

## DISTRICT GAMES SPARK PLAY

### TOWN and COUNTRY

by Wendell Tooley

IT IS indeed gratifying to see the wonderful response Littlefield citizens have given the United Fund organization. The board of directors was quickly organized, they in turn began to appoint executive, publicity, by-laws, campaign, and budget committees. These committees went to work making plans for their particular phase of the program. They've worked early and late this week to have their reports ready for the general board meeting Monday night. The campaign committee appointed leaders for the various divisions, in preparation for the board's okay.

EVERYONE has pitched in and done his part, very few have refused to work. With this type of cooperation and willingness to get the job done the United Fund can't but be successful, and it shouldn't require any one person to be overworked. This is the type of enthusiasm that makes Littlefield a better place to live. It is a way towns grow into cities. Good team work is the essence of a progressive town.

WHAT A great teacher is! A man never wakes his second baby to see it die.

Many an old settler settled West because he didn't set up back East.

FOUND another past resident of Clay County last week. Lee Furrh, who lived over near Deer Creek. Like most residents of Clay, he is a big baseball player and cheerfully as many good stories as my Dad, who also played baseball back in those days. Well Lee if we'd all stayed (See Town on Page 2)

Salvation Army Needs Clothing

An urgent plea was made last week for children's clothes. Sgt. Damon Parker, local Salvation Army director for Littlefield, said the requests for clothing far exceed the amount the Army has available. Parker said the need was the greatest for clothing for babies from up to 12 year olds. He stressed that recently all the clothing they have had on hand has been given out and many have turned away because they had nothing to give them. Persons desiring to contribute clothing to the Army can do so by either taking it to the Salvation Army headquarters or calling Parker for pickup homes.

### Springlake, Kress In Game Of Week

All area schools will be battling in district competition Friday night as football play reaches the final stages for this year. Just four more weekends of play remains for most schools. Sudan, who went down to Springlake in its first district 3-A contest, will have an open weekend and is the only school not playing.

The highlight of the Friday night contests will be the game between unbeaten Springlake and Kress. Both teams play in district 3-A and have identical records of seven wins and no losses. Each won their opening district game last weekend as Springlake defeated Sudan 20 to 13 and Kress downed Farwell 26 to 6.

The 8 p.m. contest is slated for Kress, but a large crowd is expected from Springlake. Kress won last year's game 14 to 2. This game is billed as the decider in district 3-A.

The Amherst Bulldogs and the Anton Bulldogs will clash at Amherst at 8 p.m. Friday in a district 3-B contest. Each opened district play last weekend and are undefeated in the conference. Amherst thumped Meadow 34 to 6 while Anton was rolling over Whitharral 14 to 8. A capacity crowd is expected for the annual contest.

Bula will be host to Nazareth Saturday night at 8 p.m. The game will also mark homecoming for the Bula Bulldogs. Nazareth defeated the Bulldogs earlier in the season, and the Bula team will be seeking revenge as they try for a homecoming victory.

Olton's Mustangs, after winning an upset victory from Muleshoe, will be trying for (See Springlake on Page 2)

### United Fund Chairmen Announced

Division chairmen for the Littlefield United Fund Drive campaign were named Tuesday morning by the Board of Directors of the Drive.

Two general fund drive chairmen were designated and are Jack Christian and J. E. Chisholm, Chairman of the drive is Arnold Neumann with Howard Horne being chairman of the business division drive, and Charles Duval chairman of the employee division. All five men have accepted the appointments.

The Board of Directors will meet Monday night to approve the four budgets presented and to complete plans for the Fund Drive. The various committees have been working this week in preparation for the meeting Monday.

The kick-off date for the Drive will also be decided at Monday's meeting.

### Laguna Park Is Council Topic

Littlefield's City Council will discuss and review plans to alleviate the flooding condition around Laguna Park at their meeting tonight at 7 in the City Hall.

J. W. Harrison, city manager, said the plan calls for digging out the center portion of the park area making the lake deeper and allowing it to hold more water. Approximately 40,000 yards of dirt will be removed from the park and another 35,000 yards will be used to build up the dam around the lake area.

The Council will open bids on a heating system for the City Hall. The 35-year-old boiler used for heating the building burst two weeks ago making it imperative that a new heating system be installed.

### Wilson Is Head Of Development Board

Joe Wilson, who has served as acting president of the Board of City Development, was elected president of the group at a breakfast meeting Tuesday morning. In addition Nelson Naylor was elected vice-president and Howard Horne was re-elected secretary-treasurer.

During the meeting the BCD decided to formulate a program of work for the coming year to use as a guide. As a part of the program the group decided to complete the economic research study for Littlefield in cooperation with the Chamber of Commerce. After the information is compiled

BAND QUEEN CANDIDATES - One of these lovely young ladies will be the 1961-62 Band Sweetheart. The Sweetheart will be crowned during halftime ceremonies of the Littlefield - Phillips football game Friday night. From left to right they are Melva Lynn Ross, Janey Blackmon and Joyce Thompson. The band students voted this week.

### Break-Ins Plague City Police Three Reported

Littlefield Police investigated three break-ins and one vandalism report during the weekend and the first part of this week.

According to Police records one or more persons entered Pate's Cleaners by breaking out a window from the east side of the building. The culprits broke into a soft drink machine and a cash register taking an estimated \$150 in cash. This break-in occurred Saturday night.

One or more persons broke into Willson - Crump Lumber Company also Saturday night. Entry was gained as the person or persons broke the glass from a rear door. Loot taken from the lumber company included an electric saw, electric drill, tool box, bolt box, vise, saw blades, wrenches, and steel

tapes. Value of the stolen property amounted to \$175.

Sometime Sunday night the 84 Cafe was broken into with only a small amount of money lost but a large amount of property damage incurred. Entry to the building was gained as the person or persons broke out a window in one of the restrooms. After getting inside the cul-

prits broke into a cigarette machine to get at the money box, tore the side off a pin ball machine, knocked a hole in the side of the juke box, broke open a cash register, smashed a penny machine on the floor spilling the contents and knocked a floral planter off of a counter. Total loss in money was estimated. (See Break-ins on Page 2)

### County Farm Bureau Meeting Is Tonight

Gene Leach, former American Farm Bureau Legislative Director, will be the featured speaker at the Lamb County Farm Bureau meeting tonight in Pleasant Valley. The meeting will begin at 7:30.

Eight County farmers will be honored with outstanding farmer awards, one from each of the County areas. The farmers to be honored include Jack Yarbrough of Amherst, John D. Smith of Littlefield; Glenn Blackman of Fieldton; W. A. Hardin of Pleasant Valley; Leroy Hacker of Olton; W. E. Mitchell of Spade; Jack Fisher of Sudan, and Billy Wayne Clayton of Springlake.

All past - presidents of the organization will be honored at the meeting with the presentation of gold past - president pins. The meeting will begin with a covered dish supper for the families.

The County Convention will elect new directors for six areas including Amherst, Sudan, Springlake, Spade, Rocky Ford and Pleasant Valley.

Proposed changes in policies for the American and the Texas Farm Bureau will also be voted on during the meeting.

The meeting will be open to the public, but only Farm Bureau members who receive 51 per cent of their income from farming or ranching will be eligible to vote on changes and new directors.

### Kathy Pirkey Wins Contest

Just about everybody's crystal ball had a few black specks or the football teams here in the area and across the nation, didn't read the contestant's entries.

The end result in the Littlefield Press football contest was Kathy Pirkey of Star Route 1, Littlefield, first, A. A. Blair of Amherst, second, and Mildred Hevern, of Amherst, third. Miss Pirkey missed eight of the contests and finished one game ahead of the second and third place winners. She missed the Littlefield - Colorado City, Hardin Simmons - ACC, Happy-Vega, Farwell - Kress, Canyon-Dimmitt, Army - Penn State, Arkansas - Baylor, and Amarillo - Pampa games. Her entry was the only one correctly picking the upset victory of Texas Tech over TCU.

A check for \$7.50 will be mailed to her for her winning entry. Blair won second by virtue of his the breaker game giving the victory to Colorado City while Mildred Hevern picked Littlefield. (See Kathy Pirkey on Page 2)

### County, Patrol Arrest Two On DWI Counts

County Sheriff's Deputies and Highway Patrolmen were kept busy during the weekend making 13 arrests.

