

Lowest Temperature In Years Recorded Here Tuesday Morning

Thermometer Records New Low Of Zero

Weather Moderates Considerably Tuesday Afternoon; 26 Recorded

A bitter norther visited the South Plains Sunday, when the temperature fell to 17 degrees between 8 and 9 o'clock a. m., and all day Monday this section shivered in a biting northeast wind that sent the mercury to four degrees above zero during that night, and to zero, the lowest temperature reported since the year 1939, at 9:30 Tuesday morning. In 1939 one degree below zero was reported. A slight fall of snow was visible Monday.

The cold is said to have hit the hardest in the Panhandle. Low temperatures were reported as far south as Austin, and only the Gulf Coast, the Rio Grande Valley, and the El Paso sections escaped the biting cold.

Other temperatures for the past week recorded by the West Texas Gas Company thermometer were: Thursday, low 40, high 59; Friday, low 31, high 69; Saturday, low 35, high 68; Sunday, low 17, high 28; Monday, low 4, and high 12 degrees above zero; Tuesday, low 0, and high 26; and Wednesday, low 15, and high 60.

Area Supervisor To Visit Project

Mrs. L. M. Brandon, Chairman of the Lamb County Red Cross Surgical Dressing Project, announced Tuesday that the Area Supervisor, Mrs. G. Frank Triplett, of Amarillo, and her assistant will visit the work room Thursday, February 4. Inasmuch as they will only be here the one day, arriving at 10 a. m., all supervisors and instructors are urged to be present at that time.

Mrs. Brandon stated Tuesday that it was the hope of the local chapter to have its first month's quota finished by that time if at all possible. However, she said more workers will be necessary in order to do this.

Two thousand surgical dressings were made last week. The number of ladies donating their work each day were: Monday 14 volunteers assisted in the work; Tuesday, 12; Wednesday 34, of whom 24 women were from Amherst; 20 women made dressings on Thursday, six of whom were from Earth, and two from Fieldton; and 27 women assisted in the work Friday, most of whom were from Littlefield.

In connection with the surgical dressing project, Mrs. Dee Chapman has kindly volunteered to keep any one's children free every Friday afternoon, in order that they may assist in this Red Cross work. The Chapman residence is the second house west of the Cicero-Smith Lumber Company.

Mr. and Mrs. Chapman have sons in the service, and she is surely a faithful worker.

Funeral Services Are Held Monday For H. B. Swindell

Former Resident Of Littlefield Dies In Truck Crash Sunday

Funeral services were held at 4 p. m. Monday for Horace B. Swindell, 35, at the family residence, 2512 Coleman Street, Lubbock. Dr. C. E. Hereford, Baptist minister, officiated at the final rites. Interment was in the Lubbock cemetery.

Mr. Swindell, a former resident of Littlefield, and sales manager of the Plains Liquefied Gas Company of Lubbock, died about 2:20 o'clock Sunday morning when his delivery truck overturned and ignited seven miles southwest of Brownfield on the Brownfield-Seagraves highway.

He was reported to be returning to Lubbock after a delivery of butane to Denver City.

Thown from the truck, Mr. Swindell was crushed by the cab, which ignited, it was reported. Mont Telford, deputy sheriff of Terry County, and son, both of Brownfield, were reported to be the first to arrive at the scene of the accident.

He is survived by his widow, three daughters, Frances, Doris and Frankie Ann; and three sons, Jack, Grady and Harold Wayne; his parents, Mr. and Mrs. Green Swindell of Wolfe City, and a sister, Mrs. H. Payne Swindell of Lubbock.

Mr. Swindell was a brother-in-law of W. O. Workman of Muleshoe, formerly of Littlefield.

He and his family came to Littlefield in November, 1941, from Texas, where he had been employed for six years. Prior to that time he resided in Sudan, and was employed by L. A. Purtell, who, at that time, operated a wholesale gasoline business.

Mr. Swindell and family moved to Lubbock from Littlefield in July, 1942.

Those attending the final rites Monday afternoon from Littlefield were: Mr. and Mrs. A. W. Ray, Mr. and Mrs. Roy Nixon, Paul Pharris, and B. A. Turner.

Pallbearers were W. D. Turner, Mr. Perry, John Bellemey, John Witts and L. A. Purtell, all of Lubbock, and Roy Nixon and B. A. Turner of Littlefield.

planning its 1943 program. Special attention will be given to the 1943 War Fund Campaign, which will be held during March. County and local chairmen for this campaign will be appointed.

The present officers of the executive committee of the Lamb County Chapter are: F. A. Hemphill, Littlefield, Chairman; Drew Watkins, Sudan, Vice-Chairman; C. A. Duffy, Amherst, Treasurer; N. F. Clevinger, Earth-Spring Lake, Secretary.

The following committee has been appointed to nominate officers for the ensuing year: Joe Salem, Sudan, Chairman; Mrs. Lester LaGrange, Amherst; Dr. Ira E. Woods, Littlefield; Mr. Davis, Spring Lake schools, Spring Lake. The persons nominated to this committee will be presented by election at the annual meeting on January 25.

Golden Wedding Anniversary Observed Friday, January 15

The Golden Wedding Anniversary of Judge and Mrs. R. C. Hopping was observed Friday evening, when members of the family entertained at a twilight tea at the Hopping residence, 2429-19th Street, Lubbock.

In the receiving line were: Mrs. Earl Hopping of Littlefield, who greeted the guests at the door, followed by Judge and Mrs. Hopping. The residence was a profusion of beautiful flowers, some of which were sent by friends, all suggestive of the occasion, including yellow mums, roses and iris, and lovely dahlias, as well as bowls and baskets of varied kinds of mixed flowers.

Mrs. Earl Hobbs of Littlefield presided over the guest's register.

The tea table was laid with beautiful lace cloth, centered with a three-tiered wedding cake, topped by bride and groom, on either side of which were yellow iris, and golden candelabra holding candles of the same hue.

Miss Dorothy Hopping of Lubbock presided over the Silver Tea and Coffee Service; and assisting in the diningroom were: Mrs. Jake Hopping, Mrs. Pat Boone, and Miss Connie Wray Hopping of Littlefield; and Mrs. Burton S. Burkes and Mrs. W. S. Cathey, both of Lubbock.

