

# Oilton May Bring More Cash---But Enormous Crop Of Grain Sorghums Is Foreseen

Oilton has been getting all the lion's share of attention in street conversations, the daily and weekly press, the South Plains, and, of course, that means in Littlefield and vicinity as well.

age so planted this year, but the prospects for a far above normal yield per acre have never been so bright.

**Grain Sorghums on Top**  
In the hurly-burly over cotton, the crop in which Lamb county leads the entire nation, is being verbally neglected—yet this same crop—maize and grain sorghums, have been planted almost equal to the top major year of the past, and while cotton admittedly, will bring in more cash money this year, in Lamb county, grain sorghums, and maize are going to be right up at the top again, and the cash income from them, if not the total amount harvested, may exceed even the best grain sorghum year ever experienced, or enjoyed in the coun-

ty.  
**Large Crop Foreseen**  
One of Lamb county's leading elevator operators, a man who has watched the crops and yields of both maize and cotton for many years, and has lived in Littlefield for 37 years, has looked the grain sorghum situation over throughout the county, and expresses concern, not for the crop or its yield, but for storage space to handle the enormous crop, which he foresees as certain, to be harvested in the few weeks ahead.  
He has looked over plants, fields, stalk, and moisture conditions, and flatly asserts that this is going to be the greatest yield year per acre the county has ever produced.  
**Yield Expected Double**  
He predicts that the yield per ac-

night, but last week many farmers started their irrigation plants in operation will average double that of last year, on an estimated 137,000 acres planted to white and yellow grains, only slightly under last year's planted acreage.  
He says also that there will be ample storage space for the red or yellow grain, but farmers may have trouble finding storage for the white variety. It all adds up to an enormous cash figure, in prospect here from the grain, as the loan value still stands at \$2.03 per 100, with only storage to be deducted. (The latter rate has not yet been announced).  
The north half of the county will produce more grain sorghums than usual. The soil there is more sandy, and has blown more, and much ac-

reage was first planted in cotton, which blew out (and considerable suffered hail damage) and was then converted to maize and sorghums.  
Throughout the county, the sorghum crop averages 10 days to two weeks later than last year.  
As he has carefully studied the maize and grain sorghum situation, he has not overlooked cotton, and he believes that Lamb county will certainly far eclipse its previous high record cotton crop, but, that it could easily be the banner cotton county of the state. He doesn't disagree with some of the other experts, who are predicting a harvest of 200,000 bales in Lamb this year.  
A good rain fell here Sunday evening, and others are doing the same this week, as there has been a deficiency of moisture the past

thirty days, yet not to an extent that cotton has suffered to any very large degree.  
The underground moisture situation was almost ideal at planting time this year, and cotton plants have really taken advantage of it, by sending a main root deep into the ground—which many experts believe is a sure method of predicting a crop—as the root goes, so goes the plant and the yield.  
Some of the cotton was planted three and four times, and some is a bit late. Some of the crop is already squared, but all of it has fruited tremendously in the past two weeks.  
In summing up the crop situation in the county, we are apt to enthuse over the two major crops to

an extent that other lesser crops are overlooked.  
Late August or early September will find a big melon crop coming on the market, and already there are lots of fresh home-grown vegetables on the market. The fruit-crop, of which our production is limited, and especially peaches and plums are producing a splendid quality, but the yield is not so heavy as in some past years.  
All in all, in summing up the entire crop situation, and after interviewing P. W. Walker, and others, it seems that there are only two words to use in adequately summing up the result of the survey, and those two words, are each of four-letter length, and the first one can easily be emphasized and repeated very, very good.

## Local Woodmen Are Heading To State Meet

More than one hundred from Lamb county are to attend the annual meeting of the World annual encampment, to be held this year at Mineral Wells. The opening ceremonies are scheduled for August 15th in the group will be led by Littlefield High School leader Don Hays. Manager George W. Hine will have charge. Seven teams from over the

state will compete in drill work, and officers will enter for competitive degree work. The winner in the degree work will be awarded an all expense trip to the national encampment to be held next year.  
Littlefield high school band won top honors at the encampment held at Palacios, Texas last year, and are expected to make a good showing this year, and have hopes of walking off with the same honors.

## Whiteway Lighting System Turned On About Aug. 15

August 15th installation of whiteway lighting system will be completed, and the use of an electric switch, will be brilliantly lighted with modern lighting systems.  
The program there are 55

tall standards installed, which is 24 more than the city had under the original lighting system. Thirty-one of these standards were erected on Phelps Avenue and XT Dr. six in the area of the school building, and 18 on Highway 84.  
Additional lights are also being placed in the residential district, especially in Duggan Addition, where very few lights have been installed.

**HEART ATTACK**  
A street employee at the city who suffered a heart attack during his annual vacation trip to Mexico. He was visiting his

brother who is in a serious condition from injuries suffered in an automobile accident a few weeks ago. Mr. Faucett returned home last Thursday.

