City Police Investigate Three Wrecks

City police investigated three wrecks this week, and filed charges on two drunks and one person who failed to give a hand signal.

An automobile driven by J. W. Thomas and a pick-up driven by Billy Charles Talley collided, resulting in \$125 damage to the car and \$150 to the pick-up.

In a wreck between automobiles driven by Charles Allen Jordan and Franklin Gage Dec. 31, Jordan's car received \$200 worth of damage and \$150 damage to the car driven by Gage. A third accident occurred when a horse ridden by Billy Robinson ran into an automobile driven by Billy Poteet.

14-Year-Old Hurt In Horse And Car Collision Sunday

Billy Robinson, 14-year-old son of Lt. and Mrs. John Robinson, 621 East 6th, was seriously injured Sunday when the horse he was riding collided with an automobile throwing the boy over the car onto the pavement.

Billy was carried to the Lubbock Memorial hospital where he was found to have a fractured skull, but there is no depression, so he is expected to be released from the hospital sometime this week.

The boy was riding a two-year-old colt headed for the barn when the colt ran across the street into the left side of a car traveling south on Westside avenue. The driver of the car, Billy Guy Poteet of Route 1, Anton, was not injured. About \$300 worth of damage was done to the car.

Lt. Robinson said his son was resting well Sunday night. Billy is a student in Littlefield Junior high school.

Hewitt No. 1 Reported Doing Well On Test

Interest in the Littlefield pool, which waned following major difficulties from salt water in the Duggan and Lingnau wells, may be brightened a bit when the results of the potential test on the Hewitt No. 1 becomes known. The test was being run Wednesday and an unofficial source stated that it was producing only 17% water, the balance oil.

Tax Penalty Starts Feb. 1

January is the last month in which citizens can pay state, county, city and school taxes without a penalty, according to tax-collecting officials.

State, county, city and school taxes add a 1 percent penalty the first day of February. This penalty goes up 1 percent each month until the first day of July when unpaid taxes go on the delinquent roll. Then city and school taxes begin an 8 percent penalty and 6 percent interest rate, and state and county taxes add up to 10 and one-half percent penalty and interest.

Students Take Driving Tests

About 20 driving tests were given school-age applicants last Wednesday. Several of the applicants who failed to pass the test repeated it Wednesday, Jan. 6. Only 17 licenses were issued.

Approximately 1500 driving tests were given during 1953. Joe Roberts, examiner patrolman, reported.

New Ben Franklin Manager Arrives

Harry Land, formerly of Lamesa, arrived Monday as new manager of the Ben Franklin store. Land has been assistant manager of Leavelle's five and ten cent store in Lamesa for the past two and one-half years. He had been with the G. F. Wacker five and dime store chain for several years before Leavelle purchased the Lamesa firm. He served as assistant manager of these stores in Post, Big Spring and Hobbs.

Land is the son of Mr. and Mrs. W. C. Land of Lamesa. He is filling the vacancy left by R. R. Ater, part owner of the local store, who has the Ben Franklin store in Albuquerque.

Bible Words to Live by

PSALM 91:1 — "He that dwelleth in the secret place of the Most High shall abide under the shadow of the Almighty."

From early childhood this lofty expression from the Psalmist has been a source of confidence and peace for my soul. This is the first Scripture passage ever to make a conscious impression upon my mind. I recall with pleasure the family devotions held in my home and conducted by my father when I was a small boy. During one of these, an aged and highly respected minister was a guest in the home. My father requested that the visitor read the Scripture and lead the family in prayer. I remember how this venerable saint selected and read the 91st Psalm. I can never forget the feeling with which it was read. All of this left a lasting impression upon my childish mind.

Through the many years that have since gone by, this passage has grown sweeter, its beautiful imagery has warmed my heart on many occasions. The very thought of the protecting love of God that continually overshadows and keeps those who trust in him is for me "a shelter in the time of storm."

BUICK

the beautiful buy

THE instant you see these 1954 Buicks, you'll know that something sensational has happened in automobile styling.

Here is vastly more than the usual model changeover. Here is vastly more than could be done just by warming over what Buick had before. Here is something accomplished by going far beyond artful face-lifting.

Here is that rarity of rarities—a completely new line of automobiles.

But Buick didn't stop with the bolder, fresher, swifter-lined beauty you see in raised and lengthened fender sweep—in the huge and back-swept expanse of windshield—in the lowered roofline—in the host more glamor features of exterior modernity.

They upped all horsepowers to the highest in Buick history.

They engineered a new V8 for the SPECIAL—and in the process came up with new Power-Head Pistons that boost gasoline mileage in every engine.

They brought to market a sparkling newcomer with a famous name, the Buick CENTURY—a car with phenomenal horsepower for its weight and price—a car with more pure thrill per dollar than any Buick ever built.

And they did all this without change of the price structure which, for years, has made Buick the most popular car at its price in the world.

We invite you to come in and inspect these great beauties, these great performers, these great buys. Then you'll see why the Detroit previewers are already saying, "Buick's the beautiful buy!"

When better automobiles are built Buick will build them

Wildcats Stage Third Last Minute Over Fast Abernathy Team

Gardner pulled the third Abernathy out of the play night for the Littlefield Wildcats by sinking two goals in the last 1 1/2 seconds of play. The sensational minutes of play threw into a frenzied uproar settle until the Wild- cats had carried Troy dressing room on their Then parts of the began to realize the over, Littlefield win- losing, and it was go home.

Gardner Says Pressure Did Not Excite Him

The Littlefield Wildcat Center, Troy Gardner, said he wasn't excited in the last minute of play Tuesday night when he sank two free throws for the winning points of the game with Abernathy.

"Now, I wasn't excited, because I knew we didn't have time to be," he told a local reporter.

Someone asked him, "What did you think when you walked up to the free throw line?" Troy had 1 1/2 seconds left to play with two free throws to shoot, and his team behind 43-42.

"Well, I knew I had to make it and felt sure I would, so I just got set to shoot. I didn't want to take too much time to get nervous. You miss 'em when you are nervous," he said.

"Did you know how much time was left, and what the score was?"

"Oh yes," he answered. "Just before Gardner was fouled he saved the day for the Wildcats by fouling an Abernathy guard, Blalock, trying to tie him up for a jump ball.

When asked about that foul, Gardner answered, "I looked up at the clock while they were freezing it and saw less than 10 seconds. I knew we had to get the ball. I tried to tie up Ramos, then pressed close to Blalock and finally got my hands on the ball. Sure didn't foul to stop the clock. I just wanted a jump ball. That foul saved us though, didn't it?"

