OVER that the cry and hue are out the Alaska situation. They are really a part of the states, and Texas is second state in the Union. It is a good look at what is going on in the best deal for the state.

Why should there be 49 states with Alaska being the largest not 40, 38, 32, 29 or 25?

to us, what with the additional costs of government every day, that some one should come out on a platform of consolidation of states rather than up of states.

There are many instances in smaller states could and should be consolidated state, thereby having on-governor, house, senate.

will only take a few minutes to look at a United States map and can readily see the advantage of this consolidation.

ically, in the northeastern corner of New England area. There is New Hampshire, New York, New Jersey, Connecticut and about three or four states that could be put together and made into one state square mile area, would be larger than New Mexico or California, or many other states.

There is North and South Dakota that could be put together. How about North and South Dakota? See, it could go on.

er, we are sure that such a consolidation would never come about, because just don't want their state to be a part of another state.

There is another problem in each state in that it is county consolidation. The founders of the state began their planning of the state were all many miles from the county seat. As the population grew, they weren't many miles from the county seat. As the population grew, they weren't many miles from the county seat. As the population grew, they weren't many miles from the county seat.

present mode of travel that hardly anyone is minutes from their own state.

ot have a consolidation of states, whereby only about 15 states in Texas. Think of the savings that could be in administrative costs, as other departments. There are 77 counties. If the above plan could be put out, there could easily be eight or ten.

we know this will most likely happen, for I am sure one seeking office will have enough "guts" to advocate a program, and even if the chances are about 1 in 10 that they could be elected.

Tournament Time Near Daily Practice Sessions Keep All-Star Teams Busy

Littlefield Little League and PONY League all stars, getting ready for area tournaments, went into daily practice sessions this week.

The two all star teams are busy preparing for tournaments which open Monday.

The Little League stars will play host to teams from Plainview, Floydada, Muleshoe and Childress in a tourney at the local park.

The PONY stars will travel to Hereford, where they will compete with Pampa, Borger and Hereford for the district title.

Umpires for the local tournament were named this week by League President Howard Horne. The crew is headed by Umpire-In-Chief Jimmie Chapman. His co-workers will be Bob Falk, D. W. Stevenson and Pete Sitton. Winner of the local Little League tournament will head for Canyon July 25 for bi-district playoffs.

The PONY League tournament winner at Hereford will go to Lubbock for the regional meet.

Little leaguers are working out daily at 4 p.m. at the local park. The PONY stars started regular practice sessions Wednesday morning. They'll continue morning workouts the rest of the week, according to League President Nig Whitson.

Pairings in the Little League tournament will pit Plainview against Floydada in the tourney opener at 8 p.m. July 21. Littlefield will meet Muleshoe in its opener at 5 p.m. July 22. Childress will meet the winner of the Plainview-Floydada game at 8 p.m. July 22.

Winner of the Plainview-Floydada-Childress bracket will meet the winner of the Littlefield-Muleshoe game for the tournament title at 8 p.m. July 23.

Members of the Littlefield team, coached by Ace Bridwell and Wild Hedges, are Charley Robison, Steve Lowe, Terry Gronewald, Larry Woods, Don Stephens, Ronald Sitton, Richard Funk, Ray McKinney, Wayne Collins, Willie Steffy, Junior Hodge, Willie Connley, Craig Brestrup and Ignacio Renden.

The PONY League meet at Hereford will pit Littlefield against Pampa in the opening game at 6:15 p.m. July 21. The tournament is a double elimination event.

Members of the Pony League team from Littlefield will be Johnny Blair, Roy Gene Edwards, Pete Estrada, Tony Estrada, Tom Lewis, Robert Moore, Ronnie Rice, Ronnie Schroeder, Mike Steffy, Jimmie Don Whitson, A. M. McGowan, Hal Hudson, Sandy Sanders, Frank Sitton and Van Ashley.

Coaches will be Bud Irvine of Earth and Dale Weaver of Amberst.

Teacher Raise Proposal Planned In School Budget

School Board To Study Small Annual Increase

Littlefield's school budget for 1958-59 — scheduled for presentation to board members in August — will include a proposal for a small pay raise for teachers.

That fact was brought out in discussion by trustees at their regular meeting Monday night.

Supt. Ralph Schilling told the board the budget "can stand" a \$63 per year increase for teachers.

He asked permission for permission—which they gave—to incorporate the proposed pay raise in the budget when it comes up for approval at next month's meeting.

Although board members took no definite action, they indicated they will go along with as much pay increase as the budget will stand.

The proposed \$63 raise would up the average for all teachers from \$225 to \$288.

Beginning teachers with a bachelor's degree now receive \$3,204 plus the \$225 average, making the starting salary \$3,429. The increase would make the salary for a beginning teacher \$3,654.

Earlier in the year, Schilling and the board had studied an increase of \$171, which would have raised the starting salary to \$3,600.

Board members, however, decided the budget couldn't stand that large a raise. But they held out hope that a smaller increase might be added in the new budget.

Schilling's proposal Monday night apparently answered that hope.

In other action Monday night, trustees:

1. Employed five new teachers and accepted the resignation of one other.
2. Set the policy and prices for sale of football tickets.
3. Adopted a school calendar setting up dates for holidays.

New teachers employed included:

- Deverelle Lewis, a longtime Littlefield resident, as junior high coach to succeed Gene McCannies, who is moving to Borger.
- Bill Harmon, who taught last year at Odessa, as freshman football coach and eighth grade social studies teacher.
- A. T. Hedgpeth, who resigned as vocational agriculture teacher at Amberst, as eighth grade science teacher.
- Robert McDonald, a former teacher here who left the profession for oil field work, re-employed as eighth grade math teacher.
- Hazel E. Ward, who has taught at Muleshoe the past three years, as freshman English teacher.
- The resignation accepted by the board was that of Mrs. Alma Faye Carter, third grade teacher.

CITY COMMISSIONERS TO MEET WITH DUMPSTER REPRESENTATIVE

City commissioners will meet tonight with Dempster Dumpster representative Sid Patterson of Norman, Okla., in a session which could lead to an overhauling of the city's present trash collection system.

The regular commission meeting is scheduled for 8 p.m. in the city hall courtroom.

In addition to consideration of installing the Dempster system in Littlefield, city officials also are expected to take action on recommendations made in June by a citizens committee.

The committee proposed that each family unit in the city pay a residential garbage collection fee of \$1 per month and introduced a new rate scale to include charges to all businesses in the city. Only 114 of 307 are now paying for service.

The committee had been asked to make the study by the city after the city revealed that the trash program has been losing money for years.

Record-Breaking Heat Scorches City, Area

Cool 85-degree weather returned to Littlefield Wednesday at noon after residents sweltered in record high temperatures Sunday and Monday.

The mercury ran all the way up to 111 degrees here Monday, the highest mark in five years of record-keeping. It was believed to be an all-time record.

The 111 degrees were recorded by Radio Station KVOW. The high recorded by Western Cottonoll the same day was 110 degrees.

But residents weren't quibbling over one degree. No matter what thermometers read, residents for the most part stayed in doors near air conditioners.

The day before, KVOW recorded 108 degrees. Western Cottonoll's high for Sunday was a scorching 109.

In the past five years, the hottest July 14th on record was in 1954, when the mercury rose only to 102.5.

Western Cottonoll records showed the hottest day in recent years prior to the Sunday and Monday scorches was June 29, 1957, when 107 degrees was recorded.

Cooler air settled over the area Tuesday and brought the day's high down to a cool 98.

The record-snapping temperature of Monday also broke another mark.

City officials reported that residents used 3,027,000 gallons of water Monday. It was the first time they could remember water usage in one day going above three million gallons.

On the farm front, County Agent Bill Kimbrough said the (Continued on Page 5)

Burglars Get Guns, Radio At Earth

EARTH — Three rifles, three shotguns, four pistols and a radio were taken here Saturday night in a burglary of Stephens' Hardware.

County Officers Elson McNeese and V. L. Smith Jr., who investigated the break-in, said the firm was entered through a back window.

The intruders broke out two panes in the window and crawled through, the officers said.

Inside, they pried open a showcase and took the pistols. The rifles and shotguns were taken from another showcase. The burglars left via the back door, officers said.

It was not known whether any ammunition was taken in the burglary.

Missing after the break in were three .22 calibre rifles, three 12, 16 and 410 gauge shotguns, three calibre pistols, three .25, .32 and 38 calibre revolvers and a radio with an alligator cover.

County officers were continuing their investigation Wednesday.

Patterson To Talk At C-C Meeting

Dempster Dumpster representative Sid Patterson of Norman, Okla., will speak at the regular monthly meeting of Chamber of Commerce members Friday.

The session will be held at Mac's Downtown Cafe at noon, Friday.

