Riding Clubs, Floats To Be In Colorful Parade

Welcome to the rodeo!

That is the greeting of every local citizen as Littlefield prepares to launch the fifth annual Jaycee rodeo tonight at the Jaycee rodeo arena.

Rodeo stock brought by Buck and Tommy Steiner, rodeo producers, began making its appearance in the early part of the week and top cowboys have already started arriving. Most people agree that when threatening rain clouds start moving in, the rodeo will really be under way.

Parade is opening event
At 6:30 tonight a colorful parade will start the three day celebration. The parade will begin at the courthouse and will include cowboys and cowgirls, riding club from here and other Plains communities, and floats entered by local merchants.

Riding Clubs
The Lamb County Sheriff's Posse, the Roping Club, the Hereford Riders, and other riding groups will add a western touch to the parade.

Prize money
Surrounding communities will enter floats in an attempt to get part of the \$100 prize money offered for the best floats by the Jaycees. T/sgt. Gerald Cutsball of the U. S. Army and Air Force recruiting station here informed the Leader yesterday that the Reese Air Force Base band will not be able to appear in Littlefield due to a previous engagement.

The Jaycees urge anyone with a (Continued on Back Page)

Red Cross To Elect Officers June 23

Wolfe Shaw, County chairman of the Lamb County Chapter of the American Red Cross, announced today that June 23rd has been set for election of officers for the ensuing year. The meeting will be held in the banquet room of the Hayes Coffee Shop at 8 p. m. The present elective officers are Wolfe Shaw, Littlefield, County chairman, Joe Salem, Sudan, vice-chairman, Pryor Hammons, Littlefield, treasurer, Truitt Sides, Olton and Roy Neal Earth, members at large. Mrs. Leta McGraw of Amberst, Mrs. Weldon Findley, Littlefield, and G. M. Shaw of Littlefield are appointive members.

A nominating committee was appointed by Mr. Shaw at the last regular meeting. Dr. Ira Woods, J. T. Elms and M. O. Mitchell all of Littlefield, Mr. Mitchell headed the Fund Campaign for Lamb county in March of this year. Dr. Woods was County Chairman for three consecutive years and Mr. Elms served (Continued on Back Page)

Top Rodeo Stars Will Compete In Littlefield Rodeo

Cowboys and cowgirls began to pour into Littlefield late Wednesday afternoon to register at the Chamber of Commerce office for competition in the Jaycee rodeo.

About 50 had registered late yesterday afternoon and expectations were that the count would go well over 100.

Among those registering were some of the top cowboys and cowgirls of the nation.

Toots Mansfield, world's champion calf roper, registered for competition and is expected to show Littlefield folks the speed which makes him a champion.

Mansfield is president of the Rodeo Cowboys Association. Bill Lowe, outstanding roper and bull dogger who has recorded times of 10.5 to 11 seconds, will also appear.

Other outstanding performers are Carl Satterfield of Cheyenne, Wyo., and L. G. Gibb.

Cowgirls who are leading barrel racers registered yesterday also. June Popes of San Angelo and Dorothy Scatterfield of Cheyenne, Wyo., will compete for top prize money at the Littlefield rodeo.

Family Night Held By Sheriff's Posse

Family night was held by the newly organized Lamb County Sheriff's Posse Monday night at the Legion hut.

The first of this type of outing to be held by the group, it was well attended with nearly 100 people enjoying the refreshments and entertainment. The Sheriff's Posse plans to hold a family night once every two months.

Part of the entertainment for the evening included selections by Bob Smith on his French horn.

The Sheriff's Posse has two appearances scheduled for the near future. The maroon and white clad riders will appear in a parade here in Littlefield tonight to launch the fifth annual Jaycees rodeo. On June they will parade at Lubbock.

Past performances have been on June 2 at the Pioneer Day celebrations in Clovis, N. M. and in the parade here preceding the queen judging contest last Thursday.

OIL FIELD IS LIKELY

Further tests at the Humble Oil & Refining company No. 1 Hobgood wildcat, eight miles southeast of Littlefield, show that the discovery of a new field is almost certain.

This development in the Clear-Tubb section of the lower Permian has been showing signs of possible production from 6,573 feet to the present level of 6,868 feet.

The prospecter ran a two and one-half hour drillstem test at 6,540-70 feet. Gas showed at the surface in 45 minutes. The gas volume was not gauged or estimated. No fluid came to the surface while the test was open.

Recovery was 1,288 feet of fluid, estimated to have been 90 per cent oil and 10 per cent drilling mud. There were no signs of formation water. Corrected gravity of the oil was 28.5 degrees. Open flowing bottom (Continued on Back Page)

PRIZE MONEY for this cowboy who couldn't keep his seat for the required time. Plenty of him will be having the same trouble tonight at the fifth annual Jaycee rodeo when it opens at 8:30 and there will be a few who walk away with part of the \$3,500 in prize money.

W. H. Rutledge Jr. Preaches Sermon At Silverton Church

Also present at the convention from Littlefield were Delphine Covington, Garland Anzelina, Robert Rutledge, and Huston Hodges.

His duties as moderator will take him to the Presbyterian Youth General Assembly in Grinnell, Iowa on June 26 where he will sit on the National Council.

Huston Hodges, son of Mr. and Mrs. Allen Hodges, will also attend the General Assembly to conduct a seminar there.

Poster Contest Winners Named

Winners of the Chamber of Commerce sanitation poster contest among the cub scouts of this city were announced at a board of directors meeting Tuesday night.

First place went to Lance Richardson who received a \$5 prize. Second and third place winners were Billy Ray Duncan and James Goldston who received \$3 and \$2 respectively for their posters.

The contest posters were designed to show how contagious diseases were transmitted from a sick person's excreta by flies to a well person.

Also on the agenda for the board was the discussion of the annual C. of C. barbecue set for June 23 and nomination of a vice-president.

A committee composed of Hardy Shelby, W. B. Little, and Allen Hodges were appointed to nominate a vice president. They will make their report at the next meeting.

