### Buffalo Football Team to Hold Inter-Squad Game On May 17

Canyon, Texas, May 8 (WTNS)—Football fans of West Texas State will only have to wait until Wednesday night, May 17, to get a glimpse of the Buffalo football team for the fall of 1950.

The hardened veterans of the rough spring drill will be divided into two teams and 'heave at' one another under the lights of Buffalo stadium in the wind-up for the spring training. Scrapping for starting berths on the first team are continuing at a terrific pace as everyone wants to get into the act when the Herd opens against Arizona State in Amarillo stadium next September 16.

Some 60 grid prospects are be-

ing given the eagle-eye daily as they perform at the college. A host of swift backs will be on the squad plus a forward wall three and four deep with seasoned linemen. Several of last season's starters will be back next fall for action as the Herd takes on an ambitious program including tilts with such powers as Arizona University, Texas Tech, Hardin-Simmons, Texas Western and New Mexico University. New Mexico U. will also be met in Amarillo stadium.

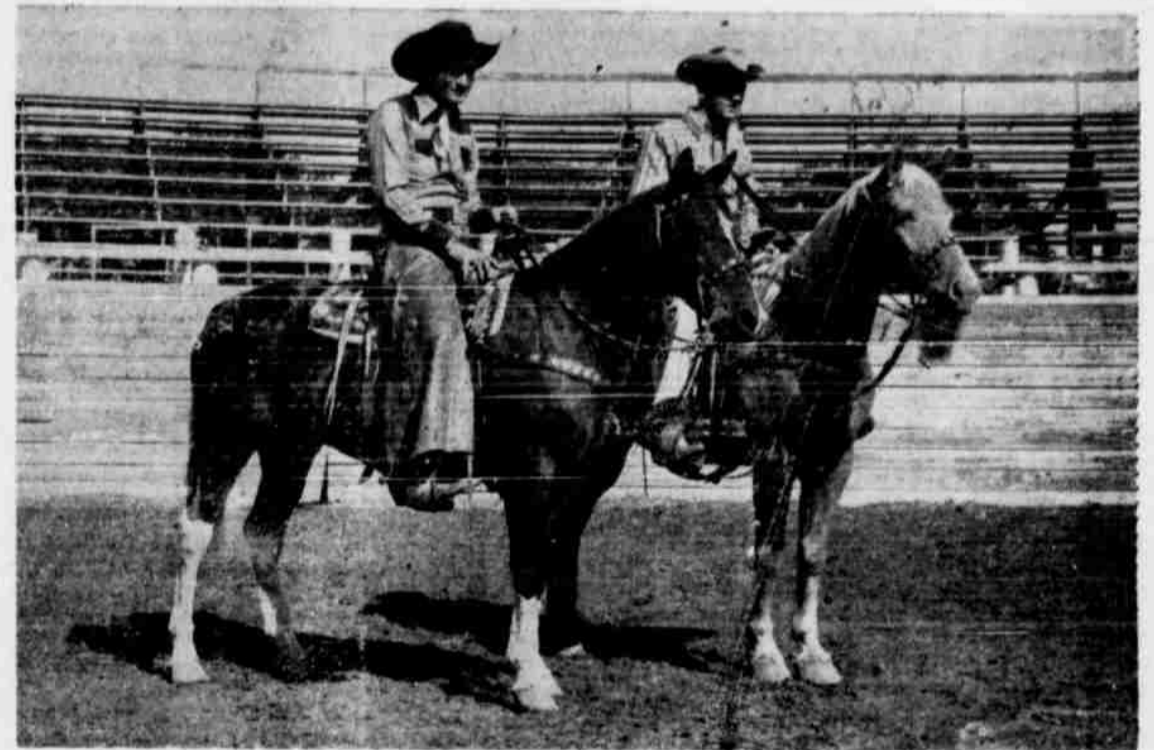

Cocher Frank Kimbrough issues a warm invitation for all grid fans attend the May 17 spring game and look over the 1950 Thundering Herd

## COME SEE FOR YOURSELF!

THIS TIME we'd like to tell you about something that you cannot see in this picture—something, in fact, you cannot know about from looking at someone else in a passing Buick—or from viewing a Buick on our showroom floor.

It's the feel you get from a Buick in motion.

You are going to find out that it is something like traveling on your own private, jet-propelled cloud—only firmer.

Maybe you know a stretch of washboard road, where you have to slow down, or bounce and jitter.

Try that in a Buick and see how you keep a level, comfortable boulevard smoothness.

Maybe you're always on edge to dodge dips and chuckholes. Those also lose

most of their jolt when you're at the wheel of a Buick—or in the rear seat.

