IN 4-H DRESS REVUE

Lyna Sews Up State!

Lamb County 4-Her Lyna Pitts carried off two top honors in Dallas Saturday, winning the all-wool judging division. The 18-year-old daughter of Mr. and Mrs. Kirk Pitts of Pleasant Valley won modeling a four-piece wool ensemble she fashioned herself.

She competed at the Sheraton Dallas Hotel with 43 other award-winning 4-H'ers at the annual activity of the State Fair of Texas. The teenagers presented two public revues.

Miss Pitts has won numerous awards in her 10-year membership of the Pleasant Valley 4-H Community Club.

Her winning outfit consisted of a charcoal grey coat, gold, red, white and grey plaid vest and blue cut skirt with a white shirt and rust man-style tie. The ensemble was 100 per cent wool.

She is now a freshman at Texas Technological College where she is studying home economics and would like to design children's clothing or teach home economics.

"Lyna is a willing capable 4-H leader and always is ready to do a fine job in her work," says Home Demonstration Agent Lady Clare Phillips.

Finalists in the 4-H revue represented about 18,000 girls enrolled in the educational clothing activity, says Fannie Brown Eaton, Extension Clothing specialist and revue chairman.

As winner of the state revue Miss Pitts wins a trip to the National 4-H Club Congress in Chicago, Dec. 1-5.

Lamb County Considering Employee Retirement Plan

Peace Essay Winner Wounded In Viet Nam

Eighteen months ago, a Littlefield boy won the District 2-T2 Lions Clubs' Peace Essay Contest.

Today that youth, 20-year-old Pat Abeysa, is hospitalized in Hawaii from wounds suffered in Viet Nam.

His parents, Mr. and Mrs. Emilio Abeysa, 214 N. Ripley, have received the medal he earned in fighting at Da Lak. S/Sgt. Abeysa received the Purple Heart after suffering wounds in his right leg Sept. 11.

He arrived in Viet Nam April 6, as a member of the 173rd Airborne Brigade of the 101st Division.

He entered the service March 20, 1967, shortly after his essay, "Et Unum Sint" (That All May Be One), was judged

winner of the local Lions Club contest.

The announcement that his thoughts on peace also had won at the district level came in May, when young Abeysa was undergoing basic training at Fort Bliss, El Paso.

Pat was born in Tucuman, N. M., and was graduated from Pontifical College Josephinum in Worthington, Ohio, in 1964. He attended the University of Dallas in 1964-65.

He attended Littlefield schools until his eighth year.

Budgeted Item Needs Court OK

Consideration of a retirement plan for officers and employees of Lamb County is revealed in the county's proposed budget for 1969.

A sum of \$9,260 has been budgeted as the county's share of the plan in 1969.

County Judge G. T. Sides told the Leader-News, however, that the retirement fund is included in the budget only tentatively, and the plan must have separate approval of the commissioners' court before going into effect.

Such a retirement plan is permitted by H. E. 85, which was okayed following approval by the state's voters in a constitutional amendment election in 1966.

This legislation allows officers and employees of counties to put four to seven per cent of their income into retirement, to be matched by an equal amount from the county.

It already has approval in many counties in Texas.

Judge Sides said Lamb County commissioners have discussed the retirement plan in recent months, with a view toward six per cent as the figure to be used in this county, if the plan is finally approved.

This would mean a six per cent retirement deduction from officers' and employees' paychecks and it would be matched by Lamb County funds.

In order for an officer or employee to collect from the county's share of the fund, 12 years' service would be required.

An employee with less service could recover his own contributions, plus 3 per cent interest compounded semi-annually, upon leaving county employment.

It is understood that if the retirement plan is adopted, all county officers and employees would be required to participate.

Judge Sides said the retirement proposal probably would be discussed again by the court at its meeting Oct. 14, when a public hearing on the budget for 1969 is scheduled.

The hearing will take place in the commissioners' court beginning at 2 p.m. Monday. All interested persons are invited to attend.

In the meantime, a copy of the proposed budget is on file at the county clerk's office, and may be inspected by the public.

Bride Killed In Accident Two Hours After Wedding

Their car painted with all the traditional markings of a wedding, newly married Mr. and Mrs. Don Park left Olton Sunday afternoon for their honeymoon trip.

Approximately two hours after the wedding, 19-year-old Brenda Gayle Truelock Park was fatally injured and her husband, 20, seriously hurt in a car-pickup crash at Clay's Corner, north of Muleshoe.

driver, Andrew James Jesko, 41, of Friona, was in fair condition at Clovis Memorial Hospital.

Department of Public Safety Patrolman Robert Sheed said the vehicle driven by Park, a Ford 145 when it collided with a vehicle, driven by Jesko, in the intersection of Texas 214.

"Park was traveling west, into the sun," said Patrolman Sheed, "it appears he may have been partly blinded by the glare from the white paint on the car. The intersection is controlled by a stop sign on Farm Road 145."

The young couple had been married at 3 p.m. at the First Methodist Church in Olton, and were proceeding to New Mexico for their honeymoon trip. The automobile was still covered with the traditional painted well-wishings of their friends.

"This is a tragedy to happen to anyone," said Patrolman Sheed, who with his partner, Mike Greer, and two DPS officers from Muleshoe, responded to the accident call. "It is doubly tragic because of the recent marriage and the honeymoon."

A native of Dimmitt, Mrs. Park had lived in Olton 17 years.

She was a graduate of Olton High School.

Mrs. Park was a student at West Texas State University, and several of her friends from Hudspeth Hall attended the wedding.

Funeral services for Mrs. Park were at 3 p.m. Tuesday in the First Methodist Church of Olton. The Rev. Tommy Nelson, pastor, and R. H. Campbell, retired Methodist minister, officiated.

Burial was in the Olton Cemetery under the direction of Parsons Funeral Home.

Survivors include her husband; her parents, Mr. and Mrs. Clyde Truelock of Olton; a brother, Ronnie, and a sister, Judy, both of Olton; grandparents, Mr. and Mrs. J. H. Truelock of Portales, N. M., and Mr. and Mrs. Henry Wright of Sunray; great-grandparents, Mrs. J. M. Truelock of Earth, and Mrs. M. L. Green of Muleshoe; great-great grandmother, Mrs. Zodie Owens of Graham.

Absentee Balloting To Open Wednesday

Absentee voting in the Nov. 5 General Election will get underway at 8 a.m. Wednesday, Oct. 16 at the County Clerk's office in the Lamb County Courthouse.

County Clerk Charles Jones has suggested that Lamb County voters wishing to vote absentee in person at his office should bring voter registration certificates with them to present at the time they request to vote by absentee ballot.

The following persons, and no others, may vote by mail:

1. Qualified voters who because of sickness or physical disability cannot appear at the polling place on the day of election.

2. Qualified voters who expect to be absent from the county of their residence on election day and during the clerk's regular office hours for the entire period of absentee voting.

