

Fire Inspection Here Set For May; 50 Special Agents To Make Survey

OFFICIAL NEWSPAPER OF LAMB COUNTY

LAMB COUNTY LEADER

C of C Approves Two-Day Search For Fire Hazards

Plans for an extensive fire inspection in Littlefield to be conducted by about 50 fire insurance agents were approved by the Chamber of Commerce board of directors at a meeting Tuesday morning. The inspection, set for a two-day period in May, will be for the sole purpose of pointing out fire hazards.

Littlefield is one of six cities in Texas selected as representative for the fire survey. Tom Hamm, a representative of the West Texas Field Club, an organization of insurance men, presented the proposal to the Chamber board. He was accompanied here by five other club members.

David Keithley was named chairman of a committee to work on the fire inspection, which will not incur any expense to the board.

In announcing plans for the project, Pat Mann, Chamber of Commerce manager, declared that the fire inspection definitely was not brought about by the recent \$115,000 Walker elevator fire here, but was planned before that fire.

Mann said the inspectors would not be a police group of any kind, would not report fire hazards to insurance companies, and would not have any effect on Littlefield fire insurance rates.

The program, Mann declared, has fire prevention education as its sole aim. "If the inspection prevents even one fire, it will have been worthwhile."

Other business transacted by the directors Thursday included receiving a resignation, hearing plans for the 4-H and FFA Stock Show and for an Armed Services Day parade.

Director Frank Bartley presented his resignation, which was accepted "with regret." Bartley, employed by Anthony's, is transferring to Hobbs, N. M.

Nelson Naylor, chairman of the Stock Show Committee, reported that plans are well in hand and said that two more cars are needed to take winners of the stock show Fort Worth April 8.

The board agreed to cooperate with the recruiting service in promoting Armed Services Day in Littlefield if the American Legion and V. F. W. were in favor of it.

UNDERGOES OPERATION

Mrs. Rirchad Henderson, teacher of music in the Springlake schools, underwent an operation for appendicitis at the Amherst Hospital Tuesday, and is getting along fine. Mrs. Henderson is the former Miss Jeri Robason. She is a niece of Mrs. Vernon Hofacket of this city.

Mrs. James Gordon, Mother Of Local Woman, Succumbs

Funeral services for Mrs. James M. Gordon, 74, of Lubbock, mother of Mrs. Hector Mackay of Littlefield, were held at 4 p. m. Tuesday in the First Presbyterian Church in Lubbock.

Mrs. Gordon died unexpectedly Sunday morning in her home. She was the wife of Dr. James Marcus Gordon, dean emeritus of arts and sciences at Texas Technological College. They came to Lubbock in 1925, shortly before Texas Tech opened for the first time, and Mrs. Gordon had been active in church and women's activities.

She was also a long-time member of the 1916 Needle Club. She was for many years an active participant in Texas Tech faculty wives activities and a former member of the Delphian Club.

The Gordons celebrated their 50th wedding anniversary with an open house attended by scores of friends on December 22, 1946. All their children except Lyn Gray Gordon were present for the golden wedding celebration.

Dr. Jack M. Lewis pastor of the First Presbyterian Church, officiated at the funeral rites. Interment was in Eastlawn Cemetery under direction of Rix Funeral Home.

Surviving, in addition to Dr. Gordon and Mrs. Mackay, are four sons, Dr. Maurice Gordon of Ardmore, Okla., Wilson Harold Gordon of Amarillo, Gerald Gordon of Colorado City, and Rev. Lyn Gray Gordon of Fawn Grove, Pa.; five grandchildren, Robert, Joseph and Frederick Gordon, sons of Dr. and Mrs. Maurice Gordon, and John and Alice Gordon, children of Mr. and Mrs. Wilson Harold Gordon of Amarillo.

Lions Club Hears Youth Center Plan

Proposals for a youth center for Littlefield and Lamb County teenagers were outlined by C. S. Duncan at a Lions Club luncheon Wednesday in the Legion Hut.

Rotarian M. O. Mitchell was a guest of the club. Members reported a good attendance.

Plains Farmers Defend Water Laws

Control Law Have Chance Prove Itself

Plains Response Marillo Hearing "Gratifying"

Plains farmers and appearing before the Water Code Committee Monday, presented their defense of the underground water law.

Four speakers who testified at the hearing, Arthur Duggan, attorney representing the Plains Water Conservators Association, said he believes the committee will give the law, which controls on a local level, a chance to prove itself.

He added that response of the law to testimony by the water groups was "very gratifying."

The Marillo hearing was one in which the Water Code law is taking testimony to the legislature recommending for a uniform water law. The group is co-operating with surface water groups also taking testimony on ground water.

He believed that after the hearing, in which the law's case for support is being voiced, enactment of the code committee is not to recommend the law, but to give more opportunity to the law.

At the Tuesday interview, he declared that the High Conservation district in the law are set up by the law are

and that attendance and several hundred plains ranchers had a favorable opinion on the committee. All of the 400 farmers (Continued On Back Page)

Rev. Carter McKemy, Pastor of the First Presbyterian Church, Littlefield, is announcing a revival meeting opening at that church Sunday, April 2, continuing through Sunday, April 9.

Rev. J. Hoytt Boles, outstanding Evangelist of Fort Worth, will do the preaching. The meeting will be held at 7 A. M. and 7:30 P. M.