In a few simple words—the ride of any Buick—SPECIAL, SUPER or ROADMASTER—is out of this world.

We could give you a lot of reasons. Soft coil springs on all four wheels, for example—the firm linkage of the torque-tube drive—the distribution of weight—big soft tires on wide rims—the way Buick engines are mounted.

Even Dynaflo Drive\*—always silky-smooth and free of geared-drive harshness—plays its part in the marvelous Buick ride.

But why simply listen to reasons? Experience is still the best teacher.

Come see for yourself why the Buick ride is called "matchless"—and how little it costs to replace a jitterbuggy with one of these level-striding honeys.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

### ONLY BUICK HAS Dynaflo—AND WITH IT GOES:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

## BULL LAKE PHILOSOPHER OFFERS HIS FARM FOR USE BY NEW U. S. GOVERNMENT WEED BUREAU

(Editor's Note: The philosopher on his Johnson grass farm on Bull Lake, won't get anywhere with his proposition this week, but that never seems to faze him.)

Dear Editor:

I was out here the other afternoon not doing a blamed thing. Every once in a while a man ought to spend some time not even pretendin' to be doin' anything, when I noticed a calf jump sideways and beller and I wandered over near where it was and discovered it had been scared by a copy of The Avalanche Journal and since it's handy to have a newspaper in your hands in case your wife starts up a argin' conversation, I took it home with me and after supper if you want to call it that, and read where the Department of Agriculture is plannin' on a new bureau to be known as the Bureau of Weeds.

As I understand it, the bureau will spend its time studying weeds, their health and progress, and the right way to get rid of 'em.

I am glad to see this progressive step, and was wonderin' if you have enough influence with our Congressman or Senator in Washington to line me up with a job as a consultant for this new department?

If there's anything I'm an authority on, it's weeds. Unlike some farmers who seem embarrassed at the sight of a weed on their farm and spend a lifetime fightin' the things when everybody knows there's about as many weeds now as there was when things started. I have learned long ago to accept weeds as a part of nature, the same as politicians, high taxes, radio static, a naggin' wife, a squallin' baby, etc.

However, instead of them Washington agriculturists settin' up an expensive plant up there to grow weeds, I will be glad to offer my farm as an experimental plot. This way I believe the government can save some money and time. I got every kind of weed they have in Washington, some they probably haven't heard of yet, and I believe I can grow 'em a lot cheaper.

I will be glad to rent the government my farm for use by it's Weed Bureau.

Why don't you line up the Chamber of Commerce behind this project and let's bring this new bureau here?

Yours faithfully,

— J. A.

## Water Code Meeting To Be Held May 24

The Texas Water Code Committee will hold its regional hearing in Houston at the Rice Hotel in the Crystal Ball room beginning at 9 a. m., May 24, and running through May 25. On the 25th the meeting will be held in the South American room beginning at the same hour.

This meeting had been postponed from April 24th and 25th because of insufficient hotel accommodations to handle the large crowd expected for this meeting. Mr. Victor Bouldin and Colonel George Knapp, of Houston, the host members of the committee for this meeting, have announced that they have made satisfactory arrangements for ample hotel accommodations for these dates and that all interested citizens and organizations who desire to be heard will be able to find places to stay in Houston during the two-day session.

More interest has been manifested in the regional hearing than any other which the committee has held to date, and it is expected that between 50 and 75 witnesses will be heard.

Senator Rogers Kelley, chairman of the committee, will preside, and he urges that all persons and organizations desiring to be heard at this meeting notify the executive secretary, L. Hamilton Lowe, P. O. Box 2331, Capitol Station, Austin, Texas, not later than May 20, if possible. The agenda for the meeting will be long, and it is to the best interest of the committee and the witnesses that the order of testimony be arranged well in advance of the meeting.

They spent one week in Dinuba, Calif., visiting Mr. and Mrs. Don Newberry and a second week visiting Mrs. Newberry's brother and his wife, Mr. and Mrs. Harry Russell of Phoenix, Ariz.

## Fuzzy and Whitey

By FAITH HELEN FAUST

Fuzzy and Whitey were two baby polar bears. They lived way up north on a large island. The island was small but it had so much ice on and around it, it looked very large. The ice would break off in big chunks called icebergs.

Fuzzy and Whitey thought they were very, very brave. Their mother told them not to get in the way of big bears. The big bears could kill them because they were so small.

Fuzzy and Whitey didn't think they should bother to keep out of their way.

Near supper time one day Whitey and Fuzzy got in the way of a big bear. The big bear knocked them out of his way and went on to eat his supper.

