Plans Made For Skating Party With FHT Girls Monday

The regular monthly meeting of the local FFA Chapter was held in the Vocational Agriculture Department Tuesday night, opening at 9 o'clock, when the meeting was called to order by Norbin Taylor, President, and officers for the year 1943-44 were elected as follows:

President, Norbin Taylor; Vice-President, Billie Ross; Secretary, Levi Coble; Reporter, Kenneth Bales; Treasurer, Claud Pool; Parliamentarian, Hubert Gohlke; Historian, Fred Grisham; Watch Dog, Mark Strother.

The FHT Girls were guests of the FFA at their meeting Tuesday night, and Misses Roverta Sullivan and Glendolyn Bales favored the group with a song.

A report on the "Play Day" program was given by Rueben Sullivan, chairman of the committee in charge and a motion was made to have a skating party with the FHT Girls Monday night, August 16, at the local skating rink.

The meeting was closed with the regular closing ceremony, and refreshments of Coca Cola and candy bars were served.

Taxpayers Must File Declaration By September 15

The Treasury announced Friday that some 15,000,000 taxpayers who must file a "declaration of estimated income and victory tax" on September 15 may do so on a short, simplified form, if they choose.

Covering estimated income, after personal exemptions and credit for dependents, up to \$10,000, it makes an average allowance for earned income credit and other deductions such as interest, taxes and contributions. It is similar in principle to the short form income tax return, introduced two years ago as a simplification procedure. That form, however, covered gross incomes only up to \$3,000.

Generally, the new declaration must be filed by single persons earning more than \$2,700, married persons earning more than \$3,500 and all persons, regardless of marital status, who filed a return for 1942 and whose 1943 income is expected to be less than that of 1942. Certain other taxpayers also must file.

It must be accompanied by at least one-half of the amount of tax still due above that deducted under the 20 per cent withholding levy. The second half must be paid by December 15, and a final return (Continued on Page 4)

Sister Of Local Man Dies Sunday

Mrs. W. O. Shirley, 72, of San Angelo, sister of R. E. Foust of Littlefield, passed away at her home at San Angelo Sunday evening at 5 o'clock, after suffering from a heart ailment, and being an invalid for over a year prior to her death.

Funeral services were conducted at Divide Fundamental Baptist Church Monday evening at 6 o'clock, with Rev. Denton, pastor, officiating, assisted by Rev. Howard Hollowell, Methodist pastor. Interment took place in Nolan Cemetery.

Attending the last rites from Littlefield were: R. E. Foust, Mr. and Mrs. Ellis Foust, and Charles and Ralph Foust, all of Littlefield; and Mr. and Mrs. J. E. Foust of Morton.

Deceased had lived in San Angelo for the past ten years. She leaves surviving her husband; two sons and a daughter. The sons are Austin and Foster Shirley of San Angelo; and the daughter is Mrs. Wibb Payne of Nolan.

Also she leaves surviving two brothers, R. E. Foust of Littlefield; and J. L. Foust of San Benito, Tex. A sister passed away 30 years ago.

Harlan of Littlefield, recently received his wings and commission as a Second Lieutenant in the Army Air Forces after successfully completing his advanced flying school training at Williams Field, Chandler, Ariz. Lieut. Harlan is a graduate of Littlefield High School and attended the University of Texas prior to his appointment as an aviation cadet.

Otto Jones And O. K. Woodall Assist In Installation

Installation of new officers by Allen Bros. Post of the American Legion, Lubbock, took place Monday night, which was attended by Otto Jones, Vice-District Commander, and O. K. Woodall, District Commander-Elect:

Installation services were in charge of J. M. Wilson, Floydada, ex-commander of the Fifth Division. Music featured the entertainment program. Piano selections were presented by Sgt. Alice C. Ward, a member of the Women's Army Corps stationed at Lubbock Army Air Field. Two vocal numbers were given by Mrs. A. J. Thompson, who was accompanied at the piano by Mrs. C. E. Hereford.

Lieut. Randall T. Miller, chaplain at LAAP, presented a talk on the subject, "Security For Ourselves and Our Posterity."

Mr. Woodall went to Hale Center Wednesday night, and as District Commander-Elect, assisted in the installation of officers there. Mr. Jones will go to Morton tonight to assist, as Vice-District Commander, in the installation of officers at that city.

Aux. F. C. Woodie Raye Johnson

Aux. F. C. Woodie Raye Johnson, 19, daughter of Mr. and Mrs. Ray H. Johnson of Hart Camp Community, who recently visited her parents, has signed up for overseas service.

Aux. F. C. Johnson enlisted March 9 at Dallas. She was working at a bomber plant at Fort Worth when she enrolled. She was sent to Fort Oglethorpe, Ga., where she is stationed at the Third WAAC Training Center. She drives a truck and is connected with the Quartermaster's Department.

Aux. F. C. Johnson was graduated from Spade High School with the 1942 class. She is the oldest of the five children of Mr. and Mrs. Johnson, having two younger sisters and two younger brothers at home.

