

BY 4-VOTE MARGIN Olton Okays Bond Issue

A scant four-vote margin in the Olton Independent School District Saturday approved a \$300,000 bond for improvements in five of the school facilities.

The bond issue was okayed by a vote of 256 to 252, election officials reported. School Supt. John Clark with the school architect and bondsmen Monday to initiate action toward school improvements.

The bond issue was approved at a meeting Monday night, when the board is expected to be up and approved, and start more detailed work with the architects, and Guyett of Lubbock architects, and Collins Security, with offices in Amarillo, is the bonding agent.

The proposed vocational building would be 60 by 150 feet at an estimated cost of \$80,000. Local cost of equipment is estimated at \$12,000 with Federal funds paying an additional \$12,000.

Improvements in the science department are estimated at \$30,000, which includes \$20,000 for construction and \$10,000 local cost for equipment. Federal funds would be used for an additional \$10,000 in equipment.

Approximately 1,537 square feet of new space is proposed for construction in the science department.

Improvements needed in the junior high are estimated at \$22,500, and in the senior high, at \$22,500.

This would call for a complete overhaul of the inside of the junior high building including new ceiling, new floor covering, new lighting, new lockers, restroom improvements and wainscoting.

An estimated \$10,000 has been designated for improving existing athletic dressing rooms and adding new ones at the junior high school.

Adding a fieldhouse at the gym has been estimated at \$35,000.

Approximately \$50,000 has been estimated for athletic improvements including the track and moving the football field. A bus maintenance garage is estimated at \$5,000. This would not be used for storage of buses.

Remodeling of the junior and the older part of the high school building.

Construction of a field as an addition to the pre-gymnasium, moving the field and other improvements such as the construction track.

AND HOPE FOR PLANTING RAIN SOON

Lamb Farmers Eye Cotton Bill

BATTERS UP! -- Little League baseball time is just around the corner and Glenny and Kenny Francis, twin 9-year-old sons of Mr. and Mrs. Choice Francis, are typical of the many youngsters who'll be stepping up to the plate soon.

Many Lamb County farmers are wondering just how the new cotton legislation will effect them for the 1964 crop but, right now, most of them are more concerned about getting some rain.

County Agent Bill Kimbrough commented this week that "there has been more land blowing than I've seen in a number of years."

He added that the agriculture picture was "not very bright right now, but it's nothing that a good rain within the next 30 days wouldn't cure."

Due to the lack of moisture, the windy days, and a cooler April than last year, there has been very little planting to date. Some farmers were beginning to plant some grain this week, and this activity is expected to pick up.

The cotton farmers, even those with irrigated land, will probably wait for a good planting rain. The irrigated men may wait until May 15, hoping for additional moisture, Kimbrough stated.

"It's happened before," pointed out the county agent... "if we get a good rain before long, then we'll be in good shape again."

Kimbrough recalled that conditions were bad in 1962 but it turned out to be a real good crop year. "It bears out the old saying... this country offers less and gives more, or offers more and gives less than anyplace in the world."

There are still a few ends dangling on the operation of the new cotton bill recently signed into law, but cotton farmers apparently will have three choices. They can: (1) plant total effective allotment plus five percent, or (2) plant domestic allotment only.

Effective allotment means total 1964 acres, including any acreage received under release and reappportionment, and by planting this amount the farmer will qualify for the base loan rate of 30 cents per pound, middling-inch cotton at average location, on all production. In effect, then, this alternative makes the producer's operation essentially the same as in 1963 with the exception that his price support is lowered by 2.5 cents per pound.

The second alternative is much more complicated and it is here that the danglings ends appear. Under this choice the producer qualifies for the 30 cents loan rate on all production from his effective allotment, but is eligible for neither price support nor export payments on production from the extra five percent.

This five percent is called "export" acreage, and bond must be furnished to assure that cotton from this acreage will be exported, presumably at somewhere near the world price of 24 cents. Operators who adopt this plan will be required to make application to county Agricultural Stabilization and Conservation offices and furnish bond by June 1.

In the third option, by planting only his domestic allotment the grower qualifies for the 30 cent base loan in actual production, plus additional income through Payment-in-Kind

certificates worth 3.5 cents per pound on the normal yield from domestic acreage. A grower's domestic allotment will figure about 67 percent of his effective allotment except in the case of small farms, where domestic allotment is the smaller of his 1964 effective allotment or 15 acres.

The normal per-acre yield will be calculated on an individual farm basis and the total PIK payment will be this per-acre yield times 3.5 cents times the number of domestic acres. The Commodity Credit Corporation has announced that it will assist the farmer in marketing PIK certificates.

Acreage diverted from cotton under this plan may be planted to non-controlled crops. On farms with domestic allotments of more than 15 acres, however, the feed grain acreage may not exceed the feed grain base for that farm.

In calculating the domestic allotment, the Department has assumed that domestic consumption of cotton will rise to 9.6 million bales in the 1964-65 marketing year. And, at the four-year average yield (1959-62) it would take 10,766,000 acres to produce this amount. This is about 67 percent of the 16,000,000 national acreage allotment.

The new legislation provides for payments to be made through PIK certificates to domestic users of raw upland cotton grown in the U.S. to remove the price inequity between U.S. cotton users and foreign users. The Department has ruled that this payment will be at 6.5 cents per pound on raw cotton used from now until July 31, 1964, end of the current cotton marketing year.

How the program will operate in this respect from the beginning of the new marketing year August 1 until July 31, 1966, will be decided by the Department after hearing cotton industry views at two scheduled hearings. The first will be at Charlotte, North Carolina on April 30 and May 1, 1964, and the second is set for Memphis, Tenn. on May 4 and 5.

Bank Call Issued For April 15

Deposits in Lamb County's six banks registered a whopping \$33,678,393 on a call for bank reports this week, with the bank calls being for the close of business on April 15, 1964.

The healthy total of deposits was below the comparable bank call of year ago, but the reports were issued March 18 in 1963. Only one bank showed more deposits this year as compared with the March call in 1963.

Loans and discounts totaled \$12,734,845 for five banks, with the total for one bank not available Wednesday. The total loans and discounts last year were \$16,636,255—a comparable figure.