Dulah Lucile Cross, 39-year-old Morton resident, was arrested and charged with DWI. She was arrested by Patrolman Joaquin Jackson after the car she was driving went out of control and turned over smashing the front and top. The accident occurred two miles east of Sudan on Highway 84. She pleaded not guilty when brought before County Judge Pat Boone Jr. Her bond was set at \$1000.

Filemon Esparza of Laredo was arrested by Jackson and charged with DWI. He entered a plea of guilty and was fined \$150 and costs by Judge Boone.

The two law agencies also arrested nine persons for drunk in public, one for attempted forgery, and one on a warrant from Plainview.

### Wildcats Host To Blackhawks

Littlefield's Wildcats will open district 1-AAA competition Friday night as they play host to the Phillips Blackhawks. This will be the first conference game for both teams.

The Wildcats were defeated last weekend by Colorado City and the Blackhawks went down in a close battle against Lamesa. The only other district 1-AAA contest will see the Hereford Whitefaces travel to Levelland for a game with the Lobos. Dumas is idle this weekend.

### Band Queen Crowning Is Friday

Sweetheart of the Wildcat Band will be crowned at the halftime ceremonies of the Littlefield - Phillips football game it was announced by Don Hayes, band director.

The candidates were voted on this week by members of the band with the Queen being announced during the half-time. The candidates include Melva Lynn Ross, Janey Blackmon, and Joyce Thompson.

### Membership Meeting Set Friday Noon

A general membership meeting of the Littlefield Chamber of Commerce will be held Friday at noon in Thornton's Cafeteria. It was announced this week by Kenneth Reist, chamber president.

On the agenda for the noon meeting will be the announcement of the results of the Chamber Board of Directors election and the introduction of the new directors present.

The monthly FFA awards will be presented as will a report of the 1961 Program of Work.

Gene Garrison, chamber manager, said the report will "not be dry and wundy" but "will hit the high spots of what has been done, what should be done, and what will likely go undone."

Following the report a brief outline of the Christmas promotion will be presented.

### Warning Issued By Sheriff

The Lamb County Sheriff's Office issued a warning this week concerning a man being sought by Plainview officers. The man has made three attempts to lure small girls into his automobile. To date his attempts have been unsuccessful.

The local authorities said the (See Warnings on Page 2)

### Perryton Put In District

Perryton's Rangers were added to District 1-AAA football competition and will be a 1962 foe of the Littlefield Wildcats. The move was made Tuesday by the Texas Interscholastic League. The reclassification will become effective next fall.

District 1-AAA is now composed of Littlefield, Levelland, Dumas, Hereford and Phillips.

Other area teams were affected by the Tuesday ruling. District AA in this area was changed the most with District 2-AA including Abernathy, Canyon, Floydada, Lockney and Tullia, Canyon and Tullia played in District 1-AA this season.

District 3-AA will include Dimmitt, Friona, Morton, Muleshoe and Olton. Dimmitt and Friona played in District 1-AA this year and Morton, Muleshoe and Olton were in District 2-AA.

### Young Farmers Hear Dr. Bennett Monday

"Cotton and grain are inelastic crops," Dr. Waylon Bennett, agricultural economist from Texas Tech, told the Littlefield Young Farmers Association "and the people will buy a certain amount and if the farmers produce over this amount the price falls sharply."

Dr. Bennett spoke Monday night at the first regular meeting of the newly organized group. There were 22 young farmers on hand for the meeting which also featured Earnest Mills as a guest speaker.

"If two inches were added to the shirt of every Chinese all the surplus cotton would be used", Dr. Bennett said, "and if every American family bought one extra pound of beef and one extra dozen eggs the grain surplus would be gone."

Dr. Bennett pointed out that a large per cent of our cotton feed and other crops is being shipped overseas. He said that the seven million bale carry-over from last year's cotton crop is why the government cut the allotments.

He stated that today there is four times as much surplus grain as in 1952 while the cotton surplus has dropped sharply. (See Young Farmers on Page 2)

NEW BCD OFFICERS -- Pictured above are the three men chosen to head the Littlefield Board of City Development for the coming year. From left to right they are Nelson Naylor, vice-president, Joe Wilson, president, and Howard Horne, secretary-treasurer. Wilson served most of this year as acting president of the organization.

YOUNG FARMER OFFICERS AND SPEAKERS -- Pictured above are the officers and Monday speakers of the Littlefield Young Farmers Association. From left to right they are Douglas Walden, president, Roy Ogerly, reporter; Eldon Gohle, vice president; Dr. Waylon Bennett, agricultural economist of Texas Tech; Donald Carr, treasurer; Earnest Mills, local gin employee; and Charles Durham, secretary. The group met in the Agriculture building at the High School.

**DADS AND DAUGHTERS ENJOY PIE AND FELLOWSHIP . . .**  
The Littlefield Girl Scouts invited their dads into the Community Center Tuesday night for entertainment, pie and fellowship.

**TOWN**

(Continued from Page 1)  
In Clay County, we'd probably all be a bunch of rich country boys, because that entire county has literally turned to oil.  
Just proves you can't always be in the right place at the right time!

**MULESHOE** made associated press a few months back when they claimed there were no mules in Muleshoe. I just got wondering if there were any Lambs in Lamb County?  
Who's the largest sheep herder in the county? Our photographer, Fred Sell is ready to take a picture of a big herd of sheep . . . give us a buzz and we'll have a sheep feature on the farm page this Sunday!

**THE HEAD** of a television network who was having trouble with his program department, called in his executives for a lecture.  
"Look", he said, "You fellows have got to get on the ball . . . that's all there is to it. If we have any bottlenecks around here, I want you to get rid of them, and get rid of them immediately. Now any suggestions?"  
From the rear of the room a Jr. Executive spoke up. "Sir," he said, "I've had some experience with bottles, and from that experience I can tell you that the necks are always at the top!"

**LIL**  
Visiting over the weekend in the home of Mr. and Mrs. A. L. Aldredge were his brother, Henry Aldredge, and his aunt, Mrs. L. F. Pope, of Rochester.

**O. M. Pruett**, Amarillo, visited Friday night in the home of his daughter's family, the Joe Wilsons.

**LIL**  
Mr. and Mrs. W. J. O'Conner Levelland, visited Sunday afternoon in the home of Mr. and Mrs. C. R. Smiley.

**LIL**  
Mr. and Mrs. Jim Mangum visited her sister, Vashti Horn, and attended a scout meeting in Lubbock Tuesday evening.

**LIL**  
Mr. and Mrs. Pickett Ray were in Pampa last weekend to see their new grand daughter born Sunday, Oct. 8, named Johnita Elizabeth, weighing 6 lb. 4 oz. daughter of Mr. and Mrs. James E. Ray.

**LIL**  
Mrs. Bruce Anderson and Kim, Garland, are spending the week in the home of her parents, the Forrest Moores.

**LIL**  
Weekend guests in the home of Dr. and Mrs. Victor Igal were Mr. and Mrs. George Nelson from Ft. Worth.

**LIL**  
Jerry Koller, who attends Eastern New Mexico University, visited in the home of his parents, Mr. and Mrs. Elmer Koller, over the weekend.

**LIL**  
Mrs. Hassa Bivins and her daughter, Mrs. Art Chesher, Hobbs, were here on business and visiting friends, Monday and Tuesday.

**LIL**  
Mrs. Charlie Brent and Mrs. Sammie Williams from Morton, and Mrs. S. A. Williams, Buis, were shopping in Littlefield Tuesday.

**LIL**  
Mrs. Bob Smith returned from Dallas and Arlington, where she has been visiting her daughters, Mrs. Frank Mobley, and Mrs. Odell Ray.

**LIL**  
Mr. and Mrs. Floyd Porter, daughter and husband of Mr. and Mrs. Bob Smith, from San Bernardino, Calif., are visiting in their home.

**LIL**  
Mrs. Nannie Richards and family, Kimbell, Neb., have been visiting her mother, Mrs. Louella Sinclair.

**Eastern Star Meets Tonight**  
The Littlefield Chapter of the Eastern Star will meet tonight at 7:30 at the Masonic Hall for an Advance night. Olene Gibson, Associate Matron will preside over the meeting.

**I SAT AT** the table with two "Gerals" Tuesday night when Karla and I attended the Dad-Daughter girl scout pie supper. The unusual thing about these Gerals is the way they spell their names. Jarold Jones and Jarrell Giles are pretty hard to spell correctly, when you write about one or the other in a news story . . . but I believe we have them spelled correctly now, unless the proof reader or just a operator doesn't get them mixed up by the time this hits the press.