Patterson will explain the Dempster-Dumpster system of trash removal, which has been under study by the city commission recently.

Patterson is here to appear before the commission at its regular meeting tonight.

Pups Keep Her At Home Firemen's Mascot, Lady, In Semi-Retirement Now

By BILL TURNER

"Lady," the Littlefield Volunteer Fire Department's Dalmatian mascot, is in sort of semi-retirement these days.

No longer does she set up a howl when the fire phone rings. She doesn't race to the truck and jump to the top for the scramble to a fire like she's used to doing.

Lady, you see, has five little Dalmatians to look after.

The little ones are five weeks old now, and they've had Lady out of action since they were born.

It's only logical that Lady is loyal to her little ones.

They're her first pups, although it's her second litter. The first litter died shortly after birth.

The pups remind L. F. (Luke) Bell, Lady's real owner, of Lady herself when Bell first got her.

Lady was two months old. She started learning the ways of the fire department right after that.

Now almost four, Lady's been with the fire department as a mascot ever since. She's almost got as much longevity as her owner, who's been with the department four years.

Until lately, "Lady hadn't missed over four or five fire calls since she's been with the department," Bell says.

Lady is a thoroughbred, subject to registration, but her papers haven't been kept up, Bell says. The puppies are pure Dalmatian, too. Their father is a registered animal from Brownfield.

Lady shows her stuff when the phone rings. If it's a common phone, it doesn't bother her a bit. But if the fire phone in the city hall blares, Lady is up and at 'em.

She barks and jumps, begging the firemen to get with it. After she lights on top of the truck, she waits for the driver, impatiently, until they speed away.

If the fire phone rings at night, Lady is all over Bell, getting him up as fast as she can. She sleeps at the side of his bed in the city hall.

"Home" to Lady has always been the city hall. She won't follow anyone out of the building except Bell, Pete Hill or M. O. Carter. Hill works the day shift and Carter, who now runs a cafe, was formerly employed on the day shift.

Lately, though, Lady has been staying near her pups. She'd probably like to return to her (Continued on Page 5)

Political Rally, Picnic Set Sunday At City Park

Farmers and businessmen and their families from all over Lamb County are expected here Sunday when the county Farm Bureau will stage a candidate speaking rally and a picnic on the ground.

The event will be held at the city park, starting at noon. Rides for the children will start at noon, but the actual program will get under way at 2 p.m., when the picnic will be held.

The candidates rally is set for after the picnic. Master of ceremonies for the program will be Kenneth Duncan, a Pleasant Valley farmer.

Free watermelon will be provided by the Littlefield Chamber of Commerce and cold drinks will be supplied by the Farm Bureau.

Families attending the outing are requested to bring their own picnic lunches.

Among the rides for the children will be a merry-go-round, pony rides, a ferris wheel and tractor cars.

Farm Bureau officials said they had invited every candidate on the Lamb County ballot to the event, however there had been no confirmation from any state candidates through Wednesday at noon.

Nearly all county and district candidates are expected to be on hand for the rally.

Another highlight of the day will be the introduction of candidates for Lamb County Farm Bureau queen by this year's queen, Linda Latimer of Littlefield.

The queen contest will be held August 19 at Pleasant Valley.

LADY AND PUPS—L. F. Bell and his daughter Carolyn, 12, show off Lady, the fire department's mascot, and her five new pups. The five-week-old pups have kept Lady at home lately, and she's been missing her regular runs to the fires with local volunteers. (JOHN NAIL PHOTO)

Twin-Ring Vows Read For Miss Vera Rudd-Callaway

SUDAN — Miss Vera Rudd and Bennie Wayne Callaway exchanged wedding vows last Thursday evening in double-ring rites performed in the Circleback First Baptist Church by the Rev. G. W. Fine pastor of the church.

Mr. and Mrs. E. L. Rudd and Mrs. Ruth Callaway of Sudan are the parents of the couple.

An archway of greenery flanked with baskets of white mums provided the setting for the ceremony.

Given in marriage by her uncle, Earl Davison of Sudan, the bride wore a floor length gown of white lace over taffeta.

The fitted bodice featured a sequin trimmed V-neckline. Her veil of tulle depended from a white sequin trimmed tiara. She carried a white carnation corsage atop a white Bible.

The maid of honor was Lavelle Callaway, sister of the groom. Also attending the bride was Glenda Fowler of Amherst. Bud Pierce served his nephew as best man. Ushers were Marvin Rudd, brother of the bride, and Richard Locke.

For her daughter's wedding,

Mrs. Rudd chose a blue suit, white accessories and wore a white carnation corsage. The groom's mother was attired in a navy blue ensemble and her flowers were white carnations.

Following the wedding a reception was held in the Sudan home of the mother of the groom. Assisting with the hospitalities were Mrs. Lindel Harlin, Mrs. Blanch Jones, Lavelle Callaway and Glenda Fowler.

For the wedding trip to Dallas, the bride chose a sky blue dress with white accessories and a carnation corsage. Both Mr. and Mrs. Callaway attended Sudan Schools. They will be at home in Sudan.

Miss Armstrong-Martin Exchange Wedding Vows

WHITHARRAL — The Flint Street Baptist Church of Lubbock was the scene for a candlelight ceremony July for the wedding of Miss Mona Faye Armstrong and William D. Martin.

The Rev. Bruce Giles read the double-ring ceremony before a background of white gladioli and white-tapered candelabra.

The bride is the daughter of the late Mr. and Mrs. W. D. Armstrong of Whitharral. The groom's parents are M. and Mrs. O. B. Martin of Doole.

Traditional wedding music was furnished by Miss Betty Cox organist, who accompanied Mrs. Jo Ann Womack as she sang "Whither Thou Goest," "I Love You Truly" and "The Lord's Prayer."

Escorted to the altar by her brother, Winifred Armstrong, the bride wore a bridal ensemble which she had styled and made herself.

The dress of white lace over tulle, featured a scalloped neckline, short sleeves and a full gathered skirt, ballerina length. Her veil of nylon net depended from a tiara of sequins and she carried an arrangement of white roses atop a white Bible.

Mrs. Carlton Billings was matron of honor in a dress of dark orchid accented by a cummerbund of a lighter orchid hue.

Bridesmaids were Miss Virginia Winfield and Miss Nona Winford. Their ensembles of lighter orchid color and contrasting cummerbunds were identically styled as the matron of honor's with high necklines and full gathered skirts.

Head pieces matched their cummerbunds and they carried bouquets of white carnations.

Verlon Armstrong, brother of the bride, was best man. Leon McGowan and Gene Stinnett seated the guests and lighted the candles.

In the reception which followed the ceremony, the serving table was laid in ecrú lace over orchid and centered with the attendants' flowers. The two-tiered wedding cake, decorated with orchid flowers and silver leaves was topped with a miniature bridal couple.

Members of the houseparty were sight-see in Disney Land this week.

L-L-L—Mrs. Jams Timian and children returned home from the wheat harvest last week.

L-L-L—Mr. and Mrs. Hubert Corrico and son are visiting in Dallas this week. Mrs. Corrico is taking a Federal Communication test there.

New Senate Hand Aided Democrats

When William A. Blakley was appointed to the U. S. Senate in 1957, he was a political unknown in Texas. But Washington awaited his arrival with great interest. So close was the party balance in the Senate that Blakley's vote was the difference between Democratic and Republican control.

True to his Democratic tradition, Bill Blakley voted with his fellow Democrats. They have been in control ever since.

Now Bill Blakley seeks his first elective term in the U. S. Senate. A vote for Blakley is a vote for sound, Democratic government.

Amherst 4-H Club Members Complete Summer Project

AMHERST—After four sessions the Amherst 4-H Club has completed its clothing clinic. There were 11 members enrolled. Five of them had never made a garment. These five girls, averaging age 10, have completed gathered skirts.

Three of the girls have made garments before and are completing a blouse, on a blouse and skirt ensemble. The other three girls are eligible for district try-outs and are completing dresses for the county dress review.

All of the girls plan to show their garments in the County Dress Review August 6.

The girls took turns preparing refreshments for the group; by doing this they are working on two projects at once, clothing and foods.

Plans are now being made for the local style show, for the girls to model their dresses for their parents before going to county judging.

Girls attending were Virginia Floyd, Linda Floyd, Judy Carter, Nancy Carter, Barbara Coffey, Nancy Embry, Nollene Embry.

Armerst merchants will donate the prizes for the style show. The Rocky Ford HD Club sponsored the 4-H girls the past year.