Although the calls were a month apart as to time of year, the record 1962 cotton crop probably accounted for the all-time high of deposits in March, 1963.

The six county banks include 2 in Littlefield and one each in Amherst, Sudan, Earth and Olton. Deposits of the neighboring Anton bank usually reflect somewhat on the Lamb economy, too.

By banks, the April 15 deposits and their comparison with the call on March 18, 1963:

Security State—\$10,307,073 compared with \$9,308,929.

First National Bank of Littlefield—\$7,156,393 compared with \$8,007,877.

Olton State Bank—\$6,532,911 compared with \$6,933,186.

First National Bank of Sudan—\$3,379,062 compared with \$3,688,136.

First National Bank of Amherst—\$3,523,220 compared with \$5,506,808.

Citizens State Bank of Earth—\$2,779,396 compared with \$3,660,156.

The Citizens State Bank of Anton, just across the county line, had deposits of \$2,987,980 as compared with \$3,226,789 in March of 1963.

HOWDY!

by dick reavis

Today's history may record a period when a whole lot of people are looking for a way of life, and even as they thought were defending it.

at is, if even history can't find the Truth and record for even history is being written today in many nations, perhaps in these United States.

When truth is gone, gone is freedom and all the things that make of mankind a great being. Every troubled world is more a misadventure and counter char-actum in a war that not wipe out the world, but may cripple it forever.

The words are "propaganda" and lots of slick phrases through which we are coming to accept as necessary, deceit as a tactic.

This is not happening just somewhere else. It is happening here at home; in Washington, Austin, Texas, and Lamb County, Texas, and in almost any place you may mention.

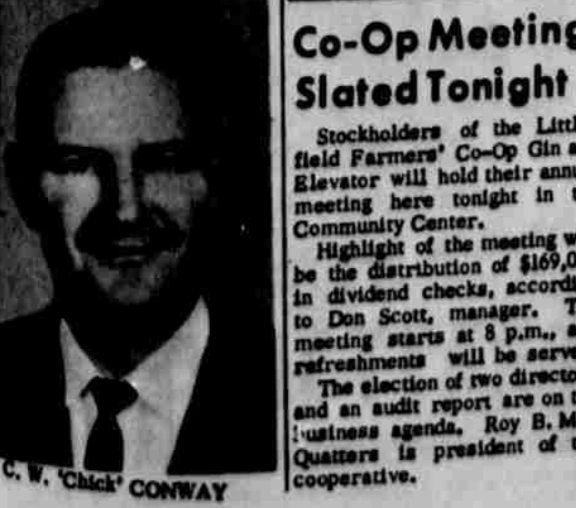

Conway Named as Boss Lion

W. (Chick) Conway was named president of the Littlefield Lions Club for 1964-65 during the annual election of officers Wednesday at the Community Center.

Conway will succeed H. A. Otchell as "boss" Lion. Officers elected: Don Avery, vice president; Jack Ellsby, secretary; Kip Cutler, 3rd vice president; Edwin L. secretary; Martel LaBue, treasurer; Roland Bell, tamer; and Don Hazla, tail walker.

Bob Batcom and James Walworth were the two new directors elected.

The club will select a sweetest next week. Brenda Perry and Annette Dutton are the candidates. Other nominees for title were Janelle Jensen, Ed Nickelson, Malale Ney and Linda Hodge.

25 Absentee Votes Cast For Primaries

Absentee balloting is under way and the politicians are in the home stretch of their campaigns for party primary elections May 2.

A total of 25 absentee ballots had been cast Wednesday morning at the Lamb County Clerk's office -- 22 of them going to the Democrats' box and 3 in the Republican party box. Deadline for absentee voting is next Tuesday.

With the primary elections just 1 1/2 weeks away, the campaign pace has gained tempo this week. Lamb County residents are seeing active campaigning for two offices -- the 4-man race for the sheriff's post and a 2-man contest for tax assessor-collector.

Statewide races appearing to draw interest on the Demo ticket are for governor and United States Senator, followed by the contests for railroad commissioner and commissioner of agriculture.

Republicans have an interesting intraparty race for U.S. Senator with four candidates in the contest. The Texas GOP preference for President is also stirring interest in the Republican ranks.

25 Absentee Votes Cast For Primaries

Funeral services for Simon deLagneau Hay, 71, retired Sudan postmaster and former Lamb County Judge, are scheduled today at 3 p.m. in the Sudan First Methodist Church.

Mr. Hay, a pioneer resident of Lamb County died Tuesday at Medical Arts Hospital. Final rites will be officiated by the Rev. John W.G. Hill of Littlefield and the Rev. Frank Wier of Sudan.

Interment will be in Resthaven Mausoleum in Lubbock. He was born Oct. 15, 1892 in Kan-kakee, Ill.

LHS Honor Festival Held

A highlight of the year for Littlefield High School students was the annual Honor Festival held Wednesday afternoon in a special assembly program in the school auditorium.

Results of the numerous awards and recognitions were not available at press time Wednesday, however, the honored students will be named in Sunday's County Wide News and on the Skat, the LHS news page.

Recognized at the honor festival are outstanding students in scholastics, club work, popularity and athletics. Features of the program include the presentation of sweater awards for scholastic achievement and presentation of scholarships.

The All-Wildcat boy and girl, as chosen by the student body, are named, as well as the outstanding boy and girl as selected by the faculty. Jane Dunagin and Billy Thompson, seniors, swept both honors last year.

Sweaters are presented to top students in each subject, and recognition is given straight "A" students, who's who of each department, club leaders, and sweethearts and queens chosen during the year.

Scholarships are presented by the Junior-Senior PTA, Rotary Club, Lions Club, Classroom Teachers, Jaycee-ettes, Choir Parents, Beta Sigma Phi, and the Ivan Fowlers. The awards range from \$75 to \$150.

Other recognitions are extended by Woodmen of the World, for outstanding senior history students, and by Daughters of the American Revolution, for outstanding citizenship.

Damage Suit Filed Over Irrigation Well

The wrecking of a Lamb county farm irrigation well two years ago has led to a \$12,879.82 suit filed last week in district court here.

The suit was filed by John Kirby and Sons of Hale county, who own the well on a farm near Olton, against C. M. Brown of Bailey county and Cecil Tabor of Wilbarger county.