JUDGE AND MRS. R. C. HOPPING

Mrs. Sidney Hopping of Littlefield presided at the piano during the evening.

A very enjoyable program, in charge of Earl Hopping, included the following:

A series of love songs by Mrs.

Jamieson Nabers of Lubbock, including "When You and I Were Young Maggie," "Silver Threads Among the Gold," "Let Me Call You Sweetheart," accompanied by Mrs. Sidney Hopping at the piano; (Continued on Back Page)

Lamb County Farmers Are Urged To Increase Crop Volume To Limit

The farmers of Lamb County have been called upon to produce food and war crops to the limit of their capacity during this coming year, according to V. F. Jones, County Agent.

The government has asked for increased production in milk products, hogs, beef, poultry and eggs, soybeans, peanuts, Irish potatoes, dried beans and peas, in fact any commodity that is food will be needed. Every farmer is asked to produce all he can, and do that in spite of shortages of labor, machinery and equipment.

The Triple A farm program for 1943 does not require a farmer to

leave out government acres, as he has in the past, but he is asked to plant within his cotton or wheat acreage allotment and to grow some war crops, such as soybeans, peanuts, potatoes, and dried beans and peas on some of the acreage that he has normally used as government acres. In many cases it will mean a sacrifice of the individual farmer to grow a war crop, but that is one of his major contributions to the problem of winning the war and the farmers of Lamb County will not fail to do their part. Make your plans now to produce all the food and feed you can, and at the same time grow a few acres of war crops.

Rev. Lee Hemphill Accepts Pastorate Of Local Church

Rev. Lee Hemphill, Pastor of the Dayton, Texas, First Baptist Church for the past six years, who was called to the local church Sunday, January 10, has accepted the pastorate, as of February 1, when he and his family will move to Littlefield.

Series Of Meetings To Be Held Soon

County Agent V. F. Jones announced Tuesday that there would be a series of farm meetings called for the near future, but that the schedule of dates and places had not yet been decided upon.

Notice of these are expected to be ready for publication next week. These meetings are being called to discuss the farm program, crop goals, etc., for the year 1943.

Tire Inspection Date Extended

Announcement was made last week end by the Lamb County War Price and Rationing Office, that extensions had been granted for tire inspection. The announcement came from the Office of Defense Transportation, and extensions are as follows:

Tires for pickups and trucks must be inspected by February 28; car owners who hold B and C gasoline rationing cards must have their tires inspected by February 28; and holders of A cards must have tires inspected by the last day of March.

CAR BURNED

The 1940 model Chrysler car belonging to Jack Straw, manager of the Western Drug, Olton, was destroyed by fire recently, about two miles northeast of Olton.

The only salvage from the car was the two rear tires. The loss was not covered by insurance.

War Bond To Be Awarded During Entertainment

Special Program Being Planned By Local Band Instructor, Mrs. Armistead

A special program is being planned for the monthly Victory Concert, which will be staged Thursday evening, January 28, at the High School Auditorium, in charge of Mrs. J. D. Armistead, High School Band director.

A special feature will be the awarding by the Littlefield Bond Committee of a War Bond. L. C. Hewitt is Chairman of the local committee.

Pat Boone, chairman of the Lamb County War Bond Committee, will give a report on the bond sales.

Admission to the Concert will be the purchase of a War Stamp or Bond.

The program was not completed Wednesday, but it is expected will be published in next week's issue of the Leader.

FSA Funds To Be Available to Small Operators

Lamb County farmers are mobilized for war production and those who can add to their output of needed supplies need not be hampered in doing so for lack of funds, according to Pegues W. Houston, rural rehabilitation supervisor for the Farm Security Administration.

"No American farmer," said Mr. Houston, "should be hindered by lack of operating funds this year. Banks and private credit institutions are expanding their credit facilities to fit food production requirements and the Federal government has ample credit facilities to meet the particular needs of farm and ranch producers."

The county supervisor said assistance can be given by the Farm Security Administration to those farmers who lack the required security for other loans but whose family labor and land could be put to fuller use in the war program if the funds were available.

He stated that funds are immediately available to small operators for the purchase of farming equipment, feed, seed, livestock, household needs, building repairs, for land rental, clothing, necessary medical care, sanitation facilities and many other needs.

"Farm Security loans this year," he said, "are being directed especially to any small farmers who with such financing can become qualified as essential farm producers under the war-unit rating, by adding to their livestock or poultry or increasing their production of war-rated crops."

Farm and ranch operators who cannot get adequate financing from any other source are urged by Mr. Houston to contact him immediately at his office in the City Hall at Littlefield. He cautions against delay in making application for loans because this is the year of all years when operators should have their money on hand at the moment it is needed.

TWO MEN INDICTED IN HALE CENTER BANK ROBBERY

A bank robbery indictment was returned by the Federal grand jury at Fort Worth Thursday against Flavis Godfrey Gilbert and Talbert Jackson Layman, charged with the \$9,626 robbery of the First National Bank at Hale Center on November 27.

United States District Attorney Clyde O. Eastus said steps would be taken immediately to take the men to Fort Worth for trial in Federal court there. Gilbert at present is in Tallahassee, Fla., and Layman is in Los Angeles.

No grand jury action has been announced yet regarding Mrs. Margaret Sprinkle of Phoenix, Ariz., who has been charged with receiving and concealing part of the loot from the bank. She also was arrested at Tallahassee.

Revision In Ceiling Price For Sweet Milk In County

A revision in the ceiling price of fluid sweet milk for Lamb County has been ordered in a new regulation issued by the Southwest regional OPA office.

The ceiling price revision in Lamb County is part of a region-wide program designated to restore balance in the supply of milk to different communities and for different uses. The order hikes prices in a majority of the areas, but maintains present levels in some while reducing prices in a few areas.

Ceiling prices established by the regulation for this county are as follows:

Container—	Wholesale	Retail
Gallon	40	44
1-2 Gallon	21	23
Quart	10 1-2	12
Pint	5 1-4	6
1-3 Quart	3 2-3	—
1-2 Pint	3	—

to manufacturing channels. The new regulation, OPA explained, only sets a maximum price which can be charged for milk in this county—wholesalers and retailers can sell at any price below the ceiling. Petitions for adjustments can be made to the Office of Price Administration at Dallas.