Fuzzy and Whitey were so frightened they didn't think to jump to shore. They went on floating and floating.

Then Whitey called, "Help, help, help! Momma, momma!"

Fuzzy called, "Hurry, momma! Help!"

Their mother heard them and came swimming out to them. She reached them in a hurry. They didn't know how to swim yet, so she pushed and pushed and pushed, until the iceberg came to shore.

Whitey and Fuzzy weren't so brave at all and they didn't get in the way of another big bear until they were grown.

## IMPORTANT CHANGES MADE IN GI LOAN PROGRAM RECENTLY

Over 13 million World War veterans who have not yet availed themselves of Loan Guaranty provided in the GI Bill, will receive home loan benefits enhanced by provisions contained in the Housing Act of 1950, signed by the President.

Changes in the GI program which will result from the new law were outlined by the Veterans' Administration.

Announcement of these changes to the Loan Guaranty program should be most gratifying to veterans residing in West Texas. Robert W. Sisson, VA Regional Office, "The Loan Guaranty is experiencing right greatest workload. Until as the regulations demand from this legislation are correspondence with additional personnel has been secured for the Loan Guaranty Division in recent weeks to help improve the service."

Provisions and procedures to be put into effect by VA and as soon as possible, principal changes are:

1—Amount of VA's guaranty on the veteran's home loan increased to 60 percent of the

loan, up to a maximum guarantee of \$12,500. Previously, the guaranty was 50 percent, up to \$4,000. Thus, under the new law, the 60 percent ratio will apply on mortgages up to \$12,500, with the guaranty remaining at \$7,500 for loans over \$12,500.

2—Despite the increased guaranty, VA's gratuity payment for credit on the veteran's loan will remain at 1 percent of the first \$4,000 of guaranty used, and so may not exceed \$160, as under the old law.

3—Unreimbursed widows of deceased veterans who died in service, or from service-connected causes after discharge, are made eligible for GI loan benefits to which their husbands would have been entitled.

4—Combination FHA-GI loans to veterans, which currently represent about one-third of the volume in veterans' loans, will be eliminated after a future date to be announced by Carl R. Gray, Jr., Administrator of Veterans' Affairs. These loans are more costly and less advantageous to the borrower than the straight GI loan.

5—Under this plan, the Federal Housing Administration insured the veteran's first mortgage, usually 80 percent of the total loan, and VA guaranteed the entire amount of the entire amount of the 20 percent second mortgage. Net cost to the veteran is about 4.8 percent, as compared with the 4 percent maximum interest rate permitted on a straight GI loan.

6—The maximum period of time over which home loans may be made repayable is extended from 25 years to 30 years, to provide lower monthly payments. For example, a 20-year GI loan of \$8,000 results in monthly payments of a little over \$48, as against \$42 for a 25-year loan and \$38 for a 30-year loan.

7—Effective 90 days hence, VA is authorized to make direct government loans at 4 percent interest to eligible veterans in certain areas where 4 percent home financing is not available from other sources. Such veterans must meet all the qualifications for a regular GI loan, including credit and income requirements. No direct loan may exceed \$10,000, and a total of \$150,000 is made available until July 1, 1951, for this purpose.

8—Homes on which construction is begun subsequent to 60 days from the effective date of the law will not be eligible for sale to veterans with a record of GI loans unless the property meets certain minimum construction requirements as prescribed by VA. Similar requirements for new construction have been in effect for some time on a volunteer basis, but this is the first authority granted VA to make them mandatory.

9—VA is authorized, in certain circumstances, to restore the Loan Guaranty rights of veterans who used their entitlement to purchase property which later is taken through condemnation, or is destroyed by fire or other natural hazards.

10—VA is authorized and directed to issue regulations limiting the fees and other charges which may be made against builders and veterans in connection with the construction and sale of homes financed through GI loans.

11—The Federal National Mortgage Association, a government agency commonly known as "Fanny May," is given \$250,000,000 in additional authority for the purchase of GI and FHA loans made by private lending agencies. This must be used for current purchases only, and is not subject to earmarking in the form of commitments for future purchases.

12—Provisions are included to make GI loans for farm dwellings easier to obtain, and farm loans are granted equality with other home loans with respect to eligibility for purchase by "Fanny May."

Through last March, just under two million veterans had been granted GI loans for home, farm or business purposes. Loans approved totaled 1,818,000 for homes, 55,000 for farms and 118,000 for businesses. The original face amount of all loans approved reached about \$10,769,000,000.