Amherst 4-H Club To Stage Style Show

Legal Notice

NO. 4433 MARGIE NELL ROBINSON VS. JIMMY LEE ROBINSON IN THE 154th DISTRICT COURT OF LAMB COUNTY TEXAS PLAINTIFF'S ORIGINAL PETITION

TO THE HONORABLE JUDGE OF SAID COURT:

COMES NOW Margie Nell Robinson, hereinafter called Plaintiff, complaining of Jimmy Lee Robinson, hereinafter called Defendant and praying for a divorce and for grounds would show the Court as follows:

I. Plaintiff and Defendant were married in August, 1954 and continued to live together as man and wife until on or about the 15th day of August, 1955, since which time they have not lived together, although the marriage bonds still exist.

II. Plaintiff is and has been for more than twelve months next preceding the filing of this petition an actual bona fide inhabitant of the State of Texas and she has resided in the said Lamb County, Texas where this suit is filed for more than six months next preceding the filing thereof.

III. At all times while married to the Defendant, Plaintiff has conducted herself with propriety, doing her duty as a wife and has at all times treated the Defendant with kindness and forbearance and has been guilty of no act bringing about or causing the hereinafter described acts, omissions and conditions on Defendant's part.

IV. There were no children born to the marriage of Plaintiff and Defendant, no children have been adopted during the marriage and the Plaintiff is not expecting a child at this time.

V. There is no community property which has been accumulated during the marriage of Plaintiff and Defendant.

VI. Before the marriage of Plaintiff to the Defendant, her name was Margie Nell Harris and it would be to her best interest and welfare to have the name of Margie Nell Harris restored to her.

WHEREFORE, premises considered, Plaintiff prays that Defendant be cited to appear and answer herein: that upon final hearing Plaintiff be granted judgment of divorce from Defendant; that the name of Margie Nell Harris be restored to Plaintiff, for cost of Court and for such other and further relief, in law or in equity, as Plaintiff may show herself entitled.

Entries Open In Art Exhibit Of Panhandle-Plains Fair

LUBBOCK—First major exhibit of the 1958 Panhandle South Plains Fair to open its entry books in the South Plains Art Exhibit, co-sponsored by the Fair and the South Plains Art Guild.

The art competition, annually one of the most popular shows connected with the fair, will feature new facilities, additional classifications "and a host of new area talent", predicted Mrs. A. R. Lawrence, superintendent of the exhibit.

Scheduled to run Sept. 29 - Oct. 4, during the fair, the art exhibit will be located in the newly air conditioned Woman's Building, Mrs. Lawrence said.

Exhibit features will include arts and crafts sculpture and paintings entered in three major age classifications:

1. Advanced Adult divisions, for artists more than 18 years of age, amateur or advanced.

2. Youth divisions for artists 13 to 18 years of age, and

3. Children's divisions for entrants under 12 years of age.

Additional classifications by entries afford all art competitors many more sections in which to enter. In the advanced Adult and Amateur Painting Sections, each

artist may submit two works in any medium. In the Adult Crafts and Sculpture divisions the artist may submit three works, Mrs. Lawrence explained.

Major change in the Youth and Children's division is that two works may be submitted in any one division. Previously, only one work could be displayed in each.

Top prizes for adult division painting will be \$100 first, \$50 second and \$25 third, and additional commendation awards and honorable mentions.

Amateur painting awards will include a scholarship to the South Plains Art Guild's 1959 Summer Workshop valued at \$27.50, and cash prizes of \$10 and \$5 for second and third place awards.

Cash prizes for top awards in the Youth and Children's divisions provide for awards from \$10 and down.

All art works must be creative and the original work of the exhibitor, Mrs. Lawrence added. Entry blanks may be obtained by writing to the Panhandle South Plains Fair Association, Box 561, Lubbock, or by writing Mrs. Lawrence, 2430-29th Street, Lubbock. No entry blanks are required for children.

Top honors in the annual amateur Rodeo in Earth were taken by two previous winners, Eldon Blackburn, of Melrose, N.M., and Clifton Allen of Muleshoe. Blackburn averaged 43.1 seconds in the Friday and Saturday night double mugging events to win the double mugging saddle. Allen took the all-around rider saddle for the third year in a row.

Other winners were: Jimmie Moore, Post, saddle bronc belt buckles; Herb Wood, Big Lake, tie-down calf roping saddle, with an average of 26.7 seconds; Marilyn Scudliff, Lovington, N.M., top in the girl's barrel race; and Clifton Allen, bareback and bull riding belt buckles.

Cats' Record 10-7

Lorenzo Closes Littlefield Season On Sour Note, 8-3

Littlefield's American Legion Cats closed out their season Saturday night, falling to Lorenzo in the Lorenzo Legion Tournament, 8-3.

The loss brought Coach Jimmie Chapman's Cats a 10-7 record for the season. The Cats won seven and lost five in district play, winding up in fourth place.

Littlefield got off to a 1-0 lead in the second inning of Saturday night's game when Bill Wade's single scored James Pressley, who had doubled. The Cats got another hit in the inning, a single by Dale Rhodes.

They made it 3-1 in the top of the third, when the Cats scored a pair of counters on a single by Pressley. Two errors and a walk set up the tallies.

From there, the Cats got only four hits. They included a single by Pressley in the fifth, singles by Jerry Koller and Rhodes in the sixth and a double by Pressley in the seventh.

Pressley took the pitching loss as he went the distance on the hill.

Lorenzo went ahead by 5-3 in the fourth, when Pressley was the victim of three unearned runs. Lorenzo added three more tallies on four hits in the bottom of the sixth to ice the contest.

County Roads Being Damaged In Hot Weather, County Says

Sharp-turning tractors and drag racing are damaging some county roads in recent hot weather, county commissioners said Monday.

The commissioners, meeting in a regular session Monday, said some roads, especially those repaired recently, are taking a beating because the asphalt "bleeds" (melts) during extremely hot weather.

Most of the damage is coming from tractors. Farmers coming to the end of a row come out on the pavement and then lock a

wheel to make a short turn.

That action gouges a hole in the pavement, especially in new pavement, the commissioners said.

They asked farmers to cooperate and indicated that in aggravated cases they would file charges of willful destruction of public property.

Commissioners also said there had been some evidence of drag racing on county roads, also damaging in hot weather.

Charges will be filed against anyone found drag racing, they said.

County Farmers To Vote On Community Committeemen

Farmers throughout Lamb County will vote by mail between Sept. 2 and Sept. 8 to elect ASC community committeemen. D. C. Terrell, chairman of the County Agricultural Stabilization and Conservation Committee, announced.

The chairman explained that the elections are being held to select ASC committeemen and two alternates for each community, who will help administer national farm programs during the coming year.

Nominees will be elected to the positions of chairman, vice chairman, regular member, and first and second alternate, respectively, according to the highest number of votes received.

The elected chairman will serve also as a delegate to the county convention which will be held later to select the County ASC committee and two alternates; the vice chairman and regular member will serve as first and second alternates to the convention.

Elections of ASC community committeemen, Terrell said, will be under the supervision of an election board established for each community, composed of three farmers living in the community who are not now acting as county or community committeemen.

This board will select a slate of

10 eligible persons as nominees for community committeemen. At the election, farmers may vote for committeemen from among the nominees listed on the ballot or they may write in the names of candidates of their own choice.

Littlefield Man Jailed On Liquor Law Violation

County officers jailed a Littlefield man here Sunday on a charge of violation of the liquor law.

Charged with possession of beer for purpose of sale was *John F. Adams, 22, 1111 E. Adams.*

Adams went free on \$1,000 bond after he entered a plea of not guilty in county court.

Liquor Control Agent Loyd Dunlap, Sheriff Dick Dyer and Deputies V. L. Smith Jr. and Elson McNeese produced a search warrant and entered Adams' home Sunday afternoon.

Dunlap said the officers found beer keed down in a container in a kitchen cabinet. Several persons were drinking beer at the Adams home when the officers arrived, he said.

Mrs. L. W. Elms, about 59, died in a Temple hospital Wednesday at 2:30 a.m. after a long illness.

Funeral services will be held today at 4 p.m. at the Killeen Presbyterian Church. Burial will be in Killeen Cemetery.

Born in Bell County, Mrs. Elms moved here with her husband in 1928. They farmed south of Littlefield. Mrs. Elms was a member of the First Christian Church in Littlefield.

She was hospitalized here in December, 1957, and transferred to the Temple hospital in May.

Survivors include her husband, three sisters and one brother.

Grand Jury Session Monday; 16 Men Called

A panel of 16 men has been called for grand jury duty here next Monday, County Attorney Curtis Wilkinson announced this week.

Twenty-six criminal cases are scheduled to be taken before the jury.

Special Judge Willard G. Street will preside in the absence of District Judge E. A. Bills, who has been absent since a heart attack.

Members of the panel include W. C. Heinen, Marshall Howard, E. T. Miller, J. H. Carl and C. E. Jones, all of Littlefield; H. B. Carson, V. Y. Jefferies, Witt Lacewell and Athol Light, all of Olton; Elgan Baccus and Lee Roy Fisher, both of Sudan; Marvin Wagoner and J. C. Franks, both of Amherst and Guy Kelly, Perry Martin and L. Z. Anglin, all of Earth.

