Trustees Approve Assessor Methods

Littlefield School Secretary, Hopping, presented the criterion used in assessing taxable property in the district at the meeting of Trustees Tuesday night. The presentation had been requested by the board at their last special meeting.

Hopping explained to the board that a square foot price based on the type of structure was used to figure the tax valuation of houses. He continued that the houses are measured from the outside and only a very few cases did the assessor enter the home.

In figuring farm land, Hopping said it was based mostly on productivity with the best irrigated land receiving the highest valuation. He pointed out there are several classes of land in the district and each is valued accordingly.

Nine textbooks were approved for adoption by the local school for the next year. A textbook committee had been

appointed in December by the board for the purpose of studying the books proposed for adoption, and the board accepted the recommendations of the committee.

New books adopted include those used in geography for Grades 4, 5, and 6, American history for Grade 8, dictionaries for Grades 4 through 7, vocal music for Grades 7 and 8, general science for Grade 9, American history for Grade 10, and world history for Grade 11.

Preliminary plans and specifications were presented to the board for an addition to the Vocational Agriculture shop area. After study, the board instructed (See Trustees on Page 8)

TOWN and COUNTRY by Wendell Tooley

WHILE VISITING the Pioneer Market Monday I was determined to see the old building being torn down on the east side of the Pioneer. In the last four years I've seen many old buildings torn down in the heart of Littlefield.

In most cases the old buildings have been replaced with a modern new building and business. Wiley Roberts of the City Shop will be moving from main street to the new location and will be building a modern new building.

Of course Wiley is dependent upon "foot" traffic, which is better on main street, but he feels that the new location will be more convenient for the general public to drive by and take care of shoe repairs or other Western wear purchases. Wiley, that's possibly one reason more people aren't wearing out more shoes . . . they're doing their shopping by car.

Although other merchants have moved from main street, and in the big cities they of course are moving to shopping centers . . . the general trend makes it more convenient for the shopper. Certainly business is more competitive than ever . . . and you just can't have your business too convenient in this day and time.

I HAD the privilege of visiting with the Littlefield Jaycees at their meeting Tuesday night and it looks like they're ready to stage another big talent show. From the looks of the Tuesday night meeting, the Jaycees have a big membership and they're well organized and doing a lot of good civic work. There'll be \$75 worth of prize money at the big talent show, so if you have a hankering to share your acting ability and need a little cash, better get up for the big show.

NOT ONLY do the women of the nation control most of the money, but now they are unopposed because they can't go to space. Senator Phillip A. Harris (See Town on Page 6)

Girl Scout Week Celebrated Here

This week approximately three and one half million girls and adult members of the Girl Scouts of the U. S. A. will celebrate the 50th anniversary of the organization. The local Girl Scouts and Brownies will be celebrating this week by wearing their uniforms and selling Girl Scout cookies.

Girl Scouts from Caprock Council will celebrate with a birthday party at 7:30 p.m. Saturday night in the Lubbock Municipal Cloiseum. Neighborhoods from the 11 1/2 county council, which includes Lubbock, Garza, Lynn, Crosby, Dickens, Hockley, Terry, Cochran, Bailey, Lamb, Parmer, and S. E. Hale Counties will display projects their Girl Scouts have completed. Theme for this neighborhood's project is "International Friendship. The project booths will open at 6 p.m.

Jaycees Give Awards At Annual Fete

Littlefield Jaycees held their annual banquet Saturday night in the Community Ctr., Jerry Sanders, owner of the local radio station, was the featured speaker for the evening. Sanders spoke on the meaning of the Junior Chamber of Commerce constitution and bylaws. He impressed on the members and their guests present the importance of their organization in the community.

Skipper Smith served as master of ceremonies. Neil Landrum presented the annual awards to the Littlefield Press and the radio station for public service and a special award to Jim Mangum for his work with the Scouting program in Littlefield and the area. About 60 persons attended the banquet.

Over 4,000 Girl Scouts will then participate in a pageant telling how scouting can be seen, heard and felt.

The local Girl Scouts will attend church Sunday at the First Baptist Church. The public is invited to attend.

Talent Show Is Planned By Jaycees

The Littlefield Jaycees completed plans for the annual talent show at their meeting in the city courtroom Tuesday night. The event is scheduled for Saturday night, March 31, at 8 in the High School auditorium. A total of \$75 in prize money will be given the winners of the event.

