mufflers, and went on irrigating.

If by this time you're still interested in the weather, which some folks would call unseasonal; others unusual, the official low

reading on the gas office official weather recording device showed a low of 26 Saturday night, and not too much warmer Sunday.

And if you're wondering about what to wear on Easter Sunday, now only ten days away, or maybe what you can wear, we're not making any weather predictions. But, we can remind that Easter comes this year on the earliest date it possibly can, a date so early that it cannot be equalled, for another

half century, or until the year 2000 half century, or anything can happen, next Sunday. And just to emphasize, we might add, that there are some folks, who maybe get up earlier than others, who insist that the old groundhog is not only an unfailing prognosticator of the date of arrival of spring—but also—and this is important—say that he did see his shadow last month, and winter is still to be with us.

WOW AIDS HIGH SCHOOL BAND

In a special ceremony, during intermission of the Littlefield High School Band Concert presented in the high school auditorium last Thursday night, the national organization of Woodmen of the World, acting through its Littlefield Camp No. 3871, presented a check for a very liberal amount to the Littlefield High School Band. The presentation of the check was made by Bob Kirk, National WOW Committeeman, to Don Hayes, Band Director. The money was earmarked for band equipment, Hays said. In 1948 the high school group was official band at the WOW encampment at Hot Springs, Ark. They have since played for several other encampments, also. The Littlefield Band is rated as one of the leading bands in the State. In the above picture, left to right, are: Don Hayes, Director of the Littlefield Band; Merle Beard, Consul Commander of Littlefield Camp; W. D. Chapman, District Manager; and Bob Kirk, Member of the National Service Committee; at the rear to the left is Leroy (Buddy) Bates, President of the Littlefield Band; and at the rear to the right of the picture is Supt. Joe Hutchinson.

Earth Gets New Water System

Earth's new water system went into operation late this week.

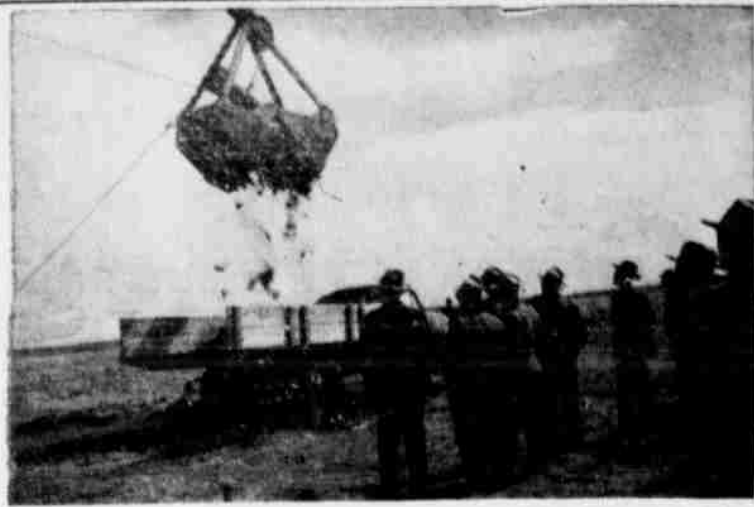

Financed by a bond issue of \$45,000, the water system has been under construction for several months.

The water tower and tank were completed this week and connecting business houses and residences with the new

water mains was underway Friday and Saturday.

Previous to this time Earth has not had a water system, and the new project marks a very important step in the growth of the thriving little city in the northwest section of the county.

Earth has been incorporated about three years

The first shovelful of dirt for the excavation for Plant "X", 11th base load power plant of the Southwestern Public Service Company, drops into a waiting truck. Plant "X", located between Earth and Amherst, Texas, will have a capacity of 150,000 kilowatts by June 1953, and will be the largest plant in the Public Service Company's interconnected system. The first two units of the new plant will represent an investment of \$16,000,000.

These Women: DON'T TAME THAT SHREW!

By CYNTHIA LOWRY
AP Newsfeatures Writer

If a man wants to be a howling success in the world of business and dollars, his greatest assets are a nagging, shrewish wife and a home he'd prefer to stay out of.

This shocking theory about success was tossed from a radio one day recently when I was already feeling bad from a touch of gripe.

This radio expert went on to say that every person carries his family to and from his job, and that a guy who is worried about his beloved's head cold or his heir's mumps isn't likely to do such a good job of riveting on a production line or pistol-whipping statistics in a ledger.

Rovers Make Best Salesmen

The men who make the best traveling salesmen, he says flatly, are the gents who look forward to long periods of freedom, hotel life and expense accounts away from the harassment of their better halves. On the other hand, the fellow who reluctantly abandons his comfortable nest and longs for his smiling, loving helpmeet is likely to return to the home office with a blank sales book.

It's the same with the business types who are chained to a desk or shop, continued the air-wave analyst. The man who will do anything — including hanging around the office working at night — rather than go home to a disagreeable, nagging spouse is likely to wind up president of the company in practically no time at all.

Married Men Get in Rut

By the same logic, the happily-married man at an adjoining desk who cuts for home when the clock strikes 5 P.M., is doomed to sit out his life until pension time at that same desk, doing the same old task.

This approach to the why and wherefore of business success struck me as pretty cynical and certainly not in line with the American legend. By his yardstick, the sympathetic wife who works overtime to maintain a comfortable home and establish a pleasant, good-natured family relationship actually is working overtime to deprive herself of a mink coat and a fish-tailed automobile.

By this measure, the nation's Horatio Alger boys and the business tycoons are nothing but a frustrated, uneasy characters with nicer futures who are trying to substitute a holding company for personal happiness.

