DRUG STORE OPEN TO CUSTOMERS

Grand Drug Store, Zac Isabell
Carl Doss proprietors, had their
opening last Saturday, and
throughout the day the store was well
with hundreds of guests paying
visits of acquaintance and ac-
the hospitality of the new
firm which posed as hosts to num-
prospective customers.
The new firm, occupying one of the
of the Cooper building, has in-
a modern business of its kind,
needed improvements in the
play windows, front entrance and
interior in keeping with present and
future needs.

TO RUN SPECIAL TRAIN

Announcement is made by the San-
re system that a special train will
run to College Station during the
of the Farmers Short course
be held there July 29 to August 3.
Passengers from Littlefield section
take the train at Lubbock, at
8:00 p. m., Saturday, July 27th.

known in England as the "fight-
ing parson," the Rev. A. B. C. Rob-
inson, Vicar of Potters Bar, spars

MUST BE IDEAL

The city of Colby, Kansas, again
votes not to tax anybody or prop-
erty, real or personal in the city.
Colby owns its power, light and
water plant. Profits which go to
the city, make taxes unnecessary.
In fact, because of surplus prof-
its, the water rate is reduced 25
cents this year.

SATURDAY RAIN OF BIG VALUE TO THE GROWING OF CROPS

Littlefield and surrounding terri-
tory was the recipient of copious rain-
fall Saturday afternoon and Sunday
morning. Beginning about four
o'clock Saturday afternoon the rain
fell in torrents within the city limits.
The streets at that time were thronged
with Saturday shoppers and there
was a general scurrying for shelter
until the principal rain was over,
which lasted about an hour, the streets
running several inches in water be-
fore its conclusion. Sunday morning
there was a slow, steady rain that
lasted for about three hours, adding
more moisture to the ground.

While the Saturday rain appears to
have been general, yet reports also
indicated it to have been somewhat
spotted. The old settlers picnic at
Slaton was entirely rained out Satur-
day afternoon. The heavy rain fall-
ing in Littlefield, extended east be-
yond Anton, going north about 12
miles and about six miles west. Re-
ports state slight rainfall at Amherst,
while Sudan had a good shower. South
there was scant precipitation in the
country. On Levelland there was a good rain.
Cotton crops are in excellent con-
dition, and the rain will be of great
benefit to corn and feed crops as well
as garden truck. All crops in this
section are in excellent condition at
this time.

CAMP MEETING DATE NEAR

The camp meeting to be held in
Littlefield by the Church of Christ is
to commence Friday night, August
2nd at a tabernacle to be erected on
the vacant block just north of the
old theatre building, and everybody is
invited to attend—not only the peo-
ple of Littlefield, but those living at
other places far and near.

Arrangements are being made for
all those who care to come and camp
to be cared for out on the College
grounds where there is plenty of room
water, electric lights, etc. They are
invited to come, camp and enjoy the
entire meeting.

Chas. W. Watkins, of Petersburg,
will do the preaching, and many inter-
esting Bible topics will be discussed
candidly, impartially and eloquently.
Be sure to hear him.
The meeting is to continue 10 days.

NEW MEMBERS ARE ADDED TO CHAMBER OF COMMERCE

New members are constantly being
added to the Littlefield Chamber of
Commerce, according to Secretary J.
W. Rakekin. Nearly every wide
awake citizen and business man in
the city recognizes that he is a part
of the community, gets his living and
makes his profits from its people, does
business and is successful or otherwise
as their good will is maintained.

The following become members of
the Chamber of Commerce the past
three weeks.

Prof. R. A. Box, O. C. Cooper, T.
W. Moss, K. R. Hemphill, J. O. Wise-
man, Chas. F. Murray, Grand Drug
Store, C. W. Evans, F. M. Coca-
nough and C. U. Landers.
The secretary states that by fall he
expects the membership to be above
500.

LUBBOCK MAN NAMED ON BOARD OF EDUCATION

Hon. Tom Farrand, prominent Lub-
bock attorney, has been named by
Governor Dan Moody as one of the
nine members of the State Board of
Education created by an act of the
second special session of the legisla-
ture.

Other appointees are:
Mrs. Noyes D. Smith, Travis coun-
ty; Mrs. Minnie Fisher Cunningham,
Walker county; Nat Washer, Bexar
county; F. L. Henderson, Brazos coun-
ty; Ben F. Tysinger, Dallas county;
J. C. H. Chernosky, Harris county; J.
W. O'Banion, Denton county; T. E.
Jackson, Dallas county.

A Good One—To Pass Up

By Albert T. Reid

VACATION TIME PUTS A ZEST INTO LIFE THAT MAKES THE JOB BACK HOME MORE APPRECIATED AND HOME MORE BLESSED

There's no place quite like home—
and that's a real blessing; but at this
time of the year everyone in Little-
field and around who can get away for
getting away and seeing new scenes
a little vacation trip is doing so. The
-ua uaragpp Suragp 'sooy mau pur
joymnts really makes one appreciate
home the more when they return.

Variety is not only the spice of
life, but it is also one of the principle
ingredients of good health. Travel
broadens the mind and invigorates
the constitution; it gives one new
vistas of life and puts new pep into
their determination.

July and August are travel months.
Down the highways, over the steel
rails, through the air sometimes and
across the water folks are now going
for a few days or weeks of enjoyment
Somewhere the mountain trout are
leaping, their speckled and rainbowed
sides gleaming in the flashing sunlight
as they break water. Up the canyon
a coyote barks, the water comes tum-
bling down a nearby waterfall or dashes
in maddening whitecaps across the
riffles. There is the great silence of
cathedral forests with spires and mi-
nares from mountain peaks reaching
up into the vaulted skies, while the
surrounding hills are covered with
every kind of wild flower giving an
aromatic sweetness bewitching to the
nostrils and thrilling to every heart
on the trip.

Take your choice—there is field
and stream, mountain and surf. Na-
ture has a wide variety of invitations
she extends to those seeking the
great outdoors. Sound sleep, steady
nerves, keen eyes and sharp appetites
will be their reward.

Texans are happy in that they do
not have far to travel for their vaca-
tion unless they so desire. The state
is blessed with abundant scenery and
choice vacation spots of its own.
Nearby is the Pala Dura canyon, there
is good vacation ground in the northern
part, while all through the southwest-
ern section there is an abundance of
Nature just as it was made. While
not far over the line Mexico and Col-
orado hold out inviting spots unrivaled
in their appeal to the vacationists.