## Stalls Short Wave

West Texas Gas Company announced today that it has recently completed the installation of nine fixed short wave radio stations along its more than 800 miles of transmission lines.  
The company has also equipped 30 trucks and automobiles with two-way radios.  
This radio net work, the first in this area to use frequency modulation equipment, together with more than 300 miles of company-owned telephone lines and long distance commercial lines provides as good a communication system as is available.  
R. F. Hinchey, president of the West Texas Gas Company, explained, "Communication between all points of West Texas Gas Company's transmission lines is very essential and must be maintained at all times in order that it may render good natural gas service to the thousands of homes and businesses in the 23 counties the company serves. As additional insurance for proper communication, West Texas Gas Company has installed its own short wave radio net work."  
The installation of the short wave system enables the company to call together emergency crews at a few moments' notice. Licensed radio operators are on duty at all nine fixed radio stations twenty-four hours a day, every day of the year. They will keep in contact with maintenance men making repairs along the transmission lines, and also dispatch pressure readings via radio when other communication systems are busy or out of order.  
The nine fixed stations are located at Lubbock, Plainview and Midland, which are division nerve centers; at Odessa, which is near two sources of natural gas supply; at Turkey Creek Compressor Station in the Panhandle Gas Field, and at compressor stations near Canyon, Hereford, Littlefield and Tahoka.

## Stop Sign Will Be Installed At Postoffice

According to Mayor A. C. Chesher, practically all suggestions of safety measures made by the Chamber of Commerce, have been complied with by the City.  
This included the installing of stop signs.  
Mr. Chesher stated that a stop sign will be installed between the First Baptist Church and the postoffice within the next two weeks.

## COOLER WEATHER

Showers continue to fall over the South Plains bringing cooler weather. Littlefield and area received a quarter of an inch early Sunday morning.  
Temperatures for the past week were:  
Thursday low 79 and high 92; Friday, low 68 and high 101; Saturday, low 70 and high 101; Sunday, low 76 and high 94; Monday, low 64 and high 90; Tuesday, low 88 and high 96; and Wednesday, low 63 and high 76.

# High School Bond Election Will Be Held Saturday

Littlefield Independent School voters will go to the polls Saturday, to vote for or against a \$500,000 bond project, for Littlefield's proposed new Senior High school building.  
The voting will take place in the District Court room in the Courthouse, from 8 a. m. to 7 p. m. Judges will be Harry Brantley, O. L. (Jack) Walker and J. T. Elms.  
The proposed new building, which will accommodate the 10th, 11th and 12th grades will include a complete gymnasium, auditorium, library, laboratories, vocational agriculture, home making, science and commercial departments and 18 classrooms. The building will be of brick and tile construction and will be located at the cor-

nor of First street, and N. Lake Avenue.  
In calling for the election, school officials are of the opinion that the new high school building will provide for present needs, and the needs of the future, within a reasonable time. It will alleviate overcrowded conditions that exist and have existed in the school system here for some time. It will no doubt raise the standards of the school, and students will be better prepared when entering college.  
Several new courses will be added to the school curriculum.  
With an enrollment now of 375 students, statistics point out that by 1952 there will be an enrollment of approximately 450 students, that there is a small sophomore class

this year, due to the fact that most students skipped one grade, when the 12 year system was organized eight years ago.  
Another point that was brought out, by a school official was that there is now a total of 175 students in the 5th grade, with a total of 45 students in the four classrooms. The state recommends that there be only 26 students in a class. Therefore, due to the lack of rooms, Littlefield school system is losing eight teachers in this particular instance, that would normally be provided under the Gilmer-Aiken bill.  
If more room could be provided, physically handicapped children could be given special attention and a teacher could be employed

especially for them.  
Other departments which will be revamped, if the bond election carries, are that the 7th, 8th and 9th grades will meet in the present high school building, therefore, only two grades, the 5th and 6th will meet in the old Central School building, which is the most undesirable building on the campus.  
Many courses are not offered in the local high school system, because of the lack of space, or that the equipment is such that complete courses cannot be taught.  
If the bond election carries the new school should be ready for occupancy by 1950. The bonds would be payable over a period of 30 years, with a 15 years option.

### HOUSE JOINT RESOLUTION NO. 19

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to provide for Civil Service in certain counties upon a vote of the people therein.

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section, to be known and designated as Section 62-c, reading as follows:

"Section 62-c. The Legislature is authorized to provide for the creation of Civil Service Systems for county employees in the respective counties of this State, but any system so authorized and established shall be approved by a vote of the people in said county. Any Civil Service System established by virtue of this Section shall apply to appointive officers only, and the limitations on term of office heretofore provided by Section 30 of this Article shall not apply, but the duration of such offices shall be governed by the provisions of such Civil Service System. This Section shall not apply to counties having a population less than seventy-five thousand (75,000) people."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed or written thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR The Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein"; and "AGAINST The Constitutional

Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

### HOUSE JOINT RESOLUTION NO. 15

proposing an amendment to the Constitution of the State of Texas by adding a new Section to be known as Section 48-b, authorizing the Legislature to provide for the establishment of health units, and authorizing a tax in support thereof.

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be and the same is hereby amended, by adding a new section to Article III of said Constitution to be designated Section 48-b, reading as follows:

"Section 48-b. The Legislature shall have the authority to provide for the organization of county-city health units and the operation thereof and to authorize counties and cities to provide a tax of not to exceed twenty cents (20c) on the One Hundred Dollar (\$100) valuation of taxable property in counties and cities for the purpose of financing the said county-city health units; provided that no such tax shall be authorized except by a vote of the people residing in the city or county in which said tax shall apply. The foregoing tax shall be levied only on

county valuations."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, 1949, at which election all ballots shall have written or printed thereon:

"FOR the Constitutional Amendment authorizing the Legislature to pass laws for the creation and operation of city-county health units and to authorize cities and counties to vote a tax in support thereof."

