Friday W' Cats To Test Wolves

The Littlefield Wildcats finish off their schedule of non-conference games Friday night when they play host to the Wolves from Colorado City at 8 p. m. in Wildcat Stadium. The Cats will be trying for their third win of the season. Thus far they have come up with victories over Muleshoe, 28 - 0, and Clovis, 28 - 6. The Cats were tied by the Seminole Indians, 20 - 20 and dropped decisions to Andrews 14 - 0 and Brownfield, 21 - 6. Colorado City has a 2 - 3 record over the season, winning their last outing against Winters last Friday 16 - 6. Injuries still will plague the Littlefield crew with Max Ball, halfback and Danny Martinez, end, out of the line up. On the doubtful list are three regulars, Mickey Montgomery, Weldon Pace and Keith King. Highlighting the Cat - Wolf contest is a weekend of Homecoming activities culminated by the game and the crowning of a Homecoming queen during the halftime ceremonies. Don Williams is expected to attack the Wolf pack with almost the same lineup, except for injuries, that he has stuck with throughout the season.

Hail, Rains Damage County's Cotton Crop

Hail, which first struck Lamb Chapel late Tuesday and then moved east and northeast toward Anton and Spade, inflicted damage described by farmers as "moderate to heavy." Apparently the greatest damage from Tuesday's hail was in the region between Anton and Spade where several farmers reported their cotton crop hailed out. Doss Maner, who farms near Lamb Chapel, said his crops were hit, but he described the damage as "light." Hop, skip and jump rain and hail that hit Lamb county Monday and Tuesday left 1,000 acres of cotton lying in the furrows in Sudan and northwest Lamb County areas and did considerable damage to those grain fields which had yet been covered by combines. Brunt of Monday's storm, which hit around 4:30 in the afternoon, was in and around Sudan. After damaging hail there which measured up to 2 inches in diameter, the storm lifted and moved northwest, striking again in the extreme northwest corner of the county west of Earth. Some farmers said their cotton losses would run as high as 98 per cent, and in some places the cotton crop was marked off as a total loss. Roofs, automobiles and shrubbery took a beating at Sudan, some roofs being so hard hit they were listed as total losses. Force

THE WEATHER cloudy FORECAST — Partly cloudy today and tomorrow. Scattered thundershowers with little change in temperature. MOISTURE — For the month 51; for the year 19.92; this time last year 15.81. TEMPERATURE — Sunday low 63, high 84; Monday low 57, high 78; Tuesday low 62, high 79; Wednesday low 57, high 72 at noon. HAIL — Hail ranging from pea - sized to 2 inches in diameter also fell in many parts of the county during the past two days.

Former students of Littlefield high school, dating back to classes in the '20's, will pour into Littlefield tomorrow for the third annual home - coming ceremony, and sponsors hope at least 250 out-of-towners who formerly attended school here, will be on hand for the celebration. The program gets under way with a registration tea in the senior high school library at 3 o'clock, followed by a business meeting at 3:15 with LHS graduate Willard Street, Jr., will be the speaker. The entire program gets an advance warmup tonight when a giant bonfire sponsored by the student council, takes place on the vacant lot in front of the high school building. Biggest feature of the entire exes program, of course, will come at the Littlefield - Colorado City football game when halftime ceremonies will include the crowning of the 1960 queen. The registration tea is to be in the form of a mixer, L. V. Pierce, president of the association said, and much of the afternoon's program will be given over to re - newing old acquaintances. The business meeting is to be followed by a pancake supper to be served in the school cafeteria by the Littlefield Lions club. General public is invited to take part in this annual event with tickets pegged at 50 cents "for all the pancakes you can eat." Since the officials realize that not all grads and former teachers will want to attend the football game, the school library is to be kept open until 11 p. m. for those who want to visit and renew acquaintances while the game is in progress. Final event of the day will come after the ball game when the exes association will stage a dance at VFW hall with Bob Tucker and his orchestra providing the music. Pierce says the various classes will be recognized, dating back to the first class to graduate in 1923, and also to be recognized will be those who have come for the greatest distance to attend the homecoming ceremonies. In addition to Pierce, officers are Ernest Mills, vice - president; Charlotte Bingham, secretary; and Edwin Coffman, treasurer.

Ed McCanlies Wins Contest

The tie - breaking score prediction decided the winners in last week's grid contest after the top three entries came out in a dead heat with five misses. year at five, missed five but was 10 points off the Wildcat game with a 20 - 8 prediction. Third Place, worth \$2.50, went to Howard Hall, Box 877, Oilton. Hall's guess on the tie - breaker was 20 - 6 Littlefield. This week's contest appeared in the Sunday edition of the County Wide News. Deadline for entries is 1 p. m. Friday. Pages may be turned in to any of the football ad sponsors or to the Press office. With a perfect forecast of a 24 - 6 score between Littlefield and Clovis, Ed McCanlies, 421 E. 16th, grabbed the first prize of \$7.50. Second Prize of \$5 went to Timmy Tucks, Box 11, Littlefield. Timmy, who is the youngest contest winner this

Choirs Ready For Annual Sale Of Nuts

Annual choir nutsale will begin with a city - wide canvass Monday evening. Members of all Littlefield school choirs will be knocking on doors, starting at 7:30 p. m. Hugh Ellison, director, announced Wednesday. All local families are asked by Ellison to co - operate in two ways — please keep a porch light burning to help light up the street, and second please tie up dogs or see that they are under control. "These two things are necessary because of the youth of many of the choir members," he explained. The nuts this year are delicious chocolate - covered almonds. (Continued on Page Six)

30 Drunks Top Police Reports

Drunks continued to top other arrests by city police in Littlefield during September, the report of F. A. Fitzgerald, police chief, showed Wednesday. Twelve persons were picked up and arrested for being drunk in cars and 16 for being drunk in public. One person was arrested for a slightly more serious offense, drunk in public and resisting arrest, and another for drunk and disturbance. Fitzgerald said one person was arrested for vagrancy, resisting arrest and for carrying a concealed weapon. A charge also was filed for disturbance and resisting arrest against another offender. Altogether, the city police department made 36 arrests last month. They also investigated 12 thefts, 16 accidents and one case of vandalism to a vehicle. So far this month, the police blotter shows three reports of theft. A. D. Ward of War Pump Co. on the Springlake highway, reported theft of two 750 by 20 and two 825 by 20 tires and wheels taken from a water tank trailer. Joe Gilbert, 416 E. 16th, told police someone had stolen rubber floor mats from his car parked at his home and a small wagon and tools were reported stolen from a Mr. Turner who operates a junk yard. He also reported a water cooler missing.