Slaton Man Charged With Forgery Here

A Slaton man, Johnny Robinson, was charged with forgery and passing here Monday and was placed in the county jail.

The complaint against Robinson was filed by Ralph Nelson of Luce Rogers & Nelson Implement Co.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. ROLLE, D. D. Commissioner of Health.

It all started with Sir Walter Raleigh and a Y-shaped pipe. The pipe was a gift to Raleigh from Sir Francis Drake—a souvenir from the West Indies, where natives put the pipe prongs in their nostrils and inhaled the smoke of a smouldering substance they called "tabaco."

Raleigh apparently set the style of his day, for when he took up smoking the practice soon became fashionable. All this happened nearly 400 years ago—in 1586. Since then smoking has become the most deeply ingrained habit of humanity.

Today in the United States alone, more than half the men and a fourth of the women smoke cigarettes daily, and additional millions smoke pipes and cigars. Altogether it adds up to almost 40,000,000 smokers—26,000,000 men and 14,000,000 women—out of an adult population of approximately 50,000,000.

The seriousness of the smoking habit has been made clear in a recently finished study by the National Institutes of Health. Results of the study, already widely publicized, indicates a strong and undeniable relationship between cigarette smoking and increased death rates from lung cancer and heart diseases.

The studies reveal a death rate among cigarette smokers 58 per cent greater than the rate for non-smokers. Moreover, it shows that heavy smokers die off quicker than light smokers.

In addition to lung cancer and heart diseases, smokers run a much greater risk of dying from diseases as bronchitis, pleurisy, ulcers, and cirrhosis of the liver. The connection between cigarette smoking and high death rates has been so definitely proved that cigarettes would probably be banned for public sale if introduced as a new product on today's market.

The British Ministry of Health for some time has been warning about the hazards of smoking. Now the U. S. Public Health Service has begun a similar campaign.

The Texas State Department of Health will support such a drive to the fullest.

The late Dr. William Mayo used to say that cigarettes, cigars and pipes were nothing more nor less than "adult pacifiers," something for idle hands to play with. If true, breaking the smoking habit probably isn't as hard as it is supposed to be.

Should you, personally, make the effort? That's your decision. But while you're making it, keep in mind that the best research talent in the world is convinced that heavy smoking shortens life.

Firemen Douse Two Grass Fires Here

Firemen were called out to two grass fires here Monday and Tuesday.

The first was a fire in the 700 block of South Austin Avenue Monday about 8 p.m. The second was Tuesday morning on East 14th Street.

hoped they would accomplish two things in the next two weeks.

"First, you should call a meeting of your county and community leaders and organize a 'Get Out the Vote' campaign," he said. "Along with this, there should be a discussion of the various issues and candidates in order that they might be informed voters. You can't solve anything correctly in ignorance," he added.

"Second, make plans to have a good representation at all the precinct convention in order that the proper delegates might be elected to the county convention, and, in turn, to the state convention," he continued.

The state farm leader added that unless good citizens control these conventions, there is the danger of minority groups gaining control.

"These groups," he stated, "many times stand for things which would destroy our freedom and make a mockery of democracy."

Lamb Countians Cast 107 Absentee Ballots

One hundred and seven absentee ballots were cast by Lamb Countians in the first week and a half of voting in the First Democratic Primary, County Clerk Charles Jones reported Wednesday morning.

Absentee balloting opened July 7 and will continue through July 22.

State Farm Bureau President Urges Turnout At Polls

WACO — The president of the Texas Farm Bureau has called upon all Farm Bureau members in the state to exercise their rights and duties as citizens to vote in the coming elections and to participate in their precinct conventions.

In a letter to all county Farm Bureau presidents, J. H. (Harrell) West of Bishop declared: "Government of the people, by the people, and for the people can succeed only if we, as individuals, participate. We must assume our full share of responsibilities." In what he described as "the most important letter I will write to you as it concerns our duties as American citizens," West told the Farm Bureau leaders that he

Plans For LCC Building Dedication Near Completion

LUBBOCK—Plans for the dedication of the new Administration building of Lubbock Christian College on August 16, moved a step nearer completion this week with the announcement of committee chairmen.

J. D. Hufstetler will head the parking committee, Warner V. Maddox will direct ushering, and W. M. "Gip" Gipson and Jim Bennett will co-chair the barbecue committee.

Miss Olive Hutcherson, a secretary at the college, will be in charge of registration; G. D. Coffey will head the physical facilities committee, and Harvie Pruitt and James Black are directing the publicity.

The formal dedicatory services will begin at 2 p.m. with the flag raising in charge of a color guard from Reese Air Base. Music will be featured from 2 to 2:30 while registration proceeds at several points on the campus.

At 2:30 civic leaders and educators will bring brief greetings, to be followed by an address by a major state official. Following this address a bronze plaque commemorating the dedication of the first permanent building of Lub-

bock Christian College will be unveiled.

Bobby Morrow, triple gold medal Olympic winner from Abilene Christian College, will be the featured speaker at a young people's meeting at 4 p.m. The cappella chorus and trio of LCC will also appear on this program, along with Jon Jones, youth leader from Pampa.

Following the close of the 4 p.m. meeting the building will be open where will be on hand to meet the public. A mammoth barbecue, with free food and drinks, will be served at 5:30.

Dr. M. Norvel Young, former minister of the Broadway Church of Christ, Lubbock, and now president of Pepperdine College, Los Angeles, will speak at the closing program, at 7:30 p.m. The college chorus, directed by Wayne Hinds, and congregational singing by local leaders will be features of the evening program.

The public is invited to attend all or any part of the program. The new \$600,000 building will be open all day August 16 for inspection, with guided tours at specified hours.

Duval To Undergo Operation In Lubbock

Charles Duval will be admitted to the West Texas Hospital in Lubbock today for an operation on his right cheek bone.

Duval manager of the Pioneer Natural Gas in Littlefield, was struck in the right eye by a PONY Leaguer's line drive while he was pitching batting practice last Friday night and the force of the ball broke his cheek bone.

Blakley Story Is Typically Texan

The typical American story is of the poor boy who made good through his own efforts. This is the story of Bill Blakley, born in a covered wagon while his parents were on their way to homestead in Oklahoma territory. He has come a long way in 59 years. Said the Austin American-Statesman, when William A. Blakley announced for the Senate:

"... He was a top-hand cowboy; he was a crackerjack bank clerk; he was an exceptionally good accountant and lawyer. We have an idea that he is going to be a refreshing, able political candidate. He would make a great United States Senator."

Vote for Bill Blakley on July 26 — an able man whose only ambition is to serve all of Texas.

Boorn Mexican, Out Of Jail After Slashing Arms, Goes Right Back In

who tried his best to get out of jail Saturday night — was back behind bars Monday after he got into a fight Sunday night.

He said they picked up the man, a Latin American, Saturday night on drunk charges the police put him behind bars, broke a cup and slashed his arms.

They then took him to the hospital where a doctor sewed up his arms with five stitches. The man then was taken back to jail.

Police first cleaned out his cell to be sure there were no weapons handy before they let him back in his cell.

Later, officers found the man again — this time slashing in his left arm.

Chief F. A. Fitzgerald said he and other officers were covering Monday how the man slashed himself the second time.

Police let the Mexican go, but the man was taking pills for stomach ailment.

He said he let the man go to his brother's home, rather than having the man in a jail where he couldn't be watched.

The Mexican later went back to jail, where he received a slap for the second slash.

They had the problem in their hands, police received a report from the Ideal South XII, where a fight started.

They checked into it and the same Mexican involved in other Latin Americans, then his brother.

Three men were arrested and taken to jail. Three of the men were in jail Monday morning, including the Mexican who slashed himself, his brother and another man.

The slasher was fined \$100. His two companions drew fins of \$50.

The fourth Mexican, a bracero, got out early. He found a piece of jagged glass Sunday night from a cup broken the night before and slashed himself. After treatment, he was awaiting deportation to Mexico.

Police Chief Fitzgerald said all glass cups in the jail were being replaced with tin ones.

Highway Patrol Reports 164 Area Mishaps In 6 Months

Highway Patrolmen investigated a total of 164 accidents during the first six months of 1958 in the Littlefield substation area comprised of Bailey, Cochran, Floyd, Hale, Lamb, Terry and Yoakum counties, Sergeant D. S. Lawson announced today.

Of the above total, five were fatal accidents, 54 personal injury accidents, and 105 property damage.

Sergeant Lawson reported a total property damage of \$142,769.00 with 99 persons injured and seven killed. This is decrease of 13 accidents and decrease of five deaths for the same period last year.

