TURDAY, NOV. 16 IS POPPY DAY IN LITTLEFIELD

Study Club Members To Sell Poppies On Streets

Monday, November 9, has been designated as Poppy Day in Little-

field. Citizens of this city are all urged to buy a poppy, and thereby to honor this worthy cause.

W. D. T. Storey is chairman of the poppy drive, which is being conducted by the American Legion Post No. 301, and members of the Junior Study Club will sell the poppies on the streets of Littlefield Saturday.

Poppies which will be offered here have been made by the members of the Veteran's hospitals at Littlefield. This provides employment for the soldiers who have no other means of support. During the past year the members have made poppies, and the payment in accordance with the plan made. The average amount paid for the past year was more than \$11.00, while in the previous year it was only \$7.00. The number of patients making poppies has increased, but the amount was great enough to take care of the extra number, and to provide an average amount paid each year of more than \$11.00. This indicates that there is a growing interest and closer cooperation from individual members, and from units and posts. The members who make these poppies receive no other compensation from the government other than the honor of participating in the drive. The poppies will be located in front of the drug store, and the Junior Study Club girls will work from

Roosevelt Leads Total Poll 61,428 To 54,397 In Nation Wide Canvas

(Special to the Leader)
NEW YORK, Nov. 7.—126,012 ballots from 45 states have now been tabulated in the nation-wide "Next President" poll.

President Roosevelt maintains his lead in the field with a popular vote of 61,428 to 54,397 for Republican choice.

During the week, from 56 per cent to 53 per cent.

The state by state tabulations show Roosevelt leading in 17 states and the Republican choices in 18—8 states are in the "doubtful" column, 3 for Roosevelt and 5 for the G. O. P's. In one state (Mon-

tana) there is a tie vote, while in one state (Georgia), the popular vote goes neither to Roosevelt or Republican choices, but to other Democratic choices.

The doubtful states are those where the vote is so close or the number of ballots returned so few that they cannot in fairness be placed in either the Democratic or Republican columns.

ced in either the Democratic or Republican columns.

G. O. P. Lead in Electoral
In electoral votes the Republican choices are leading 233 to 198 for Roosevelt. This is exclusive of the electoral votes from the eight doubtful states and the two states wherein a tie vote and other choices lead.

Leading in Nation-Wide Voters' Choice for "Next President"

As the balloting in the nation-wide straw vote passed the 126,012 mark this week, the voters, far and wide, had indicated most clearly that they want one of the above five men as our "Next President." President Roosevelt stands alone in the Democratic ranks as first choice, as indicated by the poll. In the Republican ranks U. S. Senator Borah of Idaho, leads the field as first choice with Governor Alf Landon of Kansas running second, Publisher Frank Knox of Chicago, third, and former President Herbert Hoover of California, fourth.

ROY GILBERT TO COLLECT TAXES HERE SATURDAY

Will Be in Amherst Nov. 16; Spade Nov. 20; Sudan, Nov. 23

Roy Gilbert, Tax Assessor and Collector of Lamb County, has announced that for the convenience of the taxpayers of this territory he will be in Littlefield Saturday, November 9, to collect taxes, and asks the cooperation of the residents of this section at that time.

Mr. Gilbert has also announced that he will be in Amherst Saturday, November 16; in Spade, Wednesday, November 20; Sudan, Saturday, November 23; Earth, Tuesday, November 26, for the collection of taxes.

He stated that he would have all records, current and delinquent rolls on hand at that time.

A number of out of town visitors were present at the Littlefield Chamber of Commerce luncheon meeting Tuesday, which was presided over by W. D. T. Storey, Vice President.

Judge Simon D. Hay and Commissioners Don Bryant, Ellis Foust, R. L. Gattis, and County Engineer Dwain Orr were in attendance.

Judge Hay spoke on the WPA road projects, applications for which were filed in September last, a part of which have been approved. Judge Hay said the matter had been delayed pending decision as to the remaining projects, so that the County might ascertain just what amount it would be necessary for it to raise in order to go through with the projects, inasmuch as the Works Progress Administration put up only four fifths of the total cost, and the county will be required to raise one fifth.

Judge Hay said as soon as all the projects had been disposed of the matter of a bond issue for the county's share to build the roads designated would be submitted to the

CATS, FANS ON TO LEVELLAND MONDAY

Hundreds of Littlefield grid fans are expected to be in Levelland Monday afternoon for the Armistice Day Littlefield-Levelland football game.

Littlefield's hopes of being district champions lies in the possibility of their being victorious Monday, and Levelland downing Olton.

Since the locals defeat, handed them under their own lights last Friday night by the Olton crew, Olton and Levelland are the only two remaining undefeated teams in this half of the district.

Tickets for Monday's game are now on sale at Stokes-Alexander Drug Store. The game will be called at 3 o'clock.

ROAD PROJECTS DISCUSSED BY LOCAL CHAMBER AT MEETING HERE TUESDAY

Judge Hay pointed out the advantages that "feeder" or "road to market" roads leading into Highway No. 7 or 28 would offer the people of the county since No. 7 is paved and 28 likely to be paved.

County Engineer Orr also addressed the meeting.

OUTLINES CO. ROAD WORK

Judge Hay Reports Part Of WPA Applications Have Been Approved

In an interview with Judge Simon D. Hay Tuesday, Judge Hay stated that some of the WPA road projects, which were filed in September, had been approved, and that they were deferring action until they see how many of the projects will be approved, at which time they will proceed to make plans for the raising of the County's share of the funds, inasmuch as the WPA will only furnish about four fifths of the money necessary and the county must raise the balance needed to complete the projects.

Judge Hay stated the county's share of the funds would necessarily have to be raised from a county wide bond issue in the neighborhood of \$60,000 extending over a long period, but pointed out that in view of the county's valuation at approximately \$7,500,000, a five to six cent tax per \$100 valuation would be ample to take care of the county's share of the funds, and not render a hardship on the taxpayers. Mr. Hay stated that the commissioners would, of course, hold the rate down as low as possible.