Jones stated that a qualified voter who is a member of the Armed Forces of the United States, his spouse and dependents residing with or accompanying him are entitled to vote absentee by mail by making a sworn application by mail for absentee ballot or an official federal post card application. Absentee voting will continue through Nov. 1.

WHERE'S HUMPY?

Richard Nixon and George Wallace will carry Littlefield in the Nov. 5 general election, if the vote of the Littlefield Lions Club has any indication of the local leanings.

A "straw vote" was balloted at yesterday's meeting of the civic organization.

The result was Nixon 16, Wallace 14, Humphry 3, and others counted were not of major political parties.

Enochs Man Wins Football Contest

A new winner stepped into the spotlight of the weekly Leader-News Football Contest.

He is Harold Pollard of Enochs, father of Lloyd Pollard, who has been in the lead for the grand prize of two Cotton Bowl tickets ever since the con-

test was begun four weeks ago. Pollard missed only one game, nosing out three others who had two misses. It was worth \$7.50 to him in top prize money.

The miss wasn't uncommon with most of the other entries. It was the Hale Center-Floydada upset won by the Owls, 16-0. The three tied for second place were Steve Butler of Amherst, Armon Perrin of Littlefield and Max McLelland of Amherst.

Butler correctly chose both winners in the tie-breaker box, and copped second place money, \$5.

Guessing at the scores proved easiest for Perrin as he narrowly nosed out McLelland for the \$2.50 third-prize money.

A rough week of upsetting spread out the cluster at the top of the standings for four weeks.

But Lloyd Pollard retained the lead he had shared with James Walker last week, while Walker dropped a game behind. Pollard now has 48 correct guesses and Walker 47.

Battling it out in third place is nothing new to Jerry Williams and Floyce Pierce. These two, who have 46 guesses, battle most of each summer as coaches in the Little League program.

Still tied with each other are Raymond Duvall, James Trammell and Joe Bellar. They had 32 guesses each last week and had 13 rights each in the fourth-week judging.

Following that trio, in fifth place with 44, are John Waters, Debbie Mitchell and McLelland. Mrs. J. P. Ray, Perrin and Harold Pollard are staying in the thick of the contest with 43 guesses, followed by Maurice Sexton, who stands alone with 42.

And still in good striking distance of the leading Pollard for those Cotton Bowl tickets, given as grand prize in the contest, are Jerry Trees, Mrs. Clifton, McDonough, Steve Butler, Ed McCantles and Kim Klobber, all with 41 right guesses.

PLANE CRASH

Father, Daughter Die

Funeral services for a Levelland man and his daughter who died Saturday afternoon in a plane crash north of Casper, Wyo., were conducted Wednesday at 10 a.m. in Casper.

Funeral services were held at Busby Funeral Home there for Mr. Sinadin Jr., about 45, and his daughter, Peggy Jo, 15.

The craft nosedived into the rolling prairie country near Engerton, Wyo., shortly after Sinadin had taken off from the Bob Parsons Ranch, between Casper and Buffalo, where his parents live. He had left his wife, Mary, in Casper, at her parents' home.

The family had gone to Craig Colo., Saturday to visit relatives, and then flew on to Casper. Mrs. Sinadin and Peggy Jo had driven to Craig Friday and Sinadin left Littlefield Municipal Airport about 8:45 a.m. Saturday and joined them.

Virgil Teague, manager of the Littlefield airport, said Sinadin told him he planned to return to Littlefield sometime Sunday.

Sinadin's survivors include his wife and his parents, Mr. and Mrs. John M. Sinadin of Buffalo, Wyo.

Peggy Jo's survivors include her mother, her paternal grandparents and her maternal grandmother, Mrs. Margaret Sullivan of Casper.

A VISITOR HERE Tuesday was Dick Brown, Democratic candidate for United States Congressman for the 18th District. Brown dropped by the Leader-News office, shook hands along Phelps Avenue and later spoke to a meeting

of the Farmers Union. "The reception was warm," Brown said, "and I'm encouraged." He is challenging Bob Perry, incumbent Republican who was here in late September.

A SMILING REMINDER of the absentee voting period for the Nov. 5th General Election is given by, from left, Marlene Fleming, Gaye

Parmer, Kay Pointer and Mary Beth Willey, deputies at the office of County Clerk Charles Jones.

GUEST SATURDAY of Mrs. Nannie Ginn and Beulah Newton was a niece of Mrs. Ginn's. Mrs. Gerald Ivy of Austin. Her husband is legal advisor in the state capitol and is serving on the water conservation committee with Bill Clayton. They were in Lubbock and Hereford for meetings and attended the game at Tech Saturday night.

Mrs. L. G. HENDERSON and children and Mrs. Norman Clayton and children spent last week with Mr. and Mrs. Fred Clayton. Their husbands were deer hunting.

NORMAN CLAYTON, L. G. Henderson and Ray Eagle hunted deer in New Mexico recently. Ray got a big deer the other boys just hunted. The Ray Eagles live at Grants N.M.

OUR HEARTS are saddened this morning with the accident that took the life of the young bride of about 3 hours. Gayle (Trulock) Parks was killed at Clays Corner Sunday afternoon just after her wedding. The couple was on their way to Ruidoso for a short wedding trip. Gayle was daughter of Mr. and Mrs. Clyde Trulock of Olton. The groom, Don Parks, son of Mr. and Mrs. Leo Parks of Earth.

POSY CUNNINGHAM, a long time resident of this area, passed away in a Dimmitt hospital Sunday morning. The Cunninghams were residents of the Earth community before moving to Dimmitt several years ago.

MRS. MARY CURLEE and children, June, Jane and Chip were weekend guests of her parents, Dr. and Mrs. C. T. Richardson. The Curlees live in Lubbock.

one of the pumps. She has a badly cut foot around the ankle and heel. She was taken to the Community hospital in Olton and kept overnight for observation.

RAMON Cole entertained his Junior Sunday School class from the Spanish Mission Saturday evening with a cook out in his backyard. Nine enjoyed barbecued hot dogs. The group played volleyball following supper and were led in prayer by Cole before going home.

THE HOME of Mrs. J. A. Littleton Jr. was the scene of a bridal shower Friday afternoon, honoring Mrs. Gene Cotton, the former Norma Kelly. CAROL AND JESSIE COLE of Lubbock were weekend guests of their parents Mr. and Mrs. R. S. Cole.

MR. AND MRS. R. S. Cole, Carol and Regana visited in Olton Sunday afternoon with their son and brother and family, Mr. and Mrs. Wayne Cole and baby.

"What? When? Where" HOMECOMING for the ex students and teachers of Springlake-Earth school is something to look forward to from year to year. Oct. 18, is the time set for the gala affair.

SPRINGLAKE - EARTH school will be the place to go. All Ex students and teachers are urged to attend. A supper will begin at 6 p.m. Prices for the supper will be \$1.75 for adults and .75 for children. There will be an after game program and crowning of the queen.