Aux. F. C. Johnson recently had a ten-day furlough, and spent from July 24 until July 28 with her parents. She says she likes her work fine.

Newtons Trial Date Set For August 23

The case of State vs. Dr. and Mrs. W. R. Newton of Cameron, Texas, is set for trial Monday, August 23, at Olton, and it is expected by officers that the case will then be tried; that should it be continued at all, it would only be for a few days, as District Attorney Harold LaFont, and the attorneys for the prosecution have stated they have all their witnesses, and are ready and anxious to try the case.

Dr. Hunt was shot the night of May 21, last year, when he responded to a call on the highway between Littlefield and Lubbock. The telephone call he received was thought at the time to be in the interest of injured persons in a car wreck.

Although severely wounded, Dr. Hunt drove his car back to Littlefield and collapsed after he reached his own hospital here. He later recovered. No motive ever has been established in the shooting, and the case has twice been continued due to absence of witnesses.

FFA Play Day Set For Friday, Aug. 13, At E. C. Ross Farm

Invitation Is Extended To All Mothers Of Future Farmer Group

Plans are underway for staking the annual FFA Play Day Friday, August 13, at the farm home of Mr. and Mrs. E. C. Ross, 3 miles east on Oklahoma Avenue, as announced by Raymond L. King, Vocational Agriculture Instructor, and FFA Advisor.

A picnic lunch will be served at noon, which will be furnished by the boys, and served by several mothers.

Games played during the day will include soft ball, horseshoes, washers, yard games, and swimming in the large irrigation tank on the Ross farm.

The group will meet at 9 o'clock and play until 6 p. m.

Mrs. Ross extends an invitation to the mothers of the FFA Boys to visit during the day, and assist in the program, and become better acquainted with the group.

Dr. Cox Examines 150 Cows Wed.

Dr. N. A. Cox, Lubbock Veterinarian, was again in the Littlefield area Wednesday, and tested about 150 cows for Bangs disease.

The tests were made over a scattered area, including around Littlefield, Lum's Chapel, the Weeks Bagwell Gin Community, and Spade.

R. L. King, Vocational Agricultural Instructor of the Littlefield Schools, stated that since the testing started several cows had been found to be infected with Bangs disease, adding that "since the disease is in the community, everyone interested in getting their cows tested should take advantage of the opportunity to have it done now."

Farmers wishing this service are asked to contact Mr. King. It is expected that Dr. Cox will make visits here as long as his service is needed.

Those Wishing To Can Food May Do So Free With Expert's Help

A Food Conservation Center, which is being sponsored by the Vocational Agricultural Department of Sudan Schools, will open at that city today, Thursday, with Mrs. Lois Smith as Supervisor.

Stilwell Russell is Vocational Agricultural Teacher of Sudan Schools. W. A. King, District Supervisor of Rural War Production Training Program, with headquarters at Lubbock, made the above announcement to the Leader Wednesday.

Mr. King explained that this Food Conservation Center, which is one of 500 operating in the State, is being financed by the Federal Government, through the Department of Vocational Agriculture.

In reporting the opening of this Food Conservation Center, Mr. King said:

"The purpose of the center is to conserve food through canning everything possible. We have 700 Centers operating in the State, 500 of which are operating as Food Conservation Centers. We expect to can as much as ten million cans in the State of Texas during the year 1943 in these Canning Centers.

"The purpose is to conserve food, by canning, and also to teach canning under a competent supervisor.

"The Plan is for the party wishing to can to bring the vegetables or meats, as the case may be, to the Center, and under Mrs. Smith's supervision, the food will be canned, and all taken home; and there will be no charge for the service. The party owning and canning the food may either bring their cans, or may purchase same at the Center. The work will be done by the party owning the food, with the assistance of (Continued on Page 4)

OPA District Meeting Held

A District OPA meeting for ration board members of this area was held Monday morning at 10 a. m. in the Hilton Hotel, Lubbock.

Representatives from Lamb, Yoakum, Gaines, Terry, Lynn, Garza, Crosby, Hockley, Cochran, Hale and Floyd Counties were present.

Attending from Littlefield were: J. T. Elms, of the Gasoline Panel; E. C. Cundiff, Chief Clerk of the Ration Board; Mrs. Arbie Joplin, Mrs. Eunice Graves, Mrs. Roy McQuatters, Jr., and Mrs. J. D. Dodgen, which included the entire office staff of the local board.

The morning session was taken up by district officers explaining the various points of rationing. The afternoon sessions were devoted to a round table discussion of the various problems of the ration boards, including price ceilings.

Mr. Cundiff reported that the tire situation was the most important topic with all the Boards in the District, and that from the reports of other county boards, Lamb County is not alone when it comes to being short of quota for tires; and that some counties were as much as 600 tires behind in filling their applications.