Success Induces Jealousy

But the radio Solomon wasn't finished. Many wives, said he in a level tone, actually don't want their husbands to get ahead and become lord of all the business they survey. Frequently wives become jealous of their husbands' success, said he, and go out of their way to puncture their spouses' male egos just to inflate their own.

Furthermore, many wives become unhappy when their spouses start climbing into higher income brackets, feel uneasy in other strata of the social structure and would rather maintain the status quo, their old friends and the familiar house, furniture and budget.

Because we Americans are suckers for the success story, the possibility that every man has a chance to be president, and because we are pretty apt to judge a man's worth by the size of his income, this theory has given me, at least, something to chew over.

Some Wives Help Success

I find the theory totally unpleasant. I want to believe that successful American men are the ones who have intelligent, diplomatic, understanding wives who help their men on the steps up the ladder. And I prefer to think that these men are inspired to keep up their performances because of the nice home-life they have.

Besides, even this jaundiced fellow didn't say that the size of one's income and the importance of his title were the only measures of success in life. All he said was that there were many jobs that an unhappily married man did better than a happily married man.

Billy Tops Managers In Length of Service

BY SID KRONISH
AP Newsfeatures Sports Writer

New York—A major league man-
ager's job is about as steady as
that of a department store Santa
Claus.

The manager with the longest
continuous service in his present
job is Billy Southworth. Billy has
piloted the Boston Braves since
1945.

A year ago the venerable Connie
Mack held the seniority rights in
the big time. He was just starting
his 50th year supervising the Phil-
adelphia A's. But Connie was an
owner-manager.

Seventh Season With Braves
This is Southworth's seventh
season as Braves' pilot. The rest
of the 15 mentors are comparative
newcomers—in their present posi-
tions, that is.

For six, 1951 is their first full
ful season in their current posts.
The neophytes are Paul Richards
of the White Sox, Al Lopez of the
Indians, Jimmie Dykes of the A's,
Marty Marion of the Cards, Chuck
Dressen of the Dodgers and Steve
O'Neill of the Red Sox. Burly
Steve, you will recall, replaced Joe
McCarthy in Beantown last June.

However, nine of the 16 pilots
can boast of experience as lead-
ers of major league clubs in other
years.

Before coming to the Braves
Southworth managed the St. Louis
Cardinals from 1940 through 1945.
During that time he led the Red-
birds to three consecutive pen-
nants and two world's champion-
ships. In 1942 the Cards beat the
Yankees in the Series (four games
to one). As a major league man-
ager, Southworth always has fin-
ished in the first division.

Frankie Frisch once led the
Cardinals, too. Frisch's men—in-
cluding the Deans, Pepper Mar-
tin and Ducky Medwick—were la-
beled the Gas House Gang. Onkle
Franz also had command of the
Pirate ship for six years. Now he's
the Chicago Cub master.

'Boy Wonder' of Baseball
Bucky Harris was called the
"Boy Wonder" when he piloted
the Senators to a world's cham-
pionship in 1924. Since that time
Bucky has been bouncing around
the managerial posts like the pro-
verbial rubber ball. He was boss-
man of the Tigers, Red Sox and
the Yankees. With the latter he
won a world series in 1947. Har-
ris also had a short tenure with
the Phils—about three months'—
worth in 1943. Now he is working
for Clark Griffith in the nation's
capital for the third time.

Luke Sewell, now in charge of
the Cincinnati fortunes, can be
remembered for leading the St.
Louis Browns to their first pen-
nant in 1944.

And who can forget Lippy Leo
at the helm of the Dodgers?

Major League Lineup
Looking back only a few years
—say to 1947—here's how the ma-
jor leagues lined up in the man-
ager department.

American League: New York—
Bucky Harris; Boston—Joe Cro-
nin; Cleveland—Lou Boudreau;
Detroit—Steve O'Neill; Philadel-
phia—Connie Mack; St. Louis—
Herold Ruel; Chicago—Ted Ly-
ons; Washington—Ossie Bluege.

National League: Brooklyn—
Burt Shotton; Chicago—Charlie
Grimm; Boston—Billy South-
worth; New York—Mel Ott; Phil-
adelphia—Ben Chapman; Cincin-
nati—Johnny Neun; St. Louis—
Eddie Dyer; Pittsburgh—Billy
Herman.

Brooklyn Trainer Burch 49-Year Turf Winner

AP Newsfeatures

MIAMI, Fla.—The name is Pre-
ston Morris Burch.

Burch has long been tops on the
American racing scene because the
horses he parades postward often
give a good account of themselves.
Among his fellow horsemen he is
also held in high regard and
served several times as president
of the American Trainers Associa-
tion.

Not only did Burch send out in
1950 horses which won a total of
\$651,39 in purse money, but he
made the unprecedented record of
etting 17 of his horses in the win-
ner's circle for stake races. He
also had 17 seconds and 10 thirds
in stakes.

The Preston is for his father,
the late William Preston Burch,
who started training horses in
1865 after serving on Gen. Wade
Hampton's Confederate staff.

The Morris is for an uncle, the
late Green B. Morris, who trained
Apollo, the 1882 Kentucky Derby
winner.

First Won in 1902

Preston Morris Burch, more fa-
miliarly known on racing pro-
grams as P. M. Burch, sent out
his first winner 49 years ago at
the old Gravesend track in Brook-
lyn.

Under Burch's guidance last
year the Brookmeade Stable fi-
nally broke the money winning
stranglehold which Calumet Farm
had held for five years.

Greek Ship was Burch's top
racer in 1950. Previously he condi-
tioned such standouts as Fire-
thorn and White Clover II—both
Belmont Stakes winners.

Horse With Future

However, the horse which
stands out best in Burch's mind
is George Smith. He raced at the
time when Burch was general
manager for John Sanford's racing
string. The outbreak of World
War I forced Burch to return to
America. He had been training
Sanford horse in Europe.

