

# Eddins Of Sudan Co-captain 1951-52 Raider Squad

Jim Eddins, a Texas Tech senior from Sudan, has been named as co-captain of the 1951-52 Red Raider basketball team.

Eddins was a top defensive player for the Raider team last year. Co-captain along with him is Jack Alderson of Lubbock.

Littlefield football fans should well remember Eddins because it was this young man who quarterbacked the Sudan Hornets to their only victory over Coach Fike's Wildcat football team. That was back in 1947 when the Hornet squad handed the Cats the worst defeat ever handed them since Fikes has been coach here.

It was on Thanksgiving Day at Sudan when Eddins and Ralph May handed the Cats a 34 to 6 defeat and the only defeat ever suffered by Fikes from the Hornets.

Featuring All-America candidate six foot, 10 inch Paul Nolen, the Red Raiders open an ambitious 1951 schedule on Nov. 29 when they tangle with Texas Western, Hardin-Simmons and Wayland College in the Tulla invitation tournament.

**Face Top Eastern Teams**  
The Red Raiders go on the road, facing some of the top teams in the East before opening Border conference play. The team faces North Carolina State at Raleigh Dec. 13; St. Joseph's at Philadelphia's Convention Hall, Dec. 15; Vanderbilt at Nashville, Dec. 17; TCU at Dallas Dec. 19; and Southern Methodist at Dallas, Dec. 20.

Returning lettermen include Irl Brown of Katonah, N.Y., Virgil Johnson of Lubbock, Lewis Martin of Dimmitt, Verdell Turner of Lubbock, Nolen, Alderson and Eddins. Incoming freshmen also eligible for varsity play this season are Scotty Grundy of Memphis, Maurice Pair of Muleshoe and John Pittman, Charley Rand, Bobby Day and John Deitering, all of Lubbock.

# WILDCATS FACE REAL TEST IN LOBO GAME FRIDAY NIGHT

The Littlefield Wildcats will get their first real test this week in conference play as they play host to the powerful Levelland Lobos at Seely Stadium.

The Lobos have to win the game to stay mathematically in the race. It is their last game of the season and they have to win it whereas the Wildcats still have one game left and that with the team that beat the Lobos, the Brownfield Cubs.

Levelland lost to Brownfield and Seminole while the Cats have dropped only one game and that

to the Seminole Indians. The Indians beat Levelland 12 to 0 and defeated Littlefield 26 to 24.

Brownfield will go to Morton for a game with the hapless Indians and should take this one by any score they feel like. The Muleshoe Mules are idle.

DISTRICT 7-AA Season Standings				
Team	W	L	T	Pts. Opp.
Brownfield	7	0	1	265 73
Littlefield	7	1	0	226 97
Levelland	7	2	0	188 92
Muleshoe	3	6	0	137 144
Morton	1	7	0	46 171

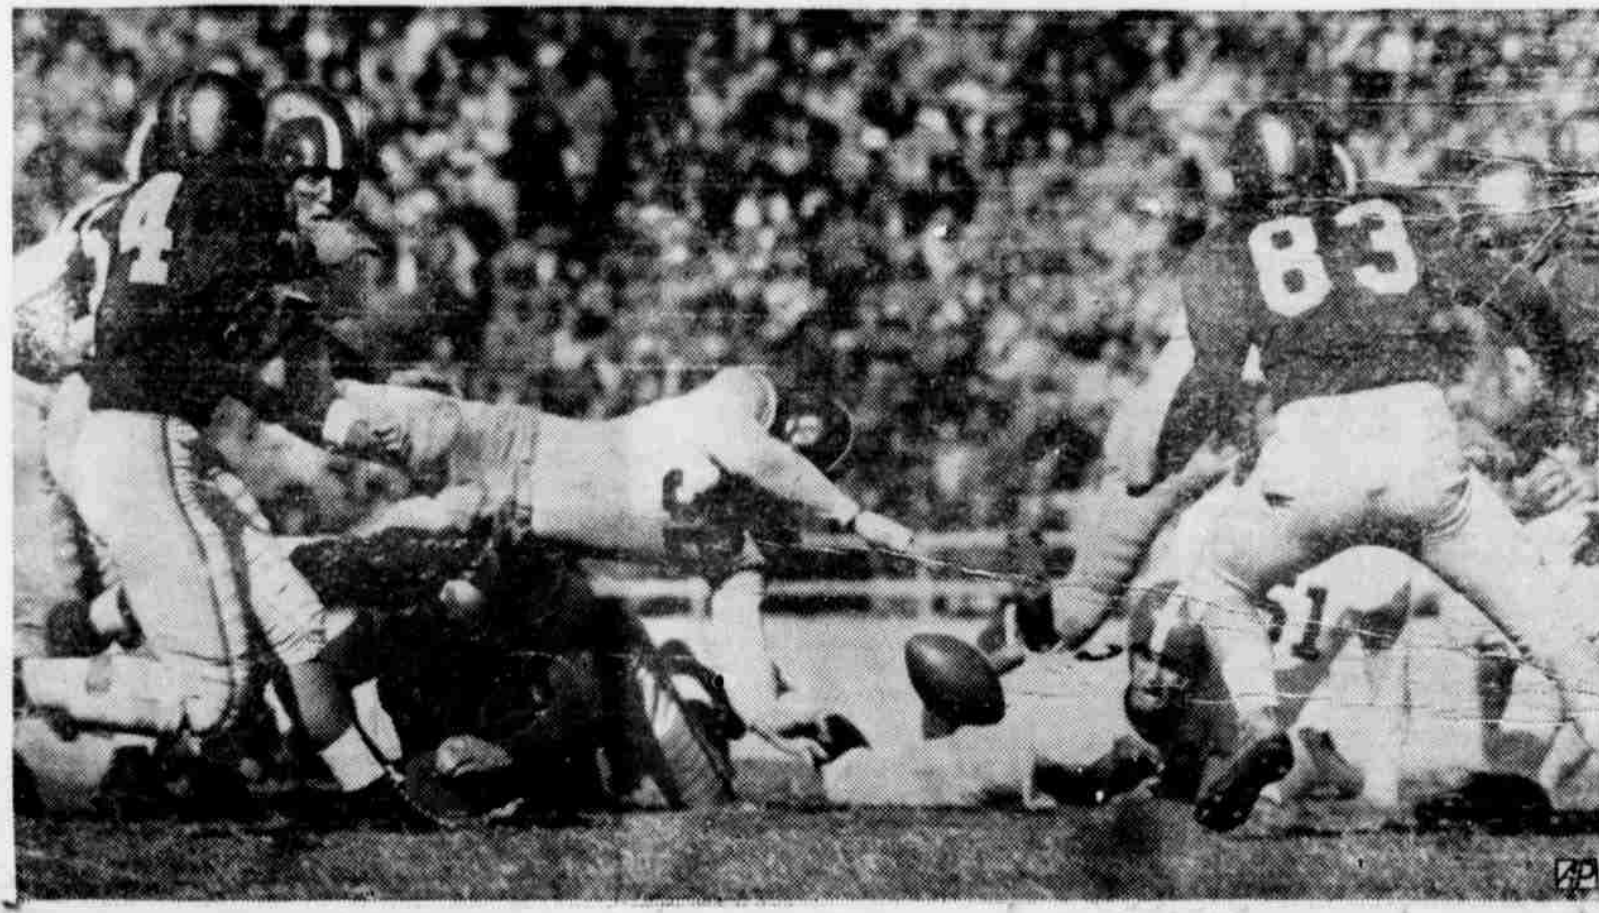

District Standings				
Team	W	L	T	Pts. Opp.
Littlefield	2	0	0	66 17
Brownfield	2	0	0	62 20
Levelland	2	1	0	78 53
Morton	0	2	0	13 66
Muleshoe	0	3	0	39 107