C-C Studying Job Applicants

A variety of problems were discussed at the Chamber of Commerce Tuesday evening during the regular board meeting. Heading the agenda was the membership drive which is scheduled to be completed very soon. Membership chairman Howard Horne reported that some 100 merchants and individuals had pledged over \$12,000 on the budget and that a clean - up committee would contact other merchants in getting their new membership cards signed. Another big item of business was the discussion of a new chamber manager. Chairman of this committee is Kenneth Reast and he reports that from all the applications the prospective manager for Littlefield has been narrowed to four applicants. The board interviewed one applicant at the meeting. Reast said he expects to be able to announce the appointment of a new manager very shortly. Four new board members will be selected next month and each member of the chamber will receive a list of names of every member on November 1. Each member is asked to select 15 names from this list to be voted upon for the board. This list of 15 names will be mailed to the membership on November 15, for vote in selecting the four new board members. Outgoing board members are: Glen Batson, Dr. Glen Burk, Bob Manley and Kenneth Reast. Five guest merchants sat in on the board meeting, as in the custom to better interest member firms in what the chamber of commerce is doing. Board members attending were: Rip Elms, Wendell Tooley, Reast, Arnold Newman, Tom Hilburn, Bob Manley, Kenneth Ware, Clarence Davis and Dr. Glen Burk. Joint Meeting Set The Littlefield Lions and the Rotarians will have a joint luncheon meeting at the Community Center today. Speaker will be Dr. Julian Kaplan head of the department of psychology at Texas Tech. He will speak on the subject, "Status of Our National Defense."

Blanket - Sized Ballots Await Nov. 8 Voters

When Lamb county voters go to the polls 26 days from today, they'll be handed a ballot which is "as big as a horse blanket," Charles Jones, county clerk says. The reason for the over-size ballot is a lengthy state ticket which has voting spaces in five columns, Jones explains. Although there are only Democrats on the Lamb county ticket, some national and state jobs have as many as four job - seekers, which with the write - in space, will make five columns on the ballot. These include Democrat, Republican, Constitutional, Prohibition and independent office - seekers. The ballots have been drawn up and are now at the printers' and must be explained before October 19, Jones explained. On the day, absentee voting period opens, and Jones expects a fairly large number of ballots to be cast by colleges who will not be able to come home to vote. Ballot boxes have been put in readiness for the November 8 election and are now stored at the election office. In addition to the Jones to be picked up by election officials for use on the day of the election, another box will remain at the courthouse for absentee balloting. (STAFF PHOTO)

Ad-Rime Contest To Start Today

The first of a series of 26 weekly AD - RIME contests appears today on another page of the Lamb County Leader. This novel program is jointly sponsored by the Lamb County Leader and a group of Littlefield and area business firms. Read the headings and contest rules on the contest page. Ten dollars will be awarded every week for the best line sent to the Leader office to tie in and rhyme with the "Guideline." Your rhyming lines are called "Ad - Rimes." This week's Guideline is, "LITTLEFIELD AREA SHOPPING GUIDE." In order to win the \$10 you must write a good Ad - Rime for the guideline and also identify the hidden slogan in the business firms listed below. Your note for finding the hidden slogan is the fact that there is one word printed in each column in the advertisements. Hunt

LITTLEFIELD LIONS LIMBER PANCAKE MUSCLES—Slew Grison has one in the air and Tom Wilson is making that good old Aunt Jemima batter. The pancake supper is scheduled for 5 p.m. Friday in the High School Cafeteria. Wonder if that cigar will help the flavor? (STAFF PHOTO)

READY—Ballot boxes are all ready for the Nov. 8 general election, and here County Clerk Charles Jones makes a final check. Absentee balloting starts soon. The boxes will be kept at the courthouse for absentee balloting. (STAFF PHOTO)

YOU'RE ABSOLUTEY RIGHT, MR. BOONE—Mrs. J. W. Walker of Plainview, chairman of the Hale County Democrats agrees wholeheartedly with Lamb County's Demo chairman, Pat Boone, Sr. of Littlefield about the fine qualities of their candidate for president. The two met recently at the Dimmitt Democratic rally that featured an address by Ralph Yarborough, Texas senator.

Town & Country

(Continued from Page One)

erty rights is the very basis of "human rights." The right to self-determination of associates is the essence of "human dignity." Forced equality is not democracy but dictatorship. Equal men are not free and free men are not equal.

Creeping Brinkmanship
I have been a little unfair at times in the past, saying the difference between the Democrat and Republican Parties is merely "which twin has the Ton?" There is a difference, particularly now that John Kennedy has taken over. But the difference is not enough to get my vote. I don't believe in creeping Socialist any more than I do in creeping integration.

Depend on Nixon - Lodge to save this country from the international Socialists? Nixon reminds me of the airplane pilot who, with both motors on fire, dived his parachute and soothingly purred to the passengers: "Don't anybody panic! I'm going for help now." Nixon is a politician. Politicians can't save this country. They brought it to this brink of disaster and defeat.

Norman Thomas, who should know, has said that we've made more progress toward Socialism under Eisenhower than even under Truman. Facts support this statement. Norman Thomas got 37,429 votes for President in 1928 and a little more than half of that in 1948. Thomas now says that both candidates are satisfactory to him.

Nixon is lesser-of-evils. Lesser-of-evils is a wasted vote. Voting for lesser-of-evils is an endorsement of evil. There is no way to win. Voting for lesser-of-evils. You are silencing your voice, disenfranchising yourself if you vote for lesser-of-evils.

I'm not sure a Kennedy victory would be catastrophic. Just like I'm not sure the nation wouldn't have been better off if Norman Thomas had been elected in 1932, or Stevenson in 1952. These candidates are for what they call "human rights" the brotherhood of man, the welfare state. They are for international Socialism, all though some haven't the courage to call it that. If Thomas, Stevenson, or Kennedy or the like should get a chance to install their all-powerful federal state, then the people would have a choice. An opposition party would arise. (Of course, we might never be able to unscramble the Socialist egg.) As it is, there is no real opposition party. Both major parties are infiltrated, dominated and owned by Socialists, one-worlders, welfarers and fellow election since 1932.

We can't save America by dragging our feet to slow down the Socialist toboggan. We can't win by choosing lesser-of-evils, by giving in a little at a time, by surrendering our freedom piece-meal, by defaulting each succeeding skirmish as it occurs. In fact it may be better to join full-scale battle now — win or lose — than to surrender on the installment plan. Otherwise, there'll be no major battle to win. Just the firing squad. I believe in staying in any organization — and that includes my church — only so long as there is a chance to save it. The Democrat Party is not even worth talking about saving. Evidently Senator Goldwater thinks he can save the Republican Party. A party owned by Nixon, Dewey, Percy, Rockefeller, Lodge, Keating, Rogers, Javits — can't be saved from Socialism. Goldwater has as much chance of returning the Republican Party to Americanism, Constitutionalism and states rights as Neville Chamberlain had at Munich.

A platform is worth no more than the man who runs on it. And that makes both platforms virtually valueless. A platform is like a wedding dress: used only once, and even then it sometimes flies false colors.

I went to both conventions. Delegates at both had this obvious characteristic? The Party comes first. Many of them would support a Castro - Cyrus Eaton ticket. It would get the most votes. The delegates of both parties are primarily self-seeking politicians, influence peddlers and limelight junketeers without the integrity of the courage to back the tide. Letting these people decide who should save our country in these times is like letting Beverly Aadland be Housemother in a boys dormitory.