While attending the races at
Havre de Grace in 1915, Burch
pointed out George Smith to San-
ford and told him that it was his
opinion that the colt would be-
come a great 3-year-old. Negotia-
tions began that August and the
deal to purchase the juvenile was
closed two months later. The
horse was trained for his 1916
Kentucky Derby victory by Hollis
Hughes but the following year
when Hughes went into the Army,
Burch took over.

Set Record in First Start

"George Smith was a great one,"
recalls Burch. "In his first start
he set a new track record for 4½
furlongs and in his final race he
established a new 1½-mile mark
in the Bowie Handicap. In that
race he defeated Omar Khayyam,
the 1917 Derby winner, and Ex-
terminator, the 1918 Derby win-
ner. To my recollection it's the
only time that three Derby win-
ners were in the same race and
finished one-two-three."

During his long career Burch
trained and raced horses in
France, Belgium, Italy and Ger-
many. He has worked for William
duPont, Harry LaMontagne, Mr.

and Mrs. Walter Jeffords, Long-
champs Stable and the Howe Sta-
ble, among others.

At present, Burch is training
Bold, a Kentucky Derby eligible
at Hialeah.

Won First Start Easily

Bold, a By Jimmy-Little Rebel
colt, lost only once as a 2-year-
old. He won a trial at Aiken,
S.C., last spring and when he got
to the races on Nov. 6 for his
first official start he won a 5½-
furlong sprint at Jamaica by seven
lengths.

Eleven days later in the Pin-
lico Futurity he led until the
stretch and finished second to Big
Stretch. On Nov. 23 he won the
Endurance Handicap at Bowie but
for swerving in the stretch he
was disqualified.

Burch has several other 3-year-
olds eligible for the Derby but
Bold appears as Brookmeade's
best bet. New York handicapper
John B. Campbell rates Bold pret-
ty high, too. In his Experimental
weights the By Jimmy colt
ranks eighth, being scheduled to
carry 115 pounds.

Mr. and Mrs. J. D. Dodgen and her mother, Mrs. S. J. Farquhar, accompanied by Mrs. J. R. Coen, and son Bob and daughter Mary Jane, and also George Porcher, son of Mr. and Mrs. John Porcher, early Saturday morning for Oklahoma City, where they attended the wedding of the Dodgen's son Jack to Bernice Oldfield.

The wedding was scheduled to take place Saturday night at 8 o'clock in the auditorium of the First Christian Church, with the pastor reading the marriage vows. Bob Coen, life long friend of the bridegroom was to act as best man.

While the Littlefield group are in Oklahoma City for the wedding they will be house guests in the home of Mr. and Mrs. R. A. Davis who are former local residents. Mr. Davis will be remembered by "old timers" as a bookkeeper for Cameron Lumber Co. They plan to return home Sunday night.

The first application for a commercial television broadcast license was filed in 1939 by the Milwaukee, Wis. Journal, which now owns WTMJ-TV.

MRS. ALVIN WEBB HOSTESS TO CLUB WOMEN FRIDAY

Mrs. Alvin Webb was hostess to members of the Art Department of the Woman's Club when the group met at her home Friday afternoon. Co-hostesses were Mrs. Paul Hyatt and Mrs. Elmer Mc-

Mrs. Webb gave an interesting demonstration on "oil painting as a hobby".

Following the meeting the ladies wrote short notes to Mrs. Paul Pharris a member, who is now in Los Angeles, California with a sister who is ill.

Mrs. W. B. Little, president, presided during a brief business session, and plans were made for a "work session", at the next regular club meeting, April 13, when the department will meet at the Legion Hut. Hostesses will be Mrs. W. G. Street and Mrs. C. O. Stone.

Following the meeting Friday, the hostesses served refreshments from a table laid with a green linen cloth, centered with an arrangement of white snapdragons. Shamrocks were used as plate favors, and cookies cut in shamrock shape trimmed with green icing, and ribbon sandwiches filled with green colored sandwich mix and nuts were served. Mrs. McKinney presided at the tea service.

Attending were Mesdames C. R. Cox, Rochelle, Terrell, W. B. Little, Carl Arnold, Staggs, Charles Smith, Hill Rogers, Earl Dreup, Cal Harvey and hostesses.

Miss Doris Twilley and Nolan Ray Raney Married Friday Evening

MR. AND MRS. NOLAN RAY RANEY

Miss Doris Twilley and Nolan Ray Raney were united in marriage at the First Baptist Church at Clovis, New Mexico Friday night at 8 o'clock, with the pastor, Rev. Storm, performing the single ring ceremony.

The bride wore a blue tulle dress with white accessories, and a corsage of white carnations. Her bridesmaid was Miss Luree Campbell, who also wore a blue dress

with white accessories and a corsage of white carnations. Bobby Dillard Bestman, Bobby Doe Dillard acted as best man.

For her son's wedding Mrs. L. N. Raney wore a black gabardine suit with white accessories and a corsage of white carnations.

Attending the ceremony were Mr. and Mrs. George Thompson, aunt and uncle of the groom, Mr.

and Mrs. Tommy Adkins, Walter Sewell, Mrs. Steve Wilson, Miss Juanita Hamilton, Miss Mary Daniels, Miss Dessis Turner, Miss Donna Cotham, Miss Jean Dirickson, N. F. Roberts of California, house guest in the raney home, Pat Wallace and Bill Haynes, and the bride's sisters, Misses Mickey and Jean Twilley, and the groom's parents, Mr. and Mrs. L. N. Raney and their daughter Maryetta.

Employed At Local Hospital
The bride is a former resident of Amherst, and for the past two years has been employed as nurse's aid at the Payne-Shotwell Foundation.