**The Dad-Daughter** pie supper was attended by approximately 180, and is a good event (not just for we Dads, who enjoy pie) but for the girl scouts. The women who work with the girls week after week and year after year do a wonderful job . . . they are to be commended for their interest in our youth, . . . and their help in preparing them for the future.

**YOUNG FARMERS**

ly. He pointed out that in 1920 we had 120 million people consuming 600 million bushels of wheat but that in 1960 we had 183 million people consuming 594 bushels. Bennett said the main reason for the decline was that bread is fattening.  
Mills spoke to the group concerning the marketing of cotton and was speaking in cooperation with the Plains Cotton Co-op. He told the association that the Co-op returned a dollar a bale, and stock worth \$2.50 per bale from last year's profit.  
"The Co-op" he told the group, "has the necessary equipment to micronaire and test the dye ability of cotton sold to them, thereby they are able to furnish the mills with necessary information to aid in the sale of cotton."

Mills pointed out the need for advertising and promotion of "King Cotton". He said the Co-op was at present paying a premium above the loan price and would probably continue to do unless the market breaks. If that should happen, he told the group, the Co-op would pay the loan price.

An executive meeting of the Young Farmers Association will be held Monday at 8 p.m. The next regular meeting will be held November 20, at 7:30 p.m.

**SPRINGLAKE**  
(Continued from Page 1)  
another conference win as they host Morton. The underdog Mustangs will be facing a team that was upset last weekend by Abernathy. Olton has one district win against no losses while Morton has one loss and no wins in district competition. The game will begin at 8 p.m. The Mustangs won last year's game 35 - 22.

The Whitharral Panthers will host Whiteface Friday night in a district 3-B contest scheduled as homecoming for the Panthers. Whitharral lost their first district contest last weekend as they lost to Anton 14 to 8. The 8 p.m. game will see the Panthers seeking their first conference victory. They won the contest last year 44-14.

**Social Event Set At Spade**  
A community social will be held in the Spade Cafeteria Friday evening at 7:30, according to a spokesman of the Ex-Students Association. Dominoes, 42, bridge, checkers and other games will be played. The Association invited all Spade area residents to come and bring the family and friends.

**Spade PTA Sets Meeting Today**  
The Spade P-TA will meet Thursday, October 19, in the study hall. The freshman FHA girls will be in charge of the music and devotional.

Mrs. Green will show pictures she took while in Europe. There will be a social hour afterwards and everyone is urged to attend.

mated at between \$5 and \$7, but a large quantity of cigarettes and candy was taken. Also taken were newspaper stands, but both were recovered and their coinboxes were intact as the culprits were unable to break into them.  
T. A. Henson of Henson Cleaners reported that someone had shot several holes in the plate glass windows of his business. The incident happened Saturday night.

The Police also arrested nine for drunk in public, six for drunk in control of a motor vehicle, and two for violation of the liquor law curfew.

field to win.  
A check for \$5,000 will be sent to Blair, and the third place winner will get \$2,500.  
Many upsets plagued the entrants with only two entries picking the Pampa defeat of Amarillo. They were Bob Hoover and Terry Smith. Other major upsets included Abernathy's defeat of Morton, Arizona's win over Oregon, Army's victory against Penn State, and Arkansas over Baylor.  
Another contest was in Sunday's County Wide News. Just fill it out and bring or mail it to the Littlefield Press.

**Teachers Attend State Meeting**

Several local teachers and administrators will attend the annual Texas State Teachers Association meeting beginning today in Houston.  
Those planning to attend include Mr. and Mrs. Jerry Lumsden, County School Superintendent; Mr. and Mrs. Glenn Reeves, Littlefield School Superintendent; Johnny Clark, Olton School Superintendent; and H. A. Carter, Sixth Grade teacher in Littlefield.  
All will be voting delegates at the convention.

**Sudan Church Ordination Is Planned Sunday**

Consecration services and Open House will be held Sunday for the new Methodist Church in Sudan. The new structure includes an educational unit and sanctuary.  
Rev. Ellis Todd, a former pastor, will be in charge of the morning services at 11 and will be assisted by a number of other former pastors.  
Bishop Paul V. Galloway will be present for the evening worship and will be introduced by Dr. J. E. Shewbert, Plainview District Superintendent. The former pastors will also participate in the evening services.  
The open house is scheduled from 2 to 5 p.m., during which time organ music will be played and refreshments will be served.  
Rev. Frank Weir, local minister, said the public is invited to attend the services, and the open house.

**WHITHARRAL NEWS**

The Whitharral Brownies met Tuesday, Oct. 11, after school. Cynthia Dukatnik, president, called the meeting to order. Dianna Ussery checked the roll and Carolyn Ward collected the dues.  
After the meeting the troop went on an "alphabet" hike. They found an object for every letter of the alphabet except the letter "x". Then Push and Pull stickers were distributed for the doors of the businesses in Whitharral.  
A nature scrapbook will be made at the next meeting. Mrs. J. E. Wade served orange juice and birthday cake, honoring her daughter, Linda, with Christy Clevenger, Cynthia Dukatnik, Carolyn Ward, Dianna Ussery, Kathy Wade, Sherry Bowman and sponsors, Mrs. Raymond Clevenger, and Miss Mary Nell Crosby.

Today Halloween belongs to the kids... for costume parties, trick - or - treating, pranks more or less innocent. But in time past, grownups had all the excitement!

No one laughed about spooks then... because they believed in them. One of the legends of the original of Halloween comes from the Druids... Saman, the Lord of Death, called together all the souls of the wicked who had been imprisoned inside animal's bodies during the past year. Priests of ancient times taught their followers to offer gifts and loud wailing prayers to this dreaded Saman, asking him to free the tormented souls.

Bonfires were lighted at Halloween... for fortune - telling. In Wales especially, it was the custom for each member of a family to throw a marked stone into a dying fire. If any stone was missing in the morning... it meant that the person would die before the year ended.

Fires were lighted throughout the countryside... by superstitious folks who believed all the dead were released - in spirit - from their graves on Halloween. In some places, farmers would plunge a pitchfork into a blazing haystack and wave a flaming "warning" in the air to frighten away any witches or ghosts who happened to be nearby!

Cakes were baked... as ransom for dead souls. Medieval English - women begged from door to door for "soul-cakes"... promising in return to pray for the departed in the donor's family. Going "a-souling" is the origin of the modern "trick-or-treat"!

Do you know why black cats are often feared on Halloween by people who aren't superstitious on any other day of the year? It stems back to a middle-European belief that the most wicked of all souls were changed into vicious black cats, capable of working strange spells over the living. When black cats later became associated with horrible, broom - riding witches, it made them all the more fearful.

Everything weird that happened on this night of nights once a year was blamed on ghosts and goblins. The Irish, however, changed the story a little, to suit their own particular fancy.

Preferring the tricks to the ghostly tricksters... they played all sorts of pranks on each other... and loudly blamed it on "the little people"... elves and fairies any sensible person

## Legend Of Halloween

little circles in the middle of his eyes for you to see through and staple each end of elastic thread to the wrong side near the owl's feathers. Put the mask on with the thread around your head, give a "Hoot!", or two and who will know you're not really an owl?

The spider - and web costume is made of two paper plates... one slightly larger than the other, 18 pipe cleaners, two small styrofoam balls, two 12" pieces of yarn, one old sheet, and crayons.

Arrange the plates wrong side up... one next to the other... rims overlapping. Put a few staples in the overlapping area. Crayon a spider head with big eyes on the small plate and a spider body with a design on it on the larger plate. You will probably want to use the Halloween colors... orange and black.

With a sharp pencil punch four holes on one side of the edges of the plates where they come together... and four holes on the other side. Put a pipe cleaner through each hole, bending the end around the plate edge. Wind another pipe cleaner around the first one to make it

Nickel is the only metal which has been proved to be satisfactory for coinage purposes in its pure form.

sturdier. Bend all the pipe cleaners to look like spider legs.

For the antennas... or "feelers"... punch two holes near the edge at the top of the spider's head. Put a pipe cleaner through each, and bend the end around the plate edge. Insert each pipe cleaner into the middle of one of the styrofoam balls. When it comes out the other side bend this end down over the ball to keep it secure. Punch a hole on each of the small plate... near the spider's ears... and pull a piece of yarn through each hole. Knot the end around the edge of the plate.

