Hornets Upset Muleshoe To Win 15 to 0 Victory Over Capacity Crowd Sees Favorites Outscored On Their Own Gridiron

The Sudan Hornets upset the highly favored Muleshoe Mules 15 to 0 in a district 4A North Half conference game Friday night.

The game was played on the Mules' home ground before an over-capacity crowd of eager spectators. Sudan received the opening kickoff but couldn't

make much gain against the heavy Mules and was forced to punt.

Muleshoe received the punt on their own 30-yard line and made three first downs before also being forced to punt. It was a good punt off the toe of Bobby Goss that went out on Sudan's two-yard line.

First Quarter Seesaw Affair

The game was a seesaw affair the first quarter, with Muleshoe outplaying the Hornets on the ground and also in the air. Muleshoe completed some good pass plays and was moving towards the Sudan goal as the half ended. The Mules were on the Hornets' 17-yard line when the whistle sounded ending the first half.

Sudan kicked off to Muleshoe. The kick was fumbled and the Mules were able to recover it on their own two-yard line. On the first play from scrimmage, Bobby Goss attempted a quick kick and it was blocked by the hard charging Sudan line. The ball rolled back out of the end zone to give Sudan an automatic two-point safety.

Sudan took Muleshoe's free kick and moved it back down field to the Mules' four-yard line in six plays. The Mules held for three downs, but on the fourth down try, Ross Hammock, 195-pound fullback, smashed over left guard to score and send Sudan in the lead, 8-0. The extra point attempted was not successful.

Muleshoe tried to come back, but the Hornets' line stiffened and held the Mules for short gains. They did manage to make some good gains on passing plays with Goss on the receiving end of most of them.

Early in the fourth quarter, when Muleshoe had their back to their own goal line, another one of Goss' punts was blocked. The ball went into the air and alert Jack Crouch caught the ball on the five-yard line and raced over for another Sudan score. Don Whitmire scored the extra point and that ended the scoring with Sudan out in front of a 15 to 0 score.

Muleshoe made 13 first downs to six for Sudan and gained 194 yards rushing; 125 for the Hornets. Bob Goss' punting which is usually outstanding, seemed to backfire to give Sudan the spark of fire at the time when they really needed it.

Olton Gains Win Over Springlake

The Olton Mustangs squeezed by the Springlake Wolverines, 19-13, with a last-quarter touchdown in a District 3-B game played Friday night at Memorial field in Olton before 2,000 spectators.

A chilly south wind swept the field, made muddy and slick by afternoon rains as the charges of Coach T. M. Cox roared back in the final frame to erase a one-point lead held by the Wolverines, coached by Grady Baker.

The Mustangs picked up 10 first downs in the fray, compared to nine for Springlake. Olton was penalized five times for 35 yards, while the Wolverines were fined once for five yards.

Outstanding players for the losing Wolverines were backs J. J. Barlow and Junior Smith. For Olton in the line were Joe Hall, Max LaDuke, Carl Powell and Jackie Lee, all guards, carrying the load. In the backfield for the Mustangs standouts were Jimmie Millsap, quarterback, and Gerald Alcorn, halfback.

Olton opened the game with a bang as Huck Nichols went through center for 56 yards and a score on the first play from scrimmage.

Springlake came back in the second quarter to tie up when Smith went 20 yards through center for six points. In the same period, the Mustangs again took the lead with a 51-yard pass-and-run play, Nichols to Don Franks.

In the third quarter, Springlake tied it up and went ahead with the conversion point. Smith skirted left end and went for 12 yards to score. The extra point came on a pass from Smith to Barlow.

In the fourth quarter, Millsap, on a quarterback sneak on fourth down, went two yards for the winning counter. Millsap passed to Franks for the extra point to end the scoring.

Locals To Go Into Game Handicapped Because Of Injuries To Three Men

The Littlefield Wildcats, after a week will take on the Brownfield Cubs at Seely Friday night at 8 p. m.

