Wheat Farmers Allotted 100,000 Acres For 1944

County Wheat Growers will allot 100,000 wheat acres as a goal for 1944 according to the plan.

Production last year was 21,000 bushels on only about 19,000 acres. However, due to good growth in wheat about 22,000 bushels were harvested.

Loan values for wheat

have not been fixed but farmers who plant the grain will have this program if they want it.

There are no restrictions on the acreage for 1944. The carry-over is less than it has been for several years. The high rate of consumption by manufacturers of synthetic rubber has been very large. Selling of wheat for feed purposes has exceeded 300,000,000 bushels.

Schools Open Monday With 1352 Pupils Enrolled

Turn Williams, principal of Littlefield High School, announced that the schools opened Monday, 1943-44 term, with 1352 pupils made up as follows: 375 in primary; 483 in Central school; 75 in colored school.

Williams of Glen Rose, with 20 years teaching experience, has been employed by the Littlefield School Board as principal.

Williams announced that band practice is underway, and all bands are invited to be present during practice periods. Supt. Wilcox is acting as instructor of the bands.

FORTY-SIX CATTLE OUT OF 683 TESTED SHOW BANGS DISEASE

Report 138 Farmers Had Their Cattle Tested By Dr. Cox

Anyone Wishing Their Cows Examined Please Notify Raymond L. King

According to a report by Dr. N. A. Cox of Lubbock, who has made several trips to this area for the purpose of testing cows for Bangs disease, a total of 683 cattle for 138 individuals were tested by Dr. Cox, with the following results: 618 negative or clear; 46 showed signs of Bangs disease; and 19 were suspicious.

Dr. Cox was last here Tuesday, July 24.

R. L. King, Vocational Agricultural Instructor of Littlefield High School, stated Tuesday that Dr. Cox would return whenever the need occurs. He also said that several had already indicated to him that they wished their cows tested, and if there are any others interested in having their animals examined, to please notify Mr. King as soon as possible.

Proclamation To The People Of The United States

RECOGNIZING THE FACT that in carrying the war into enemy territory, we shall need greater amounts of money than any nation has ever asked from its citizens in all history, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do officially proclaim that on Thursday, the ninth of September, 1943, the Third War Loan shall be launched.

As Commander-in-Chief, I hereby invoke every citizen to give all possible aid and support to this Third War Loan drive, not only so that our financial goal may be reached, but to encourage and inspire those of our husbands and fathers and sons who are under fire on a dozen fronts all over the world. It is my earnest hope that every American will realize that in buying War Bonds in this Third War Loan he has an opportunity to express voluntarily and under the guidance of his conscience, the extent to which he will "back the attack."

The American people supported well the first and second War Loan drives and in fact did even more than was asked of them. Our need for money now is greater than ever, and will continue to grow until the very day that Victory is won; so we must ask far more sacrifice, far more cooperation than ever before.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington, this twenty-sixth day of July, in the year of our Lord nineteen hundred and forty-three, and of the Independence (Seal) of the United States of America the one hundred and sixty-eighth.

By the President:
CORDELL HULL
Secretary of State.

Meningitis To Juanita Wells, 17, Sunday

Juanita Wells, 17, daughter of Mrs. H. B. Wells of sixteenth and Amherst, passed away at a local hospital about 2 o'clock Sunday, after being confined for several days suffering from spinal meningitis.

The second death reported of meningitis in Littlefield was the first one being that of A. Frerich, 8, who died Sunday.

Miss Wells had only been ill four days, she had recovered from a cold for two days, and it was thought that she had summered. She became seriously ill Sunday at the Payne-Shotwell home where her case was quickly diagnosed on Back Page)

Surgical Dressing Rooms Re-Open

According to Mrs. C. M. McFall, Lamb County Chairman of Surgical Dressing Program, all three surgical dressing rooms in the county reopened Monday, without any change in hours.

The quota for the county is 27,000 4x4 sponges, and 7,200 4x8 sponges. Helpers are needed, and Mrs. McFall urges everyone who can to assist in this work.

Funeral Held; Wedding Anniversary Celebrated At Rev. Lee Hemphill Home

was an outstanding day for Rev. Lee Hemphill, pastor of the First Baptist Church, and Mrs. Hemphill.

Not only the occasion of a funeral, at which 22 members of the Weatherby family, of which Mrs. Hemphill is a member, have been staging annual reunions since 1929. Man Has Infantile Paralysis; Schools Close

Mr. J. E. Hamilton, 72, of Otton, believed to have the first case of infantile paralysis in Lamb county, was admitted to Plainview hospital Sunday from this ailment.

Hamilton has lived in Otton 18 years.

