

A WELL SUPPORTED CHAMBER OF COMMERCE IS ALWAYS A BIG BARGAIN

(An Editorial)

andum which lists 14 reasons, "sound reasons", why you should belong to your Chamber of Commerce, and support it, financially, in keeping with your ability, and in keeping with the benefits which such support brings and gives to you, and to every business man.

The chamber seeks to increase its operating funds by approximately one third in order to more efficiently handle the projects before it.

The costs of operating a Successful Chamber of Commerce, like everything else, have gone up. But the benefits possible to be

derived from an active, successful Chamber of Commerce, have multiplied even faster.

A dozen, yes many more than a dozen new activities could right now be undertaken by our chamber, which would pay their way, and show a profit, 10 for 1, if adequate funds were provided and at hand to undertake them, and carry through to successful conclusion.

For that reason, if not also for a score of others, this paper heartily endorses the campaign for new members, and also the drive now underway to give the

organization at least \$1,000 per month, with which to operate, to seek and bring new benefits to all of us.

Thinking back some years ago, when this writer served on the directorate of our chamber, we recall that even in those days, we raised a budget of several thousand dollars a year. That budget and its expenditure is in a big way entitled to a lion's share of the credit for much and many of the benefits and prosperity which we enjoy today.

Since then our population here in Littlefield has doubled and is

well on the road to redoubling again. Bank deposits, number of business houses, number of residences, sewers, paved streets, water, and dozens of other things ditto.

But that also means something else, it means that we can well afford — it means that we cannot afford to fail to provide the necessary money to keep our Chamber strong, virulent, active, and making things happen for our city and community, instead of waiting and hoping that they can, will or might happen or come to us.

The chamber needs more money—the chamber needs more members—the city needs the chamber—the chamber needs you and your co-operation.

Two hundred paying members at \$5 per month—or 100 at \$10.00 is all that is needed. Who says that's too much... more probably it's too little.

This isn't a day of bargains and bargain prices, but a going Chamber of Commerce at \$1,000 per month, is a going bargain, in anybody's land and anybody's language.

Rev. McKemy Delivers Address In Auditorium

Benediction Is Pronounced By Rev. C. A. Long

Sermon Baccalaureate for the graduating class of 1949, was delivered at Littlefield High School auditorium last Sunday evening, by Rev. Carter McKemy, pastor of the First Presbyterian Church, who took his text from the Old Testament, 7th and 8th verses, and employed it in an excellent sermon, to stress to the youthful graduating class of the school the importance of heaving to the plumb line, even as did the builders of old, to course an even and well planned line, a line of life.

With the plumb line as a guide, and the Ten Commandments as a life mandate, as much today as when carved into the tablets of stone, he pictured a useful and successful life for the graduating boys and girls.

With Miss Johnnie Murial Evans, a member of the graduating class, at the piano, the strains of the traditional professional march opened the service, with the class in cap and gown of maroon, slowly marching down the center aisle in couples, to take special frontal reserved seats before the stage, opened the program for the service.

Invocation by Thetogene Ross
Invocation was pronounced by Thetogene Ross. Then came a trio rendition of "Ava Maria", by Connie Hopping, Helen Johnson and Betty Timlan. The entire congregation sang "Faith of Our Fathers", followed by remarks and school announcements by Supt. Joe Hutchinson.

Rev. McKemy Delivers Sermon
Then came the sermon by Rev. McKemy, not of great length, but telling and impressive in every word and syllable. Benediction, pronounced by Rev. C. A. Long, closed the program.

The congregation remained seated as the piano took up the strain of the recessional march, and the graduates slowly marched to the rear, making a