Lawson said the Patrolmen in his area contacted 8,654 drivers during this period for the following violations: D.W.I. 41, Speeding 2,250, Improper Passing 251, Wrong Side of Road 312, Defective Equipment 2,749, Disregard Stop or Warning Sign 1,105, and all other violations 1,946.

men in this area are going to increase their activity in regard to driver's license checks.

1958 Hunting Dates To Be Set At Meet

AUSTIN—Regulations and dates affecting hunting and fishing in nearly a hundred Texas counties under regulatory authority of the Game and Fish Commission will be passed at the mid-summer meet of the Commission in Austin July 18.

For the most part regulations will be the same as last year, with some slight changes made in counties because of existing conditions, according to the Executive Secretary.

Only change to be recommended for the Panhandle area places the white bass limit in Buffalo Lake to conform with black bass limits.

There will be no change recommended in the Possum Kingdom area. In the Edwards Plateau area Bexar County has been transferred to the South-Central Texas district and there will be a slight revision recommended for fishing on the eastern tributaries of the Nueces River in Edwards County.

No other changes are contemplated in the S-C Texas area. There is insufficient data available at the present time to recommend changes from the general laws in the Trinity-Brazos area, according to the Biologists. Research now under way may result in proposed changes next year.

Local Couple Win \$20 Each In Fish Derby

Littlefield anglers are finding lots of silver dollars at Truth or Consequences, N.M. Last week, Mr. and Mrs. G. D. Young, Route 2, won \$20 each in a 2200 silver dollar fish derby at Truth or Consequences where local merchants offer \$100 weekly for five large fish.

Young's 42-inch catfish was a strong first in that division to win \$20. Mrs. Young's crappie, a 12½-inch fish, was one quarter of an inch longer than the next entry. It was good for \$20 to Mrs. Young.

The weekly contest continues through Labor Day and each week's contest closes at 6 p.m. Sundays. Truth or Consequences merchants offer \$20 each for the longest crappie, bass, carp, catfish and trout.

Since the contest started April 1 no other couple has won in two divisions the same week.

Minor Mishap Investigated

An accident at Farwell and East 9th Saturday about 6 p.m. involved a car driven by Mildred Ivey of Littlefield and a pickup driven by Charles Young, also of Littlefield, officers reported.

Officers said Mrs. Ivey's car, driven east on 9th, struck the pickup when Young pulled into the intersection after stopping at a stop sign.

Damages were \$60 to the Young pickup and \$120 to the Ivey auto.

About 80 per cent of the people of China are farmers.

Output Of '58 Cars Is Halted

By DAVID J. WILKIE
A. P. Automotive Writer
DETROIT (AP)—The auto industry has about 700,000 units in dealer stocks. This is down about 166,000 units from the March 1 high mark.

Just to make sure the inventory presents no problem during the remainder of the model year, the industry already has started ending 1958 model production. Buick finished its 1958 model output a couple of weeks ago.

Earlier New Models
The makers closing earlier than usual expect to bring out their new models earlier. And the shutdowns will be prolonged to enable retailers to liquidate outgoing models.

Initial production rate on 1959 models will be governed largely by the smoothness with which the outgoing model liquidation program proceeds.

Hard Way To Die

Nothing is more horrible than death by fire. And this risky way of dying is suffered by someone every 47 minutes in the United States.

The greatest single death toll in our history occurred on October 4, 1871, when fire engulfed the town of Peshtigo, Wisconsin, and claimed 1,152 lives. That disaster is immortalized in history, and people still write about it. But Peshtigo was unique only in the fact that so many perished in so brief a period of time. The truth is that our average annual fire toll is more than 10 times the Peshtigo figure.

Last year, for instance, fire killed 11,300 people. The average over the last seven years has been 11,000. And, as is to be expected, fire exacts its largest human toll among the old and the young—the two extremes of the human spectrum. The highest death rate is among persons 65 or older, and the second highest is among infants under five.

Will we continue to endure what amounts to 10 Peshtigo cataclysms every year? The answer to that can come from only one source—the people of this country. Almost all fires are the result of human error, ignorance, or carelessness. Almost all fires, therefore, need never happen. If everyone in the country would do his share in the great cause of fire prevention we would save thousands of lives a year—to say nothing of hundreds of millions of dollars worth of property.

Medical Armor For Baby

From the moment an infant is born modern medicine begins to wrap a protective cloak of science about him.

Silver nitrate is immediately dropped in his eyes to guard against blindness.

At two or three months he is vaccinated against diphtheria, pertussis (whooping cough) and tetanus.

At three or four months he is immunized against smallpox.

At six months he is inoculated against typhoid fever.

No wonder the number of deaths among infants under one year old has dropped from 162 per thousand in 1900 to 29 per thousand in 1955.

Since 1955 a new link has been forged by medical science in the infant's armor against disease—the anti-polio vaccine developed by Dr. Jonas E. Salk on March of Dimes funds.

Too many parents do not know that even the tiniest tots may be stricken with paralytic polio. Nothing is more pitiful than to see a baby bereft of the power of motion, encased in an iron lung before he has even learned to walk. Until three years ago there was little we could do to prevent it. But now that we have the Salk vaccine, it is gross negligence on the part of parents to deny their babies this protection.

Last year infants under one year old showed the highest rate of polio attack. Babies from one to two year old came next.

Many physicians recommend the first Salk shot for babies at the age of two or three months. Consult your doctor now.

Grassroot Opinion

OSWEGO, KANSAS, INDEPENDENT: "More and more of the sensible and well-meaning and far-sighted heads of the bigger labor organizations in this country are beginning to realize, where the periodic labor strikes, and always resistant wage and fringe benefits hikes are leading this country. They are killing the goose that lays the golden eggs. . . . Natural results is an influx of cars and other manufactured products from other countries."

PINE BLUFF, ARKANSAS, COMMERCIAL: "... We sincerely believe that a relaxing of trade barriers will give the healthy competition to American manufacturers that is needed. And, too, we are mindful of the fact that this competition should in the long run bring lower prices in certain fields to the sorely oppressed consumers of our nation."

BEDFORD, INDIANA, DAILY TIMES-MAIL: "No person every got very far in the world without helping himself. . . . That is just as true of nations. What Latin-America needs is some hard-headed talk about living within its income—the same kind of stuff you get from your banker when you have overdrawn your account for the third time."

"Sure I'm new here, but we still don't charge batteries - 'Cash' is our motto."

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—In 1876 a wagon with a team of oxen was good transportation in Texas. But on today's city streets and super-highways, the ox wagon would be just a terrific bottleneck.

Some Texans now are saying Texas' 82-year-old, ox wagon-era Constitution is a bottleneck on the road to development of dynamic 20th-century government.

Constitutional revision is not one of the currently sizzling campaign issues. But, quietly and patiently, numerous people in government, in the bar, in professional and civic groups, the press and in private and public educational institutions are plugging away in a made-haste-slowly campaign. Principal objective now is to get Texans thinking about what they want and need in a state constitution today.

Their campaign gained official blessing last year when the Legislature passed a resolution instructing the Legislative Council to do research on the subject and report back in 1959. An 18-member citizens advisory committee was appointed to counsel with the legislative study group. Dean R. C. Storey of the SMU Law School is chairman; C. Y. Mills of Mission and Mrs. Horton Wayne Smith of Austin, vice chairmen; and Dan Moody Jr. of Austin, secretary.

Next meeting of the advisory group is to be held in September. Right now, one member admits that progress toward revision is itself moving at an ox wagon pace. Reason is that those concerned feel strongly that any action should be preceded by an exhaustive, professional research job. This takes money.

Legislative Council, with a staff of seven, and 11 studies under way, can't go all-out on this one thing, but is doing some fact gathering during the summer. Both Council and committee hope to get money for the work, perhaps by next year, from the Legislature and/or some private foundation.

Advocates of Constitutional revision advance these points, among others, as reasons for concern:

1. It's a staggering document, 47,000 words long, patched up with 133 amendments. If nine more

proposed amendments are approved next November, it'll be 54,000 words. Much of it is regarded by lawyers as properly belonging in the statutes rather than in a constitution. Much is cited as totally unusable document like the Constitution, such as provisions for repelling Indian raids.

2. Like Topsy, Texas' huge conglomeration of agencies, departments, commissions and divisions, "just grew." It's all so loosely put together, say critics, that folks don't know who to blame things don't suit them. Same indictment is applied to the fiscal set-up. It's a billion-dollar-a-year business, but control is mince-meated among many. State has more than 100 special funds, representing about 85 per cent of state revenue. These can't be touched by the Legislature, even if they are not needed for the purpose for which they're earmarked and are desperately needed elsewhere.

3. Another argument made is that increasing concentration of government in Washington can be halted only if governments are sufficiently vigorous and adaptable to meet people's changing and growing needs. Some suggest that Texas' present Constitution may be a "strait jacket" on state government.