VOLUME XXVIII LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, NOVEMBER 8, 1951 No. 73

TCU FUMBLES—Texas Christian back Bobby Jack Floyd (32) fumbles the ball when tackled by Baylor players in first quarter of game played at Waco. The ball was recovered by Baylor back J. Reid, not shown. Baylor players are center C. O. Broacato (54) and end Red Donaldson (83). No. 87 is TCU end George Wilson. TCU won 20-7 to take the top spot in the Southwest Conference. —AP Wirephoto

## Dimmitt-Olton Game to Decide Championship

The game that will decide the District 2-A championship will be unreeled at Dimmitt this week when the Olton Mustangs will try to upset the undefeated, untied Dimmitt Bobcats. The winner of the game will be the champion.

The game is rated a toss up. Dimmitt defeated the Amherst Bulldogs 21 to 14, while the Mustangs licked them, 20 to 14. Olton was defeated by Lockney 6 to 0, while the Bobcats defeated the same team, 21 to 20. Olton, however, had their main offensive star on the sidelines when they played Lockney. R. V. Allcorn was out with a head injury.

This is the only game to be played in District 2-A this week with both Springlake and Amherst idle.

DISTRICT 2-A Season Standings				
Teams	W	L	T	Pts. Opp.
Dimmitt	8	0	0	1,000 314 53
Olton	7	2	0	778 214 90
Amherst	7	2	0	778 201 74
Springlake	1	6	1	188 59 181

## Olton Defeats Springlake Nine By Long Score

R. V. Allcorn scored five touchdowns Friday night as the Olton Mustangs rambled over the Springlake Wolverines, 40 to 12, in a District 2-A conference game played at Olton.

The victory kept the Mustangs undefeated in district competition and the coming game with the Dimmitt Bobcats will provide the champion.

All of Allcorn's touchdowns were on long runs except the last tally in the fourth quarter when he intercepted a Wolverine aerial and ran it back 55 yards for a touchdown. The Mustangs got one safety in the game when center Sam McAdams tackled a Springlake back behind the goal line. Olton was leading at the half, 31 to 6, and led all the game.

The Amherst Bulldogs, also a member of District 2-A, eased by the Kress Kangaroos, 14 to 0. The game was played in the District 3-A team home field before a small crowd of chilled fans.

Amherst has won seven games this year while losing only two. The Kress team has lost seven and tied one for their record.

## Cubs, Lobos Triumph While Cats Lay Idle

The Brownfield Cubs came up to tie for the first place in District 7-AA with the Littlefield Wildcats when they defeated the Muleshoe Mules, 35 to 7, in a conference game played at Brownfield Friday night before about 1,500 chilled fans in 28 degree weather.

The Cubs now have two conference victories against no defeats and are tied with the Wildcats who were idle last week.

The Swan brothers led the Cubs attack, Howard, the fullback scored three touchdowns, and Joe, the youngest and halfback, scored one tally and ran over one extra point.

The lone Muleshoe score came in the fourth quarter after Brownfield fumbled and the Mules recovered on the Cubs 12-yard line. Aubrey Heathington bulled over from five yards out for the touchdown. DeWayne Burkhead kicked the extra point.

Levelland's Lobos rolled over the Morton Indians, 32 to 12, before the smallest crowd to watch a game at Morton this year in the only other conference game of the week.

Three touchdowns were scored in the second quarter for the Lobos to provide the winning margin. Langford Sneed, Lovon McAuley, and Harold Phelan provided the spark for the Lobo team while Lanar Burns and Kirby Lackey stood out for the Indians.

The Littlefield Wildcats had an open date in order to get ready for the Levelland Lobos whom they play this Friday in Littlefield.

## Teddy Vaught, Former Littlefield Boy, Is Making Good In Big Time Football

Teddy Vaught, son of George Vaught of Lubbock, and former Littlefield youth, was one of the main reasons that TCU defeated the previous undefeated Baylor Bears Saturday at Waco.

He is starting right end for the Horned Frogs and intercepted two of All-America candidate Larry Isbell's passes and was in on several other incomplete passes. He played on the line but when Isbell went back to pass he fumbled back with the receivers to knock the ball down.

The Vaughts formerly owned a dairy here, but moved to Lubbock during the war, where they are in the real estate business.

Teddy was an all-state choice for end when he played with the Lubbock Westerners.

## Whitharral, Idalou In District 4-B Second Place Tie

The Whitharral Panthers moved into a second place tie with Idalou in District 4-B by defeating the heavily-favored Wildcats, 21 to 7 Friday night. Both teams now have a 4-1 record in conference games.

The Panthers grabbed a 7 to 0 first quarter lead on a 50-yard pass play from Quarterback Douglas Stephenson to Halfback Roger White for a touchdown. Fullback Bobby Grant plunged over for the extra point. The Panthers scored again just before halftime, White going over from the two after a 50-yard march downfield. Grant again carried over for the extra point to give the Panthers a half-time lead of 14 to 0.

The Wildcats took to the air in the third quarter after vicious line play by the Panthers kept their ground game stalled, to score on a 65-yard pass play from Quarterback Billy Sisk to End Timmy Joiner. Fullback Bill Jackson converted to make the score, 14 to 7 at the end of the third period.

Whitharral scored again in the final quarter with Grant plunging over from the two following a 65-yard sustained drive. Stephenson converted to give the Panthers a 21 to 7 victory.

## Child Is Shot Accidentally

Carry Franklin, seven year old son of Mr. and Mrs. Lloyd Franklin of Clovis was accidentally shot Wednesday, October 24th.

He and his 13 year old brother, George and a playmate were hunting rabbits and birds, three miles from Amherst when the accident occurred about 5 o'clock in the afternoon. The 22 rifle had been shot once by George and later was accidentally discharged by him and entered Carry's stomach from the side.

He remains in the Clovis Memorial hospital and his condition is said to be serious. He is the grandson of Mr. and Mrs. W. N. Humphreys of near Amherst, and his parents are both former residents of Amherst.

## District 2 - A Basketball Tournament To Be Held At Sudan February 13 - 15

Sudan was named as the site for the District 2-A basketball Tournament by Superintendents and Coaches who met at Springlake recently. Date for the tournament has been set for February 13, 14 and 15th.

Schools to be presented in the tournament, both boys and girls, will be Dimmitt, Olton, Springlake, Amherst and Sudan.

Complete schedules for both boys and girls will be published at a later date.

## State Statistics Lubbock-Pampa Game Is Attended By Local Fans

Several Littlefield football fans braved the cold weather Friday night to see the Lubbock-Pampa football game at Lubbock, played before over 16,000 fans. Among those attending were Edgar McCantles, Jerry Roberts, Tramp Brown, Roy Hutson, Skipper Smith and Jimmie Chapman.

