

The DIVORCE COURT MURDER

by MILTON PROPPER

SIXTEENTH INSTALLMENT

SYNOPSIS—Barbara Keith, wife of a prominent Philadelphia business man, is murdered as she waits alone in a side room to testify in the divorce case of Rowland vs. Rowland—She was to have testified for the husband, a friend, who was defendant in the action—Detective Tommy Rankin is assigned to the case from police headquarters—His preliminary investigation disclosed that both Mr. and Mrs. Rowland had gathered evidence against the other of infidelity—The will of Mrs. Row-

land's first husband directed her lawyer brother, Mr. Willard, to handle the estate until she remarried when the new husband was to come into control. Detective Rankin finds motives and the evidence of guilt for the murder of Mrs. Keith, leading to the doors of virtually all of the principals involved. These principals are, the two Rowlands, Mr. Willard, Mr. Keith, husband of the murdered woman, Hugh Campbell, paramour of Mrs. Rowland, and his underworld confederates—NOW GO ON WITH THE STORY.

Rankin's eyes widened in surprise.

"Deserting?" he repeated. "Of course, that would explain his secrecy about his past and why he destroyed the evidence that he was ever in the service. He wasn't caught, was he?"

"No, he evidently escaped successfully."

"I suppose that's his picture, on the next page," the detective observed.

"Yes, the one that was taken at San Diego," Mr. Roche held out the pamphlet.

Rankin reached for it eagerly enough, but without anticipating the shock that followed. Suddenly, at the sight of the features staring at him from the portrait, he gasped. Experienced as he was in extraordinary developments in his investigation of crime, he could not control his astonishment. The passage of eight years was insufficient to prevent his recognition of the face in the picture.

Such was his overwhelming amazement that Mr. Roche eyed him wonderingly.

"What in the world is the matter, Mr. Rankin?" he demanded hurriedly. "You're not ill, I hope? You act as if you're acquainted with the man."

The detective wiped his brow. "That's just it, I am, but it's absolutely incredible; for the life of me, I can't understand how it can be possible. You see—" In time, he recalled how little Mr. Roche knew of the true reason he sought the ex-soldier. "He's a notorious second-story man, and wanted badly in many cities."

With this revelation, he grasped in one fell swoop all the elaborate mechanism of the murder. At one moment he was blindly following his nose; the next, every piece of a complicated and ingenious puzzle, the sheer originality of which he had not even dreamed, fell into place. He needed no more information from the marine records. Now he knew how the crime had been engineered and when it was committed. He perceived all the subtle safeguards by which the murderer prevented suspicion from lighting on him, the daring that revealed his perverted mind. Always ready to allow his opponent due credit, Rankin appreciated his plot, as brilliant and audacious as any he had ever encountered. The measure of its success was the completeness with which it had baffled him until this very moment. With the solution confronting him at every turn, he had been a victim, throughout the case, of a cunning with which he could not cope.

His only consolation lay in the fact that back in Philadelphia he already possessed his quarry's fingerprints. Hence, even without the photograph, he would eventually have discovered Dennis' identity at Headquarters, when he compared his prints with those he took early in the investigation.

Yet, despite his information and certainty, he lacked positive proof of the criminal's guilt. Not one iota of his evidence was more than cir-

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

Beware The Cough From a common cold That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.

Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irri-

lated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

umstantial nor could it be established directly. Though he could show the man's motives and opportunity, and a dozen suspicious moves, they had only the force of suppositions. Dennis had no eyewitnesses to positive acts that linked him inescapably to Barbara Keith's death. So incriminating were the circumstances that Rankin depended on them alone to convict him; but he was not satisfied. He wanted to leave no loophole by which the man might escape and this he could accomplish only with some testimony that brought the deed straight home to him.

While he continued his conversation with Mr. Roche, Rankin's mind raced in search of some fact that would close his net. Step by step he reviewed every transaction of the criminal, his preparations, precautions and final act; and each detail of the plot he discarded as being incapable of direct proof. That is, until he considered Dennis' purchase of the chloroform. In obtaining that, he committed a distinctly incriminating act, which lent over-whelming significance to the purely circumstantial evidence. The difficulty was that, despite a thorough canvassing of all city druggists, Rankin's assistants had thus far been unable to trace it.