MR. AND MRS. Dick Woodring of Littlefield were visiting friends in Earth Saturday. They also visited with Dick's mother, Mrs. Herb Wemborn.

Fighters For Freedom

IN CZECHOSLOVAKIA, communist totalitarianism has destroyed its most feared enemy—the free press.

Newspapers and broadcasters in that country are now forbidden to make any news reports that "could be considered as criticism" by the Soviet-led occupation forces.

In the United States, nearly 11,000 newspapers serve as watchdogs for the public interest.

The editors are free to report the news and comment on it as they see fit. With the free press looking over its shoulder, government from the City Hall to the White House has to put its best foot forward, and outright oppression of the people becomes impossible.

FOR VARIOUS REASONS, freedom of the press in the United States has been criticized and proposals put forward to limit its ability to report the news.

Different explanations for this have been cited including national security and the question of whether pretrial reporting of crime news makes it impossible to get an impartial jury.

In debating the latter point with a member of the legal profession, the managing editor of The New York Times has said, "...We newspaper men do not believe that a law degree makes a man more honorable than a degree in journalism....I have absolutely no doubt that the free press in America has prevented and corrected far more injustice than it has committed."

This about sums it up. The action taken in Czechoslovakia is another reminder of the role played by the free press in preserving the freedom of any society, including our own.

THE FARMER'S WIFE

Better Schools

BY LIBBY MUDGE TT

GET A GROUP OF education experts together, ask them all the same question and they, like experts in all other fields, are going to give different answers and opinions.

Recently 21 so-called experts, and I suppose they really are, were asked: "If America's schools were to take one giant step forward this year toward a better tomorrow, what should it be?"

THEIR ANSWERS ranged all the way from "meaningful desegregation" to "more funds". I include here only the ones with whom I agreed wholeheartedly or disagreed vehemently.

"Let every child be the planner, director and assessor of his own education...allow and encourage him, with the inspiration and guidance of more experienced and expert people, and with as much help as he wanted and asked for, to decide what he is to learn, when he is to learn it, how he is to learn it and how well he is learning it."

THIS WAS PROBABLY the kookiest of several kooky ones. Can't you just see the subjects most children would choose to learn, the time they'd decide to learn it, and their own report cards they filled out on themselves?

"Teach every single one of them how to read fluently...and to speak and to write the English language correctly."

AMEN AND AMEN AND AMEN. Far too many people can think of no greater punishment than having to read an article, much less a whole book. The idea of reading for pleasure is completely foreign to too many of our citizens and I maintain it is some reading teacher's or some teaching process' fault.

"American schools are going to have to listen to the voices raised en masse that...belong to the kids....They're saying to hell with the War of 1812 and the average annual rainfall in Timbuktu. Teach us about Vietnam and Watts. For God's sake, make our education mean something to us."

OKAY, I'll go along with the idea that

PAUL HARVEY

Don't Want To Die

YOUNG AMERICANS with the most to lose have the least to say.

Today's school-agers have seen their brothers, friends and sweethearts marched off to places they can't pronounce perhaps to die in wars we don't even intend to win—little wonder they react indignantly.

SOME OF US ARE CONVINCED that much of the violence in our own home-town streets is related to the violence in Vietnam. Put yourself in the uncomfortable shoes of today's youngsters; you will feel frustrated, too. We taught these young people to read and reason. Now we must explain to them why Washington agreed to curtail our already restricted bombing of North Vietnam in order to get the fraudulent, politically inspired "peace talks" going in Paris.

WHILE THE TALKING has been going on the enemy has used the warfront kill further to improve his positions.

In March, before the increased bombing restrictions, the enemy imported 165,000 tons of war supplies through the harbor of Haiphong. Last month—protected from any bombing north of the 19th parallel—the enemy was able to funnel through that port 660,000 tons of the stuff they need to kill our sons.

IN THE FIVE MONTHS since we made it easier for them the enemy has constructed new harbor facilities and dredged the harbor to facilitate moving in bigger supply ships. Further, where they formerly

education should be meaningful, but when kids begin to think that past wars their ancestors fought and the study of other countries is not meaningful, then somebody has slipped up somewhere.

"Take all critics of the school system and put them to work as teachers; take all the teachers out and put them into their local neighborhoods to learn values, communication and what it is all about; take the professors in various universities and make them spend a year going back to the school and teaching children....and then see what we have at the end of a year."

I THINK that fellow just might have something. Yessirree, he just might.

"Teachers and administrators must learn to give up their control over the lives of their students and learn to participate.... The voluntary yielding of power seems the only alternative in the schools and society to the seizure of power—that is, to revolution."

It took two slow careful readings of that one for the full impact of it to hit; then I barely made it to the bathroom in time to vomit.

"I WOULD LIKE to see acceptance of the idea that schools develop into community centers, open 12 months a year, 18 hours a day—the hubs of a life of continuing education...."

I hated to agree with that one at all because it came from the mouth of a HEW secretary, but assuming he is speaking of continuing education for adults, I'm all for it. Too many people think a sheepskin means the end of knowledge and go through the rest of their lives without grasping a single opportunity for further learning.

"AMERICA'S SCHOOLS should add courses to their curricula to provide occupational competence. Occupational competence is not traditional 'vocational education'. It is an attitude—plus a readily marketable skill."

This one made so much sense that I knew before I even looked that it had been said by a woman.

moved this stuff south in convoys of 15 trucks they now move convoys of 100 trucks at a time—undisturbed, off limits to our airmen.

You and I can't justify such a perversion of our historic American tradition; how can we expect our young to?

Washington tells us to "be patient." In a war which already has continued for 22 years, we are promised "maybe next year...."

NEXT YEAR is more than 10,000 flag-draped American coffins from now. Next year is 100,000 eyeless, armless, legless or maimed American casualties from now. Little wonder some of our exasperated young, confounded and confused, profane our flag and renounce our republic. Of course they are wrong. Their quarrel is not with our Americanism; their grievance should more properly be directed at the politicians who have so maladministered our affairs.

BUT HOW CAN THEY vent their wrath on the politicians?

As voters, young people are outnumbered nine-to-one.

Americans old enough to vote, but still under the age of 24, comprise only 10% of our voters.

And worse—even for those who can vote—the front-running candidates for President presently offer no alternative to this stale-mated war!

THE POLITICIANS TALK vaguely of "de-Americanizing the war," of "never again marching alone," of "turning the war over to the U. N."

And all these transparently meaningless proposals translate in the keen intellects of our splendid young Americans like the political double talk which they are.

What would you do—how would you react—if you were in the terribly uncomfortable shoes of these with their lives to lose?

That is why Paul Harvey may seem to belabor this subject; shouldn't somebody?

This Is Littlefield

A greenish-golden color, not at all common to most residents of the Littlefield area, can be found in field after field around the community.