"AGAINST the Constitutional

Amendment authorizing the Legislature to pass laws for the creation and operation of city-county health units and to authorize cities and counties to vote a tax in support thereof."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

# Hall Motor, Earth, Olton, Amherst In Playoff For Championship

Junior baseball is really taking the limelight these days, and creating excellent sport for the fans.

Hall motor met Earth at Springlake Saturday afternoon, before a large crowd. The score 3 to 4 in favor of Earth, tells the story of the close game played.

Fans report this the fastest game of the year, and the best game they had seen for some time.

**Amherst Wins**  
The Littlefield Colored Boys contested Amherst, at Springlake, and lost to the close score of 14 to 15 in an overtime game. A good game is reported.

**Olton Downs Springlake**  
In the last game Saturday, Olton played Springlake on their home ground, and won by a score of 24 to 2. Springlake reports a number of their boys off the field.

Hall Motor, Earth, Olton and Amherst, are, therefore, in the playoff for championship of the County, starting Thursday afternoon, August 4, at 2:30, on the Springlake diamond.

Tuesday evening of last week Olton played a game with Hereford, winner of the north half of the Panhandle. Olton tied them 6 to 6, and after playing 9 innings, they had to quit and call it a draw on account of the darkness. Hereford is recognized as having a splendid team.

The results of the two games on Thursday afternoon will decide who and where the rest of the games will be played.

The bridal shower honoring Mrs. John Edd Hutchins, the former Miss Betty Ann Davis, was given Wednesday afternoon, July 27, in the home of Mrs. D. L. Greenwood. Approximately sixty guests who called presented the honoree many lovely and useful gifts. Several others, who were unable to attend the shower, sent gifts.

The refreshment table was laid with a lace cloth with Mrs. Jarold Jones of Littlefield serving the cake, while Miss Slinor Greenwood presided at the punch bowl.

Summer flowers were arranged throughout the home.

**Called To Austin**  
Mr. and Mrs. T. T. Harrison and Claude Harrison were called to Austin Friday in response to a message that Mrs. Harrison's mother, Mrs. C. B. Rabb, had passed away Thursday, July 28. The funeral was held in Greenville Saturday last, July 29.

## Information On Power of Attorney

**By Mrs. L. M. Brandon Executive Secretary**

I want to give some information this week concerning appointment of service organizations as representative of veterans in their claim with the Veterans Administration, which is commonly known as "Power of Attorney".

The "Power of Attorney" simply means that they appoint some service organization such as American Legion, Veterans of Foreign Wars or American Red Cross as their attorney to represent them before the Veterans Administration for all benefits to which they may be entitled or may become entitled by virtue of their military service under laws administered by the Veterans Administration and to receive any information from the Veterans Administration concerning benefits to which they may be entitled. This includes only V. A. benefits and is understood that no fee or compensation will be charged the veteran for service rendered.

When forms have been completed by our office for compensation, pension, hospitalization, insurance or any benefit which the veteran is entitled, they are sent direct to a representative of whichever service organization the veteran prefers who presents the claim to the Veterans Administration. This claim is diaried in the office of service organization to be checked within a certain length of time. If at the end of this time the claim has not been adjudicated, the service representative contacts the proper authorities for a report. If additional information is needed he contacts our office to get it. Sometimes it is merely lost on someone's desk. When this happens our representative is instrumental in getting work on the claim started again. Things of this kind mean a long delay when there is no one looking after the claim. Since our office is the only Veterans Office in Lamb County, we represent any service organization which the veteran prefers and we hope no veteran will neglect his claim. If we do not know the answers we will try to get them for you.

# Olton to Vote On \$140,000 Bonds Saturday, Aug. 6

August 6 is School Bond election day in Olton; when the tax paying voters of the Olton Independent School will vote whether they will favor or reject the issuance of \$140,000 bonds for the building of a new school building, and to do some much needed repair work on the present high and grammar school buildings.

# Springlake School To Have Supervisor

Under the Gilmer-Aikin law, the Springlake school will be allowed a Supervisor and nurse on a cooperative basis with other Lamb County schools.

The Supervisor will be on a half time basis, sharing time with Olton; the nurse will be on an agreement with Fieldton which will give Springlake about 85% of the allotted time.

The duties of Supervisors are outlined by the State Department of Education and directed by the local superintendent. The duties of the nurse are also outlined by the State Department of Education Health Director, and supervised by the local superintendent.

Every effort is being made to procure a band director for the school.

# LOCAL YOUNG MAN INJURED SUNDAY

B. A. Slack, Jr., of Littlefield, was rushed by ambulance from Buffalo Lakes to Lubbock Memorial hospital about 4:45 p. m. Sunday after he had been run over by a car competing in the weekly junk-car races there.

Hospital attendants said Slack suffered a compound fracture of the lower right leg, a possible fracture of the right arm and numerous lacerations and bruises.

The injured man, who competed in several races earlier in the day was watching the "Australian pursuit" event from the side of the track when a car said to be driven by Doyle Rutherford of Lubbock went out of control in a turn and struck him.

# Wedding Vows Exchanged By Miss Howell and Oliver P. Harlan, Jr. Thursday

MRS. OLIVER PRESTON HARLAN, JR.

Miss Alyce Marye Howell became the bride of Oliver Preston Harlan, Jr., in a double ring ceremony read at the First Baptist Church, Lubbock, Thursday morning at 8:30 o'clock by Rev. Vester Wolber.

The bride is a sister of Douglas Howell of this city, and Durwood Howell of Memphis, formerly of Littlefield.