THE OBSERVER REPORTS COMPLIMENTARY AND OTHERWISE

The City Police force has done a mighty good job during these school months, and since traffic lights and stop markers have been placed at the streets adjacent to the school grounds, by "being around" at hours when violations were most likely, to see that said violations were stopped or held to a minimum. One of the factors that has had to be taken into consideration, however, in regard to the traffic lights, is the boy, armed with slingshot or air rifle, who shoots at the red light, but doesn't care too much if it happens to shatter the green one. A funny incident occurred in that connection some days ago. A young fellow noting that the red light was out, found a friend and bet him that as they drove up the street the traffic light would turn green before it turned red. The bet was on, and as the hour was late, they drove the noisy jalopy at a fast clip down the street toward the intersection light. But in the meantime, while the bet was made, another boy, with another slingshot, had proceeded to ditto the job done to the red light, on the green one, leaving only the amber. The car approached, the amber light showed, but nothing else happened—neither the green nor the red blinked on, to settle the argument, nor make possible a bet pay-off. What did they do—call it off; no indeed. They decided on settling for the next traffic light. The green won. Or did it—it seems that an officer was parked nearby, and the boys took advantage of the green. After the lecture, they decided abjectedly, to call bets off, and headed for the nearest hot dog stand for a nerve bracer—a cooke.

The sudden formation of that lake on the highway 3 miles west of Sudan last week, after the heavy rains

pretty picture. Practically every seat in the auditorium was occupied and some were standing, but the threatening weather of the evening, had a part in keeping many away, who had planned to attend.

The stage, in its new fittings, was attractive, and provided a pretty background with other decorations held to a minimum, to make more impressive the solemnity of the occasion.

Buses were waiting outside the school building, to convey the class with their sponsors to New Braunfels, Austin and San Antonio, for the annual class trip, and after changing from cap and gown to traveling clothing, the group boarded the buses to leave on their trip at 11:00 p. m., from which they are scheduled to return shortly after midnight, Friday morning.

This paper would be almost in duty, certainly it would be failing to give public recognition credit, where such credit is so justified and due, to a student of Littlefield High School whose efforts, would be overlooked or made known to many. We wish Donald Tiers who with pen in hand has produced some almost sketch and art work for the school year, climaxed by a standing art work portrayed throughout the 1949 high school annual, delivered to students from the past last week. This young man, with no training or instruction, a gifted art hand, and if he follows this work as a career, to have a glorious chance to go on in an advertising-minded world more and more, art work is playing prominent part.

Oil Mill, VFW Win Softball Openers

Large crowds gathered at the grounds to witness the opening of the City Softball league season Tuesday evening. Only one game was played Monday as the team failed to report for their game against Amherst. In the first Monday evening the WOW topped Cal Harvey's squad. Tuesday evening in the 8:00 o'clock game the Veterans of Foreign Wars settled the issue in five innings by defeating Maytag Sales and 16-4. League rules adopted week ago hold that if a team is unable to show up at the end of the game the game is automatically an end.

The second game Tuesday evening the Oil Mill banged out nine in the first half of the first inning and continued to score every inning until the end of the fifth in the game ended with the F.F.A. the short end of a 24-7 score. Games scheduled for Friday night have been cancelled because of the key ball game. The two games scheduled for that night will be Wednesday evening next week.

Other games scheduled the coming week are:
 Friday, May 19th—
 Earth vs. Maytag.
 Saturday, May 20th—
 Cal Harvey vs. Amherst.
 Sunday, May 21st—
 Cancelled.
 Monday, May 24—
 Earth vs. Oil Mill.
 Tuesday, May 25—
 F.F.A. vs. W.O.W.

GRADY BEVELL OPENING FRUITS and VEGETABLE STAND ON HIGHWAY 84

I am building a fruits and vegetable stand one block west of water tower on the Littlefield-Clovis Highway, and will be there with a load of fresh vegetables from the Valley Friday morning. If solicit your business, and at this time I extend a special invitation to all my customers to come to see me.

GRADY BEVELL

This Donkey business is getting to be quite an institution in Littlefield. In fact, there will be a whole flock of donkeys in Littlefield Friday and Saturday night. (We mean four-footed donkeys; no offense to visitors intended).

Coming down to earth and giving you the straight dope, there will be a donkey basketball game at the Littlefield rodeo arena at 8 p. m. Friday, and Saturday night, same time, same place, there will be a donkey softball game. In these encounters the players ride donkeys, if they can stay on.

The Muleshoe players will contest a team made up of Littlefield Jaycees in the basketball game Friday night. Levelland Jaycees will oppose the locals in the softball game Saturday night.

Pete Owens, sports chairman for the Littlefield Jaycees, is chief pilot for the Friday and Saturday night games. Aiding Pete are Roy Hudson, D. L. Whitson and Melvin Dunagin, members of the sports committee.

