Chan has often heard of dogs sent to training kennels—sent to boarding schools—but we have a sort of scoop on the newspapers hereabouts. We say we have a real dog about Chan—a beautiful two-colored German Shepherd dog, recently acquired by Dr. C. E. Payne, being sent to "High School."

Chan of Wolverhampton is registered name, and he was named by Dr. Payne, and named from Churchville, New York, in August last, to be used as a special watch dog for Mrs. Payne and son, in the absence of a local prominent physician and veterinarian. Chan was "obedience" trained by Dr. Payne acquired him on Monday of last week Dr. and Mrs. Payne took Chan to Lubbock, and put him on a train for Dallas, where he is attending "High School" at Westmoreland Kennels where a number of dogs are being trained for war defense. The main reason being trained at these kennels are Shepherds, Doberman Kerry Blues.

# President Roosevelt Addresses Nation

President Roosevelt addressed the nation Monday night in a "fireside chat" that was broadcast over all listening stations. Highlights of his speech were the ending of the draft age, manning the second front. He stated: "The American people are united never before in their determination to do a job and to do it well. The Americans and our Allies are determined to win—and do not let anything else come between them."

Members voted that each of them should donate one day's work to the chapter, to help build up chapter funds and the chapter library. Highlights of the program was an address by Rev. J. H. Sharp, Methodist pastor. Musical numbers were offered by Maurice McCarty and Louis Hobbs. Refreshments were served after the program, after which the boys went to the high school auditorium for an interesting picture show.

## Launch Campaign For Funds To Operate Surgical Dressing Center In Lamb County

### Cost Of Upkeep Estimated At \$30 To \$35 Monthly

### Volunteer Contributions Are Being Urged To Take Care of Work

Mrs. Lyle Brandon, Lamb County Chairman of American Red Cross Surgical Dressings program, announced Tuesday that a campaign for funds is being launched to carry on this work. According to those in charge, it will cost at least \$30 to \$35 per month to keep this center operating.

Assisting Mrs. Brandon in this drive for funds will be the local supervisors of this work, and the community chairmen of the various sections of Lamb county.

The first contributor towards the maintenance of this surgical dressing center was Mrs. J. E. Chisholm, according to the County Chairman, who stated that Mrs. Chisholm headed the list with a donation of \$5.

C. A. Duffey of Amherst is treasurer of the American Red Cross for Lamb County, and will take charge of the finances for this center.

Mrs. Brandon is asking for volunteer contributions to take care of the operating expenses of this surgical dressing station.

## Red Cross Quota For 2 Months 36,900 Dressings

Mrs. Lyle Brandon, Lamb County Chairman of American Red Cross Surgical Dressing program, announced Tuesday that the quota for the next two months is 36,900 dressings, which is approximately 17,000 more than expected for this period.

Mrs. Brandon stated that the material was reported shipped October 5, and should arrive October 15, and if it arrives in time the project will get underway next week.

Mrs. Brandon added that if the material did arrive this week end, the announcement would be made in the churches Sunday, so the program could get started Monday.

Sixty Lamb County women have volunteered for this Red Cross work including 40 from Littlefield.

The County Chairman stated that every community in Lamb County was represented, except Spade and Spring Lake, at the school of Instruction held September 28 and 29, and since that time many have expressed their desire to help on this work.

This assignment of 36,900 dressings, according to Mrs. Brandon, must be completed in two months, and another assignment will be received for the following two months.

The assignment consists of: 14,400 4x8 surgical sponges used in operations for cleansing purposes and dressing wounds;

22,500 8x10 absorbent pads used for absorbing pus and blood on top of the gauze dressing next to the wound.

The County Chairman said it was very necessary that we complete these dressings as quickly as possible, because of the great need of such material, and, especially if the suggested "second front" begins soon. She, therefore, urges all women who possibly can, to take part in this worthy cause, and asks that all those desiring to assist, who have

## School Students Collect 36 Tons Metal In Campaign

Students of the Littlefield schools gathered approximately 36 tons of scrap metal during the special scrap metal drive by all school students in Texas, which was in progress the past two weeks, Supt. F. A. Hemphill announced Wednesday.

Prizes will be awarded winners in the drive as soon as the scrap is sold, which will probably be sometime next week, Mr. Hemphill said. High school students are reported to have gathered 25 tons of metal, the central school six and one-half tons, and the primary school five tons.

## LOCAL SCHOOLS ARE DISMISSED FOR TWO DAYS

The Littlefield schools dismissed Wednesday afternoon for the next two days, Supt. F. A. Hemphill reported. Due to excessive rains, the school buses are unable to make their regular runs, and, since a large per cent of the student body is composed of children from the rural districts, officials voted to dismiss school.

## Gasoline Rationing Starts November 9

The Office of Price Administration formally announced Tuesday that motorists will be limited to five tires per car beginning next month, and at the same time disclosed that registration for gasoline books would start November 9 in the 31 states where gasoline is now not rationed.

Every car owner in these states will be entitled, as in the rationed east, to at least enough gas to drive 2,880 miles per year—slightly less than four gallons per week. Supplemental rations will be provided for necessary purposes upon application to local boards. It had previously been disclosed that actual rationing in the 31 states would become effective November 22.

Henderson said issuance of ration books would be contingent on these two provisions:

- 1—The car owner must swear he has no more than five tires.
- 2—He must agree to periodic inspection of his tires.

The procedure for the above 31 states is outlined as follows: Starting about Oct. 27 application blanks will be made available in filing stations and other public places.

Starting November 9, motorists will take the filled-in application blanks to local school houses where rationing officials will check to see that the blanks are filled out properly and at the same time issue "A," or minimum, ration books.

Persons needing more gasoline for essential purposes may apply immediately for supplemental rations after they receive the "A" book.

Those working in industrial establishments employing 100 or more persons may apply for extra gasoline to a committee in that plant which would refer it to the local rationing board.

Persons showing a need for extra gasoline to drive to work may get a "B" book, which, together with the "A" book, provides a maximum of 470 miles of occupational driving a month. (This means a little more than 31 gallons a month, since the OPA bases its figures on 15 miles to the gallon.) The "A" book contains enough gasoline to drive 240 miles per month, theoretically including 150 miles for occupational purposes and 90 miles for necessary family driving.

An extra "C" book may be obtained by a "preferred mileage class," which includes only a few groups of drivers performing duties held essential to the war effort and the public welfare. The "C" book ration varies according to need.

Commercial vehicles, including trucks and buses, would receive a "T" book whose contents is to be determined after official application to the office of defense transportation. In the east, the "T" book will supplant present "S" books.