State Insurance Board has announced that, effective Aug. 1, auto insurance rates will be substantially higher in most parts of Texas. Average hike will be 32 per cent on comprehensive coverage, 19 per cent on liability and 17 per cent on collision. In Dallas County, for example, a policy which now costs \$108 will jump to \$142.

Premiums paid on the old rate scheduled have not nearly met accident claims, said Penn Jackson, chairman of the Insurance Board. He attributed the insurance companies' "tremendous losses" to four factors:

- 1. An increasing number of collisions.
2. Higher cost of repairing today's swanky cars.
3. Higher cost of hospital and medical care.
4. Generosity of juries in awarding damages to claimants.

Auto owners, said Jackson, must realize they set their own insurance rates by the way they drive.

DOWN MEMORY LANE

(From the files of the Lamb County Leader, July 20, 1944)

Interest in politics mounts; election slated for Saturday; governor has eight opponents.

Oil leasing is very active around Anton in the southeast portion of Lamb County. It is said that a wildcat continues to show oil-cur mud on drill stem tests, which would indicate that Lamb County may get a well.

Mr. and Mrs. Star Haile left Tuesday of last week for Austin, where Mrs. Haile took the beauty operator exams.

Mr. and Mrs. G. M. Shaw are having their home remodeled and enlarged. The two porches at the rear of the Shaw home have been closed in, and an additional room made.

WATER FUTURE—Hope for an ever-more-prosperous Texas is found in the recently completed state-federal survey of Texas' water resources and needs.

Contents of the study were made public by U. S. Sen. Lyndon B. Johnson who requested the survey a year ago. Texas Board of Water Engineers and three federal agencies collaborated in compiling data.

Each major river basin was studied and the possibility of switching floodwaters from one basin to another discussed at length.

"The scope of the economic impact of large-scale water exchange in Texas is impressive," said the report. "If exploited to its logical conclusion, there is solid evidence to indicate that the increase in Texas income would be of great magnitude."

ON FISHING FOR INDUSTRY—A how-to-do-it booklet for committee wanting to attract new industry is now in circulation.

It was published by the new Texas Industrial Commission with private donations. In 66 pages, the book tells how a community should analyze itself, correct any inadequacies and bring all good points to the fore in a promotional effort.

Commission members expressed hope that passage next Novem-

ber of a constitutional amendment to permit use of state funds for advertising would make constitution of their efforts possible.

HANDS OFF—State Board of Education has gone on record as officially—and positively—opposing any plan to tamper with the permanent school o.k.

Last legislature voted to make 1 per cent of the permanent fund available annually for current expenses. State Auditor C. H. Caveness has proposed making part of future income from school lands available for pressing present needs and putting only part into the multi-million-dollar school trust fund. But the school board declared the fund should be "inviolable."

At the same meeting the Board learned the school fund had run \$6,091,905 in the red for 1957-58. Reduction in oil production, a prime source of school revenue, was blamed.

Per student state payments for next year were cut from \$82 to \$75.

Sandhills Philosopher

Does Alaska Really Know What She's About To Do

Editor's note: The Sandhills Philosopher on his Johnson grass farm has a new slant on the Alaskan problem, his letter this week reveals.

Dear editor: As I understand it from reading the newspapers the last few weeks, Alaska finally has won the right to become a state, Congress has passed the necessary bill, and President Eisenhower has signed it. Now all that's left is for the people of Alaska to vote to come in, and they'll be the 49th state.

However, I've been thinking about this matter pretty thoroughly and I'd like to ask: you reckon those Alaskans know what they're doing?

Understand, it's mighty nice to be a part of the United States; it's nice to be a state, to get Federal grants, to get to send Senators and Congressmen to Washington and to vote on presidents, but has Alaska gone into the other aspects of this proposition?

For example, take debts. The United States is reputed to be a rich country, but you've got to remember in some places they measure a rich man by the amount of money he owes. I don't want to discourage those Alaskans, but one 49th of what the United States owes may put a different light on the benefits of

statehood. Moreover, have they taxes? States rights is theory, but have those figured how many acres and ice it'll take to enough tax money to buy roads, some schools, count a state capitol, a house? Have they figured much it costs to run a legislature with a state supreme court office, assorted bureaus, departments, and other endeavors of a state?

On the other hand, I any reason for assuming Alaskans are any better rest of us, and I for one on in. Help tote the load in more states may be answer to our problems, anybody else, say Hawaii, unhappy portions of California, Mexico, or any place else, in, get in line.

The way I see it is, state we get, that's just endorse on our note.

Yours faithfully, J. A.

KNOW YOUR SENATOR! 900 Attend Program And Tulia's Biggest Banquet

Citizens from a broad area of the High Plains produced what many termed an unprecedented show in Tulia, March 31st. The area -- the fifteen county Thirtieth Senatorial District of Texas. The "Show" -- an Appreciation Dinner-Program honoring State Senator Andy J. Rogers of Childress. 30 to 100 persons from each of the 15 agricultural counties

turned out for the evening-long program in the cafeteria and auditorium of Tulia High School. 75 business and farm leaders from outside the district joined in the "Chorus Of Thank You's" to the Senator. A majority of the Panhandle-South Plains Representatives and Senators, also two major daily newspaper representatives were present.

ANDY ROGERS: Senator With A . . .

SMILES GREET SENATOR ANDY ROGERS (Right) AT TULIA EVENT IN HIS HONOR. With him, Morris Higley (left) Rotary Governor, R. A. Yarbrough, Rural Electrification Manager, (center).

'SIX - ROW POLITICAL TRACTOR' WHO THEY ARE: WHAT THEY ARE SAYING:

INDEXING
By MORRIS HIGLEY
Andy Rogers may be defeated some day. He may not run for re-election. At least he has not announced.
But win, lose or draw, Andy Rogers has something to remember that is fine and wonderful.
His most memorable moment must be the Appreciation Dinner and program given Monday night at Tulia.
I have never seen anything like it in my life. I do not think anyone who attended has ever seen anything like it.
-Mr. and Mrs. N. D. Rogers, along with Georgia Ann and, of course, Andy must have felt wonderful Monday night. And still do.
The idea for the Appreciation Dinner did not originate in Childress. In fact, as far as I know, Childress residents did not have anything to do with it.
And when Andy heard about the proposal, he said that it could not be done.
Andy was wrong. And I imagine right now he is happy that he was wrong. I would be.

A dozen leaders in the district were programmed to speak. They typically, represented a cross-section of Plains life.
One was the Senator's pastor. He lauded the honor for his fight against liquor, narcotics, and lewd literature. "Senator Rogers is always on the right side of every moral issue," said the churchman. "He wants and works for a high moral atmosphere to prevail."
A county teachers' association president called attention to Senator Rogers' work in behalf of public education. A Memphis druggist related that Rogers has always had an "open ear" for the small businessman.
A district judge praised the quality of legislation introduced and supported by the Senator. A mayor and insurance man emphasized the value of Andy Rogers' fight against corruption in Austin, particularly in connection with the insurance investigations.
Said an official of one of the veterans' organizations: "Andy told us for a long time there was serious trouble in the veteran's land program. He was right. And when this was cleaned up, Andy worked hard to see that this good program was not scrapped."
A newspaper editor and publisher, a former president of the Panhandle Press Association, observed: "This is the first time I've ever heard of people traveling so far just for a state senator. But it's fitting," he added, "for Andy Rogers for a job well done."
Spokesmen for the major farm organizations expressed approval of the Senator's record on farm-to-market roads, local ownership of underground water, rural electrification, and other legislation of concern to agriculture. Said the farm spokesman who rounded out the program:
"In view of all Andy Rogers has done for agriculture, I'm amazed to hear from the other speakers here this evening that he's had time for such effective work for so many others, too." The farmer concluded:
"Andy Rogers must use a six-row political tractor!"
The Senator acknowledged the praise-filled evening with obvious humility. He spoke humbly, too, of his "close personal friend" -- Lewis B. Taylor of Austin and Waco -- who had been stricken with a fatal heart attack there a few minutes earlier.
To the series of "thank you's" which had been expressed during the evening, Rogers responded:
"What's been accomplished, you've done. The credit belongs to you, to my parents, and to my wife who have all supported me so strongly. I really feel like I owe you all an appreciation dinner."

"Actual Experience"

WITH MY ELECTRIC HOME FREEZER PROVES WHAT I USED TO HEAR THE HOME SERVICE ADVISORS SAY!"

says MRS. ROBERT J. ELSEY, 4213 ONG • AMARILLO, TEXAS

"I was a secretary at the Public Service Company and I used to overhear the Home Service Advisors tell about electric home freezers--how they saved money--how you could get better meals--how you could preserve the garden-freshness of vegetables--how a freezer could save a housewife lots of time. What they said made sense to me but the words just can't equal the actual experiences of owning your own home freezer. I find that everything those girls say is true--especially do I find the freezer ideal for entertaining," says Mrs. Elsey.