Unless his quarry had never bought the drug at all! The idea that occurred to the detective at that instant caused him to break off his conversation with Mr. Roche. Suddenly he had recalled an item of information Mortimer Keith had casually dropped early in the case. At the time he could attach no importance to it, and quickly forgot it; now it suggested a startling possibility that made him stiffen and breathe excitedly, as he pondered it. He did not believe some one else bought the chloroform for Dennis; that was too great a risk.

And if he figured wrongly, he could fall back on the canvass of the city, though that would delay the final arrest. In one conclusion he had faith. Sooner or later, if he followed the man's movements during the entire two weeks prior to the tragedy, he would discover the source of the weapon he used.

The detective immediately acted on his theory and decision. As soon as he finished his business with the secretary, he returned to the Union Station and at 6:15 caught a train for Philadelphia.

Three hours later the train deposited him in Broad Street Station and he went directly to the City Hall to complete the necessary formalities. Then armed with the warrant, he departed and walked briskly down Broad Street to Pine. Here he turned, and just past 16th Street he stopped before a bleakly respectable brownstone house, four stories high. The lower windows were dark; but a brass shingle on one front sill—"Dr. Anton Brantman"—indi-

cated that one of the most eminent specialists in ailments of the head lived there.

Though it was long after office hours, Rankin rang the bell. Five minutes elapsed before footsteps echoing along the stairs announced Dr. Brantman's approach.

Without any comment he led Rankin into the lofty waiting room for patients.

Rankin apologized for the intrusion and then came directly to the point. His first query caused Dr. Brantman to shake a solemn head and tighten his lips with a sigh.

"Yes, I was well acquainted with Mrs. Keith," he replied; "I treated her for headaches — A dreadful business that." He paused and made

commiserating sounds, don't think it was Wednesday, May twenty-four consulted me last; it was days later."

He went with Rankin (Continued on Classified)

ORDER FOR COUNTY BOND ELECTION

THE STATE OF TEXAS)
COUNTY OF LAMB)
On this the second day of December 1935, the Commissioner's Court of Lamb County, Texas, convened in Special session in the regular meeting place thereof in the Courthouse at Olton, Texas, with the following members of the Court, to-wit:
Simon D. Hay, County Judge.
R. D. Bryant, Commissioner of Precinct No. 1.
C. A. Daniel, Commissioner of Precinct No. 2.
R. L. Gattis, Commissioner of Precinct No. 3.
E. J. Foust, Commissioner of Precinct No. 4.
S. A. Doss, County Clerk and Ex-Officio, Clerk Commissioner's Court being present.

There came on to be considered the petition of W. H. Roberts and 58 other persons praying that bonds be issued by Lamb County, Texas, in the sum of Sixty Thousand Dollars (\$60,000.00) bearing interest at a rate not to exceed five and one-half per centum (5½%) per annum and maturing serially not to exceed thirty years from their date (rate of interest and maturity to be fixed by the Commissioner's Court) for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in and thereof, being lateral roads of said County, and whether or not a tax shall be levied upon the property of said County subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

It appearing to the Court that said petition is signed by more than fifty of the resident property tax-paying voters of said Lamb County, Texas; and
It further appearing to the Court that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Lamb County, Texas;

IT IS THEREFORE CONSIDERED, AND ORDERED BY THE COMMISSIONER'S COURT OF LAMB COUNTY, TEXAS;

That an election be held in said County on the 4th day of January 1936, which is not less than thirty days from the date of this order to determine whether or not the bonds of said County shall be issued in the amount of Sixty Thousand Dollars (\$60,000.00) bearing interest at a rate not to exceed five and one-half per cent (5½%) per annum, maturing serially One Thousand Dollars each year 1936 to 1945 inclusive; Two Thousand Dollars each year 1946 to 1955 inclusive; and Three Thousand Dollars each year 1956 to 1965 inclusive; and whether or not a tax shall be levied upon the property of said county subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.
That said election shall be held under the provisions of Chapter 3, Title 22 Revised Statutes of Texas, 1925, and the general laws of the State of Texas.