## Poster Contest Peps Up Metal Drive At Spade

### School Takes Active Part; Most Students Bring Weight In Metal

The scrap metal drive at Spade school is well underway. The drive began with a poster contest in which most of the pupils took part. In the first grade room Lester Mauser's poster won first place in the room. Doris Prater took first place in the third and fourth grade room and Avis Nelle Powell won first place in the fifth and sixth grade room.

Neil Montgomery won first place in the high school.

Reginald Prather won first place in the slogan contest. The majority of the students have brought their weight in metal.

The fifth and sixth grade room brought in 4,798 pounds of metal last week. The three students bringing the most in this room last week were Avis Nelle Powell, Carroll Patterson and Wallace Zoch.

## Surgical Dressing Instruction Given At Earth Saturday

A School of Instruction for making Surgical Dressings was held at Earth Saturday in the basement of the Baptist Church, with Mrs. Lyle Brandon, County Chairman, in charge, assisted by Mrs. L. Z. Anglin, chairman for Earth.

The school opened at 9 a. m. and closed at 4:30 p. m.

Those attending were: Mesdames L. H. Cupp, Harold Russ, C. T. Bradford, Sam Cearley, L. W. Jaquess, L. Z. Anglin, Travis Jaquess, Corbett Roberts, Ray Kelley, J. M. Barlow, and Marshall Kelley.

Mrs. J. A. Littleton is Co-Chairman with Mrs. Anglin, but was unable to be present Saturday.

The Earth ladies organized and are going to come here once a week to work at the local Surgical Dressing center. Those promising the service of their cars as transportation were: Mesdames L. Z. Anglin, J. A. Littleton, Ray Kelley, L. H. Cupp, Marshall Kelley, Sam Cearley, and Corbett Roberts of Earth.

## Sept. Sales In War Bonds For Lamb Total \$34,327.75

As announced by Pat Boone, county chairman of War Bond Sales Committee, a total of \$34,327.75 in bonds and stamps were purchased during September in Lamb County.

This information was received by Mr. Boone from the administrator, Frank Scofield, from Austin.

Mr. Boone also stated that Lamb County's quota for October is \$59,000, adding that he expected the county's sales would go much above this amount, in-as-much as the crops are now being harvested, and there has already begun a good upswing in the sales of war bonds

## County Schools To Present First Of Series Tonight

### Special Guests Here To Be Soldiers From Lubbock Flying School

Victory Concerts, admission to which will be the purchasing of War Savings Stamps and Bonds of any denomination, will be staged at three schools in the county tonight, Thursday, to stimulate the sale of stamps and bonds.

The Littlefield High School Band and Chorus, under the direction of Mrs. J. D. Armistead, will present the first of a series of eight concerts at the local high school auditorium at 8 o'clock this evening, and a group of soldiers from the Lubbock Army Flying School will be special guests on the program.

All departments of the Sudan school will participate in the program at the Sudan High school auditorium, starting at 8 o'clock.

The Olton Mustang Band will render an hour's program in the Olton high school auditorium, after a radio broadcast given by Gov. Coke R. Stevenson and L. A. Woods, State school superintendent.

It is hoped that citizens in the various communities will attend these concerts, thus proving their patriotic spirit.

One thousand schools throughout the state will be sponsoring such programs tonight, and it is hoped that such activity will do much to stimulate the sale of Stamps and Bonds. It is also the purpose of the programs to furnish entertainment for the audience; and to help keep up the morale under such trying world circumstances.

Coming to Littlefield as special guests for the occasion are some 20 or 25 soldiers from the Army Air Corps at Lubbock. Several of these men were citizens of Littlefield before their entry into the service. The band mothers are planning refreshments for this group immediately after the presentation of the program.

## CONCERT PROGRAM

# A. B. Sanders, Former School Executive Here, Returns From Wild Game Hunt In Canada

By MORLEY B. DRAKE

A. B. Sanders, former superintendent of schools in Littlefield, and for the past several years occupying a like position in the school system at Donna, Texas, enjoyed a wide reputation on the Plains as a good shot with any kind of firearm.

The editor of the Leader has good reason to know that A. B. is plenty handy with guns. Once upon a time, before he had acquired knowledge of the school man's ability with firearms, this editor challenged Sanders to a contest at a shooting gallery. The loser was to buy the winner's meal at the next Thursday's luncheon of the Littlefield Rotary club. A. B. flipped over so many birds and so fast that this newspaper man gave up the ghost in a rush.

That was several years ago. Still Plenty Good

Now we read in the Valley Morning Star, published at Harlingen, down in the Rio Grande Valley, that the school executive is maintaining his good reputation with firearms.

While on a hunting expedition in the remote Muskeg country of

Western Alberta in Canada, the professor bagged his limit before the other members of the party, and while the others in the party were completing their bags, A. B. had time to rest his feet (much of the hunting led where horses could not go) and devote himself to the camp food.

### Interesting Trip

Under a Donna date line, the Valley Morning Star publishes an interesting account of the hunting trip in which Sanders participated. Here's what the Valley Morning Star says:

"DONNA—Thrill of landing wild game during a hunting expedition in the remote Muskeg country of western Alberta in Canada remained with two Donna men after their return this week after a never-to-be-forgotten outing which started with their departure from Donna August 21. They are A. B. Sanders, superintendent of schools, and Cedric F. Wood, horticulturist and orchard owner. Dr. Ed Blackwell of Gorman, Texas, was also in the party which traveled in Wood's Station wagon.

"They outfitted at Wembley and traveled from there on horseback, riding for six days into the bush. There was a Stonee Indian guide for each hunter. Only one spoke enough English to carry on an articulate conversation. The other two seemed to dimly grasp the Americans' ideas, but could answer only with gestures, grunts, and monosyllables. The horse wrangler-cook combined was British-Canadian.

"For the seven men, 17 pack and saddle horses were required. Each pack horse carried from 160 to 200 pounds of tents, down sleeping bags, food for man and beast, ammunition, cooking utensils and extra warm clothing. The load was so skillfully disposed and tied that it could not possibly slip, even though

## Knows His Guns

A. B. SANDERS

the animal should roll over. The creatures were so well-trained that, once loaded, each in turn was turned loose to follow the leader through an almost trackless wilderness.

"Although the night temperatures were all below freezing and the party encountered two days of snow, three of hard rain, and a drizzle fell regularly every 20 hours, most noontides were warm enough for the flies to be annoying. There were none of the huge mosquitoes usually encountered in that region in July.

### Both Men Kill Bucks

"The final camp was made about 60 miles from Dawson Creek—"the end of steel" where the great new highway into Alaska is being built. Here and there in the earlier journey the hunters glimpsed something of the gigantic movement of men and materials to that point.