BATTERIES STOLEN

Two batteries were stolen from his irrigation pump on his farm four miles east of Littlefield, Leonard McNeese complained to Sheriff's office Wednesday. McNeese said the batteries were taken Tuesday night.

WOW Degree Team Will Enter Competition In Dallas April 8

Officers and the degree team of Woodmen of the World in Littlefield will journey to Dallas April 8 to compete against three other teams in a regional competition on ritualistic work.

The competition will be at 4 p. m. in the Baker Hotel, with teams from Littlefield, Nacodoches, Beaumont and Lake Charles, La., participating.

All members of the degree team are urged to attend practice sessions set for 3 p. m. Sunday, March 26, and for 7:30 p. m. Thursday, March 30, at the Legion Hut. Wayman Barker is degree captain.

John Anglin To Give Concert Here Friday

John Anglin, negro tenor, will appear in concert at the Littlefield High School auditorium at 8 p. m. Friday, March 24.

The concert is under auspices of the Lamb County Concert Association. Only members with season tickets will be admitted. Tickets are transferable, however, and persons in Brownfield, Levelland or Hereford who belong to the organization may attend.

Anglin plans a concert for a negro audience Saturday afternoon in St. John's Church. The concert will be free.

Spring Makes Bow With Fair Weather

Spring brought fair, sunny weather to Lamb County and Littlefield, where both farmers and housewives were this week digging out after two of the worst dust storms of the season Saturday and Monday.

Spring made its official arrival at 10:36 p. m. Monday. Tuesday and Wednesday were warm sunny days—with no winds.

The week's temperatures, as reported by the West Texas Gas Company, were:

	Low	High
Thursday, March 16	37	70
Friday	39	81
Saturday	50	74
Sunday	23	68

Littlefield Makes \$533 Payment On Canadian Project

Littlefield has paid a \$533.60 contribution towards promotion of the Canadian River Dam project, City Secretary W. G. Street reported.

A check allowed by the city commission was forwarded to the Panhandle Water Users Association March 18, Street said.

The contribution was assessed on the basis of water users in Littlefield. This city is one of eleven actively interested in the Canadian Dam project; nine have paid their assessments.

The Panhandle Water group reportedly is anxious to have a representative from each project city attend a Washington hearing set for April 18 by a subcommittee of the interior and insular affairs committee of the U. S. Senate. The sum of \$150 will be paid to one representative from each city toward expenses incurred by the trip to Washington.

Littlefield, Olton, Amherst Behind In Red Cross Drive

With \$5,380 in the coffers so far, Lamb County still lacks \$1,545 on its \$6,925 quota in the annual Red Cross fund campaign, Mrs. Lyle Brandon, executive secretary, said Wednesday.

Work is continuing in Littlefield, Olton and Amherst, and these towns will have to make their quotas to put the drive "over the top."

The county-wide picture shapes up like this:

Olton, with Truett Sides in charge of solicitations, needs \$650; Amherst, with Mrs. Joe Adkinson in charge, needs \$695; Littlefield needs \$200 more and Earth needs \$75 more.

Pleasant Valley, Sudan, Spade and Fieldton are "over the top." Hart Camp hasn't done anything towards the drive yet.

Lamb County Census Workers Appointed

Names of 21 enumerators appointed to carry out census-taking operations in Lamb County were announced Tuesday by Preston Hawks, Sudan, county supervisor. Workers in Littlefield will be Mrs. Rhoda Bessie Price, Mrs. Georgia Fay Tomson, Rev. Elvin Ray Ingram, Mrs. Gladys Joplin, Mrs. Almada B. Duncan, Mrs. Madge M. Henderson, Roy L. Gattis and Mrs. Gayle L. Murray.

Other urban appointments include Mrs. C. C. Allen, Olton; Mrs. Gladys H. McCaskill, Earth; Mrs. Laura B. Hedgpeh, Amherst; Mrs. Jane Close and Mrs. Thresa Bacus, Sudan.

Naced to serve in rural areas were Mrs. Daisy B. Campbell, Star Route 2, Olton; Mrs. Dorothy F. Duffy, Rural Route, Earth; Chester A. Harvey, Route 2, Sudan; L. A. Robinson, rural, Littlefield; (Continued On Back Page)

"Jumper" The Flying Squirrel

By Faith Helen Faust

This is the eighth in a series of original stories written by Miss Faith Helen Faust, 12-year-old daughter of Dr. and Mrs. F. B. Faust of Littlefield. The clever child also illustrates the stories, which appear every Thursday in the Lamb County Leader.

Jumper was an unusual flying squirrel. Instead of being brown, he was white one black ear. Jumper acted very smart. He said no one could do as many things as he could. He could do everything and he knew every thing.

In the tree next door lived an old squirrel named Mr. Boxie. Mr. Boxie was very wise. He did not

know everything. No one knows everything. Jumper only thought he did. Mr. Boxie knew Jumper would be sorry and he said so.

One day Jumper was boasting that there was nothing he couldn't do. A bird came to him and said, "I know something you can't do."

Jumper was very angry. He asked, "What?"

"Fly," I can. I am a flying squirrel," said Jumper.

The bird flew away, trying to think of something else.

A bear crashed out of the bushes. His noise scared the other squirrels. They scampered up the trees.

The bear growled, "You can climb trees, I notice, and you can fly, too. Well, I can't think of anything besides that you aren't frightened."