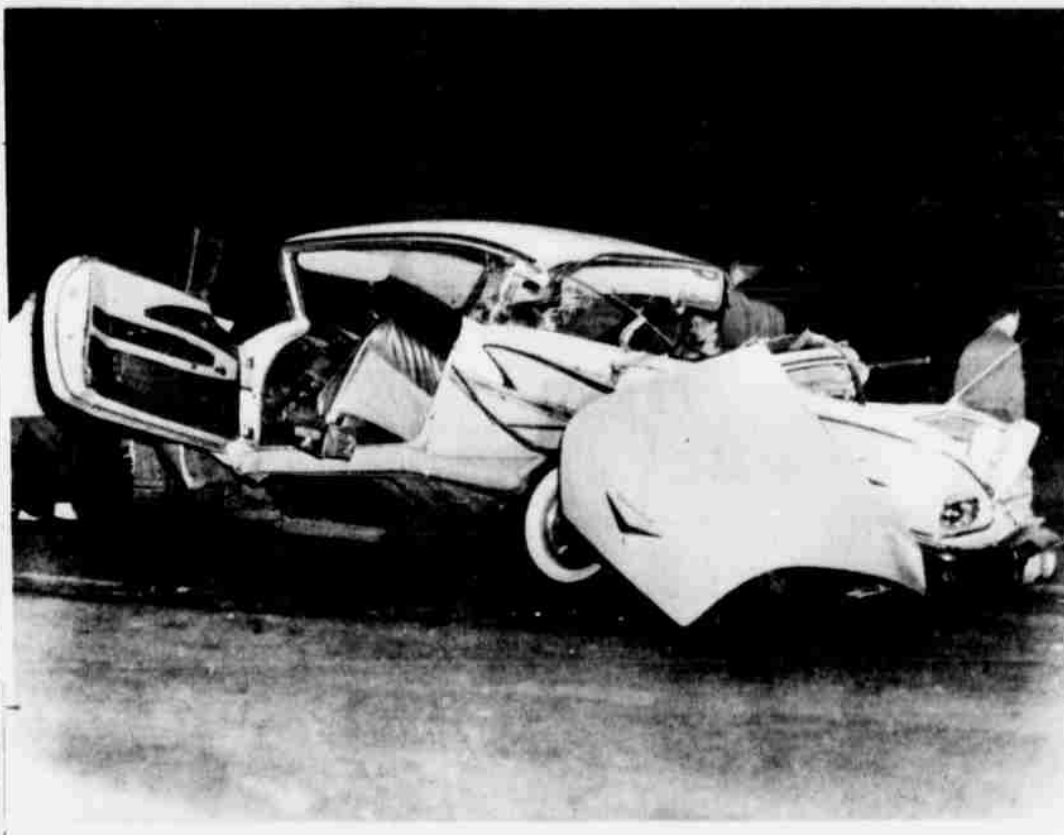

Tryouts for the show will be on March 28th, at 4:00 p.m. in the High School auditorium. Chuck Campfield will emcee the show. Proceeds of the event go to help finance the new Colt and American Legion league ball park.

Persons interested in participating in the show should call Campfield at 385-4474 . . . or entry blanks will appear in this newspaper Sunday.

C-C Board Meet Tonight

Board of Directors of the Littlefield Chamber of Commerce will meet tonight at 7:30 in the chamber office, according to an announcement made this week by Kenneth Ware, chamber president.

Ware said the main purpose of the meeting will be to discuss the proposed remodeling program of the old city court room. Following the directors meeting the members will meet with the City Council to present their plans and the cost of the project.

DEATH CAR -- Pictured above is the auto driven by J. C. Hulse, Jr., which collided with one driven by Will Williams of Sudan Tuesday night two miles west of Lubbock on Highway 84. Hulse, his wife, Alicia, and his son, James Clayton, were pronounced dead on arrival at Methodist Hospital in Lubbock. Williams was apparently killed instantly in the accident. Funeral services for the Hulses' are set for today in the Littlefield Drive Church of Christ. Williams' rites are pending. (Lubbock Avalanche - Journal photo)

Two Are Injured In Saturday Wreck

Two Littlefield girls were injured in a car-pickup accident Saturday evening at the intersection of West 5th and XIT Drive.

Shirley Seibert, 16, received lacerations of the chin, lost one tooth and knocked several other back. A hospital spokesman said another tooth may have to be removed. She was reported in good condition Wednesday morning.

Ladonna McDonald, 17, received lacerations and bruises and was released from the hospital Monday.

Police said the car driven by Miss McDonald was going south on XIT Drive and the pickup driven by Wilford Kennemer of Littlefield was going west on 5th. The McDonald car hit the pickup on the right front fender with the left front fender.

After impact the vehicles skidded around with the left rear fender of the car hitting the right rear fender of the pickup. Damage to the car was estimated at \$150 and to the pickup \$100.

Area Boys Win Hockley Fair Firsts

Davis Webb of Anton showed the grand champion calf and Kenneth Marrow of Whitharral had the grand champion hog in the 1962 Hockley County Stock Show held Saturday in Levelland.

Webb received \$1,138 for his calf. The purchase was made by six Anton business firms and was based on a price of \$1.11 a pound. The prize was believed to be the highest ever paid for a single animal at the annual event.

Marrow received \$402.05 for his 187 pound animal purchased by a Levelland business concern. The hog brought \$2.15 per pound. (See Area Boys on Page 8)

Forgery Filed Against Two

Two Olton men were returned to Lamb County from Denton Monday to face charges of forgery in connection with three checks given in Olton Saturday.

The pair, Edward Alexander, 19, and Thomas Passmore, 44, were arrested by Denton officers in the home of Alexander's mother Sunday. Both gave signed statements to county officers.

They are charged with giving forged checks at the Market Place, Sherman Food Market and Fina Service Station in Olton, using the signature of A. C. Light, Jr., on all the checks made on the Olton State Bank.