Roberts Has Eye On Rodeo Honors For Future Date

Bill Roberts has decided to leave the Jaycee rodeo and her past performance has left much doubt that she will ever win. Her mother, E. Roberts, climbed aboard her horse when she was only a few years old and has since been a top-flight rider. She admits that there have been "a couple of times" that she has been thrown, but they have never discouraged her. She knows that even the best riders sometimes get (Continued on Back Page)

According to Leta when she was still in rompers and her mother wasn't around to lift her on she just started climbing. She would begin by shinnying up the fore legs and then grab her horse's long main to swing up the rest of the way. Luckily she had a horse that would stand patiently through this involved mounting process. She admits that there have been "a couple of times" that she has been thrown, but they have never discouraged her. She knows that even the best riders sometimes get (Continued on Back Page)

Possible Loss Of Young Quail May Result From Heavy Rains

AUSTIN, June 10—Possible loss to young quail particularly in coastal prairie areas of southeastern Texas has been reported to the Game, Fish and Oyster Commission following recent rains.

The executive secretary said the region west and southwest of Houston apparently suffered some damage to the newly hatched birds. Game warden Tom Waddell of Eagle Lake said a series of torrential rains, including one ranging up to ten inches, flooded large parts of his district, particularly in Colorado County. Waddell said he saw many quail sitting on fence posts, calling

plaintively after the nests or their young broods had been destroyed by the high water.

The rains occurred at a crucial period in the nesting routine, according to the executive secretary. In the main, however, the game young doves from fall has been reported but indications are that wild turkey, prairie chicken and other species have fared well this year.

The executive secretary said wet periods occurring when quail are young sometimes are destructive particularly in the low areas where

Boys Club Rodeo To Be Held June 21

Western movie actor, Johnny Mack Brown, will be the featured star of the Ninth Annual Lubbock American Business Club Boys' Club Rodeo June 21, through June 24, at 8:00 p. m. at Jones Stadium, Lubbock.

The former All-American football player, who is now starring in western movies for Monogram Studios, will be in Lubbock for the four-day rodeo and will make public appearances at all of the shows.

Other features of the rodeo will be three specialty acts that have been making big hits with audiences throughout the national rodeo circuit.

The initial appearance of the Roscoe Armstrong Bucking Ford Art in West Texas will be at the ABC Boys' Club Rodeo. Critics across the country have acclaimed the act as being one of the most original to be seen in the rodeo arena. Also featured will be the Kitchenerettes, a trampoline act with three young ladies, and a working exhibition of sheep herding by Border Collie dogs.

The rodeo profits will go into the capital building fund for the Lubbock Boys' Club. Over \$2,500, plus all entry fees, will constitute the prize money and will be offered in competing cowboys. The stock will be furnished by the Beutler Brothers Rodeo Producers, of Elk City, Oklahoma, one of the top three stock organizations in the nation. The rodeo is approved by the Rodeo Cowboys Association.

Tickets for the four-night rodeo will be available by writing the ABC Rodeo Ticket Office, Hotel Hilton, Lubbock. General admission seats, good for any night, are \$1.50 for adults and \$0.75 for children, and box reserved seats are \$2.40. All prices include tax. The box seats will be the only reserved seats available and will be for specific nights. General admission tickets are good for any seats on any of the four nights.

the soil is heavy. He explained that the soggy loam balls upon the baby quails' feet and oftentimes continues to accumulate so that the young birds are unable to travel and either starve or are seized by predators.

Quail which lose their nests or lose their young, will nest again and frequently try a third time if the first two efforts are lost. Quail build their nests haphazardly and lay their eggs in low areas as much as on higher ground. Thus their nesting tendencies are indispensable to the annual bob white crop.

They were daughters and families. Mrs. Floyd Donley and son of Capulin, N. Mex. Mr. and Mrs. J. H. Townley of Jacksboro; Mr. and Mrs. L. D. Cowart, daughter and son of Skellytown; Mr. and Mrs. F. E. Armstrong and six children, Paducah; Mr. and Mrs. Ben Cowart, son and daughter, Paducah; Mr. and Mrs. Sidney Lane, Snyder; Mrs. Jessie Thomas and daughter, Paducah. The sons and families are: Mr. and Mrs. Z. C. Chambless and daughter, Houston; Mr. and Mrs. J. M. Thomas and son, Lubbock; and Mr. and Mrs. Ewing Thomas and daughter of Goldsmith.

Her sister, Mrs. J. W. Henderson and Mr. Henderson of Muleshoe and granddaughter, Mrs. Burnice McGlown and Mr. McGlown of Athens were present also; and Mrs. Thomas only great grandchild Patsy McGlown.

THE HAUNTED HOUSE

By Faith Helen Faust

Shadow was a gray mouse that lived with his family in an old house. The mouse family had always lived in the old house. One day Shadow saw a blue car drive up in the driveway.

Two people got out of the car. Shadow's mother said that one of them was Mr. Brown who lived there ten years ago.

"What are they going to do?" said Shadow.

"I don't know," answered his mother. The two men came into the house.

Mr. Brown said, "Say, Mr. Jacobs, this house is pretty good if you

fix it up."

"I know but somebody said it was haunted," said Mr. Jacobs.

"I don't believe in ghosts. If you don't want it, I can sell it to J. Sift," said Mr. Brown.

"Oh I guess I want it," said Mr. Jacobs.

The men looked the hose all over when they left Shadow's mother said, "They are going to move in but we've been here so long. I don't think there are any more houses."

"Maybe we can haunt it," answered Shadow. "The bats and squirrels and the owl met together that night. They were worried because there wasn't any other place to live. The mice were to find a squeaky board in the floor and jump on it to make it squeak. The squirrels were to drop nuts on the floor. The owl would make hooting and groaning noises. The bats looked all over town and found some flour. They would roll in the flour and get all white. Then they would fly across in front of the windows. Anyone would be frightened away."

The first people who came ran and told about a terrible ghost in the house. Those who didn't believe them went also. Soon no one would go near the old house. Shadow and all his friends stayed in the old haunted house.

WACs To Train In Summer Camp

WAC "citizen-soldiers"—all members of Organized Reserve Corps training companies—will report to camp with their hometown units for the first time this summer as the Army's new program of joint field training for men and women reservists gets under way.