No official announcement has been made, but it is understood that "Forgetful," the Littlefield Jaycee donkey, will be official host to the visiting donkeys.

This week he is occupying the rear lawn at the L. H. Adams home at 414 East Fifteenth street. L. H. was a little irregular in attendance at Jaycee meetings, so he has the Jaycee donkey to feed and water this week.

"Forgetful" would be OK if the dogs would leave him to his meditations. This week he has been deep in his plans for being host to the visiting donkeys Friday and Saturday.

Hart Camp News

The attendance at the Baptist Church was small last Sunday morning for Sunday School and there was no preaching service at all due to the attendance of nearly all members at the Baccalaureate services held at the school house at Spade. Several young people of the Hart Camp area are members of the Spade Senior class that is to graduate this year. They are Ruth Kelsey, Jr. Nicholas, and Carl Timmins. All were present Sunday morning at the Spade services.

Mr. L. W. Sullivan, Reverend Charles Vanlandingham, Mrs. C. E. Timmins, Peggy Timmins, Jerolyn Sue Timmins, Larry Timmins and

myself were present at the East Zone meeting held at the Rocky Ford Baptist church last Sunday. There was a very interesting service, talks being brought by members of the different churches in this zone.

Eighth Grade Graduation
 "Onward and Upward" was the motto of the eighth grade, of the Hart Camp grade school, when they graduated last Thursday night. Due to the ever present rainfall and nearly impassable roads, the valedictorian, Mike Stevens, and another member of the class, were not present. Charles Timmins read the valedictory speech, in place of Mike.

The program started with the professional, the music being played by Mrs. L. E. Ball, the students marched upon the stage, formed a semi-circle, and stood with heads bowed while Rev. Wiley, from Spade, gave the invocation. Carol May started the program with the salutatory. Leon Moore gave some ideas on the future, this was followed by the last will and testament, read by James Ball. Lorraine Morris recited a poem and the Valedictory was the last part of students' participation. Following the poem, Rev. Wiley made the address. Diplomas were handed out by Mr. E. M. Bidy, the school superintendent. Go to Amarillo

Grass Now Peeps Up On Grammar School Grounds

Perserverance and patience may not always receive a reward, but one persistent practice of both virtues, has one of the best chances for success this spring, despite the fact that all of the predecessor attempts have been failures. Countless times in years past, school board officials, have made a resolved and determined effort and try, at getting a lawn or grass started on the Grammar School grounds fronting on both First and Westside Avenues. It has never succeeded, a combination of too many feet, too much sand blowing, too little moisture, and (or) what have you, have reduced the effect of the lawning almost to zero, beyond maybe a levelled off surface.

A few weeks ago, a new try was made, and for awhile it looked like the same old story. Then came the rains, not only to keep the ground wet, but to keep many feet off it, due to the mud. Result, the green is showing, and school ended yesterday. When school opens next fall, maybe after years of trying, students will face some new restrictions, and see some new signs—keep off the grass.

class Salutatorian, and of being chosen to deliver the annual Salutatorian address at commencement Friday evening.

She maintained a four-year average grade of 94.7. She is highly popular in her class, and in addition to serving as a member of the student council, has been active in both the Y-Teen and F. H. A. groups.

Early this year she was united in marriage with Bernie Vidler, having all through high school planned her career as a home-maker. She is, like the class Valedictorian, 16 years of age, and is a daughter of Mr. and Mrs. Jim Emmons.

DORETTA WILSON

Honorable mention must be given to Miss Doretta Wilson, aged 16, for attaining the honor of being third place member of her class, having missed being Class Salutatorian by only 2 points. She made a four-year-average of 94.5.

Among her school activities was membership in Girls' Chorus, Y-Teens, Pep Squad, F. H. A., as well as serving the past year as editor of the school publication, "Skat", and a member of the cast presenting the senior play.

She will attend Hardin-Simmons College, enrolling this fall, to major in English, and plans a teaching career. She is a daughter of Mr. and Mrs. C. G. Wilson.

Rotarians, Lions To Sponsor Cleanup

Local Rotary and Lions clubs will sponsor a city cleanup with the cooperation of the City of Littlefield.