Mr. Raney attended school here for a number of years, until the family moved to Salinas, California, where he graduated from the high school in 1947. He is now employed as cashier at Furr Food Store where he has worked for the past several months.

The newly married couple are now at home on the corner of West Ninth and Westside Avenue.

Mrs. Charles Mills Honoree at Lovely Bridal Shower and Tea

The Spade Methodist Church was the scene of a pretty party last Thursday afternoon, March 8, when Mrs. Charles Mills, the former Miss LeVey Walker, daughter of Mr. and Mrs. Carl Walker, West Second Street, was complimented with a bridal shower.

Hostesses for the occasion included Mesdames O. D. Brown, A. B. Brown, R. N. Nichols, M. D. Hall, L. J. Swanson, W. T. Cook, E. C. Hardiman, L. E. Presley, C. W. Rossen, Eldon, Gray, E. J. Foust, A. D. Short and T. S. Tyler.

40 Guests Call
Approximately 40 guests called, and registered in a bride's book, presided over by Mrs. L. J. Swanson.

A yellow and white color scheme was featured in decorations and refreshments.

Unique Table Decorations
The table laid with a lace cloth over yellow was centered with a "wishing well", designed by Mrs. T. S. Tyler. The well was stopped with a yellow roof covered with green vines and white flowers, with a curb of yellow and white crepe paper and a plastic foam bucket. Beside it stood a miniature bridge, dressed in white net. Yellow candles in crystal candelabra completed the table decoration.

An entertaining program was presented when Mrs. Akins, a member of the school faculty presented five of her pupils in two songs and a panorama accompanied by Barbara Mouser at the piano. Mrs. Solesbee read two poems, and Mrs. A. B. Brown read "Recipe for a Happy Family". Wedding gifts were presented in a unique manner.

C. S. Duncan Family To Spend Easter At Austin

Mr. and Mrs. C. S. Duncan and sons, Freddie and Bert, are leaving today (Sunday) for Austin, where they will spend until after Easter in the home of Mrs. Duncan's parents, Mr. and Mrs. R. T. Badger.

Mrs. Duncan reports that she just received a message from Austin to the effect that her son, Jimmy, who is a Junior in the University, majoring in business administration, had been called into the service, and would take his physical examination Thursday, March 22, at Beaumont.

The Duncan family will return to Littlefield after Easter.

Family Night To Be Observed at Country Club by Members Friday

"Family Night" was observed Friday night, by members of Littlefield Country Club, when the group met at the club house at 7:30 o'clock for a covered dish supper and a social evening.

Following supper members played games, and danced.

Those who acted as hostesses Friday night were Mesdames J. H. Hagler, Bob Crowl, Roy Young, Ray Doods, U. D. Walker, Paul Hyatt, Elton Hauk and Glen Burk. Those who were in charge of entertaining the children were Mesdames Walker, Burk and Hyatt.

The second of a series of carnavalesque parties was held Monday night. There were 12 tables in play, with the ladies making a higher score than the men. These parties are for club members only.

The Board of Directors of the club met in a called meeting Tuesday night. The officers voted to amend the charter, and to open the way for extension of membership.

Membership to 100 members, but under action of the Board Tuesday night, it will be permitted to take 25 additional members, who can be shareholders and eligible for a vote.

The Board also discussed hiring a club professional and action will probably be taken in the near future.

Mrs. R. L. Woods Hostess to Church Women Monday Last

Mrs. R. L. Woods of W. Third Street was hostess to members of the Woman's Missionary Society of the Parkview Baptist Church which met at her home Monday afternoon.

Mrs. C. J. Lewis taught the Bible lesson, after which refreshments were served.

Last week the group met in the parsonage, with the pastor's wife, Mrs. E. W. Ingram leading the mission study week of prayer program.

Wilson Youth Wins Cotton Award Outstanding Record Accomplished

LEGE STATION, March 15. Melvin Edwards, 15, Mr. and Mrs. Hubert Edwards, Route 1, is one of 4-H cotton producers in the state to receive an Anderson-Clayton scholarship for the outstanding record he made in 1956. List of winners was released at state 4-H club leaders of A. and M. College.

Winner will receive a \$200 scholarship provided he enrolls in college. The award is furnished by the Anderson-Clayton company of Houston. The 4-H cotton improvement program is sponsored by the Agricultural Extension Service.

Edwards is a member of the Wilson club and attends the Wilson School. He has been a member for six years and has had demonstrations with cattle, dairy cattle, swine, garden and field crops. He is a member of the Wilson club and has won many awards in meat animal, farm safety, entomology and last year a district winner in the club. His livestock entries won many ribbons in local and state fairs.

Edwards is now a junior leader in the club and is active in school affairs, being a member of the football and basketball

Whitharral Students To Stage Banquet

The second annual Whitharral ex-students banquet is scheduled for Friday night, March 23, at 8 p.m. at the Whitharral High school, J. B. Harbin, president of the organization, announced this week.

Both Harbin and Murry C. Stewart, vice president of the group, are urging all exes to make plans to attend the meeting, although they may not have received a formal invitation in that it is impossible for the organization to secure addresses of all former students.

Tickets will be \$1.50 per person. Those attending have been urged to indicate the number of guests they expect to bring.

Whitharral Lions Observe Family Night Recently

(Special)—Monday night was family night with the Whitharral Lions club. Each lady brought a covered dish for the eats of the evening. Canasta and "42" served as entertainment for the social hour.

Present were the following families: Messrs. and Mesdames H. G. Walden, Bryan Hulse, Joe Anne, A. P. Grant, Buck Grant, Coy Grant, Harvey Tubb, Charlie Landers, Coda Stephenson, J. M. Mixon, R. L. Heard, Curtis Stafford, T. C. Wade, and Murphy Byrd.