All persons who are legally qualified voters of the State of Texas and who own taxable property in the County of Lamb and who have duly rendered the same for taxation, shall be entitled to vote at said election.
The ballots for said election shall have written or printed thereon the following:

"FOR THE ISSUANCE OF THE BONDS AND THE LEVY OF THE

TAX IN PAYMENT THEREOF." "AGAINST THE ISSUANCE OF THE BONDS AND THE LEVY OF THE TAX IN PAYMENT THEREOF."

The voters shall mark out with black pencil one of said expressions, thus leaving the other as indicating his vote on the proposition.

The polling places and the presiding officers of said election shall be respectively as follows:

Voting box No. 1, Olton, Texas to be held in the Court House of Lamb County with Marshall Cavett as presiding judge.
Voting box No. 2, Springlake to be held at Springlake School House with J. F. Kelley as presiding judge.

Voting box No. 5, South Sudan to be held at Sudan school house with Tom Nelson presiding judge.
Voting box No. 6, Pleasant Valley to be held at Pleasant Valley school house, Lewis Harrisberger presiding judge.

Voting box No. 7, North Sudan to be held at the City Hall in the town of Sudan with J. M. Curruth presiding judge.

Voting box No. 8, Amherst to be held at Amherst School house with W. F. Rowland presiding judge.
Voting box No. 9, Fieldton to be held at Fieldton School house with C. G. Hukel presiding judge.

Voting box No. 10, Sod House to be held at Sod House Camp with P. S. Dean as presiding judge.
Voting box No. 11, South Olton to be held at H. H. Schivally with Garland Adams as presiding judge.

Voting box No. 12, Bainer to be held at the York Store with Roy Hutson presiding judge.
Voting box No. 13, Pep to be

held at M. J. Deimel's residence with M. J. Deimel presiding judge.

Voting box No. 14, Hart Camp to be held at Hart Camp school house with R. L. Moore presiding judge.

Voting box No. 15, Center, to be held at Community Church with J. T. Dent as presiding judge.

The manner of holding said election shall be governed by the General Laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the Statutes hereinabove referred to.

Notice of said election shall be given by publication of a copy of this order in the Lamb County Leader, a newspaper published in said County for three successive weeks before the date of said election, and in addition thereto there shall be posted by the county clerk a copy of such notice at four public places within the county, one of which shall be at the courthouse door, for three weeks prior to said election.

The County Judge is hereby directed to cause said notices to be published and posted and the County Clerk is hereby directed to publish and post the same, as hereinabove directed; and further orders are

reserved until the returns of said election are made by the duly authorized election officers and received by this court.

The above order being read, it was moved and seconded that same do pass. Thereupon the question being called for the following members of the court voted AYE; R. D. Bryant, C. A. Daniel, R. L. Gattis, E. J. Foust, and the following voted NO; None.

Simon D. Hay, County Judge, Lamb County, Texas.

LAMB COUNTY TAKES THIRD PLACE IN COTTON GINNINGS; LUBBOCK FIRST

Cotton ginnings of 19 South Plains counties, up to November 14, represented a gain of one and a third times the total for the corresponding date for 1934, according to figures released by the bureau of the census, department of commerce, in Washington. Total was 157,406 bales.

Net increase for the counties was 89,997 bales or 135 per cent over the 69,409 bales ginned last year.

Cotton men estimate that more than half of the totals for the season have been ginned. On this basis, the 19 counties will approximate 300,000 bales, possibly slightly under that figure. It is reported that some areas have not had the turnout of bales expected in the late summer and as late as 60 days ago.

Receipt of cotton at gins is from four to six weeks behind normal dates. Opinions vary as to the extent of damage done by the killing frost of early November. Some reports indicated the damage was

from 10 per cent on up, depending upon the percentage of small green bolls on the stalks at that time.

Ginning is expected to last until in late February. Custom of operating on stated days each week is expected to be begun after the holidays.

State totals, announced by the bureau, showed 2,062,207 bales had been ginned up to November 14 this year, compared with 2,140,177 bales last year. Difference is 77,770 bales.

