No. 10

MEETING OF LITTLEFIELD COLLEGE COMMITTEE AND BOARD AT ABILENE ATTENDED BY 700 INTERESTED FOLKS

CHARTER ACCEPTED, \$250,000 OF CERTIFICATES PLACED ON MARKET, DEEDS TRANSFERRED LOTS DRAWN AND PAYMENTS MADE

At a meeting of officials of the Littlefield College held in Abilene June 12 and 13, there were more than 700 representatives of the church of Christ present from Texas, Oklahoma and New Mexico. Of the 6 members of the Board of Trustees sitting at various points in the state from Dodsonville to Rebstown, there were 14 present.

The purpose of the meeting was for accepting the charter recently granted by the State to the Littlefield College; adopting by-laws, and arranging for teams to go out into the field to sell the \$250,000 worth of 7 per cent interest-bearing certificates provided for the College organization. Plans and specifications of the proposed college buildings were presented and discussed.

One of the features of the meeting was the drawing for lots and 10 acre tracts sold out of the original grant of 1416 acres given by the citizens of Littlefield and surrounding territory to the College for location purposes. More than 100 of these tracts have been sold, and following the drawing some of the buyers tendered their full payments. It is understood that the College has applications for more than 100 more of these 10 acre tracts and is now considering the taking of options on selected land to accommodate future buyers. Several of these tracts are to be improved for the buyers this fall, some of them expecting to move here in the near future.

It is understood that several thousand dollars worth of the certificates were sold at the Abilene meeting, these certificates ranging in units of \$50 up to \$500 each.

The Abilene meeting was attended by members of the Littlefield College Locating Committee, which had in charge the raising of \$25,000 necessary to purchase the 1416 acres given the college for location. At this time all deeds were transferred by the Committee's trustee, C. O. Stone to the Littlefield College.

The construction of college buildings which began two weeks ago is progressing nicely. Excavation for several of the buildings have been completed, most of the concrete foundations are now in, and work of actual construction of superstructures will be started as soon as foundations have sufficiently set.

It is the intention of the officials in charge to rush the work of construction as rapidly as possible, so as to be in readiness for the opening of the first college term September 25th.

LAKE COVERED WITH OIL

The lake in the High School addition was last week treated by the city with about 12 gallons of oil, thoroughly flaming its service, and another coating of similar quantity will be given this week.

The oil treatment became necessary because of large quantity of cotton bolls hauled into the lake bed last year which, during the rains this spring became soured, sending up an unpleasant odor in that neighborhood and furnishing an excellent medium for mosquito hatching.

The oil coating will stop the mosquitoes and minify the odor.

COLLEGE FOLDERS OUT

The Leader office this week printed a nice lot of folders for the Littlefield College, giving the personnel of the faculty and course of study.

This folder is a forerunner of the catalog which will soon be off the press. Anyone desiring one of them may obtain same by applying to R. W. Jones, college secretary, room 9, First National Bank Building.

CORNERS ARE RELOCATED

Ray Jones, surveyor, is this week, under direction of the City Commission, re-running property lines and establishing corner location in several of the city blocks where property owners are placing fencing, parking, planting trees or constructing sidewalks.

Parties desiring their property lines re-established should see the City Secretary regarding this work.

CONNELL FOR CONSTABLE

In this issue of the Leader J. O. Connell makes announcement for reelection as constable of precinct four which office he has held during the past two years.

Previous to coming to Littlefield Mr. Connell was on the police force at Lubbock. His announcement is subject to the action of the Democratic primary and he solicits the support of the voters of this precinct in his behalf.

WEST TEXAS FARM DISTRICT MEET TO BE AT LEVELLAND

The West Texas Farm Bureau convention will be held in Levelland, Saturday, July 7th, according to announcement recently made public by officials. This convention will embrace 21 counties of the South Plains and Central West Texas sections, and a delegation of 1,000 visitors is expected to attend.

The meetings will be held in the high school auditorium, at Levelland, and at noon a big luncheon will be spread under the cotton compress shed located there.

Speakers on the program will be Sam Morely, McAllister, Okla.; M. E. Hayes, Dallas; M. S. Hudson, Plainview; J. D. Coughlan, Ennis; Miss Bessie Jackson, Lamesa; Dr. P. W. Horn, Lubbock Tech., college.

The full program will be announced later.

SO. PLAINS AUTO CLUB NOW BEING ORGANIZED HERE

The South Plains Auto Club, affiliated with the American Auto Association, is being organized by T. E. Milligan, who has had a number of years of successful organization work with the AAA in California, Louisiana and other states. Several Littlefield citizens have already indicated their desire to be included in the membership.

All members of the South Plains club will also be members of the national auto club which has over 900 clubs and is the strongest, oldest and largest organization of motorists in the world.

The club has but one purpose, "To Serve the Auto Owner," Milligan declares.

Service stations and branch offices will be located in every county seat town in the 15 counties and in all other large points.

The fifteen counties in the area covered by the South Plains club are as follows: Bailey, Lamb, Hale, Floyd Cochran, Hockley, Lubbock, Crosby, Yoakum, Terry, Lynn, Garza, Gaines, Dawson and Borden.

Service stations that include garages, filling stations and hotels will be designated as AAA headquarters and will render special services to all members free. Branch offices will give touring information, road maps, conditions of roads, detours and other such data free to members.

A number of road signs and danger signs before curves and turns will be put up by the South Plains Auto Club. The club will assist in locating stolen cars of members, and will help advertise the South Plains to motorists, in order to attract more tourists.

Among free services offered by garages are: towing in, changing tires and carrying gas for a radius of five miles without extra charge for the service, starting cold and frozen motors and making other minor adjustments without cost.

Each member will also get a \$5,000 accident insurance policy which will cover accidents while driving.

The most healthful girl and boy have been selected, which is about as near right as the "average man" who was recently picked by a magazine writer.

LFD. CITIZENS ARE INTERESTED IN NEW MEXICO OIL FIELD

Much interest has been generated among Littlefield citizens over the new oil field recently opened at Hobbs New Mexico, and several citizens here have already made investments there.

Hobbs is the new townsite recently opened about 150 miles from Littlefield. It is in Lea county and about 28 miles southeast of Lovington, the county seat.

The boom has all come about through bringing in an oil well by the Mid-West Refining Co., after about eight months of drilling and interruptions. The well is now capped, yet the black gold persists in oozing out around the capping when the heads come up under gas pressure. Another well has been located about a mile south of this one and drilling on it started.

M. E. Thompson, associated with Walter Burleson, has purchased 19 lots in Hobbs and is now erecting buildings for store and filling station.

J. T. Harris has purchased 12 lots in the new townsite and is contemplating putting in a lumber yard there. Other local citizens have also lot purchases there. Up to the first of the week nearly 300 lots had been sold and other contracts were being made daily.

Littlefield citizens visiting the new townsite last Sunday were: Jake and Sid Hopping, Mr. and Mrs. J. T. Harris, Acree Barton, Mr. and Mrs. K. F. Allbright, Mr. and Mrs. T. Wade Potter, R. F. Thompson.

START FIELDTON BUILDING

Construction of the new school building at Fieldton, 15 miles northwest of Littlefield was started last week.

The building will be of brick and tile material, 60x80 feet, containing nine rooms for class purposes, two of the rooms capable of being thrown together for auditorium purposes, and will cost \$15,000.

J. H. Wells is contractor for the job, G. S. Glenn, architect and B. L. Cogdill, foreman.

BUILDS ADDITION

J. E. Brannen is this week building an addition to the brick business house occupied by the Fair Store, carrying that building clear across the lot to X I T Drive.

The addition will be occupied by the M System grocery as a ware house.

Hildegard Schwinghammer won the nail driving contest at the University of Minnesota, so it appears there is something in a name after all.

HENSON HOME DAMAGED

The residence of Mr. and Mrs. T. A. Henson was partly damaged by fire Monday about noon when a flame was discovered in a small closet of a bed room, which is believed to have originated from fire in some cigarette ashes. The entire contents of the closet, including quilts, blankets, pillows, also the walls and ceiling of the closet were burned. The paper was burned from the walls of the room and the walls were badly damaged.

FIRE BOYS HAVE ENJOYABLE TRIP TO CONVENTION

Though the city was somewhat crowded for accommodations, Denton gave royal entertainment to the delegates of the 52nd annual convention of the State Firemen's association, according to Alfred Dunagin and Bob Cox, who returned Saturday night from the host city.

Beginning with a parade Tuesday morning, the majority of delegates, accompanied by several bands of music marched from the municipal building around the court square to the First Baptist church where the business sessions were held.

At four o'clock guest cars were assembled and many of the visitors availed themselves of an opportunity to see the high points of the host city. Tuesday afternoon band concerts were given on the local square and at the City Park that evening a big barbecue was staged. That night there was an old fashioned square dance on the court square which drew a crowd of 12,000 people, four orchestras playing simultaneously furnishing the music. A trip to Lake Dallas Thursday afternoon was enjoyed by several of the guests.

One of the features of the convention was the school of instruction, in Denton and other appointed visiting charge of Chief Schuyler Moore of delegates. The Littlefield visitors declare this was a feature well worth the trip, they gaining many ideas of value to the local department.

Demonstrations were given of La-France, Reo and Mack fire engines which were vividly conclusive of their respective merits. Some of the competitive races put on by representative teams from different towns were exciting. Brownwood won the seven man reel race in 25 seconds, Victoria coming out second and only one second behind, with Hillsboro third in 27 2/5 seconds.

The next convention goes to Galveston.

A girl has been refused admission to a high school because she married. Just when she needs mathematics most!

NEW SUBJECT FOR SCHOOL DEBATE IS GIVEN TO PUPILS

Austin, Texas, June 20.—"Resolved That the English Cabinet System of Government is preferable to the American Committee System" has been selected as the subject for debate by the members of the Texas Interscholastic League for next year Roy Bedichek, chief of the League Bureau at the University of Texas, has announced. The Bureau is now busy in gathering and preparing the debate bulletin which must be issued sometime before fall, according to Mr. Bedichek.