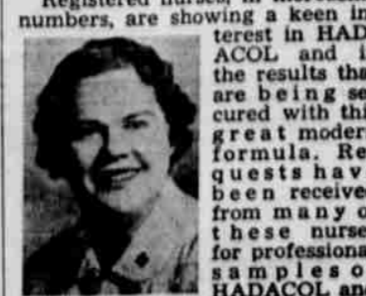

From the demonstration, I gained much valuable experience which I can use in the future.

Melvin's demonstration was supervised by Lynn county agent W. B. Griffin.

HADACOL Is Requested By Nurses

HADACOL Helps Folks Suffering Deficiencies of Vitamins B₁, B₂, Niacin and Iron.

Registered nurses, in increasing numbers, are showing a keen interest in HADACOL and in the results that are being secured with this great modern formula. Requests have been received from many of these nurses for professional samples of HADACOL and many of them indicated that they recommend the HADACOL formula to patients who are deficient in Vitamins B₁, B₂, Iron and Niacin.

Mrs. L. D. Lovett, a registered nurse who lives at 2205 Walnut St., Philadelphia 3, Pennsylvania, says this about HADACOL:

"I was down in Florida for the past month. I had no energy so several members of my family told me to try a bottle of HADACOL. My sister, who is a nurse, was taking a bottle so I tried a bottle. I feel fine since taking HADACOL. I do private duty here. I am 50 years old."

HADACOL can help you if you suffer such deficiencies. Ask your druggist for HADACOL today. Only HADACOL gives you that "Wonderful HADACOL feeling."

Here's a Lovely Pink Easter Cake Made in a Jiffy with Instant Mix

If the children cry "Cake for Easter!" don't deny them. Make them happy with a Fluffy Pink Cake—two dazzling white layers put together with a luscious pink frosting, with chocolate bunnies for decoration.

It's the work of but an instant to make a downy light cake with a famous white cake mix that makes a higher, tenderer, finer, richer cake than ever before. It takes four minutes, to be exact, if you work quickly, from the time you open the package until you put the filled cake pans in the oven. Just add milk, beat—and bake.

The basic recipe for this versatile and adaptable mix gives a luscious white cake simply with the addition of milk. One package makes two generous eight-inch layers. Other basic recipes on the box tell how to make cocoa cake, yellow cake and white cake, all from the white cake mix; and new recipes appear on the box from time to time.

The white cake mix, put out by the makers of a famous cake flour, assures a light and downy texture wherever you use it, as there is a special package for high altitude baking.

FLUFFY PINK EASTER CAKE

Prepare the white cake mix as directed on the package. Frost with Fluffy Pink Frosting and garnish with chocolate candy Easter rabbits.

Fluffy Pink Frosting—Combine 1 unbeaten egg white, ¼ cup sugar, dash of salt, 3 tablespoons water, and 1 teaspoon light corn syrup in top of small double boiler. Beat 1 minute, or until thoroughly mixed. Cook over rapidly boiling water, beating constantly with rotary egg beater (or at high speed of electric beater) 4 minutes, or until frosting will stand in stiff peaks.

Remove from water. Add ½ teaspoon vanilla; beat 1 minute, or until thick enough to spread. Tint a delicate pink with red coloring.

GOVERNMENT'S PRICE FREEZE ORDER IS EXPLAINED AT LUBBOCK MEETING

A good representation of Littlefield merchants attended a meeting in the O. L. Slaton Junior High School auditorium, Lubbock, Thursday night to hear explanations of how the government's price freeze order will operate.

Approximately 500 retail merchants and others from over the 16 County South Plains area attended the meeting.

Among those attending from Littlefield were: Bob Crowell, Chamber of Commerce Manager, and Elton Hawk, Vernon Hofacket, W. B. Little, I. D. Onstead, Luther Woods, W. C. Thaxton, and Nelson Naylor.

C. J. Taylor, acting district price executive for the Office of Price Stabilization in Lubbock, explained ceiling price regulation seven to the merchants.

The regulation, issued Feb. 27, affects commodities commonly sold in men's and women's apparel and shoe stores, most of the items carried in furniture and floor covering stores, and more than 75 per cent of the volume handled by department stores.

Taylor told the group that merchants having an annual sales volume of less than \$20,000 on the items covered by the regulation have the option of remaining under the general freeze order and not turning in list prices on their commodities.

Others must submit a detailed list showing what they sold goods for on Feb. 24, what they paid for those goods and, therefore, what their margin was between cost and selling price.

"This pricing chart method allows each retailer to use margins based on his own previous experience, subject to checks added by the regulation which are designed to bring margins in line with those used by the retailer in the years before Korea," Taylor said.

March 29 is the deadline for having the list prices filed with the OPS, Taylor said. If a retailer was conducting a sale on Feb. 24, the list date, he added, he must submit his initial offering prices on such goods instead of the mark-downed sale price.

Numerous Good Affected

Included in the items which will be sold at list prices are almost all articles of wearing apparel, including shoes, all household textile commodities, and all furniture, rugs and lamps. Not affected are prices on food, beverages, gasoline

You and Your Congress

Congress began to pick up speed this week after two months of little productive effort in terms of legislation enacted.

But the weeks of committee hearings and study are beginning to pay off. A steady flow of laws is building up.

One of the most important of all the bills before Congress this year sped through the Senate. It calls for the drafting of 18-year-olds for the 24 months of military training and service.