Jumper had stayed where he was when the bear came through the bushes.

Now he said, "Those other

Bull Lake Philosopher Wants Rain-Making Job For Nation; Could Collect Somewhere Every Month

EDITOR'S NOTE: The Philosopher on his Johnson grass farm on the Bull Lake won't get anywhere with his proposal this week but you can't blame him for trying.

Dear Editor:
I was wandering around out here the other afternoon enjoying the Spring weather—ain't nothing that'll give a man a lift like Spring weather, outside of a government check in the mail box—when I picked up a copy of the Star Telegram which somebody had wrapped a lunch

in and which, don't make no difference if it is a big paper, ain't on more ant-proof than yours, but anyway I shook the ants out of it—sat down and read where the city of New York has hired a man for \$50,000 to produce rain to relieve the water shortage up there.

I noticed the scientist who got

this rain-making job says he can't guarantee to make rain every day, there'll be some days when he fails, some when he succeeds.

This seemed to suit those New York officials and they handed over their \$50,000.

I been thinking, I believe I would be willing to undertake a rain-making job on that basis, not only for one city but for the whole country, and will do it for less money.

Of course like the New York scientist I can't be expected to succeed every time, and when it doesn't rain, the country doesn't owe me anything, but when I do succeed and it does rain, I collect. Figure if I get the rain making franchise for the whole country I ought to collect something from some part of the nation nearly every month, maybe even every week.

The way this looks to me, it'll beat farmin' all to pieces. If those New Yorkers have got that kind of money to spend I'd sure like to get in on it.

Yours faithfully, J. A.

Census Divides Whole Into Holes

April 1, about 40,000 fact-finders for the census will begin a census of 45 million American dwelling units, six million farms, and six million Americans.

An operator places cards into an electronic statistical machine. Cards are seen in the sorting racks of the machine which can sort cards into predetermined groups.

That day, the job of collecting the largest single body of statistical information available for general use in the history of the United States will be made, will be made, will be made.

The United States census has its roots in the heated debates of the constitutional convention over the question as to whether states should have proportional representation in the congress of the United States. The struggle resolved in favor of the true democratic fashion of apportionment. Two seats in the house were provided for each state, a varying number of seats in the house or representation to the population of each state.

Under this provision, the census of our constitution is taken for a population count every 10-year interval. The first census was taken in 1790, and since that time the census has been taken every 10 years. The census of 1950 is the 50th anniversary of the first census.

One of the questions asked for every fifth dwelling unit, the fact that you have or do not have a television set will appear as a small rectangular hole punched in the proper column of a card.

The card in which that hole is punched will contain all the other information obtained about the dwelling unit in which you live. The cards will then be automatically stored, and those cards with a hole in the place coded for television set owners will be selected from those cards with no punched holes in that spot. Then statistical and accounting machines will print the results into the desired tables.

The scope of the sorting operation alone can be visualized best when we realize that the task of transferring the basic facts from census questionnaires to the cards by means of key-punch machines will take about a year, and it is said that approximately two million cards will be punched every day at operation peak.

This is the way the census divides its whole mass of meaningless information into meaningful items of data.

Sen. LeBlanc Continues Rationing of Hadacol

The continued increasing demand for HADACOL, one of the truly great medical discoveries given to the world by Senator Dudley J. LeBlanc, has made it necessary to decrease the ration allowance on HADACOL from six bottles to two bottles.

"We placed the limit at two bottles to a customer only after trying every other alternative," said Senator LeBlanc. "The de-

mand for HADACOL has increased 100 per cent in the past year as more and more people have learned the blessings of its five B Vitamins and four important Minerals. Despite our new \$250,000 plant equipped with the most modern machinery and our fleet of 30 great trucks to speed delivery, we just cannot keep up with the demand.

"We placed a ration limit of six bottles to the customer several weeks ago but still cannot catch up with production. Our 300 employees are working shifts around the clock but one bottleneck after another comes up. We expect to lick them all but meanwhile we are asking our customers to have patience and accept no inferior substitutes.

"For instance, when I created HADACOL I read every available authoritative medical and drug book in order to use the very finest ingredients regardless of cost. For instance, I read on page 234, U. S. Dispensatory, 23rd edition, that 'Theoretically Calcium Glycerophosphate should be for many purposes be superior to most other calcium salts because it represents both calcium and phosphoric acid in a soluble combination.'

"Little did I realize when I made Calcium Glycerophosphate a part of the now famous HADACOL formula that in time the demand for this great medical discovery—HADACOL—would be so great that we would use up the entire available supply in the United States of this product. But that is exactly what we have done and great plants throughout the nation are now working to increase their facilities to expand production of this essential ingredient which blends with other expensive products to help so many million suffering people in distress.

Yes, in HADACOL Senator LeBlanc envisioned the medicine that would bring blessings to folks of all ages, and in perfecting this formula he worked in his own small laboratory, sometimes 18 to 20 hours a day. Perhaps others could have placed the same ingredients in a medicine, but it remained for him to develop a formula which contains the most expensive ingredients of their kind. For instance, he uses Vitamin B-6 which costs at the factory \$550 a kilogram, which is less than half a gallon.

ROYAL JOCKEY FOR JUMBO . . . Prince Michael, son of the Duchess of Kent and nephew of King George VI, realizes an ambition of boys the world over by riding the broad back of Jumbo the elephant during a tour of the London zoo.