In the picture at upper left, Mrs. Elsey entertains, with the help of her freezer, three other young housewives, Mrs. Robert Crump, Mrs. Charles Cooke, Jr., and Mrs. Bill Butler.

Teacher Raise Proposal Planned In School Budget

School Board To Study Small Annual Increase

Littlefield's school budget for 1958-59 — scheduled for presentation to board members in August — will include a proposal for a small pay raise for teachers.

That fact was brought out in discussion by trustees at their regular meeting Monday night.

Supt. Ralph Schilling told the board the budget "can stand" a \$63 per year increase for teachers.

He asked permission for permission—which they gave—to incorporate the proposed pay raise in the budget when it comes up for approval at next month's meeting.

Although board members took no definite action, they indicated they will go along with as much pay increase as the budget will stand.

The proposed \$63 raise would up the average for all teachers from \$225 to \$288.

Beginning teachers with a bachelor's degree now receive \$3,204 plus the \$225 average, making the starting salary \$3,429. The increase would make the salary for a beginning teacher \$3,492.

Earlier in the year, Schilling and the board had studied an increase of \$171, which would have raised the starting salary to \$3,600.

Board members, however, decried the budget couldn't stand that large a raise. But they held out hope that a smaller increase might be added in the new budget.

Schilling's proposal Monday night apparently answered that hope.

In other action Monday night, trustees:

1. Employed five new teachers and accepted the resignation of one other.

2. Set the policy and prices for sale of football tickets.

3. Adopted a school calendar setting up dates for holidays.

New teachers employed included: Deverelle Lewis, a longtime Littlefield resident, as junior high coach to succeed Gene McCanlies, who is moving to Borger.

Bill Harmon, who taught last year at Odessa, as freshman football coach and eighth grade social studies teacher.

A. T. Hedgpeth, who resigned as vocational agriculture teacher at

Amherst, as eighth grade science teacher.

Robert McDonald, a former teacher here who left the profession for oil field work, re-employed as eighth grade math teacher.

Hazel E. Ward, who has taught at Muleshoe the past three years, as freshman English teacher.

The resignation accepted by the board was that of Mrs. Alma Faye Carter, third grade teacher. The teacher announcements left

CITY COMMISSIONERS TO MEET WITH DUMPSTER REPRESENTATIVE

City commissioners will meet tonight with Dempster Dumpster representative Sid Patterson of Norman, Okla., in a session which could lead to an overhauling of the city's present trash collection system.

The regular commission meeting is scheduled for 8 p.m. in the city hall courtroom.

In addition to consideration of installing the Dumpster system in Littlefield, city officials also are expected to take action on recommendations made in June by a citizens committee.

The committee proposed that each family unit in the city pay a residential garbage collection fee of \$1 per month and introduced a new rate scale to include charges to all businesses in the city. Only 114 of 307 are now paying for service.

The committee had been asked to make the study by the city after the city revealed that the trash program has been losing money for years.

Record-Breaking Heat Scorches City, Area

Cool 85-degree weather returned to Littlefield Wednesday after residents sweltered in record high temperatures Sunday and Monday.

The mercury ran all the way up to 111 degrees here Monday, the highest mark in five years of record-keeping. It was believed to be an all-time record.

The 111 degrees was recorded by Radio Station KVOW. The high recorded by Western Cottonoil the same day was 110 degrees.

But residents weren't quibbling over one degree. No matter what thermometers read, residents for the most part stayed in doors near air conditioners.

The day before, KVOW recorded 108 degrees. Western Cottonoil's high for Sunday was a scorching 109.

In the past five years, the hottest July 14th on record was in 1954, when the mercury rose only to 102.6.

Western Cottonoil records showed the hottest day in recent years prior to the Sunday and Monday scorches was June 29, 1957, when 107 degrees was recorded.

Cooler air settled over the area Tuesday and brought the day's high down to a cool 98.

Political Rally, Picnic Set Sunday At City Park

Farmers and businessmen and their families from all over Lamb County are expected here Sunday when the county Farm Bureau will stage a candidate speaking rally and a picnic on the ground.

The event will be held at the city park, starting at noon. Rides for the children will start at noon, but the actual program will get under way at 2 p.m., when the picnic will be held.

The candidates rally is set for after the picnic. Master of ceremonies for the program will be Kenneth Duncan, a Pleasant Valley farmer.

Free watermelon will be provided by the Littlefield Chamber of

Commerce and cold drinks will be supplied by the Farm Bureau. Families attending the outing are requested to bring their own picnic lunches.

Among the rides for the children will be a merry-go-round, pony rides, a ferris wheel and tractor cars.

Farm Bureau officials said they had invited every candidate on the Lamb County ballot to the event, however there had been no confirmation from any state candidates through Wednesday at noon.

Nearly all county and district candidates are expected to be on hand for the rally.

Another highlight of the day will be the introduction of candidates for Lamb County Farm Bureau queen by this year's queen, Linda Latimer of Littlefield.

The queen contest will be held August 19 at Pleasant Valley.

THE WEATHER

Today's Forecast — partly cloudy; widely scattered thunder showers through today; no important temperature changes.

Temperatures — Sunday high 104, low 74; Monday high 111, low 74; Tuesday high 98, low 74; Wednesday at noon, high 83, low 63.

Tournament Time Near

Daily Practice Sessions Keep All-Star Teams Busy

Littlefield Little League and PONY League all stars, getting ready for area tournaments, went into daily practice sessions this week.

The two all star teams are busy preparing for tournaments which open Monday.

The Little League stars will play host to teams from Plainview, Floydada, Muleshoe and Childress in a tourney at the local park.

The PONY stars will travel to Hereford, where they will compete with Pampa, Borger and Hereford for the district title.

Umpires for the local tournament were named this week by League President Howard Horne.

The crew is headed by Umpire-in-Chief Jimmie Chapman. His co-workers will be Bob Falk, D. W. Stevenson and Pete Sifton.

Winner of the local Little League tournament will head for Canyon July 25 for bi-district playoffs.

The PONY League tournament winner at Hereford will go to Lubbock for the regional meet.

Little leaguers are working out daily at 4 p.m. at the local park. The PONY stars started regular practice sessions Wednesday morning. They'll continue morning workouts the rest of the week, according to League President Nig Whitson.

Fairings in the Little League tournament will pit Plainview against Floydada in the tourney opener at 8 p.m. July 21. Littlefield will meet Muleshoe in its opener at 5 p.m. July 22. Childress will meet the winner of the Plainview-Floydada game at 8 p.m. July 22.

Winner of the Plainview-Floydada-Childress bracket will meet

the winner of the Littlefield-Muleshoe game for the tournament title at 8 p.m. July 23.

Members of the Littlefield team, coached by Ace Briones and Willie Hedges, are Charley Robinson, Steve Lowe, Terry Gonsowald, Larry Woods, Don Stephens, Ronald Sifton, Richard Funk, Ray McKinney, Wayne Collins, Willie Steffey, Junior Hodge, Willie Connley, Craig Brestrup and Ignacio Rendon.

The PONY League meet at Hereford will pit Littlefield against Pampa in the opening game at 6:15 p.m. July 21. The tournament is a double elimination event.

Members of the PONY League team from Littlefield will be Johnny Blair, Roy Gene Edwards, Pete Estrada, Tony Estrada, Tom Lewis, Robert Moore, Ronnie Rice, Ronnie Schroeder, Mike Steffey, Jimmie Don Whitson, A. M. McGowan, Hal Hudson, Sandy Sanders, Frank Sifton and Van Ashley.

Coaches will be Bud Irvine of Earth and Dale Weaver of Amherst.

Pups Keep Her At Home

Firemen's Mascot, Lady, In Semi-Retirement Now

By BILL TURNER "Lady," the Littlefield Volunteer Fire Department's Dalmatian mascot, is in sort of semi-retirement these days.

No longer does she set up a howl when the fire phone rings. She doesn't race to the truck and jump to the top for the scramble to a fire like she's used to doing.

Lady, you see, has five little Dalmatians to look after.

The little ones are five weeks old now, and they've had Lady out of action since they were born.

It's only logical that Lady is loyal to her little ones.

They're her first pups, although it's her second litter. The first litter died shortly after birth.

The pups remind L. F. (Luka) Bell, Lady's real owner, of Lady herself when Bell first got her. Lady was two months old.

She started learning the ways of the fire department right after that.

calls since she's been with the department," Bell says.

Lady is a thoroughbred, subject to registration, but her papers haven't been kept up, Bell says. The puppies are pure Dalmatian, too. Their father is a registered animal from Brownfield.