It is the traditional color of ripening soybean vines.

With allotted government cotton acreage reducing, along with price and demand for the fiber crop, and about the same condition on grain sorghum, Littlefield area farmers are having to look toward other cash crops.

Soybeans, they've found, are an excellent new crop that fits well into the rotation programs and add profitably to the farm's income.

The farmers are also looking toward other crops with which to diversify, such as corn, vegetables, peanuts, and feeding crops such as alfalfa and forage grasses.

A community of outstanding farmers not waiting for changes to come, but making the changes themselves...This is Littlefield.

Dear Turnrow Tunkel:

U. C. McBRIDE

DON'T YOU THINK many current television shows are unfit for children?

It's pretty hard to shock kids these days, but some of the shows are so raw that my wife and I are embarrassed to watch them together. We have worked out a little system—she watches the afternoon soap operas, and I watch the late shows at night.

I READ that a prominent scientist said there are intelligent beings on other planets, and they have been observing life on Earth from flying saucers. If he's right, why have none of them landed?

Well, the man said they were intelligent.

RUSSIA and the U. S. have agreed not to use the moon for military purposes. Do you approve?

Yes, judging from those photographs, keeping soldiers happy on the moon would require a heckuva good PX.

HAVE YOU BEEN reading about the gal with the well-fitted sweater who has been attracting huge crowds along Wall Street during the lunch hour?

Yes, but I'm not surprised. Bankers and stockbrokers are always interested in figures, and you'll have to admit that 43-25-37 is a pretty nice Dow Jones index.

DID YOU KNOW that "catfish farming" is increasing in the South? More than 26,000 acres of farm ponds are being used for fish production.

Sounds like an interesting business, if Orville Freeman can be kept out of the act. He'd probably want to set up a government loan program, and give each producer a catfish allotment.

I READ that after four years, the Government's "aid to Appalachia" program has not been successful.

Fellow in the barber shop the other day said he was against all this foreign aid. He said we ought to help Americans first, and if the Appalachians didn't like it, let 'em go ahead and turn Communist.

THE ABUNDANT LIFE

Thoughtful Time

BY BOB WEAR

THERE IS APPARENTLY much ambivalence about time. People talk about using time, about the value of time; but they also talk about killing time, and they complain about having to use time constructively.

It seems difficult for most of us to consider time as it deserves to be considered. It is valuable, it is limited, it can be converted into all kinds of good. Even so, much time is treated as invaluable, some seem to consider it as being unlimited and many convert it into all kinds of evil.

FROM A WISE VIEW OF TIME, it seems that its use should be full of thought. Its use should be characterized by richness of thought. The time with which we are blessed should be thoughtful time.

"There is no saying that shocks me so much as that which I hear very often, 'that a man does not know how to pass his time'." Cowley.

THOUGHTFUL TIME is the time we use in the very best ways available to us. It is the opposite of haphazard, hit-and-miss handling of our precious time. It is also much better than permitting our time to be controlled by the thoughtless actions of the people around us.

TIME CAN BE TRANSFORMED into all of the things essential to the best of living. In a very real sense, time is the raw material, valuable raw material. When its use is controlled by the wisest degree of thoughtfulness, its conversion becomes the refined aspects of the individual's life, and of the common good.

TIME IS VERY VALUABLE, but its value to us depends upon the way we use it. We can use it wisely, with continued thoughtfulness; we can use it unwisely, with reckless thoughtlessness; or we can waste it, with a spirit of unconcern.

In many ways, time and life are synonymous; both are limited and both are uncertain. Therefore, whatever we do with our time, we do with our life.

GENERALLY, the difference between a satisfactory life and one that is not, is the difference in the way we handle our time. This realization prompted someone to say, "It isn't how long we live that counts, but how well we live."

There are two common practices that cause great depletion of our time, because they infringe on the present. We often spend much of today thinking about and regretting the past, and being anxious about the future.

TODAY, being the only time of which we can be sure, is too valuable to throw away

on the past or waste on anxiety about future.

Many folk waste as much time as they use, some probably waste more time than they use.

THE DIVINE INJUNCTION IS: "Make most of your time."

We can make the most of our time seeking right goals; having right attitudes and following right behavior patterns.

Howdy Neighbor

By BOYD PIERCE Of Burleson

Folks who sing their own praises quite often off-key.

When the going is easy, watch you are probably going downhill.

Plumpness is easily attained by folks. All they do is fill out forms.

Old age is another thing that is only attained by starting while very young.

READ THIS CAREFULLY: If you are thin, don't eat fast. If you are fat, don't eat fast!

You've reached middle age when your weight-lifting consists of standing up.

Some folks have not learned to count calories and they have figures to prove it.

One thing can be said for living in the past. It was certainly cheaper.

Summer is the time when the only thing the air is from the mosquitoes, after dark.

Of course our elected officials profess economy but like the rest of us, they practice what they preach.

M. Kelly Appointed to Group

M. Kelly, executive vice-president of the Littlefield Chamber of Commerce was appointed to the Communications and Publicity Committee of the Chamber of Commerce Executives Wednesday at the organization's 54th annual conference in Portland, Ore. Kelly is a member of this group, and will assist in evaluating publications of Chambers of Commerce across the country in order to encourage chamber executives to develop better communications with their membership.

Kelly's appointment was made by outgoing president Thomas Stankovich, CCE, Executive Vice-President of the Cincinnati Chamber of Commerce.

CCE is the national professional society for 2,500 chamber executives in the United States, Canada and foreign countries. It is dedicated to the personal development of chamber managers to enable

them to better serve their communities.

This year's conference is designed to generate increased understanding of the subject influencing Chambers of Commerce and their professional management. More than 600 are in attendance.

Senior HD Club Conducts Meet

ANTON--Senior Home Demonstration Club met Wednesday, Oct. 2, with Mrs. Paul Tibbitts, with six members present.

Treasurer's report was given and new officers were elected. Officers are: president, Mrs. Hobe Parker; vice-president, Miss Francis Collins; secretary-treasurer, Mrs. Paul Tibbitts; reporter, Mrs. W. G. McGrew; Council delegate, Mrs. Bob Meier; and alternate council delegate, Mrs. W. G. McGrew.

Mrs. Hobe Parker helped with a community project in which Mrs. Jewel Robison, County Demonstration Agent, taught the Spanish ladies to can tomatoes without pressure cookers.

Police Investigate Car Turnover

City Police investigated a one-car mishap on East Marshall Howard Boulevard, (Highway 84) at 1:49 a.m. Wednesday.

The report stated that a 1958 model four-door passenger car, driven by Raymond Jerry Wright of Lubbock, was traveling west on the highway when it hit loose gravel on the shoulder, skidded out of control, overturned four times, and stopped to rest on its top facing east on the other traffic lane.