Judge Hay pointed out that Lamb county citizens are going to demand better roads sooner or later, and that if the county does not avail itself of the opportunity to have the improvements made under the WPA, that it will have to eventually build the roads itself, and that it will cost a great deal more than under the plan now discussed, as now it would only be necessary that the county furnish about one fifth of the mon-

Amherst Man Dies Suddenly Sunday From Heart Attack

A. B. Dennis, 68, of Amherst dropped dead about 11:30 o'clock Sunday morning at the home of Mr. and Mrs. D. B. Brown, 2 1-2 miles east of that city. Heart trouble was believed the cause of his death.

Mrs. Brown is a step-daughter of Mr. Dennis.

The body was shipped Monday by M. L. Payne Funeral Home to Santa Anna, California, where burial took place Wednesday afternoon.

Mr. and Mrs. Dennis had been living for sometime at the Brown residence east of Amherst, but moved into town about four months ago. They had gone to the home of his step-daughter Sunday to spend the day when death came.

Deceased was survived by his wife; and by five sons and one daughter, who are residents of California.

LAMB COUNTY ALLOTTED 3,970 BALES COTTON EXEMPTION CERTIFICATES

The State Allotment board has allotted to Lamb county 1,897,740 pounds or about 3,970 bales of cotton tax-exemption certificates from the 10 per cent reserve.

The certificates from the 10 per cent reserve are allotted to those producers who have averaged planting less than a third of their total cultivated acreage to cotton during the years 1930, 1931, and 1932; to those whose yield during any year of the base period was a third lower than the five year average yield; and to those producers who during the years 1930, 1931, and 1932 averaged planting less than 60 per cent their 1929 acreage to cotton. These certificates are being delivered now through the County Agent's office and all producers who are receiving these certificates have been mailed notices according to Donald Turner, County Agent, and it is advised that in order to avoid unnecessary trips to the county office that only those producers who have received notice call for these certificates.

JUSTIFIES ITS EXISTENCE

"For perhaps the first time since its organization, the League of Nations has at last justified its existence," says the Memphis (Texas) Democrat.

Organized following the World War, its purpose was to prevent a recurrence of that disastrous catastrophe. Its organizers expected great things for it, but from year to year they failed to materialize.

A while back, Japan jumped on China and proceeded to gobble great chunks of Manchukoan territory. The attack was unprovoked and had for its aim merely the acquisition of more land by the Japanese.

China appealed to the League of Nations — and got nothing. She appealed to the world — and the only nation which apparently dared answer her call in any way was the United States, which did use her influence against Japanese conquest, thus bringing upon herself additional hatred from a nation which already bears us no great love.

The Italo-Ethiopian crisis came on. Italy began to duplicate the action of the Japanese in the Chinese invasion. Ethiopia appealed to the League and, for a wonder, the League set in motion its ponderous machinery for the suppression of war.

After weeks of conferences and argument, the League, at the forced insistence of Great Britain, decided to apply economic sanctions upon Italy, and forty-two nations have to date signed the sanctions agreement.

As a result, Italy is now wanting peace. She sees herself cut off from all the nations of the world unless she sets her house in order.

The only drawback to the whole procedure is that a war could well be over before the League got around to stopping it.

Today you can use a winter oil which builds itself right into the "innards" of your engine. That is, a certain portion of Conoco Germ Processed Oil really forms a BOND with metals, and stays on continuous duty where all the worst friction used to come.

This uncanny action, created by the patented Conoco Germ Process, automatically wipes out the costliest winter wear...

"Dry," unlubricated, wracking starts? ... Not with the oil that's Germ Processed to stay up on the job every minute, every hour, every day that you park—"whatever the weather"... Not when Germ Processed Oil has become

a part of all metal surfaces... Not with the Hidden Quart, which has enabled many an engine to run with the crankcase absolutely empty—in verified show-down tests.

And this same patented Germ Process means extra protection not only for the conventional babbitt bearings, but for the newest bearings—whether copper-lead, high-lead or cadmium-alloy. Germ Processing also creates the high-durability oil film... hence a light, free-flowing winter oil that's tougher too, for the toughest going of all the year. You and your Conoco man can make this whole Winter "act gentle" to your motor, beginning today. Drive in.

CHEVROLET ANNOUNCE REDUCTION IN 3 DE LUXE MODELS OVER 1935

Littlefield, Nov. 5.—The Chevrolet Company have announced effective with the introduction of its new passenger car models Monday, November 2, prices of its six Master de luxe models have been reduced below the level of the 1935 prices, the other models in this line remaining unchanged. Master de luxe models will be available with either conventional suspension or with knee action at slight additional cost. Prices for the new line of Chevrolet Standard models, which introduce fine car completeness and luxury in the lowest-priced field, range from \$495 for the coupe to \$600

for the sport sedan. Chevrolet for the first time offers a sport sedan and a town sedan in the Standard line. Like the Master de luxe Chevrolets, the new standards have perfected hydraulic brakes and solid steel turret top Fisher bodies. They are of longer wheelbase than the 1935 standard series, and there is a full line of models available.

Prices of the two lines are as follows:
Master de luxe—Coach, \$580; sedan, \$640; town sedan, \$605; sport sedan, \$665; business coupe, \$560; sport coupe, \$590.
Standard—Coach, \$510; coupe, \$495; sedan, \$575; town sedan,

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Implement Firm Warns Public Of Bogus Checks

"During the past month we have had reports from various sections of the country that persons representing themselves to be employees of this company are cashing bogus checks," says a letter from the International Harvester Co. to C. C. Tremain, local representative of the products of that concern.

"We have been informed," continues the letter, "that on October 17, some bogus payroll checks were printed on yellow 'Safety Check Paper' in the name of International Har-

vester Company, and drawn on Fort Wayne National Bank, Fort Wayne, Indiana.

"We received advice October 18, 1935, that a man using the name of A. E. Adams, is calling on our dealers representing himself to be a general field man on cream separators and asking them to cash personal checks. Other persons have been defrauding hotels and merchants in the East by use of checks purporting to be issued by International Harvester Company of America, drawn on the Northern Bank & Trust Company, Chicago, Illinois, signed by Lawrence H. Marshall, Treasurer. There is no employee of that name in our Treasury Department and there is no bank in Chicago, Illinois, bearing the name of 'Northern Bank & Trust Company.'