To take every precaution against disease spreading, the Board met Sunday on the advice of Dr. C. County Health Officer, and decided not to open the Otton school morning, as originally scheduled, but to keep them closed for two weeks. On getting in touch by telephone with Dr. Payne, he advised, after he had conferred with the hospital in Plainview in which Mr. Nix was confined, and received their confirmation that the man was suffering from infantile paralysis, that in his opinion it would be wise to let the schools remain closed for two weeks, and that if no new cases developed, classes could be resumed at the end of that time.

Whitharral Man Awarded \$25 By Local C. Of C.

I. W. Bailey Brings In Bale Of High Grade, Weighs 520 Pounds

Littlefield's first bale of cotton this season was brought in Tuesday morning by I. W. Bailey of Whitharral.

The bale, which weighed 520 pounds, was ginned at 9:30 a. m. Tuesday by the Lamb County Farmers Cooperative association, of which V. S. Cassel is manager; was of a high grade staple, and took 22 minutes to gin it.

According to Mr. Cassel, this is the fifth year in succession that this gin has had the privilege of handling Littlefield's first bale.

Assisting in the ginning of it were: Mr. Cassel, Ed. Schlottman, and Bill Cowan.

This is the first year that Mr. Bailey brought in Littlefield's first bale.

At a meeting of the Board of Directors of the Littlefield Chamber of Commerce, following the ginning of the first bale, \$25 was awarded Mr. Bailey by the booster group as the first bale prize.

Annual Meeting Of National Farm Loan Scheduled For Sat.

Luncheon To Be Served Saturday Noon By Ladies Of Methodist Church

The annual stockholders meeting of the Littlefield National Farm Loan association will be held in the Methodist Church basement Saturday afternoon, opening at 12:30 o'clock, with C. O. Stone, Secretary-Treasurer of the association, presiding.

Following the luncheon, which will be served by the Methodist ladies, a business meeting will be held, during which time directors will be elected to take the place of W. A. Locke and M. T. McKinnon, whose terms expire, but who may be re-elected.

Approximately 100 members and a number of guests are expected to attend the luncheon meeting.

Among local men who will make talks will be Pat Boone, Chairman of Lamb County War Bond Committee.

51 Enroll In Agricultural Classes Here

Raymond L. King, Vocational Agricultural Instructor of Littlefield High School, announced Tuesday that 51 high school boys, ranging in ages from 14 to 17, had enrolled in agricultural classes, and will be members of the FFA for this year.

Chapter officers were elected in August, and officers for each class will be elected Friday during classes, stated Mr. King.

Germany Is Crumbling

Two portentous facts dominating the war news have a bearing on Germany's prospects. One is the Nazis' admission that their U-boat campaigns have failed, the other is the partial evacuation of Berlin under the fear of air raids.

These facts are significant enough to those who are trying to foresee the shape of things to come. To military observers they reflect a state of mind in the Nazi Government and among the people that can only mean a fast deterioration of morale.

German cities are being ruined at a rate which must, each week, be adding years to the length of time it will take post war Germans to restore them. They are beginning to realize that the progressive bombings of manufacturing plants, railroad shops and laboratories, could run to a point where Germany's industries would disappear along with her hopes of revival after the war.

Perhaps Hitler and the Junkers who put him in power do not care how many lives they sacrifice, even if they are German lives. Perhaps Hitler does not even care how many cities and industrial plants are destroyed. But the Junkers do. The factories which enabled them to make such a successful comeback after 1918 are now being blown up—and they don't like it!

The European scene is altering rapidly. Once more, as in 1918, the real rulers of Germany are worried—as are the people. And in August, 1943, they faced a situation appallingly like that of August, 1918. Will they know enough to quit or must they be punished further? We should have the answer soon.

THIS OUGHT to stun Messrs. Hitler, Himmler, Goebbels and Goering: War Production Board Chairman, Donald M. Nelson, has set a goal of 10,000 planes per month by the end of this year!

Food Waste In The Home

One-fifth of the food civilians buy is thrown into the garbage can. Analytical studies of garbage collected in 247 cities show that it contains an average of 300 pounds of food per person per year—an average waste of more than 3/4 pound of food for each individual every day. Most of this country's food waste occurs in the home. Food is cooked away, drained down the sink, left on plates, and dumped into garbage pails.

The food supply can be increased simply by not throwing it away. Last year the people of the United States wasted more food than is needed by both the Armed Forces and the lease-lend requirements of the Allies.

Immense quantities of food went to waste on farms; more of it was lost in transit; it was dropped by the wayside by wholesalers. Much of the food wasted, bruised and spoiled, was swept out the back door of retail stores. And staggering amounts of food were scraped off unfinished plates in restaurants and public eating places.

Small quantities of food wasted in the home add up to an astounding total for the whole country. What one average American family does in conserving food does not seem very dramatic, but what every average American family can do together to save food will materially increase the supply.