Nueces county with 86,986 bales, placed first in the state; Navarro with 46,193 bales was second; McLennan with 45,519 bales was third; Williamson with 43,894 bales was fourth and San Patricio with 43,298 bales was fifth. Only six counties have turned out over 40,000 bales; Hill county with 41,739 placed last.

Lubbock county with 26,874 bales, ranked 14th. Only other county to get near the 20,000 bale mark was Lamb, with 18,240 bales and 29th on the list. Only 24 counties had over 20,000 bales.

In the area Lubbock led, Lynn was second, Lamb third, Hockley fourth, Hale fifth, Dickens, sixth, all ginning over 10,000 bales each. Six other counties, Terry, Dawson, Scurry, Motley, Bailey and Crosby exceeded 5,000 bales each.

Last year Lamb led with 10,206 bales. Four other counties, Terry, Scurry, Lynn and Hale turned out over 5,000 bales each and Hockley missed it by 53 bales.

Ginning totals to November 14, with comparative for last year, were:

MEDICAL TOPICS

GOITRE

When the thyroid gland becomes enlarged it is called goitre. There are several types.—The principal symptom in the simple cases consist of an enlargement across the lower part of the neck with only slight discomfort; however, in the toxic cases, while the goitre may not be large yet the secretion absorbed from it by the patient is very poisonous especially to the heart, this results in a very rapid pulse, nervousness, weakness and in certain cases eye symptoms appear. There are two methods of treatment, — medical and surgical. Medical treatment, especially iodine preparations, should only be taken under the direction of a physician as there is danger of causing a simple goitre to become toxic. Most people consider a goitre operation as being very difficult and dangerous. Contrary to this belief it is no more difficult nor dangerous than the ordinary appendix operation.

LEAGUE OF NATIONS TIGHTENS FINANCIAL SANCTIONS ON ITALY

Press reports state that the League of Nations general staff tightened financial sanctions against Italy Thursday last by deciding that no commercial credit whatsoever should

be accorded Italian exporters. The staff ruled that all goods purchased in Italy should be paid for immediately.

It further ruled that even a delay of 15 days for the payment of merchandise should be deemed the granting of credit, and hence, should be forbidden.

Great Britain and France announced they were following this policy.

The experts found that the replies concerning an arms embargo against Italy showed the governments concerned to be almost unanimously in favor of the move.

only be necessary that the county furnish about one fifth of the money, and WPA will take care of the balance. It was also pointed out that "whether we get some of this money to build roads in Lamb County, this WPA money is going to be spent, and we are going to have to pay our share of this federal debt, and if we don't get it, the same money will be spent on roads in other communities." Among projects submitted to WPA, and which the bond issue would cover are: Paving and topping of highway No. 51, which is part of road from Levelland to Dimmitt. Grading and drainage of road from Anton north to Olton, and on to Hart, Texas. Improvement, including widening of road from Amherst north to Earth. Improvement of road from Sudan north across the Sandhills. Rebuilding and improvement of road from Sudan south through the Beck community. Rebuilding and improving east and west road, running from Littlefield West to Bailey county line, to Bula and south to Pep. Improvement of road from Littlefield east through Spade, which will make a through road from Bailey county line to Hale county line. Building and improving road east and west through Fieldton from highway No. 51 to the east county line. Rebuilding of cutoff from Amherst to highway No. 51. As originally submitted, a total of approximately \$690,000 was asked in WPA funds to finance these projects. Following the mass meeting, the County Commission ordered an election for January 4, 1936, to determine whether or not the bonds of said county shall be issued, and whether or not a tax shall be levied upon the property of said county for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity. This Order for County Bond election is published elsewhere in this newspaper. The polling places and presiding officers are stated in the Order.

Judge Hay pointed out that Lamb county citizens are going to demand better roads sooner or later, and that if the county does not avail itself of the opportunity to have the improvements made under the WPA, that it will have to eventually build the roads itself, and that it will cost a great deal more than under the plan now discussed, as now it would

CHURCH SOCIETIES TO SPONSOR CHRISTMAS TREE; ASK AID OF CIVIC ORGANIZATIONS AND CLUBS OF CITY

At a meeting of the Federated Missionary societies of the local churches held recently, the holding of a community Christmas Tree and program was discussed, and it was decided to ask the cooperation of all civic organizations and clubs of the city to cooperate. It is the plan for a chorus from each church of the city to get together and rehearse Christmas Carols in a body, for the program to be rendered at the Community Christmas Tree. The group may also separate and each chorus furnish a part of the Christmas program at the church it represents. Plans include the placing of a large Christmas tree on Phelps Avenue opposite the First National Bank, appropriately decorated, and also to have Phelps Avenue brilliantly arrayed with yuletide decorations. This project was to be further discussed Wednesday evening at the meeting of the Choral Club of the Methodist church.