Pleadings contend that the farm well was wrecked on May 7, 1962, when it was struck by a vehicle driven by Brown and belonging to him and Tabor. Brown was operating a vehicle hauling a combine along Highway 70, when it struck another vehicle, also hauling a combine, while passing on the highway, the suit pleadings argue.

Either or both vehicles swerved into the well, that was adjacent to the highway, the plaintiffs say. The irrigation well, pump and motor were damaged to the extent of

LHS Sends 13 To Region Meet

Littlefield High School will send 13 students to the Region 1 University Interscholastic League contests in Odessa Friday.

Five of the students will be entered in literary events. They are Dale Holton, extemporaneous speaking; Mike Sanders, prose reading; Mark Crouch, typing; and Doug Yarbrough and Tim Chambers, journalism.

Holton and Sanders won first in district competition, while Crouch was second in persuasive speaking and third in typing. There is no persuasive speaking contest at region. Journalism contests are not held on the district level.

Eight LHS track performers will be competing at Odessa. See the sports page for details on the athletes.

\$17,500 Bond Set In Lamb Murder Case

Bobby Joe Buchanan, 21, charged with the shotgun-rifle slaying of his father, was released here Monday after posting a \$17,500 bond in justice of peace court.

A murder with malice charge was filed against Buchanan last Thursday after he came to the sheriff's office and reported the death of his father, Wesley Buchanan, 48.

The victim was found near his farm home, located about 4 miles east and 2 miles south of Spade. Officers indicated he had been shot about three times with a shotgun and at least five times with a .22 rifle.

The shooting apparently stemmed from a family argument. Statements from the accused indicated the father had ordered his son, wife and daughter to leave the home earlier in the week. In an oral statement to County Atty. Curtis Wilkinson, the young man stated, in effect, "it was him or me."

Bobby Buchanan, his mother and sister had moved from the farm early last week. The young man had worked on the farm until that time, then went to work for a seed delinting firm in Littlefield.

JIM LANGDON

Langdon In City Friday

Railroad Commissioner, Jim Langdon will bring his campaign to Littlefield Friday when a reception and coffee is scheduled at 2 p.m. in the Crescent House dining room.

Mickey Ratliff Jr., Littlefield attorney and county campaign manager for Langdon, announced the railroad commissioner's visit here as part of a West Texas campaign swing.

"We invite everyone in the county area to visit with him Friday," Ratliff stated.

Judge Langdon was appointed to the Railroad Commission a year ago, to fill a vacancy, resigning as chief justice of the El Paso court of civil appeals. He was also a district judge of five counties for five years and a practicing attorney at McCamey prior to that time.

Langdon's busy schedule Friday begins at Abilene and visits are slated at Big Spring and Brownfield before arriving here. He plans to hit Plainview and Amarillo Friday evening and night.

County Column

The annual Littlefield High School Junior-Senior Banquet is scheduled Saturday night in the high school cafeteria, with a prom following at the Community center, "Fantasyland" is the theme for the banquet.

Olton City Council has laid plans for a complete engineering job on the Highway 70 widening project and set official dates for a "clean-up, paint-up, fix-up week." The special week will be May 3-10.

The Littlefield American Legion Post requests that hospital beds, wheel chairs or other equipment borrowed from the organization be returned as soon as possible. There is a need for the equipment, and some beds and wheel chairs are long overdue. Contact C.L. Walker if you have such equipment to be turned back to the Legion Post.

Jim Lang, Tisd executive, was in town this week to check construction of the fertilizer plant on the Clovis Highway. He and his family will be moving to Littlefield soon.

Hostesses for the occasion were Mmes. Leslie Hulse, Doyle Hewitt, Ernest Kristinek, and Clifford Williams. A gift of a large picture given by the hostesses was one of many.

Forming the centerpiece for the serving table was a cake made to resemble a house. The cake, along with cookies, nuts, coffee, and spiced tea were served to the guests.

QUESTION BRINGS RECIPE OF WEEK Grandmother, What's To Eat?

"Grandmother, what's to eat?" is the most frequent question asked around the Fred Lichte home at 701 East 17th. And Mrs. Lichte never fails to have a satisfactory answer. The Lichte grandchildren are Gail, Kenan and Gary—children of Mr. and Mrs. Les Lichte; Marletta, Cheryl and Scott—children of Mr. and Mrs. Ralph Carter.

Another member of the family, Mr. F. M. Brewer, 87, also enjoys his daughter's cooking as he lives with Mr. and Mrs. Lichte.

Some of Mrs. Lichte's hobbies, other than her grandchildren, are upholstering and refinishing furniture, sewing, and yardwork. She is also active in the Oklahoma Avenue HD Club of which she is a charter member. This club is the

oldest HD club in Littlefield. Mr. Lichte, a farmer, heads his list of hobbies with traveling. So far, they have traveled in 22 states. Others are fishing and reading.

The Lichtes are active members of the First Baptist Church. She is assistant superintendent of the extension department and receptionist of the nursery.

As camping time is drawing near and Mrs. Lichte's husband is busy planning fishing trips, she is reminded of her recipe for camp biscuits. Mrs. Lichte has agreed to share it with our readers.

Take a good deal of flour, more or less, according to the number of campers and the dimension of their appetites, to which add salt "to taste" and baking powder "to raise." Mix

with water into a soft dough, bake in a dutch oven, frying pan, or whatever utensil may be at hand—using a flat stone if nothing else can be found. Serve hot or on a tin plate or piece of bark, garnished with pine cones and field daisies. This recipe came from her book of Rare Recipes, a gift from a friend.

Another favorite recipe of the Lichte family is German Cucumber Dish. This recipe has been handed down through the family for many generations. Mrs. Lichte received it from her mother-in-law. The origin of the recipe is Germany.

GERMAN CUCUMBER DISH

First, in a small mixing bowl, put 1/2 cup sweet cream and stir into this 1/2 cup sugar until it is dissolved. Next, add 1/3 to 1/2 cup vinegar, according to taste. Set this aside while you peel and slice 2, medium to large, cucumbers (making sure the seeds are small and tender) and 1 large onion (thin rings).