FROM RICHES TO JAIL . . . Kenneth Blackmore, hotel auditor missing 20 months with \$13,381 in hotel funds, gave himself up to police in San Francisco. He explained his abscondence: "It was a balmy day, the sky was blue, sun was shining, and I decided to take off."

VOICE OF LABOR . . . Prime Minister Clement Attlee, Britain's Labor government head, announced that his party would form a new government despite its slim margin in recent election. The new government will have to walk warily.

HAIR-RAISING STUNT . . . Dr. Richard Hitchcock demonstrates for members of the Chicago Association of Commerce and Industry by taking an electrostatic wallop of 250,000 volts during a nuclear energy display.

"NONE OF YOUR IMPUDENCE!" . . . The meek little lion cub, one-third of litter born at Franklin Park zoo (Boston), gets close-up of his mama's dental armament as she shows her resentment at being photographed.

Arthur Baumgart, Frankfurt, Germany, will fly a Montgolfier balloon, which flies on carbide, during his participation in a movie documentary, "Capturing the Air," to be produced by France-German film combination. He is the only man in the world who has a license to fly this type aircraft, invented in 1782 by Joseph Montgolfier. Baumgart, 70, is looking at a picture of the ancient aircraft.

DRAMATIC MOMENT . . . According to the Motion Picture Photographers' association, this scene, showing Kirk Douglas in "Champion," was the most dramatic film moment of the year. Douglas is a leading contender for an academy award.

News Events As Told By The Camera

DESERT SKI QUEEN . . . Chosen queen of the fourth annual Thunderbird ski meet at the Arizona snow bowl, Flagstaff, pretty Bonnie Walker, 18, sits beside a Phoenix, Arizona, swimming pool waxing her skis for the event.

TRIPLETS INCREASE HIS BROOD TO 38 . . . Edgar Munoz, 71-year-old native of Spain, whose seventh wife presented him with triplets recently, poses proudly with the surviving two at the hospital in Lamesa, Texas. His 37th and 38th are a four-pound and a five-pound boy. The 39th died shortly after birth. Kneeling beside the boys are five of Torres' other children.

"LAZY BONES" . . . A "BEARDEN" TO HER CAREER . . . A top film studio reported to have flown to Tucson, Ariz., to put a chill on the career of Shelley Winters, actress, and Gene Bearden, star of the Cleveland Indians. Miss Winters is on location in the desert and word is filtering back to Hollywood that she hopes to be a "bearden" when his divorce becomes final. Studio says it would be a burden on Miss Winters' career.

WHY DOES FASCIST'S WIFE RATE A SALUTE? . . . At the entrance to the Rome military hospital, a soldier salutes the wife of former Marshal Rodolfo Graziani, the highest ranking Fascist brought to trial in Italy since the war. Graziani went on trial on charges of treason and desertion, with the charges based on his activities as minister of war in Fascist government set up behind lines after late King Victor Emmanuel surrendered to the Allies in 1943.

SEEKS FORTUNE . . . Mrs. Eva Hoover, Pittsburgh widow, has filed claim to 17 million-dollar snuff fortune of Henrietta Garrett, claiming she is the "unwanted" daughter of the Garretts. She says she has a letter written by her foster mother to prove her claim.

Hundreds Tell Bob Wills Of Hadacol's Numerous Blessings

Bob Wills Hears About HADACOL'S Blessings

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Betty Lou Lobb, 720 College St., Bethany Okla., a very promising young singer, tells Bob how HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWHN, Fort Smith; KGLC, Miami, Oklahoma; KLYN, Amarillo, and KWFT, Wichita Falls.

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind."

Hundreds have told Wills of the blessed benefits of HADACOL and the following statement by Miss Betty Lou Lobb, 720 College St., Bethany, a well known singer, is a good example.

"I was tired, run down and lost my appetite. I suffered with gastric disturbances. I had tried almost everything but it didn't seem to help me. I had heard about the wonderful results HADACOL had been bringing to so many of my friends. Soon after taking HADACOL I was feeling much better, had no gastric disturbances and had a wonderful appetite. I am no longer nervous. I am sure that HADACOL has helped me a great deal and I recommend it to my friends."

Miss Lobb suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of the lack of the

B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks.

HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

It is easy to understand, therefore, why countless thousands have already been benefited by

this amazing tonic, HADACOL.

So, it matters not who you are . . . it matters not where you live . . . or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Accept no substitutes.

Game Night, Box Supper, Style Show Planned by FHA Chapter

Plans for a chile supper and game night entertainment on Tuesday, March 28, are being made by the Future Homemakers of America Chapter of Littlefield High School.

The party, to which the public is invited, is one of several money-making projects of the chapter, which is raising money to send delegates to a Home Economics Rally in San Antonio April 27 and 28.

To Sell Tickets

Tickets, priced at \$1 each, will go on sale at the end of this week. Miss Ruth McCormick, chapter president, announced. They may be purchased from any chapter member or at the door on the game night.

The party will be in the Legion Hut, and the girls will start the evening by serving a chile supper at 7 p. m. Afterwards, guests may play 42, dominoes, canasta or bridge.

Plan Box Supper

Chapter members will also sponsor a box supper, the date to be announced later. A style show and Tom Thumb wedding are tentatively set for April 20 in the high school auditorium. Home economics students will model clothing made in classes, and will invite local department stores to sponsor other models.