"This company has not suffered any loss through these frauds but we are very desirous of preventing the public from being victimized through the misuse of our name, and it is for this reason we are sending you this notice so that you may be on the lookout and protect yourself and others from experiencing any loss through similar practices.

"We therefore suggest that you give this as wide publicity as you possibly can and that Credit, Bankers and Commerce Associations, and the press, in and about your locality be notified. In doing this we

believe you will be rendering a valuable service to the public in general."

MR. AND MRS. QUINTON BELLOMY

May the Efforts of Those Who Fought and Died Assure Everlasting Peace—

SEVENTEEN years ago whistles sounded and bells rang. There was jubilation, rejoicing for those who lived, and, underneath, keen sorrow for those who helped make the celebration possible, yet could not join in it.

Time has mellowed our thoughts for them, but has brought forward their place in the observance. Through them we have come to realize the futility of warfare, to keenly appreciate the significance of peace. Their part has been played; our part must lie in remembering it.

We pause on November 11 to observe the close of a tragic phase in the world's history, to remember those who cannot celebrate its close with us. The significance of that minute lies not only in all that happened, but in all that might have been, as well.

Time has softened the keen sorrow of 1918, but time can never alter the broken plans, the heartbreak of those times. We cannot change them, but we can remember, and in remembering hope for a lasting peace.

The Man Who Knows

Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

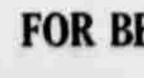

BEFORE you take any preparation you don't know all about, for the relief of headaches, or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains . . . and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

I FEEL FINE

Mothers read this:

A CONSTIPATED child is so easily straightened out, it's a pity more mothers don't know the remedy.

A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help.

This treatment will succeed with any child and with any adult.

Doctors use liquid laxatives. Hospitals use the liquid form. If it is best for their use, it is best for home use. And today, there are fully a million families that will have no other kind in the house.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It is a doctor's prescription, now so widely known that you can get it all ready for use at any drugstore.

Two Important Bills Are Passed By House, Senate

The House passed a general salary bill and the senate a bill to license automobile drivers.

The house substituted its salary bill for that of the senate and acceptance would send the proposal to the governor. If the senate rejected the house bill, it would go to conference.

The bills were similar in all except a few particulars. Both would fix minimum salaries at the amount of fees earned in 1935 with county commissioners' courts authorized to increase the compensation to the current maximum provided by general law.

Spurred by reports of alarming increases in automobile fatalities, the senate accepted without amendment, 29 to 5, a committee bill to license drivers. Licenses would be revoked for drunken or reckless driving and other major infractions of traffic laws.

The senate defeated a house resolution to curtail powers of conference committees. It proposed to limit conference groups to adjustment of differences whereas under existing rules they can include any subject matter.

House members sought the rule after an effort in the first special session to attach a general liquor control bill to a bill proposing fair trades practices for brewers. The practice also was followed in the 43rd legislature to legalize horse race wagering.

Both houses were in a position to give early consideration to liquor legislation, with bills to establish a monopoly system, private licensed sale in unbroken packages and sales by the drink under local option elections reported from committees.

The senate state affairs committee bill that would define an open saloon as a place where liquor was sold for consumption on or near the premises of sale, but it will be brought out on minority report.

Conferees on an old-age pension bill planned to meet Monday to seek agreement on the administration to be installed, the only major point in controversy. The senate proposed to vest pension administration in the board of control, a plan opposed by the house.

The committee has asked the national social security board to advise

if the suggested state law conformed to federal pension requirements.

MEDICAL TOPICS CANCER OF THE FACE

The general impression of the public is that cancer is a very difficult disease to cure.—This is not true when it occurs on the face. In fact, cancers in this region unless they have been badly neglected are very easily cured. The reason for this is that cancers here have very slight tendency to spread to other parts of the body.

Among the various means of treatment we have found that x-ray in most cases is the most satisfactory. It does not cause the patient pain and leaves practically no scar.

The earlier a cancer is treated the more certain the cure.

Cats Lose To Olton; To Meet Levelland Monday

The Littlefield Wildcats lost their first conference game to Olton under the home lights by a score of 13-6. This broke a three-way tie in the district standings. Before this game, Littlefield, Olton, and Levelland were tied for the lead, each having won two conference games and lost none. However, as a result of this game, Littlefield is now in second place with two victories and one defeat, and Olton and Levelland are still in a tie for first place, having won all of their conference games.

Littlefield's only hopes for first district honors this season depends on the possibility of their defeating Levelland Monday afternoon and Levelland downing Olton. This would throw the teams back in to a three-way tie.

The Wildcats did not give up the

ghost without a struggle, however. Throughout the game they fought doggedly, despite the discouragement they had to face when Bob McKnight, star back, was injured enough to interfere with his performance. The game was fast and furious from the opening to the closing whistle.

In the first quarter, Littlefield kicked off to Olton, and after an exchange of punts, Olton penetrated to the 13 yard line. A fumble was recovered by Littlefield on the 20 yard line and McKnight kicked out of danger. After a few more plays, however, Olton scored on a long pass from Hair to Nixon, the latter running from about the 35 yard line for a touchdown. Hair's attempted kick for a conversion was wide, and the score was Olton 6, Littlefield 0.

The second quarter was rather uneventful, neither side making any threat at scoring. However, Littlefield had a slight edge in this period. Littlefield kicked to Olton to open the second half with a bang. Littlefield repeatedly penetrated the Olton 20 yards line. Once the Wildcats went to the 10 yard stripe, where they all went over on downs. Then intercepted a pass on the 12.

The fighting Wildcats advanced the ball to the five yard line, where it again went over to Olton on downs. After a kick by Olton, however, a pass, McKnight to Foust was good for a touchdown. The attempted kick was no good. Olton made no threat to score.