"At the first more or less permanent camp they hunted Rocky Mountain sheep and deer. Both Wood and Sanders killed big bucks at approximately the same time. Later the luck was with Sanders. Being a schoolteacher, he says modestly, it was necessary that he out-cook the cook, out-ride the wrangler, and out-shoot the guide. So it came about that he was first to kill the bag limit for one hunter under Canadian law; namely: one large buck deer, one Rocky Mountain big-horned sheep, one Rocky Mountain goat, one caribou, one grizzly bear (his weighed 600 pounds), and one big moose. His moose had a horn spread of only 42 inches, but weighed 1,300 pounds while Wood's smaller, 1,200-pound animal had a horn spread of 42 inches.

"Thus, while the others were completing their bags, the professor had time to rest his feet (much of the hunting led where horses could not go) and devote himself to the food.

"Such food! For breakfast, a bear steak as big as a man's hand, oatmeal porridge, hot cakes, butter, syrup and tea. Tea, of course, at all hours. Lunch was lighter and carried by the hunters, but at night

plates were heaped high—bear, moose, caribou and venison steaks, tea, tinned jams and sweets, and even salads and puddings.

"The back track was made in five days instead of six. The moose heads were left with a taxidermist in Edmonton, Alberta, for mounting; only those and the bear skins could be brought out. The men were told that by horse and on foot they had traveled through the wilderness a distance of 400 miles."

## COLLEGE HEIGHTS

**GRAIN FED HOG IS CHAMPION IN CONTEST**  
**GRAIN FED PIG AT CAMPBELL'S FEED**

10 a Feed Demonstration Poland China hogs got the Lon Campbell Feed Company, local Purina Feed Company.

Poland China Hogs were placed in the feed lot while the Purina fed hog was weighed in at 195 pounds when started.

The Purina fed hog was fed 195 lbs. Milo and 144 pounds of feed during the 120 days of feeding, at a total cost of \$7.01, and weighed 145 pounds, showing a gain of 117 pounds for the 120 days.

The Poland China hog, which weighed 195 lbs. when started, was fed 205 lbs. Hog Chow and 205 lbs. Milo during the 120 days of feeding, at a total cost of \$6.99, but showed a gain of 170 pounds in weight for the 120 days of feeding. It tipped the scales on October 10, at a total weight of 365 pounds, showing a gain in weight of 55 pounds for the 120 days of feeding.

Mr. Campbell stated that the Purina fed hog will show a much greater gain at a much lower cost than hogs fed ordinary home grain, and that the pork is of a much higher quality for the market.

He said that the feeding demonstration at his establishment had created considerable interest, and that a large number of people had called during the demonstration to witness the feeding of the hogs.

He stated that many people thought it cheaper to feed grain only to their hogs, but that this demonstration proved that it was more profitable to feed Purina Hog Chow with the grain.

**Piggly Wiggly Manager Ordered To Report For Cadet Training**

Gene Yeager, manager of the local Piggly Wiggly Grocery and Market for the past several years, will leave Littlefield Saturday, October 17; and his brother, O. D. Yeager, Jr., will leave here Friday, October 23, both to report at the recruiting headquarters at Lubbock "for appointment as aviation Cadets and shipment by rail to training center," according to Mr. Yeager Tuesday, who stated they did not know where they would be stationed.

Mr. Yeager has been manager of the local Piggly Wiggly store the past three years, and has been associated with the firm about seven years. Nick Toews, who has been with the firm several years, has been named manager.

Gene and O. D. (Bug) Yeager enlisted in the reserve army air corps several months ago, and hoped they might get in training together, but they stated Tuesday that inasmuch as they have been ordered to report at different times, they could not hope to train together.

Their wives and families will remain in Littlefield until they receive their basic training.

Their parents are Mr. and Mrs. O. D. Yeager, Sr., who reside in the Spade community.

**Named Manager Of Piggly Wiggly**

NICK TOEWS

Nick Toews, who has been connected with the local Piggly Wiggly for the past several years, was named manager this week, taking the place of Gene Yeager, who leaves Saturday to enter aviation cadet training. He has been ordered to report "at the recruiting station, Lubbock, for appointment as Aviation Cadet, and shipment by rail to training center."

**COLLEGE HEIGHTS**

We are glad to report Janet and Shirley Ann Sanderson, daughters of Mrs. Jessie Sanderson, are on the road to recovery. Both are able to be up.

Clay Anders received word this week that his brother, W. T. Anders, is in a hospital in Phoenix, Ariz. Mr. Anders has been in bad health for some time and had gone to Arizona thinking he might regain his health and was visiting his son at the time he was taken ill.

Mrs. T. M. Murrell's sister and brother-in-law, Mr. and Mrs. A. M. Prichard of Chandler, Ariz., have been visiting in the Murrell home.

Mr. and Mrs. T. M. Murrell and Mr. and Mrs. A. M. Prichard visited in the home of Sam Whitenburg in the Sunny Dale community Monday.

The Cottage Prayer Meeting at Mr. Littlefield's home was well attended Friday night with 21 present for a real spiritual meeting. The Prayer Meeting will be held at the S. Tucker home this Friday night. Everyone is invited to come.

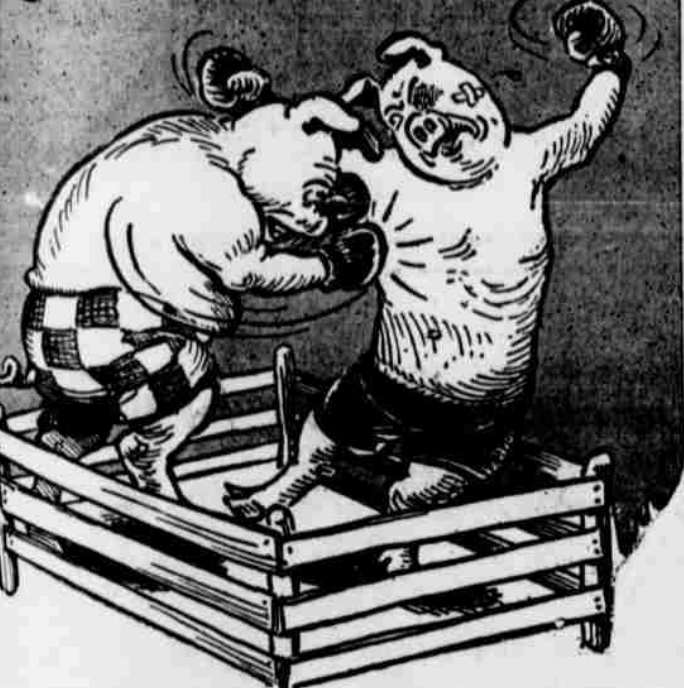

Bro. Herman Helm is building another room to his home.