MANY CHANCES TO STUDY MAKING OF LAWS

Our Legislative Bodies

If one is so inclined, the coming months offer the opportunity to study the legislative branch of government. The National Congress assembled in Washington, January 6th, the Texas Legislature began the biennial regular session at Austin January 12th, and the law-making bodies of most of the 48 States of the United States also have gathered at their respective State capitals for the purpose of enacting legislation.

A flood of bills, containing the outlines of proposed legislation, will be offered by the members of Congress and State legislators. Some of the proposals will contain radical and almost revolutionary suggestions. If all or a major part of them should receive the necessary votes, our government's foundation would be rocked from end to end.

Fortunately, a bill introduced is far from the finished state of enactment. Committees often composed of men well versed in the subjects under consideration consider the merits and demerits of proposals thrown into the legislative hopper. At committee hearings both proponents and opponents are given a chance to air their views on the matter. After being favorably reported, if the proposal is lucky, it comes up for debate and amendment on the floor. When passed by one branch of the legislature the bill still must run the gauntlet in the other. Finally it must receive the signature of the chief executive and then may have another day of trial before a high court before it becomes an approved law on the statute books.

These hurdles, which a proposed law may be compelled to clear before the struggle is over, may seem cumbersome and unnecessary, but in the long run they safeguard our statute books from much harmful legislation, in our opinion. One of the major functions of legislative bodies is to prevent unwise provisions from becoming law. This is as important as the enactment of needed legislation. Even after becoming law, our legislative assemblies may later repeal laws or parts of laws which have proved unwise or hurtful.

The general public indulges in a lot of criticism of legislation and legislators. Some of this often is well founded, a lot of it should not be given the important place it sometimes assumes. As to legislators, both National and State, it is our impression that they measure up well when compared with their critics. In ability, honesty and patriotism both Congressmen and State Legislators probably will outrank any like number of critics.

It is no easy matter to make laws that will stand the test of actual government working. Our nation has endured through more than a century and a half and in that time has forged to the front among the nations of the world. Texas is now more than a century old, having come into the Union almost a hundred years ago. The Lone Star State holds a commanding place among its sister States.

In view of this record, certainly we can claim many virtues for our country and its subdivisions. Of the three branches of government—Executive, Judicial and Legislative—our lawmakers, living and dead, have the right to claim a large share of the honor.

Let us get in touch, and keep in touch, with our lawmakers and their problems. More than likely greater good will come to all of us through an attitude of co-operation rather than one of criticism and antagonism.

Good luck has a habit of always butting in while a man is hard at work.

A youth who married to escape the draft has enlisted in the army for foreign duty.

Why is it that we attribute all our failures to hard luck and successes to good judgement?

If, as a writer suggests, women's sentiments are expressed by their clothes, they appear to have been becoming less and less sentimental during recent years.

And speaking of dollars reminds us that a dollar is the only thing we know of that goes faster after it is broken.

Farmers Asked To Use Texas Corn In Planting Seed

Farmers of Lamb County who are interested in planting hybrid seed corn this year, are asked to contact the county agent for information about where seed may be obtained. Experimental results in Texas the last few years have shown Texas hybrid corn to outyield other corn by approximately 20 per cent. County Agent Jones suggests that if you do plant hybrid corn, use the Texas corn rather than a northern corn.

With South Plains Men In U. S. Service

Mrs. Garland Lankford, known to her many friends as "Dalton," who is a nurse at the Payne-Shotwell Hospital here, recently received a very interesting letter from her husband, who is in the army, and is now stationed on New Caledonia Island; and, believing that parts of the letter will be of interest to the

many readers of the Leader, a portion of the letter is printed below: "I don't know as I can do a very good job of it, and I am sure I could never tell you just how everything was, but I will try to tell you all I can about the trip. Of course, the purpose will have to wait and also the things accomplished, but

there are some things I can tell you—the most interesting, about our guide, and the things he did. We left early Monday morning and started climbing mountains. We were loaded so heavy that we had to stop and rest about every 20 minutes. Two of the boys gave out about five miles out, so we left them and went on up and up until we were above the clouds. We got above the clouds about twelve o'clock Monday, and from then on we were "wet." We ate dinner at a little stream, and I made some notes (which all got so wet that I couldn't read them). Then we went on from one till two and we hit the jungle. I know that you have always thought that the jungles were all down at sea level, but they are not, and the fog was so thick till we couldn't see more than 20 yards at any time. (The fog was clouds.) It was so thick with vines and jungle brush that the guide had to cut a trail for us, and that was the most interesting thing I ever saw—to watch him swing the long knife one blow after another, and we had only to follow in the trail he had cut. We would tell him not to go so fast, and when we would rest he would put in his time climbing a tall tree to try to see where we were. He had never been in that particular part of the country but he said he was sure that he could find his way out when we wanted to go. He couldn't speak a word of English, so we had a boy here who could speak French to go with us to tell us what he said . . .

"Anyway we stayed in the jungle most of the day, and came out about six and found a spot on the mountain and laid down in the rain and slept. It rained all night. We didn't even try to stay dry as we had not one thing that was not wet to start with, and the water was from an inch deep to six inches deep. The native sat on a big rock and slept as sound as I would have in bed. Of course, I didn't sleep but an hour all night so I watched him most of the time, and the water just poured off of him and he slept right on. The next morning he found dry matches and went somewhere, God knows where, and got some dry grass and some sticks and made a fire. We put our canteen cups on it and made some coffee, which was all that kept me going, I think. Then we started out again and traveled until dinner. We camped just long enough to eat a bite, and again he went away and came back with dry grass and wood and made us another fire for coffee. When we had the boy ask him where he got it he said under a rock. He kept his matches and cig dry, where all of ours got wet and my lighter even got so wet it wouldn't light, so he takes all our cig and matches and dries them and kept them for us, otherwise we would not have had a cig anytime or a fire either.