To make the web, fold the sheet in half... top to bottom. With your scissors cut a little 6" scoop out of the middle of the fold. This is to look through when you wear the web. With the fold away from you, crayon a black web with many different - colored bugs and insects in it. There are lots of colors to choose from in your crayon box. Now put the sheet on, then the spider... tying the ends of yarn around your head as you would a mask... and you're spooky enough to frighten anyone!

And if you want to be even more scary, here's a skeleton to make the strongest soul shudder. He's made with two paper dessert bowls, two small paper plates, three sections of an egg carton, white paper button thread, paper clips, a 16" dowel stick, and Crayola crayons.

"Mr. Bones" is easy to make from top to bottom. Turn one of the bowls upside down and crayon a skeleton on it. Fill the other bowl with a few paper clips, put the first bowl on top of it crayon side up, and staple the rims together. Cut one of the plates in the shape of a rounded bow tie and crayon a spine and ribs on the inside of the plate. Make sure both crayoned sides are facing the same direction and the spine goes up and down. Staple the top of the shape to the bottom of the bowl's edges overlapping.

Staple one end of the egg carton sections to the bottom of the "bow tie." Cut the other plate in the same shape, only this time make points where you rounded the edges before. This is where the legs start, so crayon a design of two big black holes where Mr. Bones' legs would be if he weren't just a bag of bones. Staple the top of this shape to the bottom of the egg carton sections.

The home of Mr. and Mrs. Fred Levi in Belton, Tex., was the scene of the Sunday afternoon 2:30 ceremony uniting in marriage their niece, Miss Laura Lorraine Levi of Plainview, and Randall Edward Small of Olton.

The bride is the daughter of Mr. Raymond Levi, 922 Elm Street, Plainview, Tex., and the groom is the son of Mr. and Mrs. J. L. Small, Olton.

The Rev. Wayne Imboden, Baptist minister of Belton performed the double ring service.

The bride chose a street length sheath dress of teal blue rayon knubb weave, styled with a round neckline and short sleeves. She carried a corsage of white carnations, accented with streamers of white satin ribbon atop a White Bible.

In the bridal tradition, the bride's dress was something new, for something old she chose an Indian head penny dated 1900, which she placed in her shoe. She borrowed a white Bible from Miss LaQuita Small sister of the groom. For something blue she wore blue ear screws.

Guests present were Mr. and Mrs. Fred Levi, and Mr. and

Mrs. Wendell Stanberry of Belton.

**Local Teachers Attend Workshop**

More than 200 elementary, secondary, and college English teachers, including teachers from Littlefield, are expected to attend District XIII English Workshop Conference scheduled at South Plains College at Levelland, Saturday, November 11.

Assisting South Plains College as host are Levelland Public Schools and Levelland Chamber of Commerce.

To stress the importance of worthwhile reading material, the Workshop has selected for its theme: "Literature as a Key to Understanding Life." Highlights planned for the one-day meeting include a workshop, guest speakers, and a luncheon.

The organization extends a cordial invitation to administrators and language arts teachers on all levels; elementary, junior high school, senior high school, and college for the purpose of sharing experiences that will help English teachers in recognizing and fulfilling duties in all phases of the educational program.

Officers of the 1961 Conference are: Mrs. Nina Bartciel, Levelland Senior High School, general chairman; Mrs. Francis Watkins, South Plains College, program chairman; Mrs. Ethel Pyle, Lorenzo High School recording secretary; Mrs. Inez Grant, South Plains College corresponding secretary; Mr. Jim Baker, Lubbock Christian College, treasurer; and Mrs. Louise Hair, Levelland Junior High School, Publicity chairman.

The electroplating industry in both the United States and Europe used substantially more nickel in 1960, mainly as a result of the use of improved plating techniques which provide higher quality nickel plating.

Mrs. J. E. Sits has returned from a visit with her mother, Mrs. J. R. Wilson, of Lubbock who is ill.

Mr. and Mrs. Al Palm of Reese Air Force Base were guests in the home of Rev. and Mrs. R. J. Palser last week end.

Mr. and Mrs. J. A. Welch visited in Littlefield Wednesday.

Fire of undetermined origin damaged eight bales of cotton on a truck Tuesday morning at Straw Gin in Olton. The truck was only slightly damaged. The fire was discovered about 12:15 a.m. None of the bales was a total loss.

# Lamb County Leader

SECTION TWO

VOLUME 28

LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, OCTOBER 19, 1961

NUMBER 23

## Premium Scheduled For 1962 Wheat Support Price

Premiums ranging from 24 cents per bushel for varying qualities of hard red winter wheat to 40 cents per bushel for hard white wheat as measured by a baking quality (sedimentation) test have been announced by the U. S. Department of Agriculture.

Under the 1962 wheat price-support program, premiums will be paid on hard wheat with baking quality values of 40 or above on the quality scale. Wheats with a value of 40 or higher are preferred for commercial bread baking. Hard wheats with no test or testing below 40 will be supported at the basic loan rate for the county under the 1962 program. The quality premiums under

the new schedule are substantially higher than those under the present price support program which is being replaced. Hard wheats with a baking quality value of 40-44 will draw a 3 cent premium; 45-49, 6 cents; 50-54, 10 cents; 55-59 - 14 cents; 60-64, 19 cents and those testing 65 or more will draw the 24 cents per bushel premium.

Ben Spears, agronomist for the Texas Agricultural Extension Service, said producers have no sure way to guarantee the level of wheat quality, but that by planting adapted varieties known to have strong gluten characteristics and by following recommended cultural and fertilizer practices, they can increase the probability of harvesting wheat of better quality.

The purpose of the quality premium in the support operation is to provide more of a price incentive to encourage producers to move forward with a wheat quality improvement program, Spears added.

In commenting on the sedimentation test, Spears said it is the feeling of USDA officials that the baking quality test more nearly reflects the true value of hard wheats for making flour for commercial bread baking under modern circumstances. The test reflects both the protein content of wheat and the quality of its gluten and is an index of bread making "strength." Facilities for providing such tests are being expanded to meet expected needs Spears said.

## Hog Cholera On Way Out

A new law authorizing the USDA to undertake a broad Federal - State hog cholera eradication program has been passed by Congress and signed by President Kennedy. In making the announcement, the USDA said this law will enable them to initiate a program sought for many years by meat and swine producing groups and state agricultural and livestock health authorities.

The new law permits the Secretary of Agriculture to establish a 12 - member advisory committee to help develop plans for an eradication program. An ARS official will head the committee, which will have representatives from the swine industry, consumer groups, state and local governments, and professional and scientific organizations.

Under the new law, the USDA is authorized to prohibit or restrict interstate movement of virulent hog cholera virus, which is sometimes used to inoculate animals. Inoculation with the virulent virus is considered dangerous, because it can become a factor in the disease's spread. Safe vaccines that confer immunization more effectively are available, and many states already ban or restrict the use of live viruses for immunization.

In addition to controlling use of virulent hog cholera virus, ARS animal disease officials want to institute such measures as heat treatment of garbage fed to hogs, and destruction of infected and exposed animals with payment of indemnities to owners to compensate for these losses. They also listed as essential such practices as control of animal shipments within and across state lines, prompt reporting of new hog cholera outbreaks, increased vaccination in areas with high disease incidence, keeping the swine industry informed on progress of the campaign, and research to improve eradication techniques.

The Animal Disease Eradication Division of USDA's Agricultural Research Service will administer Federal phases of the program in cooperation with States that wish to participate.

Earl George Stinson of El Paso visited his mother, Mrs. Ila Stinson and friends in Springlake, and attended the home coming at Olton, Mrs. Ila Stinson returned to El Paso with Earl George for an extended visit.

Mrs. Mattie Boone has been on the sick list this week.

Mrs. Myrtle McNamara spent Thursday night with her daughter, Mrs. Mabel Kirkpatrick of Olton.

Mrs. Mildred LaDuke left for Ft. Worth Sunday, where she will attend the Grand Chapter of the Order of Eastern Star.

Billy Wayne Clayton will receive the outstanding farmer award at the Lamb County Farm Bureau convention to be held at the Pleasant Valley community building on Thursday, October 19, at 7:30 p.m.

Mr. Gene Leach, former American Bureau Legislative Director will be the speaker for the evening.

A covered dish supper will be served before the meeting.

The WMU of the Baptist Church met Wednesday at 2:00 p.m. for the first session of a 7 1/2 hour mission study. Ladies attending all sessions and reading the book, "Hands Across The Sea" will receive an award which will count on the Christian Training Diploma. Those attending were: Mrs. Lowell Waldon, Mrs. Herbert Miller, Mrs. Arnold Washington, Mrs. John Bridges, Mrs. Bud Matlock, Mrs. Edna McClure, Mrs. Milton Baldwin, Mrs. Harlon Watson, and Mrs. Ernest Baker.