He also reported that most all counties have stopped trying to fill orders for tires on town cars, and are only trying to fill orders for farmers who live out 10 or 15 miles from shipping points.

Household Fats Needed

One tablespoon of waste household fats saved every day by each of Lamb County's 4,633 families during the second year of the WPB fat salvage campaign would provide enough glycerin to make 222,384 anti-aircraft shells, it was estimated today by the largest single collector of this vitally-needed war material.

"Although only a fraction of this amount has been saved daily by the average family," said T. A. Connors, head of the Great Atlantic & Pacific Tea Company's national meat department, "the steady increase in contributions is very encouraging. During May and June housewives turned in at our company stores as much waste fat as they did during the drive's four opening months, and our total collections for the year were more than 4,000,000 pounds."

Indications are that nationwide results of the campaign's initial year, ending the first week in July, totaled more than 65,000,000 pounds of household fats, based on OWI reports for the first 11 months. This is one-third of the annual quota for the nation of 200,000,000 pounds.

Texas is asked by the government to salvage 727,500 pounds of fats each month.

Answer To Grumblers

In his address at Commerce Friday, Sam Rayburn gave a well documented and convincing answer to those who have been carping about America's war effort. The record he cited is one of which every American can be just-

ly proud. Brought into the war by the sneak attack on Pearl Harbor, the United States has made monumental accomplishments since that tragic day. As noted by the Speaker of the House, we have sent abroad the largest overseas force of any nation in history and have made important gains with small losses. We have added 64,000 planes to our forces in the last year and have given our Navy two hundred new warships since the beginning of this year. The fight against enemy submarines is being won, and our transport service is unsurpassed.

While doing all this, we are amassing the greatest supply of food the world has known and are sharing it with our Allies, we are holding prices down fairly well and we are keeping our fighting men in better condition than any soldiers have been in any war. These facts, as Mr. Rayburn reminded his hearers, are the solid realities out of which the story of Allied victory will be written. They prove that a democracy can act quickly and can fight even more effectively than the goose-steppers of a totalitarian tyranny.

Our war accomplishments do not mean that we have reached a point where complacency may be condoned, however. Final victory is still ahead, and there must be no letup until after the last battle is won. Allied triumph is certain if we continue at the present rate, but it is important to achieve this victory as quickly as possible and with a minimum of loss. After that, we still have before us the equally important task of achieving a world order that will provide security against the outbreak of new wars.

CHICKEN BARBECUE IS ENJOYED AT F. O. MASNEN FARM NEAR SUDAN

Neighbors and friends from half a dozen West Texas counties gathered at the F. O. Masden farm, three miles north of Sudan, Wednesday afternoon of last week to enjoy a chicken barbecue and a "hay ride" through the 8,000 acres of growing cotton and feed crops. More than 100 men and women attended the get-together.

The Masden property in Lamb county is one of three large farm operations owned by the Masdens, one being in Cochran county, near Morton, and the other near Wellington, in Collinsworth county. These farms are machine operated, with skilled labor, and mass production is the result.

Gus Shaw of Ware's Department Store, Littlefield, and one of the country's earliest settlers, handled the barbecue. He was one of a delegation of Littlefield citizens present, and introduced the visitors in groups, each from Lubbock, Earth, Muleshoe, Morton, Amherst, and a number of other West Texas communities.

V. F. Jones, Lamb county farm agent, and Roy Hickman, agent for Cochran county, attended and made brief talks. Jones said Lamb county has 460,000 acres under plow, with 120,000 acres in cotton and 250,000 in sorghum grains this year. For several years, Lamb farmers received more than a million dollars a year in AAAA compensation checks but this fund now has dwindled to less than a half a million a year.

With more hogs, more cattle, more feed, and more food than it ever has grown before in a single year, Jones said Lamb county is up toward the top in production among West Texas counties. He paid tribute to the bankers, the 4-H clubbers, Future Farmers who have turned a range county into a rich agricultural area. Hickman gave a similar picture of Cochran county. Both sections are in need of rain, with shortage of labor and machinery and transportation, but prospects never have been better.

Eight Ears Of Corn Grow On One Cobb

S. Tucker of College Heights brought to the Leader Office Saturday a large ear of corn surrounded by seven smaller ears which was picked from his corn patch, and which is on display in the Leader window.

This corn cobb with 8 ears of corn in one is really unusual, and the first of its kind reported to this newspaper.

Mr. Tucker, who picked the cobb, said that he went out to pull some roasting ears Saturday morning, and seeing the large cobb, thought it

was only "a bunch of smut," and jerking the shock back, found the eight ears in one. The large ear was matured beautifully, but the other surrounding seven smaller ones were not matured, but Mr. Tucker said he believed if he had not broken it off, and left it until about Monday or Tuesday that they would have all been matured.

In his garden in College Heights Mr. Tucker has corn, beans, peas, cucumbers, okra and tomatoes.