## Freshmen Game Is Postponed

The game between the Littlefield freshmen and Carroll Thompson of Lubbock, that was scheduled to have been played here last Thursday night, was cancelled because of extreme bad weather.

# The Motor Vehicle Safety Responsibility Law

Public Safety Director Homer Garrison, Jr. will remind Texas motorists tonight that their license to own or operate an automobile will be suspended if they are involved in a traffic accident and fail to meet damage claims up to \$15,000 when the state's new Motor Vehicle Safety Responsibility Law becomes effective on January 1.

Declaring it "will greatly affect the personal safety and economic security of every man, woman and child in the state," Director Garrison will give the public its first official analysis of the new law since its adoption by the last session of the legislature. He will speak from Austin over a state-wide radio network and announce that during the next two months the Texas Department of Public Safety will fully acquaint the people with the purposes and requirements of the law through the press and radio and by means of an official leaflet that may be obtained at any service station.

Director Garrison will point to the rapidly increasing number of traffic accidents and public indignation over the failure of motor vehicle owners and operators to pay for the damage they cause through negligence as the reasons that prompted the legislature to enact the law, which closely follows safety responsibility statutes in 34 other states. He will point out the law's primary objectives were to deny all motoring privileges to owners or operators who do not meet just damage claims resulting from accidents and to put chronic accident causers off the highways permanently.

In a carefully summarized explanation of the law's principal features, Director Garrison will explain its operation as follows:

The operator of every motor vehicle that is involved in an accident resulting in death or injury to a person, or property damage to any one person exceeding \$100, must file with the Texas Department

of Public Safety a new report in addition to the regular accident report that is now required by the state's Uniform Traffic Law. The regular accident report must be filed within 24 hours, but motorists have up to 19 days to file the new report form. Both reports are mandatory regardless of who caused the accident.

The law does not apply, except with respect to filing the new report form, to insured owners or operators, provided the insurance covers possible damage claims resulting from a traffic accident, up to \$15,000. Uninsured motorists will receive a notice from the Texas Department of Public Safety that they must deposit sufficient security to cover the damage they caused, as determined by the Department. This may range anywhere from \$101 to \$15,000, and the collateral may be in the form of cash or negotiable securities. The deposit must be made with the Department within a maximum of 60 days after the accident report was filed.

An uninsured motorist will not be required to deposit security, however, if he files satisfactory evidence, within the 60-day period, that he has been released from liability, been finally adjudicated not to be liable, executed a duly acknowledged written agreement to pay damage claims up to \$15,000, or that his motor vehicle was legally parked or was being operated without his permission at the time of the accident.

Should an uninsured motorist fail to meet any of these requirements within 60 days after filing his accident report, both his operator's license and registration of ownership will be suspended until he does or until a year has elapsed without court action for damages being filed. Suspension of registration will apply to all cars owned by the defaulting motorist.

## An Ounce Of Prevention Is Worth A Pound Of Cure

The general public should be deeply concerned about the spread of the pink bollworm in Texas. This perilous cotton insect has moved into 193 cotton counties in Texas. Most of these counties are lightly infested, but that is a big step toward a heavy infestation.

The pink bollworm is one insect that cannot be handled by any type or kind of poison. He makes his way into the cotton boll through a hole too small to see with the naked eye, eats out the seeds, and destroys the yield. When his population gets built up real high, he causes the squares and the small bolls to shed also. One female may lay as many as 200 eggs which become adults in about 30 days. Thus, during a long growing season of the cotton plant, there are from 4 to 6 generations of this vicious cotton pest.

The way to fight this dangerous cotton insect is to destroy him before he passes the winter; thereby, keeping him from multiplying. The cotton plant, cottonseed, old cotton bolls, cotton trash in fields or at the gin are places he passes the winter. Therefore, farming practices that will shorten his breeding season, such as, early planting and early destruction of stubble, leaving no stubs nor volunteer plants, and deep plowing in winter, overwintering insects are effective ways to fight this insect. Our research and experimental institutions in agriculture have proved that these were effective and practical ways to fight not only pink bollworm, but other bad cotton insects as well.

When the pink bollworm shows up in a Texas county and the Governor issues an emergency proclamation, the same law requires the State Commissioner of Agriculture to set up a quarantine. This quarantine is for the purpose of regulating the movement of cottonseed, but only the movement of cotton is regulated, but the cottonseed is treated by a process of steriliza-

tion to destroy pink bollworms present in the seed, and gin trash is destroyed. In some of these quarantine zones, where the infestation is heavy, the regulations are more strict and the Commissioner requires an early planting date and an early plow-up date on cotton also. All of this is very expensive and very troublesome to growers and to everybody concerned. That is why the Commissioner is pleading, "an ounce of prevention is worth a pound of cure."

Since the pink bollworm is no respecter of state lines, the Federal Government cooperates with the State Government in this control. In fact, the greatest problem with this insect in Texas is along the Mexican border. Here is an ever present source of pink bollworm from across the Rio Grande. As is well known, the Federal Government has the job of keeping this insect from crossing this international boundary line which is the Rio Grande River. In addition, two of our adjoining states, Oklahoma and New Mexico, have pink bollworm. The Federal Government is deeply concerned along these state lines, or any state line as for that matter.

The Texas Commissioner of Agriculture would like to stress and emphasize that public opinion and public sentiment, to the last individual in Texas, should be marshalled in the fight against this dangerous cotton pest. As every Texan knows, laws and regulations are what the general public makes up their mind for them to be. The various educational institutions in agriculture in this State have some essential ways worked out in a voluntary program to fight this pest. They tell us how and when to destroy the pink bollworm. In the interest of the cotton industry, which means so much to the whole economy of Texas it behooves each person to do his share.

Five of the nineteen cotton growing states have the pink bollworm. There were six states that did have the pest, but Georgia has done away with their pink bollworms.

## Brilliant Fingertips Must Match Lips Says Helen Rubinstein

Long, painstaking research lies back of the sensational new nail polish just created by perfectionist Helena Rubinstein. Her aim was to produce a nail polish that possessed brilliance, beautiful colors, and "diamond-hard" finish, a nail polish that would dry faster, set harder, and stand up under the beating taken by the hands of the average American woman today.

At last, she has found the perfect formula for the new nail polish. She has put in it the marvelous new ingredient, "Indelbase," which is the secret of her now-famous "Stay-Long" lipstick. Not only does the new nail polish last far, far longer than ordinary nail polish, but it also protects the nails from

chipping and breaking. The new nail polish dries much faster, it sets harder, and gives the brilliant "diamond-hard" finish which Madame Rubinstein has long sought.

Best news of all, the new nail polish does not require any extra undercoat! For the base coat is built right into the formula. Polish stays perfect days longer, to the very fingertips!

Madame Rubinstein is especially proud of the fast colors of her new nail polish, the same reliability of color you find in her "Stay-Long" lipsticks. This gives your nails a clear mirror-like brilliance. You are assured now that your lips and fingertips match perfectly—the most colorful fashion accessories

you wear. The new nail polish comes in a new spill-proof bottle so that there is no danger of spilling any polish on your clothes.