Don't Waste Your Vote!
In some states it is relatively easy to get somebody to vote for on the ballot — an independent candidate or unpledged independent electors. Your clean, cut dissent in this way makes your voice heard.

If Kennedy or Nixon can be kept from getting a majority in the Electoral College, the election would be thrown into the House of Representatives.

There could be 57 free electors from the South. It takes 269 electoral votes to elect a ticket. In 1948, if those 57 votes had been taken away from Truman, he'd have been 20 votes short. In that event, the House could have elected Strom Thurmond President. Unlikely? Yes. But there is a small chance. And I'll take that, however small, in preference to voting lesser-of-evils.

Some people say a Third Party can't be successful. That's not true. The most successful political party in this country is the one owned by Socialists, one-worlders, welfarers and fellow election since 1932.

MRS. JAMES H. HILL

Missie Frances Presley Marries James H. Hill In Church Ceremony

Missie Frances Presley, daughter of L. A. Presley, Rt. 1, Lubbock, is the bride in a wedding ceremony which took place at the First Baptist Church here Sunday afternoon, Oct. 9. Rev. Jack Price officiated. The bride is the daughter of L. A. Presley, Rt. 1, Lubbock, and the groom is James H. Hill, Salt Lake City. The bride wore a dress of Alenayon tulle over taffeta with a scalloped neckline and three-quarter length sleeves. It was designed with bands of red satin at the midriff and a full skirt. She carried a bouquet of fringed white carnations. Wedding music was played by Judith Price, Plainview, at the piano. Soloist was Janice Grant of Plainview. Vernon Norris, Fort Worth, was best man, and ushers were Mason Boone and Jimmy Morrison, both of Plainview.

Amherst Girl Elected GA Council President

Four girls and their counselors from the First Baptist Church attended an associational GA meeting in Friona last Saturday afternoon. The purpose of the meeting was to elect a GA council to serve the newly formed Llanos Altos Association for the coming year.

Mrs. Lott Honored With Baby Shower

WHITHARRAL — Mrs. Edward Phillips and Mrs. John L. Burnett were hostesses at the latter's home south of Whitharral Thursday for a "pink-and-blue" shower honoring Mrs. Jimmy Lott of Shallowater.

The honoree's table was laid in white lace over blue and was centered with a large blue and white safety pin mounted on white styrofoam surrounded with miniature storks and tiny pink rosebuds. Garden flowers were placed at vantage points in the reception rooms. Pink and blue iced cake squares and punch with miniature storks as plate favors were served. Thirty guests called or sent gifts. Out-of-town guests were the honoree and Mrs. Clarence Smith, Lubbock, Mrs. Louis Glass, Mrs. Mirt Nevill, Mrs. J. L. Nevill, and Miss Nancy David, Levelland.

Fire losses for the first six months of 1960 totalled \$573,971,000 an increase of 2.3 per cent over the comparable period of 1959 when they amounted to \$560,886,000.

HOW TO WIN AD-RIME PRIZES
The answer points to the "Guide" line
AD-RIME lines must be in and rhyme with the "Guide" line. Your entry MUST carry the "Hidden Slogan." Find it among the ads—one word in each column in *italics* starting at the left. You don't have to buy anything to win prizes but MUST find and write the "Hidden Slogan." Preference is given to AD-RIME lines that tie in well and BOOST LOCAL TRADE. Get the rhyming—the two lines are a "jingle." One which can't win is:
These rhyming words are true and tried
but you must write original ones. Good luck—and keep trying.

Read the Following Carefully for Good Rhyming Words

Get a free ride on the AD-RIME handwagon. Your line need not be dignified, but must rhyme with "GUIDE", concerning home trade, like:

"All these firms are true and tried,"

Though you stride far and wide for merchants better qualified —offerings more diversified, none will serve you with such pride —as merchant friends who here abide; Their interests are with yours allied, —with stores which no one can deride. This true fact should (let us confide) to shopping habits be applied.

...from the sidelines

john petty

It looks like a rough week for area football prognosticators, with conference play beginning, but here is how we see some of the games around the leagues:

Littlefield - Colorado City — The Cats have improved so much in the last two games that we couldn't go against them. Although they lost the Andrews tilt, the line play was some of the finest we've seen in high school ball — and last week's Clovis contest proved that it was no fluke. The Cats are still to be contended with in 1-AAA, especially if they keep up the week to week advance — Littlefield, 23 - Colorado City 0

Levelland - Snyder — Hicks and crew pulled their big surprise of the year last week by beating Andrews. It won't happen twice in a row — Snyder 21, Levelland 12.

Phillips - Lamesa — The Blackjacks continue to roll — Phillips 35, Lamesa 15.

Olton - Muleshoe — Jojo Bryant opens the defense of the 2-AA

crowns with what should be an easy target. But, when a teams has rolled to five straight wins, it gets easier and easier for them to go under. This could be an upset — the Mules found out what victory is like last week — but we'll go along with the Mustang crew — Olton 26, Muleshoe 16.

Bula - Three Way — The Eagles came unwound last week against Nazareth running up an 82 - 32 triumph. Bula is likely to get some of the same medicine — Three Way 46, Bula 28

Sudan - Springlake — This should be an easy one for Hank Brown and his hive of hornets. They want the league flag badly — Sudan 28, Springlake 6.

Anton - Whitharral — The high riding Panthers make Anton victim number six — but not too easily — Whitharral 18, Anton 16.

Amherst - Meadow — The Bulldogs make a good start in the conference — Amherst 21, Meadow 14

Hart - Bovina — The Longhorns trample the Mustangs in fine fashion — Hart 28, Bovina 8

Tech - Baylor — This is Tech first SWC appearance on its home field and the Raider clan will be giving it their all against the nationally ranked Bears. Call it sentimentality — call it wishful thinking — it could easily be called stupidity — but we feel that Tech will surprise the Baptists — Tech 27, Baylor 21.

Stork Shower At Bula Honors Mrs. Billy West

BULA — A stork shower honoring Mrs. Billy West was held Thursday, October 6 in the home of Mrs. Cecil Jones.

Ladies assisting Mrs. Jones as hostess were Mrs. P. A. Altman, Mrs. C. P. Price, Mrs. R. E. Jones, Mrs. J. C. Snitler. Each gave individual gifts.

As the honoree arrived she was crowned queen for the afternoon with a clever crown of white with nursery pictures covered in blue and white glitter.

Guests were received by Mrs. Jones and honoree and were registered in a baby book, a gift from Mrs. Jones.

The lace covered serving table was centered with a stork figurine set in an arrangement of yellow mums and greenery. Mrs. Wilson Hodge served, white cake squares and punch from the silver and crystal appointments.