A group of men met at the Baptist Church Tuesday afternoon and went to Lubbock where they attended the District 9, Brotherhood Rally. The message of the evening was delivered by Dr. James L. Sullivan, Executive Secretary of the Southern Baptist Sunday School board, and former pas-

tor of the First Baptist Church of Abilene. Rex Webster led the singing. Rev. John B. Stapleton, District 9, Brotherhood president was in charge of the meeting at the First Baptist Church of Lubbock. Men attending from the Springlake Baptist Church were Rev. Milton Baldwin, Mr. Lowell Waldon, Mr. James Washington, Mr. John Bridges, and Mr. Ernest Green.

## YOU DON'T BUY GLASSES... you buy VISION!

"Any professional or business man worth his salt has vision. Not only physical vision, but mental vision as well. You know, the kind that builds businesses, hires people, purchases equipment, and manages money... vision that produces an industry and contributes to the growth of the economy."

"Vision is also essential in your business activities... seeking information that makes business grow and prosper... Tethering out facts that show where you are going and how to get there."

"The facts and figures that can strengthen your vision are in the hands of your trade or professional association. The specialized information you require for most every facet of your work has been gathered by trained personnel... market research, business and sales statistics, merchandising and management services plus other expert advice that can mean a profit or a loss to you."

"Your association depends upon you as it does upon others. Members are the primary source of all this information. Join and invest in your voluntary association. Remember, you don't buy a membership, you buy the cooperation of the ablest men in your field to do the things together you can't do alone!"

# Fieldton Co-op Gin Plans Grand Opening Saturday

Fieldton Co-op Gin, Texas' largest single gin and reported to be one of the most modern in the world, will hold its grand opening at Fieldton this Saturday.

The gin is located about a quarter of a mile southeast of the former location of the old Fieldton Co-op Gin.

Manager Bill Thomas invites the general public to see the gin in operation all day Saturday. Free refreshments, and door prizes are an added attraction.

Thomas reports that there is only one other gin like it in the world and it was just completed in California.

The features of the new gin include all electric power, completely automatic and is capable of ginning 18 bales an hour.

There is a double suction facility for each trailer with automatic suction control, a moist rice tower dryer - conditioner, Hardwicke - Etter Challenger lint cleaner, moss lint cleaner and automatic sampler.

Other special equipment includes green leaf and stick remover, M/G static remover,

Mrs. Arwin Turner, Mrs. Robert McCurry, Mrs. J. R. Inklebarger, and Mrs. Ted Hutchins.

The Girls Auxiliary of the Women's Missionary Union of the local Baptist Church met at 3:30 p.m. Tuesday afternoon in the fellowship hall of the church.

Those present took part in a program on Europe as an introduction to a planned study of their mission book on Europe.

On Monday night October 16, at 7:30 p.m. Mrs. Ila Sewell and Mrs. R. O. Edwards of Littlefield will be present at the local Baptist Church to show interesting films of their recent trip to European countries. This program is being sponsored by the Men's Brotherhood and the Women's Missionary Society, but all members of the church are urged to come and enjoy these wonderful films. Refreshments will be served following the program.

Don Tindal, Kenneth Haire, and Sam Tindal were honored last Sunday with a birthday dinner given for them in the Sam Tindal home. Present were Mr. and Mrs. Sam Tindal, Mr. and Mrs. Don Tindal, and Starla Mr. and Mrs. Kenneth Haire and Tonya, and Mr. and Mrs. Charles Parks, and sons, Ricky and Stevie of Lubbock.

Mr. and Mrs. Jess Emmons attended funeral services last weekend in Decatur for Mr. Emmons' aunt who had passed away there one day last week.

Gov. Price Daniel designated this week (October 15 - 21) as Newspaper Week in Texas. He urged citizens to consider the contributions a free press makes to American democracy.

A total of 2,667 new jobs were created in Texas in August by the opening of new businesses. With 24 new manufacturing firms, 343 new jobs were opened in that category. Retail trade accounted for 1,792 new employees in 76 new firms.

Governor Daniel reappointed H. H. Coffield of Rockdale to a third term and Morris Roberts, Victoria publisher, to a second term on the State Board of Corrections. Leland Kee, Angleton attorney was named to a six-year term to replace Warren Bellows, Houston. This board runs the big and growing prison system.

PUNT, PASS, AND KICK WINNERS . . . Pictured above are the winners of the local Punt, Pass, and Kick contest sponsored by Hall Motor Co. They are front row, left to right, Alan Mackey, Joe Don Ward, and Mark Rogers. Second row, Duff Wattenberger, Davey Ward, Michall Carter, Stevie Maner, Randy Glover, and Johnnie Wicker. In the last row are Kim Kloiber, Sam Fain, Monte Ward, Larry Don Gage, and Steve Owens. Not pictured is Randy Brestrup, who was 2nd place winner in the nine year old division.

## Local Punt, Pass And Kick Winners Named

Winners in Hall Motor Company's Punt, Pass and Kick contest were announced Saturday.

First, Second, and Third place prizes were given in each of five different divisions, which were grouped for each different age between six years old, and ten years old. The prizes that were given ranged from footballs to football uniforms.

Winners in the Six year old division were Alan Mackey, 1st place, Joe Don Ward, 2nd place, and Mark Rogers, 3rd place.

Seven year olds were Michall Carter, 1st place, Davey Ward, 2nd place, and Duff Wattenberger, 3rd place.

Stevie Maner was the 1st place winner in the Eight year old division, other winners were Johnnie Wicker 2nd place, and Randy Glover, 3rd place.

The nine year old winners were Larry Don Gage, 1st place, Randy Brestrup, 2nd place, and Steve Owens, 3rd place.

Those winning in the ten year old group were Monte Ward, 1st place, Sam Fain, 2nd place, and Kim Kloiber in 3rd place.

The United States was divided into 14 regions, each region having a National Football League team. In each region, five winners, one for each age group, will be selected as a result of comparison of scores from all the local competitions in each region. Ties will be played off until the five top winners are chosen.

A total of 28 boys participated in the contest, and the judging was done on a distance and accuracy basis. The boys were given one point for each foot of distance on their punt, pass or kick, and then one point was subtracted for each foot that they were to the right or left of a straight line.

The five winners in each region will compete at National Football League games on November 12, 19, 23, and 26, depending on home game schedules in their regions. The competition will be telecast with that particular football game. Scores from across the country will then be compared, and special additional competitions will be scheduled to break any ties, until the five national winners can be named.

The five regional winners will receive an all-expense trip for themselves and their fathers to the NFL game in their region.

The five National Champions and their fathers will be guests of the Ford Division of the Ford Motor Company and the National Football League at the NFL Championship game on December 31. They will receive trophies, autographed footballs and appear during half-time ceremonies of the Championship game. The winners and their fathers also will be received at the White House, either just prior to or just after the NFL Championship game.

### Penn Point

By D.H.P.

Texas will join 14 other states on October 23 in declaring "United States Day." The Proclamation from Governor Daniel was received this week and will be run in the County Wide News on Sunday, October 22. This day has been set aside to remember that we are neither great nor good nor comfortable as a nation of people because of the contributions made by the present generation, for the simple reason that these contributions could not have been made were it not for all that preceded this generation in the courageous acts and sacrifices on the part of our forebearers. Make a pledge now to fly your flag on that day.

Walter Lord, historian and author, has released a new book about the siege of the Alamo, "A Time to Stand," in it he revises the list of those who defended the Alamo removing five names and adding one to the heroes. According to the book the names of Sheroed Deaver, John Davis, Jose Maria Guerrero, John G. King, and Toribio Domingo Losoya should be taken off the list and M. B. Clark should be added. Lord also tells of finding the Alamo flag on a trip to Mexico City and claims that John W. Smith was not the last to leave the fort, but James L. Allen left the Alamo two days later, carrying an appeal to Fannin. It should make interesting reading and if I happen to get my hands on a copy of the book, I might just read it.

The local Chamber of Commerce received a letter from an employment agency in Houston requesting help in locating men for new chemical manufacturing plants in the Houston area. This is most interesting to us because parts of the Houston area were placed on the emergency relief program not too long ago as being a place of chronic unemployment. It just may be that the unemployment situation isn't as bad as we have all been led to believe or it may be that these jobs have just become available.