Four large arrangements of white gladioli, backed by woodwardia fern and lighted by candles, were placed at the altar. The bridal aisle was marked with white satin ribbons tying huckleberry.

Gerre Hancock, organist, played as a prelude the following selections: Prelude in E minor (Bach), Traumerel (Schumann), Cranson Trieste (Rayel), At Dawning (Cadenman), and accompanied Miss Joyce Watson who sang "I Love Thee" (Grieg) and The Lord's Prayer. Mrs. James Steinhoff of Abilene, sister of the bridegroom, played "Meditation" from Thais as a violin selection.

Traditional marches were used and during the ceremony "Clair de Lune" was played.

### Brother Is Best Man

The bride was given in marriage by her brother, Durwood Howell of Memphis, Texas. Her ballet length gown of imported white organza was complemented with a wide candy-box self sash. It was fashioned with a petite fitted bodice and a very full gathered skirt trimmed with bands of batiste embroidery and imported val lace. The dress was worn over white taffeta. Her picture hat of matching organza was adorned with a slipper satin band and streamers and she wore fingerless opera length gloves of organza. She carried a white orchid and stephanotis on a white Bible.

### Mrs. Clifton Matron of Honor

Mrs. Eddie Clifton was her sister's matron of honor. She wore navy blue imported French organza of ballet length. The gown was fashioned with a deep white organza under-flounce secured at the scal-

loped skirt border. Her fitted bodice was fastened from the neat Peter Pan collar to the waistline with tiny self covered buttons and the bouffant skirt was lavishly embroidered in white. Her white picture hat of matching organza was trimmed with navy satin streamers and her gloves were white organza. Mrs. Clifton carried majestic daisies arranged in semi-colonial design.

Mr. Harlan served as his son's best man. Ushers were Harry Mayes of Fort Worth, Douglas Howell of Littlefield, David Johnson, Keaton Craize, Hoyle Moss of Pecos, and Jimmy Steinhoff of Abilene.

### Reception Held

Wedding guests attended a reception in the Yaqui room of the Hilton Hotel following the ceremony. They were served from the bride's table which was laid with a white net cloth decorated at the corners with white satin bows. A three-tiered wedding cake and the bride's bouquet centered the table.

Those assisting with hospitalities were Mrs. R. W. Rutherford of Littlefield, Mrs. Douglas Howell of Littlefield, Mrs. Durwood Howell, Miss LaVaughn Bearden, Miss Betty Jenkins, Miss Elizabeth Howard and Mrs. Stanley Huckabay.

Out-of-town guests were from Littlefield, Memphis, El Paso, Abilene, Beaumont and San Antonio.

For a wedding trip to New Mexico, the bride wore a promenade brown silk faille two-piece tailored suit

with brown accessories and a white orchid corsage.

Both the bride and bridegroom attended Lubbock High School and Texas Technological college. The bride was a member of Las Cresas club in high school and San Souci social club at Tech. Mr. Harlan, a mechanical engineering graduate, is

### Honored at Surprise Birthday Party

Jim and John Fowler, twin sons of Mr. and Mrs. G. A. Fowler were honored at a surprise birthday party, Monday night, when their mother entertained with a dinner at her home. She was assisted by her daughter, Miss Helen Fowler.

The table was attractively decorated with cut flowers for the occasion.

After the dinner, the group enjoyed a movie at the Palace theatre, returning to the Fowler home for ice cream and cake. Two birthday cakes, decorated with pink and white icing, each bearing 17 candles were served.

Those attending were Tommy Bales, Clifford Hopping, Dick Hopping, Johnny Edwards, Frank Gage, and Floyd Goff.

## Approaching Marriage Of Miss O'Hair and Carl Jones Announced

### Mrs. Billy Charles Ross Honoree at Pink, Blue Shower

Mrs. Billy Charles Ross, nee Miss Lena Floy Denson, was the honoree at a pink and blue shower-tea given Friday afternoon from four to six o'clock, at the home of Mrs. N. D. Ray, South Westside Avenue. Mrs. James Ray was a co-hostess.

Decorations were lovely and unique. The tea table was centered with a tea cake decorated with pink and blue candy doves and storks, with the word "baby" inscribed across the top of the cake. The coffee table, in the living room, was decorated with a "stork" holding a "baby" in its bill. Miniature baby buggies, doll and baby furniture were used in other decorations.

Mrs. Audrey Brown presided at the punch bowl and served lemonade.

A lovely array of gifts was presented to the honoree.

Approximately twenty-five called during the receiving hours.

### Entertain at Dinner Party

Mr. and Mrs. Pat McCord entertained at their home recently with a dinner party on the lawn.

Fried chicken was served. Those attending were Mr. and Mrs. Bill Churchwell and sons, Billie, Ronnie and Donnie and David of Bakersfield, Calif., Mr. and Mrs. Pody Welch and Bennie Sue, and Mr. and Mrs. McCord and Jane.

### IN HOSPITAL

Mrs. Gene Williams who has been a patient at Littlefield hospital for the past several days, was released Saturday and is convalescing at her home.

Mr. and Mrs. Ed O'Hair of Earth, announce the engagement and approaching marriage of their daughter, Miss Mary O'Hair, to Carl Jones, son of Mr. and Mrs. Sam Jones, also of Earth.

The beautiful double ring candle-light ceremony will take place at the First Baptist Church, Earth, at 8:30 P. M., Thursday, August 11, with the pastor, Rev. Bruce Giles, officiating.

