LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, OCTOBER 3, 1929

No. 25

REDUCTIONS RANGING FROM FIFTY PER CENT MADE BY THE TEXAS UTILITIES COMPANY ON LIGHTING

in residence and business rates for Littlefield and other cities of the area served by the Texas Co., was announced here last week by District Manager Allen, of Lubbock, accompanied by the local Manager, R. E. The information was given by Judge I. R. Keiso, of Littlefield, but back home on account of illness of some of his relations range from 10 per cent to 50 per cent on rates depending upon the current used, while the business schedule is 15 to 20 per cent. There is said Mr. Allen, whether or not, but who will feel the reductions.

month in excess of kilowatt hours. Heating, cooking, and refrigeration in residences will all be on a rate of four cents per KWH on the new schedule."

The new rates announced are applicable to the following cities in West Texas served by the Texas Utilities company: Abernathy, Aiken, Amberst, Anton, Bovins, Canyon, Close City, Cone, Crosbyton, Dimmitt, Farwell, Floydada, Friona, Hale Center, Happy, Hart, Hereford, Idalou Kress, Lariat, Levelland, Littlefield, Lockney, Lorenzo, Lubbock, Meadow Monroe, Muleshoe, Olton, Petersburg, Plainview, Post, Ralls, Ropesville, Seagraves, Seminole, Shallowater, Silverton, Slaton, Southland, South Plains, Sudan, Tahoka, Umbarger Wilson and Wolfarth.

Manager McCaskill states this is the fourth rate reduction his corporation has made during the past 14 months. The first was in July of last year when they reduced the heat rate; again in January of this year, there was a reduction on the industrial power rate; last April came a reduction of the pumping and street lighting cost; and now this general reduction in lighting service.

The new reduction will be effective November 1st.

DEVIL JOE LEBAUFF JUMPS FROM 2,000 FEET IN THE AIR WHEN FORD TRI-MOTOR VISITS LITTLEFIELD LAST SUNDAY

probably 3,000 people in Littlefield last Sunday to witness the arrival and flights of the arrival and flights of the 14 passenger airplane, accompanied by the pilot here throughout the day. The plane was here under the command of John H. Arnett, motor dealer, who advertised to give free rides in the plane to those placing their orders on that day. Several were taken, and more than 200 people gathered to witness the taking of their first spin.

there was a steady stream of curious and interested citizens going to and from the Duggan landing field just south of town. At five o'clock in the afternoon, Joe LeBauff made his spectacular jump from the plane while 2,000 feet in the air, pulling his parachute string, thus letting the big umbrella open above him, after which he gently settled in a cotton field just west of the landing grounds.

LeBauff is perhaps the oldest parachute jumper in active service today, having been in this dare-devil business for nearly 34 years. During the World War he served four years in the Royal Air Service of Great Britain, and later was associated for two years with Linberg. The Frenchman apparently cares little for his life, according to the list of stunts he performs, for aside from making his parachute jumps without the aid of harness, he walks the wings of his plane just as an ordinary human being would stroll along a sidewalk. During his experience he has made nearly 4,000 jumps from the air without a mishap.

ANSWERS TO FOOLISH QUESTIONS

College is going to run through the nine months session. Plains Investment Company is not going to sue the college. There are sufficient students to maintain our credits. We are not going to sue for the land they gave the college. We are expecting more students for this term. We are not as yet perfected the loan. We respect to go on with our building program as soon as financial conditions will permit. Teachers are not discouraged. Teachers will get their salaries. Material will not close. We will have a football eleven. School is not out of debt. We respect the knockers to keep on, they are born that way. We respect one has any more foolish questions to ask, get them in.

—R. O. CONNER, Business Manager.

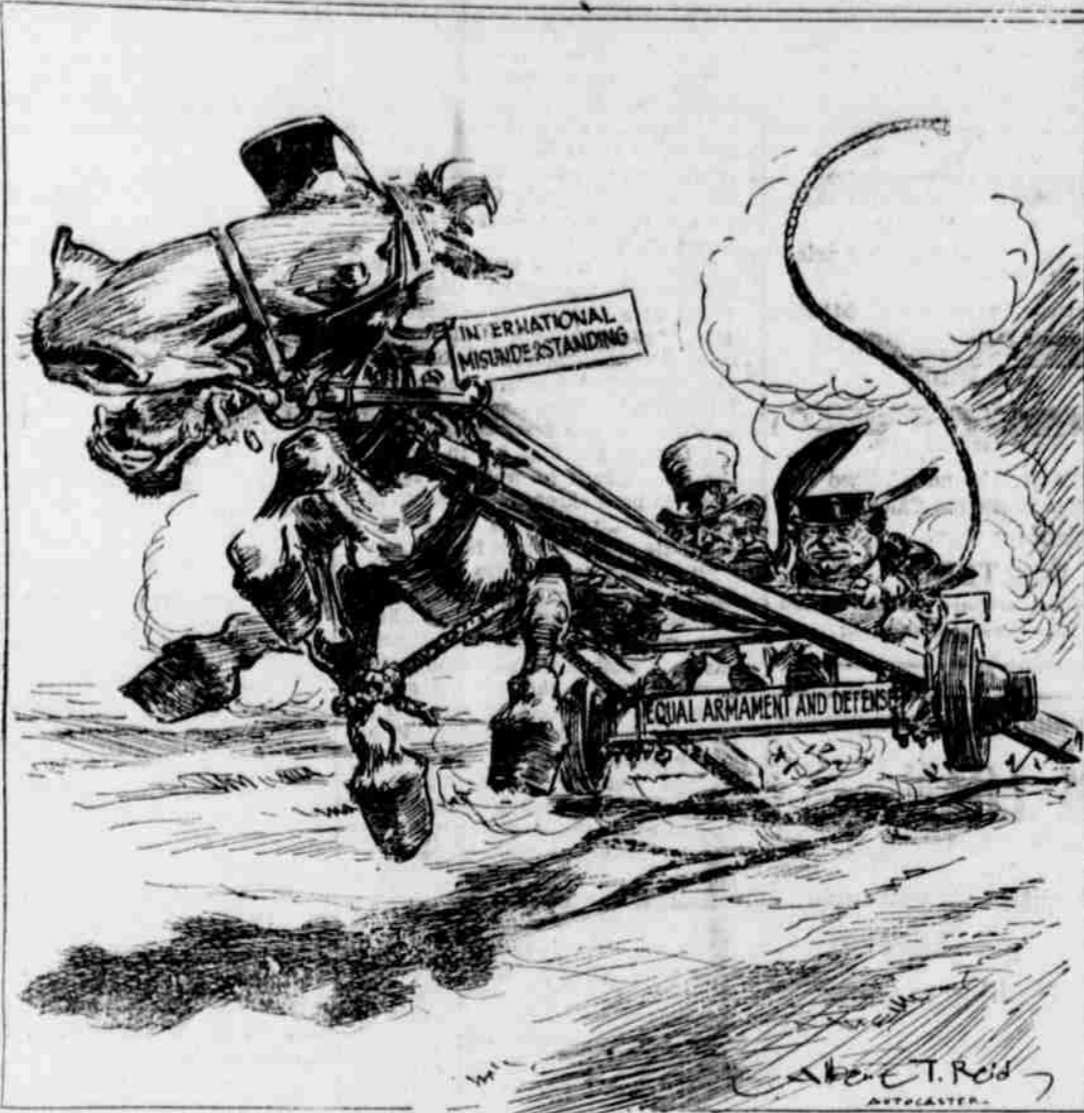

MIS SMASHBURN ORGANIZES FIELDTON 4-H CLUB

The Fieldton girls met Monday last week with the new Home Demonstration Agent, Miss Ruby Mashburn and the District Agent, Miss Myrtle Murray, and organized a 4-H club.

Miss Murray took up the fundamentals of club work, discussing the projects which might be taken by members of the club. There were 30 girls who joined the club. They were all very enthusiastic over the plans for future work. The following were elected officers for the club: President, Ruby V. Sullivan; Vice-President, Odell Pickrell; Secretary and Treasurer, Georgia Green.

The Old Fashioned Breaking Cart

By Albert T. Reid

FIRE PREVENTION WEEK, OCT. 6-12

In keeping with previous custom October 6 to 12 has been designated as Fire Prevention Week, and President Hoover has issued a proclamation calling upon all citizens to so observe it.