A general brief of the subject, an affirmative and a negative brief, a bibliography and selected arguments pro and con will be contained in the 150-page bulletin, in the preparation of which the League Bureau will be assisted by the University Department of Government. Between 15,000 and 20,000 copies of the bulletin will be printed, and it will go to about one thousand schools over the state. It is thought that about a half dozen other states will use the same subject next year and will cooperate with Texas in the arrangement of the bulletin.

CONSTRUCTION CO. START WORKING ON CURBS AND GUTTERS

Paving of Main and intersecting streets in Littlefield, following the placing to grade two weeks ago, was resumed this week by the Dozier Construction company.

Foreman P. S. Crawford, who has been with the paving company for several years, is in charge of the work. A big rock crusher was shipped in last week and is being located across the railroad track on the north side, where it will soon begin the mastication of rock to be hauled in from the Yellow House quarry southwest of town. A big concrete paving machine, which will lay the paving of the entire project is here awaiting its appointed duty. Hauling of rock and sand has begun. Tuesday Engineer Cheek, for the city, ran the grades and lines for the curbs and gutters, and work on them has started.

Mr. Dozier states he is going to do his best to clean up the paving job within the next 90 days, so as to have the streets cleared before the fall crops begin coming in.

Loud speakers are being played all over the auditorium in a London theatre, but in this country they usually sit just behind us.

COY COMMITTEE MAKES TICKET AND GIVES ASSESSMENT

At a meeting of the County Democratic Executive committee held in Olton last Monday details of the ticket for coming primaries were worked out and expenses of election determined.

Owing to the absence of Chairman Guy Willis, Joe Covington, of Sudan, was chosen to direct the meeting in his absence.

It was decided that the cost of holding the two primaries in Lamb county would be \$1,250, which amount was apportioned among the candidates for various offices as follows: county offices, \$100 each; commissioners precinct offices, \$60 each; other precinct offices from \$10 to \$25 each. Outside of the state candidates the Democratic ticket for Lamb county will contain the following names of candidates for office:

- Court of Civil Appeals: M. T. R. Jackson
- Representative, 18th Cong. Dist.: J. Ross Bell, Marvin Jones
- 31st Senatorial Dist.: Pink L. Parrish
- 120th Legislative Dist.: R. P. Smyth, A. B. Tarwater
- Dist Atty. 64th Jud. Dist.: Mede F. Griffin
- County Judge: E. N. Burris, S. D. Hay
- Sheriff and Tax Collector: J. L. (Len) Irvin
- Clerk: A. H. McGavock
- Treasurer: M. M. Brittain
- Assessor: Roy L. Gattis, Roy Gilbert
- County Attorney: T. Wade Potter
- Commissioners: Precinct 1, H. G. Walker; Precinct 2, C. A. Daniels; Precinct 3, J. M. Blessing; Precinct 4, Newt Cantrell; Precinct 5, Ellis J. Foust
- Justice of Peace: Precinct 4, L. E. Key; Precinct 4, H. L. Snow; Precinct 5, John A. Dryden; Precinct 6, H. T. Black; Precinct 6, W. L. Gentry

- Constable: Precinct 4, J. O. Connell; Precinct 4, J. W. Horn
- Public Weigher: Precinct 4, A. L. Porter; Precinct 5, S. C. Powell; Precinct 6, C. W. Campbell; Precinct 6, C. B. Anders; Precinct 6, P. P. Watson; Precinct 6, Cecil Montgomery
- Dem. Co. Executive Com.: Chairman, J. T. Elms; Chairman, Guy Willis; Precinct 1, Walter Schrier; Precinct 2, Jack Subbery; Precinct 3, J. P. Cox; Precinct 4, Otto Jones; Precinct 4, W. E. Jeffries; Precinct 5, F. Z. Payne; Precinct 7, Joe Coventry; Precinct 8, O. S. Wagner; Precinct 9, H. A. DeYoung; Precinct 10, Quigley; Precinct 11, E. M. Sullivan; Precinct 12, Clarence Evans

Candidates have until Monday, June 25 to qualify by paying their respective assessments required for placing name on the ticket.

GIVEN MORE TERRITORY

W. S. Brandon, of the Littlefield Service Station who, two weeks ago was accorded the agency of the Vacuum Oil Co., for Mobile Oils, for Lamb County, has also been awarded further territory of Bailey, Hockley and Cochran counties.

Mr. Brandon contemplates putting on three trucks to take care of his oil business.

SELLS VARIETY STORE

H. L. Tomlinson has sold his variety store on south main street to Mrs. Ellen Lindley, from whom he purchased it a few months ago. The contract was completed Tuesday morning.

Mr. and Mrs. W. M. Petticoles of Lubbock, visited her mother, Mrs. M. E. Lowe, Sunday.

**BETTER AUTOS MAKE
TOURING MORE
POPULAR**

The mechanical reliability of the present day automobile is an important factor in the growing popularity of motor touring as a summer diversion. Not many years ago, the motorist seldom dared to venture for a day's tour. If he did, he could be

reasonably sure of spending the night in a farm house. But times have changed. The motor car no longer is a mechanical question mark. It has gained in speed, comfort and above all in reliability. A thousand mile tour offers no greater mechanical hazard than a drive around the block. This, of course, is due to the untiring efforts of automotive engineers. Eternally seeking that elusive "something better," they have engineered the uncertainty out of the automobile.

Now engineers have pioneered countless improvements which enable the tourist to start out, confident in the knowledge that he will return intact and under his own power.

For instance, if the reader recalls the early days of mountain touring, he will remember at least two reasons for frequent roadside halts—the boiling radiator and the difficulty in feeding his engine sufficient gasoline on a long up-grade pull.

Today, he negotiates these same grades with ease. The cross-flow radiator is so designed that loss of water by evaporation is practically nil. Water that does vaporize in the engine is condensed and put back to work without being allowed to escape from the radiator cap.

Another feature is the fact that cars are equipped with a positive fuel pump. Geared to the engine, this pump ignores the decreasing atmospheric pressure encountered at the higher altitudes and provides exactly the right amount of gasoline.

The cylinder head, now gives further assurance of uninterrupted touring pleasure. On the road, one frequently must buy any brand of gasoline that may be available.

Mr. and Mrs. T. P. Wright left Tuesday on a trip to Wellington and Mayfield, Oklahoma.

**1,000 STUDENTS TO
ENROLL AT THE
TECH THIS SPRING**

Lubbock, Texas, June 20.—More than 800 students have already enrolled in the third summer session of Texas Technological college, and this number will be considerably augmented as enrollment still continues. E. L. Dohoney, registrar, estimates that the registration for both summer terms will run well above 1,000. This is a fifty per cent increase over the attendance of last summer.

There is a notable increase of transfers from other institutions who have come to Texas Technological College to pursue graduate study during the summer months on account of the cool and pleasant climate of the South Plains. With a light norther blowing on opening day students from the lower altitudes wore coats with fur collars and went about shivering with the temperature below 40.

Mr. and Mrs. C. E. Ellis and children and her mother, Mrs. Keck, were Lubbock visitors, Sunday.

Bill Arnn returned Friday from a visit wit relatives in Childress.

Pinkey Powers came in Sunday from Dallas to visit his parents and sister, Mrs. Mid Seale.

F. R. Jones and son, Travis, returned Friday from a business trip to Wichita Falls.

Miss Edna Davis, of Olton, was a Littlefield visitor, Sunday.

Misses Virginia and Ara Lou Turner, of Lubbock, visited their parents in Littlefield, Sunday.

Misses Lorene Eagan, Edna Davis, and Lora Arnn, Lynn Dobbs, Kenneth Houk and Travis Jones were visitors in Dimmitt, Sunday.

W. E. Jeffries returned last Friday from a two weeks business trip to El Paso and parts of New Mexico.

Mr. and Mrs. Arbie Miller, of Canyon, are visiting relatives in Littlefield this week.

and ice cream, topped with whipped cream, and nuts were served to the following members and visitors:

Messrs and Mesdames Billie Harris, P. W. Walker, C. E. Cooper, Everett Whicker, T. Wade Potter, Mesdames K. F. Allbright, A. C. Chesher, Billie Chesher, John Arnett, and C. L. Harless, the host and hostess, Mr. and Mrs. J. C. Hilbun

for his friends at Bull dam. The boys enjoyed a fine swim in the cats, consisting of sandwiches, cream and cake were served to Claude Lowrimore, Ricky C. **This Red "O.K."
Tag Protects You**

Attached to the radiator of the best reconditioned used cars we offer for sale is a red "O.K." tag—placed there to protect the purchaser's investment.

This tag is definite assurance that the car to which it is attached has been gone over thoroughly by expert mechanics—that worn units have been replaced by new parts—and that the price quoted represents the car's actual value. We believe that no better system has ever been devised for putting used car buying on a sound basis.

Come in and look over our selection of used cars "with an OK that counts". All represent definite, known value—and all may be purchased on the easy terms of the General Motors Acceptance Corporation.

S. S. CLASS PARTY

Mrs. Alex Reeves' Sunday school class of eleven year old girls entertained Mrs. Dalton's class of twelve year old girls last Friday evening at the home of Mrs. J. G. Berryman.

Bamie Ruth Berryman had charge of the program which was very interesting.

The evening was spent in games of various kinds and lovely refreshments of strawberry ice cream and cake were served to those present.

METHODIST MISSIONARY

The Methodist Missionary society met Monday afternoon at the church. The lesson study of the New Testament which was completed with Mrs. Geo. E. Turrentine as leader.

The following ladies were present: Mrs. B. L. Cogdill, Mrs. Thaxton, Mrs. Luther Horgrove, Mrs. George Turrentine, Mrs. Pondra, Mrs. Van Clark, Mrs. Lakey, Mrs. E. G. Courtney, Mrs. A. G. Hemphill, Mrs. J. T. Elms, Mrs. J. J. Eagan.