VA again reminded veterans that they face no early deadline in connection with their Loan Guaranty rights. Their entitlement to a guaranteed loan remains available until July 25, 1957.

## Veteran Loans Under P. L. 475 To Terminate On October 20

Veterans' Administration has issued instructions setting October 20, 1950, as the effective date of the provisions of Public Law 475 terminating combination, or second mortgage loans, as provided under Section 505 of the Servicemen's Readjustment Act of 1944, Robert W. Slason, manager of the VA regional office has announced. This is to carry out the provisions of law requiring that this type of loan be discontinued not later than December 31, 1950.

To effect this transition in an orderly manner, and giving full consideration to the interests of veterans and the home building industries and existing plans of veterans, four dates have been established for four successive steps.

Under the law, combination loans are of two classes. One class requires that the loan have prior approval of the Veterans' Administration before a guaranty will be issued. In the other class, known as supervised loans, no prior approval is required. Two of the steps in cutting out combination loans apply to prior approval and two of them apply to supervised loans.

The steps are as follows:

After July 20, 1950, prior approval of second mortgage loans will generally be withheld unless the first mortgage loan is at a rate of 4½ percent or less.

After August 20, 1950, guaranty will generally be refused on supervised loans except where the first mortgage loan is at 4½ percent or less. After September 20, 1950, refused on new applications for prior certificates of approval will not be issued on combination loans. After October 20, 1950, combination loans will not be guaranteed. All loans already in process prior to this date, will be completed.

vised loans except where the first mortgage loan is at 4½ percent or less. After September 20, 1950, refused on new applications for prior certificates of approval will not be issued on combination loans. After October 20, 1950, combination loans will not be guaranteed. All loans already in process prior to this date, will be completed.

When police coaxed dog away, they found Simpson dead of a bullet wound and a note saying he was ill. A teen-aged son, sent for hamburgers, returned home to the tragedy.

### Ladies' Aid Meeting Friday, May 12

Worship in the home will be brought to the attention of the women who gather for Emanuel Lutheran's Ladies' Aid meeting, to be held at 2:30 p. m. in the school room at 417 West Third, according to word from the Ladies' Aid president, Mrs. Gene Bartley. The members goal for this month is a special guest.

### FOOT CUT ON GLASS

Mrs. Weldon Findley, Saturday, sustained a severe cut on her right foot, which is causing her to get around on a crutch. She had taken the glass top off her coffee table, wiped it off, and laid it aside while she was waxing the table. In some way, Mrs. Findley stepped back on the glass, it breaking and running into her foot. She will be unable to walk on her foot for possibly ten days, according to her physician.

### VISIT IN BROCK HOME

Mr. and Mrs. J. L. Pate of Lubbock and their daughter, Mrs. F. L. ## Redwine - Sullins To Hold Open House In New Building Saturday

The Sullins Farm Supply have moved from West Fourth Street to their new ARMCO steel building at Highway 84 and 54. C. V. Sullins, a former partner with L. E. Sullins, has disposed of his interest to Sam T. Redwine, and the business is now being carried on under the style of Redwine-Sullins Company. Mr. L. E. Sullins has been in business in Littlefield since 1945, and is also engaged in large scale farming.

Mr. Redwine came to the Yellow-house Switch from Abilene early in 1948, and became a partner of J. B. Haire in the Yellowhouse Gin. He sold out early in 1942, and has been buying cotton in Littlefield since. Last week he became associated with L. E. Sullins in the operation of Redwine-Sullins Co.

Open house is being observed by this firm Saturday, May 13, when there will be prizes for the ladies and kiddies with refreshments for all. Mr. Paymaster, popular radio commentator, will be there in per-

son to greet you. Redwine-Sullins Company are handling Paymaster Feeds, Com-Seed, Sprayers, Dusters for Insects, Fertilizer Spreaders and Attach-mental Fertilizers, Insecticides, ments.

## Pep Paragraphs

### JUNIOR-SENIOR BANQUET HELD AT PEP SCHOOL

The annual Junior-Senior banquet of the Pep High school was staged in the school cafeteria Thursday evening, May 6.

The Starlight theme was carried out in the decorations of silver and blue. Shooting stars, comets, and the Big and Little Dippers were unusual decorations arranged in a midnight blue setting, sprinkled with hundreds of tiny silver stars to represent the heavens.

The centerpiece was a huge silver star surrounded by star-dust and a cluster of blue and white candles set in star-shaped candle holders. Place cards were tiny hand-made dolls dressed in May Day attire.