Lady shows her stuff when the phone rings. If it's a common phone, it doesn't bother her a bit. But if the fire phone in the city hall blares, Lady is up and at 'em.

She barks and jumps, begging the firemen to get with it.

After she lights on top of the truck, she waits for the driver, impatiently, until they speed away.

If the fire phone rings at night, Lady is all over Bell, getting him up as fast as she can. She sleeps at the side of his bed in the city hall.

"Home" to Lady has always been the city hall. She won't follow anyone out of the building except Bell, Pete Hill or M. O. Carter. Hill works the day shift and Carter, who now runs a cafe, was formerly employed on the day shift.

Lately, though, Lady has been staying near her pups. She'd probably like to return to her (Continued on Page 5)

Twin-Ring Vows Read For Miss Vera Rudd-Callaway

SUDAN — Miss Vera Rudd and Bennie Wayne Callaway exchanged wedding vows last Thursday evening in double-ring rites performed in the Circleback First Baptist Church by the Rev. G. W. Fine pastor of the church.

Mr. and Mrs. E. L. Rudd and Mrs. Ruth Callaway of Sudan are the parents of the couple.

An archway of greenery flanked with baskets of white mums provided the setting for the ceremony.

Given in marriage by her uncle, Earl Davison of Sudan, the bride wore a floor length gown of white lace over taffeta.

The fitted bodice featured a sequin trimmed V-neckline. Her veil of tulle depended from a white sequin trimmed tiara. She carried a white carnation corsage atop a white Bible.

The maid of honor was Lavelle Callaway, sister of the groom. Also attending the bride was Glenda Fowler of Amherst. Bud Pierce served his nephew as best man. Ushers were Marvin Rudd, brother of the bride, and Richard Locke.

For her daughter's wedding,

Mrs. Rudd chose a blue suit, white accessories and wore a white carnation corsage. The groom's mother was attired in a navy blue ensemble and her flowers were white carnations.

Following the wedding a reception was held in the Sudan home of the mother of the groom. Assisting with the hospitalities were Mrs. Lindel Harlin, Mrs. Blanch Jones, Lavelle Callaway and Glenda Fowler.

For the wedding trip to Dallas, the bride chose a sky blue dress with white accessories and a carnation corsage. Both Mr. and Mrs. Callaway attended Sudan Schools. They will be at home in Sudan.

MRS. WILLIAM D. MARTIN

Miss Armstrong-Martin Exchange Wedding Vows

WHITHARRAL — The Flint Street Baptist Church of Lubbock was the scene for a candlelight ceremony July for the wedding of Miss Mona Faye Armstrong and William D. Martin.

The Rev. Bruce Giles read the double-ring ceremony before a background of white gladioli and white-tapered candelabra.

The bride is the daughter of the late Mr. and Mrs. W. D. Armstrong of Whitharral. The groom's parents are M. and Mrs. O. B. Martin of Doole.

Traditional wedding music was furnished by Miss Betty Cox organist, who accompanied Mrs. Jo Ann Womack as she sang "With- in Thou Goest," "I Love You Truly" and "The Lord's Prayer."

Escorted to the altar by her brother, Winifred Armstrong, the bride wore a bridal ensemble which she had styled and made herself.

The dress of white lace over tatefa, featured a scalloped neck- line, short sleeves and a full gather- ed skirt, ballerina length. Her veil of nylon net depended from a tiara of sequins and she carried an arrangement of white roses atop a white Bible.

Mrs. Carlton Billings was ma- tron of honor in a dress of dark orchid accented by a cummerbund of a lighter orchid hue.

Bridesmaids were Miss Virginia Winfield and Miss Nona Winford. Their ensembles of lighter orchid color and contrasting cummer- bunds were identically styled as the matron of honor's with high necklines and full gathered skirts. Head pieces matched their cum- merbunds and they carried bou- quets of white carnations.

Verlon Armstrong, brother of the bride, was best man. Leon McGowen and Gene Stinnett seat- ing the guests and lighted the can- dles.

In the reception which followed the ceremony, the serving table was laid in ecru lace over orchid and centered with the attendants' flowers. The two-tiered wedding cake, decorated with orchid flow- ers and silver leaves was topped with a miniature bridal couple.

Members of the houseparty were sight-see in Disney Land this week.

L-L-L—Mrs. Jams Timian and children returned home from the wheat harvest last week.

L-L-L—Mr. and Mrs. Hubert Corrico and son are visiting in Dallas this week. Mrs. Corrico is taking a Federal Communication test there.

New Senate Hand Aided Democrats

When William A. Blakley was appointed to the U. S. Senate in 1957, he was a political unknown in Texas. But Washington awaited his arrival with great interest. So close was the party balance in the Senate that Blakley's vote was the difference between Democratic and Republican control.

True to his Democratic tradi- tion, Bill Blakley voted with his fellow Democrats. They have been in control ever since. Now Bill Blakley seeks his first elective term in the U. S. Senate. A vote for Blakley is a vote for sound, Democratic govern- ment.

Amherst 4-H Club Members Complete Summer Project

AMHERST—After four sessions the Amherst 4-H Club has comple- ted its clothing clinic. There were 11 members enrolled. Five of them had never made a garment. These five girls, averaging age 10, have completed gathered skirts.

Three of the girls have made garments before and are complet- ing a blouse, on a blouse and skirt ensemble. The other three girls are eligible for district try-outs and are completing dresses for the county dress review.

All of the girls plan to show their garments in the County Dress review August 6.

The girls took turns prepar- ing refreshments for the group; by doing this they are working on two projects at once, clothing and foods.

Plans are now being made for the local style show, for the girls to model their dresses for their parents before going to county judging.

Girls attending were Virginia Floyd, Linda Floyd, Judy Carter, Nancy Carter, Barbara Coffey, Nancy Embry, Nollene Embry, Marilyn Burleson, Annette Dutton, Texsa Nix and Judy Tapley.

Four of the girls served as ju- nior leaders. They were Judy Tap- ley, Annette Dutton, Nancy Em- bry and Teresa Nix.

The leaders reported a very suc- cessful clinic and feel that next year there will be even more girls to attend.

Amherst 4-H Club To Stage Style Show

AMHERST — The Amherst 4-H Club will stage a style show Fri- day at the Amherst High School auditorium. Clothing completed in the summer sewing class will be shown.

Girls entering are Judy Tapley, Annette Dutton, Marilyn Burleson, Virginia Floyd, Barbara Coffey, Nancy Carter, Judy Carter, Lin-a Floyd, Nollene Embry, Nancy Embry and Teresa Nix.

Amherst merchants will donate the prizes for the style show. The Rocky Ford HD Club sponsored the 4-H girls the past year.

Plans For LCC Building Dedication Near Completion

LUBBOCK—Plans for the dedication of the new Administration building of Lubbock Christian College on August 16, moved a step nearer completion this week with the announcement of committee chairman.

J. D. Hufstader will head the parking committee, Warner V. Maddox will direct ushering, and W. M. "Gip" Gipson and Jim Bennett will co-chair the barbecue committee.

Miss Olive Hutcheson, a secretary at the college, will be in charge of registration; G. D. Coffey will head the physical facilities committee, and Harvie Pruitt and James Black are directing the publicity.

The formal dedicatory services will begin at 2 p.m. with the flag raising in charge of a color guard from Reese Air Base. Music will be featured from 2 to 2:30 while registration proceeds at several points on the campus.

At 2:30 civic leaders and educators will bring brief greetings, to be followed by an address by a major state official. Following this address a bronze plaque commemorating the dedication of the first permanent building of Lubbock Christian College will be unveiled.

Bobby Morrow, triple gold medal Olympic winner from Abilene Christian College, will be the featured speaker at a young people's meeting at 4 p.m. The a cappella chorus and trio of LCC will also appear on this program, along with Jon Jones, youth leader from Pampa.

Following the close of the 4 p.m. meeting the building will be open to the public. A mammoth barbecue, with free food and drinks, will be served at 5:30.

Dr. M. Norvel Young, former minister of the Broadway Church of Christ, Lubbock, and now president of Pepperdine College, Los Angeles, will speak at the closing program at 7:30 p.m.

Blakley Story Is Typically Texan

The typical American story is of the poor boy who made good through his own efforts. This is the story of Bill Blakley, born in a covered wagon while his parents were on their way to homestead in Oklahoma territory. He has come a long way in 69 years. Said the Aetna American Statesman, when William A. Blakley announced for the Senate:

"... He was a top-hand cowboy; he was a crackerjack bank clerk; he was an exceptionally good accountant and lawyer. We have an idea that he is going to be a refreshing, able political candidate. He would make a great United States Senator."

Vote for Bill Blakley on July 26 — an able man whose only ambition is to serve all of Texas.