Brownfield has yet to win a game this year will be all out to drop the Cats again this year.

Pickin' 'em

By JIMMIE CHAPMAN

Last week's three missed guesses out of nine dropped our percentage a little but we still have a good standing with a total of 22 right out of 27 predictions.

Well, enough of that; let's get on with this week's pickings.

LITTLEFIELD over BROWNFIELD.—Brownfield has four straight losses this season while the Cats have three wins out of four games played. Those Cats will be out to avenge the loss to the Cubs last year.

LEVELLAND over MORTON.—The Lobos are after another conference win. It will put them in the lead, though maybe for just one week.

MULESHOE over SEAGRAVES.—The Mules will take the Eagles into camp with ease. They still have a good ball team and lost to Sudan on a few bad breaks last week.

SUDAN over CANYON.—Those Hornets caught fire last week after three losses and have one of the best teams in the district. Canyon hasn't got enough to stop them.

POST over O'DONNELL.—Bingham's Antelopes will be after their second conference win and O'Donnell hasn't scored all year. Last week they lost 21 to 0 to Class B Meadow.

HALE CENTER over SPADE.—The Owls have another good team this year. Last week they upset the favored Farwell Steers. The Spade team hasn't got the experience to keep up with them.

OLTON over WHITHARRAL.—The Mustangs have a breather this week.

FRIONA over AMHERST.—Coach Shavor's Bulldogs haven't showed much this year. The Chiefs will be in front all the way.

DIMMITT over FARWELL.—The Bobcats get their real test Friday night when they take on the Steers, but they should come through with winning colors.

SPRINGLAKE over ANTON.—This is another one of those coin flipping games. We're sticking with Coach Grady Baker's Wolverines. J. J. Barlow is one of the best quarterbacks in this part of the state, Class B or come what may.

Local Players In

The two weeks' layoff Fikes' crew, not only is but also in morale. Chalkew, tailback, sprained on the last play of practice Thursday and is not expected to see some action on defense. Renfro, fullback and tailback, has a bruised knee and is expected to see only defensive action. Hopping, center, has a stomach, but is scheduled to start.

Starting lineup is as follows: (Changes will be made on whether Littlefield or receives).

Right Guard
Center
Left Guard
Left Tackle, Jerry Cotten
Left End
Quarterback

Miss LeMoyne Giles Is Wed To Landon L. Grissom Sunday

The marriage of Miss LeMoyne Giles, daughter of Mr. and Mrs. John I. Giles, Sinton, to Landon L. Grissom, son of Mr. and Mrs. L. C. Grissom, of Littlefield, took place Sunday morning at 9 o'clock, October 2nd, at the home of the bride's parents.

A trio composed of Mrs. L. L. Warr, Mrs. J. E. Holbrook, and Miss Jo Giles, sang, "I Love You Truly", preceding the wedding ceremony. A traditional wedding march was played as the wedding party entered. O. J. Russell, minister of Sinton Church of Christ, read the ceremony before an improvised altar, decorated with tall baskets of white gladioluses.

Bride's Attendants
Miss Virginia Shilling of Sinton, student at Texas University, Austin, was bridesmaid. She wore a street-length gown of pink sheer, and her corsage was of white carnations.

Kenneth Ware of Littlefield and Kerrville acted as best man. An aunt of the bride, Mrs. Martha Cox of Taft, presided at guest book.

Given by Brother-in-Law
The bride, given in marriage by her brother-in-law, Henry G. Gore of Refugio, wore a navy sheer gown. Her accessories were of a dusty rose shade, and she wore an orchid corsage.

The bride's mother wore a grey satin dress and her corsage was of white carnations.

At the reception, immediately following the wedding ceremony, the three-tiered cake was topped by a miniature bride and groom. The table was laid with a beautiful lace cloth and decorated with white gladioluses. The coffee was served from a silver service, and Mrs. P. W. McKenzie of Hemstead served the cake. After the reception, Mr. and Mrs.