The first Women's Army Corps reservists to report with their units in the Fourth Army area are now on duty at Fort Hood, Texas, with adjutant general and quartermaster organizations. Others are scheduled to train with medical, adjut-

From where I sit... by Joe Marsh

Oh—My Aching Feet!

Other night just as I was settling down with a book and a mellow glass of beer, the wife calls down, "Joe—I almost forgot—you and I are going over to the High School and take dancing lessons!"

Now, I can waltz with the best of them, so I put up a quiet struggle against going but it was no use. Turns out it was the class in square dancing. And from the look on some of the other men I judged I wasn't the only one there who had been taken by surprise!

Miss Williams and Carly Lawson taught us what to do with our

feet, and before it was over, darn if I wasn't actually enjoying myself. Going back next week, too!

From where I sit, we sometimes get an idea into our head for or against something and then hang onto it for dear life. Whether it's square dancing, or the right to enjoy temperate beer or ale now and then, we owe it to ourselves as Americans to take an open-minded attitude—that's even after we make up our minds about it!

Father's Day - - -

Sunday, June 18, is Father's Day. For 24 hours, he'll be allowed to enjoy the illusion that he's still the Grand Nabob of the family.

Affectionate Father's Day greeting cards will proclaim domestic fealty. Mom and the kids probably will slip Dad a neon necktie, too, and new slippers for his bunions.

He'll have two blissful weeks to enjoy them—before the first-of-the-mouth bills arrive.

Anyhow, Dad's prestige today is higher than it was in 1907, when Mother's Day was founded. "Poor father has been left out in the cold," mourned Jane Addams, famous social worker.

Mrs. John Bruce Dodd of Spokane, Washington, proposed Father's Day in 1909. She was one of six brothers and sisters raised by their father, William Smart, a Civil War Veteran, after their mother died.

The Spokane Ministers Association sponsored the first city-wide Father's Day in 1910. President Coolidge recommended its nationwide observance in 1924.

Looking over history, Dad might conclude he's lucky to rate even one special day a year.

Back in Ancient Greece, an annual festival honored Zeus, father of the gods. His sacred statues were crowned with new laurel wreaths. But Zeus was also patron of human fathers. So dutiful sons made up the traditional gift for Dad—a cluster of ripe grapes.

Pharaoh Ramesses II was Egypt's champion father—100 sons and 59 daughters. They battled so savagely over the throne that no succeeding Pharaoh dared have a large family.

In Roman days, fathers could punish disobedient

wives or children with death. But so many youngsters ran from home that the Numina, or family gods, had to be invoked.

Julius Caesar wrote that discipline was stricter among the tribes of Gaul. They considered it a disgrace for a son in his teens even to appear publicly in his father's presence.

Champion Father of all time was Emperor Mulai of Morocco, who died in 1727 at the age of 81, leaving 548 sons and 340 daughters. He had 309 wives and 700 concubines. The Bible records that King Solomon had 700 wives and 300 concubines, but doesn't say how many youngsters called him the equivalent of "Hiya, Pop, y'old rag mop."

Only man to ever have 1,000 wives, apparently was Rama V, or King Chulalong Korn of Siam. When he died in 1910, he left 134 sons and 236 daughters—so many budding princes and princesses that the confused nation has been rocked by civil war ever since.

In our present day, Dad's authority hits bottom in West Africa. There, when a son wants permission to marry, he asks his eldest brother.

American Lads needn't feel too superior. Last year employees of the weekly magazine National Guardian negotiated for a one-week "paternity leave" to play nursemaid to new mothers returning home from hospitals.

But whether Dad rules his young'uns with a ruler stick, or bribes 'em with ice cream cones, he's the most loveable guy around the family homestead. And the appreciative Father's Day cards he gets this year will tell him so!

BULL LAKE PHILOSOPHER WANTS INTERNATIONAL BANKING METHODS GIVEN A TRIAL AROUND HERE

Editor's note: The Philosopher on his Johnson grass farm on Bull Lake comes up with a strange notion of banking this week, as follows:

Dear editor:

I was readin in a paper last night which I picked up off the counter at the It Cafe and will return next week if they complain about it that Russia has offered to pay off its lend-lease debt of two billion dollars to the United States provided we'll accept payment at the rate of 2 cents on the dollar.

As I understand it, the United States is gravely considerin this proposition. Now of course it won't take me or you long to give Russia an answer on this, but that ain't what interests me right now.

What interests me is the type international banking methods in use today, and what I'm still like to know is why we can't have some of 'em down here in Lamb County? Say last year I was confronted with a financial emergency, and there ain't no time of the year when I couldn't arrange one, and went to the bank and they loaned me \$500. Well, along about now say the note comes due. Under the present system we got around here, the bank sends me a brief notice that the note is due and payment is expected.

But national governments don't employ such embarrassin methods. We send a man all the way to Russia, outfit him in a new suit of clothes, and have him wait around Stalin's office a few days, when he's admitted and hands over a diplomatically-worded note sayin we hope Stalin is in good health and his family is fine and along toward the end, as a sort of afterthought, we beg his pardon for mentioning it but there's a slight matter of two billion dollars past due now for five years. And then Russia, in about two months, gets

around to offerin to settle for 2 cents on the dollar.

Now what we need here in Lamb County is a similar system. When my note comes due at the bank, I'd like to get some international treatment. If the bank would wait five years before sending a man out here to inquire about my health and casually mention that \$500 note, and give me a couple of months to make a counter offer, say even 5 cents on the dollar, I ain't got quite as much nerve as Russia and wouldn't expect no 2-cent

deal, I'd feel a lot better about things and I imagine bankin business would increase a thousand per cent, if you hear of anybody around here tryin this method out, let me know right away how they come out.

Businessmen From Fort Worth To Visit June 21

Pat Mann, manager of the local
Chamber of Commerce announced
today that he had been notified
by William Holden, General Man-
ager, Fort Worth Worth Chamber
of Commerce, that Littlefield would
be one of the cities to be visited on
the second day of a two-day tour
which a delegation of some thirty
to 33 Fort Worth business men will
be making to cities in west central
Texas and eastern New Mexico
on Tuesday and Wednesday, June
20-21.