THE FABULOUS TOAD.

31 GERMAN PARTIES. MR. ROSENWALD'S GIFTS. PICTURES AND VOICE.

A horned toad, known to newspaper readers as Rip Van Winkle, is supposed to have lived more than thirty years in a corner stone without air, water or food.

The toad has been seen by many, including the President. Some believe the yarn. The President has not committed himself. When the toad was placed on the President's desk neither said a word.

Now the toad's owner heightens interest, saying that in his dark, airless corner-stone the toad sat next to a Bible, and that noble book enabled him to hold out. Many will believe that. It is a credulous human race.

In a few days Germany will elect a new Reichstag, and thirty-one different parties will fight for the seats. These include two Catholic, two Socialist, two Nationalist, three Communist, and three Anti-Semitic parties.

In America we have only two parties that count, and our people can hardly keep track of them. Not ten in a hundred could tell what either wants or plans.

Fortunate the country with little political excitement. It is quiet, because it is doing well.

The success of the individual is often the good fortune of the many. Julius Rosenwald, who began with a public school education, courage and the desire to help others, has established a fund "for the benefit of humanity," recently adding \$2,000,000 in other gifts, now in excess of \$20,000,000.

Mr. Rosenwald gives the money to trustees for the public benefit, and imposes only one condition, that "all the money shall be spent, principal and interest, within twenty-five years of Mr. Rosenwald's death."

May that death be long postponed.

Moving picture enthusiasts will have sound with their pictures. Actors will talk and sing on the screen and news reels will enable you to see and HEAR what happens.

Moving picture actors will need good voices as well as beautiful teeth, legs and hair.

Soon the actor without a good voice will be a moving picture actor no longer.

William Fox and his "Movietone" led by Walter S. Gilford, of the Phonograph company, and Mr. Fox, of the Western Electric, have organized the moving picture industry that moving pictures in future will require "sound and fury."

Various changes will come, actors with good voices will be imported to Hollywood or moving picture studios will be transferred to places where good voices can be found.

New York State has signed a check for \$33,723,734, the biggest ever made by the richest State. The best part of it is that the money will be used for public schools.

Not long ago every State spent for prisons than for public schools, and nothing at all for public libraries. There is progress.

Objects, from the Bronze Age, pottery made by Philistines are being found in Palestine.

It is impossible to realize what it means to the human race when the first metals were discovered, probably by accident, how to get copper from ore, went traveling over the earth in search of it.

Phoenicians 2800 years ago sailed from the Mediterranean ports, in sight of land, having no compass.

Phoenicians from the eastern coast of the inland sea, traders that had discovered some of the wonderful secrets of navigation, sailed through the Straits of Gibraltar, into the Atlantic, using stars in the sky and a compass, pushing on to the British Islands.

The Italian flier, Umberto, in his dirigible, Italia, sailed through the air for the North Pole. He was forced back by fog and he took with him a compass. The dirigible was dropped in the Arctic Sea, and the flier was rescued.

The Italian flier, Umberto, in his dirigible, Italia, sailed through the air for the North Pole. He was forced back by fog and he took with him a compass. The dirigible was dropped in the Arctic Sea, and the flier was rescued.

BANKERS PROVIDE STUDENT LOANS

American Bankers Association Completes Plan to Award 167 College Economic Scholarships Throughout Nation.

AWARDS TO START THIS FALL

Students in Agricultural Economics to Be Helped in Farm States—Will Also Facilitate Entry Into Business Life.

One hundred and sixty-seven college loan scholarships will be provided by the American Bankers Association, 98 of which are now being proffered to 71 selected colleges and universities in 24 states. It has been announced by John H. Puelicher, Chairman of the Board of Trustees of the Association's Foundation for Education in Economics. The foundation fund of \$500,000 was started in 1925 to commemorate the Association's fiftieth anniversary and its aim is to stimulate and aid worthy men or women students to pursue courses in banking and economics in collegiate institutions throughout the country.

The scholarship awards will be available for the scholastic year beginning this fall and will provide recipients with unit loans of \$250, to be repaid on easy terms following their entry into earning business life. In several farm states, it is provided, scholarships shall be specifically awarded in agricultural economics.

A special feature of the plan in addition to its educational advantages is that scholars, upon discharge of all their financial obligations connected with their loans, will be given certificates of honorary membership in the foundation signed by the members of the board of trustees, which will be available as evidence of financial reliability for their use in starting their business careers.

Colleges Awarded Scholarships Profferers of one or more scholarships have been made to the following institutions:

- Alabama: University of Alabama, Birmingham-Southern College, Arizona: University of Arizona, Arkansas: University of Arkansas, California: University of California, University of Southern California, Stanford University, Connecticut: Wesleyan University, Yale University, Delaware: University of Delaware, District of Columbia: George Washington University, Georgia: University of Georgia, Florida: University of Florida, Hawaii: University of Hawaii, Idaho: University of Idaho, Illinois: University of Illinois, Indiana: University of Chicago, Knox College, Iowa: Iowa State University, Kansas: University of Kansas, Kansas State Agricultural College, Washington College, Louisiana: Louisiana State University, Louisiana College, Maryland: Johns Hopkins University, University of Maryland, Michigan: University of Michigan, Michigan Agricultural College, Minnesota: Carlton College, University of Minnesota, Illinois State University, Mississippi: University of Mississippi, Montana: State University of Montana, Nebraska: University of Nebraska, Nebraska State College, Nevada: State University of Nevada, New Jersey: Princeton University, Rutgers University, New Mexico: New Mexico College of Agriculture and Mechanical Arts, North Carolina: University of North Carolina, North Carolina State College of Agriculture and Engineering, Oregon: University of Oregon, Oregon State Agricultural College, Pennsylvania: University of Pennsylvania, Dickinson College, Lafayette College, Gettysburg College, Franklin and Marshall College, Allegheny College, University of Pittsburgh, Lehigh University, Swarthmore College, Pennsylvania State College, Rhode Island: Brown University, South Dakota: University of South Dakota, Tennessee: University of Tennessee, University of Chattanooga, Vanderbilt University, Utah: University of Utah, Vermont: University of Vermont, Virginia: University of Virginia, Washington and Lee University, University of Richmond, William and Mary College, Washington: University of Washington, State College of Washington, West Virginia: West Virginia University, Wisconsin: University of Wisconsin, Lawrence College, Beloit College.

Plan of Operation
The general plan of the scholarships to higher institutions of learning in states where the banks have completed the subscription quotas assigned them in the foundation fund.

Institutions are selected on the basis of type of school, educational standards, geographical distribution and desire to co-operate in the plan. A scholarship committee is to be created in each selected institution, to consist of members of the faculty and a prominent banker. All scholarship applications must be made formally through the college committees and not direct to the foundation. Three home-town references are required of each applicant, at least one of whom must be a banker. Only students of junior or higher grade in banking and economic courses are eligible and those who have also attended American Institute of Banking course will be given preference.

Easy Terms

Scholarship payments will be given only to those whose means of education are dependent in whole or part upon their own efforts and will continue only during satisfactory scholastic standing or conduct. The loans are at five per cent beginning the first day of the second January after the date the scholar leaves school, with no interest on repayment made prior to that time. Loans may be paid off in monthly installments of \$10 or more. After three installments have been promptly met payments may be placed on a quarterly basis until the loan is wiped out which must occur within three years. In cases of delinquency, consideration will be given to special circumstances, such as ill health or unavoidable unemployment.

STRAIGHT TALKS WITH AUNT EMMY

ON BUILDING AN INCOME

As Aunt Emmy came out of the savings bank she met young George Oliver.

"Well, well," he said, "it's funny to see you coming out of a savings bank. Aunt Emmy. I thought only poor folks like me had money in savings banks—people like you just clip coupons!"

"Have you a savings bank account?" countered Aunt Emmy.

"Well, er—I suppose I haven't," he admitted. "You see, it's hard to save money when you're first married. Somehow there never seems to be enough money to go 'round—let alone to put in a savings bank."

"You never will have if you don't get started," interrupted Aunt Emmy. "You should make your weekly savings deposit, no matter how small, the first claim on your salary after paying your bills. I make my weekly deposit in this bank faithfully—I put away a certain sum regularly."

"It is more a habit than you would suppose," Aunt Emmy continued. "Any one can do it who is willing to let other things wait. I began putting a little money in a savings bank some time ago when it was no joke to save a few pennies. I remember what a wonderful thrill I got the first time I saw my interest entered in my bank book. There was money that my money had earned all by itself. After that it was a sort of game with me to put a certain sum in the bank, even if I had to do without things I would have enjoyed having. Now I realize what it means to keep your money busy earning all the time so I continue to put a little in the savings bank regularly and, after it accumulates, I draw some out and invest in safe securities that pay a higher rate of interest than savings. All the time, you see, the money is working for me."

"Of course, when the sum is small, it earns little, but if you start young, as you and Molly are, it is almost like magic the way it mounts up after a few years—then when your savings get grown up into a real investment they earn a real income."

"I never thought of it in that light," said George.

"Try it—and see for yourself how it works," urged Aunt Emmy. "Have you ever thought how nice it would be to have a few dollars ready for use in case of an emergency? Accidents and illnesses do happen. Or suppose you had an opportunity to buy something you knew you could sell at a profit and you had to let the opportunity slip for the lack of a few hundred dollars. You and Molly would never miss five dollars a week—and if you keep at it, it will work wonders!"

"You're right, it would!" exclaimed George. "I'll talk to Molly tonight, Aunt Emmy, and see if we can't revise our expenditures."

"There would be a whole lot less family trouble and worry over money matters if every young couple did the same thing early in life," Aunt Emmy said. "Start young; it is the magic slogan."

BANKERS PROMOTE FARM CONTESTS

Standard methods of farm administration have been made the basis of a contest by bankers of Pickens County, Alabama, as a method of bringing a farm and home program to their patrons, says the Bulletin of the Agricultural Commission, American Bankers Association. A safe and profitable farm community is the goal in this work.