Mrs. V. B. Pierce's sister, Mrs. Fannie Morgan and son and family, Carrel Westerman, of Pioneer, Tex., visited in the Pierce home over the week end.

C. M. Rice is adding another room to their home.

S. Tucker and family, Mrs. Littlefield and children attended the Fundamental Missionary Baptist Baptismal services at Rev. Morris' home near Lum's Chapel Sunday evening.

**HE'S ON THE ROPES!**

It's been a fair contest, folks, the Purina-fed hog is a sure winner. Its grain-fed opponent didn't keep up with this growing Purina-fed heavyweight.

About three months ago, you remember, we picked out two piglets from the same litter. They had just been weaned, and were as much alike as two peas in a pod. We brought these little pigs to our store and put them in separate pens. One was fed on grain PLUS Purina Hog Chow Supplement. Otherwise, their care was exactly the same.

We hope you'll come down to see the difference in these two pigs today! The "Hog Chow plus grain" hog weighs 55 pounds more than the one fed on straight grain. . . . The scales proved it on the final weighing-in day . . . last Saturday, October 10.

It's really something to see, folks, the difference in these two pigs. And the surprising thing is the Purina-fed pig has actually eaten less feed per pound of gain. He not only put on more pounds of pork, but also at a lower cost!

Why not stop by and look 'em over for yourself?

**GREATER PROFITS**

The Grain-Fed pig weighed 28 lbs. when this demonstration started—June 10.

The Purina-fed pig weighed 30 lbs. on that date.

The Grain-fed hog was fed 195 lbs. Milo and 144 lbs. shorts at a total cost of \$7.01 for the 120 days of feeding. He shows a gain of 117 pounds for the 120 days. He now weighs 145 lbs.

The Purina-fed hog was fed 205 lbs. Hog Chow and 205 lbs. Milo, at a total cost of \$6.99. He shows a gain of 170 lbs. He now weighs 200 lbs.

# West Texans and the Atlantic Charter

This month, West Texans are pondering a historic document. This is the Atlantic Charter, drawn up at sea by President Roosevelt and British Prime Minister Churchill, August 14, 1941, as the basis for an enduring peace promising freedom and equality of economic opportunity to all the world.

Frim the West Texas Chamber of Commerce all affiliates have received a 12-plank platform and work program on which 200 directors in 175 towns are voting, as a part of the organization's referendum convention in substitution of the 25th annual general gathering. The No. 9 plank relates to the Atlantic Charter and the need for each community to begin now to plan its economic life in the after-war period. Houston Harte, San Angelo, as chairman of the WTCC's post-war economy committee, is recommending the plan's adoption. In a letter submitting it for directors' balloting, he wrote: "I think it's fine that this business organization should pioneer in wanting to do something about the treaty which will have to be signed at the end of this war."

The plank proposes that West Texas business men, through their chambers of commerce, create community post-war economy committees in readiness to meet the problems of peace. Because, says the committee recommendation, "To avoid such a catastrophe as followed the last world war, there will be much to do in cooperating in future nationwide rehabilitation measures and in preserving our own economy. In this gigantic program the voice of business must be heard, and we might as well start now getting organized."

"As victory approaches and as peace comes, these post-war problems will start unfolding, but there is something we can do now for our post-war economy. I refer to starting the education of our people on the meaning and significance of the Atlantic Charter as the basis of worldwide peace. Some of the Atlantic Charter principles were enunciated by Woodrow Wilson as the basis of peace after the last war. Had they been adopted, there are many who think this war would have never occurred. The principles were defeated because of the lack of understanding and of the selfishness and greediness of the people. The same thing again will happen to the Atlantic Charter unless the people at home begin thinking about and demanding the worldwide peace measures as enunciated in the Atlantic Charter."

By last mid-week affirmative votes on Plank 9 had been received, in order, from Goree, Hale Center, Eldorado, Bowie and Vernon—leaders-off among the affiliated towns to report their group meetings and action on the referendum. Largest meeting, Tuesday morning of last week, was that at Vernon composed of WTCC directors, the Public Affairs committee and the officers and board of the local chamber of commerce.

Two large meetings were scheduled for early this week. At Abilene, the chamber of commerce has arranged an all but city-wide rally with the regional chamber's 168 local members invited to take part in the discussion and join the local board in nominating WTCC's directors for 1943. At Midland, home of WTCC Vice-President M. C. Ulmer, a night dinner meeting will be held.

## "Pardon My Sarong" To Be Featured At Palace Theatre Saturday Midnight, Sunday and Monday

Those pessimistic personalities who thought Abbott and Costello could not keep up the comedy pace they set in "Buck Privates," "In the Navy," "Keep 'Em Flying" and their other successive hits, have another think coming.

The nation's two foremost screwball comedies have done it again, on a bigger, and even balmer scale. If you are one of those doubting Thomases, go to the Palace Theatre where Abbott and Costello's newest Universal hit, "Pardon My Sarong," will be featured Saturday midnight, Sunday and Monday.

The comedy kings have three times the opportunity of being funny, since they start out as bus drivers in Chicago who get bored with the monotonous day-in, day-out ride on the same old route. So they leap at the chance to take a charter trip to Los Angeles, ferrying a wealthy playboy and ten cute chorus girls.

The second phase of the picture takes place when the boys board a yacht at Los Angeles to escape the law, and head for Honolulu as sailors. A hurricane blows them off their course, and when they sight an uncharted island, the third chapter of their adventures begins.

The island sequence gives the comedians an opportunity to don sarongs and cavort with the native maidens. More adventure is cooked up by a smooth villain who is swindling the islanders of their hard-earned pearls and gold.

Romance is provided by Robert Paige and Virginia Bruce while the menace is portrayed in convincing fashion by Leif Erickson and Lionel Atwill. Nan Wynn, a newcomer to the screen, is attractive as the native island girl who becomes more than fond of Costello.

Entertaining specialties are contributed by Tip, Tap and Toe, Dancers, the Saronga Dancing Girls, and the Four Ink Spots.

J. R. Farrell, Jr., son of Mr. and Mrs. J. R. Farrell of Littlefield, and an Aviation Machinist mate, third class, with the Navy, has been moved from Norfolk, W. Va., where he has been stationed, to an unknown port.

Mrs. Farrell, Jr., who has been making her home also at Norfolk, W. Va., arrived in Littlefield Tuesday, and will live with Mr. Farrell's parents while her husband is in the service.

J. D. Jordan of Sunnydale, son of Mr. and Mrs. A. B. Jordan, left Thursday for Dallas, where he was accepted Saturday for enlistment in the Navy, and left for an unknown designation, according to a wire received by his wife.

Second-Lieutenant Darrell Hemphill, formerly of Littlefield, has been stationed at Gunter Field in Montgomery, Alabama.