Coach Joe Simpson said to the Junior High Coach, Gene McCanlies, in the dressing room, "Boy, that's tough sitting through." He meant the excitement of almost losing and the winning.

He remarked, "I had the feeling all along we would win the game, but I wonder why we can't just win one. I mean really win one going away without all that scare. Whatta we gonna do when our luck runs out?"

McCanlies assured him it wasn't luck, but that he had a good bunch of boys that could shoot and play.

The timekeeper was worried sick for a while that the Abernathy team and coach would always accuse him of running the clock over deliberately. But the referees, reporters and coaches all assured him that none heard the whistle of the referee calling the foul against Gardner.

The crowd was going mad and even the buzzer wasn't heard at the end of the game. The fans knew it ended by the lights going off.

Dan Howard, who missed being the hero by 2 seconds, was asked how he felt when he found out his goal had not counted.

He said, "Right at first I was afraid the game ended before the shot and we had lost. Then when I saw Troy had a foul shot, I knew we would win it. Boy, I jumped with joy. Then I knew we had to set up a close defense to keep Abernathy from getting the ball over mid-court after the free throws. I knew Troy would make them."

Howard was one of the first to lift his team-mate, Gardner to his shoulders to carry him to the dressing room. The team started to parade modest Troy around the court, and he twisted someone's ear and made them head for the dressing room.

Assistant coach, Roy Carter pointed out to the happy team-mates back slapping each other, and said, "Boy, this bunch really have a team spirit."

The Olton high school Mustangs won two out of three games from the Floydada Whirlwinds Tuesday night at Olton.

The Varsity team came through with an easy 53-40 win, with Bobby Bryant of Olton and Bob Ashton of Floydada tying for high point honors with 12 points each. Charley Shelley dropped 11 points in the bucket for Olton.

The "A" squad Mustangs were ahead at the half, 31-12. The Olton reserves downed the Whirlwind reserves, 66-29, with Clyde Rhodes getting 8 points, Jackie Jarrett 12, and George Chapman 13.

The visiting girls' team won 34-30 over the Olton girls in the closest contest of the three-game evening.

Olton plays Springlake Saturday night there and the girls' team entertains a girls' team from Canyon Friday.

Olton's first conference game in the 2-AA class will be with Littlefield in the Wildcat gymnasium on Jan. 19.

Brownfield - Littlefield Game Is Postponed; Smyer Game Tonight

The Brownfield Cubs postponed their game with Littlefield in Brownfield, scheduled for next Tuesday night, until Saturday night, Jan. 23.

There was a conflict of schedules with semester exams, at the Brownfield high school and Littlefield Principal Ralph Schilling and Coach Joe Simpson granted a change in dates for the return game.

Littlefield beat Brownfield in their first game of the home-to-home series, here just before the Christmas holidays. However, Brownfield has shown improvement since then in beating strong teams in the last two weeks.

The Wildcats go to Smyer tonight (Thursday) and over to Levelland Friday night to feel out their first opponent of the Amherst Tournament next week.

Littlefield and Levelland meet for the first Amherst Tournament game next Thursday afternoon at 1:15 in what coaches and reporters call the best game of the whole tournament.

Spade Wins Two At Home

Spade high school took a double-header from Pep Tuesday night on their own court.

The Spade boys varsity team only played the first quarter and then the reserves went on to run up the score to 50-18.

Jerry Bryant made 13 points before he left the game for reserve substitutions. Others scoring for Spade were Jerry Wells 9, Don Stenson 5, Billy Pierce 8, Eugene Williams 5, John Cassle 4, W. B. Jones 4, and Donald Mouser 2.

Albert Simmacher, Paul Moyer and Billy Vick each made 6 points for Pep.

Coach Cecil Bailey's boys have won 1 and lost 4 conference games thus far in conference games.

Coach Ray Dykes, who moved to Spade from Three-Way this year, got his girls through with a 44-37 win Tuesday night, for their third win against two losses in conference play.

Pat Pointer sank 16 points and was finally outscored by team-mate, Captain Maudean Tinsley, who bucketed 20 for Spade.

For Pep, Mary Greener made 18 and Carolyn Sokara totaled 10.

Spade goes to Bula Friday night and then plays host to the Anton girls' and boys' teams next Tuesday night in their first conference engagement. They both have met in the Anton tournament before Christmas holidays.

The Amherst boys' basketball team won their first game of the season Tuesday night, downing the Springlake Wolverines, 41-30, on the Amherst court.

Martin Hardwick swished 15 points through the baskets and Wayne Davis led the Wolverines with 14 points.

The Springlake girls saved the face for the Lamb county school by walking over the Amherst girls, 51-36.

Amherst boys' squad now has 1 win and 2 losses in conference play. The girls have 3 losses on conference records.

Amherst entertains the Sudan Hornets Friday night and then goes to Happy next Tuesday before returning home to act as host team in the Amherst Invitational Tournament.

Benny Arnold outscored the players of both teams with 20 points and a lad named Driver led the losers with 9 points.

The contest at Sudan was a District 2-A game.

The Kress girls won, 44-25, in another one-sided affair, and also a conference affair. Diane Wood came through leading scorers again, but with only 10 points.

Sudan goes to Amherst Friday night and will have to play again without the services of their star, Hill. They enter the Amherst tournament next week with their first game Thursday evening, the winner advancing to the winner of the Levelland-Littlefield game.

Olton plays Springlake Saturday night there and the girls' team entertains a girls' team from Canyon Friday.

Olton's first conference game in the 2-AA class will be with Littlefield in the Wildcat gymnasium on Jan. 19.

Menu For Bride Good For Everyone

By CECILY BROWNSTONE
Associated Press Food Editor

Are you a young bride and it's time to invite your folks to dinner? When you ask them, they'll probably make his usual suggestion: "No need to get stylish. I never liked dishes that are on airs anyway. Just plain food taste good!"

Madam, here's your menu. Roast loin of pork, crispy brown. Orange-gold yams, apple rings, green beans. If you can't resist being fancy, a bit of parsley, we suggest a bit of parsley for the pork. Try pecans with the yam apple dish, and thin lemon slices to give the beans tang and make their pale yellow look more appetizing against the green.

Start with the pork loin. Trim end of about five pounds—allowing about one-half pound for each serving. Have meat man saw the backbone from the rib and other parts to make your groom's life easier.

YAM AND APPLE SCALLOP boasts taste and eye appeal and is easy to prepare.