In keeping with the national edict, I therefore, as Mayor of the City of Littlefield, do herewith urge that all the citizens and property owners of this city give heed to the call of prevention in seeing that their premises and adjoining streets and alleys are thoroughly cleaned of all trash accumulations and that any other hazardous condition conducive to fire should be remedied or removed.

Littlefield has, in the past, obtained an enviable fire record, our present low insurance rate is accorded us on this basis, and in maintaining this rate we will also give due protection to our property by giving heed to the above call and warning.

OTTO JONES, Mayor

THE FRYE CHAIN TIRE STORE NOW OPENED IN LFD.

The Frye Chain Tire Stores are this week opening for business in the Mid Seal building on Main street, just north of the John H. Arnett Motor Co., where they are installing a large and wide variety of the Federal line of automobile tires and casings.

"We have picked Littlefield as one of the coming towns of the South Plains," said J. F. Frye, proprietor, when commenting upon the new store being located here. "It is now growing rapidly, and surrounded by its fine farming territory, there is no reason why it should not continue to grow," he continued.

It was eight years ago that Mr. Frye opened his first tire store in Slaton, now, with the store in Littlefield, he has eight stores located in West Texas. Two stores are in Lubbock, and one each in Midland, Pyote, Slaton, Lorenzo and Lamesa. He states that he contemplates opening other stores within the next 60 or 90 days.

F. E. Beard, who has been with the firm for the past year and a half at Pyote, will be in charge of the Littlefield store.

NEW BRICK BUILDING

Laying the foundation last week, Contractor James is this week hauling material onto the lot just north of the Jones Bros. Motor Co., building on Main street, for a tile and brick business house being erected by A. C. Chesher.

When completed, it is understood, it will be occupied by a garage.

BUILDING PERMITS

Permits totaling \$17,000 were issued during the month of September for new buildings within the city limits, according to records at the City hall.

LAMB COUNTY WINS

Lamb County won second place in the agricultural exhibit at the South Plains Fair, Lubbock, this week, Garza county nosing out first by a lead of only a few points, according to information received Tuesday afternoon by County Agent D. A. Adam. The honor also carries a premium of \$175.00.

Mr. Adam is planning carrying the exhibit to the State Fair at Dallas, the latter part of this month.

LFD. MAKING BIG PREPARATIONS FOR TRADES DAY EVENT

Judging from the preparations being made next Monday will be one of the best Trades Days that has been held in Littlefield.

The Dairy Calf show is going to be Agent Adam, who will judge the show an interesting feature, and County is arranging an interesting educational talk on dairy qualifications and the manner of selecting a calf that will make a good milk producer. Both grade and pure blood calves will be allowed to enter a cash prizes will be awarded to winners.

A good list of merchandise premiums are ready for the drawing and the Littlefield band has worked overtime to get some good music up for entertainment. Concerts will be given during the day.

Several merchants are carrying advertisements in the local paper this week, offering special bargains for this occasion and all are offering reduced prices on all lines.

FEEDING 3,500 SHEEP HERE

J. C. Long, of Hollis, Oklahoma, is here with 3,500 sheep which he is feeding about 10 miles south of town. He is very favorably impressed with the feeding possibilities of this section.

LFD ROTARY CLUB BEGINS STUDENTS FUND FOR LOANS

The Littlefield Rotary club was host to the members of the Fort Worth Cats baseball organization at the dinner hour when they played the local Cats team here Wednesday of last week.

Joe Bonowitz, member, was speaker for the club, introducing each member telling of the various positions they played, and expressing the appreciation of the club for the courtesies of the Rotarians shown them. Arthur P. Duggan gave an interesting address of welcome to the ball players.

Aside from the membership, others attending as guests were P. K. Lybrand of Ballinger, and Managers Art Mueller and L. A. Ratliff, of the local ball club.

It is stated by President R. E. McCaskill that the Rotary club has now formed a Students Loan Fund for the purpose of aiding worthy students desiring higher education. Directors of the fund are Prof. B. M. Harrison, T. S. Sales, F. G. Sadler, W. J. Harris, and R. E. McCaskill. It is anticipated that this fund will start off with about \$500 paid in for loan purposes.

The membership now consists of about 30 of the prominent business men of the city.

An excellent dinner was served them by the ladies of the Presbyterian Auxiliary in the basement of that church.

At the meeting this week, to be held Thursday night, the club will entertain all the teachers of the Littlefield public school.

CLINT GRIFFIN HOME WAS ROBBED LAST SUNDAY NIGHT

While attending church services last Sunday night, the home of C. O. Griffin, located in the southwest part of town was entered by thieves and the following personal property taken: Blue serge suit of clothes and brown overcoat bearing the mark "C. O. G." inside, sizes 42 and 44, respectively; ladies light colored spring coat with fur collar, size 36; 4 shirts size 16 1/2; 1 child's red coat and one blue one; 1 red sweater; 1 Victor portable phonograph and some records; 1 black satin dress and 6 children's dresses.

No clue to the perpetrators has been discovered. Mr. Griffin is offering a reward of \$50.00 for their apprehension and return of the stolen articles.

STORK SPECIAL

Mr. and Mrs. Shorty Marshbanks are the parents of a baby boy, born September 27th.

ORGANIZE CHORAL CLUB LAST THURS. NIGHT FOR COMM'Y

At a meeting held at the First Baptist church Thursday night of last week, the Littlefield Choral club was organized with about 20 members, and there are several others who will come in.

The Club is for the general purpose of community benefit; that there may be a musical organization to function for all special occasions as are constantly arising, and, for the further purpose of the members becoming more proficient in the understanding and execution of vocal music.

Officers of the new organization were elected as follows:

E. A. Bills, president; Mrs. Ray Jones, vice-president; Mrs. T. S. Sales, secretary-treasurer; L. W. Jordan, leader; Zed Robinson, assistant leader; Mrs. J. H. Lucas, pianist.

Persons selected to represent the various churches were: Mrs. Ray Jones, Presbyterian; Miss Fielton, Christian; L. W. Jordan and Mrs. J. H. Lucas, First Baptist; Zed Robinson, Methodist.

On the membership representing the Presbyterian church is Mrs. T. P. Wright; Baptist, Mrs. T. A. Henson; Church of Christ, Miss Edith Ratliff; Church of Christ, Ross Mayhew; Methodist, Miss Ruth Courtney.

The music committee is composed of L. W. Jordan, chairman, Mrs. Ray Jones, Zed Robinson, Miss Finnie and Mrs. J. H. Lucas.

Mrs. Jake Hopping was elected reporter.

Members of the organization are: L. W. Jordan, Zed Robinson, A. G. Rathell, L. H. Smith, Mr. and Mrs. A. J. Henry, Mrs. T. A. Henson, Mr. and Mrs. T. S. Sales, Mr. and Mrs. Pryor Hammons, J. E. Barnes, Mrs. Ray Jones, Mrs. Jake Hopping, Mrs. J. H. Lucas, Mrs. J. N. Price, Miss Ruth Courtney, Miss Edith Ratliff, Miss Finnie and Mrs. Vesta Henson.

Regular rehearsal meetings will be held each Thursday night at the First Baptist church.

TWO INSURANCE AGENCIES COMBINE BUSINESS INTEREST

As a result of a deal closed last Saturday, the fire insurance business of J. E. Barnes and the Rowe Abstract Co., have been combined.

The Rowe Abstract Co., having surrendered their building lease to the First State Bank, will move their business into the Romback building now occupied by the Barnes agency.

Mr. Barnes will continue to represent the Federal Land Bank, also handle life insurance. He states that his firm is not yet positively decided upon their new location.

The Chamber of Commerce offices, located in the Romback building, will also be located elsewhere in the near future.

NO GAS HERE NOW

As the result of a visit to Littlefield last week of officials connected with the gas company holding a franchise for service here, it is understood that gas will not be furnished Littlefield until some time during the spring months.

City officials were reticent about giving out any information regarding gas service, as they seemed to have no positive information in the matter.

It is understood however, that signatures of proposed gas users are being secured this week, and probably service may be obtained from another company.

Census Head

William M. Stewart, Director of the Bureau of Census of the Department of Commerce, Washington, D. C., will soon direct the taking of the Census of the United States.

Miss Lucille Porter of Hogsett, W. Va., is earning her way through Marshall College by raising Boston terriers, some of which are valued in thousands of dollars.