In his statement Passmore said he was in Olton Saturday afternoon when "I ran out of money and decided to write a check." He said he wrote four checks but cashed only three of them. Passmore cashed the

first, a check for \$63 at the Market Place. Then Edward (Alexander) cashed one at Sherman Food (See Forgery on Page 6)

Appoint Medical Officer

Lamb County Commissioners appointed Dr. Larry G. Shipp of Littlefield as County Health Officer at their regular meeting Monday. Dr. Shipp's appointment was made for a two year period and becomes effective today.

He replaces Dr. D. J. Stafford, who has served since March 1960.

In other action the commissioners paid the monthly bills and approved the Extension Service reports.

Funeral For Hulse's Today

Four Lamb County residents were killed in a two-car accident two miles west of Lubbock on U. S. Highway 84, early Tuesday night. Three of the persons killed were a Littlefield family and the fourth was a Sudan Negro man.

Mr. and Mrs. J. C. Hulse, Jr., and Hulse's son, James Clayton, five-years-old, were pronounced dead on arrival at the Methodist Hospital in Lubbock. Will Williams, the Sudan man, was killed instantly.

Colt, PONY Meet Tonight

Glenn Batson, president of the Colt and PONY Leagues, announced a meeting of all persons interested in starting and setting up schedules for the leagues for the coming year tonight at 7:30 in the City Hall.

Batson said this was one of the most important meetings of the year as all plans will be made at this meeting. He encouraged all parents and people interested in working with the boys of this age to be present.

The Colt league teams are new for this year and plan to play on the new field which is now being built. The boys range in age from 14 through 16 and since it is new, Batson said he "would like to see a good turnout of parents of boys in this age group."

The PONY League will be setting schedules for their year and will be playing on their field alone this year since the American Legion will join with the Colt League on the new field.

City Council Agenda Told

City Councilmen will introduce and have the first reading of the annexation ordinance tonight during their meeting scheduled to begin at 7 in the council meeting room of the City Hall.

Also to be introduced, according to J. W. Harrison, city manager, is an interim zoning ordinance which will stipulate the kind of structures which can be built in the newly annexed area. This ordinance is designed to be a temporary measure until the complete zoning study is submitted to the council.

The Council will also consider a request of Littlefield Seed and Delinting to install a radio antenna on the city's small water tank and a request of "Litter Maid of America, Inc. to install trash receptacles on the city's parking meter posts and on the city right-of-way.

In other action the Council will hear a report on the costs of reconitioning the old court room. The meeting is open to the public and all interested persons are invited to attend.

WEATHER BOX FORECAST - Clear to partly cloudy. TEMPERATURES - Sunday high 60, low 23; Monday high 60, low 18; Tuesday high 54, low 22; Wednesday high 43, low 26. MOISTURE -.05 for the month; .99 for the year; 3.71 for this time last year.

Funeral services for Mr. and Mrs. Hulse and their son will be this afternoon at 2:30 in the Littlefield Drive Church of Christ. Tom Roberts, pastor of the Ninth Street Church of Christ in Littlefield will officiate. Burial will be in Memorial Park cemetery under the direction of Hammons Funeral Home.

Services for Williams are pending at McCarty Funeral Home in Littlefield. Officers said the Hulse family was pinned inside the crumpled wreckage of the late model car, but were freed by Lubbock police officers and spectators at the crash scene about 20 minutes after the wreck was reported at 8:15 p.m.

Investigating highway patrolman Kenneth Walters said Hulse, 29, believed to be the driver of his car, was traveling east toward Lubbock. Williams was traveling west, the officer said. An earlier report stated that the Hulses were believed to have been traveling toward Littlefield, but friends here said the family had left Littlefield earlier to return to Houston. The friends said they were going to Houston to get their belongings and then return to Littlefield where they were going to make their home. Hulse was a longtime resident of Littlefield and attended school here.

The patrol reported that Williams attempted to make a curve in the road and was apparently on the wrong side of the road. They theorize that Hulse also approaching the curve tried to swerve to the left to avoid a head-on collision. The Hulse car was struck on the right side by the left front of the other car as the vehicles rounded a curve. The crash occurred in Hulse's lane, the patrol said.

Suitcases, clothing and other personal belongings of the Hulses were scattered about the highway. The patrol said the right side of Hulse's car was smashed inward and a portion of the vehicle was ripped open. The trunk of the car was partially torn from the body of the vehicle.

The Hulse car came to rest in the north lane of traffic, facing west. Williams' autowas about 20 yards to the west and facing north.

Williams' body was thrown, apparently through the windshield, about 15 feet from his car and between the wrecked automobiles.

Justice of the Peace George H. McCleskey pronounced Williams dead at the crash scene.

L. G. Hoover, of Lubbock, a childhood friend of Hulse, identified the man's body at Methodist Hospital, as well as that of the child, Jimmy. (See Four on Page 5)

County Sentenced 199 To Prison During Past 40 Years

During the 40 year period from 1920 through 1959 a total of 109,949 individuals were committed to the Texas Prison System, according to a study of crime in Texas, recently completed by Dr. R. C. Koeninger, director of the Department of Sociology, Sam Houston State Teachers College, Huntsville. The study was made by Dr. Koeninger, a sociologist and criminologist, to show the trends in prison commitments for the State and for each county in Texas.