If you want to shop for your party ahead, it's perfect to store the roast in your refrigerator for several days. Wrap it when it comes from the meat market, then re-wrap loosely in waxed paper.

If you are ready to roast, rub it with salt, using one-half teaspoon to a pound of meat. Sprinkle lightly with pepper, using freshly ground pepper if you have a mill. Place the roast fat side up in a roasting pan. Do not baste. Roast in a slow oven about three hours or until done—if Pop likes it well done. If you have a thermometer, insert it in the fat side into the center of the roast; don't let the thermometer registers 185F you'll have a well done roast.

Now to the yams. If you buy them several days before, store them in a dry place, not cold. Don't put them in the refrigerator. The special yam, apple and pecan casserole follows.

If you use fresh snap beans, snip off the ends, scrub them in cold water, and leave them whole. Cook at the last minute, in a small amount of boiling lightly salted water, to the degree of doneness your family likes—tender-crisp or really soft. You can use canned whole beans.

Drain the hot beans—fresh-cooked or canned—stir in a big lump of butter until it melts and add a small squeeze of lemon juice; garnish with thin lemon slices.

For dessert? If you can make a creditable layer cake, go ahead! If not, buy two layers of sponge cake, fill them with membrane-free orange sections and a layer of whipped cream; frost the top with more whipped cream and sprinkle with chocolate. Or if your family are weight-watchers, have a com-

pot of fresh fruit. Serve coffee family-style in big cups and Pop will have no complaints!

Yam and Apple Scallop
Ingredients: 8 medium-sized yams, 4 medium-sized apples (cored but unpeeled and cut in rings), ½ cup firmly packed brown sugar, ½ cup pecans, 1 teaspoon salt, ½ teaspoon mace, ¼ cup butter or margarine.

Method: Cook yams in covered saucepan in boiling salted water until almost tender—about 25 minutes. Peel and cut yams into lengthwise slices about ½-inch thick. Arrange layers of half of yam slices, apple slices, brown sugar, pecans, salt and mace in a buttered 2-quart casserole. Dot with half the butter or margarine. Repeat layers and dot with remaining butter or margarine. Cover and bake in moderate (350F) oven 30 minutes. Makes 6 to 8 servings.

Everybody Loves These Sticky Buns

MOSSSES, SARRANT AND WALNUT FILLING rolled in biscuit dough—Then bake them...

By CECILY BROWNSTONE
Associated Press Food Editor
My family loves these sticky buns! I think yours will, too.

This good hot bread calls for easy-to-use biscuit mix plus cream for super richness. Dot the dough with spoons of the iron-rich molasses filling, then spread evenly and lightly, so you get just enough of the wonderful speed goo in each bun. The even spreading helps when you come to roll and cut the dough.

I found the muffin pans whose wells each hold one-third cup a little small for these buns, because their filling tends to bubble over. So use a large-cup muffin pan.

Sticky Buns
Ingredients: 2 tablespoons butter or margarine, ½ cup sugar, ½ cup dark molasses, ½ cup currants (rinsed in hot water and drained and dried on a towel), ¼ cup chopped walnuts, 3 cups prepared biscuit mix, 3 tablespoons sugar, ½ cup heavy cream, ½ cup milk.

Method: Melt butter in small saucepan; remove from heat and let pan cool. Mix in ½ cup sugar, molasses, currants and walnuts. Stir biscuit mix together in bowl. Mix cream and milk; stir into mix thoroughly with fork. Knead 10 times on floured board. Roll out to rectangle 16 by 10 by ¼ inches. Spoon molasses mixture over dough, spreading lightly and evenly. Roll up as for jelly roll, starting as longest edge. Cut into 12 equal slices. Place in 12 well buttered large muffin cups. Bake in moderate (375F) oven 20 minutes. Let cool in pans about 3 minutes; loosen with spatula and remove. Scrape up any sticky filling in bottom of cups and spread on bottom of buns. Serve hot with butter or margarine.

Texans In Washington . . .

By Tex Easley
WASHINGTON. (AP)—Texas members of Congress, returning for the new session opening Jan. 6, find many unsettled problems of particular interest to their state. These include:

1. Cotton acreage quotas. Under present law the national quota is 17,900,000 acres, which inevitably would force a drastic cut in planting for many growers. Congress is almost certain to increase this to about 21,500,000, as recommended by Agriculture Secretary Benson. The House late last session passed a bill for this increase, but it tied up in the Senate. Since planting begins shortly in the Rio Grande Valley, this probably will be the first major piece of legislation to get action.
2. Cattle price supports. Brought to a head by last summer's devastating drought, this question is one which will be wrangled over at length before any decision is reached. With supports normally come some form of production control. Cattlemen themselves are widely split on this issue.
3. Oil imports. This, too, is a far-from-settled issue. And, again, the industry in this case also is divided as to what should be done. Most independent operators want Congress to enact a law re-

stricting shipments of foreign oil into this country to about 5 to 10 per cent of domestic demand. Major oil companies, which do most of the importing, as a whole oppose restricting legislation. Some have voluntarily cut their incoming shipments, but independents say not enough.

Over the opposition of most Texas representatives the House last session passed a bill granting Hawaii statehood. There's much opposition in the Senate, where some Democrats insist that Alaska be included in the bill to offset admission of normally Republican Hawaii. Any change in the bill by the Senate would send it back to the House. Although both party platforms endorse statehood for the two territories, there are doubts that Congress will so vote next year.

If Alaska is admitted, Texas automatically becomes the No. 2 state in area. Southern opposition is based on the fact that pro-Civil Rights forces would gain in the Senate.

As for the management of Congress, the new session will remain in Republican control, but Sen. Lyndon Johnson and Rep. Sam Rayburn, Texas, will probably exercise even greater influence as minority leaders in 1954 than in 1953.

Generally speaking, they went along with the Eisenhower administration through the last session, especially with the President personally. But with the political pot already simmering more with 1954 congressional elections, the Texans may become more outspoken critics of GOP moves. If Democrats win control of the 84th Congress starting in 1955, Rayburn and Johnson would be cast in more important roles in the presidential year of 1956. Johnson has been mentioned by some party leaders as a possibility for a Democratic nomination in 1956.

Insure That Schoolgirl Complexion

By VIVIAN BROWN
AP Newsfeatures Beauty Editor

Many teen-agers develop inferiority complexes because of bad skin. Acne, blemishes of other kinds and dry or excessively oily skin are problems that need home treatment, the advice of a dermatologist or medical care.