In the last period, McKnight was forced to punt out of danger from behind his own goal line. A fighting Olton line got through and blocked the kick, covering the ball behind the goal for a score. Hair's kick for the extra point was good. For the remainder of the quarter, Littlefield fought hard but could do nothing in the way of scoring and the game ended with the score 13-6 in favor of Olton. Outstanding kicking

Anton Bulldogs To Meet Friendship Tigers Friday

Anton, Nov. 5.—(Special to the Leader)—The Anton Bulldogs meet the Friendship Tigers of Wolforth, Texas, Friday, November 8, at one o'clock in a non-conference football game at Anton. The largest crowd to ever assemble in Anton for a football game is expected. A free barbecue for the football fans will be served on the football field by the Anton F. F. A. Chapter.

Neither of the teams are experienced; however, Friendship is expected to be about one touchdown better than the Anton team due to a weight advantage that they carry. They average eleven pounds per man more than the Anton boys. Friendship will have added strength in that several boys have not been eligible for conference competition will be allowed to take part in this game.

A new public address system, purchased by the athletic department, will be brought out on the field and give a complete play-by-play description of the game as it is being played.

Slaton Takes Post To Camp Friday To Tune Of 59-0

Slaton, Nov. 1.—(Special)—The Slaton High Tigers romped merrily to a 59-0 victory over the Post Antelopes here tonight in a District 5, Class B Conference game.

Coach Curtis Hamilton gave nearly all his boys of the first, second and third teams plenty of exercise. Williams, sub for Warren Henry, scored the first and second touchdowns in the first quarter with off tackle rushes.

Henry, however, got in his share of score making, dashing four times for touchdowns through the Antelope line. L. Henry converted four times for extra points, and Kirkpatrick plunged for one extra point.

Garland made two touchdowns, one on an off tackle plunge, the other on a pass from Kirkpatrick. Milliken was another offensive star, especially at pass receiving. He scored one counter on an end sweep.

Outstanding in the line were H. Waldrop, Gentry and Pickens. Gentry blocked a punt in the third quarter. G. Sanders, captain and center, was an able performer.

was done by Littlefield by McKnight, and for Olton by Hair. Each getting off some long kicks. Gibson and Foust played a good game for Littlefield, and Nixon made several good gains for Olton. All the other players are to be commended for their good sportmanship.

Lamesa Wins Gme With Tahoka Friday Night; Score 41-7

Lamesa High School carried off the game with Tahoka High Friday night at Lamesa with a score of 4-7.

The victory left Lamesa a clean conference slate, undisputed leadership in the southern division of District 5, and made the Tornados favorite to win the title again.

After a sensational opening, Boswell scored Lamesa's first counter in the first quarter, running 20 yards after a line plunge. Cozzins, center, kicked the first of his five extra points. He missed only one tonight.

McKinnin scored the second touchdown, still in the first quarter, running over left guard and advancing 6 yards for the score. It was this try for point that Cozzins missed.

In the second period, McKinnin went through the line for three yards and a touchdown, and he repeated this work early in the third period. Alexander, substitute halfback, went in then, hit the line for three yards and a counter, and kept up the good work in the fourth period, scoring three more, Cozzins following him each time with points after.

Lamesa chalked up 14 first downs to 3 for Tahoka.

It was Tahoka's second conference defeat.

Slaton Junior Kittens Win Over Lubbock Cowboys

Slaton, Oct. 31.—(Special)—Lubbock Junior high's Cowboys lost to the Slaton Junior High School Kittens in an encounter here this afternoon, 13-0 as a result of sensational long runs for touchdowns in the first and third quarters.

Clinton Bullard, Slaton halfback, crashed through right tackle, fought his way through the Lubbock secondary and scooted 80 yards for the first touchdown. Quarterback Kirkpatrick plunged the line for extra point.

Near the close of the third period, Lubbock was held for downs on the Slaton 10-yard line. Bullard lateralled to Maxey, left end, who in turn lateralled to Kirkpatrick who was off and away, 90 yards to a touchdown. Effort at conversion failed.

The starting lineups:
Lubbock — Ernest Winters and Wayne Johnston, ends; Joe Pytell and M. V. Hutto, tackles; Jerry Nash and Leroy Stewart, guards; Lloyd Sanders, center; Dutchy Cawthon, quarterback; Harold Parsons and O. B. Southard, halfbacks and Howard Alford, fullback. Bill Seamus substituted for Stewart and Hugh Harbert for Southard.

Slaton — Maxey and Waldrop, ends; Tucker and Stotts, tackles; Shelby and Clark, guards; Willmesmir, center; Kirkpatrick, quarter; Bulard and Traweck, halfbacks, and Dickson, fullback.

Popular Amherst Couple Wed At Clovis, N. M.

The marriage of Miss Florene Abernathy, daughter of Mr. and Mrs. J. S. Abernathy of Amherst, and Clifton Petty, son of Mr. and Mrs. J. R. Petty of Amherst, was solemnized at 2:00 o'clock Sunday afternoon, October 27 in Clovis, N. M. by the Justice of the Peace.

The bride was beautifully dressed in a light blue frock with navy blue accessories.

Those attending the wedding were Mr. and Mrs. Sam Harmon of Am-

herst and Mr. and Mrs. Graham Moore of Littlefield.

Both the bride and the groom were members of the Amherst High School and favorites among all the young people.

The happy couple plan to make their home on the farm of the groom's parents, Mr. and Mrs. J. R. Petty.

Brownfield Cubs Play Scoreless Tie With Lubbock High

Brownfield, Nov. 1.—(Special)—The "Fighting Cubs" of Brownfield High school, contenders in the southern division of the District 5, Class B race, played the Lubbock High school Cowhands, or B team, to a scoreless tie here this afternoon.

It was strictly a defensive game, each side putting up its mitts in capable fashion to ward off attacks through the air and on the ground.

METHODIST CHURCH

J. W. Hendrix, Pastor

This coming Sunday is the last of the year, conference year. Next Wednesday will find the Annual conference in session in Plainview, and the pastor will be present. With us their are five conferences, namely, in the church, the quarterly conference, that of the district, the Annual Conference, then the law making body which meets every four years—the General conference. Also in world wide Methodism, every ten years, we have a conference to which delegates from every nation, all organizations of the name, or of that branch of thinking, meet and this conference is called Ecumenical. It met last in Atlanta. It is purely Fraternal in its purpose.