Lamb County committed 199 persons to the prison during the period studied, and ranks 122 in the state for the number of persons committed during the 40 year period.

"One third, or a total of 35,989 of those committed came from five counties in Texas," Koeninger said. "The five most populous counties, Harris, with

12,943; Dallas, with 9,350; Bexar, with 5,322; Tarrant, with 4,328; and El Paso, with 4,046 send more persons to prison, but this does not indicate that the population of these five counties are more criminal than other areas."

Koeninger bases his statement on the ratio of commitments to prison for each 1,000 persons over the 40 year period. "For example," Koeninger said, "El Paso County has committed a total of 21 persons for each 1,000 of its population over the 40 year period, while Harris county committed a total of 17 persons for each 1,000 of its population over the same period."

The rating of 10.34 for Lamb County indicates that 208 counties of the state send more persons for each 1,000 of its population, over the 40 year period. The five counties in Texas

where the commitment ratio is the highest are all found in West and Northwest Texas. Dallas County has the state's highest ratio with 46 persons for each 1,000 in the population during the 40 year period. The other four counties are Culbertson with a ratio of 36. These five counties committed a total of 1,009 persons to prison during the period studied.

In comparison, the ratio of the five counties sending the most persons to prison is as follows: Harris with a ratio of 17; El Paso 21; Tarrant 13; Dallas 16, and Bexar with a ratio of 11 persons for the 40 year period.

"In our study of commitment rates for each county, more significance was attached to the ratio than to the total number of persons committed to the prison," Koeninger said. Koeninger suggests that one

of the most revealing aspects of the study is that of the 50 counties where the rate of commitments to prison has increased forty - three are in the Western half of the state. "It would appear that as the population moves west, commitment ratios from the west tend to increase."

Another factor which Koeninger finds significant and one which he believes is cause for concern is the increase in the rate of commitments throughout the state. During the period studied the state population has increased 65 per cent over 1920 while the state's ratio of commitment has increased 105 per cent.

Koeninger attributes * this commitment increase to many factors. "Attitudes toward certain types of crime, increase in (See Prison on Page 8)

Cotton Growers Slate Meeting

Annual meeting of the West Littlefield Cotton Growers will be held tonight in the District Court Room in Littlefield, according to Skipper Smith, manager.

Smith said there would be a lot of discussion on the new labor proposals of the Department of Labor and invited all farmers in the area, whether a member of the association or not.

The meeting will begin at 8 p.m. with a talk by Ed Dean, secretary of the West Texas Agriculture Users Group. Smith said Dean represents this area in farm labor circles and legislation.

A tape recording of the Midland meeting on the Bracero program will be played during the meeting and four directors of the association will be elected.

JAYCEE APPRECIATION AWARDS . . . were given to three local men Tuesday night at the jaycee meeting. Left to right are: Chuck Campfield of KZZN; Jim Mangum, who received an award for cub scout work; Neil Landrum, who made the presentations for the Jaycees; and Wendell Tooley, Littlefield Press.

Members of the committee are (left to right) Mrs. Russell, Mrs. Ford Greenhaw, Mrs. Tom Box, Mrs. Bayne McCurry, Mrs. J. E. Wade and Mrs. O. G. Mayfield.

Health And Safety Committee Meets

The Health and Safety Committee of the Texas Home Demonstration Association held its first meeting of the year this past week in the home of the District Home Demonstration Agent, Mrs. Aubrey Russell, 3813 29th, Lubbock.

All five members of the committee, Mrs. Bayne McCurry, Hale County; Mrs. Tom Box, Yoakum County; Mrs. Ford Greenhaw, Lubbock County; Mrs. O. G. Mayfield, Floyd County; and Mrs. J. E. Wade, Hockley County, were present along with the Home Demonstration Extension Advisor, Mrs. Aubrey Russell.

The minutes of the last meeting and the recommendations

for this year's work were read and the committee decided which of these recommendations warranted being carried over into the 1963 program of work.

Mrs. Bayne McCurry, chairman of the committee, presented several new items for the group to consider, discuss and formulate into possible recommendations. These were subjects the state home demonstration board of directors had referred to the committee for study.

The committee members and one visitor, Mrs. Wilmer Smith, National Home Demonstration Treasurer of New Home, were served lunch by the hostess, Mrs. Russell.

Della Chapman Elected Mrs. Woman Of Woodcraft

Mrs. Della Mae Chapman was elected Mrs. Woman of Woodcraft for 1961 by the local Women of Woodcraft Court 4254, at their regular meeting March 1 at the I. O. O. F. Hall. The award will be presented at a later date honoring her as the outstanding member for 1961.

During the business meeting the court decided to have an attendance campaign with the winning side to receive an award to be decided on later. A social will climax the contest in April. Captains for the cam-

paign are Mary McCanlies and Lucille Wright.

A report was given on the Valentine Party held February 15 when 12 couples attended a salad supper and 42 party.

Jo Beard was crowned queen of hearts, and Jimmie Chapman king at the event. Mr. and Mrs. E. A. Bowers, State Manager of Abilene, were special guests.

The Court voted to have specials on the second meeting of each month. The members also decided to make Powder Mitts to give to needy people. Ten members were in attendance.