Miss Stout to be Bridesmaid  
Miss Flossie Stout of Earth, will serve as bridesmaid, and Keith Jones brother of the groom, will be best man.

The bride-elect will wear a blue gabardine tailored suit and navy blue and white accessories.

Reception to be Held  
A reception will be held in the annex of the church, following the ceremony, and the couple will leave immediately following on a wedding trip. The bride-elect will wear a brown tailored suit with brown and white accessories.

Miss O'Hair is a graduate of the 1948 class of Springlake high school. Mr. Jones is also a graduate of the Springlake high school, and attended Texas Technological College two years. At present he is carrying on farming operations eight miles northeast of Earth.

### Honored At Birthday Party

J. H. Thomson of Delwin, Texas, father of Joel Thomson of Littlefield, was honored on his 78th birthday Saturday, July 23, at Childress, Texas, with a family reunion.

There were 50 children, grandchildren and great-grandchildren present.

Attending from Littlefield were: Mr. and Mrs. Joel Thomson and children, Gloria and Betty Sue, and Mrs. Billy Williams.

New Year's and other events during the holidays are cheated out of birthday parties.

There were music, entertainment and gifts too. Members attended the party from all over the Littlefield. Goodnight, Littlefield, Dumas, Kress, Perrele, Berger Hereford, Clarendon, Cactus, Wildonney, Plainview, Silverbrook, Conway, Friopa, Memphis, and even two from Oklahoma City, Okla. at the

## Rambling Rhythm

By M. B. D.

This is vacation time. And such a period overflows with irregularities. For example, here is a picture of Paul McCormick, who sells petroleum products in order to eat regular.

Paul is a model of sobriety, mental balance, integrity, and a pillar in the church. A few weeks ago he went to California for a trip; he took along his wife, son, Sammy, and daughter, Joyce, and his sister, Catherine.

Any man can meet temptation, some meet it half way, and some just fall in tune when it comes.

Gold In Hills

The picture you see of Paul came to Littlefield about the time the Littlefield citizen was in California. We have Curley Flemons' word for that fact, and Curley should know because he helps Paul sell petroleum products in order that he, too, may eat.

The picture offers every evidence that Paul was tempted. His mind, it appears, dwelt on the thought that "there's gold in them thar hills." And having rushed to meet temptation we observe the Littlefield citizen outfitted for the hills, pack on back, and white mule [not liquid kind.]

## Springlake Baptist Church Observes 1st. Anniversary

The First Baptist Church of Springlake observed the first anniversary of the church Sunday afternoon, July 24, when Rev. Lee Hemphill, pastor are the First Baptist Church of Littlefield, preached a special service at 2:30 o'clock in the afternoon.

Rev. C.T. Jordan, pastor, brought the message Sunday morning, following which a song service was enjoyed.

Mrs. Lee Hemphill gave a report on the district encampment near Floydada.

An old fashioned country dinner followed the Sunday morning service.

Organized July 27, 1948

The Springlake church was organized July 27, 1948, with 32 members in the home of Mr. and Mrs. W. T. Clayton.

On Friday night, July 23, a meeting was held in the home of Mr. and Mrs. Gus Parish, at which meeting Missionary F. E. Swanner, Rev. Lee Hemphill and other leaders advised that elected representatives from the several churches of the West Plains Association be invited to meet as an advisory council in the meeting of July 27.

**Church Need Stressed**

On July 27, Rev. John Cory, moderator of the West Plains association was elected chairman, and the meeting was called to order. The need of the church was stressed and motion to organize was passed, and 32 names were read as members of regular Baptist churches voluntarily banding themselves together to promote God's Kingdom. Officers were elected and Rev. C. T. Jordan was called as pastor, and Rev. A. W. Blaine, Muleshoe, preached an inspiring sermon.

## Summer Revival Will Open at First Baptist Church Sunday, Aug. 7

The summer revival of the First Baptist Church begins Sunday, August 7, and will continue through August 14.

Dr. Floyd Chaffin of Dallas will do the preaching, and Rev. Melvin Reathal, pastor of the First Baptist Church, Spur, will lead in the singing.

Dr. Chaffin is assistant to Dr. J. Howard Williams, who is secretary of the Baptist General Convention of Texas.

Dr. Chaffin was formerly pastor of the Polytechnic Baptist Church, Fort Worth. While there Rev. Reathal served as his assistant.

Rev. Reathal is well known in this part of the state, for his work with young people. He will meet with the young people at eight o'clock each evening in a prayer service.

Services will be conducted at 7 a.m. and 8:30 p.m. with the prayer services beginning at 8 p.m.

Everyone is cordially invited to attend these services.

The church is located at Sixth and Littlefield Drive, and Rev. Lee Hemphill is the pastor.

## Photographic Contest Sponsored

Photographers, both amateur and professional, of Lamb county will have a chance at winning two top prizes within the next two months in the West Texas Photographic Contest sponsored by the West Texas Chamber of Commerce.

Announcement of the contest was made today by Pat Mann, manager of the Littlefield Chamber of Commerce, who has been asked to assemble local photographers entries.

There will be equal prizes in the contest, so that amateurs and professionals alike may enter, with the idea of accumulating a file of [continued on back page]

## Richard O. McCown Dies Friday

Richard Owen McCown, 76, passed away Friday morning, July 23, at Amherst hospital, where he had been a patient for several days. Funeral services were held Saturday morning at 10:00 a.m. at Church of Christ at Fieldton, and burial was in Littlefield cemetery, under the direction of Hammons Funeral Home.