He received the Air Corps commission two weeks ago following three months training at Miami

Beach, Florida. His duties at Gunter Field concern care of personnel records.

Lieutenant Hemphill was inducted into the Army in November, 1941, and has been stationed at Fort Bliss, El Paso; Keesler Field, Mississippi; Fort Logan, Colorado; and Duncan Field, Texas.

The University of Texas recently conferred the degree, Bachelor of Law, after he had completed his work there. Prior to his attending the University, he received the Bachelor of Science degree from the West Texas State College at Canyon.

He taught school in the Littlefield and Morton schools, and is the son of Mr. and Mrs. A. G. Hemphill of Brownsville, formerly of Littlefield.

Staff Sgt. Kenneth Griffith with the U. S. Army "somewhere in Australia" recently wrote his mother, Mrs. W. N. Holder, that he was in good health and now weighs 180 pounds, as he has gained 20 pounds since his arrival at the "Land Down Under."

He writes that he doesn't receive many letters, however, he received several during the months of July and August. Mrs. Holder has received several cablegrams from her son.

Pvt. Jake Hall, who has been stationed at Camp Robison, near Little Rock, Ark., was transferred last week to Fort Bliss, Texas. He is in the Quartermaster corps of the Army. He is a son of Mr. and Mrs. Homer Hall and enlisted in the Army in July.

Mrs. Mitchell Sisson received a telegram Monday morning from her husband, Pvt. Sisson, who was transferred last week from Fort Knox, Ky., to Camp Bragg, North Carolina. He is in the armored division of the Army.

Dale Mixon, son of Mrs. Clyde Rhodes, formerly of Littlefield, but now of Loop, Texas, stationed at Randolph Field, San Antonio, Texas, has been specially selected for training as a pilot in the Army Air Force, according to a letter received by his parents recently, which notification reads as follows:

"In a memorandum which comes to my desk this morning, I note that your boy, now an Aviation Cadet, has been specially selected for training as a Pilot in the Army Air Forces.

"In order to win this war, it is vital to have the best-qualified young men at the controls of our military aircraft. Upon their precision, daring and coolness will depend in large measure the success of our entire war effort.

"The duties of an Army Pilot call for a high degree of mental and physical alertness, sound judgement and an inherent aptitude for flying. Men who will make good material for training as Pilots are rare. The Classification Board believes your boy is one of them.

"If he shows the progress we confidently expect of him, he will in all probability win his wings as a qualified Pilot. Considering the rigid requirements for this training, you have every reason to be proud of your boy today. I congratulate you and him.

"Sincerely yours,  
"H. R. HARMON  
"Major General U. S. Army,  
"Commanding."

Mr. and Mrs. Bob Smith received a letter Sunday from their son, Cpl. Ray Smith, who is a mechanic in the Army Air Corps, stationed on the island of Trinidad, just off the coast of Venezuela, South America. Cpl. Smith wrote that Leo Hewitt, in the depot supply department of the Army who had been stationed at San Antonio, landed on the island last week. He was very glad to see someone from home, he wrote. He has been there since sometime in June. He joined the Army a year ago.

Ray Dalton of Littlefield, formerly employed at Graham's Bakery, is now in the bakery department of the Navy, stationed at San Diego, Calif., and likes his work fine. He is a third class petty officer, and according to relatives here, misses Littlefield, though he enjoys his buddies in the Navy, with whom he gets along fine.

## My Trip to Canada

By MRS. M. B. DRAKE

Returning from a recent enjoyable trip to Toronto, Canada, I am told I should report my doings to the folks I have been "telling on" for the past several years—so here goes.

Leaving Clovis Sunday morning, Sept. 20, about 6:10 o'clock on the "Scout," a completely air-conditioned Santo Fe train, equipped with many special features, operating from California to Chicago. Local Santa Fe Agent, H. C. Pumphrey, sure did himself proud when he routed me on the train.

I had a very enjoyable trip to Chicago, even though the train was late 3 hours leaving Clovis, and arrived in Chicago an hour after the 9:30 a. m. Canadian Pacific train Monday had left Chicago, in which train I was scheduled to ride to my destination. I was, therefore, obliged to spend Monday afternoon in Chicago, and enjoyed "milling around" in some of the large stores on State Street. Leaving Chicago at 8:10 Monday night I arrived in Toronto at 8:10 Tuesday morning, where I visited my mother, and two married sisters and a married brother and their families.

Canadians are being rationed on sugar, tea and coffee, under much the same method as the Americans are on sugar.

One thing that impressed me very much was the scarcity of beef in the meat stores—as in a large city like Toronto with around 900,000 people—there are many stores carrying meats and dairy products exclusively. There is no rationing of meats, you can buy whatever kind you want—if you can find it, but there seems to be a shortage of beef for sale retail, though plenty of chickens, turkeys, lamb, and cooked meats, and some pork were available. In the two weeks I was in Toronto I hardly saw a beefsteak in the meat stores, and the cafes had taken beef items off their bill of fare. Meat items range a little over 50 cents per pound, but bones are cut out of steak cuts in Canada.

Prices are regulated over there by ceiling prices similar to the United States, and strict enforcement is being carried out. Living, however, is very high—higher than in this area.

The labor situation is handled by the government, with Social Security Bureaus operating as Employment offices, at which employers wishing help apply; and where employees seeking work go. Jobs are more or less frozen; and if employees wish to insert help-wanted ads in the newspapers—the ads are first O.K.'d by the Government Employment Bureau.

There are thousands of soldiers stationed at Toronto; and many war industries, including munition factories, etc.

I spent the first week end of my visit in St. Catharines, where I went by boat from Toronto, to visit my brother and his family.

I spent considerable time with my sister, Mrs. F. J. MacLean, whose husband, Dr. McLean, who served in World War I, and since practised dentistry at Prince Albert, Sask., is a Major in a dental corps attached to a tank regiment, and believed to have arrived in England last week with the Canadian convoy reported in our daily papers Friday last. Also leaving Canada for overseas service about the same time as Major MacLean was his son, Lennox MacLean, who is connected with the Scottish and Southern Regiment, and I believe he was in the same convoy, though have not heard as yet.

I left Toronto at 8:20 Tuesday morning of last week, stopped off at Detroit, and had a very interesting and enjoyable visit with my brother, Douglas Lennox, from 2:35 until 12:30 that night. He is employed by the Federal Government, and has charge of a group of 10 chartered accountants, whose duties are to check costs and charges on war contracts of a large organization supplying the U. S. Navy.

Leaving Detroit at 12:30 (after midnight) I arrived in Chicago about 7:20 a. m. Leaving there at 11:30 the same morning (Wednesday) I arrived in Clovis about 8 o'clock Thursday night.