Three out-of-town judges for the style show will be selected, according to Miss LaVerne Hayhurst and Mrs. Frances Nesmith, sponsors.

To Attend Rally

Money raised will be used to pay the expenses of three girls to San Antonio rally, and any funds left over will be used to buy serving pieces for the home economics silver service.

Dorothy Yarbrough, an area FHA officer, and two other girls will make the trip. All members are working on a point system, and girls with the greatest number of points will win the expense-paid trip.

Sponsorship of Odie Echols and his Melody Boys Quartet from Lubbock in a public performance March 13 was the first of a series of money-raising projects sponsored by the FHA girls. The variety show netted them about \$15.

Buffet Supper

Their second entertainment project was a buffet supper Monday night, March 20, to which their mothers and school officials were invited. About 100 persons attended.

Home crafts and clothing made in classes were on display during the dinner, held in the home economics department rooms.

Woman's Club Assumes Youth Center Sponsorship At Called Meeting Tuesday

Following a called meeting Tuesday morning in Hays Coffee Shop, the Woman's Club announced that members voted to sponsor a youth center for the teen-agers of Littlefield and the surrounding areas.

A planning group made up of Littlefield business and civic leaders and parents is making plans to establish the youth center. Cooperation of the youngsters is being sought, and Manell Hall, chairman of the temporary planning group, will address a meeting of teen-agers set for 3:45 a. m. Thursday in the high school auditorium.

Under present plans, the youngsters would be responsible for

organization and operation of the center.

An announcement made by the new sponsor said "Any youth who conducts himself properly will be welcome to the center"

"The business men of Littlefield are willing and ready to undertake the financial end of the enterprise. The Women's Club will take the responsibility of its organization.

"The youth center will not supplant the home—it will merely supplement it. It is to be non-demonstrational, non-partisan and non-political. Plans are being made to engage a paid director or counselor, and the project will be kept wholesome at all times."

Lutheran Missionary League Hears Talk By Mrs. Ernest Sell

"The Church Organized for Work" was the topic of a program led by Mrs. Ernest Sell at a meeting of the Lutheran Women's Missionary League in the school March 19.

Mrs. Sell explained the purpose of various organizations within the Lutheran Church.

The meeting was opened with prayer and scripture reading by Rev. Heckmann. Mrs. Cleve Colbert gave a report on the European Orphanage which the League is helping.

Attending were Mrs. E. J. Brandt, Mrs. Cleve Colbert, Mrs. Freddie Friday, Mrs. H. A. Heckmann, Mrs. Adolph Lueck, Mrs. Carl Reinsch, Mrs. Walter Timian, Mrs. Gene Bartley, Mrs. Ed Drager, Mrs. H. E. Gohke, Mrs. E. C. Hill, Mrs. Ernest Sell and Mrs. Tommy Mauk. The meeting closed with a prayer.

Lutheran Official Asks President To End Vatican Mission

A request to bring to an end the Vatican Mission formerly headed by Myron C. Taylor as the personal representative of the President of the United States was recently made by Dr. J. W. Behnken, president of the Lutheran Church-Missouri Synod, according to information received by H. A. Heckmann, pastor of Emmanuel Lutheran Church of Littlefield. Telegrams containing this request were sent to President Truman and Secretary of State Dean Acheson.

"We believe that the Vatican Mission," said Dr. Behnken in his telegram, "in view of its diplomatic or semi-diplomatic status is in direct violation of the first amendment to the Constitution, which forbids the recognition of one church in preference to others, or the granting of one church of preferred status over others."

"We have accepted your promise," continued the message to the President, "to terminate the Vatican Mission at the proper time. We firmly believe that with the resignation of Myron C. Taylor the time has arrived to take your promised action."

The Lutheran official declared that "termination of the Vatican Mission will help to strengthen proper relations of all American churches with our government. It will also put an end to the confusion of church and state inherent in relations with Vatican during the recent past."

Lenten Service Set For Sunday Evening

Lenten services at Emmanuel Lutheran Church, rather well attended last Sunday night, will continue this coming Sunday night, at 7:30 P. M. when the assembled worshippers will be asked: "Barabba Or Jesus?" Special devotional music proceeds the hour of worship.

To spend an hour watching with the Master is the invitation extended by Emmanuel Lutheran, according to Pastor H. A. Heckmann.

Miss Theresa Jungman and Jehu Feagley Married Friday Afternoon

A. H. Jungman, Mr. and Mrs. Frank Sinnacher, Mr. and Mrs. J. W. Walker, Valerie Jungman, and Adriene Jungman.

On Wedding Trip The couple left immediately after the wedding reception given in the bride's home, for a trip to Palo Duro Canyon.

Mrs. Feagley is a graduate of Pep School and is now employed as supervisor of the Pep School Cafeteria.

Mr. Feagley is a graduate of Amherst school, and is a progressive farmer of the Amherst area.

Mrs. Feagley will continue her work at Pep for the current session after which the couple will live in the Whitharral Community.

Half-Point Margin Gives Wildcats Close Win At Morton Track Meet

Littlefield High School's Wildcats won a five-team track meet in Morton Tuesday by half a point, nosing out the Morton Indians 53 to 52 1/2.

Finishing well behind the two top teams were Brownfield with 31 1/2, New Deal with 13 1/2 and Plains with two and a half.