Poultry Show To Be Held At Hereford December 12, 13, 14

The Sixth Annual Tri-county Poultry and Egg Show, which is sponsored by the local Chamber of Commerce, will be held at Hereford December 12, 13 and 14, accord to Norman C. Vegele, president of the Tri-County Association.

This show is open to all breeders, who desire to enter and compete in an A. P. A. show, where all rules are complied with and all A. P. A. awards are awarded. It is a free show, no entry fees will be charged. Entries will be received Tuesday and Wednesday until 10:00 p. m., December 10 and 11. All fowls to be displayed must be in show room by 10:00 p. m. December 11. Judging will start Thursday morning, December 12.

Aleta Templeton And Annie L. Runyon Tie For First Place

In judging the 4-H garden demonstrations in this county, the following points were considered: size of garden, variety of products produced, amount produced, care of garden, arrangement of the family canning budget on the pantry shelves, records kept, and improvements made in the home as a result of the demonstration.

Oleta Templeton, Sudan club and Annie Lee Runyon, Spring Lake club tied for first place with a score of 369 points. Other girls developing garden demonstration were Minnie Ray Logan, Amherst club; Mary Carter, Littlefield club; Jaunelle Caruth, Olton club; Norene Finney, Fieldton club; Pauline Farr, Hart Camp club, and Marie McClure, Springlake Sr. club.

LARGE OIL LEASE IN MORTON DISTRICT IS RECORDED

Morton, Nov. 30.—(Special)—There is one encouraging feature of the situation that leads to the belief that oil drilling activities in other sections of the country may be expected. The heaviest lease of the year went to record this week: that of W. T. Campbell to Angulsh & Link, comprising 5,200 acres for a consideration of \$14,700.

This tract is west of Morton, along the state line and about 15 miles north of the Scrapeout location. Major Companies, other than the Humble, the company owning the Scrapeout lease, have heavy holdings to the east and north of this location and it is not unlikely that other test wells will be started in the near future.

Manzanares Begins Vogue For Latin American Music

THE erroneous idea held by most Americans that Latin American music consists entirely of rumba and tango rhythms will be corrected by Jose Manzanares and his South American orchestra, who will begin a new radio program on December 1st in behalf of the Lincoln Zephyr car. To be heard over the Columbia network on Sundays from 2:00 to 3:00 P. M. (E.S.T.) the program will feature a type of Latin American music heretofore rarely heard in this country. That this music is popular with North Americans is indicated by the sensation the orchestra caused at the San Diego Exposition this summer.

Classical numbers, curious dance rhythms, ancient Inca songs, South American folk music and exotic intermezzos will be featured by the Manzanares orchestra.

SEVEN THOUSAND TEACHERS ATTEND STATE CONVENTION

By Supt. A. B. Sanders

At the recent convention of the Texas State Teachers Association at San Antonio there were something like 7000 Texas teachers concerned with the general theme of the Convention "Building a Democratic Society Through Education." The entire program of the convention was built around this significant theme. Supt. L. A. Woods brought the convention a stirring address on "The Function of the Curriculum in Building a Democratic Society Through Education." The general theme of his talk was to the effect that we must know what the individuals needs are and then be able to foresee his future need to the end that the curriculum may furnish the experiences that will prepare the student for the problems he will face in life.

The city of San Antonio was a very gracious host to the teachers. They provided high class entertainment free of charge that made the stay pleasant.