Everyone needs a little vacation
and everyone enjoys one. Everyone
ought to try to take at least a few
days or a few weeks off each year
from their steady grind of vocation.
They will come back better fitted for
and get greater enjoyment from the
a dget greater enjoyment from the
home—which after all, is the best
spot on earth.

Of the 700,000 members of the V.
O. W., 165,000 are in Texas.

CHICKEN RAISERS, NOTICE!

This is real news.
Dr. Renwald, poultry expert in
Nebraska, says he has produced a
breed of wingless, hens that also
lack toenails.

They lay, but can't fly, can't
scratch, can't be ardently interest-
ed in motherhood, having no wings
to shelter a brood.

Such hens, being saved the
trouble of moulting the difficult
wing feathers, should go on laying
all year round producing 300 eggs
a year.

To separate female usefulness
from psychological disturbances
like moulting would be marvelous
in poultry, and among the primates.

GET HOME AGENT SOON

Miss Myrtle Murray, district home
demonstration agent, from College
Station, was in Lamb county last
week.

While here she stated that Lamb
county was second on the waiting list
for a County Home Demonstration
agent, and if certain rectifications
were made in a bill recently passed by
the Legislature, this county would
probably have an agent sometime dur-
ing the coming month.

Appropriation for a Home Dem-
onstration agent was made by Com-
missioners Court of this county more
than a year ago, but on account of a
shortage in state funds appointment
has heretofore been held up.

REV. LEWIS' MOTHER DEAD

The many Littlefield friends of Rev.
Jack Lewis, popular pastor of the
First Presbyterian church, Lubbock,
will regret to learn of the death of his
mother, Mrs. W. M. Lewis, which oc-
curred at her home in Washington,
D. C. She will be buried at Navasota,
former home of the Lewis family.

Rev. and Mrs. Lewis, who have been
vacationing in Southern California,
will return to Texas for the funeral
rites.

BOUGHT 3,000 STEERS

O. F. Jones, manager of the Spade
ranch, and W. L. Ellwood, owner,
have contracted for 3,000 steer calves
for November delivery. Prices paid
ranged from \$42.50 to \$45.00 per
head. The yearlings were bought in
Sterling, Tom Green and other coun-
ties to the south of Mitchell.—Colo-
rado Record.

LFD BEAT TAHOKA SUNDAY IN A FAST GAME AT TAHOKA

The Littlefield Cats packed up their
traveling bags last Sunday and called
upon the newly organized Tahoka
club at Tahoka, winning the game
4-1.

For eight innings the hosts had
the Cats at their mercy, but before
the eighth ended the locals were lead-
ing 3-1.

The Tahoka boys got their first
score in the sixth on a single and a
double in succession after two were
out.

Mule West made his first start for
the locals on the mound and held
them scoreless for six innings. He
was given perfect support in the
field. Time and again when it seem-
ed things were not just right a double
play would bob up and retire the Ta-
hokans. Herbert Mueller relieved West
in the seventh and held their willow
weilders in check. They got but one
single in the last three innings.

The final punch came in the eighth
inning when Hanks doubled to center
scoring Art Mueller and Edgar. Herb
Mueller followed with a single, scoring
Hanks. The final score came in the
ninth when Stone was hit by a pitched
ball and counted when Edgar's fly to
right was muffed and Stone was safe
at home.

The playing of Mick Ratliff at short
was one of the bright lights of the
game. He handled 10 chances through-
out the game and several of these
were hard to handle going far out of
his position to grab the ball in time
to get the runner.

Four double plays were executed
during the afternoon, the Cats put
over three. Stone to Ratliff to De-
Long; Ratliff to Stone to DeLong and
H. Mueller to Ratliff.

The Littlefield Cats play their next
game in the local park next Sunday at
2:30 p. m. Don't forget the time,
not 3:30 but 2:30 p. m. The fast
Clovis nine will arrive on the east
bound train and matched this game
here with the understanding that they
must get through in time for the even-
ing train back to Clovis.

The Clovis nine is composed of a
number of professional players and
they have some real pitchers. Some
of the recent games have been with
such teams as Roswell, Hereford, Am-
arillo, and Fort Sumner. The writer
has been informed that they are com-
ing down to whip the Cats, to get re-
venge for the two defeats handed
them three years ago.

"If you are a lover of baseball and
wish to see two well matched teams
on the field, you certainly can not af-
ford to miss this game," says Art
Mueller. This may be the last real
game to be played on the local field

LAMB COUNTY 4-H WILL ATTEND THE A. & M. MEETING

That Lamb County 4-H clubs will
be represented at the A. & M. Col-
lege Short Course to be held begin-
ning July 29, is the statement of
County Agent D. A. Adam. He
states that this will be the first time
this county will have been represented
at a Short Course program, and that
the members from this county will
enter the competition, vying for state
honors in dairy judging. There will
also be other boys who are to attend
for the educational features offered.

Among the boys to attend will be
Leslie Hobgood, Spring Lake; Dow
Hester, Audry Green, Edin Holland,
Robert Holland, of Fieldton; Jack
Bradley, Amherst; Forrest Weimhold,
and Donald Robertson, Sudan; also
Mr. Adam, the county agent. The
Lamb County dairy judging team is
composed of Edwin Holland, Forrest
Weimhold, Leslie Hobgood and Fred
Randolph.

The party will leave Saturday for
College Station, going on the special
train out of Lubbock, returning home
August 3.

KIRK ALLBRIGHT UNDER CHARGE IN FEDERAL COURT

The many friends of Kirk F. All-
bright, former cashier of the First
National Bank, this city, will regret
to learn that he is charged in six
counts with embezzlement of funds
and with making false entries in the
books of the bank in an indictment
filed last week in the Lubbock division
of Federal court.

"In the first count," according to
an article appearing in the Lubbock
Journal, of July 18, "he is charged
with embezzling and appropriating to
his own use \$1,419.75 of the bank's
money. In the second count he is al-
leged to have applied to his own use
in money's funds and credits \$4,000
by mailing a draft to the First State
Bank of Seminole in payment of a
debt not being a debt of the First
National Bank. The third, fourth,
fifth and sixth counts charge false
entries."

Allbright was for more than two
years cashier of the First State Bank,
of this city, and then of the First
National Bank, and previous to com-
ing to Littlefield had occupied other
important positions of trust and re-
sponsibility. He has always been
considered a gentleman of good moral
and business integrity, and still has
here a large circle of friends and ac-
quaintances who have implicit faith in
his honor as a gentleman, and who
sincerely trust he will be able to
clear himself of the charges preferred
against him.