Beta Sigma Phi, social and cultural sorority with 150,000 active members in 7,000 chapters, established in 19 countries of the Free World, has just presented from Headquarters in Kansas City, Missouri, the complete story of three outstanding efforts, Texas Tau Chi, Littlefield, has been recognized for its participation.

The story of three great funds — the Endowment Fund for the benefit of humanity; the Loan Fund to help their own members in time of emergency; and the Exemplar Fund to spread literacy to the unlearned in India — is presented in full in the organization's current issue of the Torch of Beta Sigma Phi.

During the past year alone, the Endowment Fund has contributed to Girlstown - \$14,400; Children's Cancer Research Foundation - \$10,000; five annual scholarships in Canada of \$1,000 each; National Cystic Fibrosis Research - \$10,000; and Camp Kokosing for rehabilitation of crippled and handicapped children - \$5,000. The Loan Fund, to help their own, has granted over \$15,000 in interest free loans to members to meet the emergency expenses of illness or accident. The Exemplar

Penn Point

By D.H.P.

There is one experience that everyone should have to go through at least one time during his or her lifetime . . . building a house. The wife and I are doing this at the present time, and not withstanding any great difference of opinion, may still be living together when it is finished.

When we started on this venture several of our friends informed us that it would be a strain on our marriage . . . nothing was said about the strain on the pocketbook. Friends, I'm here to tell you that the strain is greater on the money pouch than on the marital relationship . . . so far.

I've decided, after hocking everything the wife and I own and getting a promise from the boss not to fire me until I get it built, that building isn't so bad after all. May change my mind when we get further along than we are now. Guess I'll just have to wait and see.

John Ussery called me up the other day to tell me about his remodeling out at the Sports Arena. Haven't been by to see it yet, but from what he said and from what others have told me about it, the place will be something extra nice.

They have installed a suspension ceiling and doing quite a lot of painting so the customers will have a more pleasant atmosphere. Out hat is off to John and the other businessmen in Littlefield who have the foresight and attitude of making a forward step in offering better facilities.

The Texas Highway Department each year publishes a four color map of the state showing most of the roads, towns and places of interest. They usually send each newspaper an advance copy of the map (maybe because we stay lost so much) and we got ours in the mail Monday.

Again this year as in the past, they are quite nice and are almost a necessity when traveling the wide of Texas. The maps are free to anyone who might want one of them by writing the Texas Highway Department, P. O. Box 5064, Austin, Texas. Cards for requesting the maps are also available in the office of the county tax assessor-collector. They have about 750,000 on hand, but you had better act fast if you want one.

If you don't think writing letters to our governmental representatives is having its effect, you're mistaken. Dr. Bill Armistead has written to about all the Washington Congressmen from Texas at one time or another in the past few weeks.

He loaned me two of the letters he just received and I take the liberty to quote a little from each. The first is a letter from Ralph Yarborough, Texas Senator:

"I appreciate and value your ideas and suggestions, and assure you that I shall give your comments, and the views of the many thousands of other Texans who write to me each week, the utmost consideration in connection with the crucial decisions which our Nation and this Congress will make in the coming months."

"Your letters are a source of information for me about the views of Texans, a means by which you may express your wishes, and certainly, a vital factor in enabling me to render a more informed service to the people of Texas."

The second is from a letter of Bruce Alger's to the doc: "So long as we maintain our free institutions, so long as the people are interested enough in good government to keep in contact with their representatives, so long as the people are concerned enough to accept the responsibility of citizenship by sending to public office the best qualified representatives, just that long will we hold our role of leadership in the world and defeat the enemies of justice and freedom."

One thing is for sure, now all our representatives are aware that the peoples back home are keeping an eye on them during the entire course of their legislative terms instead of what they do just prior to the election.

March is the month in which Winter dies and in which Spring arrives. This is perhaps its greatest distinction, although many great events are remembered this month.

The first patrol of what became the Girl Scouts gathered in Savannah, Georgia, on March 12th, 1912. The patenting of the cotton gin by Eli Whitney, took place on March 14th, 1794. James Madison, fourth President of the United States, was

born at Port Conway, Virginia, March 16th, 1751. West Point was also founded on the 16th of March, 1802.

Andrew Jackson - South Carolina border March 15th, 1776. St. Patrick's Day falls on the 17th of March, and the 18th is remembered as the day on which Grover Cleveland was born, in Caldwell, New Jersey, in 1837.

The 20th is the first day of Spring, although it does not arrive until 9:30 p.m. E. S. T. Patrick Henry's famous speech was made on March 23rd, 1775. Maryland was settled on the 25th in 1634. Ponce de Leon discovered Florida on the 27th, in 1513.

The 29th is remembered as the birthday anniversary of John Tyler, who was born at Greenway, Virginia, in 1790. On the 30th ether was used for the first time, in 1842 -- having been discovered by a country doctor in Georgia.

From Your Chamber Office

By
Jim Crump
Chairman, Ways and Means Committee.

The future progress of Littlefield depends on our individual and co-operative ability to meet new challenges that require more and more effort as a community than ever before. No business can long endure unless it keeps step with the progress of the times. Likewise no Chamber of Commerce can meet the competitive challenges that its very being entails; without adequate community support.