Just before serving, sprinkle vegetables with salt and black pepper. Then pour above sauce over the vegetables and toss well.

Mrs. Lichte suggests that you try this dish with green beans, corn, black eyed peas or other vegetables.

Mrs. McKinney Enjoys Feature of New Home East of Town

Planning for conveniences in a new home takes a bit of time for the homemaker, but it pays off when she actually starts to live in it. Mrs. McKinney, Oklahoma Avenue Home Demonstration Club woman, is enjoying the results of some planning made for a sewing center in her new home. One end of the den a sewing center is located. Everything one will need for sewing is within reach. She has a storage material, patterns, and hanging garments, ironing board closet and table for machine are within easy reach. A peg board is in the back of the unit for hanging scissors, spools, pattern guide and a lamp. Folding doors can be closed, off-setting the unit from the den. Mrs. McKinney sews for herself and daughter and in the past has made suits for the boys. She made draperies for the new home including cornice boards. Also, refinishing furniture has been a project for the new home. Mrs. McKinney has refinished two bedroom suits. Planning and preparing well balanced meals is another goal Mrs. McKinney accomplishes. From their garden fresh vegetables are grown and some are canned, others frozen. An orchard will be put out in the near future. Mr. and Mrs. McKinney live east of town and have three children. Mrs. McKinney has been a home demonstration club member for 12 years and is serving her club as president this year.

Dr. Chatwell Has Birthday Party

AMHERST--Dr. J. W. Chatwell was honored with a chicken barbecue Saturday at the home of his sister, Mrs. Dawson Muller, in Sudan. Their parents, Mr. and Mrs. Wesley Chatwell were hosts for the occasion. It was Dr. Chatwell's birthday. Those attending were: Mr. and Mrs. Clarence Stag and children, Roger, Delores and Connie; Joy Linda and Lavon Best and Mrs. Margie Sisk of Lubbock; Mr. and Mrs. Joe Don Parrott of Littlefield; Mr. and Mrs. Paul Gonzales of Amherst; Mr. and Mrs. Dawson Muller, D. Whitharral Homemakers Hold Business Meeting

The Whitharral Young Homemakers met Tuesday at the Home Economics Cottage with Mrs. Norman Theford presiding over the business meeting. Mrs. Roger White was appointed to check the school calendar to set a date for a tea honoring the FHA Chapter of Whitharral. At that time the outstanding FHA girl and the "Little Sister" will be announced. The next meeting will be April 28 at 7:30 at the Home Economics Cottage. The program will be on child development. Several members of the club plan to attend the Field Day at South Plains Electric Co-op in Lubbock May 5. Mrs. Clifford Williams furnished the refreshments of cakes, cookies, scotch-a-roos, and coffee. Those present at the meeting were Mmes. Norman Theford, Billy Theford, Gene Winn, Ernest Kristinek, Roger White, Bobby Grant, Dwayne Dixon, Doyle Hewitt, and Clifford Williams.

Randy Aduddell, Football Hero

BULA--The Bula grade school football and basketball coronations took place April 11 at a banquet in the school cafeteria. Also, a challenging speech was given by Charles Bowen of Morton. Coach C. W. Fincher crowned Randy Aduddell football hero and Sheril Medlin sweetheart. Dennis Newton and Joyce Sowder were crowned as basketball king and queen at the banquet. The speech given by Bowen was directed to the students and teachers as a challenge. It was entitled "Steps to Success." Bowen was introduced by Supt. Guinn Casey who also gave the benediction. Coach Curley Risinger acted as toastmaster for the evening. He gave the opening invocation. Decorating theme was "Rendezvous of the Stars." Mothers of the 8th grade class prepared the food and mothers of the 7th grade group entertained with a record and game party in the auditorium following the banquet.

AT DISTRICT PTA MEET Mrs. Farmer Is Honored

Mrs. J.M. Farmer, Littlefield, was awarded a national PTA life membership at the District 14 Texas Parents and Teachers Association meeting in Plainview Tuesday. Theme of the conference was "We, the PTA Cooperate in the School Story". Mrs. Farmer, president of the district, presided. Highlight of the meet was the presentation of state and life memberships at a banquet at Estacado Junior High School cafeteria. Floyd D. Manry, superintendent of the Plainview schools, was master of ceremonies. Theme of the banquet was "Blossoms in Our Midst". In the yearbook, history book and publicity book divisions, superior ratings went to the Junior-Senior High PTA of Littlefield. The Primary-Elementary PTA also was awarded the same honors in these divisions. Twelve certificates were given to members of the PTA in honor of their completion of a 12-hour study course. Mrs. L.D. Aten accepted the awards. Conference speakers were Mrs. Chesley McDonald, Sterling City, a state regional vice president and the official state representative of the Texas Congress of Parents and Teachers; and Mrs. Angus McDonald, state chairman of the Congress publications and magazine. Mrs. W.J. Danforth, state president from Fort Worth, led a panel discussion on "Cooperating in the School Story". Workshop sessions were held during the afternoon. Those attending from the Junior-Senior High PTA of Littlefield were Olen Mahaffey, Mrs. C.B. McWilliams, Mrs. Albert Perkins, Mrs. Kenneth Reast and Supt. Glen Reeves. Attending from the Primary-Elementary PTA were Mmes. Roland Bell, Joe Walden, L.D. Aten, Herbert Hinckley, Barney Klein and Daniel Banner. Beryl Harris, Paul I. Jones and Edwin Hall, members of both associations, also attended. Reeves is also a member of both associations.

Berry Spradley Visits Dallas

AMHERST--Berry Spradley, son of Mr. and Mrs. Tom Spradley, returned to Lubbock Tuesday from an expense paid trip to Dallas. Berry is a senior at Texas Tech and is majoring in advertising. The Dallas advisory league selection of the Tech students was based on their outstanding achievements in the advertising curricula. Berry was one of six chosen to make the trip. The group left Sunday. At Dallas they toured the Dallas Morning News, Six Flags Over Texas, and other points of interest.