The Annual conference fixes the appointments through the Cabinet of elders of which their are in this conference nine, each over a district, and this cabinet is presided over by a bishop. In close touch with the churches, with careful con-

sideration and consultation with the pastors, these appointments are made. The subject of the morning hour will be, "What's it all About?" This will be garnished with excellent music, music of fine flavor and outstanding favor in the church. In the evening sermon will be from this subject, "The Reasons for Living." The young people's choir never fails to interest.

Church school meets at 9:45 a. m. And more and more of the people are learning that it meets at that exact time—9:45 a. m. The class period begins at that exact moment—9:45 a. m.

The young people are in the midst of a new venture in the way of programs. Did you enjoy with them the last program—a candle light program. If you didn't you missed something.

OPEN BOWLING ALLEY IN CITY

Leo and Virgil Thompson of Amherst have established a bowling alley in Littlefield, located 2 doors south of the Royal Cafe on Phelps Avenue, and are now open for business.

Mr. Leo Thompson will manage the establishment.

It is several years since Littlefield had a bowling alley, and the new amusement center will offer an opportunity to participate in a sport which is very popular with many people.

TICKETS FOR LITTLEFIELD-LEVELLAND GAME ON SALE AT DRUG STORES HERE

Prof. A. B. Sanders announces that tickets for the Littlefield-Level-land football game are on sale at Stokes-Alexander Drug and Madden's Drug Store.

This game will be held at Level-land Monday afternoon, beginning at 3 o'clock.

Tickets are 50c, but Mr. Sanders states that school pupils may obtain tickets for 25c provided they buy their tickets here.

"If they wait and pay at the gate, they will be obliged to pay 50c," Mr. Sanders explained.

The Athletic association will appreciate football fans offering every cooperation in the boosting of this game.

Littlefield Schools Represented At District Meeting

The annual District curriculum conference was called to meet at Lubbock Saturday, November 2. All the teachers and school people of the district were urged to be present at the conference. As the local school was not in session the Littlefield representation was small.

Supt. Sanders and Miss Margaret Cooper of the Speech and English department of the high school were in attendance.

This year's work was outlined by State Director W. A. Stigler. This year the teachers of Texas together with officials and experts in the field of education are to build a new curriculum for the schools of Texas. This curriculum is to be a more modern type of unified activity that will better serve the

needs of the child. Mr. Stigler outlined his directions to the officials as to how the work should be done.

The Littlefield schools are cooperating with the District and State officials in the matter of building units of instruction for the new curriculum. Each teacher is building and teaching a unit of work in her field. These units will be reported to the State Curriculum Committee and if there is any part of some that will fill the need it will be used in making the new corps of study for the state.

Dr. Ellsworth Collins, Curriculum expert from the University of Oklahoma delivered two very enlightening lectures on the "New Curriculum Meets the Modern Need and The Activity Movement in the Curriculum."

Mr. and Mrs. R. E. Overstreet and their children, Wingfield and Audrey spent a part of the past two weeks visiting their daughter and son-in-law, Mr. and Mrs. Morris Morgan of this city. They returned to their home in Lubbock Tuesday last.

The DIVORCE COURT MURDER

By MILTON PROPPER...

SEVENTH INSTALLMENT

SYNOPSIS—Barbara Keith, wife of prominent Philadelphia business man, is murdered as she waits in a room to testify in the divorce case of Rowland vs. Rowland—She has testified for the husband, who was defendant in the action—Detective Tommy Jenks is assigned to the case from the headquarters—His preliminary investigation disclosed that both Mr. and Mrs. Rowland had gathered evidence against the other of infidelity—The will of Mrs. Rowland's husband directed her lawyer, Mr. Willard, to handle the case until she remarried when the husband was to come into con-

rol. Detective Rankin finds motives and the evidence of guilt for the murder of Mrs. Keith, leading to the discovery of virtually all of the principals involved. These principals are the two Rowlands, Mr. Willard,

"He comes in a maroon colored limousine, driven by a shoffer."

Mr. Keith, husband of the murdered woman, Hugh Campbell, paramour of Mrs. Rowland, and his underworld confederates—NOW GO ON

Rankin was in the captain's office when Jenks returned, pride illumini-

ating his features. Behind him came a young, thin, curly-haired chap in the uniform of a cab driver.

"Back already, Jenks?" he commented. "It isn't three hours since you left to check Mr. Keith's Washington trip; you couldn't have got very far with it."

"Far enough to prove he never boarded that twelve-twenty-five train," Jenks responded cheerfully. "Almost the first person I questioned was this fellow, Jim Blake, he has a yellow cab at the West Philly station stand."

"His story," Jenks continued, "is that Mr. Keith no sooner quit his own machine in the station yard than he hired Blake's cab to follow it."

The detective turned to the taximan. "Is that so, Blake? How can you be certain the man was this Mr. Keith?"

"I don't know his name," Blake replied, gaining assurance, "but if he wasn't the same guy this bloke's been askin' about, then he's got a double. He comes in a maroon colored Packard limousine, driven by a shoffer. It ain't hard to remember; I haven't had such a fare and run up such a big bill in a half a year of sleepless Sundays."

"I see," Rankin nodded. "In your own way, Blake, tell me exactly what happened. At what time did he arrive?"

"About twelve-fifteen, yesterday afternoon; and the car turned into the station driveway, right beside the cabstand. That's why I could hear everythin' he said. The shoffer wanted to carry in his big bag but he told 'em never mind and to go on, and handed it to one of the porters. He ordered the dinge to check it for 'em inside and hold the check until he came back for it; and he tipped 'em a buck. Then he motioned for my bus and climbed in, in a whale of a hurry."

"Well, all this didn't take as long as to tell it, y'unnerstand," continued the cabman. "And when he got in my cab, his limousine was only leavin' the station yard. He says, 'Follow that car; don't get too close, but don't lose it, whatever you do.'"

"In West Philly, he turns down Forty-fifth Street and stops outside an apartment house; there he picks up a gent waitin' for 'em—a tall, blond, handsome guy, like an athlete. I think the place was the Westview Apartments," he added.