Grissom left on a trip to New Orleans. They are expected to return to Littlefield the latter part of next week, and they will be at home in the Simmons apartments on West Third street.

The bride is well known here, having visited in the home of her sister and brother-in-law, Mr. and Mrs. George L. White, on the Levelland highway, several weeks the past summer. She graduated from Sinton high school with the class of '48 and last year she was a freshman at Texas University where she was elected and served as a major-ette in the Texas Longhorn band.

The groom is well known here. He is a graduate of the local high school with the class of '46, and he has attended Texas Tech, Lubbock, the past three years. He is now engaged in farming.

Due to the serious illness of the bride's father, the elaborate wedding that had previously been planned could not take place, and a more simple and smaller wedding was held. Therefore, the groom's parents, and the bride's sister and family, all of Littlefield, were not in attendance.

Those attending the ceremony from out of town, included Mr. and Mrs. George Bradley and Mr. and Mrs. Malcolm Moore, Corpus Christi, and Galen Anderson and Louis Pierce Jr, students at the university, Austin.

Littlefield, Brownfield, Austin, and Earth were represented.

The meeting was closed at 4:00 o'clock. Refreshments were served following the close of the meeting by the Brownfield ladies.

Formerly Lived Southwest of Littlefield

Burnett Herman Dolle, 14, son of Mrs. Rose Dolle of Hobbs, formerly of Littlefield, passed away about 8:10 p. m. Friday night at the Hobbs, N. M., hospital, as a result of head injuries sustained about forty minutes earlier when the car in which he was riding with his brother Clarence, aged 20, and sister Kathleen, 8 years old, was in collision with an automobile occupied by several colored people and parked at the side of the highway. The accident happened about two miles north of Hobbs on the Denver City highway.

Former Residents of this area
 The Dolle family had been residents of this area, having farmed south of this city. They moved to Morton, and later to Hobbs in February last, where they were also carrying on farming operations. At the time of the accident the two youths and their sister were going into Hobbs.

Brother and Sister Slightly Injured
 Clarence Dolle also received fractured ribs, knee injury and cuts on his head. He was rendered first aid treatment at the hospital and released. His sister also suffered from shock and scratches and was admitted to the Hobbs hospital, where she remained until Saturday.

Mother in Hospital
 At the time of the tragedy their mother, Mrs. Rose Dolle, was a patient in the Morton hospital, having undergone surgery Friday morning.

Funeral services for the youth were conducted at the Sacred Heart church here Monday morning at 10 o'clock, with Rev. Father F. M. Higgins officiating.

The Panhandle area, composed of 44 counties, is designated as District One of the Texas Library association. Miss Irene Mason, executive secretary and librarian of the Arkansas State Library commission who is a very outstanding worker in library service, will be the out-of-state guest speaker, and Mrs. Robert H. Plan To Erect Addition to Sudan Legion Hut

A movement is underway by the Sudan Chapter of the American Legion to stage a scrap lumber drive in an effort to secure enough materials to construct a small annex to the present legion hut for the purpose of providing members a suitable place to hold winter meetings. The present hut, which is constructed of aluminum, is very difficult to heat, and members contend it is too cold through the winter months to be of use for the meetings. Legionnaires have volunteered to do the construction work. Any Sudan resident who has a piece of scrap lumber in or around his home, from one shingle to a 12x12, who would like to contribute it to the drive, is invited to call the Sudan News office, and some Legionnaire will drop by and pick it up.

Each teacher gave some vital information about their classes and welcomed new pupils to their classes. Mrs. Bourlow explained the Parish education emphasis which is observed by the nation-wide American Lutheran church. October 12 Set As Farm Ownership Achievement Day At State Fair

October 12th has been designated as Farm Ownership Achievement Day at the State Fair of Texas.