Here are ten ways to save food: (1) choose your foods from the "Basic Seven"; (2) plan your meals by the week; (3) buy seasonals—try new foods; (4) store perishables with care; (5) prepare without any waste; (6) simplify table manners—squeeze the last drops out of your grapefruit, tilt your soup bowl; (7) pledge your family to "clean up the plate" (8) save the leftovers and make them appetizing; (9) share or preserve your Victory garden surplus; (10) help harvest the community crops to prevent waste by spoilage.

The home front is getting 75 per cent of the food supply; the Armed Forces need 13 per cent this year; and America's Allies are receiving 10 per cent, while territories, neighbors, and reserves take 2 per cent. The food problem cannot be solved by increasing farm production—there are limits to what the farmer can do. Neither must the Armed Forces be deprived of their share.

The answer to the problem is in each American home. It is estimated that, making allowances for unavoidable waste, enough food can be saved by voluntary watchfulness to more than equal the increased crop production of the past year.

ing two-men execution squads! This is in line with the recent statement made by Gen. De Gaulle: "France will punish as traitors those so-called leaders who rushed headlong into capitulation in June, 1940, who used disaster to strangle liberty, who delivered themselves to the Germans under the symbol of collaboration."

Fieldton-Hart Camp Section Gets Rain

Littlefield and Lamb county residents who looked to the north and east about 7 p. m. Friday and remarked "there's rain in them there clouds," were right in their deductions.

C. E. Pickrell, who resides east of Fieldton, told the Leader Saturday that about five square miles, between Fieldton and Hart Camp, received a heavy shower Friday. Rain fell for about 15 to 20 minutes.

"It helped a little," remarked Mr. Pickrell.

The western boundary of the area receiving rain was three miles east of Fieldton.

Two Amarillo Men Buy Consumers Oil Property

The deal was consummated the first of this week whereby L. H. and N. N. Alexander of Amarillo purchased the Consumers Oil Property on Highway 7 west of town, formerly used by Morris & Son, which is a triangular piece of property, with a service station on same. It has a frontage on the highway of 254 feet, and extends back to the railway right-of-way.

This property has been leased to the Littlefield Machine Shop, which concern will move to the above location about October 1.

The consideration for the purchase was reported at \$1,000.

WE'VE VOLUNTEERED
For Service on the Farm Front

An Open Letter to Livestock and Poultry Owners of
LAMB COUNTY

PROTEIN feeds are scarce. We can't sell more. So what we can sell must count for more. This means we dare not waste good feed on unthrifty livestock or poultry. We must cull unprofitable producers—save extra pigs—stamp out disease and parasites—cut down mortality—prevent costly waste.

We know from our many farm contacts that many production losses are preventable. And we are convinced that our wartime food goals can be reached, without additional labor or expense, and with the feed we now have, simply by plugging unnecessary production leaks.

To this end, and as our part in helping to win the war, we are volunteering our services to all livestock and poultry owners of this community.

Regardless of the feed you use, we will gladly call at your farm to assist in such feed-saving practices as culling chickens, worming pigs, checking feed and watering space, etc.

We will also help you with "Production Surveys" of your livestock and poultry, based on a series of wartime guides, suggested and recommended by both national and state agricultural authorities.

Our service is offered solely in the interest of "More Food for Victory," and our call will not obligate you in any way. See us for a "Feed Stretcher" Survey of your farm.

With Amherst Men In The Armed Forces

N. A. Vaughter recently received a cablegram from his son, Lieut. David C. Vaughter, who is stationed "somewhere in New Guinea," which extended to his father Birthday Greetings.

Mr. and Mrs. Vaughter, needless to say, were thrilled and pleased to receive the cablegram.

Lieut. Randall Brantley, U.S.N.R., of Jacksonville, Fla., sent for his car, and Harry Brantley drove it to the Florida City. Allan White and White, Jr., accompanied him as far as Shreveport, La., to visit Mrs. Bobby Dodd.

Mrs. Buck Elliott received a cablegram from her son, Cpl. Earnie Lee Elliott, which stated that he had landed safe in England. Cpl. Elliott is in the U. S. Army.

Sgt. Hall Hilton and Pvt. George H. Hilton of Fort Bliss are visiting their mother, Mrs. G. H. Hilton. They arrived Wednesday of last week. Sgt. Hilton left Friday, while Pvt. Hilton remained until Sunday.

Pvt. Billie Qualls, son of Mr. and Mrs. H. W. Qualls, connected with an Engineering Corps, in the Army, is now confined in a hospital in Australia.

Mr. and Mrs. Qualls formerly lived near Amherst, but have moved to Sudan.

Mr. and Mrs. Qualls had not heard from their son for about four months, until she received a letter from his commanding officer, excerpts of which are as follows:

"In reply to your letter requesting information about your son, Billie, I am glad to give you what information that I can. He was in my company from the time the company was formed until a short time ago when he was transferred to the Office of the Commanding General, APO 501.