The Fort Worthians, according to
Mr. Holden, will be traveling in a
chartered bus and are due to ar-
rive in Littlefield at 2:25 (p. m.)
coming in on State Highway 51.

According to Mr. Holden the dele-
gation will consist of top-ranking
banking, manufacturing, jobbing
wholesale, livestock, meat packing,
grain, newspaper and other inte-
rests of the City of Fort Worth. The
tour is the first into this section on
which Fort Worth business men
have ever gone in an organized
group, and according to Mr. Hold-
den, much interest is in evidence
about the trip.

This particular tour, he pointed
out, is rather unusual in that in the
interest of time, as well as travel-
comfort, the tour will combine the
best features of both rail and bus
transportation. The tour will origi-
nate in Fort Worth, 9:00 p. m., Mon-
day evening, June 19, when the Fort
Worth delegation boards special
pullmans attached to the regular
Santa Fe train movement north-
west.

Following visits with local busi-
nessmen in Littlefield, the visitors
board the bus at 3:05 (p. m.) for
the next stop, Lubbock. After the
Lubbock dinner meeting, on Wed-
nesday, the delegation will board
their special pullmans and ride the
pletion at San Antonio of a new
\$275,000 Home and Hospital for un-
married mothers who came to the
Salvation Army for help from all
parts of the state.

Tech Coeds To Model New Cotton Fabrics At Research Congress

Four Texas Technological college
coeds in the home economics divi-
sion will model the new cotton tricoot
knitted fabrics at the Cotton Re-
search Congress in Dallas, July 27.

The showing will be the first
practical demonstration of fabrics
made by the high-speed knitting
project at Tech. The project is
sponsored by the Cotton Research
Committee and is under the direc-
tion of Dr. L. E. Hessler.

Tricot knitters are used in knit-
ting synthetic fabrics. Adaptation of
cotton for the knitter may open up
a new phase of the cotton textile
industry, Dr. Hessler said.

"These cotton fabrics don't
shrink like other knitted goods be-
cause they are closely knit—there
isn't any room for shrinkage," he
said.

Dr. Hessler added that results of
the research at Tech have been so
encouraging that transmission to
speed the knitter up to 500 courses
a minute is being installed.

Tech students who will model at
the "Cotton in the Home" fashion
parade are Mrs. Velle Compton,
Fort Worth; Mary Ruth Sims, Lub-
bock; Betty Millican, Petersburg,
and Patsy Haydon, Hart.

Mrs. Compton also is working
on a research project to determine
the advantages which tricot knitted
jersey will offer to consumers.

The cotton research committee
also has other projects in progress
at the University of Texas and Tex-
as A&M. The three state-support
schools are sponsoring the Dallas
congress.

regular overnight Burlington train
back into Fort Worth, arriving
there at 6:00 a. m., Thursday, after
having visited eleven West Texas
and two New Mexico cities.

Research Positions Open

Six new research positions been
created by the Texas Petroleum
Research Committee, Dr. G. H.
Francher, Committee director and
University of Texas professor has
announced.

A successful applicant will re-
ceive \$1,800 a year and the oppor-
tunity to study for a graduate de-
gree in petroleum engineering at
the University of Texas or Texas
A. & M. College.

Requests may be made now for
work beginning September 1. Appli-
cations should be sent to Dr. G. H.
Francher, Director, Texas Petroleum
Research Committee, 201 Petroleum
Engineering Building, University
of Texas, Austin, Texas.

Egg Shipping Increase

Rail shipments of eggs from Tex-
as stations totaled 195 carloads in
April as compared with 84 in March
and 185 in April 1949, the Uni-
versity of Texas Bureau of Business
Research reported.

Only two carloads of chickens
and turkeys were shipped from
Texas stations during April.

How SMOOTH can a ride be?

THAT'S a question well
worth answering before
you settle on your next auto-
mobile.

For what fun is there—what
thrill—in a car that is pris-
oner to the city streets, slowed
down by roads a Buick is built
to take in stride?

So we'd like to show you just

how much smoothness your
money can buy. How levelly
you float over cobbles and car
tracks—over rutty gravel and
wavy black-top—in this stun-
ning traveler.

The car will be any Buick you
prefer—SPECIAL, SUPER or
ROADMASTER. You can name
the place—pick a spot or a

stretch you know so that you
can measure Buick's smooth-
ness against your own experi-
ence—and we'll promise you
a new sensation in riding com-
fort.

The time can be any time you
want to arrange with your
Buick dealer—who is ready to
show with actual figures that
"if you can afford a new car
you can afford a Buick."

See him, will you, and treat
yourself to some real comfort?

Only Buick has Dynaflo* and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) •
NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble"
taillights • **WIDE-ANGLE VISIBILITY**, close-up road view both forward and back • **TRAFFIC-HANDY SIZE**,
less over-all length for easier parking and garaging, short turning radius • **EXTRA-WIDE SEATS** cradled
between the axles • **SOFT BUICK RIDE**, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-

Approval Given By School Board On New Teachers For Fall Term

The Littlefield school board met in a regular session Monday night, June 12, in the school secretary's office and approved several teachers for the fall term.

Elected to teach in the Littlefield High school were W. W. Hall of Olton, Mrs. S. E. Ayres of Littlefield, and Miss Frances Telsey of Afton.

New teachers at Central school will be B. R. Holliday of Pep and Mrs. Alma Fay Carter of Spade. Transferred from primary school to Central school are Miss Irene Thornton and T. J. Jones.

New appointments to the primary school are Mrs. R. M. Richey, Parker Gaden of Witharrell, Mrs. B. R. Holliday of Pep, Miss Mary E. Wheeler of Witharrell and Miss Mary Jo Miller of Alton.

The board also plans to add one or two teachers to the Dunbar colored school next fall before school opens, depending on the need. In addition to these teachers some new subjects will be offered, such as home economics. The board also agreed to complete some painting and repairing done on the school before fall.