The farm and home program has been outlined as follows:

Standard Farm Scorecard

Total Net Income:

- Per plow 15 points
- Per worker 15 " 30 points

Total Diversified Income:

- Cotton 4 points
- Corn 2 "
- Poultry 2 "
- Hogs 2 "
- Cows 2 "
- Garden produce 2 "
- Dairy products 2 "
- Fruit and melons 2 "
- Miscellaneous 2 " 20 points

Soil Building:

- Legume crops ... 8 points
- Rotation of crops 8 "
- Fertilizer 4 " 20 points

Farm Supplies:

- Food for stock ... 5 points
- Food for workers 5 " 10 points

Business Ability:

- Farm management 4 points
- Records 3 "
- Investments 3 " 10 points

Home Efficiency:

- Convenience 5 points
- Appearance 5 " 10 points

Grand Total 100 points
A booklet explains the contest to the bank patron and urges him to enter by securing a record book from his bank. The winner for the entire county receives a grand prize of \$100. The county is divided into districts with 975 and 950 acres for each district.

A BIRTHDAY PARTY

Monday afternoon Mrs. H. W. Wiseman entertained the many friends of her daughter, Mary Eleanor, it being the occasion of her 6th birthday.

Many beautiful gifts were received and various games were played until late in the afternoon, when cake and ice cream cones were served. The cake had six candles and the name of the honoree written on top. Balloons were given as favors.

Those who enjoyed the good time at the Wiseman home, were: Little Misses Kathryn Jones, Alice Lynn Street, Thelma Bean, Ernestine Cundiff, Kathleen Cundaiff, Blanche Wales, Freda Charles Bills, Linda Beth Stokes, Frances Pope, Virginia Walker, Mildred Wiseman, and honoree, Mary Elinor Wiseman, and little Messrs Gerald Jones, Pat Boone, Hall Rowe, Sam Ed McCaskill, Jack Cogdill and James Mitchell Stokes Jr.

Scientists say that flies carry germs of typhoid fever, infantile paralysis, summer disorders and over thirty other diseases. Flies should be killed. FLY-TOX is harmless to people but FLY-TOX is fragrant, stainless, sure sure death to mosquitoes, roaches, moths and bed bugs as well as flies. —Adv.

FOR SALE!

I have some select Jersey milk cows with young heifer calves for sale.

These cows are some of the best in this part of the country—the \$100 kind. For details of their quality see—

H. C. ARNOLD, at the BELL-GILLETTE CHEVROLET CO. Littlefield, Texas

AUTO WRECK SUNDAY

Late Sunday evening Tom Singer and Walt Fraley accompanied by a young lady of Amherst narrowly escaped a serious accident when the Ford roadster in which they were riding struck a brick culvert on the Amherst highway, and the car was turned completely over and the three were pinned beneath.

Mr. Singer the driver was caught under the steering wheel, his neck and shoulders being badly bruised. Mr. Fraley's collar bone was broken

PREVENTS INFECTION

The greatest discovery in flesh healing is the marvelous Borozon, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Bad wounds or cuts which take weeks to heal with ordinary liniments mend quickly under the powerful influence of this wonderful remedy. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by Stokes & Alexander Drug Co.

7 Improvements

- 1 Beautiful gold and black finish.
- 2 Completely enclosed gears.
- 3 Improved regulating cover.
- 4 New turnable supply can.
- 5 Easier starting and turning.
- 6 New oil window.
- 7 Wonderful floating bowl.

De Laval Golden Series

THESE "50th Anniversary" De Laval Separators are without doubt the finest cream separators ever made—the crowning achievement in 50 years of separator manufacture and leadership. Following are the improved features:

- Golden Color.** These new 1928 machines are finished in beautiful gold and black colors, which are pleasing, durable and practical.
- Enclosed Gears.** All gears on the "Golden Series" are completely enclosed and protected for maximum durability.
- Regulating Cover.** A new type of regulating cover and float affords a flow of milk from the supply can in a smooth, even stream, without splattering.
- Turnable Supply Can.** A novel feature every separator user will appreciate. Permits bowl and covers to be removed or put in place without lifting the supply can from its position.
- Easier Turning.** The "Golden Series" machines are easier to start and turn, requiring the least power or effort to operate for the work they do.
- Oil Window.** Shows at a glance the amount and condition of the oil and if the separator is being properly oiled.
- Floating Bowl.** The finest separator bowl ever made. Self-balancing, runs smoothly without vibration, with the least power, skims cleaner, delivers a smooth, rich cream, and is easy to take apart and wash.

The best way to appreciate the "Golden Series" is to see and try one. We now have them on display and will welcome an opportunity of giving you a demonstration.

You Save from the Start

IN FIRST COST IN UPKEEP IN RE-SALE VALUE

COME IN!
See for Yourself Why Experienced Owners Demand Bodies by Fisher. Visit our show room during the special Fisher Body Demonstration now being held. Don't miss this opportunity to gain a sound understanding of such an important part of your automobile.

From the day you take delivery, ownership of a Pontiac Six is an experience in economy. You save in first cost because the Pontiac Six gives you those advanced features usually found only in higher-priced cars. You save in upkeep, because of its oversize dimensions developed on General Motors Proving Ground—and because of its basic design which results in low operating costs. And you save in resale value, because used car buyers everywhere are willing to pay more for every available Pontiac Six. If you value your dollars, you will drive a Pontiac Six and learn the full meaning of motoring economy.

2-Door Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Door Sedan, \$825; Sport Landau Sedan, \$875. Oakland All-American Six, \$1045 to \$1265. All prices at factory. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

NEW SERIES PONTIAC SIX

PLENTY OF ROOM AT HOUSTON FOR NATL DELEGATES

That there will be plenty of accommodations for all Democrats and their accompanying friends, regardless of their politics, is the gist of a personal letter received this week by the Leader from Jesse H. Jones, of Houston, chairman of the National Committee on arrangements. Mr. Jones says:

Because of the size of the city, comparatively speaking, the general impression over the country has been

W.C. Rountree, M.D.

The man who has for many years successfully treated Pellagra by mail.

No genuine Rountree's Pellagra Treatment without label, bears picture and signature—Protect your friends.

Have You Found Complete Relief?

Have you any of the following symptoms? Nervousness, Stomach Trouble, Brown, Rough or Irritated Skin, Loss of Weight, Weakness, Peculiar Swarming of the Head, Burning Sensations, Constipation, Diarrhoea, Mucous in the Throat, Crazy Feelings or Aching Bones.

Don't Waste your money and risk delay by trying substitutes. Put your case in the hands of a Physician who has been a proven success for many years as a Pellagra Specialist.

READ WHAT OTHERS SAY:

Mrs. R. R. Robinson, Siler, Okla., writes: "I am glad to tell you what your wonderful Pellagra treatment has done for me. I feel like a new woman."

Mrs. W. S. Hays, Engleton, Ark., writes: "I took Dr. Rountree's treatment for Pellagra in 1926. I feel better than I have for 15 years."

WRITE TODAY! Rountree Laboratories, Austin, Texas. For FREE Diagnosis, Questionnaire and Blue Book, "The Story of Pellagra", also for hundreds of additional Testimonials.

that Houston will not be able to comfortably house those who come to the convention. This situation was indeed a problem when Houston was first selected as the 1928 convention city, but through the cooperation of Houston citizens this problem has been solved.

It is estimated that there are now available housing facilities in Houston apartments and private homes to comfortably house 30,000 persons daily, and other accommodations are being received hourly. These rooms are all within two blocks of transportation, have been inspected and found first class and are available at the call of the housing committee. Rates will be from \$2 to \$6 per person. All hotel rooms have been assigned delegates, alternates and newspaper correspondents, in accordance with a contract with the Democratic Committee.

Existing tourist camp facilities have been expanded to accommodate 3,000 cars or 10,000 persons. Two new tourist camps are under construction with facilities for 5,000 cars or 15,000 persons. These camps have running water, bathing facilities and sewerage. Many of them have cabins and tents available.

Therefore the impression that Houston cannot adequately house all visitors during the Democratic convention is entirely unfounded. Every person who comes to Houston during this gathering will be properly housed and fed.

In order to save time and secure the best of available rooms, we urge those planning to attend the convention to write the Housing Committee, Democratic Building, Houston, for reservation, and rooms will be assigned immediately. If this is done, the visitor who has written in advance for rooms will be conducted directly to his quarters with very little delay.

REWARD

A reward of \$25.00 (twenty five dollars) will be paid for information leading to the arrest and conviction of the parties who last Saturday night broke the street light in front of M System Store, and broke window in Clyde Willis old building. FRED HOOVER, Chief of Police. 10-2tc.

CAR INSPECTION SHOULD PRECEDE LONG AUTO TOUR

Service station inspection of the car before starting off on a vacation tour constitutes the best assurance of a pleasant and untroubled trip.

Of course it is very probable that any car which has received fairly regular attention will serve perfectly during the vacation journey. Cars are built today so that they give more consistent service with less attention than formerly was necessary.

But just as a matter of precaution, it is well to visit your service station before a prolonged tour. If nothing else have the car tightened-up, thoroughly oiled and greased. Fill the crank case with fresh oil, check the lubricant in the transmission and differential. Sustained driving during warm weather is the most severe test of lubrication and this detail above all should not be neglected.

If the motorist has not already done so, he should have the generator charging rate reduced lest the preponderance of day driving overcharge and damage the battery. It is well, too to have the battery tested occasionally enroute.

Another good tour precaution is to have the valves ground and carbon cleaned. This will assure maximum performance.

And above all, be sure of your tires. Don't start away merely hoping that your tires will stand up during the tour. The growing practice of carrying two spares is most excellent insurance. Then, if one tire fails the second spare enables the tourist to continue on with a margin of safety until such time as he conveniently can have the flat repaired.