Mr. and Mrs. Tucker have lived in College Heights four years; have a lot 60 feet wide by 200 feet deep, on which besides the garden they have 40 hens and about 30 chickens of frying size.

FATHER OF MRS. ART WILLIS PASSES AWAY

M. O. Field, father of Mrs. Art Willis of Olton, passed away at the Floydada Hospital Saturday evening, July 31, at 11 o'clock, after a brief illness.

Funeral services were held at the Church of Christ in Haskell, Texas, Sunday evening, August 1, at 5 o'clock. He is survived by seven daughters and two sons, all of whom were present for the funeral.

What You Buy With WAR BONDS

The tradition of American cavalry threads back to Indian warfare days and although modern armies are largely motorized today, the cavalry still plays an important role. Sturdy, well trained horses and excellent equipment and trappings are necessary.

When men are in the saddle for hours, their saddles, saddle rolls and other equipment must be made to stand the wear. Complete with carbine and helmets, the equipment for the cavalryman runs into hundreds of dollars. You can help provide this with your War Bond purchases. If you have not done so, join the Payroll Savings Plan and put ten percent of your income into War Bonds. U. S. Treasury Department

for 1943, together with a declaration of estimated income tax for 1944, must be filed by next March 15. At that time, too, taxpayers must pay one-half the unabated portion of their 1942 (or 1943, if it is lower) tax liability. The final payment on unabated taxes is due March 15, 1945, after which collections will be on a truly pay-as-you-go basis.

The declaration is being mailed between Aug 15 and 20 to all income tax payers whether or not they are required to file it.

Foursquare Church To Hold Revival!

A revival will be held beginning Aug. 15 at the Foursquare Gospel Church, one block south of the City Hall.

Rev. T. M. Hicks, nationally known radio evangelist of the South, will be conducting a series of services.

Everyone is invited to hear these inspiring messages by Rev. Hick.

Rev. and Mrs. E. T. Willis, local pastors, will be giving special music on their electric guitar and accordion.

Mr. King also stated that there were 88 centers operating in this District, including 30 food conservation centers, at which canning programs are underway.

The canning equipment for the Sudan project was delivered Wednesday at the Center, and everything is in readiness to get started today.

Mrs. Smith will also have an assistant, who is experienced in this work.

A Canning Center, sponsored by the Vocational Agricultural Department of Whitharral Schools, are already underway, and plans are in progress to open such projects at Spring Lake and Olton.

recently the awarding of the Lone Star Farmer Degree to three members of the Littlefield FFA Chapter, Carrol Wilson, D. H. Brewster, Jr., and John Estle Willingham.

Carrol Wilson, son of Mr. and Mrs. M. J. Wilson, has \$1,047.50 invested in farming and has a labor income of \$1,065.31. His project program has included sows, feeding pigs, beef, milk cow, cotton and milo. He has carried 15 projects in his three years' work.

D. H. Brewster, son of Mr. and Mrs. D. H. Brewster, has a labor income of \$390.17, and has \$605.10 invested in farming. His project program has consisted of swine, beef calves, chickens, cotton, milo, peanuts and broomcorn. He has carried 15 projects during his vocational agriculture work.

John Estle Willingham, son of Mr. and Mrs. J. F. Willingham, has \$818 invested in farming with a labor income of 1392.64. His project program has included swine, beef calves, dairy cows, milo, hegari, cotton and soy beans. He has carried 25 projects during his three years in vocational agriculture.

Each of these three boys received a Gold Key from the State Association. Only one other boy from Littlefield has ever received the Lone Star Farmer Degree. Luther Cunningham received the degree in 1939.

A good deal of credit for the success of the Littlefield boys is due to the untiring efforts and splendid cooperation extended the boys by their instructor, Raymond L. King, who takes unlimited pride in the boys progress and their projects.

United States WAR SAVINGS BONDS

HAVE YOU DONE YOUR PART?

Sad, yet proud, Uncle Sam thinks of the soldiers of the wars gone by, the faces of the men who fought in the Mexican War, the Spanish-American War, and World War I pass before his eyes. And now, the soldiers of World War II are added to the parade of Heroes.

We must stand together, for when the American people are united there can be no failure. Our boys are doing more than their share, we will not let them down.

A WAR BOND not only helps your country pull the trigger of a gun aimed against our enemy, but it also helps you to save for the years when peace shall come again.

Pvt. James has been in service 10 months. He enlisted in November of 1942.

Master Sgt. Roy Dow, son of Burt Dow, arrived in Littlefield Friday to spend several days. He is stationed at Anva Field, Arlington, Calif.

A-S Bruce Wren, Jr., of the Air Corps, stationed at Nashville, Tenn., has recently been transferred from Knoxville to Nashville. He is the son of Mr. and Mrs. Bruce Wren. The Leader is in receipt of a letter from Wren, giving change of address, in which he said:

"I have been receiving the Lamb County Leader regularly, and I enjoy every issue. It brings a lot of satisfaction to read the home town

news. "We will be classified here before being sent to pre-flight. "This is a swell camp and there are quite a few Texas boys here from our territory. We all like our status very much."