Ernest Davies, architect's superintendent, reported that even though the progress on the new

building has been rather slow, it was hoped that quite a showing would be made in the near future. The hold up so far, according to the superintendent, was due to a lack of steel.

Also under discussion at the board meeting was the letting of bids for furniture and equipment for the new building.

The board announced that it will accept bids on general furniture for the new building on July 14. Anyone interested in bidding may obtain a list of the furniture from the office of the superintendent of schools.

Bids and samples should be at the school on July 14 for consideration. The furniture will be purchased by samples and bids.

Bids on laboratory and shop equipment will be received at a later date. The exact dates will be announced at some future time.

U. S. PRODUCES 63% OF WORLD'S OIL

The U. S. oil industry has produced 63 per cent of all the world's petroleum. Global output from 1939 through 1949 totaled 61.6 billion barrels. Of this, the domestic industry has produced 38.9 billion barrels.

RED CROSS

ved on the board as Home Service Chairman for two years.

Everyone who contributed as much as one dollar to the Fund Campaign is entitled to a vote.

Report of the year's work will be given and refreshments will be served.

Mr. Shaw also reported that \$6,711.91 was raised during the drive in March. Littlefield raised \$3,473.73, Sudan \$1,132.53, Olton \$546.70, Earth and Springlake \$622.85, Spade \$349.07, Fieldton \$107.00, Amberst \$382.03, Pleasant Valley \$98.06.

VACATIONISTS "STEPPING OUT THIS YEAR"

The average American on vacation this year will travel a greater distance and spend more money for gasoline, oil and food than ever before, according to a magazine survey. Mr. Tourist is expected to spend an average of \$279 and travel 1639 miles. That is \$66 and 381 miles above the figures for 1949. Since most vacationists travel by automobile, the oil industry will play a big part in meeting record demands of pleasure-bound Americans.

that the barbecue program is almost complete and tickets are now on sale. Mann hopes that the sale of tickets will be complete by June 29 in order that the Chamber of Commerce office can finish its preparations.

Jack Christian has been appointed master of the ceremonies for the barbecue which will be held at the V. F. W. hut at 8 p. m. June 23.

Introduction of the new president, Dr. B. W. Armistead, will be made by Dr. C. E. Payne. Joe Walters is scheduled to present the farewell to the retiring president, W. B. Little.

The Chamber of Commerce plans to hold the barbecue outside but in case of bad weather arrangements have been made to move it inside of the V. F. W. hut.

LETA ROBERTS

thrown.

The vivacious, dark-haired cowgirl likes horses with a little spunk. If they rare back once in awhile that adds a little fun to the riding.

Her record in the Roping Club queen contests is a good indication that her decision to become rodeo queen will come true in the not too distant future.

In the judging last Thursday evening at the Jaycee rodeo arena her riding caught the eyes of the judges and audience alike to win her the honor of junior queen and best cowgirl in the younger division.

She was a little worried about winning the contests because her mare, Flame, wanted to shy away from the barrels as she circled them. Leta thinks the silver paint on them made Flame a little wary of them.

In spite of the shying episode,

Leta's horsemanship showed how much time she had spent in the saddle. About the time of the ninth annual Jaycee rodeo it will be Miss Roberts who reigns as queen if she keeps up her good work.

WIN FIRST

ties of the farm.

Two Texans were honored as "The individuals who made the most outstanding contribution to 4-H work over a period of years."

They are Mrs. R. B. Campbell of Wilfordo, president of the Texas Home Demonstration association and Calvin L. S. Hallas, director of Sears Foundation. They received gold spurs with a 4-H emblem inside the shank.

Volanda Ellis, 15-year-old daughter of Mr. and Mrs. Elmo Ellis of Rt. 1, Plainview, was winner of the best wool garment award at the state 4-H dress revue.

Miss Ellis wore a plain beige skirt and plaid jacket, with touches of yellow and brown. The skirt was made from a pair of beige gabardine trousers of her father's; the jacket came from a plaid coat of her grandmother's. She wore a crepe blouse. Total cost of the outfit was \$5.95.

She carried out the beige and brown theme in the accessories to her prize winning costume. She wore brown calf shoes, beige leather gloves, orange and yellow tie, a beige felt hat trimmed in orange and yellow and she carried a brown leather drawing bag.

She received a \$100 bond as winner of the revue. The women's auxiliary of the Texas Sheep and Goat Raisers association donated the prize.

Judges of the contest were Elizabeth Tarpley, University of Texas; Berniece Dolling, director of consumer education division of Sears-Roebuck company, Chicago and Ola Armstrong, clothing specialist of the Oklahoma Extension service, Stillwater.

Young county placed first in

events followed by Hidalgo county in second and Victoria county in third.

Jimie Jennings of route 2, Canyon, was one of the nine over-all winners. She received an electric iron as an award. The iron was donated by the Texas Power and Light company.

horse, float or anything else suitable for parade purposes, to join in the procession and get Littlefield's rodeo off to a real start.

Large Ticket Sale
Tickets which have been on sale for several days are selling fast and a large crowd is expected

when the grand entry at 8:30 tonight signals the opening of three nights of thrilling performances.

Work on the arena has been completed by the Jaycees and it is in excellent condition. A better set of lights has been installed to make viewing the entertainment a real pleasure.

Two hundred head of top rodeo stock will be on hand and according to Buck Stener the stock have wintered in excellent shape and they are plenty salty and rank. The cowboy who manage to stay with them eight seconds deserve their share of the \$3,500 in prize money.

Special Acts
In addition to the regular thrill-

ing competences in bull riding, bull dogging, are in store.

Paul and Marie of Bluff, Calif. will present a team of white mice jumping, trick riding. This act has won Madison Square Garden, Walla, Wash. Chappin many other top rodeos.

Weaver and Juma also appear with trick roping. Janita Gray's Baby Mine will give a lot of ball kicking.

Skippy, the wonder help in making it a rodeo.

State Races Closed; Six Candidates Announce For Office Of Governor

Monday, June 5, was the last day for candidates to file for state offices in connection with the July Democratic primary.