You probably knew that Billie had had an accident when he was out horseback riding, but he recovered and there was no ill effects. About three months after he got out of the hospital, after his accident, he developed what the doctors called "athletes foot" of the hand. It would get well, and then break out again after a short time. He was in and out of the hospital several times. He is not sick and one could discern no loss of weight. Actually he was feeling very well all the time that he was in the hospital. The last time he was in the hospital I talked with the doctors about his case and it was believed best to send him to a cooler climate so he could be completely cured. There is no need for you to worry about him because he is being well taken care of. After a boy has been in a company as long as he has the commanding officer begins to regard him as a son. We all miss him, but we knew that it would be best for him to be transferred.

"Again I wish to assure you that there is nothing wrong with your son that a few months in a cool climate will not cure. He is not losing weight, so you need not worry about him. Whether or not you hear from him, you need not worry because if there is anything seriously wrong you will be notified, but in any case keep letters with news of his old friends and yourselves going his way because I know how much let-

ters from home mean to the boys. I include myself in the term "boys." Just keep the home fires burning and we all hope it will not be too long before we can either warm up by them or at least gather around the table with the family and eat a home cooked meal although our meals are as good as the average meal in a home. Anyway we all dream of the time when we can put our feet under mother's table again.

"Good luck to the folks there, "Emil Stuter, Captain, "Commanding Company B."

Seaman First Class Earl Abbott, son of Mrs. C. H. Abbott, is visiting his wife and mother. He arrived Monday and will stay until Friday, following which he will report back to duty at San Francisco, Calif.

Amherst Personals

Mr. and Mrs. Charles Packard of Spring Lake are the parents of a baby girl born at the Amherst Hospital Thursday morning last. Mother and daughter are getting along nicely.

E. E. Gee has been visiting his brother and mother at Shreveport, La. He returned home Friday morning, after several days' visit.

Z. T. Riley of Harlingen, Texas, arrived in Amherst Sunday of last week for the purpose of visiting relatives and locating in this area. He is a guest in the home of his niece and nephew, Mr. and Mrs. E. E. Gee. Mr. Riley is also a brother-in-law of Mrs. E. M. Walling.

Miss Cressie Garnett of Anton underwent an operation for appendicitis at the Amherst Hospital Wednesday, August 25. She is reported to be getting along fine.

Mrs. Lola Mae Lichte and daughter, Joyce Rae, and Dorothy Faye of Littlefield spent the week end at Amherst with Mr. and Mrs. J. W. Kelsey.

W. M. Tomes of Medicine Mound is visiting his brother this week.

Mr. and Mrs. H. N. West attended the Fellowship meeting at the Mid-Way Baptist Church in Lubbock County last Friday.

Mrs. Clarence West and children, Raymond Earl, and Doris June, have been in Dallas the past week, where they took Raymond for a checkup.

Former Local Man Is New President Of Chick Association

W. T. Jones, Jr., of Coleman, and a former resident of Littlefield, was elected president of the Texas Baby Chick Association at the annual meeting of the organization at Hotel Texas, Fort Worth. The meeting closed Friday. Mr. Jones is a son-in-law of Mr. and Mrs. J. T. Bellomy, Littlefield residents.

Other officers are: W. C. Griffin, Santa Anna, vice-president; A. H. Demke, Stephenville, re-elected secretary-treasurer.

The association charged by resolution that the OPA has caused Texas farmers "loss of millions of dollars by setting a ceiling on the price of eggs and poultry." The resolution said the ceiling has worked injustices on the poultry and egg producer, and urged that the OPA be "requested" to take advice from men experienced in the industry instead of relying on advice of inexperienced persons.

George P. McCarthy, poultry hus-

bandman of Texas Extension Service at A. & M. told the association that Texas will have 45,000,000 pounds of turkey meat to market this year.

"This means we will be able to supply our quota of turkeys to send overseas to our soldiers and sailors for Thanksgiving and Christmas

with a plentiful supply left over for civilian use," he declared.

SELL PROPERTY

W. L. Kohler recently sold his residence property to Mr. Hale, a farmer who owns several farms in this area, and it is the plan of Mr.

and Mrs. Hale to move to Littlefield and live in their newly acquired home. Mr. and Mrs. Kohler Tuesday of last week for Christmas Gap, near Meridian, Texas, Bosque County to make their home.

Miss Mary Lee Carpenter-Soltys Served Overseas

Miss Mary Lee Carpenter Soltys, daughter of Mr. and Mrs. R. N. Littlefield, who enlisted in the Army Nurse Corps in June, 1942, at San Antonio, and later made application for overseas duty as a transport

nurse to carry the wounded back from the battle line, is now believed to be in foreign service. Her parents received a letter from her stating that she had been assigned to a ship platoon.

Lieut. Carpenter-Soltys is a graduate of Littlefield High School; was graduated from the School of Nursing at the West Texas Hospital, Lubbock; and after taking a special course in children's diseases at the Baylor Hospital, Dallas, went to Los Angeles, Calif., where she took an advanced course in general nursing at San Bernardino.