Davey D. Yantis, son of Mrs. O. K. Yantis, Sr., of the U. S. Navy, stationed at Little Creek, Va., has been promoted from Seaman Second Class, to Quartermaster Third Class, and Petty Officer, according to a letter received by his mother last week in which he stated he was quite thrilled at his advancement, which was the same as a Sergeant in the Army. He also said he had now caught up with his brother, O. K.

Recently promoted to Corporal at Dodge City Army Air Field is Joseph B. Reitman, son of Mr. and Mrs. J. H. Reitman, of Littlefield. He is a member of the 61st Two-Engine Flying Training Squadron there.

Dedicated to providing the world's sharpest pilots for the world's speediest medium bomber, Dodge City Army Air Field, second and newest pilot school of its kind in the nation, trans hand-picked officers (just graduated from AAF advanced flying schools) in operation of the hard-hitting B-26 Marauder, deadly flying powerhouse now smashing the Axis on many fighting fronts.

Skilled specialists in the operation of diesel motors are needed by the Navy in vital positions aboard ship and at shore stations. To fill one of these jobs, Elzey L. Hobbs, 21, son of Mr. and Mrs. Emzy Hobbs, Rt. 2, Littlefield, is taking a special course at the Naval Air Technical Training Center, Navy Pier, Chicago, Ill. Upon graduation he will be eligible for promotion to a petty officer rating.

The Bluejacket was selected for this training upon the basis of his civilian experience and results of a series of aptitude tests he took during recruit training. His course of internal combustion engines, and the use of machine tools.

Cull Now And Save Feed Says Asst. County Agent

You can cull 20 per cent or more of your hens now if they have not been culled already. If every flock owner in Texas would cull out that amount it would save approximately 72,000,000 pounds of feed during the next two months, according to S. L. Garrison, Assistant County Agent for the A. & M. College Extension Service.

By culling now you can help save scarce feed and at the same time you will be making room for those pullets coming on, which in many cases are overcrowded in their present location.

Culling may be done easily by confining the hens to the house during the night, and using a catching hook working quietly among them the next morning. All birds should be culled that have shriveled combs, yellow legs and beaks, molters, weak and emaciated, gray eyes, saggy abdomen and with coarse masculing heads. All roosters should be separated from the laying flock and those not needed for breeding purposes next year marketed.

Cull now and save feed, have extra meat for the table, extra money from the loafers that are now costing you instead of paying you.

RATION REMINDER

CHEESE—In 17 states of east-coast area A-6 coupons are valid. In states outside the east-coast area A-7 coupons are valid through September 21. All coupons in the possession of owners must be endorsed with their license number and state of issue.

STAMP—Stamp No. 18 good for 5 lbs. through August 15. Stamp No. 19 good for 5 lbs., becomes valid August 16 and remains good through October. Stamps Nos. 15 and 16 are good through October 31.

MEAT—31 for 5 lbs., each for home canning purposes. Housewives may apply to their local ration boards for more if necessary.

SHOES—Stamp No. 18 (1 pair) is valid through October 31.

STOVES—Purchase certificates now issued and normally valid for 30 days from date of issuance, will be invalid after August 23, by which time it is expected the new nationwide stove rationing plan will be in effect.

MEAT, Etc.—Red Stamps T, U, and V, now valid, expire August 31, W is valid August 15, expires August 31.

PROCESSED FOODS—Blue Stamps R, S, and T became valid August 1 and remain valid through September 30.

RATIONING OF HOME-CANNED FOODS

Each person in your family may give away as much as 50 quarts of home-canned food during any calendar year without collecting ration stamps. Any food which is sold does not qualify as a gift, however, and points must be collected for all sales at the rate of 8 points per quart (4 points per pound). Home-canned food contributed to school lunch programs and similar services is included in the 50 quarts. More than 50 quarts may be given away provided ration stamps are collected for all gifts exceeding that number. The stamps should be turned in to

your local ration boards.

WASTE FATS COLLECTED

Waste kitchen fat collections throughout the country totalled 8,440,274 pounds during the month of June, setting an all time high mark since the inauguration of this program in July 1942, WPB has reported. The total collected is still not sufficient to meet war demands. WPB Region 1, comprised of the New England States ranked first in pounds collected per occupied dwelling.

LEGAL AID TO SOLDIERS

Legal aid, ranging from drawing wills to solving problems in insurance, is being provided to soldiers by more than 600 legal assistance officers in military installation in the U. S. and abroad, the War Department announced recently. At each of the legal assistance offices, commissioned officers of the Judge Advocate General's Department, Army Service Forces, who are also licensed attorneys, are on duty. During a recent period 50 typical legal assistance officers reported that since their establishment they have assisted military personnel in a total of 24,000 matters.