The honoree and her mother, Mrs. J. E. Autry were presented corsages of white baby mums. Ladies attending were Mrs. Bob Newton, Mrs. B. M. Short, Mrs. Wilson Hodge, Mrs. Jim Claunch, Mrs. Robert Claunch, Mrs. James Jenkins, Mrs. Ed Jenkins, Mrs. George Autry Mrs. Doyle Turney, Mrs. Grace Vanlingham, Mrs. L. G. Harris, Mrs. G. R. Newman.

Also Mrs. E. G. Stroud, Mrs. Marilyn Gerick, Mrs. Edith Nabers, Mrs. Bradley Robertson, Mrs. Elwood Autry, Mrs. Fred Archer, Mrs. J. D. Bayless and Mrs. J. E. Autry. Twenty-one sent gifts that were unable to attend.

Rites Held For Pioneer Councilman, Lon Campbell

Funeral services for Lon C. Campbell, 70, a resident of Lamb County for 47 years, were held at the First Baptist Church here at 3 o'clock Tuesday afternoon. The Rev. R. D. Longshore, pastor, officiated.

City ahl was closed an hour for the funeral. Campbell was a city councilman from 1946 until 1954 and also was past president of Lamb County Pioneers association and of the Lamb County Sheriff's Posse.

Campbell died at 9:10 p. m. Sunday in Medical Arts Hospital after a lengthy illness.

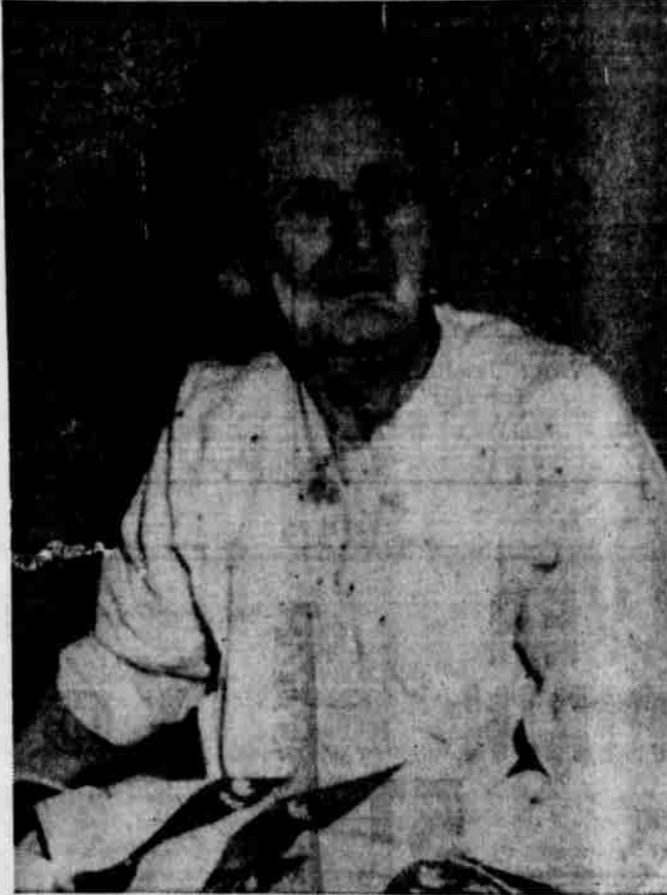

He was born Sept. 11, 1890 in Whitehead, Okla., and moved to Lamb County, in 1913, working as a cowboy.

He later became the operator of a cafe and owner of a feed store here and was Oliver dealer in Littlefield for 12 years until his retirement two years ago.

Campbell was a member of the First Baptist church and was a Mason.

Survivors include his wife, Winnie, and a brother, Roy Campbell, also of Littlefield.

Masonic graveside rites were conducted in Littlefield Memorial Park cemetery, and burial was under direction of Hammons Funeral Home.

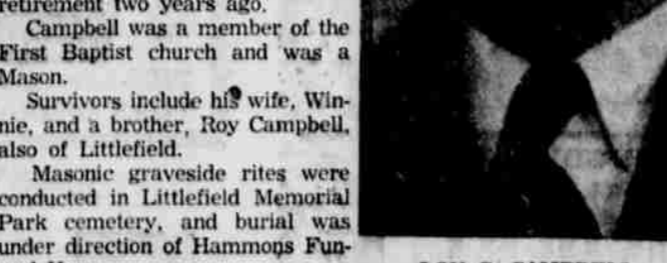

A CENTURY PLUS ONE—Nannie C. Spain who now lives in the Knight Convelescent Home in Amherst celebrated her birthday Tuesday—but she's an old hand at doing that because she has had one hundred and one of them. Mrs. Spain was born in Rusk County, Texas in 1859. During her life she raised a family and was also a doctor and an artist. Her recipe for such a long life?—"Just don't worry, love the Lord and lead a good Christian life."

Bowling League

Fans were wondering who the hustling little Wildcat with the number 41 on his back in the Clovis game was. He was Dagwood Conley, a scrapper Don Williams moved up from the "B" team.

Jerry Koller and Tony Estrada are among the top 10 scorers in the area — Koller with 26, Estrada with 24.

Hammons' Rites Held Wednesday

AMHERST — Funeral services for Deibert B. Hammons, 76, were conducted at 10:30 a. m. Wednesday at the Amherst Church of Christ with the minister, Leroy Cowan officiating.

He was a retired farmer and passed away in a Littlefield hospital early Monday morning.

Survivors are three daughters, Mrs. W. F. Beadle, Borger, Mrs. L. E. Cline, River Bank Calif., and Mrs. Ollie Duncan, Littlefield; one son, Willia A. Hammons, Amherst, two brothers Wells, Alex, Okla, and Joe, New Castle, Texas; 13 grand children and 30 great grandchildren.

Payne Funeral Home was in charge of arrangements with burial in the Amherst Cemetery.

THE RAMBLER AMERICAN four-door station wagon, a new model for 1961, features the roof-top luggage rack, a trademark of Ramblers for several years. The rear luggage opening is two inches wider than on past models. The upper section of the tailgate, which can be set in three positions, is framed in extruded aluminum. All models have substantially greater glass area in 1961. Station wagon cargo space is increased 23 per cent to 64 cubic feet.

A HANDSOMELY RESTYLED GRILLE and new hood lines distinguish the 1961 Rambler Classic station wagon, available in three-seat and two-seat models. Fresh sculptured side styling accents the compact Rambler's new front-end design. Engines in the Classic series include the lightweight aluminum six-cylinder engine rated at 127-horsepower and the V-8 engine developing 200 horsepower.

Cotton Committee Searching Area For This Year's 'Maid Of Cotton'

The South Plains Maid of Cotton Committee of the Lubbock Chamber of Commerce in cooperation with the National Cotton Council is searching for the 11th consecutive year for a young lady who will represent this area as an automatic entry in the National Contest in Memphis, Tenn. — and who will be selected as the 1961 National Maid of Cotton.

This is an opportunity for some young lady between the ages of 19 and 25 — at least five feet, five inches tall — who has never been married — and must have been born in a cotton producing state — does not wear glasses — and have her home residence in one of the following South Plains counties:

Bailey, Borden, Briscoe, Castro, Cochran, Crosby, Dawson, Deaf Smith, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Howard, Lamb, Lubbock, Lynn, Motley, Purrmer, Swisher, Terry, Yoakum.

