Arrangements Made By Charles Signor; Several Weeks' Work Required

In commemoration of Easter, a cantata will be presented at the First Methodist Church, Littlefield, at 5 p. m. Sunday, with the choirs of the First Methodist, the First Baptist, the Lutheran, and the Presbyterian Churches participating.

Arrangements for Littlefield's special Easter music were made by Charles Signor, director of the First Methodist Church choir.

Mrs. A. I. Fowler will be the director, and Miss Ann York will preside at the organ. The grouping of the choirs pro-

vides a program of Easter music to which a cordial invitation is extended to everyone in Littlefield and territory.

Preparations for the cantata have been going on for several weeks. The combined choirs will present the "Memories of Easter Morn" by Ellen Jane Lorenz, and the numbers will be as follows: All Hail!-Chair.

\$6,000,000,000 To Be Raised From Sales To Individuals

The Fifth War Loan Drive will get underway Monday, June 12, and close Saturday, July 8, according to County Chairman Pat Boone, who announced the national goal at \$16,000,000,000, of which \$6,000,-000,000 is to come from sales of bonds to individuals.

Lamb County's quota is not yet available, but it is the opinion of Mr. Boone that it will be around \$750,000, in-as-much as the fifteen billion dollar national quota in the Fourth War Loan drive called for a set amount of \$690,000 from this county.

In the announcement from Henry Morgenthau, Jr., Secretary of the Treasury, he said: NO. 2

"In the Fourth War Loan, individuals invested \$5,300,000,000. In planning to get \$6,000,000,000 of the Fifth War Loan's \$16,000,000,-000 goal in individual sales, we are asking more than ever before from the American people. Fifth War Loan goals were set high because the Nation's Treasury must borrow a great deal of money this year to keep the war going. We will need more than twice as much as we can expect to get in taxes.

"Since January 1, 1944, the directs costs of the war have exceeded \$23,000,000,000. With the critical (Continued on Back Page)

Million Gardens Texas Goal

A goal of one million Victory Gardens in Texas during 1944 was set in a proclamation issued recently by Governor Coke Stevenson.

The Texas Extension Service is furnishing the leadership for the campaign and the State War Office is working in collaboration with that agency, Governor Stevenson said.

It is estimated that 880,000 Victory Gardens were grown in Texas in 1943.

The Governor's Proclamation call attention to the reports that there will be a 20 per cent reduction in the amount of canned goods on store shelves this year and points out also the increased demand for food for the armed forces.

In a bulletin issued to county judges and mayors of the state who serve as county and municipal defense coordinators, Governor Stevenson urged the adoption of the Victory Garden program as an outstanding activity for the defense organization in each locality.

He pointed out that most of the increase in gardens will have to come in towns and cities of

"Slacker" Bottles Sought

With millions of bottles being shipped to American fighters overseas, it is essential to keep all deposit bottles in action on the home front.

Leaders of industry in Texas made that appeal coincident with the announcement of a nation-wide campaign to get some 500,000,000 "slacker" deposit bottles out of hiding into circulation.

It is estimated 50,000,000 of these "slacker" bottles-bottles that could be re-used, such as milk and carbonated beverage-are in Texas. All such bottles should be returned to local dealers.

The campaign, indorsed by the War Production Board, was decided on following an announcement by the Quartermaster Corps that 152,000,000 bottles of carbonated beverages will be shipped overseas by the Army in 1944. Those bottles will not be returned for civilian use.

Every deposit bottle which is kept in action on the home front in Texas, making quick trips from store to home and back again, releases another bottle for action with our fighters overseas.

Illness In Family, Neighbors List Two Farms

West Texas neighborliness and kindness was recently demonstrated when neighbors and friends gathered and listed the land of Mr. and Mrs. W. R. Faver and their son and daughter-in-law, Mr. and Mrs. T. C. Faver. Both families reside south of Fieldton.

The father has been seriously ill at his home, and at the South Plains Co-operative Hospital, Amherst, for the past month. His condition is reported much improved. vear.

The illness of Mr. Faver took his son from the farm work and neighbors and friends of the families, realizing the situation, gathered and listed the land of the two farms. Twenty-three tractors went into ac-

tion to accomplishe the job. Those participating in the listing

of the Faver farms were: Jesse Watts, Orville Steffey, Willie Stiffey, Earley Hall, L. J. Mills, Clifford Mills, O. B. Woody, J. F. Woody, L. D. Robertson, Sherman Rushin, Jess Emmons, Ed Moore, Toch Rice, John Sims, J. D. Baker, Ford Bishop, J. J. Harlan, J. A. Streety, Forrest Durham, W. F. Sow-ders, R. W. Stanfield, Claude Mc-Cain, Mr. Patterson, L. L. Kirby, and Mr. Peek.