In view of the heavy rains, and excessive vegetation, it has been decided by the Rotarians and Lions to sponsor a general cleanup of the city.

The plan is to divide the city into two zones; the Lions to be responsible for the cleaning of one section and the Rotarians the remaining section. At the close of the campaign, a group of independent men will judge which section is the cleanest, and the loser in the campaign will entertain the winners at a barbecue.

At the regular business meeting of the Rotarians Thursday, a committee was appointed to direct the cleanup in behalf of the Rotary Club, with Charles Duval, chairman, Ray Hulse and I. D. Onstead were named as other members of the committee.

At a meeting of the Lions club Wednesday noon at the Legion Hut, a committee, consisting of Ralph Douglas, chairman, and Edwin Mat-

BULL LAKE PHILOSOPHER LEARNS METHOD TO STOP EROSION WITHOUT AID OF EXPERTS—HE JUST STOPS PLOWING

EDITOR'S NOTE: The Philosopher on his Johnson grass farm on Bull Lake, if you ask us, is merely hunting an excuse to loaf, his letter this week reveals, but we're publishing it for what it's worth.

Dear editor:

For years and years I've been listenin' to people tell farmers how to conserve their land, and accordin' to the city advisers it's easy, all you have to do is terrace your land and do a few other simple things which they make sound about like sendin' your suit to the cleaners and sit back and grow prosperous, but it don't work that way. Buildin' a terrace is hard work, re-buildin' it after it washes out is harder, and gettin' the money to do it with is harder'n that.

However, I believe in savin' the soil, and I have a method that will

do it, without technical advice from the experts, without no Washington bulletin, without no appropriations, without even calling up the county agent.

Just stop plowin'. Plowin' is what causes erosion. Didn't have no erosion to speak of when the Indians and the buffaloes was in control of this country. Leave the ground alone and it'll stay where it is. It took me a long time to discover this fact, for years I plowed my land without knowin' it was helpin' it wear away, although I knew all along somethin' was wearin' me away and wasn't no doubt in my mind it was plowin'.

As I see it, if a man's gonna lose money farmin' anyway, he might as well lose it and be a conservationist at the same time. It's easier and you can do it from the front porch. The thought of me out there goin' up one row and down another helpin' deplete this nation's greatest resource was too much for a thinkin' man, a man who has some consideration for future generations, and I quit. Left my plow where it broke

down last, sold my mules for five dollars apiece, and turned my land into pasture, which is the easiest operation I ever undertook, all I had to do was leave it alone.

Now I ain't recommendin' every farmer ought to follow my example, some of 'em seem to enjoy plowin' and I believe in free enterprise and lettin' a man do what he pleases, but as for me I have decided to practice soil conservation a hundred percent for a while. May slow down my income, but it sure does cut off my overhead. The next time somebody tells you I'm lazy, will appreciate you pointin' out I'm in the vanguard of progress, savin' my land for future generations.

Yours faithfully, J. A.

54 COTTON PLANTING SEED NOW AVAILABLE

The NEW paymaster "54" is now available for the 1949 planting season—ready for farmers who want more profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is tested and proved for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton...

- EARLY MATURITY Of 25 varieties tested recently... "54" was first in percentage of crop harvested in a four-month period. HIGH YIELD In this same test, "54" was third among all varieties in yield per acre. BETTER STAPLE "54" ran 15/16" to 1 inch throughout West Texas, assuring a better price. TESTED FOR DRY LAND "54" has been proved successful for dry land farming as well as for irrigated Plains areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54"; order your supply of the improved, state-registered "54" NOW.

Fieldton Baptist Church To Be Dedicated Sunday

The growing, prosperous Fieldton community, about 12 miles north and east of Littlefield, and the approximate 150 members of Fieldton's First Baptist Church, will celebrate an auspicious event next Sunday, in an all-day Formal Dedication of their new church home, and a homecoming in connection therewith, for the entire community, their relatives and friends, and those who formerly lived and now return for a day to renew their friendships and allegiances.

Rev. Swanner to Deliver Sermon
Rev. F. E. Swanner, of Plainview,

9th District Missionary President for Texas, has accepted an invitation to deliver the dedication sermon.

The day will open with Sunday School at the regular 10:00 o'clock morning hour, followed by the regular morning church service at 11:00 o'clock.