An estimated \$200 damages resulted to the vehicle. Wright was taken to Littlefield Hospital, but was not hospitalized.

M., Durango, Colo., and Salt Lake City, Utah. Friday, Sept. 27, they attended the wedding of their son, Harvey Roy and Miss Marilyn Miller at Idaho Falls, Idaho. They visited Roy's sister, Mrs. C. C. Rendleman of Denver, Colo., who is attending school there.

Area Residents' Nephew Killed In Viet Fighting

Terry D. Ratliff, 19, nephew of two Littlefield area residents, was buried Tuesday in military rites at Atascadero, Calif.

The youth was killed by mortar fire in Viet Nam Sept. 26 after serving there less than six weeks. He was in the 5th Marine Division.

Ratliff was the son of Mrs. Lynell Ratliff, a former Fieldton resident, now of California.

He was the nephew of Wayne Barnett of Littlefield and Mrs. Paul Hukill of Fieldton. Barnett, Mrs. Hukill, and another aunt, Mrs. O. S. Johnson of Haskell, attended the services in Atascadero.

AND the BEAT GOES ON ***

Behind every man on earth stand thirty ghosts. That is the ratio of dead to the living. Approximately one hundred billion people have walked the planet we call earth.

This is a significant number, for by some strange coincidence, there are approximately one hundred billion stars in our Universe, the Milky Way. This means that there is a star in space for every human since the beginning of time.

Each star is like the star about which our planet revolves—the sun. Chances are that each of these stars has one or more planets rotating around it. There would therefore be at least one planet for each person who has lived on Earth. Every human being could have his own planet or world.

Out of the more than one hundred billion possible planets, are we the only living beings in all of space's vastness? Could there be some sort of primitive life beyond the nine planets in our solar system? Could some form of life so advanced that they would just pass earthlings by, exist? Have beings from outer space already visited our planet? If some space creatures try to communicate with us, should we ignore them and go on living as if we were the only life, or face the possibility of being conquered by a higher form of life? These questions and their answers lie in the very near future—our future.

Food Classes See Demonstration

Dorothy Jones demonstrated jiffy cooking for the LHS second year homemaking classes. She prepared and served food for the 1st, 4th, and 7th periods of homemaking. Some of the foods which she prepared were Nutty Little Honeys and Sudden Dinner, which was her main dish. Dorothy Jones is a representative of the Southwestern Public Service at Plainview.

More Openings At West Point

Mrs. Jo Ann Jordan, counselor of LHS, received a notice from West Point this week. There are now more opportunities to attend West Point than ever before. The United States Military Academy is in the midst of an expansion program that will almost double the size of the previously authorized enrollment. Additionally, each congressman is now authorized to nominate more young men than ever before for each of his vacancies in the corps of cadets. Admission is also available through other than congressional means. If interested, act now! Write your congressman! Tell him of your desire and write Admissions, West Point, New York, 10996.

Here at LHS we see signs of spirit everywhere, but what we sometimes tend to take for granted is the fact that people are behind it all. The cheerleaders are the key people behind this movement. The cheerleaders, Carla Chambers, Vicki McKinnon, Diane Maner, Koleta Giles, Kay Armistead, and Dianne Perkins carry on many activities throughout the year.

Although their main job is to keep the spirit up here at LHS, this job is supported by many other activities. Some of these activities consist of painting signs for the halls, making locker boosters for the football boys' lockers, decorating the goal posts at all home games, decorating the players' cars with streamers, and writing letters to the football boys encouraging them to win.

Even with all these other things, Carla Chambers, head cheerleader, serves the Student Council as Publicity director and chairman of the scrap book committee. She is a member of the National Honor Society and the Wildcat band.

Carla devotes much of her time to MYF, of which she is president. Koleta Giles, a senior, is the cheerleader representative on the SC. She is a member of the band and serves as secretary for DECA. Koleta is also a Girl Scout.

Senior Vicki McKinnon serves DECA as treasurer and chairman of the fund committee. Vicki is a member of the band, YWA, and a Girl Scout.

Diane Maner acts as junior class representative on the SC. She is also a member of the Wildcat Band.

Kay Armistead serves as sophomore representative on the band council and is an active member of the band. Dianne Perkins, a junior, is councilman-at-large for the SC and secretary of the choir. She is also a member of the band and of the YWA's.

Not just any girl can be a cheerleader because of the pressing demands made of her. The cheerleaders are chosen by the student body after trying out. During the time they are chosen the cheerleaders must maintain a "C" grade average.

This past summer the cheerleaders went to a cheerleaders' school held at Texas Tech annually. The cheerleaders competed with some 500 other cheerleaders for certain honors given. This past summer our cheerleaders received two second place ribbons and honorable mention in the poster competition.

Since the cheerleaders are some of the key people from which a lot of the spirit here at LHS evolves their opinions of the spirit are very important. In connection with the spirit the cheerleaders had these comments. Vicki said, "All of the organizations are working together more than ever before to support the team". Koleta summed it up in two words, "Too fabulous." Kay said, "All the classes are working together more than ever before." Carla summed it up in one word, "Tremendous." Dianne Maner said, "I think the spirit this year is tremendous." Dianne Perkins also said, "The spirit this year is tremendous."

ATHLETICS IN ACTION

BY ROY BOLTON

Despite a field-soaking rain an hour before kickoff, the Littlefield Wildcats and the Brownfield Cubs met in what turned out to be a thrilling defensive battle in Wildcat Stadium Friday night.

The two teams battled to a 0-0 tie at halftime, with each having five first downs. The 'Cats led in total offense at the half with 119 net yards to Brownfield's 97.

In the third quarter the two teams, playing in a light drizzle, kept the game scoreless. Not until the fourth quarter did the heavily-favored Cubs manage to drive into the Wildcat endzone. The extra point attempt was good, making the score 7-0.

The Cubs then latched on to a Wildcat aerial, returning it to the Wildcat 14 yard line. The Cat defense allowed only four yards to the Cubs, forcing them to try a field-goal, which was good. The final score was 10-0.

Tomorrow night the Wildcats take on the Lakeview Chiefs in San Angelo. Even though it is a long way to San Angelo, try to make it to the game. GET A CHIEF!

Bug Collections Outstanding

The bug collections are finally in and Mrs. Reast graded them over the weekend. Mrs. Reast stated that there was a great deal of originality and she was pleased with the quality of the workmanship. The outstanding collections were handed in by: Brenda Cline, Oleta Mercer, Vicki Kimberley, Carolyn Lumsden, Rickey Hartley, Dan Harrell, Rodney Phillips, Cyd McKinnon, and Jane Nowlin.

GUESS WHO this blonde blue-eyed senior is. (Hint: she's often seen on a horse.) Last week's Guess Who was Travis Daiford.