More than three hundred Texas farmers who have mixed good farming practices and hard work to pay off their Farmers Home Administration tenant purchase loans more than thirty years before due will be awarded certificates of achievement at ceremonies in the Fair Park auditorium at 2:00 p. m. on October 12, County Supervisor John Barbee announced this week. This is an annual affair designed to honor tenant farmers who repay their loans and become full fledged home owners during the year through the use of FHA loan funds.

Due to the fact that crops haven't been harvested in this area and repayments made for the year it will be impossible to announce the names of Lamb county farmers eligible for such awards at this time. Lamb county farmers who were honored last year were:

Rufus G. DeBerry, Charlie V. Glover, James W. Gosden, Burnie L. Wheeler, Arthur B. Miller, Orville Steffey, James M. Crawford, Grover C. Bearden.

Farm folk from every corner of the state will be present for the occasion which has a deep meaning for tenant farmers who have struggled long and hard to become home owners.

Barbee stated that he will be at the entrance to the Fair at Park auditorium at 1:30 p. m. to meet and attend the ceremonies with the Lamb county delegation of farmers who are interested in the affair. Any farmer who has been financed in any way by the Littlefield office of the FHA should find it worth while to take part in this celebration if they plan to take in the fair this fall.

One of the features of the achievement day will be an address by Judge Marvin Jones who, as Congressman from the North Plains district, was co-author of the Bankhead-Jones Farm Tenant Act which made it possible for de-

our shiny new automobile—with prices averaging about \$2,064—to get you a whale of a lot of mileage to justify its cost.
 Winter wear is the worst bait-catcher. It can strip your car of plenty of service . . . Unless you OIL-PLATE it!
 1. Oil-Plating—a feature of patented Conoco Nth Motor Oil—performs a wear-preventing miracle by fastening a shield of special lubricant to working parts. OIL-PLATING can't all drain down—even overnight!
 2. Always on Guard! Even when the fine lubricating oil itself isn't covering a part, OIL-PLATING is! It protects your engine against grinding "dry-friction" starts . . . from corrosive combustion acids . . . from sludge and carbon caused by wear.
 3. Watch Out for Winter! The frigid months are the most dangerous months for these car-killers. New and older cars both urgently need Conoco Nth. Don't wait . . . drive yours in today and armor it against winter with Conoco Nth.

BULL LAKE PHILOSOPHER DECIDES INTERNATIONAL PROBLEMS CAN WAIT, HE'S GOING TO ENJOY THE WEATHER

Editor's note: The Philosopher on his Johnson Grass farm on Bull Lake is in a mellow mood this week, but not an ambitious one, his letter reveals.

Dear editor:

I know there are lots of things needin discussin this week, for example Russia is rumored to have the atomic bomb, England is in financial trouble again, or I ought to say still as I can't recall a time durin my lifetime when England wasn't passin through some sort of financial crisis, makes a man believe England ain't no better at hanlin her money than I am, the United States has voted a billion dollars to help arm European countries, hopin they'll stay on our side, another farmer's cow has fallen in a silo, it's gettin too cold to swim the English channel, and so forth.

I would even go into a long discussion of how anybody ought to have known it was impossible to keep Russia from findin out how to make an atomic bomb, we couldn't any more keep the secret from her than we could the secret of the gasoline engine or the step-ladder, in this day and time knowledge between nations ain't any safer than it is between women, you can't develop scientific discoveries in one country and hide em from another, ain't no small group of men gonna be able to guarantee us peace or protect us from our enemies with a gadget, it's gonna take good hard thinkin to do that, and I ain't sure that'll work although you'll find me staying here at my post of duty thinkin while other folks rampage through life tryin to get rich, which I wish I was.

But what I started out to say was that while there are lots of things needin discussin this week, as far as I'm concerned there ain't none more interestin than the fact that winter is on its way out here on Bull Lake. Leaves is beginnin to fall, a little norther already has blown in, my wife has been wavin at the woodbox, the smell of sausage fryin in the mornin is almost enough to make a man get up and break land, but not quite, there's

FARMERS WARNED SWINE FLU SEASON IS NOW HERE

The swine flu season is here, the American Foundation for Animal Health has warned farmers.