MORE BUTTER FOR CIVILIANS

Approximately 16 million pounds of butter, in addition to the amount scheduled for August, will be available to civilians this month, the War Food Administration has announced. Previously 40 per cent of production was to be set aside for government purchase. This has been reduced to 30 per cent.

SELL EQUIPMENT TO SIGNAL CORPS

Photographic and short-wave radio equipment purchased from private owners is now in service on many battle fronts as well as in the continental United States, but more of a number of specific items is greatly needed, the War Department has announced. The Signal Corps, Army Service Forces, has made a special appeal to persons possessing certain high-grade or scarce items to sell them as a means of aiding the war effort. Owners who wish to offer equipment for sale should write to: Emergency Purchase Section, Philadelphia Signal Corps Procurement District, 5000 Wissahickon Ave., Philadelphia, Pa. Nothing should be shipped unless requested.

RULE FOR POULTRY TRUCKERS

Truckers hauling poultry must post within their trucks the name and address of the persons to whom it is being shipped, the place from which the items were shipped, their quantities, types, grades and weight classes, and the number of head of each, the OPA has ruled.

WOOL SUPPLIES ABOUT SAME

The supply of wool for civilian wearing apparel is approximately the same as last season. To meet military

demands and equip civilians, existing wool facilities will be operated to the limit of capacity. Manufacturers are reducing the variety of colors and counts of their yarns; weavers are dropping some of the non-essential numbers from their lines. Materials produced will be familiar, popular, and practical types. No colors are prohibited.

FEDERAL EXPENDITURES

Ninety-five cents out of every dollar of Federal expenditures goes directly into the war effort, says Secretary of the Treasury Morgenthau. This means that \$36.8 billions of the approximately \$38.7 billions which President Roosevelt estimated would be received in the present fiscal year, will go to purchase guns, tanks, ships, planes, etc.

FRUIT, BERRY PRICES INCREASE

Formulas for establishing maximum canners' prices for seven fruits, 11 berries, fruit cocktail, and the juices and nectars of the fruits and berries have been announced by OPA. The formulas take into account higher costs to canners, and since canned fruits and berries are sold under fixed mark-ups at both wholesale and retail, it will mean increased costs to the housewife on these items.

NEED BIG PEANUT CROP

Large increases in the production

of peanut butter and peanut oil from the 1943 crop of farmers' stock peanuts, expected to approximate 1,425,000 tons—375,000 tons more than last year—are urgently needed to meet wartime requirements, says WFA. Approximately 413,000 tons will be made into peanut butter—375,000 tons for civilian consumption and the remainder for the Army and Navy.

Homemaking Summer project of Littlefield Schools, has been selected as August 20 from 4 to 5 P. M. in the High School Homemaking Department.

All girls are urged to bring their mothers and attend the program and exhibit.

The exhibit will include clothing, quilts, fancy work, canned food, etc., made by the girls.

You are invited to attend. Miss Stith is homemaking teacher of the local schools.

"Five Graves To Cairo" Showing At Palace This Week End

The Palace Theatre will present "Five Graves to Cairo" Saturday midnight, Sunday and Monday. Excellent performances and fine direction combine to make this a gripping drama of the war in Africa. The "Five Graves" in the title refer to five hidden stores of munitions secreted in Egypt. The secret is discovered by a British corporal. His exciting efforts in getting Rommel to reveal all five hiding places makes exciting screen fare. Franchot Tone, Ann Baxter, and Akim Tamiroff head the splendid cast with Erich Von Stroheim as Rommel.

If Hitler wins, the issue for you will be living itself and not just the cost of living. Think that over and figure it out for yourself how much beyond 10 percent of your family income you should put into War Bonds every payday.

Cotton Crop Estimate Made

A cotton crop of 12,558,000 bales or 500 pounds gross weight was forecast Monday by the Agriculture department, in its first production estimate of the season, based on information gathered as of August 1. The census bureau issued simultaneously its first ginning report of the season showing that 108,652 running bales of line cotton, counting round as half bales, had been ginned to August 1. Ginnings to that date last year totalled 48,626 running bales. Two years ago the total to that date was 1,969 running bales. Production of cotton last year was 12,824,000 bales, of 500 pounds gross weight; in 1941 it was 10,744,000 bales, and the average production in the ten years, 1932-1941, was 12,474,000 bales.

Mary Lee Carpenter And Lt. Saltys Wed At Los Angeles

Mrs. R. N. Carpenter of northwest of Littlefield announced the marriage of her daughter, Mary Lee Carpenter, to Lt. Saltys, of the Army Nurse's Corps, at Los Angeles, Calif., on July 30, at Los Angeles, following the ceremony performed by Rev. Roy L. Ruth, pastor of the First Methodist Church, Ontario, Calif.

The groom was attended by Lieut. Anderson of Los Angeles, who wore the Officer's uniform. Following the ceremony a reception was held at the home of Mr. and Mrs. Tommie Smith. Mrs. Smith is a cousin of the bride.