It is understood that he has paid
back with his own funds any money
that was due the First National Bank
relative to the irregularities charged
against him, and that the Bank has in
no way suffered any financial loss be-
cause of the transactions.

WASTE TURNED TO PROFIT OFTEN LEADS TO BIG SUCCESS IN VARIOUS ENTERPRISES

BY S. W. STRAUS, President

American Society for Thrift
A statement recently was made that last year more than half of the rubber consumed in the United States was reclaimed. A number of years ago huge deposits of copper in certain sections of the West were considered of no value but means have since been found to handle this low-grade ore on a profitable basis and millions of dollars in raw material are being conserved.
A good grade of paper is made from corn stalks; lumber is also produced from the same product. A material said to be harder than wood is

manufactured from stumps and saw dust. Furnace slag, once considered of no value by the steel companies, is now made use of for various purposes. At one time very little scrap iron was used in the manufacture of steel ingots. Today scrap iron is used in large quantities. Many commercial companies are conserving and selling products hitherto wasted. In the oil industry particularly there are numerous by-products of great commercial value. The pulp from sugar-cane is manufactured into board, and cotton seed is a source from which many profitable by-products are derived.
It is not the purpose of this article

to record all the examples of waste elimination now found in the world of business and industry. The references here made are merely to show that the processes of waste elimination are almost limitless.

Recently an important official in a large business organization said to the writer: "I asked one of my associate executives to give me a daily report of everything he did. He had complained that he was overworked. His report showed that he was spending a great deal of his time in doing things that were unnecessary to his duties."

Quite often great accomplishments result from things done in spare time. There are business projects of considerable importance that had their origin as spare time propositions. A lawyer of the acquaintance of this writer now occupying a high position, acquired his legal education during spare hours long after he had passed the days of youth.

There are few of us who are not wasting some time, some energy and some money. The amounts involved may seem trivial yet if we study our individual problems closely and strive to turn these wastes to profit, a vast difference will be made in our personal progress.

WHAT IS DOING IN WEST TEXAS

DIMITT will have a new \$100,000.00 high school completed by December 1, as excavating work has already begun. The contract for plumbing and heating will include the installation of heating and plumbing in the old building. Supplies are being selected at this time.

TURKEY'S Farmers & Merchants State Bank will be modern in every respect with new fixtures. Brick, sand, gravel, and other building material is being placed on the ground previous to the start of construction work. The building is being erected on the property of the Security Investment Co.

ESTELLINE recently voted a \$6,000 bond issue for the erection of a city hall, fire station and jail. The issue will be used to purchase a site and erect a brick and tile building. It is the opinion of Estelline people that this building will serve to great advantage the needs of the people.

Federal Farm Board Faces Its Important Tasks

Here are the men chosen by President Hoover to make up the Federal Farm Board dedicated to the best interests of American agriculture. The men were selected with great care and each is an expert in some phase of agricultural endeavor. As yet, no man is selected to represent the wheat interest.

SLATON reports that a new high record for the shipment of wheat from that section of the Panhandle is being recorded. Four hundred cars of wheat are being handled daily through the Santa Fe terminal and the peak has not been reached. A large volume of the crop will continue to move for the next 30 or 40 days.

BRIDGE PARTY

Mrs. S. J. Farquhar and Mrs. R. T. Badger were hostesses to a lovely party at the home of the former Wednesday afternoon, of last week.

Five tables of bridge were at play. Throughout the reception rooms cut flowers were artistically arranged. Cut prizes were beautiful vases filled with flowers. Divinity and fudge candy was passed to the guests during the games.

As winner of high score, Mrs. A. H. McGavock was given a lovely box of bath salts. Mrs. John Arnett was presented with a wall vase for the consolation prize.

A delicious plate of chicken salad, olives, sandwiches, cracker, iced tea and cake was passed. Plate favors were sweet peas.

The guest list included: Mesdames J. M. Stokes, John Arnett, B. L. Cogdill, Doc Miller, J. C. Whicker, W. H. Dyer, M. W. Etter, H. W. Wiseman, A. H. McGavock, of Olton, F. H. Thompson, of Cordell, Okla., M. M. Brittain, J. C. Hilbun, C. L. Harless, W. G. Street, Lena Howard, J. D. Jones, of Lubbock, F. G. Sadler, Pat Boone, J. D. Dodgen, of San Antonio, and the hostesses, Mesdames Badger and Farquhar.

Acts Like It Was Just Made For Her Case

"I Hadn't Seen a Well Day for Ten Years Until I took Orgatone," Says A Lubbock Housewife.

"This Orgatone acts just like it was made especially for my case," said Mrs. J. F. Higgins, of 302 Avenue Q, Lubbock, Texas. Mrs. Higgins' husband is an employee of the Lubbock Lumber Company and is a very well known in this section of Texas.

"The fact is, I hadn't seen a well day for ten years," said Mrs. Higgins, "and almost as soon as I started taking Orgatone it went right to the seat of my troubles, and anybody could see that I was getting better."

"My stomach was all out of order and gave me lots of trouble, and I was also bothered with liver and kidney trouble. I had no appetite and could hardly eat enough to keep me on my feet. What I did eat soured and caused gas to form and I would bloat up until I would be miserable for hours. I had such terrible intense pains in my stomach at times I could hardly stand it. I was weak, and nervous and run-down. I didn't rest well nights, and would get up in the morning feeling tired and not fit for a thing. I kept going down hill and was in a very bad condition, and nothing seemed to do me any good. I took all kinds of medicines and treatments, and nothing seemed to do me any good, and spent dollar after dollar but it was just like throwing mon-

ey away, for I didn't get any relief. "Orgatone had helped me and it was recommended so I decided to try it, and lucky day for me when I did just taken one bottle, and about my work feeling better, not troubled in the least stomach, kidney or liver. I honestly feel better than I have in the past ten years, and I'm positive the full treatment and the Orgatone has just saved my life. I am more than glad to tell about it."

Genuine Orgatone is not a patent or secret remedy but a scientific bile treatment consisting of alcohol or other false drugs and is sold in Littlefield by Walters Drug Company who have laboratory agents—Adv.

A FARM PICNIC

Members of the Epworth were entertained with a picnic at the M. P. Reid farm, Friday afternoon. There were a few games and then refreshments of cake and ice cream were served.