Come next spring, you'd better have your number on that "declaration of estimated tax" (deadline April 15). If you have a Social Security number, that's it. If you don't, you get a form at the post office or an office of the internal revenue service. From there on, you're a number to Uncle Sam's tax collectors, and to every organization that reports on payments made to you, if you forget it on your income tax return, it will cost you five bucks. And the penalty will be the same every time you fail to supply it to any source of income that requests it. And that ain't all. Congress hung this one on your eye on September 26 . . . to give the IRS a full-Nelson on every taxpayer. We predict tattoo artists will be coming back . . . strong!

In the don't quite understand department I'd like to pose this question. How is it that New York Yankee pitcher Whitey Ford can be named the "Pitcher of the Year" and not even be named to the first team of the Major League All-Stars? This is what happened Monday. The only explanation I can figure out is that the All-Star team was picked by the Associated Press sports writers and the "Pitcher of the Year" award was done by the writers of the United Press International.

The House Committee on Un-American Activities today released Part I of a two-part report entitled "The Truth About the Film 'Operation Abolition'." The report had been compiled, the Committee said, primarily because of the fact that for the past year or so it had been "deluged" by members of the House with requests for information on the film and for facts with which to answer questions relating to it. "Operation Abolition" is the film portraying the riots that took place on Friday, May 13, 1960, in the course of Committee hearings in San Francisco. The Committee estimates that, exclusive of television showings, some 15 million persons in this country have seen the film since it was released in the latter part of June 1960. There is little doubt that it is the most talked-about film in the country, and, perhaps, the most widely-viewed film of the past year.

The first part of the report, released today, is the Committee's reply to the claims made by some critics of "Operation Abolition", that, contrary to its position, the riots were not Communist inspired. The Committee states that this is unquestionably the "most serious" of the claims made against "Operation Abolition", attacking its "central theme" and "main point."

The report quotes various authorities who support its view that the riots were Communist-instigated - FBI Director J. Edgar Hoover; Mayor George Christopher of San Francisco;

Dr. Charles A. Ertola, President of the San Francisco Board of Supervisors; Judge Albert A. Axelrod, who presided over the trial of the rioters; San Francisco police officials; the California Senate Fact-Finding Committee on Un-American Activities and others.

The report contains factual data on the role played in the San Francisco hearings by the Communist Party, Communist fronts and infiltrated organizations, and by individual Communists. The greater part of this section of the report is devoted to actions taken by these groups and individuals in the weeks immediately preceding the hearing. These actions, according to the Committee, are vital in considering the charge of Communist instigation of the rioting, but are not portrayed in "Operation Abolition" because they could not be filmed and could be described only by a "lengthy" opening monologue. A copy of this report is available at my office if you want to borrow it.

The second part of the report, to be released in a few weeks, will answer various other charges that have been made against the film.

REV. HERBERT RAST

### Lutherans To Have Guest Speaker

The Rev. Herbert A. Rast will be the guest speaker at Emmanuel Lutheran Church (Missouri Synod), 417 West Third Sunday at 10:30 a.m. and 3 p.m. The public is invited.

The occasion will be Emmanuel congregation's annual Mission Festival. Although mission work and personal evangelism is a year-round activity at Emmanuel, in these special services the congregation once more reminds itself of its opportunities and responsibilities in bringing the Gospel to men everywhere. Also it will gather special offerings for its mission program in America, and in some 30 foreign lands.

In the 10:30 morning service Pastor Rast will speak on the subject "Our Mission to the World". In the afternoon service - "We Cannot but Speak." A pot-luck dinner will be served at noon for all in attendance.

Presently pastor of St. Paul's Lutheran Church in Plainview, Rev. Rast is a graduate of Concordia Seminary, St. Louis in 1954. He is also a veteran of the Korean War. He has served his church denomination in various official positions. Since 1959 he has served as Director of Public Relations for the Texas District. He and his wife have four children.

### AT EARTH

Approximately \$150 was taken in by the Springlake Future Homemakers of America at a salad supper served in the school cafeteria from 5 until 7 p.m. Friday October 6.

According to chapter sponsor, Mrs. Marie Slover, one hundred percent of the membership participated in the project and approximately 125 persons were served before the Amherst - Springlake football game.

An arrangement of red roses, club flower, decorated the serving table.

Money will be used for projects of the group.

Dale Montgomery, student at Draughon's Business School, Lubbock, visited Friday and Saturday with his parents, the Pat Montgomerys.

Sunday guests in the Cullen Hay home were Mr. and Mrs. David Sager, Lubbock.

L. F. Bell and Carolyn Bell Littlefield, were honored with a birthday supper last Tuesday night at the home of Mr. and Mrs. George Kasinger. Attending were Mr. and Mrs. L. F. Bell and Carolyn, Mr. and Mrs. Ed Bell and Eddie, Earth, and the host couple. Calling later in the evening were Mr. and Mrs. Bob Bell and children.

Weekend guests of Mr. and Mrs. M. R. Phillips, and Helen were Mr. and Mrs. Robert Nichols, Debbie and Rodney, San Angelo.

## Philosopher Not Afraid Of Enslaving Machines

Editor's note: The Sandhills philosopher on his Johnson farm is not afraid of machines, his letter this week tells.

Dear editor: I never have been worried over the chances of machines replacing man, as some people seem to fear as the machines get more and more complicated, especially the big, block-long electronic brain machines. In the first place, any time a machine can take over any job of work I'm doing, it's welcome to me. Nothing about that prospect scares me.

But I was interested in the reasons a scientist gave the other day on why machines will replace man.

According to this scientist, machines can't really think, they have to depend on man to get them into operation and to tell them what to do or subject or multiply. And therefore, he said, to clinch his point, "machines will never

oustrip and enslave man, they lack reason and cannot do what man endowed with reason can do, namely, screen sense from nonsense and make decisions from inadequate or even incorrect data."

As I understand this scientist's argument, if you feed a machine the wrong information, it'll come up with the wrong answer, it's only when you feed it the right information that it can come up with a correct answer, whereas, if you feed man with the wrong information he'll reason his way out and still come up with the correct answer.

Now I'll tell you. This scientist may know a whole lot about machines, but I'm afraid he doesn't know a whole lot about people.

Two-thirds of the world today is being fed the wrong information and so far the people have reasoned their way through it no better than what you'd expect out of a hand-

cranked adding machine.

Invariably, I suppose, when you feed the wrong information to a machine, bells ring and lights flash "tilt" and it comes

up with the wrong answer, but feed the wrong information to people and you never know whether they're going to blow a fuse or throw their hats in the air and vote for you. There's many an office-holder today who owes his success to the fact people aren't as apt as machines when it comes to analyzing data.

People are more like my tractor engine. Regardless of what kind of gasoline you pour into it, it won't always plow.

It may be true that machines will never enslave man, but we really don't need a machine for that anyway. Man is managing to do that by himself.

Yours faithfully,  
J. A.

LARGE SPRINKLER OPERATION -- Above is a wheel type, self propelled sprinkler system used on the Cleo (Sonny) Whitmire farm located 4 1/2 miles north of Sudan. This is a quarter mile, five-inch lateral being used to apply water to a Barley crop which will be used as winter pasture and then harvested for grain.

water. One highlight of a sprinkler is that the water is applied evenly over the entire length of the row without over watering some portion of the field and under-watering the remainder. This results in an even crop growth down the row and over the field. Also, this distribution of water means a water saving can be gained while getting enough moisture applied to the crop. This water saving takes on a much greater importance the longer the field is irrigated.

Some of the local farmers in Lamb County who have installed sprinkler systems, with the technical assistance of the Soil Conservation Service, are Wiley Mudgett, F. M. Smith, Joe Salem, Coleman Terrell, Cleo Whitmire, Richard and Charles Cade, Dr. W. N. Orr, J. F. Anthony, Leon Dent, F. D. Holt, Clois Tomes, K. O. Lynn, Bill Millen, and H. M. Sheets. There are also about fourteen or fifteen more planned to be installed very soon.

Underground high-pressure irrigation pipelines have been or will be installed on these farms with the assistance of the Great Plains Conservation Program.

Permanent magnet alloys containing from 14 to 30 percent nickel are relatively unaffected by heat or vibration.

## Sprinkler Irrigation Systems Are Increasing On Area Farms

Farmers in the Lamb County Soil Conservation District are giving more and more consideration to sprinkler irrigation in contrast to the conventional furrow type flooding method.