James Moss, chairman of the South Plains Maid of Cotton Committee emphasizes in announcing this year's contest, that this is by no means just a beauty con-

Sister Of Local Woman Dies

Funeral services for Mrs. Elvira Kelley, 40, of Amarillo, was held Tuesday at 3 p. m. at Roberson Funeral Chapel with the Rev. John Platt, pastor of Grace Methodist Church, Annville, officiating. Burial was in Robstown Memorial Park.

Mrs. Kelly died Monday in a Robstown hospital following a long illness.

A native of Lockhart she had lived in Robstown - Annville area since 1940.

Surviving are her husband, Edgar C. Kelley; two daughters, Linda Kay and Janet Sue, both of Annville; her parents, Mr. and Mrs. Alfred Kanameiu of Robstown; and two sisters, Mrs. Clifton Haley of Houston and Mrs. Houston Barber of Littlefield.

Choirs Ready

(Continued from Page One) packaged by the "world's finest chocolate company," and come sealed in a plastic box with metal bottom. "Packages are personalized with the name of the school choir, printed in the school colors. Each box contains a full pound of fine toasted almonds dipped in rich dark chocolate. Boxes sell for \$2 each."

Money raised by this sale will be used to pay for new choir robes, Ellison said, which were purchased last year and for other needed choir equipment. Besides though bought to eat at home it is suggested that you buy some to use as Christmas gifts, for use during the Thanksgiving holidays and at parties.

test or pageant, but as a representative of the South Plains cotton industry and area, this young lady must be beautiful, intelligent, have poise — have an excellent personality and background, as she will have a tremendously important public relations job to accomplish as a representative of the South Plains — and as the National Maid of Cotton.

Entry forms may be obtained from any member of the Board of Directors of Plains Cotton Growers, Inc. — local Chambers of Commerce — County Agents — and in the case of college students, from the Dean of Student Life — in any of the counties listed above — also, there will be a supply of these entry forms at the Lubbock Chamber of Commerce, 902 Texas Avenue, Lubbock.

Entry forms together with glossy photograph must be submitted to the South Plains Maid of Cotton Committee, P. O. Box 361, Lubbock, Texas, or delivered to the Chamber of Commerce, 902 Texas Avenue, not later than 12 midnight, November 8, 1960.

The Contest includes two full days of activities on Monday and Tuesday, November 21 and 22, 1960, with preliminary judging starting at 9 a. m., Monday, Nov. 21.

Teresa Nix Named Head Of County-Wide 4-H Club

A county-wide 4-H Club was organized Monday night for the benefit of 4-H Club boys and girls who are in high school and not members of other clubs.

Officers elected were President, Teresa Nix, Vice - President, Dianne Cook; Secretary - Treasurer, Mike McLaugh; Reporter, Diane Phillips and Council Delegate, Richard Kimbrough.

Adult leaders are Mrs. Clifford Williams, Mrs. Milton Williams, Mrs. S. B. Cook and Mrs. Truman Nix.

The business included planning the program for the county-wide 4-H Achievement Night which is to be November 14 at the Community Center. The theme is to be on Citizenship.

All interested 4-H boys and girls of high school age are invited to attend the next meeting which will be November 21 at 7:30 o'clock at the Community Center.

Those attending the meeting were Teresa Nix, Mike McLaugh, Jay Elms, Dianne Cook, Bob Smith, Judy Tapley, Richard Kimbrough, Diane Phillips, Nancy Williams, Carolyn Reed, Kandy Miller, Linda Williams, adult leaders and Extension service Agents.

Hail, Rain

(Continued from Page One) Baker has two places just outside Sudan and both were badly damaged by hail.

Waymon Bellar, H. H. Haney and R. P. Baccus also suffered heavy losses.

Francis Smith, who also farms two places, and Ken Minyard each lost cotton crops while north of the storm. B. O. Busby said the shingles were beaten off his home and he also reported heavy damage to cotton. Oscar and Gerald Allison also were among farmers reporting losses along the U. S. 70 highway route in the northwest part of the county. This is among the best cotton land in the South Plains with a yield of as much as two bales to the acre possible before the storm hit.

E. K. Angeley said three inches of rain fell at his farm in the same area.

Both Monday and Tuesday evenings this entire area was under a storm alert for several hours.

Bill Nix, a farmer near Sudan, said he would put the loss as \$150,000 after he made a quick check-

up near Sudan. Nix is also a crop insurance adjuster.

The rain and hail at Sudan came on so quickly Latin - American workers in fields were unable to seek shelter, and at least one cotton picker was reported to have several "bumps on his head" from the sudden hail.

Small hail fell here Tuesday afternoon, and rain measured up to .44 inches. Muleshoe reported rain and hail and a half of rain Monday night but no hail. The rain throughout the county may have damaged cotton. Maple was hit by "egg - sized hail."

Beautifully proportioned to the
CLASSIC FORD LOOK

An honor to be proud of, this is the medal presented by the international fashion authority, Centro per L'Alta Moda Italiana, to the 1961 Ford for functional expression of classic beauty.

A magnificent view... the '61 Ford Galaxie Club Victoria... the Willys-Auto over Lane.

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

Looking at the trend-setting car of our times, Ford... a car whose clean and classic profile matched by any other in the world. Just one look at the Big Circle taillights and sculptured rear end and you know the '61 Ford is the classic style of the Sixties.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF... THE FIRST FORD CAR DEALER-WARRANTED FOR 12,000 MILES OR ONE FULL YEAR

Lubricates Itself. You'll normally go 30,000 miles without a chassis lubrication.

Cleans Its Own Oil. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

Guards Its Own Muffler. Ford mufflers are double-wrapped and aluminized—normally will last three times as long as ordinary mufflers.

Adjusts Its Own Brakes. New Truck Size brakes adjust themselves automatically.

Protects Its Own Body. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath the doors.

Takes Care of Its Own Finish. New Diamond Lustre Finish never needs wax.

Warranty. The '61 Fords are built to meet three principal goals: finest quality, greatest durability, most reliable operation. Expressing their complete confidence that this has been accomplished, Ford Dealers led the industry in extending their warranty on '61 Fords to 12,000 miles or one full year, whichever comes first. See this warranty at your Ford Dealer's now.

Diligently Pray For The Work of Your Church

This Series is Sponsored By the Business Firms and Individuals Listed On This Page. These Firms Along With the Ministers of Littlefield Hope That Each Weekly Message Will Be An Inspiration To Everyone.

Grownups forget that a child experiences fear, disappointment and despair even more often than they.

Experience prepares the adult for sudden shocks. A child stumbles upon them unaware.

And each will breed more bitterness in his heart, if he has not found firm foundation for his courage, perseverance and hope.

But when a boy or girl has been given the undergirding of religious faith, the dreadful moments challenge rather than destroy.