SPECIAL LOT PRICES

300 resident lots in Littlefield, close in and convenient to schools, to be closed out this year.

TABERNACLE W. M. U.

The ladies of the Tabernacle Baptist church missionary union met Monday afternoon, the program opening with song and a prayer led by Mrs. A. E. White. Rev. Roy Kemp, pastor, conducted the Bible lesson, which was followed by a short business session, after which Mrs. T. L. Matthews was presented with a miscellaneous shower.

Following a social hour, refreshments were served to Mesdames Evins White, Connell, Berryman, Smith, Porter, Matthews, Crow, Kemp Vause Howard, Smith, Staggers, Prichard, Reese.

As An Agriculturalist Sees Farm Board's Job

The new Agricultural Marketing Act approaches farm relief from a materially different point of view from that of former bills before Congress in recent years, says Dean H. L. Russell of Wisconsin University College of Agriculture in the American Bankers Association Journal.

"It contains a new idea, fraught with the greatest possibilities—the organization of a Federal Farm Board," he says. "It has been possible for farm cooperatives to borrow from Federal-aided institutions before, and at a materially lower rate than city business men had to pay for working capital, but this is the first set-up made by the government in which a commission has been carefully chosen to give undivided attention to an effort to solve the problems of a farm group."

"It is hard to conceive of a higher degree of responsibility than must be assumed by this commission. No board ever created by congressional action has been clothed with as wide plenary powers. It is authorized not only to advise but to execute, to plan and put its plans into effective action, to buy and hold, to dump, to dip into the Federal treasury to accomplish its ends with what would be almost unlimited resources to any private commercial concern. The board's only job is to succeed, and no governmental agency even during the war time emergency had a wider latitude."

"Many will think the farm relief program will be universally applicable to the individual land owner or operator. Such procedure is far from the case. Aid is to be extended through cooperative organizations by making it possible for such groups to obtain cash advances to hold crops so as to permit of more orderly marketing."

"While the primary relation is with cooperatives, the individual or unorganized farmer will also profit by the activities of his organized fellows. If a stabilized program of merchandising is able to eliminate the surpluses that

exert such depressing influence on prices the general price relation should be improved. If this occurs the individual farmer should also benefit."

"It is here the government is proposing a novel attempt in economics. Through stabilization corporations for each commodity it is proposed to make possible the handling of the surplus so as to lessen its disturbing influence on prices. With non-perishable products such a program is, of course, conceivably possible, but one wonders what would happen if a stabilization corporation had to handle a perishable crop in great quantities."

"Is it going to be possible for a stabilization corporation to stabilize? It would be one thing if it had merely to stabilize the American situation, but often that situation is complicated with world conditions. Perhaps the very fact that such a stabilization corporation is in position to function may have a steadying effect on the market. Markets respond to psychological stimuli as do individuals. The very fact that the government has now definitely stepped into the breach with all of its resources available to make the new plan work will exert an undoubtedly a strong stabilizing effect."

"It would be presumptuous to forecast what the ultimate effect of the new act will be. It can, however, be definitely stated that in the present plan much of the philosophy that had been so drastically criticized as economically unsound has been eliminated. The existing plan is worth trying. It will undoubtedly cost the Federal treasury no inconsiderable amounts of money, but if it produces the hoped-for result it will have been well worth while."

PRESBYTERIAN AUXILIARY

The ladies of the Presbyterian church met Tuesday afternoon at the home of Mrs. C. C. Clements with Mrs. Clements as hostess.

Mrs. E. A. Bills had charge of devotional. Mrs. Smith gave an interesting lesson on "The Oriental in America."

A dainty salad course was served to the following members: Mesdames Chas. Barber, E. A. Bills, Mike Brewer, C. C. Clements, M. V. Cobb, N. A. Douglas, J. S. Hilliard, Ray Jones, Bob Smith W. G. Street, Harry Wiseman, F. W. Wynn, Wm. F. Fulton, and Miss Lulu Hubbard.

San Antonio will extend its limits a mile and a half in all directions, annexing several different suburbs.

Miss Marjorie Crawford, of Los Angeles, aged 20, aspires to the woman's world record for endurance flight. She has been flying 15.

COLLEGE NEWS

The work in all the Departments of Littlefield College has come up to the standard during the second week, and several new students have entered, while others have advised they are coming. More of the extra curricular activities will be begun this week.

The faculty and student body were glad to welcome R. O. Conner, our business manager from Dallas, last Wednesday. He would have been in our midst at the beginning of the school, but was very ill and was unable to come. He seems to be well-pleased with the progress of the school and its future prospects.

In the absence of S. H. Cantrell the work of his department is being taken care of by other members of the faculty, and Miss Fields is acting as registrar.

The attractions at the aviation field west of the college caused considerable excitement and drew several visitors to the campus Sunday.

Carl Etheridge, Miss Vera Etheridge, and Miss Fields went to Fieldton where Mr. Etheridge had charge of the services Sunday, except Rev. Kemp preached at 8:30 in the afternoon. Mr. Etheridge, Miss Vera, Cecil Stokes, Jack Vaughn and Clifton

Winans went to Fieldton, Sunday night.

Jim Wilcox, of Guyton, Okla., was a visitor on the campus, Sunday.

In discussing Littlefield College and its future work President Duckworth stated: "I have visited a number of homes and communities in this and adjoining counties. It is the purpose of R. O. Conner and myself to continue this visiting, talking with people concerning the work of our college until we have impressed them with the plans and purposes of this institution and the possibilities of a first class junior college in this field."

Pep Paragraphs

Betty Jane, a new daughter, arrived at the home of Mr. and Mrs. W. T. Fortenberry, September 26th.

There is great need of cotton pickers around Pep. J. E. Stengel went to Roswell, Saturday to seek pickers.

Mr. and Mrs. W. H. Heinen, of Littlefield, visited at the W. P. Lupton home, Sunday.

John Scott, who ranches near Pep, should be placed on the community distinguished service list. He recently killed an old ratter and her eight young ones. He also killed several coyotes lately. A. G. Jung-

man the Pep taxidermist, is mounting two of the coyotes hides secured by Mr. Scott.

J. F. Gerik has temporarily retired from active service, owing to a severe and continued attack of rheumatism.

J. F. Albus and J. F. Gerik are making an interesting experiment in the crossing of their Jersey dairy cattle with Durham of the milk type.

If the experiment is successful a good dual purpose type of cattle should result.

Almost every family in Pep owns a large pressure cooker. Some have in addition a canner and crimpier. The result is that every family has a cellar well stocked with canned meats, fruits and vegetables for winter use. Every family has a good dairy herd and a flock of poultry. These things combined with thrift and industry make of Pep as thriving a community as may be found in the state.

HAVE SEWING CLUB

A sewing club was organized last Thursday at the home of Mrs. C. C. Clements.

The club will meet every Thursday afternoon. The next meeting will be at Mrs. Billie Harris.

The members are Mesdames John Porcher, Billie Harris, Otha Key, C. C. Clements, Irvin Miller, T. Wade Potter, Dick Johnson, M. V. Cobb and E. Whicker.

Bill Der Says

A Dollar in the home is worth two in the landlord's pocket

THERE IS AN UNUSUAL CHARM about built-in furniture that cannot be denied, especially when the pieces are designed to fit into your particular type of home. We will make any kind of furniture for your home. Work good and prices reasonable.

ERNEST WILLIAMS, Manager
Littlefield, Texas

Week Between The Fort Worth and The Littlefield Cats, the Score Being 11-4

Walkup and his Ft. Worth team in Littlefield last Wednesday. The game started promptly at 11 o'clock and was played in 1 hour and 15 minutes. The Fort Worth team was more apt in placing their bats and won quite handily, 11-4. Dewey Walker, who has been a regular with the locals and playing in right field was the outstanding star for the home boys. He connected for a

home run and a single in four trips to the plate. Mick Ratliff followed closely with two singles in four appearances at bat. In the ninth inning Joe Bonowitz after a long run to deep left center field fence speared Ballard's long fly that had all the earmarks of a home-run. In the fifth inning Lybrand grabbed a hot grounder off Harrington's bat and threw to second forcing the runner, also, in time to get the man at first, thereby making one of the snappiest double plays seen on the local field.

The game was full of many interesting plays and the locals kept the Texas Leaguers on their guard at all stages. A total of nine hits were collected off of Stoner in the nine frames he worked, while the Cats got 16 for their afternoon collection.