"All of the time he would say that if the fog lifted for just a little while he would kill a wild hog and roast him for us. Anyway, we got into another jungle and spent most all the evening. Then he said we should be close to a Jap mining camp and for us to stay at a place till he came back. He left us and was gone about 20 minutes and we saw him coming, wearing a broad smile and told us to follow him, so we started out. . . .

"When we stopped in some straw huts, he wanted to take our muddy clothes and wash them for us, and when we asked him if he was tired he said 'no no I never get tired but one time,' and that was when he danced. Anyway, we stayed there Tuesday night and all day Wed. and I don't think I could have made it if we hadn't. He found strawberries by the bucket and showed us where he got them. They grew on vines like blackberries . . . then he found lots of fresh potatoes. He said the Japs once had gardens there. Then he asked us if he could borrow one of our rifles. We ask him if he could shoot it and he pointed to a rock up on the hill side and said he was going to hit it so many times it would roll down the hill, and I think if he had not busted the rock it would have rolled down all the way . . . said he needed only one shell to kill a hog . . . and no one doubted him. . . . He was gone about an hour and came back with a hog, and I don't think I ever tasted any meat that was any better. . . .

"He was so quiet and calm, and always knew the right thing to do and when to do it. We all fell down lots on the mountain side, but not once did he slip or fall on the slick trails. . . . We all appreciated him so much, and we really fixed him up when we got home. . . . We gave him everything from cig to soap . . . and he was so happy he was about to cry and he wanted to shake all our hands and he said the Gods would be good to us, and he told us he had a wife and two kids, one five and one two, and he got to go home once a year for two days to see them. You see, he is in the French army, and a Sgt., and their commander says he is a pretty good soldier. We told him we thought he was wonderful. We took him to hear the band concert, and I mean he thought it was the grandest thing he ever saw. . . . I would give anything in the world if you could have seen him. . . ."

"I sure would appreciate it if you would send the Leader on to me, for I would like to keep up with the news in Lamb County. I am in Camp Campbell, Ky. The country is pretty here. The weather is damp. It rains most of the time. I will take Texas any old time, especially Lamb County. I have got to close this time."

Cpl. Leo Clark, son of Mr. and Mrs. Joe Clark, has been attending a 31 weeks' course at the radio school at Vancouver Barracks, Washington. Mrs. Clark plans to make a trip soon to visit her husband.

Pvt. Thurman Dobson, son of Mr. and Mrs. Henry Dobson of Whitharral, of the ground force in the Air Corps, who has been stationed at Pendleton, Oregon, since November last, recently underwent an operation, but has now fully recovered. He has been transferred to Pueblo, Colo.

Mr. and Mrs. A. F. Jones received a letter last week from their son, Cpl. Volos Jones, who is in the Motor Pool Division, dated Dec. 28, to the effect that he had just arrived in North Africa safely, and never felt better in his life. He has been in the service about a year, and where he was last stationed had charge of a large number of trucks, etc.

Pvt. Vernon Roberts is now stationed at Fort Taylor, Key West, Fla., according to a letter just received from Mrs. Roberts, who states they "sure enjoy the Leader, and look forward each week to receiving it."

Sgt. Quinton Wright, who has been stationed at Hammer Field, Fresno, Calif., arrived in Littlefield Sunday for a three-day visit with Mrs. Wright, who is a member of the Spade School faculty.

Sgt. Wright is enroute to Florida to attend officers training school.

Aviation Cadet Buford M. Humphries, son of Mr. and Mrs. N. H. Humphries of Las Cruces, New Mexico, has entered the Army Air Force Pre-Flight School (Navigator), Selman Field, Monroe La. Trained Navigators are graduating by the hundreds now and soon will be finishing in thousands at the Navigator School.

Navigators guided bombers to smash the Jap fleet at Midway, showed General Doolittle the best route to Tokyo and guided our flying fortresses to vital spots in North Africa. Without them, bombers would be speeding masses of destruction rushing aimlessly through the sky. The navigator gets 'em there and gets 'em back, through weather, rain, hail and fog.

Cadet Humphries attended Littlefield High School and Hardin Simmons University. Before joining the armed forces he was employed as ticket agent for Southwestern Greyhound Lines in Big Spring, Texas.

Just received a large shipment of office supplies at the Leader Office.

FIRST METHODIST CHURCH

Amherst, Texas

Many people are thinking of the cold weather we are having this week. True it is colder than we are accustomed to in this section of the country, but there are some things about it to be thankful for.

We know that when it is winter it will soon be spring, and spring makes us think of Easter, that time of year when we think of our risen Lord. So when the days are cold and gloomy let us remember that

Mrs. J. L. Templeton and Mr. and Mrs. Roy Brannon were called to Bovina because of the death of their uncle, George Brannon.

we will soon be in the midst of spring.

Just a few special announcements that we want all our folks to remember. Three Sunday evenings of the month the ladies of our church are meeting during the time that the Youth Fellowship meets for the study of their Mission on Latin America. This is done to meet with the situation of gas and tire shortage. Then on the fourth Monday of each month they meet at the home of some member for Social and business meeting.

Next Sunday evening the church service will consist of the installation service for the officers of the W.S.C. for the coming year.

Next Monday will be the week for the social and business meeting for the W.S.C.S. They will meet at the parsonage.

Remember you are always welcome at the church with a place for everyone and a fellowship that makes everyone feel at home.

Church School, 10:15 a. m.
Morning Worship, 11:30 a. m.
Theme: "Forty Years in the Wilderness."

Youth Fellowship, 7:30 p. m.

With Amherst Men In the Armed Forces

R. W. McCallister of Amherst will leave soon for officers training school. He has been a physical instructor at Chickasha, Okla.

Here's one thing your Uncle Sam wants you to hoard!

YOUR FAVORITE UNCLE wants you to pamper your money. He wants you to put it aside in War Bonds—all of it you can—it will come in mighty handy later on. In fact he is so anxious for you to do this he will give you \$4 for every \$3 you lay aside.

He wants you to do it in a particular sort of way.

He wants you to do it by converting at least 10 percent of your salary into War Bonds every pay day through the Pay-Roll Savings Plan.