Dinner On Grounds

At noon, following church services a big picnic dinner will be spread up the church grounds, to which all are also invited. This will be followed by a social hour, and then

the formal dedication service at mid-afternoon.

The new church building was completed late last year, and has been in use all of this year, but the dedication has been held-up pending the arrival of some of the fixtures. Three hundred cushioned opera type chairs have been provided, among other things. A beautiful hand painting of the River Jordan is beautifully hung in the Baptistry. It is the handiwork, and a gift from Mrs. Bub Stewart, a member of the church, which gift was accepted by the church, in a special service some months ago.

Rev. Wainscott Pastor

Rev. C. E. Wainscott is resident pastor of the church, having come to Fieldton about three years ago from Buckeye, New Mexico. His wife is his able assistant, and they have two daughters, Mrs. T. E. Pettiet of Littlefield, and Mrs. J. W. Lacey of Odessa. The church is proud of a choir of twenty voices. Forest Anderson is song leader, and Mrs. Garner, pianist. Clint Wright is the Sunday School superintendent.

Not only is all of Fieldton making plans for attending the dedication services. From Littlefield, and from all of the surrounding towns, and Baptist churches, will come dozens of friends, of well-wishers and supporters of the new church, to join in a Dedication Day prayer for its growth and success in the fine community which it serves.

Social Security Representative to Be Here May 25

Elliott W. Adams, Social Security Administration Representative, will be in Littlefield at the Post Office at 10:30 a. m. on May 25, 1949 for the purpose of answering any questions you may have on social security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for social security account number cards.

When a veteran of World War II dies within 3 years after his discharge, social security benefits may be paid, if certain requirements are met, even if the deceased had never worked in social security employment.

Walther League Elects Officers

The Walther League, Emmanuel Lutheran's 417 W. 3rd young people's society, put the finishing touches to their newly laid volleyball court last Monday afternoon. Present to help lay off and then also level the court were the Synatschk brothers of Afton, Clarence and Walter, Gene Birkelbach and Ivan Ogerly. Some evenings will be devoted to playing volleyball as soon as lights are put up. This court will not only enable the Walther League members and their friends to find hours of pleasant pastime but it will also help them to get ready for a volleyball tournament which will be held in Wilson on the 29th of May.

At the last business meeting of the Walther League which was held on the evening of May 11th, a new set of officers were chosen to guide the activities of the group for the next twelve months. Ivan Ogerly succeeded Clarence Birkelbach as president; Mary Helen Hill replaced Betty Jean Timian as secretary; Martha Neuenschwander relinquished her position as treasurer to Virginia Wuthrich; Arthur Gohlke became the new Christ Growth chairman in place of Herbert Synatschk. The league's publication, "The Mirror," now has an editor Hubert Gohlke, as assistant editor, Martha Neuenschwander, and as circulation manager Eugene Hill.

On May 22nd the Walther League of Painview, Lubbock, Wilson, Spartenberg and Littlefield will gather in Lubbock's Hilton Hotel to remember the 56th anniversary of the founding of the Walther League, so named in honor of the church father, Dr. C. F. Walther. The details of the program for this event are in the hands of the local society. Hubert Gohlke is general chairman, assisted by M. Neuenschwander and Mrs. H. A. Heckmann.

REDUCES HAND HOEING

Quoting Mr. D. L. Jones, superintendent, Texas A & M Experiment Station, Lubbock: "At present, this is practically the only tool that will control weeds in the drill row before close sweep cultivation is possible."

Here are some advantages of the rotary hoe:

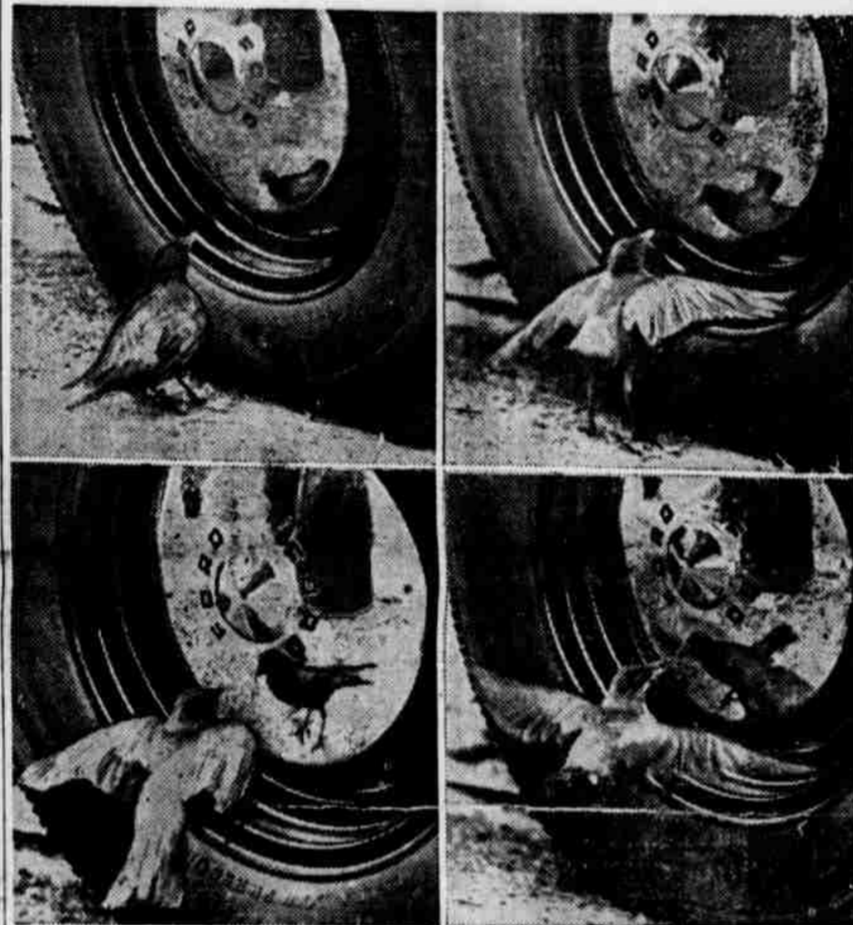

- 1. Uproots weed seedlings in the row; allows topsoil to dry, preventing further weed growth.
- 2. Works best at high tractor speeds, without damage to cotton or corn plants—up to 60 acres per day.
- 3. Definitely stimulates young crops.
- 4. Breaks soil crust, helping crops to come up.

Allis-Chalmers rotary hoes are front-mounted, where you can watch them easily without turning your head. You can keep the teeth exactly on the row, getting rid of the weeds that cause the most trouble. See us right away about an Allis-Chalmers Rotary Hoe for your farm.

A VERY COCKY COCK ROBIN . . . Here's a robin so belligerent he fights with himself. In the upper left photo, the bird wearing a red tuxedo shirt imbibed too freely of the spring air and in the state of seasonal intoxication, squared off to fight with his own reflection as seen in an automobile hub cap. The other pictures show the battle as it waged to and fro. The little fellow refused to give up and so the owner of the car moved it before the bird could kill itself.

LITTLE COLONIALS . . . Ann Cole Kernodle, 3, and her brother John Robert Kernodle, Jr., of Burlington, N.C., were among the flower bearers to the president general at the opening of the 58th congress of the DAR.

SOCIAL EVENTS

Scholarship Awarded At Woman's Club May Breakfast Saturday Morning

Woman's Club members and several guests enjoyed one of the most delightful gatherings of the year, when they assembled at the Methodist Church Saturday morning, at 9:30 o'clock for the annual club May breakfast.

The tables were laid with linen cloths, and centered with red roses in silver bowls. Places were marked with corsages of red roses tied with white ribbon.

Mrs. Stone Gives Invocation
Mrs. C. O. Stone, retiring president of the club, gave the invocation. Mrs. Pat Boone gave the welcome, and asked members to introduce their guests.

Scholarship Awarded
Mrs. J. S. Fikes, in behalf of the club presented Miss Imogene Roberts, with a fifty-dollar scholarship award.

The breakfast menu consisted of grapefruit juice, fried grits, marmalade, hot rolls and butter and coffee.

After the breakfast under the direction of Mrs. Pat Boone, with script written by Mrs. W. D. T. Storey, and music furnished by Miss Carra Lou Stone, the following program representing different eras was presented: The first period was the Indian pe-

riod, represented by Mrs. Ernest Connell, dressed in Indian costume, and "The Indian Love Call" was played.