Newty Moore who started pitching for the Littlefield Cats got off to a bad start, when Mallon, Ft. Worth third-baseman opened the game with a triple to right center field fence. They were retired in order after one score was registered. He came back strong in the second inning without any damage done. But in the third two runs were made on three hits and two infield outs.

Dick Ratliff opened the last half of the third with a single to right field. Moore struck out but E. Mueller hit one through pitcher's box for a single. Ratliff went to third and Mueller to second when the ball was played to third base. Scallings came through with a single and scored Ratliff and E. Mueller.

In the fourth after Al Mueller went out and Dewey Walker got hold of one for four bases, Mick Ratliff followed with a single. Ballard and D. Ratliff went out in order. The fourth tally came in the sixth inning, when Hanks, local first baseman hit to left center for two bases, went to third on an infield out and scored when Walker singled on the first pitched ball. This was Walker's second hit of the game. A very neat sum of money was raised by local fans to express their appreciation for Walker's efforts in the game.

This game marked the closing of the Littlefield baseball season, and it has truly been a successful one. The Cats have to their credit for the summer 24 victories and five defeats.

It appears that 1930 will find most of the regulars back and a better year and more games will be in store for the many loyal fans in Littlefield and

surrounding territory. It is very evident that an even better club will don the local uniforms than carried the past season. The game with the Ft. Worth team not only marked the closing of the ball season here but it gave everyone a chance to see the difference between class "A" and class "D" baseball on the home ground.

The game was attended by a large crowd of fans, and special rates being given the school pupils, many of them were also present to witness the event.

YOUR LIFE IS IN THE HANDS OF THE CHEMIST!

Do you realize that every time you give a druggist a prescription to fill, you put your life into his hands?

The slightest error he may make in filling the prescription may mean tragedy.

That is why we take such great care to fill every prescription with scientific exactitude, and check up on our work several times before anything goes out of our laboratory. We are conscientious of the trust imposed in us.

LITTLEFIELD HIGH SQUAD WINS OFF SUDAN, 38 TO 0

The Littlefield High School football team proved its mettle last Friday in the first game by roundly outplaying Sudan High School to win by the score of 38-0.

There was never any doubt from the first to the last whistle, who would win the game.

Sudan did not make a single serious threat at scoring, and Littlefield's team was composed of second string men for half the game.

The local team is not a "finished" club by any means, but to a close student of the game there seems to be the strong possibility of a winning team this year. There is more "drive" or "punch" to the work of the team than could be seen in former years, and though the team was under orders not to disclose too much in this first game for the car full of coaches and officials of Tahoka High School, who were here to digest this week, the local fans could see that their money will be well spent when they go to see the remainder of this season's schedule.

Thursday, Oct 3, at the South Plains fair at Lubbock, Littlefield will tie-up with the strong Tahoka aggregation and many fans from here plan to see the game.

Mrs. Edith Morris, of Belfast, was sent to prison on a charge of embezzlement a few hours after her wedding.

ORGANIZE WOMEN'S CLUB
 Miss Ruby Masburn last week organized the women of the Fieldton community into club work for home demonstration purposes.
 Mrs. O. L. Smith was elected president; Mrs. Harvy Pickerell, vice-president; Mrs. H. L. McNealy, secretary-treasurer; Mrs. J. B. Perry, reporter.
 At the next meeting the subject of school lunches will be discussed.

Frionia's committee investigating works system is making progress. The feasibility of installing a water committee has secured all available information it can regarding the necessary steps to be taken and as to reliable engineers and contractors, and work will no doubt be started soon.

Horace Major, 5, of Ocean View, Va., is an expert fisherman, well versed in piscatorial lore.

SOME WILL FORGET AND FORGIVE
 Most persons will forgive and forget an occasional slip-up in the quality of a canteloupe but give them a slice of ham or a pound of bacon that isn't "up to scratch" in every respect and they kick like sin. That's why we make it a rule to see that every ounce of meat that leaves our place **MUST BE FRESH AND OF THE HIGHEST QUALITY.**

LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.
Subscription: \$1.50 per year; 75 cents for six months.
Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office at Littlefield, Texas, under the Act of March 3, 1897.

JESS MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

GOOD-BYE ROCKER

Is the rocking chair to fall by the way, a victim of the fleeting of fashion? One alleged authority on home decoration insists that the "ensemble idea" is now the thing and that the rocking chair simply will not "fit in" with any grouping of furniture.

Will we yet come to the time when the courts will recognize a valid reason for divorce in the fact that the husband simply will not "fit in" with the fashion of the furniture, or the color scheme of the parlor decorations or some other requirements of the fashions of the day in household matters?

What every man knows—and most women, if they will but admit the truth—is that there is no seat more grateful to the tired human frame than an intelligently modeled rocking chair. By that we mean a rocking chair built in complete forgetfulness that there is any such thing as "fashion" in chairs; we mean chairs that are made to sit in instead of to admire. Style has robbed us of a lot of things and we haven't done much protesting.

But we'll be dog-gone if we don't propose to have something to say before we'll give up the good old-fashioned rocking chair.

THE NEWEST GRAFT

You've got to get up before daylight to beat the modern American grafter. Yet it seems from press reports out of Washington that agents

of the Department of Justice have been doing that very thing.

No sooner had congress authorized the construction of Boulder Dam than smooth individuals began offering land in the vicinity of the dam at a few dollars an acre and advertising that as soon as the dam was finished the valley would bloom like a new Garden of Eden.

It sounded good and it might have been good only the acres of sand and alkali and cactus they were offering will still be a long way from water even when the dam is a completed job. So Uncle Sam reached out and got several of the grafters, and fixed it so it won't be safe for others to try the same game.

We don't know whether anyone around Littlefield bit or not; we hope they didn't. But if there's anyone contemplating such a purchase this would be a pretty good time for them to investigate before they invest.

Every day we read of some new improvement in electric refrigerators. All we need now is a burglar-proof door in case we have a tenderloin steak.

TEACHING SAFETY

Several states have recently seen fit to throw a stronger safeguard around their rural school children, realizing that traffic on all highways is now so heavy as to make them almost as dangerous as city streets.

One of the latest laws of this nature, passed by the state of Ohio, makes it compulsory for a motorist to come to a dead stop upon reaching a school bus that is standing in the road

in the operation of taking on or discharging school pupils.

In other words, it is as much of a violation of the law to drive by a school bus that is standing still on the highway as it is to drive past a street car that is standing still on a city street.

Teachers in our schools, too, are being encouraged to devote a few moments each week to warning the boys and girls in their care of highway dangers. Out in rural communities, where roads are unguarded by traffic officers or safety lights, it has become absolutely necessary for pedestrians to show a greater degree of care and watchfulness than ever before.

This fact must be impressed on the minds of our children, and there is no better place to do it than in the school room. We wish there was a law today compelling the teaching of safety in every schoolhouse around Littlefield. With the state devoting more attention to the safety of rural residents and teachers devoting more time to warning school children of traffic dangers, there is no reason why, even with an increasing number of machines, the mortality list cannot be greatly reduced.

Don't be puzzled over the success of the Graf Zeppelin. It isn't the first time a big bag of wind has been sitting on top of the world.

A BRIGHTER OUTLOOK

If the opinion of A. B. Genusg, nationally known authority on agriculture, is worth anything, and Uncle Sam values it very highly, then the Littlefield man who has money invested in farm land has little cause for worry.

"Bit by bit agriculture is getting straightened away for a generation of prosperity," he says in an article written for The Farm Journal. "The well located and productive farm lands

of America are among the best bargains on the real estate market today. By the time we wake up to the fact they will be marking up the prices, for wise farmers are buying and when farm land starts to move upward it doesn't take it long to reach a good figure."

We are offering the gentleman's opinion merely for what it is worth. You can take it or leave it. But we do believe in it enough to advise the man with money to invest to put it into old mother earth instead of changing it in Wall Street, with its crazy speculation flurries and paper profits that are wiped out over night.

If present styles continue a lot of girls are going to suffer from chapped hips this winter.

BE CAREFUL NOW

State and national officials realizing this is a hazardous time of the year, call attention to the necessity of removing all trash and rubbish from about the premises. President Hoover has designated the week of October 6-12 as Fire Prevention week, and the Mayor of Littlefield is, in this issue of the Leader urging all property owners to be active in ridding their premises of rubbish.