Helena Rubinstein's new nail polish comes in all the flattering shades of her "Stay-Long" lipstick, including the exciting new Fall shades, "Bright Saying," the bright, clear, true red; and "Lively Talk," the deep dramatic burgundy shade.

The new nail polish also comes in four new fashionable light shades for feminine appeal—Dusty Rose, a soft, muted rose; Natural, a shell-pink, light, transparent shade; Opalescent Pink, an iridescent pink shade; and Opalescent Pearl, an iridescent pearly shade. The new Opalescent shades of nail polish are 75c each, plus tax. All other shades are 60c, plus tax.

In tropical and sub-tropical forests, no one month produces a mass of color splendor such as is usually seen in the northern fall season.

## Recent Births At Littlefield Clinic

Babies born at Littlefield Hospital the past week are as follows: A son, James David born to Mr. and Mrs. James Riley Holoeker of Needmore, born October 26th, weighing 7 lbs. and 3 ozs.

Mr. and Mrs. Nathaniel Simmons (colored), are parents of a son, Billy Wayne, born October 29th. He weighed 4 lbs. and 15 1/2 ozs.

Paula Jane was born October 21, to Mr. and Mrs. Harry Willard Hodges, weighing 5 lbs. and 8 ozs.

Dr. and Mrs. William Carl Nowlin are parents of a daughter, Elizabeth Jane born October 31st, weighing 6 lbs. and 6 ozs. She is their second child and first daughter. The father is a medical doctor at Littlefield Hospital.

Pamela Jo, was born October 31st to Mr. and Mrs. J. D. Cox. She weighed 5 lbs. and 1 oz.

Mr. and Mrs. Tiburcio A. Trevino are parents of a son, David, born November 2nd, weighing 4 lbs. and 10 ozs.

Mr. and Mrs. I. Ledesma are parents of a son, Ismael, Jr., born November 1st, weighing 4 lbs. and 12 1/2 ozs.

Mr. and Mrs. Sam Sewell of Spade are the parents of a son, Danny Howard born 10:15 p.m. November 2nd, weighing 6 lbs. He is their first child. The mother is the former Wanda Faye Hurt. The grandparents are Mr. and Mrs. Jack Hurt and Mr. and Mrs. H. O. Sewell, all of Spade community.

## Suggestion Is Given Farmers

DES MOINES, Ia. (AP)—Lester Abbott, manager of the John Nie farm near Anamosa, has a suggestion for dairy farmers who want to take advantage of today's good beef prices.

"Breeding Holstein cows to a good Angus bull is one way to be sure of having some feeding cattle," he says.

He and Nie did that last year and now have 15 cross-bred calves on the farm.

## PAY OFF, TOO

KUALA LUMPUR, Malaya (AP)—Four young Sakais—jungle aborigines—crept into a moonlit Red terrorist camp and clubbed four Communists to death.

Earlier, a Sakai had killed the terrorists' second-in-command. Authorities are paying \$3,300 in rewards for the five Communists killed.

## Three Million Korean Children Go To School

PUSAN, South Korea (AP)—More than three million South Korean youngsters are continuing their schooling despite the war in Korea, the South Korean government has announced.

Of the total, at least 2,500,000 are going to primary schools. Most of the classes are held in tents and barracks.

Greenland's largest export, icebergs, hit a new low this year.

## Singapore's Population Grows

SINGAPORE (AP)—Singapore's population was placed at 1,044,762 as of July 1, 1951.

This total included 807,846 Chinese, 128,544 Malaysians, 75,608 Indians and Pakistanis, 12,880 Europeans, 10,451 Eurasians and 9,342 others.

The total population for Singapore and Malaya was 6,381,894.

Wet weather tones down the fall color brilliance in trees.

Utah was named for the Ute tribe of Indians.

Hill, part owner of the House-... of Lubbock... District Cam-... 22 northwest... Lub-... Dimes... Gregory of Hous-... announced...  
 Living in Lubbock since 1924, Hill has been active in civic affairs, as well as in the fight against infantile paralysis. He served as Lubbock County Co-ordinator for the 1951 March of Dimes. Hill is in the Naval Reserve and is a veteran of World War II.  
 He is married and has two children.  
 The first canal connecting Lakes Superior and Huron was built in 1797 by the Northwest Fur Co.  
 Utah was originally called "Deseret," a name used in the Book of Mormon, meaning "honey bee."

## Two Local Men Get Look At Mauna Loa

When the heavy cruiser, the USS Rochester visited Hilo, Hawaii, recently, two Littlefield, Tex., men, Melvin D. Beisel, Seaman, USN, son of Fred Beisel of 1015 East Seventh Street, and Jack L. House, Seaman Apprentice, USN, son of Mr. and Mrs. Jack House, got a good look at old Mauna Loa, a frequently active volcano.  
 The Rochester's crew visited Kilauea Crater in Hawaii National Park located on the slopes of Mauna Loa about 30 miles from Hilo. They stood at the foot of the 799-foot deep pit and took pictures of steam vapors rising from gaping holes in the hardened lava.  
 The cruiser spent 198 days in continuous operation against Communist forces in Korean waters last year.

## Pfc Floyd Pinkerton Assigned To Reese Air Force Base

Pfc. Floyd D. Pinkerton of Littlefield now is assigned to the 3502nd Maintenance Squadron at Reese Air Force Base near Lubbock where he will assist in the maintenance of the TB-25 Mitchell bombers used in the USAF Advanced Multi-Engine Pilot school at this base.  
 Private First Class Pinkerton is a native of Littlefield and the son of Mrs. Otis E. Witcher of Route 1. He graduated from Littlefield high in 1951 and was employed by the J. C. Penney company at the time he entered the Air Force in January of this year. For the past five months he was a student in the Airplane and Engine Mechanic school at Sheppard AFB, Texas.

## Anton Man Is Cast In Production Of Play "Stalag 17"

Basil Williams, son of Mrs. C. J. Williams of Anton is cast in a leading dramatic role in a military dramatic production of play called "Stalag 17" which is a current Broadway hit and they are touring the north eastern part of the United States and it is being shown at Navy, Air Force and Army installations.  
 It is a play about American prisoners of war in a German prison camp and is a melodrama.  
 He plays the part of Hoffman and in the play takes quite a beating from a German guard.

## Anton Man Enroute Home From Korea

Mrs. Joy Keifer of Anton left recently for California, where she was to join her husband, Sparky Keifer, who is to arrive there from Korea.  
 Sgt. Kletus M. Keifer, Jr. is coming home for a visit with his wife and parents, Mr. and Mrs. Marvin Keifer.  
 Keifer was wounded and has spent quite some time in the hospital.