Lieut. Carpenter has been in the Army Nurses Corps for over a year, having enlisted in June, 1942, at San Diego, Calif., when she was granted the ranking of Second Lieutenant. She was stationed at Camp Callan, San Diego, for some time. She recently made application for overseas duty as a transport nurse to carry the wounded back from the battle lines. She has since that time been awaiting her call to this service. She is now stationed at

Miss Joyce Gill And Cadet W. H. Woody Wed At Ontario, Cal.

Miss Joyce Gill, daughter of Mr. and Mrs. Fleet Gill of 13 miles south of Levelland, became the bride of Cadet W. H. Woody in a quiet ceremony performed Wednesday, July 21, at the parsonage of the First Methodist Church, Ontario, Calif., by Rev. Roy L. Ruth, pastor.

Attending and witnessing the ceremony were two fellow cadets of the groom, John Wasson and Allen Webster.

For her wedding costume the bride selected a rose-colored suit with accessories of black.

In the evening following the ceremony the newlyweds were entertained by members of Cadet Woody's squadron at Cal-Aero Academy, with a reception at the Sycamore Inn.

Mrs. Woody is a graduate of Littlefield High School, and received a Home Economics Degree from Tech College. She taught Home Economics a year at Grady, N. M., and at Stanton, Texas, a year. Cadet and Mrs. Woody were classmates at Texas Tech, Lubbock, which he left in February to enter the air service. Mrs. Woody for a number of years lived with her parents south of town on the C. A. Joplin farm, and also about 2 1/2 miles south of town, previous to their moving near Levelland.

Following Cadet Woody's recent graduation from the Cal-Aero Academy, he has been sent to Taft, Calif., for further training, and expects to be awarded his commission as a second lieutenant, and receive his Wings about December 1. Mrs. Woody will join her husband at Taft.

Mrs. E. B. Hewitt Entertains Desert Club Friday Evening

Mrs. E. B. Hewitt was hostess Friday evening to members of the Desert Club and their husbands at a dinner-bridge, at the Hewitt apartment on Phelps Avenue.

Roses and carnations in profusion made more attractive the entertaining rooms.

Following the dinner four tables

of bridge were enjoyed by the following: Mr. and Mrs. O. K. Woodall, Mr. and Mrs. V. S. Cassel, Mr. and Mrs. E. B. Luce, Mr. and Mrs. Elmer Lewis, Mr. and Mrs. L. T. Green, Mr. and Mrs. Price, Mr. and Mrs. J. W. Keithley, and Mrs. S. J. Farquhar, and the hostess, Mrs. Hewitt.

Scoring high in the games were: Mrs. E. B. Luce and O. K. Woodall, to whom defense stamps were awarded.

Miss Hattie Mae Lasater And Sgt. Roe Tipton Wed

The marriage of Miss Hattie Mae Lasater, daughter of H. W. Lasater of Idalou, to Sgt. Roe Tipton of Camp Cook, Calif., was solemnized Thursday evening at 7 o'clock in the First Baptist Church at Santa Barbara, Calif., in a double ring ceremony.

The bride wore a navy blue suit with powder blue accessories and a corsage of pink carnations.

She wore a dime in her shoe for good luck, and for something old and borrowed she wore a string of pink seed pearls and matching bracelet belonging to her sister.

A wedding supper and party were given at the El Paso in Santa Barbara following the ceremony. The couple left for a wedding trip near Santa Barbara, and upon their return Mrs. Tipton will return to Huntington Park where she is employed at the Bank of America, and Sgt. Tipton will return to Camp Cook.

Mrs. Tipton was employed at Loew's Drug, Lubbock, prior to going to California two months ago. Sgt. Tipton was formerly of Littlefield, but was employed by the Baldrige Bakery at the time of entering the Service.

Planning ISN'T NEW—

The way a lot of people are talking these days, you'd think planning is something new.

But anybody who's ever run a farm or business knows that if you don't plan, you can't get the most out of what you have to do with.

To plan properly, the farmer has to know about crops, soils, seasons, tools and stock; and the company operating a business has to be well versed in machines, markets, science and engineering.

Because of planning on the part of the Electric Industry there has not been one single instance where production of materials for armament has been delayed because of lack of power. It is the one industry that has always been able to furnish all the power necessary in our quickening drive for victory. Too, there has been ample power for domestic use.

Your Southwestern Public Service Company has the same objective in their planning—to do everything they can for their country today, and, tomorrow, to make a fair living through greater service to their fellow Americans.

Whitharrel School Has Shoulders To War Wheel

The Whitharrel schools—which, you might say, have not closed all summer—will be opened August 2 for the 1943-44 scholastic term, it has been announced by Supt. W. O. Tipton.

The agency of public schools in the complex nature of a community with its shoulders to the war wheel possibly could be exemplified no place more than Whitharrel.