Death losses usually are not high, a foundation bulletin said, unless complications develop, but swine owners will find themselves with a sickly, unthrifty herd until the animals recover.

Typical symptoms includes loss of appetite, coughing, labored breathing and a watery discharge from the eyes. Once the symptoms appear in one pig, they spread rapidly through the rest of the herd. A few may die.

Since no vaccine has been discovered the Foundation made these recommendations to protect swine from the disease:

Get rid of old straw stacks and other unsanitary matter around the hog yard; keep hog houses well ventilated; protect the animals from undue exposure to cold and dampness; prevent piling at night. Having swine checked for lung worm, if it is suspected, also is important, because veterinarians have found that these parasites are connected with the spread of the disease.

If, despite the owner's precautions, flu gets into the herd, good care of the animals is essential, the bulletin points out. Because swine in a weakened condition may be easy prey for other diseases.

Wayland Recognized As 4 Year College

Dean R. E. Mendenhall has disclosed a detailed statement that Wayland College is now recognized as a four-year college by the Texas State Department of Education.

He explained that this means all students desiring teachers certificates can be assured of their credits at Wayland. The first four-year class graduated from the college last May.

The Veterans Administration has also recognized Wayland, making it possible for veterans to get their tuition, supplies, and subsistence for all courses offered at Wayland. Through this recognition, 95 veterans are now enrolled in Wayland—a decrease from the 135 who attended last year.

The Southwestern Baptist Theological Seminary accepts Wayland graduates for entrance, while the Texas general Baptist convention has recognized it as an accredited school.

Arthur Duggan Named To Membership On Texas USO Speakers Committee

Arthur Duggan Jr., attorney, of Littlefield, has been named to membership on the Texas USO speakers committee to participate in USO's \$500,000 reactivation campaign in this state, John Ben Shepperd, chairman of the committee, announced.

Mr. Duggan is a member of a panel of well-known Texans who are being enlisted to tell the story of USO all over the state by appearing before luncheon groups and other organizations of their home counties to report on the work of USO.

USO is being reactivated at the request of the President and the secretary of defense to provide the young men and women of our peacetime defense establishment with wholesome recreational and religious facilities and to prepare them for their eventual return to civilian life, Shepperd said.

Texas leaders are seeking to raise \$500,000 in this state toward a national goal of \$10,100,000 for the operation of the familiar USO services both at home and abroad, wherever American men and women in uniform are stationed, Texas alone now has more than 98,000 in the armed forces.

Governor Allan Shivers is general chairman of the campaign in Texas and T. E. Braniff is campaign chairman.

Formally Speaking Fall Fashions Call For A Season Of Luxury, Grandeur, and Excitement

It's a dress-up season for a woman's pleasure. Fall-into-winter is the time of the year when gala, formal occasions present themselves frequently—occasions when women eagerly ally into the simple drama of formal finery.

The luxuriousness of the season has no better reflection than in the cocktail to midnite-supper collections of formal frocks.

Lace, net, taffeta and velvets, dip and swirl above midlady's ankles in the bare-arm, decolletage frocks for the cocktail-into-dinner hour.

Opening night and formal dinner-dancing will find a host of fashions, each more exciting than the other. Evening and formal dresses have wrapped waistlines—drapery, detail and many skirts dip in the back with a hint of a train. Necklines favor the cowl cut, and the well-accepted V-plunge.

Luxury fabrics are discreetly enhanced by sequins and beading—frosted with jewel-like studs—delicately embroidered with braid.

promotion Day Party Presented Thursday Night

Mrs. Viggo Peterson, superintendent of the Junior department of the First Baptist church Sunday school, planned and carried out one of the most unique and interesting promotion day parties to be presented in the Sunday school department on Thursday evening, September 22.