This train left Chicago an hour late, being detained for soldiers off another train; and engine trouble and changing the engine near Fort Madison, Iowa, delayed it another two hours; otherwise it would have arrived in Clovis at 4:45 p. m. instead of 8 o'clock.

Cpl. Tom Burrus, who has been stationed at Fort Bliss, being connected with a southwest troop of a Cavalry regiment, has been transferred to a northern troop. The Leader received this notification by Cpl. Burrus Tuesday with the notation that "I don't want to miss out on a single copy of my home town paper." The Leader is appreciative of this kind word from Cpl. Burrus.

### Venison Barbecue To Be Staged Tonight

Members of the Oddfellow and Rebekah lodges will enjoy their annual venison barbecue tonight, Thursday, at the Oddfellows Hall.

J. E. Braanen, who returned Friday night from a deer hunt, will be host at the affair. Accompanied by Virgil Grisham, Richard Zohn, Paul Zohn, and Charlie Burt, Mr. Braanen went to northwestern Colorado for his annual hunt. The group bagged five bucks and three does, the first three days of camp in the wilds.

Mr. Burt killed the largest buck, which weighed 200 pounds after it was dressed. There are lots of deer in the mountains in that vicinity, they reported.

Mr. and Mrs. Travis Jones are the parents of a son, born Tuesday night at the Littlefield Hospital. The infant was named Travis Dale and weighed five pounds and 13 1/2 ounces.

### BIRTHS REPORTED BY PAYNE-SHOTWELL

Mr. and Mrs. Frank Rone of Sudan are the parents of a son born Tuesday, October 13, at the Payne-Shotwell Hospital. Mr. Rone is stationed at the Lubbock Air Base.

A daughter was born to Mr. and Mrs. J. N. Nixon of Littlefield Wednesday, October 7, who has been named "Judie Marie."

Born to Mr. and Mrs. Harvey Jones of Anton, a daughter on Monday, October 12.

**FIRST BAPTIST CHURCH**

Roy Shahan, Pastor The services last Sunday were the best we have had for many Sundays. There was an increase of 43 in the Bible school attendance, an increase of 22 in Training Union attendance, an increase of \$17.53 in the offering over the previous Sunday. Also the attendance at both morning and evening worship hours was increased. Five new members were received into the fellowship of Church. This is encouraging indeed. We hope to keep going in this forward direction.

The pastor will speak Sunday morning on the subject, "Some Objectives for Our Church and Denomination." At the evening hour the text is found in Nehemiah 13:11 "Why Is The House of God Forsaken." We urge you to read the book of Nehemiah before the service Sunday night.

Our time of meeting: Bible school 10 a. m. Morning worship 11 a. m. Training service 7:30 p. m. Evening worship 8:30 p. m.

**FOUR SQUARE CHURCH**

Rev. J. H. Gleason, Pastor "The Passing and the Permanent" will be the pastor's subject at the Friday night service.

The Sunday school will meet at 10 a. m. followed by morning worship at 11 a. m.; subject: "God's Recipe for Prosperity."

Cadet Patrick Flanigan will be guest speaker at the Crusader Young People's meeting, 6:30 p. m. Sunday. The pastor will speak Sunday night on "Yours and Mine Because of Him."

A friendly welcome will be awaiting the visitors at all services.

**EMMANUEL LUTHERAN CHURCH**

E. H. Riese, Pastor The Junior Choir meets every Friday at 8:30; the Senior Choir at 9:15.

Sunday school and Bible classes at 11 a. m. next Sunday; a divine service will be held at 11:45 a. m. The public is cordially invited.

The Voters' Assembly meets next Sunday at 3:30 p. m. The Walther League meets next Sunday at 8 p. m.

**Rev. L. S. Jenkins Resigns To Go To Wink, Texas**

Rev. L. S. Jenkins, pastor of the Baptist Church, Amherst, resigned recently, preaching his last service at Amherst Sunday, September 27, and has moved to Wink, Texas, where he is pastor of the Baptist Church at that city.

Rev. Jenkins had served the Amherst Church for the past seven years, and the pastor and his wife are greatly missed by their large number of friends as well as members of the congregation.

Rev. O. D. Henley of Sylvester, Texas, occupied the Amherst Church pulpit Sunday.

**Miss Anderson And Sgt. Maywold Wed Here Saturday Night**

Miss Martina Anderson of Clyde, Texas, and Sgt. Frank M. Maywold of the Lubbock Flying School, exchanged wedding vows in a beautiful single ring ceremony in Littlefield Saturday night, October 10.

Rev. Roy Shahan, pastor of the First Baptist Church, performed the marriage ceremony at the parsonage at 8 p. m.

The attendants were: Miss Merle Sides, member of the faculty of Dupree school, Lubbock, and Sgt. C. N. Spivey, also of Lubbock.

The bride wore a brown dress, with green accessories, and a gardenia corsage. Her attendant was attired in black, and her corsage was of pink carnations.

The bride is a teacher in Roscoe-Wilson school, Lubbock, and plans to continue her work.

Miss Simmons of Mobile, Ala., has been employed as Dr. C. E. Payne's nurse recently.

**Twentieth Century Club Entertained Wednesday Afternoon**

Mrs. Pat Boone graciously entertained members of the Twentieth

Century Club Wednesday afternoon. Luncheon was served the group at the Batton Hotel, the table being laid in white linen, with beautiful centerpiece of yellow dahlias. Following the meal bridge was

**Hart Camp School News**

(Too late for last week)  
**ENLIST NOW; CALLING FOR VOLUNTEERS**

Hart Camp School is in the Army of Junior Texas Rangers. We will do our part in helping to get our fighting men the weapons they need—now. This is our chance to back up and help out our fighting neighbors, brother, or father. Perhaps you have the scrap material around your home that will go into the gun and the shell that will end this war. Who knows?

The Junior Texas Rangers will be calling at your door for this scrap material. They need it to send by our fighting men to Hitler to win the war so they can enjoy the same opportunities, privileges, and freedom you have enjoyed. I feel sure that you will help them look again for this vital scrap material. Our boys, who are fighting our fight, need it—now.

Charles R. Lawson.

**JUNIOR TEXAS RANGERS**

The Hart Camp students and teachers had an assembly Monday morning, October 5. The most important thing we discussed was about the Junior Texas Rangers. They represent those getting in the scrap.

At the beginning of the contest everyone will be a private. At the end of the contest the people getting in the most scrap will be ranked according to the amount of scrap they collected. Therefore, we have three reasons to get in the scrap: first, to help win the war; second, to be ranked and receive a badge, and third, to get the prize to be given by the PTA.

The students sang several songs and some themes entitled "Get in the Scrap" were read.