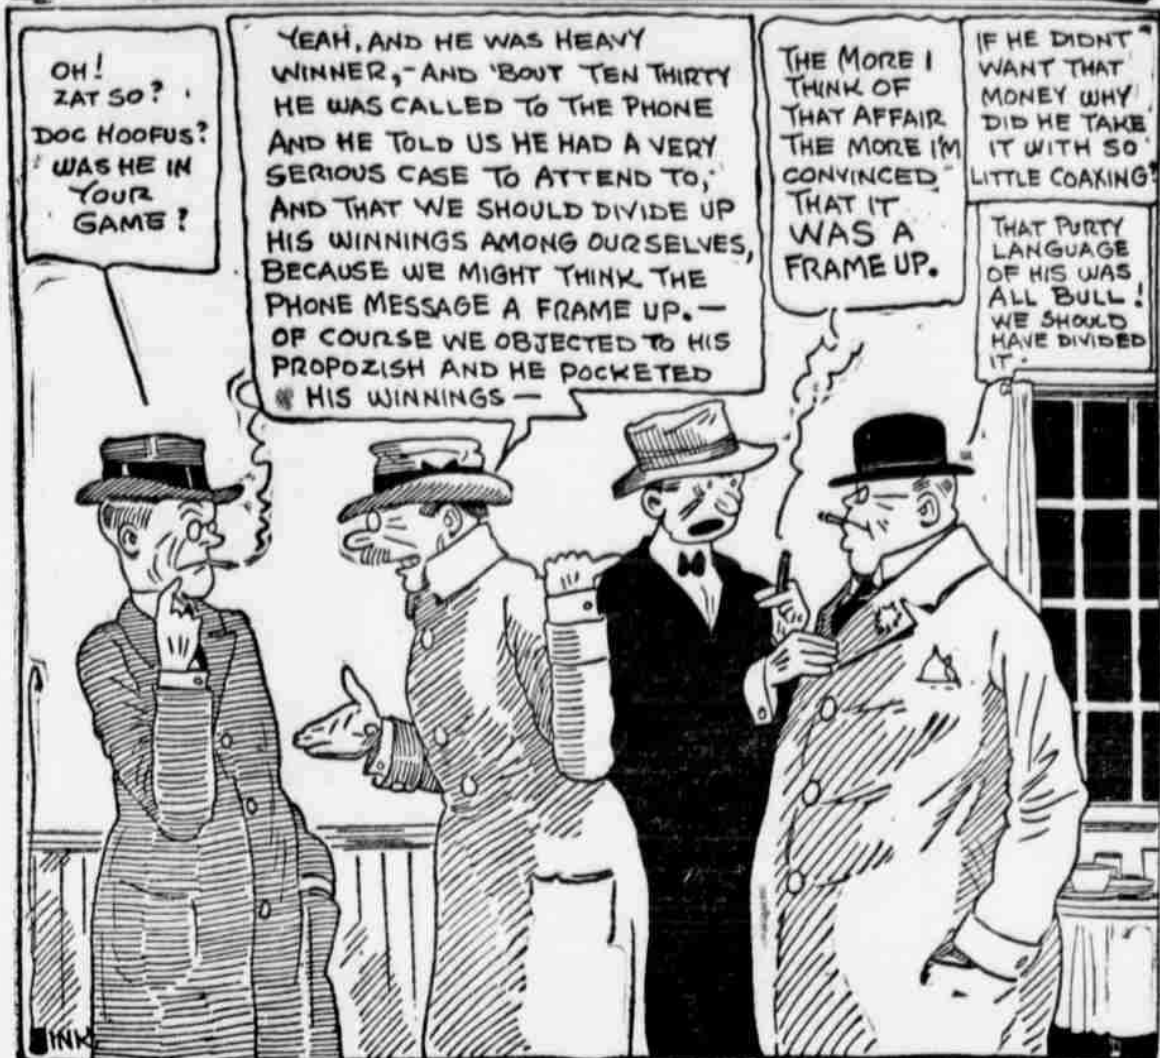

## Anton Gins Handle 3706 Bales Cotton

A total of 3706 bales of cotton had been ginned at the gins in the Anton community up to 11 o'clock Thursday morning of last week.  
 This was an increase of 669 bales from the former week, despite all bad and inclement weather.  
 The report covers cotton ginned at the three Anton gins, the Round-up Gin, and the Citizens Coop Gin.  
 K. W. Wells office reports the current cotton price at 38.44 at 11 o'clock that Thursday morning.  
 This is 1.20 cents above what it was at the same time the week before.

## Recent Births At Payne - Shotwell Foundation

### A Message of Importance

★ ★ ★ To Every Automobile Driver ★ ★ ★

### In The State of Texas

## HERE'S WHAT YOU SHOULD KNOW ABOUT THE NEW TEXAS "SAFETY RESPONSIBILITY LAW"

- 1 Enforcement Begins January 1, 1952.** On this date, the new Safety Responsibility Law, as passed by the Legislature, goes into effect. This law was designed to protect you against financially irresponsible drivers and owners of motor vehicles involved in accidents. It affects all drivers and motor vehicle owners (except Federal, State, County and City-owned cars).
- 2 What Must You Do After An Accident?** Under existing laws, you must file a written report to the Department of Public Safety if your car is involved in an accident where there is a death, an injury or property damage in excess of \$25. Under the new law, a written report must be filed *within ten days* if your car is in an accident resulting in death, injury or property damage in excess of \$100.
- 3 You Don't Have to Carry Liability Insurance, But . . .** If you are not insured against bodily injury and property damage liability, you must be able to deposit with the Department of Public Safety security equal to the estimated damage, not exceeding \$15,000.00, to cover all claims growing out of an accident anywhere in Texas in which you or your motor vehicle were involved. If you cannot establish financial responsibility for the future, your driver's license and your motor vehicle license plates are automatically suspended.
- 4 It's Easy to Establish Financial Responsibility** with a motor vehicle liability insurance policy. If you do not now have such a policy, call your local insurance agent today. He is a qualified insurance counselor who will be happy to advise you concerning your needs.
- 5 What is the Minimum of Your Liability?** The law permits each driver to establish the following minimum limits of liability: up to \$5,000.00 for injuries sustained by one person; up to \$10,000.00 for all personal injuries resulting from one accident, and up to \$5,000.00 for property damage. You do not have to establish such liability but it is the easiest way.

## Methodist University President To Address W.T.C. of C. Convention

Dr. Umphrey Lee, president of Southern Methodist University, who is author of a book entitled "The Bible and Business," will address delegates to the 34th annual convention of the West Texas Chamber of Commerce at Amarillo, Thursday evening, Nov. 15, at Fair Park Pavilion.

The convention will open Wednesday morning with registration and end at noon Friday. First session will be held Wednesday afternoon.

Since he became president of SMU in 1939, the university has added approximately \$1 million in assets each year. It now has more than \$18 million in assets. Completion of an extensive building program undertaken immediately after World War II adds fourteen permanent buildings to the campus. It includes construction of the Pondren Hall for Science, a complete quadrangle for the Perkins School of Theology, and a Law Quadrangle.

Dr. Lee has had a distinguished career as Methodist minister, teacher of theology, author and university administrator. He has become a respected figure in business circles of Dallas and the Southwest. His address at the 1951 convention of the Chamber of Commerce of the United States often has been called one of the most impressive its members had heard in many years.

During his administration, enrollment at SMU has reached an average of 5,000 annually, drawn from 13 foreign countries and all states of the Union. Scholarly growth of the university has advanced. In 1949 SMU was granted recognition by the nation's highest ranking scholarship honor society, Phi Beta Kappa. The university now is carrying on a program for expansion of its endowment.