Donna Crume, Glen Saeyer Represent Bula At Meet

BULA--Donna Crume and Glen Saeyer represented Bula at the district interscholastic league meet held April 22 at Pep. They were over-all declaimers in the elimination held April 17. Dolores McCall and Keith Overland were their alternates. Sheryl Medlin and Dennis Newton were selected as 7th and 8th grade winners with Dorothy Spence as Sheryl's alternate. Jolene Reid and L. D. Holt were alternates to Margaret Richardson and Tom Newton in the 5th and 6th grade level.

Whitharral Homemakers Hold Business Meeting

The Whitharral Young Homemakers met Tuesday at the Home Economics Cottage with Mrs. Norman Theford presiding over the business meeting. Mrs. Roger White was appointed to check the school calendar to set a date for a tea honoring the FHA Chapter of Whitharral. At that time the outstanding FHA girl and the "Little Sister" will be announced. The next meeting will be April 28 at 7:30 at the Home Economics Cottage. The program will be on child development. Several members of the club plan to attend the Field Day at South Plains Electric Co-op in Lubbock May 5. Mrs. Clifford Williams furnished the refreshments of cakes, cookies, scotch-a-roos, and coffee. Those present at the meeting were Mmes. Norman Theford, Billy Theford, Gene Winn, Ernest Kristinek, Roger White, Bobby Grant, Dwayne Dixon, Doyle Hewitt, and Clifford Williams.

Randy Aduddell, Football Hero

BULA--The Bula grade school football and basketball coronations took place April 11 at a banquet in the school cafeteria. Also, a challenging speech was given by Charles Bowen of Morton. Coach C. W. Fincher crowned Randy Aduddell football hero and Sheril Medlin sweetheart. Dennis Newton and Joyce Sowder were crowned as basketball king and queen at the banquet. The speech given by Bowen was directed to the students and teachers as a challenge. It was entitled "Steps to Success." Bowen was introduced by Supt. Guinn Casey who also gave the benediction. Coach Curley Risinger acted as toastmaster for the evening. He gave the opening invocation. Decorating theme was "Rendezvous of the Stars." Mothers of the 8th grade class prepared the food and mothers of the 7th grade group entertained with a record and game party in the auditorium following the banquet.

NEW HOUSING PROJECT HERE -- Four new homes, designed for large families seeking low-cost housing, will be displayed by builder John Edd Hutchins here Sunday. An open house will be held from 1 to 5 p.m. at the homes, located on Copeland St. near Freeman Ave. The homes are all three-bedroom units.

Builder To Hold Open House On Low-Cost Homes Sunday

John Edd Hutchins, Littlefield builder, has just finished four homes in southeast Littlefield as part of a project to provide lower-cost housing for large families.

Hutchins thinks there is a need for such housing and he is holding open house Sunday to display the new three-bedroom homes. They are located on Copeland St. at its intersection with Freeman Ave.

The Littlefield builder is offering on-the-spot financing and a low down payment for prospective buyers. Hutchins said Spanish people are invited to view the homes. Hutchins will handle the financing of the home himself.

The four houses on Copeland are all three-bedroom, 1-bath units. They are carpeted throughout and have a good size kitchen - dining area. Each house has about 1,000 square feet of floor space.

The homes have adequate closet space and are plumbed for washers. Attractive cabinets highlight the kitchen area. The

exterior of the homes is a stucco finish.

Open house will be held from 1 to 5 p.m. Sunday.

\$1,479.82 the suit claims.

Because the well was wrecked they were unable to irrigate properly 122 acres of cotton served by it, and made only 66 bales of cotton when they could have produced 150 bales with the well, plaintiffs say. They ask \$100 profit on the 84 bales difference, for a total of \$8,400.

They also claim that a 1962 feed crop suffered loss of half its expected yield because the well was out, and seek \$3,000 for this cause.

Amazing how little it costs

to put a roof over your head

Amazing! Most people are downright flabbergasted the first time they check out a new compact Dart convert. Pop goes the top. But the price just sits there low and easy to talk.

It's even more amazing when you consider all that makes a Dart a Dart. Room, for instance. Size it up with knees, head, elbows, or luggage. You'll find large

economy-size room--as much stretch-out and load space as in many standard-size cars. And there's large economy-size power to go with it... from a 170 cu. in. standard Six to an optional gang-ho 273 V8.

Amazing! You bet. It's what happens when a quality car maker builds a compact bigger and quicker and then tops it off with such good looks.

AUSTIN--Can you get food poisoning from frozen food? If frozen food thaws out, should it be destroyed? Can you refreeze meat that has thawed out?

These questions persist although frozen foods have become an integral part of modern living. But properly stored, handled and prepared, frozen foods will serve you and your family well.

Food poisoning, originating from frozen foods, is a rarity. Processors are careful to prepare and freeze their products at the peak of freshness, insuring that bacteria are at a minimum. The very act of freezing the food suppresses the ability of the bacteria to multiply. Not until food temperatures rise and conditions become favorable to

growth of bacteria do they begin multiplying.

And what about frozen foods that have thawed out... must they be destroyed? Not necessarily. After all, they must be thawed before they can be cooked and eaten. If foods have been thawed only for a short time, they may be safely eaten. The important question is how long have they been thawed out and how high the temperature has been. If the temperature went no higher than 45 degrees, the foods may be maintained at this level safely for several days but should not be refrozen.

Is it ever safe to refreeze meat that has thawed out? Refreezing meat is permissible if the meat was fresh at the original freezing and if it was thawed

for only a short period. There may, however, be some degradation of flavor and quality with the second freezing. The risk in refreezing cured or smoked meats is greater. These meats may be slightly spoiled even though there is no discoloration, off-odor or other signs of age. To preserve the quality of frozen foods, store them at the lowest possible temperature and when you transport from the store to your freezer, do so as quickly as possible.

more than in the plain, true light of day.

This is the danger of the world today, one on a level with nuclear weapons, for these will be triggered by public opinion, be it right or wrong.

What is the answer to this growing danger? As with most of those of recent decades the answer may be in education, in this nation of an electorate prepared to sift its way through

confusion to safe decision. The fact is that President Johnson, Barry Goldwater, Richard Nixon and about all others are right to some degree of misconception for to do so will cost votes, will cost position, maybe.

An interesting experiment someday might be the candidate of stature who would say honestly: I don't know all the answers. I think the opposition is doing some things right but I'll try to do more things right.