Uncle Sam has some darned good reasons for wanting you to be this kind of hoarder—reasons you just can't quarrel with. Here are some of them:

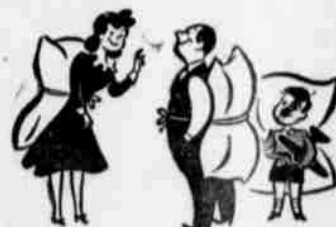

1. We must equip and arm the greatest army of all time if we are to win the war. The more War Bonds you buy the better we can do that.

2. We must not let prices get out of hand. Peacetime things are scarce. By putting your money into War Bonds instead of spending it for the scarce things you will help keep the cost of living down.

3. Uncle Sam wants you to have a "cushion" when the war is over—a reserve of money that will help you during the readjustment to peace. By buying War Bonds you'll be putting aside money for that period of readjustment.

Your Uncle Sam is pretty sure that you've bought some War Bonds—there isn't a patriotic American who hasn't bought some. But he wants to make certain that you are buying enough.

Twenty million American workers have joined the Pay-Roll Plan. They are putting 265 million dollars into War Bonds every month by having their employer deduct it from their pay checks.

Lots of these people are investing at least 10 percent of their pay in War Bonds. Some of them more.

War Bonds make such good sense—for patriotic and selfish reasons—that nobody should skimp on them. Nobody should be putting less than 10 percent into War Bonds unless it is literally impossible to do so.

Direct Extensive Service Of Salvation Army Here

CAPTAIN AND MRS. OLVY SHEPPARD

Captain and Mrs. Olvy Sheppard are the commanding officers for the Littlefield Corps of The Salvation Army. They are directing an adult and young people's religious and character building program in this community.

The adult program consists of a Women's club (The Home League). Mrs. Captain Sheppard is the director of this work which affords to women the opportunity to sew for the needy, visit the sick, sponsor special projects in connection with the religious and recreational program of the Army.

The young people's program includes a regular Sunday school (Company Meetings) with a teaching staff, and young people who attend for religious instruction. An opportunity is given to teach to others, the truths which develop character and enables each of them to live a worthy life.

A Bible Training Class (Corps Cadet Class) is held each week. It

is a supervised study by divisions of the Bible and other subjects essential to efficient service in the organization. This training serves as a preparatory course of study for Salvation Army Officership, if such service is desired by the individual. There are four young people who have completed over three years continued study of the Bible, two young people who have finished over two years of study of the Bible.

The Young People's meeting (Young People's Legion) is conducted arranged by the young people themselves. A class of boys and girls gather each Sunday for Christian fellowship through this medium. They are offered opportunities for leadership, public speaking and recreation.

The Salvation Army's great objective is to place men in the right relationship with God, and all its activities have been, and are, directed to this end.

Miss Imogene Choate And Sgt. Howard Wed January 6

Miss Imogene Choate, daughter of Mr. and Mrs. W. N. Choate of near Littlefield, became the bride of Sgt. Howard, who is stationed at San Diego, Wednesday, January 6, at that city.

The groom is the son of Mr. and Mrs. F. W. Howard of San Diego. The beautiful ring ceremony was performed at the home of friends at San Diego, at 6 o'clock in the evening.

The bride's wedding gown was of white satin, with fingertip veil, and accessories.

The groom wore his U. S. Army uniform.

Mrs. E. O. Onstott, and Joe Choate, sister and brother of the bride, attended the couple.

Mrs. Howard has been employed as typist at the Consolidated Aircraft Corp., San Diego.

Mr. and Mrs. W. N. Choate, parents of the bride, are leaving the Littlefield community in about two weeks for San Diego, where they will make their home.

Mrs. Ray Blessing Entertains Friday Honoring Mrs. Hester

Mrs. Ray Blessing entertained Friday afternoon last at the Blessing home, 3 miles east of town, with a shower honoring Mrs. D. O. Hester.

Guests of the occasion, Home Demonstration ladies, brought a quilt and all enjoyed quilting during the afternoon, following which a lovely array of gifts were presented to the honoree, and refreshments were served to the following: Mesdames Buck Ross, Rex Matthews and her sister-in-law, J. M. Griffin, E. E. Huggins, M. M. Dubose, Clem Dubose, Joe Jones, J. M. Blessing, Grace Holden, George Bitner, Virgil Bitner, Joe Bitner, W. D. Cox, Paul McCormick, L. L. McCormick, and J. N. McCormick, and Misses Nasser, and Katherine McCormick, and the hostess, Mrs. Blessing.

Sending gifts but unable to be present were: Mesdames Banks Davis, Fred Lichte, and Ellen Wills.

Miss Hollis Camp And Cpl. Loyd D. Pryor Wed Jan. 12

Miss Hollis Camp, daughter of Mr. and Mrs. D. C. Camp of Sudan, became the bride of Cpl. Loyd D. Pryor of Drew Field, Florida, son of Mr. and Mrs. W. D. Pryor of the Beck Community, Tuesday, January 12.

The beautiful ring ceremony was performed by Bro. J. T. Barbee at his residence in Clovis, N. M.

The only attendants were: Mrs. Marvin Drake, and Miss Rosemary Camp, sisters of the bride, and Miss Laveta Pryor, sister of the groom.

The bride was attractive in a powder blue two-piece crepe suit trimmed in white and navy with matching blue and black accessories.

Mrs. Pryor is employed at the Triple A office, Amherst, and will continue her work there.

Cpl. Pryor was engaged in farming with his father before entering the service about a year ago. He was home on furlough, and returned to his station Saturday.