Our children pray more often than we realize. They believe more confidently than we suppose. Life teaches them to draw strength from their faith . . . self-confidence from their trust in God.

But you and I must provide them opportunity to acquire faith. And our own example in worship and life must inspire their trust in God.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH.

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sandhills Philosopher

Philosopher's Neighbor Has New Solution For Castroitis

Editor's note: The Sandhills Philosopher on his Johnson grass farm covers a wide range of ideas this week, his letter indicates.

Dear editor: The way it looks to me, the United Nations is an organization of disunited leaders, but what I started out to say was I was sitting around with a bunch of people out here the other afternoon discussing politics. I tell you, after a week or so of reading how much Khrushchev and Castro to each other and hate the United States, a general discussion of American politics is a refreshing as finding out you've got more money in the bank than you thought.

At any rate, the question came up -- which man can handle the world situation, Nixon or Kennedy. One of the men, who has four kids, eight installment payments a month, and a 10-year-old tractor, said "I don't know, both of em I guess, at least both of em claim they can, each one better than the other, but even if either of them can handle the world situation, I don't believe either one of them is equal to the job of handling my situation."

The trouble is, he went on, his budget is in worse shape than Washington's, without near the resources. "All it takes to raise the debt ceiling for Washington is an act of Congress," he said, "but it takes an act of a banker to raise

mine, and bankers don't have to run for re-election. Kennedy or Nixon might talk Congress into voting more money, but they wouldn't have much luck with my banker.

Maybe Nixon or Kennedy can solve the education problem for the country as a whole, but I'm still gonna be faced with the bills for my boy in college. Maybe they can bring out defenses up to date, but I don't believe they could do much with my 10-year-old tractor.

I tried to explain to him that there are some things he's supposed to do himself, but he had me there. "Where does it say so in the platforms?" he asked.

I couldn't answer him, so I took the natural step a man takes when he's cornered. I asked him what he thought we ought to do about Castro.

The only thing he could suggest was that if we kept on firing off test missiles, maybe doubled up on them, maybe one of them would go in the wrong direction and the problem of Castro would be eliminated. I don't think this is a good idea.

Yours faithfully,
J. A.

Religion As Basis Of Vote 'Bad Politics'

"To vote for or against a man simply because he is a member of a group (Jew, atheist, Roman Catholic) is bad politics and worse religion," World Outlook, the national Methodist Missions Magazine, says in an editorial in its October issue.

"This election is too important for any voter to make up his mind on any other basis than the political issues and the candidates' positions on them."

The World Outlook editorial is its Second relating to the question of "A Roman Catholic for President." Parts of the editorial were published in Sept. 11 issues of the New York Times and New York Herald Tribune. World Outlook has a circulation of 140,000 and is edited by Miss Dorothy McConnell, the Rev. Dr. Henry C. Sprinkle and Arthur J. Moore, Jr.

Entitled, "The Catholic Issue," the editorial says:

"With the nomination of a Roman Catholic for the presidency, the so-called religious issue has been revived on the national political scene. Unfortunately, it does not seem to have been revived in any intelligent way.

"We commented on this question before (A Catholic for President, Aug., 1959) and our position remains the same now as it was then. Since that time, the discussion has grown more heated. We should like to reiterate some simple distinctions.

"Both Senator Kennedy and Vice-President Nixon come from religious traditions which raise questions about the candidates' positions on certain issues (the separation of church and state in Kennedy's case; the issue of national defense in Vice-President Nixon's case). It seems legitimate to us to ask certain questions. We would never say that a man's religion should have no influence on his politics.

"It is not legitimate to refuse, however, to listen to the answers and to declare that a candidate must be voted for or against not because of his stated position but simply because of his membership in a certain group.

"To maintain such a position is to undermine the basis upon which political life rests and to wind up with nothing but a series of bloc votes, all neatly labelled. We are close enough to having this scandalous situation without its being further encouraged.

"To maintain such a position is also to deny the value of the human personality in favor of assuming that man is socially controlled. This is not good Protestantism. After all, the Protestant principle does not apply only to Protestants."

Majority opinion said that the "viewing of the fire produced a wholly unexpected unusual and unforeseen catastrophe."

Dissenting opinion said that the case would bring up all sorts of confusion, such as whether a heart attack caused by excitement from watching a football game on TV show was "accidental death."

Another Chance for SA — Supreme Court ruled that the city of San Antonio has the right to make another try in court for water from the Canyon Dam Reservoir.

San Antonio's effort to get some water from the dam being built by the Guadalupe — Blanco River Authority has been going on for years.

State Water Board turned down the city's request which is vigorously opposed by GERA. San Antonio appealed the Water Board decision to district court which rejected the appeal, saying, in ef-

fect, that it was too late since construction of the dam already had begun.

Supreme Court held that San Antonio was entitled to a trial of the case on its merits in district court. If the district court should decide that the city should get some of the Canyon Dam Water, the case will go back to the Water Board to decide how much it should get.

"School Clubs" Under Fire — State Liquor Control Board has set a hearing Oct. 24 on proposed new regulations for private clubs selling liquor by the drink.

Bank - file private, non - profit clubs are not the target of the proposed new rules, said Liquor Board Administrator Coke Stevenson Jr.

It's aimed, he said, at "fly-by-night operators" who give away membership cards or have only the flimsiest sort of organizational set-up as an excuse for selling liquor by the drink.

New rule would require all clubs to have a private club registration permit, to be renewed annually. To get the permit, the club would have to have dues or fees, exclusive of liquor charges, sufficient to pay rental, insurance, taxes, repairs, etc., on its premises.

Liquor dealers would be forbidden to deliver liquor to any club without a permit.

Stevenson said there are probably more than 1,000 clubs providing liquor by the drink in Texas.

Textbooks challenged — "As the twig is bent, the tree's inclined" — which led a group of citizens from over the state of Austin to challenge proposed public school textbooks they felt might incline youngsters the wrong way.

J. Everts Haley of Canyon headed the group called the Texans' Committee for Education which appeared before the State Textbook Committee. Haley, a ranch - conservative, ran for governor in 1956.

Haley's committee objected to references in the proposed texts to persons they regarded as "subversive" and to what they called "left-wing comment." Some books, they said, encouraged government doles" by picturing arm subsidies in a favorable light.

Members of the State Textbook Committee, made up of teachers, said that any favorable reference to proven subversives would be taken out of any books recommended for state adoption.

Texas - Alaska Agreement — Texas and Alaska, the big two of the United States, have worked out a "visiting privileges" agreement for motorists from the two states.

Texas vehicles can operate in Alaska up to 90 days without additional registration charges, and Alaskan cars, trucks and buses may go the same in Texas.

State Highway Engineer DeWitt C. Greer announced the agreement. He said Texas now has reciprocal passenger car agreements with all other states and truck and bus agreements

In The Martin Manner

By Ramon Martin

DR. JAMES B. Conant, one of the nation's top educators, has just announced results of a study made by a committee of 237 schools in 23 states. This phase of the report deals with junior high schools which, he believes, are often the poor step - sisters of the educational system.