Most attempts by Senators to make major revisions in the legislation failed. The most controversial amendment—by Senator Morse (R-Ore.) to set the new induction at 18½, was defeated on a roll call vote of 55 to 31. However, on motion of Senator Robertson (D-Va.) the Senate placed a 4,000,000-man limit on the size of the armed forces over the objection of military officials, who wanted no manpower limitation.

About the time final action was taken in the Senate, the House Armed Services Committee wound up weeks of hearings on similar legislation. Sentiment among the Committee members seemed to indicate a "take-it-easy" attitude, in marked contrast to decisive votes in the Senate. It seemed apparent, for example, that when the bill reaches the full House it will provide an 18½-year-old induction limit.

And Committee members were ready to vote for a large number of other restrictions which the National Defense Department could call damaging.

The bill prepared by the House committee is scheduled for floor debate next week.

The Senate next will consider a statement of policy on the raging debate over foreign policy.

The Senate Foreign Relations and Armed Services Committees have agreed to a resolution endorsing the President's plan to send ground troops into the North Atlantic Pact army without Congressional limitations.

As a spur to action, our military leaders have said that developments of the greatest importance to the troops-to-Europe question probably would occur within the next 30 days. There was no amplification of that statement.

Two Laggards in the legislative procession were the appropriations and tax bills. It is doubtful that those two big projects would be finished before mid-summer. Work was going ahead on both, however.

As usual, the House Appropriations Committee was conducting its hearings in secret on \$33 billion of President Truman's proposed \$71 billion spending program for the fiscal year which begins next July 1.

In two or three weeks, our military leaders will parade to Congress to explain what President Truman meant when, in January, he warned the Senate and House that our military during the next fiscal year will need at least \$41 billion in contract authority.

Hearings on President Truman's request for \$10 billion in new taxes now and another \$6.5 billion later have been going on in the House Ways Committee for more than a month and the end is not yet in sight.

The two-part program was spelled out in detail on February 5 by Treasury Secretary Snyder. Some committee members have said privately that Congress will accomplish whatever it finally does agree upon in one bill. The eventual total of new revenue probably won't be more than \$10 billion.

Investigations are taking up much of the lawmakers' time. Under way or planned soon, are investigation of the RFC, the Maryland election, organized crime, reports of the selling of federal jobs in Mississippi, communism in Hollywood and other places, internal strife in the Veterans' Administration, the price ceiling on raw cotton, surplus property disposals, the railroad strike, small business problems and alleged monopolistic practices.

... Ah, Spring!

ployer pays 1½ per cent, the worker 1½ per cent.

The employer can pay all of it if she wishes. Otherwise, she deducts the 1½ per cent from the employee's pay, adds 1½ per cent of her own, and turns the total into the Internal Revenue collector for her district.

If you employ a domestic worker and are not sure what to do or even that you come under the law, you can do this:

Write to your nearest social security office and ask for a pamphlet, called "Do you have a maid?" This gives a lot of information.

If you learn from it the law covers you, tear off the back which is a postcard and mail it, with your name, to the internal revenue collector for your district. He's the one who collects your income tax.

Then he'll do two things:

- 1. He'll send you a more detailed pamphlet, called "Household Employer's Social Security Tax Guide."
2. Before the date for paying your tax—in this case April 1—he'll send you a form 942 on which you make your return.

Farm workers: Farm operators (this means farm owners and tenant farmers) don't come under social security but people who work regularly on farms do. This means a maid or cook in a farm home or a farmhand who works outside.

You come under the law: 1. If you work for the farmer a preliminary three-month period—one full quarter—and then at least 60 days in the following quarter. Your social security credit starts with that second quarter.

Can Request Information: 2. And if you have been paid \$50 in that quarter after the preliminary one. The tax on you is the same as on a domestic worker in a non-farm home: 3 per cent on the first \$3,600 of your pay.

The farm operator must turn

Not All Covered: Starting Jan. 1 the new social security law covers domestic workers in non-farm homes and workers on farms—if they fit the rules.

Who are they: A cook, maid, gardener, chauffeur, or even a baby sitter if he or she fits the rules covering domestic workers. What are the rules?

A domestic must have been employed at least 24 days by the same householder in a quarterly period and earned at least \$59 in that quarter.

Quarters called the 24-50 test. The quarters are: January, February, March; April, May, June; July, August, September; October, November, December.

Procedure is Given: The tax must be paid in the month following each quarter. The total tax is 3 per cent on the first \$3,600 of a worker's pay. The em-

this in every three months, at the end of a quarter, to the internal revenue collector for his district. He puts up 1½ per cent, and takes 1½ per cent from your pay. He turns the total 3 per cent in to the internal revenue collector.

If you switche farms, your social security coverage stops until you've worked for the new boss a preliminary quarter, plus at least 60 days out of the next quarter.

A farm operator who still doesn't know whether his particular case comes under the law, can do this:

He can get a pamphlet, called "Notice to Farmers With Regular Hired Help" from his nearest social security office or his internal revenue office, or from his county agent, or from the office of the Production and Marketing Administration, local Production Credit association or National Farm Loan association.

This notice briefly explains the rules covering farm workers. Attached is a form which the farmer fills out and mails to the internal revenue collector for his district.

The latter will send him a "circular A" explaining fully how the law applies to farm workers. And every three months, when the tax is due, the collector will mail him a form 941 for filing the return and paying the tax.

Heart Disease is Not a Single Ailment

Too prevalent today is the belief that heart disease is the spell of doom and that one must cease all work and activity. Modern medical knowledge easily disproves this notion, and thousands of case histories bear witness to its falsity.

Heart disease, medical science now knows, is not a single ailment. Many troubles can afflict the heart—some less serious than others. While some restrictions are necessary, it is now generally true that patients with any form of heart trouble should be active within the limits of their capacity.