The following program was presented: toastmaster and welcome, Bobbie Greener; response, Jerry Decker; jokes and takeoffs, Ronnie Owen; "The World Is Waiting

For the Sunrise," Betty Eubank. Lewis Owen gave the principal address, "Hitch Your Wagon to A Star."

The Junior class members are: Ronnie and Donnie Owen, Bobbie Greener, Martha Nell Decker, Betty Eubank, James Glumpler, Roberta Greener, Rhiemart Albus, Elroy Siminacher and Mary Helen Meyer.

Senior members are: Jerry Decker, Marilyn Kuehler, Eugene Sokora, Carol Owen, Ralph Demel, Dorothy Albus, Adriene Jungman, Hazel Davis and Virginia Frerich. Mrs. Clara Pearson is the sponsor of the Junior class.

Guests attending other than the class members were Supt. and Mrs. H. H. Deck, Mr. and Mrs. W. A. Pearson, P. J. Neff, Mr. and Mrs. W. M. Lowry, Mr. and Mrs. V. H. Diersing, Mr. and Mrs. C. A. Kuehler, Mr. and Mrs. E. J. Meyer, Mr. and Mrs. V. Glumpler and Mr. and Mrs. N. A. Feagan.

### New Baby Boy

## Work Underway On Expansion Of Telephone Exchange Building

Work has been started by the Southwestern Associated Telephone Company to enlarge and remodel the Littlefield Exchange building. The cost of this work will amount to more than \$100,000 and it will include the installation of additional telephone cables and switchboard equipment as well as expansion of the building.

When completed, Littlefield will have a modern telephone building and improved telephone facilities. The exterior of the building will be of light brick with a panel of dark Roman brick on the front and west sides. Glass panels will flank the glass doors at the entrance directly outside of which will be two conveniently located telephone booths.

Additional telephone facilities which will be added to give subscribers in Littlefield better service include another switchboard position as well as another circuit to Plainview.

Southwestern Associated Telephone Company has increased the number of telephones at Littlefield

tremendously during the past few years. On January 1, 1946, Littlefield had only 544 telephones, while today there are more than 1188 telephones in service. In four years the number of telephones has more than doubled and it is anticipated that Littlefield will have more than 2209 telephones by the end of 1953.

## Parker Receives 20 Years On Incest Charge

C. P. Parker, 57-year-old Spade farmer, was convicted of the charge of incest against him in district court Monday and was sentenced to 20 years in the state penitentiary.

Parker's case was one of 10 that appeared before the district court which convened under Judge E. A. Bills.

Cleo Goodson was tried and received two years on each of two indictments brought against him.

C. M. Carter, charged with forgery in two indictments, was sentenced to two years in the penitentiary on each indictment.

Ed Wood, who gave himself up after escaping Thursday, May 4, was given two years in the penitentiary on a forgery indictment.

Herman Crowder, charged with driving while intoxicated, second offense, was sentenced to two years in the penitentiary and put on probation under the Adult Probation and Parole Act.

The district court convenes again this morning with two murder cases, six civil actions, and a burglary indictment among the cases on the docket.

### From where I sit... by Joe Marsh

#### Mud Lake Gets "Cleared Up"

County officers got a notice from the government not long ago, asking them to change the name of Mud Lake. Seems it's a pond, not a lake, by government standards.

Because it lies entirely inside our town limits, we asked to do the name-changing ourselves. Figured we'd think up a brand-new name. Mud Lake's really not very muddy—sort of pretty, in fact.

County people said go ahead, so we held a Town Meeting. Everyone suggested something. Windy Taylor thought "Taylor Pond" would be nice, because his place borders

it—for about 80 feet! But we finally decided to call it "Turtle Pond" in honor of the real owners.

From where I sit, naming that pond wasn't the most important thing in the world—but the way we did it was. Everyone offered his opinion and then the majority vote decided it. That's the way it should be—whether it concerns naming a pond, or having the right to enjoy a friendly glass of beer or ale—if and when we choose.

## Speaks To Seniors At Wayland College

Plainview, May 2.—Dr. P. D. O'Brien of Big Spring spoke in chapel at Wayland College for Senior Day, April 28.

Sixty-eight high school seniors of Amherst, Sunray, Pampa, Wylie, Darrrouzett, Follett, Boise City, Okla., Duma, Dawson, Lubbock, Hurlwood and Borger registered. The chapel program also included Wayland's International Choir and the male quartet. The department heads were introduced to the visitors.  
At 12:30 p. m. the seniors attended open house in the dormitories. From 2 until 4:30 they visited the print shop, recreation hall, book store, library, and all departments of the school.  
They were guests at a barbecue supper at 5:30, followed by a short program. The day ended with a basketball game.