Evelyn and Patricia.

**QUALITY HOUSE PAINT**

A Year or so after application this paint has a... practical quirk, shall we call it? A rainy day is its washday. MINNESOTA Quality House Paint has the important advantage of very slowly chalking through the years. When Nature showers the painted surface, the chalk floats away carrying with it dust and grime... and lo! the paint remains fresh and bright. It's a boon to white houses especially... and white is still America's top ranking favorite.

What's more, this slow chalking leaves the surface receptive for repainting... when at length the time comes for that.

**GET IN THE SCRAP**

To get freedom we must all help in getting the scrap. The principal scrap materials that are now needed are iron, steel, rubber, copper, brass, bronze, aluminum, lead, and old rags. Millions of these were collected when the war first started, but millions more must be collected before we can win this war. Scrap metal is one of the principal things that will win this war. Everyone should get out and get all the scrap that is in the old attic or basement and send it in.

All school children should be taught to save everything around the home, on the farm or at school. They, too, can help win this war.

One wash pail will provide the amount of scrap ordinarily required to produce the steel needed to make three bayonets; one old fire will provide the amount of rubber to produce 12 gas masks; one old lawn mower will provide the amount of scrap to produce the steel needed to make six three-inch shells; one old battery will provide the lead to make three three-inch anti-aircraft guns, and one old copper kettle will provide the copper to produce 84 rounds of ammunition for an automatic rifle.

The greatest need is for scrap iron and steel which must be had by the steel mills to make the quality of steel required for guns, tanks, jeeps, ships, and other munitions of war. Scrap rubber, especially old tires and tubes, rubber overshoes, garden hose, gloves, bathing caps, hot water bottles, and lots of other things. There is also a demand for old rags.

The school children should get a sale for papers and bring them to school. They should report about all bridges, saw mills, and old things that are not any good.

By these ways everyone can help win the war; so let's do.

Evelyn Petty.

**SPORTS**

The Hart Camp basketball boys won a victory over Olton Boy Scouts Wednesday, September 30. The final score was 11 and 27 in favor of Hart Camp. We hope to win the rest of our games as we did that one.

We are planning a game with Fieldton Thursday, October 16, at Fieldton.

Billie Joe and George.

**EIGHTH AND NINTH GRADES ENJOY PARTY**

The eighth and ninth grade classes of the Hart Camp school had a party Thursday night, October 1. Miss Pennington, our English teacher, sponsored it. The refreshments consisted of ice cream and cookies. Several games were played and enjoyed by all.

In this photograph an automatic oxygen torch cuts through thick ship's plate in a West Coast Canadian shipyard where 10,000-ton cargo ships are built. Canada's shipbuilding program calls for an outlay of more than 550 million dollars. Merchant ships completed this year will equal the total for British shipyards. More than 150 10,000-ton freighters have been ordered, in addition to smaller cargo vessels, corvettes, minesweepers, patrol boats, crash boats and motor torpedo boats. Keels for two Tribal class destroyers have been laid in Canadian yards. Besides all this construction 30 vessels have been equipped to defend themselves at sea, including three passenger ships now serving as auxiliary cruisers. The shipbuilding industry, composed of 17 major shipyards and 58 smaller boat yards employs more than 40,000 men.

Gas is a vital fuel for War Production. Here are some things you can do to help Uncle Sam by conserving Gas and Gas equipment:

- 1 Every month drain off rusty water from the bottom of water heater tank.
- 2 Be sure your hot water faucets have efficient washers. Don't let dripping faucets waste money—and more important these days—fuel!
- 3 Keep top and oven range burners clean. Keep burner openings unobstructed.
- 4 Check up now on your heating equipment to make sure it is in condition to serve you through the coming winter.
- 5 Modern Gas equipment is built to endure, so take care of it and it will take care of you for the duration.

LAMB COUNTY'S BOYS and GIRLS  
— ARE PARTICIPATING IN THE —

## NATIONAL JUNIOR SCRAP CAMPAIGN

Help the Boys and Girls of Our Schools in their Important and Vital War Effort! Uncle Sam Needs the Scrap!

Response of the boys and girls in Littlefield, Lamb County, and throughout the state, to the activities of the National Junior Scrap Campaign, has been most gratifying. They are all working hard to meet their individual, room, and school quotas of metals needed for vital war industries.

Every one of these boys and girls are aware of the responsibility that has been passed along to him or her.

Such enthusiastic patriotism among our boys and girls is highly commendable . . . these boys and girls love the land of their birth . . . they rejoice in the opportunity to stand shoulder to shoulder with their mothers, their fathers, their older brothers and sisters, in the country's hour of need.

The boys and girls of Littlefield and Lamb County are working hard in the gathering of scrap . . . they are enthusiastic . . . they want to make a

good showing . . . they want mountains of scrap to slap the Japs.

THEY MAY CALL ON MANY OF US FOR ASSISTANCE! DON'T LET THEM DOWN! HELP THE BOYS AND GIRLS IN EVERY WAY YOU CAN! THEY WILL APPRECIATE WHAT YOU DO! AND IN HELPING THE BOYS AND GIRLS GET IN THE SCRAP, YOU, TOO, WILL BE PERFORMING A PATRIOTIC SERVICE!

### With South Plains Men In U. S. Service

John J. Barker, who is from New York, doing work in a general department, arrived Saturday on a ten-day furlough from his father, A. J. Barker, of his brother, Waymon, of Anton, Texas.

will be singing on the show as a member of the choir.

Webb has been selected after competitive auditions with hundreds of other recruits to be a member while in training of the famous Great Lakes 200-voice choir. The choir sings at all church services and is featured on the weekly "Meet Your Navy" broadcast.

Bluejacket Webb is a son of Mr. and Mrs. R. D. Webb of Anton. He has always been interested in radio and hopes to have opportunity to go to a Navy Service school to learn this trade.

The program is broadcast over the blue network.

Cecil A. Walker, who has been stationed at New Orleans, Louisiana, as coast guard, has been transferred to Charleston Base, South Carolina.