Not all persons with heart ailments can continue working at their same pace. Obviously there are those who require bed rest and often a very strict limitation of physical and mental activity. But there are many who can continue working, performing

some type of useful or productive activity, without fear that their hearts will suddenly give out.

A person with a mild heart disorder can in most instances perform any kind of job for which his skills qualify him.

No individual with a heart condition, it should be cautioned, should determine for himself whether he is able to work or not and how much work he can do.

Just as there are many who become cardiac invalids because of fear, there are those at the opposite extreme who ignore proper medical advice and subject their hearts to unnecessary strain and abuse by overactivity. Only a competent physician is qualified to say what are the limits of an impaired heart.

'Modernizing' Peiping:

Reds Chipping Away At China's Great Wall

AP Newsfeatures

San Francisco—The Chinese Communists have ambitious plans for Peiping site of Imperial China's magnificent Forbidden City—now capital of Red China.

Russian city planning experts are said to be taking part in a program to "modernize" the city, which Kublai Khan extensively rebuilt as his capital in the 13th century.

A Peiping radio broadcast credits Soviet city planners with "invaluable assistance" in the modernization scheme.

The broadcast, heard by The Associated Press in San Francisco, quoted Gen. Nieh Jung-Chen, acting chief of staff of the Communist armed forces and also mayor of Peiping as saying:

Reds Plan New Peiping

"A basic change is taking place in the whole trend of city construction. A new Peiping is taking shape."

Gen. Nieh, observing the second anniversary of Peiping's fall to the Chinese Red army, did not say what the building plans included.

However, in the two years since the Reds entered the city, there have been great amounts of contemplated improvements. There were plans for a sort of "Red Moscow" Moscow style.

There was also mention of building stones taken from the ancient Great Wall of China, which runs within 30 miles of Peiping at one point. These were to be used for construction work.

First Payments of Social Security Tax On Many Farm, Home Workers Due April 1

The time is near for payment of the first social security tax on people employed in non-farm homes and on farms.

This tax—covering the quarterly period of January, February, March—should be paid between April 1 and 30 by the housewife or farm owner.

What follows is for the benefit

Capital Contains Seven 'Cities' walls of Peiping and its towering gates actually separate seven different "cities" inside the one big capital. There is a Tartar city in the north, and a Chinese city in the south, the Imperial city where court dignitaries once lived, and other districts representing periods from its past.

The innermost of these is the "Forbidden City," with its cluster of aging yellow-tile-roofed palaces and cobble-stoned courtyards, richly ornamented with marble.

The Communist improvement program recalls similar efforts by the Japanese during their occupation of Peiping from 1937 until the end of World War II.

Now, under its new Communist masters, Peiping may add an eighth "Red City" to its seven other layers from the past, or it may ignore them as it did the Japanese.

of those in both groups if they're uncertain about their case and need further information on what to do.

Not All Covered

Starting Jan. 1 the new social security law covers domestic workers in non-farm homes and workers on farms—if they fit the rules.

Not all will fit the rules and so are not covered. Since the rules are slightly different for both groups, they'll be handled separately here.

People (domestic) in non-farm homes:

Who are they: A cook, maid, gardener, chauffeur, or even a baby sitter if he or she fits the rules covering domestic workers. What are the rules?

A domestic must have been employed at least 24 days by the same householder in a quarterly period and earned at least \$59 in that quarter.

Quarters called the 24-50 test. The quarters are: January, February, March; April, May, June; July, August, September; October, November, December.

Procedure is Given

The tax must be paid in the month following each quarter. The total tax is 3 per cent on the first \$3,600 of a worker's pay. The em-

When Nasty Colds Leave You WEAK AND RUNDOWN HADACOL CAN HELP

Your System Lacks Vitamins B₁, B₂, Niacin and Iron, Which HADACOL Contains

When a nasty cold leaves you in a weakened and run-down condition, HADACOL can help build you up if your system is lacking Vitamins B₁, B₂, Niacin and Iron, important elements contained in HADACOL. Many folks have found that this fine family helps overcome these deficiencies and soon they feel good

Mrs. A. Jimenez, 141 East St. Port Arthur, Texas, HADACOL to her young son, Floyd, after he had recovered from a bad cold she heard how HADACOL was helping folks suffering from deficiencies of vitamins B₁, B₂, Niacin and Iron. It helped him so much in regaining his strength and energy that Mrs. Jimenez says she is always going to have HADACOL on hand for

recovery from a siege of a bad cold. He was very run-down, lacked an appetite, and I started giving him HADACOL. After about a bottle and a half I could not see an improvement. His appetite picked up and he had increased strength. I think HADACOL has done wonders for Floyd, and can't praise it enough. I have continued to give him HADACOL and intend to always have it on hand for Floyd."

Women and children of all ages are praising HADACOL for supplying Vitamins B₁, B₂, Niacin and Iron which their systems need. Don't let that "After-Cold Run-down Feeling" drag you down. HADACOL can help you, too, if you suffer such deficiencies. It's on a strict money-back guarantee. You'll feel great after just a few bottles you take or your money back. Trial size, 1.25. Floyd J. Williams Dies Thursday

Floyd J. Williams, 45, farmer of seven miles north of Earth, passed away at the South Plains Hospital, Amberst, about 9 a.m. Thursday. He had not enjoyed good health for the past year, and was stricken with a heart attack the day previous to his death when he was taken to the hospital.

Last Rites Friday
Funeral services were conducted Friday at the Earth Methodist Church, with the pastor, Rev. Carl McMasters, officiating. Interment, in charge of Hammons Funeral Home, took place in the Earth Cemetery.

Earth Resident Many Years
Mr. Williams was a member of Earth Methodist Church at the time of his death. He had lived in that area for 20 years, with the exception of about five years spent in war work in California during World War II.