Your Littlefield Chamber of Commerce is trying to meet the challenges of space age problems with a Model T budget. It cannot continue to succeed at this pace.

In 1961 the Chamber made some good strides forward; however these steps merely laid the groundwork for us to really move ahead.

The problem facing us now is that we must raise the funds needed to carry out our Program of Work or cut the program to fit the budget. Surely no one wants to see the abandonment of a single Chamber service, and, particularly no

one wants to see the project in which he is particularly interested bypassed in favor of others. But this is the only course open to the Chamber Directors unless a greater financial backing from the community can be secured.

But, in the final analysis, this is not a decision to be made by the Directors, but instead it must be made by some of the present members, and some of the local citizens whose investment in the community indicated that they should be members.

The program of work was drawn up specifically on the bership. During the next few weeks several meetings will be called to determine how many of the citizens are willing to pay their fair share of the economic load to accomplish the job that was set forth.

Local Mans Brother Dies At Brownfield

Funeral services for Tom L. Howard, 70, Brownfield, brother of George Howard of Littlefield, were held Monday at 2 p.m. in the Chapel of Brownfield Funeral Home with the Rev. Don Crossland, pastor of Chellis Baptist Church, officiating.

Howard died in the Veterans Hospital in Amarillo at 10 a.m. Saturday after a long illness. Burial was in the Brownfield Cemetery under direction of Brownfield Funeral Home.

Survivors include his wife, Mrs. Dora Howard; a step-daughter, Mrs. Wanda Bingham, Los Angeles, Calif; two brothers, George and J. D. of Odessa; two sisters, Mrs. John Brown, Ropesville, and Mrs. C. C. Carpenter, Wicks, Ark. and two step-grandchildren.

What the human race does not know about food and its relation to good health would fill several books.

No matter what station a man occupies in life, he has several plausible excuses to explain his failure to rise higher.

Miss Chesney Is Feted With Shower Thursday

Cabbage leaves dotted with tiny baby dolls arranged on a styrofoam base formed the centerpiece when Miss Karesa Chesney, infant daughter of Mr. and Mrs. Dudley Chesney, was honored with a gift shower Thursday afternoon. Scene of the party was the home of Mrs. V. J. Sigman.

Approximately 25 guests were registered by Mrs. Carlis Bills. They were served strawberry chiffon pie and spiced tea by Mrs. Ed Bell and Mrs. Dale Harper. Milk glass and silver appointments were used, with assorted nuts and white napkins completing the setting.

In charge of the program was Mrs. Lewis Faver who conducted a game in which nursery rhymes were pantomimed with the remainder of the group guessing the rhymes. Ladies attending also recalled the occasion upon which their children embarrassed them most. Gifts were presented by Mrs.

Johnny Martin with a poem carrying out the cabbage theme. Assisting Mrs. Sigman as hostess duties were Mrs. Carlis Bills, Mrs. Dale Harper, Mrs. Ronald Cleavinger, Mrs. Leon Dent, Mrs. Wesley Clark, Mrs. Ed Bell, Mrs. Johnny Martin, and Mrs. Lewis Faver.

PICK A SIZE, PICK A PRICE

Now there's a Dodge in every size. While they differ in size, power, appointments and price, they have a lot in common, too. Rustproofed body. Low-friction steering. Torsion-Aire ride. 32,000 miles between grease jobs.

BIG DODGE CUSTOM 880. This is the big one. Almost 18 feet long. 122" wheelbase. Seats are chair-high. A mighty 361 cu. in. V8 belts out 265 horsepower. It's big, all right. Custom-made for the big car man.

NEW SIZE DODGE DART. Sized right in the middle of the big and little. Two feet shorter than America's longest car; two feet bigger than the smallest. You get maneuverability and room, economy and performance. The standard six engine is the most powerful going. The standard V8 beats anything near Dart's price.

COMPACT DODGE LANCER. Car Life magazine calls Lancer America's best handling compact. You'll call it America's quickest when you try the zing of its standard 170 cu. in. 6. So if you want a compact that does more than save gas, Lancer's your answer.

FOUR (Continued from Page One)

An address book found among Hulse's personal papers contained Hoover's name and led officers to him.

Franklin - Bartley Funeral Home officials said that Mrs. Hulse was identified by another acquaintance of the family late Tuesday night. The child was her step-son, officials said. Two Lubbock youths, Stephen Blackwell, 14, 4216 42nd St., and Doug Lean, 14, 4615 45th St., were returning to Lubbock from Olton and said they were the first to arrive at the scene.

They said they used a two-way radio in their car to call "May-Day! May Day!" and broadcast location of the wreck and called for ambulances. Police officers said they received a call from an unidentified member of the Citizens Band Club, reporting the accident.

The member of the radio rescue club apparently heard the boys' call, noted the location of the wreck and called police. Friends of the family here said they had been in Littlefield for the past few days getting their house here repaired in preparation to moving here. Hulse was a heavy equipment operator for a pipeline construction company and had been working out of Houston for the past several years.