Rankin nodded. "Of course, he went for Allen Rowland," he informed Jenks. "I suppose then, Blake, the next destination was Chestnut Hill?"

"That's right," the driver agreed. "It was easy followin' along there, though the shoffer speeded some. We went to a real swanky apartment house, the Aldwich. I stayed outside the entrance and the shoffer got out and walked in; and in a minute, a pretty, swell young woman joins the gent in the tonnoe. Then, a little after two, we was all off again."

"Where to this time?" Rankin queried.

"Back to town—to the Wolff Building, at Sixteenth and Market Street. My passenger didn't get out right away; he waited a couple of minutes after the lady and her escort went in before he followed them. The shoffer stayed outside in the car. I got orders to wait too,

Get Rid of Poisons

Produced by Constipation

A cleansing laxative—purely vegetable Black-Draught—is the first thought of thousands of men and women who have found that by restoring the downward movement of the bowels many disagreeable symptoms of constipation promptly can be relieved. Mr. J. P. Mahaffey, of Clinton, N. Y., writes: "I have found that Black-Draught is very effective in the cleansing of the system. When affected by the dull headache, the drowsiness and lassitude caused by constipation, I take Black-Draught. A natural, purely vegetable laxative."

BLACK-DRAUGHT

Beware The Cough From a common cold That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results. Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irri-

but not over ten minutes; if Mr.—what's-his-name didn't show up by then, I was to leave. And he hands me a whoopin' big tip besides a six-dollar fare. So I hung around for almost fifteen minutes, but he never came out and that was the last I seen of 'em."

Rankin spoke with ill-concealed eagerness. "Did any of the people you were interested in appear while you were watching, Blake?"

The taximan scratched his head and replaced his cap askew.

"Oh, yes, the gent the shoffer first picked up came out and spoke to 'em," he replied, as if just remembering. "I guess to dismiss 'em or give 'em orders, because he drove off as soon as he went inside again."

"Could you say what time this happened? It's important for you to be as exact as possible."

"Well, since I watched the clock all the while I waited, I can tell you pretty close," Blake returned. "My own ticker said twenty to three; and by the City Hall clock, I wasn't more than a minute or so slow."

The detective received this unexpected support of Allen Rowland's account with a grunt of satisfaction.

"Now, Jenks, with regard to this redcap at the station," he said. "How long afterward did Mr. Keith return to him for his baggage?"

"At quarter after three, Tommy," the other answered. "In time to catch the three-twenty train."

"And that would bring Keith into Washington about three hours later—say six-twenty," Rankin observed.

Obviously, Rankin's next step was a visit to Mr. MacQuire to learn the object of Mr. "Tarleton's" call, the name the telephone operator said Keith had given.

As it was now almost seven o'clock, the detective could no longer reach Mr. MacQuire at the Wolff Building. He obtained the lawyer's home address from a directory.

In answer to his ring, a maid opened the door. She escorted him

Phillips 66 POLYmerized Wakes up cold, drowsy motors

If YOU wonder whether POLYmerization makes any difference in gasoline, your doubts will vanish the instant your toe touches the starter.

With Phillips 66 POLY Gas in the tank, your cold motor gets going with split-second speed. And does so every single time, regardless of the weather!

The reason? POLYmerization crams an extra supply of heat units and ultra-volatile elements into every drop of this vastly improved gasoline.

Result: Marvelously quick starting... exceptionally rapid warm-up... quiet, silent action... added pep and power... and the specific saving of more miles per gallon.

For convincing, conclusive proof that this latest scientific development in gasoline means something to your motor and your pocketbook, try just one tankful of the new, high-test Phillips 66 plus POLYmerization. It costs nothing extra.

through the sun porch into a larger living room.

The second member of the firm, whom he had not yet met, descended from above. Tall and ungainly, Julian MacQuire suggested a scholar rather than a practical business man.

After introductions were completed, the detective's preliminary questions disclosed that he had no special knowledge about either Mrs. Rowland's divorce or the murder itself.

Presently Rankin turned to the more pressing subject.

"I understand, Mr. MacQuire," he said, "that you had a caller yesterday afternoon named James Tarleton?"

The lawyer displayed surprise but nodded. "That's correct," he said. "You were acquainted with him, of course?" The detective kept his

tone casual. "He was a regular client of yours?"

"On the contrary, Mr. Rankin, I never met him before in my life."

going to give the customers their money back.

And as the story goes on and on, something seemed wrong, perhaps the pony had stage fright. But, be that as it was, the customers seemed of the opinion that the little white horse should have more schoolin'.

Willard had returned a total of \$1 to the "mat-in-neigh" customers, the story continues to unfold. Some way, some how, things began to happen. In fact, the party began to get rough. Details are meager, but Jesse is reported to have gone to the defense of Matthews with his trusty shootin' iron. Wow! Times aint changed. The west is the west. Rescue that gal before they carry her into them there hills.

Willard hurried to the home of Judge Sikes and wanted immediate action, but the judge didn't like the idea of getting out of a warm bed to go into matters of law and order East of the Pecos. He instructed Willard to seek out one Deputy Sher-

iff Samuel Hutson, informing him at the same time that on the morrow (Sunday) he would gladly preside over a special session of Justice Court with all parties to the "mat-in-neigh" present and willing to tell the truth, the whole truth, and be extra careful not to deviate from veracity. Deputy Sam did his stuff. Bold, bad Jesse and one Matthews, were instructed to appear before the court. Willard was willing, very willing, to stay over and see that Jesse and Matthews were well and truly tried for the post "mat-in-neigh" events.

County Attorney, Herbert Martin, learned in the law, acted in his official capacity. The old West is the new West; there's law East of the Pecos.

Jesse said that his trusty shootin' iron had contained only blank cartridges with paper bullets; the same gun, the same kind of bullets he used in stage performances.

The court decided Jesse needed some additional taming to the tune of \$14, and that Matthews also should have special knowledge of the law East of the Pecos and accordingly assessed him also \$14.

Jesse wasn't very well satisfied with the way things turned out. He, it is reliably reported, wanted the entire Willard organization prosecuted for veracity.