IMPORTANT NOTICE TO

Non-Residential Users Of Natural Gas

War Production Board Order L-31, as amended November 12, 1942, imposes certain restrictions on our right to deliver natural gas to you, and on your right to use natural gas. These restrictions, which apply only to NON-RESIDENTIAL GAS USERS (such as large or small business concerns of any kind, commercial establishments and industries), may affect your plans in the event you desire to do any of the following:

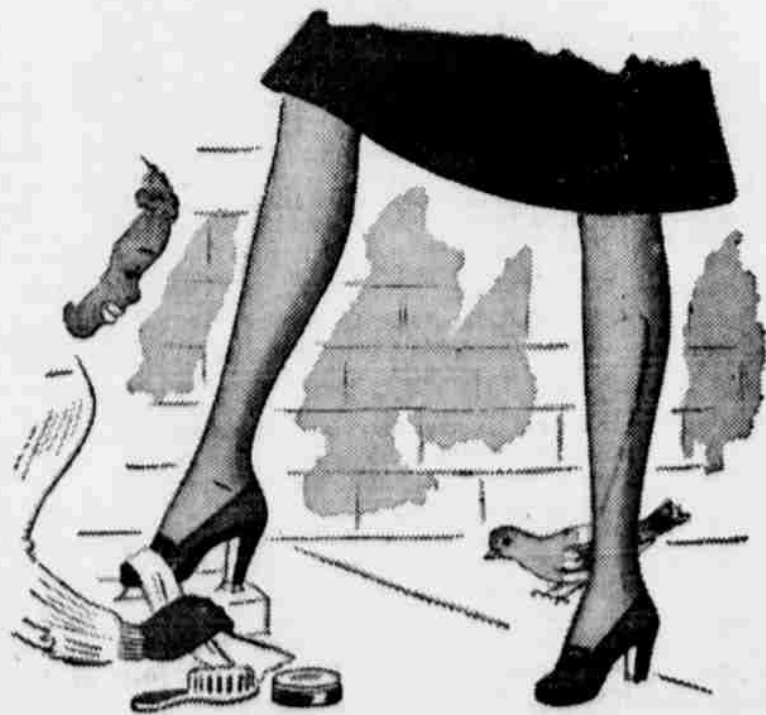

1. MOVE YOUR BUSINESS.
2. REPLACE YOUR GAS-FIRED EQUIPMENT.
3. INSTALL ADDITIONAL GAS-FIRED EQUIPMENT.
4. REQUEST GAS SERVICE FOR A NEW BUSINESS.
5. IN SOME CASES, WHEN YOU APPLY FOR RESTORATION OF GAS SERVICE.

Should you desire to obtain gas service under any of the above conditions, you should file an application for permission to do so with the War Production Board, and have such application certified by us. We have the necessary forms for your use.

Our purpose in calling this Order to your attention is to enable you to make your plans accordingly, IN ADVANCE of your actual need for gas service, or IN ADVANCE of any change in your gas-fired equipment. This nation-wide War Production Board Order is designed to curtail additional non-essential gas use, because of the anticipated inability of many gas companies to supply all gas needs in severely cold weather.

Some you no doubt have questions to ask. If so, we have at our office a qualified company employee who will be glad to discuss any contemplated changes in your gas service or equipment, and to advise you whether or not such changes will require the filing of an application for approval with the War Production Board.

SPADE SCHOOL NEWS

The Senior Class received \$21.25 for presenting the class play entitled "Hillbilly Courtship" on Friday night, January 8, before a large audience.

Those taking part in the cast were James Hardman, Elizabeth Hall, Clara Ann Anderson, La Nita Heard, Elaine Mouser, Dennis Heard, Sonny Darby, Wayne Mahaffey, Neal Montgomery, Bernice Carter, and Norman Singer. Mr. Jackson, senior sponsor, directed the play.

The players were highly complimented by many who saw the play.

The Junior Class has selected the farce-comedy "Everybody's Crazy Now" which will be given in February. Work will not begin on the play until after the semester examinations.

A check of the enrollment records in the office shows that 24 pupils have withdrawn from the upper six grades since school opened in August, while only 13 have entered here from other schools. This is a loss of 11 pupils in these six grades. Two or three others are planning to

move away in the near future. The enrollment of these grades at the present is 113. The grade enrollment is 95 making a total of 208.

From September 1, 1942, to January 8, 1943, a total of \$8,308.82 has been spent to operate our school. This amount includes \$530 paid on the school buses. A total of \$795 is owed on the buses at the present.

The amount spent was made up of the following: Interest \$157.71, general control \$825.36, teachers' salaries \$2,871.68, teaching supplies \$153.76, operation of school plant \$890.54, repair to building and equipment \$261.17, transportation of pupils \$1,516.21, other auxiliary agencies \$57.39, interest on school house bonds \$1,575.

Total outstanding warrants are \$2,311.70, not including the bus warrants. Outstanding bills amount to \$221.37.

Practically enough fuel and school supplies, except gasoline, are on hand to fill needs for the remainder of the school year. The school has on deposit the total of \$5,680.31 of which \$3,044.06 is in the Interest and Sinking fund to pay principal and interest on school house bonds. State apportionment received is

\$10 per scholastic minus 35 cents per scholastic for county administration or \$2,837.10. The amount to be received yet is \$3,675.

Tax collections for the current year have been good; \$5,132.45 has been collected which is about 43 per cent of the total tax roll.

On December 11 our school held a Victory Rally and pie supper to sell War Bonds and War Stamps. A total of \$3,132.60 in bonds and stamps was purchased. The Junior class, who sponsored the rally, received \$27.60 additional in class funds. A large crowd was present.

The following farms have been sold during the past five months: J. H. Allred, Lynn Anderson, J. P. Barker, Lee Bruce, F. E. Byrne, G. I. Carter, B. L. Jackson, Earnest Jones, R. D. Stokes, and B. Whitt.

LOST! A pair of large scissors. Someone borrowed them from the office and failed to return them. Whoever has the scissors will please return them to the office.

NEW SONG BOOKS

The school has bought 125 new song books for the group singing. They are the "Golden Book of Favorite Songs" and are used for the first time today. This number of books will permit at least one book for every two students.

Private Claborn Kesey visited school for a short while recently. Claborn was one of our last year graduates. He entered the services in October and has just been transferred from Tampa, Fla., to Tucson, Ariz. We were glad to see him again. He is looking fine after three months of army life.

The County Tax Collector will be at the Spade School on Thursday, January 21. If you have not already done so, that would be a good time to pay county taxes, school taxes, and poll tax.