Di-Syston "Di-Syston—First Step in the Most Complete and Economical Cotton Protection We've Ever Had"

—Mr. Sam House, Lake Providence, Louisiana
"We get the most complete and economical protection we've ever had by using Di-Syston for early season protection followed by Guthion during mid and late season," reports Mr. S. L. House, Jr. Mr. House grows some 350 acres of cotton on his own farm and aids in the management of the vast Gaillard Plantations. Di-Syston controls thrips, aphids and mites up to seven weeks. Protection is continuous, beginning with the tender two leaf stage. When planted with the seed, Di-Syston is absorbed by the roots and works from inside the entire plant, even protecting terminal growth from sucking pests. You don't have to put machinery in the field when plants are small. Di-Syston is unaffected by the weather—it kills when it's rainy, when it's windy, when it's hot or cold. It can't be weathered off because it's inside the plant. Di-Syston doesn't harm beneficial insects because it kills only the pests that suck the plant juices. When your young plants get such a good start, you get a higher yield—a more uniform stand of straight growing cotton and earlier maturity. For a strong, healthy start for your cotton this year, order Di-Syston from your Farm Supply Dealer, today! It works!

LEGAL NOTICE

HIGH PLAINS UNDERGROUND
 WATER CONSERVATION DIS-
 TRICT NO. 1 of the State of
 Texas, hereby gives notice of
 the adoption of additional rules
 and regulations of and for such
 District, and also of the change
 in the numbers assigned for the
 designation of certain rules
 heretofore adopted.

Each of the changes, amend-
 ments, and additions herein re-
 ferred to shall be effective on
 and after the 28th day of March,
 1962, (which date is more than
 five days after the second and
 final publication of this notice
 once a week for two consecutive
 weeks in a newspaper of gen-
 eral circulation as provided by
 the Statutes of the State of Tex-
 as).

Additional rules adopted are:
 -- Rule 1 is amended by ad-
 ding Section (j) reading as fol-
 lows: "Open or uncovered
 well shall mean any artificial
 excavation drilled or dug for the
 purpose of producing water
 from the underground reser-
 voir, not capped or covered as
 required by these rules, which
 is as much as ten (10) feet
 deep, and not less than ten (10)
 inches, nor more than six (6)
 feet in diameter."

-- A new rule to be desig-
 nated as Rule No. 16 is adopted
 and it reads as follows:
 "Rule 16 OPEN WELLS TO
 BE CAPPED. Every owner or
 operator of any land within the
 District upon which is located
 any open or uncovered well,
 and shall be, required to close
 or cap the same permanently
 with a covering capable of
 sustaining weight of not less
 than four hundred (400) pounds,
 except when said well is in ac-
 tual use by the owner or oper-
 ator thereof; and no such owner
 or operator shall permit or
 allow any open or uncovered
 well to exist in violation of this
 requirement. Officers, agents,
 and employees of the District
 are authorized to serve or
 cause to be served written no-
 tice upon any owner or oper-
 ator of a well in violation of
 this rule, thereby requesting
 such owner and/or operator to
 close or cap such well perma-
 nently with a covering in
 compliance herewith. In the
 event any owner or operator fails
 to comply with such request
 within ten (10) days after such
 written notice, any officer, agent,
 or employee of the District
 may go upon said land and close
 or cap said well in a manner
 complying with this rule and all
 expenditures thereby incurred
 shall constitute a lien upon the
 land where such well is located,
 provided, however, no such lien
 shall exceed the sum of One
 Hundred Dollars (\$100.00) for
 any single closing. Any officer,
 agent, or employee of the Dis-
 trict, is authorized to perfect
 said lien by the filing of the
 affidavit authorized by Article
 7880 - 3c B (11) as amended
 by acts of the 57th Legislature
 1961, Chapter 493, pages 1095
 and 1096, House Bill No. 692.
 All of the powers and authority
 granted in such 1961 amend-
 ment are hereby adopted by the
 District, and its officers, agents,
 and employees are hereby
 bestowed with all of such powers
 and authority.

Number designation of Rules
 previously adopted are changed
 as follows:
 -- Former Rule No. 17 pertain-
 ing to "Right to Inspect and
 Test Wells" is changed only to
 the extent of the number desig-
 nation so that hereafter that
 same rule shall be designated
 as Rule No. 15.
 -- Former Rule No. 15 pertain-
 ing to "Final Orders of the
 Board" is changed only to the
 extent of the number desig-
 nation so that hereafter that same

rule shall be designated as Rule
 No. 17.
 -- Former Rule No. 16 pertain-
 ing to "Re-Hearing" is changed
 only to the extent of the num-
 ber designation so that here-
 after that same rule shall be
 designated as Rule No. 18.
 -- Former Rule No. 18 pertain-
 ing to "Rules Governing Pro-
 tests" is changed only to the
 extent of the number designation

so that hereafter that same rule
 shall be designated as Rule No.
 19.
 -- Former Rule No. 19 pertain-
 ing to "General Rules of Pro-
 cedure for Hearing" is changed
 only to the extent of the num-
 ber designation so that here-
 after that same rule shall be
 designated as Rule No. 20.
 -- Former Rule No. 20 pertain-
 ing to "General Rules" is changed
 only to the extent of the num-
 ber designation so that here-
 after that same rule shall be
 designated as Rule No. 21.
 The full context of each of the
 above referred to rules and
 amendments as well as all other
 rules and regulations of this
 District, are on file in and
 available for examination at the
 offices of this District located
 at 1628 - 15th Street, Lubbock,
 Texas.