For, in this nation, he and the opposition are of the same whole party, and both are honorable people.

Until this Utopia comes the voter must listen with a special inner ear. He must himself agree to disagree with some things he finds pleasant. The answer must be somewhere, in the manner of the new press, however, it is not our business to suggest solution. We only name a fault and clamour about it.

Preliminary Planning On Running Water Draw Set

A preliminary planning party will start work on the Running Water Draw Watershed project soon, it was revealed this week by Paul F. Larson, Lamb County Soil Conservation Service.

The preliminary planning party of the SCS is scheduled for July 13 to 31. The group will be gathering information about the cost of the detailed survey, possible sites and the land treatment needs of the drainage area.

tures in the project. Jan. 15, 1965, has been set as the date for the main planning party to begin the engineering survey. Running Water Draw passes through the northeast corner of Lamb County. The watershed project extends from Clovis, N.M., through Plainview and on into the White River, below the Caprock.

Lamb County commissioners approved this county's share of the engineering service—\$4,333—several months ago.

TATE CAPITAL Highlights AND Sidelights

by Vern Sanford

Texans will have opportunity to give their views on how the state should be divided into 23 congressional districts of equal population.

Worth, Wayne Gibbons of Breckenridge, Richard C. Slack of Pecos, and G.F. Mutscher of Brenham.

Gov. John Connally praised Atty. Gen. Waggoner Carr for his representation of the state during the redistricting case. He said work of Carr and his assistants made it possible for the state to "hold our 1964 congressional elections without the requirement of a special session or at-large (statewide congressional) races."

COURT REFORMS -- U.S. Supreme Court Justice Tom Clark came to Austin for the Texas Conference on Judicial Selection, Tenure and Administration, sponsored by the State Bar of Texas.

Two hundred and fifty lawyers, judges and laymen talked about how to improve the Texas judicial system.

Court organization and administration, and judicial selection, tenure, retirement, discipline and removal were discussed. Lawyers and judges from a dozen other states where court reforms have been enacted participated.

AGING -- Governor Connally revealed that 1,400 of the 3,500 senile patients in state mental hospitals have been moved to private nursing homes in the

last year. He told his Committee on Aging that this is one method being used to better the lot of older, ill persons. Many have been sent to mental hospitals because there was no place else for them to go. But under the new Federal-state program of paying nursing home costs of the ailing aged, those not really mentally ill can be taken out of the state hospitals.

He urged the committee, headed by Sen. Walter Richter of Gonzales, to find further ways of bettering the lot of older Texans.

HIGHER EDUCATION -- Texas Commission on Higher Education allocated \$3,980,000 in appropriations to meet student enrollment increases in the 20

state-supported senior colleges for the coming school year. At the same time, the Commission took a step toward higher standards in the state colleges when it moved to abolish state financial support for "questionable" or "frill" college courses, including:

1. Courses not counted toward graduation requirements;
2. Tour or travel courses;
3. Certain "work experience" courses;
4. Dramatic and forensic activities not in regularly organized classes;
5. Courses devoted exclusively to learning operation of one or two simple business machines;

6. Social or self-improvement courses;
 7. Remedial courses on the high school level not carrying college credit;
 8. Orientation courses aimed at counseling or guidance of freshmen students.
- Commission approved recommendations to strengthen graduate and research programs in the North Texas area and authorized new third and fourth-year courses for Angelo State College, San Angelo.
- VETERANS LAND SALE SET** -- Twenty-two forfeited veterans land tracts in seven counties will be offered for sale on May 12, Land Commissioner Jerry Sadler has announced.
- Bids on the tracts in Guadalupe, Hidalgo, Maverick, Uval-

de, Wilson, Zavala and Culberson Counties must be received at Sadler's office by 10 a.m. on date of sale.

OIL ALLOWABLE SET -- Texas Railroad Commission set May oil production allowable at 2,800,000 barrels daily for prorated wells, based on production at 28.5 per cent of potential. That's a decrease from the 29 per cent formula of the last three months and 2,900,000 barrels daily for April.

Figure still is the highest for May in the last five years.

OPINIONS -- The attorney general held in opinions: That the new Ector County detention facilities for juveniles and adult women do not properly separate the boys from

the girls and juveniles from trial; And that prison inmates are eligible for parole consideration after serving two years (one-fourth) of a two-to-eight year sentence.

Even-member study group as Legislative Council arm of the Legislature to begin extensive work over the state soon after the May 2 primaries. Pressmen and party officials have been invited to suggest as to how the state should be drawn with approximately 416,000 population.

Supreme Court has supported a Houston federal court that the districts must be drawn to provide "equal representation for equal number of people" as nearly as possible. The Houston court held that the Legislature should have a chance to draw the districts in regular session.

George Moffett of Childress, senior member of the committee in point of service, will conduct the hearings. Other members are Sen. Tom Kazen Jr. of Laredo, Rep. Paul Floyd of Houston, and Jimmy Shannon of Fort

8 Wildcats In Region Meet

LITTLE LEAGUERS REGISTER -- Players in the Littlefield Little League registered last week, and three of the many boys to sign up are shown here with Gene Williams, one of the league's coaches. A complete list of teams and sponsors, coaches and team rosters will be announced soon.

Olton Cops 3-AA Crown

OLTON--George Jones won three blue ribbons to lead the Olton Mustangs to the District 3-AA track and field championship here last Saturday. Jones swept to first-place victories in both the high and low hurdles and took first in the broad jump. Olton tabbed 163 points to outdistance runner-up Friona by 53 points. Olton's other first places were captured by the mile relay team, by Smith in the 880-yard run, and by DeBerry in the 440-

yard dash. The mile relay team posted a fine 3:37 time in winning that event. The sprint relay team was second. Smith also placed second in the 220; Dugby won second in the 100-yard dash; Hall was second and Priest third in the low hurdles; Evans second in the 220; Priest third in the pole vault; Givens third in the shot put, and Sopher third in the discus. Muleshoe was third in the meet with 92 points, followed by Dimmitt with 82 and Morton with 45. Olton qualified both relay teams for the regional meet and will have nine entries in individual events.