She was married to Lieut. A. T. Soltys July 30 at Los Angeles, Calif. He is with the Coast Guard, and is stationed at Camp Callan, Calif.

daughter of Mr. and Mrs. J. C. Houk, 14 West St., Littlefield, Tex. She audits and consolidates squadron reports in the RAAF base statistical office, Roswell Army Air Field, Roswell, N. M. Formerly she was a bookkeeper for the Higginbotham-Bartlett Company.

Leader Hears From Mrs. Rector Jones

The Leader is in receipt of a letter from Mrs. Rector Jones at 1226 W. 105th St., Los Angeles, renewing her subscription to this newspaper, and adding, which is appreciated by the Leader, the following: "I enjoy reading the Lamb Co. Leader very much, and hope to continue getting it."

Olton Schools Open August 30

Howell, and Herman Bell.

JIM HOBGOOD BRINGS ANTON'S FIRST BALE

The first bale of the 1943 cotton for Hockley County crop was brought to Anton Wednesday, August 25, by Jim Hobgood. The bale

was ginned by the Jones and Ely Gin. Mr. Hobgood stated that the cotton was of the Hi-bred strain, and was gathered from cotton which will make in excess of a bale to three acres. Two thousand pounds of the snaps made a bale weighing 557 pounds.

Jones and Ely ginned the cotton free, and it is understood that the merchants of Anton are making up a nice premium.

This was not the first time that Hobgood has got Anton's first bale. On September 10, 1941, he brought in the first bale for that fall. And it might be of interest to note that he also brought in the last bale of the 1941 crop which was ginned on May 5, 1942.

G. W. Jones, manager of the Jones & Ely Gin, stated that the 1943 crop was about 20 days ahead of the usual harvest in this country, and in all probability we will have an early fall.

Spring Lake Girls To Enroll At Texas College For Women

Texas State College for Women, which has grown with the Southwest since its doors opened in 1903, will start its regular session next month with at least four young women enrolled from Lamb County, according to a recent survey of room reservations in the college dormitories.

Students will begin registration at 1 p. m. Monday, September 20, and classes start at 8:15 a. m. Thursday, September 23. Dormitories open at noon, September 19.

TSCW expects to continue its standing as the world's largest residential college for women, with at least 2400 students enrolled for the first term, as compared with 2129 last fall.

A full faculty staff will offer 60 groups of courses leading to degrees and masters' work in 13 departments.

Girls expected to enroll from Spring Lake include Betty Hinson, sophomore; Mary Lou Hinson, senior; and Wanda White, senior. From Sunray, Sammie Lou Lasley will be enrolled as a freshman.

ANNUAL OLTON P.T.A. RECEPTION FRIDAY EVENING

The annual reception and "watermelon feast" will be held on the night of September 3, for parents and teachers of the Olton schools. There will be a short snappy program, also some talks. You will want to be at the lawn in front of the school building Friday night, September 3, at the annual P.T.A. Teachers Reception.

George Washington called it a "BURNING SPRING"

Today, it becomes
100 Octane Aviation Gasoline!

CARE FOR YOUR CAR—
FOR YOUR COUNTRY

NATURAL GAS, seeping up through rock and earth and water, fed the strange flame which Washington described as a "burning spring."

Today, natural gas flows from controlled wells to feed a gigantic maze of pipes, tanks, and towers. In these it is transformed into an astonishing variety of essential wartime chemicals.

These petroleum chemicals are basic materials for 100 octane aviation gasoline . . . synthetic rubber . . . explosives . . . plastics . . . medicines and anesthetics. The list is almost endless because natural gas is an overflowing storehouse of hydrocarbons (carbon-

hydrogen compounds). When split, these become the chemical building blocks for constructing an almost limitless number of products.

It is easy to understand, therefore, the importance of two Phillips facts: 1. Phillips Petroleum Company has, we believe, the world's largest proven natural gas reserves. 2. Phillips has for many years been a leader in extending the frontiers of knowledge concerning hydrocarbon chemistry.

From now on, every time you see the Phillips 66 Shield, let it remind you that Phillips refineries in addition to producing gasolines, lubricants, and fuel oils, are also gigantic chemical plants pouring out weapons for victory.

Otha Key Manager Of Littlefield Gin

At a meeting of the Directors of the Littlefield Farmers Cooperative Gin Saturday afternoon, Otha Key was named manager to succeed Earl Hobbs, resigned. Mr. Hobbs and his brother, D. G. Hobbs, Jr., of Pharr, Texas, purchased the Smallwood-Simon Gin at Monroe, Texas, 10 miles north of Lubbock, and took possession September 1. Mr. Hobbs, however, is remaining a few days here to assist Mr. Key in getting organized in his new office.

Mr. Hobbs has been manager of the Littlefield Gin for the past four years. Previous to that he was principal of the Littlefield High School.