Those enjoying the occasion were Misses Eva Gertrude Chisholm, Lucille Lucas, Louise Chisholm, and Sybil Glenn, Mrs. Mary Nel Keithley, Gladys Fleeta and Lorene Eagan, Mrs. Ber, Bill and Howard Reid, E. Turrentine and some members of the Boy Scout organization.

Texas ranks second in raw cotton exports with raw cotton first of its exports.

OLD-CALF GIVES MILK TESTS 4 PER CENT FAT

The wonders belong to the world. Heckley County seems to claim on one. J. R. Willett, one mile north of the White on the Pettit road, has an eight months old that milk. Mr. Willett brought this milk to the Bergman Produce Co. Saturday and it tested 4 per cent butter-fat. The calf's mother is only three years old and the calf is not yet weaned.

We have ever been strong on boasting this country's merits as a dairy country, but we were not prepared for this argument. County Agent Magee says that this is a freakish condition that happens once in a great while.—Herald, Levelland.

TECH. AT LUBBOCK RECEIVES WORTHY GIFTS TO MUSEUM

Lubbock, Texas, July 22.—A large collection of articles which are reminiscent of the old days of the west were received recently by Prof. R. A. Studhalter, head of the department of biology of Texas Technological College, for addition to the collection of the Plains Museum Society. Prof. Studhalter is president of the Plains Museum Society and the collection is a gift from Clifford B. Jones, who is Chairman of the board of regents of the college.

The gift to the museum includes parts of Indian skeletons, some knives, corn grinders and other implements used by the West Texas Indians. Mr. Jones also included in the collection a number of branding irons which were collected from the Swenson ranch and other historic ranches of the west, and lent the College Library some old records of the Swenson ranch to be used in the class of advanced students who are studying the history of the South Plains.

The first contribution to the Tech. museum was made about three years ago when Arthur P. Duggan, of Littlefield gave to President P. W. Horn a number of rare and valuable documents once the property of prominent pioneer citizens.

Mrs. Curtis Christian and children left Monday for her home in Phoenix, Arizona. She spent the past week here with her father and brother, R. M. Cox and Bob Cox, respectively.

James Anderson, Pisces Teeters, Norfleet Gillette, E. S. Rowe Jr., and Aubrey Wilf were among the boys who returned Sunday from Denver, Colorado, where they have been in a training camp.

Mrs. Ray Bellomy returned Saturday from a visit with her mother, Mrs. Ashworth, of La Feria. After spending a few weeks with J. T. Bellomy and family she will return to her home in Detroit, Michigan.

J. W. Akers, of Idalou, registered pharmacist, arrived Monday and has assumed charge of the prescription department of the Grand Drug store. Mr. Akers is an experienced druggist of many years.

Mr. and Mrs. E. Davenport and Mrs. T. J. Welch, of Bangs, have returned to their home after a several days visit in the homes of W. H. Pepper and family, of Littlefield and J. M. Caraway and family, of Amherst.

Mrs. Chester Pate, who has been teaching school in Poteau, joined her husband here last week. The many friends of Mr. Pate were surprised to hear he had been married since January, 1928. His wife was formerly Miss Viola Harrison, of Ada, Okla.

Editor Jess Mitchell was one of the speakers at the Community Festival given by the Chamber of Commerce at Hale Center Thursday night of last week. Other speakers were C. S. Kusbaum, of El Paso, and Mury Hopkins, secretary of the Plainview Chamber of Commerce.

Will Doose, of Ballinger was here the first of this week looking after property interests. He expressed himself as greatly pleased with crop prospects on his farm south of town, and wonderfully surprised at the development which had taken place in Littlefield since he was here last September. Local acquaintances of Doose brothers will regret to learn that C. A. Doose, has been in poor health for the past six months.

C. E. Cooper arrived here Sunday from DeLand, Florida, to look after business interests. He emphatically denied losing any money in the recent Florida seige of bankruptcy which swept that state, since he kept his extra finances in Littlefield, also stated he hadn't yet been bitten by any of the Mediterranean flies swarming over the southeastern peninsula of the United States.

Surveyor Ray Jones laid aside his tripod and level last Saturday and reverted to primeval habits of early days by assisting Pool Earnest in branding 375 calves and yearlings on the Earnest ranch about 35 miles south of Littlefield. Ray says the smell of singed hair and scorched flesh came perfectly natural, but found himself a little out of practice when it came to giving the young bovines the correct flop for the seared impression of identification.

Mrs. R. T. Badger, who has been visiting with her husband in Littlefield for the past two months, returned home Saturday afternoon, being accompanied by Mr. Badger as far as Sweetwater, where she was met by their son, who will take her to Thurber for a short visit with him before going on to her home in Austin. Mrs. Badger is a lady of rare charm and grace, and through her exceptionally pleasing personality while here won to herself many friends and admirers also being the recipient of numerous social courtesies. Before returning she expressed herself as greatly delighted with Littlefield, its people and the kindly cordiality extended her while here, and, while enjoying her visit with Mr. Badger to the fullest extent, found it necessary to return at this time because of an aged and invalid mother.

SPECIAL EMPHASIS GIVEN CHILD CARE AND ITS TRAINING

College Station, Texas, July 16.—Child care and training will be given special emphasis on the home-makers program for women and girls at the twentieth annual Farmers Short course at the A. and M. College of Texas, July 29 to August 3. Miss Mildred Horton, state home demonstration agent of the Extension Service has announced. Three lectures on this subject will be given by Miss Cora Mae Walton of the Dallas public schools.

Events of especial interest to women will include recognition of the five Texas Master Farm Homemakers selected by the Farmers Wife, St Paul, Minn., in cooperation with the Extension Service; announcement of

winners in the state living room contest and the awarding of prizes in this contest by DeWitt McMurray, editor of the Dallas Semi-Weekly Farm News; and the women's butter judging contest, Poultry, dairy and horticultural meetings arranged for men will also have particular appeal for the women, those in charge have predicted.

Among speakers for the women's program are the following: Miss Mary Starr Taylor, College of Industrial Arts, "Flowers in the Living Room;" Dr. Jessie Whitacre, rural home research, Texas Agricultural Experiment Station, "Community Picnics;" Miss Mary Anna Grimes, rural home research, Texas Agricultural Experiment Station, "Clothes Lines;" Mrs. Minnie Fisher Cunningham, New Waverly, "Some Laws Every Woman Should know;" Miss Bess M. Rowe, of the Farmer's Wife, St. Paul, Minn., "Beauty in Farm Life;" Thomas B. Foster, landscape architect, Denton.

"Beautifying the Farm Home Yard" Miss Sylvia Weekesser, director social recreation, Houston, "Planning a Community Party," and others.