Already in many sections of the country disastrous fires have been reported, and it is a well known fact that at this time of the year there is more dry waste lying around than at any other period.

Every year at this time we try to remind Littlefield people of the dangers arising from this cause, and to appeal to them to be exceedingly careful of matches, or lighted cigar or cigarette stubs. It is also an appropriate time to investigate all house flues, electric wiring, etc.

It's always better to be safe than sorry!

Making Them Happy

On this year's Candy Day, October 19th, orphans, cripples and ridden children will be presented with candy by Candy Week Co. tees in about 200 American Cities.

LITTLE LEADERS

Our advice to Littlefield boys is to keep in mind the act that no woman can make a fool out of you unless she has your cooperation.

If you think a Littlefield woman doesn't like to be lied to try telling her what you think about the way she looks or what you think of her children.

The smart Littlefield girl's idea of taking care of herself is getting a man to do it for her.

The Littlefield man who declares that he always says what he thinks, means he does when his wife isn't in hearing distance.

Many a married man around Littlefield would have died an old bachelor if the girl who married him hadn't thought some other girl was crazy to nab him.

We hear a lot of talk these days about "endurance records" but what about the Littlefield woman who has washed dishes three times a day for the last forty years?

Carbon Paper and Second Sheets at the Leader Office.

BIRTHDAY PARTY

Little Miss Billy Loren celebrated her fifth birthday party Friday September 27th man yof her little friends.

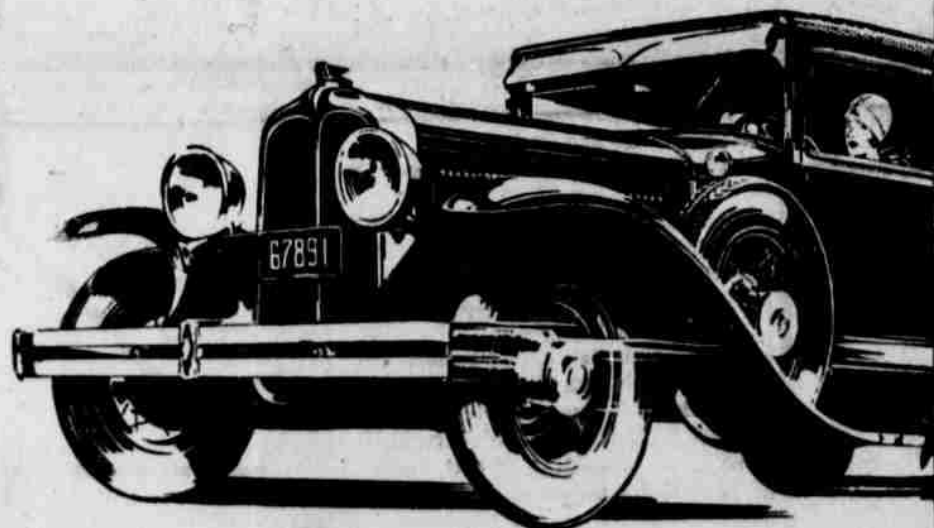

The little hostess received pretty gifts. After playing from four till six o'clock, and cakes were served to the guests: Velma Lee and Lowe, Jo Patsy Smith, Ruth and, Audry Hagerman, Carl and, Ila Gene Latimer, Mary Wiseman, Melba Thompson, Clestine Richards, Marguerite, Sunshine and Maurine, Kathleen McCasland, Dorotian, Erma Teel, Billy Loren, Emmett Walter Franz, Jr., Glenn Ropes, James Timian, Ronald Thompson, Louis Co, Billie Gilliland, Carral Jones, Arnold, Aldwyer Mills, Harold Latimer.

The guests departed wishing Billy Loren many happy returns of the day.

Born with four legs, a Galway, Ireland, is thriving and of them have been amputated.

The only car listing for less than \$1000

which offers all these Important Features

- 1 A 200-cubic-inch L-head engine.
- 2 The Harmonic Balancer.
- 3 The G-M-R cylinder head.
- 4 The cross-flow radiator.
- 5 Automatic temperature control.
- 6 Fully counter-weighted crankshaft.
- 7 Airplane type interchangeable bronze-backed main bearings.
- 8 A 1 1/4-inch carburetor, including an internal economizer and an accelerating pump.
- 9 A gasoline pump, first introduced by Oakland.
- 10 Expansion-type piston pins.
- 11 Full-pressure lubrication.
- 12 Crankcase ventilating system.
- 13 Internal-expanding four-wheel service brakes.
- 14 Special moulded, non-squeak brake bands. Positively no squeaking when stopping.
- 15 Specially designed bodies by Fisher.
- 16 Flaring fenders—70 inches across.
- 17 Unusually high radiator of distinctive design.
- 18 A variety of popular colors.
- 19 Tarnstedt interior fittings.
- 20 Fisher VV windshield.
- 21 Adjustable driver's seat.
- 22 Coincidental ignition and transmission lock.
- 23 Individually mounted instruments.
- 24 Foot-controlled headlights.
- 25 Small wheels with ten massive spokes.

Prices, \$745 to \$995, f. o. b. Pontiac, Mich., plus delivery charges. Spare, spring covers and Loney shock absorbers regular equipment at slight extra cost. General Motors Time Payment Plan available at minimum rate. Consider the delivered price as well as the list (f. o. b.) price when comparing automobiles. Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

Do you want power? Pontiac's big, 200-cubic-inch engine develops 60 horsepower at 3,000 revolutions per minute—the highest power produced by any six so low in price.

Do you want speed? Pontiac offers the highest top speed and the fastest acceleration to be found in any low-priced six, as proved by the "fifth wheel," the most accurate speed measuring device known to automotive engineers.

Do you want smoothness, safety, long life? Pontiac provides them in more generous measure than any other low-priced six, because of such features as the Harmonic Balancer which counteracts torsional vibration in the crankshaft, the crankcase ventilating system which prevents dilution of oil, the full pressure lubricating system and Pontiac's exceptionally fine internal-expanding non-squeak four-wheel brakes.

Note the list of features at the right. These are features which are combined in the Pontiac Big Six and in no other car listing for less than \$1000. Come in and let us show you what these features mean to you in terms of finer performance, greater riding ease and increased all-round satisfaction with your car.

**BUSINESS MEN TO
GIVE PARK SPACE
TO THEIR PATRONS**

At the Tuesday luncheon of the Chamber of Commerce a plan was put on foot to prevail upon the business men who drive their cars to work to either park off of the main streets on Saturdays and Trades days or to walk to town on these days. This idea was suggested in order that there might be more space for the farm folks to park their cars on these days. On account of the crowded conditions existing because of the torn up streets it is a hard matter to find parking space, it was explained. The space that would be created by the business men not parking their cars on busy days would go a long way toward solving the parking difficulties. A committee was appointed to arrange for a caravan of automobiles to go to Lubbock Thursday in a body

to attend the fair. The Littlefield band will furnish the music on that date and Littlefield's football team will play Tahoka at the fair grounds that afternoon. The Chief of the Lubbock Fire Department advised the Chamber of Commerce that he would meet the caravan at the city limits of Lubbock and escort them through the business section of Lubbock, and would have the streets roped off and traffic lights cut out for the parade through town. A good representation is arranging to attend the fair on this date.

**Minutes of Meetings of
Commissioners Court
Moving County Agents**

Agent the discussion traveling over the county relative to the recent action of the Commissioners' Court in the matter of locating the County Farm Agent and the Home Demonstration Agent in Lamb County, the minutes of the meetings of the Court's two last sessions wherein the matter was discussed are herewith published as a matter of public information.

CERTIFIED COPY OF SPECIAL MEETING OF COMMISSIONERS' COURT, SEPT. 20, 1929.
Be it remembered that on this the 20th day of Sept., 1929, came to be holden a Special meeting of the Honorable Commissioners' Court in and for Lamb County, Texas, at the Court-house thereof, with all members present, who met with Miss Myrtle Murray, District Home Demonstration Agent. At this meeting the question of locating the County Agent and the Home Demonstration Agent was taken up by the Court.

Motion was made by Commissioner Foust, seconded by Commissioner Strawn, to move the County Agent and Home Demonstration Agent to Littlefield for one year, thence to Olton for one year, thence to Sudan for one year, thence to Amherst for one year.