Mr. Key has been serving as Field Representative of the Plainview Production Credit Corporation for the past six years. Previous to that time he was part owner and operator with Edwin Fowler of an automobile business in Sudan.

Mr. and Mrs. Key have one son, Charles Ed., six years of age, who started to public school Monday.

Mrs. Hobbs and children will remain here for the next six or eight months.

Committees To Meet Today (Thursday)

C. M. Smith, Regional Director of the War Finance Committee, Plainview, will be a guest of the Rotary Club at the regular weekly luncheon meeting Thursday, and will address the group on the Third War Loan program, of which C. O. Stone is chairman.

Immediately following the Rotary luncheon, according to Pat Boone, County Chairman, a meeting of the chairmen of the various communities in the county will gather in a session, at which Mr. Smith will discuss plans, and arrangements will be completed for getting underway the Third War Loan Drive next Thursday, September 9.

REVIVAL AT NAZARENE CHURCH CONTINUES

The revival at the Church of the Nazarene continues with increased interest. There have been six professions of faith. We will continue the meeting through this week. Come be with us, and help us, you who pray. We need your cooperation. Littlefield needs an old time revival. And God is able to give revivals today if his people will meet the conditions. Come, worship with us.

R. T. Smith, Pastor.

Rationing Board Turn Down Number Of Applications

Lamb County Rationing Board was cut on their tire quota in July and August, and had to turn down several applications on account of insufficient quota.

While the September quota on grade 1 tires was not cut any further, it still was not increased, but the grade 3 quota was increased some, and if any person who was not granted a tire in the past two months due to an insufficient quota will call at the ration board and refile their applications, the board will be glad to reconsider same.

This does not mean they will be granted tires immediately, but if the application is approved by the board they will take their turn and get a tire as soon as possible.

Lamb County Board is about 530 tires behind at this time, but is trying to get their quota increased to take care of the fall business.

Mr. and Mrs. W. D. Watkins returned Friday after spending a week in Dallas visiting friends. They made the trip by plane. Enroute home they stopped at Abilene, where Mr. Watkins visited the of-

LAMB COUNTY'S QUOTA
IS SET

Do Your Part
in the

THIRD

War Loan Drive

OPENING THURSDAY, SEPT. 9th

To you—and to every other true American—a clarion call goes forth to rally to the support of our flag. You will be asked to back our fighting forces to the very limit of your resources. You will be asked to go ALL-OUT FOR INVASION by investing in EXTRA War Bonds—more War Bonds than you perhaps think you can possibly afford.

Lamb County quota is \$999,400. Yes, a huge sum, but with the co-operation of all of us we can achieve our goal in the interests of Victory . . . and happier days to come.

Suffer Serious Burns Saturday

Mr. and Mrs. R. D. Camp suffered serious burns Saturday morning at their home near Sudan. After cleaning out the chicken house with gasoline, they closed the room, and after doing other chores, returned later. When one of them lighted a match a blaze flared up, resulting in serious burns to both Mr. and Mrs. Camp. Mrs. Camp suffered third degree burns, and was confined in the South Plains Coop. Hospital, Amherst, for a couple of days. Her brother, Kenneth Farr, Seaman, stationed at Ventura, Calif., has been called home. He was reported to have left California for his sister's bedside Saturday noon.

Mrs. Newton's Case Is Set For Nov. 15

Trial of Mrs. Ruth Newton of Cameron, charged with assault with intent to murder, was set for November 15 by Judge C. D. Russell in 64th District Court at Olton Friday. The case was called in District court last Thursday. Attorneys for the state announced that they were ready to proceed with the trial. Defense attorneys asked time to prepare a continuance motion. A Cameron physician, a Dr. Crump, who had testified Thursday that Mrs. Newton was in a highly nervous state at her hotel room in Plainview, gave statements to the court Friday morning. He said Mrs. Newton was too ill to leave her room. Dr. Crump's testimony in regard to Mrs. Newton's illness was supplemented by testimony of Dr. D. P. Jones of Plainview, who when pressed by H. M. LaFont of Plainview, district attorney, and E. A. Bills, of Littlefield, special prosecutor, said he did not know whether Mrs. Newton could go into court. The motion for postponement set out two of Mrs. Newton's witnesses, both of the Houston section, were unavailable, and claimed both would testify that the Newtons the night of May 20, 1942, and the morning of May 21 were in Houston, rather than in or enroute to Littlefield. Dr. W. R. Newton, her physician husband, was convicted by a jury in 64th District court at Olton Wednesday night of last week on a charge of assault with intent to murder, and was sentenced to seven years in the penitentiary. Dr. and Mrs. Newton were indicted jointly in connection with the May 21, 1942, shooting of Dr. Roy E. Hunt, Littlefield surgeon and hospital owner. Dr. Newton entered into a \$10,000 recognizance bond late Thursday for purpose of appeal to the state court of criminal appeals in Austin. His motion for a new trial, presented to Judge Russell about 4 o'clock Thursday afternoon when the physician was in Littlefield jail, was overruled, and Sam Hufson, Lamb county sheriff, did not leave Littlefield with him until after 5 o'clock. Dr. Newton went to Plainview, where he joined his wife.