His father, W. H. Williams, who also lived at Earth, passed away several years ago.

Survivors include his widow and three children, Barbara Ann, Kenneth and Melvin, all of Earth; his mother, Mrs. Myrtle Williams of Abilene; and one sister, Mrs. David W. Binkley of Anson.

Sundown Man Dies in Wreck

A 46-year-old Sundown oil worker, apparently en route to Oklahoma to attend funeral services of a relative, was killed early Thursday morning when his car left the highway near Muleshoe and struck a high line pole.

Dead is T. J. Whittington, an oil pumper for the Stanolind Oil company. He was dead when a Muleshoe night watchman arrived at the scene two miles east of Muleshoe on U. S. Highway 84 about 4 a.m. Death was believed to have occurred about 3:30 a.m.

Wrecked Car Found
The wrecked 1950 automobile was discovered by an Amarillo newspaper delivery boy who notified Buck Cramer, city night watchman for Muleshoe. Cramer found Whittington's body lying in a field about 20 feet from the machine.

Whittington was believed en route to Oklahoma to attend services for his father-in-law. His wife and a 12-year-old daughter already were in Oklahoma. Whittington had two other daughters, both married.

Whittington's death was the the South Plains this year. Body was taken to Muleshoe Funeral Home.

Thomas Lowe Arrives For Funeral Service

Mr. and Mrs. Thomas Lowe of Ontario, California, arrived here Wednesday morning, shortly before funeral services were held for his mother, the late Mrs. M. E. Lowe, Wednesday afternoon. They are remaining a few days and are visiting in the home of his sister, Mrs. W. M. Petricola at Lubbock.

When first notified, Mr. Lowe believed it would be impossible for him to attend the services, but after checking plane schedules they decided to make the trip.

Mrs. E. D. Johnson, the former Miss Velma Lee Lowe, of Houston, who made her home here with her grandmother, Mrs. M. E. Lowe, was unable to attend the funeral services, due to ill health.

Presbyterian Men's Council Hear Guest Speaker

A meeting of the Presbyterian Men's Council was held Thursday night in the church basement, with Rev. W. F. (Bill) Rogan, director of Westminster Student's Council bringing a special message, "Men and the Church", was the title of his inspiring talk.

Preceding the meeting a supper was served consisting of scrambled eggs, bacon, hot biscuits and coffee, prepared by H. P. Sharp, Eagle Rodgers, and Byron

Accident Victims Are Improved

Burton Harper, of Smyer, who was injured in a car accident on Highway 54, near Amberst early last Sunday morning, was able to be dismissed from the Payne-Shotwell Foundation Friday.

E. E. Blair who was more seriously injured in the same accident is still a patient at the hospital, but his condition is much improved. He was given only a 50-50 chance for recovery when first admitted, but doctors now believe that he will recover. He received a punctured lung and also a punctured kidney and a fractured spine and other injuries.

The accident happened when the two men were returning home from Amberst shortly after midnight Saturday night. An air-pocket or sudden gust of wind is believed to have been responsible for the accident. The Ford-pickup they were driving suddenly careened, and turned over several times. The men were finally picked up and brought to the local hospital, by a passerby who was driving a large truck.

At about the time of the accident the young man's wife and his parents, Mr. and Mrs. E. B. Blair, Sr., whose home is at Anton, were visiting their other son, Roy Lee Blair, who is in the Navy and stationed at San Diego, Cal. Relatives tried to reach the injured man's wife and parents, but they were enroute home and could not be reached. They did not know about the accident until they arrived home Tuesday.

MAHON BACKS BILL TO IMPORT MEXICANS IN COTTON HARVEST

West Texas cotton farmers simply must have ample imported Mexican labor this year to harvest their predicted three million bale cotton crop, Rep. George Mahon of Lubbock told the House agricultural sub-committee on farm labor Wednesday.

Mahon testified in favor of the bill authored by Rep. W. R. Poage of Waco, chairman of the sub-committee, which proposes to bring in large numbers of Mexican laborers.

Mahon blamed the amendments to the fair labor standards act in

1949 for the loss of native south Texas Mexican laborers. That amendment provides that school children shall not engage in agriculture labor during school hours when school is in session. This law will curtail the normal flow of labor to West Texas, making the importation of foreign labor imperative, he said.

Mahon said he is advocating changing the fair labor standards act of 1938 as amended in order to permit children in farm families to work in the cotton fields. Rep. O. C. Fisher of San Angelo and

Rep. Walter Rogers of Pampa have already introduced such legislation and Mahon's draft of a bill for that purpose will be dropped in the legislative hopper this week.

Mahon said the Poage bill is favored by farmers in his 19th District comprising the South Plains. "They might prefer a few minor changes, but basically they think the bill is about the best that can be hoped for under the circumstances."

Unwise Provision
Mahon termed the provision in the fair labor standards act, prohibiting children from working as an "unwise provision that has done great injury to farmers of certain portions of Texas. It has

contributed to a lessened educational opportunity for the children involved," he said, adding it means that "much of our Mexican labor which we had formerly utilized in West Texas will not be available during 1951."

"I have advocated repeal of this amendment to the fair labor standards act," he declared.

"Therefore it is absolutely imperative that we get the maximum number of laborers from Mexico to help us with the harvesting of our cotton crop."

Predicting that his district which last year produced about one-seventh of the nation's cotton crop will this year produce 3,000,000 bales, Mahon said, "It doesn't do any good to produce the crop

unless it can be harvested. We have simply got to have legislation regarding child labor repealed and if workable legislation designed to bring a maximum of foreign labor from Mexico is approved, it will be impossible for us to harvest 1951 cotton crop in West Texas."