Flesh-tinted medicated cream covers blemishes as they heal. Contains an antiseptic.

(Wunder-skin)

Most dermatologists concur that although a fatty diet does not cause skin diseases, it does aggravate the conditions so that it is more difficult to heal the blemishes. The oil glands which produce plugged-up pores and bumpy skin are overworked more when excessive starches and sweets clutter up the system.

Medication may heal these skin blemishes temporarily. But

If a permanent cure is to be effected, skin medication should be used in conjunction with proper diet and hygiene. Even if the skin condition is just the pimply kind with blackheads or tiny whiteheads that are barely noticeable, a skin program should be observed. Sometimes a tiny pimple or blackhead may become infected, causing a series of infections over the skin that will require a long medical program at considerable expense.

If the skin condition now has reached the unglamorous stage, consult a reliable skin specialist. If your skin is just flirting with the idea of attracting blemishes, observe these rules for a smoother complexion—

—Keep your skin clean by washing it often with warm water and soap. If there are blackheads, steaming the skin with a hot towel and washing with soap may soften the little plugs so that they can be whisked out by a good scrubbing.

Wash your hair frequently, keeping it free from oily residue. This, too, helps the skin.

Eat a balanced diet, particularly raw vegetable salad, protein, eggs not fried, fruits, leafy vegetables. Avoid excessive greasy and rich foods, bread and pastries, nuts, candies and sweetened drinks until your skin is back to normal. Then observe an awareness about your choice of food if you'd keep your complexion pretty.

Avoid irritating cosmetics, substituting one of the tinted medicated pastes that will cover your blemishes, and possibly dry up minor blemishes. If blotches are properly concealed there will be less tendency to embarrassment while a skin cure is effected.

Keep hands clean at all times. Dirty hands can delay the healing of skin infections.

Holiday guests in the home of Mr. and Mrs. A. B. Compton were his son and daughter-in-law, Mr. and Mrs. Alex Compton and son, Ronnie, of Itasco, Texas. Also visiting the Comptons were Mr. and Mrs. E. E. Turner, former Littlefield residents who are now living in Covington. The Turners also visited her brother, Gus Maynard of Littlefield.

Mr. and Mrs. Wayne Brown and Teena, Betty Jane, and Bill Babb Brown, and Mrs. Brown's sister, Miss Billie Babb of Lubbock, spent the weekend in Throckmorton visiting Mr. and Mrs. W. A. Babb, Mrs. Babb and Miss Babb are daughters of Mr. and Mrs. Babb.

Mrs. Robert Lewis and son, Tommy, of Houston, are visiting in the home of Mr. and Mrs. Pat Boone Jr. Mrs. Lewis and Tommy arrived Jan. 30. She is the twin sister of Mrs. Boone.

Mr. and Mrs. V. R. Jones returned Friday night by plane from Dallas where they attended the Cotton Bowl game.

Holiday guest in the home of Mr. and Mrs. W. G. Morris was his sister, Mrs. Eleanor Bartram of Los Angeles, Calif. She left Monday to return to her home in California.

Mrs. James Penn and children returned to their home in Lubbock today after spending a week here with her parents, Judge and Mrs. E. A. Bills.

HARBINGER OF SPRING

If winter comes, can spring be far behind? Obviously not, with this bright new cotton frock as one of the first harbingers of spring. It is a gay, multi-colored print of garden flowers in full bloom. Designed by Carol King in Bates wrinkle-shedding disciplined cotton, the full skirted dress is wrapped at the mid-riff Grecian style with a cording sash.

SCIENCE and your Health

COLD MYSTERY

by Science Features

The common cold may be a simple illness to many people, but it is a complex problem for medical research. Scientists have made tremendous progress in developing drugs that cure and prevent serious maladies, but they are still trying to solve the mystery of the common cold.

The cold, as well as other respiratory diseases such as influenza, "strep throat" and pneumonia, is caused by some of the countless viruses that float in the air. The smallest living creature known, they are drawn into the nose, throat and lungs by the air we breathe, and multiply in the cell linings.

Many of the viruses have been isolated and classified in the laboratories, but the common cold germ, thought to be the smallest of all, cannot be kept alive for study.

Statistics show that the average person has two colds a year that cause half of the absence from work, and are responsible for a 120 million dollar annual loss in wages.

It is paradoxical that there is no cure for this time-wasting annoying illness while serious respiratory diseases like pneumonia can be treated with such new drugs as terramycin.

Dinners For Two That Help The Budget Recover After The Holidays

Budget meals are welcome news at any time -- but especially after the strain of holiday spending. This brings you dinners for two that cost less than a dollar and take less than an hour to prepare.

ROLLED FISH FILLETS
with
SPINACH AND SOUR CREAM SAUCE
FISH FILLETS AND SAUCE:
1/2 pound cod fillets (2 fillets)
1 tablespoon salt
1/2 teaspoon pepper
1/4 cup water
2 large slices onion
2 tablespoons sherry
1 cup thick sour cream
SPINACH:

1 package frozen spinach water
1/2 teaspoon salt
1/2 teaspoon pepper
Sprinkle cod fillets with salt and pepper. Cut each in half and roll up each half securely. Fasten with toothpicks or tie with string. Place fish rolls in a small skillet along with the 1/4 cup water and onion slices. Simmer, covered, for 10 minutes.
While fish is simmering, cook spinach in water according to the package directions. When it is cooked, drain well and arrange on a pliepan or heat-resistant platter. Sprinkle with salt and pepper.

Turn on broiler to preheat. Arrange cooked fish rolls on top of spinach; remove toothpicks or string. Liquid in pan with onions should have almost disappeared; if not, simmer until it has. Add sherry and sour cream; stir to blend. Pour sauce over fillets and place under broiler until sauce bubbles and browns. Makes two ample servings.

Gross Roots Opinion

NEWMAN GROVE, NEB., REPORTER: "The communist sympathizers in high office who are walling so loudly over the exposing of spies in the government and saying that the unfavorable publicity reflects against the national honor should consider gravely how much the cause for this investigation has brought disgrace to the nation. No festering sore on the body politic has ever been helped by covering it up."

Good Wages Must Be Earned

When Congress meets again, efforts will be made to once again raise the federal minimum wage, which applies to all interstate commerce.

Many will favor this because of honest sympathy for the workers. But we would be foolish indeed if we refused to consider the dislocations and the problems the minimum inevitably creates.