Now what kind of a violation of law East of the Pecos is veracity? Judge Sikes wants to know. Herbert Martin wants to know. And Deputy Sam says he doesn't care; he never expects to again have the official duty of directing one Jesse James and one Matthews to climb those winding stairs to the Court of Judge Sikes.

Public Sale At G. V. Coker Home Thursday, Nov. 14

G. V. Coker of about three miles west of Spade is putting on an auction sale Thursday, November 14, with Ray Barber as auctioneer and Jim Harless clerk.

This sale will include a large number of young mules, bred mares and good fillies, and it is reported that it will be one of the largest young stock sales to be held in Lamb County.

Mr. Coker said that he was advertising it all over the South Plains and part of New Mexico, and expected a large attendance.

New Type Gasoline Pump Installed By McCormick Bros.

A Wayne computing pump, one of the latest types of gasoline service pumps, has been installed by McCormick Bros., wholesale and retail dealers in gasolines, oils and greases. This is the first pump of the type to be used in Littlefield.

The new pump is very attractive in appearance, is much shorter than the average gasoline pump, and automatically totals the number of gallons of gasoline purchased and the total cost to customer. As gasoline goes into the tank of an automobile the customer sees recorded before his eyes the price per gallon, the total gallons and fractions thereof, as they go into his car, and the total amount he owes for the quantity purchased.

Rev. J. W. Hendrix Leaves To Attend Church Conference

Rev. and Mrs. J. W. Hendrix will leave Wednesday morning to attend the Methodist church conference, which convenes at Plainview Wednesday.

They will attend the meeting of the Conference Board of Education at 10 a. m. Wednesday, and at 7:30 in the evening, when conference meets for organization.

Rev. Hendrix has just finished his two years work in Littlefield, and has made a large number of friends in and outside of the church. Last year prior to the conference civic organizations in Littlefield sent in requests asking that Rev. Hendrix. This year Rev. Hendrix goes to church, as the City felt it would lose a valuable citizen as well as a capable and highly esteemed preacher, should the church decide not to bring back to this city Rev. Hendrix. This year Rev. Hendrix goes to conference with the same good wishes of the Littlefield citizens, who are trusting he will be returned to the local church for another year's pastorate.

ey, and WPA will take care of the balance.

He also added that whether or not we get some of this money to build roads in Lamb County, this WPA money is going to be spent, and we are going to have to pay our share of this federal debt, and if we don't get it, the same money will be spent on roads in other communities.

The projects submitted to WPA, according to Judge Hay, were:

Paving and topping of highway No. 51, which is part of road from Levelland to Dimmitt.

Grading and drainage of road from Anton north to Olton, and on to Hart, Texas.

Improvement, including widening of road from Amherst north to Earth.

Improvement of road from Sudan north across the Sandhills.

Rebuilding and improvement of road from Sudan south through the Beek community.

Rebuilding and improving east and west road, running from Littlefield West to Bailey county line, to Bula and south to Pep.

Improvement of road from Littlefield east through Spade, which will make a through road from Bailey county line to Hale county line.

Building and improving road east and west through Fieldton from highway No. 51 to the east county line.

Rebuilding of cutoff from Amherst to highway No. 51.

As originally submitted, a total of approximately \$690,000 was asked in WPA funds to finance these projects.

Judge Hay stated he had taken the matter of these projects up recently with the Lubbock and San Antonio offices, urging that the projects all be approved, and that he believed he would hear in this regard in the near future.

Joan Crawford Comes To Palace Theatre In "I Live My Life"

Joan Crawford and W. S. Van Dyke!

The star and director who collaborated with such success to make "Forsaking All Others" are united again in Metro-Goldwyn-Mayer's new vehicle for the glamorous actress, "I Live My Life," which comes to the Palace Theatre Saturday midnight, Sunday and Monday.

Brian Aherne, the English actor who played opposite Helen Hayes in "What Every Woman Knows," is Joan Crawford's leading man in the virile role of a hard-boiled archaeologist who falls in love with a society girl.

The locale of the picture shifts between the exotic Greek island of Naxos, where the lovers meet, New York City and a Connecticut estate.

ed the meeting relative to the highway projects, stating that in his opinion the projects would be approved. He also pointed out that if Lamb County did not step in and take advantage of the funds in case the projects are approved, that the other counties would get the benefit of the funds as the moneys set aside by the WPA for such improvements will be used. He outlined the payroll and other benefits that would be derived by the county in the building of these roads.

Commissioner Don Bryant of Olton stated he was interested in the proposed highway 51 because it would tie into Nos. 7 and 28, and give a good route to Olton from this section, saying it would be a decided advantage to Lamb County.

Commissioner Gattis also suggested that when the matter of a bond issue comes up that "everybody should get behind it and do all that they can to get good roads for the county."

Commissioner Foust stated that the state would advance 85 per cent of the funds for the various road projects, that it would be necessary for the county to furnish the other 15 per cent, which it was estimated according to the original projects filed, would amount to in the neighborhood of \$60,000.

The cost for road paving was estimated at about \$8,000 per mile.

Joe Hale reported on Trades Day Extension program, and some discussion took place regarding setting earlier hours for the awarding of the moneys.

S. P. Moore, new pharmacist at the Palace Drug, complimented the merchants of Littlefield on their fine cooperative spirit, stating that was so necessary in the progress of a city.

T. S. Sales, Centennial Chairman for the Memorial Fund, reported that Lamb County had been allotted several hundred dollars for monuments to be placed in commemoration of historical deeds occurring in the State's history.

J. S. Hilliard spoke of the benefits that Highway 51 if improved would render Lamb County, stating it would connect with 28 and give us a through road to Plainview. He spoke on the several outlets it would give the people in roads, that the additional trade derived therefrom would take care of the improvement and give the county permanent returns from the roads. He stated good roads were the most important improvements to a county.

Prof. A. B. Sanders reminded the meeting of the football game between Littlefield and Levelland at that city Monday afternoon, urging all the fans to attend.