Only a few adults came out to see the two basketball games. The game between the girls and the teachers was fast and furious. Well, at least it was when Mr. Jackson got the ball and headed for the basket making half the court in a single dribble. The score book said

Lieut. And Mrs. Sparks Leave For Alabama Today

Raynes Burnett Sparks, 29, son of Dr. I. J. Sparks of Littlefield, completed training January 13 at Camp Barkley, Texas, in the seventh class of the Medical Replacement Training Center Officer Candidate school and received his commission as a second lieutenant in the Medical Administrative Corps. Lieut. and Mrs. Sparks will leave

the teachers made the most goals, but it was the general opinion that the girls did the most ball playing. If there should happen not to be any school Monday, it will probably be because some of the teachers are not able to come.

Charles Tyler, who played on the outside boys team, said after the game that he believed he was getting old. Most likely, it is just basketball. Anyway, the game was a pretty good one. The high school boys won. The score was 20 to 15.

LEGAL NOTICE

THE STATE OF TEXAS
TO: Mamie Shaw, Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court 64th Judicial Dist., of Lamb County at the Court House thereof, in Olton, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 22nd day of February, A. D. 1943, then and there to answer Plaintiff's Petition filed in said Court, on the 31st day of December, A. D. 1942, in this cause, numbered 2052 on the docket of said court and styled Van D. Shaw, Plaintiff, vs. Mamie Shaw, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff sues defendant for divorce alleging he has been an actual bona fide inhabitant of the State of Texas for a period of twelve months and has resided in Lamb County, Texas, for at least six months prior to filing of this suit; that he was married to defendant on or about Dec. 24, 1929; that during the month of May, 1933, defendant voluntarily left his bed and board with the intention of abandonment, since which time plaintiff and defendant have not lived and cohabited together. Plaintiff further alleges no child or children were born of said marriage with defendant and that no child or children were adopted by them during their marriage.

Plaintiff sues defendant for divorce and judgment dissolving said marriage relations, for costs of suit, and for such other and further relief, special and general, in law and in equity, to which he may be found justly entitled.

T. Wade Potter, Littlefield, Texas, Attorney for Plaintiff, Van D. Shaw;

as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Olton, Texas this the 4th day of January, A. D. 1943.

Attest:
HERBERT DUNN, Clerk, District Court, Lamb County, (Seal) Texas, 64th Judicial District.

Witnesses America's Big Air Transport Make First Take-Off

C. W. Woodworth, Jr., formerly of Littlefield, but for sometime employed at the Lockheed Aircraft Corporation at Hollywood, Calif., and who has recently been promoted to "Pre-Design Illustration Engineer," sent to his father, C. W. Woodworth, Sr., here illustrations of America's Biggest Air Transport, T.W.A.'s Constellation, three years under secret construction, and recently completed, and clippings from the Los Angeles Examiner, stating that he recently witnessed the ship making its first take-off from Lockheed Terminal to Muroc Lake Airfield.

This ship is the fastest and biggest war transport ever built, and into her went all that is new in aviation skill and experience. She is said to be faster than a Jap Zero, has the biggest supercharged cabin ever built in an aeroplane, and can carry 55 passengers and a crew of nine to 35,000 feet stratosphere. Her size—that is a war secret, which soon the Axis will find out, in battle. She is called "connie" to the engineers and workers who built her. In mass production she will give the United States troop and supply carrying strength that cannot be

matched by any other nation.

F.F.A. Boys Follow Improved Hog Feeding

Several members of the Littlefield F.F.A. chapter are self-feeding hogs, after building the feeders in class. Self-feeding has the advantage of saving labor and the hogs may eat when they want it, therefore digesting their feed better.

Feed that will be fed the hogs include Milo, Kafir, Hegari, and supplemented with tankage, cottonseed meal, hog chow and skim milk. Boys using feeders and the number of hogs being fed include: John Willingham, 7; Fred Gresham, 5; Carroll Wilson, 9; Oren Kirk, 6; Foy Bell, 6; Claud Pool, 6; Hubert Gohike, 7, and Kenneth Bales, 6.

Golden Wedding—

(Continued From Page 1)

Reading by Sidney Hopping — "That Old Sweetheart of Mine," by James Whitecombe Riley;

Piano solo—"The Indian Love Call," by Miss Billie Marie Hopping of Littlefield;

Reading by Earl Hobbs—"It Takes a Heap of Living in a House to Make a Home," by Edgar A. Guest; and

Song—"Love's Old Sweet Song," by Mrs. Nabers of Lubbock.

Mrs. Pat Boone of Littlefield gave an interesting resume of her parents' married life from 1893 to 1943, while Mr. Boone presented the large array of beautiful gifts to Judge and Mrs. Hopping, which included Gold Regent Crystal ware, Chinaware, beautiful vases, linen, etc., which all featured the occasion of the 50th wedding anniversary.

Judge Hopping responded to the presentation of gifts in a very fitting manner.

In the house party were: Judge and Mrs. Hopping; Mr. and Mrs. Earl Hopping, and daughter, Michael Delano; Mr. and Mrs. Sidney Hopping and daughter, Billie Marie, and son, Clifford Coke; Mr. and Mrs. Pat Boone; Mr. and Mrs. Earl Hobbs and son, Bryant; Miss Dorothy Ruth Hopping; Mrs. Jake Hopping and daughter, Connie Wray, and son, Richard Coke; Miss Dorothy Hopping; and Mrs. Charles Adams, Mrs. Burton S. Burkes and Mrs. W. S. Cathey of Lubbock.

Judge and Mrs. Hopping were married January 15, 1883, at Granbury, Texas, to which union were born nine children, all of whom are living with the exception of Jake Hopping, who passed away February last.

Judge and Mrs. Hopping moved to New Mexico in 1900, settling near where Portales is now located. After being engaged in the ranching and cattle business for a number of years, in that area, and in the vicinity of Farwell, Texas, Judge and Mrs. Hopping moved to Littlefield in 1918, where they made their home until 1926. In 1919 he was appointed County Judge, and served as such until 1925. While here he operated the farm known as the J. T. Elms place, and the family homestead was the residence now occupied by Judge and Mrs. E. A. Bills on Phelps Avenue.

For a number of years Judge Hopping was salesman for the Halsell Lands; and in 1925 he became salesman for the Elwood Company, and assisted in the selling out of the Spade lands.