One thing, various businesses, retailing among them, have job opportunities, often on a part-time or seasonal basis, for workers without skills. The value of such workers is obviously limited. Should the wage become too high, fewer of them will be employed and businesses will get along as best they can with minimum payrolls.

Also important, when the bottom wage is raised, forces are put in motion which tend to boost wages all along the line, right up to the top. Higher-paid categories of workers naturally see no reason why their historical wage differentials should not be maintained. Then prices and costs soar, and the consumer feels another bite in the pocketbook.

Good wages are certainly desirable—but they must be earned to be sound.

There Is No "Middle Of The Road"

The fact that the only two strong nations in the world today are those which stand at the opposite ends of the freedom scale is significant. Russia has as near to pure socialism as any large economy can come. The United States is far from being as free as I think it should be, but it has more economic freedom than any other large nation.

And only these two nations can produce in huge quantities. One can produce because it forces people to work. The other can produce because it offers its workers profit according to how well they produce.

There must be one or the other to get the work done. So Democratic Socialism is a myth. It cannot get the work done because it tries to get along without either of the motives.

The farther we drift into socialism the more like Russia we become if we hope to withstand her aggression.

We Believe in GOD

God is the creative and sustaining Power who works in and through all existing life. God is a Person. His personality transcends our limited human personalities but we are made in His spiritual likeness. He knows each of us and we can have personal and conscious fellowship with Him. God is love. He loves every creature whom He has made and yearns for His salvation and perfection. Not only is His love self-giving, but He craves our love in response. There is no conflict between the justice of God and the mercy of God, both spring out of His infinite love for His children.

Lipstick Logic

Male cooks may vary from household to household. But if the one at our house is in any way typical, we'll have to accept one fact—any resemblance to female cooks, living or dead, is purely coincidental.

The male cook accepts no compromises. If the recipe says "Soak overnight, then let simmer four hours," that's what happens. If it calls for zucchini,

he'll search every grocery store within driving distance rather than substitute another squash.

Short cuts are out of the question. Although he encourages his wife to keep her cooking utensils up to the minute (on the theory that she'll enjoy cooking), he steadfastly refuses to do a quickie instead of what the book says. He vetoes the pressure cooker, for example, even though it would get the meal ready for 6:30 instead of 8:45. And when he's cook, cost is no item. He buys with a lavish basket cart.

When a woman plans to try

out a new recipe, she may spend an hour on the telephone seeking advice from every acquaintance who has ever prepared or even eaten it. But the male cook wants no help. Our own m. c. once bought five bunches of celery for a soup recipe calling for five stalks. Furthermore, instead of fitting the amount cooked to the size of his audience, the m. c. makes up the recipe as he finds it; if he happens to read an article on institutional cookery before setting out on his kitchen safari, it's just too bad.

But kidding aside, man's

It's The Law In Texas

January 15 Tax Deadline

Have you planned on waiting until March 15th approaches before doing anything about your 1953 Federal income taxes? If so, it might be wise to make a quick check right now. For practical purposes January 15, rather than the March deadline is the last day of grace for many individuals.

This is due to the Federal laws requiring certain persons to file Declarations of Estimated Income Tax—or the pay-as-you-go plan. Under those laws several million people are required each year to estimate their total annual income in advance, making quarterly tax payments based upon such estimates. The final quarterly payment for 1953 is due on or before Jan. 15, 1954.

A Declaration of Estimated Income Tax must be filed by every citizen or resident who receives annual wages (subject to withholding) in excess, plus \$600 for each exemption claimed.

For example, a single person with no dependents who last year received wages in excess of \$5100 is required to file a declaration. If he has one additional exemption, he need not file unless his wages exceeded \$5700 during 1953. This latter figure would also apply to a married couple without dependents filing a joint return.

In other words, the amount goes up \$600 for each exemption the taxpayer is entitled to claim, including any exemptions for age or blindness.

A Declaration of Estimated Income Tax must also be filed by any person with annual income from sources other than wages (subject to withholding) in excess of \$100. This is true even though their total income did not exceed \$4500 plus \$600

knack for correctly diagnosing good food, simply by reading a few printed lines about it, is surprisingly accurate. Maybe it's because he reads meat recipes instead of desserts. But a new eye brings freshness to any job, even the daily bread-and-butter.

We toast the male cook this bright New Year!

for each exemption. Of course, individuals whose incomes did not exceed \$600 during 1953 need not file, even though no tax has been withheld.

Those falling into the required category who have failed to file declarations at quarterly intervals during 1953 may make amends by filing either a final declaration or an income tax return by January 15. At the same time they should pay any balance of tax owed the government on their entire 1953 income.

Now, if paying the entire balance of your tax prior to January 15 is going to be a difficult matter, due to a quirk in the tax laws you may avoid penalties and the remaining balance by March 15. This would involve filing both a declaration (by January 15) and a tax return (by March 15).

The first quarterly declaration on 1954 income is due on or before March 15.

School Census Gets Underway

All parents of children who will be six years old on or before Sept. 1 residing in Amherst Independent School District are requested to register their children this month in the annual school census. The census was begun Jan. 1 and will continue through Jan. 31. Mrs. Elaine W. Green, school secretary, reported.

Purpose of the census is to count all children eligible for school this year, which includes children living in the district who will be six years old on or before Sept. 1 and those who have not passed their 18th birthday.

It will not be necessary to bring birth certificates when the child is registered, since the certificates are required on the first day of school.

Daughter Of C. O. Griffin Manages Lubbock Concern

Mrs. Eby, daughter of Mr. and Mrs. C. O. Griffin of Littlefield, was featured in a story in the Monday Morning Avalanche on Thomas Personnel of Lubbock.

She is owner and manager of the Lubbock concern which acts as a clearing house for employers' openings and applicants' availabilities and gives counseling service to applicants.

Mrs. Eby is a 1936 graduate of Littlefield high school and attended Texas Technological college. She has owned Thomas Personnel for about three years. Her husband, J. L. Eby, is owner of the Chevron Service station at Texas and 18th street in Lubbock. They have one son, James, who is a senior high school student.

The firm was described by the Lubbock paper as an "up and coming" Lubbock concern.

A Blast! A Shout! A Victory

By TOMMY WILLIAMS, Minister

"And the Lord said unto Joshua, See, I have given unto thine hand Jericho..." (Josh. 6:2)

Victory over the first city to fall to Israel in Canaan was a gift from God which only awaited faithful obedience to God's instructions. The instructions were these: March around the city once a day for six days; go around seven times on the seventh day; sound a mighty blast with the ram's horn; let the people shout and the walls will fall. When these conditions were followed, the walls fell and the people possessed the city according to the word of the Lord.