Deceased had been a resident of the Fieldton community for the past nine years, having moved here with his family from Post in 1940.

Surviving are his wife and three daughters and two sons. All were present for the last rites.

BULL LAKE PHILOSOPHER SAYS HIS LAND MAY NEED RESTORING, BUT SO DO EDITORIAL WRITERS' BRAINS

Editor's note: The Bull Laketo the acre, instead of 25 or 30. Philosopher on his Johnson grass farm on Bull Lake must have gotten hold of some paper we missed, as we haven't seen any editorial talking about what he's talking about this week, and certainly it didn't appear in this paper.

Dear editor:

Every once in a while I read the editorials in the big daily papers that turn up out here, figurin' if they was good enough to wrap fish bait in they're good enough to read, but the other day I picked up one and spread it out in the shade and in between naps read where an editorial writer was strugglin' with the problem of surpluses.

Accordin' to him, scientists have discovered a way to grow 200 bushels of corn to the acre, and he was pretty upset, wonderin' what would happen if all the corn land started producin' 200 bushels

His contention was that such production would ruin the country, but I can't see it that way.

He had it all figured out, if all the corn producin'-states suddenly produced eight times as much corn as they do now, it would flood the country with corn and break the government tryin' to maintain the present price. He was even in favor of buryin' the secret of 200 bushels to the acre.

If you ask me, there ought to be more editorial writers buried. In the first place, if the rest of the farmers followed my example, they wouldn't produce any more corn than they do now. I don't set out to see how many acres I can plant, all I want is enough corn to see me through the winter, and if I can do it on one acre instead of 28, one is all I'd plant. It reminds me of the city editor who was opposed to the mechanical cotton picker, on account of it would throw cotton pickers out of work, although he wasn't opposed to mechanical type setters, don't make no difference if one machine did throw ten men out of work.

Personally, I ain't scared of a corn surplus. If I had a choice of bein' busted without enough corn or busted with too much, believe I'd take the latter. A man with cornbread and a fishin' pole ain't hard up.

If anybody can make my land produce 200 bushels of corn or anything else a acre, he's welcome to do it, and while my land may be pretty badly washed out, it ain't as washed out as some editorial writers I know. Soil conservation ain't the only thing needed in this country.

Yours faithfully, J. A.

Floyd Callis Family Enjoy Reunion

The Floyd Callis family of nine miles southeast of Littlefield was the scene of a family reunion held at their home Sunday, July 24, honoring Mr. and Mrs. W. E. Callis of Morton. Their six children and twenty-three grandchildren were present for the occasion.

Attending were Mr. and Mrs. Floyd Callis and children, Yvonne, Janice, Donnie, Wayne, and Evelyn Jo of Levelland. Mr. and Mrs. H. T. Pugh and James and Maxine of Muleshoe, Eline of Amherst and "Grandpa" Pugh of Dimmitt, Mr. and Mrs. Elbert Callis and four children, Elbert Ray, Mary Ann, Janet, and Patsy of Carlsbad, N. M., Mr. and Mrs. Clyde Callis and three children, Lavell, Shirley, Pamela of Elida, N. M., Mr. and Mrs. Floyd Brackenridge, of Dunkenville, and children Billy Fern, Kenneth, Barbara, Jerry Don, Clifford Wyvonne and David Earl, and Mr. and Mrs. James Hendricks and Ramona Jean of Cedar Hill.

Cook County's Annual Reunion Saturday, August 7

LUBBOCK, August 4—Cooke County's annual reunion will be held at 1:00 p.m. Sunday, August 7, in MacKenzie State Park at Lubbock, according to Mrs. G. W. Blair. This is the first reunion to be held by the group since the war started in 1941.

Visitors will bring their own basket of food, and after lunch there will be a business session, at which time new officers will be elected to head the organization.

At the north entrance to the park there will be road markers leading the way to the meeting spot. An invitation is extended to people living in adjoining counties to Cooke.

All who plan to attend the meeting are asked to notify Mrs. G. W. Blair, 2707 Tenth Street, Lubbock, Texas.

Miss Inex Zachary is taking her annual vacation from Winston's Insurance Agency and is visiting her father at Hollis, Okla.

# South Plains Cotton Outlook Is Bright

South Plains cotton crop of 2,049,000 bales based on conditions prevailing July 27 was forecast by K. N. Clapp, area manager since 1923 for Anderson, & Co., Houston firm.

Forecast included the notable August usually is the best month for the crop and growing conditions prevailing may alter present indicated production by 500,000 bales.

Crop never has been better with the subsoil moisture should enable it to withstand drought, Clapp observed.

Such a reserve last year, August was abnormally hot, cut production 40 per cent.

Value of a 1,322,000-bale crop estimated at \$160,000,000, including seed, depends upon the quality of the crop. Present conditions were favorable to staple of above-length and quality.

Clapp referred to the present crop since June 1 as due to only about two weeks favorable weather.

Conditions in the area as a whole, were described in the county survey as ranging from "fair" to "very good."

Forecast production is far less than the South Plains record year of 1937. 1937 crop was 2,049,000 bales in 1937. 1938 crop was 1,410,000 bales.

**Lubbock Estimate Tops**

Individual counties, production of 225,000 bales is forecast for Lubbock, and 185,000 for Hockley. Hockley 126,000 bales last year.