Miss Connie Wray Hopping, dressed as a cowgirl represented the second period, and a history of the ranching country was read by Mrs. Storey, and Miss Hopping sang "Home on the Range."

The third scene was a playlet by Mrs. David Keithley, representing Mrs. C. E. Cooper, the first president of the Woman's Club, which was organized in 1913. Mrs. Alvin Webb represented Mrs. W. G. Street, a charter member of the club. Mrs. Storey made the statement that other than the two named charter members, that Mrs. A. P. Duggan, Sr., are the only charter members on the club roster. There were eight charter members, and the others were the late Mrs. Lena Howard, and Mrs. Tom Arnett, Mrs. Bowman, Mrs. T. F. Wright, and Mrs. Hall.

Other scenes were given representing club programs that have been presented through the years. One of the early programs given, represented women of the Bible, with Mrs. W. G. Street representing Mary the Mother of Jesus. On the program given Saturday, Mrs. J. S. Fikes represented this character and she carried little Rebecca Shaw, daughter of Mr. and Mrs. Ed Shaw. Mrs. C. E. Cooper represented Salome, and Mrs. Ralph Douglas took this character and "carried the head" of John the Baptist on a tray.

Gypsy Scene Featured
Another of the early programs was a gypsy scene when the club sold chili, for 15 cents a bowl to the cowboys. Mrs. A. P. Duggan, Jr., represented the gypsy and she gave a dance number.

A program presented at club February 19, 1919, when Mrs. C. E. Cooper wrote the program in poetry form, which later became known as the "deaf and dumb" show the club put on. It was a scene with a "handsome young bachelor cowboy," Pat Boone and a "lovely young girl," Miss Flora Beset Hopping, taking a part. Saturday morning Mrs. Ruth (Griffin) Shaw played the part of Pat Boone, and Mrs. J. S. Fikes played Mrs. Boone's part.

In the early days, the club sponsored an annual baby show. Billy June Chesher won the first baby contest. On the program Mrs. C. O. Griffin proudly presented her little granddaughter, Rebecca Shaw, dressed in blue and white—and needless to say, she really stole the show Saturday morning.

Past club presidents were honored when a chorus composed of Mesdames A. P. Duggan, Sr., Allen Hodges, C. E. Payne and I. T. Shotwell, Jr., gave a dance number, as Mrs. E. J. Packwood sang "Pretty Baby 'O Mine."

In behalf of the club members, Mrs. Boone presented a gift to Miss Lula Hubbard, for the fine service she has rendered the club in serving as librarian of the library, sponsored by the club.

The final number was dedicated to the president, Mrs. Stone, and the incoming officers and club members, when the same chorus rendered a song

Attend South Plains Meeting At Lubbock

Drs. Ira Woods, Bill Armistead and J. Davis Armistead attended a meeting of the South Plains Optometric Society, which was held in Lubbock last Thursday evening.

Dr. Agnes True, professor of Psychology at Texas Tech, was guest speaker of the evening. She told of an experiment, made by Dr. Myrtle B. McGraw of the Neurological department of Columbia Medical School, in which identical twins were the subjects, one being trained in the acts of walking, swimming, and climbing, the other not being trained. The trained and untrained twins learned the skills at almost the same age but the trained twin developed much more assurance and much more ease and agility. The training of both twins was stopped at the age of two years but the twin who had been left in his crib and given no exercise continued to be more careful and fearful than his brother who received daily exercise and who was fearless and ready to tackle almost anything. In the end the two children accomplished much the same thing but with great difference in speed and ease. A film, "Johnny and Jimmy", showed the actual experiment.

TO BE INSTALLED IN FRATERNITY

Included in the 28 art students and graduates of Eastern New Mexico College, Portales, N. M., who will be installed soon as charter members of the Kappa Po national fraternity, are Dot Ann Hogan of Morton, Texas, and Chester Toney, Littlefield. Date for the installation has not been set. The chapter on the campus will be known as the Alpha Alpha Omocron.

and dance number, "Easter Parade".

Club House To Be Built

Mrs. Stone briefly outlined the club project for next year, which will be a club house to be built on a site given the club by J. T. Elms.