In 1928 Texas spent \$65,128,019 on its public schools.

Texas turkey growers received \$10,000,000 for their Thanksgiving shipments in 1928.

Where difference lies in PRESCRIPTION CHARACTER

It lies quite naturally in at least three elements.

1. The quality of the ingredients that are used. We use none but the best, procured from the best, most reputable drug houses of the world.
2. The way the ingredients are put together including the accurate weight and measurement. We employ none but the best trained, long experienced, skillful and conscientious pharmacists fully registered. They know the importance of accuracy and how to compound prescriptions to get the best result.
3. The absence of any contaminating substances. Every tool we work with, every container we use is scrupulously clean. The total result, therefore,

JESS. MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

Defraud ye not one or the other except it be with consent for a time that ye may give yourselves to fasting and prayer; and come together again, that Satan tempt you not from your incontinency.—Corinthians 7:5.

Though fraud in all other actions be odious, yet in matters of war it is laudable and glorious, and he who overcomes his enemies by stratagem is as much to be praised as he who overcomes them by force.—Machiavelli.

THE COST OF ROADS

The American people endorse good roads—until they get their tax bills for them. Then many have their doubts. Of course money is often spent extravagantly for this purpose. Many counties are still paying on bond issues for highways long since worn out.

Reasonable expenditure for good roads is different from most outlays. A fine public building advertises a town or a county, but it does not reduce tax bills. But when a good road is built autos run over it with less gas, tires wear longer and cars need less repairs. Time is saved to farmers, truckmen and business concerns. Many towns that think themselves economical are really extravagant because of money wasted in driving over rough roads, which discourages people from trading there.

Talk to a few Littlefield citizens, any number you like, and you will find opinion differs as to the best method of raising good roads money. Taxation of gasoline is regarded by many as the fairest and most practical. Like the dentist with his local anaesthetics, who gets the tooth out before you know it, this tax has a way of reducing the taxpayer to unconsciousness before he is aware he has to give up his money. And then he glides over the new roads as happy as the man whose toothache has been stopped. We are taxed for our roads, whether we improve them or not. If we allow them to decline, we do not realize the taxation, but it is there in the form of lost time, repair bills and injury to the town's business. And so like the man with the bad tooth, the best way when a road gets too bad is to have those rough surfaces out, and get over our taxation pains as soon as possible.

When you consider all the exercise she gets from jumping at conclusions you wonder how a woman ever gets fat.

LOOKING BACKWARD

Delving among some old documents recently, a Marshall, Mo., man came across an old account book, used between the years 1818 and 1843. The records, kept at a Missouri trading post, throw an interesting light on "the good old days," as older residents of Littlefield are accustomed to refer to them.

In 1818 one customer drove three sheep to the trading post and received for the three the sum of \$6 in trade. Corn was 22c a bushel, hemp linen 41c a yard and cotton linen 10c a yard. That year the storekeeper bought 150 pounds of pork at 2 1/4c a pound, delivered. But 10 years later pork prices had gone up, for bacon was quoted at 6c a pound wheat was 50c a bushel; whiskey 50c a gallon, and enough jeans to make a pair of pants cost \$4.16. In 1834 potatoes were selling at 33 1/2c a bushel, meal at 50c a bushel, butter 10c, beef 3c, lard 6c, eggs 6c, and corn had dropped to 22 1/2c a bushel. The price of enough jeans for a pair of pants had slumped to \$2; the price for making them was 50c.

PROMPT ACTION NEEDED

That the State of Texas is a slacker in the matter of keeping a record of her vital statistics is the text of a letter received this week by the Leader editor from Jesse T. Nichols, special agent of the Bureau of the Census, Austin, and which is seeking to establish an efficient registration basis for this state.

Apparently there are few people who realize the great importance of registering all births and deaths of their families. Frequently the establishing of important proofs and claims of property heritage is entirely dependent upon such records. Numerous widows and orphans of Spanish-American and World War veterans has suffered because of inability to substantiate their legal claims.

It will go a long way toward assisting the Department at Austin if Lamb county officials, undertakers, doctors and citizens in general will take active steps immediately toward completing the vital statistics record of this county.

It may not be of interest to you, but the best minds are the minds that mind their own business.

THIS SETTLED HIM

The story is told of a traveling man who recently dropped into a hotel not so far from here and espied a new waitress in the dining room. "Nice day, little one," began the drummer.

"Yes, it is," she answered, "so was yesterday. My name is Ella. I know I'm a peach, have pretty blue eyes, I've been here a week and like the place. I don't think I'm too nice a girl to be working in a hotel; if I did I'd quit my job; my wages are satisfactory; I don't know if there is a dance or a show in town tonight or not. If there is I shall not go with you. I'm from the country, I'm respectable, my brother is a cook in this hotel; he weighs 200 pounds, and last week he wiped up this very dining room floor with a fresh \$100-a-month traveling man. Now what are you going to have to eat?"

Hints for Motorists

When driving over rails or other obstructions across the road, take them diagonally. This lessens the jar.

Under-inflation does more to shorten the natural life of a tire than anything else. Every tire is made to give its longest service at a certain pressure. Keep a gauge and check it regularly.

SOME INTERESTING FACTS ABOUT NEW BILLS NOW PUT INTO CIRCULATION

If you haven't received any of the new Government money now going the rounds, that's some of your hard luck, for it has been in circulation in Littlefield during the past two weeks, and all shipments of money now received from the Federal Reserve Bank at Dallas, by the First National Bank in Littlefield is the new variety.

These new bills are 2 9-16x6 1/2 inches in size, whereas the old currency was 3x7 inches, and it is stated that about \$57,000,000 pieces of the new paper currency will be passed through the banks before the last of the old money is recalled, which will probably be sometime in November.

The new bills are in 11 different designs, about half as many as were used in the old kind, and the annual saving in less number of designs and smaller size represents an amount of \$2,000,000 to the nation.

When the old bills have been all returned (more than 1,200 tons of saving in less number of designs and recorded by hundreds of clerks, and will then be ground into infinitesimal bits and destroyed.

The \$1.00 bill carries on the face a picture of George Washington; \$2.00 bill, Thos. Jefferson; \$5.00, Lincoln; \$10.00, Hamilton; \$20.00, Jackson; \$50.00, Grant; \$100.00, Franklin; \$500.00, McKinley; \$1,000.00, Cleveland; \$5,000.00, Madison; \$10,000.00, Chase.