All-time record for ginnings in South Plains county was set in Lubbock in 1947. It is estimated that acreage in cotton approximates 100,000, of which 730,000 are ir-

## Chlordane For Boll Weevil Control

Shortages throughout the cotton belt of officially recommended cotton poisons have been overcome by the adoption of Chlordane for boll weevil and other cotton pest control. Chlordane is in good supply and has received recognition as an effective cotton poison by most of the southern state Extension Services who are now suggesting its use to control boll weevil. As an example we quote the following from a release made by the Georgia Agricultural Extension Service, Athens, Ga., July 11, 1949:

"A good many people have asked in the last few days about the advisability of using 10% Chlordane. We, in our recommendations, suggested that the farmers use Chlordane in a limited way. Despite the fact that in tests all over the cotton belt good results had been obtained with Chlordane, we felt like additional experimental data was needed before making a general recommendation. Some farmers who used Chlordane last year were not entirely satisfied with the results obtained. However, when this material is properly mixed, tests show that it will kill the boll weevil. The tests also show that approximately three-fourths of the weevils in squares are killed by Chlordane as they emerge. This effect with Chlordane should make it a very effective poison . . ."

In many sections of the cotton belt supplies of cotton poisons have been completely exhausted, and this situation poses a serious threat to cotton production. Due to manufacturing difficulties, insecticide manufacturers are experiencing delays in building up new stocks of cotton poisons. Chlordane, which has been demonstrated to be an effective and economical cotton poison for boll weevil control, is now available in substantial quantities, alone and in combination with DDT and sulphur, and is being extensively used as a substitute for other poisons.

Boll weevil infestation in many parts of the South is reported to be the worst on record. Chlordane was officially recommended for 1949 cotton dusting in South Carolina; other states have been testing its efficacy more fully before issuing recommendations—however there is no doubt that when properly mixed, Chlordane gives excellent performance in control of the boll weevil.

## 4-Lane Road Will Be Built Through Sudan

Texas State Highway Department Engineers and construction men arrived in Sudan the first part of the week to start paving work for a four-lane highway on U. S. Highway through Sudan.

In an agreement by city officials with Highway Department officials several months ago, the City of Sudan agreed to provide all necessary right-of-way and to construct curbing and gutter for the four-lane project after completion of which the state will take over and do the actual paving.

Contractor Dick Jordan, the successful bidder on the City's part of the project estimates that he will finish the work by the latter part of this week and will be ready to turn the project over to the state for completion.

## LARGE QUANTITY OF WHEAT ARRIVES IN SUDAN

The Shannon Elevator Company last week reported the arrival of 40 eighteenhundred bushel car loads of Eastern New Mexico wheat in Sudan via the Santa Fe railroad for storage in the Shannon Granaries.

The elevator is operating on a 24-hour a day schedule unloading the wheat and placing it in storage.

According to Mr. Shannon, they are still accepting wheat for storage and the total amount to be stored in Sudan is still indefinite as car load after car load continues to arrive here daily.

## SUDAN GIRLS ORGANIZE SOFTBALL TEAMS RECENTLY

SUDAN—July 28—Latest enthusiast of softball in Sudan are the "gals". Two new teams have been organized and it is "Teenagers" versus the "Marrieds". Two games have been played in the rear of the school house with the score for Monday being 13 to 15 in favor of the "Marrieds". Tuesday's score was also chalked up for the "Marrieds", 4 to 5.

According to Mrs. Radney Nichols, manager of the "Marrieds", anyone interested in playing softball is invited to participate. After organization is completed, games with other ladies teams in adjoining

### But Curly "Knows What The Score Is!"

Was over at Doc Sherman's drug store listening to the World Series on the radio. Curly Lawson wanders in and says: "How about a chocolate malted, Doc?"

"Sorry, Curly," says Doc, "can't make you a malted for a while yet." "What's the idea?" Curly asks. "Well," says Doc, "most of the folks want to hear the game and the mixer makes too much noise." Curly thinks a moment and says, "Okay with me, Doc-- I'll take a chocolate soda!"

This shows how tolerant folks can be. Doc showed his respect for

how the majority felt; Curly was big enough not to insist on his malted even though he doesn't happen to be fond of baseball.

From where I sit, willingness to respect the other people's feelings is important in a Democracy. If we're tolerant of a person's like for baseball or a glass of temperate beer, we've come a long way on the right road... the road to a better America, that is!

## Your trip to California in Santa Fe Chair Cars costs less than by automobile...

It's hard to believe (till you figure it out for yourself)  
Even when you divide the cost among two people—the cost is still less per person via Santa Fe chair car.  
Just add up the cost of driving your car to California—gas, oil, depreciation and tonight's lodgings (to say nothing of wear and tear on yourself)—and you'll see for yourself!  
And that isn't all! After arriving in Los Angeles, you can travel to San Diego on your round-trip ticket via Santa Fe at no extra cost! Just tell the ticket agent you want it that way.  
You'll like traveling in Santa Fe chair cars, too! Carefree clothing is the popular way to dress, and you have comfortable dressing rooms to freshen up whenever you please so that you can enjoy every minute of your trip along the scenic route to California.

Remember too, you can enjoy famous Fred Harvey meals when you travel Santa Fe.