New officers installed by Mrs. Boone were President, Mrs. S. E. Ayres, Jr.; Mrs. Allen Hodges, 1st vice-president; Mrs. Jack Christian, second vice-president; Mrs. K. Houk, recording secretary; Mrs. J. H. Lee, federation secretary; Mrs. Jed Clarida, treasurer; Mrs. Frank Rogers, parliamentarian; Mrs. A. P. Duggan, Jr., reporter. Others installed included chairmen of various departments, including, Mrs. A. B. Brown, of literary department, Mrs. Jed Clarida, chairman of art department, and Mrs. Harry Williams, chairman of Garden department.

Mrs. Ayres Addresses Group

An acceptance speech was given by the newly installed president, Mrs. E. E. Ayres, Jr., and in this talk she expressed great interest in having the music club re-organized. Mrs. C. E. Payne briefly spoke in the interest of that department.

Mrs. Boone gave the benediction. The club will recess for the summer months, and the first meeting of the new year will be held in the early part of September.

Sorosis Class Entertains Seniors At Breakfast

Members of the Senior Class of high school were delightfully entertained, when the Sorosis Class of the Methodist Church entertained with a breakfast, held in the dining room of the church Friday morning, May 13th. The "Unlucky" theme was cleverly carried out. As the guests arrived they were directed to walk under a ladder, where a huge black cat was perched directly in front.

Table decorations were bowls of spring cut flowers. Napkins bearing the inscription, "Good luck to you", was placed at each plate. The menu consisted of orange juice, blueberry muffins, ham and coffee.

A unique Friday the 13th program was carried out. After the invocation, breakfast was served, followed by the program, with Gene Blackwell acting as master of ceremonies. Others having a part were E. U. Bussanmas, school principal, and Miss Joyce Carraway, Jiggs Walker, George Kirk, and Ernest Mills. Group singing concluded the program.

Faculty members attending were Mr. Bussanmas, and Mrs. Charles H. Pharris and Mary Ruff.

Miss Mary Alice Foster and J. K. Milam To Wed

Mr. and Mrs. Jack Foster of Way-side, Texas, are announcing the engagement and approaching marriage of their daughter, Miss Mary Alice Foster, to J. K. Milam, Jr., son of Mr. and Mrs. J. K. Milam of Sudan.

The marriage ceremony will take place June 12.

To Attend Meeting At Pasadena, Cal.

Miss LaRue Clark, daughter of Mr. and Mrs. Van Clark, student at Texas University, Austin, will return home about May 25th, to spend the summer holidays with her parents.

Miss Clark plans to leave here about June 25th, for Pasadena, California, where she will attend a convention of Alpha Chi Omega sorority, with headquarters at Hotel Huntington. Miss Clark will board the convention train at Amarillo. Enroute the group will visit Salt Lake City, Sun Valley, Idaho, and other points of interest.

Miss Mayola Wheeler of Dallas, roommate of Miss Clark at the University, is president of the sorority.

Dr. Shotwell To Open Dental Office Here

Dr. James Shotwell, who has been teaching at the University of Tennessee Dental College, and conducting a private practice at Memphis, Tenn., for the past four years, will open up an office in the Payne-Shotwell Building building soon for the practice of dentistry.

A suite of rooms in the front of the building is being redecorated and as soon as completed, new equipment which has already arrived here, will be set up.

The dental suite includes two operating rooms and a laboratory. Dr. Shotwell expects to open his office soon.

MISSING MORTON MAN LOCATED UNHARMED
MORTON, May 6 (Special) — Roy Hickman, Morton resident reported missing since Monday, arrived at the home of a brother, B. B. Hickman, in Rising Star, at 3 p. m. today, Constable Hazel Hancock of Morton reported.
Hickman indicated that he had been in Tulsa, and had not been a victim of foul play as had been feared, Hancock said.
On hearing Hickman's voice over the telephone, Mrs. Roy Hickman fainted and was taken to a hospital.
Hickman had been the object of a widespread search involving state and local police, and even an airplane brought in by Sheriff H. D. Crockett of Cochran county.
It had been feared that Hickman's habit of picking up hitch-hikers had led to foul play, or that he had been robbed, since he was known to carry large sums of money frequently.