April 15 Deadline For **Declarations** Of **Estimated** Tax

Hon. W. A. Thomas, Collector of Internal Revenue, Dallas, Texas, announced today that copies of the forms for 1944 Declarations of Estimated Tax have been mailed out to the approximately 150,000 tax-payers who filed 1943 Declarations in this district last fall. Collector Thomas said any other

taxpayers who are required to file declarations this year may obtain them by letter request to the Dallas office.

The 1944 declarations are due not later than April 15. Originally scheduled to be filed on March 15 along with 1943 tax returns, the 1944 declarations were postponed until April 15 in order to include provisions of the recently-enacted Revenue Act of 1943.

The purpose of these declarations, Collector Thomas explained, is to keep everyone substantially paid up on his income taxes under the payas-you-go plan. Most taxpayers are kept approximately paid up by the tax that is withheld from their wages, and therefore do not have to file declarations.

However, some wage earnersparticularly clergymen, domestic ser-vants and farm laborers do not pay any withholding tax, and are re-quired to file declarations. Other wage earners pay withholding tax but not enough to meet their total tax bill and must therefore file declarations.

Also, declarations are required to provide a pay-as-you-go method of collecting taxes from business and professional persons and large num-bers of others who get all or part of their income from sources where no tax is withheld, such as business profits, dividends, interest, renus, property or stock transactions, or annuities. A declaration is required on or before April 15 from all citizens or residents of the United States who expect to have during 1944-either alone or together with a wife or 1. Wages subject to withholding exceeding \$2,700 for a single per-son or \$3,500 for a married couple living together. husband: 2. Or, more than \$100 income from all other sources if the total of such income plus wages subject to withholding is (a) \$500 or more for a single person, or (b) more than \$624 for a married person, or (c) \$1,200 or more for a married couple living together. The first quarterly instalment of the first quarterly instalment of estimated tax shown to be due on the declaration should be made at the time the declaration is filed and the remainder should be paid on or before June 15, September 15, and December 15. Farmers who receive more than 80 per cent of their income from farming, may, if they desire, post-pone the filing of declarations until December 15. However, if they do wait until December 15, the entire amount of the estimated tax must be paid at that time.

Contest Announced For 4-H Members

The National 4-H Rural Electrification Activity, which affords boys and girls an opportunity to learn how electricity may be utilized on America's under-manned farms to help in the "Food Fights For Freedom" program, is being renewed this

Electric service was used on 2,500,000 farms in 1943 to reach the greatest food production in all

history. Entry may be based on a boy's or girl's regular 4-H Club projects, such as dairy cattle, meat animal, food preparation and preservation, clothing, home improvement, poultry, gardening, and handicraft. The activity does not require that .entrants have electricity in their home or farm.

Awards for outstanding electrical achievements include medals to county winners, trips to the National house. Full information regarding this activity may be obtained from

To Be Made In May Dairy Feed Payments for milk and butterfat sold during the month of March are not to be made at present time.

Subsidy Payments

Producers selling milk and butterfat are advised by E. C. Clayton, chairman of the Lamb County ACA Committee, that payments of the milk subsidy for the months of March and April will not be made until some time during the month of May.

Producers who intend to apply for this Subsidy payment should keep their cream and milk tickets for these two months and take them to the Lamb County AAA office some time during the month of May.

Those producers who have not turned in their February tickets for this Subsidy may still do so any time during the month of April.

The Littlefield schools were represented almost 100 per cent at the Ford Community Tuesday afternoon when Mrs. L. M. Brandon, Mrs. A. West Texas Teachers Association meeting Friday.

Superintendent Purris Williams and Miss Margaret Teel were dele-gates to the meeting from the local schools.

Miss Bonnie K. Dysart, associate professor education and psyschology of Texas Technological College, was elected president. R. W. Matthews, acting superintendent of Lubbock Public schools, was named vice-president, and W. T. Hanes of Tahoka was re-elected secretary. More than 1500 educators and

guests attended the various meetings of the one-day session.

Principal speakers of the evening were Lt. Colonel Jay Dykhouse, chief of the pre-induction training branch of the Military Training di-vision of the Eighth Service Command at Dallas, and First Lieutenant Fred Brown of Lubbock Army Air Field. Col. Dykhouse spoke on What the Teacher Can Do for Pre-Induction Training" and Lt. Brown addressed the convention on an "Educational Blueprint for a Democratic Culture."