County Teams In Region Meet

Lamb County and area athletes in Conferences B, A, and AA of Region I will be in Lubbock Friday and Saturday for the giant field and track meet which sends the top two winners in each event to the state meet in Austin. The Texas Tech campus will be host to the giant high school activity, involving competition in track and field, golf, and tennis. Here is the track schedule: Friday -- preliminaries in Class B field events, 9:30 a.m.; prelims in Class A, AA field events, 10:30; prelims in all class running events, 1 p.m. Saturday -- finals infield events, 9:30 a.m.; finals in running events, 1 p.m. Tennis starts at 8:45 a.m. Friday with all Class B play plus A boys' singles. The other divisions begin later in the day. Semi-finals and finals for all conferences will be held Saturday.

The golf tournament is scheduled at Meadowbrook Golf Course. It will be held Friday, beginning at 8:30 a.m. Girls' volleyball will be conducted Friday and Saturday in the Women's Gym at Texas Tech. Littlefield's mile relay foursome at Dumas turned in its best time of the season even though they were picked second, Dumas toured the mile in a record time of 3:21.5, and the Wildcats were given a 3:21.55--just a fraction of a second slower.

Larry Wood, who finished second to Funk in the pole vault, almost made it in the 120-yard high hurdles. He and runnerup Lynn Johnson of Phillips hit the finish line almost at the same time, but the judges picked the Blackhawk hurdler, Buddy Bolterjack of Perryton tied the record with a 14.7 time, and Johnson and Wood were just a step back. Wood placed 4th in the low hurdles and 5th in the high jump. Littlefield's other pointmakers in the district meet: Coffman, 3rd in the high jump and 6th in the low hurdles; Schovajsa, 4th in the 440-yard dash; Keith Kisner, tied for 5th in pole vault; Bob Ross, 6th in discus; Jerry Cox, 6th in high hurdles; Junior Hodge, 6th in broad jump.

Pigrum was just a half-step away in the 220-yard dash, Joe Casas of Dumas was timed in 22.3 seconds, and Pigrum was given a 22.35 in the event. Davila, the sophomore half-miler, was timed in 2:02.5 in winning second. It was his best of the season. Johnson had a 4:44.3 in the mile--just .2 of a second off the winning time. Sitton had a 10-second flat timing in the century, and Wood vaulted 11-9 for second in the pole vault. Littlefield had a couple of entrants to miss the finals by close margins. The schools voted to send the first three finishers in each preliminary event to the finals, rather than picking the six best times. Steve Lewis clocked a 10.5

seconds time in the 100 but was in the "fast" heat. His time was better than one runner in the other heat who went to the finals. Jimmy Burk missed out the same way in the 440 when he ran a 52.5 in the prelims, but didn't get into the finals. The mile relay race was the thriller of the day. Dumas opened with a lead when Norman Bonner clicked off a 50.5 lap. Coffman opened for the Wildcats and was timed at 52.1. Sitton reeled off a fine 49.7 lap on the second quarter to catch up with the leaders, and Wood's quarter of 50.4 gave Pigrum a step or two lead on Dumas going into the final lap. Johnny Collier, who won the open 440 for Dumas, locked up in a duel with Pigrum in the anchor lap. They hit the tape almost simultaneously, but the judges gave Dumas the nod. Collier was timed at 49 flat and Pigrum at 49.4.

GUIDE LITTLE LEAGUE PLAY--These three officials of the Littlefield Little League organization are busily preparing for the start of the 1964 season. Left to right are Junior Nicholas, vice president; Chick Conway, president; Jack Christian, player agent. Boys 9 and 10 who wish to play and have not registered should contact Christian.

It's the Law in TEXAS

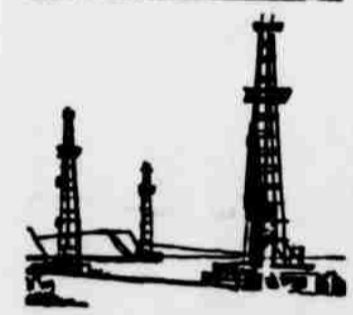

The Chief Justice of the United States heads the Supreme Court, but except for presiding and a few ceremonial duties, his work is much like that of the other justices. In fact his vote on a decision counts only as one. In ceremonies, he leads when the justices walk in a procession. As a rule, he gives the oath to the President at his inauguration. Should a President be impeached, he presides at the Senate hearings. Of the associate justices, only one, Samuel Chase (1796 to 1811) has been impeached, that is, accused of a wrong for which the Senate could remove him. Chase did lack "judicial temperament," he made political speeches and denounced the President from the bench. But such things are not crimes. His impeachment failed. The Senate would not remove him from office.

How can we be sure that a man will become a just, honest, and able Justice of the Supreme Court? What are his legal qualifications? None: The Constitution sets no formal requirements. He does not have to be a lawyer, though all of them have been. The President may name any one he chooses; and, with U.S. Senate approval, he goes on the bench. But the informal qualifications of a Justice of the Supreme Court are great. For a seat in the U.S. Supreme Court is a lawyer's highest honor. Before a person goes on that high bench, should anyone doubt of his character or learning, the Senate holds hearings and can refuse to confirm his appointment. And this has happened. And then it is up to the president to name another, until the Senate confirms his nominee. The Senate cannot nominate its own candidate: it can only approve or disapprove the President's. Membership of the U.S. Supreme Court changes quite often. Justices take office late, but a fair number leave from time to time for various reasons. For as a rule, honors came late in life. (This newfeature prepared by the State Bar of Texas, written to inform--not to advise. No person should apply or interpret any law without the aid of an attorney fully advised concerning facts involved because a variance in facts may change application of the law.)

Let's Go Fishin'

BY BOB BREWSTER

Remember The Real Thing? Somewhere in the development of fishing techniques and tackle to today's standards, the ancient art of dunking a worm got sidetracked. The bait fisherman has become an outcast in his own camp. comment the folks at Mercury outboards. Disdain for the use of live insects, rodents, amphibians and other forms of water creatures is universally reflected by tackle boxes bulging with lures of every shape, size and color. In relying heavily on artificial, most anglers have neglected a method of fishing that is every bit as fascinating and demanding. Understanding baits and their use is one sure approach to mastering the fundamentals of the sport, yet quite a few fishermen have blithely

GORDON McLENDON

Your candidate for the Democratic nomination for U. S. Senator
BELIEVES . . .