Ordained in 1918, he was pastor of the Methodist church at Cisco until 1919 when he was made director of the Wesley Bible Chair in Austin. He became pastor at Ennis in 1922 and went to Highland Park Methodist church in 1923. He became Dean of the School of Religion at Vanderbilt University in 1935. He received the Ph. D. degree from Columbia University in 1931.

Manuel Kesner, son of Mr. and Mrs. S. N. Kesner of Anton, enlisted in the Navy Tuesday of last week, and was sent to San Diego, Calif. He was a senior in high school and was scheduled to graduate next spring.

## John Ben Sheppard To Visit Sudan

John Ben Sheppard, Texas Secretary of State, has accepted an invitation to have breakfast with a group of Sudan and Amherst businessmen at the Deluxe Cafe in Sudan on the morning of November 8th, according to word received by Guy Walden, president of the Sudan First National Bank.

Complete details of the affair will be announced and an invitation will be extended to all who wish to attend the breakfast and meet the honored guest.

Sheppard, a lawyer, radio and newspaper man two years ago served as President of the United States Junior Chamber of Commerce, and at the conclusion of his term in 1949 was named as one of the 10 outstanding young men in America. He was named Secretary of State in Texas by Allan Shivers more than a year ago.

## Pfc. Jim Solesbee Home on Leave

Pfc. James R. Clark, son of Mrs. Evelyn D. Clark, 819 E. 6th St., Littlefield, has been assigned to the Communications Section at Peppersell Air Force Base, Newfoundland, according to Col. J. G. Pratt, base commander.

Located adjacent to St. John's, oldest city in North America and capital of Newfoundland, Peppersell houses the headquarters of the U.S. Northeast Command and its USAF component, the Northeast Air Command.

A graduate of Littlefield high school, the 20-year-old airman entered the Air Force in August, 1950. He completed basic training at Lackland AFB, Texas, and Sheppard AFB, Texas, and a radio course at Scott AFB, Ill., before his recent transfer to Peppersell.

## Earth Farm & Supply To Open For Business In New Store Nov. 15

The Earth Farm and Supply Company is scheduled to open for business about November 15 in a newly remodeled store just west of the City Drug store in the building formerly occupied by Magnolia Service station in Earth. Work has begun on the building.

Gene Brown will move there to assume management of the new store representing the International Harvester company dealership.

## STREAMLINED DIPLOMATIC CORPS

TOKYO (AP)—The Japanese foreign office is drafting legislation to give this country a streamlined diplomatic corps when she regains international status.

The new legislation will provide that ambassadors and ministers may be named from qualified men in government, business and public life. Before the war, only career diplomats could hold these posts.

## Electric cooking is

... as fast as a "scat" back going through a hole on a quick-opening play.

High speed electric range elements glow red hot in seconds and transmit all their heat instantly to the cooking utensil, without any heat waste.

Electric cooking's accuracy adds to its speed, too. Each setting on the push buttons or dials of an electric range is pre-set to an exact heat and that exact heat is always delivered when your hand at the control demands it.

Let your electric range dealer show you fast electric cooking soon. Let him show you, too, that electric cooking is accurate, efficient, cool, dependable, economical — and most of all — modern.

When you want all-star performance, you want all-electric cooking. See it at your favorite appliance store.

610 East Fourth Street

Littlefield, Texas

## Road Test a Mercury for proof of performance!

Watch a Mercury show its stuff when the light goes green. Feel that comforting reservoir of surplus power for safe passing on the open road. No doubt about it, you're the boss when you drive a Mercury. For here's a performer that never wilts when the going gets tough. Mountains are cut down to size by eight cylinders of high-compression V-type 8 power. Traffic

tangles unravel before its sure-footed gait. Byways become highways as its synchronized springing and foam-rubber cushioning snub out the bounce and jounce. Little wonder that Mercury is such a fast-growing star in popularity; you just can't beat its combination of performance, value, and prize-winning economy. Stop around for a road test and see.

## Budget Test a Mercury for proof of value!

Does it have a down-to-earth first price? Mercury's price tag you can easily understand—a big dollar's worth for every dollar invested.

Will upkeep stay low? You save money year after year. Mercury's famous stamina keeps repair bills at a rock-bottom low.

Is it famous for long life? It is indeed! 92% of all Mercurys built for use in this country are still on the road, according to latest annual official registration figures.

Will trade-in value stay high? Mercurys keep their value; used car market reports consistently prove it.

Will you be sure of good gasoline mileage? Mercury has proved its more-miles-per-gallon by winning officially sponsored economy tests.

Does it represent solid value? Mercury owners say YES! So will you when you get the story from your Mercury dealer. See him soon.

### 3-WAY CHOICE

For "the drive of your life" Mercury offers triple choice in driveable transmissions. The O-Matic Drive, the simpler, smoother, efficient automatic transmission—or the fully Torque-O-Matic Overdrive optional at extra cost. There's also standard transmission.

Sophomore Class: James Renfro and Sharron Jeffries.

Very few cattle are being fattened in feedlots of dry West Texas this fall. One of the larger herds is 200 bulls being fed by

Joe Barton of San Angelo. Barton feeds the cattle (above) on high priced feed, but he says fat cattle prices haven't gone up correspondingly. Barton says he wished he was not feeding stock this season. —AP Photo

## Sgt. Raymond R. Randolph Of Earth Awarded Silver Star Posthumously

The Silver Star for gallantry in action in Korea was posthumously awarded to Sgt. Raymond R. Randolph, son of Mr. and Mrs. Lawrence H. Randolph of Earth, Texas, in a ceremony highlighting a parade at Camp Chaffee, Arkansas recently.

Maj. Gen. David L. Ruffner, commanding general of the Fifth Armored Division, made the presentation to the sergeant's 11-year-old son, James R. Randolph, Route 3, Stillwater, Oklahoma.

Sergeant Randolph merited the award for his actions near Youngsan, Korea, on Sept. 4, 1950.

According to the citation, Sergeant Randolph was in charge of the lead vehicle of a motorized patrol when it was ambushed and pinned down by a strong enemy force.

"When last seen, Sergeant Randolph was still in an exposed position drawing on himself the full fury of the enemy's fire in order that his comrades might withdraw.

Also in attendance at the ceremonies were Mrs. Gladys Randolph

The brightly colored velvet ants in California are found mostly in desert sections of the state.

## GETS DISCHARGE

Donald Jones, 18, son of Mr. and Mrs. Curtis Jones received his discharge from the Navy recently, and is now home with his parents, Mr. and Mrs. Curtis Jones of Anton.

He went into the Naval service in April but was stricken with rheumatic fever in May.

A friend, Clarence Baisan accompanied him home and spent the weekend in the Jones home.

## WHAT IS THIS NEW TEXAS MOTOR VEHICLE SAFETY RESPONSIBILITY LAW?

In simplest terms, it declares that a motor vehicle operator who injures or kills another person, or damages his property in excess of \$100, must stand prepared to prove his financial responsibility to pay for the probable amount of damage. If he fails to do so, the operator must forfeit his privilege to drive a motor vehicle in Texas.

## NOT A NEW TYPE OF LAW

Other states, the District of Columbia, Hawaii and eight Canadian provinces have Motor Vehicle Safety Responsibility laws, which upon occasion, require motorists to prove financial responsibility, or their drivers' licenses will be suspended.