The face of all the issues are

printed in black, with the reverse side in green. The silver certificates have blue seals and serial numbers; United States notes, red; gold certificates, the same old yellow back; Federal Reserve notes, green; national bank notes, brown.

A SUCCESS STORY

"Twenty-five years from now I want to be worth at least \$50,000," said a young man one day.

So he opened a bank account, and saved about \$90.00 out of each month's income. Part of the money was kept in the bank and part of it was wisely invested otherwise under the direction of his banker.

He really saved from his pay check only a little more than \$20,000, yet at the end of the twenty-five years he had almost \$60,000. Such is the power of interest in behalf of money that is wisely kept at work.

LITTLEFIELD GIRL WRITING UNDER AN ASSUMED NAME ASKS EDITOR IF LOVE IS AN ILLUSION OR A GENUINE FACT

It is not very often that this newspaper editor receives communications from its readers asking for information; but whenever it does it always tries to answer in as satisfactory a manner as possible.
 This week the mail brought a letter from some one signing her name, "Gloria," and asking us if we think "love is an illusion." We know of no one in this city or vicinity having the honor of our acquaintance and possessing so glorious a name as our charming enquirer, and are prone to think she is corresponding with ve editor under a non de plume. However, our answer will be the same, and in compliance with her request that a reply be published in the Leader, we herewith print the following:

We do not believe that love is either an illusion nor a delusion, though there are times when one may be deluded by an illusion of the genuine article. Love is the emotion which has inspired poets, artists and philosophers throughout the ages gone by; it is that emotion which has lifted commonplace mortals to the heights of greatness by its sublimity; that emotion which has been the greatest single force in the world since the sons of Adam looked upon the daughters of Eve and found them fair.

To ask a lover if love is an illusion would be almost sacrilege, yet there are times when even a lover may question love just as, at times, a devout Christian may question his religious beliefs; yet such questions, causing one to pause momentarily and make a checkup of facts and feelings, often serve to bring about a better knowledge and a deeper understanding of the real fact of love.

Count Kysersling may be a bit cynical about love, Shakespeare a bit skeptical and Plato believe only in its attenuated and rarefied form, but even such great men as they will fail to convince the average human of experience that love is an illusion. Love cynics there are, and perhaps they have a right to be. They have met with disappointments, their personal experiences have poisoned their viewpoint of life. They deserve commiseration rather than censure.

However, love is a dangerous thing, with which to trifle. It is a human factor the same as passion. There are many who have not distinguished between the beating of their hearts and the throbbing of their passions. Taking the latter for the former, they have imagined themselves in love and gathered bitter fruits of experience because of the error. Just how to always differentiate between the two this editor is willing to confess he is not able to entirely explain. It is a controversial distinction over which thousands of men and women much wiser than he have labored to elucidate without much definite satisfaction. We only trust that "Gloria" will ponder long and well the promptings of her inner nature before final decision. At any rate, love is a power to bear its scars. Yet that it is no and many who toy with it are likely illusion, there are thousands whom will testify and tens of thousands of incidental proofs.

Any person of an observing nature, who mingles with people day after day and witnesses the hundreds of tasks that are done for the sake of love cannot fail to believe in its reality. There is the father of a family who takes the world's hard knocks and stands up against unpleasant business environment for the sake of those he

loves; the father who gives up his own pleasures to save money for his son's college education—that his son may have the chances he did not enjoy. There is the wife who is doing time-taking, patience-sapping everyday duties that steal her own youth and beauty, despoil her peace of mind and bring her everyday closer to the ragged edge of the hereafter, all for the sake of those she loves. There is the mother who deprives herself of many needed pleasures—she wears made-over garments that her daughter in high school may be as neatly and nicely dressed as the daughters of more wealthy neighbors. No one will know of the many heartaches and disappointments mother undergoes, nor of the pain and weariness she oftentimes suffers as she sits the long hours of the night beside the bedside of that sick child she went down into the jaws of death to bring into this world and which she now loves even more than her own life.

Love, my dear "Gloria," is no illusion; it is a real fact—a thing that is tender, self-sacrificing, all-powerful. As long as you can remember father and mother love, as long as you can remember love light in the eyes of those whom you yourself hold dear—as long as you can remember the long hours of unmitigated suffering in Gothsemane by that great Lover of all humanity, that long you may well rest assured that love is not an illusion, but the most wonderful and miraculous reality of all time.

Columbus Started Gum Chewing in America; 90 Cents Is Yearly Average

"If anyone thinks gum-chewing is a modern acquired art of this present flapper age, they have another think coming," remarked Louis Condra to a Leader reporter this week.

Mr. Condra claims he seldom chews gum himself, but sells plenty of it, and because of the numerous customers for this maxillary exerciser has become interested in it to the point of some extensive research and investigation.

"Christopher Columbus may not have been a gum-chewer himself, but unquestionably he brought the habit to America in 1492. History states that when Columbus started out to find a new route to India, which trip ended on the shores of the new found continent, he "requested" of Queen Isabel "as much gold as can be supplied, spices, cotton and chewing gum, also as much aloeswood and as many slaves for the navy as their majesties will wish to demand." And that's that.

R. B. Reinhart and Loren W. Mendell, pilots of the "Angelino," fliers of Culver City, Cal., who completely smashed all records for sustained flight by remaining aloft for 246 hours and 44 minutes.

plied, spices, cotton and chewing gum, also as much aloeswood and as many slaves for the navy as their majesties will wish to demand." And that's that.
 Gum chewing said, Mr. Condra, was a common form of mastication back in the fifteenth century, betel leaves and nuts being chiefly used. America, however, can doubtless take credit for the successful exploitation of chicle gum in the world's markets, since more than \$100,000,000 was spent for chewing gum in this country last year.

That means about 90 cents per capita, and Littlefield chews its part.
CUTS THROAT, SAVES LIFE
 Copenhagen.—A Danish laborer named Hansen swallowed a piece of bread which lodged in his throat and choked him. He used a knife to cut into his throat and remove the bread. The throat was sewed up at a hospital to which he was removed. This self-performed operation, physicians said, saved his life.

During May 439 producing oil and gas wells were brought in in Texas.

City conveniences on the farm
 Running water piped to farm kitchens and bathrooms means that the liquid wastes must be piped out to a place of safe disposal. Build a concrete septic tank to handle these dangerous wastes safely. Costs nothing to operate—requires no attention.