We have in this a perfect example of the operation of God's grace in giving gifts to

men. Grace bestows, faith accepts, and obedience appropriates the wonderful gifts of God. These people performed a wonderful act of faith to receive the gift of God's grace. Their works did not destroy the city wall, but not until they complied with the instructions did one stone fall down.

"By faith the walls of Jericho fell down AFTER they were compassed about seven days" (Heb. 11:30).

God offers salvation thru his grace. Faith accepts the gift, and obedience appropriates it to ourselves. Read Ephesians 2:8-10; Romans 6:17-18.

GIRARDIAN HOSPITAL PLAN County-wide Enrollment Campaign Extended for Another Week

Chances are that many of your friends and neighbors have already secured this important protection for their families. Our representatives have tried to see everyone in the county, but many have been away from home, many were missed. The demand for this new plan is so great, we have arranged to extend the special enrollment campaign for this county for another week.

This is the Hospital Plan You've Heard Advertised on the Radio

Yes, this is the plan that thousands, from coast to coast, are joining every week. It is one of the fastest growing plans in the U. S. . . . one of the few, and one of the first, to offer the increased benefits you need to meet today's higher hospital costs. By using a combination of 3 policy forms, benefits can be arranged to provide up to

- \$ 27.00 A DAY FOR HOSPITAL ROOM
- \$500.00 FOR DOCTOR'S FEES FOR OPERATIONS
- \$265.00 IN MATERNITY CASES.

PLUS — liberal benefits for operating room, anesthesia, medicines, surgical dressings, laboratory service, oxygen, blood transfusions, ambulance and many other extra expenses you'll have when you or one of your loved ones becomes a hospital patient.

In the Girardian Hospital Plan, each policy pays in addition to the others and in addition to workmen's compensation or any other insurance you may have. Use the extra money we send you for any purpose you wish.

Protection for everyone in the family who is in normal good health — ages 1 day to 80 years. All benefits subject to policy terms.

INFORMATION FREE

Spend a few minutes of your time to look over the many valuable benefits, the numerous special features of the Girardian Hospital Plan. It may save you hundreds of dollars when you or someone in your family has to go to the hospital. Statistics show that one person out of every three average size families will become a hospital patient within the next year. It might be you. Act now, before it is too late.

GIRARDIAN HOSPITAL PLAN is underwritten and guaranteed by Girardian Insurance Company, an old line, legal reserve stock company, with its home offices in Dallas, Texas.

If We Missed You

If the Girardian representative has not yet called on you, fill out and mail the coupon below. Do it today and information about the Girardian Plan will be sent to you promptly. You can still secure this splendid protection for yourself and family.

FILBERT STARS*

Ingredients: 2 1/4 cups sifted flour, 1 1/4 teaspoons baking powder, 1/2 teaspoon salt, 1/2 cup butter or margarine, 1 cup sugar, 1 teaspoon vanilla, 1 egg, 2 tablespoons milk, 1 egg white, 1/2 cup filberts (put through a rotary grater so they are finely chopped).

Method: Sift together flour, baking powder and salt. Cream butter, sugar and vanilla. Beat in egg thoroughly; then milk. Stir in flour mixture gradually with spoon, mixing well after each addition. Chill dough. Roll no more than one-quarter of the dough at a time to 1/4-inch thickness on floured board or prepared pastry cloth. Cut cookies with star-shaped (about 2 inches) cutter. Brush cookies with egg white; sprinkle with filberts. Place on ungreased baking sheet about 1/2-inch apart; bake in moderate (375F) oven 8 to 10 minutes, or until edges are lightly browned. Makes 6 1/2 dozen cookies.

First Good Look at Daughter

Here's how Mrs. Margaret Turner, 26-year-old bulbar polio patient at Springfield, Mo., got the first good look at her new baby daughter, Patricia Irene. Mrs. Turner had been confined to a respirator before the baby was born. After delivery, the child was not permitted in the polio ward so press photographers solved Mrs. Turner's problem this way. March of Dimes aid for polio patients starts at the onset of the disease. More than 66,000 patients from former years will need continued assistance in 1954 in addition to cases stricken this year.

Presenting the mighty aristocrat of light-duty trucks—
the 1954 GMC

GMC's HUSKY NEW STANDARD PICKUP, powered with 125-horsepower engine—most powerful standard six in the field. A de luxe model with chrome grille and trim, two-tone exterior paint and cab rear corner windows is available at extra cost.

GMC HYDRA-MATIC TRUCKS

HERE is the most extraordinary light-duty truck ever built. It has the smart styling of a fine passenger car to give its owners distinction and prestige. A sweeping grille of modern design—a panoramic one-piece windshield—two-tone interiors with harmonizing upholstery—these are some of the luxury features that will make you proud to be seen in it. But its practical side—its capacity for work—is even more exceptional. It hasn't just more power than any truck in its class. It has a whopping 125-horsepower engine—more powerful than many trucks with a two-ton rating. The Pickup—one of 19 models—has a box that holds up to 11 more cubic feet than last year's

capacious model. Its tail gate is grain-tight—and sand-tight. The dials on its handsome instrument panel are clustered. They can be read at one swift glance through the open top-half of a smart tri-spoke wheel. And—a truck feature pioneered by GMC—it offers the driversaving, moneysaving advantages of Truck Hydra-Matic Drive*. One final and surprising point. The price of the GMC, value for value, is unsurpassed anywhere on the truck market. That's the story. The next move is yours. Come in and see "the world's most modern truck." And—make it soon. *Optional at extra cost

Evangelism Plans To Be Formulated By American Lutherans On February 13

Rev. Henry Hoesmann, director of the Evangelism department of the American Lutheran church, will be at the St. Martin Lutheran church of Littlefield Wednesday night, Jan. 13, to help the congregation formulate a program of Evangelism for this year.

The motto of the Evangelism department of the American Lutheran church for 1954 is "Win more and hold more in '54." Rev. Hoesmann is the director of the Evangelism department which is connected with the Board of American Missions of the American Lutheran church, which has its

headquarters in Columbus, Ohio. Rev. Hoesmann will come here from the Lubbock, Slaton, and Wilson congregations. From Littlefield, he will go to Odessa to spend one day with Christ Lutheran church of that city. He will spend the last three weeks in January working in the Lubbock conference and the Fredericksburg conference of the Texas District of the American Lutheran church.