WHAT IS DOING IN WEST TEXAS

Brownfield.—A new compress is being constructed here.

Rotan.—Postal receipts for Rotan show a fifty per cent gain over those of last year.

Clovis, New Mexico.—New telephone lines are being strung between Clovis and Roswell.

Big Spring.—Daily publication has been started by the Big Spring Herald; T. E. Jordan is editor.

Benjamin.—Considerable terracing has been done in this territory for the season.

Plainview.—Directors of the Panhandle-Plains Dairy Show are already at work on plans for next year's event.

Pecos.—Work on the new Graham Hotel is expected to be completed early in July.

Eden.—Plans are underway for the 1928 Concho county Fair to be held October 4, 5 and 6.

Loraine.—Loraine has voted to install a modern sewerage system, approving bonds to the amount of \$42,000 for this purpose.

Quitaque.—A modern sewerage system to cost approximately \$40,000 will be in operation here before January, 1929.

Sudan.—Preparations are being made to install a municipal water works system here.

Rising Star.—A vocational agriculture teacher will be employed here jointly by the chamber of commerce and school board.

Roby.—Roby is building a 25-room modern brick hotel.

Stratford.—Thousands of acres of pasture land is being plowed up to be planted in wheat next fall.

Ralls.—The Ralls Chamber of Commerce has been reorganized and new officers elected.

Melvin.—A new and up-to-date theatre has been opened up here.

O'Donnell.—O'Donnell will have a new water system in operation by August 15.

Lovington, N. M.—The highway between this city and Tatum is attracting much tourist traffic.

Estelline.—Two new brick buildings are under construction.

Roaring Springs.—Roaring Springs is cooperating in plans for the annual West Texas Old Settlers Reunion to be held near Crosbyton, August 15 and 16.

DOCTOR FRANK CRANE SAYS

THE MAN WHO KEEPS HIS WORD

It is like the shadow of a great rock in a weary land to run across, as we do occasionally, a man who keeps his word.

You may be able to sue on written promises and contracts put in writing which are usually binding, but somehow the man who does not keep his word is a slippery customer and it is hard to get hold of him, even with a piece of writing.

The fundamental security for a man doing what he promises is, after all, character.

If a man has character and is upright you are safer in lending him money than if he gives you a mortgage on his farm. Doing business with a liar is never satisfactory. Somehow he will attempt to wriggle out of his promises.

It is easy to detect the strictly honest person. When he owes you money he does not avoid you, but openly and frankly pays you something on account right along, if he cannot pay the whole amount.

The test of the fundamentally honest man is his punctuality in meeting his engagements or in frankly explaining to you why those engagements cannot be met.

The courts are full of people trying to evade their plain engagements.

A man who is in debt sincerely tries to meet that debt whether it hurts him or not. It is very trying and very disturbing to our faith in human nature to find a person who is always looking for alibis, always seeking explanations for not doing as he said he would do.

The good loser, the man who loses and yet is cheerful is the man who is after all one of the chief pillars of the social fabric.

MANY FLAGS FOR TEXAS

Houston, Tex., June 19.—Delegates and other visitors to the Democratic National Convention in June will find Texas rich in historical interest. Over this land has flown the tri-color of France; the red and yellow of Spain; the red, white and green of Mexico, the Lone Star of the republic of Texas; the stars and bars of the Confederacy and the stars and stripes of the United States.

The Leader for printing.

J. L. LEVERETT, M. D., SPECIALIST Paris, Texas

PELLAGRA—STOMACH TROUBLE

I have a NEW perfected treatment for Chronic Stomach trouble and Pellagra superior to anything I have ever seen or tried in all of my 24 years experience in the practice of medicine. I have so much faith and confidence in it that I will send a 28-day trial treatment to any sufferer, for half-price, and give back the money if the patient is not benefited—the patient to be the judge. If you have gas, pains, or a distressed feeling in the stomach, nervousness, loss of weight, can't sleep, dizziness or a "Crazy"-like swimming in the head, passing mucus from the bowel, burning skin, rash on arms and hands and exposed surfaces of the body, loss of strength and energy—then I have the remedy. Write for FREE diagnosis and long list of testimonials.

PILES

I also have a painless and harmless treatment for PILES, without the KNIFE. More than 1,300 cases treated during the last 7 years, without a single bad after effect. Unless very bad, the patient never loses a day from work, or suffers any inconvenience, and gets better from the first treatment. Write for book on Rectal diseases and particulars about my treatment.

J. L. LEVERETT, M. D. Entire Upper Floor, Corner Bldg. S. E. Corner Plaza, Paris, Texas.

A PRESIDENT MAKER
Houston, Tex., June 19.—If the Democratic nominee at the quadrennial convention of the party in Houston in June wins his way to the White House he will not be the first president elected in Texas. Nearly a century ago Gen. Sam Houston was elected president of the Republic of Texas.

PERSONAL ITEMS

Dr. and Mrs. C. C. Clemnts were
Lubbock visitors Sunday

Kirk Dean, of Sudan, was in Lit-
tlefield on business Tuesday.

Mr and Mrs. Doc Miller spent Sun-
day with friends in Lubbock.

Emmet Myers, of Amarillo, was a
Littlefield visitor, Friday.

Jim Harless visited the oil well at
Hobbs, New Mexico, Tuesday

Mrs. John Arnett was a Lubbock
visitor, Tuesday.

C. R. Singer made a trip to Brown-
field, Sunday.

Miss Fannie Weaver spent Monday
night in Amherst.

Bill Jeffries was in Amherst, Mon-
day night.

Guy Stark of Seminole is visiting
in Littlefield this week.

Clay Pumphrey made a business
trip to Hobbs, New Mexico, Tuesday.

Mr. and Mrs. F. G. Sadler were in
Hobbs, New Mexico, Tuesday

Sidney and Jake Hopping were in
Hobbs, New Mexico, Sunday.

W. G. Street and Charlie Cooper
were in Fieldton, Sunday.

Jake Hopping was in Olton on busi-
ness, Monday.

E. G. Courtney made a business
trip to Lubbock, Tuesday.

W. G. Yeager was in Olton, Tues-
day.

J. J. Wallace, of Enochs, was in
Littlefield, on business, Tuesday.

Mr. and Mrs. Jim Blessing were in
Carlsbad, New Mexico, last weekend,
and visited the cavern.

Little Irma Willis returned Sunday
from a week's visit with relatives in
Sudan.

Emil Timian and Travis Baker
left Friday to enter C. M. T. camp at
Denver, Colorado.

Miss Margaret Teal, former Little-
field teacher, is visiting Mrs. P. W.
Walker.

Tilden Wright is visiting his bro-
ther, Alf Wright, in Mountainair,
New Mexico.

Mr. and Mrs. E. A. Bills and daugh-
ter, Laura Virginia, spent Sunday in
Amarillo.

Glen Allen and Aubrey Wilf left
Friday to enter C. M. T. camp at
Denver, Colorado.

D. H. Blakely is this week tearing
down his shoe shop building and will
move it and his cafe to Hobbs, New
Mexico.

Mr. and Mrs. C. C. Tremain and his
sister, Miss Weiland, of Delta, Ohio,
visited the cave at Carlsbad, last
weekend.

The invalid mother of Mrs. J. M.
Bridges has been seriously ill for the
past few days at the home of her
daughter.

Mr. and Mrs. J. E. Brannen and
children spent last weekend in Carls-
bad, New Mexico. While there they
visited Carlsbad cavern.

Mr. and Mrs. J. W. Forcher, Jr.,
and small son, and her mother, Mrs.
A. M. Ross, of Dallas, left Sunday
morning for Ardmore, Okla., Dallas,
and Shreveport, La.

Mr. and Mrs. J. E. Chisholm and
Eva Gertrude and J. E. jr., accompan-
ied by their guests, Mr. and Mrs.
Clint Wilks, spent Tuesday morning
in Lubbock.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses.

Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

THE LEADER WANTS AND IS BOOSTING FOR—

Other lines of business not now represented here.

A modern hotel adequate for present and future needs.

More paved streets.

More water and sewer connections.

Numbering of houses and marking of streets.

Opening of Ozark Trail.

More farmers with fewer acres, but these acres more intensively cultivated.

More pure sires, more and better dairy cows, poultry and hogs.

Fair prices for farm products and fair and courteous treatment of farmers.

Respect for and enforcement of existing laws and local ordinances.

A THOUGHT FOR THE WEEK

Fools make a mock of sin.—Proverbs 14:9.

Men are so necessarily fools that it would be being a fool in a higher strain of folly not to be a fool.—Pascal.

NEW FANGLED ACHES

Ever notice that there appears to be more different kinds of aches and pains and general physical complaints around Littlefield now than there used to be? Not that the health of the community isn't as good as in former years—we believe it is, generally speaking, much better. But notice how many more people make public their minor ailments than formerly.

We've done a lot of wondering about it and we've reached the conclusion that changing styles of eating, and changing varieties of food must have a lot to do with it. This generation isn't eating like the last one, any more than it is dressing like it. We go in more for canned goods and fancy prepared foods, and for more sweets of every description. Housewives don't can the roughage their mothers did, and with the canning season now on you can have a change to observe it. Canning now consists almost wholly in putting up preserves and fruit for pies. In the old days it consisted of making pickles and canning corn, beans, and the like in large quantities. We are not finding fault with the changed custom—we are just wondering if back of it doesn't lie the real reason for more minor physical ailments than befell our fathers and mothers in earlier days.

The death rate isn't as high now as formerly, for which we are thankful. But we are more given to complaining than ever before. We are more healthy, yet more complaining; we wear fewer clothes, yet we are more comfortable. It's a funny proposition any way you take it, and we know of no answer to it unless it is "stylish" now to brag about our ailments.

We hear a good deal of talk about "cheap politics" when the fact of the business is all kinds of politics are costly.