The sprinkler type is especially beneficial on sandy soils, or uneven land where leveling is too costly or soils too shallow, and on farms where water quantity is a factor. The sprinkler system is a means of delivering water to the field in a system of pipes and spreading it uniformly over the surface in about the same way rain falls.

With a sprinkler system a farmer has control over the amount of water that he wants to apply without unnecessary waste that is prevalent in flood irrigation. Heavy application such as pre-irrigation watering can be made if needed, or light sprinkling can be applied as sometimes needed between

the time the crops come up and before a deep root system is established. If good results are to be obtained from a sprinkler system, proper designing is a must. Pipe size, length, and nozzle size should be properly aligned between the end sprinklers to avoid unnecessary high pumping cost. The rate of application should be considered in designing such a system so that the water is not applied at a rate greater than the soil will absorb it, otherwise erosion and water waste occur.

Time of sets, based on application rate of the sprinkler system, must be considered so that the proper amount of water is applied to meet soil, and crop needs.

The operation of the sprinkler system requires no particular skill. In the design of a sprinkler system, the well-operating pressure is determined, and with the known application rate, it is a matter of leaving the set running a definite length of time in order to apply the correct amount of

### Pow-Wow Planned For Levelland

Jim Harvey, Council Chairman of the Leadership Training Committee, announces the Annual Cub Scout Leaders Pow-Wow, to be held on Saturday October 28, at South Plains College in Levelland, Texas.

W. L. Walker, Administrative Dean of South Plains College, will serve as the General Chairman for the Pow-Wow. Serving as members of the Pow-Wow steering committee are: Wilburn Wheeler, of Levelland, Physical Arrangements Chairman; Calvin Campbell of Lubbock, Chairman of the Pack Administration Section; Charles Freeman of Crosbyton, Chairman of the Ceremonies Section; Harold Vincent, of Dalou, Chairman of the Handicraft Section; Walter Schoef, of Petersburg, Chairman of the Games Section; O. J. Mangum, of Littlefield, Chairman of the Blue & Gold Banquet; Ruel Nugent, of Lubbock, Chairman of the Midway; Bob Elliott, of Lubbock, Chairman of the Publicity Committee; Al Fisher, Manager of J. C. Penney Co., in Levelland, in charge of the Trading Post; Mrs. Christmas of Levelland, in charge of the Banquet and refreshments.

Some two hundred and fifty adult Cub Scout leaders are expected to attend the Pow-Wow from over the 20 counties that make up the South Plains Council. Registration will begin at 1:00 p.m. and the opening session will commence at 2:00 p.m. The Adult Cubbers will receive training and instruction in Pack Administration, Handicraft, Games, Ceremonies, Stunts, and Skits plus the big Midway, and a large number of cub scout exhibits. Mrs. J. D. Paige of Welch, is

the Chairman of the Exhibits Section.

Two organizations of the South Plains College, The Koshare Girls Organization, and the Circle K, the Boys Organization will assist with the registration, and the physical arrangements for the Pow-Wow.

There are 110 Cub Packs, serving almost 4,000 Cub age boys (8, 9, & 10), in the South Plains Council. Every Cub Pack is invited and urged to send representatives to the Cub Pow-Wow. This is the best opportunity for adult cub scout leaders to learn new ideas, and more about their respective jobs, and to share experiences with other leaders, throughout the Council.

### Parent's Day Is Planned At Wayland

Parents' day at Wayland Baptist College Oct. 23 will welcome parents of Wayland students to the campus where activities centered around a Western theme will provide for their entertainment and help to acquaint them with the college.

Hosts for the day's activities include Carole Cook and Priscilla Ivie, Littlefield.

Highlighting the day will be dedicatory ceremonies at 2:30 p.m. for the two newest structures on the Wayland scene, Owen Hall where the program will take place and Allison-Conkright Hall. Owen Hall, 100-unit residence for women, has been named by the trustees in honor of Dr. A. Hope Owen, president. Two bedrooms are connected with baths having individual storage space for the girls. Modern furnishings in the spacious bedrooms, which have bedspreads and bolsters in vibrant colors, give the young women unusually attractive accommodations.

### Our Contemporaries Are Saying

WHAT GOOD?

A newspaper editor often hears remarks similar to "It would have been better if you hadn't printed the story," or "What good did it do to print such a story?"

It usually is heard when some unfavorable situation develops involving an individual or some event, organization or even a community.

Usually such criticism stems from the same individuals who seek and expect favorable publicity whenever the occasion warrants and sometimes when it doesn't.

Some say no worthwhile good is accomplished with a respected citizen is drawn into a court test. We submit, however, that it proves that the laws are made for everyone, that nobody rates immunity.

The "unfavorable publicity" charge was heard in previous years during polio epidemics and during floods when some individuals thought the press was doing irreparable damage by reporting the facts.

We believe, however, that an informed public is by far the best policy. There is no greater enemy to rumor and exaggeration.

This newspaper has never been an "all is peachy" type publication which reports only the favorable occurrences and overlooks anything which might tend to be unfavorable to some.

A newspaper is a mirror which reflects the activities of a community and sometimes, perhaps, that mirror will become clouded.

We believe these policies, maintained and fostered through the years, formulate an adequate reply to critics who object to this newspaper publishing some news events as they occur.

-- Sioux City (Nebr.) Dakota County Star  
Henry Trysya, publisher.

### Veterans Ask

Q -- I am an Air Force Reservist. Is it true if I am recalled to active military duty I do not have the protection rights under the Soldier's and Sailor's Civil Relief Act that returning servicemen of the other branches of service have?

A -- This Act, passed before creation of the U. S. Air Force as an independent branch of the service, did not include Air Force personnel. However subsequent legislation blanketed them for full coverage of rights extended other servicemen under the Act.

Q -- How do I apply for an improvement loan on my GI home?

A -- If your original loan was a VA guaranteed loan, contact your lender or holder of your mortgage. If you get a direct home loan from the VA, contact the VA Regional Office that made you the loan.

Q -- What is the new deadline date allowing Korea veterans the maximum time to get a GI loan?

A -- Korea veterans are allowed ten years from the date of their separation from service plus one year for every three months of their active wartime service in which to secure a GI loan. All have until January 31, 1965, as a minimum date, whether their service would exceed that date or not. Maximum date beyond which loan may not be made is July 31, 1975.

Q -- Does the VA will be at a hospital at Fort Hood, Colorado?

A -- No, the hospital, buildings and most of the grounds have been turned over to the state and is no longer an installation.

### Highway Patrol Reports 14 Accidents For August

The Highway Patrol investigated 14 accidents on rural highways in Lamb County during the month of September, according to Sgt. D.S. Lawson, Highway Patrol Supervisor of this area.

These wrecks accounted for one person killed, five persons injured and a property damage of \$9,151.00.

The rural traffic accident summary for Lamb County from January through September of

1961 shows a total of 90 crashes. As a result of these crashes there were five persons killed and 46 persons injured. The estimated property damage amounted to \$55,701.00.

"Shorter days and longer nights spell disaster on the streets and highways", Sgt. Lawson said. Next time you turn on your headlights, glance at your watch and see how much earlier you are using lights than

you did only a week or two ago, or as well after dark as in the next three months, you will be needed earlier day.

No, matter what anyone tell you as to how good the light is after dark, you had better take it with a grain of salt.

cause no human sees as good as well after dark as in the daylight. Some may see better than others, some may not be bothered much by bright lights at night, but, if they will be honest with you, they will admit that they do not consistently employ the driving tactics that they do in the daytime.

veteran Highway Patrol Supervisor added that night driving is different; therefore, it calls for a driving technique very different from that used during daytime.

### Five Public Service Employees To Be Honored

Five employees of the Southwestern Public Service Company who live in Littlefield will receive awards for periods of service ranging from 5 to 15 years at the 13th annual service awards dinner of the company's Plains Division. The dinner will be held October 19th in the Hilton Hotel in Plainview at 7:30 p.m.

Howard Horne and Jack Wingo will be recognized for 15 years of service; Alvis R. Brown will be honored for 10 years; and 5 years of service will be the awards going to Charles Parrack and Earline Weschke.

J. M. Collins, division manager for the electric light power company, will be in charge of ceremonies, and A. E. Brown, president, and general manager, will make the presentations to 50 employees whose combined service totals 670 years. Top recipient for 40 years service, will be Vaneta Cross of Plainview.