Foust and Strawn voted "yes." Daniels and Walker voted "no." Hay voted "yes." Miss Murray objected to the move from one place to another on the grounds that it would tend to make the County Agent and the Home Demonstration Agent agents of the particular community in which they live while they lived there. Judge Hay upheld the change from one commun-

ity to another on the grounds that it would eliminate the possible feeling that the agent belonged to any one community.

It was agreed to adjourn until Monday, September 23rd, to again take up the matter with Miss Murray and Mr. Evans, District County Agent.

MINUTES OF SPECIAL MEETING OF COMMISSIONERS' COURT SEPT. 23, 1929.
Court met with Miss Murray and Mr. Evans, District County Agents.

Motion was made by Commissioner Foust, seconded by Commissioner Strawn, to permanently locate the County Agent and the Home Demonstration Agent at Littlefield.

Foust and Strawn voted "Yes." Daniels and Walker voted "No." Hay voted "No," stating that he still felt that the moving from one town to another for periods of one year each would be the best for the work.

Motion was made by Walker, seconded by Daniels, to leave the question of location to Miss Murray and Mr. Evans, and that the Court would unanimously abide by their decision. Walker and Daniels voted "Yes." Strawn and Foust voted "No." Hay voted "Yes."

Miss Murray and Mr. Evans decided to locate the County Agent and the Home Demonstration Agent at Olton.

Meeting adjourned.
STATE OF TEXAS)
COUNTY OF LAMB)
I, A. H. McGavock, County Clerk and Ex-officio clerk of the Commissioners' Court in and for Lamb County, Texas, do hereby certify that the above and foregoing is a true and correct copy of Minutes of Commissioners' Court held on Sept. 20, 1929 and Sept. 23, 1929, as same appears of record in vol. 2, minutes of said Court.
(Signed) A. H. MCGAVOCK.

PERSONAL ITEMS

Joseph W. Baud and wife, of Flatrock, Ill., are here on a few week's prospecting trip. He owns the tourist camp in Littlefield.

Mr. and Mrs. W. H. Badger, after several week's stay in Littlefield, attending to business, left Sunday for their home in Austin.

Mayor Otto Jones and family enjoyed the pleasure of a trip to Carlsbad, New Mexico, and the mysteries of that cavern, Sunday.

W. H. Newsome and son, Robert, of Frederick, Okla., are here this week looking after their farm interests in the Fieldton community.

Mrs. B. M. Harrison and daughters, Misses Dorothy and Kathleen, and Mrs. J. M. Tunnell were shopping in Lubbock, Saturday.

C. E. Cooper, after a couple of months spent here looking after business interests, returned last Friday to his home in Orlando, Florida.

T. M. Keenan, former sheriff of Lamb county, came in Sunday from Lurton, Ark., to visit with his family and look after business interests.

Mrs. Edith Blackwell and daughter, Miss Mary Bell, and Elmore Adair, of Lubbock, visited with Mrs. C. P. Matthews and family, Sunday.

Misses Doris Williams and Addie Mae Hemphill, who are attending W. T. S. T. C. at Canyon, spent the weekend with their parents.

Misses Lucille Lucas and Louise Bagwell, who are attending a business college in Lubbock, spent the weekend here with their parents and friends.

Mr. and Mrs. W. H. Lance and little daughters, June and Joyce, of Dalhart, spent the weekend with Mrs. Lance's parents, Mr. and Mrs. E. H. Williams.

Misses Bessie Denton, Johnnie Pace and Bernice Wales, and Mark Roberts, Elvin and Harmon Denton, who are attending Tech., spent the weekend in Littlefield.

Roy Wade and Aubrey Wilf went to Elk City, Okla., Saturday, after

Roy's sister and brother, Miss Frances and Gladden Wade, who will make their future home here.

Misses Louise and Eva Gertrude Chisholm, Pauline Bruce and J. E. Chisholm Jr., attended the Epworth League rally and visited friends in Lubbock, Sunday afternoon.

Morris Morgan has accepted a position as clerk in the Ellis and Ware Dry Goods Store. He formerly worked for Noret Chain Store in Lamesa.

Mrs. T. A. Henson and daughter, Miss Vesta, Mrs. Payne Wood and Mrs. W. T. Jones, Jr., visited in Lubbock Wednesday afternoon of last week.

Mr. and Mrs. H. S. Bates left Wednesday for Salem, Oregon, their former home, after a two years stay here. They will travel by auto via Cheyenne Wyoming and the old Oregon trail.

C. B. Sullivan, of the First State Bank, to soon be opened in Littlefield was here Saturday on business. He ordered a subscription of the Leader sent to the University Bank, at Austin.

Word was received here last week that Earnest, son of Mr. and Mrs. Joe Beck, of Lubbock, died there last week of heart trouble. They formerly lived in Littlefield.

C. R. Milligan, of Houston, is here this week visiting his brother, Roy Milligan. He is accompanied by his wife, Mr. Milligan's mother, Mrs. Chas. Milligan, of Rule, is also here for an extended visit.

Mrs. Ed Griffay and little daughter, Opal, spent the weekend in the homes of "Uncle Jim" Pettit and family, and Bert Locket and wife at Meadow, also visited relatives at Borwnfield and attended the fair.

Nelson Crowe, of Long Beach, California, after spending two weeks with his brother, J. F. Crowe, returned to his home last Thursday. He will enter the Baptist Theological seminary in Los Angeles, California.

Mrs. Clifford Heard, residing 11 miles north of Littlefield, was the fortunate recipient of a handsome chest of silverware given away by Matthews Dry Goods Co., last Saturday following the drawing.

John H. Woodmore, of Manatou, Oklahoma, has recently been employed with the Wm. Cameron Lumber Co. His family will join him in a few days to make their home in Littlefield.

Mr. and Mrs. D. R. Badgett and little daughter, of El Paso, who have been visiting Mr. and Mrs. M. P. Reid, east of town, returned home last Wednesday. Mr. Badgett is Mrs. Reid's brother.

Mr. and Mrs. J. R. Woods, and baby of Healdton, Okla., are in Littlefield this week looking after their farm 10 miles southwest of town. He reports a fine crop on his land. Before leaving they ordered the Leader to follow them home for a year.

Bell-Gillette Chevrolet Motor Co., reports the following new car sales: J. M. Whitman, Amherst, coupe; R. O. Dickson, Amherst, coupe; S. E. Darley, Anton, truck; R. D. Webb,

Anton, truck; J. J. Cook, Amherst, sedan; C. E. Bly, Olton, truck.

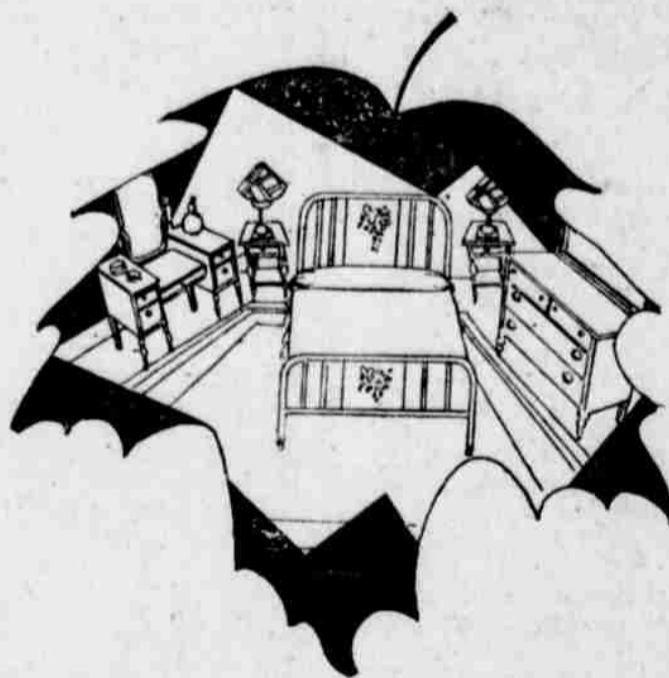

Mr. and Mrs. J. P. Spinks, Misses Gladys Porter, Penelope Floyd, Ruth McKee, Eva Joe Carmichael, Carrie Lee Collins, Daisy Ross, Eunice Wright and Frank Jones and R. A. Box attended the fair in Lubbock, Tuesday night.