- FOREIGN AID--Foreign aid should be withheld from all communist-dominated countries. Foreign aid should be maintained in those countries in which we have military bases. In other countries where any aid might be prudent, it should be mainly in the form of surplus agricultural products.
- NATIONAL DEBT--Government expenditures should be made only from current income in peacetime. An orderly program for retirement of the public debt should be initiated.
- FOREIGN AFFAIRS--The Monroe Doctrine should be firmly restated and upheld.

BULA NEWS BY MRS. JOHN BLACKMAN

Class Presents Skit During Library Week

The sophomore class presented a short skit Thursday afternoon before the students and teachers in the auditorium in observance of National Library Week.

The short skit depicted the value of good reading and how we should take care of our library books. Several good books were donated to the library during the week.

Bula High School and Grade School volleyball teams played in the district volleyball tournament at Bledsoe last weekend. In the high school division the Bula boys and the Pep girls won first place. Schools entered in the tournament were Bula, Bledsoe, Pep, Three Way, and Pettit.

Mr. and Mrs. John Blackmon recently visited with relatives at New Gulf, followed by a sight-seeing tour of the coast line of the state to El Paso, then up to Anthony, N.M., where they visited their daughter and family.

Senior Breakfast Set by Church

The senior class of Littlefield High School will be honored April 29 at 8:30 a.m. with the annual senior breakfast of the First Methodist Church. It will be held at the church.

Jack Barton, member of the school board, will speak at the breakfast. Twelve guests, other than the senior class, have been invited to attend.

opening session. The program will be developed around nutritional needs for the various age groups, including maternal and child nutrition, adolescent nutrition, adult and older adult nutrition.

Discussions on the physiology of nutrition and carbohydrates and proteins in the diet will highlight the Tuesday program. Fats and minerals in the diet will be emphasized Wednesday. Vitamins in the diet and the recommended daily nutrition allowances of the National Research Council recently revised downward, will be studied Thursday.

Improved methods of teaching nutrition will be discussed the final day. Principal speaker will be Dr. F. Eugenia Whitehead, professor and chairman, Department of Home Economics, University of Iowa.

Mrs. Owen Young, FHA advisor, accompanied the FHA girls to Littlefield Monday evening for a bowling party.

The Bula grade school choir presented special music one night during the Enoch Baptist revival.

Both grade school and high school choirs have made much progress this year.

Mrs. Dale Coleman of Dumas visited Thursday in the homes of her brothers, Cecil and R. E. Jones.

Miss Francis Taylor of Midland spent the weekend in the home of her sister, Mr. and Mrs. Jack Speck.

Mrs. John Hubbard spent Wednesday through Monday in the home of her daughter, Mr. and Mrs. Barney Oldfield and baby daughter Kimberley of

Mancill Hall Named Winner Of Auto Award

Mancill Hall of Littlefield has won the first annual "President's Award" of the Texas Automobile Dealers Association.

The owner of Hall Motor Company was presented with his award for the best employee communications program of any Texas dealer with less than 25 employees during the banquet Sunday night of the Texas Automobile Dealers Association's 47th annual state-wide convention.

The convention was held in Dallas Sunday through Tuesday. Winners of the award in other divisions were R.C. (Dick) Bachmen of Rugeley Motor Company in Bay City for dealerships with 25 to 100 employees and Jack K. Williams of Jack Williams Chevrolet in Fort Worth for dealerships with more than 100 employees.

The TADA "President's Award" competition is designed to stimulate interest in effective employee communications on subjects vital to the preservation of the private enterprise system, according to the officials of the 1,400 member and dealer's association.

Judges sought dealers who excelled in effective employee communications in presentations of an economic, political and labor management nature.

Grants, N.M. Mr. Hubbard drove up Sunday for her. Mrs. Tom Bogard spent Sunday and Monday with her daughter Opal, senior student at Wayland College. She helped

Opal get her clothes ready for her trip with the Flying Queens to Peru.

Mr. and Mrs. Dewitt Tiller and girls spent the weekend with his parents at Truth of Consequences, N.M.

Cecil Jones returned home Thursday night from Amarillo, where he had spent two days with

his mother, Mrs. H. D. Jones, who underwent surgery Tuesday in an Amarillo hospital.

Two boys of the Bula track team will compete in the regional meet at Lubbock, April 25-26. Sam Nichols won second place in high jump and Mike Capeheart placed second in the 880 yard run.

Comet...World's 100,000-Mile Durability Champion

At Daytona, a team of four specially equipped '64 Comets each traveled day and night 100,000 miles at over 105 miles per hour—an unequalled feat of stamina and durability.

In Africa, Comet showed its stamina again in "the wildest ride on earth"—the monsoon-swept East African Safari Rally. 94 cars started. Only 21 finished the run—two of them were Comets.

Route of the "wildest ride on earth"—3,188 miles through the heart of Africa.

Leads the sales success parade!

Is it any surprise that Comet sales are up to almost double last year's? Comet proves what it can do. After 100,000 miles at Daytona, one of these special Comets has traveled another 31,000 and is still going strong. Then rally-equipped Comets logged through 3,188

miles of African mud, rocks and jungle—the first to carry America's colors in the world's toughest car event. Want more reasons? Just take a look at this new Comet. Husky, racy, beautiful, and built, really built. Make tracks for a Comet at your Mercury dealer's.

48 Licenses Suspended In Lamb County

A total of 48 citizens of Lamb County had their driver's license either suspended or were denied a license during 1963, the records of the Texas Department of Public Safety reveal.

Of this number, 25 persons had their licenses suspended and 23 were denied a license.

Some of the major reasons for suspensions and denials of licenses included driving while intoxicated, 27; habitual violators, 5; mental incompetence, 8; and driving while license suspended, 2.

During the year a total of 25,022 licenses were suspended and another 8,632 were denied throughout the state. Drivers in the 20-year-old bracket had the most licenses suspended with 1,307. The 19-year-olds ran a close second with 1,305 suspended.

The oldest driver to have his license suspended was 96 years of age. The DPS is required by law to file every driver's license application. The department also files all accident reports and records of convictions in connection with vehicle accidents.