(June 17 is the last day for county and precinct candidates to make application for entrance on the Democratic primary ballot.)

By midnight, final deadline, six candidates, including one woman, had announced for governor and twelve persons had entered the lieutenant governor's race.

Entered in the governor's slate are Mrs. Benita Louise Marek Lawrence, 34, Brenham school teacher; Governor Allan Shivers, former Senator from Port Arthur who was serving his second term as lieutenant governor when the late Gov. Beauford Jester died last year elevating Lt. Gov. Shivers to the governor's chair.

Also, Caso March, former Baylor law professor of Waco who is backed by the AFL and CIO unions in his third try for the office; Charles B. Hutchinson, Dallas Wellinton Abbey, Houston man who now is business manager of the Cotton Digest, and Gene S. Porter, also of Houston and an insurance man who ran unsuccessfully for the office against former Gov. Coke R. Stevenson in 1942.

Lieutenant Governor

The twelve candidates seeking the number two executive post in the Lone Star state are State Rep. Preston Smith of Lubbock, now in his third term and an independent theater owner; R. B. McAshan of Ingram, a retired Houston banker and humorist; State Sen. Kyle Vick of Waco, in his third term and former protom of the state Senate; State Rep. W. O. Reed of Dallas, for eighteen years, and Arlon Barton (Clyclone) Davis Jr. of Dallas, former candidate for governor and U. S. Senator.

Also, State Sen. G. C. Morris of Geenville, who has served seven years in the Legislature including eight years as senator and acting lieutenant governor following Gov. Jester's death; former State Sen. Fred (Red) Harris of Dallas, who recently resigned as state senator and who has served as state representative and Dallas County commissioner; former State Rep. Orger Q. Evans of Denison, who has the backing of labor groups and is the former state commander of the Veterans of Foreign Wars; former State Sen. Ben Ramsy of San Augustine, he has served as secretary of state.

Also, Pierce P. Brooks of Dal-

las, insurance man and president of the Texas Safety Council who ran a close race against former Coke Stevenson for lieutenant governor in 1928 and against Olin Culberson for railroad commissioner in 1940; Virgil Arnold of Houston, who ran unsuccessfully for lieutenant governor in 1930 and 1944 and who first announced for governor this year, later to switch; P. E. Womack of Annetin, Nazro preacher and teacher who ran in a three-way state board of education campaign last year.

Other Offices

Other state candidates include Price Daniel of Liberty seeking his third term as attorney general; Robert S. Calver of Sweetwater who is running for election as comptroller, he was appointed to his position to succeed the late eGorge H. Sheppard. He is opposed by Clifford E. Butler of Houston.

Also, Bascom Giles of Austin seeking re-election to the land commission. He is opposed by James L. Allred of Mansfield, editor who is no relation to former Gov. James V. Allred.

Jesse James of Cameron seeks re-election as state treasurer, William J. Murray Jr., railroad commission chairman, seeks his first full six-year term. He was elected for a two-year unexpired term in 1948.

In the agricultural race J. E. McDonald of Austin, commissioner since 1931, seeks re-election. He is opposed by John C. White of Wichita Falls, a graduate of Texas Tech; Charles S. McLellan of Hale Lake, state representative; and T. A. (Tom) Fairey who operates a farm near Manor.

In the criminal appeals race are Robert A. Lattimore of Dallas, W. A. Morrison of Cameron, Cecil Storey of Longview, W. E. Myres of Fort Worth, David Wunch of Tyler, James Hill Letts of Houston, oJel W. Cook of Houston and G. H. Nelson of Lubbock and former state senator who once ran for lieutenant governor.

For Supreme Court place one candidate are Fagan Dickson of Austin, Will Wilson of Dallas and Walter L. Wray of Dallas.

For place two are R. H. Harvey of Atlanta, now on court, Alfred W. Calvert of Hillsboro.

For place three are Meade F.

Griffin of Plainview, appointed to the court in 1949 by the late Gov. Jester in 1949, Matt Davis of Gilmer, George Allwood of Dallas and Robert B. Keenan of Gladewater.

Local District Offices

May 15 was the deadline for candidates seeking district offices to file. Locally the office-seekers were as follows:

One candidate had filed by that date for the 19th district position on the State Board of Education that was incumbent E. H. Boulter, 56, of Lubbock who was elected to the post when the office was created last year.

Harper Brown, 72nd district clerk for Hockley County, has filed for re-election.

Two candidates had filed in each of the following races, associate justice of the Seventh Court of Civil Appeals, 119th district state representative, 72nd district attorney post and 19th U. S. Congressional district representative.

In the 119th district state representative race are Waggoner Carr, 31, who is now serving his first term as county attorney of Lubbock County, and Forrest Weimlein, 36, publisher of the Herald-Sun-News.

Travis D. Shelton, 29, assistant county, and C. L. Harris, 41, Lubbock attorney and former state representative from Spur, have filed for the position of district attorney of the 72nd judicial district.

Filed for the position of 19th U. S. Congressional district representative are Rep. George Mahon, 49, of Colorado City, incumbent, and Mike Rippes, 61, Big Spring retired railroader.

Herbert C. Mortin, 49, of Littlefield, and W. N. Stokes, incumbent, of Wilbarger County, are in the race for associate justice of the Seventh District of the Court of Civil Appeals which is located at Amarillo.

Attend Meeting South Plains Optometric Society

Drs. Ira E. Woods, B. W. Armistead and Glenn S. Burk of Littlefield attended a meeting of the South Plains Optometric Society which was held in Floydada Thursday June 8 at 7:30 p. m.

After dinner a regular business meeting was held in the office of Dr. J. W. Kimble. Dr. J. W. Kinard, president of the Society, presided.

FAN TANS ARE FUN TO MAKE

Try your hand at Fan Tans—strips of yeast-raised dough piled one on top of the other, cut and placed in greased muffin pans. Let rise until doubled, then into a moderate oven about 20 minutes. Out they come—pretty little fans, tanned just so—and off to the table piping hot.