IN THE **THIRD WAR LOAN DRIVE**
OPENING THURSDAY, SEPTEMBER 9

By purchasing bonds in the Third War Loan Drive, you will not only be helping our government as directly as if in uniform, but you will hasten the day and hour when all our boys come home again, and the lights start going on again—all over the world.

We're going to have to buy bonds this time until it hurts, but remember that we are fighting for a great cause... for the right to live as a free people. Nothing short of our very best in this bond drive will prove acceptable to our boys in service, our government, and last, but not least, to our own conscience.

Mr. and Mrs. R. A. Lewis of Olton were delighted to receive a card from their son, Brooks Lewis, who is a prisoner of the Japanese in the Philippine Military Prison Camp No. 1.

The letter had the French words "See Des Prisonniers de Guerre" stamped on it, evidently passing through French territory at some place. The U. S. Censorship stamp was also on the card. The card was addressed in typewriter to Mr. R. A. Lewis, Olton, Texas, U.S.A.

Also on the address side of the card was what appeared to be three stamps in red letters with Japanese

characters. The return on the card was the only part written in Brooks Lewis' handwriting. Brooks is a Master Sergeant.

On the other side of the card the letter was printed with the blanks filled in on the typewriter. The following message appeared:

- Imperial Japanese Army—
1.—I am interned at The Philippine Military Prison Camp No. 1.
2.—My health is good.
3.—I am uninjured.
4.—I am well.
5.—Please see that (was left blank).
6.—(Re: Family) Love to Thurman, Hazel and Lila Jeane.
7.—Please give my best regards to all the family.

Thurman Lewis was injured at Pearl Harbor and is now at Mountain Home, Idaho. Hazel is Mrs. J. G. Echols of 803 Cedar, Plainview. Lila Jeane is in Albuquerque, N. M. —Olton Enterprise.

"I will answer your letter that I received early this morning. Sure was glad to get it. I had given up hope of you all ever writing to me again. I am in the best of health as I write this I hope you all are well. I received five letters from Oleto this morning also. Well, I am at a new location but still in the same country I was in. There is a show about eight miles away. I get to go to the show about once a week. It's an outside show at that. We have a shower down the hill about two hun-

dred yards. It's an outside one, too. It's about a quarter of a mile to our mess hall, but we eat inside now. We did eat outside for a while. There are five of our boys sleep in one little house; it is nice. Then a town about eight or ten miles over the way that we can go to. I get to go over there about once every two weeks. I put guard three hours every four nights. The chow is fine here. The climate is sure agreeing with me. But I sure would like to come home. I've been in the Army 18 months today and spent 14 months and four days in this country. I think I am gaining weight too. What's really nice about this

place though, we don't have any inspection at all."

3RD WAR LOAN DRIVE —FOR INVASION

Put a circle around the date—Thursday, September 9th. For that's the day the 3rd War Loan Drive starts.

On that day, you will be asked to go the limit to back our valiant fighting men. You will be asked to do your share in the greatest invasion the world has ever seen. Answer your country's roll call!

Your part is to back this invasion by investing in at least one EXTRA \$100 War Bond in September. That's

in addition to your regular War Bond purchases. Invest more than \$100—a lot more—if you possibly can.

The job is big. Everyone must do his full share if we are to put this drive over the top.

War Bonds are the safest investments in the world. For your own sake, for your Country's sake, put every spare dime and dollar in War Bonds during the 3rd War Loan Drive.

Miss Ola Belle Neely And J. D. Wynn Wed In California

Miss Ola Belle Neely of Long Beach, Calif., daughter of Mr. and Mrs. George D. Neely of 6 miles

west of Littlefield, became the bride of J. D. Wynn, mo-MM 2-C, son of Mr. and Mrs. J. T. Wynn of Long Beach, Calif., formerly of Littlefield, and also brother of Mrs. Phil Atkins of this city, in a maritime service, Wednesday, August 25, at 6:45 p. m. in Normandy Wedding Chapel, Long Beach. Double ring vows were exchanged, with Rev. Leslie Eads officiating.

The former Miss Neely was given in marriage by her brother, Horace H. Neely. She wore a white satin gown with fingertip length veil inset with seed pearls. She carried gardenias and roses. Her maid of honor was Miss Carroll Neely.

The groom's attendant was his brother, L. B. Wynn, who is employed at Douglas Aircraft, Long Beach. Usher at the wedding was Lloyd Neely, another brother of the bride.

A reception was given at the home of Mr. and Mrs. Horace Neely following the ceremony.

Mrs. Horace Neely was in charge of the guest book.