Probably the most animated discussion was at the University Interscholastic League Breakfast where a very excellent address was given by Dr. Chas. W. Flint on interschool athletics. After this fine address there was given an opportunity for school officials and coaches to discuss the 18 year rule that is supposed to go into effect next year. Many were against the thing hard

and fast but at the time many were for it strong. Finally the only action taken was to request the Executive Committee of the University Interscholastic League to submit a vote on whether the school folk of Texas were in favor of the 18 year rule or whether they would rather have the age at 19. No consideration was given the 20 year as we have at present.

When asked what she felt the most significant thing she heard at the convention; Miss Margaret Cooper referred to a statement of the above speaker as follows; After a lengthy discussion of the values of athletics he stated that the directors of athletics must somehow conquer

the two forces that are about to destroy our interschool athletics. That is the drunkenness and gambling on the side lines."

Miss Thelma Killough, who also attended the convention, answered that Dr. Ettlinger of the Math. department of the university impressed her most with his statement that "College entrance should have no place in the high school curriculum but the individual needs of the child should govern what should be taught. But with the same breath would say that each individual is constantly aware of a number sense and should receive some training in Math. through his entire career of training."

Most every phase of the educative process was discussed in a very able manner by specialists in the various fields. Many of the more prominent Texas Educators as well as many from out of the state contributed to the program.

New Braking System Used In Chevrolets

An entirely new braking system, utilizing the hydraulic principle of actuation in combination with its own design of brake mechanism within the brake drums at all four wheels, is introduced by Chevrolet in its 1936 models. The system, says the company's announcement, possesses all the inherent advantages of hydraulic brake actuation, plus the special benefits that Chevrolet has built into its own type of articulated brake shoes and linkage by which pedal pressure is converted into braking effect.

Except for the means of actuating the brake shoes, the new Chevrolet brake system is the same as last year, though improved in mechanism details and increased in braking capacity.

HOME DEMONSTRATION COUNCIL REPORT

By Miss Bernice Westbrook C. H. D. A.

Lamb County Home Demonstration Council met in the basement of the Methodist church at Amherst November 26, with 37 members and visitors present.

The Council voted to award the winning demonstrator in 1st and 2nd year farm food supply work and in 4-H garden work five dollars each, and in case of a tie to split the five between the two.

It was decided that the council pay the press for the year books and each club pay the Council on getting the year books from the secretary-treasurer.

Bids on the 1936 home demonstration club year books were read and it was decided that the yearbook committee study them more carefully and decide which is the best offer.

The Council will have a Christmas program December 11 at the Methodist church in Amherst. Each club is to dramatize a Christmas event that occurred during the childhood of some club member.

the afternoon. Each person is also to bring a gift made at home to go on the tree and exchange for another.

Number Of CCC Camp Officers To Be Transferred

A number of the officers of the CCC Camp here are being transferred in the near future, and others will take their places.

Lieut. Howard H. Davenport will leave here about December 7 and return to civilian life to await further army orders.

Lieut. D. S. Holden, who has served 14 months in the service will likely leave here shortly after Christmas for Thornton, Texas, where he will return to civilian life, awaiting new orders.

County Clerk Myrick will also leave Littlefield and go to Brownwood, where it is his plan to enter the Howard Payne College. Information as to whom will replace these officers is not available at present.

WPA Workers Get Increase In Wages

According to Miss Lula Hubbard, supervisor in charge of the Community Sewing project here, WPA workers in the sewing room and library were given an increase in wages, taking effect immediately. This information was given out by Mrs. Albert Walker, District Supervisor of WPA Women's work, who

was in Littlefield Monday. All unskilled help received \$8.00 a month raise; and skilled \$5.00. The Librarian, Mrs. Velma Lowe, was given an increase from \$30.00 to \$40.00 a month.

Mrs. Walker visited the sewing room and advised that the sewing machines allotted to this project "would be here Wednesday."

Many Improvements Added To Ford Radio

Numerous improvements to the Ford radio, of which the current year's production will total close to a quarter of a million sets, were announced for 1936 today by the Ford Motor Company.

From the appearance point of view, the most important change is the adoption of an invisible speaker, mounted above the windshield. The rounded roof, lines of the car remain unbroken, while the listener has the benefit of ear-level reception introduced in the Ford radio a year ago.

CHURCHES

FIRST BAPTIST CHURCH

"The Church With a Friendly Welcome."