ABOUT LIGHTNING

We find a man exchange a statement from an electrician who has been experimenting over a period of years to the effect that the chance of being struck by lightning is but one in a million. He says the most dangerous point of residence is in a house on top of a hill, and that then

the chances are that lightning will strike there but once in 100 years.

We don't know how close we may be to it, but we do know from personal observation around Littlefield that the old fear of lightning is waning. People do not fear it now as much as they used to. That is shown by the fact that few lightning rods are now sold where it used to be considered necessary to equip every house and every barn with them. We have an occasional fire from lightning, but considering how many more houses there are now than in former years, the total loss is small, and even that is robbed of its sting by our modern system of fire insurance.

Another thing to be said in favor of eating dandelion or spinach greens is that they don't loosen the fillings in your teeth.

BEAUTY NEAR HOME

With the railroads, summer resorts and auto bus lines advising us to "See America First" is hard to keep in mind that before starting out to do so we owe it to ourselves to first see all there is worth seeing in our own home state. It is all very nice to ride away to some distant locality, and spend more money than we really can afford to spend—even if we do return home more wearied and worn than we were before we set out. But it isn't necessary.

We've many attractions closer home that are of interest. People from other states come to see them. Why, then, should not we who live in easier reach of them enjoy them too? Going to a big city isn't restful vacation; and after all cities are just about the same, differing only in size. Nothing offers as much benefit as vacations spent a little closer to nature. We have natural beauty spots right here in our own state that can be reached at little expense, and with no loss of time.

"See America First" is all right for those with plenty of money and who want to go flying through life as though they were shot out of a gun. The Littlefield citizen who wants a real vacation, one that will do both soul and body good, and one they will return from refreshed and fit for another year of labor, will decide to see their own state first. You'll not only be making a sensible decision but you'll be protecting your pocket-book as well.

Evolution may make a man out of a monkey, but it usually takes a wedding to make him a goat.

THE USELESS CITIZEN

There is a certain type of man in every community who poses as a good citizen. He breaks no laws, perhaps, and if he does he is shrewd enough to hide it. He probably lives fairly morally, pays his debts because it is good business to do so, and seldom if ever gets tangled up with the law in any manner. He may be a little hot-headed and ready to accuse others. He may even be inclined to work his private graft whenever he thinks he can get by with it, which, according to his code is good citizenship.

This same citizen lives of himself, by himself and for himself exclusively. When the call is issued for volunteers to put across a community movement and give a boost, he is probably conspicuous for his absence, unless he thinks he will get a direct benefit through his co-operation. When money is needed for a public enterprise his name is never on the list. If his neighbor gets stuck in the mud he detours to avoid him.

In fact, if he stood on the shore and saw the ship of state sinking, he would never offer to throw out a line. If all mankind was fashioned after that type of citizen what would happen?

Temper is about the only thing we know of that can be kept indefinitely without spoiling.

FUTURE IS ROSY

"The world do move" and Littlefield is keeping pace with the movement. No doubt about that.

Littlefield has always moved forward, sometimes a little faster in pace than at other times, but never has there been a backward step. Now the town is gliding along at brisk quickstep.

During the past year thousands of dollars have been invested in the erection of choice new residence and business structures. Several brick business houses are now in contemplation of erection, Littlefield College is now assuming proportions. Main and intersecting streets, also State highway No. 7 is to be paved, the work already having been started. Crop prospects look exceptionally bright. Lots of folks are coming here to get an eye-full of our opportunities, some have purchased and remained with us, others well pleased are taking options expecting to return in the near future. Hundreds of letters are being received by our realty dealers from people who are interested. Not many knockers here—not much to knock! Plenty of room yet for more good citizens—that's the only kind we want.

This is the year when the politicians on the fence is apt to find the fence made of barbed wire.

GREATEST OF ALL

We heard a couple of Littlefield citizens arguing recently as to what is the greatest industry in the United States. To satisfy ourselves we looked it up. According to reports on file in Washington City, agriculture is our first and greatest industry. It is, in fact, as great as any other three leading industries both in regard to number of employees and capital invested. Counting the number of workers, it is a little surprising to find that Construction is second and Railroad third. Textiles come fourth and machinery fifth. Lumber and iron and steel come ahead of automobiles, and following these in order are: Oil, Coal, Electricity, Clothing, Publishing, Telegraphs and Telephones, Meat, Rubber, Shoes, Baking, Paper, Tobacco is the twentieth. It is worth noting that agriculture not only leads all these industries, but that it furnishes the raw material on

which a number of them are based, as well as furnishing the market for them when their finished products are turned out.

LITTLE LEADERS

You can always tell how happily Littlefield married couples are by the way they celebrate their anniversaries.

There's nothing like a husband's good salary to make a Littlefield wife forget his bad habits.

You never can tell. The Littlefield girl who is easy on the eyes may be hard on some father's pocketbook.

Next to getting a Littlefield man to go to work, the hardest job is getting him to get down to work when he gets there.

Several fathers around Littlefield wouldn't know they owned a car if it wasn't for the repair bills the balance of the family runs up.

Why is it that it's easier to get most Littlefield men to make the third payment on a car than it is to get them to make the first payment on a home.

The difference between a Littlefield woman and a flower is that when the flower's beauty begins to fade it doesn't try to revive it with a lot of paint and powder.

Our idea of an ideal husband is the Littlefield man who enjoys paying his wife's bills as much as the man who sold the goods enjoys being paid.

These new-fangled breakfast rooms in Littlefield seem to be a place where you swallow your cup of coffee in the morning and eat your can of beans at night.

This Week's Poem

LOYALTY

Speaking of things that go to make A man of sterling worth— The one with LOYALTY today Is the salt of all the earth;

Who's loyal to his boss, his job, And faithful through and through To all the very finest things That he can be and do;

Who's loyal to his own home-town, His ideals and his friends, And faithful to his better self On which so much depends;

Who's loyal to his highest dreams, His faith, his God, his creed; For if he's true to all of these— Then he is true, indeed!

Another one of life's inconsistencies is that a baseball player works when it is too hot to work and loaf when it is too cold to play.

Kwit-herbellakin and smile.

EARNING, SAVING, SPENDING IS OF EQUAL IMPORTANCE IN PERSONAL PROGRESS

By S. W. STRAUS, President Amer-
 ican Society for Thrift.

Andrew Carnegie, one of the worlds
 greatest exemplars of thrift, was once
 asked which he considered the most
 important, earning, saving or spending.
 He replied by asking which of the
 three legs of a stool was the most im-
 portant.

It would be well if this understand-
 ing of thrift were widespread.
 The three factors in the process of
 acquiring and using money are inter-
 dependent and it is false doctrine to
 over-emphasize saving.

We see examples every day which
 tend to prove that quite a large per-
 centage of the people give insufficient
 attention to spending or investing.
 There are opportunities on every hand
 for earning money and it is not diffi-
 cult in these times and under present
 conditions for the average person to
 save something out of his income.
 But the amount of money which is
 lost through the unwise use of savings
 is now said to be greater than the an-

nual growth in national savings de-
 posits.
 With the vast majority of people,
 the accumulations of savings is a slow
 process requiring great patience and
 persistence. The margin between in-
 come and the necessities of life is not
 wide. Hence it is all the more un-
 fortunate that greater attention is
 not given to the problems involved in
 the proper use of savings.

The trouble very largely lies in the
 fact that people do not give sufficient
 study to these problems. Incidents
 are not uncommon where persons have
 parted with the savings of years on
 the representations of total strangers.
 Every saved dollar represents hard
 work and great patience. Just as
 much thought and care should be used
 in administering it as in acquiring
 and saving it. If this rule were ap-
 plied by every one, there would be a
 tremendous elimination of lost or
 wasted money.

It is the part of good thrift to be as
 careful in letting go of your dollars
 as you were in getting hold of them.

During the social hour which fol-
 lowed, the hostess served a most re-
 freshing ice course, while Laura Vir-
 ginia Bills favored the group with
 piano solos, and Georgia Cater gave
 a number of clever little readings.

Included in the guest list of these
 who enjoyed this pleasant afternoon
 were the following members:

Mesdames Bills, Cobb, Street, Wis-
 man, Stockton, Rutledge, Arbie Jop-
 lin, Barber, Clements, Miller, Keck,
 Cater, and as visitors, Gardner, Jop-
 lin, sr., Bebe, Pierce, Pumpfrey, Ball
 Morris and Rev. W. F. Fulton.

Next week's hostess is Mrs. Chas.
 Barber. The Scriptural roll call be-
 gins with "X."

B. Y. P. U. MEETING

The Intermediate B. Y. P. U. of
 the Baptist church, will render a
 missionary program Sunday, June 24,
 as follows:

Opening exercise and sentence
 prayers
 Song, "What a Friend We Have in
 Jesus."
 Scripture reading, J. G. Berryman.
 Song, "Standing on the Promises"
 Prayer.
 Bible questions, Esta Mae Connell.
 Reading, "He is Counting on You"
 Frances Blalock.
 "A Challenging Question," Sidney
 Lucas.
 "His Fathers Plans," Lillian Pate.
 "The Question Answered," Mary
 Lee Stansill.

 "Called to Be a Missionary," Alice
 Shirley.
 "At Work in Brazil," Wesley
 Bearden.
 "Pushing into the Interior," Naomi
 Whitaker.
 "His Great Work for Brazil," Eva-
 lina Clark.

NEW ELECTRIC SIGN

The Texas Utilities Co., has this
 week erected over their electrical
 store a large flash electric sign,
 showing in red and blue colors the
 corporation emblem, name of firm and
 business.
 R. E. McCaskill, local manager, is
 taking considerable pride in making
 the local store one of the nicest of
 the entire system.

E. C. Paxton, of Dallas, is here in
 charge of the elevator bought re-
 cently by R. W. Blair and company
 of Dallas.

BOY SCOUT CAMP WILL BE HELD ON JULY 30-AUG. 8TH

R. J. Murray, president of the
 South Plains area council, Boy Scouts
 of America, announces the selection
 of W. G. McMillan, of Lubbock, to
 head the camping committee of the
 Boy Scouts of the South Plains.