Both bride and groom are graduates of the 1942 class of Littlefield High School. She had just visited her parents here and returned about two weeks ago to California.

The groom is a Petty Officer in the Coast Guard.

Good Attendance At Chamber Of Commerce Banquet Last Week

About one hundred members of the Chamber of Commerce and guests were in attendance at the annual banquet of the booster group held in the Methodist Church basement Thursday evening, which also, in addition to serving as a get-together for the Chamber of Commerce members, was held in recognition of the completion of the East and West Highway, and honor guests of the occasion were members of both the former, and present County Commission, and those responsible for the building of the highway.

Judge E. A. Bills was Master of Ceremonies.

A delicious meal was served by the Methodist ladies.

The annual report of the Chamber of Commerce was made by E. C. Cundiff, Secretary.

Judge I. B. Holt of Olton was the principal speaker of the occasion.

Among others making talks were: Ed. Pilly, Engineer for Hunter Strain Corporation, who had the contract for the paving of the Highway; V. F. Jones, County Agent; Otha Dent, County Clerk; C. W. Smiley, A. G. Jungman, W. H. Cunningham, and Jess Elms.

Mr. and Mrs. Roy J. Clark Believe In Leader Advertising

Mr. and Mrs. Roy J. Clark believe in Leader advertising. When a black saddle mare, belonging to Mrs. Clark, personally, strayed from the Clark home, a small classified ad was inserted in the Leader.

Tuesday Mrs. Clark advised the Leader reporter that the horse had strayed on the property of a farmer near Amherst, and seeing the ad in the Leader, the man came to Littlefield Monday to advise Mrs. Clark where her horse was.

WORKING for VICTORY ON THE SANTA FE

Through these hectic days and busy nights, troop trains, regular trains with troop cars, and freights loaded with war materials keep rolling along the Santa Fe.

Watch a section hand grab his pick a little tighter after a trainload of American fighting boys has rolled past. "We'll-get-'em-through" is his attitude these days.

Yet—he is only one of more than 60,000 employees on the Santa Fe who are doing their bit to "keep 'em rolling" all along the line...

moving millions of troops and millions of tons of materials needed for Victory, where and when they are needed.

They know that if you stop the wheels that move them, you stop everything that floats and flies as well!

And they never forget that thousands of boys in our armed forces came from Santa Fe ranks and from the families of Santa Fe employees, and these boys who are fighting for all of us have the toughest job of all!

You bet, we're backing them up in the best way we know—and that's by buying War Bonds, and seeing to it that movements essential to Victory come first on the Santa Fe!

Bernard A. Frerich Aged 6, Dies As Result Meningitis

Funeral Services
Held Friday Evening
At Pep Cemetery

Bernard Aloysius Frerich, 8, son of Mr. and Mrs. George A. Frerich of Pep Community, passed away at a local hospital Friday morning about 1:30 o'clock, following a two day illness with spinal meningitis.

The child was admitted to the Payne-Shotwell Hospital Wednesday in a serious condition and died Friday.

Funeral services were conducted Friday evening, at 6 o'clock, at the grave in Pep Cemetery, with Rev. Peter Morsch officiating. Hammons Funeral Home was in charge of burial arrangements.

The child is survived by his parents; two sisters, Virginia, aged 10, and Theresa Oleta, 2; and a brother, Edgar, aged 6.

Will You Remember— (Continued From Page 1)

to filthy, ragged clothes . . . just a slave of the conquerors?

WILL YOU REMEMBER that your government is not asking for charity when you are urged to buy War Bonds . . . that all your government is asking is the loan of your money and will pay you interest?

WILL YOU REMEMBER that in failing to loan your money to your government that you are not smart . . . that you are just plain dumb . . . that the dollars that you are holding so firmly now . . . that you are failing to loan your government . . . would vanish . . . pass from your grasp as quickly as a flash of lightning . . . if the conquerors should come?

WILL YOU REMEMBER that this war is not just an unpleasant dream and that some morning you will wake up and all will be sunshine and roses?

WILL YOU REMEMBER that "sunshine and roses" will return only when YOU do your part?

WILL YOU REMEMBER that the great invasion is underway on the battlefronts . . . that men are dying over here that you may live?

WILL YOU REMEMBER that you, on the home front, must be a good soldier, a self-sacrificing, self-denying good American . . . your country demands that of you?

WILL YOU REMEMBER that in the Third War Loan Drive, opening Thursday, September 9, that Lamb County's quota is \$999,400 . . . almost one million dollars . . . and that YOU . . . and every other citizen of Lamb county must help raise the quota by the purchase of bonds?

WILL YOU REMEMBER that every citizen is expected to do his and her duty in the raising of Lamb county's quota?

WILL YOU REMEMBER to show your love of the American way of life when the time comes to "crack down" and buy bonds . . . all the bonds you can with every dollar you can get together?

WILL YOU REMEMBER that the American way of life is sweet . . . that the gestapo system stinks?