EX-TEXAS RANGER AND PIONEER INDIAN FIGHTER CELEBRATES HIS 83 BIRTHDAY

L. D. Reed, perhaps the most aged citizen in Littlefield, was the recipient of a very enjoyable birthday party given to his honor Thursday of last week. The party was attended by two of his daughters, one son and a number of other near relatives.

Just the day before Mr. Reed had passed his eighty-third milestone in life's journey. He is a native Texan, having been born in Rusk county July 17, 1846. At 14 years of age he moved to Hamilton county, where he lived for many years. He has been a citizen of Littlefield for the past two years, residing with his wife, now 71 years old, on their three acre chicken ranch in the northwest part of town.

During his early days in Hamilton county Mr. Reed had many thrilling experiences in Indian fighting, and

was in the battle of Dove creek where three captains were shot down and 22 men killed, all of them, through the press of the Indians, being left where they fell. He served in the Confederate army during the Civil war and was at one time a Texas Ranger. A conversation with Mr. Reed is more interesting than reading many of the modern novels of romance and adventure, for his stories are all facts and true to life.

Notwithstanding his 83 years of life Mr. Reed is quite active. While his shoulders have been slightly stooped by the weight of years and his hair has become frosted with the snows of many winters, yet all his faculties are just as keen as when in the strength of young manhood. He is still able to do a pretty good day's work and

takes as much zest and delight in living as he did 25 years ago. Apparently he still has an expectancy of many years of future life enjoyment and blessing to his numerous friends and kindred.

CHOICE BITS OF NEWS FROM OTHER TOWNS NEAR HERE

AMHERST

Plans are being made for the annual birthday celebration of the founding of Amherst. It will be held August 9 and 10.

J. E. Smith, Amherst vocational agricultural teacher is interesting local citizens in a fair to be held in Amherst sometime this fall.

SUDAN

A reflection of the excellent financial condition of this section of Lamb county is shown in the recent statement of the First National Bank, which indicates deposits amounting to \$192,096.41, and surplus and undivided profits totaling \$21,741.41.

The six year old child of J. W. Hammock missed a near serious accident when it was struck by a passing auto while the child was playing in the road.

Harold Griffiths, of the Sudan mercantile store and Miss Jewel Stephens, a teacher in the Sudan schools, were married last week in Muleshoe.

ANTON

Beginning July 27 Anton will have two Trades Days per month.

The Anton Chamber of Commerce is laying plans for a big picnic to be held August 23 and 24.

Several from Anton attended the Spade community singing last Sunday.

SPRING LAKE

Springlake school bonds in the sum of \$15,000, recently voted, have been sold to the state.

Wheat harvest in the Springlake section is progressing rapidly and many large yields being reported.

Mrs. A. C. Barton, while out milking a few days ago, suffered two fractured ribs when attacked by a Jersey bull.

Rev. P. U. Shankweller, former pastor of the Springlake Congregational church, is here to spend the summer with friends.

MULESHOE

Fifty thousand pounds of wool was recently shipped from here to Boston, Mass. Sheep are proving profitable in this section.

Highway markers were placed out from here last week for the benefit of tourists and visitors.

Tomato growers in this section are showing fine prospects.

MORTON

It is estimated that 2,500 visited Morton, the metropolis of Cochran county during the Plateau Singing convention held there Sunday a week ago. People flocked there for hundreds of miles around. According to one of the attendants, "When it is considered there was nearly a ton of good eats provided for the dinner hour, it is no wonder there was some excellent singing."

The Morton Chamber of Commerce is making diligent effort to secure a railroad through that point, a meeting of that organization being held Wednesday night.

Five oil test wells are soon to be drilled in Cochran county. Two of them will be on the Slaughter lands adjoining Morton and three on school lands between Morton and Bledsoe.

Chamber of Commerce officers chosen last week for the coming six months were: Geo. E. Lance, president; R. E. Rose, vice-president; D. T. Smith, secretary; Mrs. G. H. Matthews, treasurer.

OLTON

Efforts are being made in Olton to clear a number of the town lots of encumbering taxes so they may be sold and further development of the town be made.

The oil test well about 13 miles South of Olton is now down about 1,700 feet. Crews are said to be working night and day.

LEVELLAND

Rev. W. H. Hughes, pastor of the Baptist church, was painfully injured July 11th when struck by an automobile.

Levelland postal receipts show a gain of \$1,138.13 over last year.

Prof. L. T. Green, superintendent of the Levelland schools, has resigned, having accepted the superintendency of the Slaton schools.

Hockley county is coming to the front as a wheat growing county, the wheat here recording high acreage yields, grading up as high as 63 pounds per bushel, and showing from 12 to 17 per cent protein.

SUDAN LAYING MAINS

Work of laying mains for the new waterworks system in Sudan was begun this week.

Montgomery and Ward, engineers of Wichita Falls, are supervising the construction.

COMMERCIAL BODY DISCUSSES MORE GOOD ROAD WORK

At the meeting of the Littlefield Chamber of Commerce held Tuesday in the College cafeteria many progressive movements were discussed, such as good roads and highways and advertising Littlefield and its community to the world.

President J. E. Brannen presiding called attention of the membership to the importance of the organization issuing a folder telling the outside world what Littlefield and this community has, its many advantages and opportunities. It was decided this be referred to the Publicity committee and that they compile data and outline matter for issuing a folder and give details at an early date. When this folder is issued the business institutions of Littlefield be supplied with them that they may be sent out to people who may be attracted to this section.

The matter of good roads and highways were thoroughly discussed. J. M. Bell, of the Commissioners Court of Bailey county, was present, and spoke in detail of the assets of good roads and highways, assuring the hearty cooperation of Bailey county in connecting all roads which came to their county line and west to Enochs and Baileyboro to Portales, New Mex.

County Agent D. A. Adam reported on his good success in interesting other towns in the county to join in a fund for the Panhandle Plains to give all this section more favorable publicity and also in making exhibits at about 18 state and other fairs in the country, which exhibits will be made by a later date. He also reported on plans being made at this time to have good exhibits at the Fair at Amarillo and the South Plains Fair at Lubbock.

Mrs. F. G. Sadler presented a petition from the Parent-Teachers association to be presented to the Commissioners Court to employ a county nurse, which she said is much needed. It was signed by all present at the meeting.

C. H. Grow, who has charge of the Trades Day program made a good report on the interest the business men were taking in arranging for the next Trades Day to be held in Littlefield, Monday August 5th.

A vote of thanks was given to Sam Rumbach for offering the Chamber of Commerce free use of his vacant room on the corner to his bakery.