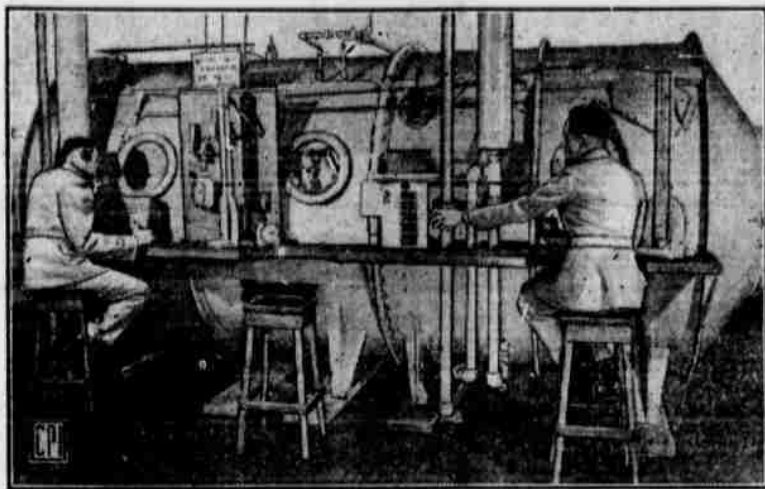

Clarence Elvis Erwin, son of Mr. and Mrs. C. G. Erwin of Tarzan, Texas, and a graduate of the Anton High school, is now enrolled as an Aviation Cadet at the Army Air Forces Pre-Flight school for pilots at Maxwell Field, near Montgomery, Ala.

Pvt. Walter D. Sanders, 20, son of Mr. and Mrs. Ernest A. Sanders of Littlefield, recently arrived at Enid, Okla., Army Flying school. Before entering the army Private Sanders was engaged in farming. He has been assigned to the 957th Guard Squadron at Enid.

George Olen Ross, Tech graduate, finished training last week end at the Naval Reserve Aviation base, Grand Prairie, and was sent for advanced training to Naval Air Station, Corpus Christi. Mr. and Mrs. George W. Ross of Littlefield, his parents, went to Dallas for the exercises.

Sgt. J. E. Chisholm, Jr., is expected to arrive home Sunday after receiving his commission as second lieutenant in the U. S. Army this week. He has been attending officer's training school at Fort Monmouth, near Red Bank, N. J. He plans to come by plane to Amarillo, then board a bus or train for Clovis, N. M., where his parents will meet him. He will visit his brother-in-law and sister, Mr. and Mrs. Jim Mooney and daughter at Clovis.

### Canada's Billion Dollar University of the Air

In this chamber low pressure conditions are simulated up to altitudes of 30,000 feet so that the reaction of all candidates for aircrew in the Royal Canadian Air Force may be thoroughly checked and so that aircrew students may familiarize themselves with the oxygen masks under conditions they will encounter on future war operations. In the early stages of their training student pilots, observers and air gunners soon learn the value of their oxygen masks. On their first visit to the low pressure chamber they are given small doses of the rarified atmosphere they would encounter at high altitudes and the students get into a condition closely approximating a jag.

A student, for instance, is invited, under low pressure conditions, to add a simple row of figures. He is quite confident that he is doing the job quickly and accurately but a stop-watch held by a medical observer convinces him that he has done a laboriously slow job. With his mask the student adds the figures at normal speed. Thus the fledgling learns early what his comrades overseas know by experience—that it is the height of folly to ignore the services of one's oxygen mask.

This is but one of the scientific aspects of the training under the British Commonwealth Air Training Plan operating in Canada under the Royal Canadian Air Force. The great enterprise—called "Canada's billion-dollar university of the air"—has grown, in two years, to become one of the most vital forces on the side of the United Nations. The plan has poured many thousands of pilots, observers and air gunners into a dozen fighting fronts. No air operation that originates in Britain is without a large representation among its personnel from the schools of the British Commonwealth Air Training Plan.

The plan's graduates were among the men who took part in the big "1,000-bomber-raids" on Germany and every time a newspaper reports aerial activity against the enemy by the R.C.A.F. or the R.A.F. it is safe to say that graduates of the plan participated.

Sgt. George Lightsey of the army air corps was recently transferred from Sacramento, Calif., to Fort Sumner, N. M., where he is attending a Glider school. He is a son of Mr. and Mrs. J. S. Lightsey of seven and one-half miles southwest of Littlefield.

Sgt. R. Lee Gibson wrote his parents, Mr. and Mrs. Jim Gibson, from "somewhere in the South Pacific" on September 16, and they received the letter October 3. He wrote that his "fighting weight was 165 pounds, and this outfit is still making news."

He stated that he was now a member of two more organizations, "Ancient Order of the Deep," having crossed the equator on the U. S. S. Argonne, and "Domain of Green Octopus," as he crossed the

180th meridian on the same tub. "To Dad—Cotton really grows on trees down here. I picked oranges, tangerines and papais . . . seems years since I saw a white woman . . . tell everyone who ever thinks of me hello, and keep a few choice young ladies around for me when I return."

Pvt. J. C. Bryce of the Army Air Corps visited his parents, Mr. and Mrs. C. F. Bryce of five miles southwest of Littlefield several days last week. He recently completed his basic training at Las Vegas, N. M., and has been transferred to the Lubbock Army Flying school.

Roy Byers, Jr., son of Mr. and Mrs. R. L. Byers, is now stationed at Kodiak, Alaska. He is in Naval Construction and he left the State of Washington September 9.

Pvt. Mitchell Sisson of the Armored division of the army, who has been stationed at Fort Knox, Ky., is being sent to "parts unknown," his mother, Mrs. T. J. Sisson, reported Saturday. Mrs. Mitchell Sisson is employed as bookkeeper for the Lamb County Electric Co-op, Inc.

His brother, Pfc. Wilson Sisson, is still stationed at Fort Knox, and he wrote his mother recently that he thought he would get a furlough soon.

Mr. and Mrs. H. L. Woody believe their son, Bobby, is somewhere in the vicinity of the Aleutian Islands, they reported after receiving a letter from him October 5. The letter had been mailed September 5. He visited his parents in July, and he enlisted in the Navy January 2. He is on a destroyer and was in the battle of Midway. He witnessed the sinking of the battleship, "Yorktown," in the vicinity of Midway.

Harry Edward Woody, another son of Mr. and Mrs. Woody, graduated last week from Ellington Field, Houston, in navigation. He

will probably complete his course in navigation at a school at Hondo, Texas.

### Father Of Miss Helen Zoth Is Seriously Ill

Miss Helen Zoth, former superintendent of nurses at the Littlefield Hospital, received word Thursday that her father was seriously ill, and she and her sister, Mrs. Earnest Connell, left on the afternoon bus for Anardarko, Okla., to be at his bedside.

Her mother, Mrs. Winnie Zoth, received a telegram from Helen Friday stating that her father's condition was improving, and that he was able to be moved to a hospital for treatment.

### Guy Aldridge Undergoes Operation Here Friday

Guy Aldridge, son to Mr. and Mrs. William J. Aldridge, arrived in Littlefield Monday, October 5, for the purpose of undergoing a major operation.

Mr. Aldridge is special representative for Proctor and Gamble company, with headquarters in Oklahoma City.

He underwent surgery Friday of last week at the Littlefield Hospital and is getting along nicely.