"Misdirected education is easier Wigington and family of Houston; prevented than corrected," said Dean Sgt. Roe Tipton of Camp Cooke, Calif.; Mrs. Alvis Tubbs, Mrs. Ray Barbar, Mr. and Mrs. Vaughn Atta-way and son of Littlefield; J. W. J. M. Jackson, professor of

education and director of the Teacher Placement bureau at Tech, presided at the banquet. Dr. Jackson is president of the Administrator's section.

Speaking on "Mental Health in the School," Dr. Agnes True, associate professor of education at Tech, stated that students should set a goal for themselves that they can obtain. She added that some times educators fail to let the students have their own responsibilities.

"Testing programs for schools should follow a definite plan," Dr. Albert Barnett urged as he spoke at the banquet on "The Development of an Adequate Testing Program.'

With the subject, "The Improvement of Guidance Facilities," members of a panel viewed the guidance program in schools today as one of its most important features. First pane lspeaker, R. W. Davidson, principal of the Plainview High school, said that "we've talked more than we've done." He suggested a trained full-time guidance direction of each school, but if unavailable, that prin-cipals and teachers would have to become the directors themselves.

We know the war won't be over tomorrow. We know there may be a long hard fight ahead.

But we can't help looking forward to the beautiful and wonderful-seeming days of Peace.

This is all right unless . . .

Unless it makes you relax your efforts to win the war . . .

Unless it makes you lose your memory of what happened after the last war was won.

Don't lose that memory now. Don't

forget the depression . : . the poverty that hit the farmers . . . the breadlines in the cities . . . the soldiers looking, looking, looking for jobs, and not finding them.

Remember that peace brought difficult economic problems, economic stresses. And this time, we must be ready to meet them.

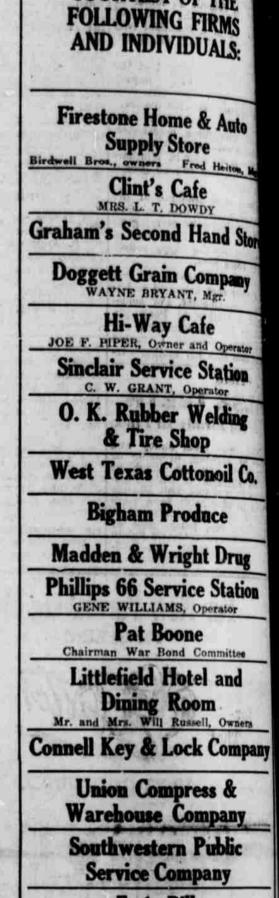

This time we must make sure of having a real financial cushion . . . to ease the transfer to normal peacetime business, peacetime employment, peacetime living.

That's one big reason why you should buy War Bonds . . . and hold on to them.

Every War Bond you buy, every one you hold to maturity will keep bringing you \$4 for every \$3 you invest today.

And that steady flow of buying power will make jobs. It will create markets for peacetime goods. It will do a lot to insure an America that's prosperous and sound . . . the kind of America we all want when this war is won.

So let's not forget the lesson of World War I. Keep buying Bonds. Keep hanging on to them. They're your security . . . your Country's security . . . for the days of Peace!

M-Sgt. Jack Brannen **Expected Home Soon**

M-Sgt. Jack Brannen, Jr., son of Mr. and Mrs. J. E. Brannen of the Air Forces, is expected to arrive according to a letter received by his sent from China.

M-Sgt. Brannen was reported in February last as "missing in action since January 15 between China and Italy"; and on March 2 his parents were advised that he was safe, and had reported back for duty after being missing 41 days,

It is believed he was carrying supplies to China when he was reported missing.

It is also understood that he was obliged to bale out of his plane somewhere between India and China.

In the letter to his parents last week he said he was expecting to be "home" by the middle of April; that he didn't care to stretch his luck. any further; and that he was spending his idle moments hunting. He said China had the "largest ducks and doves, and the smallest deer he ever saw; that it was called the land that never grows old, but that 'it is old already for me'.'

FARM AND RANCH LOANS AT LOW RATE OF INTEREST

The directors of the Federal Land Bank of Houston have reduced to 4% the interest rate on all outstanding Land Bank loans endorsed by this association where contract rates provide for more than 4% per annum, effective July 1, 1944. This reduction will continue for life of the loans.

This means that a borrower whose note calls for from 4¼ up to 6% interest per annum will never have to pay more than 4%. Borrowers who obtained Land Bank loans after March, 1935, already have the advantage of a 4% contract rate.

This voluntary reduction of the contract rate of interest is made possible by the successful op-eration of the Land Bank System of cooperative credit which is designed to make available neces-sary farm credit at low rates and on long terms.

Based upon average rates being charged by other lending agencies, it is estimated that Federal Land Bank and Land Bank Commissioner borrowers, through the Littlefield National Farm Loan Association, saved more than \$50,000.00 annually in interest alone.