Littlefield clinched the victory on the final event, the mile relay, when the second Wildcat team entered in the event won fourth place. Morton's fine relay team beat Littlefield for first place, but the additional team clinched the victory.

Coach Forrest Martin of Littlefield accompanied 23 track boys to Morton for the meet.

No outstanding times or distances were reported in the meet. The complete results:

120-yard hurdles—Won by Smith, Morton; Burns, Morton, second; Amburg, Brownfield, third; Gray, Littlefield, fourth. Time—18.9.

SPRINGLAKE TO PLAY SMYER AT PEP SUNDAY NEXT

The Pep Outside Boys basketball team went to Smyer Sunday afternoon for the opening season's game.

Fifteen players came out for this game and they were all good prospects for the coming season.

Jim Greener was star hitter and McDaniel was winning pitcher.

Barney Johnson of Smyer was losing pitcher in the afternoon's practice game.

The Pep boys won. A double header will take place at Pep next Sunday afternoon, when Springlake and Smyer meet the Pep Team on the Pep Field.

Week End Guests
Kathryn Greener, daughter of Mr. and Mrs. Herman Greener, who is attending Tech this season, was a week end visitor here.

Visit in Meyre Home
Joe Gerik, Anton Demel and Gaubert Demel returned Thursday from a four day fishing trip in the Rio Grande region.

Mr. and Mrs. W. A. Pearson and Mackey were in Amarillo Saturday.

PEOPLE YOU KNOW

Mrs. Al Chambers and son, Tim, left Saturday to visit her sister at Paducah, Texas, returning to Littlefield Wednesday.

Mr. and Mrs. Hamp McCary were in Matador for the past week end. They visited old friends, Mr. and Mrs. Joe Bloodworth.

Mrs. Cecil Foster and several others of Sudan went to Lubbock Wednesday to select new seats and carpeting material for the new Church of Christ in Sudan.

Miss Ann Leverett of Lubbock spent the past week with her brother, Rev. Jesse Leverett of Bula.

Dr. C. E. Payne's sister, Mrs. Madge Berry, of Lubbock spent Sunday visiting in Littlefield.

Mr. and Mrs. Mutt Hufstelder and children visited her parents at Frederick, Okla. last week.

Mr. and Mrs. Roy May of Sudan are finishing a new home in Sudan.

Mr. and Mrs. W. Mayfield of Amherst are on an extended palseur trip to Southeast Texas.

Plants Potatoes
W. C. Woods, farmer west of Springlake, reported that he put in 85 acres to Idaho potatoes on his irrigation farm last week. Woods is conducting an experiment to see how well the Idaho potatoes will do in this country when planted at this time of year.

Mr. and Mrs. Leslie Browning were called to St. Jo, Texas, late Friday.

Buenos Aires, capital of Argentina, is a Spanish phrase whose literal meaning is "good air."

Dimmitt Girls End Basketball Season, Refuse Altus Offer

Dimmitt's championship girls basketball team definitely has ended its 1949-50 season, Coach J. W. Blaine announced.

Earlier, it had been rumored that Dimmitt sextet, which beat Iowa's state titlist, Slater, in a special playoff Saturday night at Waco, possibly would be matched against Altus, the Oklahoma state girls champion.

Coach Blaine said, however, that the proposed game never had gone beyond the "talking stage," and that members of the Dimmitt school board had voted to ring down the curtain on the Bobbies' 1949-50 cage program.

Thus, Dimmitt finished with a 34-2 season record, bowing only to Dalhart and Cotton Center in invitational tournaments during the year. Four of the Bobbies' triumphs came in the Texas state playoff at Waco, after which the Plains team trounced Slater, 47-20, in the interstate game which had been arranged as a part of the official program of the High School Girls Basketball League of Texas.

Sudan Board Names 8 Department Heads

Coach Francis Smith, O. B. Stamper, L. L. Browning, E. E. Chance and Mrs. Viola May were named to new terms with the Sudan Independent School last week when the Sudan school board took action on the appointments.

According to members of the board it is the policy of the board in their regular February meeting to name the Superintendent, this was done last month. A. Dooley was named to a new two year term. In the March meeting, which was held Monday night, March 13, the board named the coach, high school principal, vocational agriculture instructor, and the vocational home economics department head. Each was named for an additional one year term. The board also voted to employ an assistant coach for the coming year.

The board will name faculty members in their April meeting.

A. Dooley, superintendent of Sudan schools, in commenting on action of the board said that the administration was highly pleased with the cooperation being shown by the board, the patrons and the students of the school. Continued Dooley, "We feel that we are having a good school and are looking forward to having a better one in the future."

Start Construction On New Garage Building

Construction work was started last week on a new Chevrolet Garage building by E. E. Crow at the corner of 1st and Commerce streets in Sudan. The new building will be constructed at an estimated cost of \$40,000.

According to Mr. Crow the new structure will be of tile construction and the corner section of the building will be 65x40 feet with the garage and storage part running a full 150 feet.

The present Crow Chevrolet building will be converted into a body shop and storage room.

Mr. Crow said that construction of the new building would take approximately 90 days to complete.