Alfred A. Brian, Pastor Sunday, December 8, 1935—

Morning Worship—

Sunday School—9:45.

Lon H. Smith—Supt. Preaching—11:00.

Evening Worship—

Baptist Training Union—6:30. O. L. Oldham—Director. Preaching—7:30.

The work gains ground, and is rapidly rounding out into good condition. A large force of workers from the First Baptist Church went afield last Sunday in interest of the census, remarkable results attained therefrom. The subscriptions upon the Building Payment are mounting, some two thousand five hundred dollars having been subscribed. The "teams" are pushing on out rapidly and are meeting a generous response from the folk. Successful culmination of the drive is expected to materialize in the near future. Let everyone do his best!

The Lottie Moon Week of Prayer is in progress at the church this week. The W. M. S. met in the first session and program Monday afternoon at 2:30, with some twenty three in attendance. A splendid program was rendered and appreciated by all. Services will be held each afternoon at the same hour, except Wednesday, which afternoon the program will not be held but carried out jointly with the evening Prayer meeting.

Wednesday, December 11, Prayer Meeting and Officers and Teachers Meeting at 7:30.

BUCKNER'S ORPHANS HOME OFFERING

The Thanksgiving box for Buckner's Orphans Home, being assembled and packed by the W. M. U. of the First Baptist church, is meeting with liberal contributions. Mrs. Pierson, chairman of benevolence for the local society, stated that a conservative value placed on the box reaches \$30, and, in addition, there has been a cash offering of \$10.50.

Sunday evening the preaching hour will be given over to a special service. The program will be given by W. M. U. and Auxiliary in interest of foreign mission work of prayer, and the Lottie Moon Christmas offering. This program will be of special interest to all.

METHODIST CHURCH

Rev. J. W. Hendrix, Pastor We're off in another year, two Sabbaths have already passed. These have been good ones. The church seems to have come upon a new day. In fact, such loyalty is expected, rightly expected, as has not been shown to this date. Measured from every direction we are far in advance of what we were this time last year. May be in the new year you have not been around. We are expecting you soon.

We offer two hours of public worship next Sunday, 11 a. m. and 7:30 p. m. At the morning hour the pastor will use as his subject, "THE CHRISTIAN'S NATURAL BREATH." And with this will be rendered a musical program of select music.

At the evening hour the Choral club will share in the service by furnishing the music, and the pastor will use as his subject, "WILT THOU BE MADE WHOLE?" Every comfort is prepared for your coming and everything is done to make your stay pleasant and profitable.

The Church School hour comes on at 9:45 a. m. and goes off in a large general assembly at 10:50 a. m. If you'll adopt yourself to the new arrangement you'll like it. Look into it!

Young People's service, in their own room, arranged and carried out in their own way, comes on at 6:45 p. m. Young? Sure! Well it is your meeting.

FRED ASTAIRE AND GINGER ROGERS COME TO PALACE THEATRE IN "TOP HAT"

Fred Astaire and Ginger Rogers come to the screen as co-stars team in their fourth musical picture romance, "Top Hat", which features a score of lyrics and melodies by Irving Berlin, and will be shown at the Palace Theatre Saturday midnight, Sunday and Monday.

"Flying Down to Rio" brought Astaire and Miss Rogers together. They danced the famous "Carioca" and

became a starring team by popular demand. Their next picture was "The Gay Divorcee," in which they introduced the "Continental," as a successor to the "Carioca," "Roberta," in which they shared the spotlight with Irene Dunne, marked their third co-appearance.

In "Top Hat" Astaire and Ginger are the principals of a gay romance which unfolds in London and climaxes at the colorful European resort, the Lindo.

The featured cast with Fred Astaire and Ginger Rogers includes Edward Everett Horton, Helen Broderick, Erik Rhodes and Eric Blore. With the exception of Miss Broderick, who came direct to the picture from seventy-four weeks of stardom in the Broadway musical show, "As Thousands Cheer," the same players appeared in "The Gay Divorcee." Mark Sandrick directed "Top Hat," an RKO Radio Picture. "Top Hat" is based on the European play, "The Girl Who Dared," and was adapted for the screen by Dwight Taylor and Allan Scott.