FAN TANS (Makes 18)

- 3/4 cup milk
- 1/4 cup sugar
- 2 1/4 teaspoons salt
- 4 1/2 tablespoons shortening
- 3/4 cup lukewarm water
- 1 package active dry yeast or 1 cake yeast
- 4 1/2 cups sifted all-purpose flour

Scald milk, add sugar, salt, and shortening. Stir until dissolved. Cool to lukewarm. Put lukewarm water into a large mixing bowl. Sprinkle or crumble in yeast. Let stand until doubled, about 10 minutes. Add lukewarm milk mixture. Stir in 2 1/4 cups of the flour. Beat until smooth. Add remaining 2 1/4 cups flour and mix until dough forms an irregular ball and comes away from sides of bowl.

Turn out on lightly floured board and knead until dough is tightly stretched, does not stick to board. Place in greased bowl and brush top lightly with melted shortening. Cover with a towel. Let rise in a warm place, free from draft, until doubled, about 1 hour and 25 minutes. Punch down with fist, pull sides into center and form into a ball. Divide into two parts. Roll out each part into an oblong about 17x10 1/2 inches and 1/8 inch thick. Brush lightly with melted margarine or butter. Cut with a sharp knife into crosswise strips 1 1/2 inches wide and pile 7 strips together. Cut crosswise into pieces 1 1/2 inches wide. Place cut-side up in greased muffin pans and cover with a towel. Let rise in a warm place, free from draft, until doubled, about 1 hour. Bake in a moderate oven, 400°, about 20 min.

RESEARCH SALVAGES OIL AND WAX

A process to salvage valuable oil and wax from the settlings, or waste material, in the bottom of petroleum storage pits and tanks has been developed by the Bureau of Mines, in cooperation with several oil companies. A test with 2000 barrels of waste started for several years in an open pit, recovered nearly 600 barrels of clean oil con-

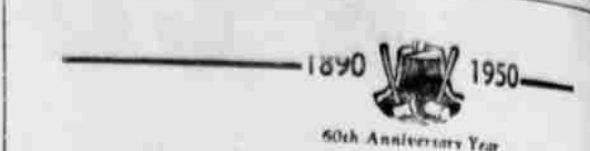

taining 15-18 per cent of valuable microcrystalline wax.

"NEEDLE-EYE" WELLS FOR OIL

Some "wildcat" wells are experimenting with coring holes one-half inches in diameter. An adaptation of mining methods, the technique may reduce the cost of corings for

rock samples. It also is considered possible that such "needlepoint" holes may be completed as producing wells. For ten years the oil industry has been drilling "narrow" wells, but these usually are large enough to take four-inch pipe.

More than 100 Harvard City scientists are working on cancer research. London has a new race under the Thames River.

Dr. J. R. Coen, Littlefield Physician For 25 Years, Dies Of Heart Attack At Hospital Late Wednesday Night

Dr. J. R. Coen, 53, a practicing physician in Littlefield for approximately 25 years, died of a heart attack at 11 p. m. Wednesday at the Littlefield hospital.

Dr. Coen, who was associated with other doctors in the ownership and operation of the Littlefield hospital and clinic, had carried out his regular routine as a practicing phy-

been completed at a late hour Wednesday.

Dr. Coen was a veteran of World War I and a member of the Masonic Lodge and the First Baptist church in Littlefield.

Coming to Littlefield not long after being graduated from the University of Oklahoma medical school, Dr. Coen practiced medicine in the Duggan building. Later Dr. Coen, the late T. B. Duke, and the late Dr. Roy Hunt built and established the present Littlefield clinic in 1925.

Dr. Coen continued with the Littlefield hospital and clinic and at the time of his death was associated with Dr. F. W. Jones, Dr. W. C. Nowlin, and Dr. O. W. Still in the ownership and operation of the institution.

Surviving Dr. Coen are his wife, his son Robert, and his daughter, Mary Jane. Most of his relatives reside in the states of Kansas and Washington.

Dr. Coen was a very highly esteemed resident of Littlefield and his passing will be learned with the deepest of regret.

The late doctor was highly regarded in his professional life and was a member of the county and state medical organizations and the American Medical association.

sician throughout Wednesday. He went home for his evening meal and a short time later came back to the hospital for some medicine because he was not feeling well. At approximately 10:30 he was brought back to the hospital because he was not feeling well by Mrs. Coen and within 15 minutes after arriving at the hospital he passed away. Funeral arrangements had not

Lutheran School Graduates Honored

A promise to carry out their respective offices to the best of their abilities, was given by the president, secretary and Christian Growth chairman of Emmanuel Lutheran's Walther League last Sunday morning after the morning's message which dealt with youth was concluded. These three offices are filled by Eugene Hill, president, Betty Brandt, secretary, Clarence Hobrathschk Christian Growth chairman. Absent was Frances Lorenz, who is the treasurer of this young people's organization.

In the same service last Sunday at Emmanuel Lutheran the graduates of our high school and college were also honored. Joan Thornton, Eugene Hill, Ernesteen Sell finished Littlefield's high school this past May. Clarence Hobrathschk and Ernest Gohke completed the eight grade. From St. John's College in Winfield Kansas, Mildred Gohle graduated.

The day's message encouraged all the young people present to attempt to center all their activity around the center of life itself, Jesus Christ. Only those who walk after the Spirit of God are capable of doing this, pastor Heckman declared, on the basis of Romans chapter eight.

SERMONETTE

By Rev. L. Pruitt, Pastor St. John's Baptist Church, colored.

Text: I the Lord have spoken it and I the Lord will do it.

Subject: God's Four Guarantees. First, the Promise of God. God's word is a tried word. It has been proven through ages and God has never violated his promises.

Number two, the purpose of God. From Genesis we can see that God's purpose is that of salvation for his people from their sins. His purpose is holiness, rectitude of character, righteousness directs character and conduct.

Next the great demonstration of God's power in the Old Testament, the crossing of the Red Sea.

In the new Testament, the resurrection of Christ from the dead.

The provision of God is in Christ Jesus, sufficient for every need.

The choir of the St. John's Baptist church can be heard over station KVOW on Saturday night at 8:15. Rev. Pruitt will gladly accept requests for special numbers.