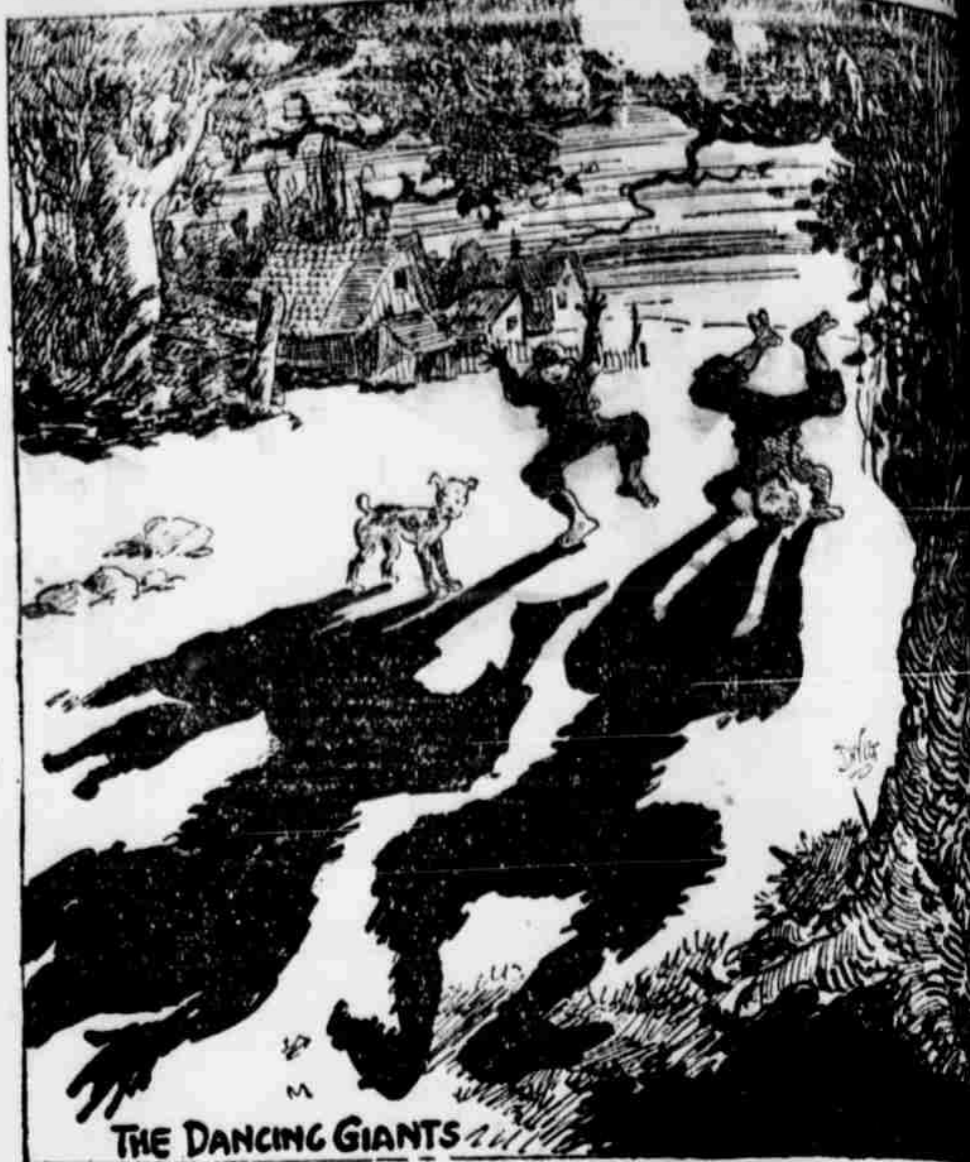

Future Homemakers To Attend Meeting In Borger Saturday

Representatives of the high school Future Homemakers of America will attend a district FHA meeting in Borger Saturday, March 25.

Dorothy Yarbrough, area treasurer, and Ruth McCormick, chapter president and voting delegate, have been selected to go, together with Eva Jane Fields. They will participate in a style show, modeling dresses made in home economics classes here.

Sponsors, Mrs. Frances Nesmith and Miss Laverne Hayhurst will accompany them.

SCHOOL DAYS

Local Stockholder Reports Young Insurance Firm Making Progress

Henry Banks, of Banks-Packwood Motors in Littlefield, attended the annual stockholders meeting of the United Bankers Insurance Company in Dallas recently.

Banks reports that the company, which was organized in 1946, although one of the youngest life insurance firms in Texas, has made rapid progress each succeeding year.

A gain in assets between 200 and 300 per cent each year is reported, and Banks says it promises to be one of the greatest companies of the state within a few years.

Some of Texas' leading citizens are stockholders or directors in Dallas.

According to Dunne's Insurance Report, the largest policyholders' reporting service in the world, the policyholders' rating of the company as of January 1, 1950, was A plus, or excellent.

Dunne's report states that 78.47 per cent of the assets of the company is represented by cash. The remainder is in first mortgage loans approved by the State Insurance Department; in federal insured building and loan certificates and policy loans.

This is a very healthy condition, Dunne's adds.

SUDAN SCHOOL ELECTION APRIL 1

Sudan Independent School District will hold an election April 1 to fill vacancies caused by the expiring terms of two trustees, Guthrie Allen and Elgan Baccus.

Guthrie Allen and Earl Chester's names have been filed at the recommendation of the school board. Elgan Baccus, who is senior member of the board, declined to have his name filed. Mr. Baccus said he didn't have any children in school now and had served two terms and felt it was to the best interest of the board to nominate a new man.

Superintendent Dooley said he and the board members would like to commend Baccus for his wise counsel and untiring efforts during his tenure of office, especially during the war years when the job was so difficult to fill, and expressed regrets in losing him.