Miss Robin Lee Harbin, home-making instructor who was graduated from Texas Technological College, is conducting canning classes for women of the 117-square mile school district with such success that the state has volunteered to lend two 50-quart cookers to the school. Women have three ranges, facilities for running water and other "kitchen" needs, and are canning heavy volumes of vegetables.

Farmers of the district work their long hours, then take to the school tractors, trucks, cars, binders and

and other farm and automotive machinery for repairs. Graduates or students in the farm machinery repair class, working under direction of H. G. Preston, superintendent of the school shop, and Pete Tillery, shop foreman, assist the farmers with welding and tune-ups and other tedious work, and the machinery rolls out under its own power. Often one sees lights, attesting to night work being done by a "crew" that has worked all the daylight hours at the school.

Tipton, who came from Oklahoma at the beginning of last scholastic year to assume the superintendency at Whitharrel, has a 12-grade system that boasts 28 units of affiliation and 17 teachers. The district's scholastic census showed 504 students, only seven less than the previous year. It operates seven buses, and last June turned out 18 graduates, some of whom have entered the armed services. There are three

Last Rites For L. W. Dobbs Thursday

Funeral services for Lynn W. (Cotton) Dobbs, 35, Flight Instructor for Breedlove Aerial Service, who with a student, Lund C. Stucki, 23, son of Ezra S. Stucki, Rexburg, Idaho, was killed Tuesday afternoon, August 3, in the crash of their light training plane, five miles southwest of Lubbock, was conducted Thursday evening at 7 o'clock at the First Methodist Church, Littlefield, with Rev. C. Frank York, pastor, officiating, assisted by Rev. J. H. Sharp, former Littlefield pastor, but now of San Jacinto Methodist Church, Amarillo.

Active pallbearers were the following flight instructors from the Breedlove Service, with whom Dobbs had worked: Quinn Henry, Hal Stansell, Charles Akey, Cliff Dean, Kirk Dean, and Jack Henry, all of Lubbock.

The Masonic Lodge had charge of the service at the grave; and the following were honorary pallbearers: H. C. Arnold, Quinton Bellomy, Jack Farr, C. O. Griffin, L. C. Hewitt, T. G. Shaw, Jr., T. Wade Potter, and Norman Renfro.

The Hammons Funeral Home had charge of burial arrangements. Mr. Dobbs was born October 3, 1907, at Windom Springs, Alabama. He located in Littlefield in 1926, where he has continuously made his

buildings in the system, all undergoing needed painting and minor repairs. Harold Hall is principal of the High School, Leo Warren of the grade school. Added shop equipment of \$150 value will allow for wood-working classes to supplement work of welding offered last year.

The school has accounted for more than \$6,000 in war bonds and stamps sold.

home, with the exception of the past several months that he has been serving as Flight Instructor.

Mr. Dobbs was sworn into the Army Air Corps Reserve Tuesday, October 27, 1942. At that time he had been flying four months, and had a total of 121 flying hours to his credit. He and Quinn Henry were two of five men selected on account of their high grades made on tests, to attend an instructor's school at Dagley Field, Lubbock. After taking this eight weeks' course he was assigned to Kelly Field for advanced training, and later sent to Ponca City, Okla., as a flight instructor, returning to Lubbock on March 1, last, where he has since been serving in a like capacity.

About a year ago he, with a number of other Littlefield business men became interested in flying, and after taking instruction at the local field for sometime, he and a number of other Littlefield men organized the Littlefield Flying Club, of which he was president.

Dobbs is survived by his wife and two sons, Joe and Jeri; his parents, Mr. and Mrs. J. D. Dobbs of Crosbyton; one sister, Mrs. W. E. Weeks of Lubbock; four brothers, Jim and Hallman of Lubbock; Gaines Dobbs of Alhambra, Calif.; and Gene V. Dobbs of Wichita, Kans., all of whom were here for the last rites.

Other out-of-town relatives and friends here for the funeral included Mrs. Dobbs' parents, Mr. and Mrs. J. J. Eagan, and their daughter, Miss Gynelle Eagan, a sister-in-law, Mrs. Buford Eagan, and Mrs. Gene Evins, all of Olney; Mrs. Dobbs' brothers and sisters-in-law, Mr. and Mrs. E. W. Eagan of Oklahoma City, Okla.; Mr. and Mrs. J. R. Eagan of Lubbock; and Mrs. C. M. Mitchell, Mrs. Eugene Porter, Mrs. Waymon Newton, Charles Whitaker, James Norman, and Miss Mary Ruth Newgent, all of Lubbock, and Mr. and Mrs. K. W. Wells of Anton.

Also all of the Flight Instructors at the Breedlove Flying Service in Lubbock, and their wives, attended the final rites in a body.

The body of Lund C. Stucki, a pre-flight cadet of the 30th college training detachment at Texas Technological College, was sent to Idaho Friday morning for burial, accompanied by Cadet Edwin A. Capps of Stucki's squadron.

The crash occurred on a routine five-hour check flight given pre-flight students by the Breedlove service under contract with the government.