"The camping program is the most
 important part of our Boy Scout
 work," Mr. Murray says. "It is in the
 great out-of-doors that the boy builds
 himself physically, mentally, and mor-
 ally."

Mr. McMillan is now working on
 the development of plans for the Sum-
 mer Training camp for the scouts of
 the South Plains. He has announced
 the dates of July 30th to August 8th
 as those for the holding of the summer
 camp. It is expected that there will
 be such a large enrollment that an ad-
 ditional ten day period will be held
 following the first camp. Mr. Mc-
 Millan plans to spend a couple of days
 at the Post camp in the near future
 looking over the equipment and com-
 pleting plans for the summer camp.

Have your printing done at home.

FARMERS BUYING COMBINES FOR 25,000 ACRE CUTTING

Sixteen combines, sold by local im-
 plement dealers, accompanied by
 numerous binders and headers are
 being tuned up this week in readiness
 to be marshalled in attack upon the
 25,000 acres of wheat now ripening
 under the summer sun in the Little-
 field trade territory.

Some of the wheat has been dam-
 aged more or less by recent hail, thus
 materially reducing the yield per acre
 but much of it that was properly put
 in last fall will yield from 15 to 25
 bushels per acre.

PRESBYTERIAN AUXILIARY

Mrs. Cater opened her pleasant
 suburban home to the regular weekly
 meeting of the Presbyterian Auxil-
 iary last Tuesday.

The topic chosen for the devotional
 was "Stewardship," which was ably
 led by Mrs. W. G. Street, while mem-
 bers and guests answered in respon-
 sive reading Miss Geraldine Cater
 assisted with appropriate music for
 the hymns selected by the leader.

The lesson from the study book was
 interestingly given by Mrs. W. O.
 Stockton.

CROP CONDITIONS ARE OPTIMISTIC SAY THE REPORTS

Dallas, June 19.—There is an optimistic tone to May crop reports of Texas. Two features of the report are especially noticeable this month; the surprising increase in prospects for grain crops in the northern part of the state, and the consistently conservative and sober attitude taken by farmers over the entire state.

Dryer and favorable weather, except in scattered communities, have increased chances for cotton considerably. While it is true that much of the cotton crop had to be replanted, this has been done and there seems to have been an unusual record of growth during May. The situation in Central and South Central Texas with

reference to the cotton crop appears to be especially good. West Texas has been greatly helped by recent rains, that section having suffered up to some three weeks ago from lack of moisture.

Reports from some sections indicate that the wheat crop, some of which is now being harvested, may be better than normal instead of below normal as earlier predicted. Other grains appear to be coming along well although there is little likelihood that the oat crop will be as good as last year.

The danger from insect infestation, as far as the cotton crop is concerned appeared to be less than was believed a month ago.

One of the especially encouraging aspects of business conditions is that farmers, while optimistic, are being entirely conservative in their predictions and expenditures. This, of

course, would tend to slow business at the present time, but assures extreme prosperity in the fall, in case crops are as good as expected.

The Rio Grande Valley, both in crop prospects and business conditions is in unusually excellent shape, with the one exception of districts damaged by hail.

COURTNEY-SNOWDEN

Last Thursday evening, June 14, Miss Maxine Courtney became the bride of Homer W. Snowden.

The wedding ceremony was performed at the parsonage by Rev. Payne, pastor of the Methodist church at Olton, with Miss Madie Anderson, James Courtney, and Mrs. A. H. McGavock, of Olton, present.

Miss Courtney is a daughter of Mr. and Mrs. E. G. Courtney of Littlefield

She was a graduate from the Littlefield High school class of '28, and is a charming young woman, and very popular among both young and old.

Mr. Snowden is the youngest son of Mr. and Mrs. M. M. Snowden, of Mabank. He has for the past four years lived in and near this city and is now in the grain business in Littlefield. He is a young business man of high ideals and sterling worth.

Mr. and Mrs. Snowden left immediately after the ceremony on a short honeymoon trip to Dallas, Mabank, and Galveston.

A dentist says that a woman loses her teeth sooner than a man. Probably she wears them out with her tongue.

A widow says that good husbands are like dough because women need them.

LAMB COUNTY NOW ORGANIZED UNDER STATISTICS LAW

That Lamb county has been organized in accordance with the new Vital Statistics law, is the substance of a letter received this week from Dr. J. C. Anderson, state health officer, at Austin. The letter is as follows:

This county has now been organized in accordance with the new Vital Statistics Law, by the appointment of registrars for each justice precinct and each incorporated town or city. In some cases, two or more precincts have been combined into one district, where it seemed best to do so.

Every birth is required by law to be reported to the local registrar of the district in which it occurs, by the attending physician or midwife, or if

there were neither, then by the father or mother, within five days after birth.

The law prohibits the burial or removal of a dead body before a certificate properly and completely filled out, has been filed with the local registrar, and a burial or removal permit has been secured.

The immense legal value of the records makes it important that citizens of Texas be given this protection by having a complete, legal record properly filed in accordance with this law.

In the first three months of 1929 there were reported from Lamb County 20 births and 21 deaths. This indicates only 36 per cent of the total number which probably occurred. Let's go 100 per cent from now on.

Below is a list of local registrars of your county, and it is urged that you make every effort to comply with the law and to aid in securing complete registration in your county. For further information, address State Department of Health, Bureau of Vital Statistics, Austin, Texas.

Guy, Willis, Olton, precinct 1
W. L. Gentry, Amberst, precinct 2
E. H. Allen, Littlefield, precinct 3

Looks Like Lindbergh!

Yes, and acts like him too. She is Miss Amelia Earhart, Boston girl, who in the plane "Friendship" took off from Halifax to Trepany, N. F., with Wilmer Stultz, once pilot for Mrs. Grayson, and Lew Gordon, a mechanic. From Trepany, N. F., England was to be her next destination.

LOCKNEY FARMER HAS FIVE-LEGGED CHICKEN

Lockney.—Bill Langfeldt, of the Lockney Poultry Farm, claims the distinction of raising the freak of Floyd county season. Among a flock of Jersey Black Giant pullets, Langfeldt has one with five legs. One of the three extra appendages appears on the regular right leg. The other two extras are located one on each wing. One of the "wing legs" and the leg growing from the regular right leg has two toes while the other "wing leg" has only one toe.

This five-legged specimen is perfectly healthy and now weighs two and one-half pounds.

1500 ACRES PLANTED IN SUNFLOWERS AT LAMESA

Lamesa.—J. R. Weaver of this city, is planting 1,500 acres to sunflowers this year. Four hundred acres of the seed are already up. Last year Mr. Weaver experimented with the sunflower in Dawson county. He planted five hundred acres to this plant, with the result of from one thousand to fifteen hundred pounds of seed per acre and a market price of five cents a pound for the seed, although he did not plant until June 25th.

H. W. Teeters is in receipt of a letter from his son, Pierce, stating that he and the boys who went with him to Camp Logan, Colo., were the first to arrive for the C. M. T. C. summer camp, and had their pictures taken to appear in the Denver Post. He states they are all enjoying the camp work. The other boys going with Pierce were Jack Brannen, Bill Beisel, Wm Rombach, Emanuel Kelms and Leo White.

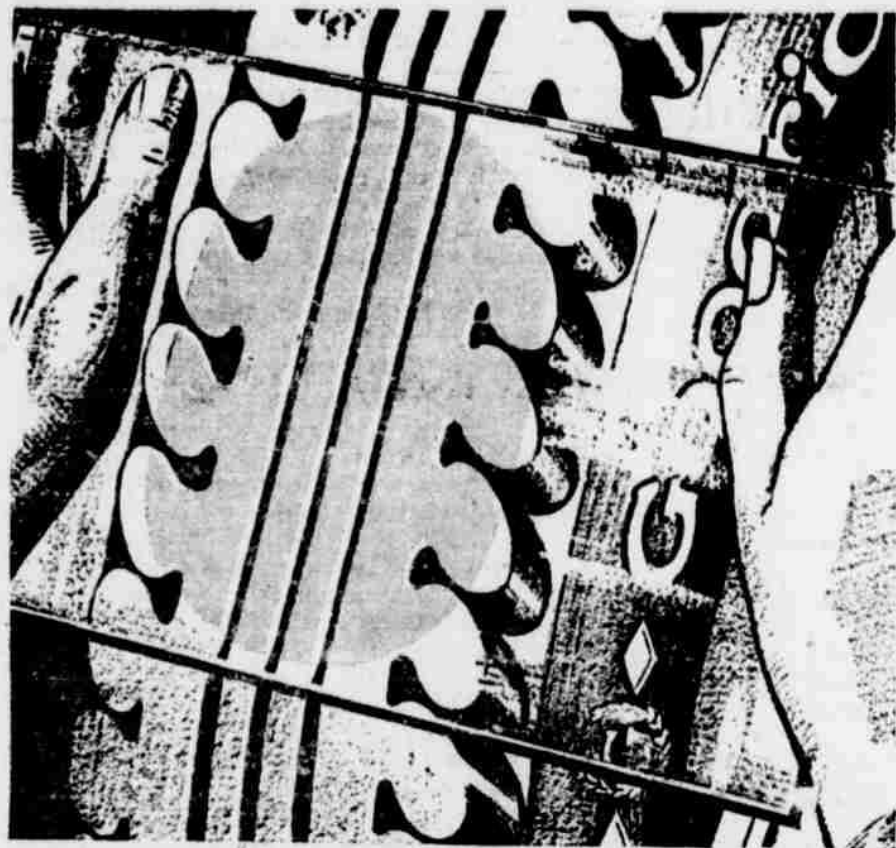

Now that electric servants have relieved women of the drudgery of housework, they've become so restless that they want to stay out half the night.

If you would outshine your neighbors acquire a good reputation and then keep it polished.