Thirty-two boys and girls were promoted from the department to the intermediate department, but all four grades, including the 4th, 5th and 6th, were invited to the party.

As the children entered the room they bought tickets to enable them to board the make-believe train, paying for them with a Christmas gift for over-seas children. After boarding the "train," the "conductor," Mrs. Peterson, called "all aboard" and the pastor, Rev. Lee Hemphill, gave the invocation. Entertainment on the "train" included piano selections by Bert Howard; community singing, led by Charles Heathman; a reading or a song given by a member from each class; and concluded by "Good-bye from Junior Land," by Mrs. Clifford Jaques.

"Fireman" Henry Banks, superintendent of the Sunday school department, made a brief talk as did "Engineer" Rev. Hemphill. An inspirational talk, "Stop-Look-Listen" was given by Dr. Roy Johnson.

"Tickets" were taken up by Mrs. Peterson and promotion certificates were presented to the graduates.

Sixty-two were present and enjoyed a lovely evening. Adults present other than those mentioned above included: Mesdames Joe Bitner, M. D. Welborn, Roy Holt and Messrs. O. L. Walker Scifries, and A. L. Dunn.

Oma's Beauty Shop Offers New Service—the Dobre Wave

Oma's Beauty Shop of Littlefield is advertising a new service to the residents of this section—a brand new permanent wave service—that of Dobre of Hollywood.

Mrs. Oma Gilder, owner of Oma's Shop, gives the following recommendations for the new service—the Dobre permanent:

It contains no thioglycolic acid or its salts nor any poisonous ingredient.

Has a pleasant fragrance rather than an obnoxious odor during and after completion of the wave.

It is harmless to the normal skin and hair and requires no protective cream or oil on the customer.

It stops breakage and reconditions the hair while waving.

It requires but thirty minutes "waving" or "processing" time.

It leaves the hair sparkling with silky softness—ripples with natural highlights and shadows—delight with clean fragrance, glowing—and wondrously obedient to the brush and comb.

LUTHERAN MEN TO HOLD MEETING

The Men's Club of Emmanuel Lutheran held its first meeting of the fall Friday night, September 30th, at 8 p. m. in the basement of the church. After a short business meeting and a few words by the pastor of Emmanuel Lutheran the evening was devoted to something lighter, games and food.

At this initial meeting, a number of guests were present.

Whatever the Price Class—

"Buick's the Buy"

It's part of every street scene—something you see every day.

Car owners in three different price classes—all happy about the same thing.

One of them drives a new Buick SPECIAL, which you see poking forth its new, bold-look forefront at the left of our picture.

Another will tell you there's nothing like the SUPER's "happy medium" of size and comfort, power and easy handling, style and standing.

And if you're looking for prestige, where is your money going to buy so much as in that handsome 18-footer, the ROADMASTER, with its 150-hp performance and really royal bearing?

But all these good folks get together on this:

There's no ride quite so soft and cushiony as the Buick ride, whatever the size and series. There's no power quite so satisfyingly lively as Buick's high-compression, high-pressure Fireball power.

Above all, there's no "buy" like a Buick—no car that gives you such a rich dollar's worth of smartness, handling, comfort and liveliness for every dollar you pay.

So why not look the whole line over? Your Buick dealer has these grand travel-mates in a baker's dozen of different body types and sizes. Start your shopping in his showroom—and you'll find that even on delivery he has exactly what you want.

BUICK alone has all these features

- 58-amp. DYNAFLOW DRIVE* • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRUREX COIL SPRINGING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS (Dynaflow Models) plus HI-POISED ENGINE MOUNTINGS • Low-pressure tires on SAFETY-RIDE RIMS • Double-Duty VENTIPORTS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER
- *Standard on ROADMASTER, optional on extra cost on SUPER and SPECIAL models.

When better automobiles are built BUICK will build them