## INTENT OF THESE LAWS

To promote safety on the streets and highways . . . to insure adequate financial compensation to innocent victims of accidents . . . to strike hard at the reckless and financially irresponsible motorist for the good of the public generally and particularly for the benefit of the safe, careful and responsible driver and pedestrian.

## ARE YOU PREPARED TO PROVE YOUR FINANCIAL RESPONSIBILITY?

Multiple Bodily Injury and Property Damage Liability insurance is the most popular and responsive method to prove financial responsibility under these laws.

FARMERS Dividend Paying, Texas Standard form, Non-Assessable Policy is acceptable to the State as security to prove your financial responsibility.

## A SUBSTANTIAL DIVIDEND IS BEING PAID ON CURRENTLY EXPIRING POLICIES

## Never Give Your Advice Even If It Is Asked For, Advises Writer

By CYNTHIA LOWRY  
AP Newsfeatures Writer

My number one autumn resolution is never to give advice, even if asked for it.

The How-To-Be-Popular experts and others have long recognized that a quick way to a person's heart is to ask him for advice or his opinion on almost any subject. Almost everyone, male or female, responds to this approach.

There are few souls who haven't used this engearing device one time or another with conscious forethought. It is also true, surprisingly, that there are few of us who haven't fallen headlong into the trap of this subtle type of flattery.

One of the unflattering realities of this situation is that 99 times out of 100 the advice-seeker isn't remotely interested in hearing your opinion on the subject. Sometimes he just wants to get your cooperation in a project and uses the advice gimmick as a way of catching your interest. In most cases, however, he is just using this method of catching an audience. By holding out an implied promise that you are to be allowed to pontificate and, without personal involvement, order another life, he is in effect hog-tying himself a rapt, attentive listener for himself. This character doesn't want advice, he wants an audience and doesn't give a hoot about what I think.

It is a rare day when an advice-seeker truly yearns for and ultimately uses free, amateur counsel. When the pinch is really on, he usually values only the guidance which costs him some money.

However, on rare and infrequent occasions, persons have followed along the lines of my advice. I'm inclined to think they were going to take such a line of action whether or not I suggested it. In other cases, they have gone in a completely opposite direction. The reason I am finally determined to get out of the advice-giving and advice-seeking habit is that this pleasant pastime has a way of turning and biting back.

My advice, it turns out, is amazingly incorrect. I can counsel and predict wrong with infallibility which ought to be useful to the betting fraternity. I could make money betting against my convictions, no matter how long the odds against me. I am wrong on the outcome of presidential elections, on the next day's weather in spite of a slight rheumatic tendency, and I've never been right in advising the selection of a stock. I am also wrong on small, inconsequential matters, like how long we can run the car until we run out of gas.

Recently I touted Jamaica over California for a friend's wedding trip, and the happy couple got stuck in the middle of a hurricane. This I mention merely to show that even nature is in this conspiracy. I also advised a friend against spending all her savings on a trip

to Paris. She went ahead, of course, met a rich Englishman and is living happily ever after in a castle and with a title. It just shows.

Actually, I don't fare much better as an advice-seeker. A couple of weeks ago I was studying refrigerators with the idea of buying a new one. I asked a neighbor with a new ice-box about hers—mostly with the idea that I could tell her about my fascinating research in the matter of deep-freeze and crisper and egg-holders in doors. I never got a word in edgewise for an hour, she rounded me up a stack of pamphlets and tipped off a salesman who hounded me for days. I decided on another brand and since then our relationship has been considerably strained.

Next time anyone says, "I want your advice on this . . ." or "What would you do if . . ." I'm just going to listen like a little soldier—if I can't get away—and then just say I wouldn't have the slightest idea.

The way it's working with me, advice giving can lose you friends quicker than money-lending.

## Biting Nails Is A Habit

LOS ANGELES (AP)—Hey, if you bite your nails, you may be maladjusted. While it's just a bad habit like smoking or chewing gum, psychologists have also discovered that:

1. There are more nail-biters among maladjusted groups, like juvenile delinquents.
2. Nail-biting tends to be "in-tropunitive," meaning they do it to punish themselves, particularly when frustrated or angry.
3. One out of five biters is a young person.

Dr. James C. Coleman, assistant professor of psychology on the UCLA campus, has discovered these tendencies in his research. He has written a book adopted by the U.S. Army for training in psychology. One cure for nail-biting is vigorous exercise, he says.

The biggest gold nugget ever found was 54 inches long, 5½ inches thick and weighed 195 pounds.

## THIS TASTES GOOD Foods Should Be Regarded Essential For Mental Alertness And Physical

Salmon Souffle  
¼ cup butter  
1 ½ cup sifted flour  
1 ½ teaspoon salt  
2 cups milk  
4 eggs separated  
1 1 lb. can salmon.

Melt butter in to pot double boiler; blend in flour, add salt and milk, and cook over direct heat, stirring constantly, until sauce boils and thickens. Beat egg yolks until light, stir in a little of the hot sauce, and pour back into rest of sauce; cook over boiling water, stirring constantly, for 2 minutes. Remove from heat. Flake salmon and mix with sauce. Beat egg whites until stiff and fold lightly but thoroughly into mixture. Pour into a well-buttered 6-cup casserole and bake in a moderately slow oven (325 degrees F.) for one hour. Serve immediately. 5-6 servings.

Let's eat this for one day:  
**Breakfast**  
Grapefruit, Oatmeal with Brown Sugar Toppings, Hot Cakes, Molasses, Milk and Coffee.

**Dinner**  
Salmon Souffle, French Fried Potatoes, Buttered Broccoli, Cabbage Slaw, Cornmeal Muffins, Fruit Cookies and Coffee.

**Supper**  
Tomato Soup, Pimento Cheese Sandwiches, Tossed Green Salad, Egg Custard and Milk.

Timely Tips. Extension Foods and Nutrition Specialists, Texas A&M College.

Any left over cooked fish may be used in above recipe in place of salmon.

Fresh and frozen fish are equally good; use them both to provide more variety at reasonable prices.

Buy the right amount to serve your family adequately. Usually 1 ½ to 2 pound of fresh fish per person will provide adequate servings after cooking.

## REA Loan For Bailey County Is Approved

The Rural Electrification administration approved a loan to Bailey County Electric Cooperative, Muleshoe, in the amount of \$487,000, last Friday, November 2nd.

erably, as it is an excellent source of calcium, phosphorus, protein and certain vitamins. The equivalent of one pint of milk for adults and one quart for children should be included in each day's diet.

Although meats have become more expensive than other foods they are still essential as sources of protein. It should be remembered that less expensive cuts of meat provide the same food values as the luxury items. Prices of pork, chicken and fish have risen less in recent years than other meats.

"Canned and frozen fruits and vegetables have not increased in price as much as fresh ones and they retain most of the food value. In buying canned and vegetables it is more economical to limit purchases to what are in season and plentiful."