A fortune awaits the inventor of a lifeboat that will float on a sea of trouble.

The millionaire who dresses as well as his clerk is more or less eccentric.

GOODRICH SILVERTOWNS

THE PLATE GLASS TEST. By pressing this glass against the Goodrich Silvertown, we show how its tread looks when pressing against the road. Read the facts below, and see what this test means in mileage.

This one minute test
Shows how you can get months of extra service from your next tires!

Balloon tires are soft. They yield. Their tread flattens against the road. The center compresses, letting the shoulders of the tread come down to the ground.

Simple facts—but what a tremendous effect they can have on mileage!

Suppose the center had bulky masses of rubber where it should be flexible. Then pressure would crowd the tread out of shape—

distorting the shoulder rubber — and uneven, choppy wear would shorten the life of the tire.

But Goodrich Silvertowns are molded to the shape of the famous hinge-center tread design.

To be sure of extra months of service from your tires—and cheerful service from your dealer—see us when you need new tires.

See us for new

JOHN L. HILLIARD
Littlefield, - Texas

INITIATED AT MONDAY MEET OF FD. ODD FELLOWS

A very enjoyable occasion was participated in by Littlefield Odd Fellows, visiting friends last Monday when a large delegation from the local camp to put in the third degree, conferred by the team.

Receiving full initiation were: Touchon, C. C. Thornton, H. G. W. C. Miller, J. W. Houk, Jones, Carl Williams, J. C. Lloyd Yeary, L. J. Connell, J. B. Brown, A. C. Singer, C. E. Strawn, Troy Clarence Evans, E. J. Foust, Weatherly, E. H. Lightfoot, Gattis.

Following the degree work a Dutch

luncheon was served, accompanied by a speaker participated in by both local and visiting members.

Those attending the meeting from Slaton were: E. W. Woolener, D. W. Liles, L. B. Hagerman, E. J. Kinney, J. S. Waldrep, B. E. Clark, J. W. Scott, John L. Miller, J. L. Hoffman, Henry Leininger, E. E. Evans, P. M. Wheatley, L. Alexander, Joe Walke, J. A. Turrentine, R. F. Swafford, A. Dennis. Also, Geo. Monteith and Will H. Johnson of Amherst were present.

W M U MEETING

The ladies of the W. M. U. departed from the usual routine of work and spent a delightful day in the home of Mrs. R. E. McCaskill, Tuesday.

Mrs. R. L. Speight was the guest of honor on this occasion. Formerly a much beloved leader in the union,

but now a resident of Longview, she is spending her vacation in the city, and was prevailed upon to take her old work back again for the day, and her teaching of "The Plan of Salvation" was a real inspiration. One half the book was finished in the morning and a buffet luncheon served at one o'clock, and the book finished in the afternoon.

The ladies went away at five o'clock feeling that it had been good to be there. The gracious companionship and the spiritual uplifting was a feast to them all.

Mrs. Speight was given a lovely gift from the ladies.—Reporter.

PERSONAL ITEMS

Lloyd Chesher, of Anton was in Littlefield, Saturday.

Hehschel Knox, of Amherst, was in Littlefield on business, Tuesday.

G. S. Glenn and son, George, were in Fieldton on business, Monday.

Perry Harris attended a Masonic meeting in Lubbock, Friday night.

John Arnett left Tuesday on a business trip to Dallas.

Mrs. Effie Wharton and children are visiting in Phoenix, Arizona.

C. E. Ellis made a business trip to Hobbs, New Mexico, Tuesday.

Mrs. Lorene McKnight and children are visiting in Phoenix, Ariz.

Miss Lois Teal returned Monday from a visit with her parents in Ralls.

Pete Brooms, of Colorado Springs, Colo., spent last weekend with his

Mr. and Mrs. Bill Chesher of Sudan, were in Littlefield Tuesday.

N. A. Vaughter, of Anton, was in Littlefield, Friday.

J. T. Lackey, of Enochs, was in Littlefield on business, Tuesday.

Jake Burkett, of Plainview, was in Littlefield on business, Tuesday.

Leo Harris was a Lubbock visitor Monday night.

L. C. Cawthon made a business trip to Lubbock, Tuesday.

Casto Sparkman made a business trip to Lubbock, Tuesday.

J. W. Keithely made a trip to Hobbs, New Mexico, Monday.

Mrs. E. H. Williams and son, Carl, accompanied her daughter, Mrs. H. Lance, to Plainview, Tuesday.

Mrs. Carl Smith and children left the latter part of the week on a visit to Phoenix, Arizona.

Miss Gertrude Weiland, of Delta, Ohio, is spending the summer with her brother, Carl Tremain.

Mr. and Mrs. Zed Robinson and children returned Monday from a trip to Carlsbad cavern.

W. M. Daugherty, of Levelland, was transacting business in Littlefield, Tuesday.

Mr. and Mrs. R. E. McCaskill and sons, visited her brother in Happy, Sunday.

Mr. and Mrs. Herbert Teal are driving a new Chevrolet coach purchased this week.

Miss Maxine Davis and Harold Davies of Post, spent Sunday with her sister Mrs. John Harbin.

Richard Reeves and David Waterstreet, of Cleburne, spent Monday night with the former's uncle, Alex Reeves and wife. They were enroute to California.

Mrs. Herring Lance and children, June and Joyce, who have been visiting her parents, Mr. and Mrs. E. H. Williams, returned Tuesday to their home in Dalhart.

Mr. and Mrs. Mallory Etter and her mother, Mrs. J. R. Wales were in Lubbock, Tuesday, where Mr. Etter will be examined by one of the physicians there.

J. M. Roberts of Kingsbury, is here this week rehabilitating the residence property owned by him on Littlefield Drive, which was damaged by fire nearly a year ago.

J. L. Teeters, of Wichita Falls is here this week visiting his son H. W. Teeters, and family. He notes many improvements and forward movements in Littlefield since his last visit here.

Mrs. Frances Tolbert is attending the summer school at Tech college. She will teach in Abilene next year. Other Littlefield teachers attending the Tech are Miss Vada Walden, Miss Gladys Wales and Miss Dahlia Hemphill.

Mrs. E. H. Williams is in receipt of a letter from her brother-in-law, Van McLanahan, near Perryton, Texas,

stating he was a victim of \$5,000 loss in the recent cyclone which swept through that section. Among his losses were 75 head of cattle, three horses and 90 acres of wheat.

Prof. John R. Freeman, president of the Littlefield College, and R. F. Meacham, chairman of the Board of Trustees, were in Littlefield in the interest of the new college now being located here. Mr. Meacham was accompanied by his wife and children.

R. O. Conner, business manager of the Littlefield College, accompanied by his family arrived here the first of this week. He is actively engaged in detail work incident to the construction of the college buildings. It is probable Mr. Conner may soon become a resident of Littlefield.

SHERIFF'S SALE

THE STATE OF TEXAS
County of Lamb,

NOTICE IS HEREBY GIVEN That by virtue of a certain order of sale issued out of the Honorable District Court of Lamb County, on the 4th day of June 1928, by A. H. McGavock Clerk of said District Court for the sum of \$12,991.62 Dollars and costs of suit, under a judgment, in favor of Plains Investment Company, Texas, described as follows, to-wit: All that certain lot, tract or parcel of land lying and being situated in Lamb County, Texas, and being the South One-Half (1/2) of Labor No. 18, in League No. 671, Abstract No. 346, Original Grantee Abner Taylor, and described as follows:

John Blair and J. H. Eidson were in Sudan on business, Monday.

Luther Williams returned Monday from a trip to Hot Springs, New Mex.

J. B. Nicholas is a new employe at Houk's Meat Market.

CAN YOU WRITE A BIG CHECK?

Writing checks is a subject in which we are all interested. Some of us can write little ones, others can write larger ones, and we all wish we could write BIG ones—and this may be possible with most of us.

Being able to write BIG checks is a matter of good business judgment plus hustle and sweat—and it takes the three of them to turn the trick.

It is our business to assist in BIG check-writing, and we have been helping our customers to increase the denomination of their checks in a very satisfactory manner for the past two years. How do we do it?

—By furnishing them with GOOD Stock Feed, GOOD Poultry Feed, Good Feed for all their animals—properly ground and mixed according to the individual animal needs for growth or fattening purposes.

—And, we also assist, by paying you highest prices for your Farm Products, such as Chickens, Eggs and Cream—no one is ahead of us in this respect.

All this counts when it comes to writing your checks—it helps materially in raising the amount you have on deposit in your bank—and that is mighty interesting. Come see us—nuf sed!

SAWDUST AND SPLINTER

Vol. 1. June 21, 1928

Published in the interests of the People of LAMB COUNTY by
CICERO SMITH LUMBER CO.
L. K. WHITAKER,
Manager

We once heard a man say that all the live ones in this town are out in the cemetery with rocks on them to hold them down, and our personal opinion of any man with a grouch like that is that he ought to be rocked to death and laid away out there with them. What's yours?

E. P. Bickley from Commerce, is rehabilitating his residence property on Littlefield Drive.

AT OWL CAFE

"Are you Hungary?"
"Yes, Siam."
"Den Russia to the table and I'll Fiji."
"All right, Sweden"

my coffee and Den-mark my bill."
Got a little slack time? Good opportunity now for doing a little painting on the house or some of the outbuildings. Nothing like making the place more attractive—and we surely have the paint—inside or outside variety and the best that is made.

Most any woman can love her husband in spite of an ugly face, big feet, or even loose morals, but she can't love him if he is tight-fisted.

Health is the finest thing in the world to possess. If you have it, keep it! We have fly screen of all widths, also screen doors. Better invest NOW!

"Burle" says "did people use to about babies before the word 'cute' invented?"

It's still a good old world in spite of all the efforts to improve it.

ADVICE TO BRIDES

You'll never be fooled if you marry a widower with ten children. It takes a man of real ability to support a gang like that.

Americanism: Wondering if an aspirin tablet would make you feel any better.