This was one of the most interesting meetings of the Chamber held for some time and was continued a half hour over time for adjournment in order to fully discuss many important matters which came up at the meeting.

W. M. U. MEETING

The W. M. U. of the Baptist church met Tuesday afternoon at the church in regular monthly business meeting and Mission study.

A very interesting lesson was given on "Prayer," conducted by Mrs. Lena Howard, assisted by Mrs. Spurlock, Mrs. Barton, Mrs. Berryman and Mrs. Shirley. Eight ladies were present.

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Lamb County—Greeting: YOU ARE HEREBY COMMANDED to summon A. L. Smith by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lamb County, to be held at the Court House thereof, in Olton, Texas, on the 1st Monday in August A. D. 1929, the same being the 5th day of August A. D. 1929, then and there to answer a petition filed in said Court on the 28 day of June A. D. 1929, in a suit, numbered on the docket of said Court No. 449, wherein Arthur P. Duggan is Plaintiff, and L. V. Barnes, A. L. Smith, and M. D. Mahaney are Defendants, and a brief statement of plaintiff's cause of action being as follows:

Plaintiff represents and shows to the court that the defendant, L. V. Barnes, a feme sole, executed and delivered to plaintiff 8 certain vendor's lien notes, dated December 12, 1927, payable to the order of plaintiff, bearing interest at the rate of 6% per annum until maturity and 10% thereafter, providing for 10% attorney's fees, the first 7 notes being each for the sum of \$100.00, and note No. 8 for sum of \$650.00 due and payable January 1, 1929, to 1936, inclusive, providing that failure to pay any note or any interest thereon would, at the option of holder mature all of said notes. That the said defendant failed and refused to pay interest due on said notes on January 1, 1928 and 1929, and failed and refused to pay note No. 1, and plaintiff declared all of said notes due and payable. That said notes are secured by vendor's lien on labor No. 19 in League 687, situated in Lamb County, Texas, conveyed by plaintiff to defendant, L. V. Barnes, by deed of even date with said notes, and in the deed the vendor's lien was retained. That the said defendant, L. V. Barnes, also executed deed of trust to said premises to P. W. Walker, trustee, to secure said notes, which deed of trust, also provided that defendant should pay all taxes on said land. That the defendant failed and refused to pay taxes and plaintiff was forced to pay said taxes to protect his lien on said land and the taxes paid to School district is the sum of \$393.02, and to State and County \$102.17. That subsequent thereto the defendant, L. V. Barnes, conveyed said land to A. L. Smith who assumed payment of said notes and taxes, and said defendant A. L. Smith thereafter conveyed said land to defendant, M. D. Mahaney, who assumed said notes and taxes and is now claiming an interest in said land.

Plaintiff prays for his debt, damages, interest, attorney's fees, costs of suit, and foreclosure of his liens on said land. Herein Fail Not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Olton, Texas, on this 28 day of June A. D. 1929. A. H. MCGAVOCK Clerk, District Court Lamb County, Texas. By Dorothy Cobb Deputy. July 4, 11, 18, 25, 1929.

TWO AMENDMENTS CARRIED BY A TWO TO ONE MAJORITY

The average of two to one votes cast in Littlefield favoring an increase of the Governor's salary from \$4,000 to \$10,000 a year and to enlarge the State Supreme court from the present three to nine members, appears to be the general average vote throughout the state according to late returns.

The election held Tuesday of last week is probably one of the most apathetic ever held in the history of Texas, due largely to the absence of any political questions. While the larger cities rolled up a large favorable vote for both amendments, the opposition came mostly from the rural districts.

wherein the City of Littlefield is plaintiff, and H. P. Webb, and all persons owning or having or claiming any interest in said land or lots, defendants.

YOU ARE HEREBY COMMANDED to summon D. L. Grady by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lamb County, to be held at the Court House thereof, in Olton, Texas, on the 1st Monday in August A. D. 1929, the same being the 5th day of August A. D. 1929, then and there to answer a petition filed in said Court on the 28 day of June A. D. 1929, in a suit, numbered on the docket of said Court No. 447, wherein Ethyl Grady is Plaintiff, and D. L. Grady is Defendant, and a brief statement of plaintiff's cause of action, being as follows:

Plaintiff alleges that she is a bona fide inhabitant of the State of Texas and has been for more than a year, that she has resided in Lamb County, Texas, for more than a year prior to filing this suit, that she was married to defendant in Sayre, Oklahoma, on or about December 31, 1923; that on or about May 1, 1924 the defendant in Carter County, Oklahoma, voluntarily left plaintiff and abandoned her for a space of more than three years with the intention of permanently abandoning her and has lived separately and apart from plaintiff for more than three years with the wilful intention of permanently abandoning her; that there was born to their marriage one child Orion Ray Grady, a boy 4 years old. Plaintiff prays for divorce and custody of child.

Herein Fail Not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and seal of said Court, at office in Olton, Texas, on this 28 day of June A. D. 1929. A. H. MCGAVOCK Clerk, District Court Lamb County, Texas. By Charlotte Groom Deputy. To the Sheriff or any Constable of Lamb County—Greeting:

YOU ARE HEREBY COMMANDED to summon Hewitt R. O'Gwin by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lamb County, to be held at the Court House thereof, in Olton, Texas, on the 1st Monday in August A. D. 1929, the same being the 5th day of August A. D. 1929, then and there to answer a petition filed in said Court on the 28 day of June A. D. 1929, in a suit, numbered on the docket of said Court No. 448, wherein Pearl O'Gwin is Plaintiff, and Hewitt R. O'Gwin is Defendant, and a brief statement of plaintiff's cause of action, being as follows:

Plaintiff alleges that she is a bona fide inhabitant of Texas, and has been for more than a year and resided in Lamb County, Texas, for more than six months prior to filing this suit. That she was married to defendant on December 1, 1923, and continued to live with him until December 1, 1928, when they finally separated. That she was always kind and forbearing toward defendant, but that defendant was guilty of cruel treatment toward plaintiff, that he was indolent, idle, refused to support her, and forced plaintiff to perform hard labor for her living and all of which caused her much mental pain and anguish and distress, that while she was sick he would treat her cruelly. That he would leave plaintiff and be gone for days at a time. That his conduct generally is of such a nature as to render their living together insupportable. Plaintiff prays for divorce and for custody of her minor son, and general relief.

Herein Fail Not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and seal of said Court, at office in Olton, Texas, on this 28 day of June A. D. 1929. A. H. MCGAVOCK Clerk, District Court Lamb County, Texas. By Dorothy Cobb Deputy.