HERE'S AN EXAMPLE OF ACTUAL COST COMPARISON	
Two persons—Amarillo to Los Angeles and return	
<b>VIA SANTA FE CHAIR CARS</b>	
ROUND TRIP TRANSPORTATION	\$119.00 (\$59.50 each person including Federal Tax)
<b>TOTAL COST</b>	<b>\$119.00</b>
<b>IN YOUR OWN CAR</b>	
ROUND TRIP TRANSPORTATION	\$130.00 (figured at 2174 miles via shortest highway at 26¢ per mile to cover gasoline, oil, tires, depreciation)
COST OF LODGING AT TOURIST CAMPS	20.00 (4 night's lodging for round trip, at \$2.50 per person per night)
<b>TOTAL COST</b>	<b>\$150.00</b>
<b>A CLEAR SAVING OF \$30.84 VIA CHAIR CAR</b>

## Here's why the Gas Refrigerator

# STAYS SILENT LASTS LONGER...

Only Servel freezes with No Moving Parts

Look at all the new refrigerators. Study them closely. You'll find there's only one that's really different... offers you more years of silent, dependable refrigeration. It's the Servel Gas Refrigerator.  
That's because Servel operates on a basically simpler freezing system. It has no machinery to cause noise, no motor to wear, break down, need fixing. A tiny gas flame does the work. So owners find Servel stays silent, lasts longer. Many of America's almost 3,000,000 Gas Refrigerator users report that theirs are still on the job after 15, 18 and even 20 years.  
But silence and longer life are only part of the story. The new Servels bring you every modern convenience, too. Plenty of ice cubes—easy to get at. Big frozen food compartment. Dew-action vegetable fresheners. Come in today—choose your new Gas Refrigerator from a complete line of beautiful models.

## Two Prizes To Be Given In Palo Duro Treasure Hunt

Two additional prizes in the 1949 Palo Duro Canyon Treasure Hunt will go to the two lucky persons who break the park's previous attendance records.

The prizes, not yet announced, will be given by the Palo Duro Booster Club.

One prize will go to the person who tops the 1948 attendance figure of 51,495 persons, which should be broken within the next 10 days.

Second award will go to the person who breaks the all-time high attendance record set in 1945 when 52,315 persons entered the park.

The Booster Club predicts that both attendance records will be broken within the next two or three weeks.

The Treasure Hunt is in progress as usual. Next supplemental prize drawing will be at 4 o'clock Sunday afternoon, August 7, at which time the quarter horse, Casey's Billy Red Fox will be given away. The horse is donated to the contest by Glen L. Casey.

Announcement was made recently by the Texas Highway Department that the road down into Palo Duro Canyon will be paved in the near future.

### NEW HOSPITAL

The new Yoakum County Hospital opened Monday at Denver City, Texas. Dr. C. Robert Branson, formerly of Littlefield, and Dr. Robert E. Tinley, formerly of Council Bluffs, Ia., are partners in the venture. Cost of the new structure, including furnishings, was about \$300,000. Members of the Yoakum county home demonstration clubs served refreshments at the formal opening of the hospital Monday.

derwent a major operation. He is getting along satisfactorily.

Mr. Swanner is living with Mr. and Mrs. Sam Jones. Mrs. Jones is a daughter of Mr. Swanner, who was 90 years of age last December.

## Rambling Rhythm

[continued from page one] In fact, the picture indicates that Paul was already in the hills, and was outfitted for his expedition by a local drug store.

Now all that brings up another thought: these modern drug stores sell everything from pills to pinos, but it seems that out there in California the drug stores are really active: they provide everything for a pack trip into the hills.

### Could Be All Hooley

Of course folks, we don't vouch for the veracity of everything we have said about this Paul McCormick expedition; it could all be a lot of hooley; the picture could be a fake; we have heard about photographic places that have canvas all painted up to represent this and that and all the customers have to do is stick their head through the canvas and lo and behold they are outfitted for a trip into the hills, for a bicycle ride along the boulevard, or become Dead Shot Pete, a villain without peer.

Guess what Paul was looking at, when he got that idea of "gold in them thar hills" was the palatial palaces of the movie colony.

### Lonnie Goes to Work

And here's something more about photographers and photographers:

Lonnie Taylor is having his place of business all dolled up, new front, etc. Elmo Jones is in charge of the work, but there's every indication that Lonnie isn't on a vacation.

A few nights ago we discovered Lonnie in front of his place of business mixing concrete, or perhaps it was plaster mud; in any event, Lonnie was on the operating end of a shovel, and there was every evidence of efficiency in manipulation.

We know this Lonnie Taylor real well, so we took a chance and commented something about a photographer turning honest.

Lonnie shook his head, twisted his cranium sideways, and gave us a look that was framed as the perfect squelch, and commented: "That's not the first time I've handled a shovel."

The night was dark, and there wasn't anybody around to take a picture, otherwise we would have had a camera story of the "event."

That's all Lonnie; you swing, we'll duck.

## Photographic Contest

[continued from page one] West Texas photographs for Chamber of Commerce use.

The prizes will be a 4x5 Crown Graphic as the top prize in each class. The contest will close September 30, with the prize winners to be announced at the annual WTCC directors' meeting in Abilene in November.

Only pictures made in West Texas in 1949 will be eligible, according to Pat Mann. They also must tell a story of West Texas, showing something of its beauty, industry or recreation. This will also be an opportunity for many fine pictures around Littlefield to be submitted, Pat Mann said.

All entries must be enlarged to size 8x10 glossy, with data written on the back. They may be finished either by the taker or in commercial plants. Other information may be had at the Chamber of Commerce.

### NEW ROOF

A new composition roof is being put on the Walker Building on South Phelps Avenue, occupied by Leo Hewitt Motor Company.