Governor Declares January To Be Hand Signal Month

Governor Allan Shivers again has designated January as Hand Signal month in Texas and he urges automobile drivers to cooperate in the campaign to promote "more courtesy and greater safety on the thoroughfares of this state". Theme of the traffic safety project is "Right turn—hand up. Left turn—hand out. Slow or stop—hand down."

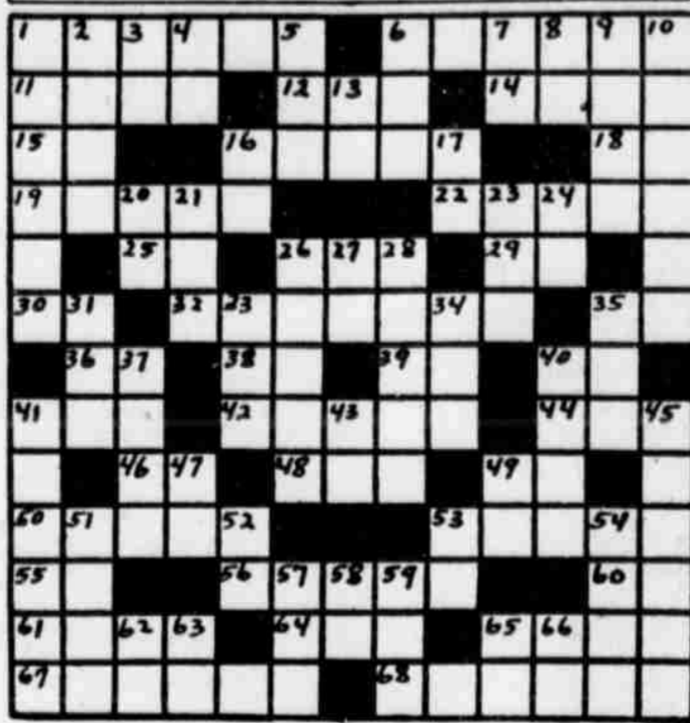

This is the third consecutive January that Governor Shivers has called for the hand signal campaign which is a part of his continuing state-wide program of

traffic safety education. It is sponsored annually by the Texas Safety Association, Inc., and is patterned from the hand signal campaign conducted jointly each year in Dallas by the Citizens Traffic Commission and the Dallas Civitan Club.

"The highways of Texas," said Shivers, "are constantly improving, except in one vital respect—too many accidents continue to occur on them, resulting in needless loss of life and destruction of property.

fects our highways, the need for the individual driver to be alert, careful and courteous, increases. A few seconds of thoughtfulness on the part of a driver sometimes can avert not only an accident, but a lifetime of grief. A minute gained is never worth the risk of a life. Courtesy and safety are not optional, but imperative, and they are bound closely together in the psychology of driving"

The Governor's memorandum pointed out that the "use of proper and timely hand signals is sible driving practice and sensible driving practice that is especially rewarding to everyone on the streets and roads of our

State. "The driver who observes the ordinary rules of etiquette and lets others know what he intends to do," said the Governor, "constitutes not a hazard, but a safety factor, for such practices are contagious. The more careful drivers we have, the fewer accidents will occur.

"So many vehicles now are equipped with directional signal lights that some drivers feel justified in discontinuing the use of hand signals. Safety experts emphasize that, particularly in the bright daylight hours, hand signals should be given to insure that a driver's intentions are understood."

Announcing for '54 NEW FORD TRUCKS

With TRIPLE ECONOMY!

NOW! 5 Ford engines offer the mightiest concentration of power per cubic inch ever in any truck line! V-8 and SIX!

For the power they develop, the engines in the 1954 Ford Truck line have less cubic inch displacement than engines in other-make lines. For example, Ford's 239 cu. in. Power King V-8 develops its 130 h.p. on as much as 43 cu. in. less displacement. Smaller-displacement engines normally need less gas! That's one big reason why Ford concentrated power offers greater economy!

Ford takes the lead in ALL 3 vital factors that make for lower-cost trucking!

1. Now, only in Ford Trucks—gas-saving, LOW-FRICTION, high-compression, overhead-valve, deep-block engines in all truck models! 115- to 170-h.p.!
2. New Driverized Cabs, Master-Guide Power Steering, Power Brakes, Fordomatic Drive for faster control!
3. New greater capacity! New Factory-Built "6-wheelers," gross up to 48% more!

Comin' 'Round the Mountain To Be Presented Tonight at 8

Tonight (Thursday) at 8 o'clock the Amherst speech class will present a hill-billy comedy, "Comin' 'Round the Mountain."

Miss Jane High, speech instructor, is directing the three-act play. Characters are Janice Cantrell, Russell Carpenter, Frankie Gonzales, Don Carter, Glenda Blair, Glynn Brandstatt, Colleen Davis, Aaron Swart, Fannie Sue Williams, Jackie Sullivan, Bill McQueen and Shirley Purdy.

Admission is 25 cents for all school students, 50 cents for adults.

Rev. John Rankin and sons, James and Stevens, were deer hunting near Junction last week. They did not bag a deer but reported an enjoyable time.

Let's Talk Livestock

By Ted Gouldy

FORT WORTH—Fed steers and yearlings and heavy weight calves were fully 50 cents and most late sales \$1 lower at Fort Worth Monday. The pressure on beef cattle followed the reports of heavy cattle runs over the nation. The 12 major markets reported 6,000 more cattle than a week ago and 12,000 cattle more than on the same date a year ago. Fed steers predominated in the runs at all markets.

At Fort Worth cows were mostly steady, and bulls sold at fully steady prices. Stocker cattle and calves of good and choice quality were steady, but those of less quality were dull and usually sold at their butcher value. Slaugh-

ghter calves drew weak to 50 cents lower prices, some heavy-weights off more.

Hog prices dropped sharply. Butcher hogs were 50 cents to mostly \$1 lower, and top hogs sold at \$24 to 24.50. Sows were \$1 to 1.50 lower at \$22 down.

Slaughter lambs were highly uneven. Some sales of fat lambs were steady, while others were 50 cents lower. Fat lambs topped at \$18.50. Feeder lambs were strong to 50 cents or more higher. Some shearing type feeder lambs topped at \$18.75. Old sheep and yearlings sold at strong prices.

Good and choice fed steers and yearlings cashed at \$16 to \$21, a few higher. Common and medium slaughter steers and yearlings cashed at \$10 to \$15, with cutter grades from \$8 to \$10. Fat beefs were sold Monday at prices in accord with the low time in the pre-Christmas trade.