REV. DENNING HOLDS SERVICE AT CCC CAMP

A large attendance and an unusual interest by the Camp boys, caused Rev. Denning and his party from the Tabernacle Baptist church to feel welcome indeed at the religious service held at the CCC camp Tuesday evening at 6:30. The boys joined in enthusiastically in a sing-song of old time religious hymns, and requested Rev. Denning to deliver a Chart Lecture on Prophecy upon his next visit to the camp. Other members of the church party were, Mrs. L. D. Evins, Eula Mae Cox and Geraldine Jackson.

Little Billie Leon Goertz Victim Of Auto Accident
 Billie Leon, year old son of Mr. and Mrs. Leonard Goertz of four miles northwest of Littlefield, was killed instantly, and his parents injured in an automobile accident near Waco at about noon Wednesday of last week.
 Mrs. Goertz will be remembered by her many friends here as Miss Billie Fern Atkinson prior to her marriage.
 Mr. and Mrs. Goertz and young son were returning home from visiting her mother, Mrs. Beatrice Atkinson at Florence, Texas, when the car in which they were riding, a Whippet Sedan, collided with another car, overturning it.
 The baby, whose back was broken, besides other injuries, died instantly.
 Mrs. Goertz suffered a broken left leg, and Mr. Goertz sustained many bruises and lacerations, as a result of which they are confined in the Providence Hospital, Waco.
 Latest reports indicate they are making satisfactory progress towards recovery.

Divorce Court Murder—

(Continued from Story Page)

As is my habit when strangers consult me, I inquired how he happened to seek me out. He stated that he had learned of the firm's special repute in handling divorce matters."

"And it was about a divorce, I suppose, that he sought your advice," asked Rankin.

Where the lawyer had spoken willingly before, he now hesitated.

"That is somewhat difficult to answer," he returned cautiously. "You realize I am bound to treat a client's affairs as strictly confidential."

"Yes, under ordinary circumstances," Rankin agreed, but where a heinous crime is concerned, there are exceptions. Have you noticed the pictures of Mrs. Keith's husband in the papers?"

Mr. MacQuire's perturbation increased. "I—not very closely, I'm afraid. Besides, I had all my information of the tragedy first hand from Mr. Dawson."

"That would explain why you didn't mark the resemblance between your caller and Mortimer Keith," said Rankin.

Mr. MacQuire's uneasiness turned into astonishment. "Mortimer Keith?" he exclaimed. "But that's incredible! He explained he wanted to obtain a release from paying alimony."

"A rather weak excuse," Rankin smiled thinly. "Did anything Mr. Keith say suggest he was really interested in what his wife was doing there? For instance, did he mention her or the Rowlands?"

Mr. MacQuire's jaw tightened. "Yes, he mentioned Allen Rowland; but so casually I could hardly surmise he had an ulterior motive. He said he had observed some one slightly familiar enter the office just ahead of him, who he thought was Rowland whom he had once met."

"And how did you reply to that?" Rankin asked.

"Well, I let him understand that while I, personally, had no dealing with him, Mr. Dawson was deliberating his case. Just what way, I didn't go into."

"But Mr. Keith at least learned it was a divorce case that brought him there?"

The lawyer flushed uncomfortably. "He seemed familiar with his domestic troubles without my telling him; in fact, if his object was to pump me, he was very cautious. We dropped the subject and left together."

"That was at two-fifty, wasn't it, Mr. MacQuire?" the detective inquired.

"To the instant I was due at my club at three-fifteen, and was so worried about being late for my game that toward the last I constantly watched the clock."

At which time, Rankin reflected, the cabman Blake, had already stopped waiting for Mr. Keith and driven away.

"And what became of your visitor?"

Mr. MacQuire replied slowly, unconscious that on his answer rested the accuracy of Rankin's deduction.

"At the lobby we said good-by and parted at the entrance of the building. I had to catch a train."

"Have you any idea in which direction Mr. Keith went?" the detective asked.

"I couldn't tell you that," Mr. MacQuire replied. "As I left, he started back into the lobby, to buy some cigars at the stand, and that was the last I saw of him."

Rankin rose with a smile of satisfaction and reached for his hat.

Rankin determined to interview the ex-secretary that very night. She lived in Logan on York Road, in a private dwelling with a brownstone front that had been remodeled into an apartment house.

Jill Edmond, though surprised at his visit, did not appear especially disturbed. She had a three-room apartment. Taking Rankin's hat, the girl indicated a chair.

"I must apologize for intruding at this time of night. Only I need a bit of information you can supply immediately."

"Of course, if I can," Miss Edmond returned curiously. "What do you want to know?"

"It's about the evening you went with Mr. Rowland to Sunset Inn. You told me before you had no idea why Mortimer Keith turned up, right after Mrs. Rowland interrupted you. I've come to let you reconsider that statement."

The secretary stiffened, on guard. "Add to it?" she repeated, affecting perplexity. "No, it's still a puzzle to me what brought him there or where he came from."

Rankin's features set in a stern frown.

"You don't believe that yourself and you are hiding the truth." Harshness crept into his tone. "In fact, Miss Edmond, you kept to yourself a great deal I should have learned. For instance, that you received four thousand dollars to act as Allen Rowland's — sweetheart,

Builds Million Cars In First Ten Months Of 1935

Debourn, Mich., Nov. 5.—Henry Ford had made good his promise of a year ago to build a million Ford cars in 1935.

In fact, he did better than that. He built 1,000,000 cars in ten months. Total production for the full year 1935 will probably run to 1,180,000.

One year ago October 1, Ford sat, late in the afternoon, watching pupils of Greenfield Village schools taking a dancing lesson in the big ballroom which is a part of the Ford engineering laboratories.

A newspaperman who chanced along asked Mr. Ford about his plans for the coming year.

"Next year," Ford said, "we'll build a million cars."

"Can I print that?" asked the newspaperman, conscious that he had a story of world-wide interest.

"Sure," said Ford. "You may say 'a million cars or better.'"

Flashed by wire, cable and radio, the story was received in the streets of the world with feelings ranging from joy to absolute incredulity. In most of the raw material markets and the financial centers, it was taken as the first solid evidence that

American industry was pulling out of the depression. In other quarters, the proposition of putting a million new cars into the automobile market in 1935 was considered fantastic.