Judge and Mrs. Hopping moved to Lubbock in 1926, where they have continued to make their home, and where Judge Hopping continues as salesman for this land company.

The Hopping family have large numbers of friends over the entire West Texas, and are one of the most prominent and highly regarded families of this section of Texas.

Members of the family who were unable to be present at this 50th wedding anniversary celebration

Sweet Milk Ceiling—

(Continued From Page 1)

tions which revised the ceiling prices for milk, every county, parish, city and town in Texas, Louisiana, Arkansas, Oklahoma, Missouri, and Kansas are placed in either Class 1, 2 or 3 in Zone 1, or in Class 1, 2 or 3 in Zone 2. Lamb County is in Class 3, Zone 2.

Culminating two month's work, regional OPA officials in Dallas ordered the new price revision to replace the General Maximum Price Regulation which set the ceiling price of milk for retailers and wholesalers at the highest price each individual seller charged March, 1942. There is no ceiling at the producer level.

OPA pointed out that the freezing of prices at the March highest level, in many instances, caused diversion of milk from one area with a low ceiling to an area with a high ceiling and also caused diversion of milk from normal consumption channels.

Second Semester—

(Continued from Page One)

may enter some phase of military service soon may complete these courses in short time. These subjects will also be open to anybody in the district who may be interested. Courses in commercial work, including typewriting, will be opened at the beginning of the new semester for persons in the school district, provided there is enough interest in such training.

In general, the primary and intermediate programs will continue unchanged.

A slight increase in the school's enrollment, which will bring the total up to an average year, is expected at the beginning of the second term.

Superintendent F. A. Hemphill states it is not likely there will be any more teacher resignations, since the teachers who have remained on the job to date are generally considered professional people, with a desire to stay at their posts until the Government finds it necessary to draft them to other work.

Special Recognition Service Held Sunday

A special recognition service was held at the Presbyterian Church Sunday morning, when a service roll of the men who have left the church for military service was presented, and parents, and families of such men were honor guests.

Included in the program were several special vocal numbers by Mrs. G. M. Shaw, with Mrs. Paul Timmons, at the organ.

At the close of the service the names of members of the church in the Armed Forces were read as follows: Warren Rutledge, Bill Street, Robert Badger, Lloyd Schroeder, Robert and Elmer McKnight, John Underwood, George White, Robert Ray Smith, Granville Smith, Lemuel Barbar, Tilden Wright, Jack Norman, Ansel Whorton, Russell Cook, Mancil Hall, Ralph Gray, Charles Flescher, and Percy Alexander.

Arrangements have been made to hang the honor roll in the auditorium of the church.

Ray Blessing visited his son, Samuel E. Blessing, recently at the Waco Army Airfield. He has been in the Armed forces over a year, and is training as a cadet.

Mr. Blessing said Samuel was scheduled to be transferred for advanced training to another air base, where he is in line to receive his wings in about 30 days.

GREENVILLE, Texas, Jan. 18.—(Special)—Aviation Cadet Elmer Leroy Kimball, son of Mrs. Lina W. Joseph, Littlefield, has completed the first half of his basic flight training at Majors Army Air Field near here and last week was graduated to the upper class.

During the remainder of the nine-week basic training course Cadet Kimball will receive instructions and actual experience in night and formation flying. Upon the successful

completion of this course he will be graduate to one of the Army Air Force advanced flying schools for the final stage of his flight training, which will lead to a commission as a second lieutenant in the Air Corps and the coveted pilot's wings.

Reginald Harlan, son of Mr. and Mrs. J. J. Harlan, has finished his pre-flight training at Santa Ann, Calif., and has been transferred to Dos Palos, Calif., to begin advanced training.

Lynn W. Dobbs, who recently completed Civil Pilot's Training at Dagle Flying Field, Lubbock, and received his instructorship, left Wednesday afternoon for Ponca City, Okla., where he will be flight instructor at an airfield. Mrs. Dobbs and son will remain in Littlefield.

Second Lieut. Hershel Harrell, who recently received his wings and commission at Roswell Army Flying School, Roswell, N. M., is now stationed at an air base in Tucson, Ariz., his parents, Mr. and Mrs. G. P. Harrell, reported.

Lieut. Harrell attended high school at Whitharral, and served a year as an airplane mechanic before becoming a cadet.

Pvt. Elgin Black, son of Mr. and Mrs. Robert Black, graduated from a radio school in Chicago, and is now attending a radio spotter school somewhere in Florida.

Various Activities For Boy Scouts Are Announced

Boy Scouts of Troop 41, sponsored by the Littlefield Lions Club, have renewed their charter for the ensuing year, it was reported this week.

Olen T. Walker has been named scoutmaster for the troop, and plans for a successful year for the scouts are underway.

Troop committee includes Duane Bull, chairman, and Dennis Jones, Dodd Weatherly, and H. R. Shelby.

The troop meets each Friday night at the intermediate school building, and scouts in the troop are: Jimmie Cockerham, senior patrol leader; James Griffin, leader for the Pine Tree Patrol, and Harold Walker, Charles Smith, Andrew Ondres, John Harold Blessingame, and Morris Ray Marshbanks.

Ernest Repass is leader of the

Wolf Patrol, and members are Junior Goolsby, Douglas Gibbs, and Billy Wayne Sisson.

Eddie Ray Jones was named leader for the Eagle Patrol, and members are Jackie Shelby, Junior Bull, Billy Clark, and Martin Drager.

In the Rattlesnake Patrol, Jack Daxis is leader, and Jimmie Moreland, Travis Price, Wayne Barnett, Charles Franz and Harold Cowan are members.

Houston Hoover was recently named scoutmaster of Troop 25, and extensive plans are being made for the year's scouting program.

Troop 25 is sponsored by the American Legion.

Plans are underway for the staging of various activities during National Boy Scout Week, February 7-13, by local scouts and their leaders, Mr. Edwards announced.

Program for the week will include a Pot-Luck supper, for all scouts and scouter, and parents of scouts. At this supper an investiture ceremony will be held for all new Tenderfoot Scouts, also a court of honor will be staged for boys who have won awards in the past.