THE NEW AND THE OLD; Lynn Barton and Marsha French are holding two of the most extravagant bug collections of the year. Lynn is holding an attractive bug collection constructed by Margaret Fain and Marsha is

holding an extraordinary 75 year old butterfly, which has been kept in a Bible and was handed down to her from her grandmother. Both students are members of the biology class instructed by Mrs. Kenneth Reast.

Presidential Physical Fitness In Effect Here

STUDENT VOICINGS

QUESTION: What do you think of the aid given to other countries by the United States?

Howard Wright (Sr.)—"It is necessary that the U. S. give foreign aid to some countries, but we should cut down on some of the aid to other countries able to take care of their own."
Gene Williams (Soph.)—"We shouldn't give so much money to European Countries if they won't help us in Vietnam."
Janie Hyatt (Sr.)—"I don't think we should give any country aid, which is supposedly communist country, but I think we should give aid to those countries in need of help who have a type of government similar to our own."

Danny Harrel (Jr.)—"It could be run better but in my opinion it is doing fine right now."

VICA Will Elect Sweetheart Today

The years activity has begun for the VICA organization here at LHS with its annual election of officers. The officers elected were: Chip Joyner, president; Rufus Ramirez, vice president; Jimmy Ellis, secretary; Johnny Moore, treasurer; Eugene Hemphill, reporter; Carl Davis, parliamentarian; and John Martinez, sergeant-at-arms. This organization will meet today to elect a sweetheart.

The Presidential Physical Fitness Award is here for the first time for Littlefield Junior High and Senior High girls. This program was established by President Johnson to honor students who demonstrate exceptional physical achievement. The program is designed for four purposes; one, to motivate boys and girls to develop and maintain a high level of physical fitness; two, to encourage good testing programs in the schools; three, to stimulate improvements of health and physical education programs; and four, to provide additional information on the physical condition of American youth.

The program is administered by the President's Council on Physical Fitness and the American Association for Health, Physical Education and Recreation.

There are seven items the youth take part in. They include situps, flexed-arm-hang, standing broad jump, shuttle run, 50 yard dash, softball throw and 600 yard run-walk.

There are three different awards given to the students who are able to achieve a high score in these seven items. The first award is the Presidential Award which goes to girls and boys who exceed 85% on every test item and they will receive a certificate and a patch to be worn on their jackets. The patches are blue, red, and gold in color. If a person achieves this more than one year in a row they receive a special patch with the number of years in a row they have won it. The second award given is awarded by the AAHPER, Ones

receiving this award are the ones who have achieved 80% or higher on the seven items. They will also receive a certificate and a patch which is red, blue and gold, with the AAHPER symbol on it. The third patch awarded is also given by the AAHPER Association. In order to receive this award one must have 50% or more on the seven items. The winner receives a blue and silver patch. The awards are given once a year, in the spring even though P.E. classes test twice a year, if a person makes it in the fall he gets his award in the spring. If he does not make it in the fall then he tries again in the spring. The way the percent is determined is by norms, which are set up by the President's Council. Schools sent the results of their test in and it is based on what the average student can do. An example of this is if a person achieves 80% on every test item, he would be more physically fit than 80% of the students his age across the entire nation. If a person makes 80% one year then falls to 50% the next year he will not receive a 50% award. Mrs. Marti Toulmin's opinion of the physical fitness program was, "I think it is the best possible way to test a girl's ability in physical education. The test tests every part of the body including strength and endurance. I think so highly of the test that that is the reason I started it here. Not only does it test the students' abilities, but by giving it twice a year, it also tests a teacher's physical education program."

Choirs Name Officers For Year

The choir activity here at LHS is now in full swing with the election of officers and the presentation of certain groups of singers. Both the Girl's choir and Acapella choir have elected officers for the year. The officers of the Acapella choir are: Wally Sanders, president; Gaylon Mills, vice-president; Dianne Perkins, secretary; Tonya Bingham, treasurer; Dianne Kesey, social director; Randy Walker, publicity director; Betty Boons, librarian; Marilyn Price, librarian; Sam Fain, councilman, and Geoffrey Grizzle, councilman. The Girl's choir consisting of twelve members also elected its members who are: Kathy Bryson, president; Becky Kirby, vice-president; Joanne Rogers, secretary treasurer; and Mary Tucker, librarian.

Dear L & M

I hope you can help me with my problem. There is this guy who is always staring at me. As I walk down the hall, he doesn't stop looking, instead his eyes follow me wherever I go. PLEASE HELP ME! Worried

DEAR WORRIED: Take a few minutes in the morning to be sure you are looking nice, then the next time you see him, don't ignore him—smile and speak to him. He'll either make his move or stop bothering you.

The choir director, Mr. Troy Carter, presented a special group of singers at the teachers appreciation banquet at which they were well received. The folk group was invited by the teachers to sing at the Lubbock School Food Association Banquet and the Lamb County teachers' meeting November 25th. Another special group which you may soon be hearing of is the "Dirty Dozen", a group of twelve young men who will sing all types of music.

Industrial Arts Sets Projects

The Industrial Arts Club was called to order Oct. 1, 1968, by Mr. Byron Ford, industrial arts teacher. The general instructions for the club were read and the following officers were elected: Gaylon Mills, president; Steve Dinges, vice-president; Jeneane Huffman, secretary; Jean Keeling, treasurer; Johnny Reese, reporter; and Bruce Anderson, sergeant at arms.

Keith Overland Heads DECA

The Distributive Education Club of America held a meeting Monday evening. Mrs. Joyce Henry, sponsor of the club and teacher of the Distributive Education class, conducted the meeting until the members elected officers. Officers of the club are: Keith Overland, president; Bobby Wood, vice-president; Koleta Giles, secretary; Vicki McKinnon, treasurer; James Ivory, reporter; and sergeant-at-arms, Randy Aduddell and Randy Mitchell. A committee of officers was selected to deal with members of the club who make a habit of not attending the meetings. It was decided to buy windbreakers and jackets. The DECA Sweetheart will be elected later in the year.

THE GLOOMY halls of L.J.H. are filled with a dreary atmosphere, as discouraged students trudge depressingly to face disaster. They can trace the sullen looks that fill their faces, for we are entering a time of trial and error!

Business crowds the classrooms as each student sits nervously waiting...waiting. This is truly a time of trial and error. This is the dreaded six weeks test time.

BOBBY MATTHEWS: "If a bee decided to marry a rat, what would they call their children?"
DOONEY SMITH: "Brats?"

On the gridiron this past week, our junior high eighth grade teams traveled to Olton. The B team fought a tough game which ended in a no-scoring tie. After a rugged game, the A team was defeated. The eighth grade played Tuesday afternoon.

The freshmen team played a good game against Levelland, but was defeated. Today, they play Abernathy. The game will start at 7:30 at the Wildcat Stadium.

A pep rally will be in the junior high gym at 8:30. All boosters are invited to attend.

Min Jungman: "My dog started chewing up my dictionary."
Cenny Owens: "What did you do?"
Min: "I took the words right out of his mouth!"