Dr. Conant is of the opinion that grades 7, 8 and 9 are in pretty bad need of revamping. For one thing, he thinks "inter-scholastic athletics and marching bands are to be condemned in junior high schools." The report says: "There is no sound educational reason for them, and too often they serve merely as public entertainment."

ALL of which is interesting, and probably true, but for that matter, interscholastic sports is carried on for "public entertainment." Granted that there is a vast amount of good which the participants get out of competitive sports in the field of team - work and learning how to get along with one another, sports in school is largely carried on for the entertainment of outsiders, some of whom use high school football, for example, as a basis for gambling.

And while we're on the subject, coaches are not made or broken by the school; they make their mark by the success or failure of their boys to play a good game entertaining to the outsiders.

ONCE A few years ago I was sitting in the office of a prominent man in our town when the superintendent of schools called on the phone. The so - called chief of the schools was picking a top football coach for the high school, and had called together several applicants for the job. The school board also was on hand.

But before that group would turn a peg, they called up several prominent men of the town and asked them to come out and sit in on the meeting, and these outsiders were frankly told that they — and not the school officials — would name the coach.

The man with whom I was talking at the moment said, "now that's the way — the only way — to pick a football coach, by the men of the town who make football possible on a big scale." Now there, I must admit, he had a point.

But to get back to the Conant report: That group says that grades 7, 8, and 9 (which are the grades usually found in junior or high schools) need specially qualified teachers — and more of them — as well as a tailor - made study program.

The committee said all pupils in grades 7 and 8 should be re-

minute and understand what they had read. (College level is 250 to 600 words per minute.)

And the report went further to say that remedial courses, with specially - trained teachers, should be set up for students doing below-grade level work in reading and arithmetic. That I can go along with.

I can't speak for the senior high school math teachers, but I do know as a part - time teacher in the system here, I have found a few pupils who simply can't read. The mere mechanics of reading is so difficult that the thought is lost in the laborious work of forming the words themselves. On the whole, however, I find that the pupils in high school here do a better-than-average job of reading.

ANOTHER interesting point in that report said that school days are entirely too short. The committee recommends seven 50 - minute periods per day or approximately seven hours per day instead of the popular six - period day. The report defends this stand with this statement: "This (seven periods) is not an excessive amount of time in most communities. Some school days are entirely too short." The daily class schedule should be flexible enough that the pupils don't have to choose

LIPSTICK LOGIC

The bucket vogue in ladies' millinery reminds us we'll soon be eating words again.

Every time there's a drastic change in styles we pop off about what we won't wear: "Wouldn't be caught dead in one of those things!" we declare. This has happened so often it does seem we could learn. How much wiser are women who greet fashion changes with, "Wait till you've seen a few," or "At least it's different."

They're hedging against word indigestion.

The first knee - length skirt a saleswoman talked us into buying felt skimpy. After a couple of wears, we hid in the closet and lowered the hem an inch. In no time, however, it looked dowdy and up went the hem again. We held out on those ridiculous spike heels until everyone we knew had seven pairs. Now we're a hundred percent, too.

Fashions rise or fall on the acceptance they get from younger women. Young matrons have the looks, the confidence, and the figures to launch a new ideal in clothes. The more timid and conservative women of all ages have only to see a few dashing examples of what the stylists are trying to put across before they, too, fall in line.

If the laggards can't get up

the courage to look in a mirror, they can concentrate on how pretty Mrs. So-and-So looked in hers and thus forget their own self-consciousness until they are used to the style.

A woman is only as old as she feels. As long as she can adjust to the ridiculous fads that come and go, she need not fear the encroaching years. Once reconciled, however, that age is creeping up on her, she can relax happily into the comfort of last year's look — and stop eating words.

Cotton blazer jackets with metallic buttons will be popular for men again this fall. Navy blue, wine and gray are favorite colors.

Harry Gilmer's 8.7 yards for 157 plays during the 1945 football season for Alabama still is a Southeastern Conference record.

PATENTS
Much of our nation's strength rests upon the brains and ingenuity of our scientists and inventors. Our Constitution and the patent laws aim to give them rights in their inventions and to encourage men to put out new labor-saving devices.

You may have good, useful ideas, but never do much about them. You can patent your new and useful process, machine, article of manufacture, or composition of matter, or an improvement in any one of them. However, your patent application must be completed and filed in the United States Patent Office within one year after the first sale or first public knowledge or use of your device or process. If your application is not on file without one year you forfeit your right to a patent.

You may not know how to protect your rights while perfecting, and patenting such items. Under our patent laws, the one who first conceives a new invention is entitled to a patent on it. If claims conflict, the patent office and the courts try to find out who first had the idea, not who first sought a patent.

Of course, apply for a patent as soon as you can, but protect yourself while you make your drawings, plans, and such tests as you need to perfect your patent. As soon as you can, write out and date the facts, describe and sketch your invention, if possible. Have two persons, whom you can call on as witnesses, note the date and state on the statement that they have read and understood the statements and drawings. Retain the witnessed statement and drawings in a safe place. Then, if a contest should arise, the statement, drawings, and witnesses will evidence your claim.

You will thus set up a date showing when you first got your idea. After you do that, go on with your work, perfect your idea, and

State Fair At Dallas Goes Into Second Week Of Hits

The 1960 State Fair of Texas Diamond Jubilee Exposition goes into its second big week this week and with another full program of events and special features.

"Flower Drum Song," the Rodgers and Hammerstein musical hit, and "Ice Capades" will both continue on through the State Fair.

Emmett Kelly, world famous circus clown, will appear in a big free show for the children at 7 p. m. Friday night in the Cotton Bowl. The show will also include a flying trapeze act, aerial acts and fireworks.

Rex Allen, known as "Mister Cowboy" for his starring roles as he singing hero in countless western movies, will appear at the Quarter Horse Show in the Livestock Coliseum at 8 p. m. Friday and Saturday and at 2:30 P. M. Sunday.

Football holds sway over the weekend, with SMU playing Rice University in the Cotton Bowl Saturday night and the professional Dallas Cowboys playing the Cleveland Browns Sunday afternoon.

Saturday is also Rural Youth Day at the Fair and more than 100,000 Four-H club boys and girls, Future Farmers and Future Homemakers will from all over the state be guests of the fair.

Tuesday, Oct. 18, is East Texas Day, and a big free show in the Cotton Bowl at 8 p. m. will salute that section. The show will feature popular folk singer Jimmie Rodgers and the comedy team of Homer and Jethro, along with the Apache Belles from Tyler Junior College and a bevy of East Texas beauty queens.

The Junior Livestock show starts Wednesday, Oct. 19, and the important junior livestock auction sales are Oct. 21 and 22.

During the first week of the Fair, fairgoers have been impressed with the beauty of the fairgrounds as dolled up for the Diamond Jubilee. Splashing fountains and theatrical scenic lighting effects make the Fair's "Diamond Lagoon" a gorgeous vista of nocturnal splendor.