Mrs. N. A. Dalton is in receipt of a letter stating that the two year old

child of Mr. and Mrs. Ike former Littlefield citizens, but living at Post, was scalded to last week when it pulled a boiling water over on itself.

Summons for parking to James Morse, of Chicago, to judge that he had been in a chair an thought that was ment sufficient, so he was rele

WEALTH WON BY UNSOUND MEANS SELDOM PROVES OF LASTING VALUE TO HOLDER

By S. W. STRAUS, President

American Society for Thrift

Successful men who have built up
 large enterprises, in the majority of
 cases, owe their success largely to
 thrift.

Thrift gave them the start they
 needed and it was the development of
 this characteristic that imparted the
 combination of courage and cautious
 judgment without which there can be
 no substantial success in money mat-
 ters.

Although the ability to make money
 is, to a considerable extent, a matter
 of natural aptitude, the still more
 important accomplishment of thrift
 can be acquired by anyone. There is
 no excuse for not saving money.

Thriftlessness is an indication of
 weakness. It is indecision of charac-
 ter.

Thrift requires steadfastness and
 the martialing of the last ounce of
 moral strength that we possess. But
 it does not require any special genius
 or brilliant gift of mind.

No matter how shrewd a man may
 be or how keenly developed his in-
 stincts for acquiring wealth, he will
 never be successful unless an element
 of thrift is woven into all his activi-
 ties.

The so-called plunger—the meteoric
 financier—may at times seem able
 to defy prudent practices and the
 principles of thrift. But success is
 seldom permanent. Wealth thus gain-
 ed rather than through the working
 out of sound business practices nearly
 always proves transitory.

Lack of thrift has caused more
 financial failures than anything else.

How many men there are today
 who might have become wealthy had
 they only known how to save money!
 During the course of their careers
 they have earned large sums but these
 have slipped through their fingers
 from day to day. They had the nat-
 ural gift of making money, just as
 their successful rivals, but they lacked
 the quality of permanent success—
 which is thrift.

Marion Farmer, of Zion, Ill., was
 denied her school diploma because she
 bobbed her hair on the eve of gradu-
 ation. The rules of the Zion com-
 munity forbid bobbed hair.

Whitharral News

Everybody is busy in the cotton
 patch now. Cotton is opening fast.
 We will need lots of hands in our
 country right away. The gin is run-
 ning regular now and is doing good
 work.

Our school is progressing fine. Sev-
 eral pupils are stopping out to pick
 cotton.

The ball players went to Shallow-
 Water Saturday evening to play and
 came home defeated.

Several from here attended the
 fair at Levelland, Tuesday and Wed-
 nesday.

Miss Sibyl McClellan spent Sunday
 with Mr. and Mrs. Weldon Johnson in
 Levelland.

The party at Miss Bertha Mae
 Blackwell's last Saturday night was
 well attended by a large crowd.

Chas. Hauk and family went to
 Liberty Sunday to visit J. R. Shipp
 and family. Some of the people over
 there didn't have anything left after
 the hail in their fields.

Fred Newsome was in Lubbock,
 Friday.

The tenth grade, with their sponsor
 Miss Sibyl McClellan, went on a
 "weeney" roast to Yellow House can-
 yon last Friday night.

Pose Ray, from Jones county, vis-
 ited Chas. Hauk this week. He liked
 this country so much, he bought a
 farm before returning home.

Mrs. Lee Crownover was shopping
 in Levelland, Friday.

Mrs. Doss Maner visited her sister
 at Petersburg, Wednesday.

Clovis Wrenn is visiting his sister,
 Mrs. Fred Newsom.

Miss Jessie Henderson and Miss Lu-
 cile Alverson were in Levelland Wed-
 nesday getting ads for the school
 paper. Levi Sechrist and Lesley
 Johnson were in Littlefield Tuesday
 getting ads for the school paper.

BABE DIED SATURDAY

Johnny Ray, three months old babe
 of Mr. and Mrs. W. O. Hendrick re-
 siding near Harts Camp, died Satur-
 day afternoon, and was buried in the
 Littlefield cemetery, Hammons Bros.,
 undertakers being in charge of ar-
 rangements.

Spans Desert

Newton Newsmith, graduate of
 Northwestern University, who with
 Andrew Juvinall of Quincy, Ill.,
 crossed the roadless Sinai Desert or
 practically the entire length of
 Transjordan on a motorcycle.

RECIPIES OF DESTRUCTION

Here are a few good recipes for
 destroying your home, factory or any
 other property:

Let your electric wiring go with it
 repairs or inspections over a long pe-
 riod of time; leave piles of oil-soaked
 rags or other waste lying around in
 corners of your garage or basement;
 don't use fire-resistive construction in
 building, because it costs a little more;
 drop lighted matches and cigarette
 butts wherever you may happen to be;
 light your fires with gasoline.

No one, of course, is going to con-
 sciously use these "recipes" of de-
 struction, or any of the many others of
 the same nature. Yet it is safe to
 say that millions of Americans have
 equal fire risks in their homes or
 places of business. Laziness, care-
 lessness, ignorance—these are the
 best friends of the fire menace.

Evry time the fire engines dash out
 in their race against time it means
 that someone has done something or
 failed to do something that a little in-
 telligent thought would have warned
 him against. We Americans are the
 most careless of peoples when it
 comes to fire, and the most wasteful.

Fire Prevention Week will shortly
 be here. It will be a good time to
 profit by the knowledge and teachings
 of the experts who are fighting the
 discouraging war against fire. Almost
 every great conflagration would be
 prevented if we spent a few more
 dollars or a little more time in guard-
 ing against risks. Begin now.—Man-
 ufacturer's Magazine.

LITTLEFIELD BAND WILL PLAY AT LUBBOCK THURS.

The Littlefield band has been engaged to play at the South Plains fair, Lubbock, Thursday of this week. Monte Bowren, director, is whipping into shape a fine aggregation of musicians, who are making rapid progress and now furnishing some excellent music.

There are now 32 active members in the band, several new members having been recently received. Mr. Bowren is a successful director of many years experience, and the progress made in the local band during the short time he has had charge of it, together with the high class music now being played, is tribute sufficient of his skill as a director.

WOW!

LITTLEFIELD, TEXAS

Finance Juggler

C. D. Waggoner, president of the Bank of Telluride, Colorado, confessed when captured in New York after a nationwide search that he had tricked six New York banks out of \$500,000 in order to distribute it among his creditors and the depositors in his tottering bank. It is said that two years would be necessary to untangle the financial snarl.

Fire Losses on Farms Reach \$150 Million per Year, Says Art. Hyde

The week of October 6-12 has been designated by President Hoover as Fire Prevention Week. The annual observance of this week, says Secretary of Agriculture Arthur M. Hyde, undoubtedly has contributed materially to the cause of human safety and well-being.

Following the President's announcement on fire losses in general, Secretary Hyde called attention to farm fire losses in the following statement: "The farmer has as much reason as the city dweller or any other owner of property, to interest himself in these special annual campaigns against fire.

"The loss on farms and in rural communities due to fires has been estimated to have been as high as 3,500 lives and \$150,000,000 worth of property in a single year. The rural population of our Nation should give serious and constructive thought to this problem and make special efforts to eliminate needless fire losses.

"Lightning, defective chimneys and flues, sparks on combustible roofs, matches, smoking, spontaneous ignition of agricultural products, careless use and storage of gasoline and kerosene, faulty wiring and improper use of electric appliances, continue to be the principal known causes of fires on farms.

"The individual has it in his power to combat these hazards, and I urge that he do his utmost to safeguard his family and property against the fire menace. Periodic clean-up and inspection of premises will remove many serious fire hazards."

Winter Is Time to Control Rats

Food Has Been Plentiful and Farmers Have Been Too Busy to Notice.

In cold weather the marauding rat congregates with his fellows in rubbish heaps, dumps, cellars and other protected places. From these he may be dislodged by a well-planned campaign of eradication.

Winter Campaign. "Rats are not so scattered in cold weather," says C. D. Schwartz, Junior biologist at the North Carolina State college. "A campaign of eradication may be made very effective in winter because of this gregarious habit and too, the offensive odor of dead rats is not so noticeable. The rat population may be reduced or eradicated by a definite schedule of systematic poisoning, trapping and starving. It is better, however, if the campaign is undertaken in a large way as by community effort."