Thanks to Bruce Hall for the band news! Anyone who wishes to turn in news can put it in the "mailbox" in Mr. Brawley's office. Please help us.

During the past week the Junior High band has started marching. For many of the eighth graders, this has been the first time to march. Luckily the majority of the eighth graders have had experience at marching at summer band camp.

This year there was a shortage of trombones, and as fate would have it, two of the twirlers, Amy Owens and Wanda Cotter, are trombones. Mr. Anthony decided the band needed them. Therefore, the twirlers will be marching in the band this year. Bruce Hall is our drum major. One of our valuable

band members is unfortunately moving to Plainview. Tim Compton, a tuba player is moving today. We wish him luck in Plainview.

FHA officers were installed Tuesday afternoon at 4 P.M. They are Martha Brown, president; Gail Williams, first vice-president; Carla Owens, second vice-president; Mary Davidson, third vice-president; Linda Horn, fourth vice-president; Debra McAnally, fifth vice-president; Carol Chisholm, secretary; Marsha Starnes, treasurer; and Amy Owens, parliamentarian - historian. Cookies and punch were served afterwards.

Dennis Cowen: "Did you hear about the mathematical planet?"
Brad Nace: "No, I sure didn't."
Dennis: "It grew with square roots."

We understand that Coach Trees is excited about a new freshman athlete. The new boy asked the coach if he could join the football team.

Coach Trees then began to ask him of his past experience.
The boy said, "Well, I didn't want to mention it, but I made the eighth grade A team".
This excited Coach Trees, so he asked, "How about basketball?"

The boy said, "I didn't want to mention it, but I was the best player on the team."
Old Coach Trees was drooling. He asked about track.

The boy said, "I was the sprint champion for our grade."
Boy, Coach was really excited! He then carefully asked, "What kind of grades do you make?"

"Straight A's."
Coach Trees was jumping up and down. "Do you have ANY faults?"
The aspiring athlete admitted: "Yes, sir. Only one. I lie a lot."

Rachel, is you alright?!!
Mrs. Blackmon: "What's a synonym, Craig?"
Craig Ratliff: "It's a word you use when you can't spell the other one."

GOOD LUCK....AND PASS THOSE TESTS!

Damages Light In Accident

Damages were light in a traffic mishap on Phelps Avenue Sunday at 3 p.m.

A 1965 Mustang driven by Terry Rodgers of Rt. 2, Littlefield, was reported to have hit the rear of a 1964 Corvette driven by Chipper Lee Joyner of Fieldton.

Police said Joyner had stopped for a red light at 6th Street when his car was hit from behind.

Damages were \$35 to the Rodgers car and \$65 to the Joyner vehicle.

Whitharral HD Hears Report

WHITHARRAL--Home Demonstration Club met Tuesday afternoon, Oct. 8, in the home of Mrs. Sam Clevenger.

Roll call was answered with "An Ounce of Prevention Helps Avoid Accidents".

Mrs. D. C. Theford, president, gave a report on the State H.D. Convention that she attended last month in McAlester.

Officers for the new year were elected. They are Mrs. D. C. Theford, president; Mrs. B. L. Hicks, vice-president; Mrs. E. E. Pair, secretary and reporter; Mrs. S. J. Clevenger, treasurer; and Mrs. Chas. Landers, Council delegate.

Refreshments of watermelon were served to 14 members and 2 visitors.

The Littlefield Wildcats have a lot riding on tomorrow night's game at San Angelo when they take on the Indians at Lake View.

They could possibly be fighting to stay out of the cellar of the extremely strong District 3-AAA rankings.

And they will be trying for revenge of the 26-33 loss handed them by the Indians that drug the 'Cats into a tie for the cellar with them.

Kickoff will be at 7:30 p.m. in the Angelo State Stadium. Lake View schools merged with San Angelo schools during the summer, and the Indians do not

play in their home stadium any more.

The Wildcats have a 1-2 record going into the contest, while the Indians are still looking for a victory after four straight losses.

Lake View has given up 169 points, an average of 42.2 per contest, while scoring only 22.

The Indians are still trying to find themselves after losses of 26-7 to District newcomer Slaton; 48-0 to Snyder; 35-15 to another newcomer, Colorado City; and then last week's 60-0 shutout to conference powerhouse Sweetwater.

The Wildcat defense, on the other hand is averaging giving up 22.3 points per contest, which includes the 51-0 thumping at the hands of Estacado.

Littlefield has been shut out in both losses, Estacado and Brownfield (10-0).

The lone 'Cat victory was over rival Levelland 31-6, in the second game of the schedule.

With departure from the school about 10:15 a.m., immediately after the pep rally, the Wildcat bus will be carrying a 100% well and healthy Wildcat club, according to Coach Raymond Birchfield.

This is an extreme contrast with last season, when the 'Cats were crippled all season. There were few games, in any, when at least three starters weren't out of play and others slowed by injuries.

Going into the 1967 contest, the Indians looked like an easy doormat for the 'Cats in their last game of the season. But the hosts wound up with 274 yards rushing to Littlefield's 211, and a 19-14 margin in the first down department.

Two Wildcat backs who played in that contest are starting again tomorrow night. They are quarterback Roy Burk and wingback Travis Danford.

Danford had by far his best game of his career against the Indians. He carried the ball three times from scrimmage and gained 117 yards. He scored once on a 98-yard scamper. And Danford added two pass catches for another 19 yards.

Burk gained only 26 yards on 14 carries, but scored once from the one, passed for five completions that gained 232 yards, and intercepted a pass.

Coach Birchfield has considerable respect for Lake View. He says their losses have mainly been due to mistakes, not lack of ability to move the ball.

And he figures they are about ready to cut down on costly miscues.

The Indians run from a pro set, splitting the backfield for quick drive plays and sweeping end options.

"We're in for a real tough ball game," Birchfield says. "They have moved the ball well against everybody except Sweetwater. But they are looking toward us. We've won only one game, and they've not won one yet."

The Wildcat mentor said of his team, "We're not aggressive enough yet, either offensively or defensively, to

good football. We've got to that way to make other people commit mistakes. Some of our boys are doing better, but they haven't improved a bit."

The Wildcats can't wait in the sun, or in the shade, depending on their performance against the Indians tomorrow night in distant San Angelo.

PP&K Contest Is Saturday

Saturday is the big day for the little fellows who like football. It's the annual Punt, Pass and Kick competition, sponsored locally by Mitchell-Ford, Inc.

The event, open to entrants who registered through last Friday, will begin at 9 a.m. at the Littlefield Junior High football practice field.

Members of the Littlefield Optimist Club will be working as officials in judging and recording performances.

About 120 youngsters will

be vying for one of 18 trophies. Three are presented to the top places in the age groups eight through 13.

Local first-place winners will go on to the zone competition at Lubbock. And from there, first place winners go to the district meet at Dallas. The competition continues until eliminations are made all the way to the national level.