Gus Bellamy will be the election judge, with Mrs. R. K. Boyd and Mrs. C. H. Nichols as clerks. The election will be at the City Hall.

THE MIDDLES By Bob Karp

Preston Smith To Run For Office Of Lieut.-Governor

Preston Smith, 38-year-old Lubbock business man, entered the political arena this week by announcing his candidacy for Lieutenant Governor.

Smith is a three-term veteran of the Texas House of Representatives.

PRESTON SMITH

lives. He was first elected in 1944 to represent District 119.

During his service in the House, Smith has been for four years a member of the appropriations committee. He has also served as chairman of the sub-committee on higher education of sound business methods in the operation of the state government.

Born on a Williamson County farm, son of Mr. and Mrs. C. K. Smith, he stayed with farm life until 1931. He is the seventh child in a family of 13 and has six brothers and six sisters.

Much of his career in the House has been devoted to championing the cause of Texas' rural people. He was author of the rural hospital bill and co-author of the rural telephone bill, and also has been active in the fight for farm-to-market roads and soil conservation. Smith has been a supporter of all veteran legislation.

Commenting on his race for Lieutenant Governor, Smith said, "Much of Texas' population is centered in rural areas and, small communities. Unless you have lived on a farm or in one of the very small towns, of which there are many in the state, you can't realize how much is needed in the way of worthwhile legislation for the rural areas. Texas needs the services which the rural population provides. The rural population needs better facilities for day-to-day living. As Lieutenant Governor, I will continue my efforts to see that this important segment of our population receives as many needed improvements as possible, along with other necessary and important legislation."

Cub Den Makes Field Trip To Sand Hills

Den 7 of Cub Scout Troop 41 made a field trip to the sand hills Sunday afternoon. Several Indian relics were found.

Boys making the trip were Lewis Foley, Terry Thornton, Wesley Clark, Larry Sharp, Eddie Koger, Jack Reese, Charles Clark, Billie Duncan and Kenneth Ferguson.

Leaders accompanying the boys were C. G. Clark, Les Reese, C. L. Walker, A. D. Vandagriff and L. L. Sharp.

Judge Dent Speaker At Halfway Meeting

County Judge O. F. Dent was the main speaker at a meeting of the Halfway Farm Bureau last Thursday night in the Halfway school-house.

The judge, a vice president of the Texas Rural Roads Association, spoke to the group about the rural road program. About 125 persons attended the monthly Farm Bureau meeting.

Plains Farmers—

(Continued From Page One)
 in the audience stood in favor of present legislation at the request of W. O. Fortenberry, irrigation farmer at New Deal and president of the High Plains group. Fortenberry was the first witness.

In his testimony, Duggan defended the present measure as "a good law" and satisfactory to local farmers.

"Is it a good law because it authorizes control or prevents control?" asked J. C. Cantrell, banker at McKinney and a member of the committee.

"It isn't that," Duggan replied. "The bill is designed for conservation."

"Do you know of any district which has been formed on the High Plains under the law?" Cantrell asked.

"I know of none," Duggan said. "Landowners hardly have had time. It has been on the statutes only since last summer."

When Sam Aldridge, Farmer County attorney, took the stand, Cantrell asked "How does the present law allow for conservation, if there is no agency to prorate the output?"

"Spacing of wells takes care of that," Aldridge said.

"Only if you have a district," Cantrell added, Aldridge conceded the point.

L. A. Howard, lawyer and farmer in both Lubbock and Amarillo, declared the underground water decline is not serious enough to warrant regulation by "a remote central agency in Austin dealing with something it knows nothing about."

In the part of the Code hearing which dealt with the Canadian River, H. E. Robbins of Amarillo regional director of the U. S. Bureau of Reclamation, declared that the proposed project would be "a sound investment."

In reviewing the project, Robbins explained that about \$79 million of the estimated \$85 million cost would be repaid from the sales of water from it.

The project proposes a dam and reservoir on the Canadian River northeast of Amarillo and a pipeline system to convey the impounded water to towns and cities participating in the project. Eleven cities, among them Littlefield, have show active interest.

The committee announced preparation for a hearing in Washington on April 18 before a subcommittee of the interior and insular affairs committee of the U. S. Senate.

Among the large group of Lamb County representatives at the hearing were Gus Parrish and Jim Watson, president and secretary, respectively, of the Lamb County Water Conservation Association; Mayor A. C. Chester; Ben Gann of Anton and Dick Carl of Littlefield, president and manager, respectively of the REA-operated Lamb County Electric Cooperative; J. D. Kirkland, J. D. Hagler, Archie Brown of Spade, M. O. Mitchell, Jack Christian; Pat Mann, manager of the Chamber of Commerce; Drew Watkins of Sudan and Doss Maner of Lum's Chapel.

Hawks said the appointments were made on the basis of grades made in a one-hour written test taken by applicants. More than 200 applicants took the test. Preference was given to veterans.

The Lamb County quotient enumerators 31 is the third largest set up within the 19th Congressional District, Hawks said. Lubbock ranked first and Mitchell County (Big Springs), second.

A school of instruction for rural enumerators will open Tuesday, March 28, in the district court room in Littlefield. Urban enumerators will join the rural workers Wednesday and the school will continue through Friday.

Actual census work will start Saturday morning, and is expected to be complete within a month.