Mr. Schwartz says that the wharf rat, as he is commonly known, has been increasing his numbers this summer by leaps and bounds. Food has been plentiful and farm owners have been too busy to notice his depredations. In winter is the time to note this damage and to check it.

What the pest has not eaten, he has carried off or spoiled for human consumption. In addition to being a robber, the rat also is a carrier of disease. One of the most fatal of these is the "Black Plague" or bubonic plague. This disease may be controlled only by the most rigid of quarantines.

Co-Operate to Control. How communities may co-operate to control the rat or to conduct campaigns for his eradication has been made an especial study by Mr. Schwartz. He will be glad to render such assistance as he can, free of charge, anywhere within the state. Those who wish to reduce rodent damage on their farms or in their neighborhood should write Mr. Schwartz.

VAN GAINOUS AN EX-SERVICE MAN ANSWERS TO TAPS

There were thousands of soldiers during the World War who made the supreme sacrifice on the battlefield, while there are many thousand others who, wounded or gassed in the line of duty, suffered on for years to come and finally "went west" after prolonged suffering and hardships, heroes none the less. Such was the case of Van Austin Gainous, who died last Sunday night.

Mr. Gainous was a veteran of the World War, having served nine months over seas as a member of Company D, 102nd Ammunition Train, in Army Division 27. He was in several hard fought battles, went through the hell fire of Argonne forest, where he was under fire for 72 hours, at which time he was gassed, becoming a sufferer until relieved by death. His faithful service to his country is attested by the fact that when peace was declared he was given an honorable discharge, marked "character excellent."

He was born at Windom, Texas, March 25, 1892, and was about 37 years of age when he died at his home six miles east of Littlefield, on Oklahoma avenue. About 10 o'clock Sunday morning he felt a heart attack, such as he has been subject to since the war, but this time more acute, and late that evening expired.

The funeral services were held Tuesday afternoon from the Tabernacle Baptist church, being conducted by the pastor, Rev. Roy A. Kemp, and interment made in the local cemetery. Hammons Bros., morticians, were in charge of the arrangements.

The deceased is survived by his wife, one daughter, his father, two brothers and two sisters. Relatives from a distance attending the funeral were: his two sisters, Mrs. Johnny Myers, Wichita Falls, Mrs. Rush Byers accompanied by their husbands; four sisters of Mrs. Gainous, Mrs. Gaddy Smith, Mrs. Hayes Fier and Mrs. Williams, of Byers, each accompanied by their husbands; A. Van Belt, father of Mrs. Gainous, and A. A. Gainous and Eugene Gainous, of Byers, father and brother, respectively, of the deceased.

The pall bearers were J. T. Pate, Ed Billings, Ed Key, F. L. Reed, R. L. Busher, and E. Bell.

Churchill Visits U. S.

Hon. Winston Churchill, former British Chancellor of the Exchequer, who is visiting San Francisco.

FIRST STATE BANK TO OPEN ABOUT NOVEMBER 1

C. B. Sullivan, of Austin, was here last Saturday making final arrangements for opening of the First State Bank in Littlefield.

He states that the bank will be located in the Yellow House building, now occupied by the Rowe Abstract Co., and will be ready for business on or before November 1.

CAPERS-BLACKWELL

Miss Jewell Capers and Sam Blackwell were married Sunday afternoon at the home of the bride, with a few relatives and friends present. Rev. C. F. Booth, of Baileyboro, performed the ceremony.

The couple will make their Littlefield.

NEW MEMBERS AT B. Y. P. U.

The B. Y. P. U. of the First Baptist church took in six new Sunday night. George Rothell was elected captain.

A very interesting program given under the leadership of Bert Mueller. The group can have charge of the next program.

TABERNACLE B. Y. P. U.

The Senior B. Y. P. U. of the Tabernacle Baptist Church, had a very interesting program last night and arranged for the next meeting.

PERSONAL ITEMS

M. V. Cobb returned last Sunday from Nevada, Mo., where she has been taking a special course at the Institute of Suggestive Therapies and, in the future will be in touch with Dr. Cobb. She was met in Wichita, Kansas, by the doctor, who accompanied her home.

H. Arnett Motor Co. reports following new car sales: J. W. [unclear], sport roadster; Earnest [unclear], Amherst, standard roadster;

C. H. Andrews, standard coupe; A. P. Duggan, standard coupe; B. C. Vinson, Sudan, sport coupe; J. R. Moore, Sudan, truck.

T. M. Hughey, old acquaintance of J. C. Hilbun, was here from Roby the latter part of last week and purchased 250 acres of feed crop in this section. While here he spoke very highly of the fertile soil and excellent productivity of crops in this section, declaring the exhibits seen in the county far exceeded that which he had frequently seen displayed in other sections of the state.

Mrs. Tom Pritchard of Douglas, Arizona, accompanied by her three children, is here visiting her parents, Mr. and Mrs. Geo. Staggers, residing in the south part of town. Mrs. Pritchard was reared here, but having been away several years since her first marriage, remarked about the wonderful attending the local school.

James Rossiter, of London, pursued his eloping daughter in an airplane and persuaded her to wait two years before being married.

Gladys Smith, 17, of Cardiff, Wales was sentenced to prison for a year after she confessed to setting fire to six buildings "just for excitement."

ENGLISH PUPILS LEARN MYSTERY OF NEWSPAPER

About 75 English studying pupils of the High school visited the Leader office Thursday of last week and were initiated into the mysteries of how a newspaper is made.

Beginning with an explanation of news gathering, from purely local to that of national and international, the pupils were then taken into the mechanical department where they witnessed the process of newspaper making from the first slug that leaves the linotype until the finished product came from off the press.

It was the first time many of the pupils had been in a newspaper office and they gained much information not to be found in their text books.

ADJUSTING COTTON PRODUCTION TO MEET MILL REQUIREMENTS

Spinners pay for the cotton they use on the basis of its spinning utility. The higher the grade, the longer, stronger and more uniform the staple, and the better the character of the staple, the more they pay for it. Unfortunately, however, the premium paid for the better cotton frequently is not passed on to the farmer, and the producer of the quality cotton is therefore not rewarded as he deserves. The need for the adjustment of production to meet the mill requirements is brought out by the Division of Cotton Marketing of the United States Department of Agriculture in reports issued this season for the first time, showing the classification by grade and staple length of the cotton crop of the Belt as a whole and for the several states. A recent report indicates that of the cotton ginned up to February 15, 1929, more than 50 per cent was short staple— $\frac{3}{8}$ -inch, $\frac{13}{16}$ -inch and under in length. Contrast with these figures those of another report which indicates that 84 per cent of the cotton consumed by domestic mills for the year ending August 1, 1928, consisted of about equal parts of staples $\frac{7}{8}$, $\frac{15}{16}$, and 1 to 1 $\frac{1}{32}$ inches.

One of the objects of the National Cotton Show to be held this fall is to stimulate interest in production of better quality cotton to meet the requirements of the mills. The show which is being sponsored by the Sears-Roebuck Agricultural Foundation and the Soil Improvement Committee, The National Fertilizer Association, will be held in three sections, at the Tri-State Fair, Memphis, Tenn.; the Southeastern Fair, Atlanta, Ga.; and the State Fair of Texas, Dallas.

COOPER BUILDING LITTLEFIELD, TEXAS

THE CHEVROLET SIX

Most people realize that the New Chevrolet is a Six in the price range of the four. But not everyone knows what a really wonderful Six it is!

The Chevrolet engineering staff spent more than four years in the development of the Chevrolet Six. Materials are selected from the world's finest markets and, taken altogether, there are nine thousand inspections during the car's production and assembly!

The result is exactly what you'd expect—quality in design, in material and in workmanship that assures years of dependable and satisfactory service!

Come in today. We want you to see and drive this car—for it will give you a new idea as to what the buyer of a low-priced car can now expect for his money!

The Roadster, \$525; The Phaeton, \$535; The Coach, \$595; The Coupe, \$595; The Sport Coupe, \$665; The Sedan, \$675; The Imperial Sedan, \$695; The Sedan Delivery, \$695; Light Delivery (Chassis only), \$695; 1 1/2 Ton Truck (Chassis only), \$845; 1 1/2 Ton Truck (Chassis with Cab), \$850. All prices f. o. b. factory. Flint, Michigan.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. Our dealers' delivered prices include only authorized charges for freight and delivery, and the charge for any additional accessories or financing desired. (302-30)