Tying in with the Diamond Jubilee theme, old-fashioned torch-light parades wind their way around the fairgrounds each evening, beginning at 7 p. m.

The final weekend of the Horse Show features Arabian and Palomino horses and Shetland ponies.

The 1960 State Fair closes Saturday evening, Oct. 23.

LCC Sponsors English Session

It was once said that "next to kissing, our English language is the most exciting form of communication yet devised by human beings." This exciting business of "Improved Written Communications" is the concern of the District XIII English Workshop Conference which convenes Saturday, Oct. 15, in Lubbock.

The program will get underway at 8:30 a. m. at Lubbock Christian College with a general assembly and workshop section meetings. At 12:30 a luncheon in the Student Union Building on the Texas Tech Campus will feature Dr. Powell Stewart. He is a University of Texas associate professor of English and state director of the Interscholastic League ready writing contest, and is the author of several books. Dr. Stewart is a graduate of Bowdoin College and has a master of arts degree from Harvard University and a doctor of philosophy degree from the University of Texas.

An invitation to attend this conference is extended to all English teachers from grade school through college level in the thirteen counties of the recently formed T. S. T. A. District XIII. Dr. Lola Beth Green, general chairman, also extends the invitation to "include all school administrators and all future teachers who are interested in improving the ability of students to communicate with others more efficiently and effectively."

Registration fees of \$2.00 per school unit and \$1.75 per person Luncheon reservations should be sent to Mrs. William J. Voss, 3008 A 40th Street, Lubbock, Texas.

Springlake Sets Homecoming

Plans are nearing completion for the seventh annual homecoming of ex-students and teachers to be held at Springlake School Friday, Oct. 21.

The committee in charge of arrangements concerning the election of an ex-student homecoming queen have named the following ladies to compete for the honor: Mrs. Sena Winghamam Stevens, now Mrs. Elmo Stevens, Muleshoe, representing the honor class of 1930; Mrs. Louise Wright Strickland, now Mrs. A. M. Strickland, 2111 55th St., Lubbock, representing the class of 1940 and Mrs. Bonnie Clayton Henderson, representing the class of 1950.

Mrs. Henderson is married to Lealand Henderson of Earth, Jenna V. Brock Kellar now Mrs. Earl Kellar, Earth, will represent the class of 1960.

The coronation will take place at half time of the Kress - Springlake football game. The candidates, dressed in identical costumes in pioneer fashion, will ride onto the field in a horse drawn wagon filled with hay.

J. J. Coker, Springlake, ex-student association president, will be on hand to crown the queen.

Other activities of the annual event include a program at 5 p.m. in the school auditorium and a baked ham supper to be served at 6 p.m. at the cafeteria.

To be honored at the program will be the graduate from the earliest class, the person having taught the earliest year in the history of the school, the ex-student who has taught the greatest number of years in the school.

About Your Health

The thrill of the hunt is exhilarating, and yet at the same time can be soothing. This paradox of emotions probably accounts for the tremendous popularity of the sport.

But there is still another aspect — this one, not so attractive — the ever-present possibility of an accident.

During 1959, there were 150 accidental deaths attributed to firearms. While a large number were children who had pulled a "toy" gun out of Dad's bureau, most were outdoor hunting or allied "cleaning" accidents.

By October 1, 1960 — during dove hunting season — there were four deaths from hunting accidents according to the Sportsmen's Clubs of Texas.

However, death from firearms is not the only way to die during hunting season. A good many hunters slip and fall over precipices while gazing off into the distance instead of watching their steps on unsure ground.

But the greatest danger is still the hunter's weapon. Here are the ten commandments of shooting safely, which if followed seriously may save your own or your partner's life.

1. Treat every gun with the respect due a loaded gun.
2. Watch that muzzle! Carry your gun safely — keep the safety on until ready to shoot.
3. Unload guns when not in use, take down or open breech — guns should be carried in cases to shooting area.
4. Be sure barrel is clear of obstructions, and that you have ammunition only of the proper size of the gun you carry.
5. Be sure of the target before you pull the trigger — know identifying features of the game you hunt.
6. Never point a gun at anything you do not intend to shoot — avoid all horseplay.
7. Never climb a tree or fence or jump a ditch with a loaded gun — never pull a gun toward you by the muzzle.
8. Never shoot a bullet at a flat, hard surface of water — at target practice be sure your backdrop is adequate.
9. Store ammunition and guns separately, beyond reach of children.
10. Avoid alcoholic beverages before or during shooting. (A Health Education Division, Texas State Department of Health.)

system and the ex-student traveling the greatest distance to attend homecoming.

New ex-student association officers will be elected during the evening.

Present for a planning session Sunday at 2:30 p.m. at the school study hall were Billy W. Clayton, J. J. Coker, Mrs. R. J. Brock, Mrs. Jack Angeley, Mrs. Lewis Faver, Mrs. Dwain Wheat, Mrs. Price Hamilton, Mrs. Eddie Haydon and Mrs. Robert Riley.

The next planning meeting has been set for 2:30 Sunday at the auditorium at which time the persons participating on the program will also meet for practice.

Brown Patch On Lawns Needs Early Treatment

Brown patch on lawns is causing much concern in all sections of Texas. Even though it is much more common in high rainfall areas, it begins to occur in the Panhandle during July.

Many lawns throughout northern areas of the state begin to take on a brown spotted appearance during August and September. Most damage is inflicted in the central, eastern and western sections during September and October.

In the Houston area and further southward, it appears during October and remains to some extent throughout the winter into the early spring. Traces may again be observed in central and northern areas as the weather warms during late winter and early spring.

First symptoms of the disease appear as brown circular areas from 4 to 48 inches in diameter, even though they may frequently be larger. During latter stages of infection circular patterns may run together and no longer be evident.

Since the fungus is most active on the outer border of these circular patches, these areas may take on a "smoke-ring" appearance. Leaves usually start dying back from the tip and when sufficiently infected may be pulled easily from the stems. After a few weeks the grass tends to start growing back in the center of the brown patches. Rarely does the occurrence of this disease cause loss of stand.

Proper lawn management reduces the chances of a lawn being attacked by this fungus disease. Watering lawns in the late afternoon should be avoided as well as letting thick mats of grass clippings accumulate. Water should not be allowed to stand on the lawn and if necessary one should fill in low areas with soil.

Applying such fungicides as PCNB (Terraclor), Kromid, or Tersan before the time for brown patch to appear is the most effective means of control. If the disease is already present, apply the fungicide within 24 hours following a rain or watering. Where combinations of fertilizers and fungicides are used care should be taken to avoid applying excess amounts of disease control chemicals. Read and follow carefully the manufacturers' recommendations on the container.

Duke Snider led the Los Angeles Dodgers in hitting during the National League season with 308. Wally Moon was next with 302.

Travel tip: After washing cotton handkerchiefs, "paste" them against a mirror or tile wall. They will dry perfectly smooth.

You can keep drip coffee hot while you are pouring the water through, by placing the coffee pot on an asbestos mat over very low heat.