A feature of the evening will be the premiere performance of "Power for Progress" new motion picture which the western Public Service Company has just produced to show the growth of this region.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

**AUSTIN, Tex.** — Year-round colleges, less work for the Attorney General and more realistic election laws could result from studies being undertaken by the Texas Legislative Council.

The Council, the Legislature's research arm, agreed to undertake eleven studies during the coming year. A total of 23 were proposed, 11 was trimmed down because there just isn't enough time or money to study them all.

Subjects selected for study include: Election Code Revision, State Utilization by Institutions of Higher Education, Coordination of Health and Welfare Services of the State, Non-constitutional Duties of the Attorney General, Laws Based on

Population Classification, State Hospitals and Special Schools, Texas Utility Regulations, Discrimination in Employment Because of Age, Mentally Ill Children, Health, Accident and Hospitalization Insurance Claims. Findings will go to the 1963 session of the Legislature for the lawmakers' consideration.

**WATER POLLUTION** — Governor Daniel will soon name members of the new State Water Pollution Control Board. This new agency will operate to some extent as a branch of the State Health Department, in that its executive secretary and only full-time official will be the Health Department's director of water pollution control.

Many areas of Texas are having water pollution problems, and those who would help in Austin want to hear or five offices without finding much response.

So legislators set up a new agency, but did not give it any operation money. It authorized Governor Daniel and the Health Department to allocate part of their appropriations, if they can spare it, to the new agency.

Daniel will ask this winter's special session of the Legislature to make some improvements in the law and to provide some cash for the agency to begin a real attack on water pollution.

After November 7, no one can discharge any kind of waste into the waters of Texas without a permit from this board.

**SALES TAX TIME** — Merchants who have been collecting the new state sales tax will make their first payments to the state October 31, covering collections for September.

Payments will then go on a quarterly basis. Collecting stores get to keep one per cent, if they make estimates and pay in advance for each quarter, they can take a three per cent discount. Advance payments on the fourth quarter of 1961 will be due by November 15.

Comptroller Bob Calvert issued some more interpretations of the new law. If you pay the sales tax to the state on credit sales, and then charge them off as bad debts, you deducted the tax in the tax return for the quarter in which you gave up on collecting.

Unless seller keeps books to show clearly what percent credit sale is for the item, and what part is for interest, carrying charges and insurance, he must collect the tax on the whole price of the sale.

Shirt hoods and clothing bags are exempt from the sales tax when bought by a clothing store for selling new goods. But laundries buying the same items would have to pay the sales tax on them.

A bottler would pay the sales tax on soda pop bottles when he buys them from the factory. But when you put up a deposit on returnable bottles at the corner store, there's no sales tax on the bottles.

**PAPERBACKS** — Students in 110 classrooms in Texas will be using some paperback school books in January.

Legislators, looking for ways to save money, told the State Board of Education to test out paperback school books and report back by 1963 on whether tax money can be saved.

The board will adopt two books at its meeting November 13. It will vote on 27 books recommended by a teachers textbook committee. Protests have been made by San Antonio, speaking for the Teachers for America organization.

**TAX ATTACKED** — Three gas pipeline companies brought suit in Austin to try to knock out the new tax on production of gas under dedicated-reserve contracts.

This is merely a token tax, designed to find out whether this new approach to the taxing of natural gas is constitutional. Suit was expected.

Two previous efforts to levy and additional tax on gas have been knocked out by the courts. Rep. Robert C. Eckhardt, Houston, devised this new method and believes it is valid despite some amendments he opposed on the ground that they would weaken the chance of standing up in court.

**MORE GI. LOANS** — Veterans Land Board advertised for bids for \$25,000,000 more in State bonds to expand the program of farm and ranch loans to Texas veterans.

Step up in the program and announced by Land Commissioner Jerry Seidler, who said loans to be subdivided for sale to GIs will be appraised before the winter and surveys made.

**LAST WORD** — Some 7,000 Texans got checks from State Insurance Liquidator C. H. Langdeau which brought in 15 percent their recovery from the bankrupt U. S. Trust and Guaranty Company.

This was the big insurance, investment and automobile sales firm which collapsed in 1955.

Langdeau has almost liquidated all the assets, but his pending lawsuit with the and Mrs. A. B. Shoemaker, wife of the president of the firm, are arguing as to whether a large Waco residence is her homestead or the company's.

So a proposition was made to the 9,000 creditors and claimants — settle for another two per cent, and charge off the rest of your loss on your 1961 income tax return. Or, if you choose, hang on and perhaps get a little more if the state wins the lawsuit.

In all, 7,700 took the two per cent, but 1,300 said they would wait and see.

As it stands now, Langdeau has \$7,100,000 worth of debts and deposits in U. S. Trust and Guaranty Company. He was able to scrape together only \$2,900,000 to pay on the claims.

**ORPHANS' PLANNED** — Architects from the University of Texas will dig for Indian relics at seven parts of Texas which are soon to be covered with water.

National Park Service is advancing \$80,000 to finance the searches. Seven areas to be mined for remains of Indian cultures are those to be covered by Sanford Reservoir on the Colorado, Aransas on the Rio Grande, McQueen Bend on the Apollonia, Navarre Mills on the Tichard Creek near Corcoran, Columbus Bend near Columbus on the Colorado, Livingston on the lower Trinity and Toledo Bend on the Sabine.

**FOURTH TERM** — Political underdog-of-the-week was Andy, Gen. Will Wilson. He walked into the State Democratic Executive Committee meeting to charge that Governor Daniel had made a deal with Sen. of Navy John Connally of Fort Worth by which Daniel would support Connally for governor and would himself run for lieutenant governor.

Wilson challenged Daniel to run for a fourth term (1962-1966) rather than to support Connally for the place "when he has barely got his seat warm in Washington."

Connally, in Texas making a speech, said he had no com-

ment, that he had "quit reading fairy tales a long time ago." Daniel said any fair-minded person "who reads the entire statement is bound to know it is false and a concoction of his imagination."

**CANDIDACY ANNOUNCED** — Texas got the first announced candidate for the Democratic primary next May 5. He is a young West Texas who has set out to be a giant-killer. Keith Wheatley, 28, of Stamford, announced as a candidate against Railroad Commissioner Ben Ramsey for the remaining two years of the late Commissioner Olin Culberson's term.

Wheatley, an independent oil operator and son of State Rep. J. C. Wheatley of Haskell, said the little men in the Texas oil business are being starved out by the Railroad Commissioner's protection policies.

**ORPHANS' RANCH** — Orphans at the Corsicana State Home got a 4,180 acre ranch on the Lampasas River under a Supreme Court decision on the will of the late Mrs. Parrie Haynes of Bell County.

Other heirs contested, but the court ruled the ranch to the Texas Youth Council, which runs the orphan's home. Atty. Gen. Will Wilson, who handled the defense of the will, said there is talk of making the ranch an outdoor branch of the Corsicana school.

**WHERE TO GO** — Big events of Texas communities during the winter and spring months are advertised in the State Highway Department's "Texas Calendar of Events", just out. Folder listing fairs, rodeos, dozens of other events is available free from the Travel Division of the Highway Department as a part of its travel promotion work.

**INSURANCE CLAIMS RISE** — Insurance spokesmen estimate that \$5,300,000 already has been paid out on windstorm insurance policies. Rate of payment of claims will reach 20,000 a week soon, William J. Harding, coordinator of the Texas Joint Loss Catastrophe Plan, said.

Harding, speaking for fire and casualty insurance companies, said much misinformation has been given out on insurance coverage. He declared that policies are being interpreted after facts just as they always have-

that damage from wave wash or flooding has never been covered by Texas standard insurance policies.

**CLUB TAXES** — First month of collections of the new tax on private clubs by the Texas Liquor Control Board saw the tax take total \$414,612.

Tax is about \$2 per member, so indicated membership of

the 472 licensed clubs is 207,306. Veterans and fraternal clubs are exempt from the tax.

First headache for Liquor Administrator Coke Stevenson, Jr. from the club license law was on the question of bingo. This game has supported many such clubs.

Stevenson decided to let "local option" rule. If local law en-

forcement officials allow school, civic, church and other organizations to run bingo games, private clubs can too.

**BUSINESS BETTER** — Texas business perked up in August, University of Texas Bureau of Business Research said new sales tax, taking effect September 1, accounted in part for August activity hitting all-

time high. September figures are expected to be badly cut by industrial and nearby activity on the Gulf Coast after the hurricane.

At various times in the counterfeiting has been possible by death.