Winners Saturday must have their birth certificates to support their entries in the zone contest.

Andy Davis Is Week's Booster

Andy Davis was "Booster of the Week" during Tuesday night's regular meeting of the Littlefield Quarterback Club. Davis will make the trip tomorrow with the Wildcats, be in the dressing room with the team

at all times and sit on the bench during the game.

It was decided during the meeting, also, that the posters with player pictures being displayed in business buildings over town will be moved weekly. This is to give additional exposure of players, plus allowing all businesses wanting such a display the opportunity of having one.

The Quarterback Club voted to sponsor a bus to San Angelo that fans might follow the Wildcats against the Lake View Indians.

Russian Chain Match Slated

A vicious Russian Chain Match between The Lawman and Mario Galento will be the headliner on the wrestling card Saturday night at the Littlefield Sports Arena.

According to the rules, the men will be chained together with a seven-foot chain. To win, a man must drag the opponent's body around the ring. Anything goes, there will be no stopping because of blood, and no disqualifications.

Also on the card, Alex Perez will take on Gypsy Joe and Jerry Kozak meets Dory Funk, Jr.

TRAVIS DANFORD is hoping for a game Friday night he played against Lake View last season. That was when he carried the ball three times for 117 net yards, caught two passes for 19 yards, and scored the longest Wildcat touchback of the season, 98 yards.

Olton, Sudan Face Tough Road Games

The Olton Mustangs and Sudan Hornets, Lamb County's headline-hogging football teams currently leading their classification rankings, put their prestige on the line again tomorrow night.

Olton's contest is a promising District 3-AA thriller that, like in 1967, could be called the conference championship showdown. The Mustangs take on tough Dimmitt.

Sudan, on the other hand, hasn't any title on the line, but rather the promising aspect of another revenge contest against a team, Plains, that blemished the 1967 Hornet record. And it's the final pre-District 3-A tuneup for the Hornets before they enter conference action.

The Springlake-Earth Wolverines travel cross-country to do battle with the Anton Bulldogs in another non-conference clash, while Amherst hits the road to Hart, Bula visits Wellman and Whitharral hosts Southland.

Springlake-Earth has one victory to its credit thus far in the season, while Anton has gone winless. The Wolverines suffered a 28-8 thumping at the hands of Amherst, a conference foe of Anton, last Friday. Anton, on the other hand, was resting during open date in preparation for the 8 p.m. tilt.

Friday's victory for Amherst lofted the Bulldogs into the Lubbock Avalanche Journal's 10th place ranking among area Class B teams.

Amherst takes on Hart, a club that likes to upset people. Especially on the Longhorn pasture. That contest also starts at 8 p.m.

Both Amherst and Anton have yet another week after this one before launching their conference title bids.

The Panthers of Whitharral are looking for victory Number Two of the '68 season. They play their final non-conference contests against a club that was dropped in the A-J standings from first to fourth after Friday's 28-0 loss to second-ranked Union.

Whitharral, ninth-ranked in the standings, is 1-3, while their visitors stand at 3-1.

Bula is another club playing its last non-conference warm-up. The Bulldogs have remained winless this season, and are hoping to pull the eight-man football upset of the season with a victory over Wellman, the top-ranked team in the area. Wellman is 4-0.

The high-flying Olton Mustangs, bolstered by the return of ailing halfback Benny Akin, are shooting for a repeat as champions of District 3-AA. Their 39-6 trouncing of Abernathy's Antelopes last Friday launched their bid.

But this week's opponents are the double-tough Bobcats of Dimmitt, who were considered last year and again this year the major stumbling block in the Mustang trophy parade route.

The Bobcats are 3-1 for the season, and last week showed impressive power in knocking conference foe Frons from the ranks of the undefeated with a stunning 46-7 margin.

Olton edged the Bobcats 15-7 last year, and that was the only Dimmitt loss of the schedule.

average of 19 pounds per man on the starting offensive line.

Olton's backs average 150 on the Mustang line 178, for overall team average of 150.

The Bobcats drop off in size rapidly from their large line. The backs average 157 and line 162 for a team average 160.

Bobcat senior fullback Dan Land weighs 199 and is the largest player on the offense.

Second largest back starting is Roy Thomas, who weighs 148. Wingback Jerry Coleman is 145 and quarterback Bill Sanders is a 135 weight at 138. Largest offensive starting lineman is 160 pound end Jerry Brady.

Dimmitt's only setback this season was to the Farwell Steers.

Olton is ranked number one among AA clubs in the area, the Lubbock paper, District second.

Sudan's 40-28 victory over Seagraves last week vaulted the 1967 state quarterfinalists from District 3-A into the top spot among A clubs of the area. They switched places with Falls in the standings.

The once-beaten Hornets are looking forward to paying back the 28-12 loss to the Plains Cowboys handed them in 1967.

Plains, Friday's host club, hasn't won a game in four outings thus far, giving up 40 points defensively while scoring only 28. The Cowboys were humbled by Tahoka last week by a shattering 58-7 margin.

The scoring combination of Jerry Bellar and Larry Hays has scored almost as many points in four games as the Cowboys have given up.

Bowling Stops
All bowling leagues at Littlefield Bowling Lanes have been suspended this week with the closing of the business.

Tommy Adkins, owner and operator, said he filed voluntary bankruptcy papers Monday morning.

Funeral services for Walter Zachary, of Hollis, Okla., were held Tuesday afternoon at Coley Memorial Chapel in Hollis. He was father of Cecil Zachary of heret. Zachary died Sunday in Colonial Rest Home at Hollis. Rev. T. L. Blaxton, pastor of the Church of the Nazarene, officiated and was in Number Two Cemetery near Hollis. Zachary was born at Dalton, Ga., and lived in Hollis since the early 1900's. He was a retired employee of the cotton oil mill there. Surviving are his wife, Sarah; daughter Mrs. Rosalee Zachary of Independence, Okla.; Mrs. May Homer of Bethany, Okla.; Mrs. Inez Zachary and Mrs. Lorena Beisel of Kansas City, Mo.; the son; and a Mrs. Pearl Wagner of Yukon, Okla.

Fund Drive, Parade Occupy Retail Council
Plans for putting new life into the Christmas decoration fund drive were formulated at a meeting of the Retail Council Committee of the Chamber of Commerce Friday. There is still approximately \$1,500 to be collected before the Dec. 1 deadline and donations have been lagging, committee chairman Armon Perrin admonished. The decorations have already arrived and are already awaiting the holiday season. The note taken to pay for them comes due on Dec. 1. In other business, the committee set Nov. 29 as the date for the Christmas parade, with an alternate date of Dec. 2. Plans are well along for the parade and the committee will welcome any and all units or organizations that wish to participate. Gene Pratt has donated a trophy for the best marching band and all school and other type bands in the competition.