PRESSURE BOOSTS CRUDE YIELD

An advanced method for producing crude oil may result in recovery of up to 90 per cent of the oil in a given pool. Hydrocarbon gas mixtures are injected into the wells at high pressures to achieve this result. This method is still in the experimental stage being made later this year.

CORRECTION PLEASE

Strings of zeros often confuse people. In the Winter issue of Newsnotes on page four, column one, our zeroes got mixed up and we reported that during World War II the Pacific area required 22 billion barrels of oil products each month. We should, of course, have said 22 million barrels. The industry is industrious, but not that sensational.

365-DAY CHRISTMAS TREE

Christmas trees are a year round fixture in the oil industry. "Christmas Tree" is the name given to the assembly of pipes, throttles and valves which control the flow of oil or gas at the well-head.

"WILDCATS" HAVE RECORD

The petroleum industry drilled an estimated 6,680 "wildcat" wells in 1949, the largest number in any year since the discovery of oil in 1859. "Wildcats" are exploratory wells drilled in unproved territory. Since only one in five is a success, they involve great financial risk.

CARD OF THANKS

We would like to take this opportunity to express our most heartfelt appreciation to our friends for the sympathy and many flowers given to us upon the recent death of our son and grandson, Raymond McGarr.

Especially do we wish to thank the people of Lamb county for their generosity and to Sheriff Sid Hoping for his assistance. Our deepest thanks go to J. D. Kirkland and Merle B. Beard for their kind consideration.

Scene Of Convention

Historic Trinity Lutheran Church of Milwaukee will be the scene of the opening service on June 21 of the 1950 triennial convention of the Lutheran Church-Missouri Synod (pronounced Sin-od). It was announced today by the Rev. H. A. Heckman, pastor of the Emmanuel Lutheran Church in Littlefield.

Founded in 1847, the same year in which the Missouri Synod was organized, Trinity Church has become one of the foremost Lutheran parishes in the country. Representative of Missouri Synod parish life is Trinity Church's Christian elementary school, maintained continuously thru the 103-year history of the congregation.

The Lutheran Laymen' League, Missouri Synod laymen's organization with a present membership of 50,000 was founded in 1917 in the home of F. C. Pritzlaff, still an active member of the congregation. Emmanuel Lutheran Church's men's Club looks forward to the day when it too will become a part of this national organization.

Representing the members of Emmanuel Lutheran and the other Missouri Synod churches throughout the Panhandle area will be the Rev. Martin J. Hartenberger of Amarillo and Mr. Waldemar Gehring of Lamesa.

MILEAGE MARATHON

An oil company research expert recently squeezed about 150 miles per gallon out of regular-grade gasoline. He rearranged the gear ratio of his car, buffed the tires smooth for better road action, disconnected the fan, reworked the engine and then, in a "mileage marathon," coasted whenever possible. He drove about 16 miles per hour.

The word "petroleum" is derived from the Latin words "petra" meaning "a rock" and "oleum" meaning "oil."

Steal From Cemetery

Mrs. Bessie Busch reports that someone stole two Arborvitae off the Busch lot in the Littlefield cemetery. This is really too bad that anyone will stop so low. It is also

pointed out that shrubs or plants transplanted at this season of the year will not live.

Reports also indicate that there have been other plants or shrubs stolen out of the local cemetery.

PEOPLE YOU KNOW

Mrs. David Keithley is vacationing with relatives at Tucson, Ariz. Mr. Keithley left Friday to join his wife for a few days.

H. E. Clements and several men from Muleshoe left Saturday on a fishing trip north of Taos, N. M. They returned home Wednesday.

Mr. and Mrs. Weldon Findley left Sunday for Dallas on business, returning Wednesday.

of Chillicothe; Dick McCaun of Houston; and Hal Brown of Fort Worth.

Mrs. Boone, the mother of the groom, wore a navy blue sheer dress of chiffon and lace with evening hat of blue, and an orchid corsage.

Mrs. Olson, mother of the bride was ill and unable to attend the wedding. Mrs. Ted Nelson, sister of the bride, took her mother's place at the ceremony.

Reception Held

Following the ceremony a reception was held in the Woman's Federated Club Building.

Miss Helen Dearbe registered the guests.

The bride's table was laid with white lace, centered with a White wedding ring cake, decorated with white rose buds and Lilies of the

Valley, at either side of which were white tapers in crystal holders.

Fruit punch and cake were served to about 200 guests.

For her going away costume the bride wore a white linen suit with navy blue accessories.

On their return from their honeymoon they will be at home in Littlefield, where the groom will open an office for the practice of law.

The bride has been assistant director of the Home Economics Tea House at the University of Texas. She had been associated with the University since November, 1947.

She attended Texas Christian and was graduated from the University of Minnesota with a bachelor of science degree in home economics.

Mr. Boone received a degree from the Texas University School of Law on June 3.

Information For Veterans

QUESTIONS AND ANSWERS

Q—I am receiving compensation for a 20 percent service-connected disability. I married two years ago and now have a wife and child. Am I entitled to an increase in payments because of dependents?
A—No. Only veterans whose service-connected disability is rated at 50 percent or more are entitled to increase payments for dependents.

Q—I was given a yellow discharge for my World War II service in the Army. Am I eligible for any benefits administered by Veterans Administration?
A—A yellow discharge from the U. S. Army is a dishonorable discharge, and under the law does not entitle you to any benefits administered by VA, unless it is established to the satisfaction of the Administrator that you were not sane at the time of the offense which resulted in the dishonorable discharge.

Q—My NSLI premiums have been in waiver status for several months because I am totally disabled. Will VA notify me when the waiver is no longer effective and I must begin paying my premiums?
A—Your premiums will be in waiver status only as long as you are totally disabled. VA will notify you when total disability ceases.

Q—VA has been paying to lenders, on behalf of borrowers, 4 percent of the amount of the guarantee up to \$4,000 on GI loans. Will VA continue to pay the 4 percent of the first \$4,000? It says on the new guarantee which may be as high as \$7,500?
A—The law specifically provides that the amount paid \$4,000 of the guarantee, or a maximum of \$160.