Fat cows sold from \$9 to \$11, a few heiferish kinds to \$12. Canners and cutters cashed at \$6 to \$9.50 with some thin, emaciated lightweight canners down to \$5. Bulls sold from \$8 to \$13, individuals up to \$13.50.

Good and choice fat calves sold from \$15 to \$19, a few top heavyweights to \$20 and above. One load of 564-lb. calves sold at \$20.50. Common and medium slaughter calves drew \$10 to \$14, and culls sold from \$8 to \$10.

Good and choice stocker steer calves cleared at \$14 to \$19. Stocker and feeder steers and steer yearlings sold from \$13 to \$17.50. Stocker cows cashed at \$9 to \$13.

Lisa Paulson Describes Inexpensive Barcelona

Barcelona

If you are living in Barcelona and you don't carry a candle in your pocket, it's best to be at home snug in bed by midnight. This is the hour when the lights for the entire city are liable to go out at any moment. A few street lamps remain burning, though, because they function from gas lines and don't tap the meager supply of electricity in Barcelona.

This is the case only during the winter months, however, because it is only then that there is not enough water to power the huge generators in the Pyrenees. In the summer months the citizens rejoice with 24 hours of electricity, but shake their heads in despair at the curfew on gas. This does seem rather incredible when one considers that Barcelona is the biggest industrial center in Spain, rivaling Madrid

weighing 190 to 250 pounds topped at \$24 to \$24.50. Lighter and heavier hogs sold for \$22.50 to \$23.75. Sows cashed at \$20 to \$22.

Good and choice fat lambs sold at \$17 to \$18.50, both woolled lambs and shorn lambs at the top figure. Cull, common and medium slaughter lambs sold from \$10 to \$16. Stocker and feeder lambs sold from \$15 to \$18, with some woolled shearing lambs of around 90 pounds at \$18.75. Ewes sold at \$6 to \$8. Stocker ewes sold at \$10 down. Yearlings drew \$12 to \$15. Old wethers sold from \$8 to \$10.

in national importance.

Most of the "tourist hotels" have private generators so that the foreign tourist is never aware of his comparative good fortune. Try to use an elevator anywhere in Barcelona to go down instead of up, though, and the "waste" of electricity will cause a minor riot. The main power lines for the city are only open from six in the evening until about midnight, anyway.

In my particular hotel, which isn't a tourist spot, the manager lets me ride the elevator in both directions as a special favor—but only, I suspect, because he charges me more than the other guests. I pay one dollar and ten cents a day. For this price I have a nice large room and three meals each day. The breakfast consists of nothing more than coffee and cake, but the other two meals are always at least four courses each. From all of my observations, the other guests pay only ninety-five cents. I'm being robbed!

Of course, for this price there is no hot water—but neither is there hot water in 98 percent of the other hotels either. When you want to take a bath, a special

order to the manager will bring a boy with a huge ring of keys to light a gas heater. In my particular hotel, showers cost 10 cents extra and a bath runs about 13 cents.

I asked the chief clerk about the average wage for various occupations in Spain. He told me that \$15 a month is fair or good for an office worker. When a person begins to make \$40 a month he is really in the high income bracket. The railroad employees, however, receive only about 30 cents a day. Such wages are almost impossible to support a human being on—especially when oranges and bananas cost five cents a pound, potatoes run about three cents a pound, liver costs a good twenty cents per pound, and the subway that carries the worker to his job charges an all-time high of one cent. Any Spaniard will tell you, however, that these prices are certainly not normal—inflation in the last few years has brought everything up about 50 percent.

will my GI training allowance be?

A—Your training allowance will be computed on the basis of the established charge which the school requires non-veterans to pay for the same course.

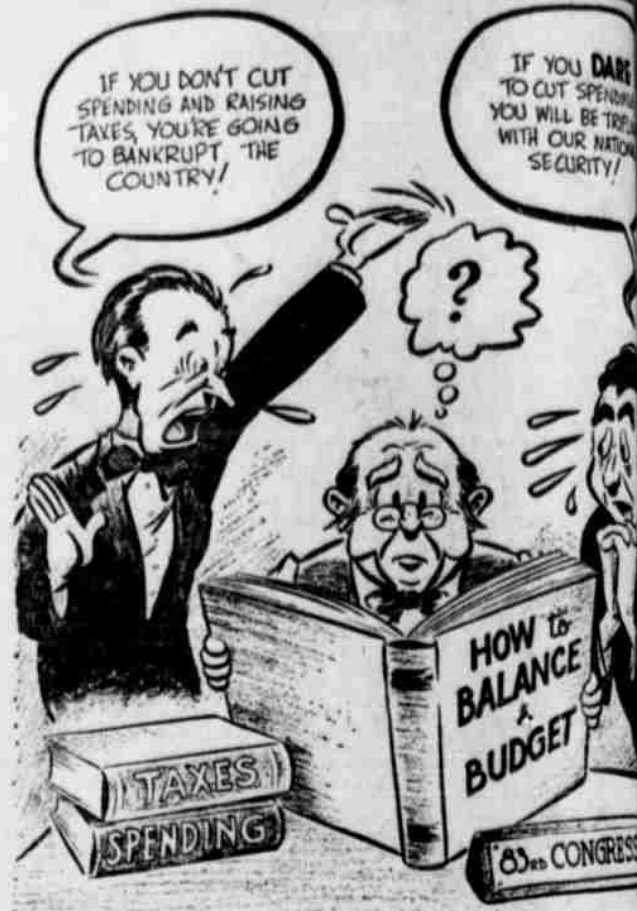

Q—As a member of the organized reserves, may I count time spent on training duty—as opposed to regular active duty—in figuring how much entitlement I'll have for Korean GI Bill training?

A—No. Time spent on training duty does not count in determining entitlement under the Korean GI Bill. However, if you were recalled for regular active duty—and not training duty—that time would count.

Q—I understand that if a Korean GI trainee's entitlement runs out past the mid-point of a school term or semester, he'll be allowed to finish that term or semester under the Korean GI Bill. Will entitlement be extended for an on-the-job trainee whose entitlement expires before he finishes his training?

A—No. Entitlement may not be extended under any circumstances for veterans taking on

the job or institutional on-farm training under the Korean GI Bill. The law permits such extensions only for veterans in school.

Q—Is it possible for two veterans, who own a farm in partnership, to take institutional on-farm training on the same farm?

A—Yes, it is possible, provided that conditions are favorable enough to assure the success of both veterans, and provided that both training programs meet all the qualifications of the law.