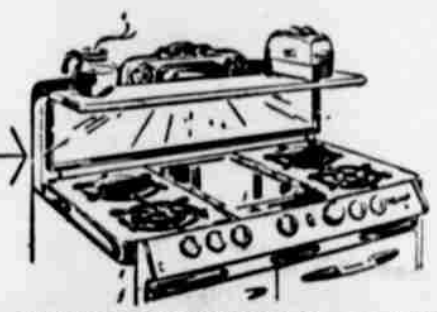

JAPANESE CEMENT CO. BRISBANE, Australia. Queenslanders are buying bags of Japanese cement nearly four times the locally produced cement. Reason is that there is enough local cement to meet the demand. It is expected that importers will sell tons of cement from Japan East by Christmas.

## Posthumous Award Made Earth Soldier

A posthumous award of the Silver Star medal has been made to Sgt. Raymond R. Randolph, of Earth, for gallantry in action on the Korean battlefield.

Sgt. Randolph, son of Mr. and Mrs. Lawrence H. Randolph of Earth, was honored in a recent ceremony at Camp Chaffee, Ark. The award was made to Sergeant Randolph's 11-year-old son, James, by Maj. Gen. David L. Ruffner, commanding general of the Fifth Armored Division.

Randolph was cited for his heroic action Sept. 4, 1950, near Yong-san, when he took an exposed position to fire on Communist troops, thus permitting other members of his unit to withdraw from an untenable position.

Among those attending the Camp Chaffee ceremonies were Sergeant Randolph's wife, of Stilwell, Oklahoma and his eight-year-old daughter, Janalu, also of Stilwell.

### HUGE CAPTURE

MOUNTAIN VIEW. Alta (AP)—Rancher George Nelson trapped and shot a grizzly bear weighing 1,000 pounds. The bear measured nine feet from nose to tail, with claws 4 inches long.

## Cooking's Fun

Recipe of the Week  
By CECILY BROWNSTONE

Macaroni-Vegetable Casserole.  
Crisp Green Salad, Fruit Bowl, Hot Rolls and Beverage.

**Macaroni-Vegetable Casserole**  
Ingredients: 1 tablespoon salt, 3 quarts boiling water, 8 ounces elbow macaroni, 1 No. 2 can tomatoes, 1 cup thinly sliced onions, 1 cup drained cooked green lima beans, 1½ cups grated Cheddar cheese, 1 teaspoon salt, freshly ground pepper.

Method: Add 1 tablespoon salt to rapidly boiling water. Gradually add macaroni so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. In a large bowl, mix cooked macaroni with remaining ingredients lightly but thoroughly. Place mixture in a 2-quart casserole; cover. Bake in moderate (375 F.) oven 40 minutes. Serve piping hot. Makes 4 to 6 servings.

**Saturday Night Supper**  
Brown Chicken Fricassee, Fluffy Rice, Buttered Broccoli, Carrot Slaw, Fruited Gelatin, Bread and Butter and Beverage.

**Brown Chicken Fricassee**  
Ingredients: 4 to 5 pound fowl (cut in about 11 pieces), 2 tablespoons fat, 6 cups water, 2 small carrots (sliced), 2 stalks celery (sliced), 1 medium-sized onion, 3 peppercorns, ¼ teaspoon thyme, 1½ teaspoons salt, 6 tablespoons nonfat dry milk, 6 tablespoons flour.

Method: Clean chicken and dry. Heat 2 tablespoons fat in heavy kettle. Brown pieces of chicken on all sides. Add water, carrots, celery, onion, peppercorns, and thyme. Cover and simmer 2 to 3 hours until chicken is tender. Add salt after chicken has cooked 1½ hours. Remove chicken and keep warm.

Strain stock. Skim off fat and re-serve. If there is less than 3 cups of broth, add enough water to make 3 cups. Pour back into kettle. Combine nonfat dry milk and flour; sprinkle over top of broth. Beat with rotary beater until just blended. Add ¼ cup of the reserved fat. Cook over low heat, stirring until thickened. Correct seasoning. Chicken may be heated in gravy or hot gravy may be poured over chicken. Makes 6 servings.

### SUNDAY DINNER

Celery and Olives, Roast Loin of Pork, Mashed Potatoes, Buttered Snap Beans, Applesauce, Hot Rolls, Special Cranberry Sundae and Beverage.

### Special Cranberry Sundae

Ingredients: 1 pound can whole cranberry sauce, 1 cup drained crushed pineapple, ¼ teaspoon peppermint extract, vanilla ice cream.

Method: Mix cranberry sauce, pineapple, and peppermint extract. Serve as sundaes topping over scoops of vanilla ice cream.

## Duck Season Opens November 9

Duck season officially opens at 12 o'clock, November 9, and hunters will venture forth to the many lakes near and far to try their luck. Shooting hours the first day will be from 12 noon until one hour before sunset; thereafter shooting hours will be half hour before sunrise to 1 hour before sunset.

Hunting prospects are good in this area with plenty of water and an abundance of shocked feed. Also freezing weather to the north is driving the water fowl south in increasing numbers.

None of Greenland's 10,000 to 15,000 icebergs succeeded this year in reaching the crowded shipping lanes between North America and Europe.

## '52 DODGE CORONET SEDAN

The 1952 Dodge cars have improvements and refinements inside and out, including new upholstery fabrics, new wheel covers and hub caps, a new tall light assembly and modified front grille. All 1952 models are available with Gyro-Matic transmission.

## 18th Century Mahogany Dining Room Group

(Actual Photograph)

This beautiful dining room group is equipped with Case Tops, straight drawer fronts and doors of African Mahogany five ply construction, curve drawer fronts of African Mahogany laminated seven-ply construction, cupboard interiors and drawers also finished, drawers of boxed-in construction, solid oak sides, backs and three-ply bottoms surfaced with Mahogany, fitted with center drawer guides fastened to parting rails with screws, fully dustproofed throughout, grooved china shelves surfaced in Mahogany five ply construction, with authentic hardware of antique brass finish. This grouping is beautifully finished in lacquer and rubbed.

Available in the full nine piece suite, consisting of Table, six Chairs, Buffet and China Cabinet, or can be bought in open stock.

TABLE SIZE 40x60, and extends to 72 inches

# Announcing the car of the year! NEW '52 DODGE

On display November 10th.

## MAKES YOUR MONEY WORTH MORE...in many more ways!

In style, beauty, roominess, riding ease and dependability

— ONE of the grandest things about the new '52 Dodge is this: You could STILL pay hundreds of dollars more for a car and not get everything this great new Dodge gives you!

For here in this new '52 beauty are all the comfort, style and convenience features you'll be looking for in your new car. The smart, modern inside "dress"—the flattering new fabrics—the all-around roominess that lets you relax and take things easy.

Naturally, you're invited to drive this new Dodge. For that's the only way you can feel how the Oriflow Ride really takes the bounce out of bumps—the only way to appreciate what a smooth handling car it is.

Your eyes will open wide, too, at the visibility you have—front, back and all around. That's why every mile you drive in a Dodge is safer, more pleasant.

We'll be looking for you. Come in and see this new '52 Dodge. You're in for a happy surprise.

Specifications and equipment subject to change without notice

Others give you "Sell"...we give you PROOF!  
We have our customers like to judge car values for themselves. The Dodge "Show Down" Plan compares your car with other cars—allows you to see how you can get hundreds of dollars more and still not get a cent more. Be sure to get your FREE copy "Show Down" book.