HOW PLANTS GROW

PURPLE RIBBON WINNER -- Mrs. Harry Ford's Fourth Grade room won a purple ribbon at the Littlefield Science Fair and the right to enter the Lubbock event with this entry of How Plants Grow. The exhibit showed the growth of a plant from the seed to the blooming stage and added several additional stages of a plant's life.

FREED FROM WRECKAGE -- Ambulance attendants and police officers are shown freeing J. C. Huise, Jr., whose knees are shown behind the steering wheel of a car in which he and his wife and son were killed. A Sudan Negro man, Will Williams, driver of the other car, also was killed. The man behind the wheel of the car above is an unidentified ambulance attendant. The accident occurred about two miles west of Lubbock early Tuesday night. (Lubbock Avalanche - Journal photo)

ed superintendent Glenn D. Reeves to investigate and request figures as to the cost of the addition.
A population survey was approved by the board to estimate the number of students that will enroll in school in the next five or six years. The plan calls for using students currently enrolled to gather some of the information on the pre-school children.
The program will cost an estimated \$500 in gathering in-

formation about pre-school children who do not have brothers or sisters in school at the present time. The board felt that this survey should be taken before any additional building program is discussed.
The local insurance agents presented an insurance proposal to the board for coverage of the school's building. Under the proposal Mangum-Hilburn Insurance Agency will write the policy with the premiums being divided among the other agencies in Littlefield.
The board approved the insurance program and voted to

give Mangum-Hilburn 30 per cent of the premium and the other seven agencies 10 per cent.
The school calendar for 1962-63 was presented and approved by the board. School will begin September 4, the day after Labor Day. Thanksgiving holidays will be November 22 and 23, and Christmas holidays will begin December 21, and classes will resume on January 2. School will end on May 24 with Baccalaureate on May 26 and commencement on May 27.
In other action by the board, the minutes and financial statement were approved.

PRISON
(Continued from Page One)
law enforcement facilities, and an increase in the prison system's efforts at rehabilitation are important reasons, particularly the latter," Koeninger said. "With a modern penal system judges are not as reluctant to commit men to prison." He also noted that Texas did not have a state-wide parole system in operation until September 1957, and that the absence of a state system of supervised probation further contributes to sending larger numbers to prison.

The study reveals some erratic commitment trends. For example, 34 counties in the state show a decrease in com-

mitment ratios for each of the four decades while thirty counties show an increase for the same period.
During the decade 1920 through 1929, the average population of the state was slightly less than 6 million, and a total of 18,824 persons were committed to prison. From 1930 to 1939 the depression years, the population averaged 6.5 million and 30,436 persons were sent to prison. From 1940 to 1949, the war and reconversion years, the population averaged 7.7 million, but the number committed to prison was only 22,060. From 1950 to 1959, the years of relative prosperity and international turmoil, the population averaged 9.5 million and some 38,627 persons were committed to prison.

Koeninger points out that the most significant change in commitment rates took place during the depression and war years. "The population increase for 1940 was 10 per cent over the previous decade, but the rate of commitment increased 61 per cent. And for 1950 population had gained 32 per cent but the commitment to prison was only 17 per cent.
Current prison population figures show the inmate population is increasing at the rate of about 600 each year. Since there are nearly 12,000 persons in prison now, the current annual increase will result in a prison population of 18,000 by 1970.
The Koeninger crime study indicates that one county in Texas did not send anyone to prison

during the 40 year period studied. The county, Kennedy, is located in South Texas.
"The fact that Kennedy county has never committed anyone to prison does not necessarily make the county a mecca for criminals," Koeninger said. "Kennedy county just does not have a criminal court, and law violators are tried in the adjoining counties."
Population figures for the Koeninger study were taken from local and federal census, and commitment data was obtained from the Bureau of Records of the Department of Corrections in Huntsville.
"The study will be published and will be available to criminal district attorneys, judges, and other who are interested in the data," Koeninger said.

RAMBLER

World Standard of Compact Car Excellence

RAY KEELING RAMBLER
800 EAST 4TH

What's different about Rambler's rustproofing?

It goes all the way up to the roof. Only Rambler has Deep-Dip rustproofing—entire body immersed in primer paint right up to roof—plus 8 other body rustproofing steps.

What's different about Rambler's brakes?

They stop when other brakes can't. Double-Safety Brake System has tandem master cylinders. If front brakes fail, rear brakes still work and vice versa. Self-adjusting brakes standard, too.

What's different about Rambler's headroom?

It's greater than any other American car's. Rambler Classic 6 and Ambassador V-8 beat all other makes in front-seat headroom (even Cadillac)—can seat six 6-footers easily.

What's different about Rambler's muffler and tailpipe?

They won't rust out. Ceramic-Armored muffler, tailpipe guaranteed against defect as long as you own your new Rambler. If either rusts out, collision damage excepted, a Rambler dealer makes free replacement.

What's different about Rambler's prices?

They're America's lowest. Only Rambler brings you America's lowest suggested retail prices for convertible, 2-door and 4-door sedans and wagons—all quality-built with Rambler excellence.
